MOVE TO BLOCK CANAL REPORT IS SEEN

TRADE BOARD ASKS IF CALDER SPOKE WITH CABINET'S AUTHORITY

Opinion Expressed That Montreal Speech Intended to Prejudice Maritime Case When Parliament Meets

WEST INDIES SHIP SERVICE TALKED

Halifax and Saint John to Bring Matter Jointly Before Canadian Board Convention Here—Meeting Decides to Accept Ruling of Premier in Regard to Presentation of Inquiry Findings

FOLLOWING a special meeting of the Council of the Board of Trade this morning, a telegram sent by the Board to the acting Premier of Canada, Hon. J. A. Robb, asking if R. L. Calder, K. C., spoke with the authority of the government when discussing the finding of the Duncan Commission on the Maritime case, last night in Montreal.

It was decided that Halifax and Saint John should jointly bring the matter of steamship connection with the West Indies before the Canadian Board of Trade convention when it meets here next week.

The announcement of Premier King that the Duncan report would not be made public until it had been presented to Parliament was discussed and the correspondence between the board and the Premier and Hon. P. J. Veniot, read. It was the opinion of the members of the council that all that could be done was to submit to the inevitable and accept the dictum of the Hon. Mr. King without further protest, except pressing the opinion that doubtless the Prime Minister had a good reason for his action.

CALDER INCIDENT.

In connection with the reported speech of R. L. Calder, K. C., at Montreal, touching the finding of the Duncan Commission, the opinion was expressed that this was simply propaganda intended to prejudice the case for the Maritime Provinces when the report was dealt with in Parliament and prevent the carrying out of the recommendations which the report might make. The following telegram was sent to Hon. J. A. Robb:

"Press despatch states that R. L. Calder publicly discussed Duncan report at Montreal yesterday. Has he any information or authority from the government which justifies him in publicly discussing this report?"

The final details in connection with the coming convention of the Canadian Board of Trade were made, and A. E. Massie, chairman of the entertainment committee, reported that in two or three days the entertainment program would be complete. Letters are being sent out today to every member of the board notifying them that they can attend the dinners and luncheons, and a card enclosed on which they can make their reservations.

WEST INDIES SERVICE.

The West Indies committee recommended that the matter of steamship service between the Maritime Provinces and the British West Indies be dealt with jointly by Halifax and Saint John at the Canadian Board of Trade convention and arrangements are being made with Halifax to that end.

A letter was read from the deputy minister of marine and fisheries stating that the charting of the Bay of Fundy would be completed next spring. These charts will show all the latest data to navigation and be right up to date.

C. N. R. PURCHASES.

A resolution adopted by the Kentville and Halifax Board of Trade, urging the C. N. R. to buy its supplies locally wherever possible and that repair work be done locally, was endorsed by the council.

The commissioner reported that any member of the board going to the Old Country could, by application at his office, receive a card which would give the privilege of honorary members of the London, England, Board of Trade.

WORK HERE PRAISED.

J. M. Roche, formerly of Saint John, but now resident of Portland, Me., arrived here yesterday and will remain for several days. He said that while in Florida and other southern states he heard tourists comment favorably on the road signs erected by the N. B. Automobile Association in this province. Only a week or so ago in connection at Atlantic City with tourists who had been down this way favorable comment had been made on this matter.

SHIPS STAGE THRILLING DUEL IN 2ND CONTEST

Columbia and Henry Ford Battle Abeam Off Gloucester Today

GLoucester, Mass., Oct. 12.—Another closely fought race in which only the skill of the skippers proved an advantage was under way here today between the fishing schooners Columbia and Henry Ford in the second of a series of three races to determine the championship of the Gloucester fleet.

FORD TAKES LEAD The Henry Ford shot over the line with a half minute lead on the Columbia in the start of the second contest. The official times were: Ford 10:00:48; Columbia 10:01:10.

THE COLUMBIA CATCHES UP The wind fell somewhat as the vessels drew off shore. The Columbia got the break and apparently took enough of the breeze to send her to the weather of the Ford. She steadily gained until Captain Morrissey's early lead was lost, and Captain Pine stood out in front by several hundred yards.

MEIGHEN MAKES PLEA FOR UNITY ON RETIREMENT

Declares Party Strength Must
Be Drawn From Every
Province

OTTAWA, Oct. 12.—The following statement concluding the resignation of Right Hon. Arthur Meighen was given out at Conservative headquarters last night:

"Mr. Meighen's statement to the conference was simple and brief. He referred to the circumstances under which, in the middle of 1920 he assumed leadership and reviewed the three contests which had intervened. The Conservative party, he said, was historic, and must ever remain the greatest national party of Canada, and as such its strength must be drawn from every province and every section of our people. There must be unity behind its leader if such universal strength and power for service was to be attained. It was his duty, Mr. Meighen emphasized, to contribute everything in his power to bring about that harmony and unity of action necessary to succeed.

WANTED TO QUIT BEFORE
"After the contest at the end of 1921 he submitted his resignation to a conference similar to that which met today; at the same time he placed his services at the disposal of the party should they desire him to continue. On this occasion, such was his conviction that the best interests of all concerned could be promoted by his retirement, that the decision announced two weeks ago was definite and admitted of no conditions. It was, he said, his desire to bring about to the utmost, circumstances conducive to the advantage of his successor, and he urged the conference to take no step which would weaken the hands of him who was from this on to have the great responsibility of leadership.

OFFERS ASSISTANCE.
"Everything that could be done within his power to advance the interests of the party and make happier the path of his successor, would be done. "Mr. Meighen urged that the conference confine its attention solely to matters arising out of his resignation. "It was for the conference to decide what steps were immediately necessary and what steps of a more permanent character might be better deferred. If it was decided to defer a permanent choice, then it would be the duty of the conference to make arrangements for the event where such a choice could be made with the best chance of general acceptance.
"Mr. Meighen referred to the ardent and devoted support he had always had in the House of Commons and expressed his gratitude to the friends of the party in every way who had done so much to ensure its success. He thanked with especial earnestness those who, immediately after the late election, generously offered him their seats if he would continue in the post of leader."

BROWNING DENIES PLANS FOR SUIT

Can't Bring Action Against One
He Loves, He
Declares

NEW YORK, Oct. 12.—"You can't bring an action against anyone you love." This was the reply of Edward W. Browning, wealthy real estate man, when asked yesterday if he would sue his 16-year-old wife, Frances (Peaches) Browning because of a series of articles under his wife's name in a New York newspaper, purporting to give the reasons for leaving him a week ago. "I still love my wife," Browning reiterated. "In spite of all that she has said, I want her back."
"Was it a case of too much mother-in-law?" Browning was asked. "I don't want to discuss that," he re-

plied. "Don't get me in bad with anyone. You can use your own judgment. When questioned concerning his wife's statements that he had given her only paste jewelry, Browning showed bills marked "paid." One for \$4,000 for a bracelet and another of \$1,000 for a ring.
"She had more from me in the last five months than she ever had in all her life," he said, "but she was always finding fault."

BIG CANADIAN CONTRACT IN MEXICO SIGNED

Company to Build Dam for
Irrigation, Power and
Flood Prevention

MEXICO CITY, Oct. 12.—One of the largest flood prevention, irrigation and hydro-electric enterprises ever undertaken in Mexico was announced yesterday in a contract signed by the Mexican government and the Mexican Light and Power Company, a Canadian corporation. The project calls for an expenditure of about 18,000,000 pesos.
The contract calls for the construction of a great concrete dam across the River Lerma, near Contepex, in the state of Michoacan. The dam will impound 300,000,000 cubic metres of water, which will be used in irrigating more than 20,000 acres of agricultural land as furnishing power to a great hydro-electric plant.
At the same time, damming the river is expected to reduce or prevent disastrous floods, caused by the overflowing of the river almost every rainy season. The Mexican Light and Power Company expects to spend 18,000,000 pesos on the irrigation part of the project. The construction is expected to start soon, and it is hoped that the work will be completed within a few years.

King George's Sister Has Rough Journey

NEWCASTLE, Eng., Oct. 12.—The ship on which Queen Maud of Norway, sister of King George, came from Oslo to England, underwent a terrific buffeting during a fierce gale. The 17-ton steamer Bessheim, which struggled into Newcastle at midnight last night 14 hours late. The Royal passage was too ill to land and passed the night on the Bessheim. Members of the ship's personnel suffered severely from the effects of the gale.

Teacher Summons Woman To Court

TORONTO, Oct. 11.—Mrs. Charles Thomas, who slapped the face of D. A. McIver, a teacher in a local school, because he strapped her son, will face a charge of assault in the Women's Police Court on Thursday.
Mr. McIver laid information against the mother this morning, and a summons has been issued.
Mrs. Thomas claimed that her son suffered from heart disease and that he should not have been strapped.

BRITISH WARSHIPS AT PHILADELPHIA

Calcutta and Capetown Are
Greeted on Arrival For
Exposition

PHILADELPHIA, Pa., Oct. 12.—Two fast cruisers of the British navy, H. M. S. Calcutta and H. M. S. Capetown, arrived at the Philadelphia Navy Yard yesterday to pay an official visit to the Sesqui-centennial Exposition.
The ships, which left Halifax last Friday, are under the command of Vice Admiral Sir Walter Cowan, second in command of the Royal Navy. After an official welcome at the navy yard by the commandant, Rear Admiral Thomas P. Macgruder, Sir Walter, accompanied by his staff, motored to City Hall, where he was greeted by Mayor Kendrick.

TWO KILLED, 2 HURT IN SAN FRANCISCO

Toll of Youthful Gunmen
Reaches Four Dead and Sev-
eral Wounded

SAN FRANCISCO, Oct. 12.—In a continuation of a reign of violence, started by two youthful gunmen 38 hours before, two men were killed and two others shot when they resisted being robbed here last night.
Slayings followed a series of hold-ups and robberies Saturday night and Sunday in which two men already had been killed, and several others shot down or beaten. Last night the bandits struck first at San Bruno avenue and Mariposa street. Their victim, Frank Petrovich, attempted to resist the robbery, he was shot through the mouth and died before reaching the hospital. A few minutes later Kard Johnson, an attendant at a gasoline station, paid with his life for his effort to prevent the cash till from being rifled. Two unidentified companions of Johnson's were wounded.
After both attacks the slayers escaped in an automobile.

THE REDOUTABLE CALDER

The people of the Maritime Provinces for the present denied the publication of the Duncan report, but R. L. Calder, K. C., of Montreal, is already convinced. He knows all about the Maritime Provinces, and apparently believes he knows all about the report of the Duncan commission; for he says it could not be blamed for the Maritime situation.

Mr. Calder is a somewhat hard-boiled gentleman, who probably knows more about everything than most of us. He is a young man, but he has had his own share of experience. He has been in the Maritime Provinces, and he has seen the situation from the inside. He has seen the people who are suffering, and he has seen the people who are causing the suffering.

Mr. Calder was pleased, in the address delivered on Monday before the Young Men's Canadian Club of Montreal, to pour the torrent of his complicated ridicule upon Nova Scotia and Nova Scotians. We may safely leave him in their hands. But Mr. Calder also offers some observations about the people who are causing the trouble. He says that the people who are causing the trouble are the people who are not doing their duty.

COURTS, CHILDREN AND CHILDREN'S WEEK

Mr. J. J. Kelso has been so long the Superintendent of Neglected and Dependent Children in Ontario, and has had such valuable experience in child-welfare work, that his opinions are always heard with respect, if not agreement. He said last week that in his view when a child commits an offence against the criminal law it is the parents who should be held responsible and brought before the magistrate. Such a policy, pursued for a few years, he believes would lead to better care and training of children, and greater safety to life and property. He argues that it is generally the absence of proper parental control and direction that leads to child delinquency, and this is undoubtedly true.

There will always be, however, under present social conditions, parents who are utterly unfit to give proper care and training to children; and as long as this remains true there will be need of other agencies, such as that which Mr. Kelso has made so successful in Ontario. It is nevertheless true that a sense of the responsibility should be pressed more strongly upon the minds of delinquent parents, and in this the courts are in a position to render most valuable assistance. Every neglected or dependent child permitted to indulge in wrong courses of conduct becomes hardened as the years pass, and society cannot afford to close its eyes to the probability that this child will grow up to be either a burden or a menace.

The Maritime Religious Education Council, comprising the Protestant churches of the provinces, is doing a valuable work in the interest of children. Its purpose is "to arouse and stimulate the interest of those on whom depends the Christian nurture and religious education of children and to cultivate co-operation between the home and the Sunday school." It aims by visitation of homes and in other ways to interest parents; and at the same time to improve the church facilities for religious education. For the purposes of this Council this is Children's Week, and in the church organizations particular attention is being directed to child-welfare. The movement is so young, but it may easily develop into a great influence upon parents and children alike, turning their thoughts to the higher things of life. There is a wide field for devoted service in

child-welfare work, especially along the line of religious education. It is a community as well as an individual work, for upon the children rests the future of our country.

OUR FELLOW-CITIZENS

Probably but a small fraction of those who talk about the British Empire have a fair conception of all that is involved in terms of humanity. For example, Rev. A. W. Banfield, addressing the Rotary Club yesterday, said there are 25,000,000 blacks in Central West Africa who are British subjects. These people range from the semi-civilized on the coast to those who are utterly uncivilized and pagan, and without even a currency as a means of exchange, in the far interior. Another striking fact related by Mr. Banfield was that there is a gap of 1,500 to 2,000 miles between the extreme interior Christian mission from the West Coast and the extreme interior mission from the East Coast, and even in the territory covered by missionaries there are enormous distances between the stations.

The speaker pointed out, however, that there is an awakening in Africa, and that traders as well as missionaries are moving farther inland, and more and more of the people are being brought under the influence of civilization. As yet Africa, he says, is a giant who has lain dormant but who is now beginning to feel the pulsing of life in toes and finger tips, and is beginning to sit up and take notice. Half a dozen European countries are interested in Africa, and because of the immense richness of its natural resources each is keen to retain the territory over which it is now has jurisdiction.

It is interesting to speculate upon the contribution the people of Africa may make to a world of which at present scores of millions of them know nothing at all, nor have any desire to learn. Each decade, however, will see more and more of them brought under the influence of Western civilization. The capacity of some of them, at least, has been proven beyond question. Mr. Banfield tells of black boys, whose parents ran wild and naked in the bush, going to the mission school at Oxford. Undoubtedly some of the tribes are lacking in intelligence, but out of that vast welter of tribes in that great continent will presently emerge a civilization the quality of which will largely depend upon the character of the influences exerted upon the natives by the people of the western world. The British Empire includes much of the best of African territory, and it may be hoped that British influences will be such as to impress upon the minds of these black citizens the best there is in British ideals.

Congratulations to Hon. R. J. Ritchie on his eighty-third birthday. Judge Ritchie is too well known and too well beloved in Saint John to warrant introduction. If there be any warrant it is the pleasure of his acquaintance they are indeed unfortunate. All will unite to tender messages of regard and esteem and to wish Judge Ritchie many more years of happiness.

By way of making pleasant the task of Sir Austen Chamberlain, who is to meet Mr. Krassin, the Soviet envoy, in London this week, the Conservative party convention at Scarborough has unanimously adopted a resolution which calls for the termination of the trade agreement with Russia, the closing of all official Soviet agencies in England and the expulsion of all Soviet representatives. Sir Austen, however, is not easily perturbed. He will meet Mr. Krassin as if nothing had happened.

Odds and Ends

Autumn (By J. A. M.) Golden trees and a silver sky! Trees that are touched with a copper hue, Sprinkle again with a rich bronze. Set with a lake of sapphire blue, A wind that whistles and stings and whirls! And a little brown road that winds along, And the flying leaves like a shower of gold, And the south-bound birds, and their farewell songs; And the joy and the glory and the hurt of it all! The laugh in the wind, and the sob in the sky, And the trees that don their bravest gowns, And flaunt their riches—but to die. "What Of It?" The advance sale for the Dempsey-Taney debate amounts to nearly fourteen thousand times what Milton got for "Paradise Lost." There is no doubt a moral concealed in this fact, but we refuse to hunt for it.—Yesterday's American. The daily wage of the writer of the preceding comment is probably more than the sum Thomas Gray received for "Elegy." Written in a country Churchyard, which, it is alleged, it took him seven years to write. There is no doubt a moral concealed in this fact. The moral is, "What of it?"

MYSTERIOUS DENIZIN OF THE BAG-WORM

By AUSTIN H. CLARK ALL too familiar objects in the eastern part of the country are the cases of the common bag-worm (left) which you are hanging on many different kinds of trees and shrubs. But the insect that inhabits them is not generally known.

In the summer if you observe these cases carefully you will see some of them walking about, the movement being effected by the front end of a caterpillar (second figure) which projects from them.

All caterpillars are the young either of moths or butterflies. Here is shown the young of a singularly interesting moth. The male of this moth has wings and looks, in general, much like any other moth. But in this case Nature decided that the ladies' place is strictly in the house and so deprived the females of any way of getting out of it.

The females (smaller type shown) are wingless and legless worm-like things that remain within the bags incapable of leaving them. They lay their eggs and die, and in the increasing glorification of womanhood the little caterpillars make their way out of the bags and spread themselves over the plant.

up to men in the way they used to. Instead, they are contemplating them merely as rivals. I do not think men have realized this fact to any extent, but I feel that they will be forced to do so as time goes on. There is a distinct danger of women eventually getting right ahead, and the only remedy for men is to wake up and go out to insure that they do not drop into second place.

I OFTEN sigh when I gaze at the modern girl and then wonder who her type will develop into, and what her position will be relative to what I, say 1976. Looking back to the Victorian era we find that girls then for the most part were largely dependent upon the "ladies" in all their ways. They obeyed, they danced, they did not drink or smoke, powder or paint, dance all night or go about unshapen.

They were nice long locks, their hair was dressed in proper feminine style, and they knew their place Mrs. C. CORSON, when entering the company of their elders. Men confined their athletics to horse-riding, croquet, hatteries and shuttlecock. These pastimes, with the exception of horse-riding, are now almost forgotten. Instead, the modern man and woman, too, endeavor to outshine men at their own games.

They play football, cricket and hockey, and have formed themselves into athletic associations with such success that the world in general is amazed. Plying and parachuting are looked upon by them as fine sport. Long-distance swimming as an everyday occurrence, and motor-cycling and rowing as pure hobbies. Years ago we should have laughed at the thought of these wonderful things, and it makes us ask what they will be doing fifty years hence.

While women have been surpassing old records and creating fresh ones, men have stood still, and I would advise them to get a real push on if they do not want to take second place for ever and anon. Women are now holding high-salaried positions in the city; they are representing thousands of their countrymen in the House of Commons; they are holding honored places in the legal world, in medicine and surgery and other sciences.

It is not possible, then, that in fifty years or so women will do even better? I do not think that they can do much better in swimming, running or similar forms of sport, because there must be a limit to physical strength, but there is unlimited scope for them in all else. Women realize nowadays that there is room for them at the top when they get there, and this fact has given them a confidence that is growing day by day. They do not look

POEMS OF LOVE

"Gifts," by Zona Gale.

Miss Gale began her career by writing exquisite poetry. Then she became absorbed in short stories which won her a large audience with magazine readers. Finally, her novels, "Birth" and "Miss Lulu Bett," gave her a high place in American letters. The former I consider one of the few big novels of this generation; but I do wish that Miss Gale would give us more of her graceful verse. She is essentially a poet—her prose reveals that.

I wish you joy of this and that, The new look from a path's quick turn, The sunshin' on the long home street, The unexpected fern.

I wish you power to draw delight Because a hough blows so, or so; To love to walk within the wind, Or in the thick slow snow.

I wish you joy of everything, And of the living singing lands, And of the smiling, sleeping sky That almost understand.

Take these, my friend, and then I wish A magic to you. Here's a part—The blessedness of being near The wild, glad, aching, human heart.

ROMÉ—Domenico Rossi is a barber, a good one. He shaves Mussolini every day when he's in town. But he pretends to be astonished that Mussolini has been little in the four years he has been doing his duty by the Duce, Rossi says Mussolini has never spoken a word to him. Which is, after all, an illuminating bit of history. Mussolini is, for his superman qualities, pretty much like the rest of us. He finds it utterly impossible to get a word in edgewise while his barber is talking.

COURTEOUS C.N.R. OFFICIALS Sir Henry Thornton seems to have imbued his whole force with the idea that to get anywhere with the Canadian National Railways, the motto must be service first. Some time ago a member of the Financial Post staff, traveling west, endeavored to mail back a bundle of papers from Nakina, the station where the Long Lac cut-off joins the old Grand Trunk Pacific line in Northern Ontario. The post office was closed. The C. N. R. constable, John M. Hayes, was approached. He was quite agreeable to taking the parcel and mailing it on the east-bound train. It was well stamped, but agreed that the parcel be registered and took the 25 cents tendered to cover this cost. The parcel reached the Financial Post office O. K., and a few days later the following letter was received: "A passenger on the Winnipeg train handed me a parcel to register and 25 cents to cover cost. At the post office they informed me that it would cost 80 cents to register it and therefore I took the liberty of insuring it. Cost of insurance was covered by stamps on the parcel and I am enclosing herewith the 25 cents. Signed, John M. Hayes, C. N. R. constable."

CONSERVATIVES CHOOSE GUTHRIE HOUSE LEADER

Effort at Ottawa Caucus to Keep Meighen at Helm Fails

OTTAWA, Oct. 11.—Hon. Hugh Guthrie, K. C., M. P., elect for South Wellington, Ont., was today elected leader of the opposition in the House of Commons for the forthcoming session of parliament.

Mr. Meighen's resignation was considered by a caucus assembled here today of Conservative senators and Conservative candidates in the last election, both the elected and defeated.

Several withdrawals reduced the number of nominees for the temporary leadership to four. These were balloted on and Mr. Guthrie was elected.

Mr. Guthrie represented Canada at the International Finance Conference at Brussels in 1920. In the same year he represented Canada on the Imperial War Graves Commission.

He was appointed Solicitor-General in 1917 and became Minister of Militia and Defense in 1920. He held this portfolio until 1921, when the Meighen ministry was defeated at the polls.

ANGLICANS OF WEST SIDE PLAN MEN'S CAMPAIGN

Laymen's Association Discusses Interesting of Men in Church Work

A combined meeting of the members of the Laymen's Associations of the three Anglican churches on the west side of the harbor, Good Shepherd, St. George's and St. Jude's was held last evening in the hall of the Church of the Good Shepherd in Fairville, when plans were made for a united campaign for enlisting men in the work of the church.

Rev. F. J. LeRoy, rector of the Fairville church, opened the meeting with prayer and, outlined the purpose for which the gathering had been called, to join the three associations in a campaign to be conducted during the next month among the men of the three congregations. He asked that a layman be chosen to preside and Commissioner W. L. Harding was chosen. The meeting also named P. Hamm as secretary.

Rev. J. H. A. Holmes, rector of St. Jude's, and Rev. John Unsworth, rector of St. George's, were also present and each made an earnest appeal to the men for their co-operation.

After discussion the meeting adopted a resolution calling for the launching of the campaign which is to end on the first Sunday in Advent. It was hoped to have special services on three successive Sundays and to have the services on the last Sunday particularly arranged for the occasion. It was hoped to have His Lordship Bishop Richardson attend a meeting to be held in December in connection with the campaign.

COMMITTEE NAMED. A committee was appointed to make plans for the campaign and those chosen were as follows: Rev. F. J. LeRoy, chairman; P. J. Legge and Mr. Havelwood from St. Jude's; S. Olive and Mr. Belyea from St. George's; and A. O. Patquin and F. Hamm from the Good Shepherd church. The committee will meet next Monday night at the rectory in Fairville.

At the close of last night's meeting a committee from the Good Shepherd congregation served refreshments.

SHINGLING PROMOTES CHIC

DESPITE a somewhat weak hearted attempt to let the crowning locks of the present day beauty grow into lengths of importance, Paris keeps on shingling the head with new and interesting results.

One of the most important notes about the modern hair cut is the fact that features are being considered. Where the face demands it there is now a fullness, a lightly curled coiffure which suits the young person of renaissance features, while her Grecian modelled sister may crop and shingle her hair into lines of forbidding severity.

The sheep-like fashion of following the leader is happily past, and now one does not shingle for the sake of being as everyone else is. If a loose, fluffy bob is more becoming, the smart woman wears it. If the features stand up well under close clipping scissors, the ears may be left to enjoy their freedom of the moment.

In fact, there is a modified shingle that is gaining a vast amount of popularity. It permits a shingled back and long sides which may softly frame the face or curl into odd treatments above the ears. In other women the hair is allowed to grow at will in the back and devote itself to interesting chignons, while the fronts and sides remain discreetly shingled.

The vogue of the boyish bob, showing bare ears, closely cropped head and point in the back, is on the wane. In its place has come a fare for haircuts of extreme individuality. The point is no longer a necessary route to chic at the back of the head. It may be present if it is becoming, but

It is decidedly not an essential part of a smart headress. The hard line given by clippers is not desirable. The neck should certainly be trim, but not hard.

Waves also are on the wane. The mode now demands simplicity in its chic lines, and the deeply curled head does not often afford a route to smartness. A very full and slightly waved outline is always smart and is particularly becoming to those whose features demand a softness of coiffure.

White hair is now a symbol of chic, and dyed locks are decidedly taboo. White hair, properly shingled to suit the features, is often found one of the most attractive heads in an assemblage. It is particularly appealing when accompanied by an evening gown of elegant lines and mauve, pink or blue in color.

Basil Lyons. KENTVILLE, Oct. 11—News of the death of Basil Lyons came over the wire from Winnipeg today to his father, Joseph Lyons, postmaster here. Basil Lyons, 35 years of age, was an employee of the C. P. R. for a number of years at Port Arthur, Ont., and other points on the Canadian west and at the time of his taking ill was telegrapher and assistant station agent at Deloraine, Man. For the past 17 weeks he has been confined to the hospital, having been removed from Deloraine to the General Hospital at Winnipeg. His recovery until very late last week was thought to be imminent. Basil was a grand knight of the Knights of Columbus, Port Arthur, Ont., for five years and was chosen as their delegate to the New York convention.

The deepest sympathy is felt for the bereaved family. It is the fourth son who has passed from the home circle, Frank and Leo, of Kenville, and Harry, of Regina, having predeceased him.

He is survived by his parents, two sisters, Mrs. A. W. Jones, Rockingham, Halifax; Mrs. Frank Boylen, New Ross; and two brothers, Dr. Hubert Lyons, New York, and Gerald W. Lyons, barrister, Kentville.

MAN MAKES \$30,000 WHILE IN 3 YEARS' SPELL OF AMNESIA

Ex-Official of Chicago Board of Education Found by Son in Texas

DALLAS, Tex., Oct. 11—Lewis Larson, former auditor of the Board of Education of Chicago, who was reported to have been lost for three years, today explained his disappearance as due to a lapse of memory. Mr. Larson tonight was on his way to Texarkana, where he will join his wife, his son and a daughter.

Mr. Larson, who under the name of "E. Lawson" had been successful in business here, said he does not remember when he left Chicago or when he came to Texas. He said his lapse of memory was due to overwork in Chicago. He declared he put from sixteen to eighteen hours daily in a business he was promoting and his nerves went back on him.

"I remember going to the river in Chicago to drown myself," he said. "That was because I was broken in health and weary in mind and thought I could not make my family happy. When I reached the river and pulled off my coat to make the plunge something told me not to do it. I put my coat on and started home. I have just found myself and am now returning to my family. I am happy and know the family will be the same."

"I remember when I arrived at Shreveport and obtained a position. I worked there for a time and then went to Dallas, where I sold automobiles. Later I engaged in the street paving and road contracting business, where I made some money. I am going back to Chicago to take up business where I left off."

The discovery of Larson was due to efforts of his son, Leonard, who left school to search for his father here last week and went to Louisiana, where it was believed the elder Larson was living. In Louisiana the son learned his father had had headquarters in Dallas, and then in a small town in West Texas in connection with his automobile business. The elder Larson was found at Anson, Wednesday. He came to Fort Worth, Texas, to own a highway.

Today he left Fort Worth for Texas, after being advised his family was awaiting him at home.

Larson was connected with the Dallas Asphalt Company. He is said to own stock in this concern and probably is worth \$20,000.

PRINCIPALS IN McPHERSON CASE

More than usual Canadian interests attaches to the preliminary hearing of the charges against Almee Semple McPherson at Los Angeles from the fact that she is a Canadian by birth, having lived till young womanhood near Ingersoll, Ontario. She is remembered as a remarkably handsome girl with wonderful copper-hued hair and a peach-bloom complexion. The man shown in the cut is Kenneth Orlin, the elusive ex-convict, who, according to the state attorney, was with the radio operator, who, according to the state attorney, was with the ex-convict for ten days or more of the time she claims to have been in the clutches of the kidnapers.

INTERESTED IN CELEBRATION OF TRAFALGAR DAY

President of Navy League Finds People Willing to Co-operate

"It is quite evident from the responses that have been received from individuals and institutions, such as the Governor-General of Canada, Lord Willingdon, Lt.-Gov. Todd, of New Brunswick, the Minister of Public Works at Ottawa, the City Council, the I. O. O. F., and others, respecting the celebration of a British Naval Day, such as Trafalgar Day, Oct. 21, that a lofty spirit is being aroused and that good results will likely flow therefrom; furthermore, there is little doubt that a general observance of this great naval day by the loyal province of New Brunswick will also create a good feeling within the British Empire and it will be beneficial to all sections of this province."

The above remarks were made by R. E. Armstrong, president of the New Brunswick Division of the Navy League of Canada, yesterday. Not only has he received satisfactory and appreciated letters from prominent public officials and institutions, but he has likewise been in close communication with many provincial publishers and with many leading clergymen in the loyal city of Saint John.

Last week he motored through from Saint John to Nova Scotia and paid visits to newspaper publishers at Sussex, Moncton and Sackville, and he was also interviewed by several prominent residents of the adjoining province, who displayed a warm interest in the proposed observance of Trafalgar Day.

From Secretary Osborne, of the Government House, Ottawa, the following communication was received: "His Excellency the Governor-General

desires me to thank you for your very kind message of welcome, and for the loyal greetings expressed in your letter of the 4th of October. His Excellency regrets that his movements will make it quite impossible for him to be at Saint John on October 21st, but wishes you all success in your celebrations on Trafalgar Day."

Hon. J. C. Elliott, Minister of Public Works, Ottawa, is another Canadian public official who has manifested a deep interest in the observance of a British Naval Day throughout Canada. In a recent reply which he forwarded to the president of New Brunswick Division of the Navy League he stated: "Your letter of the 5th instant to hand, contents of which have been carefully noted, and I am very pleased to note what you state about setting apart Trafalgar Day, October 21, as a British Naval Day throughout Canada. With regard to the decoration of various public buildings in the province of New Brunswick, I quite appreciate how you feel about the matter."

On behalf of Lieutenant-Governor Todd of New Brunswick, the official secretary, R. S. Barker, has sent a letter of acknowledgment to the Navy League representative, and he has intimated that the next time the Lieutenant-Governor is in Saint John he would like to take the matter up with the New Brunswick president.

IN CITY SCHOOLS. Superintendent Worrell, of the public schools of Saint John, has advised the Navy League officials that he has given attention to the advisability of having special addresses respecting Trafalgar Day delivered to pupils in the public schools.

It is anticipated that Trafalgar Day will be widely observed throughout New Brunswick, particularly in Saint John. A wide display of flags is expected both within the city and on the shipping vessels located in the harbor. The moving picture theatres will not only display suitable and attractive moving pictures, but they will likely adorn the exterior of their buildings.

The manager of the Admiral Beatty Hotel has intimated that as his hotel is named after one of Great Britain's most active admirals in the navy, he will feel it his duty to adorn this lofty building immediately in front of King Square.

Mayor White has likewise shown a good interest in this naval day celebration, as well as many of the city clergymen and many others, Mr. Armstrong said.

CAR DRIVER HELD IN GIRL'S DEATH

James McGillicuddy Committed For Trial in Fredericton Court

FREDERICTON, Oct. 11.—James McGillicuddy this afternoon was committed for trial at the next court of competent jurisdiction held within the County of York, on the charge that he did cause the death of Rose Miller by negligently driving an automobile on the public highway in the Parish of Kingsclear, County of York, on September 28.

After being committed by Police Magistrate Limerick, McGillicuddy through his counsel, F. J. Hughes, K.C., applied for bail. The application was granted and the amount was set at \$5,000 of which \$3,000 was assumed by the accused and \$2,000 each by John Chassey and Nell McCashon.

HAD PLEASANT TRIP

Mrs. L. DeV. Chipman and Miss Louise Estey returned yesterday from New York where they had made a short visit. They were met at Bangor by Dr. Chipman and motored from there to Saint John.

While in New York Miss Estey visited Columbia University, where there are three kindergartens in operation and she also made a visit to the ethical college kindergarten in Central Park, N. Y. Miss Estey was greatly interested in seeing how kindergarten work is carried on in those noted institutions and was much impressed with the manner in which the kindergartens were conducted.

GREETINGS TO BE EXTENDED VISITORS

Delegates to Canadian Board of Trade Will be Warmly Welcomed

Interest in the coming Board of Trade convention is being shown in all parts of the Maritime Provinces. Instructions have been received by The Telegraph-Journal and The Evening Times-Star to publish greetings on the opening day of the convention from business houses in Fredericton, Moncton, Port Elgin, Sackville, St. Stephen, Sussex, Halifax, Pictou, Windsor, Yarmouth and other centers.

Many Saint John important business organizations are extending, through these papers, a cordial welcome to the delegates, and there is no doubt but that their visit to the Maritimes will long remain in their memories.

ADOPT THIS RULE

if a naturally lovely complexion is your wish

By NORMA TALMADGE

Leading skin specialists of the world urge it—it has given naturally clear complexions to more women than any other method known.

GAINING the charm of natural skin clearness is not difficult; nor does it depend on costly beauty methods.

Simple, natural ways now are given first place by authorities. Modern beauty culture has largely discarded the artificial ways of yesterday.

The following rule is being widely urged by experts. It is credited with bringing more women beautiful complexions than any other method known—just keeping the pores clean and the skin healthy, with the gentle olive and palm lather of Palmolive, used this way:

DO THIS—NOTE HOW YOUR SKIN IMPROVES. Wash your face gently with Palmolive Soap, massaging it softly into the skin. Rinse thoroughly, first with warm water, then with cold. If your skin is inclined to be dry, apply a touch of good cold cream.

Do this regularly, and particularly in the evening. Use powder and rouge if you wish. But never leave them on over night. They clog the pores, often enlarge them. Blackheads and disfigurements often follow. They must be washed away.

Follow these rules day in and day out. Your skin will be soft and lovely—naturally colorful and clear. Do not use ordinary soaps in the treatment given above. Do not think

WOODSTOCK MAN KILLS SON AND GASHES SELF

Effort at Rescue of Child Fails; Alcohol is Blamed

WOODSTOCK, N. B., Oct. 11.—Leonard Todd, 5-year-old son of Chesley Todd, 40, proprietor of the Riverside Hotel, here, is dead of razor gashes, while his father is in the L. P. Fisher Hospital here tonight seriously injured from self-inflicted wounds about the throat.

The fatal attack upon the boy was made by Todd, it is charged, at 7 p.m. today in a local tailoring establishment, and by a neighbor's little girl, but before successful separation of the man and boy could be made, Todd, it is claimed, had practically severed his son's head and had slashed his own throat. The victims were quickly rushed to the hospital where the boy died shortly after admission.

TODD'S HURT SERIOUS

The injuries of Todd, it was reported at the hospital tonight, are serious, although hopes are held out by attending physicians for his recovery.

Todd is known normally as a quiet, beauty citizen. Of late, however, the local police have had many complaints concerning Todd's behavior about his home. Alcohol is blamed for the trouble.

The child is survived by his mother and a half sister, Mrs. Todd having been twice married.

Coroner John Lindsay impelled a jury which, upon viewing the body, adjourned until 8 p.m. tomorrow.

MANY VESSELS ARE LAID UP IN TYNE

Laid-up vessels in the Tyne have been greatly reduced since the demand became so heavy for tonnage to carry coal from other countries to the United Kingdom. At the end of August, there were only 52 idle vessels at the buoys, and of that number 18 were concrete tugs and lighters which were built in war-time. At the end of July there were 28 vessels laid up and 112 at the end of August last year.

Youths Guilty of Chatham Breaks

CHATHAM, Oct. 11.—A series of petty burglaries culminated in the arrest of Richard Murray, 17, and Eddie Cunningham, 15, at Chatham Head, last night. Both youths have pleaded guilty. They were lodged in the Newcastle gaol. This morning they were brought to Chatham and arranged before Police Magistrate T. M. Gaynor. Both youths pleaded guilty on all counts. A third youth is still at large.

KNOWLEDGE TEST AT Y. P. S. SESSION

New Form of Spelling Bee is Conducted at Exmouth Street

A new form of "spelling bee" was enjoyed at the meeting of the Young People's Society of the Exmouth Street United Church, last evening, when the citizenship committee had charge of the program and there was a good attendance of members. F. N. Myles, chairman of the committee, presided and gave an excellent address on the meaning and duties of citizenship and some of its applications in the present day. Afterwards the members present were divided into two sides with Fred Withers as captain on one side and Alfred Styles captain of the other. Questions relating to civics, politics and national affairs were asked of each side in turn and those unable to give the correct answer dropped out.

The contest was both very interesting and most instructive. Harold Hopkins delighted the members with a vocal solo and the meeting closed with the pronouncing of the benediction by Rev. E. E. Styles, the pastor.

ALDER SAYS CONFEDERATION NOT TO BLAME

holds Duncan Report Shows Union Not Liable for Difficulty

MONTREAL, Oct. 11.—"Someone has said that the Nova Scotians love to sit on the country store steps and chew apples and talk politics. Every true Eastanawab, with its blue and buff politics, had nothing on Nova Scotia. They will tart a Montague and Capulet out over a \$60 a month customs' job and that is the attitude which will lead the Nova Scotians to agitate and to talk secession hoping that other governments will lift them out of the rut," thus spoke R. L. Calder, K. C., in addressing the Young Men's Canadian Club here tonight.

The Duncan Commission, had brought out that Confederation would not be blamed for the Maritime situation.

Mr. Calder is a former Crown prosecutor of Montreal and counsel for the judicial commission inquiring into customs affairs throughout the country. Mr. Calder was discussing Maritime affairs, with particular reference to Nova Scotia.

LACK OF ADAPTATION "Another defect," he said, "was lack of adaptation. There is a tradition almost of the Maritimes was in the middle of last century when steel replaced wood in ships. They allowed that hour to pass. With their coal and iron they could have, and would have, been the greatest shipwrights and master-builders in the world."

TEAM PLAY HELD LACKING Lack of team play and co-operation were cited as one more defect of Nova Scotians. "There is an awful howl," he said, "of something goes to Halifax or to Montreal, from one or the other of the ports. Instead of dividing their would sooner do without anything at all."

NO SYMPATHY WITH ANY Mr. Calder said he had no sympathy with the Maritime cry of "provincial rights." Confederation could not be blamed for the ills; but ever since Joseph Howe had proclaimed that Confederation would mean Nova Scotia, the people there believed him. The Duncan Commission, said the speaker, had brought out that Confederation could not be blamed. All promises of Confederation, he maintained, had not been fulfilled, and that was an economic failure, and that was an economic one.

The Nova Scotian suffers from certain qualities and certain defects. He is blessed—or cursed—with the best of the continent. The result is that the children are very highly developed on the intellectual side. There is not room for all the white-collar group; but they can no longer concentrate with equanimity of agriculture, fishing and mining. So the Nova Scotian leaves home. In other provinces and in the United States they are eager for these men who generally prosper and become a hook and line to pull other Nova Scotians away.

There are two classes of Nova Scotians, said Mr. Calder. "The one is those who go and who write to others to go, and those who stay and grow because they can't go themselves." It was the duty of the schools to evangelize the return to the basic industries and he warned that much the same applied to Quebec and Ontario. "While the Nova Scotian has become intellectually developed," said Mr. Calder, "he has become physically lazy." Mr. Calder declared that "at the risk of being pelted with stones and rotten eggs," he would repeat in the Maritimes every word he had said this evening.

Easy To Gain Weight With Yeast and Iron

New Combination of Yeast With Vegetable Iron Quick Way to Build Up Weight

Thin, run-down and underweight men, women and children can now improve their health, increase their energy and regain normal weight in a surprisingly short time. A new combination of yeast vitamins with vegetable iron, renews the action of sluggish blood cells, drives out dangerous body poisons, increases energy and endurance and supplies the system with the vitamins that build up weight. For years yeast has been known as a rich vitamin food, but not until we perfected "ironized yeasts"—which comes in concentrated tablet form, was it possible to take yeast and iron in the right proportions to build up weight. Vegetable "Iron" when combined with yeast is quite easy to digest, therefore better for the system. And "yeast" when ironized, becomes just twice as beneficial as fresh or cake yeast. Ironized Yeast tablets are composed of concentrated food elements, therefore they are pleasant to take and free from drug-like effects. If you are underweight, do not enjoy good health, lacking in energy and force, "ironized yeast" tablets will pick you right up, and if they fail, you get your money back. Sold by druggists at \$1.00 for a large 60-tablet package or sent direct from Laboratory 777 West of 4th St., Montreal, Quebec, Canada.

GOES TO CEMETERY TO PUT END TO LIFE

Young Woman, Parted From Husband, Takes Poison But Spares Baby

NEW YORK, Oct. 12.—A young woman was found lying unconscious with her eight months' old baby in her arms at the foot of the wall of the cemetery at 184th street and Amsterdam Avenue in the early morning by Patrolman Daniel Denkers. An ambulance took her to Columbus Hospital where it was learned that she was Mrs. Katherine Nichols. She said she had taken two bicarbonate of soda tablets. A note found in her pocket, addressed to her sister, Mrs. Marion Marshall, begged her to take care of "Betty," the baby. Mrs. Marshall said that she was in hand in Pittsburgh, where they had been estranged for some time. She said that she had no idea that Mrs. Nichols was in New York until a policeman notified her that she was in a serious condition at the hospital.

PRESENTED BIBLE ON EVE OF DEPARTURE

The B. Y. P. U. of Tabernacle Baptist church held their regular Monday meeting with the weekly program being in charge of Mrs. L. J. Pitts' group.

Following this, Misses Florence Fielder and Sadie Lunn were called to the platform and presented with Bibles to view of their approaching departure for Toronto, where they will take up studies in the Toronto Bible College. They made suitable replies. Supper and a social hour followed after which the meeting closed with the singing of songs and hymns.

URGES SELECTION OF SETTLERS HERE

Hume Cronyn Expresses Strong Preference For British Immigrants

Canadian Press TORONTO, Ont., Oct. 12.—The probable harmful effects of introducing into Canada immigrants whose racial traits differ from those of the Canadian population, were spoken of by Major Hume Cronyn, of London, Ont., at the board of trade dinner here last night. "Immigration," he quoted, "is a long time investment in family stock rather than a short time investment in productive labor. The greatest care must be exercised in selection of the future inhabitants of this country." Major Cronyn expressed a strong preference for British immigrants. The difficulty was that Britain could not nearly meet Canada's need in this respect. The next were the three great race divisions of Europe, the Nordic, Alpine and Mediterranean. Immigrants were preferable to industrialists, and Nordics to Central Europeans. He scorned the idea that Canada should be made a "melting pot" for from such a fusion only the worst characteristics would survive, he declared.

ADVERTISE POSITION.

R. E. MacLaughlin, secretary-treasurer of the Saint John Law Society, has been advised that the Civil Service Commission at Ottawa has been requested to advertise the position of assistant labor officer of the International Labor Office League of Nations, Geneva. Mr. MacLaughlin also received a number of application forms and was requested to bring the matter to the attention of any person or persons whom he considered might be interested.

PUBLICATION OF MARITIME REPORT ASKED

OTTAWA, Oct. 11.—Demanding immediate publication of the report of the Duncan Commission on Maritime claims and rights, Conservative members of Parliament and Senators from the Maritime Provinces today passed a resolution at a meeting held in Ottawa.

The resolution sets forth that the Commission requested in the report that its findings be made public forthwith, that it is detrimental to the interests of the Maritime Provinces to delay publication of the report and that therefore the parliamentarians place themselves on record as requesting the immediate publication of the Duncan Report.

Infant Mortality in Canadian Cities—Local Centre Prepares For Appeal

While children's week is being observed throughout the city, the Saint John Health Centre is preparing for its annual tag day appeal, which this year will be a "Maple Leaf Day" and held on Saturday, Oct. 16. The posters of the Canadian Council of Child Welfare are being prominently displayed to bring home to the public the work which the Health Centre has accomplished and is carrying forward for the betterment of child health.

IN SUNDAY SCHOOL

At the Sunday school rally at the afternoon Superintendent C. B. Lockhart presided and congratulated teachers and school, and there were words of commendation from the pastor, Rev. James Dunlop. The Sunday school program was: Hymn, Onward Christian Soldiers; prayer, Rev. Mr. Dunlop; Psalm 29; Primary class; solo, "Little Hands and Feet"; Patmy Stammers; exercise, "What Can Little Children Do," by three children; recitation, "Daisies and Daffodils," Marjorie Grant; solo, Walter Kierstead; recitation, "Children's Theme," Edwina Tucker; quartette, and it was pointed out yesterday that in view of this fact there is still greater need to give full support to the Health Centre in its work to save the children.

Rev. J. Dunlop Addresses Urge to Young of West Saint John

In connection with the closing of the rally week of Charlotte street Baptist church, West Saint John, the pastor, Rev. James Dunlop, speaking on communal ideals, at the Sunday evening special appeal to the young men and women of West Saint John. He said no city could be higher than its leaders, and no leader could rise higher than his ideals. It was, therefore, important to seek the highest type of citizenship. Mineral wealth, forests and fisheries were not the greatest national assets. The most enduring thing in the national life was manhood and womanhood.

ASKS FOR INTEREST

He appealed to the young men and women to develop an interest in communal life, not merely to expect good times but to strive to make the conditions essential for prosperity. In a free country, the government, as the choice of the people, reflected the type of citizenship. Women suffered most from the burden of husband, brother and son was the burden of the wife and mother and sister ultimately.

CHIPMAN, Oct. 11.—Bears are much in evidence in this section. He took tribute, recent of the head of John Winslow, of Harley Road, in the form of a captured bear, shooting one and taking the other in a trap. Both bears were very large. Also, a Mr. Buckley, of Saint John, while moose hunting this week, saw three bears, one of which he shot. Two more were shot at North Forks.

Praise For Ruth

The New York "Times" has the following editorial on "Babe" Ruth recently. It sets the greatest slugger of all time in a new light.

"When Ruth reported at the St. Petersburg training camp, an imaginative writer said that he had passed 'the shadow line of his youth,' was growing 'old and fat,' and that his best days were 'behind him.' Yet on Wednesday this Polistaffian ballplayer pounded out three home runs and personally conducted the Yankees to an overwhelming victory. Ruth was in a sentimental mood, and then he is always dangerous. On Tuesday by air mail he promised a desperately sick boy in New Jersey to 'knock a homer for you.' The child's hero made it three. That feat cheered the little fellow up."

NIGHT CLASSES IN KING EDWARD OPEN

Forty-six Apply For Instruction at South End School—At Vocational

Mr. Cornier in speaking to The Telegraph-Journal last night said that the classes for men and boys, opened in the King Edward school last evening at 7.30. Reading, writing, spelling and arithmetic were the subjects taken up. Five new pupils applied for admission last night making a total registration of 46 pupils for the King Edward building.

MEETING POSTPONED

The community meeting held in East Saint John last night was only fairly well attended and was adjourned until October 25, when a complete reorganization of the club will be made. New officers will be appointed to take control. The lighting system on the Red Head road has been a matter of serious thought for the people of that district and while the majority of people favor the retaining of the system, financial matters will have to be overcome. It is urged that all club members attend the meeting to be held on Oct. 25.

SEPTEMBER BUSY MONTH FOR THE V.O.N.

Reports Show 865 Visits Made—Finances Are Discussed

The nursing visits made by the Victorian Order in Saint John during September numbered 865 and were 111 in excess of those of the previous month and in addition to the nursing visits there were 327 educational visits making a total of 1,192. It was a busy month and the reports submitted at the meeting of the directors yesterday afternoon were the record of good work accomplished.

L. W. Simms, president, was in the chair. Finances were seriously considered as the funds of the organization are much in need of replenishment. Miss H. B. Mackay, superintendent, in her report, stated that there were 213 patients receiving care during the month and of these 128 were new. There were 38 new infants visited by the nurses and in all 871 of the total visits of the month were made to infants and mothers.

ANNUAL DECORATION

Plans for its annual decoration of the graves of the soldiers on Armistice Day were made by Royal Arms chapter of the I.O.D.E. at its meeting last evening at the home of the first vice-regent, Mrs. R. W. Wigmore, in West Saint John. The regent, Mrs. Norman Gregory, being prevented by illness from attending, Mrs. Wigmore presided. Mrs. Fred Z. Fowler gave a comprehensive report of the annual convention held in Saint John this summer.

So Talks Prussian Official in Discussing Indemnity Issue

BERLIN, Oct. 11.—"The former Kaiser is the only man in the world who seriously cherishes the hope that some day he will triumphantly re-enter Germany and re-establish himself on the throne from which he ruled for 34 years."

A high official of the Prussian government made this remark today to a correspondent of the Associated Press in connection with the Hohenzollern indemnity and property settlement agreement signed by the state and the former Emperor's administrators and now before the Diet. "LET today's patience begin where yesterday's began; but let today's wisdom begin where yesterday's left off."

Economies that result in lower Prices Every day one meets with object lessons in the economies of volume buying. Cigars by the box cost much less than if bought one by one. Discount of a cent or so for purchasing in pairs and dozens, is the housewife's well-known measure of economy. Imagine, then, the savings possible to General Motors of Canada, buying in hundreds of tons, thousands of gallons, millions of feet! Steel, nickel, copper and brass; wire, glass, lumber and paints; leather and various fabrics; all these General Motors of Canada buys in vast quantities from the home market... Canada. Naturally the finest products of Canadian mines and forests, the toughest hides from Canadian herds, the choicest weaves of Canadian looms, the best materials from Canadian factories and laboratories, are available to this great Canadian institution. Naturally, this results in lower costs and lower prices—for those economies are effected in every phase of building General Motors of Canada cars, from the enameling of fenders and the manufacture of radiators, to the construction and upholstery of the Canadian-built Fisher bodies that are used on Canadian-built General Motors cars. Couple with this obvious result of tremendous buying power, the manufacturing, selling and distributing economies of huge volume—add the supporting revenue of enormous exports to the Empire across the seas.—and the clear conclusion explains why, in the face of good wages to the superior craftsmen who build its cars, General Motors of Canada can continue to give motor car values, unsurpassed if equalled, elsewhere in all the world. VALUES ARE FIRM, TRADING BRISK AS MONTREAL MARKET OPENS

POWER, ALCOHOL AND BRAZILIAN ARE LEADERS

Wall Street Exchange Is Closed for Columbus Day Observance

Canadian Press
MONTREAL, Oct. 12.—Stock values at the opening of the local stock exchange this morning displayed a firm tone. Trading was brisk and well distributed. Brazilian, Power and Alcohol were the active leaders. Brazilian opened unchanged at 110 1/2, and in later trading eased one-eighth point to 110 1/4, while Power came out at 74 1/2 for an overnight gain of half a point, and out of a volume of business was done at that level. Alcohol remained unchanged at 24. Winnipeg Ralls and Asbestos were moderately active, both being unchanged at 5 1/2 and 21 respectively. The rest of the list was quiet.

WALL STREET CLOSED
NEW YORK, Oct. 12.—On account of the observance of Columbus Day there was no business today on the New York Stock Exchange.

BUSINESS AS USUAL

When the United States National Bank at East Chicago, Ind., started to build its new building, it had to move the old one to a vacant lot a block away. President Walter J. Riley insisted there must not be a minute's interruption of business. So throughout the ten days it took to move the bank, business was carried on as usual.

JEWELS VALUED AT \$2,700,000 TAKEN

Famous Diamond Known as "Grande Conde" Among Priceless Gems Stolen

Canadian Press
CHANTILLY, France, Oct. 12.—Jewels valued at approximately 90,000,000 francs (\$2,700,000) were stolen last night by burglars who robbed the famous chateau of the Duc d'Aumale, maintained as a national museum. A number of priceless pieces were taken from the jewelry collection including the famous rose diamond known as "The Grande Conde." Paris jewellers say the famous rose diamond is of almost inestimable value. Even before the war with the franc at par, it was worth at least 10,000,000 francs. At the present time the estimated value is nearer 20,000,000 francs.
A diamond studded dagger which belonged to the Arab chief Abdel-Kadir, another equally legendary one, once the property of the Bey of Tunis, several art objects in gold and several miniatures were also carried away by the burglars.
The Duc d'Aumale, Prince Henry of Orleans, who died in 1897, was the fourth son of Louis Philippe of France.

Letters To The Editor

THE OBJECTION OF THE CITIZENS COMMITTEE TO DR. BRITAIN

To the Editor of the Times-Star:
Sir—An item closing the columns of the Times to the \$3000 tax payer petitioners was appended by the Editor to the last letter contributed by the Citizens' Committee. Having been thus silenced by the Times, the Citizens' Committee confined their activities to the recall petition, and much surprise was felt when the following challenge appeared in last night's editorial: "If they" (the petitioners), "have one single thing to say against Dr. Britain, let them speak now or forever hold their peace." Upon this we speak.
Against Dr. Britain personally we have nothing to say. We know nothing about him except that he is supposed to excel in a line quite apart and distinct from what we need, but what is more to the point, he is said to be one of those who framed the present obnoxious assessment act, and that he was invited here in the hope of frustrating the request of the \$3000 taxpayers who asked for an independent audit and investigation by an efficiency expert.
Dr. Britain is a municipal research man only. He is not an auditor. He is not an efficiency expert. Sir James Wood, who knows him "intimately," warns the enquirer against employing him in these capacities. He says: "If the citizens of Saint John simply want their affairs investigated, that will be a job for a chartered accountant, etc."

Stole 200,000 Insects From Berlin Museum

United Press
BERLIN, Oct. 12.—Johann Schumacher, a school-teacher, did not plead insanity today when he was arraigned for stealing 200,000 insects mostly beetles, from the Berlin University Zoological Museum. Schumacher pleaded that he took the insects while in a trance.

WAS SCHOOLED BY LADY EVANGELIST

Woman Accuses Mrs. McPherson of Duplicity Regarding Alleged Kidnapping

LOS ANGELES, Cal., Oct. 12.—Taking advantage of today's court holiday because of Columbus Day, Mrs. Almee Semple McPherson, Angelus Temple evangelist, charged with conspiracy in connection with her alleged kidnaping planned to rest by the seashore. She did not preach at last night's temple prayer meeting, and failed to issue her customary nightly "bulletin" summarizing the day's proceedings of her trial.
Mrs. Lorraine Wiseman-Sieff, one of the defendants in the case, yesterday accused Mrs. McPherson of having hired and schooled her in a plot to refute insinuations that the evangelist sojourned at Carmel-by-the-Sea with Kenneth G. Ormiston, missing radio man, and that she was first approached by a "Mr. Martin," believed by the prosecution to be the "John Doe" named in the indictment, which charged conspiracy against Mrs. McPherson, her mother, Mrs. Minnie Kennedy, Ormiston and Mrs. Whelan. District Attorney Assa Keyes said if the prosecution did not prove that "John Doe" Martin's footprints were in the case somewhere he would be willing to have Mrs. Wiseman's testimony stricken from the records.

Acclamation Likely For Customs Minister

KITCHENER, Ont., Oct. 12.—An acclamation for Hon. W. D. Balguy, Minister of Customs, in the forthcoming by-election in Waterloo North, is being forecast as the result of failure so far of local Conservatives to select a candidate.
A mass council fire for local Boy Scouts will be held on Saturday, October 23, weather permitting, at the beach at the end of the car line on the Red Head road. The troops will rally on the day of the council on Saturday, 2 p. m., on the East End baseball grounds. They will then proceed to the beach. The goal will be in charge of District Scoutmaster O. J. Lawson, assisted by other scout leaders. Details of the programme will be published later.

RECORD LITTER

TRURO, N. S., Oct. 12.—Word from Clifton, a village near here, states that a sow, owned by E. E. Crowe, of that district, gave birth to a litter of 25 pigs. Eleven of the lot were raised, and it is said today that within a fortnight the plant would be ready for operation.

TROTSKY, ZINOVIEV REPORTED JAILED

Riga Dispatch Says They Will be Tried For High Treason

APPEAL BOARD SESSIONS

MOSCOW, Oct. 12.—Neither confirmation nor denial was available today of the report that Leon Trotsky and Gregory Zinoviev had been arrested by the Soviet authorities for their opposition to the controlling faction of the Communist party.
Well informed persons considered the report which was published in a Berlin newspaper to be "true."
A dispatch from Riga today said that Trotsky and Zinoviev would be tried for high treason committed when they formed an opposition group within the Communist party.

NO SOFT SPOTS IN MARITIME TOUR OF BERMUDA RUGBY TEAM

VISITORS PLAY TROJANS TEAM HERE TOMORROW

Afternoon Attraction on Allison Grounds Expected to Draw

TRAVELING thousands of miles for the sake of putting a little island in the North Atlantic on the sport map of the continent, Bermuda's husky rugby outfit reached the city yesterday afternoon for their game here tomorrow with the Trojans.

WEEK IN MONTREAL

The visitors have just completed a week's stay in Montreal, where they played and defeated three of the best rugby teams in the world, and the team will leave for the Bermudas tomorrow.

THE TEAM

The team is composed of the following players: Full back, Sergt. Sinclair, B.V.C.R.; three-quarters, J.L. Wainwright, Green, Howard, E. J. Evans (Vice Capt.), Bermuda A.A., F. N. Crisson, Barrow, B.A.A., Morris Cooper, B.A.A., Laves, G. Holmes, B.A.A., W. C. Cooper, B.A., Dalziel, MacKay, Powell, Petric, half backs, Donohoe (Capt.), Currie, Babbitt, three-quarter backs, Goodspeed, Steen, Chestnut, McCaffrey, fullback, Hickson; reserves, Dodridge, Pierson.

2 DEAD, 30 HURT AS CARDS ARE GREETED

St. Louis Victory Costly; Injuries of Several Reported Serious

ST. LOUIS, Oct. 11.—The toll of deaths from St. Louis' riotous celebration Sunday afternoon and last night, of the Cardinals' world's series victory was increased today to two when Emil Lueck, 15, died of a fractured skull.

The youth was struck by an automobile while throwing paper streamers over telegraph wires in the street. The first victim was William Troll, Jr., 17, who was killed when he was knocked to the street from the running board of an automobile.

A police check tonight revealed that 30 persons were injured, seven of them seriously, during the celebration.

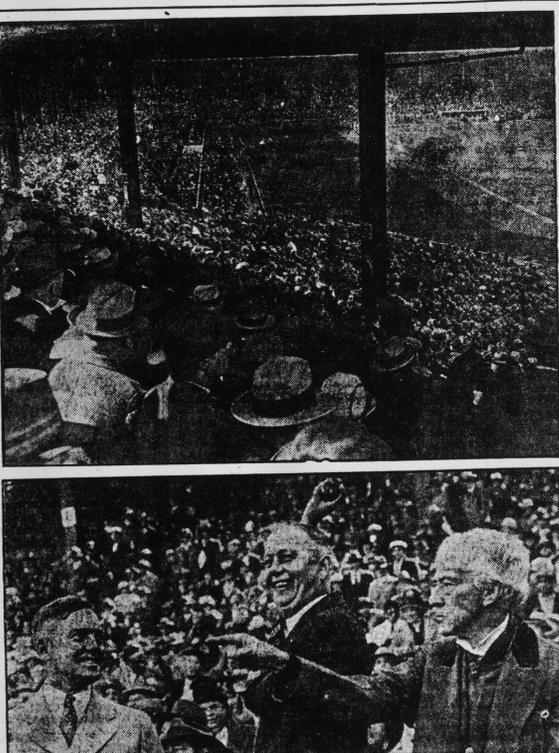

Cassidy Wins Fight Although Knocked Out

GLACE BAY, N. S., Oct. 11.—While the referee was counting out Young Cassidy here tonight in the fifth round, one of the seconds of the victor, Young Graves, jumped into the ring, disqualifying Graves. The referee declared Cassidy the winner, but the latter knew nothing about it until some time later, when he was revived.

Along The Sport Trail

BY JOHN J. DUNLOP.

AN INTERESTING visitor in the way of sport matters in the city during the week and just passed was W. W. Woollett, owner of the Des Moines race track at Windsor, Ontario, and general sports booster at Border Cities. Mr. Woollett, or "Bill" as he is better known to thousands in that part of the country, was down to Halifax to attend a Masonic convention and while passing through the city stopped to look up an old friend. He says that the Detroit people are taking wonderfully to hockey and that a million-dollar rink is being built there for the games in the N. H. L. Detroit recently purchased out-right the Victoria Cougars, paying the neat sum of \$100,000 for them.

FANS throughout Canada and the United States will not be satisfied until New Scotia and Gloucester schooners settle the deep sea championship of the North Atlantic.

The refs ahead in the conference room are many but able seamanship may bring them through safely.

RUGBY enthusiasts will be given a real treat tomorrow afternoon when the Bermuda aggregation stacks up against the local Trojans in the second game of the visitors' Maritime tour.

The game starts at 4:15 o'clock and despite the fact that it is an afternoon attraction, a goodly crowd will be assembled to help the Trojans along and incidentally see the team that conquered three Montreal teams a week's time. This afternoon, the island visitors stack up against the MacTier Cup holders at Fredericton when they play the University of New Brunswick. They are likely to encounter the toughest opposition of their journey so far from the collegians who appear to have as powerful a team as last year when they beat everything in sight. Trojans will be strengthened for this contest and will put up a good fight. The Bermudians have a smooth-working machine as was goodly by their games to date. Any outfit that can win three hard-fought rugby contests inside a week has something more than the breaks to back it. The visit of the Bermuda team will stimulate the development of English rugby considerably in this country. Several years ago, there was an agitation to introduce the Canadian style but nothing ever came of it and, if anything, English rugby is in a stronger position today than it ever was in its history in these parts.

SPORT history will be made here tonight when local and outside club representatives gather to elect officers provisionally for the proposed New Brunswick branch of the A. A. U. of C.

INTER-ASSOCIATION BOWLING LEAGUE IS OPENED

The Inter-Association Bowling League got away to a good start last night on the Imperial alley, when the Knights of Pythias took four points from the Garrison team but not before they had encountered stern opposition in the final string, which was won by the scant margin of one pin.

Commissioner R. W. Wigmore, honorary president of the league, in a few short remarks, opened the league. His address to the bowlers was on sportsmanship and how to profit by the many mistakes and "mis-spares" made during the season just closed. The commission wished each and every team in the league good success for the coming season and stated that he hoped that the usual brilliant affair that has been held in past seasons after the close of the league would be held again, when he hoped to be present to present his trophy to either a new team or one of the other winners.

He then rolled the first ball for a perfect "strike" thus declaring the league formally opened. The following is the summary of last night's match:

Table with columns: Name, Total Avg., and other statistics for various bowlers like K. of P., Power, Naason, Smith, Sheppard, Covey, Garrison, Vanward, Cunningham, Duffy, Connell, Nelson.

OUTSIDE MAN LIKELY CHOICE OF NEW BRANCH

Appointment of Olympic Committee Favored by Many

SO FAR as can be learned, there is little to indicate any advance choice for officials to be elected tonight of the proposed New Brunswick branch of the A. A. U. of C. at a meeting to be held in the Victoria Hotel.

There has been a quiet undercurrent, the Times-Star learns, in favor of some outside man for the position of president as Saint John clubs are keen to show the rest of the province they have no desire to "hog" the whole show and are prepared to go to the limit to prove this.

Following the election of officers, a constitution and by-laws committee will take place on a program for the advancement of the clubs strongly favor appointment immediately of an Olympic committee to buckle down to work right now on some policy for development.

With provisional officers installed, the detail work of presenting the case for a new charter before the annual meeting of the C. A. A. U. will move ahead as the clubs are determined to get a showdown on this matter at the annual meeting in order to know just where they stand for next year.

It is likely there will be only two local clubs represented at the annual meeting of the M. P. B. on Thursday of this week.

FORM PROVINCIAL FOOTBALL LEAGUE

Mount A., U. N. B., Moncton and Trojans Ented Circuit—First Game Saturday

A New Brunswick football league is now assured after a meeting held in Saint John yesterday afternoon with delegates present from Mount Allison University, Moncton, University of New Brunswick and Saint John Trojans.

Officers elected for the season are: President, Dr. D. C. Malcolm, Saint John; vice-president, Gregory Bridges, Moncton; secretary-treasurer, Gordon McPhail, Rothesay. An executive to be composed of one member from each of the clubs is yet to be appointed.

At the meeting it was decided that the regular Union Rugby rules would be observed with an exception, viz. any player incapacitated by injuries may be replaced. Only two such replacements may be made during a game.

In the case of referees, the home team shall notify the visiting team six days before the scheduled game and the visiting team shall reply within 48 hours whether the choice is satisfactory. Failure to agree on a referee shall mean that the president of the league shall determine the referee for the game.

ARRANGING SCHEDULE

University of New Brunswick were in favor of home and home games. U. N. B. and Mt. Allison they will be considered as regular league games in the Intercollegiate League as well as Provincial League. This will mean that the result of the games between the two colleges will have a double bearing, the Intercollegiate League and Provincial League. It amounts to nothing more nor less than a league within a league.

Those present at the meeting were: Mount Allison, Ray Smith; U. N. B., J. B. Carr; Moncton, G. H. Coakes; and Trojans, Walter Golding.

Officials Named For The Blue-ose-Haligonian Duo

Off Halifax Next Saturday

HALIFAX, N. S., Oct. 12.—R. T. MacIreth, Commodore of the Royal Nova Scotia Yacht Squadron, has been appointed by the Halifax Race Committee as a member of the sailing committee for the Blue-ose-Haligonian series of races commencing off Halifax next Saturday.

The Halifax committee, which has the right to nominate two out of five members for the sailing committee, chose F. W. (Casey) Baldwin, of the Bras O'or Yacht Club, Baddeck, as its other representative.

BOSTON BOXER IS CONFIDENT OF A VICTORY

Crowd of 40,000 Expected to See Tonight's Bout

NEW YORK, Oct. 12.—Engaging in a bout which, to him at least, is probably as important as if he were defending a championship, Harry Wills, the consistent challenger for the world's heavyweight title, will step out under the arc lights in Ebbets Field, Brooklyn, tonight to show a crowd that is expected to exceed 40,000, just how much of a contender he still remains.

The giant negro's opponent will be Jack Sharkey, of Boston, considered one of the best of the rising crop of young heavyweights, and the bout, which is being held under the direction of Hubert Fugazy, is scheduled for fifteen rounds. It is estimated that the receipts will exceed \$200,000.

Not since Louis Firpo fought Jess Willard back in 1923 has a heavyweight contest with no title at stake aroused so much interest as this bout, and nearly all of this is due to the outcome of the recent championship fight in Philadelphia, when Gene Tunney wrested the crown from Jack Dempsey. Wills, who probably owes most of his prestige to the fact that he patiently waited through all of the seven years of Dempsey's reign without getting a crack at the champion, stands out as the foremost contender. Whether he will continue to do so is a question that only Tuesday night's fight can decide, and it is this doubt which has brought so much attention to the bout.

If Wills wins, and wins decisively, the negro will continue to remain a big issue in the heavyweight championship even though he may be as unsuccessful in getting a fight with Tunney as he was with Dempsey. If beaten, he practically will be through. He is 34 years old, and has been in the ring since 1911. He hardly could be expected to stage a comeback in the event of a defeat.

WILLS FAVORITE

Wills will enter the ring a favorite, though not by such substantial odds as might have prevailed had the fight been held prior to the Tunney-Dempsey meeting. Dempsey's downfall, however, has made many of Wills' supporters wary.

Actually, Wills has not been much more active than Dempsey during the last three years, and there are many who feel that Wills will prove himself to have slipped as far back to the former champion. This, coupled with the impressive showing of Sharkey in training and the confident manner of the Hub fighter, has served to shorten the odds perceptibly and Wills hardly will be more than a 7 to 5 favorite when the men enter the ring.

Sharkey will enter the ring with confidence in his favor. He is ten years younger than the negro and he is as confident of winning as was Tunney over Dempsey. For him, too, the bout is one of tremendous importance. If he should conquer Wills, especially by a knockout, it would enable him to slip past virtually all other contenders into the front rank of challengers for Tunney's crown.

Should they care to continue in a managerial role, all three could go on indefinitely provided they are able to turn out winners. That is one thing the baseball public demands of a manager.

PENDER QUINTETTE SETS NEW RECORD

Rolls High Total at Opening of Commercial League Last Evening

The opening game of the season in the Commercial Bowling League was rolled last evening on Black's alleys and the J. A. Pender team made a total of 1,514, overshooting the high mark of the league last season.

The Pender team took all four points from the C. N. R. bowlers last night. H. R. McEllan, honorary president, gave a happy speech in opening the league and rolled the first ball. There are several new teams in the league this year, including Kiersteads, the Bankers, Standard Creamery, Corona Co., Lulu, and Vanste and Co.

The scores last night were as follows: C. N. R.—88 105 76 269 89-2-3 Palmer.....94 95 79 268 89-1-3 Manning.....97 108 113 318 106-3-3 Parritt.....109 93 116 307-1-3 Wall.....73 88 86 249 83 Magee.....108 129 93 331 107 435 485 420 1370

OPENS SATURDAY

The league will officially open here next Saturday afternoon, when U. N. B. will oppose the Trojans, while Moncton plays Mount A. at Sackville. In the case of the home and home games between U. N. B. and Mt. Allison they will be considered as regular league games in the Intercollegiate League as well as Provincial League. This will mean that the result of the games between the two colleges will have a double bearing, the Intercollegiate League and Provincial League. It amounts to nothing more nor less than a league within a league.

NEW OFFERING AT OPERA HOUSE POWERFUL PLAY

Mae Edwards' Players Present "The Recoil"—Vaudeville Numbers Enjoyed

When a business man of New York who was so big in business affairs that he was often referred to as a "big gun" but in truth had been gambling the money he was holding in trust, tried to cheat an actress out of her money, the "recoil" came. This story is well told and acted in "The Recoil" by the Mae Edwards Players at the Opera House. The actress' part is taken by Mae Edwards, who further demonstrates her ability. Vaudeville acts were greatly enjoyed, receiving repeated encores, while the orchestra selections, under the direction of Lawrence Hayes, won vigorous applause from the audience. Valmore Smith was very funny at the traps, also playing pleasingly on a set of organ chimes. The other members of the orchestra—Roy Mitchell at the saxophone, Walter Sanville at the trumpet, Lawrence Hayes at the violin also played excellently. Mae Edwards as "Sheila Sharon," the cheated actress, falls in love with Bruce Monroe, played by Carleton Pickney, the son of the "big gun." The latter part is played by Paul Linton, while she is causing the ruin of Kent Monroe, with the help of Perley Morse, a multimillionaire. When she is about to expose him, she has a change of heart and tries to put money in his safe that will save him, but she

BROWN OF HARVARD ON GAIETY SCREEN

Excellent Story is Well Told by Good Cast of Popular Players

Life on the campus of one of America's greatest institutions of learning has been immortalized by Metro-Goldwyn-Mayer in their production of "Brown of Harvard" which opened last night at the Gaiety theatre. It possesses a sincerity and a lack of snob-herosities. The story tells of Tom Brown, a wealthy young egotist, who goes to Harvard to take part in athletics and increase his reputation as a Don Juan. He makes himself the idol of a group of boys, especially of Doolittle, his roommate. The story takes him through two years of college, and of romance with the daughter of Professor Abbott. A freshman crew race is excellently done, and a football game between Yale and Harvard. William Haines notably advances his popularity as Brown. Jack Pickford plays the pathetic Doolittle well. Mary Brian plays Mary, daughter of Professor Abbott, in charming manner. Francis X. Bushman Jr., Mary Allen, David Torrence, Edward Connelly, Guinn Williams and Ernest Gillye complete the cast. Brown of Harvard will have its final screening tonight at 7.30 and 9.15.

MARE NOSTRUM AT IMPERIAL IS GREAT PICTURE

Classic of War Days in the Mediterranean Attracts Great Numbers

Mare Nostrum translated from Latin into English is Our Sea. It is the classic name given by the Romans to the Mediterranean Sea following their conquest of all the countries that surround the famous body of water. "Mare Nostrum" (Our Sea) is a powerful drama of the Mediterranean Sea during the World War. Secret service systems of European countries, submarine warfare and many famous historical and pictorial locations on the Continent add interest to the romance of Freya Talberg and Captain Ulysses Ferragut. Freya Talberg was a beautiful and ruthless spy in the service of her country. Gowned and jeweled like a queen she was desired by many men of high political standing of the Allied nations. Of them she made puppets to gain information and accomplish deeds advantageous to her own country. Captain Ulysses Ferragut was the last of the famous Spanish family of seafaring Ferraguts, who were famous in every port and on every ship that sailed the seven seas. In Pompeii Ulysses met Freya and was madly in love with her at first sight. The leaders of the secret service system, of which Freya was a member, discovered this and planned to make good use of Ulysses' knowledge of the Mediterranean to assist them in supplying their submarines with fuel, using Freya as the bait. Against her will Freya learned to love Ulysses as she had never loved before. She attempted to withdraw from the net she was slowly but surely weaving around him, but the leaders of the service with which she was associated would not listen to her pleas. Ulysses was finally the tool that enabled the submarines to take fuel to Mediterranean waters. He returned to Naples to find Freya and the other members of the spy sys-

TEN COMMANDMENTS POWERFUL PICTURE

DeMille Production Has Intense Appeal and is Full of Dramatic Forcefulness

Cecil B. DeMille's powerful screen production, "The Ten Commandments," gripped all who saw it at the Queen Square Theatre last evening. The authors chose mighty San Francisco as the background. Here the fierce life pulsation makes or breaks heroes or victims. On a tall church spire Mr. DeMille and his workers filmed some of the most thrilling moments of the drama. The quaint virtues of the cottager's domestic hearth are the starting point of the story. A touching figure is Mary Leigh, a hand-to-mouth wail who steals when she is hungry. Brought into the home circle, her tendril of love twine round the hearts of two brothers, Dan and John. The Bible-reverencing mother is opposed by the reckless Dan, whose god is Mammon. Mary prefers him to John, and he marries her. It is a way of escape to them both from the Covenant faith of a household where the Holy Circle is the literal rule of conduct. But John sticks to the maternal hearth. Dan becomes a grafting contractor, and as a blind Honest John is engaged as carpentry foreman. Dan turns from Mary to Sally Lung, Mary dies on her deathbed, and John is saved from heading death by his quick arm. Examining the crumbled footing, he realizes the nature of the concrete and tells her to fetch her husband. Events move with great rapidity. While Dan and John are arguing, a terrible crash is heard. The whole spee wall has tumbled down, and buried in its ruins the little mother who had strayed into the church to touch with reverent hands her son's Tablets of the Law. Powerful scenes follow, which must be seen to be realized. The picture will be presented again at today's performances.

CORINNE GRIFFITH AT PALACE THEATRE

"Classified" Proves Excellent Medium — Jack Mulhall, Charlie Murray in Support

It's one thing to live on a mere "street." It's quite another thing to have an "address." Babs Comet, who worked in the classified ad. department of a big news-clipper, lived on the one and yearned for the other. The situation is one of those clever psychological problems developed in the fertile brain of Edna Ferber, favorite of a million magazine readers. It has been transcribed into screen form, and is now at the Palace Theatre, with Corinne Griffith starred and a supporting cast to gladden one's heart. The type Miss Griffith depicts is a new one to her, and her work is excellent. Jack Mulhall is ideal as the mechanic who outlasts the smitten aristocrat, played by Ward Crane. In the supporting cast are such merriest monopolists as Charles Murray and George Sidney. There are laughs, smiles and perhaps a tear or two for those who see "Classified." Last showings tonight.
