BRITISH GAIN ANOTHER THOUSAND YARDS

Sir Robert Borden Issues Strong Appeal for 100,000 More Men

STRONG APPEAL TO CANADA FOR MORE RECRUITS

Borden Thinks Last Hundred
Thousand Canadians May
Decide Issue.

ENEMY STILL STRONG Recent Decrease in Enlist- ments Inspires Urgent Call From Ottawa.

By Staff Reporter.
Ottawa, Ont., Oct. 23.—Sir Robert Borden issued an impressive appeal tonight to the men of Canada to come forward for national service. One hundred thousand more recruits are wanted, and to fill the place of those who have gone and are going, those of non-military age, and those who from other causes are unable to go are appealed to by the prime minister. Many are needed to do home service in necessary industrial and agricultural work, he says. His message follows: To the people of Canada:

The world-wide struggle in which our empire is fighting for its rights, its liberties and its very existence has continued for more than two years. Every effort that could honorably be made on our part to avert war was put forth with the deepest earnestness and sincerity. There was no escape from the contest save in dishonor and ultimate disaster. The wonderful extent and thoroughness of the enemy's long and careful preparation was imperfectly understood at first, and the magnitude of the struggle has surpassed all anticipation. Great Britain's first expeditionary force has been increased more than twenty fold and that of Canada more than twelve fold. The climax of the war is rapidly approaching. The last hundred thousand men that Canada will place in the fighting line may be the deciding factor in a struggle, the issue of which will determine the destiny of this Dominion, of our empire, and of the whole world.

Challenge To Manhood.
The most eloquent tribute would fall to do fitting honor to the youth of Canada who have already rallied so splendidly to the colors, and whose heroic valor and glorious achievements have crowned this Dominion with imperishable distinction before

(Continued on Page 10, Column 4).

Labor Expert Will Advise Imperial Munitions Board

Canadian Associated Press Cable.
London, Oct. 23.—At the request of the imperial munitions board of Canada, H. E. Morgan of the labor supply department of the ministry of munitions, has been temporarily detached by the minister for the purpose of proceeding to Canada to advise the board on British procedure in regard to the labor in munition factories.

WAR SUMMARY

THE DAY'S EVENTS REVIEWED

CONTINUING their policy of giving the Germans no rest, the British shoved forward their right wing south of the Ancre in France yesterday and captured more than 1,000 yards of German trenches. The front of the advance was between a point east of Gueudecourt and Les Boeufs. The Germans massed a force south of Grandecourt for an attack last evening, but the British artillery stopped this manoeuvre. The fighting at the Schwaben redoubt and Le Sars has brought in 66 more prisoners to the British camp. The British aerial corps keeps on with its brilliant work. A squadron of aeroplanes bombed two stations behind the German front, hitting a train in motion in the process. The bombs thrown also did much damage to buildings and rolling stock. Seven German machines succumbed and many others, being damaged, had to alight. Eight British machines are missing.

The French appreciably extended their gains in the neighborhood of Morval by an isolated venture yesterday. South of the Somme a heavy artillery duel was fought in the vicinity of Chaules wood. About 80 prisoners were made by the French in Sunday's fighting about Saily-Saillisel.

The fighting of the past few days on the front between Chaules and the Ancre River in Picardy again proves that the allies are able to advance almost at will. The pauses in the offensive fighting are caused by the decision of the allied staffs to drench the ground with

WITH THE SERBIANS ON THE WESTERN FRONT

Official photograph, issued by the Serbian press bureau, of a machine gun in a Serbian front line trench.

CONSTANZA FALLS TO TEUTON FORCE

Roumanians and Russians With-
draw Upon Cernavoda,
in Dobrudja.

FOE SUFFERS REVERSE

Germans, Defeated, Retire in
Trotus Valley to Trans-
sylvania.

Special Cable to The Toronto World.

London, Oct. 23.—Constanza has fallen into the hands of the force of Germans, Turks and Bulgarians under the command of Von Mackensen, according to an official communication issued at Berlin. The loss of this small port of 18,000 population before the war, is not yet admitted by the Russians or Roumanians. These merely report that a heavy engagement is proceeding in the Dobrudja and that the Russians and the Roumanians are retreating in that country. The Dobrudja is a narrow strip of rocky territory some 30 to 40 miles wide between the Danube and the Black Sea.

Constanza was used as a seaport by the Russians for sending arms and men to the Dobrudja. Other entrances to Roumania from Russia comprise the broad and deep Danube and it is believed a railway is being constructed to link up Odessa with Bucharest.

Foe Aims at Bridge.
The main object of the Teuton advance in the Dobrudja, is the seizure and destruction of the Cernavoda bridge.

ZEPPELIN DROPS BOMB AND DUTCH ARE IRATE

German Airmen Show "Supreme
Contempt" for Protests
Made.
Amsterdam, Oct. 23.—Dutch newspapers are indignant over the report by the Handelsblad that on Sunday a zeppelin dropped a bomb near Gorkum (Gorinchem, 22 miles southeast of Rotterdam).

FIFTY LIVES LOST IN LAKE ERIE GALE

Four Vessels Known to Have
Sunk, But Worst Fears Are
Not Realized.

FIND NO MORE BODIES

Shipping Men Hope That Full
Extent of Disaster Is
Known.

Detroit, Mich., Oct. 23.—Great Lakes vessels passing here this evening and early tonight from Lake Erie ports brought no more bodies of victims of the terrific gale of Friday, or word to indicate that any other vessel than those already reported had gone down in the storm, which took a toll of more than 50 lives on four steamers.

Early today five bodies were brought to Sandwich, Ont., across the Detroit River from this point, by the steamer Charlotte G. Briting. They were picked up by the Breitung in Lake Erie yesterday. Three of them had been positively identified tonight. They were Anton Zimmerman, of Brooklyn, a coal passer; and Wm. Bogie, of Sault Ste. Marie, Mich., an oiler, both of the crew of the steamer Merida. The other was identified as Charles B. Suttill, chief engineer of the whaleback steamer James B. Colgate. The fourth body was believed to be that of Steve Enton, of Cleveland, a member of the Colgate's crew.

The fifth body was still unidentified tonight.
At the office of the local marine reporters the belief was expressed that no other vessels than the four reported—the Marshal F. Butters, D. G. Filer, James B. Colgate and the Merida—had gone down in the storm.

Nineteen Lost With Colgate.
Duluth, Oct. 23.—The foundering of the steamer James B. Colgate Friday night in Lake Erie took the lives of 19 lives, according to a telegram received today by H. H. Dinham, of the Standard Transit Co., owners of the Colgate.

Mr. Dinham was of the belief that the Colgate was overwhelmed by the weight of the seas.

Germany and Austria Are Building Many Submarines

Berlin, Oct. 23, via London.—Prince von Buelow, former German imperial chancellor, recently informed a neutral newspaperman that since the beginning of the war Germany had constructed 225 submarines, says a despatch from Constance. The German naval authorities the prince is reported to have added, are paying more attention to submarines than to battleships, and Austria-Hungary is doing likewise.

REQUEST OF C. P. R. NOT YET REFUSED

Crothers Denies Application for
Conciliation Board Has
Been Refused.

HOPES FOR AGREEMENT

Murdock Says Proposal to Defer
Strike Cannot Be En-
tertained.

BELIEVES C. P. R. WILL YIELD.

Special to The Toronto World.
Winnipeg, Oct. 23.—James Murdock stated this afternoon that he didn't think that there would be a strike and that the company would meet demands made by the men. In his opinion no local man is to blame for the trouble. He stated that orders calling off the strike could be sent to all leaders inside of a few hours.

G. D. Robertson, vice-president of the order of railway telegraphers for Canada, arrived in the city today in connection with the dispute. Robertson is here at the request of Premier Borden and Hon. T. W. Crothers, minister of labor, but when asked as to the nature of his mission he would make no statement.

"They haven't got a chance on earth—not one," said James Murdock, vice-president of the order of railroad trainmen, when told of a despatch from Ottawa, intimating that the government would band all its efforts to induce the postponement of the strike from the date set, October 26, to a later date.

HUN AEROPLANE DROPS BOMBS UPON MARGATE

Two Persons Slightly Injured —
Property Damage is Small.

London, Oct. 23.—A hostile aeroplane appeared today over Margate, a watering place on the south-eastern coast of England, and dropped three bombs. The official statement says: "A hostile aeroplane was reported over Margate at 10.05 o'clock this morning. Three bombs were dropped in the Cliftonville district of the town. Slight damage was caused to a hotel, and one man and one woman were slightly injured.

"British aeroplanes went up in pursuit of the raider, who made off in a southeasterly direction.

BRITISH AGAIN ADVANCE LINE STORM MORE FOE TRENCHES

DEEM BRITISH SUCCESS OF GREAT IMPORTANCE

London People Receive Latest News With Elation—
Clears Way to Bapaume.

Special Cable to The Toronto World.
London, Oct. 23.—The news of the latest British advance between a point north of Gueudecourt and Le Sars is received here with great elation. Observers point out that it has been made between the roads from Pozieres and from Albert to Bapaume, and that the progress made enables the British to move up their guns and to fire over Bapaume against the two railway lines leading to and from that important centre. It is said that this latest advance gains the British army a foothold on the low ridges lying before Bapaume and east of the southern bend of the Ancre. The next villages for attack in this direction are said to be Warlencourt and Ligny. Several hundred prisoners are being brought in to headquarters tonight.

POTATO SHORTAGE IN GERMANY IS ACUTE

Order Against Peeling Tubers is
Issued by One Burgomaster.

London, Oct. 23.—A despatch to Reuters Telegram Co. from Copenhagen, says: "The burgomaster of Bokernorde, Schleswig-Holstein, publishes an urgent order against the peeling of potatoes. The order says the prospects of obtaining potatoes in the future are exceedingly small, and that despite official control it is probable that only a couple of pounds weekly per head will be obtainable. Anyone discovered peeling potatoes before boiling, or throwing away any peels will be punished by three months imprisonment on a fine of 1000 marks."

MIXIN' HIS DRINKS

John: What's bit'n' yuh, Josephus, an' what's the undertaker's coat o' sobs on fur?
Joe: Brother, it is not without moments of gloom that one sees one's plans for uplift and for church consolidation, and for the moral reconstruction of the Liberal party delayed in realization by circumstance and convention; one's plans of uniting into one great harmonious whole these stupendous forces, making them at once a dynamic and institutional engine wherewith Brother Rowell and myself might help the mothers and the fathers of our country.
John: I know yuh'd be steam-rolled, Joe, when yuh took to mix'n' two-cent beer with cold water an' makin' moral shandy-gaff cuten a peep'n' tears.
Joe: Brother, it takes six two per cent beers to do what one of strong ale could do, and—
John: Josephus Atkinson, yuh ain't th' fir' man what cudn't mix his drinks. But yuh needn't be so gloom-struck. Lyon Stout is sittin' in a big new room down to 'th' Globe with 'managin' edit'n' on the door, an' 'th' Franch is herded in a little pen with th' horse reporter an' a taller candle between them, an' a little shing' readin' 'Th' Doc an' th' Judge.

TALK OF PEACE NOT OPPORTUNE DECLARES GREY

League to Prevent Future
Wars Will, However,
Be Welcomed.

MEDIATION UNDESIRE

Allies Will Press to Finish
War Forced by
Germany.

LONDON, Oct. 23.—Another important contribution to the discussions on peace was made by Viscount Grey, secretary for foreign affairs at a lunch given today by the foreign press association, at which the diplomatic representatives of all the allies were present.

The secretary made it plain that the allies were not prepared to discuss peace terms and gave no indication of what their terms might be, but welcomed any efforts by neutral countries for a commission to prevent future wars. Some of the most important passages of the secretary's speech follow:

Must Remember Cause
"I would like to talk not, indeed, about actual conditions of peace, which can only be stated and formulated by the allies together and not by anyone of them separately, but about the general objects which the allies must secure in this war. And to do that I would ask you to recall that we must never forget how the war came about. If we are to approach peace in a proper spirit, it can only be by recollecting and recalling, and never for a moment forgetting what was the real cause of the war.
"Some people say: 'Oh, we need not go back over that old ground now; everybody knows it.'
"You cannot go back to it too often; it affects the conditions of peace, Germany talks of peace; her statement

ITALIANS MADE RAIDS ON ROADS TO TRIESTE

Sounding Parties Test Strength of
Austrian Defences on
Carso.

Special Cable to The Toronto World.
Rome, Oct. 23.—Renewal of activity on the Carso Plateau by the action of Italian raiding parties against the Austrian line is taken here as a preliminary to the fighting of another offensive action towards Trieste. These parties were engaged in sounding operations to test the strength of the Austrian defences, and they brought back prisoners, arms and ammunition. The operations have been marked by the engagement of aircraft on both sides in a great deal of reconnoitering work. In aerial combat over Frigido in the Vipacch valley an Italian machine brought down a German albatross machine.

Thousand Yards of German Positions Fall Before Assault of General Haig's Troops — French Gain Near Morval.

Special Cable to The Toronto World.
London, Oct. 23.—Continuing their active forward operations on the front south of the Ancre River yesterday, the British advanced their line east of Gueudecourt and Les Boeufs and stormed 1000 yards of German trenches.

This fighting was conducted on the extreme right wing of the British front, and it has resulted in a further widening of the frontage of advance. Up to the time of reporting, no returns of the prisoners brought in were available for announcement by Sir Douglas Haig. The Germans attempted no counter-attacks on the newly won positions, but they were caught massing for an assault in the neighborhood of Grandecourt. A few selves from the British gunners speedily put an end to this intention. The Germans heavily shelled the British front in the neighborhood of Le Sars all day. They attempted two raids on the British trenches in the neighborhood of Gommecourt, north of the Ancre, last night. One party was stopped in its career by British fire and the other party penetrated to the British outpost trenches, where it was driven back by a counter-attack.

Take More Prisoners.
In the fighting at the Schwaben redoubt and Le Sars, the British report the taking of 83 additional prisoners above those reported yesterday.

The British aeroplanes raised two stations in the rear of the German lines and dropped bombs. They hit a train in motion, and they did much damage to buildings and rolling stock. Seven German machines were brought down and many others were forced to land. Eight British machines are missing.

The French north of the Somme by an isolated action made appreciable progress northeast of Morval. In the fighting in the region of Saily-Saillisel yesterday they took about 80 prisoners.

The operations round Morval and Saily-Saillisel are for the purpose of extending the front both in the direction of Bapaume, and also eastward in an eventual enveloping movement on Mt. St. Quentin and Peronne.

KAISER CONFERS WITH BETHMANN-HOLLWEG

Monarch and Henchman Discuss
General Situation at Berlin
Meeting.

Berlin, Oct. 23, via London.—The emperor, who is paying a brief visit to Berlin, conferred this morning with the imperial chancellor, Dr. von Bethmann-Hollweg, and will continue the discussions on the general situation concerning which the chancellor and the foreign secretary, Herr von Jagow, last week visited great headquarters. It is understood that there has been no change in the situation with respect to the United States.

Three More Steamers Sunk Two Norwegian, One Greek

London, Oct. 23.—The Greek steamer Aris and the Norwegian steamer Drafn have been sunk. Lloyd's announcements.

The Norwegian steamer Raftund, 680 tons, has been sunk, says Reuters' Christiania correspondent. The crew was landed.

One Per Cent. Bonus Declared By Riordon Paper Company

Special to The Toronto World.
Montreal, Que., Oct. 23.—Riordon directors met today and declared a bonus of 1 per cent. for the quarter and as the stock was already on a 4 per cent. basis this means practically eight per cent.

DINEEN'S FALL AND WINTER COATS.

Dineen's overcoats have been most carefully selected and there is not a coat among them all that belongs to the common run of coats. Nothing steep in the price, either. You must see the goods to appreciate their proper place and value. Imported full coats bearing the names of English makers who have never been known to enter to other than a restricted and exclusive trade. Excellent wool material and most impressive style—\$16.50 to \$40. Dineen's, 140 Yonge street.

T. EATON CO.

YORK RADIAL CAN DEVIATE TRACKS

Privy Council Allows Appeal Regarding Farnham Avenue Terminal.

CONDITIONS FULFILLED

Company's Dealings With City Council Had Proper Legal Basis.

Canadian Associated Press Cable.

London, Oct. 23.—Allowing the appeal of the Toronto and York Radial Railway Co. versus the Corporation of Toronto, arising from an application by the appellants to the Ontario Railway and Municipal Board, for permission to deviate tracks, a judgment handed out by the privy council this afternoon, finds that the appellants, for the purpose of operating their railway, have the franchise which they claim in respect of the street and adjoining lands proposed to be used. It determines in their favor the question on which the late Justice Garrow preferred not to give a final opinion.

On the second point, concerning the obtaining of the city council approval before the railway board could approve the plans, the judgment says: "Conditions Fulfilled."

"It is clear that before construction commenced the plans setting forth the proposed location of tracks must be approved by a committee appointed by the city council, and that the location cannot subsequently be altered without the consent of the committee. There is further provision that the line shall not be put into operation upon any section until the city engineer has certified that such section has been constructed in compliance with the terms of the agreement. It must be assumed that all these conditions were fulfilled before the line was put into operation."

"In the present case the board, before approving the plans of the appellants, took care to ascertain whether they were satisfactory on engineering grounds to the city; they considered the objection of the city on engineering grounds. The board also procured a report of its own engineer and before approval amended the plans of the appellant to comply with the objections made on behalf of the city. In effect there was no difference on engineering grounds between the city and the company when the board finally approved the plans for carrying the spur line across the sidewalk on the west side of Yonge street."

"In the event of any difficulty arising between the city and the appellants as to any matter to be done under the terms of the agreement, their lordships held the opinion that the agreement contains an ample arbitration section."

Judgment was returned for the appellants, with costs here and in the court below.

History of Fight.

According to the above cable, the privy council has allowed the appeal of the Toronto and York Radial Railway against the city in connection with terminal facilities at Farnham avenue. The company desired a terminal station at the end of its line, and this included the crossing of the sidewalk on this street, in order to reach its property on the west side of Yonge street. The appellants declared there was no accommodation for passengers, unless access could be gained to this site.

KHAKI CLUB IS OPEN TO ANY MAN IN UNIFORM

Object is to "Treat the Returned Soldiers Kindly and Send More Men."

The soldiers' Khaki Club is to be open to both the returned soldiers and those at Exhibition Barracks, and is to be under military rule. It is the only patriotic organization in Toronto where all the officers and executive have blood relations—either sons or brothers—at the front, not in England, but in the firing line.

The object is to carry out the message from the trenches to the people of Toronto, given from a public platform recently, "Treat the Returned Soldiers Kindly and Send More Men." Seven women's organizations, with a membership totalling two thousand workers, are managing and financing the different departments in the building.

Belgian Relief Receipts Reach Thirty-five Thousand

The Belgian Relief Committee, 30 King street west (formerly 94 Bay street), report subscriptions for the week of \$480.08. Included is the sum of \$50 from the employees of the W. J. Patrick Co.; \$35.04 from the employees of the Steel & Radiation 6-in. shell plant; \$21.41 from the Whitehead Red Cross League; \$5 from "A. G. Camp Borden; \$1.90 from the girls in three classes of St. Giles' S. S.; contents of 10 mite boxes, \$19.87. Six of these from Glen Murr School amounted to \$8.99. The total received to date is \$85,017.37.

SOLDIERS' COMFORTS DEPT.

Mrs. Arthur Van Koughnet, convener of soldiers' comforts, reports that the week's shipment of soldiers' comforts for overseas contained the following articles: 408 Christmas stockings, 350 pairs socks, 206 gauze shirts, 150 wet shirts, scarfs, wristlets, 1 dozen wash cloths, 15 bags, 40 packages paper, tobacco, cigarettes, matches, "News from Home," and several parcels containing separate gifts from soldiers.

DIED FROM HEART FAILURE.

About 3 o'clock yesterday afternoon Bridget O'Reilly, aged 60, 34 St. Catharines street, was found dead on the floor of her home by the police at Cowan avenue police station, who had been sent to the house by a telephone message from Dr. Wickham, 1299 West Bloor street. Death is believed to be due to heart failure, and it is not likely an inquest will be held.

180TH COOK AND HIS KITCHEN

Cook-Sergeant Nixon of the 180th Battalion standing in front of his Aldershot kitchen. There are 99 kettles in the kitchen, each holding enough soup for 15 men. The kettles are set in clay molds, built on the ground, with flues running to the chimney in the rear.

THE ESPLANADE SITUATION

A Possible Deadlock Between the Railways and the City.

A conference was held yesterday in the contractors' offices of the new Union Station between representatives of the railways, the city, the harbor commission and the board of trade, with reference to certain proposed temporary changes that would allow the use of the new station as soon as finished, on condition that the agreement to elevate the tracks on the proposed viaduct along the Esplanade be suspended for a time because of the inability of the railways to raise the necessary money. The railways were represented by Mr. MacTavish and Mr. Fairbairn, one of their engineers; the city by the mayor and Controller Foster; the board of trade by Arthur Hewitt and J. W. Wood; the harbor commission by Lionel Clark, Homo Smith and R. S. Gourlay, also officials of these various bodies.

The harbor commissioners were very strongly in favor of the tracks being elevated at the earliest possible moment, as it was essential to the harbor plans, and these plans were approaching completion, to have the tracks elevated and to allow easy access, as they claim, to the harbor improvements and water front by subway under the elevated tracks. It was also pointed out that the new road contemplated along the new water front, should also be proceeded with, thereby giving access to not only the new docks, wharves and building sites, but also that the driveway and boulevard therealong should be available at the earliest possible moment. And they further urged that the radial road, which is in connection with the Hydro-Electric Commission, would also be held up if the entire improvement as agreed upon by all parties was not completed as a whole and as early as possible.

Mr. MacTavish on behalf of the railways was not ready to meet the strong objection raised at the moment, and the other parties to the agreement, and the meeting separated without any decision being reached, artho it was said later on in the afternoon that some kind of new proposal might be submitted today, and if not today, at some early date.

The temporary alternative proposed by the railway at the conference yesterday was for a bridge from the foot of Yonge street over the tracks to the present water front and carried at the elevated level along the water front as far as Bay street and then back across over the tracks to Front street. If this were done, the railway said they could go ahead and finish the new station, and for the time being have the trains leave at the present track levels, and later on elevate them when money will be easier to obtain for carrying out the agreement between the parties.

HICKEY'S MODERATE PRICES.

Calculated to please even the most fastidious dressers, Hickey's suits and overcoats for fall and winter wear contain all the features that are essential in clothing. Owing to war conditions it is extremely hard to chase clothes at moderate prices, but with their usual initiative Hickey's, at 27 Yonge street, have secured a first class line of suits and overcoats, which sell at \$15 to \$35.

FARM MOTION PICTURES.

Kitchener, Oct. 23.—Mr. W. Purcell, rural engineer of the Hydro-Electric Commission, is here in connection with having moving pictures taken of electric motor driven or heat farm. The photos are desired by the Dominion Government for exemplifying work in the old country.

Severe Headaches And Pains in the Back

Resulted From Deranged Kidneys and Constipation of the Bowels.

It is in vain to try to regulate and restore the healthful action of the kidneys until the liver and bowels are set right. And just here is where so many kidney medicines fail. Kidney derangement almost invariably begins with constipation and torpidity of the liver. The whole work of filtering the blood is thrown on the kidneys, and in time they fail to stand the strain. The poison in the system gives rise to severe headaches, pains in the back and tired, depressed feelings. Escase almost act directly on the liver and bowels, as well as on the kidneys. Dr. Chase's Kidney-Liver Pills are eminently successful in the treatment of kidney derangements. Mr. William Loney, Marysville, N.B., writes:—"I am glad to recommend Dr. Chase's Kidney-Liver Pills to anybody who is suffering from kidney trouble or constipation. I suffered for a long

SECOND WEEK OF SOMME PICTURES

Crowds at Rialto and Globe Almost as Big as Last Week.

MARVELOUS PRODUCTION

Scores of People Are Making Second Visit to See War Spectacle.

Crowning its triumph last week with an initial total attendance that was unexpectedly large, "The Battle of the Somme" official motion pictures opened their second week's presentation in Toronto at the Globe Theatre, 2 West Queen street and the Rialto Theatre, Yonge and Shuter streets, yesterday.

Patronage was steady all day yesterday at both theatres, where the five thousand foot film were shown under a relay system, and before the close of the last exhibition for last night, many hundreds of spectators had witnessed this greatest of all motion picture productions. Through this week the pictures will be shown at these two theatres and yesterday's crowds indicated that the success would be almost as great as that which was attained at the Regent last week. Many people who have seen the film are taking the opportunity to witness it again.

Bright colored posters announcing in bold type the Somme pictures, reproduction of some of the scenes in the film and large Union Jacks decorated the fronts of these playhouses and are attracting the attention of many people who were under the impression that the pictures were to be exhibited for one week only. Special music and other arrangements to please the spectators have been provided by the management of the two playhouses.

The Somme film is the most marvelous and remarkable picture ever produced, as all who see it declare. It is worth traveling miles to see. Certainly no adult can afford to miss seeing it. These films are the only ones to pass out of England, without coming under British censorship and have been seen, admired and recommended to the public by the King and Queen, by Lloyd George, British war minister, and by prominent representatives of press, pulpit and public.

The second opportunity to see the film in Toronto is presented as a result of negotiations by The Toronto Daily World, under the auspices of which it is being exhibited in conjunction with the Jule and J. Allen and the Famous Players company.

This picture has taken Toronto by storm. Everybody is commenting upon it, discussing it and arguing it. That its second week's exhibition in this city will be as successful as the first is clearly proven in the number of people who visited the Globe and Rialto theatres yesterday.

"BACK TO THE FARM" SUPPER.

Congeniality was the keynote of "The Back to the Farm" supper, held by the members of the business men's department of the Y.M.C.A. in the auditorium of Central Association Building, last evening.

The event was the annual fall opening, and was attended by approximately 200 business men, their wives and friends. Through the supper choruses, songs, parodies and patriotic numbers were rendered by Duncan R. Cowan and Bert Harvey; Charles McGroves was pianist. Games and puzzles of various kinds were introduced, the winners of which received prizes. The motor drivers for the evening arrangements, in conjunction with the executive, consisted of Frank Trimble, Geo. Barron and R. F. Maclean.

TRAINING SCHOOLS WILL OPEN SOON

Col. W. P. Butcher in Charge of Instructors in Machine Gun and Musketry Drill.

TWENTY-THREE RECRUITS

Hundred and Ninth Regiment Engage in Tactical Exercises in Queen's Park.

Fifty-one volunteers for active service applied at the armories recruiting depot yesterday. Twenty-three were accepted for enlistment. The total volunteering was an increase of five men compared with the previous Monday. The Artillery and Army Service

Home training is not enough. Mothers cannot be everywhere; boys cannot always be at home. Leave his outdoors education to chance? Unthinkable! The Y.M.C.A. is so irresistibly fascinating to a boy that the "corner gang" will never drag him away from it. It first attracts, then holds, developing his standards systematically, according to the four-fold plan of the Canadian Standard Efficiency tests—physically, intellectually, religiously and socially (see list below).

Safeguard your boy's future

Can you as a loving parent imagine a graver RESPONSIBILITY than that which you owe to your own precious boy during his perilous formative years, his teens, his impressionable age, when character is formed—"FOR BETTER OR FOR WORSE"?

Home training is not enough. Mothers cannot be everywhere; boys cannot always be at home. Leave his outdoors education to chance? Unthinkable! The Y.M.C.A. is so irresistibly fascinating to a boy that the "corner gang" will never drag him away from it. It first attracts, then holds, developing his standards systematically, according to the four-fold plan of the Canadian Standard Efficiency tests—physically, intellectually, religiously and socially (see list below).

Needed---3,000 New Members

(Men, Young Men and Boys to Replace Our Heroes at the Front)

At least one new member—man, young man or boy—is wanted to replace each of our members who has gone to the war.

The future of Canada depends upon its boys. Competent people estimate that the loss of men will make each boy after the war of more value to the country than two boys were previously.

Let the Y.M.C.A. give your boy the four-fold development that makes the "all-around" successful man—see list at right.

Finding His Bearings

The first practical thing Johnnie does after joining is to get "charted." He has a chat with a very pleasant gentleman who has been selected for this purpose from among the best business men of the community.

Johnnie may be found to be below the average in education, high in physical development, very low in religious instruction, and a little higher in helpfulness to others. A record is kept, a certain number of "credits" being awarded him for each test. This goes on the chart.

His "line" looks pretty much like the skyline of an Indian village, but the boy now sees exactly where his deficiencies lie, and he is bound he will straighten out his line before the year is out. And the Y.M.C.A., with its splendid equipment, helps him to build himself up where deficient.

Attractive Training

All through the year Johnnie attends attractive Bible talks, dealing with instructive and interesting subjects, such as "Men Who Dared" (a Bible lesson), interesting practical talks on nature, art, poetry, sex, helpfulness, etc., etc. The instruction is most accurately graded according to age.

There are plenty of game tables for making time fly; every boy is taught to swim and build up his physical well-being. Johnnie all the while is accumulating "credits," which are noted on a large record sheet.

The "Find Yourself" campaign is one that helps him to select the vocation in life he is best fitted for. If, for instance, he indicates he would like to be a lawyer he is carefully examined by one of the best lawyers in the city. The result is that the boy is either confirmed in his choice, or another calling is found to be the one he is best fitted for.

Special Features

For fifteen years the Broadview Y. M. C. A. Boys have conducted a Fall Fair, in which prizes are given for every kind of exhibit a live, healthy boy would be expected to make. At the same Y.M.C.A. the boys conduct the well-known "Garden City"—a tidy looking market garden as you would see anywhere.

Outdoor sports (baseball, running, etc.) and camps in summer give full outlet to the abounding physical vigor which the Y.M.C.A. boy is always sure to have in him. Our physical and swimming instructors carefully guide every boy to proper physical development.

Bring Your Boy

All this gives you merely a hint of the magnificent work done for your boy—development that will make him an "all-around" man. What about YOUR boy? Bring him along.

Visit the nearest Y.M.C.A. See the big swimming pool, the gymnasiums, reading-rooms, games—everything. Three thousand boys can be accommodated in membership in the three Association buildings. Boys may enter at 12 years of age or after. Come.

West End Y.M.C.A. Cor. College & Dovercourt
 Central Y.M.C.A. 40 College Street
 Broadview Y.M.C.A. 275 Broadview Ave.

and R. M. Adams returned yesterday from a recruiting tour thru western Ontario cities in connection with the campaign to secure 500 mechanical and horse drivers for the Canadian Army Service Corps. The C. A. S. C. is greatly in need of drivers and tradesmen of all kinds. The eye-sight test is much easier in the C. A. S. C. than that for other branches of the service. Arrangements have been made by Manager Pierce of the Star Theatre for the "Lid Lifters" Company members to sing this afternoon for the sick soldiers at the Military Base Hospital, Gerrard street.

The Canadians just named as being decorated with military medals include six members of the 75th Mississippi Battalion of Toronto, which went overseas under command of Lt.-Col. Beckwith. The six 75th Battalion members to receive the military medal are: Corp. V. A. Arding, Pte. O. W. Sale, Acting-Sergeant B. C. Rowley, Corp. F. Hullen, Corp. J. H. Richards and Pte. Nobbe.

The 220th York Rangers Battalion, which has recruiting headquarters at 850 Yonge street, secured five accepted enlistments yesterday out of six men offering. One recruit was the result of the Sunday night meeting held at the Iola Theatre.

Refuses Court Information Regarding Proposed Hotel

George A. Hodgson of the Dovercourt Land Co. refused yesterday to give the court of revision any information concerning the probability of the York Hotel project, when the court was going ahead with construction work. The question was raised when William Ardagh was discussing Yonge street values. He thought it important that the court should know whether the big Yonge street hotel project had been discarded, as has been reported.

SCHOOL FOR THE BLIND.

Editor World: Kindly state in the Morning World if there is a school or institution for blind children in the States, and if so please give address, and oblige.

Ans.—There is a school for the blind at Brantford, Ont.

Wrong

SOME people have never tried Red Rose Tea because they think it is just ordinary tea put into packages. WRONG!

Red Rose Tea is a "master" blend of more than a dozen high-grade Indian and Ceylon teas. It is a **DISTINCTIVE** tea—distinctive in flavor, in richness, in strength, in economy.

To prove it, try it.

Sold only in sealed dust-proof packages.

ALD. M'BRIDE GIVES COUNCIL SURPRISE

Tells Members That Mayor Refuses to Consider Returned Man for Job.

HOLD SHORT SESSION

Decides to Pay the Interest Due Hamilton Highway Commission.

In less than two hours yesterday the city council waded thru the board of control's report and adjourned. The only thing of importance was injected by Ald. Sam McBride as a complete surprise. He introduced several questions and the mayor's answers thereto showing the Mayor Church completely passed up a request by the Soldiers' Aid Commission, thru its secretary, that J. T. Robins, a returned wounded soldier, be considered as an applicant for the fire department secretaryship, which was filled recently by the appointment of W. G. Webber.

Early in September, according to the mayor's answers to Ald. McBride, he received a communication from J. W. Warwick, sec. of the Soldiers' Aid Commission, recommending J. T. Robins, 38 Victoria St., a returned wounded soldier, formerly an accountant with varied experience, as a suitable man for the secretaryship. He was described as 40 years of age and single. According to a copy of the letters introduced to council, Mayor Church wrote back: "There is no vacancy in that office at the present time. There is a capable man in the position and I intend to retain him." Webber was appointed secretary on October 12, whereas the mayor's reply was dated September 20.

In a brief address on the subject Ald. McBride said the mayor had deliberately misrepresented conditions. Because the application had not been signed by W. D. McPherson, personally was no reason for not giving it proper consideration. It bore the signature of the recognized secretary of the government organization. Ald. McBride said he recognized Mr. Webber was an able-bodied man, whose place was at the front. He believed it was a matter of justice that a returned wounded soldier should not have received consideration.

Report Satisfactory.
When the board of control's report on the progress of negotiations for the purchase of the Metropolitan Railway was introduced, Ald. Ball said that the ratepayers' interest in the matter. What they wanted to know was if it was going to be possible to buy out the part of the line in the city. Mayor Church replied that the government was holding up Sir Adam Beck in that they had not given the necessary authority to complete negotiations. He hoped for reconsideration of the whole government policy with regard to the situation.

Ald. McBride sought to have referred back the parks committee's recommendation that island leases in future be granted for ten year periods. Ten years, he pointed out, would simply mean that cheaper houses would be constructed.

"I think the time has come," said Ald. Hiltz, "when island property should be maintained for park purposes solely." Controller Cameron expressed like sentiments. The ten-year lease principle was upheld.

The proposal to construct a road roadway on Merton street for the benefit of the Leaside Ammunition Co., which is a macadam roadway, laid on Merton street, the company paying half the cost. Controller Cameron expressed like sentiments. The ten-year lease principle was upheld.

GREAT ANNUAL SALE OF PIANOS ANNOUNCED BY R. S. WILLIAMS CO.

Includes Used Organs, Square Pianos, Upright Pianos, Grand Pianos and Player-pianos. Over 60 Instruments in All. The Greatest Array of Bargains Presented This Season. Low Prices and Easy Terms the Great Magnet.

For years past the tremendous annual Fall sale held by the R. S. Williams & Sons Co., Limited, of 146 Yonge street, the medium through which hundreds of homes have secured splendid instruments at but a fraction of their actual value.

This year's event will eclipse all previous efforts, as the Williams Company has just passed the biggest September their piano business has known for years. Many fine pianos have been taken in exchange from splendid homes where no one could play them. Most of their pianos out on rent have come in. A number of organs and players that were slightly scratched at the exhibition are there. A few instruments remodeled have been sent from the Williams factory at Oshawa. A quantity of the nine different famous makes of instruments that they handle have been changed in case design; others show signs of service and about nine organs and six square pianos are there.

means of quick clearance. The pianos must be sold to make room.

Every one of these sixty odd instruments is in the greatest sweeping clearance, for a few short days at prices and terms that fairly beseech your attention.

The Williams firm state that they have over 100 pianos on order for their fall trade and they are arriving daily. Their floors are crowded now and each year this big sale is presented as a

LOW PRICES THE BIG MAGNET.

You can actually save from 25 per cent to 50 per cent by taking advantage of this—Canada's greatest piano event. Low prices are the big factor and this year the Williams Company have made a new record for values.

You can practically name your own terms. As low as \$5 cash and 50c weekly will be accepted. In every case the terms will meet any reasonable desire. You have no possible excuse for longer denying yourself, your family, your friends the pleasure, the happiness, the sunshine that nothing but music can bring into your home.

Every instrument in this sale will be sold under the Williams guarantee of complete satisfaction. This is Toronto's greatest sale in point of quality, variety, prices and terms. Nearly every good make of piano sold in this country is listed. Each has been carefully overhauled by the Williams expert repair department, and will prove worthy of your confidence.

Fight the Hun With Money

YOU can support a Belgian workman so that he can REFUSE to work in the factories or the railways for the Germans. A starving Belgian must yield, and thus release a German soldier for the trenches.

Belgian Relief TAG DAY

Thursday, Oct. 26th

Help the great work of the Commission for Relief in Belgium on Thursday and you will help to fight the Huns. Millions of dollars are needed every month to carry on the most carefully organized and most successful relief work ever attempted. The British Government approves and co-operates. Every cent helps the cause, and

\$2.50 a Month Keeps a Belgian Family

Give all you can. We in Canada can never fully pay our debt to desolated Belgium—let us do our best. Regular subscriptions will be gratefully received by the

Toronto Belgian Relief Committee
80 King Street West
Convener: MRS. ARTHUR PEPLER
Hon. Treasurer: MISS ISABELLA L. GEORGE

Cheques made payable to the Belgian Relief Fund may be left at 80 King Street West or at Savings Department of the Dominion Bank, King and Yonge Streets.

Read the happenings of the previous twenty-four hours before the business day commences by subscribing for The Toronto Morning World, delivered before breakfast to any address in Toronto or suburbs for twenty-five cents the month. Telephone your order to Main 5308, or cut out following order blank and mail to The World Office, 40 West Richmond street:

Deliver The Toronto Morning World before a.m. daily, for which I agree to pay twenty-five cents per month.

Name Street

reported killed in action, enlisted with the 74th Battalion.

Pte. W. S. Brown, 79 Helena avenue, Wychwood Park, killed in action, went overseas with the 92nd Highlanders. He leaves a wife and three little girls.

Provide for Refugees of Serbia, Corsica and Corfu

Contributions to the total amount of \$549.55 were received by the Canadian Serbian Relief Committee with headquarters in Toronto. The funds will help provide for refugees of Corsica and Corfu, for 130,000 Serbian prisoners of war in Germany, and for 300 Serbian boys and girls, who are being educated in England for future professional life. The contributions include \$274.50 from the British Columbia Women's Institute, \$98.75 from the officers of the Mimco Industrial School, \$25 from the children of the Baptist Sunday School, Kentville, N. S., and \$9.75 from the Dartmouth (St. James) Sunday School.

ABSORB KINGSTON UNIT.
Special to The Toronto World. Kingston, Oct. 23.—According to information received this afternoon, the 146th Battalion, which recently went overseas and which is composed almost entirely of Kingston men and men from the County of Frontenac, has been absorbed into the 95th Battalion of Toronto, under the command of Lt.-Col. Robert Barker.

NUXATED IRON
increases strength of delicate, nervous, run-down people 200 per cent, in ten days in many instances. \$100 forfeit if it fails, as per full explanation in large article soon to appear in this paper. Ask your doctor or druggist about it. G. Tamblin, Limited, always carry it in stock.

ARRANGES FOR GIRLS TO WORK ON FARMS

Academic Standing Promised War Workers by Department of Education.

Girls can go out and work as farmers next year, just as boys did this year and still get their academic standing, according to regulations issued by the department of education yesterday. These regulations make it very clear this year that this work must be done on Ontario farms. During 1916 some boys made the mistake of going to harvest on the plains hoping still to get their standing in Ontario schools. Another point made clear is that by direction of the department examinations must be held before Easter so that those who leave school for any war work may be secure of their standing as from that date.

Similar regulations for teachers in training who enlist to those which obtained last year are to be in force this year.

BOTH CHARGE DELAY.

Contractors for Toronto Technical School Sue Henry Hope & Sons.

In the non-jury assize court yesterday Mr. Justice Chute heard evidence in the case of Norcross Bros., contractors for the Toronto Technical School, against Henry Hope & Sons, for \$12,235 caused by their alleged delay in supplying steel sash. The defendants allege that the plaintiffs delayed in supplying details for the work, and delay was caused by their architects, who ordered changes to be made.

CITY HALL NOTES

In a letter written to Mayor Church, Col. R. H. Greer of the 180th Sportsmen's Battalion, requested the city to take care of the battalion's colors during its absence at the front. They will be hung in the city hall.

Mayor Church is again making a determined effort to obtain better accommodation for troop trains arriving at the Union Station en route for eastern points. He is now in communication with Brigadier-General Biggar, chief transport officer, and expects something definite to be accomplished shortly.

Dr. James Campbell Beattie Arrested on Perjury Charge

Dr. James Campbell Beattie, 368 Brunswick avenue, was yesterday taken into custody and will be charged with perjury. He was one of the witnesses for the defence in the case of Dr. L. M. Coulter, charged with abortion, in the sessions. In his evidence on Friday last Dr. Beattie swore that he had made a blood test of the young lady in the case, but this was denied by both the girl and her mother, who swore that the girl was in the United States on the day on which the doctor claims he made the test.

FAINTS IN COURT.

John Lowrey, a constable in the assizes, collapsed in court yesterday and gashed his head badly. He was taken to St. Michael's Hospital in the police ambulance, where his collapse was ascribed to vertigo, following indigestion.

TUESDAY MORNING, OCT. 24, 1916.

Mr. Lyon's Address.

In his address to the Reform Club at Montreal on Saturday night, Mr. Stewart Lyon, managing editor of The Toronto Globe, admirably presented the case for the immediate nationalization of all the railways in Canada. We have, he said, four big railway systems in this country, three of them privately owned. Two of the three privately-owned companies are unable at present to earn enough money to pay fixed charges; the federal government will, therefore, have to give them further financial aid or nationalize them.

Mr. Lyon, we believe, is on the right track when he favors nationalizing the Canadian Pacific as well as the Canadian Northern and the Grand Trunk Pacific. We quite agree with him that a unified system embracing all Canadian mileage could be so managed under government ownership, if absolutely divorced from political interference, as to pay all operating expenses and fixed charges, including interest payments in the nature of dividends to the stockholders of the Canadian Pacific.

Mr. Lyon spiritedly meets the hackneyed charge that public ownership and operation means wasteful methods and graft. We have more than once pointed out that the western division of the National Transcontinental was as extravagantly built by a private corporation as was the eastern division by the government. Perhaps Mr. Lyon had this in mind, and more, for he is reported as saying:

"Available facts and figures convince me that there have been more waste, jobbery and downright dishonesty in the building and perhaps even in the operation of privately-owned railways in Canada than in the building and operation of the Intercolonial and other railways owned by the public and than there possibly could be today in the operation of all the railways of Canada put together under state control."

The chief importance of Mr. Lyon's deliverance, however, hinges upon the possibility that he heralds, or at least foreshadows, the platform of the Liberal party on the railway question in the coming national campaign. Heretofore the railways have managed to drive the two old political parties in double harness, and to do those parties justice their team work has been excellent but Mr. Lyon's conversion to the cause of public ownership will be gratifying, even though he speaks only for himself. His conclusions have been reached after patient study and careful thought. If the Liberal party lays behind on the great railway issue, Mr. Lyon and men who think like him may find themselves more at home in the new party.

Prof. Mavor and the Power Union

Prof. Mavor seems to have gone out of his way to misrepresent the position of the hydro-electric system in Ontario in its relation to the government and to politics generally. As, of course, it is quite impossible that Prof. Mavor should deliberately misrepresent such a situation, it can only be surmised that he does not understand it. He states, for example, that "The Hydro-Electric Commission advanced the proposition, that, owing to its influence with the municipalities, it held the political control of the province, and that unless the cabinet yielded to its demands, it would defeat the cabinet in any election that might take place, or in the event of an election being postponed it would transfer its influence to the opposition, and by this means defeat the government." Other charges are made which are not less daring.

The basis of Prof. Mavor's error is in confusing the Union of Western Municipalities with the Hydro-Electric Commission. The commission was originally a body intended to be non-partisan and non-political, for the pur-

pose of transacting the business of the joint arrangement between the government and the municipalities. While Sir James Whitney survived the original purpose was fairly well fulfilled. After Sir James' death new conditions began to develop and the government appeared to be dissatisfied with the non-partisan nature of the commission. The municipalities were clamoring for more power and more facilities, and the government refused to meet these requests. The commission, between the two, held the balance as evenly as possible, but this was not enough, and the municipalities organized meetings and passed resolutions, requiring attention from the government. To say that the commission did this, as Prof. Mavor does, is utterly to misconceive the whole purpose and method of the hydro-electric organization. It represents the people through their municipalities, and if these municipalities, which are the people in organized units, desire progressive action in what concerns them, they can only express their desires in the perfectly legitimate way of holding meetings and passing resolutions. We do not think Prof. Mavor has fairly represented the tone and temper of these resolutions, but when he says the Hydro-Electric Commission took this action, he makes it impossible to believe that he is familiar with the circumstances.

Prof. Mavor's plea for his statement is that if public ownership of public utilities is proceeded with the revenue of the province will suffer, as these corporations supply so much of it that without them the province would go bankrupt. He declares that "the principal revenue of the province is derived from the joint stock companies, which carry on business within its boundaries."

This, of course, is misleading, because there are only a limited number of public utility joint stock companies, and their contribution to the revenue of the province would not be a serious loss if they were cut off. Moreover, in order to get this small revenue, the people, as a whole, are usually disgraced, overcharged for services rendered, and if they had to make up in direct taxation the losses in revenue from the public ownership of such public utility organizations it would be a mere flea-bite compared to the exactions of the joint stock corporations. A very glaring example is found in Toronto, where electric rates have been cut in two and still further reduced by the competition of publicly-owned distribution lines. As a piece of special pleading for the corporations, Prof. Mavor's ninth article may be a masterpiece, but to the citizen who has been saving more than half his power and light bills for some years past, it will sound somewhat puny.

Germany's Supply of Nickel

Lord Robert Cecil is reported as having stated that his interview about certain amounts of nickel emanating from allied territory which were dispatched to the United States and ultimately found their way to Germany on board the submarine Deutschland, in no way referred to nickel from Canada, and that he had no intention to criticize the arrangements for controlling Canadian nickel, or suggesting that any Canadian nickel reaches the enemy. He is also reported as having said that "the British Government is perfectly satisfied with the precautions taken and arrangements made by the Canadian Government with regard to nickel."

If the British Government is perfectly satisfied it is more than a large number of Canadians are. Practically everyone who knows the conditions is hugely dissatisfied. Lord Robert had the alternative of snubbing the nickel guardians of Ontario, or those of New Caledonia. We are asked to suppose that 374 tons of nickel was sent from New Caledonia, the only other allied territory where nickel is produced, across the Pacific ocean, across the American continent or round the Horn, to New York to be transhipped to Germany, as easier of credence than the view that out of the much larger supplies for Ontario 374 tons had leaked into the Deutschland.

Apart from the origin of the nickel it is obvious that the United States cannot get all the nickel required by her industries. A small quantity may come from New Caledonia. A large quantity and all that makes a surplus in the United States, as far as there is a surplus, comes from Ontario. Out of that surplus 374 tons were sold to Germany. It is clear enough that if the United States has a surplus of nickel to sell to Germany, and that surplus is supplied by Ontario, it is Ontario that is responsible for the supply of nickel to Germany. Have the governments of Canada and Ontario provided that there shall be no surplus of nickel to send to Germany by the next submarine that crosses the Atlantic?

If the United States surplus stock of nickel is being maintained by Ontario, all the protests and repudiations in creation will not affect the one black fact that the Germans could

not get nickel from the United States unless the United States was supplied from Ontario's abundance. Any Ontario nickel which goes to the United States and sets free there any surplus stock of nickel from anywhere for consumption in Germany, is to all intents and purposes nickel supplied from Ontario to the Kaiser and his troops.

KILL SUFFRAGE ISSUE.

Toronto Telegram. If women want the vote, Hon. W. H. Hearst should seriously consider the wisdom of granting the franchise to all Ontario women over the age of 21, except women born in enemy countries. Ontario would not go to wreck and ruin if the women voted. Hon. W. H. Hearst should enfranchise the women and get the whole suffrage issue out of politics.

FRENCH AIRMEN BOMB FOE'S BLAST FURNACES

Paris, Oct. 23.—Four tons of projectiles have been dropped by a French air squadron of 24 machines on blast furnaces north of Metz and on the Metz and Thionville stations, the war office announced today as follows: "Yesterday 4200 kilograms of bombs on blast furnaces at Haxondange and Pussing, north of Metz, and also on the railway stations at Thionville, Metzures-Metz, Longwy, and Metz-Sablon. They attained their objective." "On the same day another of our aerial squadrons bombarded the ammunition depot at Monsen road (Somme)." "This morning German aeroplanes dropped several bombs on Luneville. There were no victims, and the material damage was insignificant." "Finally, last night, good results were achieved by a bombing expedition against factories of Rombach and the railway station at Mars-la-Tour."

CANADIAN PACIFIC CHANGE OF TIME.

Effective Sunday, October 29th, there will be a general change of time. For particulars from Canadian Pacific ticket agents or W. B. Howard, district passenger agent, Toronto.

ALL FOR HIS BENEFIT

"Und der fishing neffer vas petter."

Political Intelligence

To The Ottawa Free Press its editor, E. Norman Smith, contributes a signed editorial condemning the course of Sir Wilfrid Laurier in declining to appoint Liberal members on the proposed parliamentary committee. Mr. Smith does not question the loyalty of Sir Wilfrid or his sincere desire to stimulate recruiting in every possible way. He does say, however, that the Liberal leader has given the Conservatives the chance to claim that he has refused to co-operate with the government at a most critical time in the conduct of the war: Mr. Smith thinks the government is to be criticized for its interference in the selection of Sir Thomas Tait's secretary and that Sir Thomas himself has behaved like a "peevish child," but argues that Sir Wilfrid Laurier should have been the more willing to help for the very reason that national registration was getting such an unfortunate start.

WILSON TO CARRY INDIANA.

Marshall Makes Claim Regarding Other States.
New York, Oct. 23.—Vice-President Marshall today declared Indiana is now safe for Wilson, and said the following states would also go Democratic: Wisconsin, Kentucky, West Virginia, Nebraska, Kansas and Ohio. There is a fighting chance for Iowa, he said. The women of Illinois will be for Wilson, according to Marshall.

ARMED CARS USED IN A RAID IN EGYPT

Discarding Camels, British Force Makes Successful Swoop.
London, Oct. 23.—Deserting their "ships of the desert," an Egyptian camel corps in armored cars swept down upon an enemy camp at Dakhiin oasis, capturing 125 prisoners and dispersing the enemy, it was officially announced today. The statement follows: "On October 22, on the western frontier, camel corps detachments operating with armored cars, successfully swept the Dakhiin oasis to its western edge, capturing 125 prisoners after some opposition. "A similar operation on the same date in the Bahariya oasis (160 miles west of the Nile) by camel corps detachments resulted in the capture of fifty prisoners, including one officer, and a quantity of arms and ammunition. "No casualties have been reported from either force."

CONSTANZA FALLS TO TEUTON FORCE

(Continued From Page 1).
bridge. This crosses the Danube west of Constanza. The Teutons are sweeping towards it, but they have not reached it. Whether the Russians and Rumanians will hold this bridgehead or will destroy one or two spans, is not yet known.
The general situation on the Transylvanian and Hungarian front continues satisfactory for the Rumanians. They have retaken Mount Focșani in the Dragoslavele region capturing some Teutons and three guns. They have driven back a Teuton detachment which advanced from Scara thru the Topolog valley, taking 122 prisoners and three machine guns.
In the Trotus valley, the enemy, defeated, is retiring and he has set fire to Erastova Village, five miles inside the Rumanian frontier line. In the Buzeu valley the Germans suffered the repulse of all their attacks when they attempted to debouch into the Oltus and Sianic valleys.
Fighting is also proceeding at Orsova, near the Iron Gates of the Danube. There the Rumanians have repulsed attacks of the enemy.

ARMED CARS USED IN A RAID IN EGYPT

Discarding Camels, British Force Makes Successful Swoop.
London, Oct. 23.—Deserting their "ships of the desert," an Egyptian camel corps in armored cars swept down upon an enemy camp at Dakhiin oasis, capturing 125 prisoners and dispersing the enemy, it was officially announced today. The statement follows: "On October 22, on the western frontier, camel corps detachments operating with armored cars, successfully swept the Dakhiin oasis to its western edge, capturing 125 prisoners after some opposition. "A similar operation on the same date in the Bahariya oasis (160 miles west of the Nile) by camel corps detachments resulted in the capture of fifty prisoners, including one officer, and a quantity of arms and ammunition. "No casualties have been reported from either force."

CONSTANZA FALLS TO TEUTON FORCE

(Continued From Page 1).
bridge. This crosses the Danube west of Constanza. The Teutons are sweeping towards it, but they have not reached it. Whether the Russians and Rumanians will hold this bridgehead or will destroy one or two spans, is not yet known.
The general situation on the Transylvanian and Hungarian front continues satisfactory for the Rumanians. They have retaken Mount Focșani in the Dragoslavele region capturing some Teutons and three guns. They have driven back a Teuton detachment which advanced from Scara thru the Topolog valley, taking 122 prisoners and three machine guns.
In the Trotus valley, the enemy, defeated, is retiring and he has set fire to Erastova Village, five miles inside the Rumanian frontier line. In the Buzeu valley the Germans suffered the repulse of all their attacks when they attempted to debouch into the Oltus and Sianic valleys.
Fighting is also proceeding at Orsova, near the Iron Gates of the Danube. There the Rumanians have repulsed attacks of the enemy.

Red Cross Contributions

Brig.-General James Mason, hon. treasurer of the Canadian Red Cross Society, reports that since the last public acknowledgment the following contributions to the fund of the society have been received, amounting to \$20,587.41:

Lieut. Sir C. Upper, transferred to the 2nd Canadian Command Depot, Shorncliffe.

Hon. Capt. and Chaplain Rev. J. L. Bradley, detailed for duty with the 23rd Forestry Battalion, England.

Sgt. C. G. Bell, 33rd Ontario, M.C., and posted to the Training School.

TALK OF PEACE NOT OPPORTUNE

(Continued From Page 1).

talk of peace today. They say: 'Germany must have guarantees against being attacked again.'

Look To Neutrals. 'Nations fighting for their existence with daily increasing prospects of seeing victory brought nearer, still knowing that they stop short of victory they stop short of everything for which they are struggling, cannot be expected to spend much time thinking about what might happen after victory is secured. But the neutrals can do it. I observe that not only President Wilson, but Mr. Hughes is supporting a league started, not with the object of interfering with the belligerents in this war, but which will do its part in making peace secure in the future.'

'It is a work of neutral countries to which we should all look with favor and hope. Only we must bear this in mind: if the nations after the war are able to do something effective by binding themselves with the common object of preserving peace, they must be prepared to undertake not more than they are able to uphold by force, and to see, when the time of crisis comes, that it is upheld by force.'

German Falsification. 'If this war had been forced upon Germany that would be a logical statement. It is precisely because it was not forced upon Germany, but was forced by Germany upon Europe that it is the allies who must have guarantees for future peace.'

In July, 1914, no one thought of attacking Germany. It is said that Russia was the first to mobilize. That, I understand, is what is represented in Germany as falsification for the statement that the war was not an aggressive war on Germany's part, but was forced upon her.

'Russia never made the mobilization of which Germany has complained, until after Germany refused a conference and never made it until after the report appeared in Germany that Germany had ordered mobilization and that report had been telegraphed to Petrograd.'

Where Germany Succeeds. 'The whole plan of campaign of the German staff was to attack thru Belgium and France. It is represented that they had to attack Belgium because other people had planned to attack thru Belgium. I would like to know if Russia's mobilization was an aggressive one and that other powers, any other power, had trafficked in the matter of reaching their people and in presenting to them a point of view which is not that of truth.

'The English proposed a conference and Russia accepted it. And one power refused it. When four powers offered it the power which refused the conference who are forcing war, or the power that refuses it?

'The emperor of Russia offered the Hague tribunal. When one sovereign refuses it the Hague tribunal and another sovereign reference to the Hague who is forcing war?

'On the very eve of war France gave her pledges to respect the neutrality of Belgium if Germany would not violate it. And we asked for such pledges. Was it the power which gave the pledge and the power which asked for the pledge which were responsible for the violation of the neutrality of Belgium or the power that refused to give the guarantee?

'Never at any time was there a suggestion that a French or an English soldier should enter Belgium unless to prevent the abolition of her neutrality which had been undertaken by Germany.'

Hypocritical Rights. 'All efforts to avoid war in 1914 failed because you cannot have peace without good will and because in Germany there was a will to war and not the will to peace. But lately the crown prince deplored the loss of life caused by this war. Yes, yes, it was because we knew what the sufferings in Europe would be that we tried to avoid it in 1914. That was the time to be penetrated with a sense of what war meant. It was because we knew what it meant that we tried to avoid it, and because we have this experience of what war does mean this experience that we are sure that not the generations and the nations in the future shall not be subjected to such terrible trial again. We were asked by Germany to remain neutral on certain conditions. We were asked to permit violations of the neutrality of Belgium and to give Germany a free hand to take whatever French colonies she liked. That was the plan that was offered to us, but to discredit us, I ask you, neutral what would have been the future of this country if a British Government had accepted such an offer. There would be no moral, no spirit, no nation. We should have incurred the contempt of the whole world. Happily tactics so gross did not succeed.'

STRONG APPEAL MADE BY BORDEN

(Continued From Page 1).

the world. Remembering the sacrifice by which that distinction was won, we recall with solemn pride the undying memory of those who have fallen.

In the history of every people there may come such a challenge to the spirit of its citizens as must be answered in service and devotion if the nation is to have an abiding place in the future. The events of this war bring that challenge to the manhood of Canada.

Decrease in Enlistment. Since the war began more than three hundred and seventy thousand men have enlisted in this Dominion. Two hundred and fifty-eight thousand have gone overseas, and more than one hundred thousand are now in the battle line. During the first ten months of the present year, the number sent forward will aggregate one hundred and forty-one thousand. From January 1st to April 15th of this year, the enlistments were at the rate of nearly one thousand per day. Up to the present time the number of men who have organized more rapidly than facilities of transportation and accommodation in Great Britain could be provided.

Notwithstanding the success of the allied forces in various theatres during the past summer, there is reason to know that the enemy is still strong and determined. A mightier effort than may be imagined is necessary to secure a conclusive victory. This must be a decisive result that lasting peace can be secured. We are fighting not for a truce but for victory.

In all mechanical appliances which have played so great a part in this war, the allied nations have almost if not quite overtaken the enemy in standard of preparation. Therefore the result will depend upon the organization of the man power of the allied nations. We must be strong and resolute in that great danger.

Work for Unfit. Our strength can be most effectively thrown into this conflict by utilizing in all our national activities for sustaining the agricultural, industrial and commercial stability of Canada, those who thru age or by reason of physical infirmity are not available for service at the front to the end that we may place in the battle line the greatest possible portion of those fit for military service. With this view, the government has asked the director-general and the directors of national services to undertake duties of the highest importance and urgency. It is imperative that the men and women of Canada, individually and thru their various organizations, shall serve the nation in those capacities in which their service may be of the most value. Thus it is the urgent duty of the Canadian people to join with the government in organizing the full power of the nation in terms of human energy.

All Can Have Part. Under the responsibilities with which I am invested and in the name of the state which we are all bound to serve, it is my duty to appeal, and I do now appeal most earnestly to the people of Canada, that they assist, co-operate with the government and the national service in the endeavor for this purpose. To men of military age I make the appeal that they place themselves at the service of the state for military duty. To all others I make appeal that they place themselves at the disposal of their country for such service as they are deemed best fitted to perform.

Women's Fine Work. And to the women of Canada, whose spirit has been so splendidly manifested in this hour of devotion and sacrifice, I bid goodspeed in the manifold works of beneficence in which they are now engaged, and I pray them to aid still more in every field of national service for which they may feel themselves fitted.

Let us never forget the solemn truth that the nation is not content

HOMESEKERS' EXCURSIONS TO WESTERN CANADA

The Grand Trunk Railway System issue round-trip Homeseekers' tickets Canada to points in Manitoba, Saskatchewan and Alberta, each Tuesday until October 31st, inclusive, via North Bay, Winnipeg and Transcontinental Route, or via Chicago, Paul and Duluth, and are good return for two months from date of issue. Through tourist sleeping cars are operated each Tuesday for Winnipeg, leaving Toronto 10.45 p.m. via Transcontinental Route without change. Reservations for the first-class sleeping car rate on application to any Grand Trunk Ticket Office. This is the shortest and quickest route between Winnipeg, Saskatchewan and Edmonton, and includes electric lighted sleeping cars, through the newest, most picturesque and most rapidly developing section of Western Canada. Ask Grand Trunk Agents for full particulars or write C. E. Hornbush, District Passenger Agent, Toronto, Ont.

MORE CANADIANS ARE SENT OVER TO FRANCE

TORPEDO HIT MUENCHEN. Berlin Reports Small Cruiser Reached Port.

Berlin, Oct. 23.—It is semi-officially announced that the vessel torpedoed on Thursday was the small cruiser Muenchen, which was slightly damaged, and returned to harbor.

CONFESSES MURDER OF TORONTO MISSIONARIES

Jap Says He Killed Rev. W. A. Campbell and Wife.

Tokyo, Sept. 22.—(Correspondence by Mail).—She alleged murderer of Rev. and Mrs. W. A. F. Campbell, the two Toronto Methodist missionaries who were slain at Karuizawa on July 16, has made a complete confession of his crime, according to an announcement by the police today. The accused is a Japanese, Hitomi Kawakami, by name, who is on the reserve list of the Japanese army, and who, since the commission of the crime, actually returned to the colors and served twenty days as sergeant of an artillery corps at Utsunomiya.

THREE STEAMERS SUNK.

London, Oct. 23.—The sinking of the Danish steamer Hebe and the Dutch steamship Fortuna, of 1254 tons, was reported today by Lloyd's shipping agency. The survivors of the Fortuna were landed. The captain and 15 others, it is feared, were drowned. It was also announced that the Donaldson liner Cabotia, of 4399 tons gross, was believed to have been sunk. The Cabotia was 285 feet long and was built in 1909.

EX-MAYOR OF WATERLOO DEAD.

Galt, Oct. 23.—George Moore, aged 72, ex-mayor of Waterloo and ex-war-den of Waterloo County, died here this morning, following a stroke of paralysis. He was a well known horseman and director of Galt Horse Show Association. Lt.-Col. W. M. O. Lochhead, O.C. 115th North Waterloo Battalion, is a son-in-law. The funeral takes place at Waterloo Wednesday.

MONTREAL CATTLE MARKET.

Montreal, Oct. 23.—At the Montreal Stock Yards, canning cattle advanced 25c to 50c per 100 pounds, in spite of the fact that the offerings were much larger than a week ago. An active trade was done, with sales of bulls at \$4.75 to \$5.75, and cows at \$3.75 to \$4.75 per cwt. For stock-cows, sellers were asking \$5.50, and buyers bidding \$4.75. Prices of milch cows have secured a further advance of \$5 to \$10 per head. Lamb prices showed a further advance of 25c per 100 pounds. The sheep trade was quiet at firm prices. The market for calves was active. In sympathy with the advance in prices for hogs in Toronto, and the scarcity on the market here today, a strong feeling developed, and prices advanced 50c per cwt. An active trade was done, with sales of choice, selected lots at \$11.75 to \$12; sows at \$9.25 to \$10, and stags at \$9.25 to \$9 per cwt.

DECREASE IN ENLISTMENT.

Since the war began more than three hundred and seventy thousand men have enlisted in this Dominion. Two hundred and fifty-eight thousand have gone overseas, and more than one hundred thousand are now in the battle line. During the first ten months of the present year, the number sent forward will aggregate one hundred and forty-one thousand. From January 1st to April 15th of this year, the enlistments were at the rate of nearly one thousand per day. Up to the present time the number of men who have organized more rapidly than facilities of transportation and accommodation in Great Britain could be provided.

NOTWITHSTANDING THE SUCCESS OF THE ALLIED FORCES IN VARIOUS THEATRES DURING THE PAST SUMMER, THERE IS REASON TO KNOW THAT THE ENEMY IS STILL STRONG AND DETERMINED. A MIGHTIER EFFORT THAN MAY BE IMAGINED IS NECESSARY TO SECURE A CONCLUSIVE VICTORY.

WORK FOR UNFIT.

Our strength can be most effectively thrown into this conflict by utilizing in all our national activities for sustaining the agricultural, industrial and commercial stability of Canada, those who thru age or by reason of physical infirmity are not available for service at the front to the end that we may place in the battle line the greatest possible portion of those fit for military service. With this view, the government has asked the director-general and the directors of national services to undertake duties of the highest importance and urgency. It is imperative that the men and women of Canada, individually and thru their various organizations, shall serve the nation in those capacities in which their service may be of the most value. Thus it is the urgent duty of the Canadian people to join with the government in organizing the full power of the nation in terms of human energy.

ALL CAN HAVE PART.

Under the responsibilities with which I am invested and in the name of the state which we are all bound to serve, it is my duty to appeal, and I do now appeal most earnestly to the people of Canada, that they assist, co-operate with the government and the national service in the endeavor for this purpose. To men of military age I make the appeal that they place themselves at the service of the state for military duty. To all others I make appeal that they place themselves at the disposal of their country for such service as they are deemed best fitted to perform.

WOMEN'S FINE WORK.

And to the women of Canada, whose spirit has been so splendidly manifested in this hour of devotion and sacrifice, I bid goodspeed in the manifold works of beneficence in which they are now engaged, and I pray them to aid still more in every field of national service for which they may feel themselves fitted.

LET US NEVER FORGET THE SOLEMN TRUTH THAT THE NATION IS NOT CONTENT

Doctor Tells How To Strengthen Eyesight 50 Per Cent. In One Week's Time In Many Instances

A Free Prescription You Can Have Filled. And Use at Home. Philadelphia, Pa.—Do you wear glasses? Are you a victim of eye strain or other eye weakness? If so, you will be glad to know that according to Doctor Lewis, there is real hope for you. Many whose eyes were failing say they have had their eyes restored through the principle of this wonderful free prescription. 'I was almost blind could not see anything and this is how I can read everything without any glasses and my eyes do not water any more. At night they would burn dreadfully; now they feel fine all the time. I feel like a miracle to me.' A lady who used it says: 'The atmosphere seemed hazy with or without glasses, but after using this prescription for fifteen days everything seems clear. I can now read the fine print without glasses.' It is believed that thousands who wear glasses can now discard them in a reasonable time, and millions more will be able to strengthen their eyes so as to be spared the trouble and expense of ever wearing glasses. The troubles of many descriptions may be wonderfully benefited by following the simple rules. Here is the prescription: Go to any active drug store and get a bottle of Bon-Opto Tablets. Drop a Bon-Opto tablet in a fourth of a glass of water and allow to dissolve. With this liquid bathe the eyes two to four times daily. You should notice your eyes clear perceptibly right from the start and inflammation will quickly disappear. If your eyes are bothering you, even a little, take late. Many hopelessly blind might have been cured if they had cared for their eyes in time. Note: Another prominent Physician says: 'The above article was submitted, edited and published in a very remarkable manner to eminent eye specialists and widely reported by them. The manufacturers' prescription is to strengthen eyesight 50 per cent. in one week's time in many instances. It is a good drug. It can be obtained from low preparations I feel should be kept in hand for regular use. Almost every family should have a box of Bon-Opto Tablets.' Dr. Lewis writes:

TORONTO ELECTRIC FAILS IN APPEAL

City Given Right to Order Removal of Poles From the Streets.

PRIVY COUNCIL AWARD

"Great Victory," Says City Solicitor—People Will Suffer, Says R. J. Fleming.

Highly elated were city hall officials yesterday, following the receipt of a cablegram from England, conveying the information that the privy council had dismissed the appeal of the Toronto Electric Light Co. from the decision of the supreme court, in connection with the famous "pole case." This judgment was given out by the first appellate divisional court, and gave the corporation power to determine whether the electric light company should be allowed to erect poles and wires on the city streets or not.

Just what action will be taken by the city is hard to say, but it now has the right to order the company to remove 15,705 poles from the streets, as well as 350 lines of conduit. It is certain, however, that the hydro will now be in a position to nearly monopolize the distribution of electric light in the city.

City Solicitor Johnston declared that the victory of the city was the biggest ever won in the courts. He would not say it would result in the Toronto Electric Light Co. ceasing business in the city. "The company may find some way of serving their customers thru the air," he said.

Has Little Chance.

"As it appears now, however, the company has little chance of carrying on its business in a very large portion of the city. Only in a limited part the company installed underground conduits, and outside of that section they are using poles to carry their wires. The decision, in effect, orders the removal of these poles, nor can the company extend its underground service outside the original limits of the old city, so its position is apparently a difficult one."

Members of the legal department state that the credit for the city's success should be accorded Assistant City Solicitor Colquhoun, who handled the case before Justice Middleton and the

appellate court. Corporation Counsel Geary and Sir Robert Finlay represented the corporation at the hearing before the privy council.

"I think the wires must have been crossed when that message came across, but you know we have to talk the bitter with the sweet," said Manager R. J. Fleming of the company. "It's never nice to receive unpalatable news, but all I can say is that the poor public will suffer."

Manager Fleming would make no direct statement until the full text of the decision has been received.

The erection of poles on Playter boulevard by the company, in October, 1912, was the cause of the trouble. The city immediately removed the poles and the company applied to the courts for an order restraining the city from interfering with their poles and also for a declaration that it had the right to erect poles on any of the city streets.

In April, 1914, Mr. Justice Middleton handed out judgment in favor of the company, and when the case was appealed his decision was reversed by the justice of the appellate court, whereupon the case was taken to the privy council.

The Judgment.

London, Oct. 23.—In dismissing the appeal of the Toronto Electric Light Co., their lordships of the privy council said they were not free from difficulty, owing in some degree to the fact that some important transactions took place between the parties which were not embodied in written instruments. After reviewing the previous legal history of the appeal, their lordships said the question was whether Justice Middleton or the appeal division were right.

"It is next necessary to determine," continues the judgment, "what is the charter of rights and powers, the nature and will of the so-called franchise conferred upon the appellants by letters patent and the statute of 1882 taken together upon this point."

Has Absolute Right.

"The parties are at right angles," Sir Robert Finlay contended on behalf of the corporations that whatever the nature of the agreement mentioned, his clients have the absolute right to prohibit the company constructing, maintaining or operating any works under, along or upon the streets for the production, distribution or sale of electricity for any purpose whatever. Sir John Simon contended, on behalf of the company, that the franchise which it possesses entitles it to all these, and the other things mentioned in the letters patent and statute, and that the right of the respondents is confined to merely prescribing and regulating the mode and manner in which the franchise is to be exercised and en-

joyed. He insists that should the respondents absolutely refuse to permit his clients to exercise their so-called franchise, they could, by suit at law, restrain the corporation from so doing, and compel them to confine themselves to their power functions, merely regulating the mode and manner in which the franchise should be exercised and enjoyed.

Compulsory Power.

"That contention appears to their lordships to mean, in effect, that powers conferred upon the company in relation to this matter, are really compulsory, but it is admitted that the letters patent do not so con-

fer compulsory powers, that they are only enabling in character and merely to determine what is *intra vires* of the company.

"On the whole, their lordships are of the opinion that the letters patent, coupled with the 1882 statute, confer upon the respondents the right to refuse with absolute impunity to permit the appellant company to erect any poles or wires and that the contention of the company on this point cannot be sustained."

Reviews Dealings.

The judgment then went into the history of the dealings between the parties, and concluded: "The absolute right conferred upon the respondents to permit or prohibit the erection and maintenance of an overhead system of wires has thus been asserted, guarded, and preserved and in their lordships' opinion the provision, touching the purchase of the overhead plant contained in the agreement of November, 1889, means no more than that the respondents shall be entitled to purchase, when they purchase an underground system, such poles and plant of the overhead system as may be then found lawfully erected. There is no evidence, whatever, that both contracting parties were not fully aware of their respective legal rights. It may be that the appellants never anticipated that the respondent would insist upon the removal of the posts carrying the wires erected with their implied consent, but not in pursuance of any formal agreement.

"With the hardships, if any, or moralities of the case this board has no concern. It deals with the legal rights alone, and having regard solely to them, their lordships are, on the whole, of the opinion that the judgment appealed from was right, and should be affirmed, and that the appeal be dismissed, the appellants to pay costs."

To Cure Catarrhal Deafness and Head Noises

Persons suffering from catarrhal deafness and head noises will be glad to know that this distressing affliction can be successfully treated at home by an internal remedy that in many instances has effected a complete cure after all else has failed. Sufferers who could scarcely hear a watch tick have had their hearing restored to such an extent that the tick of a watch was plainly audible seven or eight inches away from either ear.

Therefore, if you know someone who is troubled with head noises or catarrh, or catarrhal deafness, cut out this formula and hand to them, and you will have been the means of saving some poor sufferer perhaps from total deafness. The prescription can be prepared at home, and is made as follows:

Secure from your druggist 1 oz. Parmit (Double Strength), about 75c worth. Take this home, and add to it 1/2-pint of hot water and 4 ounces of granulated sugar; stir until dissolved. Take one tablespoonful four times a day.

The first dose should begin to relieve the distressing head noises, headache, dizziness, cloudy thinking, etc., while the hearing rapidly returns as the system is invigorated by the tonic action of the treatment. Loss of smell and mucus dropping in the back of the throat, are other symptoms that show the presence of catarrhal poison, and which are often entirely overcome by this efficacious treatment. Nearly ninety per cent. of all ear troubles are said to be directly caused by catarrh; therefore there must be many people whose hearing can be restored by this simple home treatment.

Every person who is troubled with head noises, catarrhal deafness or catarrh in any form, should give this prescription a trial.

Important Note: In ordering Parmit always specify that you want double strength. Your druggist has it or he can easily get it for you. If not, send 75c (postal note or money order), to the International Laboratories, 74 St. Antoine street, Montreal, Que., Can., and they will supply you.

Duchess Visits Headquarters Of the Canadian Red Cross

Canadian Associated Press Cable. London, Oct. 23.—The Duchess of Connaught today visited the headquarters of the Canadian Red Cross, being received by Brig-Gen. James Mason of Toronto, honorary treasurer, who has just arrived from Canada; Col. Hodgetts, Lady Drummond, Mrs. Bulkeley and others.

REV. T. RAYNOR CALLED.

Health Department Must Get Provincial Board's Approval

Before Chancellor Boyd will consider the city's latest application against the West Toronto odor nuisance the Toronto Board of Health must get the provincial board's approval of the injunction restraining the Swift Canadian Co. from contaminating the atmosphere with unpleasant odors. The action was allowed to stand over indefinitely. The Swift Canadian Co. admitted that a defective electric fan and lack of electricity was responsible for some odors from the fertilizer plant, but contended that other industries were responsible for most of the annoyance.

LEAVES FOR MANITOBA.

Rev. Theodore Bay, Presbyterian missionary working among the Ruthenians of this city for five years, was presented with a gold watch Friday evening by the members of his congregation as a farewell gift in his departure to Manitoba, where he will continue his work. The presentation was made by the president of the mission.

ENTERTAINERS ELECT OFFICERS

At the annual meeting and dinner of the Toronto Entertainers, held at the Walker House, on Saturday night, the following officers were elected for the year 1917: President, Ruthven McDonald; vice-president, Hartwell DeMill; secretary-treasurer, Burt Lloyd; executive committee, Donald C. MacGregor, Stuart Barker, John A. Kelly, Will J. White.

About 35 members were present, and four new members were added to the roll. Various matters of interest to the profession were dealt with, and the meeting closed at 11.45.

Men's Suits and Overcoats That Are Particularly Well Made

A Chamois-lined Winter Ulster, \$25.00

It combines warmth and good wearing quality to a marked degree—and it is also very well made and fine appearing. The material is a heavy all-wool English dark grey cloth lined with mohair, and interlined to the bottom with chamois, making it wind and cold-proof. It's a double-breasted ulster style with convertible collar. Sizes 36 to 44. A **25.00** coat that will keep you warm in the severest weather.

\$15.00, \$18.00 and \$22.00, Three Popular Prices at Which We Are Showing Men's Suits of Outstanding Merit

Oursuits at \$15.00 have the reputation of being in a class by themselves. We endeavor to make our \$15.00 suits the best at the price in Canada—and if the number of men who wear them season after season is an indication of what Toronto men think of them, then we have succeeded very well. Grey and brown tweeds and worsteds, cut in fashionable models and carefully tailored—a satisfactory assortment of splendid suits to choose from.

From our \$18.00 line we have selected for your special attention a handsome suit of dark grey English worsted. It's a beautifully tailored suit with single-breasted coat, having soft roll lapels. A good pattern and a good style for everyday business wear. Sizes 36 to 44.

At the modest price of \$22.00 we have an American-made suit, in which the tailoring is particularly good. Made by Michael Sterns & Co. of Rochester. Donegal tweed fabric in brown and grey mixture. A new single-breasted coat with soft roll lapels and hand tailored shoulders and collar.

Sweaters for Boy Scouts

Boys' Wool Sweater Coats, in khaki shade, made in Boy Scout style; khaki buttons and shoulder straps. Sizes 26 to 34. Each **1.00**

\$1.00 Sweaters, 79c

Boys' navy pure wool Sweaters, pull-over style, roll collar, trimmed with cardinal stripes, close-fitting collar and cuffs; sizes 24 to 32. Regular \$1.00 value. Tuesday **.79**

Boys' Winter Suits 3.95

A very good suit for boys 7 to 17 years of age. They are regular Norfolk models with stitched belt, patch pockets and full lined bloomer pants. Made of grey and brown English tweeds. Sizes 25 to 35. A particularly good value for the **3.95** price of

Two Splendid Offerings

Russian style overcoat for little fellows 2 1/2 to 8 years of age. Made of grey and brown winter weight tweeds, with warm durable linings. An attractive double-breasted coat with collar that buttons close to the neck and loose all-around belt. The price is only **3.95**

On the Furniture Floor

Massive Brass Beds, all regular sizes and all finishes, have heavy posts and ball corners, extra heavy fillers and patent side rail locks. It's a bed of special merit. Price **21.75**

Massive Brass Beds, all standard sizes, bright satin or polette finishes, handsome trimmings and reversible side rails. An elegant appearing and heavily constructed bed. Price **22.50**

Bed Spring of steel tubing and fine woven wire fabric; has heavy edges. All standard sizes **3.75**

Bed Spring with steel tube frame and extra heavy woven wire fabric, strongly interwoven, heavy rope edges; all standard sizes are all beautifully fringed in sable, fox, mouflon, natural or black, or Belgian hare. Prices \$35.00 and up to **45.00**

Comfortable Mattresses with cotton felt top and bottom. Have roll edge and are deeply tufted and encased in good grade of art ticking. All regular sizes. Tuesday **6.25**

Comfortable Well-made Mattresses, filled with fibre, jute felt top and bottom. All regular sizes **3.10**
