WHO'S WHO FOR BOARD? TOTS OF ADVICE GIVEN

House of Commons Spent Nearly All Afternoon Discussing the Sort of Men Who Should Be Appointed.

OTTAWA, March 12.—(Special.)—The house spent nearly all afternoon on Mr. Graham's bill to enlarge the board of railway commissioners. The bill was considered in committee of the whole and will get its third reading next week.

Haughton Lennox raised the question of relative powers of the chief and assistant commissioners. One of the clauses apparently gave them equal powers. Mr. Lennox thought the chief should be supreme.

Mr. Graham declared that another clause made it plain that on questions of law the opinion of the chief would prevail.

Mr. Lancaster pointed out that any two commissioners were empowered to sit on cases. In such case absolute power should be given to them to decide a point of law.

Mr. Graham said it was intended to give such powers to any group which might for the time compose the board. He amended the section to read that the assistant chief commissioner shall have all the powers of the chief, "but such powers shall not be exercised except in the absence of the chief commissioner."

Mr. Armstrong said in the United States not more than two of three commissioners may be members of the same political party. He feared that the government would choose three new commissioners from its own party. This was the time to begin reform of the board.

An Exception in Ontario. "Has that policy been adopted at Toronto?" queried Mr. Gordon of East Kent.

"The prime minister of Ontario," replied Mr. Armstrong, "appointed the editor of The Globe on an important commission."

Mr. Conmee would oppose any effort to take the appointment of servants out of the hands of the government.

Mr. Graham claimed that the government had appointed the best men to the railway board, and it hoped to appoint men to the new board whose political opinions would not be a question in respect to their findings.

STREET RY. AT JUNCTION FIND AN EXCUSE TO STOP THE SERVICE

Claim That Rails Cause Cars to Leave the Tracks—Railway Board Will Enquire To-Day.

The smouldering fires of dispute between the Toronto Street Railway and the Town of Toronto Junction are likely to burst again into a white heat, judging from the action last night of the Railway Company in stopping the service to Keele-street and having the railway company in stopping the cars "Y" at Humberside, as they did during the stormy days in December before the Ontario railway and municipal board.

The trouble began about 5 o'clock, when a car arrived at Humberside-avenue and the conductor told the passengers that the car was going no farther. Several persons remonstrated about this procedure and hot words ensued.

The conductor explained that several cars had previously run off the track along the Union-street switch, and when this was reported to the office orders were sent out that the cars "Y" at Humberside.

"Oh, that's all right for a story," said one passenger. "I've paid my fare to the Junction, and I'll ride either there or back to the barns. And back to the barns he went."

When the fact of the "Y-ing" was intimated to Mayor Baird, he telephoned Street Foreman Moon to find out the cause of the trouble. The street foreman examined the tracks, but could find no reason for the Railway Company to discontinue the service.

Mr. Baird stated that the thing occurred so suddenly that he had hardly time to get to the scene. He had just happened. "The rails are at present worn out in places," said he, "but it is the railway company's place to keep the rails in proper condition. There is no obligation on the town's part to repair rails for the Toronto Railway Company."

Town Engineer George Abrey was also mystified at the railway company's explanation. "They were old rails," said he, "and this fact the company were quite aware of. They even complained to me about the rate the rails were being run on. To get rid of this objection the board ordered that the speed of the cars be reduced to six miles per hour. In the meantime I have been watching the effect of this order, and I can say that the rate has often exceeded fifteen miles per hour. The tracks were in good shape when we related them. They were much safer than before they were lifted while Dundas-street was being widened. The rails have been abused and worn out by excessive speeding since that time."

The objection to that system was the different sections of the board might give decisions which would be entirely dissimilar.

Mr. Graham pointed out that this might cause inconvenience. For instance, one division of the board might be in British Columbia, and it would be inconvenient to have all questions arising in that province disposed of by the board.

YANKEE ARMADA TO VISIT B. C. CITIES

The Now Famous Fleet Will Also Accept Invitation of Australia to Call There.

WASHINGTON, March 12.—Secretary of the United States Navy Metcalf announced the future movements of the fleet after a cabinet meeting to-day. It will leave San Francisco on July 6 for "our Pacific possessions," as Mr. Metcalf styled it. The vessels will first touch at Hawaii for coal.

After that they will go to Samoa, thence to Australia, where they will stop at Melbourne and Sydney, leaving Australia the vessels are to go to Manila and while in the Philippines the annual fall target practice will be held. Thence the return will be made to the United States by way of the Suez.

Secretary Metcalf said that the battleships would remain in San Francisco Bay until about May 22, during which time they would fill their bunkers with coal. According to the present plan the entire fleet will go up to Puget Sound and some of the ships may be sent over to Vancouver, all returning to San Francisco, however, before departing for home. Admiral Evans will retire in August by operation of law.

LONDON, March 12.—The United States fleet will be invited to visit England or Malta.

CITY PLANS COMPLETED FOR THE ESPLANADE VIADUCT

Railways Will Be Supplied With Copies So That No Time May Be Lost

The city has completed its plans for a viaduct, and, acting upon the advice of the secretary of the railway commission, copies will be supplied to the railways at once so that no time may be lost in preparing for the resumption of the argument before the commission.

The finishing touches were put on yesterday when the board of control, City Engineer Rust and Corporation Counsel Fullerton had a private consultation with Isham Randolph, Chicago; W. F. Tye, Montreal, and Geo. Somerville, Toronto, engineering experts.

The only essential change made was that it was decided that the viaduct Parliament-street, from the east end of Mill-street, to the east end of about 1500 feet, so as to avoid running thru Grand Trunk freight yards. Mr. Rust will be able to get an under the crossing at Cherry-street, but the public will have to cross the tracks south of Mill-street for a little while," said Mr. Rust.

DREAMED OF BURGLARS. Treasury Clerk Awoke and Shot His Wife Dead.

WASHINGTON, March 12.—Hugh Hollis, a treasury department clerk, who came here from Louisville, Ky., and who served for a time as a private secretary to the commissioner of internal revenue, shot and killed his wife at their home in Newton-street, in the northwest section of the city, early to-day.

Hollis procured a revolver a day or two ago and took leave from his office yesterday to practice with his weapon. About 3 o'clock this morning his wife awoke to attend their child and as she returned to the bedside Hollis arose, pulled the revolver from beneath his pillow and fired, instantly killing the woman. Immediately he went to sleep again and he knew nothing of the shooting until he was afterward awakened. He declares he was dreaming of burglars.

Thought of His Irish Girl And Plodded On-and-On

Alfred Earl is found safe in St. Michael's Hospital after some queer wandering and adventures.

Possibly the happiest man in Toronto yesterday was Charles Earl, who called at The World office to express his appreciation of the work The World had done in finding his lost brother, Alfred Earl, who disappeared from his boarding house on March 3 and had not been heard of since that time.

The discovery of the lost man is in great part due to Dr. Gideon Silverthorn, surgeon in St. Michael's Hospital. Last Sunday Dr. Silverthorn went out to Summerville to visit his brother, Charles Silverthorn, who remarked in a casual way that there was a young man in the house with frozen feet.

The case had developed into one of psycho-pathic, due to the conflicting opinions of the various physicians and psychologists who have already investigated the matter. Dr. Silverthorn is firm in the belief that the man is a religious crank. For, he said, when Alfred Earl had been a few hours in his place, one of the first things Earl said was, "Don't buy a new piano. It's a useless waste of money, for the world will soon be coming to an end."

FOLLOW ROSEBERY'S LEAD LIBERALS VOTED DOWN WORKMEN'S BILL

Significant Incident in British Commons When Labor Party is Openly Flouted.

LONDON, March 12.—The Liberal and Socialist parties came to a clash in the house of commons to-day, and undoubtedly influenced to a certain extent by Lord Rosebery's speech in the house yesterday against the bill for the unemployed persons, which the Liberal workmen's bill of the Labor party. The majority against this bill was 149.

The measure has become known as the "right to work" bill, because a vital clause makes it the duty of the local authorities to provide work for unemployed persons, and failing this provision to work the authorities shall provide maintenance for unemployed and their families.

SAFEGUARDS FOR THIS CITY'S SCHOOLS

More Stairways to Be Erected in Seven Buildings and \$30,000 to Provide Other Preventives.

In a report to the property committee of the board of education regarding the possibilities of disaster should fire break out in a Toronto school, Superintendent Bishop made a number of recommendations which will be adopted by the board at its next meeting.

He calls attention to the fact that seven buildings should have more stair accommodation, namely, Harbor-street Collegiate, Bolton-avenue, Brant-street, Morse-street, Winchester-street and York-street Public Schools. Of these Brant-street School will be discontinued in three months, and Morse-street School will be provided with additional stairs in the enlargement at ready by the end of the year. The estimates for this year.

The recommendations are as follows: "That York-street School be replaced by a new building, and that \$25,000 be placed in the building estimates for this purpose; or that the parts of this building now used for the Peary Bank and caretaker's apartments be fitted up for classrooms and those now occupied on third storey discontinued."

"That in the enlargement of Harbor-street Collegiate Institute the stairs be enclosed by brick walls, and that two additional stairs be provided, and that the two exit doors, closed many years ago, be re-opened."

"That one additional stairway be provided at Bolton-avenue and Winchester-street schools."

"That brick walls be built to replace all wooden partitions in basements of all schools."

"That all parts of ceilings in furnace-rooms and any woodwork in these rooms not now protected by metal covering be covered at once with iron, and that in the midsummer repairs this year the iron covering be extended to include all basement ceilings and stairways and doors leading to ground floor."

"That all outside doors be fitted with checks and springs, or automatic bolts."

"That a fire alarm signal box at each school building be provided."

"That in all future buildings erected by the board, the greatest care be taken to provide for fireproof construction, including metal-covered doors at all stairways, from basement to the ground floor."

WANT TUNNEL FOR TROLLEY TO REACH THE ISLAND UNDER WESTERN GAP

Civic Deputation and Political Heavyweights Go to Ottawa With Suggestions.

The request that the Dominion Government pay the cost of a tunnel broad enough for street car and vehicular traffic under the new western channel, so as to provide submarine access to the island will be made at Ottawa to-day, by Controllers Hocken and Spence, who journeyed east last night. They will wait upon the minister of marine and urge that, in making plans for the new gap south of the present one, provision be made for a tunnel for street cars.

T. C. Robinette, K.C.; H. H. Dewar, K.C., and M. J. Haney, contractor for the waterworks tunnel, in connection, it is said, with the plans for a new channel. In view of the approach of Dominion election it is understood that the work under Government Engineer Sing will be hastened.

It is understood that the suggestion of the tunnel has been made by Mr. Haney, and that the plan commends itself to Mr. Sing. The tunnel is by the proposal that the government pay the whole bill. The new channel is to be 400 feet wide and, owing to its sandy nature of the lake bed, it is recognized that the undertaking will be a difficult and costly one.

The board of control at a private session yesterday decided to act promptly. Controller Spence, who has been a member of the harbor committee for the past two years, brought forward the scheme. In order to provide for an approach a steel viaduct will be built across the present channel, and the board is willing that the city should contribute this portion of the cost.

WELLAND CONSERVATIVES. Evan E. Fraser of Niagara Falls Again the Candidate.

WELLAND, March 12.—(Special.)—Three hundred delegates at the Conservative convention to-day, nominated Evan E. Fraser, M.L.A., candidate in the legislative elections. The other nominees—R. P. Slater, Dr. Muirgrove, Wm. Byers (Niagara Falls), Leslie McMann (Thorold)—withdrew in his favor.

Mr. Fraser predicted that his opponent would be J. F. Beam, a strong advocate of railway taxation, and he told of what the government had done to increase railway taxation.

NATAL AGT COLLAPSES AND 18 HINDOOS ARE RELEASED

VANCOUVER, March 12.—(Special.)—The provincial government's Natal Act designed to be an educational test applied upon entry to British Columbia, to prevent Japanese, Chinese and Hindu Coolie emigration, went entirely out of business to-day.

Eighteen Hindus, who were last week fined five hundred dollars each or in default of payment sentenced to one year in jail, were released in habeas corpus proceedings.

Louis Fried Almost Loses His Life—Had Been Drinking and Was Despondent

Louis Fried, a cloak operator of 388 West Queen-street, walked into the display rooms of his employers, the Dominion Cloth Company of 42 East King-street, late yesterday afternoon, and after seating himself calmly in a rocking-chair announced to the Messrs. Rosenberg: "Well, I have done it this time."

"Done what?" they asked. "Why, taken poison," said Fried. While drinking he has often threatened to commit suicide, consequently those around paid scant attention to his statement at first. Soon after, however, the bookkeeper noticed that Fried had turned ghastly pale and was wobbling in his chair, and telephoned a hurry call for an ambulance.

Fried then said that he had taken four carbolic acid pills that he had got from Hall's Drug Store on Queen-street. He was able to walk downstairs to the ambulance, and was rushed to St. Michael's Hospital, where the doctors, after 2 hours' work, said he would recover.

Fried had had a lot of family trouble lately, which has caused him to be addicted to drink. He is a Jewish operator and popular among his fellow employees. He had been drinking all morning and towards noon came up to the workshop, shortly afterwards one of the girls missed her purse. A search was made and the purse found, but minutes a \$5 bill, Mr. Rosenberg on inquiry found that Fried had changed the bill in question a few minutes previously in a near-by hotel. He was located and taxed, taking the money. Mr. Rosenberg offered to let the matter drop if he returned the money to the police, but Fried refused to do so, and told him that he must look for work elsewhere.

Fried had recently purchased at the drug store some antiseptic tablets as a duche for his wife. Of these he took four this morning, and it was thought would be a fatal dose unless prompt action was taken.

German Government Fighting Hard Against Tuberculosis

Millions of leaflets are being circulated among the people of the Empire, informing the masses how to guard against Tuberculosis, of which 100,000 Germans die every year. The time is fast approaching when this disease will be treated like diphtheria and smallpox—the patient being isolated and removed from contact with others. Meantime it is to be hoped the masses will learn the all-important lesson of guarding against coughs and chest colds from which tuberculosis is always bred. When your throat chills, your chest feels tight and sore, when you sneeze and feel cold shivers up your back—that should be your warning. The following treatment is known to be very efficient: Give the chest and throat a vigorous hand-rubbing with Nervilleine and take twenty drops of Nervilleine in hot sweetened water. If there is any hoarseness or cough, gargle well with Nervilleine and put Nervilleine Pomus Plaster over his chest. By following this advice you can keep healthy, and preserve uniform good health. This is worth cutting out and preserving.

THE BARTONE'S CONFESSION.

An Incident Showing the Importance of Phrasing in Poetry and Music.

The amateur baritone surprised a house party the other evening by singing with fervor "Oh, I am full." There was a mild shock for an instant, but he gathered breath and continued "Oh, I am full." He planned badly. "Oh, I am full" is a phrase which is used in music to indicate to appreciate that in music as in poetry there are words, phrases and sentences. Phrasing is one of the tests of musicianship. In piano playing the phrases are defined in various ways, but broadly speaking, the ordinary mechanical piano-player, human or pneumatic, phrases indifferently. King of Piano-Players, has an attachment called the phrasing lever, which makes possible a phrasing which is retard or quicken the music. If the operator has the true musical temperament he can get the most of common chords which the greatest pianist could not surpass. This amazing piano-player is being installed by Messrs. Gourlay, Winter & Leeming as an interior part of their splendid piano, the Gourlay. Every musician in Canada knows that the Gourlay is in the front rank of Canadian pianos. The Gourlay-Angelus is a combination of the finest piano in Canada with the finest player in the world. It is an instrument to be expected, and can produce effects which most satisfy the most artistic musician. The following officers have been appointed for the boats managed by R. O. and A. B. BRIGHT EYES, ROSEY CHEEKS

Every Girl Can Have Them By Keeping Her Blood Rich and Red with Dr. Williams' Pink Pills.

In the early days of her womanhood every girl—no matter what her station in life—should be bright, active, cheerful and happy. Her eyes should be clear, her complexion bright and her cheeks rosy with the glow of health. But the reverse is the condition of thousands of girls in this condition of affairs. They drag along, always tired, suffer from headaches, weakness and with palpitating heart after slight exercise. This is the condition doctors call anemia, which means weak, watery blood. The only safe and reliable medicine. These pills actually make the new blood and strength, and thus make weak, listless, pale-faced girls bright, active and strong. Miss Albina St. Andre, Juliette, Que., says: "I am most grateful that I can say for the benefit I have found in the use of Dr. Williams' Pink Pills. I was weak, run down and very miserable. I suffered from severe pains in my back and chest; had a bad cough, no appetite and could not sleep at night, and what sleep I did get did not refresh me. I tried several remedies, but they did not help me, and I, as well as my friends, feared I was going into decline. At this stage a friend who came to see me strongly urged me to try Dr. Williams' Pink Pills, and providentially I acted upon the advice. After using a few boxes my appetite improved, my sleep began to come back, and I continued taking the pills for some time longer, when I felt that I was getting really marvelous. I was feeling as well as I ever had done. I could sleep soundly at night; the pain and cough had disappeared, and I felt an altogether different girl. I am so grateful for what Dr. Williams' Pink Pills have done for me that I cheerfully give my permission to publish this in the hope that it may point the way to health to some other weak and ailing girl. I made up my mind to keep my name and address in the public papers, and I have done so. Dr. Williams' Pink Pills are good for all diseases due to weak, watery blood. That is why this medicine cures rheumatism, indigestion, neuritis, St. Vitus' dance, partial paralysis and the headaches, backaches and dizzinesses which so often attend the use of these pills. You can get these pills from any medicine dealer or by mail at 50 cents a box or by express for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

SPROULE'S HOT STUFF. It Stirred the Souls of Canadian Senators.

OTTAWA, March 13.—(Special).—Dr. Sproule's address to the Orange Grand Lodge at Mount Forest stirred the senate today. Before orders of the day were called Senator Cloran rose to ask a question as to the correctness of the grand master's speech, but several members tried to shut him out.

"When you find the viper of untruth has been put in the grass you must catch him before he runs too far," said Senator Cloran.

He went on to say that Dr. Sproule was reported as having said French and Irish Catholics were unduly favored in appointments to places in the departments of the government and of parliament. There were 75 pages and 42 were Roman Catholics and 28 were Protestants.

Senator Chiquette objected to the time of the senate being taken up with such stuff. It would be treated with the silence it deserved.

Senator Watson, chairman of the senate internal economy committee, said the senate did not, by any means, have 75 pages and messengers. The senate had 42 pages and 42 were Roman Catholics and 28 were Protestants.

\$1800 SOLID BRICK 6-ROOMED house and all conveniences, good deep lot; hen house. This is near several large industries, fully fitted for a very desirable investment for renting.

\$3300 GRANGE AVE. 7 ROOMS and bath, slate roof, newly decorated, good plumbing, lot 21x100. WE HAVE A LARGE DOUBLE house on Simcoe-street, suitable for a rooming house, in a splendid locality. We are offering this very cheap.

LOT WITH SHACK ON IT IN SWANSEA; good well of water supplies the neighbors. Owner going west; will sell cheap. SEVERAL CHEAP COTTAGES in vicinity of Dundas Bridges; about fifteen hundred; also beautiful detached house in South Parkdale; piano, carpets, beds, etc.

TWO SAORES ON MAIN STREETS for sale. It will pay you to make enquiry about these. JACOBS & COOPER, 1287 Queen West. Park 331. Canadian Business Exchange's List.

125 ACRES, YORK COUNTY AND Georgina, clay loam, good orchard and dwelling; new hip roof, bank barn, with splendid stabling and modern apparatus; half mile from market. Will give anything. Price four thousand dollars. Will exchange for small Toronto dwelling, or terms arranged. Canadian Business Exchange.

C. W. Laker's List.

UP-TO-DATE, SQUARE, NINE-ROOMED brick house, well built, large veranda, two balconies, back stairs; value, \$4000; will exchange for the best store, College or Bloor. This is in good street; owners only.

TO LET. \$300 TO LEASE, 47 HAVELOCK ST. 500 for two or three years. This is right opposite a park, beautiful location, four minutes walk from College cars, square plan, back stairs, 3 bright rooms; let me show you this; up-to-date and new. C. W. LAKER, Summerhill-avenue.

\$10-FLAT OF THREE BRIGHT rooms, to small family, 28 Beacombfield. VACANT LOTS—THE BEST THAT can be secured.

JUST ONE FIFTY-FOOT LOT, ON ST. Clair-avenue, north side, a little west from Bathurst-street. My client lives on Toronto, so I am authorized to sell this at \$20 per foot, with \$200 down. This is the lot that Mr. Wright's tailor shop is on; it does not go with the lot.

153 FEET—THE THREE CHOICEST lots in Deer Park; I care not where you go. This avenue will, within two years, be one of the healthiest and best locations in the City of Toronto as it runs to a crescent to St. Clair, and north to Heath-street, and these are opposite to a beautiful home and all conveniences all around; pretty one, just west of these and east; they are 100 deep, large stables; for immediate sale, sell \$102 or \$1 separate. Whoever purchases these before the end of the summer will get \$20 per foot for them. Just what you want and see. 300 feet above the lake.

\$5500—DOCTOR OR DENTIST—ONE of the best corners for either; nearly new; must see through this to form an idea; on car line, southwest part of city; in my judgment one of the best locations; thickly populated district; no houses under four thousand; will give a chance on the furniture, as it is furnished up-to-date, and electric light; this should sell quickly; make arrangements by phone; possession at once.

EIGHT THOUSAND—YOU COULD NOT build a better home than this, so bright, and detached, contains 23 spacious rooms and bathroom, which is up-to-date; very large and expensive colonial verandah; square hall, which is tiled; telephone room; the parlor is large, over the ordinary size; handsome ornamental electric dining room is bright and spacious; pantry and large kitchen, balcony, stairs from hall, the trees is so easy; electric fixtures are above the ordinary; the cellar is just about as perfect as you can get; foundation very heavy, andry, and back stairs; sitting room, nothing can be brighter, overmantels and grates; bedrooms, each is large, ceilings are alcove, radiators in each room and hall, not a cold room in this home; the best Daisy heater; the architecture and building of this house cannot be surpassed; this is hardwood finished, highly polished, built especially for owner; I am informed that seven tons of coal heated this last winter; this is a highly polished, built especially for owner; I am informed that seven tons of coal heated this last winter; then have taken it off, no doubt I would have sold, had I placed it at far below its value; side drive and stable; on the best part of Palmerston-boulevard, west side; arrange time by phone to show you through; like one just sold; three purchasers made up their minds when I was gone; cheap at one than I am asking.

EVERY MAN HAS HIS "CURZON" Orders

Industry and thrift go hand-in-hand, and the man who wants to prosper must practise both. There's neither sense nor reason in paying twice over for anything. Money saved is money earned, and if you save 50 cents in the dollar, you are doubling your spending capacity or increasing your Bank balance. There's not a Limer crossing the Atlantic to-day which does not carry our Suits. Our system is perfection itself, and thousands of those residing over-seas are availing themselves of the opportunity afforded by us to secure their clothing from the old country. Our Catalogue-Booklet describing our business is worth getting, and the perusal of same will at once convince that we are a "live," "up-to-date" firm with brains and straight business principles. Our method of Mail Order Tailoring is simple, and you can rely on obtaining the latest styles, either Home Fashions or American cut, correct and unequalled finish, at prices miles in front of any demanded in Canada for much inferior goods. The process is simple. Merely fill in a postcard, and address same to our Distributing Agents for Canada—The Might Directories Ltd.—asking for our selection of materials. By return you will receive our latest assortment of patterns, together with latest London and New York fashion plates, instructions for accurate self-measurement, tape measure, all Free and Carriage Paid. To measure yourself is so simple that we guarantee—an official form is enclosed with each Booklet—to refund your money in full if the goods do not fit and are not to your thorough satisfaction. We dispatch your order within 7 days from receipt, and if you don't approve return the goods, and we will refund your money.

OUR GUARANTEE: Clothing at half Usual Cost.

Edmunds v. Kennedy. To-night at the star theatre, Frank Kennedy of Hamilton, the wrestler, who defeated Young Monday on three different occasions last week, will undertake to throw the big team of Toronto three times in 15 minutes. After the performance of the big laughing show, "The Jolly Grass Wives."

The Russian Lion Has Arrived. NEW YORK, March 13.—Geo. Hackenschmidt, the "Russian Lion," arrived here from Europe today on the steamer L. S. Italia. He comes here to prepare for the championship wrestling contest with Frank Gotch in Chicago on April 3.

Cricket Tournament for Calgary. CALGARY, March 13.—There is every prospect for a bright season for the local cricketers this year. A league meeting is to be called about the middle of April at which Pine Creek, Red Deer, Olds, Calgary, Banff, Bankhead, Claresholm, and Millerville will all be represented. The league will be divided into three divisions, with Pine Creek, Red Deer and Olds to the north; Calgary, Banff and Bankhead in the central division, and Claresholm, Macleod, Lethbridge, Okotoks and Millerville to the south. A handsome silver trophy will be the prize competed for, and a movement is on foot to hold a cricket tournament at the Dominion Fair this summer. It is proposed to have representative teams from Manitoba, Saskatchewan, Alberta and British Columbia in this tournament.

West End Harriers. The West End Harriers are having another run this afternoon, leaving the building at 3:30, going to about 15 miles. On account of the fact that there is such a large number of new men going out the officers of the club have decided to divide the runners into two squads, the slow and the fast boys. The last two Saturdays nearly 30 men went out and the number is growing each week. The boys are beginning to get in better shape. At the west end men intending trying for the Olympic team are doing considerable training and are fast rounding into shape. It is expected that the west end will have the largest representative of any one club in Canada. A new men's club is invited to come out with the boys on their weekly runs.

THE BOARD OF RAILWAY COMMISSIONERS.

Industrial Canada in dealing with the reorganization of the board of railway commissioners says:

"Nor would it be advisable to apportion certain territories to individual members, so that one commissioner would hear all the cases arising in a certain district. The suitability of such a system is manifest when we consider that the decisions of the board not only settle specific cases under dispute, but they have the force of law in all similar cases."

The argument advanced by Industrial Canada in opposition to the appointment of local boards is not sound. A decision rendered with regard to inter-switching at London would not apply to Montreal or Winnipeg.

The government that appoints only such men strengthens itself with the electorate. The government which selects the inefficient weakens its public confidence in every way and misleads its mark every time it goes out of its course to meet the

lose all taste for work with the increasing appetite for favor. He is a barnacle on every branch of the public service of Canada.

The "Joiner's pull" is as ridiculous a fraud as the "consolation pull." The fellow who boasts of having such and such organizations at his back can only have scoured them by working at the Joiner's trade rather than the business or profession he was supposed to follow before he answered his country's call and increased the number of official inefficient. The veteran "Joiner" is the fellow who is insured to all-night fraternizing, with the single purpose in view of working the oracle some day upon an easily-beguiled government.

The history of the past ten years or so is an amazing record of the powerful superstition of the "church pull." It is safe enough to say that not one single appointment has been made by either the federal or provincial governments in which this most elusive political factor has been left completely out of sight. It is one thing if discrimination on denominational grounds is exercised by the King-in-Council, and this is rightly enough resented. But it is wholly different, and more humiliating and insulting to the religious denominations involved, when the reputation of the churches is invoked by inefficient hungry for place and indecent in their method of seeking it.

Canada needs her best men for her public service. The government that appoints only such men strengthens itself with the electorate. The government which selects the inefficient weakens its public confidence in every way and misleads its mark every time it goes out of its course to meet the

The Elias Rogers Company has entered suit against the Canadian Northern Railway System to recover the value of a horse and wagon lost thru the alleged negligence of the railway company.

Falls Three Times. Master-in-Chambers Cartwright dismissed Richard Stone's application against his wife, Jennie Stone, to give security for costs in her action against him to recover the Moran House. Stone appealed to the judge-in-chambers, who also refused his application. Stone then appealed to the divisional court, and again his application fails, the court dismissing the appeal with costs of the appeal in the cause.

Workman Killed. An action has been begun by George Kelly, administrator of the estate of George Kelly against The Trethewey Silver Cobalt Mines, Limited, claiming \$500 damages for the death of George Kelly from injuries thru the alleged negligence of the company while a workman in their employ.

Slender Action Settled. The action for slander brought by Lily Jackson against R. F. MacNab of Yonge-street has been settled. Upon application to the court an order was granted on consent, dismissing the action without costs.

Mary Hummel of Hamilton, after a very short term of wedded life, brought an action against her husband, Gephard Hummel, for divorce. The trial her action was dismissed, but the husband was ordered to pay his wife's disbursements. Hummel appealed to the divisional court, but his appeal is dismissed.

Falled to Repair House. Margaret Hicks and Thomas H. Hicks of Pickering Township have begun proceedings against Frederick Roch, claiming damages for illegal and excessive disbursements for failure to repair the dwelling-house, barns and fences of lot 24, concession 3, Pickering Township, and damages for slander.

Two Actions for Negligence. John West of Toronto is suing The Beaver Consolidated Mines, Limited, for unstated damages for alleged negligence. A writ of summons has also been issued by the court against The Right of Way Mine Company for the same reason.

The Prios of May. James Playfair and Douglas Leland White, trading under the firm name of Playfair & White of Midland, have issued a writ against Shortells, Limited, claiming \$5000 on a bill for goods consisting of hay, raisins, flour, etc.

Bargains in Player Pianos. Heintzman & Co., Limited, ye old firm, with warehouses at 115-117 King-street west, Toronto, have several very nice bargains in combination player pianos. To quick buyers they will be offered at a large reduction from the manufacturer's prices. These should be seen or people out of town should write for particulars.

Mr. Fred B. Smith of New York City, who is to address a great meeting of men in Association Hall to-morrow afternoon, arrived in the city yesterday, and is stopping at the King Edward. Mr. Smith comes from Winnipeg, where he had a large meeting last Sunday afternoon. It is expected that Association Hall will be crowded to the doors with men.

The cartoon in modern newspaperdom is recognized as a highly desirable feature. No cartoonist in America enjoys the reputation of being better able to depict by his clever pencil current events in caricature than Sam Hunter. This week's cartoon, entitled "A Precursor of Storms," and represents old John Bull in the attitude of a sailor "viewing in approaching phantom ship, designated "The Flying Dutchman."

The short and terse editorial comments deal with the following list of headings, which suggests the text of the various articles: "The Young Politician." "Old-Fashioned Spelling Bees." "The Slave of His Wife." "Necessity of Clear Thinking." "Those Who Work Hard." "Christianity in Tolerant." and a brief explanation of The World's attitude towards the late A. C. Killam.

The special Sunday section, edited by Mr. J. M. Wilkinson, will this week again contain a sermon by Rev. Mr. Stauffer, pastor of Bond-street Congregational Church, who speaks from the following text: "And the King said: 'What honor and dignity hath been done to Mordecai for this?' Then said the king's servants: 'There is nothing done for him.'" (Esther vi, 3). It also contains an article entitled "Popular Sins No. 13: 'I am a Christian, am I' and other matter that will interest the thoughtful and pious.

There is an interesting page of "School for Housewives" in the Lover's stage will be satisfied with the illustrations and descriptions of the coming week's advertisement. But at least, the children will wait with interest for the antics of Little Johnny and his Teddy Bears.

TORONTO AT OTTAWA. The action of the supporters of the government at Ottawa in refusing to recognize the right of the City of Toronto to control its own thoroughfares is likely to react upon them if they fail to appreciate the fact that their course will tend to alienate their own friends in this city.

The Toronto members made a gallant fight to protect the interests of the city, but were hopelessly defeated, not by reason or argument, but by sheer force of numbers.

Even those of our citizens who are favorably inclined toward the government must realize that it is useless to ask the people of Toronto to support a party which invariably assumes the attitude of hostility whenever the interests of Toronto are at stake.

It is not surprising that Toronto declines to return a supporter of the present federal government in the face of the treatment accorded the city. Toronto does not look for favors from the government, but it has a right to expect cold justice.

The MILLINERY Opening Parisian and Eaton New Hat Creations

The modes of earlier in the season are finding their level, and several of the "stages" kind, excluded from our importations, have since found oblivion.

Several new creations from Paris will adorn this millinery opening. And all that could conceivably be called "style excellence" will be interpreted by many hundreds of Eaton Hats shown for the first time. Those from Paris include two from the renowned modiste, Madame Germaine. One is the "Sunflower" hat with sunflower rosettes all round and three handsome heron aigrettes, black, white and champagne, across brim. An example of the "big" hat, wide shape, and very high. Another from the same authority is the all white "Lily of the Valley Hat." Madame Terens sends a distinctive style, a hat in the new file net, trimmed with chantilly lace, a neat peacock bow and cut steel buckle in front.

These contribute: Mme. Germaine, Mons. Pouganne, Mons. Louison, Mons. Lewis, Mme. Tore, Mons. Heltz-Boyer Leontine

But most of the hundreds of exclusive styles are Eaton originals and adaptations, and they certainly exemplify all that you should wear. What cannot be shown—for want of display facilities—Monday, will be exhibited Tuesday and Wednesday. You are cordially invited.

Here's a Good Attraction for the Opening Day Dress Hats—exclusive styles—copies and adaptations of the master milliners, specially priced at \$6.50.

BLOOR STREET VIADUCT

REGARDED WITH FAVOR

Assessment Commissioner Will Be Asked to Report on the Land Damages.

Further evidence of the favor in which the project of a viaduct to extend from Sherbourne-street to Danforth-avenue is held, was afforded at the meeting of the civic works committee yesterday.

The city engineer reported that the cost of the viaduct in question would be \$510,000, while it would cost \$270,000 to build a viaduct across the Don valley from the terminus of Wellesley-street to Broadview-avenue.

The city engineer also reported that the city was applying for legislation, by which the city and interested municipalities arriving at terms as to apportionment of cost, the Ontario railway and Municipal Board would take up the matter.

Ald. Foster, commenting on the relative estimates of cost, said he would like to see the city engineer's report on the matter. He also pointed out that the city was applying for legislation, by which the city and interested municipalities arriving at terms as to apportionment of cost, the Ontario railway and Municipal Board would take up the matter.

It was decided to refer the assessment commissioner report on the amount of land damages in each case. Mr. Rust reported that it would cost \$115,000 to construct a concrete sea wall from Bathurst-street to the Humbler, or \$740,000 should timber be used.

The city engineer also reported that the city was applying for legislation, by which the city and interested municipalities arriving at terms as to apportionment of cost, the Ontario railway and Municipal Board would take up the matter.

The Corporation Counsel Fullerton reported to the board that the city was not quite at the mercy of the Niagara, St. Catharines and Toronto Railway. The cars would cross streets on the level subject only to the approval of the Dominion Railway Board.

The session was enlivened by a brush between Controller Spence and City Solicitor Chisholm over the form in which Mr. Chisholm had prepared a bill of legislation regarding the commission. It was reported that the bill should merely ask for power to appoint a commission, and that the controller should handle all the details.

The College Heights Association, made up of residents north and west of Avenue-road hill, wishes the city to do a number of chores for the district. Among the wants mentioned are a station, four new electric lights and garbage collection twice a week.

NEED NOT BE REGISTERED.

Justice MacMahon Gives Decision in Chattel Mortgage Case. Justice MacMahon gave an important decision yesterday arising from the failure of the Poole Publishing Company, Limited. Mrs. S. B. Johnston, the plaintiff, was the wife of J. R. Johnston, secretary of the company. Shortly before the failure of the company, it borrowed \$3000 from her, giving her as security \$9500 of the bonds of the company made out in blank, but under the corporate seal of the company, signed by the proper officers.

The bonds were not registered in the provincial secretary's office, nor filed as a chattel mortgage or lien. Justice MacMahon holds that the bonds were regularly issued and that they operated as a floating charge on all the assets of the company, not only the real estate, but also on the stock-in-trade and fixtures.

It has all along been regarded that no valid charge could be created on goods and chattels without registration under the Chattel Mortgage Act.

YOUNGER CONSERVATIVES

WANT MEN OF THEIR OWN

There's a Mild Form of Revolt in the Party in Toronto Just Now.

Official Toryism is on its trial in Toronto in the verdict of every man of the Conservative party who dares to express an opinion. The nomination of H. C. Tomlin in the west, for instance, has opened several sets of blinking or blinkered eyes and what further developments there may be are speculated upon with showy gaspings. The other three ridings, or two of them at any rate, are in quite as uncertain temper as the west. The south appears to be the least inclined to revolt. The stalwart old Tories concerned in the revolt all repudiate the idea that backstairs Grit influence has any weight in the contest of manly votes. It is an uprising against the forces that have controlled the party so long that the direction is out of touch with the new times. In the west, for instance, it is pointed out that John Laxton has been chairman for 17 years.

"It is as bad as the Mowat-Ross rule," declared one man. The feeling is that the new ideas should be recognized, that new ideas should be encouraged, and that the government should be kept better informed of what the rank and file of the party think. There will be a rude awakening if they are not.

"We don't care if a Liberal is elected," was the opinion of another. When it was pointed out that the presence of three Conservatives would probably give the seat to the enemy in one of the ridings, the speaker declared that he would not care if the Liberal was elected, and could stand the blow. It is argued, while at the same time it is necessary to deliver such a jar.

The difference arose over the form in which Mr. Chisholm had prepared a bill of legislation regarding the commission. It was reported that the bill should merely ask for power to appoint a commission, and that the controller should handle all the details.

The Corporation Counsel Fullerton reported to the board that the city was not quite at the mercy of the Niagara, St. Catharines and Toronto Railway. The cars would cross streets on the level subject only to the approval of the Dominion Railway Board.

NEW FACTORY DISTRICT.

Ad. of F. H. Ross & Co. Which is Well Worth Considering.

Toronto has been criticized for its poor offerings in factory sites; for the prevalence of rank leasehold systems, which turn prospective industries away to other cities because of enterprising business men refuse to erect substantial buildings upon properties that must always belong to the city or to other parties.

Justice MacMahon Gives Decision in Chattel Mortgage Case. Justice MacMahon gave an important decision yesterday arising from the failure of the Poole Publishing Company, Limited. Mrs. S. B. TWEEDIE MAY REFUSE TO

SANCTION APPOINTMENTS

Dying Government in New Brunswick Have Been Unusually Strenuous.

MONTREAL, March 13.—(Special.)—Will Lt.-Gov. Tweedie of New Brunswick refuse to sanction the appointments which the retiring government of that province appear to be determined to put thru within the next few days at Fredericton before they give up the seals of office to Mr. Hazen?

This is what students of the constitution are asking each other in this city. The report reached Montreal this evening that Hon. Mr. Tweedie had intimated to the ex-premier that in view of the fact that the province had spoken in such unmistakable tone it will be madness to attempt any such policy as the late ministers seem to have decided upon, after no doubt consulting with Hon. Dr. Fugatey and the machine at the federal capital.

The statement is made that when the leader of the defeated government went to Ottawa the other day to consult with Hon. Mr. Robison on quite uncertain as to the course he should pursue prior to retiring from office, but when he returned on Sunday it was noted that Hon. Mr. Robison had a much stiffer upper lip than when he had passed thru the day previous. It transpired, however, that Lt.-Gov. Tweedie, who received a terrible shock by the defeat of the government, had become more than cautious in his late chief adviser's opinion.

In fact, the story is going the political rounds here this evening that his honor will absolutely refuse to sign any important appointment made by the defeated administration, and people say that if he does, he will give evidence of a great deal of wisdom, for the incoming government will be Gov. Sinclair's advisers for the next few years, and it goes without saying that the relations would be somewhat strained if his honor were to follow the advice which Mr. Robison seems disposed to offer him during the dying hours of the New Brunswick Administration.

The Aberdeen-Laurier act is evidently not forgotten in this country. Grand Opera House Crowded to Hear Members of Parliament.

GANANOQUE, March 13.—A meeting of the Liberal Conservatives of Gananoque and immediate vicinity was held here to-night in the Grand Opera House.

The meeting was largely attended, over six hundred being present, and the speaker, Mr. Dargavel, M.P., was enthusiastically received.

Major J. A. McCannock occupied the chair. On the platform were the Hon. Mr. Dargavel, M.P., W. H. Bennett, M.P. for Simcoe, Dr. Roche, M.P. for Minnedosa, Man., George Ferguson, M.P. for Ontario, J. H. Dargavel, M.L.A., Elgin, Mayor H. A. Stewart, Brockville, A. T. Wiggins, and Mr. Elwin of the Brockville Journal. Hon. Mr. McCalpin and Joseph Dewolf of Leeds, W. B. Carroll, K. C., also were present.

Short addresses were delivered by the local members, George Taylor, M. P., and J. H. Dargavel, M.L.A. Mr. Dargavel spoke particularly on the subject of the Liberal Government cutting up ridings to make a safe seat for Mr. Blain in Brockville, stating he would advocate putting them back to the old way.

W. H. Bennett, M.P., the opposition's enthusiasm. Short addresses were also made by Mayor Stewart of Brockville, W. B. Carroll, K.C., and others. The meeting closed with cheers for the King, Borden, Taylor and Dargavel.

BILL TALKED OUT.

Small Band Defends Rights of City of Toronto.

OTTAWA, March 13.—(Special.)—The Niagara St. Catharines and Toronto Railway Bill was talked out to-night. Two of the Toronto members, Messrs. Clague Macdonell and Edmund Brien, and Mr. Elwin of Brockville, defended the whole hour allotted to private bills and 9 o'clock came with the measure no farther ahead. Not a word was said by anyone in accord with principle of the bill, why the wishes of the municipality should be ignored. Clause Macdonell protested against the proposed change without a safeguarding clause protecting the rights of Toronto.

It was hard to say what the character of the road would be, it might come into being as an electric railway exercising rights over highways of municipalities. The road should not be permitted to operate as a street railway within the limits of Toronto.

Mr. Blain supported the claim of the City of Toronto. Edmund Bristol (Toronto) made a strong argument in favor of municipalities being allowed to control their streets.

DEFENCE SCORES A POINT.

Mother Had Expressed Doubt of Daughter's Story. NEW YORK, March 13.—Mrs. Mary Von Hagen, mother of Ellen, the chief complaining witness against Raymond Hitchcock, was called to the stand during the actor's trial to-day and admitted that she had expressed doubt of the truth of her daughter's charges.

Counsel for Hitchcock was able to place on record a letter in which the witness sought the aid of the defendant in securing the release of Ellen from the custody of the Cerry Society, where Mrs. Von Hagen wrote the letter was being held as a witness against him. The letter continued:

"I have no wrong impression of the visit of you and Ellen to Great Neck. We have both lived there and we know it is all right."

Following the reading of this letter the defence asked Mrs. Von Hagen: "Do you know Mrs. Hitchcock?" "Yes," replied witness. "I have spoken to her. I spoke to her yesterday evening, when in the corridor of the building."

"Did you tell Mrs. Hitchcock that you did not believe Mr. Hitchcock has mistreated your daughter Ellen?" "I did not say that."

"Did you say that in substance?" "Well, I said something like that."

PERFORATED MUSIC ROLLS

The business of our Perforated Music Roll Department is growing by leaps and bounds. This is accounted for by the fine quality of the rolls we sell, the splendid catalogue from which to make selection, and the promptness with which we make deliveries.

We sell Music Rolls that are suitable for all standard instruments (both player-pianos and piano-players).

While the majority of our Music Roll patrons are owners of the Autolons and of other automatic instruments bought from us, we are selling rolls in large quantities to people who had purchased other makes of instruments, and are getting greater satisfaction than they have previously received. If you are a user of Perforated Music Rolls let us send you our 300-page catalogue. This is a volume that should be in every home where Music Rolls are used. We mail it free to any address on receipt of 10c postage. Prices are lower than elsewhere.

DEATH WAS ACCIDENTAL BUT COMPANY IS BLAMED. And Coroner's Jury Duly Censure G.T.R. for Not Having Gates Kept in Proper Repair.

That George F. Scott came to his death by being struck by G.T.R. train No. 18, on Friday, March 6, and the jury are all agreed as to the deceased meeting accidental death. We are also all agreed as to the exoneration of the train crew and the gateman in the discharge of their duties.

We are further agreed that the gates on the night in question were not in proper order. And that the jury do ensure the railway company for having a defective condition and in not having a signal in the watchman's cabin and that in our opinion had the gates been in proper order the accident would not have happened.

The above verdict was rendered by the jury at Coroner Morgan's inquest held at No. 7 police station last night. Simon Sinclair, gateman at the Bloor-street crossing, said that he lowered the gates when the train approached from the Junction. He noticed a man coming east toward the track and he shouted to him to "look out," but he did not pay any attention. Later he found him on the track dead.

"A man would have to stoop to get under the gate if it was down," he said. Engineer Robert H. Fish and Fireman Frank Coleman of train No. 18 both testified that they had no knowledge of the fatality until the next day. George H. Scott presented a letter to the jury showing that the gates were only 5 ft. 6 in. on one side and 6 ft. on the other.

DROWNED AT LONDON. Harry Baker Fell into River—A New Industry.

LONDON, March 13.—(Special.)—Harry Baker, six years old, son of a West London resident, was drowned at Black Friars' Dam this afternoon. The lad with a companion was watching the flood of ice and water when Baker fell into the river. He was not seen again. Five years ago this winter Duncan McMartin, a young medical student, went down in the same place and the body was never recovered.

At a meeting of the manufacturers' committee to-night it was announced that the Steel Culvert Co. have decided to locate in London and have leased property in the east end to manufacture steel culverts. They have factories at Madison, Wis., and Lyll, Minn., and will employ 50 hands.

"The present methods of banking" was the topic of discussion at a meeting of the Ward One Liberal Association last night, and was led by W. W. Parke, Elgin Scholl and W. L. Edmunds. Robt. Chamberlain gave a short address on the principles of Liberalism.

Mr. Oliver said the Doukhobors had been in the country seven years and the Province of Ontario had control of them.

OTTAWA, March 13.—(Special.)—There was a lively incident in the house to-night, arising out of Dr. Sproule's speech at Mount Forest. The doctor returned to-day from the grand lodge and participated in the debate on the condition of some Doukhobor colonists at Fort William.

Col. Talbot of Bellechase read to the house a report of Dr. Sproule's speech, in which he was represented as saying that the French-Canadians in Montserrat were becoming atheistic. That was getting pretty close to the Beauharnois member (Mr. Bergeron).

Dr. Sproule declared that if he cared not to step into the private life of Mr. Talbot he thought he could say something that would compare favorably with the speech of the member for Bellechase.

Col. Talbot was defiant. "I defy the hon. member," he said, "to say anything about my private life, either here or outside."

"Don't defy too far," retorted Dr. Sproule. Mr. Bergeron declared, Col. Talbot had read from a report in the Globe, whose policy was in accordance with the fundamental principles of the Liberal party to foment race and religious strife. The country was getting too big for that sort of thing.

Mr. Oliver said the Doukhobors had been in the country seven years and the Province of Ontario had control of them.

Seven Killed in Jail Delivery

ORLE, Russia, March 13.—An attempt made by five criminals to break through the walls of a cell in the Orle jail to-day resulted in seven men losing their lives.

AND STILL CANDIDATES MAY SOLICIT SUPPORT

Friday afternoon the members of the legislature have a homelike feeling, and the result is a short session. Yesterday followed the rule, and the house adjourned till Monday after slaughtering Mr. Hislop's bill to amend the Election Act, and doing some routine business.

The budget speech will be made next Thursday. In the meantime the votes in supply are being satisfactorily disposed of. The law reform committee should not occupy more than a day or two.

Amendments Not Wanted. A. Hislop moved the second reading of his bill to amend the Election Act. Mr. Hislop would abolish canvassing, whereby the gift-tongued politician who is all things to all men gets ahead or the solid business man, who has to attend to his affairs. In lieu of the glad-hand, Mr. Hislop seeks to establish the rule of compulsory public meetings, where the candidate or his representative would state his views, and support of the principles enunciated thereafter. If it were made illegal to solicit votes in private and to appeal publicly from the platforms, Mr. Hislop believed a better class of men would be brought out in politics.

Mr. McGarry will introduce a bill to amend the act respecting medicine and surgery. Mr. Atkinson will ask: Has a fish or game privilege of any kind been granted to the Cadence Club or to any members thereof, or to any other persons with reference to any tract of land forming a portion of the Township of Freeman? If so, when was such grant or privilege given? How many acres does the same cover? For what period does the grant or privilege extend?

Mr. McElroy will move for an order of the house for a return by the professional certificates under authority of sections 2, 3 or 4 of chapter 22 of the statutes of Ontario, passed in 1907. What are their names? Under which section have they qualified? How many persons have notified the minister of education in writing of their intention to comply with the provisions of either section 2 or 7 of chapter 22 of the Statutes of Ontario, passed in 1907? What were the names and addresses of those who applied under section 7?

A Vicious Boy. OTTAWA, March 13.—Because his mother rebuked him for staying away from home, 12-year-old Alfred Letour, residing a few miles from Maniwaki, Que., grabbed an ax and tried to kill her. He will be sent to the Quebec Reformatory at Long Point.

INFLUENCE OF THE PRESS ON CREDIT OF CANADA

Byron E. Walker's Address Before the Halifax Canadian Club.

The World is in receipt of a press proof of an address delivered by B. E. Walker, president of the Canadian Bank of Commerce, before the Canadian Club of Halifax. "The title runs, "Canadian Credit and Enterprise," the theme is really the question, "Why Do We in Canada Enjoy High Credit?"

Mr. Walker then steps away from his primary theme to his secondary inspiration—the influence of the press. He says: "But if we desire to maintain the credit of our country, we must first of all reflect on the quantity of new capital we shall require year after year as we build up our country, then we believe every good citizen to see that this incipient hatred of success which is being encouraged every day by hundreds of inexperienced writers in our daily press be stopped, otherwise we must certainly suffer severely in credit."

AT WEST Y.M.C.A. TO-NIGHT

Fred B. Smith, the noted Y.M.C.A. speaker to men, will give a talk on the "Supper of Death," at the West End Y.M.C.A. Hall to-night (Saturday). All men invited. The McMas-

ter Quartet and harp and vocal solos will be added to the program. At the noon hour to-day he will speak at the Massey Harris works, the quartet assisting. This is under the auspices of the West End Y.M.C.A.

"Take This and Become a Man!" To those who are tired of paying without results, and to those who doubt if anything will help them, I make this offer: If you will secure me my PAY WHEN YOU ARE CURED.

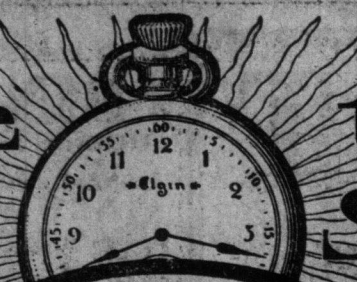

CALL TO-DAY. I have a beautiful book, full of good honest talk about how men are made big and noble, and I'll send it to you, free, sealed, if you send me this coupon. Call for consultation, free.

**GIVEN WORK, THEN STRUCK**  
Hundred Men Quit Work Because Others Were Discharged.

**COMMISSIONER'S ESCAPE**  
G. W. Stephens Has Thrilling Experience at Glasgow.

**NANAIMO, March 13.**—(Special.)—A hundred men engaged on government work clearing land here quit in a body this morning. The men had been given employment to relieve the labor situation caused by the closing of several coal mines.

**Accused of Theft.**  
Samuel Cooper, 50 years old, was arrested by Detective Newton yesterday.

**MONTREAL, March 13.**—A cable from Glasgow this morning states that G. W. Stephens, chairman of the Montreal Board of Harbor Commissioners, had a miraculous escape from death with a number of others while inspecting the harbor facilities at that port.

The party was proceeding on a small steamer, which collided with a submerged hawser which rose and swept the deck clean. All on board narrowly escaped death. Mr. Stephens' injuries were slight.

The Presbyterian Home Mission Committee meets in the board room of the Confederation Life Building, on St. Patrick's Day.

**What the Theatres Offer**

Fritz Scheff, who is acknowledged to be the "queen of light opera" in America, will appear at the Princess Theatre for one week, and a Saturday matinee, starting Monday.

Madame Scheff is playing "Mile Modiste," the comic opera written for her by Henry Blossom and Victor Herbert, in which she has scored such a triumph in the east. She has appeared for three distinct engagements at the Knickerbocker Theatre in New York, a record that is unique in itself.

"Sweet Molly O."—Majestic. The pretty play, "Sweet Molly O," which will be offered at the Majestic Theatre next week, is full of heart interest, power and passion, pathos, purity, love, romance, realism and imagination. Love, romance and imagination are to-day as much alive in people's hearts as they were when the world first began, and will continue until the end, and the romance of love and nature is the thing that makes men and women remember that they have hearts as well as brains.

Madame Scheff's last appearance in Toronto was on the occasion of the visit of the Royal Alexandra English Players who presented Piner's "Sweet Lavender" next week, the advance sale has been larger than for any previous stock production.

**DOLLY KEMPER**  
In "Sweet Molly O." at Majestic. Home and fresher than any author of the present time, in "Sweet Molly O," his latest play, and his greatest success, he allows your imagination to indulge in a frolic, your hearts kindle into flame and your glowing emotions of tenderness and charity—which is love—warm the hearts of all who witness his act.

**At Shea's.**  
Horace Goldin, the king of illusions, will head the bill at Shea's Theatre next week. Goldin has not been in Toronto in many seasons, and since appearing here has mystified the world. He is assisted by Jeanne Francioli in his marvellous exhibition and superb stage settings are employed in mounting the act.

**Hap Ward at the Grand.**  
"No Yet, But Soon," the musical farce in which Hap Ward scored so successfully last season, will be seen at the Grand next week. Mr. Ward is well and favorably known as a provider of light, amusing stage entertainment, in which wit and humor and pleasing musical numbers are adroitly blended.

**WILLIAM SAUTER**  
Director Royal Alexandra English Players.

**Heinrich Meyn's Concert.**  
For four years Heinrich Meyn, who is to give a recital in the Y.M.C.A. Concert Hall on Monday evening next, roamed all over the continent of Europe, singing at his pleasure and accepting only such engagements as satisfied his artistic ambition.

**Fay Foster Co. at the Star.**  
Next week will be watched with interest at the Star Theatre for the show that has been heralded as one of the hits of the season. The Fay Foster Burlesque Company, under the personal direction of the well-known manager, Joe Oppenheimer, will begin a week's engagement at the Star Theatre, commencing next Monday.

**Rose Hill Folly Co.—Gayety.**  
Beginning with a matinee on Monday at the Gayety Theatre, the Rose Hill Folly Co. will enter upon a week's engagement at the most extensive and best equipped organization in the circuit. It comes here with a reputation for efficiency in all departments, season equaled by a show of this class.

**HAP WARD**  
At the Grand Next Week in His Musical Success, "No Yet, But Soon."

**RECEIPT FOR COUGHS.**  
A splendid mixture for coughs, colds, grippe, hoarseness, etc., is made as follows: Take two cups molasses, one ounce Compound Eucalypti, and enough warm water to make one pint; mix together in a clean bottle and shake vigorously every three hours. This is a very simple remedy and is highly recommended by lung specialists.

**PIMPLES**

ALTHOUGH, NOT A DANGEROUS DISEASE, ARE A VERY TROUBLESOME AND UNSIGHTLY AFFLICTION . . .

They are caused by either poverty or impurity of the blood and require the prompt use of a good blood medicine such as Burdock Blood Bitters, for their eradication, which it speedily accomplishes, at the same time strengthening the entire system. Pimples also often arise from dyspepsia and constipation, and in these cases Burdock Blood Bitters has the double effect of removing the pimples together with their cause.

Burdock Blood Bitters may be procured at all Druggists and Dealers.

# A NEW TOWN SITE—LINDENHURST

## LOCATION

ON THE OLD DUTCH FARM—DANFORTH AVENUE, extending south to Grand Trunk Railway—midway between the Don and East Toronto—immediately above and overlooking the beautiful Toronto Golf Club grounds on FERN HILL; highest elevation around Toronto. 300 Feet above the level of Lake Ontario.

6000—BUILDING LOTS, IN ONE BLOCK—6000

THERE is no other possible TOWN SITE that can equal it within a radius of 20 miles. The Grand Trunk has a station at LINDENHURST, where trains stop regularly. 20 Minutes' ride from corner King and Yonge; 10 from Queen up Coxwell-ave, and 5 from where cars will stop on Gerrard-st. this summer.

A most critical and conservative INVESTOR who examined LINDENHURST says it is the biggest and best proposition that has ever been placed before the public.

The proposed DON VALLEY viaduct from Bloor to DANFORTH-AVE. will bring LINDENHURST into the heart of the city.

BUILDING RESTRICTIONS—NO SHACKS.

## PROSPECTS

LINDENHURST'S prospects are exceedingly bright. A great future in sight. The possibilities of the new town are brilliant. Watch it grow—Churches, Schools and attractive homes. Already applications for store sites are coming in.

A Development and Concrete Construction Company is being organized. Will locate factory at LINDENHURST. Will build concrete houses of a superior class at very moderate prices, which will be sold on the easy instalment system. Plans and specification of buildings can be seen at our office. Select your lot and plan of house. The construction company will do the rest and hand you the key when completed. No architect's fees, no worry, no cost of superintendence—ALL FREE—What an opportunity to own your own home at a nominal rental until paid.

Don't hesitate a moment—buy before prices advance.

## INVESTORS

LINDENHURST will be a great and profitable investment to those who buy and build NOW. Speculators will have no chance. This is a workingman's proposition. The first consideration is how best to provide comforts for the working classes. We have solved the problem. The system has been a marked success in England—Why not in Canada? Workmen! Rally round and set the ball rolling. Select your sites and leave orders for the erection of your homes. The construction company will build it for you and give you 15 years to pay for it.

REMEMBER "LINDENHURST" will be a highly respectable town. No shacks or low class buildings allowed. You will be in respectable company.

This investment opportunity may never come again. No more grasping landlords.—Be your own landlord. Let your wives and children have some of the comforts of life. We are in real earnest when we ask you to join us in this big undertaking.

## LOTS FOR SALE

ON MONDAY, 16th

## WORKINGMEN

Our proposition is before you—the creation of the new Town of LINDENHURST. We believe our efforts will be amply rewarded by every man who considers his family's comfort. We expect to do well and invite you to share in our prosperity. RENTS ARE HIGH and going to be higher. What can I do? Build my own home? Yes. Where can I build? Why, at LINDENHURST, of course.

50 LOTS 50

We will close out 50 lots to the first 50 buyers at bargain price. When these are sold no more are to be had at the price.

FIRST COME FIRST SERVED.

### PARRY SOUND HAD TO CARE FOR 150 ITALIANS

Firm Wired for Fifty Men, But Three Times That Number Were Sent—Almost a Riot.

PARRY SOUND, March 13.—There was almost a riot when Italians sent here by Bryce Davidson of Toronto found that they had been deceived. The Ross-Harris Company say they instructed Davidson to send them 30 men, but that having immediately afterwards been advised of another agency sending fifty, they wired Davidson to send fifty only.

However, Davidson, it is said, sent one hundred and fifty, and it is reported here, collected from each of them \$2.00 in addition to their railway fares.

Of the men sent by Bryce Davidson, about eighty were given work and another fifteen found employment elsewhere. Messages were sent to him to either come up and take the men or send money for their return fares, but no answer was received.

Meanwhile the men demanded of the town that their fares be paid back to Toronto, saying that they had no money. This was refused, and then the men asked to be allowed to sleep in the fire hall and lock-up, and were given the privilege, the town supplying them with food. None of them were arrested, and it was only at their own request for shelter that they were given quarters in the fire hall, where boards were arranged in upper and lower bunks and blankets were furnished.

Canadian Institute. The members of the Canadian Institute will hold their usual meeting in the library, 188 College-street, this evening at 8 o'clock.

Professor J. Playfair McMurrich will read a paper entitled, "Some Recent Ideas Concerning the Functions of the Brain," with lantern slides.

The public are cordially invited. Rev. W. I. Armstrong, B.A., pastor of St. Paul's Methodist Church, will preach in Elm-street Methodist Church to-morrow at 11 a.m., and Rev. T. E. Bartley, at 7 p.m. Subject, "The New Birth." Mr. Palmer and the Alexander Choir will have charge of the musical portion of the service in the evening.

### USED THE WRONG NAME.

Leopold Scarrone's Chief Clerk is the Man Called to Court.

When Leopold Scarrone was called in police court John Venerandi, his clerk, appeared at the bar to answer a charge of having obtained \$4.75 by fraud from Robochi Antonio, 238 Chestnut-street, by fraud.

The police are looking for Bryce D. Davidson, who runs the Dominion Employment Agency, at 14 Teraulay-street. A warrant has been issued by the statement of Crampore and others that he with 55 other Italians paid that sum to Davidson and were sent to Parry Sound, where work was promised.

On arrival there the contractor, who was to take them on, denied all knowledge of any arrangement with Davidson. The men came back to the city and Davidson promised to repay the money and went out on the pretext of getting it. He hasn't been seen since.

Old Age Pensions. OTTAWA, March 13.—The special committee of parliament upon Mr. Pringle's proposal for the introduction of a system of old age pensions in Canada met this morning for organization and appointed Hon. Mr. Lemieux chairman, and decided to call witnesses upon the proposal in question.

The names of J. D. O'Donohue, Prof. Mayor of Toronto University, and Prof. Adam Shortt of Queen's University, were suggested in this connection.

Fined the Bartender. ST. CATHARINES, March 13.—In the police court this morning Magistrate Comfort fined three of the men caught in the St. Catharines Hotel bar after hours on Saturday night, \$10 each. The other six against whom summons were issued were not found by the police.

### If Dyspeptic, Read This Carefully!

Half the time you're afraid to eat, your tongue is coated, mouth tastes bad, stomach is bloated. If you want to get well, stop using dyspepsia tablets. Go to the source of the trouble before it is too late. Strengthen your stomach, cut out the bile, regulate the bowels—do this, and dyspepsia will be no more. For your condition the best prescription is Dr. Hamilton's Pills, which are made especially for the stomach, kidneys and liver. No better remedy will ever be given new strength. The general health is built up, and all traces of dyspepsia disappear.

### The Minister of Power

From Collier's Weekly.

Not so many years ago when Premier Whitney was mere leader of opposition, he uttered a sounding phrase—"Niagara power should be as free as air"—which has since caused him plenty of trouble; for that phrase, when his party took office, became in a measure a government policy, but not altogether with the government's good-will. Whereby hangs a tale.

Among those present who heard this telling sentiment fall from the lips of his leader was Adam Beck of London, who, being rich, handsome, and happy in his home life, was supposed to be in politics less for occupation than for the amusement it afforded. Adam Beck had everything heart could wish, this being gentlemanly, the favorite of drawing rooms, was hungry for political fame. He was on the lookout for a big idea to carry his ambitions. The name of Venerandi was substituted on the information, and Venerandi, who was the man really arrested, was remembered till Wednesday next.

In view of this unfortunate error The World yesterday morning unintentionally did Mr. Scarrone an injustice, which his many friends will be pleased to see rectified now.

The police are looking for Bryce D. Davidson, who runs the Dominion Employment Agency, at 14 Teraulay-street. A warrant has been issued by the statement of Crampore and others that he with 55 other Italians paid that sum to Davidson and were sent to Parry Sound, where work was promised.

Old Age Pensions. OTTAWA, March 13.—The special committee of parliament upon Mr. Pringle's proposal for the introduction of a system of old age pensions in Canada met this morning for organization and appointed Hon. Mr. Lemieux chairman, and decided to call witnesses upon the proposal in question.

These were the Canadian Niagara Power Co., with a charter to generate 100,000 horse power; the Ontario Power Co., 180,000 horse power; and the Electrical Development Co., 125,000 horse power. These franchises had all been obtained from the old government, the last of them in the teeth of a general sentiment for public ownership which the government saw fit to ignore, and was summarily punished for not long afterward. The old Ross government certainly agreed with H. C. Wells, the novelist, that Niagara Falls was not meant for a mere gaming stock, and if it had remained in public hands it would have been turned over for tourists at stated hours when it was not needed by the power companies. As it was, Adam Beck had 405,000 horse power pulling against him, and the cry of vested interests was loud in the land. The British investor, who lies heavy on every public man's chest in Canada, had bought the bonds of these power companies, and as Canada is a young country and will have to do a lot of borrowing, the British investor has to be cultivated. The British investor does not like public ownership. He doesn't like the idea of the good of all the people, including capitalists, found it mighty hard to do without seriously disturbing the business of the country. Even Adam Beck, one of the people, including capitalists, found it mighty hard to do without seriously disturbing the business of the country.

Chief among the influences that may be said to be dragging the tail out of Adam Beck's horse is Toronto. Not that Toronto lacks in lip loyalty to the cause of public ownership, but that at heart Toronto is more than tender to the cause of private ownership. hoofs. All the municipalities, including Toronto, have voted that the plan is a good one, and that Adam Beck looks fine on horseback. But as for Niagara power they are no nearer to it than they were three years ago. Ontario can take a lot of Niagara power, but Adam Beck hasn't delivered any to her yet.

How the Horse Bolted.

There are several reasons why the will of the people on the Niagara power question has not been carried out with neatness and despatch. It was not for lack of boldness in Adam Beck, who was willing to ride Niagara Falls to a finish. Premier Whitney and his cabinet warned Beck not to go too far, and then they reminded him that there was such a thing as joint responsibility. Beck had never heard that word before, and Niagara Falls was rearing and plunging under him, but at getting down to business they were slow. The legal and geographical difficulties in getting them together were discouraging. They showed a dislike to discussing details.

bargain to supply the government hydro-electric power commission with as much Niagara power as it liked at a satisfactory rate. The Electrical Development Company, which had hitherto been a part of the government, tried to cut under this bargain, but was unsuccessful, and was turned down by the Whitney government. The shareholders of the Electrical Development Company felt that they were out of it, and this led to a reorganization by which Sir Henry Bell and Mr. Frederic Nicholls were shifted into the background of affairs, and Mr. William Mackenzie assumed the controlling interest.

One Man's Chance.

This company is in an exceptional position to make a bargain with Toronto. It is the only Niagara power company that has a transmission line built into Toronto, and it has in Toronto already two large consumers in the Electric Light Company and the Toronto Railway Company, which are other names for William Mackenzie. The long and short of it is that, so far as this electric group is affected, William Mackenzie is now the whole works. His advent has cheered the shareholders of the Electrical Development Company greatly, and the British bond-holders are feeling decidedly better. The cause of public ownership is correspondingly depressed. William Mackenzie is a captain of industry with genius. He is a master mind and a master builder. The Canadian Northern, which is his railway, aims to be transcontinental. He and his partner, Mann, have the reputation of being able to make a dollar go farther than any other two men in the railroad-building business. Mackenzie, who is the brains of the combination, is quiet, thrifty, Scotch—all qualities that appeal to the British investor. When he goes to London to borrow the always comes back with a bag full of money. He is in every good thing in Canada, and has pretty nearly a corner on street railways. He thinks not in continents merely, but in hemispheres, his interests being as far-flung as Mexico and Brazil. And now he talks coolly of opening up Bolivia with a railway. William Mackenzie is a self-made man. God helps those who help themselves. And this is probably the reason why William Mackenzie helped himself to \$2,000,000 worth of the common stock as his price for lifting the Electrical Development Company out of the hole. His guidance is worth it. When it comes to riding Niagara Falls he goes as it just as hard, he perhaps not as straight as Adam Beck.

### A THRILLING ESCAPE.

Crowded Stage Almost Run Down by Train.

KINGSTON, March 13.—(Special.)—The Batterton stage, in an attempt to cross a street before an oncoming K. S. P. Railway train, had a narrow escape from disaster to-day. The engineer gave the signal for a quick stop and succeeded in effecting it only when the front of the engine was two feet from the stage, full of people.

WOMAN'S FRAUD GAME.

A woman about 60 years of age, tall, stout and of mannish appearance, has been working a petty but artistic English fraud in the northeast end of the city. Thursday she called at a Wellfleet-street house, and asked for the mistress. Told she was not at home, she produced a small parcel and said that it had been ordered C.O.D. She said she had 25 cents and asked for the parcel which was later found to contain about five cents' worth of greens. It had not been ordered.

SIR WILFRID'S CONDITION.

OTTAWA, March 13.—(Special.)—Sir Wilfrid Laurier was out of the house again to-day. He is suffering from neuralgia, caused by an arrested tooth.

New Home Bank Branches.

The Home Bank of Canada has opened branches at Sandwich, Thorndale and Hilderton. The Sandwich branch is managed by F. F. Lovelock, formerly paying teller at the head office of the Home Bank in Toronto. H. S. Womack, formerly ledger-keeper at the church street branch of the Home Bank in Toronto, is in charge at Hilderton, and E. D. Grant, formerly manager of the Sovereign at Hilderton, is local manager of the Thorndale branch.

Peterboro Religious Census.

PETERBORO, March 12.—(Special.)—A religious census of the city, which has just been completed, shows the denominations to be of the following strength: Roman Catholic, 423; Methodist, 374; Anglican, 326; Presbyterian, 308; Baptist, 115; Salvation Army, 34; Lord's Day Alliance, 25; Christian Science, 4; other denominations, 197.

### How to Get Strong!

There is no opportunity of accomplishing much in this world if handicapped by poor health. Fancy a man compelled to work hard with worn-out blood in his veins—picture a woman anything but miserable when her delicate organism is out of gear. It's the man who tires easily and the pale and nervous woman that will find hope and health in Ferruzzone. It is not only a more strengthening medicine, but it is a food for both blood and nerves—in fact, the whole system becomes filled with vitality and power when Ferruzzone is used. Let it drive out that weakness, let it nourish and vitalize your worn-out constitution, let it supply the strength, muscle and sinew you require. Ferruzzone renews life, not by stimulating as alcohol does, but by converting what you eat into nutriment and by supplying the elements needed to rebuild and restore.

The effect of Ferruzzone is not temporary.—It is permanent.—It lasts, and that is why it is used by thousands to whom it is daily bringing better health. For nervousness, languor, loss of sleep, poor color, loss of appetite and debility, you can use nothing with more certain results than Ferruzzone, 50c per box or six boxes for \$2.50, at all dealers.

Are Guaranteed to Cure Rheumatism and Neuralgia, also Female Disorders arising from Uric Acid. The Electro-Chemical Ring is not an inert or passive cure, but a scientific medium for the elimination of uric acid from the system. The secret, the power, the merit, of this ring lies in the combination of the various metals of which the ring is made. No matter what the trouble is, if it is caused by excess of uric acid, the Electro-Chemical Ring will effect a cure. Send size of finger when ordering. Mailed to any address on receipt of \$1.00.

TORRIFORM SKIN DISEASE Afflicted this bright little girl

Mrs. F. Miner, of 311 Suffolk Street, Guelph, Ont., says: "A year since, while living in Ottawa, Ont., my little daughter, Lorinda, six years of age contracted a skin disease on the upper part of her body. This first broke out like tiny water blisters, afterwards taking the form of dry scabs. These would disappear for a short time and then reappear worse than ever. The clothes coming in contact with the skin set up such a severe irritation that it was impossible to keep her from scratching. We tried various preparations yet obtained no good results until we began using Zam-Buk. With each application the irritation and soreness was greatly relieved, and the child rested easier. Tho' continued using, the eruptions and scabs fast disappeared and in a short space of time the skin was completely cleared from the disease. It is now some months since we used Zam-Buk, and as there are no signs of any more eruptions breaking out on her body, we believe Zam-Buk has worked a complete cure."

Messiah's Sharp Arrows

Because of Which Every Knee Must Bow, and Every Tongue Confess to the Glory of God. PASTOR RUSSELL'S SERMON.

PROVIDENCE, R.I., March 13.—Pastor C. T. Russell of Pittsburgh, Pa., preached today to large congregations on the "Overthrow of Satan's Empire" and on "Messiah's Sharp Arrows." In the latter discourse, which was from the text, "Thine arrows are sharp in the heart of the King's enemies; whereas by the people fall under thee," (Psalm xiv, 5), he spoke as follows: "With a strange and unaccountable perversity we often find that the very people most given to figurative and symbolical language are the very ones who when they are disposed to believe are disposed to take it literally. To ignore the beautiful figures of speech with which it abounds. So persistent is this habit that even when considering that book of symbols, the Apocalypse, they are disposed to take its statements literally, although in its very introduction it is declared that our Lord sent, signified or signified or made signs or symbols to illustrate the things which would shortly come to pass. We are not urging such an interpretation of the Scriptures, but would ignore their true significance and make them say the reverse of what they mean, as some are disposed to do; we merely urge that symbolical, metaphorical and hyperbolic language be given true and proper recognition, and that we be disposed to do were the same figures and symbols used in connection with the affairs of our daily life. Surely no one can claim that this is an unreasonable position. When some one tells us that certain words cut them to the heart or that certain experiences broke their hearts they are merely using metaphors in the same manner in which the Scriptures use them. (Acts ii, 37; Isaiah, lxi, 1; Luke iv, 18.) And similarly, when considering our text, we are not to think of literal arrows being shot forth by Messiah and that these will cause the world of mankind to literally fall wounded before him with these arrows in their hearts. In another Scripture we read, "The wicked shoot out arrows, even bitter words, that they may injure the righteous." (Psalm xlv, 3-4) So here also the arrows of Messiah would represent the words of his mouth; but as a bitter fountain sends forth bitter water and a pure fountain sends forth sweet water, so the arrows of Messiah, instead of being bitter words, such as the wicked shoot forth, will be forceful words of truth and grace. The symbolism is analogous to that of Revelations, where Messiah, in his coming glory of the millennial age, is pictured as having a sword going forth from his mouth with which he smites the nations. (Revelation, xix, 15.) The sword of the spirit in the word of God, (Eph. vi, 17; the sword of Messiah's mouth will be the message which he will send, "My word that goeth forth out of my mouth shall not return unto me void, but shall accomplish that which

I please, and shall prosper in the thing whereto I sent it." (Isaiah lv, 11) Our Lord Jesus, as the mouth-piece of Jehovah, was commissioned not only to redeem the world, but to uplift it out of sin and degradation and death conditions and to restore the willing and the obedient to all that was lost in Adam and redeemed by Christ, by his obedience and sacrifice at Calvary. As the "Lamb of God," our Redeemer has already "tasted death for every man," dying the just for the unjust, that he might bring us to God. (John i, 29; Hebrews ii, 9; 1 Peter iii, 18.) But it is not enough that he thus prepares the way for bringing mankind back to God; it is not enough that he has been set now on our behalf. It is necessary further that the Redeemer should grant the necessary assistance to the redeemed for their deliverance from the chains of ignorance, superstition, sin and death into the liberty of the sons of God. Now Are We the Sons of God. This deliverance of humanity, according to the divine purpose, is divided into two parts: First, a special class who hunger and thirst after righteousness and are out of harmony with sin; are being blessed during this gospel age thru the appreciation of the good tidings of God's love and favor in Christ. These are dealt with by faith and include only such members of the race as have the hearing ear of faith—"He that hath an ear, let him hear," for "without faith it is impossible to please God." This small company of the race, willing and able

RHEUMATISM A TIME-TRIED REMEDY FREE UNTIL CURED

Of all sufferers none is more helpless or deserving of pity than the Rheumatic. It is simply a waste of time to talk about symptoms. Every sufferer who experiences its agonizing thrusts and twitches knows all he wants to about it, and all he thinks of or prays for is a remedy. Rheumatism is found in various forms and is due to a variety of causes which are all fully explained in my free book. What I wish particularly to impress upon you here, is that I have a remedy for this distressing complaint, as I have clearly demonstrated during my many years of successful practice in Electricity. As yet, there has not been a drug, or a combination of drugs, found, that will cure Rheumatism. Some partially relieve it for a time, but they do so at the expense of the stomach. From my vast experience with electricity I honestly believe it to be the true and natural remedy, and so confident am I of what my invention will do, that any responsible sufferer, no matter how bad his case may be, can make arrangements to get my Appliance, the world-famed

Dr. Sanden Electric Belt Free Until Cured

It is not necessary to make any advance payment or deposit. I will send you the Belt, and if at the end of, say two months, you are well or satisfied, pay me the usual price of the Belt—in some cases only \$5. If not satisfied with the results, return the Belt to me and the deal is closed. Liberal discount for cash if you prefer to deal that way. This is a straightforward business proposition, and one which I could not afford to make if I did not have great confidence in my treatment, born of years of successful conflict with this dread disease. My Appliance is simply worn about the waist, like an ordinary belt, at night while you sleep. Ease from your pains will follow almost immediately, and a complete and permanent cure later on.

I want every sufferer from Rheumatism and Kidney trouble to read my book. It is beautifully illustrated, and sent free, sealed, upon request. Write or call for it to-day. It will place you under no obligation whatever to buy a Belt. I simply want you to read of the wonders of electrical treatment. Address: DR. A. B. SANDEN, 140 YONGE STREET, TORONTO, ONT. one that could come to the ears of mankind. But from the worldly standpoint it seems foolish on God's part to address the world when He Himself declares that the vast majority are deaf and that only here and there can any be found who have the hearing ear. Again, the gospel message of regard to the obedient seems foolish to the world because it would say, if God had all power why does He not enforce His commands and send forth judgments to compel obedience rather than send forth a message of love and invitation to obedience? Our answer is that God, ever seeking a peculiar people, and that after He shall have gathered these specially chosen, specially tried class, after He shall have glorified these, blessing them with the great reward of glory, honor and immortality, then will His time for using force compulsion. His Messiah Shall Be Conqueror. The Father, discussing the work of Christ during His millennial reign following His second advent, declares, "He must reign until He hath put all enemies under His feet. The last enemy to be destroyed is death. Then cometh the end, when He shall deliver up the Kingdom to God, even the Father, who shall put down all (antagonistic) rule and all things and all power. And when then shall the Son also Himself be subject unto Him that put all things under Him, that God may be all in all." (1 Cor. xv, 24-28.) The Apostle introduces this statement in his argument on the resurrection of the dead. He is pointing out that the resurrection is for all mankind, not only in Adam, but even so in Christ shall be made alive—every man in his own order; the Christ (His Body, Jesus and the Church), the first-fruits, afterward (during His presence at His second advent, through the millennium) they that are Christ's at His coming (during His parousia). It will be during that millennial period of Messiah's reign that He will be doing His work of preaching; that His rebuking will smite into the hearts of His enemies, that all shall fall under Him—every knee must bow, every tongue must confess. Happy will it be for the world when Messiah shall take unto Himself the great power, and reign. Blessed will be for the people when His sharp arrows shall smite them and when His judgments as a hammer shall break every stone to hearts, for, as the Scriptures declare, He wounds to heal. (Hosea vi, 1.) The healing process will be coincident to the wounding and opening for the great Messiah, Christ and the Church, will be not only the King, but also the priest of the millennial time to heal, to console, to forgive, and the great prophet to instruct the thousands of millions of Adam's race who have gone down during the reign of sin and death and under the blinding influences of the adversary. No wonder that the Scriptures speak in glowing terms of that glorious millennial day, when the knowledge of the Lord shall fill the whole earth. No wonder that the picture, this symbolically as the rising of the sun of righteousness with healing in its beams. (Mal. iv, 2.)

THE RAILWAY COMMISSION.

An English Speaking Catholic Want ad—There is One in Toronto. Editorial in Mr. McGann's Catholic Register, Toronto, March 12: "Much talk both in the press and on the streets is heard at this moment, pertaining to fresh appointments on the railway commission. The moment is opportune to remind ourselves that up to the present no English-speaking Catholic has had place on this board. Technical knowledge which nothing but length of experience along a special line of work can give, is necessary to the success of any board such as the commission in question. Among Catholics the possessors of this requisite knowledge are not wanting. In Toronto we have one who is perhaps better equipped, by reason of his long and honorable connection with railway interests, than any to be found elsewhere, for a place on the commission. That this gentleman will not be overlooked when the appointments are being made is what we confidently believe."

FELL TO INSTANT DEATH.

J. H. Jackson Went Up to the Roof to Remove Ice. HUNTSVILLE, March 13.—J. H. Jackson, the jeweler, went up on the roof of his residence last night to remove some ice, and, while adjusting the ladder, slipped and fell twenty feet to the platform beneath. His body struck an electric wire in its descent, and was so badly that the unfortunate man landed on his head. He was instantly killed.

Wonderful Interest.

Last Sunday night a people's service in Masses' Hall 2900 people rose when the question was put to them and requested Mr. Wilkinson to give next Sunday night, 16th inst., the whole 100 verses of the thrilling story, "The Settlement," including the 27 on the "Settlement" that he was not able to give for want of time. Another subject had been arranged for, but the request was so unanimous that the announcement was made that all the views would be given in the book, which has been arranged along with the illustrated songs. "Where is my wandering boy?" and "Tell mother I'll be there."

Mr. Wilkinson, who directs the service, attributes this wonderful interest to the economic value of the story, less than to its spiritual interest. He believes that the Raymond pledge, which is diametrically opposed to socialism, should prevail among Christians, and would like to see a church or society formed on these principles. He believes that such a church or society would not be possible if Christians followed Christ as Charles M. Sheldon has depicted in his book, which has become the most popular book of modern times—and to-morrow night he will test the feeling of his large audience on this question.

Wall-street buoyancy and activity has up to the present had no effect on speculative sentiment in regard to local listed securities. The Toronto Stock Exchange was very dull again to-day and prices were irregular. Sao Paulo declined three points from yesterday's high price on nominal liquidation, the support to the shares being of the weakest variety. The stocks with a broader market were firm, but even these were lacking in activity. The incoming of a few shares of C. P. R. in the market created suspicion, as local traders are expecting an upward movement in this stock. The strength of investment stocks was well maintained with the exception of Commerce, which sold down owing to the absence of an immediate demand. Consumers' stock was strong on a small demand. Sentiment on the whole is bullish, but there is sufficient reason to liquidation to keep back any special speculative advance.

The usual semi-annual statement of earnings will not be issued at this time.

A London special says Speculative vim has been dampened somewhat by the impending large demands for new capital. It is estimated that in the near future the total amount of state government, municipal and industrial issues will aggregate \$15,000,000. Consols are down 3-16. Rio Tinto advanced sharply in sympathy with strength of the metal market at 61 3-4, a gain of 7-8.

There has been a fair buying movement in copper on the part of domestic consumers. On Wednesday a large agency sold several lots aggregating about one million pounds each. The price was a shade below 13 cents a lb. It is stated that buying by domestic consumers this week has been better than at any time since the first of the year.—Dow Jones.

to report his views on the general subject. The president has not ordered any general investigation of stock exchange and Mr. Smith has been instructed to use his own judgment in reporting upon the subject and getting the facts that the president desires.

Joseph says: The president at last reads the writing on the wall and "measures" making important concessions to finance and labor are now in his hands. Strike suits show to what extent the bears will go. Do not sell Union Pacific debentures. Pacific except for moderate turns, since steady accumulation goes on. The killing of the racing bill is not a factor in the U. S. rural growth. Speculation: Amalgamated will defy the supposition of Friday, the 13th. Buy Northern Pacific.

Some very careful observers of the market technique say the short interest is increasing again, that sales are made on all rallies to average; that this is providing a lever to continue the upward manipulation. Such a condition often prevails on the recovery after bear markets have been completed. Those who have had some very good selling in the last few days are expressing great surprise at the way the market takes the stock and holds. The short interest is inferred by them to be much larger than supposed. The private borrowing demand is asserted in some quarters to be as great as ever. It is stated that the open loan department is not a good indicator of conditions just now in this respect.—Town Topics.

Bullish operations in the stock market seem likely to be confined largely to specialty work for the present. Industrial activity is preferred in this connection. We find a good deal of manipulation and would not buy except on declines aside from specialties. The market as a whole seems to have a temporary advancing tendency against the shorts. There is no change in the position of selling St. Paul, Pennsylvania and New York Central on rallies for turns, with stop order protection. Northern Pacific buller specialty work may continue temporarily, but we would not neglect fair returns on strength. The same may be said of Union Pacific. Both stocks are good purchases on declines. Presidential opposition will be found in Reading to-day.—Financial News.

Ennis & Stopped wired to J. L. Mitchell: The market after absorbing London offerings of 35,000 shares on balance developed strength. Among factors of interest was the advance in copper here, with reports of largest domestic buying since the first of the year, statements of railroad earnings for the first week of March showing decreases of 2-1-2 to 2-4 per cent. and forecasts of such decrease as to be 42,000,000 in the bank statement. There is talk of a spring rise in Brooklyn Rapid Transit. Utah Copper advanced on dividend prospects. There was a rumor of heavy buying of calls on Union Pacific at 135 by inside interests. The market continues definitely upward.

J. R. Heintz & Co. wired R. B. Holden: The market appears very strong at the close, and we look for still higher prices and world continuing to buy good stocks on all drives. There was very good buying of A.C.P. in the last hour and the shorts are becoming very nervous, and this issue is likely to advance very sharply. We have been urging you to buy this stock for the next two months.

A. O. Brown & Co. to J. Lorne Campbell: The tone of the market is very healthy, and further improvement appears to be looked for.

WASHINGTON. Notwithstanding some technical details which have been published, the facts are that President Roosevelt is in favor of the proposition that the railroads shall be permitted to increase freight rates rather than there shall be a general reduction of wages, with consequent strikes of employees and disturbances on the eve of the election. This is not a matter for executive order either by the president or the interstate commerce commission. The question simply is if the railroads should increase rates and shippers should complain to the commission, would that body, in the circumstances, approve the increase. Of course it is impossible to say what the commission would do in such a case, but there is no doubt as to the attitude of the president at this time; he is of the opinion that the increase, if made, would be justified as an alternative.

**PUBLIC DISTRUSTFUL OF MANIPULATIONS.**  
 World Office,  
 Friday Evening, March 13.

The substance of Wednesday's sharp rise in Sao Paulo was revealed to-day when a few holders attempted to liquidate their stocks. The pool withdrew its support with the best grace available and allowed the price of the stock to subside three points from yesterday's high figures. This episode evidently had its influence on the other parts of the market, and dealings were sharply curtailed. The Toronto market is in no shape for successful manipulation, particularly in foreign issues. There is a sentiment extant which provides a fair groundwork for the prices of the better class of securities; but the public becomes distrustful, as it might well do, of all patent attempts to unload shares of doubtful value. A steady investment demand for gilt-edged securities continues, but there are as yet no signs of a revival in speculative buying.

IRISH FARMERS AGITATED OVER CAN. WHEAT IMPORTS

The outbreak of foot and mouth disease in England to blame—Canada Not Affected. The farmers of Dublin are up in arms against the importation of foreign hay and straw, says the Tyrone (Irish) Constitution.

Chicago Gossip. Marshall, Spader & Co. to J. G. Beatty. Wheat—Market has been very stumpy, largely professional and narrower in volume.

Toronto Money Talks. Charles Caldwell, in speaking of the enactment of the English board of agriculture prohibiting the importation of foreign hay and straw, says that it is simply protection for the big "E."

Trade Bulletin's Opinion. This prompt and drastic measure which excludes the importation of hay and straw into Great Britain from all countries, indicates how much the fatigues and anxieties of the war have done for the British people.

Bank Clearings. NEW YORK, March 13.—Bradstreet's bank clearings: \$12,167,000, decrease 44.1; Chicago, \$21,284,000, decrease 3.2; Boston, \$19,546,000, decrease 21.0; Philadelphia, \$10,284,000, decrease 22.3; St. Louis, \$6,911,000, decrease 2.7; Pittsburgh, \$5,446,000, decrease 34.3; San Francisco, \$5,392,000, decrease 35.1; Kansas City, \$4,848,000, increase 6.0.
