CHARGES OF GRAFT IN PARKS DEPT. CONTROLLER HOCKEN STIRS UP STORMY MEETING OF COUNCIL TO BE INVESTIGATED BY ALDERMEN

Affidavit by Wm. Anderson, Ex-Employe, Makes Serious Allegations Regarding Payment of Labors at Jail Park--Waste of Money by Commissioner is Charged by Controller.

ALDERMEN RUSH TO DEFENCE
BUT DECIDE ON ENQUIRY

Charges of Graft

"During the time I was employed at the park I frequently received an extra \$1 in my pay envelope, over and above the amount coming to me for wages. This \$1 was given to me to buy tobacco for the prisoners from the jail employed about the park. Sometimes the \$1 would be expended by me for tobacco, and at other times the money would be given to Carter (curator of the Riverdale Zoo), who would purchase the tobacco and give it to the prisoners during the time they were working around the park. This happened a number of times while I was employed at the park.

"About the month of November, 1902, a man named Ryder (who at that time was serving a sentence in the County Jail for stealing a plane, and who was by occupation a carpenter) did carpenter work on Carter's house. The day Ryder's time expired Ryder told me that Mr. Carter was very good to him; that Carter had asked him to come over to the Riverdale Park and he (Carter) would give him a ticket to get a little money from the city. Ryder went to Carter, and the latter gave Ryder a ticket for two days' pay as a bricklayer. This amounted to \$7.60. Ryder took the ticket to Mr. Chambers' office and had it signed. The ticket was then taken by Ryder to the foot of Frederick-street, where it was cashed. Ryder showed me this money upon his return.

"On another occasion a prisoner named Perry was employed in making oak tables for Carter's house. Guard Connolly was in charge of the prisoners at that time. On the morning of Perry's release, Perry told me he had received \$5 from Carter in the same manner as Ryder had done. Ryder was employed by Carter for the city after Ryder's term in the jail was completed.

"I sold a light wagon to Carter for \$17.50 during the time I was employed at the park, and received this \$17.50 from time to time, in amounts of \$5 and \$2 at a time, in my pay envelopes, until the whole sum was paid. This occurred during the time Aid. Crane was a member of the parks committee. After the wagon was fully paid for I gave Carter back out of the purchase price of the wagon the sum of \$5 or \$6."—From the Affidavit of Wm. Anderson.

The appointing of a special committee of the city council to investigate charges of graft and mismanagement in connection with Park Commissioner Chambers' department was decided upon yesterday, after one of the stormiest sessions of the city council held in many years. The debate upon the character of the administration of the department lasted more than four hours, making necessary the holding of an evening session from 8 p.m. till 11 p.m.

Controller Hocken, as the instigator of the movement for an enquiry by the county judge, spoke at length in support of his contention that the regime of Mr. Chambers had for many years been one of weakness and inefficiency, and, in so doing, he drew the brunt of almost constant interruptions, which at times the council chamber was in an uproar, and the mayor was kept busy asserting his authority and maintaining proper order and decorum.

The production by the controller of a sworn statement by William Anderson, an ex-employe of the department, containing charges against subordinates responsible to the commissioner, and hence reflecting on his control, created something akin to tumult, but in the face of vigorous opposition Controller Hocken pressed to read the affidavit, holding back portions of it, however, with the intimation that they were of weight and would be taken up later.

Serious Charges.
Briefly, the depositions as read conveyed that Caretaker Carter of Riverdale Park had utilized the services of Toronto jail prisoners for private work and had given them vouchers which they were enabled to cash thru the authorization of the parks department; also that Anderson was allowed extra sums in his pay envelope for the purchase of tobacco and its distribution among prisoners.

Furthermore, the affidavit charges that Anderson, having sold a light wagon to Carter, received payment for the same in small sums, which reached him thru the same medium. The affidavit was made before Solicitor Reginald Eyre.

Will Investigate.
The adoption of Aid. Bengough's amendment that a committee of the city council be constituted a judicial body, came as a compromise. There appeared to be a decided sentiment against a court investigation, and particularly against one to be conducted by Judge Winchester, who, perhaps, is too vigorous an investigator to suit everybody. The suggestion that Judge Morson be chosen was looked upon with less disfavor.

The committee which will sift the charges is made up of Controllers Hocken and Hubbard, Aid. Vaughan, Keeler, J. Hales, Church and Adams. It is a fairly well balanced one, since while it includes Controller Hubbard and Aid. Vaughan, Mr. Chambers' staunchest supporters, it takes in besides Controller Hocken, Aid. Keeler, who has been determined in supporting the movement for an investigation.

Con. Hocken.

The vote taken on Aid. Bengough's amendment was as follows: For—The mayor, Controllers Hubbard and Ward, Aid. Greig, Vaughan, Adams, McMurrich, Sanderson, McClellan, 12. Against—Ald. Hocken and Harrison, 11. The vote taken on Aid. Bengough's amendment was as follows: For—The mayor, Controllers Hubbard and Ward, Aid. Greig, Vaughan, Adams, McMurrich, Sanderson, McClellan, 12. Against—Ald. Hocken and Harrison, 11.

Controller Hocken's Statement.
Controller Hocken, in submitting his motion, explained that he would gladly have avoided an unpleasant task had he not clearly perceived a public duty. Mismanagement of the city's parks department was, however, traditional, dating as far back as the regime of the late W. H. Howland and, a time when the need for reform was privately impressed on him, he organized the parks committee, had begun preparations for an enquiry. At the beginning of the year the controller had privately impressed on Mr. Chambers the need of strengthening his department, but without result. The city was spending \$115,000 this year on park maintenance, but was not getting value for the money.

Referring further to his personal talk with the commissioner, the speaker denied the imputation that he had exceeded his authority in taking such a step. Mr. Chambers had admitted that improvement in the superintendent of Allan Gardens and Queen's Park was needed. Later he (the speaker) had made complaint as to certain abuses at Island Park, and the

Mr. Chambers.

Park Commissioner Chambers, against administration of whose department serious charges are made, has been in the city for a quarter of a century. He is a prominent member of the Orange Order and of the Sons of England. Should the committee of members of the city council which management has not been up to a proper standard, his resignation must follow.

commissoner, after visiting the island with him, had agreed that certain things should be done, and had given instructions to Caretaker Kimmings, which were, however, disregarded.

Money Wasted at Island.
There was little to show for the \$8000 spent yearly on the island, there being nothing done but the removal of grass and weeds. The controller added that Mr. Chambers had admitted derelictions of duty on the part of employes, and had mentioned to him cases of which he had not previously been aware.

Ald. McMurrich broke in with a demand for information as to whether the Kimmings charges had not been returned before the board of control. Controller Hocken hotly retorted that the charges had not been returned, and he charged that the superintendent of Allan Gardens and Queen's Park were too old and infirm.

Controller Hocken warmly objected to the controller bringing before the council an issue that had been dealt with by the board, and Aid. McBride strenuously resented being "bulldozed" by the controller. Appeal being made to the mayor, the latter ruled that the controller had a right to go ahead. Controller Hocken went on to say that he had voted for the transfer of E. Chambers, son of the commissioner, to the department to show that he was of good faith in his professed desire to strengthen it. He declared that the \$8277 spent on Allan Gardens this year, 25 to 40 per cent, was wasted.

Jordan Affidavit False.
A reference to "serious charges" in the Jordan affidavit brought a storm of protest, and the mayor sprung a surprise by saying that he had received a sworn deposition from Jordan that his previous affidavit was a false one. He demanded that the document be produced, but the mayor explained that it had not been "officially" handed to him.

Controller Hocken asserted that it was not his aim to pursue any civic official, and that he was prepared to stand by all who do their day's work. He then created something of a sensation by the statement that he had received a statutory declaration from William Anderson, an ex-employe of the parks department, containing the charges that council must treat seriously.

Ald. McMurrich was on his feet instantly with an objection against the council being forced to consider affidavits from every civic employe who had a grievance. Aid. Adams and Aid. Vaughan requested further particulars as to Anderson, and the latter demanded to know whether he was an employe who was discharged some time ago.

"That's what you have to find out," joined in Aid. McMurrich.

"No, I don't have to find that out," retorted the controller, belligerent; "you'll have to take cognizance of it." For and Against.

There was disorder, several aldermen speaking in a protest against the controller proceeding, while Aid. Foster and others encouraged him with exclamations of "Go on." Aid. McMurrich held that the commissioner before he had opportunity to answer them might seriously damage his character, and Aid. Vaughan, who had been reading the affidavit, declared that he would not read it.

Controller Hocken held his ground, claiming that Dr. Noble knew Anderson and that he was at present living in the city.

The mayor quelled the tumult by ruling that the controller might proceed, and he then read the charges as given, amid a dead silence. As he finished there arose a fire of questioning, to which he replied with the emphatic statement: "THIS IS A SWORN STATEMENT OF GRAFT WITHIN THE CITY'S DEPARTMENT. If there's a graft of it, there must be a graft of \$1000." He added that Anderson had sworn to personal knowledge of the dealings and had declared he could bring witnesses in corroboration.

Attempts to Head Him Off.
The controller said he had been the object of threats from men who should not have been allowed to enter the city hall, but that, despite reports of the activity of the Sons of England in the matter, he had never been approached by any member of that organization. He had been told that the other forty-eight being grateful to him for his services on the directorate.

AN INDEPENDENT CUSTOMER

MR. LONDON: I'm not going to allow the party bosses to choose my tie this time. I'll choose it myself.

HOW CONVICT SEEKS LIBERTY

Blinds Himself, Eats No Food, Wears No Clothes.

NEW YORK, Oct. 28.—Efforts which are being made by a few of his steadfast friends to have the sentence of Oliver Curtiss Perry committed have revealed the fact that for four years the daring criminal who in 1892 started the entire country with the boldness of his exploits has not eaten a particle of food or worn a stitch of outer clothing. They have also disclosed the fact that Perry is regarded as the most remarkable patient ever confined in the State Hospital for the Criminal Insane.

Once Perry was on the verge of starvation, but he absolutely refused to take a bit or drink anything, and the physicians, satisfied that he would die rather than yield, fed him thru a tube. Since Nov. 19, 1903, he has received nourishment thru a tube, not because it is necessary but simply because he was determined to die rather than eat the regular prison fare. Perry declares he will never take a bite of food so long as he is in Dannemora Hospital, and Drs. North, Townsend and McDonald, his physicians, believe him.

Perhaps the most notable feature of the case, which has nothing even approaching a parallel in the prison records of the state, is that Perry now weighs more than he ever did and is in perfect physical condition.

Perry's behavior since his incarceration in Dannemora—in fact, ever since his arrest following his sensational train robbery—has been as remarkable as his criminal exploits were daring. He has defied the authorities; he has dared them to kill him; he has regarded his life as a mere plaything.

As he explained, seated on the bed in his room, with a white bandage over his blinded eyes, he has never had any hope of being free, and it has been a matter of complete indifference to him whatever became of him.

Perry blinded himself while in prison. He dragged himself with opium and used a needle and steel stud to blind himself. He regrets it now. His methods of train robbery were exceptionally daring, he lowering himself by a rope from the car roof of express trains, kicking in windows and holding up the train cars.

He was sentenced, in 1892, to forty-five years. He is yearning for his freedom.

ALL'S QUIET ON WALL-ST.

Panicky Conditions Disappear and "Runs" Have Ceased.

NEW YORK, Oct. 28.—The principal events in the financial district to-day indicated that the worst of the crisis was over, and that matters were settling down to comparatively normal conditions. There were no further bank suspensions and conditions were reported as favorable for the resumption of most of the banks which closed temporarily last week.

Runs on banks practically ceased, partly because of recognition that they were unnecessary and unjustifiable, and partly because of the policy adopted of paying large cheques only in certified cheques on depository banks' work. The system of payment worked no apparent hardship and was the cause of very little protest.

One of the sensational features was the remarkable development in the copper trade. The United States Metals Selling Co. reports a sharp advance in prices.

At the close of business to-day the Trust Company of America, upon which the run continued, found as the result of the day's business that they had deposits in excess of withdrawals of \$296,000. They also had been able to collect \$223,000 of outstanding loans, so that the net outcome of the day's work was an increase in cash of \$173,000.

Small Bank Suspensions.
BATH, Me., Oct. 28.—The Bath Trust Co., a small bank controlled by Charles W. Morse, of New York, closed its doors to-day as the result of withdrawal of deposits.

AKRON, Ohio, Oct. 28.—The Dollar Savings Bank has been closed by order of the directors until after the funeral of Fred A. Boran, its cashier, who committed suicide Saturday afternoon. In the meantime a further investigation of his accounts is going on.

Wheat Tumbled.
CHICAGO, Oct. 28.—All of the grain markets broke heavily at the opening to-day, the extreme decline in wheat showing a slump of about four cents. The chief reason for the decline was the financial condition in New York, which induced a strong bearish feeling on the local exchange.

RUSSIAN ELECTIONS.
ST. PETERSBURG, Oct. 28.—As a result of two days' balloting 327 members of the lower house of the Russian parliament have been chosen.

They are divided as follows: 159 Conservatives, 98-Octoberists and Moderates, 41 Cadets, and 29 Radicals.

WINDING UP THE COMPANY TO FREEZE OUT DIRECTOR

The note was not paid, and the vice-president has not given the company any financial support. The company will be re-organized after matters are adjusted. The company has been in existence only a few months, and had a bright future, but the directors are not satisfied. The vice-president is alleged to have had a bad effect, and the business was unsatisfactory. The liabilities are said to be of no importance.

SUDDEN DEATH OF MR. POLSON

Prominent Ship-Builder Passes Away After a Brief Illness

F. B. POLSON.

Franklin Bates Polson, president and general manager of the Polson Iron Works, was found dead in bed at his residence, 6 Beaumont-road, Rosedale, at 2 o'clock yesterday afternoon. He had complained of feeling unwell on Saturday, but was at business as usual yesterday morning. He was so ill, however, that he had to return home.

Mr. Polson was one of Toronto's leading citizens and manufacturers. He was born at Port Hope on Feb. 10, 1857, and was the son of the late Mr. Polson, founder of the iron works, and descendant of the Polsons, a well-known and highly respected family in the north of Scotland. His primary education was at the collegiate institute, Cobourg, and afterwards became a mechanical engineer (holding the highest diploma) of 20 years' standing. He was interested in technical education and for some time was chairman of the old technical school board, while as a representative manufacturer, and chairman of the Employers' Association, he was called upon on several occasions to take part in the negotiations between employers and the labor men.

He was a member of the board of trade, Engineers' Club of New York, National Club, R. C. Y. C. and Toronto Hunt Club.

Mr. Polson was twice married, first to Miss Word of Cobourg, by whom he had one daughter, Miss Grace Polson. His second wife, who survives him, is a daughter of the late William T. Thomson of Toronto, by whom there were four children, one daughter and three sons; the eldest is 7 years of age and the youngest about 12 months.

For many years Mr. Polson was a member of All Saints' Church, Sherbourne-street, but after his removal to Rosedale he joined St. Simon's congregation.

The funeral will take place from his residence at 2.30 p.m. on Wednesday, to St. James' Cemetery. Rev. Canon Baldwin and Cayley will officiate.

LABOR IN LONDON THINKS JACOBS WILL WIN

Campaign Closed Last Night With a Rousing Meeting--Interesting Political Contest.

LONDON, Oct. 28.—(Special.)—The campaign of the Labor party closed last night with one of the greatest mass meetings ever held in London. The city hall was packed and jammed with people, and the crowd was interested and enthusiastic throughout.

Alan Studdholms, M.L.A., discussed a remarkable article which appeared in tonight's Free Press, purporting to be a special despatch from Hamilton. This article stated that Hamilton had been going to vote in the election of Studdholms to the legislature; that London was now growing much faster than Hamilton, and that the Boston Cotton Co. and other manufacturers had stated that they would never invest a dollar in any city that returned a laboring man to the legislature.

Mr. Studdholms said that it was an ill bird that fouled its own nest. He doubted if any man in Hamilton would vote that despatch. The fact was that Hamilton was growing rapidly, but suppose it were true (and it was not) that Hamilton was going down, and was the Labor member to blame? Who were Barker and Hendrie (Cons.), and Zimmerman (Lib.) about?

No Stranger in London Now.
W. F. Maclean, M.P., was introduced as a man who had come to London a comparative stranger and would leave it with a host of friends. He was greeted with vociferous cheers, and this a democratic country. He introduced Mr. Maclean. "The Mail and Empire and London Free Press see fit to sneer at the so-called Labor party. I came here in response to an invitation from the Trades and Labor Council, which had named a candidate for parliament upon a platform committed to public ownership of the means of production. Should not London lead this country in supporting this grand principle? Should not London lead this country in supporting this grand principle of the Whitney government?"

The difference between public and private ownership is to be found in the fact that the managers of privately owned corporations have but one object, and that is to get profits and to get them quick. They must have dividends every quarter. To bring in this about wages are cut down, equipment is not kept up, extensions are not made, the service is starved as far as possible. With government-owned utilities, the prime object is good service and no earnings are withdrawn as mere profits.

Where Labor Govers.
The speaker had no fear about Mr. Jacobs making a creditable member of parliament. Labor men governed in Australia and New Zealand. There were 75 Labor men in the Imperial Parliament. We had Labor members here called before now from Hamilton, Mr. Wiltton had been one of the most trusted supporters of Sir John A. Macdonald. It was time to get away from the issues of 20 or 30 years ago and to discuss the burning questions of the day. The living issues of the twentieth century. To elect Mr. Jacobs would challenge the attention of all Canada. It would bring a new era and a distinct gain for independence, the rights of labor and public ownership.

Mr. Verville has asked you for help in his fight in parliament for the cause of labor. I ask you," said Mr. Maclean, "for help in my struggle in parliament for the regulation of the railways for the people, for the rights of the people against the great corporations. The country is looking to London. I believe, I am sure, that when I go to Ottawa on Nov. 24, I will have the pleasure of meeting John D. Jacobs as a colleague, the member for London." (Applause.)

Edgar M. Compton, St. Thomas, congratulated the splendid fight and the splendid prospects of victory. The laboring men of St. Thomas were deeply interested. They hoped soon to have their own candidate for parliament. He brought greetings from the mayor of St. Thomas, who is a railway engineer. He commented upon the recent convention of the C. M. A. at Toronto. The manufacturers wanted a wall 59 rubles high against cheap goods, out they wanted the government to throw down all barriers against cheap imports.

Alphonse Verville, M.P., said that Major Beattie would not appear on the platform. He was making attacks thru the newspapers upon the cause of labor and the friends of labor. The Tory newspapers would like to hand over the cause of labor to the Tories. Verville. "What has become of all the other Conservative leaders? Are they dead or asleep, or gone upon a journey? Not one of them has been raised in Major Beattie's favor. He is not the choice of his own party in the City of London." (Applause.)

BY-ELECTIONS AND HATS.
Confidence in an opinion-based upon personal wishes combined with plausible conditions is popularly prevalent during most by-elections, particularly those in London, and the oft-repeated remark, "I'll bet you a hat," is being used freely to-day. It is being used by the other fellow a new hat given him one that will give him satisfaction. Dime's, at Yonge and Temperance-streets, is hat headquarters for stylish and quality at reasonable prices.

MACKAY HERE FRIDAY.
Hon. A. G. MacKay, the new leader of the Ontario Liberals, will address a meeting in St. George's Hall on Friday night. On Saturday night Mr. Mackay will speak to the Liberals of Hamilton.

INJUNCTION GOES ON BUT NO ONE MARTYRED

Chief Justice Meredith Hears Argument Against Roadhouse and His Companions.

Chief Justice Meredith yesterday continued until the trial the injunction restraining Roadhouse, Bottley & Maguire from interfering with the work of the Buffalo Mines Company. G. H. Watson, K.C., appeared for the mine owners, and argued that the defendants had been the promoters of the strike proceedings. He referred to the varied epithets which furnished the oratory of the three miners, and quoted from the harangues of Roadhouse to the crowds, including such expressions as: "As for those scabs who are working in the mines, we will find out who they are and where they live."

"The mine owners are outdoing the black chattel slave dealers of long ago." "Is there anything dirtier than they have placed themselves among the thieves." Other words used were "scab heretics," "contemptible cure," "reptiles," "bulldozers" and "cockroach capitalists."

The chief justice: "You don't mean to say that men who are striking cannot attempt to persuade other men to strike, do you? It seems to me that it is only in cases where they persuade them to break contracts that they are liable. There is nothing to prevent a man from abusing the other side in a speech." Mr. Watson continued to argue that the injunction should be continued, and also that Roadhouse at least should be committed to jail for contempt. "I am sorry to say that this man Roadhouse has left the country, my lord," he added.

An affidavit by Thomas R. Jones, an official of the company, was read, in which it was told of a speech by Roadhouse which the men to seize the mines. Watson spoke of the contempt of the defendants for the injunction, and continued to do so as far as Mr. Watson argues, the chief justice in giving his decision, "it would deny the men the right of organization." His lordship declared that Roadhouse's language had been most unwarranted, but he was not going to make a martyr of him.

AN EATING ULCER

Ulcers are a skin disease, and are more or less directly occasioned by a bad state of the blood, which produces acid humors and corrupts the secretions. No one can expect to have a skin free from disease when the blood is in a disordered condition and the stomach and bowels acting feebly in consequence. Through its wonderful cleansing, purifying powers on the blood, and its renovating action on the entire system, Burdock Blood Bitters has made thousands of cures of different skin diseases during the past thirty years it has been on the market. Mrs. Joseph Robinson, Hullerton, Que., writes: "I had an eating ulcer on my ankle. I took two bottles of Burdock Blood Bitters and it worked like a charm, cleaning out all the impurities from my system and improving my appetite. While taking the B.B.B. internally, I used it externally to cleanse the sore, and it helped a lot."

HAMILTON, Oct. 28.—(Special.)—Up till a late hour to-night Charles Lenz, head of the Hamilton Whip Company, and one of the most successful of the young business men of the city, was missing, and it is feared that he met death in the bay. He went to the beach this afternoon, and this evening on the beach Constable Hazell found a rowboat upside down floating on the bay near Station No. 9. A coat with an envelope addressed to Charles Lenz was found in the boat, which was identified as Mr. Lenz's boat. The constable reported the matter to Chief Smith, who found, upon enquiry, that Mr. Lenz had left the beach this afternoon and had not returned. He had been a victim of ill-health.

Mrs. M. Leggat was this afternoon re-elected president of the Boy's Home at the annual meeting. Some boys are being cared for, and the receipts for the year amounted to \$4896, and there was a surplus of \$143. Chisholm and Logie this morning filed a caveat against the administration of the estate of the late R. M. Judge, Chicago, who died without a will. The estate has been claimed by the widow, but the brother, who is Judge, and a sister, Mrs. Hoffman, claim that she has no right to certain properties.

Michael Andrewish, 277 North Bay-street, was acquitted on a charge of attempted abduction this morning, but was fined \$25 for carrying a revolver. It was charged that he tried to abduct Mrs. Andrasinac, who admitted that she was willing to go with him only her husband would not let her. While she was asking her husband's consent, Michael drew a revolver, and threatened to shoot somebody.

H. J. Halford has put in a bill for \$5 for shaving and trimming the hair of Jake Sunfield before his trial for murder.

Fred Anderson, local manager for White and Company, charged with arson, was admitted on \$1500 bail this morning, and remanded until Wednesday.

On his way to the operating table this morning to undergo an operation for a throat trouble, William H. Magee dropped dead in the City Hospital. He was 51 years of age, and was a marble polisher.

The parks board has refused to grant the request of Superintendent Weaver of Dundurn Park for an investigation into charges made by Commissioner Wild.

Regular Performance. Of the 2 T's is seen every day by a look at the great exhibition of gents' furnishings, 50 North James-street, Hamilton.

It May Be All Very Well. In Toronto, but Hamilton is a very busy city and offers real estate many unique bargains to those who want to make money, shall I tell you about it? I'll post will bring particulars. A. J. Douglas, the reliable broker, 508 Bank of Hamilton Building, Hamilton, Tel. 2173.

See Billy Carroll's Pipes to-day at the Grand Opera House Cigar Store. Get the Habit—Go to Federal Barber Shop. Fred H. Sharp, Cigars, Paperhangers, 182 King-street W.

Regal Hotel. corner King and Bay, Hamilton; modern and up-to-date; strictly first-class; rates \$1.50; phone 1274. D. Smith Prop. Pioneer Hotel. King-street West, Hamilton; rebuilt; fully furnished; strictly up-to-date. Harry Maxey and wife, late of the Commercial Hotel, have charge of the dining and house department. S. Goldberg, Prop. Phone 2382.

Hotel Manahan. corner Barton and Catherine-streets, Hamilton; modern and strictly first-class. Rates \$1.50 to \$2 per day. Phone 1465.

Wild Ducks. The favorite haunts of wild ducks are found along the line of the Grand Trunk Railway System. If you are going shooting this fall it would be to your advantage to procure a copy of "Haunts of Fish and Game," by applying to the city office, northwest corner King and Yonge-streets.

THE FACTORY BEHIND THE STORE Bargains for Thanksgiving Giving Traveling Goods

If you are going out of town for the holiday and need a new suitcase or bag, secure one of these bargains selected at random from the Autumn Clearing Sale.

SUIT CASES, embossed fiber, made on strong frames, with brass lock, two outside straps, cloth lined, strong and durable, weights only 4.12 5.00. CLUB BAGS, deep bags, made of grain leather, leatherette lining, enamelled frame, brass trimmings, colors 2 Q's brown or olive, special 3.25.

The Toronto World

A Morning Newspaper Published Every Day in the Year. MAIN OFFICE 83 YONGE STREET

I. COURTNEY LOVE, Circulation Manager of THE TORONTO WORLD, do solemnly declare that the following statement shows the net circulation of THE WORLD for each day in the month of September, 1907.

Table with 2 columns: Date, Circulation. Rows for Sept 1-30.

Net Average for 25 Days 41,608

Net Average Five Sundays 39,559

The foregoing figures include all papers actually sold and do not include damaged papers, samples or returned copies.

Declared before me at the City of Toronto, in the County of York this 1st day of October, A. D. 1907.

(Sgd) JAMES BAIRD, A Commissioner, etc.

One Issue of the Daily and Sunday World Aggregates 81,167.

THE SCYOPHANT OF CORPORATE POWER.

The Globe is getting down to the business of its master, Robert Jaffray, director of the Toronto Electric Light Company. After spending a week in maligning the Whitney-Beck power scheme, it now shows its hand raised in a sign of distress on behalf of the Toronto Electric Light Company and the Electrical Development Company.

His exhortation is that the Electric Light Company should be reformed this way or that way, and that the mayor become a director to watch the cost of power. It is a stirring appeal, and if the stinner were not so vile and well-known by reason of his curved ways, it might prevail.

Toronto must appropriate the Toronto Electric Light Company on Toronto's own terms, or Toronto must buckle to the Whitney-Beck power policy and go in for public ownership thru and thru. In no other way can Toronto hope for a square deal.

And let the householder get it into his head once and for all that the Globe is the great Come-on agency that is trying to tie this city up for all time to corporate greed.

WHO IS RESPONSIBLE? Attempts are being made in various quarters to saddle President Roosevelt with responsibility for the recent financial crisis in New York.

United States. But they plead that if his objects were right his methods were wrong and that everything amiss could have been rectified without laying bare the evils and thus disturbing public confidence.

These men have no scruples when they are engaged in transferring the savings of the people into their own pockets, but they are terribly concerned when their malpractices are laid bare.

Much of the animadversion cast on the president comes direct from the men who are deeply implicated in the stock manipulation that was the direct cause of the money stringency.

President Mather of the Rock Island Road, addressing the Chicago Association of Commerce, declared that he counted among the causes that have made the securities of the railroads unsalable "the misdeeds of the railroads themselves."

Some British critics find fault with the president because he denounces the leading financiers of his country for fraud and corruption, but sends nobody to jail for the crimes he condemns.

Further, the scandalous exposures have occurred in the course of judicial proceedings, precisely the course of action which his English critics affirm he ought to have taken.

The St. Catharines Standard, which has more than once exposed the shortcomings of the railway companies, published an editorial on Oct. 24, on telegraph rates and Pullman berths.

The more railway administration is looked into the more evident it becomes that railway as well as telegraph and telephone should be under government control and ownership.

POLITICAL INTELLIGENCE

LONDON, Oct. 27.—(Staff Special).—This city is in reality quite a manufacturing centre—busy, active place, peopled by many who earn their bread by manual labor.

The major is apparently doing nothing. He is seldom seen, and it is announced that he will not appear upon the platform. Of course the Conservatives have their organization, but money has always been the one thing needed in London.

But John D. Jacobs is by no means an anarchist. He comes of Conservative stock, tinged with imperialism. He is president of the gas company, and is also a member of the London Club.

Major Beattie is probably 65; a self-made man, said to be worth \$500,000. He is president of the gas company, and is also a member of the London Club.

Everything indicates that Jacobs will get a large labor vote. He lacks organization, but he is a good canvasser, and sets over a great deal of ground.

Will he be elected? The signs indicate that he will be. That he has the becoming aware of the fact that he is now generally admitted.

THE RAILWAYS AND THE PEOPLE. The series of articles running in The World voicing the grievances of travelers and shippers against the inefficiency of the service given by the railways has attracted considerable attention.

The World continues its trenchant articles on Canadian railroads which are naturally attracting considerable attention, and many abuses and cases of actual negligence will come before the public as a result of these investigations.

It is the prerogative of an unchained press to show up and criticize policies or procedures in private and public life with a view to remedying and effecting improvements and correcting abuses.

London's history. What that history has been is pretty well known, and the things done in 1906 have been done for years by both parties.

The major is personally a very genial gentleman, and, no doubt, deplored the conditions about him, but he plays the game. He has not a word to say except in praise of Hyman.

London is apparently doing nothing. He is seldom seen, and it is announced that he will not appear upon the platform.

But what will they do? The aid given to the thought of a mechanic going to the United States, to some extent, is a timely and of little originality.

Everything indicates that Jacobs will get a large labor vote. He lacks organization, but he is a good canvasser, and sets over a great deal of ground.

Will he be elected? The signs indicate that he will be. That he has the becoming aware of the fact that he is now generally admitted.

AT OSGOODE HALL

ANNOUNCEMENTS FOR TO-DAY. Chambers. Cartwright, master, at 11 a.m. Judges' Chambers.

Peremptory list for 11 a.m.: 1. McCann v. Martin. 2. Clark v. Hubbard. 3. Clisdell v. Lovell. 4. Rex v. Lowery.

For the alleged infringement of Longmans, Green & Co.'s copyrights, in the stories "Glenanar" and "Luke Delivance" a writ has been issued against the Hon. Thos. Coffey of London, claiming an injunction to restrain the defendant from publishing or selling infringements of plaintiff's copyrights.

George A. Bassett, a New Liskeard farmer, applied to Master-in-Chambers Cartwright for summary judgment against The Clark Standard Mining & Developing Co. for \$305.

The total Liberal vote in London may be placed at about 6000. How many of these will go to the polls? The Conservatives say not over 20 per cent.

Use the Boom. The Namakan Lumber Company of the State of Minnesota has been made defendants in an action brought by The Rainy Lake River Boom Corporation to recover certain tolls payable for the use of the Boom Company's boom and works upon the Rainy River during the year 1907.

Christmas in Europe. The Canadian Company has arranged the sailing of the new S.S. Lusitania, to meet the convenience of those desiring to land in Europe just before Christmas. She sails from New York on Saturday, Dec. 14, and will be due at Liverpool Dec. 20.

Everybody Move Up Closer. General Manager Fleming, home from New York and other big eastern cities, says Torontonians haven't learned the art of packing themselves in street cars.

NORWEGIAN CABINET. Reconstructed by King Haakon Yesterday. CHRISTIANA, Oct. 28.—M. Michelson, the premier, resigned to-day on account of ill-health, which led to his resignation of the ministers of public works and justice.

Fast and Feast. Thursday (Thanksgiving Day) being the eve of All Saint's Day, is a dispensation from the Holy See, they will be privileged to feast on Friday instead.

WILL ASK FOR ENQUIRY INTO SELLING OF COAL

Council to Appeal for Commission—Annexation Proposal Goes Over for a Time.

There was little demur at the meeting of the city council yesterday in passing the recommendation of the board of control that the government, whether Dominion or provincial, having jurisdiction, appoint a commission to enquire into the allegation that an unlawful combine to keep up the price of coal exists among local dealers.

Controller Hubbard thought there was more urgent business to be done than to enquire into the price of coal, and Ald. McBrice, who professed to know something about coal, asserted that the price at Wilkes-Barre was 45 cents, and that the quotation to Toronto consumers was a reasonable one, taking into view the cost of transportation and haulage.

A letter was read from Elias Rogers, in which the honest people are deceived by "bogey" rates offered to contribute to charitable institutions of this city "any sum which can be shown to have been made since 1888 (when a similar offer was made) on our business above an average net profit of 25 cents per ton on coal sold in Toronto, and a balance offered to submit all books and accounts to two auditors, one to be appointed by the Dominion Government and one by the Ontario Government. It making this offer we do not wish it to be understood that we claim to have made an average of 25 cents per ton on the coal sold by us in Toronto. We have not."

While inviting a private auditor, objection was announced to "the exposure of the details of our business to our competitors or the public." The present prices were not only far from being exorbitant, but under present conditions, if it were shown that any other article of commerce, the price would be largely increased rather than otherwise, because the supply was less than the demand, taking into account transportation facilities.

The question of the annexation of the broad belt of territory north of the city was left over by general consent. The mayor said he had been advised that the boundary line was drawn left out of a portion of a school section west of Dufferin street, and he thought investigation should be made. Ald. Geary remarked that there were representatives of the districts affected who had been invited, and it was agreed that the board should deal with any representations that might be made, and that the council should consider annexation at its next meeting.

Ald. Sanderson wished to have thrown out the request of the Canadian Northern for extension of time in which to obtain possession of property necessary for the dedication of the 80-foot roadway, west of the line on Abbot street, in the city of Toronto, but this suggestion was not entertained.

Ald. Fingough gave notice of motion that the council should approve of the strict enforcement of the policy of government ownership and control of the town sites upon the line of the remaking and Northern Ontario Railway, and that the Ontario Legislature be asked to take such action as may be necessary to secure the application of the act in the city of Toronto, which may be selected within the limits of the province upon the line of the national transcontinental railway now in construction by the Dominion Government.

James Llewellyn, 27 years, 233 Markham street, while intoxicated, fell at 12:30 this morning into a trench in front of the Ontario Electric Company's building on Oxford street, a splash entering the right eye, burning it severely. He was removed to the Western Hospital and then to Esther street police station, where a specialist was called in.

YONKERS STRIKE OVER. The Yonkers street car strike is over, and the conductors and motormen will return to work to-morrow morning. The company agrees to recognize the union and to appoint an assistant superintendent from the ranks of the men. The question of wages is to go to an arbitration committee. The men demanded 25 cents an hour, an increase of 2-1/2 cents.

ROCHESTER, Oct. 28.—Alex. Caruso, a Sicilian, 23 years old, was struck down by an unknown assassin at Daubenshoeck street last night and died in a few minutes. Caruso's head was almost severed from the body.

WEST SELKIRK, Man., Oct. 28.—G. H. Bradbury was nominated as Selkirk Conservative for the commons to-day.

OTTAWA, Oct. 28.—(Special.)—Hon. A. B. Aylesworth, who has returned from New York, received a most encouraging report from the ear specialist whom he consulted in that city.

"ROUSING" SALRIES FOR EAST TORONTO LIBERALS

Toronto Members Roughly Rubbed by Speakers at the Annual Meeting.

East Toronto Liberals turned out in goodly numbers at the annual meeting in the I.O.O.F. Hall, Broadview-avenue, last night, and were given lots of encouragement by a galaxy of oratorical talent. John Ewan presided, and the election of officers for the ensuing year resulted: President, A. C. Ross; first vice-president, W. L. Edmonds; second vice-president, J. J. Martin; third vice-president, William Banks; secretary, W. Bowman; treasurer, John Flanagan. The executive committee for the coming year is as follows: R. C. Geary, W. Banks sr., Dr. R. I. Shiel, John McGuire, V. J. Judge, M. J. Conway, W. J. Halley, Ed Mountstephen, A. C. Ross, Thos. Flanagan, Thos. Dryden, Summerhayes, Thos. Hilton, Wm. London, John Lee, W. N. McEachern.

In the election, W. L. Shaw, the Liberal candidate for the federal house in North Toronto, the chairman said that he was going to fight the best of Eppes, and that he would not be beaten, too," he added. Mr. Shaw was vigorously applauded when he announced that he would win. He reviewed the financial and general progress of Canada under Liberal governments.

T. C. Robinson, K.C., the candidate for Centre Toronto in the last election, did not think that since 1896 Mr. Eppes had shown any reason why he should be given the reins of government.

He referred to the legislation affecting all classes of laboring people, which had been put thru by the Laurier government, as a disgrace to the name of Canada. "I hope that Jacobs will win in London. They tell us that London is corrupt. Back in 1892 John Carling beat the Tories, and in 1896, again in 1896, Charles L. Hyman was robbed of that seat by Major Beattie, the man who is running to-morrow. I do not see how the Tories could be in London, but it was the Tories who are to blame for corrupting back in the city of Toronto. I am standing here to-night in St. Matthew's ward, and I remember when Harry Frankland was against W. F. Maclean. Many people believe that Harry Frankland would have won. So, gentlemen, when they are talking corruption let them not blame the Tories."

H. H. Dewar, K.C., late candidate in South Toronto, said that \$355,000 had been voted by the Dominion Government for public works in Toronto during the last session of parliament, which showed that the Laurier government had not made a dead end on Toronto.

"The government are prepared to spend \$470,000 on the harbor of Toronto," he said. "I do not see how the Tories went to the government in proper way, and not with 'curse on their lips,' as did the supine members now representing this city."

M. J. Haney, chairman of the central organization, did not believe in the Liberal vote. You will remember that the Liberal vote should come out and a very different result, providing persons who do not desire to be elected, would be obtained.

W. L. Edmonds, the defeated candidate in the last provincial election, was proud of the record of the Liberal government during the last four years. In his address Mr. Ewan said that he believed that the Liberal government had turned the wrong-doers in his cabinet into outer darkness, and the electorate would see that he had done all he could.

J. F. M. Stewart, organizer for Toronto, announced the plans for organizing East Toronto. "We want you to get to work," he said, "and keep Hon. Dr. Pyne on the go. He had more work to do than he would have had if he had not been in license affairs. Maybe he has got himself disjuncted, but he thought he had a chance. Do not let him get away with a minister of education in this province to be superintendent of the license system of this great city? We have got to get to work and beat him, and Kemp, too."

Whereas there was loud applause.

ACCIDENTAL DEATH. But Coroner's Jury Makes Recommendation Concerning Pulleys.

"That Francis Guidonis came to his death on Oct. 24 by being struck on the head by a pulley from the shaft of a pulley which had been broken by a fall in consequence of said pulley having been detached from the shaft, and that we are of the opinion that some device should be adopted to prevent the pulley from working off again, and that the cause of death was accidental."

OPEN TO ATTACK

Neglect of even an ordinary cough or cold is apt to leave the lungs sore and especially susceptible to bronchial affections. To break up a cold quickly and cure any cough that is curable, there is nothing more effective than a mixture of one-half ounce of Virgin Oil of Pine with two ounces of glycerine and a half pint of good whiskey.

Take a teaspoonful every four hours. Five ounces of tincture of Iodine compound can be used instead of whiskey with the same result.

The ingredients for this mixture are not expensive and can be purchased at any good drug store. It will always be found more satisfactory, however, to purchase each separately and mix them up at home. Virgin Oil of Pine is prepared only in the laboratories of the Leach Chemical Co., Windsor, Ont., being the only genuine, pure, and half-ounce vials, each vial securely sealed in a round wooden case.

CHARGES OF GRAFT

Continued From Page 1.

ing to make a "counter demonstration," but he was prepared for such a move. He had been confronted by W. Bell, who had at one time occupied an honorable position in the city's service, but who had been convicted by the county judge for attempting to corrupt a member of the council. Bell had come as an emissary of Mr. Chambers, and if such men were acting for the commissioner, council should take cognizance of the matter. Other men high in the employment of the city council had sent him messages in an effort to prevent an investigation into the affairs of the island.

As to what might be the character of Anderson, Controller Hocken asserted that the city might never discover anything if it waited for an angle to furnish information. The speaker had no animus against Mr. Chambers, and the latter had brought the crisis upon himself.

Who Anderson is. Controller Harrison rose to make explanation. He had not been lobbied by a member of the city council, nor one else, and was prepared to go into any charge.

Ald. Vaughan, with the air of one who was in a trump card, said that in reply to a note he had sent down to the parks department, he had received advice that Anderson was a man who was not to be trusted. The parks commissioner and caretaker Kimmings, who had held a private session, and had called upon Anderson to make a sworn affidavit, but he had failed to do so, and the matter had dropped.

The charges were the same as those now made, and Mr. Chambers was not to be trusted. The matter of the island was the business of nobody else.

The controller went on to express surprise at the attitude of the alderman, who is known as a temperance advocate, and the island-drinking charges, and the harassed Ald. Vaughan protested against the introduction of personalities. The controller's knowledge of the revels in the cottage aroused Ald. McMurrich's suspicions.

"You must have been over there yourself," he remarked. "I think you could get away with more of it than I could," parried the controller. "I don't know about that," was the thrusty reply. The controller started in on a heated retort, but was stopped by the mayor.

WANTED AT HOME. Thomas F. Brown, tailor of Port Arthur, Ont., was arrested by Inspector Cuddy yesterday afternoon, being wanted for theft from his native city. It is said that he appeared in Toronto, Oct. 18, with two valises containing tailors' trimmings, which he had stolen from a man to whom Brown said a part of the booty before leaving for the east is under arrest at Port Arthur charged with receiving stolen property.

W.A. Murray & Co. Ltd.

BUSINESS HOURS DAILY. Store opens at 8.30 a.m. Closes at 6 p.m.

Women's Autumn Footwear

W.A. Murray & Co. Ltd.

to be most unfair to the commissioner, a civic servant of 25 years' standing. The \$800 spent on the island this year had been well laid out, and the condition of Island Park was a tribute to both the commissioner and caretaker Kimmings.

Controller Hocken, in allusion to the movement towards Judge Morson, thought that the handing of a slip of paper to both the commissioner and caretaker Kimmings, was significant. Ald. Vaughan retorted that he "hadn't made use of" anything handed to him by the commissioner, and the latter had brought the crisis upon himself.

"A very considerable section of the public think the park department is badly managed," said Ald. Hales. "I think you could get away with more of it than I could," parried the controller. "I don't know about that," was the thrusty reply. The controller started in on a heated retort, but was stopped by the mayor.

STOCK FOR SALE. LOCHABAR STOCK FARM OFFERS. Several choice shorthorn bulls of different ages for sale, and a nice lot of calves, also a few sheep. Also M.B. turkey, barred rocks, W. Wyandottes and Imperial Pekin ducks by the wholesale for \$1.00. D. A. Graham, Wansdale, Ont. Try some.

A VALUABLE PRESCRIPTION FOR RHEUMATISM KIDNEY AND BLADDER TROUBLES CAN BE MADE AT HOME. We are pleased to be able to publish for the benefit of our readers the prescription of a celebrated specialist. This is the result of years of scientific investigation and experience, and is taken from a reliable publication. This is an exact copy of the original:—

Fluid extract Cascara leaf
Carrara Compound 100
Syrup Sarsaparilla leaf
Dutch -
One teaspoonful after each meal and at bedtime

The ingredients are vegetable and have a gentle and natural action, giving a distinct tonic effect to the entire system. It is a wonderful mixture in the treatment of Lame Back and Urinary Troubles. It cures Rheumatic Pains in a few hours. The ingredients can be bought separately and mixed at home, or any druggist can fill the prescription. If not in need of it now we would advise our readers to cut this out and save it.

The Sunday World ILLUSTRATED SUPPLEMENT OF NOVEMBER 3 will include eight pages dealing with the discovery, growth, resources and possibilities of the Larder Lake Mining District. The article will be embellished with a number of half-tone engravings. The issue will be well worth preserving as a record of the camp, which has been much talked about during the past year. White Bros. 280 Queen West. OPEN EVENINGS.

GRAND JURY WOULD INDICT MESMERIC INFLUENCE SOME OFFICIALS OF CITY OVER BOARD OF CONTROL

Should Be Responsible for Lack of Protection at the Bay Street Crossing. So Said Ald. Lytle in Warm Criticism Over Closing of Edmund-Street.

In the presentation to Judge Winchester yesterday afternoon the grand jury in the court of general sessions went out after the civic officials of Toronto in connection with the indictment of the C. P. R. and the Grand Trunk for the Bay-street fatality of May 24 last, when two lives were lost.

The grand jury in the last seven weeks have been busy visiting all the charitable and government institutions in the city and county. Referring to the Sick Children's Hospital the jury pay high tribute to John Ross Robertson for his beneficence.

Better Pay for Police. In view of the numerous assaults upon policemen and detectives the jury recommend that the salaries of all police officials should be raised in order to prevent such disgraceful scenes as occurred on July 12 last, that all policemen should be provided with a uniform and a badge, and that the police should be provided with a motor car.

Postoffice Salaries. In the matter of the theft of letters from the postoffice, the jury felt compelled to call public attention to the fact that those clerks receive otherwise we are persuaded that the conditions are such that in the end the public service will be filled with incompetent and unscrupulous men, and the present intention to save money will, in the long run, end disastrously for the service.

GENERAL ASSASSINATED. Murderer of a Young Woman Not Yet Identified. ST. PETERSBURG, Oct. 28.—General Maximoff, director of the department of prisons of the minister of the interior, was shot and killed today.

C. P. R. EARNINGS. MONTREAL, Oct. 28.—C.P.R. gross earnings for the month of September were \$6,422,452; working expenses, \$4,272,099; net profits, \$2,150,353.

A DISCOVERY OF GREAT VALUE. Because a Cure was Found for Inflammatory Rheumatism. There are many types of rheumatism, but none worse than inflammatory. It was this kind that almost killed Mrs. Edw. Warman of Kent Junction, N.B.

FAST DAY FOR THANKSGIVING. OTTAWA, Oct. 28.—The Calendar, a publication issued in the interest of the parishioners of St. Patrick parish, attacks the government for allowing Thanksgiving Day to be fixed on a day of "fasting and abstinence."

WITHOUT A RUDDER. NEW YORK, Oct. 27.—Deprived of her rudder, the Kaiser Wilhelm Derf is being steered towards Plymouth by her propellers, under the guidance of Capt. Black.

REFUSED HEARING. MONTGOMERY, Ala., Oct. 28.—The U. S. Circuit Court of Appeals, sitting here today, denied a rehearing to Greene and Gaynor.

HEALTH OF PROVINCE. Smallpox, Scarlet Fever and Diphtheria Show Slight Increase. For the month of September only 680 divisions made returns to the Provincial Board of Health, representing a population of 1,920,000, giving 203 deaths from all causes and making a death rate of 12.9 in 1000, while for the corresponding month of last year 770 divisions reported 281 deaths from a population of 1,877,000, making a death rate of 13.7 in 1000.

COL. MACDONALD'S STAFF. Lieut.-Col. W. C. Macdonald, commanding the "Red" force in the sham fight of Thursday next, has chosen Major W. C. Vaux Chadwick, 9th Light Horse, as his chief of staff, and Lieut. Bertram Denison, R.C.R., as orderly officer.

Dining, Cafe and Buffet Cars are run on principal Grand Trunk expresses, and have become a necessity where first class service is desired. It is certainly pleasant to ride over a smooth double-track line at a 59 to 61 mile gait, in a hall car, equipped with elegant silver, china and linen, and enjoy a first-class meal. Try it.

WATSON'S SCOTCH

McGAW & RUSSELL Agents TORONTO. PHONE M. 2647

DO NOT TREAT SYMPTOMS, GET AT THE CAUSE. Indigestion, dyspepsia and biliousness surely indicate that there is something wrong with the liver, kidneys and bowels. Do not go to the doctor. Remove the cause and the symptoms will disappear.

GIRL BITTEN BY DOG. Pet Bull Terrier Becomes Suddenly Angered. ST. CATHARINES, Oct. 28.—The five-year-old daughter of Mrs. George Sager of Toronto, who is here visiting her sister, Mrs. James Merriman, is suffering from the bite of a dog, and the result of the child's injuries is not yet known.

THE BEST That Money Can Buy Anywhere In. TOILET PAPERS. THE E. B. EDDY CO. LTD. HULL, CANADA. INSIST ON GETTING "EDDY'S"

GANANOQUE COUNCIL PROTESTS. KINGSTON, Oct. 28.—The Gananoque Town Council has protested to E. W. Rathbun, M.L.A., president of the Thousand Island Railway Company, over the poor service given by that line, which runs a branch from Gananoque. The service has long been the subject of much complaint, and it looks as if Mr. Rathbun will have to improve it or get into trouble with the department of railways and canals, upon which a committee of the town council will wait.

ROOFER DIES FROM FALL. PORT ERIE, Oct. 28.—Osten Slattery, a roofer, aged 27, died on Sunday as a result of a fall from a scaffold on Saturday. His spinal column was fractured.

RECIPE FOR COLDS WHICH YOU CAN MAKE AT HOME. Buy the Ingredients Separately and Mix Them Yourself.

Lurline Breaks Up. GODERICH, Oct. 28.—The Canadian Government Battery cruiser Lurline, which ran on the submerged breakers in course of construction at the mouth of the harbor here on Saturday night, broke up during last night, nothing being left of her on the breakers except some of the machinery.

HOFBRAU Liquid Extract of Malt. The most invigorating preparation of its kind ever introduced to help and sustain the invalid or the "thistle."

GERMAN-AUSTRALIAN TRADE. LONDON, Oct. 28.—The semi-official Norddeutsche Allgemeine Zeitung says: "It was declared during the preference debate in the Australian parliament that Germany discriminated against Australian goods and excluded the Australian products as far as possible. The statement is incorrect as all imports from Australia are treated in accordance with notification sent in 1905 on the most favored nation basis."

Want It? Ask your doctor all about Ayer's non-alcoholic Sarsaparilla. Then you will know whether you want it or not.

THANKSGIVING DAY.

The country's annual Thanksgiving Day is set apart for this week. The fact that such a day exists points to an underlying faith in our people that there is a Being "within the shadow" keeping watch over affairs temporal. To the man who believes in the Divine ordering of things, nothing "useless is or low," but everything wheels into being at its proper place.

ARBORETUM FOR VARSITY PRACTICAL FORESTRY

Dean Fernow of the University Begins Reforesting at Toronto.

The authorities of Toronto University have started on a tree-planting campaign. The faculty of forestry improved the fine planting weather on Saturday by making a beginning of a larger plantation, which is to be an arboretum, i.e., a collection of the different species of Canadian and exotic trees for study purposes.

From two to six specimens of each species are planted in clumps, more closely than desirable, in order to provide for eventual failures, and with the intention to either cut or move some of the specimens as the trees spread, and as it becomes necessary to give room for the proper development of the remaining ones. This collection, which eventually will contain some 100 species, is the first outdoor exhibit of the great variety of trees that eventually, as Dean Fernow declares, will occupy the brow of the opposite hill.

WHAT OF THE FUTURE? Chief McNell of the Fruit Division has said that ten acres in apples means another family on the farm. From present appearances there will soon be much more than ten acres to the hundred in apples along the Lakes Ontario front. Almost the whole lake shore from Pickering to Bellefleur will be in another twenty years be one continuous fruit farm—apple orchards being relieved by cherries, small fruits, and tomatoes. That will mean more than one more family to each farm. It will, with the development of manufacturing now going on, transform the Kingston-roads into a succession of picturesque villages, howered in trees, and such as one may see to-day on the other side of the lake between the Hamilton and St. Catharines.

FARM CALENDAR.

Clydesdales, short-horns and grain sale at Freeman's, Oct. 30. McBrady's sale, Pickering, Oct. 30. W. D. Watson's sale at Bradford, Oct. 30. Ontario County, Nov. 5. Oshawa, Nov. 5. Louis Richardson's sale, Whitby, Nov. 5. Daigelt's Clydesdale filly sale at London, Nov. 6. East York plowing match, Agincourt, Nov. 6. R. Moore's sale, St. Catharines, Nov. 6. Fruit, Flower and Honey Show at Toronto, Nov. 12-16. International Live Stock Show at Chicago, Nov. 30-Dec. 6. Fat Stock Show, Guelph, Dec. 9-13.

DEMONSTRATION FARM. The Ontario department of agriculture is advertising in this issue of the World for tenders for the clearing of the land on the site of the new demonstration farm to be established in Northern Ontario. Any farmer who wants to spend a profitable time in the north and learn what pioneer life means as well as seeing at first-hand the wealth of that field, would do well to get in with their tenders.

The Farmstead. 47 CARS AT JUNCTION TRADE SLOW, PRICES FIRM

McBrady's sale to-morrow. Let Thanksgiving Day be observed. Will feed be cheaper in the spring? Panky men sell pigs for 25 cents. Everybody looks for good prices for bacon in the spring. Feeding grain on the farm pays much in the increased fertility. People who advertise in The World have good stuff to sell. Keep all dates in view.

Receipts of live stock at the Union Stock yards were 47 carloads, composed of 1000 cattle, 26 hogs, 382 sheep and 13 calves. The quality of cattle was fair in comparison with the general deliveries of late. Trade was slow, owing to drovers asking higher prices than on week ago, as there were fewer cattle on the market, but dealers refused to advance, and trade remained about steady at last week's quotations.

Exporters. Prices ranged from \$4 to \$4.50, but only one lot brought higher figures, the bulk selling at \$4.25 to \$4.50; bulls at \$3.50 to \$4 per cwt. Prime picked lots of butchers' sold at \$4.50 to \$4.75; loads of best butchers' on the market at \$4.25 to \$4.50; cows, \$3 to \$4; common, \$3 to \$3.50; cows, \$2 to \$4; canners, \$1 to \$1.50 per cwt.

Feeders for distillery purposes sold as follows: Steers, 1000 to 1100 lbs. each, at \$3.25 to \$3.60; bulls, \$2.75 to \$3.25 per cwt. Milkers and Springers. Few offered. Prices ranged from \$30 to \$50 each. Veal Calves. Prices for veal calves remained steady at \$3 to \$3.50 per cwt.

The slow feathering fowls are usually the healthiest, as the drain on the system occasioned by quick feathering does not weaken them. The object of caponizing is to improve the quality and increase the quantity of the flesh of fowls. It must be done while the fowls are young, however.

Crop-bound fowls can trace their trouble to lack of gravel or sharp, gritty material as well as to fibrous substances, such as potato, and apple parings or glass blades. We have a report from a subscriber in Woodwood that gives a yield of over 700 bushels of potatoes to the acre. Another man reports 200 bags of choice tubers to the acre.

A report appeared in last Friday's World among the poultry items that feathers were selling at 40 cents per pound. These prices were for the United States. G. A. Brodie of Bethesda has landed a fine shipment of Clydesdale fillies, Hackneys and Sheldons ponies.

The East York Plowmen's Association match will be held this year on the farm of Glen Morgan at L'Amoreux on Wednesday, Nov. 6. A fine list of prizes is being offered for the different events. Fifteen cattle have been killed at the C. P. R. crossing near Agincourt. The cattle-guards appear to be of little use.

Georgetown Fruit Growers, Limited, have closed a deal for their whole pack of winter fruit on a basis of \$3.25 per barrel for No. 1 King Spies and Golden Russets, and \$2.75 for No. 2. For other varieties \$3 for No. 1 and \$2.50 for No. 2. The total cost of packing, barrels, etc., will be about 75 cents, which leaves a handsome profit for the grower.

Sherman Lamb has two sturdy Plymouth rock chickens that were hatched from a double-yolked egg. While watching a brood of chickens hatching in his incubator he saw two heads protruding from one egg, and as he took it in his hand the shell broke apart and out came two perfect chickens which are indisputably twins.—Wyoming Reporter.

THE APPLE SITUATION. There is considerable excitement in apples in the west, and some heavy purchases have already been made at good profitable prices to holders, says The Trade Bulletin. There is considerable competition between buyers for the English and American markets, and it is estimated by 200,000 lbs. have been purchased west of Toronto for American account at \$2.75 to \$3, and \$3.25 to \$3.50 per bbl. The two latter figures being for choice winter varieties. The Western States are evidently short of choice winter fruit, as Chicago and other western cities have bought considerable quantities, and are still in the field for more. The apple growers and dealers of Ontario have already experienced a profitable season. Shippers to England have also done fairly well on our heavy sales on the other side netting \$3.50 to \$4 for straight lines of choice red varieties. The demand continues good from Great Britain, large orders having been received from London, a portion of which is still unfilled. In this market sales of 1000 bushels of fine winter varieties were made at \$3.50, and a pair of Baldwins at \$3.25. Other sales at \$2.50 to \$3.

A mild winter, says an old-timer, who keeps his weather eye open, and pins his prophetic utterances upon the northerly breeze, says The Port Hope Guide. The hornets are building high in the air. If the signs are for severe cold they build on the ground, where the snowdrifts cover them, to protect the larvae from the cold. If they see a place high for their nest they prophesy a warm, open winter. The corn husks, too, tell of a mild winter, says the home newspaper. The husks are thin and few. The dearth of marriages is given as another sign of a mild winter.

IOWA'S CORN CROP. It is estimated that Iowa's corn crop for this year will total about 300 million bushels, but that 25 per cent. of this will be soft. This keeps well up to the average for the last five years for that state. It is estimated that over 80 per cent. of the corn produced in Iowa is fed on the farms and consumed within the state. If the prevailing high market value of corn should discourage feeding, there may be a larger amount of corn shipped than the comparative crop production would indicate.

EVERGREEN (258.) This Shire 3-Year-Old Colt, That Made Such a Creditable Showing at Newmarket, Will Be Sold at Watson's Sale at Bradford on Nov. 5.

FARMS FOR SALE.

TURN DOWN AN OFFER FOR MILLION ACRES. William Pritchard, a real estate man of Winnipeg, called on Hon. Mr. Lochran, to open negotiations for the purchase of a million acres of land in the clay belt, but was informed that such transactions were altogether contrary to the policy of the government.

FRUIT HAS THE "SCALE." Ontario Government Acts Promptly to Save Niagara's Orchards. On a report sent to the department of agriculture by some Grimsby fruit growers, a seizure of five carloads of Kifer pears, brought from Maryland, was made on Saturday last, at the Grimsby canning factory, for being infected with the San Jose scale, and two other cars of the same fruit were daily expected.

It is probable that the fruit in question will be peeled under careful supervision and canned, while the peelings will be destroyed, as answering all practical purposes. Shipments of Maryland fruit are also expected at other canneries under the control of the trust.

A final decision as to what will be done with this fruit will be made by the minister of agriculture this morning.

MONTREAL HONEY PRICES. The market for honey continues exceedingly firm. The supply in the Province of Quebec is very light and holders are not anxious sellers as the supply to come forward is very limited. Prices in this market fully maintained the late advance during the past week. Buckwheat is quoted at 10c to 11c. White clover honey 11c to 13c. White

NO MATTER WHERE YOU LIVE

YOU are not too far away to keep your Savings Account with the Canada Permanent Mortgage Corporation. You can deposit with this solid institution by mail with the same ease and safety that you could bring it in person to the Corporation's Office.

Our Savings by Mail system gives those living in the most remote places the advantage of having their savings not only safely invested with one of the strongest and most conservatively managed institutions in the country, but also earning a good rate of interest. Their money will be working for them.

CANADA PERMANENT MORTGAGE CORPORATION, Toronto Street, Toronto

TRADING GETS SLUGGISH AFTER THE ADVANCE

Operations at New York Continue Nervous—Rallies Are Not Held at Toronto.

World Office, Monday Evening, Oct. 28. The Toronto market opened up this morning with a display of buoyancy in some issues not quite in keeping with the present situation. That the bidding up was not a natural condition was made plain when offerings of stock had time to reach the market. In the case of Mackay common for instance the initial transaction was made at 53 1/2 but the price subsided 3 1/2 before the close on what was really small liquidation. In other issues transactions in broken lots sufficed to make prices well above quotations for market lots.

The passage of the amended bylaw by Canadian General Electric shareholders had no definite influence on the common stock, but the support for the shares was much better to-day, and the offerings were light. Twin City was freshly sold both here and at New York and weakness was apparent in that the price gave way to the pressure of sales.

Advance in Bank of England rate expected on Thursday.

Loan committee of clearing house is at work under new rule passing upon loans and issuing clearing house certificates.

All the trust companies of New York are practically clearing thru the auspices of the association, as the issuing of certificates in payment of all demands with the exception of small sums in cash.

The situation has so much improved that Secretary Cortelyou will remain in Washington and handle the treasury affairs from that point.

The New York plan is following the New York plan in issuing clearing house certificates. Indianapolis, Chicago, St. Louis, Omaha, Baltimore, Pittsburgh, Milwaukee, Cincinnati. It is expected that Boston will also issue certificates.

St. Paul, Minneapolis, and Duluth have not formally issued certificates, but they are using certified checks instead of cash payments.

The state banks which suspended last week hope to resume within a few days.

Banks gained since Friday thru sub-treasury operations \$11,862,000.

Bank of Montreal has engaged \$1,000,000 gold in London for import. This makes total \$4,350,000 engaged on the present movement.

Bank of England is declining to discount market bills under 5 per cent, which is 1-2 per cent. above the official minimum rate of discount.

LONDON—Pie-in opened with a sensational rise of 47 for spot and 48 for future at 1150 10/16 and 1100 respectively.

The Bath Trust Co. of Bath, Maine, has closed its doors. Deposits \$538,730, loans \$390,010, surplus \$30,780 and capital stock \$100,000.

KANSAS CITY, Mo.—Following the disappearance of J. Brady, a director who has been missing since last Thursday, a receiver was appointed for the Bankers' Trust Co. to-day. Brady, it is reported, became involved with the bank.

OKLAHOMA CITY, Ok.—Acting Gov. Wilson to-day issued a proclamation making each day this week a holiday because of the action of the Kansas City clearing house. Every bank in Oklahoma will be closed for the week. No notes will fall due.

CHICAGO—A rum started to-day on the Hillbarn Banking Association, located at 122 Monroe-street. There were more than 200 persons in line. It has a paid-up capital of \$1,500,000. Individual deposits are estimated at \$21,000,000.

Joseph says: Reason and common sense will quickly take command. The situation is not only clearing, it is brightening. Investors will be very firm until late in the session, when some calling of loans caused liquidation. London bought 20,000 shares on Oct. 28.

STERLING BANK OF CANADA

Notice is hereby given that a dividend of one and one-quarter per cent. (1 1/4 per cent.) for the quarter ending 31st October, instant, (being at the rate of five per cent. (5 per cent.) per annum, on the paid-up Capital Stock of this Bank has been declared, and that the same will be payable at the Head Office and Branches of the Bank on and after the 15th day of November next, to shareholders of record of October 31st. The Transfer Books will be closed from the 21st October to the 31st October, both days inclusive.

By order of the Board. F. W. BROUHAU, General Manager.

Toronto 15th October, 1907.

GOVERNMENT, MUNICIPAL, RAILROAD and PUBLIC UTILITY BONDS BOUGHT & SOLD.

DOMINION SECURITIES CORP. LIMITED 26 KING ST. TORONTO

000,000 likely. Except on sharp bulges, buy the railroad and industrial shares conservatively. There is a distinct improvement in the copper metal market. The steel statement to be submitted to-morrow will help steel considerably.

PARIS, Oct. 28.—The prevailing opinion in financial circles here is that the worst phase of the crisis in New York is over if it does not extend to the interior of the country.

BERLIN, Oct. 28.—The violent financial squall in the United States is regarded here as having passed as quickly as it came up. The great Berlin banks are assuring their customers that the crisis which has been gripped in New York is relaxing and that conditions in America are so sound that no deep-seated consequences can follow.

LONDON, Oct. 28.—The United States secured all the bar gold offered to-day in market, totaling near \$2,000,000. The price paid was \$19.50. This is 3 1/2 cents higher than previous quotations, indicating the keenness of the competition. Both days in London bid against the United States.

NEW YORK, Oct. 28.—Further general improvement is to be reported in the general financial situation. Recovery operations should soon begin in the restoration of public calm. It appears to be generally accepted that the crisis is past. J. P. Morgan alone refuses positive assurance here. More investment may be expected, much of the savings banks' withdrawals going into good bonds and stocks. It is a good time for investment. High grade rails are purchases and in railway would carry up the entire list.—Financial News.

KANSAS CITY, Mo., Oct. 28.—The Bankers' Trust Co., with deposits of \$800,000, closed at 10:15 to-day. Cashier J. C. Hughes said that the bank had decided to close temporarily because the Clearing House Association had refused to extend to it the privilege of issuing clearing house certificates. The bank had granted the thirty other leading banks here.

A special meeting of the shareholders of the Canadian General Electric Co., Limited, was held yesterday morning, when the new preferred issue of \$2,000,000 was assented to. The English underwriters insisted that this issue be made to carry the bank's assets, and the amended bylaw was carried accordingly.

Charles Head & Co. to R. R. Bondard. A decided contraction took place in the dealings in the stock market to-day. This was due to the virtual suspension of all purchases on margin. The buying which took place was consequently of the best character, namely, outright for cash. The reassuring advice which went over Sunday to London caused a sharp rally in Americans at that center. The response here was by no means so pronounced, but in several important instances there were initial gains of a point, and in the afternoon market ended irregular, and in most instances, finished at approximate low figures to-day.

Marshall, Spader & Co. to J. G. Beatty. The afternoon market was quiet and the day's trading promises to be about the smallest in volume for some time past. A large banking house appeared at tenders of \$25,000 at 50 per cent, and this supplied the money market during the second hour of the afternoon. Meantime London appeared as a moderate buyer during the early trading, and these operations were mainly responsible for the well-preserved tone of the market. Additional imports of gold were again reported during the afternoon. Some activity in trading of New York City was noted, which appeared for sale in considerable volume. We are not prepared for other than a quiet and fairly well-sustained market in the near future, and while in many respects the situation has cleared, the greatest conservatism in market operations is necessary.

World Office, Monday Evening, Oct. 28.

The financial atmosphere is still ruffled. Further outbreaks of distrust of American institutions, which came into evidence to-day, sent chills thru the New York market, and these were not unreflected here. Keen competition occurred for the free gold in the London market to-day, but this was obtained almost without regard to price by the United States. Supporting interests in some of the stocks listed locally made a strong demonstration at the opening, but their efforts were not assisted to any great extent by the public, and prices subsided with a renewal of offerings. A good-sized volume of business was transacted at the Toronto market, and the selling was sufficient to hold quotations in check, with some slight advantage at the close. The sharp upward swing in Mackay, with a subsequent reaction of over three points, was not conducive to a more settled sentiment regarding the market's future.
