

GREAT BALTIC SEAPORT OF RIGA

Big Russian centre at which Germans are now aiming, with the object of encircling the Russian forces retreating to the Kovno-Grodno-Brest-Litovsk line.

IRELAND'S WAVE OF PROSPERITY

Furnishing Big Supplies of Food Brings Prosperity to Farmers and Drovers—Racing Brings in Money Too

New York, Aug. 14.—Ireland is on the top of a wave of prosperity since the war began, said Frank Moran, the fighting man, this morning. "England has long bought food from Norway, Sweden and other countries, but since the German submarines have begun to blow up every ship they can catch bound for England, those sources of food supply have been cut off."

"So the English have had to turn to Ireland, a rich agricultural and grazing country for food, and the result is that the Irish farmers and drovers have more money than they have seen in years. And, of course, when the farmers are prosperous every one shares the good luck with them. I never saw Ireland so well off."

"And there's another matter in which Ireland is better off than any other part of the United Kingdom—there won't be any conscription in Ireland. It is admitted everywhere that the volunteering has been far in excess of what it has been in any other part of the empire. The Irish have done their share and far more than their share in the fighting."

Moran was born in Pittsburg, but he comes of a long line of ancestors famous as strong men in the County Mayo. "Another thing that has brought wealth to Ireland," Moran continued, "is the racing. They are racing on two-week courses in Ireland, from Leopardstown and the Curragh of Kildare to a lot of minor tracks that are almost unknown in this country. Since all the railroads in England are given over to the carrying of troops and army supplies, it would be impossible to transport the horses and the people who go to watch them from one part of England to another."

"So the whole business has been picked up bodily and taken to Ireland. I suppose there are at this moment not less than \$1,000,000 worth of thoroughbred horses in Ireland, and with them no fewer than 10,000 owners, trainers, jockeys, stablemen, exercise boys, and all the rest of the big army that follows the ponies. They are not all at the track every day, but most of them are there three or four times a week. That means a lot of money put in circulation."

"Everything is war over there now. There are no end of war stories. Did you hear of the Connaught Rangers taking part in the year guard action in the Allies' retreat from Mons? The Rangers were halted a dozen times, expecting every time that they were going to have a crack at the Germans, but each time it was a false alarm."

"At last they were suddenly halted. "I don't see us, captain," he said anxiously. "But I do hope there's nothing happened to our Ditchkins!"

"Then they tell of a couple of Irish soldiers who had been out scouting all day. It was late in the afternoon before they saw anything. Then one of them took a long look through his binoculars, sweeping all the way across the horizon."

""Oh, heavens!" he cried, "there's 40,000 Germans coming against the two of us. Get your gun, Larry!"

"That war is pretty sure to last three years longer. That is the opinion of everyone over there who knows the facts and has good judgment."

"The war is pretty sure to last three years longer. That is the opinion of everyone over there who knows the facts and has good judgment."

SUNDAY SERVICES

CONGREGATIONAL CHURCH Sunday evening, Rev. Mr. Haughton's subject will be: "A POPULAR PHILOSOPHY—A BIRD IN THE HAND IS WORTH TWO IN THE BUSH"

LOCAL NEWS

BURIED TODAY The funeral of Harry B. Deherby will take place this afternoon at 2:30 o'clock from his late residence 99 St. James street. Burial services will be conducted by Ven. Archdeacon Raymond, and interment will take place in the Church of England burying grounds.

Last day of annual sale at the People's Dry Goods Store, 14 Charlotte street. Merchants' Picnic committee meeting Monday night.

We are selling men's soft felt hats for 85c, great values today and tonight only—Corbett, 184 Union street.

Rev. G. C. F. Kierstead, B. A. B. D., of Second Baptist church, Regina, will preach at Leinster street church at both services Sunday.

FIFTEEN DEATHS Fifteen deaths were recorded at the board of health offices this week, from the following causes—Three from senility, two from apoplexy, and one each from anæmia, dysentery, carcinoma, endocarditis, hydrocephalus, heart disease, influenza, meningitis, leucæmia, neonatorum and Hodgkin's disease.

TRADES AND LABOR COUNCIL Special meeting, Monday evening, Aug. 16th at 8 p.m., Oddfellows' Union 100, delegates required to be present. Business of importance. 8-17

Don't fail to call at 14 Charlotte street today for the final wind up sale.

A COURAGEOUS ACT. On Friday morning a span of horses owned by the Wilson Box Co., Ltd., became frightened as they were passing a concrete mixing machine at the corner of Douglas Avenue and Main street and ran away. As one of the reins snapped the driver lost control of the animals and they started down towards Indian-point. The driver, Mr. J. W. Brown, pluckily leaped in front of the horses and succeeded in bringing them to a stop before they damaged any property. He was congratulated by onlookers.

Call in and look our shirt stock over; some great values tonight, at Corbett's, 184 Union street.

Our summer millinery clearance sale positively ends tonight. Great bargains in trimmed and untrimmed hats at less than half price.

A New Discovery Father Morrissey's Remedy for Rheumatism and all Kidney troubles, purely vegetable. No Cure—No Pay. All drug stores. Price 50c.

MRS. ELIZABETH DONALD Moncton, N. B., Aug. 14.—The death of Mrs. Elizabeth Donald, relict of John Donald, occurred last evening at her home, Robinson street, resulting from a fall two weeks ago, when she fractured her right leg. She was born in Aberdeen, Scot. With her husband, she came to Moncton in 1870, and resided here for thirty years. She was the mother of three sons and three daughters. The sons are: Alexander and John, I. C. Macgregor, and William, of Montreal, and Edward, of Cap. The daughters are: Mrs. Patterson, with her husband, George McLeod, of St. John; Mrs. Charles Grant, Moncton.

Prices lower than ever for the closing day of first annual sale. People's Dry Goods Store, 14 Charlotte street.

FOR CANADIAN PRISONERS Acknowledgment of further contributions to the Women's Canadian Club fund for Canadian prisoners of war in Germany were made today by Mrs. Richard O'Brien, Mrs. J. E. Campbell, 82; Mrs. Wm. Starr, Rothesay, 82; Mrs. J. S. Taylor, 82; Mrs. J. Roy Campbell, 82; Miss Celia M. Armstrong, 82; Mrs. D. C. Deardon, 81; C. F. Brown, 82.

PLANS FOR SESSION OF I. O. G. T. GRAND LODGE The Grand Lodge of the Independent Order of Good Templars for New Brunswick will meet in Fredericton on Tuesday and Wednesday, August 17th and 18th.

About 200 delegates are expected and there may be a special train run from Moncton over the Transcontinental and J. C. B. lines to bring the delegates from that section of the province.

The York and Sunbury District Lodge at Fredericton has considered plans in connection with the meeting of the Grand Lodge of the Independent Order of Good Templars, which will be one of the features of entertainment provided.

The reports of the officers received by the District Lodge showed the order to be in a flourishing condition there. Last year there were five lodges in the York and Sunbury district, with a membership of 248, and this year the reports showed twelve lodges with 510 members.

The names of the St. John delegates have already been published in the Times.

MUST WANT ANDY TO STAY FOR A WHILE In the police court this morning Andrew Irvine, who was remanded a few days ago on a charge of vagrancy and begging in Union street, was fined \$30 or eleven months in jail. Eight dollars or two months was struck against him for a suspended sentence, and \$50 or three months and six months without a fine for the vagrancy charge.

Mary Romley was again remanded on a charge of assaulting William Hanley with a knife with intent to kill.

Fred O'Dell was remanded until Monday for stealing a watch and ring from John O'Brien, in Brussels street, some time ago. The complainant has failed to appear against the prisoner.

William Thomas, the soldier who is under arrest charged with criminal assault on a young girl was remanded.

PERSONALS Miss Veronica O'Neill of Adelaide street left last evening to spend a vacation in Toronto.

Mrs. J. S. Taylor of Halifax, N.S., is in the city as the guest of Mrs. Matthew O'Neill, St. David street.

That Boy of Yours

What's to become of the lad in case you should die suddenly? Will he, at fourteen or earlier, be forced out into the world to earn a living? Or will you make sure that he gets a proper start in life? You can do it, whether you live or die, by means of an Imperial Endowment policy.

Write for our free booklet which tells all about it. THE IMPERIAL LIFE Assurance Company of Canada HEAD OFFICE - TORONTO A. P. Allingham, Provincial Manager, St. John

Our Mid-Summer Furniture Sale

CLOSES AUGUST 16TH.

Just a few more days in which to secure the liberal discounts which we are giving on our entire stock of up-to-date Furniture and Floor Coverings.

Every few hours during past week of the sale, some visitor would shop with considerable care—and end by taking a memorandum of the things that appealed.

That was always a cheering experience for the salesman. He knew the chooser would return after shopping around. And almost invariably it ended that way.

We Can Furnish a Four Room Flat Complete for \$135.00

RIOT MARKS START OF 15,000 ON STRIKE

St. Louis, Aug. 14.—A running fight between 500 strikers and sympathizers on one side and three non-strike drivers and a score of policemen on the other, which terminated in a riot in front of the St. Louis Transfer Company's stable tonight, was the initial act of violence in the strike of 15,000 transfer drivers and chauffeurs which began here today. The men struck for shorter hours and higher wages.

HEAVY LOSSES INFLICTED ON GERMAN FLEET

Petrograd, Aug. 14.—According to the latest unofficial accounts the Russian Baltic fleet inflicted heavy losses on the German battle squadron near Oesel Island yesterday.

JOHN H. LEAH DEAD

John H. Leah, a well known and highly respected resident of this city, died this morning at his home in Crown street. He was a native of England, but resided in this city for the greater part of his life. When the St. John Salvage Corps was formed he became a member and held papers as a marine engineer.

RECENT DEATHS

The death occurred at Marysville on Friday of Felix Foley, aged seventy-six years. He is survived by a wife, two brothers and two sisters.

Chow Chow One peck green tomatoes, 1 bunch of celery, 8 onions, 2 green peppers, 2 pounds brown sugar, 1 tablespoon allspice, cloves, cinnamon, pepper and salt, vinegar to cover (2 to 3 quarts). Slice tomatoes. Sprinkle with salt and let stand 24 hours. Drain off and rinse in cold water. Chop tomatoes, celery, onions and peppers, put in sugar and spices and cook 2 hours slowly.

Baked Bananas Peel as many as desired, being sure that none of the long threads from the skin remain on them. Split lengthwise, lay close together in an enameled baking pan. Have the pan well buttered or add a lump of butter, 1 cup of hot water, a few spoonfuls of sugar and the juice of 1/2 lemon. Bake 15 or 20 minutes or until very tender.

ENGAGEMENTS ANNOUNCED Mr. and Mrs. J. B. Robinson, Upper Cape, announce the engagement of their daughter, Minnie M. Raworth to Rev. J. H. McLean, B. A. Invitations are out for the marriage of Miss Mayme B., daughter of Mr. and Mrs. Raglan Amos, of Sackville, to Harris Arthur Spence, of Bayfield.

"LITTLE OLD FORD"

rambled right along" and the owner had a can of Snap with him, so that in case of accidents, he could clean up with

SNAP is lots better and quicker than soap. It removes grease and grime—leaves the skin smooth and soft.

What Do You Look For in a Diamond?

Perfection? Most people consider that the first qualification in a stone, yet less than ten per cent. of the stones marketed are perfect.

Perfection is very desirable, but "color" is more so. A perfect stone "off" in color may not be so desirable or worth so much as a slightly imperfect stone of good color.

The safe course in buying Diamonds is to patronize a responsible house which pays particular attention to Diamonds. For many years Sharpe's has been known as such a house, both by the wholesale dealers in Diamonds and the general public.

You are always told the facts about the Diamonds you look at here.

L. L. Sharpe & Son, Jewelers and Opticians, 21 KING STREET, ST. JOHN, N.B.

ONE HUNDRED CANADIANS QUALIFY AS AVIATORS

Many Already in England Receiving Special Training For Work at Front

Ottawa, Aug. 14.—The one hundred aviators whom the imperial authorities asked from Canada have now all passed the examination of the naval service department, and some are in training at Toronto, while others have already gone to England. Since many of the men showed a marked fitness for the work and a great many more men wish to join the service, the militia department has sent an enquiry to England as to whether any more than the 100 are needed. Only the training in aviation is given in Canada. When the men qualify and go over to England they receive military training for actual service at the front.

N. S. AEROPLANE SUBSCRIBED

Halifax, N. S., Aug. 14.—J. Carmichael of New Glasgow, has subscribed one thousand dollars to the Overseas Aeroplane fund. This enables the Overseas Club to close the subscription list of \$1,000 for an aeroplane from Nova Scotia.

Suez Attack Thwarted

Paris, Aug. 14.—A plan in Jaffa for an attack on the Suez canal is said by the ministry of marine today to have been detected and thwarted.

Children's Aid Plans

Definite action is to be taken at once by the Children's Aid Society towards caring for children in unfavorable circumstances. At a meeting held at the Y. M. C. A. yesterday J. King Kelley, secretary, notified the society that the \$1,500 granted by the county council towards the work was available and a total of many instances where action was at once needed. The society agreed to follow these up. An interesting announcement of the further plans of the society will be made shortly. Those present included A. M. Belding, president, in the chair, Rev. W. R. Robinson, secretary, James Peterson, treasurer, F. R. W. Hatfield, W. H. Estabrook, Mrs. H. A. McKeown, Miss Grace Robertson, J. King Kelley, Rev. F. S. Foster and Ven. Archbishop Raymond.

In one block in Chicago 688 families exist, consisting of 1,586 persons, of whom 806 are children. There is one bath tub to each 200.

IOWA WOMAN TELLS OTHERS

How Lydia E. Pinkham's Vegetable Compound Carried Her Safely Through Change of Life.

Cedar Rapids, Iowa.—"As the Change of Life the doctor said I would have to give up my work and take my bed for some time as there was so help for me but to the will, I took Lydia E. Pinkham's Vegetable Compound and kept up my work and I am over the Change and that is all I took. It was better for me than all the doctor's medicines I tried. Many people have no faith in patent medicines but I know this is good."—Mrs. E. J. RICKERT, 32 1/2 S. 4th Avenue, West, Cedar Rapids, Iowa.

Such warning symptoms as sense of suffocation, hot flashes, headaches, backaches, dizziness, irregular menstruation, nervousness, palpitation of the heart, sparks before the eyes, irregular, constipation, variable appetite, weakness and languidness, and dizziness are promptly heeded by intelligent women who are approaching the period in life when woman's great change may be expected.

Lydia E. Pinkham's Vegetable Compound invigorates and strengthens the female organism and builds up the weakened nervous system. It has carried many women safely through this crisis.

If there are any complications you don't understand write Lydia E. Pinkham Medicine Co. (consultant) Lynn, Mass.

Thin People Can Increase Weight

Thin men and women who would like to increase their weight "stay there" fat should try eating a little Sargol with their meals for a while and note results. Here is a good test worth trying. First weigh yourself and measure yourself. Then take Sargol—one tablet with every meal—for two weeks. Then weigh and measure again. It isn't a question of how you look or feel or what your friends say and think. The scales and the tape measure will tell their own story, and most any thin man or woman can easily add from five to eight pounds in the first fourteen days by following this simple direction. And best of all, the new flesh stays put.

Sargol does not of itself make fat, but mixing with your food, it turns the fats, sugars and starches of what you have eaten, into rich, ripe fat producing nourishment for the tissues and blood—prepares it in an easily assimilated form which the blood can readily accept. All this nourishment now passes from your body as waste. But Sargol stops the waste and does it quickly and makes the fat producing contents of the very same meals you are eating now develop pounds and pounds of healthy flesh between your skin and bones. Sargol is safe, pleasant, efficient and inexpensive. Druggists sell it in large boxes—forty tablets to a package—on a guarantee of weight increase or money back.

FARM LABORERS EXCURSIONS TO THE WEST
With the promise of a bumper crop in the west, the governments of Manitoba, Saskatchewan and Alberta have called on Eastern Canada for 100,000 thousand harvest help laborers to assist them in saving the harvest. The Canadian Government Railway will sell harvesters tickets to Winnipeg from all stations in the Maritime Provinces, Tuesday, August 17th, and Tuesday, August 24th, to Winnipeg, at very low rates, the fare from Moncton to Winnipeg being \$18.50, and the fare from other stations will be in proportion. This route will run via the Intercolonial to Montreal, Grand Trunk to North Bay, Temiskaming and Northern Ontario to Cochrane, thence Transcontinental to Winnipeg.

Rates based on half a cent per mile may be obtained at all points west in Manitoba, Saskatchewan and Alberta. Returning tickets will be issued to bona-fide excursionists at very low rates. 8-17

ABOUT BABY MILK

Many mothers there are who do not seem to realize that it is quite possible to procure cow's milk suitable for the needs of all babies. From the special Baby Milk herd at Primrose Farm, you can secure milk of the exact strength (possessing food properties in just the right proportions) to suit the particular requirements of YOUR baby.

Our SPECIAL BABY MILK is produced and cared for under the most highly favorable conditions; the cows are given veterinary inspection regularly, each undergoes, at stated intervals, the tuberculin test, they are properly fed, on the best of food, besides being turned to the finest pastures in summer. They are comfortably housed in light, sweet, airy barns, drink only the purest running water, and are contented and carefully protected.

These cows are milked only by healthy, medically inspected, white-clad men who even wash their hands after milking each cow. The milk passes through sterilized gauze, into sterilized pails and cans all of which are handled with sterilized white cloths and HUMAN HANDS NEVER TOUCH IT.

PRIMECREST FARM SPECIAL BABY MILK IS GUARANTEED STRICTLY FRESH, ABSOLUTELY PURE AND WHOLLY FREE FROM DISEASE. IT COMES IN STERILIZED, SEALED GLASS JARS, at 12c the Quart.

Pure Milk 8c - - - - - Certified Milk 9c Quart

REMEMBER—You can nurse your baby through the night and feed him Primrose Farm Special Baby Milk through the day. This is because the milk of each cow is tested and kept separate, so you can get the strength to "go with" mother's milk.

HUMAN PERSONALITY.

A Product Not of Brain or Heart, But of the Nervous System.

To Galen is ascribed the belief that the brain was the seat of the rational soul, the heart the location of courage and fear, and the liver that of love. This distribution of the element of personality over the physical body finds its explanation particularly in relation to the heart, present in the common speech of today,

Get the Toothsome Taste of the Wheat Kernel. where it reaches highest perfection - in BUTTERNUT BREAD, which is made by an exclusive process, from a famous recipe which develops, as nothing else can, all the delicate, nutlike sweetness of the wheat, besides making its nourishing properties especially strengthening and easily digestible - BUTTERNUT BREAD. Comes Wax-Paper Wrapped At Grocery Stores

back to the beginning of the illness - to begin where the cold began. For instance, if one catches cold by getting the feet cold, say by going out with thin shoes, and getting wet and chilled, it is not the cold, but the long-continued chill that does the harm. The best measure is to take a hot foot bath. The water should be at a temperature of about 100 degrees, and keep it there for about half an hour more. Then lower it to about 95 degrees and stay in the bath another hour. One may safely remain in the bath two hours if suffering with a really bad cold. Drink some more water at the close of the bath and go to bed. It is well to drink just as much water as one can.

Thoroughbreds Arrive in States. New York, Aug. 14 - Among a shipment of twenty horses which arrived here today on the steamer Minnehaha were several English thoroughbreds. One of these is the untired stallion The Curragh, five years old, by the Derby winner Spearpoint, out of Curragh, which won the Kempton Park Jubilee Stakes and the Princess of Wales Stakes last year while owned by Lord Cadogan. The Curragh was purchased recently for breeding purposes by John Sanford, owner of the Hurricane Farm, near Amsterdam, N. Y. Two other thoroughbreds, Brotherton and May Bud, winner of the Nottingham Stakes, were consigned to Harry R. Page, a prominent American turfman and owner of race-horses.

THE CURING OF IT. All Depends, Say Some Doctors, on How You Caught It. (Providence Journal.) The proper treatment of a cold, according to many physicians, depends in some degree upon the way the person has taken the cold. It is necessary to go

DOG PILOTS NURSE AND BABY

Polish Girl, Lost in City, Trusts to Friendly Yellow Pup.

Wanda, the Polish nursemaid of the Mahler household of Darby, has demonstrated to the family that while she can speak no English and doesn't know one Darby street from another she can think herself out of any difficulty once she gets lost.

On Wednesday evening Wanda was instructed to take the family's proudest possession, Mianie, a fifteen-pound incubator baby out for an airing.

Wanda was so intent on looking after baby's personal interests that she got lost.

A night fell she decided she simply must get home to the set, her mind to be on the problem. IAI said a yellow dog came along.

Wanda had seen the dog around the Mahler home and she concluded that if she followed him she would get back into the Mahler neighborhood.

She whistled to the dog and patted him and tried to explain her difficulty to him in Polish, but he didn't understand. Like all Darby dogs, however, he was willing to be sociable. He was paying a series of evening calls and he thought Wanda and the baby wanted to go around with him. Nurse and the baby followed him.

At midnight the whole town was up and hunting for the lost baby.

Finally there was a racket on the front porch made by the dog, the girl and the baby—Philadelphia North American.

Finger nails grow more quickly in summer than in winter. The one on the middle finger grows the fastest and the one on the thumb the most slowly.

ELOCUTION VS. ACTION

The United States and the German Submarines

WHAT OF ROOSEVELT?

Detroit Paper Says Things Would Have Been Different Under Him—The German-Americans—The Hague Conventions

(Detroit Saturday Night.)

In this crisis, Theodore Roosevelt is the true spokesman of America. He would not meet the situation by treating elocution as a substitute for action.

For a full year the purpose and policy of German culture has been before us. As long as it was applied to Belgium we did not complain. Our neutrality protected us against the danger of official aggression. But now that the Belgianism of America has begun we must face the ugly facts. Germany recognizes no rights but her own. She has recognized none; she will recognize none. By bullying us into an amendment of international law in the middle of this war she would drive us into conflict with her enemies. With admirable patience and with studied deliberation, the president of the United States has presented to Berlin in a series of notes the unanswerable logic of the American position. The belated impudence of the Berlin autocracy has ignored, while not denying, the president's warnings. The massacre of Americans stands justified by the German princes and their press. Even while we were demanding reparation for the loss of Americans and their babies aboard the Lusitania, others on the Orms were imported by a German torpedo. The next infringement of the rights of American citizens on the high seas, the president now proclaims will be regarded as "deliberately unfriendly."

Conversation can do no more. The ability of the president as a statesman and a diplomat has reached its limit. If we knew the American people at all, they are through fighting with phrases. They have listened in amazement to Mr. Bryan's peculiar philosophy and turned away in disgust. They have weighed the many words of the peace-at-any-price pacifists and found them wanting. They have come to understand the utter folly of attempting unarmament to competing with the enemy at war. They have noted with growing irritation the manipulation of American passports, the unannounced seizure of the wireless station, the dynamite plots at Port Arthur and Windsor, the shooting of J. P. Morgan, the seizure of the president's vessels to illegal attack.

They complain that the attitude of the president "makes impossible any compromise" in the Lusitania case; on the same principle, we suppose, that one should compromise with a burglar by letting him keep what he steals.

They insist that the president should accept the German offer to permit certain American boats to navigate the high seas unimpeded, so that the president himself has pointed out "subject other vessels to illegal attack."

They declare that the president's reaffirmation of American rights is "unfriendly" and a "deliberate violation of power and a peril to our peace. They plan a mass meeting in Chicago in September to demonstrate to the president that excepting in the case of hostile attack or an invasion of our country, they are against war, and of the slaughter of a hundred innocent Americans on the Lusitania were not attack on our part."

And they send a copy of their traitorous resolutions to Washington, where they have been most honest to send it to Berlin.

German Press Gagged

It is difficult to understand how any intelligent German could be led into such a shameful position in this country, where the facts of the war are available to everybody. The intelligent German at home, of course, is permitted to know anything that might bring the wrath of his kaiser into question. The German people have never yet seen the Serbian reply which Austria presented to the world as a post-humous excuse for the attack on Belgium. Reports of German air raids on the German press, nor are the German papers permitted to leave blank spaces in deleted columns, lest the people might know that something has been cut out. Reviewing these accomplishments of the German censorship, Mr. Haggard explains in Harper's Weekly that they are made possible by the extent to which discipline has become part of the German mind.

Trained in such docile loyalty to his government, the German immigrant naturally is expected to exhibit due sympathy with his native land as against any strange enemy. To him, therefore, it is surprising that his partisanship should carry him into conflict with his adopted country, and that he should defend the very sworn allegiance, except on the theory that he can neither read nor think. But however he does it, there are several other German-Americans who did not attend the Chicago convention, and who will loyally support their government in any emergency. They do not condone the Lusitania affair. They realize that if it is right for German submarines to sink merchantmen carrying

SHARP ATTACK REPULSED

Dangerous Condition Relieved Just in Time By "Fruit-a-lives"

MR. F. J. CAVEEN.
882 Gerard St., East, Toronto.

For two years I was a victim of Acute Indigestion and Gas In The Stomach. It afterwards attacked my heart, and I had pains all over the body, so I could hardly move around. I tried all kinds of medicine but none of them did me any good. At last, acting on the advice of a friend, I decided to try "Fruit-a-lives." I bought the first box last June, and now I am well, after using only three boxes. I recommend "Fruit-a-lives" to anyone suffering from indigestion, no matter how acute.

Simple Indigestion often leads to Heart Attacks, Catarrh of the Stomach and constant distress of mind and body. If you are bothered with any Stomach Trouble, and especially if Constipation troubles you, take "Fruit-a-lives." 50c a box, 6 for \$2.50, trial size, 25c. All dealers or sent postpaid by Fruit-a-lives Limited, Ottawa.

WATER WAS BAD. GOT DIARRHOEA.

Change of water, change of diet, catching cold, eating unripe fruit, etc., are all causes of diarrhoea.

The safest and quickest cure for diarrhoea, dysentery, colic, cholera, cholera morbus, cholera infantum and all looseness of the bowels is Dr. Fowler's Extract of Wild Strawberry.

Mr. W. J. Quinn, Shelburne, Ont., writes: "About two years ago I was out in the West for harvest. I watered out there so hard that I took diarrhoea, and became so bad I was not able to work. I procured a bottle of Dr. Fowler's Extract of Wild Strawberry, and when I had taken half of the bottle the diarrhoea stopped, and by the time I had taken the entire bottle I was able to resume work. I sincerely recommend it to all those troubled as I was."

There are a great many imitations of "Dr. Fowler's" on the market, so see you get "Dr. Fowler's" when you ask for it.

The diarrhoea remedy that has been on the market for the past 70 years. Manufactured only by The T. M. L. Burn Co., Limited, Toronto, Ont. Price, 35c.

BANISH BILE!

A bilious condition of the system is the result of inaction of the liver, often caused by severe headache through the open and complex, causing serious illness in seasons and vomiting, which is frequently followed by a bilious diarrhoea.

Abbey's Effervescent Salt, when placed in direct solution in the propection of the stomach and increases the contraction of its muscles from above downwards. This action is communicated to the intestines and increases the flow of the intestinal juice, thus stimulating the ducts of the liver to pour out the bile, when it can be carried downward by the laxative action of the salt, instead of remaining to clog up the liver and flow back into the stomach.

Thus, if a person who is subject to Biliousness and Bileous Headache will use Abbey's Effervescent Salt, the natural action of the stomach, liver and intestines will be kept up and no bile can accumulate in the system. Sold everywhere at 25c and 40c. Sold by E. CLINTON BROWN, 217 Union Street.

Obstinate Indigestion CAN BE CURED

Dr. Williams' Pink Pills Go Right to the Root of the Trouble

No trouble causes more widespread suffering and discomfort than indigestion. The ailment takes various forms. Some victims are ravenous for food; others turn sick at the sight of meals; but as the rule every meal is followed by intense pains in the chest, heartburn, sick headache and often nausea. Indigestion assumes an obstinate form because ordinary medicines only subdue its symptoms—but do not cure. So-called pre-digested foods only make the digestion more sluggish, and ultimately make the trouble take a chronic form. Dr. Williams' Pink Pills cure indigestion because they go right to the root of the trouble. They make new, rich blood, which so strengthens the system that the stomach does its own work and digests the food in a natural way. Many a terrible sufferer from indigestion has found a permanent cure through a fair use of Dr. Williams' Pink Pills. Among them is Mrs. H. Carmel, Locke Street, North Hamilton, Ont., who says: "Dr. Williams' Pink Pills not only gave me new health but new life. For five years I was a great sufferer, was almost constantly doctoring, and spent a great deal of money with absolutely no result. My stomach was in such a dreadful condition that frequently it would not retain nourishment of any kind. When I ate I suffered terrible pains, a fluttering of the heart and often a feeling of nausea. In addition to this I was in a very anemic condition, and felt as if I was lingering between life and death. One day while sitting in the park, a lady got into conversation with me, and I told her my trouble. She asked me if I had tried Dr. Williams' Pink Pills, saying that they had been a great benefit to her daughter. When I went home I decided to try this medicine. I soon found the pills were helping me, and continued taking them for several months, when I was restored to better health than I had enjoyed for years, and I have since been the picture of health. I hope my experience may be the means of pointing to others the way to health."

You can get these pills through any medicine dealer or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

Lost tent and clothes and am here in a great hurry to place the message which William Leary, clerk of the Federal Court of New York city, sent to the chief clerk to explain why he was not on hand at the court the other morning. Leary had been camping on Woodlawn Beach near Staten Island, when the storm carried his tent and clothing to the other side of Sandy Hook.

Hints for the Cook

Nice Graham Bread
Four cups of graham (good measure), 1 cup of sugar, 1 level teaspoon of salt, 4 heaping teaspoons baking powder, 8 cups of sweet milk, or part water; 2 eggs beaten separately. Mix in order given, bake in loafers one hour (or little more) in slow oven.

Maple Sugar Gingerbread
One cup of maple sirup, 2 cups of flour, 1/2 teaspoon of salt, 1 teaspoon of soda, 1 cup of sour cream, 1 egg and a teaspoon of ginger. Add the soda to the cream when it foams, add the egg, well beaten, then the maple sirup, salt and ginger; lastly, add the flour. Bake in a quick oven.

Blueberry Muffins
One tablespoonful of butter, 1 tablespoonful of lard, 1/2 cup of sugar, 2 eggs yolks, all creamed together, 3/4 cup of milk, 2 cups of flour with 8 even teaspoons baking powder, 1/2 teaspoon of salt sifted in, add flour and milk alternately, then the stiff whites, then last, stirring in carefully 1 cup of blueberries. Served with a creamy sauce, they also make a good dessert.

Ham for Breakfast
Fried ham for breakfast is particularly nice when the slices are cut the night before and are allowed to soak all night in a cup of water, to which a tablespoon of sugar has been added. This softens the meat and takes out the oppressive salt taste.

Frozen Peach Cream
Beat 8 eggs until light, add 8 cups of sugar, a dash of salt and 1 pint of hot milk and stir over cooling water until the custard coats the spoon. Chill and 1 pint of heavy cream and 3 cups of pecked and finely cut ripe peaches and freeze in the usual manner.

Cucumber and Olive Salad
Peel and cut into dice 2 cucumbers and 2 hard-boiled eggs. Add 2-3 cup of sliced olives and 1/2 cup of broken pecan meats, moisten with French or mayonnaise dressing, and serve on crisp lettuce leaves.

Taffy Candy
Three cups granulated sugar, 1/4 cups water, 2 tablespoons vinegar, 1/4 cup butter, a little flavoring. Boil without stirring until it cracks in water, pour out in buttered tins until cool enough to handle and pull until white. After the candy is pulled keep in a cold place or it will soften.

Plum Plumb
Wipe five pounds plums, remove stones and cut in small pieces. Put two pounds seeded raisins through meat chopper. Wipe three oranges and cut in thin slices crosswise, removing seeds. Put fruit into preserving kettle and add five pounds of sugar. Bring to a boil and let simmer until of the consistency of marmalade. Fill jelly glasses, cool and seal.

Mustard Pickles
One quart onions (small), 1 quart cucumbers, 1 quart green tomatoes, 1 cauliflower picked in pieces, 8 green peppers; stand over night in weak salt and water, set on fire and let heat through in morning, and drain. Be sure and not let them boil.

Mustard—Six tablespoons mustard, 1/2 cup flour, 1/4 cups sugar, and turmeric if liked, 2 or more cups of vinegar. Place pickles in jars and pour the dressing, boiling hot, over them, filling jars brim full, then seal. When cooling the dressing if it seems too thick, add more vinegar.

Defiance Cannot be Cured

by local applications, as they cannot reach the diseased portion of the eye. There is only one reliable remedy, and that is by constitutional medicine. Defiance is caused by an inflammation of the membrane covering the eyeball. When this inflammation is not treated, it may become a permanent defect, and the eye may be lost. It is caused by a germ which is introduced into the eye by the hand, or by the use of contaminated water, or by the use of contaminated water, or by the use of contaminated water.

ROYAL STRONG MEN.

Monarchs Who Could Have Qualified as Freaks of Might.

There have been monarchs of a bodily strength sufficient to qualify them as professional "strong men."

Among these was Augustus the Strong of Saxony, who was in the habit of carrying a couple of his courtiers, one in each hand, and holding them at arm's length. Augustus would also twist stout iron bars and break them in two with his bare hands. On one occasion, the story runs, when the horse of one of his attendants balked, the herculean Saxo put his immense shoulders to the animal's flank and literally pushed it on its way.

George Gaetio, Prince of Albania, wielded such a powerful sword that it is said he could sever a bull's head at a single stroke. To decide a wager, this same prince walked off with a platform on which were standing several of his courtiers.

Charlemagne was another of the royal strong men. He could snap horse-shoes with his fingers. If we are to believe the chroniclers of the times, and Don Sebastian, merely by the pressure of his knees he could make his charger groan with pain.

Peter the Great is said to have so developed and hardened his naturally strong muscles by years of work as blacksmith and carpenter that he came to be the strongest man in his dominion. He had only one formidable rival, whose boast it was that he was the only man in Russia who could lift his anvil from the ground.

When this boast came to the ears of Peter that prince set out incognito with a single companion and challenged the blacksmith to a trial of strength. With one word the latter seized his ponderous anvil with both hands and straining his mighty muscles to the utmost, raised it a foot from the ground. When Peter's turn came he raised the anvil higher and higher until to the consternation of his rival, he placed it on his shoulder and walked out of the smithy with it. So startled was the blacksmith by this exhibition of strength that he rushed away to summon the villagers to come and see the evil one who had run away with his anvil.

Peter had a worthy successor in this respect in Alexander III, whose phenom-

H. R. H. PRINCESS MARY

This photograph was taken at Buckingham Palace by Her Majesty's special command and shows the Princess with her "hair up" and in evening dress.

The Spy In Great Britain
Lady Glasnik Writes of Espionage And
Need of Strong Measures

The following very interesting story of German espionage in the Old Country was written by Lady Glasnik and printed in the Lady's Pictorial for May.

While working as chairman of the committee preparing the Woman's Petition to present before Parliament on the alien spy question, many instances of espionage came under my notice. It would not embarrass the authorities in dealing with these matters if given detailed particulars. But the cases group themselves more or less in classes such as those which I touch upon in this article which may therefore serve a helpful purpose.

My postbag these last few months has been a revelation to me. Convinced as I was, personally, of the folly of saying "friendship as usual" to the enemy, I am journeying within our gates, I yet had little idea of the extent to which espionage was being carried on in every direction.

Not a town of any size or strategic importance, not a suburb, hardly even a street but could publish its official "Blue Book," giving facts from personal knowledge of local spies at work; or, not actually at work, living in circumstances that arouse suspicion.

The pretense to be made by the women of Great Britain and Ireland against the enemy alien is revealing, but I should like to feel that even the very kindest and sleepiest women living in a somewhat carelessly kind and unthinking generous country, had wakened in time to sight the danger.

I am not preaching against kindness, I simply ask that we make a point of being alert.

The Life-Long Friend

"But I've known her all my life, nearly twenty years, and she stayed with her people there. Besides she's been naturalized for years, and her husband, too. They couldn't be spies! Please, remember their friends of mine, won't you?"

A generous-hearted Scotswoman made this gentle protest when I ventured to cast suspicion on some friends of hers in the early autumn last year.

"Yes," I said, "of course that young doctor is naturalized—naturalization is a part of the game, and a very essential part, too. How they must laugh at our simple faith! And why did he come to England to study medicine when he could have done just as well and better in his own country? And where wire does his money come from, when you

HAVE CAPTURED
RICH COUNTRY

German South-West Africa
Has Great Promise
IS RICH IN MINERALS

May Become One of Finest Ranch
Countries in The World—First
Part of Africa South of Equator
Discovered by European

Much speculation has been indulged in as to the value as a possession of the immense territory of German South-West Africa, recently described as a wilderness with a fertile tract only here and there.

A South African authority described recently in the Cape Times its dominant physical features as follows:

"A slowly rising, sandy coast belt, a high interior plateau, broken by isolated mountain ranges and stony kopjes, and a gently falling eastern strip of sandy country which merges in the level expanse of the Karoo Desert. The average height of the uplands is about 5,000 feet. The climate on the whole is healthy and equatorial, though malaria fever is prevalent in the sub-tropical north. Before the war it supported a white population of 14,880 people, with some 260,000 natives."

The territory's three great natural sources of wealth are minerals, pasture land and agricultural land.

Development of the territory heretofore has been hampered by a dearth of capital and technical skill. The government policy of settling the land has been characterized by a vigorous application of the principle of Germanization. British occupation of the country surely will lead to far more rapid development with an influx of capital, especially for exploiting its mining possibilities.

ONLY THRIFTY IN SPOTS
Few Men or Women Practice Ail-
Round Economy as Our Fathers Did
Did in Days Gone By.

As a matter of fact, while the "old-fashioned thrift" may be rather phenomenal today, the average person is compelled to be thrifty in one way or another to a considerable extent. A genuine demonstration of all-round thrift is perhaps given by not more than one person in 100.

Ninety-five of the remaining ninety-nine have their special forms of thrift, varying according to their habits, their fancied needs and their interests and obligations in material things. Ninety-five men out of 100 will "plunge" in some of their expenditures, and are thereby compelled to display a cheapening "thrift" in other particulars that are deemed less vital to their comfort or happiness.

It is to be assumed, gets out of life what he most wants, and Z does the same. A would-unwillingly like to have servants in his house, as well as a motor car in a neat garage, but he is unable to afford both, and as his wife is in the enjoyment of good health, he agrees with him that the motor car is preferable.

It would like to have a motor car, but feels that the servants are essential to the comfort of his family, and being a man of good sense, he realizes that everything which a man may desire in his home is not to be secured on less than the income of \$10,000,000 or so, and that ordinary citizens have to contribute to do without some things.

And that is what modern "thrift" consists of—merely doing without some things in order to obtain others—economizing in one direction in order to lengthen the rope of circumstances sufficiently to permit jumping a short distance in another direction. The "old-fashioned thrift" is only an occasional demonstration.

The average man will smoke up a dollar a day without worrying any great

Slice one banana for each person; place in a dish and cover with Corn Flakes; serve with milk or cream and sugar.

Where is Money Coming From?

Indeed, there was no lack of money to redecorate the house. Money came from many sources. Here were a father, three sons, a daughter who daily went to business in the city, and a war—the whole family thrown out of employment, but instead of retrenching, their housekeeping continued on a more lavish scale than formerly, and there seems to be money for every luxury fancied.

Not very far away is another family that interests me. The father is a journalist upon a German paper in London, and his occupation has, of course, automatically ceased with the war. A local tradesman states that these people were regular customers and made large purchases, had—to his chagrin—run into his debt for the nine months preceding August last. When the war came all the tradespeople pressed them at once, and our tradesman began to wonder if he should see his money at all. To his amazement they paid up almost at once, and have bought more largely than ever from all the local shops, though no one can imagine where their money is coming from.

They also occupy a house on a hill-top, and furthermore, immediately overlooking two railway systems, and the only son of this German father has entered into the recruiting office, claiming this son of a German journalist, has not a very excellent opportunity for spying? At any rate, here again happens in Ireland.

A letter from Ireland tells me much that is disquieting. A wealthy German, a neighbor of my friend who writes, is behaving with astonishing insolence. At his farm, which overlooks the harbor mouth, he has two large hounds, who keep all comers at a convenient distance. When a German victory is reported he openly triumphs in the news.

THE FIRST EUROPEAN

It is interesting to recall in connection with the conquest of this immense territory that it was on the shores of the Bay of Bartholomew that the first recorded European landing on African soil south of the Equator. He set up a marble cross on a prominent spot on the south side of the bay, which consequently bears the name Pedestal Point, though the cross has long since been removed. But it appears to have been undisturbed for three centuries in 1825 it was still there, but broken. Apparently it was still seen from the bay in 1844 for Morel, writing in that year, describes Pedestal Point as "a high bluff point rendered conspicuous by a marble cross erected on the summit in 1486, by Bartholomew Diaz." Pieces are now at Lisbon, and a fragment in the South African Museum, the rest has disappeared.

Diaz named the bay Angra dos Ilhos (the bay of the islets)—with reference to the chain of islands which make up almost land-locked. The name soon gave place to Angra Pequena—the little bay—which it was generally known until the German occupation, since that time the bay has been officially called Luderstucht, in honor of the merchant Luderstucht, to whom its occupation was immediately due. It is extremely likely that under the British regime its former name of Angra Pequena will be restored.

From 350 measurements with a special thermo-electrical apparatus, J. H. Ehlers found little need to have an average of about 5.5 degrees F. above the air temperature, and in some instances the difference was more than 15 degrees.

THE MOST FASCINATING
of all sports

Trap-shooting! The "sport alluring!" The one great out door game that appeals to everyone—men and women—young and old! It's full of interest and excitement and with a little practice transforms the "couldn't-hit-a-balloon" amateur into a "crack shot!"

dependability"—the result of first class materials, a well equipped factory and workmen of the highest skill.

Look for the "Big D" on every box of Dominion Shot Shells and Metallics. It's a guarantee of perfection.

Dominion is "the ammunition made wholly in Canada," and sold everywhere.

Any trap-shooting information will be gladly supplied free upon request. Address:

HOW WOMEN HELP TOWARD VICTORY.

In this group of apprentices in Old Country munition factories appear Lady Gertrude Crawford, Lady Gatacre, Lady Colebrook, Mrs. Gyles, Mrs. Pearson and others prominent in London social life. Volunteer staff makes up given instructions at the plant. 'Victory' Lads, who guarantee to turn them out experienced hands in three weeks. This is the first group beginning training.

PERSONAL AND SOCIAL NEWS OF THE WEEK IN ST. JOHN

The most interesting announcement of the week was that made by the Daughters of the Empire at a meeting of the united chapters held on Monday afternoon in the Girls' Club room in Princess street, when the public were given to understand that it is the intention of the association to hold an auction and sale in the St. Andrew's rink early in the month of October on a scale so large that it will eclipse any previous undertaking of theirs. The proceeds will be devoted to replenishing the patriotic fund, which, owing to the length of the war, will have to be replenished. The idea of an auction for raising money has been tried in other cities with excellent results, and members of the O. D. E. are confident of the enthusiastic support of the merchants in the city and throughout the province in this latest and greatest undertaking. Besides the auction and sale the rink will hold many attractions so that it is expected that during the week while the "big show" is running there will be a record attendance. Officers appointed to act with a committee nominated by the five local chapters are Mrs. J. Boyle Travers, chairman; Mrs. Arthur Adams, secretary; Mrs. Helen Sidney Smith, treasurer; Mrs. Heber Vroom, secretary; Mrs. Helen Sidney Smith, secretary; Mrs. Cecil West, Mrs. Charles Inches, Mrs. Neville Maclean.

At her handsome residence on Queen square, Mrs. F. E. Sayre entertained on Friday evening last week in honor of Miss Barbara Thatcher, of Bangor, and Miss Alice Parter, of Texas, young guests of her daughter, Miss Doris Sayre. Jones' orchestra furnished music for dancing and at 12 o'clock delicious refreshments were served. The grounds, which were lighted, were taken advantage of by the guests to walk about in between dances. Mrs. Sayre was given in blue charmes and white lace. Miss Doris Sayre wore apricot silk and net. Miss Thatcher was in heliotrope and silk. Miss Parter's gown was of blue with silver trimmings. Mrs. Charles MacPherson, Winnipeg, who was present, wore mauve broadcloth with touches of cerise. Other guests were Mr. and Mrs. J. B. Cudlip, Mr. and Mrs. John Sayre, Mr. and Mrs. B. Schofield, Miss Jeanette Keith, Miss Mary MacLaren, Miss Kathleen Coster, Miss Frances Kerr, Miss Miriam Kerr, Miss Margaret Carvell, Miss Edith Cushing, Miss Isabel Jack, Miss Edith Cushing, Miss Barbara Jack, Miss Kathleen Jerdee, Miss Dorothy Jack, Miss Maudie Fleming, Miss Marion Moore, Miss Dolly Brown (Frederick), Miss Doris DeVeber, Miss Edith Cudlip, Miss Scarf (Montreal), Miss Nita Kaye, Miss Rosamund McAvity, Miss Miriam Knowlton, Miss Kit Schofield, Miss Mary and Edith White, Miss Louise Annie Armstrong, Miss Lou Robinson, Dr. Stanley Bridges, Mr. J. Pugsley, Mr. Jim Holly, Mr. Caldwell, Mrs. Palfrey, Mr. Bevis Turnbull, Mr. Brydnie Miller, Mr. Atwood Bridges, Mr. Fred Peters, Mr. Stewart McLeod, Mr. Campbell Mackay, Mr. Harry Barker, Mr. Lawrence MacLaren, Miss Edith Cushing, Mr. Jim Kaye, Mr. Rae Mackay, Mr. Ronald Leavitt, Mr. Clifford McAvity, Mr. Cecil West, Mr. Charles Inches, Mr. Neville Maclean.

Mrs. Barbara Thatcher and Alice Parter, guests of Miss Doris Sayre, were entertained at luncheon at the Manor House on Monday. The floral decorations on the luncheon table were particularly effective, and the refreshments delicious. Those present were Miss Thatcher, Miss Parter, Miss Doris Sayre, the two young daughters of the hostess, the Misses Mary and Edith White, Miss Dorothy Jack, Miss Isabel Jack, Miss Edith Cudlip, Miss Edith Cushing, Miss Barbara Jack, Miss Lou Robinson, Miss Marion Moore.

THE WAR AND MIGRATION TO CANADA

Letter—After The War: The Future of Canada

To the Editor of the Times-Star. Sir,—Although the progress of the war is satisfactory, it must be admitted that had we devoted more time to preparing for it before hand, we would have done far better. This progress should be laid to heart, and we should now prepare for putting the affairs of the empire in order after the war, and the longer we devote to it the better it can be done. The one great outstanding need is the distribution of the population.

The fact that Canada a century ago was a wilderness, but in a few years, untold millions are due to migration, mainly from Great Britain. Had the flow of immigration been diverted to Canada's prosperity, savings under crops, wealth, exports and manufactures would have increased. Immigration, she could have exported more food to Great Britain and her Allies, and her population would have been doubled. The patriotism and generosity of the Canadians have assured that the people at home will not be left in a state of want.

Mr. McCaffrey, Frederick, was in St. John yesterday to meet ladies of the I. O. O. F. interested in the work of the St. Andrew's rink, to aid the patriotic fund. Mr. McCaffrey was president and gave many valuable suggestions.

Mr. and Mrs. Eber H. Turnbull and children are guests of Westfield of Mr. Wilcox, for two or three weeks.

Mr. and Mrs. Babcock, of Brooklyn, New York, after spending a fortnight with Mr. D. J. Brown and family, returned to St. John last week-end. The proceeds will be given to patriotic works. Mr. D. J. Seely, Padlock street, who has been visiting relatives in Chicago, returned to St. John last week-end. He is the father of Mr. D. J. Seely and Miss Bessie Seely, Coburg street.

HE BOUGHT HIS WIFE THROUGH FATHER'S SHAME

Bank President Paid For His Bookkeeper's Daughter; 'The Bondwoman'

Very Fuller Mellich at the head of a talented company of Broadway Favorites will open at the Gem on Monday and Tuesday next in a special three-act feature "The Bondwoman." It is a story with a novel theme—practically the purchase of a wife by a bank president. He forces the pretty daughter of his bookkeeper into marriage with himself because of having the means to do so. The story is a very readable, interesting story which will no doubt afford pleasure at the Gem next week.

"The Exploits of Elaine," another chapter replete with exciting adventures further attempts by "The Clutching Hand" to get her within his power. Some new war pictures will be shown at this show while on Friday and Saturday "The Iron Hand of the Law," Chapter 9 in "Road O' Bricks," will be presented. It is a story of a man who loves his wife so much that he would do anything to keep her from leaving him.

The Imperialism of the boys is unappreciated. All the best boys who are at the age of sixteen and upwards, have enlisted by oversteering their ages, and are being sent to the front. These boys are being sent to the front in great numbers. They are being sent to the front in great numbers. They are being sent to the front in great numbers.

The transfer of Europe of much of our home labor has led to a shortage of labor in many industries. This shortage is being met by the employment of foreign labor. This employment is being met by the employment of foreign labor.

Mr. Frank Hatheway, the Misses Hatheway and Mrs. Haley have returned from their walking trip in Nova Scotia and report having had a most delightful tour.

"Cool as a Cucumber"

You can't hope to be as cool as a cucumber in the hot, sultry days, but you can keep your body at a comfortable temperature by eating the foods that make healthy tissue without heating the blood. Cut out meat for a few days and try

SHREDDED WHEAT

with berries, sliced peaches, sliced bananas or other fruits, with milk or cream. It has all the body-building material in the whole wheat grain made digestible by steam-cooking, shredding and baking. It is ready-cooked, ready-to-serve. A complete, perfect nourishing meal for the sultry days.

MADE IN CANADA

MORNING WAR CABLES

London, Aug. 13.—Field Marshal Von Hindenburg has personally taken command of the German army attacking Kovno, and, according to the latest German official report, has made further progress in the fighting against the Russians in that region.

The news that the civilians had commenced to evacuate Kovno, as well as Vilna, led to the belief in many quarters that the Russians either had decided to give them up or had no hope of holding them. Now, however, they are fighting hard to retain both cities, and in the latest official report from Petrograd it is claimed that the Russians have repulsed the German attacks, except at one point, where a desperate artillery engagement is in progress.

The German Crown Prince continues his attempt to pierce the French line in the Forest of the Argonne. He has had a few local successes but the line in the Forest of the Argonne is declared to have been very heavy. The Germans also have also unsuccessfully attacked in Artois, according to the French account.

Two Zeppelins last night visited the east coast of England, dropping bombs. Six persons were killed and 23 injured and 14 houses were seriously damaged. This is the sixteenth air raid on England since the commencement of the war, and in all seventy-six persons have been killed and 175 injured, while two Zeppelins on their way home were destroyed, and one of those which took part in last night's raid is believed to have been damaged by anti-aircraft guns.

The negotiations between the Balkan States are proceeding, but thus far there is no sign of any settlement of the questions at issue.

Marine Notes: The schooner Charles C. Lister was towed into Vineyard Haven, Mass., yesterday with a portion of her head gear and part of her stern carried away. She reported having been run into by an unknown steamer ten miles off Chatham in clear weather Thursday night. She was enroute from St. John to New York.

The Pacific Mail Steamship Company have withdrawn their steamers from the trans-Pacific service and are disposing of them on account of the war. Five of the steamers have already been sold.

Hurt in Auto Accident: John Robinson, of Newcastle, N. B., sustained severe injuries when his automobile containing himself, Mrs. Jack Mann and baby of Chatham and his eleven-year-old brother, passed over a bridge near Red Bank. The others were not so painfully injured, but were badly bruised.

Complaints made by citizens of Sackville that an inadequate service is being provided by the Eastern Electric Light, Heat and Power Company will be heard before the Public Utilities Commission on August 24. The date was fixed at a special meeting yesterday.

Police officials are discussing the practicability of enforcing the curfew law. There is a feeling that young boys and girls be allowed to stay out too late at nights and as a result there is an increased propensity for evil.

It has been calculated that nearly 800,000 feet, or more than 80,000 miles of film are used yearly to satisfy the world's demand for motion pictures.

A trolley car passenger from Portsmouth to Hampton Beach, N. H., counted in the trip 148 automobiles, nine motor cycles, one bicycle and one horse.

To Banish Wrinkles and Freshen Up Quickly: After a strenuous day outdoors, when winds, heat and exhausts have combined to take away your freshness and caused the skin to wrinkle and sag—or after a tedious or fruitless day indoors—one often has urgent need for some quick rejuvenator. Make this a daily habit. It is a pleasant, looking as she does? It's quite easy.

Just get an ounce of powdered aspirin and a half pint of hot water at the nearest drug store. Mix the aspirin for two or three minutes in the hot water. The result will be a wonderful transformation! The wrinkles will have been removed and "ground up" skin will have been replaced by a new, healthy, bright and younger you can hardly believe you are. You can't afford to try this. It is the best and healthiest beauty product ever.

Friends of Lieut. Wm. T. McFarland, of the 26th battalion, will be pleased to know that he has recovered in an English hospital, after an operation for appendicitis.

The 88th Royal Ottawa Battalion reached Bermuda in safety yesterday. They left Halifax on Sunday, August 8, and proceeded in darkness, all lights extinguished. The 88th replaces the R. C. Light, Heat and Power Company which left London, Ont., has recommended a contribution of five machine guns from the city council.

Has Recovered: Friends of Lieut. Wm. T. McFarland, of the 26th battalion, will be pleased to know that he has recovered in an English hospital, after an operation for appendicitis.

Forty-two men have been sent from Fredericton to the Composite Battalion at Halifax within the past ten days, and twelve more were ready to go last evening. Besides these, six others have filed applications for places, although the required fifty men have been recruited. Of the twelve men who have been recruited, five were recruited by Lieut. H. G. White of Stanley, and were to go to Halifax last evening. Those who enlisted yesterday morning are: L. Wood, F. Wood, P. B. Gilmore, J. M. Good, G. Tomlinson, H. Tomlinson, H. Tomlinson, E. Clark, R. Scott, A. Buchanan and E. Clarkson.

A conference of the members of the 26th battalion will be held at Fredericton on Tuesday evening seven o'clock. The members of the 26th battalion will be held at Fredericton on Tuesday evening seven o'clock.

The accident at Oranmore on Tuesday morning which resulted in the death of Miss Kathleen McGrath, brought grief to a large circle of relatives and friends. For the bereaved family there is universal sympathy.

When Eight Yachtsmen Drowned Off Harbor

Old Time Sporting Event Marked by Awful Tragedy—Yacht Sank Off Mahogany Island and Crew Went Down to Graves in The Deep

The following is an account of the yacht race which took place in the harbor on August 21, 1906, for the Corporation Cup, and which had such a tragic ending. The article gives a detailed account of the catastrophe which befell the yachts when a squall struck them, and as a result of which eight men lost their lives. The details follow— Five yachts started from the Second Point yesterday afternoon in the race for the Corporation Cup. Four boats returned to the starting point, but two of them were almost dismantled. The fifth yacht, the Primrose, sank off Mahogany Island and eight out of her crew of twelve were drowned. The men who lost their lives were— Samuel Hutton, of the customs, who was about fifty years of age. Fred Priest, aged twenty, son of Capt. Priest, of the North End, who worked with George E. Holder, the sail maker. Geo. Heathfield, aged twenty-two, a carriage maker, employed in Crothers, Henderson & Wilson's factory. Albert Akerley, aged twenty-six, a carpenter, who lived on Adelaide road. Henry Bartlett, aged twenty-seven, a sailmaker, who lives a widow and two children. James Hurley, about fifty-two years of age, who was a stover, and leaves a widow and several children. Wm. Russell, aged twenty, a son of Wm. R. Russell, the King street clothier. Harry Hoyt, aged nineteen, whose parents live on Esplanade street. The four men saved were: Howard Holder. Thos. H. Miles. Fred S. Heans. James McKeever.

When the yachts left the harbor there was a northwest wind and the boats flew out before it in great style. The first turning point was the wharf buoy and it was done in the following order. The Primrose, Sunol, Clytie, and the Maple Leaf and Grace M. together. Then the wind shifted and came in from the south, but this breeze did not last, and when the Primrose and Sunol were half way on the stretch to Mahogany Island it died out. The Maple Leaf, Grace M. and Clytie which kept away off shore, got quite a fresh breeze and they overtook and passed the other two boats. All the contestants then became becalmed. But away to the westward there were indications of a squall and a shower. The tug Lillie which was on board the referee, Judge Kings, the timer, E. H. Fairweather, the messengers of the boats, Sun representative (the only newspaper man on the boat) and a number of ladies and gentlemen, was close in to Mahogany Island. The yachts had got outside of her in order to round the island, which all the contestants were required to do. A number of sail boats and a steam launch were close at hand watching the manoeuvres of the yachts in the absence of wind. But the storm could be seen approaching and the wonder of everyone on the Lillie was that the boats did not prepare for it. First there came rain and later on a heavy hail storm. It was a gale, and no boat carrying the sail that the yachts had set was safe in it. They were about a mile off Mahogany Island at the time. The squall struck the Maple Leaf (Elijah Bass) first, carrying away her topmast. The crew ran up and were taking in the light sails but they did not have time to accomplish this work. Away went the topmast, and this was all that saved her from a fate similar to that which the Primrose suffered. The Grade M. got it next but she escaped without any injury. The Primrose was the third boat that the squall struck and she went down. The Sunol had her mainmast split, her topmast carried away and her centre board broke. But for the destruction of her topmast there is no telling what might have occurred to her. The Clytie was as fortunate as the Grade M. When the squall struck the Primrose she was close becalmed. She was knocked down on her beam ends and nothing could be done with her. She filled with water and sank. Sank Bow First. The twelve men were left struggling in the water. Just as the breeze sprang up, Mr. Hutton gave orders to hoist all the light sail taken in, but the order was never obeyed. This was not because of the failure of her crew to respond promptly, but because the boat was under water before anything could be done. Every man looked out for himself. Thos. Miles was down in the cockpit and just as the boat sank Howard Holder pulled him out. Nothing but the topmast could be seen and for this Jas. McKeever and Bartlett struck out. It disappeared and the two men had to look out for themselves.

A Heavy Squall. Then came rain and later on a heavy hail storm. It was a gale, and no boat carrying the sail that the yachts had set was safe in it. They were about a mile off Mahogany Island at the time. The squall struck the Maple Leaf (Elijah Bass) first, carrying away her topmast. The crew ran up and were taking in the light sails but they did not have time to accomplish this work. Away went the topmast, and this was all that saved her from a fate similar to that which the Primrose suffered. The Grade M. got it next but she escaped without any injury. The Primrose was the third boat that the squall struck and she went down. The Sunol had her mainmast split, her topmast carried away and her centre board broke. But for the destruction of her topmast there is no telling what might have occurred to her. The Clytie was as fortunate as the Grade M. When the squall struck the Primrose she was close becalmed. She was knocked down on her beam ends and nothing could be done with her. She filled with water and sank. Sank Bow First. The twelve men were left struggling in the water. Just as the breeze sprang up, Mr. Hutton gave orders to hoist all the light sail taken in, but the order was never obeyed. This was not because of the failure of her crew to respond promptly, but because the boat was under water before anything could be done. Every man looked out for himself. Thos. Miles was down in the cockpit and just as the boat sank Howard Holder pulled him out. Nothing but the topmast could be seen and for this Jas. McKeever and Bartlett struck out. It disappeared and the two men had to look out for themselves.

McKeever never saw Bartlett again. Hutton, when last seen by the survivors had hold of the tiller. As he was a poor swimmer it is supposed he went right down. Akerley could not swim and probably sank at once. Those on the Lillie fully expected to see the Maple Leaf capsize, but when it was seen that she had come out of the squall all right their attention was given to the other boats. If ever a lot of people were excited, it was those on the Lillie. One saw the Sunol go under the place where she was last seen steamed the Lillie. It was not an easy thing to locate her position exactly and the steamer came very near passing the place where her crew were battling for their lives. The deck hand was the first to see one of the men. He was swimming along towards the tug, and when the yacht was called out to him he said: "Never mind me, I'm all right; go on and pick the others up." A life buoy was thrown to him. The man was Howard Holder. The other survivors, Heans, McKeever and Miles called out that they needed assistance. Their great anxiety seemed to be for the people they had left behind them fighting for their lives. Life Buoys Thrown. Life buoys were thrown out to these men, but they hardly required them, being good swimmers. Two men disappeared from sight as the tug neared them, ready to provide them with the means to keep themselves above water till a boat could be launched to take them up. One man he was taken to be Hurley sank almost under the bow of the tug, when a buoy was thrown within his reach. Fred Heans, although a good swimmer, kept himself up by the use of the Lillie's bucket, and when the great air in it kept him afloat. When he was picked up he was swimming on his back with the bucket under it. He says he could have kept another man above water with him with the bucket as an assistant. When Heans started in the direction of the bucket, he felt a man catching hold of his foot, but who it was he does not know. When the Lillie found she could rescue no one else, she returned to the four men whom she had supplied with life buoys. Holder was pulled in over the side of the steamer. The other three were picked up by Geo. Holder and some of the crew of the Lillie, who were in the boat launched from the tug. Priest's coat was picked up and Hurley's hat. That is all that was saved, except the four survivors. The Lillie was about a quarter of a mile from the Primrose when she sank and the rescued men were picked up in less than half an hour. Of course, they could have been landed sooner, but once they were furnished with life buoys the tug went on after any others that might be waiting to be picked up. The Primrose survivors say that when picked up the Lillie steamed off to assist any of the other yachts which might need assistance. She towed the Sunol in. The other boats sailed in.

McKeever never saw Bartlett again. Hutton, when last seen by the survivors had hold of the tiller. As he was a poor swimmer it is supposed he went right down. Akerley could not swim and probably sank at once. Those on the Lillie fully expected to see the Maple Leaf capsize, but when it was seen that she had come out of the squall all right their attention was given to the other boats. If ever a lot of people were excited, it was those on the Lillie. One saw the Sunol go under the place where she was last seen steamed the Lillie. HARRY LAUDER SOUNDS A CALL FOR RECRUITS Famous Scotch Comedian, In Appealing Curtain Speech GENERAL STAGE AND FILM NEWS

Will Howard in Worcester; Allan Doone in Australia; John Phillip Sousa to Hippodrome; Notes of the Studios; New Photo Plays and Players

Some time ago it was announced that Harry Lauder was to appear in St. John this fall, playing at the Imperial. This announcement created much interest. Mr. Lauder is now making recruiting appeals in Liverpool. Speaking at the conclusion of his act and dressed in the uniform of a Scot, he says: "Some of you will ask why I stand here and talk like this. Well, because our country needs everything we can give her to day. I will tell you why you have lived to be an old man, you may have a wee hair on your knee, and that wee hair will look you into your wrinkled face and say: 'How old are you, granddaddy?' It booted out from the great European war was fought. You may forget your age, but you will never forget this day when you have lived to be an old man, you may have a wee hair on your knee, and that wee hair will look you into your face and say: 'Did you fight in the war, and did you do some thing granddaddy? You have a heritage to hand down to the children. What are you doing?' Those who grew to like him in his engagement here last fall with the Thompson-Walker Co. will be interested in knowing that Will D. Howard is now playing at the Regent in Worcester, Mass. He is leading man with the Poli Stock. Because the motion picture art has such rapid strides during the last seven years Eva Tanguay is seeking to obtain injunction stopping the showing of the film called "Success" in which she appeared at that time, alleging that she is only seven years old and would be detrimental to her if shown before the public today. The temporary injunction is against Joseph F. Lee and John W. Heaney of 1400 Broadway. Joined the Colors Selwyn & Company received yesterday from Halifax the following letter from John May, stage manager last season for "Under Cover" at the Cort Theatre, New York: "Have been called out by the government and received my appointment as Lieutenant R. N. C. V. R. I am sorry to have to tell you that I shall be unable to be with Selwyn & Company this coming season and that someone else will have to rehearse 'Under Cover.' 'Had I not been called by telegram, I would have let you know before I left New York, but I had to leave very hurriedly. Please accept my thanks for the long and happy season at the Cort Theatre in 'Under Cover'—and if, after the war I should want employment, I hope Selwyn & Company will not forget me. Please have any letters for me sent to the address appended. My kindest regards to you all. Lieutenant R. N. C. V. R. H. M. S. C. 'Diana' Naval Dockyard, Halifax, Nova Scotia. Mr. May was a member of the original cast of 'Under Cover' when the play was produced in Boston. And he acted in it during its thirty weeks' run at the Cort Theatre, New York. He was to have gone on tour with the play next to the address appended. V-L-S-E announces the addition of a

Akerley could not swim and probably sank at once. Those on the Lillie fully expected to see the Maple Leaf capsize, but when it was seen that she had come out of the squall all right their attention was given to the other boats. If ever a lot of people were excited, it was those on the Lillie. One saw the Sunol go under the place where she was last seen steamed the Lillie. It was not an easy thing to locate her position exactly and the steamer came very near passing the place where her crew were battling for their lives. The deck hand was the first to see one of the men. He was swimming along towards the tug, and when the yacht was called out to him he said: "Never mind me, I'm all right; go on and pick the others up." A life buoy was thrown to him. The man was Howard Holder. The other survivors, Heans, McKeever and Miles called out that they needed assistance. Their great anxiety seemed to be for the people they had left behind them fighting for their lives. Life Buoys Thrown. Life buoys were thrown out to these men, but they hardly required them, being good swimmers. Two men disappeared from sight as the tug neared them, ready to provide them with the means to keep themselves above water till a boat could be launched to take them up. One man he was taken to be Hurley sank almost under the bow of the tug, when a buoy was thrown within his reach. Fred Heans, although a good swimmer, kept himself up by the use of the Lillie's bucket, and when the great air in it kept him afloat. When he was picked up he was swimming on his back with the bucket under it. He says he could have kept another man above water with him with the bucket as an assistant. When Heans started in the direction of the bucket, he felt a man catching hold of his foot, but who it was he does not know. When the Lillie found she could rescue no one else, she returned to the four men whom she had supplied with life buoys. Holder was pulled in over the side of the steamer. The other three were picked up by Geo. Holder and some of the crew of the Lillie, who were in the boat launched from the tug. Priest's coat was picked up and Hurley's hat. That is all that was saved, except the four survivors. The Lillie was about a quarter of a mile from the Primrose when she sank and the rescued men were picked up in less than half an hour. Of course, they could have been landed sooner, but once they were furnished with life buoys the tug went on after any others that might be waiting to be picked up. The Primrose survivors say that when picked up the Lillie steamed off to assist any of the other yachts which might need assistance. She towed the Sunol in. The other boats sailed in.

McKeever never saw Bartlett again. Hutton, when last seen by the survivors had hold of the tiller. As he was a poor swimmer it is supposed he went right down. Akerley could not swim and probably sank at once. Those on the Lillie fully expected to see the Maple Leaf capsize, but when it was seen that she had come out of the squall all right their attention was given to the other boats. If ever a lot of people were excited, it was those on the Lillie. One saw the Sunol go under the place where she was last seen steamed the Lillie. It was not an easy thing to locate her position exactly and the steamer came very near passing the place where her crew were battling for their lives. The Primrose survivors say that when picked up the Lillie steamed off to assist any of the other yachts which might need assistance. She towed the Sunol in. The other boats sailed in.

numbers. Jere McAuliffe in "O'Reilly at the Cabaret" made a furore of fun, supported by the company, early in the engagement, and this piece is now to be repeated. It is one of the most amusing in the company's repertoire. Tom E. Davies has entered into arrangements with David W. Griffith for a London presentation of "The Birth of a Nation," either late in August or early in September. Mr. Davies also plans to organize a tour of the provinces with other prints of the picture following the London opening which will take place at the Aquarium, any some equally well known house. The Londoner has come to this country solely for the purpose of seeing the Griffith production and judging its suitability for English audiences. W. Ernest Crosby, of Portland, Ore., clerk in the grocery store of his father, W. A. Crosby, has just signed a contract for sixty weeks with Henry W. Savage's "Sari" company in which Mizal Hajos is starring. He has been engaged as understudy to H. W. Marlow, who plays the part of Laci, and when he has mastered the necessary stage technique he will be cast as Laci himself. Mr. Crosby, who is twenty-six years old, has a powerful appealing tenor voice. After an absence of several years, William Hodge will return to the New York stage next season under the direction of the Shuberts in "The Road to Happiness," a comedy in four acts by Lawrence Wiltman. Mr. Hodge has been appearing on the road in this play for the past few years. Frohman Memorial. Sir James Barrie, Pauline Chase, and Edna May are planning to erect a drinking fountain in memory of Charles Frohman in Marlowe, a village on the Thames, for which the late manager had always professed a great love. Henrietta Crossman has been granted a discharge in bankruptcy by Federal Judge Hand. On Jan. 18 last she filed a voluntary petition, giving her liabilities as \$17,670 and her assets as \$8,000, consisting solely of a claim against her husband, Maurice Campbell, who himself went into bankruptcy at the same time. John Phillip Sousa has been engaged by Charles Dillingham as musical director of the Hippodrome. His band of sixty-five pieces will replace the regular orchestra, and in addition, accompanying the performance will play a half-hour concert before each performance. On Sundays special concerts with optimistic soloists will be given. The use of a band in place of an orchestra is one of the most radical changes ever recorded in theatricals, but it is expected that the public will respond to the new policy with enthusiasm. Mr. Sousa will write a new march to signalize the opening of the playhouse and will contribute other compositions from time to time. The Hippodrome is to open early in September. Mrs. Delmus Young of Lincoln County, Ky., missed a china egg from her henhouse for a few weeks. Recently a snake was killed near her house, and to see what made a portion of the reptile protrude, it was cut open, and the china egg rolled out.

McKeever never saw Bartlett again. Hutton, when last seen by the survivors had hold of the tiller. As he was a poor swimmer it is supposed he went right down. Akerley could not swim and probably sank at once. Those on the Lillie fully expected to see the Maple Leaf capsize, but when it was seen that she had come out of the squall all right their attention was given to the other boats. Reds Not For Sale

Cincinnati, O., Aug. 14.—August Herrmann, president of the Cincinnati Nationals, when told of a proposed franchise in Chicago, Friday, at which the Cincinnati baseball club was to be negotiated for sale.

Peter Volo and Axworth to Race

Cleveland has booked two great drawing attractions for the opening day of its fair next week in the match races between Peter Volo and Lee Axworth and William against Dretum I.

Grand Rapids Races

Tommy Murphy's mounts were driven to firsts in two of the three events carded for Grand Circuit get-away day here today. Saddle S, won the 218 trot in the exceptional time of 2:07, 2:07, and 2:07, which is the fastest time made by this class of trotters this year.

The Moosepath Races

At Moosepath this afternoon the 218 and 215 classes are scheduled to race on Monday the free-for-all and 2:20 events will be held.

No Racing in France

New York, Aug. 14.—Al Copland wires from Saratoga that Thomas Welsh, who has been training the stable of Joseph E. Widener, of Philadelphia, in France for several years, says that he left Mr. Widener's stable of twenty-nine horses at Chantilly, where there are fully twenty-five hundred thoroughbreds quartered.

Arrangements Being Made To Hold Field Sports - Outside Entries Sought and Good Contests Expected

Moncton Transcript.—It is understood that Labor Day will be a banner day for Monctonians in the way of field sports. Nothing is being left undone to make the day a success, and to arrange sports whereby everyone who wishes may participate.

So far as is known, the sports will consist of a ten mile running race, five mile walking race, bicycle race, one mile running race, one hundred yard dash both of men and women, and other running races for numerous to mention pole vaults; high jump; tug-of-war to consist of ten on a side, anyone eligible to enter a team; hose coupling contest and other sports to be mentioned later. Prizes will be offered for every event. The sports will begin with a parade in the morning on the principal streets

that there will be no racing in France as long as a German remains in the country.

Notes of Interest

Frankie Calahan, who is to meet Gilbert Gallagher in Boston Aug. 24, is said to be about the hardest-hitting lightweight in the country. He has toppled over many in that class with lefts and rights.

Georges Carpentier, the French heavyweight champion, who is now an aviator in the French army, met with an accident while scouting at the front in his airship the other day. His motor stopped, and when he landed he received flying bad cuts and bruises that he had to go to the hospital.

Abe Attell, the ex-featherweight champion, will not be surprised had Kibane, who took the title away from him, in his master. Attell is still hounding Kibane for a return bout, and to show that he is not a has-been by any means, is going to take on Frankie Fleming, the Canadian featherweight, at Glenview, N. Y., on Labor Day.

Champion Freddie Welsh says that he would welcome decisions being given in the bouts he boxes in New York. Welsh does not believe there is a boxer in the world who can outpoint him in a ten round bout.

THE RING

Hagan Won From Parsons.

Halifax, Aug. 13.—The fifteen-round boxing bout between Fatsy Hagan and Billy Parsons, of North Sydney, tonight went the limit. The bout was fast, and Hagan was given the decision.

AQUATIC

Swimming Competitions. Under the direction of Instructor Mark Burns yesterday afternoon, successful aquatic sports were held at city baths, with children for the most part competitors. Many people witnessed the exercises with pleasure.

The officials of the day were: Mrs. Blewett and George Waring, judges; and Instructor Burns, director.

The prizes, which were donated by Instructor Burns, were awarded as follows: Swimming contest for girls, breast stroke—First, Irene Betts; second, Dorothy Keeler.

Long distance swim for boys—First, Bert Carleton; second, Agar Clark. Standing dive—First, William Davidson.

Hamming dive from springboard—Backward dive—First, Charles Day; second, Gordon Betts.

Former Oarsman Wins Honors

London, Aug. 14.—Lieut. Oliver Dwight Filley, of the Royal Flying Corps, has been awarded the military cross for conspicuous gallantry on July 15, while taking observations for the British artillery.

The lieutenant is a member of the well-known St. Louis family, and was captain and stroke of the crews in 1905 and 1906 at Harvard University, where he was graduated.

According to the official report, L. Filley and an observer, although not in direct fighting machine, attacked and drove off German aeroplanes on two occasions, and continued his work on observation until two enemy machines came.

Lieut. Filley attacked both aeroplanes with his remaining five rounds of ammunition and retired only after his observer had been killed and the engine had been damaged. He landed safely within the British lines.

Lieut. Filley, who was a mining engineer in Rhodesia at the outbreak of the war, came to England and received his commission.

Lieut. Filley, although born in St. Louis, went to England to live when very young. After attending Eton School for a time, he came to Boston, preparing for Harvard at the Stone School. At the time of his graduation he was considered the best stroke Harvard had known since Higginson filled the position in 1889.

PLAN TO CELEBRATE LABOR DAY IN MONCTON

Arrangements Being Made To Hold Field Sports - Outside Entries Sought and Good Contests Expected

Moncton Transcript.—It is understood that Labor Day will be a banner day for Monctonians in the way of field sports. Nothing is being left undone to make the day a success, and to arrange sports whereby everyone who wishes may participate.

WALSH AND MURPHY WON BOWLING MATCH

World's Champion in Great Form and Victory the Result—Locals Strive Hard For Honors

A large crowd of bowling enthusiasts were present in Black's alley last night to witness the match between Archie Walsh, single string candle pin champion of the world, and his partner, Charles Murphy, an East Boston boy, versus Thomas L. Wilson and Thomas Cosgrove of this city.

The visitors won by a wide margin due to the excellent and constant bowling of the champion. His five strings were above the hundred mark and his control of the cross alley ball was never better. Strikes and spares were not infrequent and the spectators were given a rare treat.

Murphy, although a stranger to all and also unaccustomed to the alley, did well. His work at times called forth well merited applause.

Friends of Tom Wilson were disappointed. Despite his efforts he was unable to get the break. Had he been in form the match would undoubtedly have been one of the best seen here for some time.

His bowling during the day was up to the standard and in four strings he rolled 109, 107, 119, and 126. At times the interest became so apparent that the spectators crowded close to the run and craned their necks in an effort to witness the effect of every ball.

This may have had a bad effect on the nerves of the local star.

Thomas Cosgrove, who substituted for Allan Bailey, who was sick, did well. He was opposed to Murphy and he defeated him by thirty pins. This margin, however, was not sufficient to hold champion Walsh and the Bostonians won out. The scores of the players follow:

Murphy—90, 78, 88, 88, 91—425. Walsh—109, 107, 101, 108, 126—565. Partnership total 990.

Cosgrove—91, 98, 91, 88, 87—455. Wilson—80, 89, 89, 97, 97—449. Partnership total 904.

Another session of the civic assessment commission was held yesterday when further study of taxation reports was made. The question as to whether or not the public would come to the sessions if they were thrown open generally has been asked, and the members of the commission are anxious that citizens in general should attend them as much as possible by any suggestions as to reform of taxation.

The police are to be given auto-watches to assist in rounding up auto speedsters. Complaints are heard about the violation of the speed limit and as a result stringent methods will be used to put a stop to it.

going to the M.K.A.A. grounds where a ball game will take place, and the different events will take place.

Entries will be received from outside points. A band will be in attendance all day.

APRIL 25TH WAS DAY OF HORRORS

Gunner Stone's Story of Battle of Langemark

THE ADVANCE OVER THE HILL

Heavy Losses in Killed and Wounded—Writer Gives Vivid Picture at the Front in Great Battle

George A. Stone, I. C. R. locomotive engineer of Moncton, has just received from his son, Gunner George Thomas Stone, of the 8th Moncton Battery, a letter containing his splendid account of experiences in the battle of Langemark.

As will be noted from the date, the letter has been delayed somewhat in transmission, it deals principally with events following the horrible battle of Langemark, Ypres or St. Julien, as it is variously denominated, in which the 8th Battery lost so heavily.

The letter containing the first portion of Gunner Stone's narrative in which was included an account of how the 8th Battery prepared for its "last stand" which was fortunately headed off by the Highlanders, appeared in The Transcript some weeks ago. So well was it written, and so interesting were the contents, that we were exceptionally lucky, losing only one man, Arthur Greer, who was wounded.

Well, we got the guns in position and shortly after opening a fire which was kept up all through the night.

On April 25th it was placed on Mount Ordey, a very pleasant job, if you like it. The Germans were still shelling heavily and, as there were a good many messages to be taken to the battery, had my work cut out for me, but although the Germans nearly got me once or twice I delivered them. I have been several terrible and pathetic scenes since coming to this country, but April 25th 1915, will always remain in my memory as a day of horrors.

While standing in the doorway of Brigade Headquarters on that date I saw three "coal boxes" and among a bunch of men and horses belonging to the Durham Light Infantry. As they were only about 100 feet away I ran over, knowing that someone would be hurt, and thinking I might prove useful.

Although pretty well used to hard sights, this proved a sickener. There were four bodies lying there, two without arms, legs or heads, while the other two were so torn with shrapnel that I could hardly tell whether they were men or not. In addition there had been six wounded, but these were immediately bandaged up, and dispatched to the hospital.

There had also been about a dozen horses killed and wounded, and as some of the horses had been divided into a good many pieces by messages to the battery, I was very busy when I saw a man can only look on such sights for a very short time without losing either his nerves or his reason.

After shooting all the badly wounded horses, etc., tarpaulins were placed over the dead bodies, but owing to the work on hand we had to leave them unburied, and I am sorry to say they remained that way for three days. April 30th was a very fine day and early in the morning reinforcements arrived: Churkas, Sikhs, Pathans, besides large forces of English Infantry. Of course, counter attacks by us took place all that day, so we kept pretty busy.

Our battery was attached to the Indian Division, as our own men, or what was left of them, had been taken out of the trenches. The officers commanding the Indian division seemed very pleased with the support we gave them.

It was a pretty sight to see our fellows in the trenches and coming along the front of us to attack, but a rather pathetic sight to see the strings of wounded pouring back.

On April 27, nothing unusual occurred, but on the 28th, a heavy fire, and large numbers of wounded kept passing the battery. I was still on the 28th, and coming along the roads I noticed several regiments passing on their way to the trenches.

In every crowd there are always some fellows who are especially noticeable, and I could hardly realize, on my return journey, the fact that some of the boys whom I had especially noticed a few minutes before full of life and health were dead when I came across their bodies on the road.

April 28 seemed a little more quiet, though Gordon Turner and Fred Gunn, two of the best liked boys in the battery, were both wounded. The shells were falling around our guns pretty thickly, and it was one of these that got Gordon and Fred while they were standing outside the dugout near the wire, the others were wounded only.

On April 30, at four o'clock in the morning went up to the Observation Station with Lieut. F. H. Tingley and J. A. Coomes. This observation station was a big dugout, a short distance from our first line trenches. It was a pretty hot place. Outside there was a German aeroplane, which had been brought down on the 29th, and you can bet that Coomes and I got a chance to make a very thorough examination of it.

May 1—still at Observation Station. Nothing of interest, heavy artillery fire. May 2 dull; hold at Observation Station. Germans again used poisonous gas, and then attacked but were repulsed. As our observation station was a short distance from our first line trenches we got a good dose of the gas, and I can tell you it was very obnoxious. We came back to the battery the same day, as we heard it was to move. Next day Coomes and Wellington went back with Mr. Tingley, and while Wellington was out repairing the wire, the others were wounded.

May 8, fine and comparatively calm. On duty at telephone office. That night we left position and moved to another position on the other side of the canal, where we stayed until we moved to "Rest Camp" on the night of May 7. This all taken from a diary that I have been keeping since I left home. It makes pretty interesting reading, and I'd send it home to you, only it is the only book I have left. I can tell you it was very obnoxious. Since starting this letter I've been pretty busy.

"I am still enjoying the best of health."

GIRLS' CLUB CAMP

The "Girls' Club" of the Playgrounds Association have opened a summer camp at Elderkin's Beach, near Drury Cove. Through the generosity of W. R. Stewart the members of the club have been given the exclusive use of this beautiful beach for the summer. There is a commodious tent and a well furnished camp, two stores, one in the camp and the other for use out of doors. There are excellent facilities for boating and bathing. The girls have secured a good boat and have enjoyed many delightful outings at their camp, which will be open until the middle of October. Employed girls, especially those who are strangers in the city, are cordially invited to spend their week-ends and holidays at "Wo-jo-jo" Camp. Further information may be got at the "Girls' Club," 92 Princess street. Tuesday evenings between 8:15 and 10 p.m.

INTERESTING SOUVENIRS

A display of souvenirs from the sons of war, shown in the windows of Waters & Rising, Ltd., King street, has attracted much attention, and even yesterday, in the midst of a heavy rain, quite a number of people stood for some time gazing from the street into the window where the articles were on view. The souvenirs had been sent to H. W. Rising from the front by Staff Sergeant E. White, formerly of this city, and now connected with the 1st Canadian Contingent, Divisional Army Corps.

The exhibit was gathered by Sergeant White during his sojourn in the trenches, and when granted a short furlough in England, he forwarded it home. The display consists of a jewel case made by a St. John soldier from a 42 inch howitzer shell, and adorned with pieces of numbers and buttons taken from Germans killed in battle. Pieces of a German aeroplane are shown, nose fuse of a shell fired by a British field gun, cigarette lighters, cigar and cigarette cases, and cards received by our boys from Princess Mary at Christmas, and pieces of Belgian silver money are also included.

THEY LIKE HIS STYLE

The following complimentary paragraph has been sent in for publication: "Very favorable comments have been made of late regarding the manner in which Patrolman Ross attends to his duty on the police force. He has a way of getting results in a very gentlemanly manner, inasmuch as when a number of people are congregated, he speaks to them in such a way that they are not obliged to be told twice to 'move on.' If other patrolmen would use Officer Ross' methods, better satisfaction would be guaranteed."

LOCAL NEWS

NINETEEN BIRTHS

The birth of nineteen infants, ten females and nine males, and five marriages were reported to Registrar John B. Jones during the week.

SCHOOLS OPEN AUGUST 30

The schools will reopen on Monday, August 30. When vacation came, the plan was for the schools to reopen on August 26, but at the last meeting of trustees it was decided to have the opening on the 30th, a decision which gives teachers and scholars the additional days' vacation.

EXPRESS THANKS

Four boys of Millidgeville, Robert Logan, Harry Gieger, Gordon Cross and Charles Black wish to thank their friends and benefactors who were so kind in their recent endeavor to swell the Red Cross fund. Their fair on Thursday was distinctly successful, about \$45 being realized, and they wish to publicly express appreciation to all who aided in making it so.

PRESENTATION

Before leaving the city today to join the 50th Battalion, James Duran was remembered by his associates on the staff of the Imperial Oil Company here, and a set of pipes, amber mounted, and a supply of tobacco were presented to him. The presentation took place this morning, being made by R. J. Carr in behalf of the whole staff, with whom the volunteer was popular. Best wishes for his success were extended.

SAD NEWS FOR THEM

Besides his parents, Sam Jones, of Fredericton, killed in France, is survived by five sisters, Mrs. Daniel McDonald, of Fredericton; Mrs. Haines, of New York; Mrs. Porter, Mrs. Law and Mrs. Bennett, of Portland, Me., and three brothers, Daniel, a South African veteran, of Fredericton, Me., and Arthur and Benjamin, of Houlton. His parents only heard of his death yesterday when they arrived in Fredericton from Maine.

NOVELTY SHOWER

A very pleasant surprise was tendered to Miss Greta Cunningham at the home of Miss Edna Haman, 114 Elliot Row, on Thursday evening. The surprise was in the form of a novelty shower preparatory to an interesting event to take place in the near future. They were entertained with music and games. Refreshments were served and the party broke up after having spent a very enjoyable evening.

NEW MARBLE ALTAR IN WEST ST. JOHN CHURCH

Magnificent Piece of Work Will Soon Grace Church of the Assumption—Its Description

The erection of a magnificent new marble altar in the Church of the Assumption, West St. John, is soon to be completed, resting upon a foundation of solid concrete which is now being placed. The altar is to be an imposing structure, following the Romanesque style of architecture, and will be sixteen feet long, twelve feet wide, and seven feet deep. From the floor to the highest point the altar will be twenty-three feet high. Three beautiful towers are to grace it, the highest in the centre just referred to, with the two others seven feet nine inches each.

Four columns of Carrara marble are to support the end towers, and all three are to be topped with a prettily shaped dome finished in gold mosaic, in contrast to the marble whiteness of the structure. The tabernacle is to be of steel, lined with cedar, with a large canopy over it. Over the door will stand a carved figure of a pelican. In the recesses on each side of the tabernacle will be three panels of angels in form of adoration, delicately carved and tinted in gold.

DeVinc's masterpiece, "The Last Supper" is to form the antependium, being reproduced in an exquisitely chiseled representation, the figures outstanding in bold relief. Two handsome panels on either side will complete a work of grandeur and sacred significance, illustrated by five concealed electric lights. Four marble steps are to be placed on the altar, which will be an elaborate and handsome achievement of architectural beauty, to be erected by E. L. Maynard, of Boston, who is assisted by Frank Haley of West St. John.

ALL DEPENDS NOW ON THE WEATHER MAN

Fine Programme of Outdoor Events For Holiday Seekers This Afternoon

If Jupiter Pluvius remains off the job this afternoon the half holiday should be enjoyed by all, judging from the various attractions offered pleasure seekers.

Turf followers and all those interested in horse racing will have an opportunity of enjoying their favorite pastime to their heart's content, as a splendid card of events has been prepared for Moosepath Park. Some of the fastest and best horses in the maritime provinces are to start and the races should be a grand success.

Those interested in aquatic sports will have an opportunity of witnessing an arbitrary handicap race, which will be held on the Kennebecasis river under the auspices of the R.Y.C. As there are several entries this event should prove very interesting.

Baseball fans are also to be given an opportunity of witnessing their favorite sport, for a match game has been arranged between the Alerts and Glenwoods, and will be played on the East End league grounds. The proceeds will be used to purchase base balls for the soldiers at the front.

Seaside Park and Seaside Park will undoubtedly prove attractions to many. Both are popular places to breathe the hours enjoying the salt sea breeze or looking at animals.

A sale and tea at Renforth will undoubtedly attract many who wish to give an opportunity of spending the afternoon in the country.

Bernard O'Brien of North River is dead, aged seventy years. He leaves a wife and grown up family, and several brothers. Amos O'Brien, M.A., school inspector of Moncton, is a younger brother.

The Man In The Street

Following the points today?

The wet weather proved too much for Messrs. Mutt and Jeff, so they cut their vacation short.

After a few more sessions of the common council, should there be talk of "the big stick," it would seem that only an experienced and correspondent could do justice to the scene.

What's the Difference??

Writing in a medical exchange an alchemist speaks out forcibly on a subject of prime interest, thusly:—The separation of benzene from benzene-droxyamine by the reduction of nitrobenzene in presence of benzaldehyde, is a considerable theoretical importance, because it proves that phenyl-droxyamine is a product of the reduction of nitrobenzene, and that aniline is produced by its further reduction.

It's little things like this that make proofreading really exciting.

Edison enquires—"What else does the public wish me to invent?" And the man with the heavy beard replies:—"We would like a mechanical quick-shave apparatus to advantage."

On-a-net beats the Onnetette far realized \$1,865.85, which would look as though they had done more than a "fair country trade."

Didn't Want to Eat 'Em

The latest recruiting regulations lessening the necessity of dental perfection for soldiers in Canada, reminds one of the reply credited to an Irish volunteer when told that he should have been turned down because his teeth were bad.

"Me teeth, is it?" said Michael. "And, begorra, sure as 'O' thought now that it wouldn't be after Miltin the Gehrman's O'P'd be, but shootin' thim."

And while on the subject it might be casually remarked that when the Canadian Dental Corps crosses to the front, various "gaps" will be filled.

As Bad As Gassing

France has departed for life a manufacturer convicted of selling perfume to the Germans. We can hardly agree with the sentence. If the perfume was anything like the stuff we occasionally sniff alongside some women passengers in the street car, he should have been given a distinguished service mark instead.

But then, of course, the other view is that he might have put the enemy on the French coast.

Boston Globe suggests title, "All-American" rather than "Pan-America." Well, the Germans have been doing pretty fair in living up to the old title.

Board of Trade reports that South America is open for increased business in hardware. There has been pretty steady hardware trade at present.

The Balkan ministers should make good dancers. They're certainly clever at the Hestiation.

Why Not Take the Number?

"Police moving" to secure ringing of curfew bell" says local headline. "Moving" is the tooting of an auto horn around some street corners," has been suggested by an elderly person who had to dodge more than once, as being quite as important.
