MRS. RUGGLES' FUNERAL

Rev. E. Underwood Paid the Departed A Warm Tribute Sunday Evening

The funeral of the late Mrs. Edwin Ruggles, a report of whose death appeared in our last issue, took place from St. James' Church last Wednesday afternoon and was largely attended. The services were conducted by the rector, Rev. E. Underwood, the pall-bearers being Capt. W. R. Longmire, J. E. Lloyd, A. F. Hiltz and F. R. Beckwith. The floral tributes were as follows:

Cross, Ned; pillow, Frank and Bess; wreath, Frank; cross, Frank; wreath, Bess; pillow, Ned, Jr.; wreath, Joe and Blanche; wreath, Annie and Owen; pillow, Guss and Harry; Cross, LeMoine and Jack; wreath, Lou and Barry; cross, Arthur, Kit and Nan; wreath, Will and Flora; wreath, Mr. and Mrs. Mortimer Smith; cut flowers, Mr. and Mrs. Underwood; cut flowers, Hilda and Bonnie; wreath, Mr. Bothamley and Miss Bridge; wreath, Billy; wreath, J. W. Beckwith; cross, Mr. and Mrs. Ronald White-way.

At the regular service in St. James' Church Sunday evening, the rector paid a warm tribute to the memory of the late Mrs. Ruggles. He selected as his text Phil. 4th Chapter, 8th and 9th which read as follows:

8. Finally, brethren, whatsoever things are true, whatsoever things are honest, whatsoever things are just, whatsoever things are pure, whatsoever things are lovely, whatsoever things are of good report; if there be any virtue, and if there be any praise, think on these things.

9. Those things, which ye have both learned, and received, and heard, and seen in me, do; and the God of peace shall be with you.

He considered the above the secret of her beautiful personality, and if space permitted we would be pleased to publish his entire sermon. The Hymns were also especially selected for the occasion and added greatly to the service, all of which was not only appreciated by her large circle of personal friends, but by the whole congregation.

DEATH OF MR. WM. TROOP

Mr. William R. Troop, one of Bridgetown's most aged and highly respected residents, passed away at 4 o'clock Tuesday afternoon, Dec. 2nd, after a brief illness, aged 83 years and 8 months. He was a very successful farmer at Upper Granville, retiring from active business a few years ago and moving to town where he had since resided. He leaves a widow, one son, Harold, of the Boston Transcript, and one daughter, Miss Brenda, milliner, at Kentville, both of whom were present at the funeral which took place from his late home Friday afternoon, with interment in Riverside cemetery, the services at the house and at the grave being conducted by Rev. E. Underwood, rector of St. James parish. The pall-bearers were A. F. Hiltz, Geo. Gill, B. N. Messenger and Joseph McLean. The floral tributes were beautiful, showing the high esteem in which the deceased was held by his large circle of friends. The MONITOR extends its deepest sympathy to the bereaved ones.

FRIDAY NIGHT'S MASS MEETING

A well attended meeting was held in the Bridgetown Methodist Church last Friday evening in the interest of the National Campaign of the International Church Forward Movement. The pastor, Rev. W. J. W. Swetnam, presided. Rev. Dr. Jost and Rev. E. Underwood also assisted but the address of the evening was given by Rev. J. W. McConnell, B. A., of Halifax, which was very interesting throughout. Music was furnished by the combined church choirs.

WEDDING ANNIVERSARY

A number of friends of Mr. and Mrs. Mitchell met at their home in Bridgetown Saturday evening in honor of their third wedding anniversary. Each one presented the host and hostess with a suitable gift. A very pleasant evening was enjoyed by all. When the hour arrived for departing best wishes were extended for many happy anniversaries of the above date.

THE SPAN OF LIFE

He died in the harness, poor chap. "Yes, and by the way, did you ever notice how much like a harness life is? There are the traces of cares, lines of trouble, bits of good fortune and breaches of faith. Also tongues must be bridled, passions curbed, and every body has to tug to pull through." Boston Transcript.

MRS. M. PECK HAS GAINED 25 POUNDS

Nine Years Trouble Ends And She Is Well and Happy Now.

"I have gained twenty five pounds since I commenced taking Tanlac and the troubles that have been making life miserable for me for nine years have been completely overcome," said Mrs. Minnie Peck, who lives at 9574-52nd Ave., Edmonton, the other day.

"When I commenced taking Tanlac," continued Mrs. Peck, "I was so weak and run down that I was hardly able to get about. Everything I ate disagreed with me, and I would suffer for two or three hours after every meal on account of gas forming and bloating me up. I would have severe cramping pains in the pit of my stomach. I was very nervous, so much that the stamping of a door would up set me terribly, and a good night's sleep was out of the question for me. I would actually get out of bed every morning feeling more tired and worn out than I did the night before. This condition just kept getting worse all the time until I got to where I was compelled to stay in bed most of the time."

"Then I decided to give Tanlac a trial, and it's the honest truth, I commenced to feel better before I had finished my first bottle of this wonderful medicine and my condition just kept getting better until I am now as well as I ever was in my life. I never have a sign of stomach trouble now, and I have a fine appetite and eat just anything I want. I have gotten back all my strength and can easily do all my housework. My nerves are in perfect condition and I sleep like a child every night. It is simply wonderful the way I have gained in weight, and in fact, I just feel fine all the time. Yes, Sir, Tanlac is a wonderful medicine and as long as I live I will never lose an opportunity to say a good word for it."

Tanlac is sold in Bridgetown by S. N. Wear and in Middleton by Clifford A. Mumford, in Bear River by L. V. Harris.

CALL TO PRAYER

(From the Bear River Church Chronicle)

Jesus emphasized the need and value of prayer. He gives it first place upon the program of world evangelization. "Tarry ye in the city of Jerusalem, until ye be endued with power from on high" was imparting command to his disciples. If the world is to be redeemed God must do His task. Ours is the privilege of fellowship with Him in this glorious work. God can only accomplish his task through human agents; or at least he so far has chosen this method of carrying on His work. The work is ours, the power and equipment for the work is His. Prayer equips and qualifies the worker for his task on the spiritual side. Prayer is not only communion it is union. Prayer not only asks but gives. Prayer, passively speaking is waiting upon God for blessing and inspiration. Prayer, actively speaking, is waiting upon God as a servant or a son. As a church we stand especially in need of a season of refreshing from the presence of the Lord. At the same time we need an outpouring of His Spirit upon the unsaved in the community. There are a great number in our constituency who have not as yet confessed their Lord. Shall we as a church devote some part of each day to prayer? Praying for a larger measure of the spirit of Christ in our hearts and a large gathering of precious souls. Let us ask great things of God and expect great things from God.

The Housing Commissions of Hamilton, Ont., has seventy five houses in the course of construction, but the commissioners say they are being held up by scarcity of workmen and materials. In some cases masons employed by them have been offered as high as \$1.25 an hour.

LOCAL DEATH ROLL

URIAH GRAVES

Uriah Graves, an aged and respected resident of Welton's Corner, Kings county, passed to his Heavenly home on Friday, November 14th. He was born November 29th, 1835, at Fort Lorne, Annapolis County, and married Charlotte Fisher, of Somerset, who predeceased him eleven years ago. He is survived by three sons, Capt. Emmerson F. of Cambridge, Leander O., of Welton's Corner, and Charles E., of Lynn, Mass.

Mr. Graves was a very active man till about a year ago when he was stricken with paralysis from which he never fully recovered. A second stroke on November 5th followed and finally on the 14th he was promoted to the endless life. The funeral took place on Sunday, the 16th, at the home of his son, Leander, Rev. E. H. Howe, of Greenwood Square, delivered the address. Appropriate music was rendered by the choir. The remains were interred in the Baptist Cemetery at Aylesford.

MRS. CHARLES B. DARGIE

The Annapolis Spectator says: The community was grieved last Saturday to learn of the death of Elizabeth, wife of Charles B. Dargie, which occurred at her home in Lequite that morning at the age of 75. Deceased was one of the most highly esteemed and generally beloved ladies of the country side and her passing will be sincerely mourned by all who knew her. The funeral took place on Monday afternoon to Woodlawn Cemetery with services by Rev. C. A. Munro, assisted by Rev. T. C. Mellor, with the combined St. George's and Lequite choirs and Prof. Morse and Mrs. Robert Hardwick at the organ. Deceased having been a life long member of St. George's Methodist Church.

Mrs. Dargie was a daughter of the late John Lockwood, of Lequite and leaves besides her husband one son and one daughter. Frank M., one of the most prominent citizens and a Town Councillor of Annapolis Royal, and Mrs. J. H. Runciman. A most motherly, helpful and sympathetic woman, the record of her good and kindly life can never be written.

FURTHER IMPROVEMENTS ON THE D. A. R. ROADBED

A hurried visit which no doubt has considerable significance to this province was made recently by Grant Hall, vice-president and C. H. Temple, general superintendent of the Dominion Atlantic Railway in Company with General Manager George E. Graham, General Freight Agent F. G. J. Comeau, and J. H. Yould, mechanical superintendent. At Halifax the party spent a couple of hours visiting the ocean terminals and other points of interest, returning in special car "Loch Lomond" attached to the Maritime Express. Mr. Hall expressed the hope that before very long the present light rails on the D. A. R. will be replaced by heavier standard steel. War conditions had delayed this work but it would now be undertaken.

WHAT THE D. A. R. IS DOING FOR DIGBY

(Kentville Advertiser)

Digby is to have an up-to-date Standard Station with all modern improvements, to be completed before next summer. The railway expects to spend between \$60,000 and \$65,000 on the structure and probably as much more on the Pines Hotel and grounds. The Dominion Atlantic Railway has done great things for the Town of Digby, and will for any town which is progressive and wide-awake to its opportunities for advancement. It is one of Kentville's greatest assets.

CORRESPONDENCE

OUR WORK APPRECIATED

To the Editor of the MONITOR:

DEAR SIR: Now that the Victory Loan campaign has closed with such a magnificent subscription over 100 per cent more than the government asked for from the people of Canada, Mr. Wilkinson and I wish, on behalf of the Dominion Press News and Feature Committee, to express our appreciation of the generous support given by all weekly newspapers in Canada to the Victory Loan 1919. Backed by a nation wide advertising campaign, editorial and news articles in all the newspapers of Canada, there never was any doubt but that the campaign would be a success. To the weekly newspapers of Canada in no small measure must be given credit for the success of the loan.

Let us again thank you for the assistance you have given and remind you once again that the success of the loan, primarily was due to the advertising and publicity campaign carried on through the columns of the newspapers of Canada.

Yours very truly,
W. J. TAYLOR,
Chairman
Toronto, Nov. 29, 1919.

IN MEMORIAM

In loving memory of the Bard Whyman, who died of wounds "Some where in France" Nov. 3rd, 1917 aged 29 years.

Far away on the fields of Flanders Let our wandering thoughts be led Where moss grows thick beneath our feet, And Pines sigh overhead.

The trace of a dismantled fort Lay in the forest nave, And in the shadow near our path, We see a soldier's grave.

'Tis the grave of one we remember, Who went with the willing men, When a call for the best came ringing Along by the moor and glen.

His dust is asleep in Flanders, And our eyes with tears go dim, As we light our lamps in the gloaming, And silently think of him.

He gave his life for his country, 'Tis freedom to maintain, And his name is written in God's great book,

For he sleeps among the slain. Alone he lay among strangers, While his life's blood ebbed away, For Britain's name he fought to shield All through the bloody fray.

If we could have raised his cying head, Or heard his last farewell, The grief would not have been so great, For him we loved so well.

We weep that his toils are over, We grieve that his race is run, God grant we may rest as calmly, When our work, like his is done.

Till then we would yield with gladness Our treasure to Him to keep, And rejoice in the sweet assurance He gives His loved ones sleep.

May the Heavenly winds blow soft O'er that sweet and hallowed spot, Though the sea divides his grave from home, He'll never be forgot.

They miss him most who loved him best, Grant him, oh! Lord eternal rest, And in thy holy sacred keeping We leave our soldier Ladd's sleeping.

LIFT OFF CORNS!

Apply few drops then lift sore, touchy corns off with fingers

Freezone is the sensational discoverer of a Cincinnati genius. It is wonderful.

Doesn't hurt a bit! Drop a little Freezone on an aching corn, instantly that corn stops hurting, then you lift it right out. Yes, magic.

A tiny bottle of Freezone costs but a few cents at any drug store, but is sufficient to remove every hard corn, soft corn, or corn between the toes and the calluses, without soreness or irritation.

THE MARITIME WINTER FAIR

Amherst, Dec. 8.—The Maritime Stock Breeders Association have been working hard to make this year's Winter Fair eclipse all previous efforts along that line. Their efforts are meeting with encouragement.

Fuller, Secretary of the Association received letters of acceptance, to be present and participate in the Fair, from Mr. H. S. Arkell, Live Stock Commissioner, Ottawa, Prof. George E. Day, Secretary of the Canadian Short Horn Breeders Association, Guelph, and several other prominent stock men.

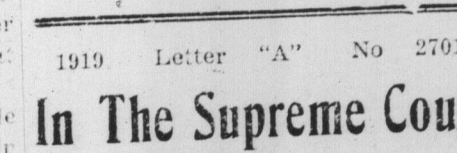

Hon. Murdoch McKinnon, Lieutenant Governor of Prince Edward Island, has consented to be present and to officially open the Fair at eight o'clock Monday evening, Dec. 15. The opening will also be participated in by Hon. Dr. S. F. Talmie, Minister of Agriculture and Prof. E. S. Archibald, Director of Experimental Farms, Ottawa, who will be present throughout the Fair.

The attendance of these nationally eminent specialists in stock breeding and raising will make the Fair one of rare value to Maritime breeders who according to present prospects will attend in greater numbers than ever. Special housing arrangements are being made so that all can be properly cared for.

Hon. W. S. Fielding was 71 years old on Monday.

THE MAKING OF A FAMOUS MEDICINE

How Lydia E. Pinkham's Vegetable Compound Is Prepared For Woman's Use.

A visit to the laboratory where this successful remedy is made increases even the casual look-on with the reliability, accuracy, skill and cleanliness which attends the making of this great medicine for woman's ills.
Over 300,000 pounds of various herbs are used annually and all have to be gathered at the season of the year when their natural juices and medicinal substances are at their best.
The most successful solvents are used to extract the medicinal properties from these herbs.
Every utensil and tank that comes in contact with the medicine is sterilized and as a final precaution in cleanliness the medicine is pasteurized and sealed in sterile bottles.
It is the wonderful combination of roots and herbs, together with the skill and care used in its preparation which has made this famous medicine so successful in the treatment of female ills.
The letters from women who have been restored to health by the use of Lydia E. Pinkham's Vegetable Compound which we are continually publishing attest to its virtues.

A SEAT OF CANADIAN LEARNING

Rabbits Inoculated and Rendered Immune against Influenza under Observation by Dr. G. B. Reid and Assistants, at Queen's University, Kingston.

Assay Furnaces under Prof. G. F. Mackay in operation in Metallurgical Building.

The installation of a new Chancellor and a new Principal on the same date will bring a great many distinguished Canadians and Americans to Queen's University, Kingston, on October Sixteenth. For although a comparatively small University, Queen's has sent so many distinguished graduates into the world and has gained such a character for sound learning and enterprise in research and education, that it stands high among the institutions of its kind on this Continent.
Queen's came to the front under Principal Grant, who was a born leader of men and gathered round him a brilliant staff of lecturers and professors. Under Principal Gordon, who succeeded Grant, the University continued to prosper and the number of students doubled while the number of buildings was trebled. The new Principal, Dr. Bruce Taylor, has already shown his mettle by raising the half million dollars required to fulfill the terms of an endowment of a further half million dollars promised by the late Dr. Douglas. With a young and active new Chancellor such as Mr. E. W. Beatty, President of the Canadian Pacific Railway, to lend his support, Queen's has every reason to expect to continue to go ahead.
Recognizing the importance of Industry to Canadian development, Queen's has carried on important industrial research work, and Mr. G. Y. Chown, the popular Registrar, has contributed \$50,000 to the endowment of a Research Chair.
Professor Clark, who holds the Chair of Physics, has established a laboratory for the investigation of substances under extremely low temperatures, with the use of liquid air and liquid hydrogen, the only laboratory of its kind in North America.
Dr. Reid has been investigating the causes and suggested cures for influenza, and has made valuable discoveries tending to combat the recurrence of future epidemics. Professor MacClement is an expert on the noxious fungi which would destroy our great Canadian forests if left to themselves. Dr. Lathrop has been carrying on valuable research work on trench nephritis, with the object of discovering the true nature of this curious disease of the European battleships.
The Arts Faculty of the Queen's is conducted by Professors, who in their own fields of work, are just as enterprising and the man or woman with a Queen's degree has an excellent chance of succeeding in whatever learned profession he or she may adopt. During the year 1918-19 there were 861 students registered in the Arts Faculty. Special efforts were made by all faculties to meet the requirements of returned soldiers whose scholastic career had been interrupted by the war. A summer School in Engineering restricted to men who had been overseas, saved an academic year to a large number of such returned men, and was conducted without Government assistance at the expense of the University itself.
For the last three years the new Arts building and the Grant Hall have been used as a hospital by the military authorities, and there has been abundant testimony to the satisfaction that the patients have felt in being housed so well amid such beautiful surroundings. The soldier patients are now transferred elsewhere, releasing the class room space for the growing requirements of the University.

Real Live Testimonial

Given to Professor Hamilton, of Hemp ton.

Park's Creek, Lunenburg Co., N. S., June 18, 1914.

Professor B. S. Hamilton: East Middle Lake.

Dear Sir—I hear you are about leaving for Lunenburg, and before doing so, I wish to thank you for what you have done for me. As you are aware when you arrived in March I was a cripple, getting around with a crutch and stick. This state of affairs was brought on through an accident in June, 1913, and had turned to what the doctors who had been treating me called chronic rheumatism. Their treatment had very little if any effect. Today thanks to your treatment, I am completely cured. I can walk without any assistance, and have discontinued wearing the knee caps. I can sincerely recommend your treatment to those afflicted as I was. Cent Conrad, of Lunenburg, also wishes me to state that he derived great benefit from your treatment. Again thanking you, I remain respectfully yours, A. V. CONRAD

They were fashioned after the ordinary bean pot, and were about six inches in height and eight inches in diameter.

RURAL DEANERY MEETING AT BRIDGETOWN

The clergy of the Rural Deanery of Annapolis held their Chapter meeting at Bridgetown on Monday, and Tuesday, Dec 1 and 2. Parochial duties prevented some of the clergy from being present at the opening, but all were able to attend on Tuesday.

The first business on Monday afternoon was a meeting of clergy and church wardens to consider the 1920 Missionary Apportionment. After discussion it was decided to allot this to the parishes according to the table adopted in 1907. A quorum of the church wardens was present and the debate was an interesting one.

In the evening the Rev. Rural Dean Driffild delivered a lecture on "Nature's little workers, a study of ants", illustrated by large coloured sketches from his own brush.

On Tuesday morning the Rev. Dean celebrated the Holy Communion and a most helpful sermon of edification was preached by the Rev. R. A. Penney, Rector of Granville.

At the Chapter Meeting the Rev. Canon Morris read one of his deeply thoughtful papers on the appointed portion of the Greek Testament. This was followed by a discussion of the true meaning of several Scripture passages.

The Rev. T. C. Mellor read an extremely interesting paper on "The mind of the returned soldier towards religion", the debate on which was so absorbing that it occupied the whole afternoon and the Rev. J. Reeks' paper was postponed until the next gathering.

The usual routine business was transacted and the matters connected with the Anglican Forward Movement were considered.

Owing to the lamented death of Mrs. Edwin Ruggles the social meeting arranged for Tuesday night was not held.

A vote of thanks to the Rector and Mrs. Underwood and to the parishioners for their kind hospitality was heartily and unanimously passed. The whole gathering was instructive and practical, and was made most enjoyable by the kindness of the Bridgetown friends. The next meeting is arranged for Clements-port in April.

While in Bridgetown the clergy were entertained as follows:
Rev. Wm. Driffild, rector of Digby and Rural Dean, at Mr. and Mrs. O. S. Dunham's.
Rev. Canon Morris, rector of Middleton, at the Rectory.
Rev. W. Taylor, rector of Weymouth, at Mr. and Mrs. Harry Ruggles'.
Rev. A. W. L. Smith, rector of Clements-port, at Capt and Mrs. W. R. Longmire's.
Rev. T. C. Mellor, rector of Annapolis Royal, at Mr. and Mrs. Freeman Fitch's.
Rev. J. Reeks, rector of Round Hill, at Miss Schurman's.
Rev. R. A. Penny, rector of Cranville Ferry, at Mr. and Mrs. B. N. Messinger's.

Mr. and Mrs. Freeman Fitch returned from Halifax via Thursday evening's express.

Marine News

Steamer Lady of Gaspe, Capt. B. Powell arrived at Halifax Nov. 24th from St. John's, Nfld.

The latest report from bark T. H. McDonald, ashore at Tybee, is dated Nov 24th and says that she has 16 feet of water in her hold, and that the captain and crew have abandoned her.

Numerous fishing vessels have been wrecked along the Newfoundland and Labrador coasts during the recent heavy gales that have raged with unabated fury in these regions. Large quantities of fish have also been lost and this will have a serious effect on foreign markets.

The Yarmouth schooner Eddie James and the Digby schooner Dorothy M. Smart, both of which arrived in Yarmouth last week, sailed into L. E. Baker & Co's wharf, where they landed their fares, the former 7,000 lbs and latter about 5,000 all of which were purchased by A. E. Nickerson.

The tug Wanda left Yarmouth this week for Rockland (Me) to tow the dismantled tug schooner Charles C. Lister from that port to Annapolis. The Lister, which is coal hauled, was dismantled on the Maine coast in the big blow last week and was towed to Rockland by a U. S. revenue cutter.

The Parrisho schooner Flora M. Curran Merriam, last week made a round trip from Digby to Parrisho and back. She left Digby on Tuesday afternoon, ran to Parrisho, took a full cargo of soft coal and was back in Digby on Thursday evening, only two hours after a dispatch had been received saying she was lost and ready to sail.

The following notice has just been posted by the Marine and Fisheries Department: Green Island fog alarm - additional particulars. It is located on the west side of the island, elevation 55 feet. Bombs are exploded every fifteen minutes and every five minutes when steamer's signals are heard in dangerous proximity.

Captains of coasting steamers which arrived in port on Saturday reported the shores and adjacent waters as far as Wood's Harbor thickly strewn with wreckage from the steamer North Star, which broke in two and disappeared on Thursday night. On Saturday at high water all that could be seen of the ship was what was thought to be a small part of her bow.

Yarmouth Light: A message received by Collector of Customs Harding from H. M. S. Noble, states that the schr. St. Clair Theriault was spoken by sm. Democracy, lat 41.32 long 60.18 W. The schr. was short of provisions and was leaking badly; she was bound from Cape DeVerre for Yarmouth with a cargo of salt. The St. Clair Theriault is a new vessel this being her first voyage.

Steamer Lady of Gaspe will not continue calling at St. John's in future as she has been sold to another firm for operating in foreign waters. Capt. B. P. Powell relinquishes command of the ship to take up a more lucrative position as manager of the Nova Scotia Steamship Company at Halifax. It is said that the Lady of Gaspe will be succeeded by a faster, larger and in every respect a better type of ship.

Yarmouth Telegram: The Boston schr. "Fannie Belle Atwood", which left Boston on Monday, arrived in Yarmouth yesterday afternoon and back for about 18,000 lbs. This schr. which is one of the largest of the Boston fleet, is in charge of Capt. Harry Ross, of Digby, who for several years successfully sailed the schr. Morning Star, which is now laid up in Gloucester, Mass. The Atwood is equipped with twin motors, capable of developing about 90 horse power, which makes her a most convenient craft for the fresh fisheries. This is her second trip, in command of Capt. Ross.

Annapolis Speculator: A steamer from New York with a cargo of hard coal arrived here on Monday morning, the first steamer on record here with such a cargo, the coal being consigned to Grahams Ltd., and being discharged at the Railway wharf for distribution by cars to the different evaporators along the valley. The steamer is the M.C. C. 217 tons net, Capt. C. A. Morrison and hailing from Parrisho. Her cargo comprises 444 tons of coal. Other arrivals at this port since last issue were the steamer Bear River, from and for Bear River Nov 24, and schooner Emerald, from St. John Nov. 22.

New York Maritime Register: Details are available of the method by which a remarkable photograph of the wrecked Laurentic was taken at

the bottom of the Atlantic off the Donegal coast. The camera was enclosed in a water tight iron tank, tested to stand pressure twenty fathoms deep in water, and fitted with a vessel's porthole glass. A diver then took it down, and electric bulbs were lowered from the Asubratly salvage steamer to procure light for the picture. After exposure of an hour and a half it was found that an admirable photograph of the wreck had been obtained. The experiment is regarded as a unique instance of successful deep sea photography.

"THE MAID OF ENGLAND"

Fine Vessel To Be Launched For Halifax Owner

A vessel which will probably be one of the best yet built on the St. Mary's Bay shore will be launched in the course of a few days from Capt. Omar Blinn's yard at Crosses Coques. Her dimensions are 174.7, breadth 37.6 Girth 13, gross tonnage 747.15 and registers 691.55. She will be barkentine rigged. The vessel was built by Capt. Omar Blinn for F. K. Warren, of Halifax, from a model made by Capt. W. R. Huntley, and for her size will be an exceptionally good carrier. In her construction and finish only the best of material has been used and she is superbly fitted through out with electric lights, large gasoline engine and other modern conveniences. The hull of the vessel is now complete, the lower masts are in and the topmasts on board, but her rigging will not be finished until after she is afloat. The barkentine is exceptionally fine lined and those that have seen her predict a speedy vessel. Capt. Blinn, who has supervised her construction, has spared nothing to give her owners a splendid ship and he now expects when she is ready for sea to command her.

MOST TERRIFIC STORM SINCE HUMAN HISTORY BEGAN

Dire Forecast of Professor Porter Who Warns of Disaster

(By Prof. Albert F. Porter, Sunspot Forecaster)

Owing to the strange grouping of six mighty planets such as has not been seen in a score of centuries, the United States this December will be swept by the most terrific weather cataclysm experienced since human history began. It will be caused by the hugest sunspot on record—a sunspot that men first began to make records of events no sunspot has yet been large enough to be seen without the aid of instruments. This one will be the sunspot that will be seen December 17, 1919, will be a east woman, in the side of the sun. It will be a leaping explosion of flaming gases; leaping hundreds of thousands of miles into space. It will have a centre large enough to engulf a football.

Such a sunspot will be rich enough in electro magnetic energy to fling the atmosphere of our earth planet into a disturbance without precedent or parallel. There will be hurricanes, lightning colossal rains. It will be weeks before the earth will regain its normal weather conditions. There will also be gigantic lava eruptions, great earthquakes, and fearful surges of floods and fearful cold. December 17-20 are the dates. I make this startling prophecy with no desire to be merely sensational or alarming. It is merely because my study of the planets has revealed certain results with mathematical certainty, that I now say to you; Be warned in advance. Tremendous things are going to happen from December 17 to December 20, 1919, and afterward.

FREAKS OF THE CALENDAR

The month of January always begins on the same day of the week as October, and the same is true of April and July. September and December. February, March and November also begins on the same day of the week. This, however, is only true in normal years of 365 days. A century can never begin or end on Wednesday, Friday or Saturday. Furthermore, the ordinary year ends on the same day of the week as that on which it begins.

Kentville Advertiser: Mr. Rupert Ellis has sold his fine farm to Mr. David Belcher. This was formerly the Murphy residence, home of the parents of Mrs. C. F. Rockwell.

ANOTHER LETTER FROM OTTAWA

MR. EDITOR: Some time has elapsed since writing you a line, so to say thinking of the old home land, and the many happy scenes of my earlier days down in the province by the sea particularly as the festive Christmas season draws near. I thought a line from the capital might not come amiss. Your valuable sheet arrives regularly and perused with the same keen interest as ever. "A letter from home" I may call it, and shall always look for its arrival with pleasure.

This fall has witnessed some great revolutions in old Ontario, one of the great and I might say the unlocked surprises was the result of our general local elections. A man the day before election would have been considered a little unaccountable, had he predicted the overthrow of the present government administration which had given clean and progressive rule but like the phrase coined by the late Sir John McDonald "Nothing so uncertain as an election and a horse race" proved true in this contest, and now we are to have a Farmer's administration, pure and simple, but it would not be wise to underestimate the class of men elected to rule, for from Drury, the Prime Minister, down they are clean and competent men and my candid opinion is that the Province will receive clean and progressive legislation and no class legislation will be put upon the Statute book. Every body seems to express confidence in them. There seems to be all over Canada a loss of faith in both the old parties and as it looks now it would not be surprising that when again an appeal is made to the people the farmers, labor and the Great War Veterans combined will sweep into power. Time alone will tell.

Our Fall has been one of the finest in Ontario we ever had. The weather continued warm, no frost, no snow until a few days ago, when it turned cold and quite a heavy snow storm, so that now it looks as if winter had set in. It is pleasant to see the sleighs upon car wheels once more and from now on, it will continue till next March. Something you people down by the sea are quite unaccustomed to. The broken winters down there are quite vivid in my memory.

Ottawa was very gay and festive during the solemnity of the Prince in our midst. His first visit lasted five days and surely he received a truly royal reception. Every waking moment was replete with pleasure and his popularity was unparalleled. All ranks were drawn to him, and surely no one could be more democratic than he was. After his western tour he returned here again and stayed with us two days in an unofficial capacity, he took his departure for the United States and it surely is very pleasing to all British subjects, the magnificent reception he received both in Washington and New York. I think they almost out rivalled us here in Canada. He surely has returned to Dear Old England, with a feeling in his heart that both Canada and the United States are heart and hand with the Mother Country.

To day another distinguished visitor arrived in the capital, Sir John Jellicoe, whose name will always be famous in the magnificent way our invincible fleet performed in the late war. Under his direction it was made more than ever. "The proud Mistress of the Seas". May it always continue to remain so and we believe it will for many years to come. Sir John's visit here is in the interest of the Fleet and what part Canada wishes to take in the matter. It does look as if Canada should have a nucleus of a fleet as well as Australia and New Zealand. I hope his visit may be successful in getting our country to make a start in that direction and I think it will.

A great moral movement is already started in all our churches. A mass meeting was held in the First Baptist Church a few nights ago which was a good success and I believe the amount asked by the forward movement of the Baptist of Ontario and Quebec namely \$300,000 will be more than doubled and all the other churches are as equally sanguine. It is a sign of the times that all denominations are broadening out in their ideas of what constitutes vital Christianity. It is time.

Parliament expects to meet again about the middle of January and quite likely the meeting will take place in the new Parliament buildings. They surely will have splendid quarters.

No doubt the tariff will be one of the all absorbing questions to be thrashed out, a knotty question to tackle, but it looks from recent elections in various parts of the country that the mass of the people are opposed to high protection.

In closing I feel like making reference to the Rev. Dr. Marshall pastor of the First Baptist Church, so well known in the county of Annapolis.

I am safe in saying that to day he is considered one of our ablest pulpits orators and it is a genuine pleasure to listen to his able and scholarly discourses from Sunday to Sunday. It is to be hoped he may long remain in the capital.

As this no doubt will be the last letter of old year I will close by wishing you all the joy and happiness of this festive season.

THE LAURIER MEMORIAL

Premier Murray Appeals For Popular Funds for Monuments

To the people of Nova Scotia: A movement has been inaugurated by friends of the late Right Hon. Sir Wilfred Laurier to raise a fund by popular subscription for the purpose of erecting a suitable monument at the grave of this great Canadian. It is desired that as many as possible should share in this movement, and to this end subscriptions will be received for the smallest possible amounts, but in no case will an individual subscription be permitted larger than five dollars (\$5.00). It has been estimated that the sum of thirty thousand dollars (\$30,000) will be sufficient for the purpose in view. On this basis I think that the Province of Nova Scotia should contribute not less than three thousand dollars (\$3,000). A strong Central Committee has been formed under the Chairmanship of Honorable Sidney Fisher of Ottawa. This Committee will see that all the funds are properly expended. If more than the amount necessary for the monument is subscribed, the surplus will be devoted to some public purpose in harmony with the life and ideals of the late illustrious statesman.

I am sure that there are very many in this Province of all shades of political opinion who will welcome the opportunity of sharing in this memorial. Sir Wilfred Laurier occupied an absolutely unique position in the Dominion of Canada. His long and eminent public service and his life long zeal for a united Canada made him one of the outstanding figures of the Empire. At the same time, his charm of manner and his high standard of personal integrity won the intense devotion of his followers and the approbation of those who differed from his political views and aspirations. Sir Wilfred Laurier's name and record belong now to every part of Canada and to every portion of our population.

Subscriptions from this Province may be sent to Mr. John B. Douglas, 224 Hollis Street, Halifax, who has kindly consented to act as Treasurer for Nova Scotia. It is hoped that all collections be in the hands of the Central Committee by February 17th next, the anniversary of Sir Wilfred's death.

I can add nothing more except to urge an immediate response on the part of all those who wish to do honor to the name and memory of one who was so justly honoured and loved by his fellow-countrymen.

BEAR RIVER BAPTIST CHURCH

Previous to 1827 Digby County was included in the County of Annapolis. The township of Clements, then extended to the west line of what is now the township of Hillsburgh. In 1816 an extensive revival of religion swept over this township under the ministry of Israel Potter, for a Baptist church was organized. In 1822 this church was again visited by a gracious outpouring of the Holy Spirit and received large accession to its membership. In the autumn of 1823 the second Clements church was instituted at Bear River. Its territory included the present township of Hillsburgh.

The chief pastoral aid was received by the itinerancy of the Fathers. These first and second Clements Churches were chiefly served by Israel Potter, Enoch Townner and Peter Crandall. Following is a list of pastors who have served the Bear River Baptist church:

- Rev. Henry Saunders the first regularly settled pastor A. D. 1822.
 - Rev. Joshua Cogswell.
 - Rev. Obad Parker, 1829.
 - Rev. J. A. Moore.
 - Rev. A. Martell.
 - Rev. G. D. Cox.
 - Rev. J. H. Robbins.
 - Rev. J. A. McLean.
 - Rev. W. E. Hall.

 - Rev. B. N. Nobles, 1837-1837.
 - Rev. G. W. Schurman, 1837-1906.
 - Rev. I. W. Porter, 1909-1905.
 - Rev. E. O. Rencé, 1905-1906.
 - Rev. I. A. Corbett, 1905-1911.
 - Rev. G. W. Schurman, 1911-1913.
 - Rev. L. H. Crandall, 1913-1918.
 - Rev. F. H. Bone, 1918-
- Deacons and year of ordination:
- David Whitman, 1823.
 - Israel Rice, 1823.
 - Warren Potter, 1823.
 - James R. Purdy, 1823.
 - Thomas Miller, Sr., 1827.
 - Richard Dunn, 1827.
 - Jacob Troop, 1827.
 - William Dunn, 1827.
 - Richard Clarke, 1855.
 - H. H. Chute, 1872.
 - Edward Clarke, 1872.

OTHER TABLETS NOT

ASPIRIN AT ALL

Only Tablets with "Bayer Cross" are Genuine Aspirin

If you don't see the "Bayer Cross" on the tablets, you are not getting Aspirin—only an acid imitation. The "Bayer Cross" is your only way of knowing that you are getting genuine Aspirin, prescribed by physicians for over nineteen years and proved safe by millions for Headache, Neuralgia, Colds, Rheumatism, Lumbago, Neuritis, and for Pain generally. Made in Canada. Handy tin boxes of 12 tablets—also larger sized "Bayer" packages can be had at drug stores. Aspirin is the trade mark (registered in Canada) of Bayer Manufacture of Monoaceticester of Salicylic Acid. While it is well known that Aspirin means Bayer manufacture, to assist the public against imitations, the Tablets of Bayer Company, Ltd., will be stamped with their general trade mark, the "Bayer Cross."

NO WONDER HE WALKED

Party of Americans on a work tour thought they would like to cross the Sea of Galilee. They approached the boatman and asked what he would charge to take them across.

"Twenty five dollars," he replied. "Shakes! Say it again! said a tall Yankee. "Twenty five dollars," repeated the man stubbornly. "Twenty five dollars!" echoed the American. "Gee no wonder Christ walked!"

A NATIVE OF PARADISE

Thos F. Porter, of Lynn, Reaches his 72nd Birthday

(From a Lynn Paper) Hon. Thomas Freeman Porter, one of Lynn's most highly esteemed former mayors, has reached the age of 72 years. Carrying with him every day a blithesome smile, cheery greeting and a disposition of a most helpful nature, he is honored by a large number of friends made in his long, busy and practical life. Born in Paradise, Nova Scotia, on Oct. 30, 1847, he was brought to Boston by his parents when about five years of age, in 1852, and in 1861 moved to Swampscott. He worked in the Lynn shoe factories until 1872, when he entered the employ of Porter & Taylor, grocers, Summer street, his brother, the late Harding D. Porter, being the senior member. Later he became associated in the same business in Lee hall building, City Hall square, as senior member of the firm of Porter, Hanson & Co. in 1874.

He was later associated with the late Thomas B. Knight in real estate and insurance business on Munroe street and then embarked alone in the same business in the old Item building, 411 Union street, which was razed to make way for the Boston & Maine elevated structure. He is now in the same business with his son, Chester Harding Porter, at 145 Munroe street. He resides at 274 Summer street. Although ever active in his business pursuits which have realized for him a comfortable competence, he has also contributed greatly to the public life of the city. He was a member of the common council in 1885, 1886, 1887 and 1888, an alderman in 1896 and 1897 and mayor in 1908. In 1898 and 1899, he went as representative to the General court, being elected the following two years, being absent from his duties but a single day, when he was in attendance at the celebration of the 50th anniversary of Lynn as a city in 1900.

BUSINESS AND POLITICS

he has not occupied all his attention as he has been a frequent contributor of original writings to the public press, largely of poetry, his selections having been printed in some of the most prominent newspapers in the country. Many papers ago he wrote for the family papers, "Danbury News" and "Yankee Blade" under the name of "Thomas Freeman", his contributions not only being of a poetic nature but of the cheering humorous kind that lightened many a heavy heart in the homes of those days. Ex-Mayor Porter has not only accepted public office from his fellow citizens but he has shown his public spirit whenever there has been a call for assistance financially or morally, one of his public benefactions having been the establishment of a fund for the development of High Rock as a public reservation for all time for one people, starting the fund with \$1000.

His social nature and agreement with his fellowmen has been shown in his membership in fraternal organizations such as Golden Fleece lodge of Masons, past grand of Bay State lodge of Oddfellows, sagamore tribe of Improved Order of Red Men, Peter Woodland lodge, Knights of Pythias, and past chief patriarch of Palestine encampment of Odd Fellows. He has also had membership of a most active nature in the Republican city committee, Lynn Republican club and the Lynn Historical society.

He has retained his interest in poetic contributions to the press, all of a modest nature but tender in their sentiments, the one which he loves best closing appropriately as follows: "And, this my prayer; that when my bride is done The structure will so good and perfect be I may pass over it at set of sun. To where a loved one stands and waits for me."

[The Mr. Porter, above referred to is a nephew of Mr. David C. Freeman, of Paradise.]

A NEW GIN FIZZ

Massachusetts fruit and grocery dealers have been at a loss to account for the unusually large sale of grapefruit the past few weeks, but it developed that the juice of the fruit is one of the principal ingredients of a new kind of home brew. It is claimed that the juice, mixed with a certain portion of yeast, makes a regular morning eye-opener. In this latest concoction it is claimed that a drink that has the sting of an adder, the taste of ale, and the effect of a gin fizz has been attained.

Windsor Tribune: Mr. E. A. Hicks, of Bridgetown, was in town on Friday.

BAPTIST DISTRICT MEETING

A Very Successful Event Held at North Weymouth

The Digby County District Meeting held its fourth quarterly meetings for the year in the North Weymouth church, Monday and Tuesday, Oct. 27th and 28th. Eleven of the fourteen churches in the county sent delegates. All the pastors of the county were present with the exception of pastor G. W. Brooker of Freeport. His absence was due to physical disability.

The reports from the churches were most encouraging. The work on all the fields where there is a resident pastor is moving along splendidly. The newly organized pastorates at Tiverton and Central Grove in many ways is exceeding the most sanguine hopes of its organizers. Congregations and interest at Central Grove is of very high order. Tiverton is taking hold also most enthusiastically. In both places the interest of the people bids fair to make this one of our foremost pastorates. The most this church has ever raised for the Lord's work is about \$300.00 per year, this year the church will raise for all purposes between two and three thousand dollars. Rev. E. O. Steves is evidently the right man in the right place.

Freeport is moving along quickly but encouragingly under the able leadership of Rev. G. W. Brooker. The Little River field under the leadership of our District Chairman, Rev. C. C. Durkee, is making a place for itself in the annals of Baptist history. The church reports six baptisms and full allotment for Denominational Funds. Westport is safe in the hands of Rev. E. P. Calder, the king of preachers, reports one baptism. Organically, the church is undergoing a process of reorganization. Its departments financially, work is easy; church building is undergoing rather extensive repairs.

Weymouth and New Tusket are in a flourishing condition. Rev. J. H. Copeland, the pastor, has made for himself a large place in the hearts of his people. The church services are well attended and the interest is increasing. Quite a number have been baptized during the year and there are more to follow.

Three churches in the county are pastorless, namely Digby Neck 1st, Digby and the Barton and North Range Field.

Under the new arrangement all the devotional services were conducted by one leader. The County has now adopted this system, as it was felt that a series of devotional talks upon any one subject could be more profitably dealt with by one mind than by a number. The leader for the four devotional services was Rev. F. H. Bone, pastor of Bear River. If the interest and attention manifested is a true indication of appreciation these services will not be without good results. The subject was "Vision". The four aspects dealt with were: first a vision of God; second, a vision of self; third, a vision of world need; fourth, a vision of service.

Monday evening Rev. E. O. Steves, gave a very able and interesting sermon based upon 1 John 3:1. The apt attention of a large congregation must have been an inspiration to our brother as he dealt with the greatest of all subjects, Love.

Tuesday evening Rev. E. P. Calder, preached a very powerful sermon; subject the three visions of Paul; the Damascus Road; vision of the Macedonian and the vision unutterable. The sermon was truly a masterpiece in every way.

The after services were led by the pastor of the church, Rev. J. H. Copeland. These were most encouraging. In the two services over 100 spoke for their Master and some ten persons stood for prayers or made decisions to follow Christ.

In spite of the fact that the weather was so put it mildly, exceedingly wet and stormy, the meetings were well attended and without exaggeration it can be truthfully said that they were among the best ever attended by the secretary.

The pastor and members of the

entertaining church were kindred itself and we shall have just cause to remember this interesting people for days to come. F. H. BONE, Secy.

THE NAMING OF BEAR RIVER

R. M. K.

The honor of having discovered Bear River is by common consent granted to Captain Simon Imbert, who was driven to seek shelter, from a severe snow storm, in the lee of what is now called Bear Island, while carrying supplies to the French settlers at Annapolis in January 1613.

When the storm abated Captain Imbert observed the opening of a river quite near him and after delivering his supplies at Annapolis, he returned there and proceeded to explore about five miles up the river to where the two branches meet, now known as the "Head of the Tide".

The first saw mill was erected there and bore his name, as also down a road nearby which is still known as "Imbert hill". As his name was pronounced "Imbare" by the adjacent French settlers the river may have been first known as "Imbarco" and later as "Bear River". This may have been the origin of the name or it may have been from an Indian legend.

Many years ago, when the aborigines roamed at will of lord of the forest, three husky braves each with his squaw and papoose started down from up the river to fish in the basin at its mouth, arriving at a suitable spot for a camp the braves went off leaving their squaws to pitch tents and be ready to receive them on their return. While the squaws were busy preparing dinner they were attacked by three big brown bears who proceeded to stay and cut up all the people in the camp. When the Indian braves returned they found evidence of a severe struggle but only the bodies of the three big brown bears—whether they had died from severe indigestion or sudden shock could not be known. The braves however each dragged a big brown bear's body to the edge of the river and threw it in grunting as he did so, "Ugh, moon shoo," which being interpreted may mean "De Bear River for ever" and thus the name of the river was fixed. But the tragic legend does not account for the same name being attached to the charming little town which has grown up on the river banks. In fact there can be no good reason for calling it a river on any account. For many good reasons would not "Imberton" in honor of the discoverer of the place, seem to be a very suitable name?

Possibly a further discussion may suggest a more euphonious name. Would it not be well for the lately revived division of the Sons of Temperance to take this matter into serious consideration and through the young people a voice in deciding the question. For surely our pretty little town is deserving of a more suitable cognomen than the inappropriate name it now bears.

BELLEISLE

Sorry to learn that Mrs. A. P. Nelly is on the sick list. Glad to report Mr. Frank Bent some what improved but not up to normal yet.

Mrs. Arthur Gesner keeps improving. She has been in bed since August 22nd.

Our popular teacher, Miss Susie Bent, is preparing an Xmas entertainment. The bean social held at Granville hall last Tuesday was a great success, over \$30.00 being realized for the fund for the repairing of the Methodist Church.

The Telephone Co. have several men employed putting in new poles and we observe they are placing them several feet out from the road signifying wider and better roads.

One of our most progressive farmers, Mr. John A. Bent, has bought the Ramsey saw mill from Perotte and is having it placed on the Hazelwood brook. The boiler arrived last Friday. It will certainly be a great benefit to the farmers, who will now be able to get their logs sawed.
