## The Quebec Rifle Meeting.

The twenty-second annual prize meeting of the Province of Quebec Rifle Association was held at the Cote St. Luc ranges, Montreal, last week, opening on Tuesday, 12th inst., and lasting three days. The attendance was very large, numbering about 175, and including about 50 Ontario riflemen, the usual contingent from the neighbouring city of Ottawa being supplemented by representatives of Kingston, Toronto, Hamilton and other Western points. The weather was fine, thus rendering life on the ranges pleasant for the campers as well as those making the daily trip from town. The firing was under the direction of Lt.-Col. Mattice, B.M., chief executive officer, with Lt.-Col. Bond, Majors Radiger (Vics.) and Hodgins (Guards) and Capt. Manley (Grenadiers) as range officers, and the competitors generally were well satisfied that they could not have been in the hands of officials more obliging or more courteous in the discharge of the rather trying duties imposed upon them. Major Blaiklock, the secretary, and his staff bore with exemplary patience and good nature the siege laid upon their office, whence the firing tickets were served out with commendable alacrity. Col. Fraser presided as usual over the statistics, and the members who worried for twenty-eight hours about the non-posting of the "Frontier," forgot all about their grievance when later in the meeting the prize lists began to appear almost simultaneously with the close of the matches. The happiest of all were those competitors who had the opportunity of interviewing the genial treasurer, Col. Martin, and hearing the kind words of interest and congratulation accompanying the crisp bank bills rewarding their skill.

The ranges had been put in first-class order, a great improvement over the preceding year being noticed in this respect. The competitors' tents were much more conveniently pitched, being placed at the end adjoining the railroad track, and to the left of the road by which the range is approached. In front of these and to the left were the offices, in the old spot. To the right, in the orchard enclosure, the officers' quarters were again placed, and three or four hundred yards down the range stood the canteen and dining tent. Those who made the long journey for their midday meal were as a rule anything but satisfied with the catering; the discovery that a meal served in more inviting manner could be had at the railway restaurant afforded a measure of relief.

There were twenty targets in use, all in the one butt, and all used for the regular matches, there being none set apart for the extra series firing, which went on only when time permitted an hour to be snatched between the regular matches. The system of marking was tediously slow, necessitating a search for each bullet hole before the target was lowered, as the marking disc giving the value of the hit had to be raised simultaneously with the lowering of the target. This was a severe tax upon the patience of the riflemen, especially when the vagaries of the wind deprived them of a reasonable certainty of having hit, and scores of challenges were made simply because the competitors had not confidence in the efficacy of an examination made without lowering the target. Between the slow marking and the continuous challenging (for which there was inadequate telephone accommodation) the matches soon began to run behind, loss resulting to the Association from the curtailment of the possible time for extra series shooting.

Tuesday, 12th August.

The matches commenced Tuesday morning with the Nursery, seven shots at 400 yards, open to members never having won a Provincial or Dominion prize. It is satisfactory to note in the prize list the names of

members of our "regulars" (from St. John's and Quebec), and of Cadets of the Royal Military College. The average shooting in this match was about the same as last year:—

\$15. Pte. G. Green, Royal Scots.... 32	\$4. Bomb. C. Gardner, M.G.A.... 27
10. Gunner Halliday, M.G.A.... 29	4. Pte. Jehue, 6th Fusiliers..... 27

4. Staff-Sergt. Helmer, 43rd..... 28	

After an interval of extra series firing, eagerly availed of for "sighting," the Frontier match was commenced. This consisted of seven shots at 500 yards, and the prizes were in two series, the first of which were open to all members and were thus taken:—

\$20. Lance-Corp. McCrae, Vics.... 31	\$4. Capt. MacMicking, 44th..... 27
15. Corp. J. P. Nutting, G.G.F.G.. 31	4. Col. Sergt. Goudie, 8th..... 27

4. Lieut. Hora, 14th..... 28	4. Staff-Sergt. Wood, B Battery.... 27

The second series of prizes were open only to those never having won a prize of \$5 or upwards at a Provincial or Dominion meeting. By a wholesome ruling not appearing in the prize list, competitors were only allowed to take prizes in one of the two series, and thus some of the tyros with prize scores figured in the senior list and not in the junior, which was as follows:—

\$15. Sergt. Sanson, Q.O.R.... 30	\$4. Sergt.-Major Dowker, M.G.A... 26
10. Sgt. Inst. Roberts, B Co. I.S.C.. 30	4. Pte. Reynolds, Vics..... 25

5. Sergt. Drysdale, M.G.A.... 27	4. Pte. Ash, Royal Scots..... 24
4. Bomb. Gardner, M.G.A.... 26	4. Sergt. Bangs, P.W.R.... 24
4. Pte. H. A. Johnson, 51st..... 26	4. Corp. Hardy, Vics..... 23
4. Sergt. Morgan, B Battery..... 26	

After an hour spent in extra series, all regular firing was stopped at three o'clock in the afternoon, preparatory to the "military" matches, which were carried out with commendable promptitude, and without the unnecessary delay usually accompanying such contests. Thirteen teams of five men each entered, and they fired in three squads, each squad being first paraded for skirmishing, and then, when all had had a turn at that, being called upon to perform the volley firing, in the same order and at the same targets.

As usual the scoring was very low. The skirmishing match, five shots per man at distances varying from 500 to 200 yards, had for its best score 111 points out of 250 possible. The winners were the team of B Battery, Regiment Canadian Artillery, whose success was noted with great pleasure, it being felt that the Battery men well deserved reward for their perseverance in rifle practice in addition to maintaining their well known efficiency in big-gun drill. The fact that the Guards of Ottawa were a close second was another demonstration of the utility of practice, for it is well known that the Guards have for years made it a point to give their skirmishing team a little regular practice, with the result that they never fail to take a high place in these matches at Ottawa, Montreal, and Toronto. The four prizes were thus taken:—

\$ 30. B Battery, R.C.A.... 111
25. Gov.-Gen's Foot Guards (1st team)..... 109
20. Montreal Garrison Artillery..... 99
15. Fifth Royal Scots..... 93

The so-called volley firing (five shots at 300 yards) was as usual about as unsatisfactory as it well could be, and not only were there very few decent volleys, but the scoring was ridiculously low. The teams were cautioned that the rule providing for a deduction of from 1 to 3 points for each shot fired out of time would be enforced, but they seem to have regarded this caution as a mere threat, and the published result indicates that they were not far astray. The match was won by the first team of the Guards, who not only scored well, but formed an exception to the rule in that they fired almost perfect volleys. The winners of the three prizes were:—

\$ 20. Gov.-Gen's. Foot Guards (1st team).....	73
15. 43rd Battalion (1st team).....	52
10. Victoria Rifles.....	32

The fact that the third out of the thirteen teams could only score 32 out of a possible 125 points shows that the competitors as a rule take no interest in the match and do not practice for it. The contest is regarded pretty much as a lottery. One corps having entered two teams about equally matched, tried a very interesting experiment. One of its teams went in for points, the members making no effort to fire in volleys unless they happened to have the exact aim desired when word was given to fire. They thus secured good hits, and so trifling were the deduction for the bad volleys that they took a good prize. The other team determined to fire good volleys, at whatever loss in the aim; they fired about perfect volleys, but failed to get into the prize list. All of which goes to show that the easiest way to win the volley match is to refrain altogether from firing volleys.

The challenge cup presented this year by Lieut.-Col. Houghton, D.A.G., and awarded to the team making the highest aggregate in the two matches—skirmishing and volley firing—went out of the district, the first winners being the Governor General's Foot Guards, who with 182 points were far out of reach of the rest of the field.

After the military matches the range was thrown open for extra series practice at 600 yards, giving an opportunity for sighting at that distance, and of trying experiments to overcome the difficulty peculiar to this range caused by the evening sun, which shining through the target from behind almost obscures all but the bull's eye, and also burns into the competitors' eyes in a most uncomfortable manner. At the same time a "competitors' meeting" was in progress with a very slim attendance, for with the limited time at their disposal for shooting the riflemen will not give any of it up to talk. Some one advanced the strange theory that the object of the association is to develop individual rather than team shooting, and had it resolved accordingly that the council should be recommended to no longer have the same competitors squadded together throughout the meeting, but to intermingle the corps so that each competitor will be thrown entirely upon his own resources. For a pleasant wind-up, Col. Anderson of Ottawa and Capt. Knifton of Toronto congratulated the association on the improvements noticeable this year in the range and arrangements, and also for the kind treatment accorded the Ontario riflemen.

Wednesday, 13th August.

The second day opened with the commencement of the Active Militia and Battalion Match, 200, 500 and 600 yards, 7 shots. The new third class target was used, and in consequence there was a noticeable drop in the scoring at 200 yards. This, combined with a very troublesome wind at the longer ranges, made the totals much below those of last year, when one 79 was counted out, though the highest man was only one point above Col. Anderson's score. The Dolan cup being restricted to the militia of Quebec province, went to the second scorer:—

\$25 Lt.-Col. Anderson, 43rd.....	91	\$4 Pte. C. S. Scott, 43rd.....	76
Cup and \$20. Col.-Sgt. Marks, 6th..	89	4 Capt. O'Grady, 43rd.....	76

10 Capt. MacMicking, 44th.....	84	4 Staff-Sgt. Mitchell, 13th.....	76

4 Sgt. J. Waters, 6th Fus.....	77	4 Sgt. Sanson, Q.O.R.....	72
4 Lt. Davidson, 8th.....	77		

There were four team prizes offered for scores made by battalion teams of six in the above match, with this result:—

\$24. 6th Fusiliers.....	477
18. 43rd Battalion.....	466
12. 3rd Victoria Rifles.....	426
9. 5th Royal Scots.....	407

The next in order were the Governor-General's Foot Guards, 406; Montreal Garrison Artillery, 390, and Queen's Own Rifles, 387. The Corporation Challenge Cup, awarded to the Montreal team making the highest score, was won by the 6th Fusiliers, who also won the trophy the first year contested for, in 1887. Last year and the year before the Fifth Royal Scots were the winners.

The first range of the Association match was fired in the afternoon, but the unexpected delays in the shooting made it necessary to put off the second range until the following morning.

THE MEMBERS' MEETING.

The annual meeting of the members of the Association was held in the forenoon while the firing was in progress. There was a very small attendance, and the non-shooting members predominated. Lt.-Col. McEachern, C.M.G., presided.

The president, Sir Adolphe Caron, and the vice-presidents, Lt.-Cols. McEachern, Ouimet and Miller, and Capt. Trenholme were re-elected, and the following elective members of council were named: Lt. Cols. Brosseau, Martin and Gilmour, Majors Bond and Blaiklock, Capts. Sims and Busted and Lieut. Spearing; the only change being the replacing of Lt.-Col. Rowe by Lt.-Col. Gilmour, who has succeeded him in the command of the 60th Bn.

The secretary, Major Blaiklock, introduced the question of affiliation fees, suggesting that the amount be reduced from \$10 to \$5 for each association, but that no individual membership should be granted in consideration of this fee. It was explained that difficulty had arisen through competitors from various military associations, in excess of the ten necessary to secure affiliation by payment of \$1 each, affiliating in the name of civilian associations to which they belonged, and claiming the right to shoot in military as well as civilian matches, by virtue of such affiliated membership. The funds of the P. Q. R. A. thereby suffered. Major Blaiklock's suggestion was favourably received, and the requisite notice having been given a motion to give effect to it will be introduced at next meeting.

Major Bond reported the result of the meeting of competitors called for the previous afternoon, and referred with special pleasure to the complimentary remarks of Ontario representatives on that occasion.

Mr. J. D. Taylor suggested that a change should be made in the time of holding the competitors' meeting, and also the meeting of members. He said the competitors had not failed to note the many improvements made in connection with the range and its appointments, and duly appreciated the unselfish efforts made by those responsible for the management of the association, but at the same time there were many suggestions they desired to make with a view to further improvement. They did not wish to bring forward grievances, but rather through open discussion to remove any possible source of discontent. They would not, however, attend meetings held while shooting—even if only in the extra series—was in progress. The same objection applied to the time of holding the members' meeting, which was to-day in progress while one of the most important matches was being fired; and not being able to attend for more than a few minutes he was unable to present or explain resolutions which he had intended to lay before this meeting on several subjects in which many of the competitors felt a very keen interest. These included the new shooting qualification clause applied to those entering the militia matches, and which discriminated in favour of the inefficient and unqualified officer as against the really efficient non-commissioned officer or man who perhaps has been accidentally prevented from performing his last annual drill. Another source of discontent was the clause permitting the cancellation of a team or individual aggregate because a man who had shot well enough to win a prize was not an expert arithmetician or practised copying clerk, and made a blunder in transferring the score from the register board to his ticket. The forfeiture clause had been dropped at Toronto and Ottawa, and the Quebec association should follow suit. He considered it would be of advantage to the association to have the competitors generally take more interest in its management, and that this could not be hoped for until the meetings were held at a time more suited to their convenience.

Major Bond, Lt.-Col. Martin, Major Blaiklock and others agreed that it was desirable to interest the members to as large a degree as possible and to secure their attendance at the meetings, and it was promised that attention would be given to the suggestion of a change in the time of holding the meetings, and, if found practicable, such a change would probably be made.

THE "AT HOME."

A large number of visitors from Montreal attended the "at home" held in the Council tent in the afternoon. The visitors were received by Mrs. Houghton and Mrs. E. L. Bond. Among those present were Lieut.-Col. and Mrs. Houghton, Major and Mrs. E. L. Bond, Lieut.-Col. and Mrs. Massey, Lieut.-Col. Turnbull, Lieut.-Col. Count d'Orsonnens, Lieut.-Col. Lyman, Major Geddes, Mr. and Mrs. Bin's, Mrs. James McDougall, and Mr. Crean, of Toronto. The Vics' ban l, under the leader-

ship of Mr. E. Hardy, played popular airs while the visitors discussed the refreshments provided; and a photographer busied himself securing a collection of views.

While the "at home" was in progress, Major W. E. Hodgins, G.G.F.G., had the pleasure of parading at the Council tent the team of that regiment who had on the previous day won the Houghton cup for the best aggregate in the two military matches. The members of the team were Col.-Sergt. G. A. D. Mailleue, Corp. J. P. Nutting, Ptes. J. A. Armstrong, Wm. Short and R. Tink. Lieut.-Col. Houghton, D.A.G., made a brief address, congratulating the team upon their victory, and saying that while he would naturally have liked to see the trophy won in his own district, he hoped that the victors on this occasion would attend and shoot just as well next year, so that when they surrendered the cup it would be to a team who had learned to make even a better score. Amidst hearty applause the cup was then handed to Major Hodgins by Mrs. Houghton. Major Hodgins briefly returned thanks on behalf of the team, who, he said, would not fail to attend next year, if possible, and do their best to retain possession of this beautiful trophy, of which they were proud to be the first winners.

Thursday, 14th August.

The second range of the Association match, 500 and 600 yards, 7 shots, was fired this morning, in a very difficult wind, which played havoc with the scores. There were six team prizes, for teams of six, and these were taken as follows:—

Cup and \$30, Toronto Rifle Association .....	254
\$25 3rd Victoria Rifles, Montreal .....	241
18 Montreal Rifle Association .....	238
12 Victoria Rifle Club, Hamilton .....	236
10 Montreal Garrison Artillery .....	231
5 Sherbrooke Rifle Association .....	231

The cup has to be won twice consecutively to become permanent property. The winners in 1888 were the Victoria Rifle Club of Hamilton. This was the individual prize list:—

\$20 Major Thomas, 54th.....	56	\$4 Corp. Westman, Q.O.R.....	52

4 Corp. J. Ward, 6th.....	52	4 Capt. Rogers, 43rd.....	48
4 J. K. Fairbairn, Brockville....	52	4 Capt. Ibbotson, Scots.....	47
4 Lance-Corp. McCrae, Vics.....	52	Six 47's counted out.	

The Carslake Trophy match, a new event and the biggest of the meeting, was commenced near eleven o'clock. The firing consisted of seven shots standing at 200 yards, seven shots at 400, and seven shots at 600. The contest was for both team and individual prizes, but the trophy offered caused attention to centre on the team firing. The scores were very low, even when it is considered that the position was standing at 200 and that the reduced inner and magpie were used there. These were the totals of the teams, consisting of ten men each:—

Trophy and \$30. 3rd Victoria Rifles, Montreal .....	700
\$25. 6th Fusiliers, Montreal .....	670
20. 43rd Battalion, Ottawa .....	668
15. Queen's Own Rifles, Toronto .....	663
10. 5th Royal Scots, Montréal .....	616

The Vics thus had the proud satisfaction of becoming the first winners of the trophy, which they will hold for a year. The individual prize list also shows very low scoring. There were, however, a few high aggregates, notably Staff-Sgt. Mitchell's 88, which that noted shot commenced with six bull's eyes and a magpie at 200 yards:—

\$25 Staff-Sergt T. Mitchell, 10th... 88	\$4 Lieut. Crean, Q.O.R..... 76
20 Major Jameson, 60th..... 86	4 Capt. Rogers, 43rd..... 76

Those of the first twenty who attend the Dominion matches and are eligible to shoot for the London Merchants' Cup, are entitled to free tickets to Ottawa. It will be seen that only five of the twenty are eligible, the other fifteen being Ontario men.

In the Nursery aggregate, for the scores in the matches included above combined with the Nursery match, the winners were:—

\$8 Bomb. Gardner, M.G.A..... 224	\$4 Sgt. R. J. Taylor, 43rd..... 208
6 Corp. Bethune, Scots..... 222	4 Cadet Macpherson, R.M.C..... 206
5 Cadet Panet, R.M.C..... 208	

The Martin Challenge Shield and two cash prizes of \$15 and \$10 were offered for the aggregates of Nursery teams of five, but unfortunately there were no entries.

For the aggregate scores of teams of five in the Frontier, Active Militia, Association and Carslake matches, there were three prizes offered:—

Cup and \$20. Toronto Rifle Association.....	1144
\$15. 6th Fusiliers, Montreal.....	1110

The cup now becomes the permanent property of the Toronto Rifle Association, they having won it twice, the previous occasion being in 1888.

For the best aggregates in the Militia, Association and Carslake, at 600 yards, Sergt. Riddle, 6th Fusiliers, won the Governor-General's silver medal with 70 points; and Pte. Macfarlane, Vics, the Governor-General's bronze medal with 69 points. The Lieutenant-Governor's silver medal, for the best scores in the Frontier, Militia and Association at 500 yards, was won by Lieut. Davidson, 8th, with 83 points.

The last regular match was the Martini-Henry, seven shots at 600 yards. This was commenced shortly before five o'clock in the afternoon, and resulted as follows:—

THE EXTRA MATCHES.

In the Extra Series matches there was very little firing, a great part of the time allotted to them in the programme having to be given to the regular matches. The scores ruled low in consequence, and on the last day the association had to redeem upwards of \$100 worth of tickets which the competitors could not find opportunity to fire.

Optional, 500 yards, 7 shots, Snider or Martini:—

The Revolver match, fired on the newly adopted Standard target, excited considerable interest, and there was keen competition for the handsome Webley revolver presented by Major Bond as first prize :—

The Military Rifle League.

On Saturday last, 16th inst., the Montreal teams fired the last of the series of the League matches, completed with their exception on the 9th August. The record of team totals will be found below, with the exception of the returns for the last match for the four teams whose totals are blank and who have failed to communicate with the secretary either by mail or by wire :—

Large table showing team totals for the Military Rifle League, with columns for dates (May, June, July, Aug.) and aggregate scores.

Here are the details of the remarkable scores rehered by the teams

taking the first two places in the last match, fired 9th August ; 200, (kneeling) 500 and 600 yards, 7 shots, with Sniders ;

THIRTEENTH BATTALION.

Weather, good ; light, good ; wind, steady, 3 feet 3 o'clock ; fouling dry. Captain of team, Capt. Jas. Adam, R.L. ; Range officer, R. L. Greene. Memo. from team captain : " We were very fortunate in having such a perfect day to shoot ; there was not a variation of ten inches in the wind from beginning to end, and the coaching we performed was really good. Had we started to coach at an earlier stage in the competition we would undoubtedly be at the top."

Table listing names and scores for the Thirteenth Battalion match, including Lieut. A. Fain, Col.-Sergt. E. Skedden, and others.

FORTY-FIFTH BATTALION BOWMANVILLE TEAM.

Weather, fine, clear ; light, bright ; wind, gentle 3 o'clock ; fouling, dry. Captain of team, Capt. W. S. Russell ; range officer, Capt. W. P. Milligan, Durham Field Battery.

Table listing names and scores for the Forty-fifth Battalion Bowmanville Team match, including Capt. W. S. Russell, Stf.-Sgt. J. B. Mitchel, and others.

It will be noticed that Capt. Russell's score of 101 is the highest single match score recorded, entitling him to the Foster prize.

THE HAMILTON POWDER COMPANY THANKED.

EDITOR MILITIA GAZETTE,—Will you please allow me space in your paper to express my thanks to the Hamilton Powder Co. for their kindness in allowing us to use their range (which they use for testing powder) during the League shooting in Windsor Mills, a range which everyone that has ever seen it acknowledges is the best in the Dominion. I thank Mr. Brainerd, President of the H. P. Co., for the valuable sporting rifle which he presented to the highest nursery aggregate in the 54th Battalion team. I also wish to thank Mr. Swallow, Superintendent of their mills, for the kindness that he has showed our team in every particular on League days.

M. H. HEALY, Lieut. 54th Batt.

Windsor Mills, August 13th, 1890.

USEFUL HINTS FOR EXECUTIVES.

EDITOR MILITIA GAZETTE,—I offer a few friendly suggestions, which, if taken into consideration by the executives of the D. R. A. and Provincial rifle associations, I think might be the means of proving a benefit both to the competitors and associations. I understand that the targets at Ottawa are to be divided into sections as they were in Montreal ; and if so, there ought not to be more than three sections—that would make eleven targets to each.

After the experience of going through the P. Q. R. A. matches I think to have them divided into any smaller sections will only cause confusion, as it did in Montreal, which was the sad experience of more than one competitor, who fired on his own target according to number, but after the register keeper called out " miss," found out to his surprise that he had hit the target with the corresponding number on the next section ; in one case that I am aware of, by so doing it threw the competitor out of the prize list, as it did also the team with which he fired.

Another very important matter to be looked into is this : to know that every marker knows how to mark properly, and also that every register keeper knows the signals when they appear and the number of points value they represent. I saw three cases where the register keeper was checked for giving bull's-eyes for magpies at the P. Q. R. A. matches last week, and also where a competitor would have got a bull's-eye for an outer at the last O. R. A. matches, and that at 200 yards into the bargain—a clear case of incompetency. If all accounts are true the same thing has also happened at the D. R. A. meetings. The trouble

would be easily avoided by having every man examined beforehand to see that he thoroughly understands the duty he is expected to perform.

And now a word or two about the challenging of shots by the range officers. There is a right and a wrong way of doing this, and as there seems to be no set worded rule as to how a shot is to be challenged, the wrong way is often used, and this is a sample: Pte. Grasp fires. The target does not go down. He is so sure his shot struck the target that he invests fifty cents to find out. The range officer (perhaps for the first time) calls up the officer in charge at the butts to have the last shot signalled on No. 5 target. Down goes the target and up comes an inner disc; the consequence is that in five cases out of six Pte. Grasp gets credited with the inner although he never struck the target. It is simply the inner made by Lt. Saynothing, who fired before him. Now, one of the right ways to challenge a shot is this: "Examine No. 5 target and see if there is on it a shot not marked." If a shot is found Pte. Grasp will get the benefit of it. If not, he does not get what belongs to another as in the first case.

One more item and I am done. Ricochets are signalled at the D.R.A. by a black bar (or the "rake" as the riflemen generally call it) and misses by the waving of a black disc (*i. e.*, where the target has been lowered thinking there was a hit and none found). Now, the trouble is, the markers have had no black discs to signal a miss with, so the old rake comes up for a miss just the same as for a ricochet. It is not always easy for the unfortunate competitor to tell which it is meant for. This could be easily rectified by furnishing the disc. A competitor may have just grazed the top of the target, and the marker puts up the rake for him, so he concludes he has gone too low, puts up his sight and it will be some time before he finds the target, thus perhaps ruining his chance for a trip to Bisley.

## DIVINE WORSHIP.

EDITOR MILITIA GAZETTE,—Queen's Regulations, Sec. 7, para. 268, reads:—(1) No soldier being a Roman Catholic, or of any religious belief differing from that of the Established Church, is to be compelled to attend the Divine worship of the Church of England, and (2) every soldier is to be at full liberty to attend the worship of Almighty God according to the forms prescribed by his own religion when military duty does not interfere with this arrangement. R. & O. para 269, 1883, and R. & O. para 234, 1887, contain section 2 of above and to this date I fail to find that any alteration has been made thereon.

What I want to know, sir, is this,—On what authority Methodist and Presbyterian soldiers are forced to attend the Church of England in certain of the permanent schools of Canadian militia? Are our religious views to be respected? Are we to be allowed to worship God according to our own religious convictions, or is the Canadian militia to be made a recruiting ground for the purpose of the Church of England.

"JANET GEDDES."

## A CHALLENGE.

EDITOR MILITIA GAZETTE,—Having strong doubts as to certain scores being honestly made in the recent League matches, I hereby challenge any Nurseryman to shoot for the sum of \$50, who, during these contests, is credited with a score of 98 points or better, match to take place on Rideau range (with kind permission) immediately after the Dominion matches are completed. Queen's ranges. Snider rifles. The money to be deposited in the hands of Thos. Mitchell on Monday, 1st Sept., immediately before the Dominion matches commence.

S. B. GREEN, Pte. (Nurseryman),  
Essex Centre, August 11th, 1890. 21st Essex Fusiliers.

## TEAM CHALLENGE WITHDRAWN.

EDITOR MILITIA GAZETTE,—Will you kindly insert the following letter: A few weeks ago I issued a challenge on behalf of the 21st Fusiliers to the 13th Battalion to shoot for any suitable trophy that might be named. The challenge, as yet, has never been accepted, and I hereby withdraw such challenge, as I freely admit it would be useless for my team to cope with such a strong aggregation of shots, who can average nearly 95 points per man with Snider rifles at Queen's ranges.

A. E. JONES, Capt. Team.

Essex Centre, Ont., August 13, 1890.

A Paris paper holds that the French artillery may be favourably compared to that of any other European Power. The field guns range 9 kilos. Their breech system, which works on a hinge, is superior to the German screw, and enables the French gunner to fire more rapidly. The destructive power of melinite shells is so great that two steel towers with walls 10½ in. thick, and two solid ramparts of granite mounted on a layer of the hardest concrete 3 ft. thick, were pulverized in 22 rounds. There is talk of a new explosive, 30 times stronger than melinite, which will render steel plates, concretes and granite useless!

The sports of the 13th Battalion were held on the afternoon of the 11th at Dundurn Park, and great interest was taken in them by the members of the battalion, as well as by a large number of spectators, the only drawback being that the ground was not altogether satisfactory, but it was the best one that could be selected, as those engaged in the band contest occupied the only good place in the Park for holding sports. The events were open to members of the 13th only, but the rivalry between the companies was very hot, and all the events were keenly contested. The field officers present were Lt.-Col. Gibson and Maj. Moore. Capt. Stoneman was clerk of the course, Capt. Bowman starter, Capt. Mewburn and Lieut. Labat judges at the finish, and Capt. Tidswell secretary. The following are the events and prize winners:—

100 yds. Race—1st, Pte. Southam, D Co.; 2nd, Pte. McNeill, B Co.; 3rd, Pte. Kidner, D Co.

Putting the Stone—1st, Pte. Wisson, C Co.; 2nd, Pte. Campbell, D Co.; 3rd, Pte. Haynes, A Co.

Sack Race, 100 yds.—1st Pte. Wisson, C Co.; 2nd, Pte. Walford, E Co.; 3rd, Pte. Gilbert, D Co.

200 yds., Drill Order—1st, Pte. Wisson, C Co.; 2nd, Pte. Tovel, D Co.; 3rd, Pte. Shuttleworth, A Co.

Tug-of-War, 10 men—Team from C Co.

Three-legged Race—1st, Ptes. Aylett and Leith; 2nd, Ptes. Chester and Earle.

Buglers' and Drummers' Race—1st, Bugler Wakelm; 2nd, Bugler Earle; 3rd, Bugler Chester.

Hurdle Race—1st, Pte. Southam, D Co.; 2nd, Pte. Poole, C Co.; 3rd, Pte. McNeill, B Co.

Auger Race—1st, Pte. Walford, E Co.; 2nd, Pte. Matthews, A Co.; 3rd, Pte. Franey, H Co.

The sack race, tug-of-war and three-legged race caused much amusement. The events were run off in good shape, and everyone seemed satisfied. The prizes, which were well worth competing for, will be presented at the next parade.

Captains Stoneman and Moore have been granted leave of absence for the purpose of taking a special course of instruction at the Royal School of Infantry, London.

## Toronto.

Death has been very busy in our midst this week, and both regiments have been visited. On Thursday word was received in town of the death of Mr. D. J. McBride, a law student in the office of McPherson, Clarke & Jarvis. Deceased was a member of B Co., Queen's Own, having been transferred from the Foot Guards of Ottawa last spring. Mr. McBride had never fully recovered from an attack of la grippe, and had gone up to his home at Egbert, where he was seized with typhoid fever which resulted fatally. The following message of condolence was sent by Capt. Pellatt, on behalf of his comrades:—

"Members of B Co., Q.O.R., unite in heartfelt sympathy with you in your great bereavement, and express deep regret at loss of their comrade.

H. M. PELLATT, Capt."

L.O.L. 469, of which deceased was a prominent member, met Friday night, and passed the following resolution:—

"That the hearty sympathy of our lodge be conveyed to the bereaved relatives of our worthy deceased and well beloved brother, and that our Worthy Master and Immediate Worthy Past Master be deputed to attend the funeral of our late brother; that the Warrant of our lodge be draped in token of bereavement, and that a copy of this resolution be suitably engrossed, and presented to the parents of our late brother."

On Wednesday Staff-Sgt. Curzon of the Grenadiers died, after about three weeks' illness. The news of his death was quite a surprise to all. Although his condition had been serious no one had any idea of a fatal ending. Deceased had for many years been an active member of the Grenadiers, beginning military life in the Queen's Own, from which he transferred. He was prominently identified with the shooting interests of his regiment, being a member of last year's Wimbledon team. On Thursday Col. Dawson issued the following memo:—

"It is with deep regret the officer commanding has to announce to the regiment the death of Staff-Sgt. F. W. Curzon.

The regiment will parade at the drill shed at 1.45 p.m. to-morrow, in review order.

Officers commanding companies are requested to have as many of their n.c. officers and men present as possible to pay a last tribute of respect to one who was for many years a distinguished member of the regiment."

The body was buried at Mount Pleasant Cemetery, a large crowd of spectators occupying the line of March. The firing party was furnished by G Co., of which deceased was a member. Representatives of all the different corps were present in uniform.

"D" COMPANY, Q.O.R., RIFLE MATCH.

One of the most successful matches held in the history of the company took place on Saturday afternoon at the Garrison Common. Over 50 members were present.

**General Match**—200, 400 and 500 yards—Bugler Sergt. Woods 59, Sgt. Strachan 53, Pte. H. Rose 53, Pte. J. Turner 49, Corp. S. Cunningham 49, Acting Sgt.-Major McKell 48, Pte. Crockett 48, Pte. Irvine 37, Corp. Smith 37, Pte. Aylett 35, Sup. Sgt. Moggridge 34,

**Nursery Match**—Ranges 200 and 400 yds.—Pte. A. H. Gilmore 37, Pte. J. Crockett 35, Pte. H. Rose 35, Pte. Aylett 25, Bugler Lennox 23, Pte. W. Porter 22, Pte. F. Stott 20, Pte. W. Clark 20.

**Standing Match**—Range 200 yds.—Pte. J. Turner 19, Staff Sgt. Harp 19, Pte. Clark 18, Pte. A. H. Gilmore 17, Pte. H. Page 17.

**Ex-members' Match**—Capt. Macdonald 60, Ex-Sgt. Medland 56, Major Delamere 47.

Practice at the ranges closed Saturday till Sept. 23rd, owing to the O. R. A. matches and Exhibition. A funny incident happened during practice, Saturday, in which two members of the Queen's Own figured conspicuously. A discussion arose on the respective merits of two pairs of field glasses and the owners turned them on a notice board some two hundred yards distant. First, Mr. V. could make out the tacks which held the notice. Mr. G., going him one better, declared he could see the line of reading matter. Mr. V., not to be out-done, started off to read the notice, and getting about half way pretended to be in difficulties. Now was the time to show the better glass and Mr. G. seized it, and with a shout of triumph gave what he thought was the balance of the notice. Both were totally unaware that the notice that they had seen some hours previous had been changed and that a notice of a totally different character had been substituted.

Teams from B. Co. Q. O. R. under Col.-Sgt. Cooper and Sgt. Crichton had a competition, but owing to scores not being all in it is impossible to give the exact return. It is, however, believed that the genial Col.-Sgt. has victory on his side. "BREECH BLOCK."

Hanging Pattern, made of a special quality Hard German Silver, divided in 150ths of an inch, with complete Tables of Elevation and Wind Allowance, for the Martini Rifle,

\$2.15. Postage, 25c. for 1 to 6.

N.B.—These Verniers do not alter the position of the Sliding Bar, nor is it necessary to lower the Slide when detaching the Vernier from the Back Sight.

Jeffery's Patent Sight Elevators are being used by the majority of the most well known rifle shots.

Mr. M'VITTIE, who uses one of these Elevators, says: "Your German Silver Elevators are a great improvement on the Gun Metal, as they do not discolour, and the Scales are therefore more easily read. They are made on the right principle—viz., Hanging Pattern, and with the 150th Scales. All who make any pretensions to Shooting should possess one of these Verniers."

Mr. C. H. JACKSON, winner of the Queen's Prize, 1886, says: "I unhesitatingly pronounce your Sight Elevator and Wind Gauge the best I have hitherto seen. Absence of play in the screw, and firm attachment to bar when drawing the line are noteworthy features. I predict that the Perfect Vernier will command a ready sale."

A Volunteer's Shooting "Kit" should comprise one of each of the following Articles, in addition to the Rifle:
