Twelve Dead In Flood After Cloudburst Near Salt Lake City

THE GAY TROOPERS REJECT BRITISH PLAN

DAMAGE TO PROPERTY IS HEAVY One Life is Reported Lost as Waters Pour Over Mountains. FARMS INUNDATED Several Persons Are Stranded for Hours on Outskirts of Town.

(Canadian Press.) Salt Lake City, Utah, Aug. 14.—Twelve lives are believed to have been lost in Northern Utah, as a result of a series of cloudbursts last night and early today, property damage is estimated to total upwards of \$1,000,000. Four persons are known to be dead at Farmington, Utah, just north of Salt Lake City: two men and a woman are reported dead at Willard, Utah, and five Boy Scouts are reported drowned in a canyon east of Farmington.

The cloudburst, preceded by a severe electrical storm, tore down telephone poles, and communication is crippled. Coming with startling suddenness and intensity, the cloudburst, coupled with severe electric storms, sent great walls of water down low ditches and streams, sweeping through communities in Box Elder and Weaver counties and leaving behind inundated farm lands.

Today the flood had receded at most places almost as suddenly as it rose. Five hundred persons were stranded for several hours at Lagoon, a resort on the outskirts of Farmington, when transportation means were paralyzed, but a train of the Oregon Short Line arrived in Salt Lake after midnight, carrying more than 200, and another train took the others to Ogden.

WINNIPEG COUPLE DROWNED IN ONT One Was Grandson of Lord Mount Stephen—Bodies Recovered. Minkai, Ont., Aug. 14.—The drowning of two members of the younger social set of Winnipeg occurred here yesterday afternoon when Elizabeth Lang, aged 16, daughter of Mr. and Mrs. J. J. Lang, and Mount Stephen, aged 17, only son of Mrs. W. G. Stephen, and a grandson of the late Lord Mount Stephen, lost their lives when a sail boat capsized.

The other members of the party, Mary Jukes, aged 18, and Jack Reid, aged 16, both of Winnipeg, made their way to shore after being in the water nearly an hour.

Miss Jukes let the boat, swam to the shore, and then started to return to the other three when she got into difficulties half way back. She held on to the shore until she was rescued by her assistance, while Stephen stayed by Miss Lang to support her. After the struggle Miss Jukes and Reid reached shore and when they turned towards the other couple, they had disappeared from sight. The bodies were recovered.

TO HELP VICTIMS Confessed Leader of Villa Slayers Offers Rewards for For Institution. Mexico City, Aug. 14.—Jesus Salas, the member of the Durango Legislature, who is in jail here following his voluntary confession that he led the band of men who killed Francisco Villa, has announced that he will donate the rewards offered for the death of the former band leader towards the establishment of a charitable institution for the families of Villa's numerous victims. It is that the reward of 100,000 pesos offered by Chihuahua state and other offered by the U. S. as a result of the Columbus raid have not been withdrawn.

Steamer Service To Alaska Is Planned Prince Rupert, B. C., Aug. 14.—In connection with the departure of F. G. Dawson, C. N. R. director for Montreal, it is reported here unofficially that definite plans will be made for an Alaskan steamship service from this port next year. When Sir Henry Thornton, president of the road, was here recently he hinted that the C. N. R. might build or purchase a vessel suitable for the Alaskan service.

Steamer Hits a Wreck; Is Beached St. John's, Nfld., Aug. 14.—Captain G. A. Murley, of the S. S. "Sable L." which struck a submerged wreck early today, and was subsequently beached near La Maline, off the Newfoundland coast, reported that although the forward hold was flooded, the stokehold, engine room and afterhold were dry.

HALIFAX LADY FOUND DROWNED Body of Miss Grace Fraser Taken From Detroit River. Windsor, Ont., Aug. 14.—About three miles from the place where she was last seen on Thursday evening of last week, the body of Miss Grace Fraser, 28 years old, of Halifax, N. S., was found last night. The body was taken out of the Detroit River near Fighting Island, opposite Booms, Michigan. Identification was made by a brother-in-law, Wm. Sutton, with whose family the young woman has been visiting here. Mrs. Sutton, Miss Fraser's sister, has not yet been told of the finding of the body, as she is in poor health, and her relatives fear a collapse should she be told.

Indications point to Miss Fraser having struck her head upon some object in the river bottom while diving or having been seized with cramps while in the water. When last seen Thursday night she was sitting on a diving raft opposite the Walkerville Boat Club at the wharf, dressed in a bathing suit. Her clothing was later found on shore.

The cause of the body was made by means of a bathing cap which was on the body when it was found.

YOUTH SHOT AT SYNAGOGUE DOOR Toulouse, France, Aug. 14.—All the victims of the auto accident near Saint Sauveur, the party was on a pilgrimage to the Lourdes Shrine.

TO TAKE VOTE ON WAGE DECREASE Canadian Trainmen Return From Conference in Cleveland. Toronto, Aug. 14.—Canadian trainmen returned from the Cleveland conference, bringing news of a decision to inaugurate a wage increase movement. The proposed new schedule before the conference is higher than the 1920 rates, which were accepted by the union under protest. It was decided to poll voters in the province, by inaugurating the movement on any particular system in Canada or the U. S. The vote will be taken at once.

These 100 of Hamilton, one of the chairmen of the Order of Railway Conductors, was elected to the executive, who will have the wage movement under their direction.

Expresses Hope For World Peace Melbourne, Aug. 14.—The Pan-Pacific Science Congress which is being attended by representatives from Canada, Great Britain, the U. S., Japan and various other countries with interests in the region of the Pacific ocean was officially opened last night. The Governor-General, Lord Forster, welcomed the delegates.

Various speakers at the opening session of the congress expressed agreement on the urgent need for co-operation in facing the great problems common to the Pacific nations.

One Japanese delegate said he hoped the congress would pave the way for permanent peace on the Pacific and in the whole world. This sentiment was greeted with loud cheers.

A., Havelock Coy, registrar, and Mr. Justice Barry have gone to St. John where they will attend a special meeting of the senate of the U. N. B. this afternoon to deal with suggestions for affiliation of the St. John Law School with U. N. B.

Martial Law In Tulsa, Oklahoma Oklahoma City, Okla., Aug. 14.—Governor J. C. Walton, late yesterday issued a proclamation placing the city of Tulsa under martial law. The city goes under the rule of the military at 6 a. m. today. Guards from Oklahoma City were ordered to proceed to Tulsa. Issuance of the proclamation followed flooding of Nathan Hantman of Tulsa last Friday night. All civilians must be off the streets by 11 p. m. and must not appear again until 6 a. m. without permit, it was announced.

23 PILGRIMS KILLED IN AUTO CRASH Party Visiting the Lourdes Shrine Meets Shocking Accident. 7 BADLY HURT Driver Swerved to Avoid Striking Pedestrian and Car Overturned. (Canadian Press Cable.) Lourdes, France, Aug. 14.—Twenty-three persons were killed and seven were probably fatally injured yesterday when a motor coach filled with excursionists plunged down a 280 foot ravine in the Pyrenees Mountains, near Saint Sauveur.

The accident occurred near the famous Napoleon Bridge, which crosses a rushing torrent. The driver, in an attempt to avoid striking a woman who was emerging from the bushes, swerved his machine sharply to the narrow road that skirts the precipice and the coach tumbled completely over. The woman who was the indirect cause of the accident ran screaming to Saint Sauveur, the nearest village, where she gave the alarm and then faintly begged for help.

Mr. Harding was not to be filed at Marion, O., probably during the coming week, and that it will probably be in the old court house at that place. Mr. Harding will not receive the entire estate as there are some minor bequests to persons Mr. Harding wished to remember in this way. In addition to being the chief beneficiary of the will, Mr. Harding is already well-to-do in his own right. She is a high school graduate and has a considerable estate of her own.

Disposal of Appeals Committee Matter 44-Hour Week Fight Won. Atlanta, Ga., Aug. 14.—The annual meeting of the International Typographical Union yesterday disposed of the old question of appointment of the appeals committee, when the convention voted 141 to 10 to leave with the president appointment of the committee rather than have it chosen by election.

A business session this morning will be followed by an afternoon of entertainment and a business session at convention headquarters.

N. R. Trotter, second vice-president of the I. T. U., at the meeting last night said of the progress of the printers during the past year and asserted that the affairs of the organization are in better condition than ever before. He declared that the fight for the 44-hour week had been won.

Yawl Has a Stormy Time On Atlantic Halifax, Aug. 13.—The 40-ton yawl Spitfire, 60 years old, is in port here today after a stormy voyage across the Atlantic since June 25. The little craft faced head winds almost continually and a number of the crew were injured. She had a narrow escape from an iceberg off Cape Race.

The Spitfire has a head of Scotch whiskey and cleared from the Welsh port for St. Pierre. She is commanded by Captain Fenwick who has previously commanded large trans-Atlantic boats.

The Spitfire was formerly a steam trawler and her stout timbers came through their grueling without sign of strain.

Boat With 280 Aboard Strikes Rock; All Safe Southampton, Aug. 14.—A party of 280 excursionists aboard the steam Princess Ena had an exciting experience early today when the vessel in crossing from Southampton to St. Malo, France, struck some submerged rocks in a dense fog between Jersey and St. Malo. A bad hole was cut in the steamer's hull, and a number of passengers were transferred to the boats. However, excellent order prevailed and there were no casualties. The Princess Ena later proceeded under her own steam.

Two of the lifeboats, containing 80 passengers, were still missing at noon despite efforts to find them, but the authorities believed that there was no chance of their being lost.

No Trace Yet of Girl's Assailant Ottawa, Aug. 14.—Although constant search has been maintained by the police and others interested in the case, no trace has been found of the man who brutally assaulted Hazel Mockett, near Billing's Bridge last Saturday night.

Italians Confiscate Ship Load of Arms Trieste, Aug. 14.—One million rifles, 3,000 machine guns and mountain batteries, constituting the cargo of the steamer Vulcan and consigned to the Government of Jugoslavia, have been confiscated by the Italian authorities. The war material was part of Italian war stocks which had been purchased by foreigners and sent to Jugoslavia.

HARDING ESTATE ABOUT \$750,000 Will Filed This Week—Bulk of Property Goes to Widow. Washington, Aug. 14.—The late President Harding was worth about \$750,000 at the time of his death and most of this will go to Mrs. Florence King Harding, his widow.

He made a new will just before he left Washington last June for Alaska and placed all his personal affairs in such shape that in the event of his failure to return alive they would be in such shape as to give his widow the most concern and worry after his death. The Harding will is not to be filed in Washington for the very good reason that it owns no property here except personal effects at the White House and funds in bank.

Several minor bequests will be made to be filed at Marion, O., probably during the coming week, and that it will probably be in the old court house at that place. Mr. Harding will not receive the entire estate as there are some minor bequests to persons Mr. Harding wished to remember in this way. In addition to being the chief beneficiary of the will, Mr. Harding is already well-to-do in his own right. She is a high school graduate and has a considerable estate of her own.

Man Taken For Double Homicide Police Say Albanian Admits Killing His Wife and Mother-in-Law. BODIES IN BOXES Dispute Over Money Matters—Says Women Attacked Him. Medford, Mass., Aug. 14.—Nunzio G. Tarkos, of Franklin, New Hampshire, was arrested here early today charged with murder after two boxes containing the dismembered bodies of two women were found in a field here.

The bodies were found in a field here. Tarkos, an Albanian by birth, has been employed in a paper mill in Franklin. Formerly he conducted a fruit store in West Medford. Quarred Alleged. According to the alleged confession he quarrelled with his wife and her mother at their home in Franklin, Saturday night over money matters, and he asserts that the two women attacked him with a bat and a knife. He said that he overpowered them and then stabbed his wife in the breast and cut Mrs. Adams' throat. He dragged their bodies to the field.

Bees Cause An Auto Accident Taunton, Mass., Aug. 14.—A bumble bee caused two automobiles to crash on the Taunton road here and the sending of four occupants to the Morton Hospital with cuts and bruises. Henry St. Yves, Fall River, with Mabel Binnette of the same city, was driving a Ford coupe when it struck a bee on the face causing him to lose control of the automobile which crashed into the car of Logie Cassidy, 296 Chauncey street. Mansfield, which was approaching from an opposite direction. Both machines were badly damaged.

Mabel Binnette sustained a bad cut on the shoulder and numerous cuts on her face from flying glass. Cassidy and his son, Guilo, also received cuts and abrasions. St. Yves was the least injured of the quartet none of whose names were placed on the danger list at the hospital.

Verdict That Montreal Man Was Shot While Cleaning His Rifle. Montreal, Aug. 14.—Coroner McMahon has returned a verdict of accidental death in the case of R. A. S. Adair, eldest son of Robert Adair, president of the Hart & Adair Coal Co., Ltd., who was found dead in his bedroom on Sunday afternoon with a bullet wound in his head.

The evidence showed that Mr. Adair, who had planned to go on a hunting trip early next month, met his death while cleaning his rifle. The weapon had been partly dismantled, and two boxes of cartridges. It is thought that Mr. Adair inadvertently brushed his sleeve against the trigger of the small sporting rifle when the barrel was pointed at him.

No Argentine Member At League Assembly Buenos Aires, Aug. 14.—The Argentine Government will not be represented at the assembly of the League of Nations when it meets in September, owing to a delay in congressional approval of measures asked by President De Alvear, in order to "regularize" Argentina's relations with the League. It was stated at the foreign office today that the budget still is under consideration by the Senate.

Beats Wife To Death With Hatchet After Argument Over 50 Cents (Canadian Press.) Bridgeport, Conn., Aug. 14.—Deputy Coroner Stevenson yesterday conducted an inquest into the murder last Friday of Mrs. Clara Pellath, 72, by her 70-year old husband, Stephen Pellath, at their basement home, with a hatchet during an argument following the aged man's request for 50 cents with which to get a shave. Finding will probably be made today.

Witnesses yesterday included the police to whom Pellath confessed the crime. The confession said that "nagging" on the part of the dead woman had driven the old man mad, and that he beat her with a hatchet to quiet her.

Plot To Poison Student Body Shanghai, Aug. 14.—Yu Yu-Heng, former head of the Students' Self-Government Association of the Hangchow Normal School, and two cooaks, Chien Ah-Li and Pi Huh-Song, have been sentenced to death by the Hangchow district court, for participation in a plot to poison the entire student body at the school. The plot resulted in the deaths of 27 persons and the illness of scores of other teachers and students last February. Testimony at the trial disclosed that Yu was facing exposure of a shortage of \$200 in his accounts as chairman of the student organization and that he undertook to kill everyone at the school to cover up the shortage. He was alleged to have bribed the cooks to steal arsenic from the laboratory of the school and to put it in rice served at the opening supper of the school term. The cooks, shortly after their arrest, declared they had been paid \$20 by Yu for their share in the plot.

War Unless Nations Act, Says Smoot New York, Aug. 14.—A picture of Germany on the brink of revolution and of Europe face to face with another devastating war, was brought home yesterday by Senator Reed Smoot, of Utah, who went abroad at the request of the late President Harding to study conditions in Germany as they affect the reparations problem.

Senator Smoot said he believed it still was possible for Europe to set its house in order without a period of chaos, but he declared that unless the nations acted soon, war would surely come.

THRIVE ON NEW WARM CURRENTS Increasing Temperature Brings Milder Nights to Faroe Islands. London, Aug. 14.—The greater warmth of the water surrounding the Faroe Islands, in the North Sea, has caused the temperature of the islands to undergo a radical change during the last few months.

Scientific investigations have shown that a warm ocean stream from the south is encircling the islands and that great quantities of strange fish scales have been washed ashore. These scales belong to a type of octopus that inhabits western European waters, but hitherto has not been known to exist north of the south coast of England.

The temperature of the islands has been steadily increasing and the vegetation has grown more rapidly. The nights, which usually are cold, have become very mild.

14 Nationalities On One Vessel Halifax, N. S., Aug. 14.—The Canadian liner Laconia from Hamburg, Southampton and Cherbourg for Halifax and New York, landed 770 passengers yesterday, 800 of whom were harvest workers bound to western Canada, 80 Swiss farmers for Quebec, and 30 for Nova Scotia.

Passengers landing here included the following nationalities in addition to British: French, Italian, Greek, Montenegrin, Swiss, Belgian, German, Austrian, Czech-Slovakian, Lithuanian, Russian, Swedish and Polish.

Poincare To Reply This Week Stout Reaffirmation of the French Viewpoint is Looked For. ENTENTE IN PERIL Its Life Staked on Conditions Said to be Intolerable to France. (Can. Press Cable.) Paris, Aug. 14.—Premier Poincare who will return to Paris tonight, has informed his collaborators at the foreign office that he intends in "the most courteous manner possible" to reply point by point to the note of Lord Curzon, British Secretary for Foreign Affairs, on the reparations question. Although the reply will be courteous, it is asserted in foreign office circles that it will be a stout reaffirmation of the French viewpoint and a flat rejection of the British suggestions.

The reply will be sent as soon as possible, probably before the end of the week. Although it is no longer assumed in official quarters here that the Entente may survive the present difficulties, the situation is far from hopeless, as the press and public. The French have in fact, long considered the Entente as virtually defunct, so far as concerns co-operation between Great Britain and France on the application of the terms of the treaty of Versailles.

Lord Curzon's note is taken merely as a public recognition of that fact by the British Government, who are of the opinion that the responsibility for the rupture of France to Britain.

Premier Poincare, it is understood, will carefully omit anything that might be taken as a denunciation of the Entente, leaving the initiative in the final rupture to the British Government.

If Prime Minister Baldwin decides to call an international conference to fix Germany's capacity to pay, that must be taken by the British Government as a virtual declaration of war.

POINCARÉ TO REPLY THIS WEEK

(Continued from page 1.) Rome, Aug. 14.—The Italian press is very sparing in its comment on the British reparations note to France and Belgium, but the reception of the document is mainly favorable.

Special satisfaction is expressed over Marquetti's opinion in favor of a definite sum to be claimed by Great Britain from the allies and Germany, this being considered as acceptance by the British of Premier Mussolini's proposal to consider reparations and interest debts as a single problem and discuss them jointly.

The portions of the note demanding payment of the French debts and questioning the legality of the Ruhr occupation met with less unanimous approval, being criticized adversely by the Franco-Belgian press. The note also contains the former two proposals and questions the utility of bringing up the latter question at the present time.

Official circles on the whole are also pleased with the note, considering the Franco-Belgian position. The note also contains the former two proposals and questions the utility of bringing up the latter question at the present time.

MORE TROUBLE IN GERMANY

Strikes at Hamburg, Bremen and Berlin Called Off, However.

(Canadian Press Cable) Berlin, Aug. 14.—Twelve persons were killed and more than 80 wounded here last night when crowds attempted to storm the Aix La Chapelle police headquarters and rescue prisoners taken during the day when the police broke up a food shortage demonstration.

The strike of the Hamburg and Bremen pilots, which has been trying up North Sea traffic at these ports, ended today.

The general strike in Berlin was called off by the Communists today. The transportation lines reopening. Order has been restored at Luebeck, where there was a Communist crop-ping yesterday and work has been resumed in all the establishments there.

All the victims in the riots were German civilians. In yesterday's demonstrations about twenty-five persons were killed and forty wounded. The crowd was composed for the most part of unemployed men, who were seen at the headquarters and refused to heed the police warnings to disperse. After a few minutes' protest the crowd and firing volleyed the security police emerged and charged the mob with sabres and revolvers. Mounted police now are patrolling the city. The Belgian troops did not interfere in the riot.

Berlin, Aug. 14.—With later reports indicating an increase in the mob disturbances throughout Germany, Chancellor Stresemann and his Government faced another anxious day today. During the night Communists were arrested in several places, including Hanover, and fifteen in Saxony. Rioting was also said to be in progress in Neuss, Silesia.

MOTHER AND DAUGHTER CAN'T TALK SAME TONGUE AT REUNION

Former Speaks Only Her
Native English, Latter
Only Dutch

London, Aug. 14.—Because one spoke only Dutch and the other knew no tongue but her native English, a mother and daughter who had not seen each other for twenty years were obliged to seek the aid of a prosaic dictionary at their reunion in London this week.

The mother, Mrs. Amy Norris, has never been out of England, but twenty-two years ago her little daughter, then two years old, was adopted by a Dutch family and taken by them to live in Holland, where she soon forgot the few English words she knew—all that is, except "mudder"—and by repeating that one word as soon as they met she made her mother happy.

By the terms of the adoption the mother and child were not allowed to communicate until the latter was twenty-one, and so the life of the daughter during these twenty years is unknown to her mother until they are able to talk to one another. When the child was six Mrs. Norris broke the no-communication rule and wrote a letter to Holland. This the daughter kept, although she was unable to read it, and it was through it that she eventually found her mother.

When the daughter attained her majority she became estranged from her foster parents because they disapproved of the man she wanted to

marry, a Mr. Kok, but she ran away, taking her one English letter with her. After her marriage she took the letter to the British Consul at Rotterdam and he told her how to find the way home to England.

The two have now been together for a week, but their curiosity about one another remains unsatisfied. "I can only sit and look at her," the mother says, "and she can only sit and look at me."

RECENT DEATHS

Mrs. H. H. Chandler.
Many friends in the city will be sorry to hear of the death of Mrs. H. H. Chandler, formerly Miss George Colwell of this city, which occurred at her home, Providence, R. I., on Sunday, Aug. 12. Word of her death was received yesterday in a telegram to her parents, Mr. and Mrs. J. H. Colwell, 170 Victoria street. Besides her husband and three children, she is survived by one sister, Mrs. D. W. Lavton, of Medford and five brothers, H. Y. Colwell, of Brooklyn, N. Y.; A. F. Colwell, of Somerville, Mass.; Melvin, Wesley and Oscar, of this city. Mrs. Chandler was of a very pleasant personality and will be sincerely mourned.

Mrs. Isabelle Tarsons.
Mr. and Mrs. C. A. Fleming have received word of the death of their aunt, Mrs. Isabelle Tarsons, at her home in Newfoundland, leaving two daughters, Miss Pina and Miss Hattie Tarsons. Mrs. Tarsons had relatives in Fredericton.

Robert L. Sims.
The death of Robert L. Sims, which occurred at his former home in Knowlesville, Carleton Co., yesterday came as a great shock to the community of which he was a prominent member. He had been sick for some time with rheumatism but pneumonia was the cause of death. Mr. Sims was a young man of promise in the law profession, and was working up a nice practice in Woodstock, where he resided. He is survived by his wife, formerly Miss Glass of Hartland and two small sons. He had been a candidate for the local house.

Beautiful Fur Coats and Neck Pieces— In An Interesting First Showing

Though the mandarin sleeve and the new high collars are dominant style features for fall, it is the many different interpretations of the collar and sleeve trend that gives this first fall showing its interesting variety.

Loose backed models hanging free from shoulder vie in popularity with loosely girdled affairs. Linings are beautiful and designed to wear well, and M. M. A. fur values are well worthy your attention.

Furs sold here have been chosen with an experienced eye and every care has been taken to have each garment thoroughly reliable in every way. Our new fall stocks include:

Beautiful Persian Lamb Model with loose back and long cord girdle. It has the new high collar which can be worn turned down if desired. Made with the new, wide mandarin sleeves and lined with excellent quality broad-cast satin. 46 in. long. An exceptionally fine value.

Persian Lamb Coat with luxurious large collar and cuffs of Alaska Sable. Flaring back and handsome broad-cast lining. 46 in. long.

Hudson Seal Coat with large shawl collar and wide cuffs of Alaska sable. Exceptionally fine, silky quality. Cuffs can be used as muff. Fashioned in one button style with hem of uneven length. More than ordinarily smart.

Hudson Seal Coat with shawl collar and straight cuffs of Australian Opossum. Belted model lined with broad-cast pussy willow taffeta. 40 in. long.

Canadian Muskrat Coat with mandarin sleeves. Skins are reversed to form collar, cuffs and bottom six stripe border. 5 in. 4 long. Heavy broad-cast lining.

Shorter Length Muskrat Coat trimmed with extra large collar and cuffs of Raccoon. Five stripe border on bottom of coat.

Beautiful Raccoon Coat with extra large collar, bell sleeves and smart five stripe border. Lined with finest Swiss broad-cast.

The Newest Neck Pieces

Animal Shapes with double fur are among the newest fashion facts. These are showing in wonderfully lovely skins and a fine variety of them. Among them:

Kit Fox in silver cross and brown; Pointed Fox, Natural Blue Fox, Australian Fox, Teape Fox, Georgetown Fox, Silko Dye Fox, Black Fox and Cross Fox; also in Stone Marten, Mink, Fitch, Ringtail Opossum, Hudson Bay Sable, Beau Marten, Jap Marten and others. RECENT WEDDINGS

Connor-Boyd.
A quiet wedding was solemnized in St. Phillip's Church last evening when Rev. Claude Stewart united in marriage Wellington Connor and Ethel Boyd, both of this city. A large number of relatives and friends were present. Mr. and Mrs. Connor will reside in the city. They enjoy the best wishes of many friends.

Menties-Geldert.
A marriage of interest to many friends of the bride and groom was that which took place in the Fairview Baptist Church, Vancouver, on Wednesday evening, July 13, when Miss Vivienne M. Geldert, formerly of St. John, was united in marriage to Victor William Menties, eldest son of Mr. and Mrs. A. H. Menties, of Pender Island. Rev. A. S. Lewis, pastor of the church, officiated. The bride entered the church to the strains of the Wedding March, played by Mrs. Sproule, and was escorted down the aisle by Captain Brewster. She looked lovely in her gown of apple-green georgette, with touches of gold lace and picture hat of leghorn. She wore a corsage bouquet of Ophelia roses and fern and the groom's gift a gold brooch. The bride's gift to the groom was a platinum and ruby tie pin. The young people were unattended, and the ceremony witnessed by only a few immediate relatives of the bride and groom.

During the signing of the register, Mrs. D. G. MacDonald sang very sweetly, "I Love You Truly." Later a delicious buffet luncheon, including the bride's cake, was served at the home of Captain and Mrs. Brewster. Mr. and Mrs. Menties left on the night boat for Seattle, the bride traveling in a handsome sand-colored costume. After a short honeymoon tour of the Sound cities they will make their home on Pender Island.

Two hours of police court time were devoted yesterday afternoon to a question of dog ownership. John Prater, of St. Patrick street, was charged with having in his possession a dog belonging to E. J. Terry. The defendant said he had purchased the dog from Everett McMullin eighteen months ago. After other evidence was taken, the magistrate decided that Mr. Terry owned the dog and he was allowed to take it away.

STATUE TO HONOR WRITER OF STORIES ON INSECTS

Monument Will Be Erected in Village Where Jean-Henri Fabre Spent Childhood.

Paris, Aug. 14.—A committee headed

by General de Castelnau, and including leading educators and officials of the Department of Aveyron, is arranging for the erection of a statue to Jean-Henri Fabre, who wrote books about insects that were more interesting than romances. The monument, now being executed

by the sculptor Malet, will be placed within a year on the central square of Saint-Leons, the village where Fabre spent his childhood. The committee considered this peaceful spot the most appropriate for a statue of the "noblest and purest son of Aveyron."

THE EVENING TIMES-STAR, ST. JOHN, N. B., TUESDAY, AUGUST 14, 1923

POINCARÉ ROARS WITH GLEE AS DWARF IMPERSONATES HIM

"I'd Love to Applaud," He Chuckles After Joke by Midget Actor.

Paris, Aug. 14.—Like most personalities in view, M. Poincaré has his stage imitators. But unlike a good number of them, he not only doesn't mind their "making him off," but actually revels in watching them.

Perhaps the best of them from a comic standpoint is the dwarf Delphin, recently the star attraction of the Carillon cabaret. Because of M. Poincaré's short stature, Delphin is able to put on an exceedingly funny imitation in miniature, never missing a trick. The schoolmasterly, punctuating gesture of the forefinger of the right hand, the little, sharp but ever so clear-voiced, occasional emphatic wagging of the short beard, and once in a while a quick Joe Cannon-like step—all are there.

But the present Premier doesn't go often to cabarets, even to those called artistic. Which is why his old friend Jean Bernard, the writer, in inviting him to an evening party, also invited Delphin.

Poincaré didn't know what was coming. Neither did such distinguished people as Arthur Meyer, editor, and General Berthoulet, Gouraud's predecessor as Military Governor of Paris. Consequently, when the little Delphin came forward with a formidable pile of typewritten sheets in one hand, a brief case in the other, and in true Poincaré style started to quote the Versailles Treaty and give Germany "what for," there was considerable uneasiness among the select company.

The Premier, however, was delighted. He simply folded his hands over his stomach and roared. Bit by bit his neighbors, taking the cue, let themselves go and joined in. When Poincaré finally got his breath again, he said, still laughing:

"It's too bad! I'd love to applaud, but I'd have the air of applauding my own self!"

Then he shook hands with his half-portion imitator who complimented him highly. Delphin later admitted he was scared stiff before he dared "play Poincaré before Poincaré," but that the stage fright was worth it for the statesman's hand shake—and forgiveness.

Spanker For San Francisco Chinese

San Francisco, Aug. 14.—(A. P. by mail.)—"Spanking neatly done" might be the sign on the door of the headquarters of the Chinatown squad at the Hall of Justice here. Police Corporal Jack Floyd later admitted he does not imprint his trademark on some incorrigible Chinese youth because of the Corporal Floyd, who because of the fierce aspect he assumes on punitive occasions, is also known as "the Man of Chinatown," who has entered his present profession about three months ago when a worried Oriental parent confided to him the case of his son.

"My boy Sam, he no likes go school. All-time run away. Take him juv'nile court—no good. No like juv'nile court. Sam jus' run away some more. You spanker him, Mistah Floyd." And Floyd did.

So appreciative was the parent of Floyd's handwork that he presented him with a canary bird in a picture-que cage. Today a dozen canary birds at the Hall of Justice testify that Floyd's business is expanding.

ONLY ALLEY CUR, BUT HE'S SOME DOG FOR A' THAT

"JUST A MUTT"

Kenosha, Wis.—He was only an overgrown, mangy, flea-bitten alley hound—homeless, friendless and hungry. Drooping tail, fawning eyes, dejected ears, uncertain gait marked him as nobody's dog.

Along came a little boy exploring unknown things and places. He saw the pup. And the pup saw him—prime makings for a duo of joy.

Blind to the dejected ugliness, the lad bent over and gathered the dog in his arms.

"Puppy, oh puppy, be my dog," he begged.

And the alley hound went home with him.

MORNING NEWS OVER THE WIRES

In Dublin yesterday a temporary canopy to the memory of Arthur Griffith and Michael Collins was unveiled near the Government buildings.

President Roosevelt delivered an oration. Governor-General Healy and state representatives were present.

In reply to the petition of the G. W. V. A. for the restoration of certain sections removed from the pension and re-establishment legislation of the last session Hon. Dr. H. S. Beland said yesterday that he did not know the omission had occurred but in any event they were not serious.

Lightning on Sunday struck the house of Freeman Saylor at Eastern Passage, near Halifax, entering through the chimney and passing through every room in the house. Two children were stunned for a time and the arm of one of them scorched. B. L. Mitchell, manager of the Royal Bank of Canada in Halifax reported at the height of the storm a telephone receiver was knocked from his hand and he was temporarily partially paralyzed.

Heavy rain last night between 6:30 and 10 o'clock, put a damper on all outdoor entertainments planned for the evening. The precipitation amounted to .16 of an inch.

By "BRIGGS"

SMOKE OLD CHUM TOBACCO

FOR NEARLY A WEEK, THE BOY, JOE MARINE, practically lived with that dog. Then came the municipal dog show. Every kid brought his dog. All the canine aristocracy turned out.

But it was the day of the alley cur. When the show was over, Joe went running home a-singing, with the dejected pup a-barking at his side.

"Just a Mutt"—for that was the name the boy had given him—had won first prize.

Joe was happy. And so was his alley tramp, with the blue ribbon around his neck.

KINDERGARTENS AS NOW BUT SCHOOL BOARD WILL LOOK AFTER FINANCES

Protestant Orphanage Asks Rental for the Use of School Rooms.

The Board of School Trustees decided last evening to finance the Free Kindergartens and have them carried on as at present under the management of the Free Kindergarten Association. This proposition was acceptable to the I. O. D. E., who have been advocating the inclusion of the kindergartens into the school system. S. A. Worrell, acting superintendent of schools, will have a general supervision over the work. A request for rental for the school rooms used in the Protestant Orphanage Home was presented by D. C. Clark.

Others present were Trustees Mrs. E. R. Taylor, Mrs. D. P. Chisholm, A. C. Smith, G. Herbert Green, E. R. W. Ingraham, A. A. McIntyre, Michael Coll, George E. Day, and Thomas Nagle. S. A. Worrell, acting superintendent, and A. Gordon Leavitt, secretary.

Contracts for equipping manual training rooms were awarded as follows: in Lorne school to R. A. Corbett; in the new Albert school to H. O. Clark. The resignation of Stanley Nason from the teaching staff was accepted.

School Rent. D. C. Clark, president of the New Brunswick Protestant Orphanage appeared before the board asking that some rental be paid for the school rooms used in the orphanage buildings. No rental had ever been paid and

school rooms had been used for thirty years in the Britain street Home; two and a half years in the Wright street Home, and two years in the West St. John Home. He pointed out that there were 8,696 pupils in the schools of whom 2,711 were in separate schools. He reckoned the cost of fuel and janitor service per pupil in the public school was \$7.70 and housing, fuel and janitor service per pupil in the separate schools amounted to \$18.83. Arrears of rental to the orphanages would amount to \$19,206.08. He made no claim, but reminded the board it was hoped to have the orphanage children moved outside the city to the new premises by the time the school year began in 1924 and he said the money would be most welcome at this time.

Mr. Nagle said the Cliff street orphanage received no rental for school rooms.

A committee consisting of Judge McKeown and Trustees Smith, Nagle, Ingraham and McIntyre was appointed to consider the orphanage room rental matter.

Applications. Application for positions on the teaching staff were received from Miss Blanche Stale, Havelock; Miss Annie V. McCormick, City; Miss Marion E. Long, Keswick Ridge; Miss Muriel H. Mahony, West St. John; Miss Muriel McAllister, East St. John; Miss Pearl McNeill, Sault Ste. Marie; Paul McGinn, Sussex; James E. Gallagher, Fredericton; Miss Mildred Hoyt, Hampton; Louis P. McMurray, Sussex; Miss Theodore E. Morris, Fredericton; Miss Katherine L. Martin, Glen Falls.

Application for special appointments were received as follows: for the High School, Miss A. Thurott, Fredericton; Robert Hayes, City; for manual training, C. H. Cochran, Fredericton; domestic science, Miss Muriel Lister, McAdam; instructor of music, J. Bayard Currie.

The application of R. W. Rawlings for the position of janitor was received.

Miss Clem Fenton was granted leave of absence for one term.

The committee on kindergartens recommended that the Kindergarten Association be asked to carry on the kindergartens as they now being conducted, the board furnishing the funds in accordance with the expenses drafted. The Municipal Chapter, I.O.D.E., had urged the incorporation of the kindergartens in the school system, writing expressing its appreciation and willingness to accept the recommendation.

Judge McKeown pointed out the advantage of having foreign born children taught the English language in the kindergartens before entering the school. It was estimated \$5,000 a year would finance the kindergartens. The superintendent would have some supervision of the kindergartens. This year's city grant of \$1,500 would carry the kindergartens to the end of 1923.

Mr. Nagle suggested that in next year's estimates the kindergartens be made a separate item placing the onus on the common council.

The committee's report was approved. On Committee.

Mrs. Chisholm was placed on the manual training and domestic science committee, filling the vacancy caused by Mrs. Richard O'Brien's death.

In regard to the request of the girls in the High School that they should have the right of using the playgrounds on alternate days at recess the superintendent was asked to report at the next meeting on how the recess hour could best be arranged.

Provision was made for having all coal supplied the schools weighed and

This Free Test Will amaze and delight you

This offers you a ten-day test, to show the way to prettier teeth. To cleaner, safer teeth.

Millions now employ it. You see the results in whiter teeth wherever you look today. Now find out for your own sake, what that way means to you.

Film—the great enemy

Dingy teeth and most tooth troubles come from film. From that vicious film you feel. Much of it resists the tooth brush, clings and stains.

Soon that film discolors. Then it forms dingy coats, and white teeth lose their luster.

Film also holds food substance which ferments and forms acid. It holds the acid in contact with the teeth to cause decay. It breeds millions of germs, and they, with tartar, are the chief cause of pyorrhea.

Very few people who brush teeth in old ways escape those film-caused troubles.

How to combat it

Dental science, after long research, has found ways to fight that film. One acts to disintegrate the film at all stages of formation. The other removes it without harmful scouring.

A new-type tooth paste has been created to apply those methods daily. The name is Pepsodent. Now leading dentists the world over advise it, and careful people of some 50 nations enjoy its benefits.

Natural, gentle ways

In other ways Pepsodent is bringing a new dental era. It multiplies the alkalinity of the saliva and multiplies its starch digestant.

Those are Nature's agents for fighting acids and starch deposits on the teeth. Every use of Pepsodent gives them manifold effect.

Thus Pepsodent acts to protect the enamel in natural, gentle ways, and without the grit that injures.

Send the coupon for a 10-Day Tube. Note how clean the teeth feel after using. Mark the absence of the vicious film. See how teeth, written as the film-costs disappear.

You will be amazed and delighted at what you see and feel. Cut out coupon now. This is too important to forget.

ORGANIZE FOR TOURIST TRAFFIC

W. C. Allison Advocates Provincial Action Before Year Ends.

The most promising asset of New Brunswick, so far as development along new lines is concerned, is in the opinion of Walter C. Allison, of Manchester, Robertson, Allison, Limited, is tourist traffic. What it has done for California is familiar to all readers; but what it has done and is doing for our neighbor the State of Maine is more familiar still. The amount spent in Maine each year by tourists, summer campers and sportsmen has been estimated at \$60,000,000 or more. To get it some sort of comparison, that amount is very greatly in excess of what is expended in the lumber and pulp industry in New Brunswick in a year.

Mr. Allison presents the proposition that we receive from tourist traffic even half as much as we do from lumber for a year or two it means almost the difference between a profitable and an unprofitable trade for merchants generally, affecting wholesale and retailer alike, as well as the farmer, and practically every branch of business.

Once established, Mr. Allison points out, tourist traffic is not subject to fluctuations, but tends to increase. We have the climate, the scenery, and now the roads. What we need is more hotel accommodation, camp sites, and other conveniences. It is such a combined effort on the part of the whole province as would ensure a complete and effective publicity campaign.

A Source of Business.

The business man who sees a sure return does not hesitate to invest, and the same should be true of the province. Here is a source of business that would bring millions into New Brunswick, and distribute the money very liberally among the people, and it would grow from year to year.

Mr. Allison points to another important consideration for the province. Many thousands who would come from year to year would be some who would be impressed by opportunities for investment, and this would further benefit the province. But even if they only came and found healthy enjoyment the money they would spend each year would aggregate a very large amount.

Mr. Allison has found that more and more business men are talking about developing this great asset. They are found not only in St. John, but in many parts of the province. The rapid increase in number of American motorists seen on our roads in the last two years has set people thinking. If we are to have more money spent in our province by tourists next year the time to organize for the development of the business, Mr. Allison maintains, should not be delayed. He hopes to see such an expression of general interest as will ensure a real, province-wide organization at work before the end of the year.

Roads Good.

Mr. Allison went recently on a motor tour through a portion of Kings and Queens counties covering about a hundred miles. He found the roads good,

Assessment Made By Compensation Board

Class Two Industries Affected In Call To Cover Deficit.

It has been announced that an assessment will be made under the terms of the Workmen's Compensation Act on the industries falling under Class 2. This class comprises lumbering and all forms of woodworking. This assessment is in addition to the annual one and the rate varies from 60 cents to \$4. Operators engaged in logging and lumbering will have to pay the maximum rate, while those manufacturing furniture and similar articles will escape with the minimum assessment.

J. A. Sinclair, chairman of the board, in an interview yesterday said that this further assessment was equal to the amount assessed on the industries in class 2 for the current year and was made to make up a deficit which had accumulated in the industries concerned.

The deficit he explained was due to the fact that the amount paid out for compensation was greater and the total pay-rolls of the class were less than had been anticipated by the board. Consequently the amount of compensation paid had to be made up out of the general accident fund and the further assessment was made to restore this amount to the general fund and to carry out the terms of the act by making each class self-sustaining. The accrued deficit, he said, would amount to between \$165,000 and \$170,000.

Mr. Sinclair said that in accordance with the official notice, the board was calling for the payment of the first instalment of the further assessment on or before October 1. All those whose assessment will amount to \$100 or less are expected to pay the total amount by that date, and others, assessed for more than \$100 will be asked to pay one-third of the amount due. The balance will be subject to an interest charge unless the full amount is paid on or before October 1. He expected that the balance of the assessment would be spread over two or three years.

Valuable Gifts To N. H. S. Museum

Exceedingly rare and very valuable are the most recent gifts received by the Natural History Society. They consist of a set of five brown clay figures, models of five types of coolies to be seen in British India, and have been presented to the society by T. H. Estabrooks. Mr. Estabrooks says of them that they were received from an agent of his firm in India about twenty years ago and at that time they were already rare and valuable. Only two old men still retained the art of making these clay models at that time. As specimens of fine workmanship and perfect modelling the little figures are most remarkable. They have the correct native garb properly draped. The features are beautifully chiselled and would bear scrutiny under the magnifying glass. So faithfully do the models follow the original they represent that human hair is used and the old lady has hair that is silver grey. There are two women, one old and the other young, and three men, one seated with his legs crossed. The models are nine inches high.

Ruhr Refugees To Find Homes In Proud Castles

Berlin, Aug. 14.—The spirit of democracy has begun to creep through the walls of the musty old castles of Germany.

Much interest has been aroused by the announcement of the Duke of Anhalt, former ruler of the Duchy of Anhalt, that his castle would be turned over to the government for the use of the Ruhr and Rhineland refugees. The enormous structure is to be divided into apartments and there will be a stowpige protruding from every other window.

Owners of other castles are to follow suit.

ART EXHIBITION.

The art and industrial exhibition being held at the Armouries by the A.M.E. in the Maritime Provinces is proving a great success. The exhibits show a great deal of interest and ability along the lines of display, and all who have visited the exhibition are speaking in complimentary terms of the effort. Today those in charge will set out to sell 2,000 tickets for the special concert to be given in the evening.

RE-ELECT M. E. AGAR CHAIRMAN

Meeting of Commissioners of the General Public Hospital.

The board of commissioners of the General Public Hospital elected officers at last night's meeting and appointed M. E. Agar as president, making appreciative reference to Mr. Agar's splendid service for the board and his able leadership since the retirement of Senator J. W. Daniel. The appointment was made retro-active commencing on the retirement of Senator Daniel. Alexander McMillan was appointed vice-president and Mrs. J. Vermer McMillan, treasurer and special commendation was given each of the newly elected officers. The chief business dealt with was the passing of by-laws. A new draft of by-laws has been prepared by a special committee and the board as a whole must pass upon them, section by section. Good progress was made. A letter from the American College of Surgeons regarding the standardization of hospitals referred to the recent visit of Dr. McEachern, the representative of the College, who had inspected the hospital. Praise was given many departments of the hospital, but Dr. McEachern had reported that the case records were not kept up to the requirements of the standardization committee and had urged special attention being given to this part of the hospital routine.

Authority was given the commissioner of the month to have the gutters of the Epidemic Hospital put in order and the meeting approved the purchase of a new boiler to replace the boiler in the Epidemic Hospital which has worn out.

NAME CONVENERS FOR FUNCTION AT THE INFIRMARY

The tea and garden party to be held at the end of this month at the St. John Infirmary in aid of the building fund for the new wing, was further planned for at a largely attended meeting last night. Miss Mary Downing, president of the Infirmary Alumnae, was in the chair and representatives of all the Catholic women's organizations were present.

Tea is to be served in the nurses' home and the conveners for the tea were named as follows: Mrs. J. E. Owens, for the St. John sub-division of the Catholic Women's League; Mrs. M. H. McCloskey, for the St. John north sub-division; Mrs. John O'Regan for the Altar Society; Mrs. Edward Heaney for St. Vincent de Paul Society. The conveners for the different booths which will be arranged about the grounds were named as follows: candy booth, St. Vincent Alumnae, Miss Mary Chaisson, convector ice cream, three divisions of the A. O. H., Mrs. Edward Finnigan convector; fancy work, Children of Mary, Miss Mary McGrath, convector; soft drink booth, St. John

THE DEATH WATCH BEETLE

Lives in Old Houses Only, and Its Tapping Worries the Superstitious.
Have you not in some old country house at night heard a disturbing ticking whose origin you are unable to trace even though you leave your bed and light the lamp? In many country districts, the sound has been accepted as warning of an approaching death of some member of the family. It is a sound you will not hear in the modern houses of busy walls, and the reason why is explained by Professor Max well-Lewy in London. The beetle is of great interest, owing to its association with so many old buildings of historic value. It lives inside the roof and wall-timbers of almost any old building in the construction of which oak beams have been used.

OLD HOUSE WHERE HUGO ONCE LIVED TO BE RAZED

Landmark Stands on Banks of Bievre at Gate of Paris.
Paris, Aug. 14.—An old house in Genilly, on the banks of the River Bievre, at the gate of Paris, is about to be torn down. With it goes still another historical landmark—the twelfth-century Paris with almost as little regard for historical buildings as has New York—but the Old Paris Commission at least made adequate records, photographing the house inside and out before the wreckers got started.
One hundred years ago Victor Hugo lived in the house. It was there he met her, in "Les Miserables" Hugo wrote a charming description of the banks of the Bievre near the house, and in "The Last Day of a Condemned Man" there is an unforgettable sketch of the sad procession of human wrecks that saw from the window of his room.

WHAT'S GOING IN THE MONEY AND STOCK MARKETS TODAY

WHEAT CRISIS IN WESTERN U. S.

Solution Depends on Government, Farmers Say—Lower Freight Rate Asked.

Chicago, Aug. 14.—While a research committee of the wheat council of the U. S. yesterday announced reports of over-production of wheat were exaggerated and railroad executives in conference with Omaha business men said they would further consider the proposal to reduce freight rates on wheat, the price of that cereal advanced in the Chicago market to \$1.01 3/4, an increase of six cents.

Depressed market conditions were attributed by the committee to reports of surplus production, and resolutions adopted declared a study of the situation did not bear out estimates. A definite research programme was begun which will be reported on Sept. 24.

Spokane, Wash., Aug. 14.—Wheat farmers of Washington, Oregon and Idaho and Montana are convinced that solution of the wheat crisis depends upon aid of the U. S. Government. A message sent by John Quincy Adams, president of the Farmers' Union of Washington and Northern Idaho, at the close of a convention last night, asked President Coolidge to convene Congress in special session to adopt relief measures.

After an all-day session when farmers and legislators discussed the situation, resolutions were adopted proposing establishment of a \$600,000,000 Federal corporation to deal in wheat and to control all wheat dealers in the United States.

OIL SHARES SELL IN GASOLINE WAR

Feature of Wall Street Opening Today—Better on Montreal Exchange.

New York, Aug. 14.—(Opening)—Selling of the oil shares in reflection of the gasoline war in the middle west featured the irregular opening of today's stock market. Producers and refiners and Marland Oil each dropped 1-4 point, the former duplicating its previous low price of the year. Coppers led again as a result of the falling off in export demand. U. S. Rubber rallied 1-2 and Burns Bros. A. one.

Oils continued in supply, losses of a point or more being recorded by Pacific, Cosden, the Pan-American issues. Texas Company and Standard Oil of California, Marcellus, Inveivable and Transcontinental each touched new lows for the year. Rubbers were strong, U. S. Rubber first preferred rising 2-8/4 points, Goodrich 1-1/4 and Kelly Springfield 3-4. Weakness of French francs, which established another new low for all time at 54 1/2 cents, featured the foreign exchange market.

Noon Report. New York, Aug. 14.—(Wall street noon)—The vulnerability of the oils to selling pressure encouraged bear selling of other shares, particularly the steel, motors and equipments, which were depressed one to two points. Oils extended their initial losses, several declining two points or more and eight establishing new low levels for the year. Trading was more active on the decline with sentiment increasingly bearish as the session progressed. Call money opened at 4-3-4 per cent.

Montreal Exchange. Montreal, Aug. 14.—(10:30)—More than 1200 shares were traded during the first half hour of the local stock market today. Prices were steady to a shade stronger. A firm tide with a turnover of 1,000 shares was the most active issue and opened up 1-4 point to 98 1/2. Spanish River came out with an overnight gain of 3-4 to 87-3/4 and Brompton was unchanged at 89. Bradlian, at 45; Montreal Power, at 113-1/2, and Canadian Car preferred at 75-1/2, were unchanged.

Sterling Exchange. New York, Aug. 14.—Sterling exchange irregular. Great Britain 4.06 7-8; France 3.52; Italy 4.29 1-2; Germany 0.00042. Canadian dollars 2 3/32 per cent. discount.

OPINIONS ON THE STOCK MARKET (McDougall & Cowans)

New York, Aug. 14.—Hayden Stone: "We cannot help feeling that many securities have reached a point where earnings and financial conditions warrant their purchase."

Block Maloney: "We do not think the rally can go much further, and again favor sales."

E. F. Hutton: "When the market does turn it will undoubtedly show many issues in scant supply."

A. A. Houseman & Co.: "We believe that the better trading opportunities for small profits are on the long side."

KEEP STUTZ MOTOR OFF N. Y. EXCHANGE

New York, Aug. 13.—The application of the Stutz Motor Company to relist its stock on the New York Stock Exchange had been denied, it was learned today. While no official statement could be obtained from stock exchange officials, it was understood the reason given was "insufficient distribution of the stock."

SAY SASKATCHEWAN YIELD AVERAGE ONE

Regina, Sask., Aug. 13.—Harvesting is in full swing in many localities in the southern Saskatchewan and will be general in most districts within the next few days. It is reported that the yield will be considerably reduced owing to damage by rust, sawfly, blight and rain in many localities, but the average yield of about twenty bushels an acre is expected throughout the province.

Rust seems to be doing most damage in the southeastern part of the province. Northern districts report an almost uniformly good crop except where hail has damaged the grain and in low-lying spots.

Estimate of an average yield, varying between twelve to twenty-four bushels to the acre, are given by Government crop correspondents on the Regina-Weyburn line today. Cutting will be general in most districts in this area during the present week.

MORNING STOCK LETTER.

New York, Aug. 14.—Yesterday's market withstood bad news in encouraging fashion. The striking bearish oils news worked for losses of only about a point. Several months ago the same news would have caused a bad break in these stocks. The news that the President would not persist in a coal strike on the other hand caused a lot of short covering. Thus the market indicated that just as much good news as a short time ago had no effect on prices, bad news now was of little effect.

While the market needs encouraging trade news to cause a rally of any proportions, the technical position of the stocks is still so strong that short covering probably will come in to the market on any soft spots.

FORESTRY FOLK VISIT NIAGARA

British Empire Delegates on Sight-Seeing Tour at Falls Yesterday.

Clifton Hotel, Niagara Falls, Ont., Aug. 14.—Delegates to the British Empire Conference took a day of yesterday and spent the night seeing here and there the direction of members of the Victoria Park Commission and the Ontario Hydro Commission. Gathered as they are from the Motherland and from all the far-flung out-posts of the Empire they are unanimous in rating this a red letter day in their lives.

The day began with their arrival at Toronto on the Canadian National Railways Ottawa train. They embarked on the Niagara boat. On the arrival of the boat at Lewiston, a special car took the party up the famous gorge route to the ministers' building in Victoria Park where they were guests of the Park Commissioner at lunch. After lunch the delegates were taken down to the Horseshoe Falls and for a trip in the "Maid of the Mist" to the falls. The trip to Queenstown Heights. Brooks monument was climbed. A visit to the Hydro Forebay was made and tea was served at Queenstown Heights. After dinner a visit was paid to the Ontario Power Company's generating station to see the turbines not explored. The day was concluded with a motor drive along the Niagara River parkway.

CONCLUDE CASE FOR RAILWAYS

Argument in Freight Rates Appeal Heard by the Privy Council.

Ottawa, Aug. 14.—F. H. Chrysler, K. C., counsel for the Railway Association of Canada, concluded his argument before the Privy Council last night in opposition to the appeals of British Columbia and Alberta for a downward revision of railway freight rates.

Gerard Ruel, K. C., representing the National Railways, followed Mr. Chrysler. He took only five minutes to state his attitude. Before the council adjourned it was indicated that the hearing would end on Monday morning. Mr. McGee, K. C., appearing for the Province of B. C., announced that he would be able to conclude his reply during the morning.

Quoting the contention of Hon. John Oliver that British Columbia was entitled to special consideration by reason of the implications and the actual covenants contained in the agreement made with the Government of Canada at the time the former was admitted into the union, Mr. Chrysler, extending from Point Levis to the agreement itself, and by resolutions of the Commons, the Senate, and the Imperial Conference, held that the claim had no foundation, in fact or inference. The agreement was that the railway to be constructed to connect with the railway system of Canada. He referred to it as neither a railway, nor a line of working in no way ambiguous. The difficulty of attaching any exact meaning to the supposed implication, in the terms of union support, led to the view that no such implication exists.

The agreement dated May 13, 1871. The Railway Act of 1863 was at that time the governing factor, it contained no provision for equalization of tolls. The only railways in existence, at that time were the Grand Trunk, extending from Point Levis to Portland, and the Great Western, from Niagara Falls to Windsor. In 1871 the telegraph line was constructed. The Canadian Pacific was not in existence. The Canadian Northern dated from 1888. There was not a technical railway, or under the Railway Act, any system in force, making provision for uniformity in rates of tolls, the rates differed in every section, and varied from day to day. British Columbia had no right to equalization of tolls. The Railway Act, subsequently to Confederation.

Summing up on the constitutional question, he said: "Upon the completion of the legislation confirming the agreement between the other provinces and British Columbia, British Columbia itself became a province of Canada, and was therefore in the same position as if it had been one of the original provinces. It became subject therewith to the legislation of the Dominion and the powers conferred upon Parliament of Canada, by the British North America Act, and the railway to be constructed, as to the tolls thereon, became subject to any special legislation governing that railway, or to the Railway Act of Canada, whichever should supply."

The Dominion Railway Act of 1868 did not contain any provision requiring that equal tolls should be charged in all localities of all the provinces of Canada. Such a result was not contemplated. It had not even entered into the minds of the legislators to conceive of tolls being paid at the same rate per mile upon railways, in all parts of Canada. No such scheme was in effect on the continent of North America. The tolls on existing railways in the United States varied upon each railway, and the different parts of the country. They differed still, and nothing like uniformity was provided for in the legislation regarding railroads in the United States, until the passing of the legislation, which created the interstate commerce commission, the first enactment of which dates from the 4th of February, 1887. No such contention prevailed in Great Britain. The rates of tolls varied on every railway, and on different parts of each railway. The Canadian Railway Act of 1879 replaced the Railway Act of 1868.

The act of 1879 had no application to the railways which had been constructed prior to Confederation.

Judgment Given In Sales Tax Case

Small Dealers Who Retail Their Own Products Are Manufacturers.

Ottawa, Aug. 15.—The Department of Customs has had considerable trouble with the Retail Merchants' Association over the question of the liability of small retail manufacturers and dealers for the sales tax, when they also sell their product by retail over the counter. The claim of E. M. Town, secretary of the Retail Merchants' Association, has been that such men are not manufacturers.

A number of prosecutions were brought by the Government against delinquents under the Retail Merchants' Association. The Department consented to this, and the case agreed on was whether the candy made by Versailles Sweets Ltd., of Toronto, would be subject to the manufacturers' tax and to the sales tax also, and whether the above company would be required, under the law, to take out a special car to carry the goods.

The case was tried in the Supreme Court of Ontario at Toronto and the judgment was rendered a few days ago by Judge Kelly. His decision was that they were manufacturers under the provisions of the Special War Revenue Act of 1916 and amendments. Judge Kelly imposed penalties for failure to take out licenses. There will be no appeal from this decision, as it was agreed that this should be a test case. The Customs Department will now proceed to collect the taxes due and remaining unpaid by reason of this class of manufacturers declining to pay taxes under the office of the Retail Merchants' Association. There are very many such cases. The judgment was with the Government.

In the course of his judgment, Judge Kelly said the defendant had "been taken in by the oners and illegally lent and not free from ambiguity to the lay mind at least, with the added uncertainty arising from a succession of amendments and important amendments, and to advise advice on the other hand, it is probable not have fallen into so many details."

Penalties of \$75 failure to collect and \$100 failure to file returns for failure to take out the license, and \$10 for failure to take out the manufacturer's license under the act were imposed.

THE SECOND HARVESTERS' EXCURSION

Canadian National Railways Offering Low Fares Again for Friday, August 17th.

Cheap fares again prevail to Winnipeg for Friday, August 17th when the second excursion of harvesters will be run. CANADIAN PACIFIC HARVESTERS' EXCURSIONS

The Canadian Pacific Railway will run a second harvesters' excursion from New Brunswick on Friday, August 17. On the first excursion, August 8, the company handled approximately 2,600 excursionists on three special trains from St. John, all of which trains arrived in Winnipeg afternoon and evening of 8th. The men were quickly picked up and are now at work in the harvest fields. It is expected, on account of the late hay season in New Brunswick, that many harvesters will go west on the second excursion—they are urgently required. The Canadian Pacific will get them to the western destinations in good shape. High class equipment and lunch counter cars will be provided. The rate from station in New Brunswick to Winnipeg is twenty dollars. For any further information consult any of the agents of the Canadian Pacific. 8-16

ENGLAND PHILIPS. On Monday evening, Aug. 13 at seven o'clock a quiet wedding took place at Centenary Methodist parish church. The bride looked very charming in a navy blue suit with sand colored hat and carried a bouquet of white roses. They were attended by Miss Myrtle Boyle and Earl Starkey. Mr. and Mrs. England left on a short honeymoon to the North Shore. On their return they will reside at 85 St. James Street.

TOURIST BOOST IN BUSY EAST

The last issue of The Busy East, published in St. John, is devoted to the annual meeting of the Tourist Association and is special tourist number. Its forty pages tell the story of the trip to Boston, with illustrations, including group pictures and single photos of twenty-four members of the party, and a symposium of impressions contributed by nearly all of them and some others concerning the Boston visit and its probable effects. There is also a map showing the Eastern Steamship Lines and connections. Various contributors emphasized the importance of following up the Boston visit with a vigorous campaign not only to attract tourists but to get better hotel accommodations. This issue also contains other matters of interest, including an article by George H. Beaman on the Maritime Club.

TO REORGANIZE POSTAL SERVICES

Three Appointments Announced—E. J. Lemaire to the Privy Council.

(Canadian Press) Ottawa, Aug. 14.—Announcement of the transfer of E. J. Lemaire, from the Post Office Department to the Privy Council marks the beginning of the reorganization of the postal service throughout the Dominion. In connection with all the positions that are to be filled, two principles, it is announced, will govern—promotion from within the Department and a knowledge of postal duties. Three appointments are announced today, namely: J. Gaboriau, Montreal, appointed Deputy Postmaster General.

P. T. Cooclean of Ottawa, appointed general superintendent of the postal service in the order of seniority. There successors will be chosen from among the present employees. Pending permanent appointments, James Taylor of Montreal, will temporarily discharge the duties later performed by Mr. Gaboriau and E. J. Lemaire. Mr. Taylor will be acting western superintendent in the place of Mr. Cooclean.

FAREWELL AND PRESENTATION TO REV. MR. GABRIEL

A farewell social and reception was tendered Rev. A. E. Gabriel last night by the congregation of Trinity church. There were many people present. Mr. Gabriel has been the curate of Trinity church since the last two years and has made many warm friends. He is leaving this week for Halifax where he has been appointed to the curacy of St. John's church. He will be greatly missed in St. John.

Presentations were made to him in spirit on behalf of the church organizations in the church with which he was most closely connected. Trinity Club, of which he has been president, presented a beautiful clock and the presentation was made by Bert Coop, secretary of the club.

COIN OF 1214 IN POSSESSION OF ROBERT CARLIN

What a relic it could tell, if it could only speak, was the thought that ran through a reporter's mind, as he looked at a coin which Robert Carlin of 97 St. James street, presented for his inspection. The coin holds the record for age of any that have come to the city. It is a British penny, with Britannia on the face, and Halifax, and the letters Brok, of another word on the back.

S. V. Linton, 88 Victoria street, has an Italian coin, dated in the reign of King William I, a one cent piece dated 1855, Fisheries and Agriculture; and a French coin, dated 1853, bearing the coat of arms of Napoleon III, and of denomination of cinq centimes.

WAR HONORS GIVEN TO FRENCH KILLED WHILE ON DUTY IN RUHR

Official Journal Has Much the Same Appearance as in War Times.

SEES STIRRING BATTLE OF WETS IN CONNECTICUT

Rev. R. J. Haughton, Formerly of St. John, Takes Part.

Rev. Ralph J. Haughton, formerly a city pastor and now visiting in St. John, is second in command of the anti-saloon forces in Connecticut. That State was one of two which did not ratify the Eighteenth Amendment, but it has what Mr. Haughton describes as perhaps the most effective enforcement code in the country, and the law officers of the state have just issued drastic orders for the closing of many places that were used as saloons.

Mr. Haughton says there will be a battle for supremacy, but he is convinced that the anti-saloon forces have conclusive evidence that the liquor interests of France and Belgium are giving financial aid to their friends in the United States, in the hope that the experiment of prohibition in the latter country may be made to fail.

Rev. Mr. Haughton is interested in the agitation to go after tourist traffic from New Brunswick, and says there is an immense movement out of the Eastern States every summer, a good portion of which could be diverted to this route if the tourists were told in an attractive and impressive way what the charms of New Brunswick are in summer.

FOR CUSTODY OF CHILD. Habeas corpus proceedings in the case of Herbert McGuire and his son, for the custody of the child, were continued before Mr. Justice Chambers in chambers this morning. The hearing was again postponed until August 22. E. J. Hennesberry made the application.

STREET RAILWAY EXTENSIONS ARE DISCUSSED BY MANAGER POOLER

Matter of Power and Light Supply if Hydro Emergency

M. A. Pooler, general manager of the N. B. Power Company, when asked yesterday what it would cost to extend the street railway to Rockwood Park and to Millidgeville, said that an estimate placed the cost roughly at \$150,000 for both extensions.

The question of extending the street railway to Rockwood Park has long been talked of and the opinion was expressed several years ago that this would be impossible on account of the long climb, but Mr. Pooler takes the view that it would be quite a feasible undertaking if the money were available.

In view of the lack of rainfall this summer, Mr. Pooler was asked how long it would take to link up the lines with the N. B. Power Co. power house, should an emergency arise. He expressed the opinion that it would take about two weeks.

Sweden To License Radio Receivers

Stockholm, July 21.—(A. P. by mail).—Radiophone sending stations in Sweden are to be owned and supervised by the state, while receiving sets may be installed and operated by virtually any person who goes through the formality of obtaining a license.

Although the state is to own and control the radiophone stations, the actual operation is to be a concession to one or more private companies during the first few years, according to the general plans.

**ASK POLICE DISTRICT ABOLITION;
PROTEST TAX ARREARS ASSESSMENT**

**Summer Residents Up River
Hold an Indignation Meeting.**

A request for the abolition of Police District No. 2 in Lancaster and a protest against the inclusion of the arrears of the last two years, in which the assessment for police was on the whole district, in the amount assessed against the summer residents this year, were the features of a meeting of summer residents of Ketepec, Morna and Marthon last evening at the club house of the Ketepec-Morna Outing Association.

The meeting was well attended, despite the unfavorable weather, and those present were not slow in expressing their dissatisfaction with existing conditions. James Brittain was elected chairman and A. G. McMullin, secretary, for the meeting. The police protection law was discussed at some length by R. T. Hayes, M.L.A.; S. G. Olive, T. F. Miller, Allan Lingley and others and it was moved by R. C. Thomas and seconded by Harry Jackson, that the municipal council be petitioned to abolish No. 2 police district in Lancaster, the whole cost of which, it was said, had been placed on the summer residents. This was carried unanimously.

The following resolution, moved by S. G. Olive and seconded by Joseph Smith, was carried unanimously:—Whereas, it has been drawn to the attention of the summer residents of this district that the unpaid taxes for police protection in this district for the last two years, has been added to the levy of this year against the summer residents. And whereas, the act authorizing assessment against summer residents for this purpose is not retroactive. And whereas, the said residents paid the taxes assessed against them for the said two years which included the tax for police protection. Therefore resolved, that the said resident protest against the action of the council in this matter, claiming that the unpaid tax should be collected from the owners or occupiers against whom the assessment was made. It was further resolved that the municipal council: R. T. Hayes, M.L.A.; M. Adams, S. G. Olive, Allan Lingley and James Brittain.

BEAVERBROOK SENDS \$100 TO BELVEA FUND

WHO'S TO PAY?

Commissioner's Curbing Destroyed in Blasting for Pole Holed.

Commissioner Frink has quite a bill for curbing destroyed by blasting for the pole holed and is endeavoring to have the civic power commission take care of it. When the matter was taken up with the holed, the Commissioner was referred to the contractor for the work.

As Hiram Sees It

"Well, sir," said Mr. Hiram Hornbeam to The Times reporter, "I was talkin' the other day to one of them there parties from the States that was goin' through the States in an automobile. I ask 'em if they was havin' a good time an' they said it was great. One feller said we don't seem to know what we got down here in summer or w'd tell the world. Then was his words. He said if I seen some of the little ponds in the States that has summer cottages around 'em an' people crazy to get there—we'd think a lot more about our lakes an' rivers an' nice country places. Now, says he, if you had a lot of nice routes mapped out so folks that comes here could be told about what they might see in a day's run here or there off the main roads—they'd stay longer. But you'd want to hev some way of bein' sure they was told about it. If you had some place in every town lookin' after the business you could pass 'em an' they'd keep on an' seein' a lot of the country they'd never see if they just whizzed through. Why, says he, you got the greatest playground in America. Why don't you realize on it the same as Maine? Well, sir, the good hoss sense in what that feller said. We're thinkin' about fittin' up a campin' site out to The Settlement for next summer an' gittin' that there Ontonabee Association an' Tourist Association to tell about it—yes, sir."

GETTING 'EM TO THE SPOT

A buxom lass, of dusky complexion, one of the arrivals on the R. M. S. P. Chaudiere, created considerable fun for the members of the staff in the ticket office in the Union Depot yesterday. She approached the wicket, and asked sweetly for a ticket to America. The clerk who was most obliging, asked her where there was any particular point in America, to which she would like to go. The answer came back strongly, but just the shade of annoyance in her voice, "The United States." The clerk then patiently enquired if there was any place in the United States, to which she would like to go. "Oh, yes," she replied, "54th street, New York." "Yes, New York," and having received her ticket, she departed, very much pleased, with the business ability she had displayed in purchasing her own ticket to 54th street.

**THREE COLLISIONS
