THE WEST SIDE WORK

Good Progress in Restoration of Union Street—Board of Works Meeting This Afternoon.

A meeting of the board of works is being held this afternoon, to consider the matter of renewing the foundation for the Pettigill warehouse. The sills under the warehouse are said to be almost useless through dry rot. The work, it is estimated, will mean an outlay of about \$4,000.

The work of restoring Union street, west side, is said to be progressing very favorably. The depression at the southern end of the street, just beyond the Clark wharf, has been cribbed and filled with broken stone, and it is expected that trains can resume traffic along the street this evening. The timber used for doing this work was obtained from South Rodney wharf, which is being torn up by the big No. 4 dredge.

An approach to the southern crib of the Clark wharf is being built by city workmen, and a cribwork which is being erected from No. 3 crib of the D. C. Clark wharf, southerly, has been built up as high as it can be at present, as it is necessary to take a scow over at high tide to drive piling for the foundation for the railway tracks.

D. C. Clark is nearing the completion of his contract, and Clark & Adams are making good progress on the construction of the warehouse. The flooring has been laid and a large number of the posts have been set up.

It is understood that the site of No. 1 crib is not yet satisfactory to the wharf contractors, and that some additional work will have to be done before it can be towed into piers and sunk.

SUNDAY'S BATTLE

Fierce Fighting at Casablanca

Where 1,500 Fanatical Arab Horsemen Were Shot to Pieces—Kabyles Marching From Mazagan.

PARIS, Aug. 20.—The government has received confirmation of the report that Mulai Hafiz, the Sultan's brother, has been proclaimed Sultan. The news is creating excitement especially in the neighborhood of Morocco City.

PARIS, Aug. 20.—The correspondent of the Matin at Casablanca speaks in loud praise of the 75 millimetre gun, fourteen rounds of which he says put fifteen hundred Arabs to flight. In attacking the centre of the camp on the right, the Arab horsemen galloped to within four hundred yards of French positions where two rapid fire guns had been mounted on the roof of a farm building. These guns opened each with five hundred shots per minute, swept the ground with a rain of lead and covered it with the dead and dying.

The Spanish, the correspondent continues, were a brave sight as they rode back into camp. Men and horses were covered with blood. The faces of the men were blackened with powder. The attacking tribes on Sunday were the Zingis and Zaidia who are newcomers and were fighting for the first time.

It is announced that a number of Kabyles are marching from Mazagan to Casablanca with the intention of delivering a formidable attack shortly.

The Tangier correspondent of the Matin telegraphs that with the object of getting rid of the fanatical members of the Ulema, who favor a holy war, the Sultan has appointed them to a delegation that is to come to Tangier to discuss measures of pacification.

TERRIBLE HORROR IN CHINESE MINE

Dynamite Explosion Killed 112 Men

MOSTLY CHINESE

News Reached Beiflin in Cable

From Tsing Tau Today--

Several People Killed in Train Wreck on an Arkansas Railroad.

MAY FURNISH A SENSATION

Hartland Fire Enquiry Will Be Resumed Tomorrow Behind Closed Doors.

The investigation into the circumstances attending the recent fire at Hartland will be resumed tomorrow morning, and like the previous session, will probably be conducted behind closed doors.

Considerable interest attaches to the investigation because it has been alleged that evidence of a highly sensational character will be adduced. It has been freely hinted that the fire was of incendiary origin, and that if the investigation should be pursued to a finish, not only the Hartland configuration but several other smaller fires of a suspicious nature may be cleared up.

Shortly after the recent fire detectives were put to work in Hartland, and it is said they succeeded in gathering much information against a certain man whose movements were, they allege, followed by a train of small fires. This man has also been connected with the Hartland conflagration.

The report of the detectives, with the information contained therein, was presented to the commissioners at Hartland but they declined to take the responsibility of acting in the matter, and there it has rested.

The information has, it is understood, been submitted to Hon. H. A. McKeown, and may be used by him. If so, the Hartland fire, as foreshadowed in the Times some weeks ago, promises to develop one of the biggest sensations in the history of the province. Certainly it will be interesting to see if the information said to have been secured by the detectives can be backed up by substantial evidence.

CELEBRATED CASE IS UP AGAIN TODAY

Seery vs Federal Life Has Occupied Four Years

YORK CO. ELECTIONS

Outside of the Parish of Stanley

There is Very Little Interest in the Approaching Municipal Contest—York County Circuit Court.

FREDERICTON, N. B., August 20 (Special)—Judge Landry is holding an adjourned sitting of the circuit court here today to try the now celebrated case of the executors of the late Dr. Seery vs the Federal Life Assurance Co. This case has been pending nearly four years and has already been tried twice. Illness in the family of the presiding judge and the death of a juror annulled the first trial and in the second trial, which took place last year, the plaintiffs recovered a verdict for one thousand dollars, the full amount of the policy. The supreme court subsequently set aside the verdict on application and ordered a new trial. Dr. Stockton, counsel for the plaintiffs died in his stead being associated with Peter J. Hughes, H. A. Powell, K. C., and R. B. Hanson represent the defendant. The policy which the plaintiffs are trying to recover on was issued in 1901 and allowed to elapse the following year. It was renewed, however, a few months before Dr. Seery's death in February, 1903 and the company resisted payment on the ground that in his renewal application he misrepresented the condition of his health. The trial will likely occupy three days.

Nominations for York municipal elections will be made on Monday next and polling takes place on Tuesday, Sept. 2nd. So far very little interest is being manifested and it is doubtful if there will be contests in any more than seven of the fourteen parishes. Sharp fighting is looked for in Stanley where six candidates are running for two seats.

Thomas P. Kent will begin boring a test well this week in the river parishes of Sunbury and Queens. He has finished boring an artesian well for the village of St. Marys and struck a splendid flow of water at a depth of 180 feet.

It is expected that 50 young men from points in York and Northumberland counties will leave this evening on the harvest excursion to the north-west.

PROVINCE FLOATS SHORT TERM LOAN

Premier Robinson Announces That £300,000 Has Been Secured Through Bank of Montreal.

Premier Robinson, who arrived in the city yesterday, announced that the government had made a short term loan through the bank of Montreal by a sale of treasury bills, the amount realized will be \$300,000. The premier explained that a year was as long as treasury bills could be issued for. The proceeds are to be used for retiring treasury bills held at the Bank of British North America, and an overdraft at the same bank. It will also provide for 6 per cent. debentures now maturing, and for expenditures which have been authorized such as the purchase of rolling stock for the New Brunswick Coal and Railway Co., and the construction of permanent bridges.

Hon. Mr. Robinson announced that the loan was made at a little better than 5 per cent. Speaking of the increased provincial subsidy, he said, that he expected that it would be available in a few days. The teachers, the Premier thought, would receive their increased allowances for the next school term. The extra grant to the University of New Brunswick would also be paid as soon as the increased subsidy was in the treasury.

WALTER BARKER IS DOING WELL

Former St. John Man Prominent in New York Business and Athletic Circles.

A St. John boy who has been eminently successful in both business and athletics in New York, is Walter Barker, the well-known shoemaker and veteran fireman of this city. Mr. Barker, who follows the shoe trade, went to New York some few years ago. He secured employment with the "Walk-over" Shoe people's Broadway store, below Fulton street, and soon forged ahead and was recognized as one of their best salesmen. That his ability was seen by others of the trade, is shown from the fact that he was recently appointed manager of the Merit Shoe Store, also on Broadway, on the resignation of that establishment's manager. Mr. Barker is one of the fastest amateur roller skaters in the United States, and has a long string of medals.

In a contest at Sea Beach Palace Rink, Coney Island, on Thursday last, the St. John man was defeated by Jack O'Brien for the half-mile championship and a \$200 cup, offered by the New York Sunday World. Barker had to give O'Brien 20 yards, which proved too much for the distance.

The New York World of Sunday the 4th has this to say:—"The final handicap for the championship of roller skating and the Sunday World \$200 cup took place at the Sea Beach Palace Rink, at Coney Island, last Thursday night. The race was won by little Jack O'Brien of Coney Island. His handicap was 30 yards, and the scratch man, Walter Barker, was right on O'Brien's heels when the race ended.

"The time was 3.21.25, just a fraction behind the world's record for a mile. The race was run in the presence of 2,000 roller skating enthusiasts."

POLICE COURT

John Smith was the sole occupant of the prisoners' bench in the police court this morning. He was charged with wandering about the South wharf late last night, and being unable to give a satisfactory account of himself to the police. He was remanded.

The case against William H. Hopkins, who has been reported for assaulting and beating George Webb, of Carleton, also for selling cigarettes to Murray Campbell, a minor, was to have been heard today but has been postponed till Friday morning at 10 o'clock.

Frank Ross has been reported by the police for throwing missiles on Paradise Row yesterday.

FUNERALS

The funeral of Charles F. Stubbs was held this afternoon from his late residence 294 St. James street, at 3 o'clock. A short service was held at the house at 2.30. Rev. H. D. Marr officiated, and interment was in Fernhill. There were no pallbearers.

THE TIMES NEW REPORTER

JAMESEY IS DISTURBED.

Our esteemed fellow citizen, Mr. Jamesey Jones is in ill-humor. He has a feud with the banks. He says they have been paying him three per cent for money deposited with them and lending it in New York at any where from twenty to thirty per cent.

"We talk about politicians, and insurance men, and grafters, and burglars," shouted Jamesey to the Times new reporter. "Why, I tell you, sir, this thing is outrageous. These bankers are our masters—our masters, sir. They own us. No wonder they pay big dividends and look so when a customer wants a dollar. If things don't mend I shall withdraw all my funds from other investments, buy bank stock, and get rich."

The newspaper said he had lately been thinking of doing something of the sort himself—as soon as he could get any funds. It would be nice to be a banker, or a contractor, but in early life he had made the mistake of taking the newspaper man's vows of perpetual disregard for money, and the habit clung to him.

"You should never cultivate bad habits," quoth Jamesey.

The milk vendors have "soured" on the board of health.

The continued fine weather is causing uneasiness, especially among the crop-killers. This is the third fine day, in regular succession.

The announcement that the ferry steamer Ludlow will go on the route about Sept. 1st, is not official. The Ludlow will go on when she gets ready—no before.

CONTRACTOR'S CLAIMS

The long disputed claims of one firm of contractors on the waterworks extension will, it is said, be tested in the courts. It has been contended from the beginning by the engineer and some members at least of the council that the contract itself determined the indebtedness of the city, and if their contention was justified the appeal to the courts may be regarded with complacency.

THE TRADE RETURN

The trade returns of Canada for the year ending June 30th last, are in some respects unsatisfactory. While there is an increase of over \$65,000,000 in the aggregate, the gain in imports is greatly in excess of that in exports.

THE MONEY STRINGENCY

The Telegraph suggests that the Maritime Board of Trade might properly consider the present attitude of Canadian banks toward Canadian customers, at a time when they have over \$55,000,000 on call in New York.

The account of the fight between a French reconnoitering party and Arabs near Casablanca recalls the story of Kitchener's march to Khartoum. The Moroccan Arabs are endowed with the same dauntless courage as those who shattered themselves against the British ranks in the Sudan.

Of the harvest excursionists who go west some will doubtless remain. That would be a good thing for the west, perhaps for Canada as a whole—but the east is reluctant to lose its strong young men.

The provincial government has affected a loan on fairly favorable terms, considering the state of the money market. The "sineas of war" have been secured.

The early drop in temperature in the west, causing frost at Edmonton, will cause some uneasiness regarding the safety of the crops.

POLITICAL NOTES

Mr. R. L. Borden begins his continental tour at Halifax this evening. He will be in St. John next Monday evening. A dispatch says that the Conservatives of Three Rivers will give him a big demonstration on Aug. 30th.

Premier Robinson states that there is absolutely nothing to be said at present concerning provincial cabinet reconstruction or the elections.

The Hull Labor Club has extended an invitation to Mr. Henri Bourassa, M. P., to speak at the labor demonstration, to be held in Hull on Labor Day. Besides Mr. Bourassa, several other prominent speakers, some in opposition to Bourassa, are expected to attend.

An Ottawa despatch to the Montreal Star says:—"It is quite evident that Mr. Sutherland is not hankering for the strenuous life of a cabinet minister, but will be content to remain the first commoner. Failing George P. Graham, the Liberal leader in Ontario, the vacant portfolio is almost certain to go to Mr. Fred F. Pades, the comparatively new member for West Lambton."

ON A HAPPY MISSION

Rev. Westra B. Stewart Leaves for Kansas City to be Married.

The departure of Rev. Westra B. Stewart, curate of Trinity church, for the west last evening awakened much interest among his many friends owing to the nature of his mission.

"Thus, during the month of January last (1907), there were \$20,000,000 of the country were \$20,000,000; in February, \$29,000,000; in March, \$44,000,000; in April, \$76,000,000; in May, \$77,000,000, and in June, \$78,000,000. I give the round figures."

"During the year 1906, and for every month of that year the government returns show that the banks had an average of about \$85,000,000 loaned on call in countries outside of Canada."

"In January, 1906, \$105,000,000 were loaned in this way; in September, 1906, \$98,000,000; in November, 1906, \$101,000,000 and in December, of the same year, they had \$94,000,000 advanced to borrowers outside the country."

This disposes of the statement that the banks have no money to lend for legitimate Canadian enterprises. As the Star correspondent points out, the country is active throughout Canada, the country is prosperous, labor is well employed, the population is increasing, and the outlook is bright. Yet owing to the action of the banks money is tight. It is a condition that should be altered.

A DESPERATE CHANCE

Thrilling Melodrama Given First Class Production at the Opera House.

The original production of the thrilling melodrama, "A Desperate Chance," by the Majestic Amusement Company, last night, marked the reopening of the Opera House for the season.

The play is founded on the story of the notorious Biddle brothers, and the great Pittsburgh tragedy. The brothers who murder a grocerman and rob him of all his money, are sentenced to death and placed in prison at Pittsburgh.

Between the third and fourth acts specialties were introduced by Lew Orth, as Randolph, the grocer's clerk.

A feature of the performance was the very excellent manner in which the play was staged.

A Desperate Chance will be repeated tonight and tomorrow afternoon and evening.

Boston, Aug. 19.—Little four year old Thomas O'Neill lost his life today and his grandmother, Mrs. Catherine Murphy, lies at the point of death at the Relief Hospital, jerrily burned as a result of a fire which the lad had set at his home in Charlestown, today, while playing with a card of matches.

THE WORK OF THE Y. M. C. A. THROUGH WESTERN CANADA

Great Development Shown from the Pacific Coast to the Great Lakes---What is Being Done in Vancouver, Calgary, Brandon, Edmonton and Other Places.

(Winnipeg Free Press). C. R. Sayer recently appointed traveling secretary for the Y. M. C. A. in western Canada, was in the city yesterday after completing his first trip through the west. He visited all the cities where the Y. M. C. A. work is in progress, including Victoria, Vancouver, Revelstoke, Calgary, Edmonton, Moose Jaw, Regina, and Brandon, and east of the city he visited Kenora, Fort William and Port Arthur. In all of these cities the work of the association is being carried forward, and in several costly buildings are now in course of erection.

In Victoria the work is being carried on in a rented building, but it is proposed to put up as soon as the necessary financial arrangements can be completed, a structure which will cost \$100,000. Lieut. Gov. Dunsmuir, and Mayor Morley have both manifested much interest in the undertaking, the latter stating that, if the money could not be obtained by popular subscription, the city ought to supply it. Two men are engaged permanently in the work of the association in the city, a secretary and a physical director.

BRANDON. In Brandon the new building has been in use for some time and the membership has increased to about 800. The work there has been vigorously carried on for years, and satisfactory results have been attained. The debt on the building, amounting to \$2,000, is a great burden. National officers of the association have been strongly opposed to the assumption of such large indebtedness by city associations and have always most earnestly advised committees not to proceed with building operations until all the money required has been subscribed.

EDMONTON. Edmonton is said to have more men in proportion to its population than any other city in Canada, and the field for the association there is very large. The new building, the corner stone of which was laid July 1 by Mrs. Buley, will cost \$80,000, and it is already apparent that construction will be large enough to accommodate the membership. Good progress is being made.

INCREASED SUBSIDIES Amended B. N. A. Act Has Retroactive Effect From July 1st.

Quebec, Aug. 18--Deputy Attorney-General Lanctot, who returned from England by the Empress of Britain and who jointly with Hamar Greenwood, M. P. for York and formerly of Toronto, watched the proceedings in the British parliament relative to the act to amend the B. N. A. act for the province of Quebec, points out that the bill in question has a retroactive effect to July 1 of the present year. This will ensure the payment of the increased subsidies from that date up to whatever date may be fixed for the coming into force of the act by the king's sanction and signature. In the meantime interest due the province is accumulating.

THE STEEL-COAL CASE Arguments Were Completed Yesterday and Case is Now in Judge's Hands.

Sydney, N. S., Aug. 18--The Steel-Coal trial which has been the big event of the past two weeks in Sydney was brought to a close at 4 o'clock this afternoon. There is much speculation as to what will happen next. Judge Longley's decision will probably be given within the month and some say the case will be appealed, which over side suits, until a final decision is given by the privy council. Others claim that there will be arrangements made for settlement within three weeks, that the trial strongly served the purpose of bringing out all points of dispute as a basis of settlement.

F. A. JEWETT, PRINCIPAL OF KINGSTON SCHOOL. F. A. Jewett, B. A., who graduated from the University of New Brunswick in June last, returned on Saturday from Connecticut where he has been spending the summer and was in the city over Sunday en route to Kingston, Kings county, where he will act as principal of the McDonald Consolidated School, succeeding Dr. W. Hamilton, who has joined the Provincial Normal School faculty. Mr. Jewett has many friends in this city who will be glad to learn of his having been chosen for this position of responsibility. He had a brilliant college course, being the manager of the football team last fall and valedictorian of his graduating class--Fredericton, N. B.

PEOPLE OF NOTE

Empress Augusta Victoria of Germany. The Empress Augusta Victoria of Germany, consort of the many sided and energetic Kaiser, was born a princess of the ducal house of Schleswig-Holstein. In her youth the pretty princess was not used to unlimited wealth and, in fact, her father, the Duke Frederic of Schleswig-Holstein, was in decidedly straitened circumstances and had a hard time keeping up the sort of message suitable for his position. It was in 1870 that the Emperor, then only the grandson of the Emperor of Germany, met his future bride and the empress of today. They were betrothed on June 2nd, 1880, and married on February 27th, 1881; both of them being 22 years of age. Since then the empress has gained the earnest affection of all her subjects, and is regarded as a model wife and mother.

Have a Good Complexion The Flower of Good Health

Keep the skin clean and healthy by washing it in soft water and fine caustic soap. The plenty of friction, a coarse towel, is just the thing. The secret is to bring the blood to the surface and maintain healthy skin. But you must have plenty of blood--the red kind, rich and pure. Unsightly blotches and blemishes will disappear. You will then enjoy the charm that a healthy complexion always gives.

WEDDINGS

Hoyt-Evans. A very pretty wedding took place yesterday afternoon at the home of Mrs. Ellison Hoyt, 248 Britain street, when Blake Arington Hoyt, of the North End, was united in marriage to Ethel Maud Evans, of this city. The ceremony was performed by Rev. Wellington Camp, pastor of Leinster street United Baptist church, of which the bride is a member. The bride, who was given away by her mother, Mrs. M. J. Steeves, of Moncton, looked charming in a costume of white organdie trimmed with Valenciennes lace and insertion. The Earl Company, where the bride was employed, sent a letter expressive of their regret at losing her services and enclosing a check for a handsome amount. The staff of the company also remembered her with a costly present. Numerous other gifts were received from friends in this city and Moncton. Immediately after the ceremony, Mr. and Mrs. Hoyt took the evening train for Fredericton, where part of the honeymoon will be spent. The bride's going away dress was of navy blue cloth with hat to match. On their return Mr. and Mrs. Hoyt will reside in Portland street.

Mrs. Maud S. Lee, of Medford (Mass.), is visiting friends in the city.

Sutton Steeves, of Moncton, who has been in St. Stephen with the Dime Moving Picture Theatre, is on a visit to the city, the guest of A. G. Boyne, at his camp at Belyca's Point.

HOW SIR HIBBERT VIEWS OUTLOOK

Interviewed by Montreal Herald

He Talks on Political Prospects.

(Montreal Herald.)

Sir C. Hibbert Tupper figures that fifteen Conservative seats in the province of Quebec will down the Liberal government. He also figures that there may be an election this fall if the wheat crop is good enough.

Sir Hibbert was yesterday at the Windsor, with Lady Tupper. Asked about election prospects he made the following interesting statement:—

"I think I know Sir Wilfrid Laurier pretty well, and I believe that if there might be, and if he can get his cabinet rearranged there will be an election before another session. The premier is afraid of the present house and he, no doubt, believes that if he can get some new members into the cabinet he will be able to believe that we will carry the country whenever the appeal is made. For instance, the details of certain facts brought before the cabinet are now perfectly well-known to the electorate and this was not the case four years ago."

Sir Hibbert then gave his reasons for the statement that British Columbia would go solidly Conservative at the next election. At the last local election the party was stronger than the government, when the fight was made on party lines the feeling was so strong that Premier McBride won out with a substantial majority. He said he had not supported the provincial government of British Columbia for reasons known to the country, but he declared that there were several very able men in that administration.

As to the future he was going back to the next session and when the writs are issued he will return to Nova Scotia, but he thought that he would probably deliver several addresses on route.

CUT HER THROAT WITH A RAZOR

Mrs. Elizabeth Coy of Brussels street Committed Suicide Last Night.

A shocking case of suicide occurred in the room of 28 Brussels street, last night, between 10 and 11 o'clock, when Mrs. Elizabeth Coy, aged 60 years, wife of Alfred Coy, cut her throat from ear to ear with her husband's razor. The unfortunate woman had been ill for several months, and was mentally unbalanced. She had been in the hands of a physician, and had been advised to go to the hospital, but she refused to do so. She retired for the night, and about an hour later, Mr. Coy, who had fallen into a sound sleep, was awakened by a voice in the next room. Finding his wife was not in bed he hurried into the adjoining room, and was horrified to find her straggled on the floor, her throat cut from ear to ear, and the razor lying only a few inches from her hand. John Nelson, a neighbor, who was awakened by Coy's cries hastened to the street and informed Patrolman Ward of the tragedy. A phone message to central police station was brought to Sergeant Campbell to the spot, and Coroner Berryman also put in an appearance. After viewing the body he said he did not think an inquest would be necessary, and gave permission to have it prepared for burial.

Mrs. Coy is survived by four daughters. They are Mrs. Hazel of White's Head, Kings county; Mrs. Anthea Coy, of Boston; Mrs. Mary Anderson, of Rockland Road. The son, John Coy, married and lives at the rear of 17 St. Paul street. The other daughter, Miss Lily, is employed in the Boston streets, and lives at home. The grand daughter is a daughter of Mrs. Hazlett, and lives with the bereaved family.

GOT HIS DIPLOMA WHEN A MERE LAD

Chas. R. Wasson Who Bought C. P. Clarke's Business Was Youngest Registered Druggist.

Charles R. Wasson, who recently purchased the drug business, which for 48 years was successfully conducted by C. P. Clarke, has the distinction of being the youngest man ever obtaining the diploma, of the St. John Pharmaceutical Society.

In the year 1900, Mr. Wasson, who was then a mere boy, entered the drug business as apprentice to C. P. Clarke, and in 1903 passed the examination of the Pharmaceutical Society board, and obtained his diploma at the early age of seventeen years. In September, 1906, he severed his connection with Mr. Clarke's establishment and entered the employ of A. Chipman Smith & Co., where, after remaining for ten months, he purchased Mr. Clarke's business, which he took over on the first of July last.

Like Mr. Clarke, the new proprietor, who is regarded as one of the most capable druggists in the city, has made a special study of prescription and fine drug trade. He carries a first class up-to-date line of druggists' sundries, and toilet articles of every description, and is one of very few local druggists who will handle neither soda water nor cigars.

B. MOONEY & SONS WILL SUE CITY

B. Mooney & Sons, the contractors on No. 3 and 4 sections on the water extension, are about to issue a writ against the city for claims amounting to \$40,000 in connection with their work on sections 3 and 4 of the water extension to Loch Lomond. The protracted negotiations which have been in progress for the past year with a view to a settlement have been broken off, both sides being of opinion that no settlement can be arrived at except through the courts.

Powell and Harrison are attorneys for Messrs. Mooney but it has not yet been decided who will represent the city.
