THE FIFTY-SIXTH ANNUAL REPORT OF THE MONTREAL GENERAL HOSPITAL.

Of the 1616 in-door patients who were treated to a conclusion there died 127, or 7.95 per centum. If 35 deaths, which occurred within three days after admission, be deducted, the mortality is reduced to 5.7 per centum. The average number of days of each patient in Hospital was 29½.

Although the number of "out-door" patients treated for affections of the eye and ear have more than doubled, as compared with the previous year, there has not been a corresponding increase in the number of "in-door" patients treated for disease of the eye. This is due to the fact that the ophthalmic surgeon is obliged to restrict his admissions to urgent cases. In view of this circumstance it will probably be well, when the position of the Institution permits it, to afford additional room to ophthalmic cases.

In the "out-door" departments of the Hospital nineteen thousand and seventeen (19,017) prescriptions were given to patients.

Thanks to the alterations and improvements which were reported at the last annual meeting as having been completed, no considerable expenditure of money on the building has occurred in the year under review.

With the view of reducing the expenditure of the Institution as far as possible consistently with its efficiency, some important alterations, in the administration and economy of the Hospital, have been made, and it is gratifying to be able to say that the diminished expenditure reported by the Committee of Management during the first half has been maintained throughout the last half of the financial year.

At the last quarterly meeting of Governors the Committee of Management reported the resignation of the Lady Superintendent, and (because of it) the resignation of Miss Blower and the four other English trained nurses employed in the Hospital.

"The resignation, which the Committee accepted with regret, will take place on the 30th June." The following extract from the Committee's report will be satisfactory to the members of the Corporation and all others interested in the Hospital:

"The standard of nursing in this Hospital has been greatly raised since the advent of Miss Machin, and it is desirable in every way that the present standard should be fully maintained. To this end the Committee are of opinion that it will be necessary to make some arrangements for training nurses in the Hospital, and

this question is respectfully submitted for the consideration of their successors and of the Governors as a body.

"The Committee are of opinion that the expenses hitherto incurred in bringing nurses from England have been abundantly compensated by the beneficial influence of the change upon the whole staff; but nurses cannot be expected to leave their homes unless special inducements are offered. We cannot continue to bring them from England or elsewhere without permanently raising the scale of wages; there would, therefore, be a certain degree of economy in training nurses here."

The hand of death has removed during the year one familiar name, that of the late H. L. Routh, Esq., from the roll of Life Governors, but the following considerable number of gentlemen have been added to it in the same period:

H. A. Allan
J. S. Allan
Daniel Butters
John B. Burland
John Cassels
Gilman Cheney
William Cowie
Walter Drake
G. E. Fenwick, M.D.
Angus Grant
Henry R. Gray
William Gunn
John Hope
Jas. E. Hunter
Thomas Kershaw
D. C. McCallum, M.D.

William McLachlan
John McLennan
J. S. McLennan
Wm. E. Mackenzie
Robert Moat
William Osler, M.D.
Robert Reford
Thomas Roddick, M.D.
Hollis Shorey
John G. Sidey
Louis Sutherland
David T. Tees
Stephen H. Thompson
D. A. P. Watt
Miles Williams

Two sad deaths occurred during the year amongst the resident staff. The late able and efficient House Surgeon, Dr. Cline, and one of the assistant nurses, Flora Bowering, died of diphtheria contracted in the discharge of their duties. Dr. Cline was a man of much promise.

The Governors and the indigent sick of our city are much indebted to the kind offices of the following gentlemen who have acted as collectors for the Hospital in the year just expired, and the great majority of whom have performed the same onerous work several times before: Messrs. W. B. Cumming, John Stirling, Nathan Mercer, Geo. L. Brush, John Larmonth, John McLaren, William Parker, James Linton, N. B. Corse, George Graham, W. A. Whinfield, Wm. Masterman, Alex. Wand, Amos Cowen, H. R. Gray, Wm. Dodd, Jas. Griffin, James Moore, W. F. Palmer, Alex.

In conclusion it may be confidently stated that while a close attention is being paid to restricting in every way the expenditure of the Institution without impairing its usefulness, the Hospital is at present in a high state of efficiency in all its departments, and is ably fulfilling its important functions of caring for the sick and training the young men of our country who are to be the healers of the sick.

All of which is respectfully submitted.

R. P. HOWARD,
Secretary.

MONTREAL, May 21st, 1878.

Moved by Dr. Campbell, seconded by Mr. R. J. Reekie :

That this Society is gratified to learn from the annual report that the Governors are well satisfied with the results of the trained nursing system as pursued in this Hospital, and it hereby expresses like satisfaction, and resolves that this system shall be maintained, extended and continued in the future.

Moved by Mr. George Macrae, Q.C., seconded by Mr. E. A. Prentice :

That the thanks of the Society of the Montreal General Hospital are due, and are hereby tendered, to Miss Machin, the Lady Superintendent, and to her assistant, and staff of trained nurses, for their able and devoted labors in the cause of the sick poor.

Proposed by Mr. John Crawford, seconded by Mr. Angus C. Hooper :

Whereas the Society has learned with much regret that the Lady Superintendent and her staff of trained nurses have resigned, be it resolved : That the Governors be respectfully requested to consider whether it is not possible to have the said resignations withdrawn, with a view to the re-engagement of the Lady Superintendent and staff.

1878, Mr. Andrew Robertson, Vice-President, in the chair, when the following gentlemen were elected officers for the year.

On the motion of Mr. John Crawford, seconded by Mr. J. J. Day, Q.C.:

That this meeting of Governors of the Montreal General Hospital, by this resolution, very gratefully, and not as mere matter of form, tenders its thanks to the several gentlemen who have kindly taken up subscriptions on behalf of the institution throughout the city.

Dr. Campbell moved, seconded by Mr. John Molson:

That the Governors of the Montreal General Hospital desire by this resolution to express their thanks to the Clergymen and Congregations of the several churches in which collections have been made in aid of this charity during the past year.

In supporting the motion Dr. Campbell remarked that he hoped it would soon be possible to have an "Hospital Sunday" in Montreal, as has been accomplished in many of the large cities of the Mother Country. He had no doubt that, if the matter were properly represented to the different Churches, it would prove agreeable.

Moved by Hon. D. A. Smith, seconded by Mr. R. B. Angus:

That the employees of the manufacturing and other business establishments of the city from whom subscriptions have been received during the year, are entitled to and are hereby conveyed the thanks of the Governors of the Montreal General Hospital.
