

HASTINGS TELLS
TALE OF SHIPWRECK

Pleasant Experience to Hit
Rocks in the Cold,
Gray Dawn.

...the cool sea breezes of
Columbia's northward at five,
and all possible comfort at
in the bitter fog of a hard
was the experience of a eerie dawn
passengers on the ill-fated night
number 28 when Dr. Hastings, M.
Toronto, was tripping in com-
with Alderman John Cowan up
Prince Rupert in the past
of that name. That steam-
now a sinking wreck, which, by
of costly salvage operation,
bring in a few dollars to its ow-
the Canadian National Railway

...was the story related last night
by Dr. Hastings, who was
yesterday from his trip
but full of memories.
He had just left Swanson's Bay,
way between Vancouver and
Rupert, when he suddenly felt
that strike rocks. Dr. Hast-
"It was about four o'clock
morning. The behavior of the
engines was superb, as was that
of crew. We had a very fine
where we had put in as these things
do on the trip to the Vancouver
forthand. The night was dense
real fog and ordinary mist. As
the passengers were aroused
the force of the impact they were
red by the officers that there was
imminent danger. However, I may
well tell you, a few minutes after
passengers were handed off to the
s, which was effected with com-
plete ease and safety because of
rain night, the boat sank. Be-
she sank the captain was able
turn her around into the bay pro-

Hastings, with Alderman Cowan,
man of the Toronto board of
had attended the convention
the International Association of
of health of America held at
San Francisco, and they were making
the trip to Prince Rupert when the
accident occurred. They had traveled
sattle from the city of the Golden
by rail.

"Prince Rupert" was one of two
palatial boats carrying passen-
from Seattle to Prince Rupert,
belonging to the Canadian National
Railways. They were both
of 3,500 tons each, and were built
Covocaste-on-Tyne.

WESTERN FARMERS
CLAIM A REVISION
OF TARIFF IS VITAL

Declare It Essential to Sustain
Agricultural Production in
Saskatchewan.

GRANGER'S STATEMENT

Saskatoon, Sask., Oct. 8.—(By
Canadian Press)—Farmers in the
vicinity of Saskatoon who appeared
before the tariff commission at its
session here today, held the pro-
spective tariff responsible for con-
ditions on the farms which are driv-
ing the farmers to the city to earn a
livelihood. Drought and crop fail-
ures, combined with the tariff, have
led to the abandoning of many farms
and the movement from the land is
continuing. The Saskatchewan Grain
Growers' Association in a statement
asked for the revision of the tariff.

Point to Heavy Costs.
Representative farmers from various
rural districts gave examples of con-
ditions which, they held, make a change
in the tariff essential if the produc-
tion on the farms is to be kept up to
normal. For instance, in the vicinity
of Saskatoon were said to be profiting
productive owing to the heavy costs of
farm machinery and general upkeep.

COMMODITY PRICES
CONTINUE TO DROP

Mercantile Agencies' Reports
Show Big Decline in
September.

New York, Oct. 8.—Downward trend
of prices continues, according to Brad-
street's monthly average of commodity
prices published today, and R. G. Dun
and Company's review of commodity
prices for the past week. A decline
of nearly six per cent. during Septem-
ber and of 19 per cent. from the high
level of the earlier part of the year
was shown by Bradstreet's.

PRESIDENT EBERT
NOT A DRUNKARD

Libel Trial Disproves Charge
of Immoderate Use of
Stimulants.

Berlin, Oct. 8.—The charges printed
recently by the Munich comic publi-
cation Phoenix, accusing President
Ebert of excessive indulgence in al-
coholic stimulants and charging that he
had frequented unsavory night resorts
in Berlin, were refuted in court today,
when the case against the publication
prosecuted by the president came to
trial. The proceedings ended in the
withdrawing by the paper of its accusa-
tions and in an apology being made
to his behalf after several witnesses
had testified in the favor of the presi-
dent's secretary.

SAFE AT MONTREAL

Montreal, Oct. 8.—The big United
States seaplane which left Kingston,
Ont., at three o'clock this afternoon,
arrived here early this evening and
was greeted by a cheering throng on
McGill street. The unusual size of the
machine, which is of a type seldom
seen heretofore, attracted considerable
attention from those on the ships and
wharves.

Our Farmers and Wheat Control.

What about the Ottawa government
talking over wheat control?
The western farmers are asking for
it. They have seen Hon. J. A. Calder and
Sir Henry Drayton both out in the west.
But no definite plan has been sug-
gested.

Perhaps the government will say: "We
will take your wheat at \$1.75 and if you
are willing to risk the remaining 25
cents on a possible sale at \$2 we will
hold it for a time. But if it goes below
\$1.75 we will sell it before it gets there."
Or the government could make an ar-
rangement with the banks to advance
say, \$1.70 on certificates of wheat stored
in elevators. But this would mean a
forced sale on falling prices.

Of course, if the American millers
wanted Canadian hard wheat and framed
up a deal to take a lot of it as required
at a fixed or an advancing price, the
government could do finance this.
Or, best of all, our government might
sell 150 million bushels to the British
and French governments at a price
better than that current today for later
delivery. But even this would be a hard
thing to do.

The farmers ought to make a sugges-
tion on the matter and share in the re-
sponsibility. But will they?

BOTTOM DROPS OUT
OF WOOL MARKET

Ottawa Reports Panic Pre-
vails as Result of Australia's
Preparing to Offer Hun-
dred Thousand Bales—
Consumer to Get Benefit.

Ottawa, Oct. 8.—The live stock
branch of the agricultural department
in its report for the week ending Oct.
7, announces a condition of panic in
the wool market. The report is as
follows:
"The wool market is in a panic. Buy-
ers are offering prices away below
re-entrance of Australia into the open
wool markets of the world is an event
of great significance, as 100,000 bales
of Australian wool will be offered at
Adeleide on October 10. At the Adeleide
auction fully 75 per cent. of the Adeleide
wool offered was withdrawn, indicat-
ing that prices offered by the trade
were not satisfactory to Australian
growers. American sheep men are still
holding their wool for higher prices
and are selling only a small amount
in Canada and the United States
during the past week.

Innings for Consumer.
"Sentiment towards the formation
of an international wool pool is grow-
ing rapidly among sheep raisers in the
various states. The feeling is also
growing that cheaper wools must re-
sult in cheaper goods to the consumer.
One hundred manufacturers in Phila-
delphia have announced the formation
of an organization, the object of which
is to sell direct from manufacturer to
consumer. The president states that
manufacturers are tired dodging pro-
fitting charges, and that they are
willing to co-operate in knocking out
of the middle the middle man who is
inflating the price of the wool. The
consumer has not been sufficiently
reduced."

YIELD OF CORN
WILL BE BIGGEST
IN U. S. HISTORY

Will Exceed That of 1912 by
Ninety Million
Bushels.

SPRING WHEAT POORER

Washington, Oct. 8.—The 1920 corn
crop promises to be the largest in the
history of the United States by more
than 90,000,000 bushels.
A yield of 3,116,192,000 bushels, com-
pared with the previous record pro-
duced of 3,124,746,000 bushels in 1912,
was forecast today by the department
of agriculture from a condition of 89.1
percent. The yield would exceed that
of last year by practically 800,000,000
bushels. Kansas, Nebraska, and
Minnesota will contribute practi-
cally all of the increase.

MACSWINEY IS BRIGHTER

London, Oct. 8.—Lord Mayor Mac-
Swiney is much brighter tonight ac-
cording to the night bulletin of the
league. Although the weather is not
so much exhausted.

ATROCITIES BY SERBIANS
REPORTED BY BURNHAM

Montreal, Oct. 8.—A cable received
today in Montreal from Colonel Fred
E. Burnham, of Winnipeg, director of
the Canadian War Hospital fund in
Serbia, and who recently left that
country on account of the hostile atti-
tude adopted toward his mission by
the Serbian authorities, read as fol-
lows:
"Terrible atrocities are being com-
mitted by the Serbians in Albania and
Montenegro. In one district alone
fifteen hundred houses have been burn-
ed and one-half the population has
disappeared."

EGYPT MAY YET GET
FULL INDEPENDENCE

Nationalists Have Accepted British Plan for Autonomy
With One Important Reservation—Britain Must No
Longer Maintain a Protectorate.

Paris, Oct. 8.—Leaders of the Egypt-
ian Nationalist party meeting in Paris
have decided to accept with one im-
portant reservation, the British plan
for Egyptian independence which was
announced in England last July.
This was learned today by the Asso-
ciated Press from a member of the
Egyptian Committee of Four which
carried the British plan to the Egypt-
ian people and arrived in Paris yester-
day on his way to London.

As a result of their two-day confer-
ence, the leaders have framed a num-
ber of suggestions and counter-pro-
posals which will probably be submit-
ted to a high official of the British
government who is expected to arrive
in Paris within the present week. It
was stated that the official might be
Earl Curzon, British foreign secre-
tary.

The chief reservation made by the
Egyptians consists of a demand that
all references to the British protec-
torate over Egypt be completely elimi-
nated from the treaty of Versailles and
all other existing treaties, includ-
ing those growing out of the war.
The Egyptians agreed to permit a cer-
tain number of British troops to remain
in Egypt, said the committee mem-
ber, and have also agreed to pay in-
demittees to all British and other for-
eign subjects in Egypt who may suffer
from nationalization and the advent of
independence.

Maher Bey, one of the committee of
four, declared that he and his colleagues
brought back the unanimous approval of
14,000,000 Egyptian people "who are
eager to gain complete independence."
"If the situation continues to be as
bright as it is at present, Egypt will have
her complete independence within a
reasonably short time," he added. "The
only thing that stands in the way of
complete settlement is the refusal of
Great Britain to make clear to the
world that she no longer intends to main-
tain the protectorate. All other differ-
ences are minor and can easily be settled."

LET IRISH SETTLE
OWN GOVERNMENT,
SAYS LORD GREY

In No Other Way Can Nation-
alists and Ulstermen Come
to Agreement.

WILL BLOCK SCHEMES

London, Oct. 8.—Viscount Grey of
Fallodon, former ambassador to the
United States, today published in The
Westminster Gazette another long
letter concerning his ideas for a solu-
tion of the Irish situation. The letter
was partly in answer to criticisms
from former Premier Asquith and
others of his recent proposals and
partly in amplification of them.
"The best I can suggest," says Vis-
count Grey among other things, "is to
make it clear that the very starting
point of our policy is our conviction
of the incapacity of the British par-
liament to manage purely Irish af-
fairs, and our determination to put an
end to this tragic failure. And I want
to see it clear beyond power of mis-
conception that within certain limits,
Irishmen are not only free to arrange
their own government, but must do so
with the Nationalists and Ulstermen
realizing that they must take account
of each other's point of view and make
concessions to each other. Protestant
Ulster is quite strong enough to make
her own terms with the rest of Ire-
land, but so long as we go on allowing
Ireland to deteriorate and the rest of
the country to be the plaything of
responsible for the internal affairs of
Ireland, they will never agree and one
of the other of them will block in
parliament any determination to im-
pose a scheme of Irish home rule if
initiated in the British parliament."

ENGINE TROUBLES
DELAY RESUMING
OF LONG FLIGHT

Aviators Making Coast-to-
Coast Trip Restart From
Ottawa Early Today.

SEVERAL ATTEMPTS

Ottawa, Oct. 8.—(Canadian Press)—
Trouble with the port engine of the
big P-3 seaplane, which Col. Robert
Leckie and Major Basil Hobbs will fly
to North Bay, and thence to Winni-
peg, delayed the continuation of the
trans-Canada flight from Ottawa this
afternoon. Two attempts were made
to continue the flight, one at 4 o'clock
this afternoon and the other at 7 this
evening, but it was found impossible
to get away. It was found necessary
to strip the machine to get at the seat
mechanics working on it a large part
of the night. The airman are hoping
to make a start tomorrow morning at
5.30 o'clock as soon as it gets light.
It is proposed to use a relay machine
standing by at North Bay in case it
should be needed. The P-3 arrived
here at noon today from Riviere du
Loup, Quebec.

DEEP WATERWAYS
FOR ST. LAWRENCE
MEETS OPPOSITION

Commissioners Are Told Bus-
iness There Prefers
Georgian Canal.

JEALOUS OF WEST

Montreal, Oct. 8.—(By Canadian
Press)—Strong objection to the pro-
ject of a deep waterway in the St.
Lawrence River to the Great Lakes
on the grounds of expense and of
prohibitive cost of ocean-going ships
taking that route were voiced before
the international waterway commis-
sion here today.
Other reasons given were that it
would increase the volume of busi-
ness between the Canadian west and
the United States. Important
trade bodies opposed to the project
were the chamber of commerce, the
board of trade and the chambre de
commerce, the latter claiming that
the Georgian canal was a much bet-
ter stream in regard to the power
development and of the scheme. It
was stated in the matter of power
that the St. Maurice River could
supply the whole of Canada for the
next twenty years and that it could
be obtained here much more cheaply
from that source than from the in-
ternational stretch of the St. Law-
rence. The opinion was given by
the chief engineer of the Montreal
Light, Heat and Power Company,
who added that there was already a
surplus of power in Montreal.
W. G. Ross, chairman of the Montreal
(Continued on Page 2, Column 4.)

PATROL AMBUSHED;
CONSTABLE HURT

Postman's Escort in Ireland
Attacked in Same Place
as on Thursday.

Dublin, Oct. 8.—At Dunmore today
ten armed men ambushed the police
patrol at virtually the same spot where
a patrol was attacked yesterday, when
today one constable was injured. Again
members of the attacking force were
postmen carrying money when the
attack took place.
Sean MacBride, who was with
Countess Georgiana, was arrested when
he was apprehended in a suburb of
Dublin on the night of September 26,
and who was arrested with her, has
been released from Mount Joy Prison.

DISCOVERY OF COAL
AT SHELBURNE, ONT.

Seam Twenty-Five Feet Thick Found at Depth of 100 Feet,
Appears to Be Good Grade of Anthracite, and Village
Is Hopeful of Big Developments.

Sheilburne, Ont., Oct. 8.—(Special to The World.)—Great ex-
citement prevails here following upon the discovery of what appears
to be anthracite coal in mineable quantities in the immediate vicinity
of this village.

G. F. Lyons, a farmer, whose place is situated about a mile north
of the village, has recently been sinking an artesian well. Yesterday,
at a depth of about 100 feet, the bore ran into a hard black substance,
pronounced by those who have seen it to be true coal, and probably
good grade anthracite. The seam struck appeared to be about 25
feet thick.

Reeve Brown, of Shelburne, was interviewed by The World. He
said he had been out to the Lyon farm and had seen the coal. He
also said that the idea of finding coal in this district was not new.
For some time, it had been known that indications of coal were to
be found elsewhere in the vicinity. At a farm about four miles from
the village, coal had been picked up in the ground, but nothing in the
way of a systematic scientific search had been made. He had no doubt
but that the coal was there, and general opinion in the district very
strongly agreed with him. Although those interested were inclined to
keep the matter a secret, it was said that the best indications of the
presence of coal yet discovered were to be found within the limits of
the village itself.

Property Values Jump.

The reported find and its probable value has yet to be verified
by mining engineers, but the dwellers in and around Shelburne are
confident that the discovery is of tremendous importance and means
great things for the district. Property values have already jumped
sky-high, and according to Reeve Brown, land in the vicinity cannot
be bought at any price.

The village of Shelburne is in Dufferin county, and on the
Owen Sound branch of the C. P. R., about 60 miles from Toronto.
It is in a prosperous farming district, the soil being a light clay
and the subsoil is of hard pan.

COUNSEL OBJECTS TO
CALLING ACCUSED AT
CORONER'S INQUEST

Scene at Morgue in Inquiry
Into Port Credit Motor
Fatality.

CONSTABLE'S EVIDENCE

"I protest most vigorously, as a
matter of British justice, against H.
G. Barnes being produced in this court
to give evidence under subpoena. If
before this jury to give evidence, it
will be my duty in the interests of
British justice to tell the prisoner, for
Barnes is a prisoner, and is now to
stand trial upon the charge of man-
slaughter, that he is not going into
the witness box as a witness."

This was the reply given last night
to the coroner who the latter de-
manded that G. N. Barnes, an Char-
leston, charged with manslaughter, be
brought into court to give evidence at
the inquest into the death of William
Rooster, 117 Gladstone avenue, who
was killed on the morning of Sept. 19,
a few miles west of Port Credit.

"I trust you realize that this is not
a court of law, but a court of in-
quiry, a court, as it were, which is
designed endeavoring to get all the
necessary facts pertaining to a death,
the cause of which is not clearly as-
certained," replied the coroner.

"This man is a prisoner, and I submit
that he is neither a competent nor a
compellable witness in the eyes of
the law. It is one of the first prin-
ciples of British law that a man under
charge of manslaughter cannot be
considered as a witness in the matter
in which he is subject of charge," re-
plied Mr. Kingston.

Crown Prosecutor, Snider, asked to
define his interpretation of the law,
(Continued on Page 10, Column 2.)

H. W. WOOD TELLS
WHY WHEAT DROPS

Says Canada and U. S. Taking
No Intelligent Action to
Fix Prices.

Calgary, Oct. 8.—"What reason is
there this year for wheat selling at a
lower figure than in 1917?"
This was a question put to H. W.
Wood, president of the United Farmers
of Alberta, today.

Mr. Wood replied: "From the stand-
point of the law of supply and de-
mand," he said, "there is absolutely
no reason in the world for the
insufficiency in the selling of wheat
this year."

"I remarked that the United States
and Canada had been cutting off wheat
to sell; Great Britain and Europe had
to buy this wheat. The only question
to ask, therefore, was why this wheat
British and other nations," he said, "are
working together and acting in an in-
telligent manner to get the best possible
price, whereas Canada and the United
States are taking no intelligent action
whatever to get the best possible price."

NOW TALK OF DONOVAN
FOR NORTHEAST RIDING

A. E. Donovan, ex-M.L.A. for Brock-
ville, is looming up as a contender for
the Conservative nomination in
Northwest Toronto.

A prominent Conservative said yes-
terday that Mr. Donovan has con-
firmed his intention to run for

as party standard-bearers.

WELL-KNOWN LONDONER
FOUND SHOT TO DEATH

London, Oct. 8.—Cyril Elliott,
aged 34, a well-known Londoner, who
had been missing since Monday, was
found this afternoon at the hill at Reg-
ent Park with a bullet wound in his
left temple. He was evidently suicide.
He had been dependent for some time
over his health, being partially para-
lyzed.

BUY A CHRISTY ENGLISH MADE
HAT AT DINEEN'S.

The superiority of the colors, the
finish and the styles are appreciated
by good dressers.
A shipment from Christy
& Co., London, is just
opened at Dineen's,
140 Yonge street,
which includes both
suits and stilling hats at
\$5.00 each. The suit
hats are all in new
colors, pearls, greys,
browns and blacks, and are extra
value. The Dineen Co. also show
New Stetson Hats.
New Health Hats.
New Hillgate Hats.
New Hornblime Hats.

As well as Christy Hats at \$5.00.
The Dineen Co. offer a special line of
men's imported English hats in the
new shapes and colors today at \$4.85,
which is extraordinary for the time
while you're in ask to see our line of
fall and winter overcoats.

WILL NOT ABOLISH BRANCH LIBRARY

If Good Offer Is Secured More Suitable Site Could Be Obtained.

At a meeting of the library board yesterday afternoon, T. W. Banton, chairman, called attention to an erroneous impression which appeared to have spread as a result of the board deciding to offer the Church street library property for sale.

Mr. Banton said that he had absolutely no idea of abolishing the downtown branch. Only in case of a good offer for the present property and the securing of a more suitable site would a change be made.

Mr. T. J. Lee said the Church street was about ten blocks too far east for a downtown branch. It should be near Spadina avenue.

Mr. B. Gash pointed out that a falling off in the circulation of the Church street was accounted for by the opening of new branch libraries.

Mr. W. Self reported on various reports necessary at Church street building which would cost \$500 which in his motion were ordered made.

Good Library Legislation. Premier Durrant's government has made a record, according to George H. Locke, chief librarian, Ontario now has the best public library legislation in the world.

On motion of N. B. Nash, K.C., the board unanimously resolved to record its hearty approval of the Public Libraries Act as passed at the last session of the legislative assembly.

Mr. Nash said that the provision for a per capita basis of library rates and the removal of impracticable restrictions on the operations of large libraries.

Mr. Nash said that the provision for a per capita basis of library rates and the removal of impracticable restrictions on the operations of large libraries.

LINER'S DOCTOR CURES SAILOR BY INSTRUCTIONS BY WIRELESS

Diagnosed Case on Tramp Vessel Fifty Miles Away and Treated Man for Four Days Till Recovery.

Southampton, Oct. 8.—While the steamship St. Paul, which has arrived here, was in mid-Atlantic, she received a wireless appeal for medical aid from the tramp steamer Schron. A member of the crew of the tramp was seriously ill.

Dr. Stumpf of the St. Paul obtained a description of the symptoms of the man's ailment by wireless, while the vessels were fifty miles apart. He diagnosed the case as appendicitis. Then he treated the man by wireless instructions for four days, when it was reported he was on the way to recovery.

Communication between the two vessels was then broken off.

PARTISAN FIGHT BLOCKED TREATY

Lloyd George Deals With League Situation in the United States.

Llandudno, Wales, Oct. 8.—Premier Lloyd George, in a political speech here this afternoon, declared that "the conflict of parties in America has led to the treaty of peace with Germany." He asserted that if there had been a coalition government in Great Britain the latter would have had no peace and there would have been no treaty.

There are some who criticize the treaty of Versailles, the premier declared. "Better that than that a state of war should be going on for years and nothing done." Mr. Lloyd George added that there were some people who imagined that to ignore disagreeable facts was proof of exalted principles.

Every belligerent country except the United States, said the premier, had been compelled to form a coalition government in order to get the best of all parties together to save the nation. The United States was no so much involved in the war as the countries of Europe, he pointed out. It came in late and then put forth colossal efforts. Its assistance was crucial and determinative, but it did not have the time to make the same sacrifices as the other belligerent countries.

The "United States of America," he pointed out, it came in late and then put forth colossal efforts. Its assistance was crucial and determinative, but it did not have the time to make the same sacrifices as the other belligerent countries.

WANT SUSPENSION OF "SCOTT ACT"

Big Huron County Petition Is Alliance Surprise Packet.

Clinton, Ont., Oct. 8.—A petition bearing the names of about 9,500 county residents was today filed with the sheriff at Goderich, calling upon the Dominion government to suspend the Canada temperance act, or "Scott act," within Huron county.

This is about 2,000 more names than the 7,500 per cent. called for by the regulations.

After ten days in the hands of the sheriff, for examination by anyone interested, the petition will be forwarded to Ottawa. It is within the power of the governor-in-council to grant the prayer of the petition and it is believed that this will be done, rather than go to the expense of a vote of the people.

Favor the O.T.A. The Ontario temperance act is favored because of the more stringent regulations contained therein, but repeal of the Canada temperance act is not asked, in case it should be desired to make use of it later.

The gain on the petition have been obtained by the Huron temperance alliance.

GEDES CONSULTS BANKER ON BRITISH CONSORTIUM

Washington, Oct. 8.—Sir Auckland Geddes, the British ambassador, and Sir Charles Addis, a London banker, conferred today with Under Secretary Davis at the state department regarding the proposed British consortium in the United States.

The consortium in question is a proposed New Jersey ship canal from the Delaware river to the Chesapeake bay, which would connect with the Delaware, giving an uninterrupted inland water route thru New Jersey to Philadelphia and southern ports.

There is strong sentiment in the association against this plan for a direct highway from the great lakes to the sea, on the ground that the Dominion of Canada would derive by far the greater benefit. Many of the delegates contended that the proposition is a subtle attempt to tap Niagara Falls for power purposes.

The convention went on record in favor of the proposed New Jersey ship canal from the Delaware river to the Chesapeake bay, which would connect with the Delaware, giving an uninterrupted inland water route thru New Jersey to Philadelphia and southern ports.

POLICE RECOVER STOLEN MOTOR CAR

Women's Auxiliary of G. W. V. A. Elect Officers for the Year.

White Tom Bennett, butcher, Broadview avenue, and party of friends were attending the performance at the Hippodrome, his motor car, a five-passenger Chevrolet, was stolen. The police at No. 7 station recovered the auto on the following day, with several of the small parts missing. No arrests were made.

The annual meeting of the Women's Auxiliary, Riverdale branch, G.W.V.A., was held, and the following officers elected: Mrs. C. Kirby, president; Mrs. M. Litherland, first vice-president; Mrs. A. Palmer, second vice-president; Mrs. A. Tucker, secretary-treasurer; Mrs. M. Meakin, recording secretary; executive committee, Mrs. A. Medlock, Mrs. A. Harding, Mrs. M. Penny, Mrs. T. Mainwaring, Mrs. T. Burridge and Mrs. E. Mulock.

Court Holy Name, No. 1810, G.O.P., held their first meeting in Player's Hall, Danforth avenue, when the following officers recently installed were present: Fred J. Smith, chief ranger; William Fraser, recording secretary; Frank Devine, financial secretary; A. Jobin, treasurer; J. Newman, speaker and the executive committee. A discussion regarding the season's activities took place. There was a large attendance.

Mrs. Elizabeth G. Sivil, 68 Danforth avenue, died in the General Hospital after a short illness. She is survived by three sons and two sisters. The late Mrs. Sivil lived in Calgary one year ago, when the family came to Toronto. The funeral service was held yesterday afternoon from her late residence, Rev. Dr. Seager, rector, St. Matthew's Church, officiated.

THREE HUNDRED PRESENT. Officers of the Eastern Star, No. 29, Unity Chapter, held a social and dance at Colvin Hall, West Toronto, last night. There were 300 present.

It was decided by the Ward Eight Ratepayers' Association at their recent meeting to send a deputation to next Monday's city council meeting to urge the filling in of Small's Pond.

WILL NOT RESTORE CONTROL OF WHEAT

Many Communications Reach Ottawa, But Government Is Unlikely to Act.

Ottawa, Oct. 8.—Falling wheat prices are bringing communications to Ottawa urging restoration of wheat control. It is not considered likely, however, that the government will decide to recreate the wheat board, since there is authority for such a course should it be considered necessary. The decline in prices, it is observed, is due to world conditions, and not to the termination of the wheat board.

Restoration of control, it is understood, has not so far been considered in cabinet circles.

Would Make No Promises. Regina, Oct. 8.—Regina delegates from the convention of the new national wheat board, yesterday sent to interview Hon. J. A. Calder with a resolution passed that the wheat board be re-established to handle the wheat crop, were not given any definite promises when met by the minister of colonization. Mr. Calder told the delegation that none of the former members in the houses had pressed for the retention of wheat control, but he promised to place the representations of the delegation before the government.

Winnipeg, Oct. 8.—D. M. Schindler, secretary of the joint council of industry, announced today he had decided to accept the offer of the Presbyterian Board of Publications to become business manager. He left tonight for Toronto to interview the board and make arrangements for taking over his new vocation.

Kingston, Ont., Oct. 8.—(By Canadian Press.)—Milk consumers in this city will shortly be able to purchase milk at 12c a quart. This is to be made possible by the action of Army and Navy Veterans, who are ready to enter into contract with certain farmers living in the close vicinity of the city as soon as the farmer's premises and cows are inspected by Inspector Bell. It is not the intention of Army and Navy Veterans to confine their supply to members of the organization, or to returned men in the city, but to give everyone an opportunity to share in the lower prices.

Jugo-Slavs May Make Trouble If Plebiscite Against Them. Geneva, Oct. 8.—Sixteen British and American officers and as many French and Italian have arrived in Kragujevac, capital of Carinthia, to supervise the plebiscite in Carinthia, according to dispatches received here.

A despatch from Innsbruck says the Jugo-Slavs are massing troops on the frontier and that conflicts are feared if the voting goes against Jugo-Slavia.

CANADA COULD GET THE LION'S SHARE

Reason Why Convention Opposes St. Lawrence Project.

Atlantic City, N.J., Oct. 8.—Opposition was expressed in a resolution adopted at the closing session here today of the annual convention of the Atlantic Deep Waterways Association against the proposed St. Lawrence ship canal, which would imply an expenditure of \$100,000,000, of which the United States would pay half.

There is strong sentiment in the association against this plan for a direct highway from the great lakes to the sea, on the ground that the Dominion of Canada would derive by far the greater benefit. Many of the delegates contended that the proposition is a subtle attempt to tap Niagara Falls for power purposes.

The convention went on record in favor of the proposed New Jersey ship canal from the Delaware river to the Chesapeake bay, which would connect with the Delaware, giving an uninterrupted inland water route thru New Jersey to Philadelphia and southern ports.

ENGINE TROUBLES DELAY BIG FLIGHT

(Continued From Page 1). Low Montreal they encountered both rain and heavy fog. The machine made a beautiful landing in the Ottawa river, where the aviators were met by Col. O. M. Elgar, chairman of the board; General Gwatkin, inspector-general; Col. J. Scott, director of civilian flying; Col. R. W. Smith, secretary; J. A. Wilson and other officials of the board.

REPORT HUGE THEFT FROM QUEBEC MAILS

Quebec, Que., Oct. 8.—(By Canadian Press.)—It was rumored in Quebec today that on Tuesday night, October 5, a mailbag containing a sum of \$15,000 in bank notes was lost in transit from the Quebec post office to the C.P.R. station. Postoffice Inspector Stammer Green, when communicated with tonight by the Canadian Press, would neither affirm nor deny the rumor.

Another rumor stated that the missing bag contained some forty thousand dollars in bank and other securities, aggregating one hundred thousand dollars in value.

WORKING HARD ON PEACE TERMS

Riga, Oct. 8.—(Canadian Press.)—The delegations working almost constantly since last night, were still trying today to complete the armistice and preliminary peace terms, hoping to be able to sign it by night. M. Dombbski and Adolph Joffe, heads of the Polish and Russian missions, returned to their homes at 7 o'clock this morning for a temporary respite after having worked since 10 o'clock last night. They returned to the Black Head House, where the peace negotiations have been going on at 11 a.m. M. Lados, secretary of the Polish mission, said today the chief difficulty arose in the negotiations. There was no disagreement on the important issues, he explained, but the working out of minor details took time with the limited facilities at the conference's disposal. So far it had been difficult to translate the terms into the Ukrainian language, owing to the absence of a qualified interpreter.

SNAGS AT OTTAWA FOR IRISH MEETING

Ottawa, Oct. 8.—The Journal tomorrow will say: An effort may be made by several local organizations to prevent the Self-Determination League for Ireland holding its convention in Ottawa. It is well known that many are not in favor of this convention being held in the city and an effort is being made by these people to call a representative public meeting to obtain the sentiments of members of some of the largest organizations in the city. The convention is to open on October 15 and between 500 and 800 delegates from all parts of Canada are expected.

TWENTY-FIVE ARE DEAD IN ITALIAN TRAIN WRECK

London, Oct. 8.—Twenty-five persons were killed and thirty others injured in a collision in which the Italian express was involved today. There were no foreigners among the dead.

DEEP WATERWAYS FOR ST. LAWRENCE

(Continued From Page 1). Harbor commissioners, said they were of the opinion that it is desirable to improve the present St. Lawrence Canal system by other waterway to the extent of facilitating the larger lake and access to port of Montreal. They were also of the opinion that any improvement should not extend beyond a fair margin of draft for such vessels.

The effect on the development of the waterways between ocean and lake ports would be of advantage in the economy of time of lake vessels and consequent lower rates of freight, he continued. "We are of the opinion that the type of vessel suitable for lake traffic is not suitable for ocean traffic and that the ocean type of vessel, on the other hand, would not be able to compete with lake vessels on inland service."

Hydro Development Plans. The commissioners are strongly of the opinion that no further hydro development of power on the St. Lawrence should be permitted until an ultimate plan has been decided on and developed, that would satisfy Canadian interests and safeguard the navigation of the St. Lawrence. The development of both should be hand in hand.

SUGAR REFINERS REQUEST RELIEF

Wait on Federal Cabinet — Had to Buy on Rising Market.

Ottawa, Oct. 8.—A deputation representing Canadian sugar refiners waited upon the cabinet today to draw attention to the serious position which, it was claimed, the Canadian refiners find themselves in at present, and to ask for relief. It was stated that, during the period when the sugar market was rising, the price of this commodity was held down in Canada.

BRITAIN VIOLATED PACT, SAYS RUSSIA

Russia's Reply to British Ultimatum Regarding Prisoners.

London, Oct. 8.—Great Britain has threatened to take "certain action" against soviet Russia if steps are not taken by Oct. 10 for the release of British prisoners held by the Bolsheviks, says The Herald, organ of labor, which this morning prints what purports to be the text of notes exchanged by the British and soviet governments. In reply to this threat, Leonid Krassin, head of the Russian Bolshevik trade mission here, has replied on behalf of the Bolshevik regime that it will promise to fulfill the conditions required by Great Britain when the latter carries out her part of the bargain made last July for the mutual release of all prisoners and cessation of all hostile actions.

EAT LESS MEAT IF BACK HURTS

Take a Glass of Salts to Flush Kidneys if Bladder Bothers You.

Having meat regularly eventually produces kidney trouble in some form or other, says a well-known authority, because the uric acid in meat excites the kidneys, they become overworked; the kidneys, clog up and cause all sorts of distress, particularly back-ache and misery in the kidney region; rheumatic twinges, severe headaches, acid stomach, constipation, torpid liver, sleeplessness, bladder and urinary irritation. The moment your back hurts or kidneys aren't acting right, or if bladder bothers you, get about four ounces of the Salts from any good pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush clogged kidneys and stimulate them to normal activity; also to neutralize the acids in the urine so it no longer irritates, thus avoiding serious kidney disease.

DEPEW PREDICTS FALL IN WAGES

Declares Value of Dollar Will Rise and History is Repeating Itself.

Briarcliffe, Oct. 8.—Chauncey M. Depew, former United States senator from New York, expressed the belief that wages will drop gradually, the intrinsic value of the dollar will rise, and industry will experience a falling off in production from now on. In an interview at his home here, the ex-senator touched lightly on many of the vexatious questions now before the public mind. Housing, he said, is the most serious problem before the American people, and he expressed doubt in the adequacy of the new rent laws. "Every year," said the senator, "more than 800,000 persons move into New York. We need more apartment houses. The new rent laws do not solve the need. You cannot regulate economies by legislation. One of the drawbacks is the fact that investors fear if they build at present high prices their property will not be able to compete with houses built later on, when construction is cheaper."

FIND SKELETON IN WEST

Regina, Sask., Oct. 8.—The skeleton of a human body, believed to be that of a young farmer who disappeared a score of years ago, was dug up from a 90-foot well, seven miles west of Lumsden, yesterday by the provincial police.

HARDING DEFINITELY OUT IN OPPOSITION TO LEAGUE

Des Moines, Ia., Oct. 8.—A direct issue of ratifying or rejecting the League of Nations was accepted by Senator Harding in a speech here, brushing aside the problem of clarifying reservations, and declaring he would "favor staying out" of the covenant written at Versailles. The candidate said he wanted no acceptance of the league with reservations to clarify United States obligations, but that the proper course would be to reject these commitments altogether.

OTTAWA REAL ESTATE MAN ASSAULTED BY COAL DEALER

Ottawa, Oct. 8.—J. A. Ballantyne, local coal dealer, and member of the J. & A. Ballantyne, Limited, Company, court today on a charge of assaulting Robert W. Hamilton, notary and real estate dealer, and a member of the Ottawa public school board. The assault took place after an argument over a property deal.

WILL NOT ENTER CITY ON ACCOUNT OF SANITARY

Madrid, Oct. 8.—Spanish troops have reached within four kilometres of Tetan, Morocco, but will not enter the city because it is regarded as sacred, according to despatches from Morocco today. The Spaniards will await the submission of the Moors, the despatches added.

COALITION WINS BRITISH ELECTION

Victory Is Taken as Vote of Confidence in Lloyd George.

London, Oct. 8.—The government candidate, Fred Wise, was elected in the by-election at Ilford, rendered necessary by the death of Sir Peter Griggs, M.P. The result of the polling, which took place on September 25, was announced today as follows: Fred Wise, Coalition-Unionist, 15,612. Joseph King, Labor, 6,577. J. Thompson, Liberal, 6,515. The election created much interest, particularly as Mr. Lloyd George, the prime minister, wrote the government candidate and said he was fighting against the forces of unreason and unrest. Throughout the campaign Mr. Wise argued that if he was elected it would mean the country gave Premier Lloyd George a vote of confidence in his fight against the nationalization of industries advocated by the miners' leader, Robert Smillie, in the early days of the coal crisis.

TRACING ALLEGED MURDERER.

Montreal, Oct. 8.—Capt. Macmahon of the Salvation Army in Toronto arrived in Montreal this morning and spent some time at detective headquarters. He is the man who is supposed to have heard the confession of a prisoner in a Toronto jail, which led to the finding of the alleged murderer of Constable Thomas Chiochio of this city.

EXPECT NAVY IN TIME TO SAIL UP ST. LAWRENCE

Ottawa, Oct. 8.—(By Canadian Press.)—While advices are still lacking as to the exact date on which the small fleet which has been presented to Canada by the British admiralty will leave for this side of the Atlantic, the hope is expressed that the departure of the vessels will not be delayed beyond the first week in November. Should the warships start for Canada early in November, it will still be possible to carry out the plan to have them come up the St. Lawrence river as far as Montreal before the close of navigation on the St. Lawrence river.

SARDINIAN FAMILIES BURY THE HATCHET

Rome, Oct. 8.—Eight Sardinian families, which have been principals in a vendetta for 65 years, have been reconciled, according to reports to The Giornale d'Italia. Since the feud began there have been 75 murders and much property damage done by members of the families involved. The bishop of Tempio, where most of the families reside, officiated at the ceremony of reconciliation, which was conducted in a crowded church, there being 200 men identified with the feud in attendance.

MORE EARTH TREMORS IN ITALY.

London, Oct. 8.—Two violent earth tremors were felt in Naples, northern Italy, at midnight Wednesday, according to a telegram to The Rome Epoca says a Central News despatch from Rome, dated Thursday. The inhabitants fled into the streets in alarm. The messages reported some property damage had been caused.

DROVE LAST SPIKE ON PALESTINE ROAD

Sir Herbert Samuel Then Drives Engine From Ludd to Jaffa.

Jerusalem, Oct. 8.—Sir Herbert Samuel, British high commissioner for Palestine, yesterday drove the last spike into the sleeper which completed the new widened gauge railway line between Ludd, two miles northeast of Ramleh, and Jaffa. He then donned overalls and drove the engine from Ludd to Jaffa. Sir Herbert stopped the train at Tel-Aviv, the Jewish suburb of Jaffa, where a large crowd showered the engine with flowers. At Jaffa station, the high commissioner was greeted by General Hoxson and Rear Admiral West of the superdreadnought Empress of India, which had just arrived at Jaffa. In acknowledging the greeting, Sir Herbert said the completion of the new railway line was the first step in facilitating business with Jaffa, which he declared would in the near future become the largest port in the eastern Mediterranean.

FRENCH TAKE POSSESSION OF TOGO TERRITORY

Paris, Oct. 8.—Togo territory, a former German possession in Central Africa, was turned over to French authorities by the British on October 1, according to advices received here.

GOVERNMENT PROMISES FAIR RENT LEGISLATION

Ontario Cabinet Gives Sympathetic Hearing to Board of Control—Measure Will Be Put Thru at Next Session of Legislature—Percentage Basis Would Be Source of Controversy and Litigation, Attorney-General Thinks—Mayor for Fair Rents Court.

The representatives of the provincial government gave a sympathetic hearing yesterday to the request of the Toronto board of control for legislation providing relief for tenants who are burdened with excessive rents. The attorney-general, Hon. W. E. Hanson, who presided at the conference, said he could not promise that a special session would be called to pass the needed legislation, without first consulting the premier, who was absent from the city, but he would undertake on behalf of the government to put the legislation thru at the next session, which he said would assemble in January.

Mr. Hanson did not agree with suggestions of Toronto that fair rentals could best be established by granting to landlords 10 per cent. net on present market values.

This method, he said, would be a source of controversy and litigation over the question of actual values. He preferred to choose a standard rental possibly as of January 1, 1919, and permit percentage increases where warranted, after that date.

Other members of the government present were Hon. H. C. Nixon, Hon. W. R. Rollo, Hon. Beniah Bowman, and members of the legislature, including Messrs. Dewar, Curry, Crawford, Ramsden, Thompson and McNamara. All the members of the board of control were present with the exception of Controller Cameron, who is ill.

Must Control Rents.
 In opening the discussion Mayor Church said the deputation had come in pursuance of a resolution of the board of control to lay before the government the necessity of having some kind of control over rents. The board, he said, had felt that some such bill as was proposed at the last session, authorizing the establishment of a fair rents court, should be passed.

The attorney-general said the city's proposal had been tried in other places, notably in Massachusetts, and that it seemed to have satisfied the public. The mayor quoted some present day rentals, showing that from \$90 to \$110 were being charged for three-room houses.

Controller Maguire said the city wanted relief from rent profiteering, and any authority the government could give would be used to the fullest extent.

Controller Ramsden expressed the opinion that it would be a justifiable and proper course to raise the assessments on properties carrying excessive rents, altho the assessment commissioner was against that method. That the present high rents were a considerable factor in augmenting the feeling of unrest was the contention of Controller Gibbons.

Assessment Commissioner Forman handed the attorney-general a list of twenty complaints taken from the 60 received at the city hall on Thursday. These showed rentals running from 17 to 34 per cent. of the assessed value of the properties.

Mr. Forman said that, in his opinion, a landlord was entitled to 10 per cent. net on the market value of his property over and above the overhead charges, but he would not include mortgage interest and local improvement taxes in overhead charges. At the present time, said the commissioner, all Toronto property is under-assessed.

Government Was Rushed.
 Mr. Hanson, in reply, said the city's bill was introduced last session at a time when the government was hurrying to conclusion, which partly explained why the bill had been laid aside. It had first come along as an amendment to the assessment act in a bill with other matters, and was not considered to be in proper form.

The new bill had then been drafted by the city solicitor, embodying the city's legislation, and this had been referred to the legal committee, the majority of whom thought it might do more harm than good. The feeling was that it would produce a crop of lawsuits. In New York state, where similar legislation had been adopted, the trouble which the legal committee had anticipated had been met with, and the courts there were now congested with lawsuits. It should be remembered that landlords also had rights, and that if conditions were made onerous and from they would cease to build, and conditions would be worse than ever.

The government was going to provide the necessary legislation, but the problem was to bring down legislation that would produce the least amount of litigation.

Mr. Hanson's own opinion was that they should start with a standard rental. The rents, as of Jan. 1, 1919, could be taken as a standard, or of any other date agreed on, and percentages above that standard could be authorized where warranted. It was

BE PRETTY! TURN GRAY HAIR DARK
 Try Grandmother's Old Favorite Recipe of Sage Tea and Sulphur.

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray. Years ago the only way to get rid of this misfortune was to make it at home, which is messy and troublesome. Nowadays, by asking at any drug store for "Wyeth's Sage and Sulphur Compound" you will get a large bottle of this famous old recipe, improved by the addition of other ingredients, at a small cost.

Don't stay gray! Try it! No one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, glossy and attractive.

desirable to avoid controversies regarding the value of buildings which would take place if rents were fixed on a basis of the value of the properties.

The attorney-general felt that it was not a subject for hasty legislation. The city was making a survey, and it would be well to get fuller information from New York state concerning similar legislation there. All data could be assembled for the opening of the house early in the year. If the deputation were pressing for a special session, it would be necessary to consult the premier before giving an answer. He could assure the deputation, however, the government would co-operate with the city's legal department in "drafting satisfactory legislation, and the government would undertake to make it possible for all tenants to recover from landlords any excessive rents from this date.

Heating Apartment Houses.
 Controller Ramsden asked, on behalf of the city medical health department, for the reintroduction of the bill regarding the heating of apartment houses, which had been dropped at the last session.

The attorney-general said the matter was to receive consideration again. Controller Maguire, speaking on behalf of the Retail Grocers' Association, asked to have the existing bylaw more rigorously enforced. The magistrates, he said, were not trying to enforce it.

Up rose a young grocer from the east end, who said that he could not go to work at 7 o'clock and that he had sold groceries after that hour in spite of the bylaw. The grocer said he was not engaged in a business, but he did not allow grocers to sell fruit to do business after seven.

The attorney-general said he had no authority to vary the bylaw, and could not instruct the magistrates not to enforce it. The law was there and would have to be enforced.

More Citizens Complain.
 Over a dozen complaints from citizens alleging that they are the victims of landlords' greed, have been received in two days at the city hall. Assessment Commissioner Forman has a staff at work tabulating the information and it will be ready in a few days.

The commissioner also has a staff of 16 men out making a survey of the apartment houses of the city, getting all information pertaining to rents, values, names of owners and so forth.

It was unfortunate, said Dr. Hastings yesterday in commenting on the statement from the social service department, that there was so much overcrowding in the city and that so many buildings in use were unfit for habitation. These had to be left standing because the tenants had no other places to go.

"Seventy-five per cent. of the ordinary six and eight-roomed houses of Toronto have more than one family in them, or else have lodgers," declared J. T. Schoales, chief of the housing division of the health department. When his attention was called to a social service workers' statement that as many as 20 families might be found in a house, he said: "Yes, we did find one 20-room house on Carlton street with 20 families in it—not large families, of course, and there was only one toilet for all of them."

ADOPTING TORONTO'S HEALTH NURSING SYSTEM

Dr. Hastings, M.O.H., who has just returned from the American Public Health Association convention in San Francisco, feels considerably exhausted after sleeping two dozen nights in trains and visiting many places. He took some side trips, including one to Prince Rupert. He reports that times are good in British Columbia, and everybody seems to be making money. Dr. Hastings delivered nine addresses while away.

The doctor found many other municipalities adopting Toronto's health nursing system with district centres. Many health officers in the States, he said, were surprised to find that this system was not new in Toronto.

SCHOOLS TO RECEIVE NAVY LEAGUE PROGRAM

Mon. Dr. R. H. Grant, minister of education, has approved of the plan of the Navy League of Canada, to have a copy of the league's Trafalgar Day program placed in the hands of every pupil in the province, and the objects explained by the teachers.

While Trafalgar presents the basis, the battle of Jutland, the surrender at Scapa Flow of the German fleet, and the priceless sacrifice of the lives of British seamen are not forgotten. A bit of Canadian history is included under the titles of "Canadian National Existence," "The Threatened Destruction of Canada Was Averted" and "The Thin Gassed Line" at Ypres.

BUILDING PERMITS ISSUED.

The city architect's department issued the following permits yesterday:

C. J. Bird, dwelling, 228 Merton St., \$4,000; West Milling Co., office building with dwelling over, 363 Royce Ave., \$14,000; W. Roberts & Sons, dwelling, east side of Patricia drive, near Danforth avenue, \$5,000; Alex. Gault, pair semi-detached two-family dwellings, east side of Broadway Ave., near Brownline Ave., \$12,000; D. Kelso, house and dwelling, 3675 West Dundas St., near Quebec, \$8,000; H. Wilkinson, brick dwelling, east side of Kingswood road, near Lyall avenue, \$3,000.

MOTOR PLANT FOR TORONTO
 Toronto may become the centre of a large manufacturing plant of the Leyland Motors, Limited, London, England. It is the intention to start the works assembling parts sent from the old country, and eventually develop into a plant for the manufacture of the complete car.

FUNERAL OF FORMER TORONTO MAGISTRATE

The funeral of the late Rupert E. Kingsford, K.C., assistant police magistrate for Toronto, took place yesterday afternoon. After a short private service at the residence, 18 St. Joseph street, a public service was held at St. Luke's Church, the rector, Rev. G. F. B. Doherty, officiating.

Floral tributes were received from the mayor and corporation, police headquarters staff, St. George's Society, Magistrate Cohen, police commissioners, and from the Greek and Italian societies.

The pallbearers were: Lieut.-Col. G. T. Denison, Principal M. Hutton, Toronto University; Principal Grant, Dr. J. T. Fotheringham, Percy Galt and Beverly Robinson. Interment was in St. James' Cemetery.

The pallbearers were: Lieut.-Col. G. T. Denison, Principal M. Hutton, Toronto University; Principal Grant, Dr. J. T. Fotheringham, Percy Galt and Beverly Robinson. Interment was in St. James' Cemetery.

SKELTON NOT AFTER THE NOMINATION

Prefers to Win His Spurs in Constituency Less Safe Than Northeast Toronto.

J. M. Skelton, who was asked by the Central Conservative executive to enter the race in Northeast Toronto, and who was looked upon as a possible choice, announces that he is not seeking the position and is not engaged, as was stated by a morning paper, in any contest for the nomination at the party convention to be held on Monday next.

Mr. Skelton states it is hard to keep out of any good fight, and that he is prepared to earn his spurs in some constituency, not quite so safe as Northeast Toronto.

"My friends, so far as this contest is concerned, will get behind any good Conservative and Hydro supporter," Mr. Skelton states.

John Galbraith will be an Independent Conservative candidate, providing Sir Adam Beck or Mayor Church do not run. His nomination papers have already been filed out.

MAY FURTHER DELAY HYDRO RADIAL PROBE

When the Sutherland Commission resumes the hydro-radial investigation next Thursday, it will be able to work only two days and then adjourn for a week unless Judge Sutherland can get someone else to take his judicial work.

The commission has been supplied with data showing that the Hydro expects to carry nearly five million passengers to and from the Queen and Morley avenue district in 1925, on transfers, at the rate of four cents, and that the passengers to be carried to and from the Gerrard and Danforth districts will pay five cents and number nearly six and a half millions.

PREDICTS EARLY DROP IN TORONTO MILK

E. H. Stonehouse, president of the Ontario Milk Producers' Association, stated yesterday that our executive committee have consistently stated that as soon as it is possible to give Toronto citizens another ticket for a dollar it will be done.

Asked when the drop would be likely to take place, Mr. Stonehouse said it would not be long, as prices were falling fast.

PLANS SHOW EASTERN PROVINCIAL HIGHWAY

Plans filed with the city solicitor by the provincial department of highways show that the eastern provincial highway will be the Kingston road from where it crosses the Grand Trunk tracks to the Pickering township line, directly north of Port Union. The distance is just over four miles.

Yonge street is to be taken over as a suburban highway by the province up as far as the northerly limits of Markham township, while the western highway under this scheme takes in Dundas street as far as the Etobicoke River.

APPOINT OFFICERS OF REAL ESTATE BOARD

The newly appointed directors of the Toronto Real Estate Board met yesterday and appointed officers as follows: President, R. B. Rice; vice-president, J. A. Gibson and A. D. Parker; treasurer, J. Harold Walker.

Will Ask Monopoly of Bus and Subway Traffic

The transportation commission has decided to ask the city council to pass a bylaw giving them a monopoly of motor bus and subway traffic in the city. This, they believe, would round out their powers.

At a meeting yesterday the commission dealt also with the question of staff enlargement and offices and it was decided to take offices in the Ryrie building on Yonge street and Shuter. The space available in the Harbor Commission building, it was said, was too small.

The city auditor will have charge of the commission's books for the present.

MRS. M. SUMMERS,
 Box 65 WINDSOR, ONT.

LENGTHY PROGRAM FOR CITY COUNCIL

Will Consider Bylaw in Connection With Teraulay Street Extension.

Council will have a fairly lengthy program to handle at their next meeting on Monday afternoon, but there is nothing outstanding to occasion a prolonged debate.

Among the board of control's recommendations for council to endorse or reject are:

Vote of \$1000 to the special milk committee to carry on its investigation, looking to the establishment of a municipal delivery in the city.

The appointment of Mr. P. S. Patterson and Miss Jane Barclay as the city's representatives on the mothers' allowance commission.

That sewer connection be given several streets in the township in the Oakwood district.

That P. W. Ellis be reappointed for a period of two years, dating from Oct. 11, as the representative of the city council on the Toronto Hydro-Electric Commission.

That sewer connection be given several streets in the township in the Oakwood district.

That P. W. Ellis be reappointed for a period of two years, dating from Oct. 11, as the representative of the city council on the Toronto Hydro-Electric Commission.

TERAULAY STREET EXTENSION

The committee on works is recommending the adoption of a number of reports calling for pavements on the initiative plan, and also the rebuilding of the Victoria street sewer, which has been in use 54 years.

The committee also recommends the adoption of a bylaw giving the assessment commissioner power to appropriate the lands needed in connection with the extension of Teraulay street from College to Davenport road, a work which has been approved by council.

The committee on property recommends the erection of a large number of street lights.

Among the bills to be introduced is one to permit the operation of an auto-

Personal Banking Service

The only adequate method of judging the value of a Service is by results.

Our "Personal Service" policy has shown results in two ways:

To the client—in a more speedy and complete Collection Service; in an intelligent and efficient transaction of all Banking business; and in a willingness on the part of every officer of the Bank to do his utmost to assist the client in every way possible.

To ourselves—in the healthy growth of our own institution.

The story of how "Personal Banking Service" attains results is an interesting one. Let a Sterling Bank officer relate it to you in your office or ours—whenever convenient.

THE STERLING BANK OF CANADA

JAIL FOR TENDERING BOGUS TEN DOLLAR BILL

Jacob Ackerman attempted to change a bogus \$10 bill on his arrival here after working all summer on the lake boats. The shopkeeper became suspicious and sent for the police, whereupon another bogus bill for a like amount was found on Ackerman. He had a roll, representing his summer's savings, which was separate from the worthless note.

Council, in the police court yesterday, pleaded that his client had no means of knowing the paper was counterfeit, but Col. Denison thought otherwise and sent Ackerman to the jail farm for 40 days.

CONVICTION QUASHED.
 Judge Wallace yesterday quashed with costs, the conviction of W. H. M. Reveley, New Toronto, who was fined \$40 and costs by Magistrate Davidson for having erected a gas-line stand, which it was alleged obstructed the Toronto-Hamilton highway in New Toronto.

SATURDAY MORNING, OCTOBER 9.

The Grain Growers' Case Before the Tariff Commission.

Disappointing to date has been the brief presented by the western farmers against the National Policy. They are, as a class, sincere and earnest men. Their views are interpreted to the east by Hon. T. A. Crerar of Manitoba and J. A. Malarg of Saskatchewan, both native Canadians, and by H. W. Wood of Alberta, an American settler.

They have forced upon the grain growers their irreducible minimum of free trade with the mother country. Men like Hon. T. A. Crerar may have extreme views on the tariff question, but they recognize that there is more than one side to the question, and that there must be some give and take between east and west if Canada is to become a mighty nation.

They say that our fiscal policy has built up a manufacturing industry at the expense of agriculture. They do not claim that the various parliaments since 1878, largely composed of farmers, have deliberately sought to ruin the farming industry, but they say that the hothouse stimulation of manufacturing has drawn the boys and girls from the farm to the factory, and has led to wholesale exodus from the farm to the industrial centre.

As to the migration from farm to city, this, in our opinion, reflects a world-wide tendency which could not be checked in Canada, even by making it a penitentiary offence to run a factory. The boys and girls would leave the farm and cross to the industrial centres of the United States if no industrial centres existed in Canada.

From first to last, five hundred thousand people went from the farms of Quebec to the mills of New England. They would have remained in Canada had there been industrial employment for them at that time in the province of Quebec. Today, with Quebec rapidly becoming an industrial province, she is keeping her boys and girls at home, and the trains are busy bringing back to Quebec Canadians anxious to be repatriated.

Then the western grain growers tell us that farming does not pay. Has it failed to pay because of the tariff on agricultural implements? The grain growers say this is the explanation, but they do not present a case that is easy to understand.

Coming Too Fast. For the fiscal year ending June 30, the U. S. commissioner of immigration had to report that more people

had actually emigrated from the United States than had moved into that country. It was observed, however, that during the later months of this period emigration had largely ceased and the tide of immigration had begun to rise.

The labor leaders are becoming alarmed at this swarm of immigrants whose numbers and willingness to work will naturally make for a lowering of wages. Employers of labor are correspondingly jubilant, and it is predicted that congress will be called on to further restrict and possibly for a time prohibit immigration.

The Future of Baseball.

U. S. newspapers are still eagerly discussing the baseball scandal involving, as it does, the future of the game. Boys will play baseball and men go to see games whatever the league teams are to be continued, if professional baseball is to remain a national institution, and if millions of people are to follow the fortunes of a club or the record of a player, the present mess must not only be cleaned up, but there must be a wholesale house-cleaning that will involve not only players, but managers and owners as well.

The Chicago players who sold out the world series appear to have been both weak and stupid. Cloutie, the star-pitcher, who makes a full and free confession, says he needed the ten thousand dollar bribe to pay off a mortgage. But he lost nearly as much money by throwing the series.

Of the 100,000 promised the eight players only a small percentage was actually received. The whole affair was so stupid and crass from the players' standpoint, even the we leave all questions of honor or morality on one side, that we are tempted to form a rather low opinion of their intelligence. They were so manifestly guilty, that they could not claim their extirpated obseques for the world's series of 1919 and Captain Comiskey publicly intimated at the time that he was thru with them.

Yet he re-engaged them for this season, and also it was a matter of common notoriety that there had been crookedness in the world series there was no vigorous searching for the guilty until a public exposure was forced by one of the gambling crowd.

Remark in Passing. The league of nations as at present constituted seems to have resolved itself into a glorified debating society. Well, prices may not come down much, but no one can say conditions are not promising. There seems to be a new promise every day—and that's all.

Harding has expressed himself as opposed to the league of nations. Cox is in favor of it. Now with the issue straight cut the United States can get busy with its great and solemn referendum.

The king of Italy has canceled arrangements for his son's college education, and ordered that he be taught at home. First thing we know royalty will be assuming the airs and extravagance of a plumber.

Globe stories of lost mystery motor cars, the kidnapping of members of the royal family and the movements of great people in England would be of far greater interest if later developments did not prove them untrue.

The president of the milk producers says this talk of Toronto going into the milk business makes him tired. On the other hand his talk of a price drop soon would seem to indicate that the producers are waking up to unpleasant possibilities.

THE CONSUMER: I think I'll take control of the milk supply myself.

member that council has in its midst a baker in the person of Controller Rameken, who may be induced to organize a municipal bakery. It would go well with a civic milk business and perhaps one delivery could handle both.

CONDITIONS IN RUSSIA DEPLORED BY SOCIALISTS

Rome, Oct. 8.—Conditions in Russia are shown to be very serious in a report on that country made public by the confederation of Labor. This report was compiled by a socialist mission, which left here some time ago for Russia, and which spent some time there.

The Russian people, it says, are completely lacking in experience in politics. The physical condition of the people in the towns is at low ebb, owing to insufficient nourishment while economic life is marked by destitution. The manufacturing industries, which has been placed directly in the hands of workers, is declared to have been disorganized and entirely inactive, and the whole country, with the exception of a few localities, is languishing in a state of despair.

WOODSTOCK COLLEGIATE HOLDS FINE FIELD DAY

Woodstock, Ont., Oct. 8.—(Special).—With splendid weather prevailing Woodstock Collegiate held its annual sports day at Victoria Park today. There was a big entry of students, and the day was a great success. The senior championship medal was won by Floyd Maloney, who made 23 points out of a possible 50. Earl Studor won the Junior championship with 39 points out of 50. The Mercer medal for the 100-meter race was won by Reg. Harford.

HOSPITAL CONVENTION.

Montreal, Oct. 8.—The sessions of the American Hospital Association were concluded today. Dr. Daniel C. West of Philadelphia pointed out that the name "American" in connection with the association, is intended to include other interpretations than the broad one which includes the whole continent of America.

RECEIVES FRACTURED RIBS.

Knocked down by an auto on King street, just west of Bay street, yesterday afternoon, Samuel McMurray, a street sweeper in the county, was taken to the city, received two fractured ribs. He was removed to St. Michael's Hospital in the police ambulance. The driver of the auto did not report the accident to the police.

Supplemental Examinations in Applied Science and Engineering

- The following students have passed supplemental examinations in the subjects in brackets:
First Year.

OTHER PEOPLE'S OPINIONS

The World will gladly print under this heading letters written by our readers, dealing with current topics. As space is limited they must not be longer than 200 words, and written on one side of the paper only.

PROTECT ALL ROADS.

Editor World: If the government protects the farmers, by controlling wheat, it should also do the same with sugar, in the interest of the refiners and wholesale and retail grocers. Citizen.

TO ENCOURAGE BUILDING.

Editor World: It is proposed by the board of control to compel house owners to accept less rent for their houses than the present scarcity makes possible for a house at such a reduced rent, could encourage the building of any more houses? I think not. If they will have exactly the opposite effect. It will not even keep down rents, for a tenant occupying a house at such a reduced rent, could easily get a premium from some one else, and the latter would pay the full market price, part to the landlord and part to the former tenant.

Letters of appreciation were received from overseas on the work being done by the Canadian women's hostels for overseas women. These showed 4455 women passed thru, out of whom 1089 have been placed for housework, mostly in and around Toronto and Montreal. They have been most satisfactory, and reports are still employed in housework.

ALGONQUIN PARK

A through sleeping car is now operated between Toronto and Algonquin Park, leaving Toronto 8.45 p.m. Tuesdays and Fridays, arriving Algonquin Park Station (The Highland Inn) 11.55 a.m. Wednesdays and Saturdays. Returning, this car leaves Algonquin Park Station 3.30 p.m. Mondays and Thursdays, arriving Toronto 7.30 a.m. Tuesdays and Fridays. This will give those desiring to visit the park during the fall months comfortable means of transportation to this most delightful region. The "Highland Inn" will be open all winter for the reception of guests. For all information inquire of Grand Trunk Railway System agents, and for reservations at the "Highland Inn" apply to N. T. Clarke, Manager, "Highland Inn," Algonquin Park Station, Ont.

CATHCART FARMER FACING O.T.A. CHARGE

Woodstock, Ont., Oct. 8.—(Special).—Sol Ausleybrook, a Cathcart farmer, was charged in court today with having liquor other than in his own private dwelling. On August 20 a neighbor of the farmer, who was driving down the road leading by the bush on his father's farm and claimed to have discovered two automobiles on the side of the road, one of which he positively identified as Ausleybrook's, were busy transferring bottles of liquor to the cars. There were about 15 cases in all. He took the numbers of the cars, one of which is the number of Ausleybrook's car. For the defence Ausleybrook swore that his car was in a repair shop on the day in question and that he was backed up by the mechanic at the shop. The case was adjourned until October 16.

Boy Claims He Saw Accused Transferring Bottles of Liquor From Car to Bags.

Woodstock, Ont., Oct. 8.—(Special).—Sol Ausleybrook, a Cathcart farmer, was charged in court today with having liquor other than in his own private dwelling. RECEIVES FRACTURED RIBS.

Knocked down by an auto on King street, just west of Bay street, yesterday afternoon, Samuel McMurray, a street sweeper in the county, was taken to the city, received two fractured ribs. He was removed to St. Michael's Hospital in the police ambulance. The driver of the auto did not report the accident to the police.

Supplemental Examinations in Applied Science and Engineering

- The following students have passed supplemental examinations in the subjects in brackets:
Second Year.
General—W. R. Benson (Dynam.), G. R. Bongard (Anal. Geom.), H. A. Bysse (Calc., Opt.), C. H. Carsale (Calc., Chem.), H. M. Chanier (Opt., Metall.), F. B. Cohen (Dynam.), G. S. Dunsmuir (Dynam.), W. Evans (Calc., Org. Chem.), M. M. Evans (Org. Chem.), A. E. H. Fair (Calc., Hydr.), J. E. Fox (Calc.), J. H. Grant (Calc.), F. M. Gray (Calc.), A. G. Gussott (Opt., Astron.), C. Hamilton (Opt.), G. H. Harlow (Dynam.), Org. Chem., A. H. Heatley (Des. Geom.), F. C. M. Houston (Calc., Opt.), A. W. D. Kirkconnell (Stm. Engg.), (Anal. Geom.), G. S. Mallet (Inorg. Chem.), C. W. Mallet (Inorg. Chem.), G. Engg., Elec.).

THE HOUSE 'ROUND THE CORNER

By GORDON HOLMES CHAPTER VIII. (Continued.)

"Oh, yes, I dared all right! A fellow must assert himself occasionally, you know. I can see plainly that you intend remaining in Elmdale till the mystery you have tumbled into is cleared up. In that case, your mother is the right person to take hold of the situation. You'll be vexed with me, no doubt, and tell me that I had no business to interfere, but I've thought this thing out, and I'm backing my judgment against yours. In a less, you'll thank me. See if you don't."

"I shall never forgive you while I have breath in my body," she said, speaking with a slow laboriousness that revealed the tension of her feelings far more than the mere words. "I was sure you'd say the thing being. Anyhow, the thing is beyond our control now, and you know Edie well enough to guess that she'll do as I tell her."

"What did you tell her? I have a right to ask." "I kept a copy of the message," she said, with seeming nonchalance. "I'll read it: 'Meg greatly disturbed by rumors concerning death which occurred in Grange two years ago. Telegraph her mother at once, and recommend immediate journey to Elmdale.' Unless I'm greatly mistaken, that will bring Mrs. Ogilvie here without delay, especially when Edie adds her own comments."

Marguerite sank into a chair. Her sky had fallen. She was too unwell now to find relief in tears. She continued to glower at Whittaker as the he had become some fearsome and abhorrent object. Evidently, however, he had steeled himself against some such attitude on her part. "Don't forget there's two to one in this argument, Meg," he said, sitting down and producing a cigar. "Since Mr. Armatwaite has elected to be your champion after a very brief acquaintance, I must point out that, by your own admission, he recommended the same thing. The only difference is that while he talked I acted."

For a little time there was silence. Whittaker, bracing the tingling out, lighted the cigar. Armatwaite, unable to indulge the impulse which suggested the effective way in which this decade half-breed could be restrained from future interference, could not trust himself to speak. As for the girl, she seemed to be tongue-tied, but her laboring breath gave eloquent testimony of surcharged emotions. Finally, wishing to ease the strain, Armatwaite glanced at his watch. The time was a few minutes after 7. "I'm going into the village," he said. "I believe the dinner hour is 7.30, but I may not return till much later, so you might kindly tell Betty that I shall forage for myself when I come in."

"Don't leave me, Bob," came the despairing cry. "I can't bear to be left alone tonight." "Very well," he said, yielding instantly to that heartfelt appeal. "I'll entrust my business to a deputy. Look for me in 10 minutes." He went. The two in the room heard the front door close, and followed his firm tread as he strode to the gate. Then Marguerite rose, and flung wide a window, and her sorrow-laden eyes dwelt unseeing on the far horizon. She stood there, motionless, until Whittaker stirred fretfully.

"Look here, Meg," he began, but was promptly stricken into silence again. Starting at the sound of his voice as she had heard a serpent's hiss, the girl hurried away without a word; obviously making for the stude of her own apartment. He lighted another cigar. "By gad!" he chuckled to himself, apparently extracting amusement from a situation in which the majority of men would have found small cause for humor. "I've stopped those two for billing and cooing, or my name ain't Percy. I can't stomach that big shaft, and that's a fact. He's just the sort of fellow a girl might lose her head over, but I've put a spoke in his wheel by bringing ma' on the scene. Now I must sit tight, and play my naughty little boy in the corner till she arrives. After that, I'll make it my business to shunt pa into some climate better suited for his particular complaint. Maybe I shan't figure so badly in Meg's estimation when she realizes that I did some hard thinking about this matter. If I hadn't had my eyes at her, I've been looking for some sort of an explosion in this quarter ever since I read of the suicide of Stephen Garth at the Grange, Elmdale. I thought then there was something fishy going on, and I was jolly well not miffed, if I hadn't been such a dashed fool as to tramp over that confounded moor I'd have been here hours sooner. But all's well that ends well, and this affair shall slip out of my grip if I can help it."

He had chosen a strange way in which to woo a maid, but there's no accounting for the vagaries of a warped mind, and Percy Whittaker was a true degenerate, one of those physically weak and mentally perverted things. "In whose cold blood no spark of honor bides." Yet, even his sluggish pulses could be stirred. The house which had witnessed strange scenes played by stronger actors might be trusted to deal sternly with this puny fellow. He got his first taste of its quality before he was an hour older. Continued Monday Morning.

THREE IRISH WITNESSES CABLE AN ACCEPTANCE

New York, Oct. 8.—The committee of one hundred on Ireland has announced that three more Irish witnesses have cabled their acceptance of the committee's invitation to come to the United States and testify before an impartial commission regarding alleged atrocities in Ireland. The witnesses are the deputy lord mayor of Cork, John Derham, town commissioner of Balbrigan, and the chairman of the town commission of Malinbeg.

SEES SOVIET REGIME IN RUSSIA NEAR END

Paris, Oct. 8.—"The soviet regime in Russia is doomed and is reaching its end," Basil Malakof, formerly Russian ambassador to France during Kerensky administration and now representing General Wrangel, the anti-Bolshevik leader in South Russia, told the newspaper correspondents on his arrival in Paris today. The military success of the Poles and the impending collapse of the soviet regime said M. Malakof, but realization by Nikolai Lenin, the soviet premier, and Leon Troitzky, that their propaganda in the western European countries had failed utterly had helped greatly.

M. Malakof asserted that the Moscow soviets had virtually abandoned their propaganda in France and England and were sending all their efforts on central Europe, Czechoslovakia, Jugoslavia and the other newly-formed countries.

O'Keefe's Ginger Ale advertisement featuring a bottle of ginger ale and a car. Text includes 'Out on the Road', 'Motoring is not always pleasant—at times, it becomes tiresome and tedious. But, on your next trip, take along a few bottles of O'Keefe's Dry Ginger Ale, and notice the difference.', and a list of agents: Belfast Ginger Ale, Orangeade, Cream Soda, Lemon Sour, Sarsaparilla, Special Soda, Cola, etc., etc. O'KEEFE'S, TORONTO Phone Main 4202.

Lakeview Lodge, No. 272, I.O.O.F., initiated seven candidates to the second degree last night in St. James' Hall, West Toronto. Four visitors were present from Fairview Lodge, one from California, U.S.A., and one from Central Lodge, Toronto. It was decided to hold a third degree meeting next Friday. Vice-Grand Scorer was in the chair.

SUBWAY IS CLOSED

Runway subway, West Toronto, has been closed to traffic for some time on account of repairs to the sidewalk at the corner of Western and Humberdale avenues, West Toronto.

TOWNSHIP WANTS NIGHT POLICE STAFF

Special Efforts Needed in View of Prevailing Offences in District

Resolved that the clerk be instructed to communicate with the police commissioners of the county of York council that it is the desire of this township to have a night staff of police officers be appointed to deal with prevailing offences such as theft, etc., which are becoming so numerous that special efforts are needed to curb the same, and that action be taken by the commissioners to have the work put into effect as soon as possible.

The foregoing resolution was unanimously passed yesterday afternoon by the township council, upon motion of J. A. Macdonald, third deputy reeve, and seconding of W. H. Miller, secretary. The members intimated many instances calling for action, and that in York township was something for two years now," said Mr. Macdonald.

Dr. Herbert A. Bruce appeared asking the council on behalf of himself and E. H. Wood to request the township council to set aside a specific water area leading from Lawrence Park east to Bayview. About 2,300 feet of pipe would be required. The council decided to view the section described on Tuesday afternoon.

The following contracts for street pavements were approved by the council to be done this fall. It would not be fair to allow contractors to hold these over until spring," said Reeve Miller, "and allow them to take advantage of lower costs."

Also water mains on Grandville avenue, 1,173 feet; Yeatman road, from Western road easterly to Merriton street, 420 feet. It was decided to construct a sewer 157 feet long on Atlas avenue to connect four tenements and relieve overflowing septic tanks, before the road is made permanent.

Reeve Miller had a trip of 4,800 miles by auto mostly over grass land. He reports that the grain was mostly all in, and that thru the whole west the crop of potatoes is exceptional.

In both Canadian and American sections in the west, pupils assist the

NEW TELEPHONES WILL BE INSTALLED

Delay Caused by Company Equipping Other Sections of the City

New subscribers to the Bell Telephone Co., living in the Cedarvale section of St. Clair avenue, may expect to see their phones installed within the next month. The delay has been caused thru the extra expense incurred by the company in equipping other sections of the city, and money would be forthcoming for expansion of the Cedarvale section.

Complaints of the discourtesy of conductors on the Avenue road cars are again coming in. A serious accident was only narrowly averted when the 7.05 car was leaving St. Clair and Avenue road last night. Instead of the car stopping to take up passengers who were waiting it swung round and went off practically empty.

The Earlscourt Poultry and Pet Stock Association will hold their first annual show on October 23 at Kenwood Hall. All classes of birds will be exhibited from Fairbank, Oakwood, Silverthorn, and Wychwood. It is expected that several hundred high class birds will be shown.

The first dance of the season under the auspices of the Earlscourt branch of the G.A.U.V. was held at Kenwood Hall. There was a large attendance of veterans, their wives and sweethearts. McCombe's orchestra furnished the music and there were many original costumes to be seen.

A special meeting has been called by the British Imperial Association for Monday night next at the Earlscourt Public School to hear an address by Rev. P. Stapleton, secretary of the Neighborhood Workers' Association, on the "Social Note in Politics." Other matters also will be brought up prior to Mr. Stapleton's address. G. Willis is president and A. W. Russell, secretary.

teacher at 8.40 a.m. and 3.50 p.m. to raise their national flag," said Mr. Miller. "We should do something like that here to teach our foreigners patriotism."

Harper, customs broker, 35 West Wellington street, corner Bay, Adelaide 4682.

HE HAD IRISH?

Alex. Wylie, of Guelph, was arrested yesterday afternoon by P.C. Hughes, of No. 3 West Toronto, and charged with being drunk and also with a breach of the Ontario temperance act. He had Irish.

BACK-FIRE HAMPAGES

Back fire from a furnace at the J. C. O'Brien Lumber Company, 45 Ernesta Avenue, West Toronto, at 10.15 a.m. yesterday, caused \$100 damage to the building and \$100 to the contents. Insurance covered all.

"Everybody Goes to Markham Fair"

BASEBALL FOURTH GAME TODAY AT CLEVELAND, OHIO

INDIANS CONFIDENT ON THEIR HOME GROUNDS

Backed by Home Rooters, Speaker's Men Expect to Turn the Tables on the Dodgers—Coveleskie Against Either Pfeffer or Marnaux Today.

Cleveland, Ohio, Oct. 8.—Safely encamped upon their own reservation, the Cleveland Indians, winners of the American League pennant, will renew their battle for world series baseball here tomorrow.

Cleveland today radiates confidence and the Indians are confident they are inspired to greater baseball play by the calm assurance of the home crowd.

The Cleveland Club must win the game tomorrow. On the atmosphere of the citizen cannot help, but up to the moment the umpire calls "Play ball!" he can charge the atmosphere with winning psychology that defeat for the Indians is but a matter of routine performance.

In such an atmosphere of enthusiasm, evidence and prodigality, it is not surprising that the spirits of the badly claded Indians should promptly revive upon their arrival here this afternoon.

Close followers who have viewed the battles to date with impartial eyes express the opinion that the super-pennant will be won and lost back on the plains of Brooklyn. It is the opinion that the two teams are so evenly matched that a fair distribution of baseball breaks, each showing an equal number of battles here, leaving the four games to three in favor of the Nationals.

Coveleskie Again, Speaker is expected to start Coveleskie, who turned the National League back in their first rush for the cham-

CANADIAN CURLERS SAIL IN DECEMBER

The first interscholastic track meet held since the pre-war days, was staged at Varsity Stadium yesterday under the auspices of the University Track Club, and brought out some fine talent for future Olympic games.

CANADIAN CHAMPION IN GOLF FINALS

Miss Stirling and Mrs. Hurd Will Play Today for the Woman's Championship.

Cleveland, Ohio, Oct. 8.—Alexa Stirling of Atlanta, Ga., United States and Canadian champion, and Mrs. J. V. Hurd of Pittsburgh won their way into the finals of the national championship golf tournament here today by defeating Mrs. C. H. Vandenberg of Philadelphia and Mrs. David of Memphis, Tenn., in stirring matches.

The golf took a serious reversal at the start of the inside nine, and Mrs. Vandenberg evened the match on the fifteenth hole. Her play was brilliant and she won the match by a score of 18 to 17.

CLOSE TENNIS MATCHES AT VARSITY TOURNAY

Close matches continue to be the rule in the University tennis tournament. The features yesterday were Richardson v. Roden, and Scott v. Roden, and the good playing of both Scott and Roden.

BOUNDING REVENUE SHOWN FOR CANADA

Inland Revenue Receipts Jump Over 300 Per Cent. in Seven Months.

Ottawa, Oct. 8.—(By Canadian Press.) Bounding revenues again mark the monthly statement of the finance department. Heavy increases and, under this head, are included receipts from the luxury and sales taxes imposed in the last budget.

During the seven months of the fiscal year ending on Sept. 30, inland revenue collections totaled \$23,461,312. In the corresponding months of last year, inland revenue collections were \$7,083,223.

During the same periods alone, income tax receipts showed a similar increase. During the seven months of this year, they were \$6,585,418; during the seven months of last year they were \$1,673,623. Revenue from business profits tax shows a slight decline. For the first seven months period, it was: 1919, \$15,884,293; 1920, \$15,189,479.

Public debt was increased by \$22,626,228 last month. The total net debt, no credit being taken for non-asset assets, now stands at \$2,276,516,163.

MODERATE STAND BY MINERS' LEADER

Urges British Workers to Accept Proposal of Datum Line.

London, Oct. 8.—The coal situation in England, which, during the earlier part of the week became blacker, is somewhat relieved today as a result of Robert Smillie's statement urging his miner followers to accept the present proposals of the government of a datum line only as a temporary measure.

Mr. Smillie's statement, which he does not pretend to like the datum line, but is obviously concerned, the opinion that the strength of the Yorkshire miners against the proposal during the week is rather unaccountable, but possibly the result of resentment against the federation for holding a second ballot for the last week of September, however, reveal the highest total since the middle of June, among the chief contributors to this record being districts where the union is not so strong as in the north.

AMPUTATE VICTIM'S LEG AMID TANGLED WRECKAGE

New York, Oct. 8.—Physicians working with the aid of one flickering lantern, early today amputated the right leg of Henry H. Hines, a motorman, in order to rescue him from the tangled wreckage of two street cars telescoped a collision that caused injuries to twenty other persons.

Hines, who was pinned under the car when physicians arrived, persuaded them to perform the operation without the aid of the lantern—because an anesthetic in order to save time. Later, his other leg, badly mangled, was also removed in a hospital.

PLAN NEW BRIDGE OVER ST. LAWRENCE

First Step Toward Ten Million Dollar Structure at Montreal.

Montreal, Oct. 8.—(By Canadian Press.)—Definite steps towards the construction of a new bridge across the St. Lawrence from the foot of the McGill street to the property of the harbor board on St. Helen's island, were taken at a meeting yesterday, committee representing the various bodies interested, with the harbor commission.

The estimated cost is put at \$10,000,000. The general plan, as outlined today, was that the bridge should be built by the harbor commission with funds secured from the Dominion government.

MAKING FOR HALIFAX WITH BROKEN PROPELLER

Halifax, Oct. 8.—The American steamer Carolinian, en-route from a trans-Atlantic port to the American port, is making for Halifax with a broken propeller gone, and is expected to reach here tonight.

The Carolinian, which is owned by the Garland Steamship company of New York, was last reported at Philadelphia on September 4, and is now likely to return here in 24 hours.

WHOLESALE FRUITS AND VEGETABLES

Peaches Were 'Sier and Other Fruits About Steady.

Arrivals of fruit were fairly heavy yesterday at the foot of Scott street, and while the bulk of the offerings—peaches and domestic—held about steady, peaches were a basket on the lines, many of the extra choice even going over the dollar mark. The quality generally was good, the some of the commission houses' said, taking one year with another, they did not think the quality was quite up to the standard. Tomatoes were selling around 90c for good, and pears, plums and grapes were unchanged.

WHOLESALE PRODUCE. Peaches were selling 6-quart baskets at from 25c to 30c, 11-quart lenos 50c to 55c, the latter for extra quality. Peaches at 25c to 30c; plums, 6-quart 25c to 30c, 11-quart 40c to 45c; pears, 6-quart 25c to 30c, 11-quart 40c to 45c; grapes, 6-quart 25c to 30c, 11-quart 40c to 45c; tomatoes, 6-quart 25c to 30c, 11-quart 40c to 45c; lettuce, 6-quart 25c to 30c, 11-quart 40c to 45c; celery, 6-quart 25c to 30c, 11-quart 40c to 45c; eggplant, 6-quart 25c to 30c, 11-quart 40c to 45c; cauliflower, 6-quart 25c to 30c, 11-quart 40c to 45c; Brussels sprouts, 6-quart 25c to 30c, 11-quart 40c to 45c; green beans, 6-quart 25c to 30c, 11-quart 40c to 45c; peas, 6-quart 25c to 30c, 11-quart 40c to 45c; corn, 6-quart 25c to 30c, 11-quart 40c to 45c; sweet potatoes, 6-quart 25c to 30c, 11-quart 40c to 45c; pumpkins, 6-quart 25c to 30c, 11-quart 40c to 45c; winter squash, 6-quart 25c to 30c, 11-quart 40c to 45c; onions, 6-quart 25c to 30c, 11-quart 40c to 45c; garlic, 6-quart 25c to 30c, 11-quart 40c to 45c; mushrooms, 6-quart 25c to 30c, 11-quart 40c to 45c; artichokes, 6-quart 25c to 30c, 11-quart 40c to 45c; asparagus, 6-quart 25c to 30c, 11-quart 40c to 45c; UNABLE TO TRACE NANTON FIRE CAUSE

Fire Wall on Northeast Corner Practically Useless, Fire Chief Says.

FIREMEN DID DUTY

Fire Marshal Tired of Attempts to Blame Hydro Commission.

Inquiry into the fire which partially destroyed the Nanton Court Apartments, was commented by Fire Marshal Heaton in the city hall yesterday. Several officers of the Toronto fire department, the owner and superintendent of the building, and a number of tenants were called to the stand in a thus far unsuccessful attempt to discover the cause of the fire.

James C. Keenan, owner of the Nanton Court, said the blaze was the only fire which had occurred on the premises since the erection of the apartments in 1903. He submitted a plan of the building and explained its construction. He stated that three floors of the building were used for apartments. Between the third storey and the roof, the apex of the roof the space was utilized for storage lockers. In the north wing, where the fire occurred, there were about six lockers, covering the whole attic space between the street line and the east wing. The lockers were individually locked by the separate tenants. There was no connection between the north and east wings other than a door in the wall in the attic between the two wings.

Wires on Attic Floor. Asked if there were any electrical wires in the section of the building where he first saw the blaze, Mr. Keenan said:

MEAN YOU HEAR OF Seen as Their Friends Know Them

MR. ED. MACK—One of Toronto's best-known retail merchants. Mr. Mack was born in London, Ont., in 1857. He was educated at the union school in that city, but came to Toronto early in life, taking up the custom tailoring business. For 16 years he has been one of Yonge street's leading merchants. In 1915 he was married to Miss Maud Richardson of this city. Mr. Mack is well-known in sporting circles, having devoted much of his time to rowing and baseball.

MAKE ASSESSMENT ON PERSONAL GIFT

Professor Appeals to Revision Court—Decision in Cleland Case.

Professor Alfred Baker appeals to the court of revision against his assessment of \$3,000 on income. The professor writes to the court as follows: "The money paid to me by the university, a return of which was made to the city by the bursar, was a gift pure and simple and should not be included in my income. It was \$2,400, received from the Carnegie Foundation of Law. It is worthy of note that the United States authorities have decided that these pensions from the Carnegie Foundation are not subject to income tax. It would seem proper that income tax be not levied on them in Canada."

The court could not decide yesterday whether a gift for personal services was rightly taxable or not, and it was decided to let the point stand until Chairman Drayton returns. Mr. Arday of the court said he preferred to have all such questions referred to the judge.

No Fault With Firefighters. Mr. Keenan said he had no fault to find with his men, who had done their best to put the fire out, and had done the possible punishment.

Wiring Fairly Good. W. J. Bates of the Hydro-Electric Commission's staff, said the electric wiring was in fairly good condition, so far as he could see.

PERSONAL SERVICE CLUB. The monthly meeting of the Personal Service Club was held at the home of the president, Mrs. N. Brock Wilkins, yesterday afternoon. A musicale and a ball will be objects of the near activities of the club.

BREAKING OF MAIN CUTS OFF SUPPLY OF WATER

The breaking of the main under the Don river has cut off the water supply from the Ashbridge's bay district, east of Cherry street and south of Keating avenue.

RAILWAY CROSSING BADLY PROTECTED

Coroner's Jury States One Man Is Insufficient for This Purpose.

That Royce avenue crossing is insufficiently protected and that one man is not sufficient to protect it was the rider added by the coroner's jury last night when they brought in a verdict of "accidentally killed" at the inquest held on Mrs. Sara Jane Harris, aged 50, who was run over by a freight train on Sept. 30.

O.T.A. INQUIRY

The legislative committee of the legislature, which is considering the administration of the O.T.A., will meet again on October 19 at the parliament buildings. A sub-committee met yesterday consisting of Hon. W. E. Rand, Hon. H. C. Nixon, J. W. Curry, Edgar Watson and Dr. Forbes Godfrey, and fixed the date.

AN INTERESTING SESSION

The opening meeting of the University Women's Club was held last night in the club room, 11 West King street. Mrs. John A. Cooper, B.A., in the chair. Reports of the August meeting of the federation were read. Miss Stuart gave some interesting reminiscences of the gathering and congratulated Toronto on the honor of having the first triennial meeting.

WHERE IS MRS. DUNBAR?

Detective headquarters here were notified last night that James A. Dunbar, who lately inherited a large estate, had died in Sherbrooke, Quebec.
