Wedge Goes Deeper In Flanders; Hun Days In Western Belgium Numbered

BRITISH AT GATES OF LILLE

Paris, Oct. 16.—British patrols entered the southwestern suburbs of Lille this morning.

British Headquarters, Oct. 16.—(Canadian Press Despatch from Reuters Ltd.)—Belgian cavalry were this morning reported to be within a mile of the important railway centre of Thiel. That town is only about fifteen miles southwest of Ghent.

MILLION AND HALF FOR ENDOWMENT OF METHODIST CHURCH

Conference Decides on Campaign—A Word of Thanks to Our Soldiers

Hamilton, Ont., Oct. 16.—The Methodist conference yesterday afternoon decided to launch a campaign to raise a million and a half dollars for the endowment of the Methodist Church in Canada, to increase the ministerial assistance from four per cent to six per cent, to increase the superannuation and pensionary funds. It was estimated that \$150,000 would be required to restore the Methodist churches at Halifax and the Methodist Church of Canada will be asked to subscribe that amount.

The conference decided unanimously to send the following telegram to Arthur Currie, the General Conference of the Methodist Church gives hearty thanks to you and your officers and men who have never failed to reach their objective, never lost a position, helped to break the Hun and gave Canada a meaning.

JOHN LELACHEUR OF ST. JOHN WEDS IN CAPITAL

Fredericton, N. B., Oct. 16.—John Lelacheur, of St. John, and Miss Gladys Grant, of Fredericton, were married here this morning by Rev. J. S. Sutherland. On account of the influenza epidemic, church wedding could not take place. The wedding took place at the residence of Mr. and Mrs. Peter McDermid, of the city. The young people were unattended. The groom is a returned soldier and the bride was in Germany during the outbreak of the war and could not leave that country till some time afterwards.

FREDERICTON SOLDIERS WOUNDED

Fredericton, N. B., Oct. 16.—Private Stanley Young, son of Mr. and Mrs. Charles D. Young, of this city, is reported today to be admitted to No. 14 General Hospital at Wimereux with gunshot wounds in the neck, chest and arm.

Private Earl Kitchen, son of Mr. and Mrs. Colles Kitchen, is reported admitted on Sept. 17 to a base hospital in France. He was gassed and was removed to England later. He is now able to write.

Private Kitchen left Fredericton with the 4th Field Battery in 1915, and after being with the field post office in France, became a driver of a motor ambulance.

Private Ralph Barton, son of Oliver Barton, of Devon, who went overseas with the 28th MacLean Highlanders, is reported wounded. A brother, Frank Barton, was invalided home with wounds last winter.

Private Ernest Horne, son of Mr. and Mrs. Harry Horne, of this city, is reported wounded in the arm. He left with the 10th Battalion.

BRITISH FREIGHTER SUNK IN COLLISION

New York, Oct. 16.—The British freighter ship Port Phillip outbound was sunk in a collision with a United States war vessel off Swinburne Island in the lower bay this forenoon. The Port Phillip's crew of forty men were saved.

The Port Phillip was a vessel of 4,000 tons gross.

DEATH OF THOMAS McGRATH—Thomas McGrath, for many years a merchant in the City Market, died this morning at his residence, 72 1-2 Waterloo street, from pneumonia. He was well known about the city and had been a life-long resident of St. John. His death will be learned with general regret.

Mr. McGrath was seventy-one years old and leaves one son, John, and five daughters, Nellie, Elizabeth, Gussie and Katherine, all at home, and Mrs. D. J. Purtil of New Glasgow, four brothers, James, John, Michael and Lawrence, and two sisters, Misses Hannah and Mary McGrath, all of this city.

Evacuation of Lille, Roubaix And Turcoving Inevitable

Signs That They Are Getting Ready To Leave Bruges, Ghent and Even Brussels and They're at the Old Game of Destruction

Paris, Oct. 16.—The German extreme right wing is being threatened more and more as the allied wedge in Flanders is driven deeper. The enemy resistance seems to be slackening in Flanders and it is believed that important results may be seen within a few days.

Already the advance of the Allies is from two and one-half to five miles on a thirty mile front. On the right the British hold Menin and Weruicq and have Courtrai almost within their grasp. The evacuation of the great industrial centres of Lille, Roubaix and Turcoving seems inevitable as the result of this gain. On the left the Belgians are approaching. Thousands of only twelve miles from Bruges and within twenty miles of the Dutch frontier.

There are signs that the Germans realize the days of their occupation of Belgium are numbered. They already have begun the work of destruction in Belgium are numbered. They already have begun the work of destruction in Belgium are numbered. They already have begun the work of destruction in Belgium are numbered.

FURTHER BRITISH GAINS

London, Oct. 16.—Gains of ground by the British patrols during last night in the Douai-Lille sector are reported by Field Marshal Haig in his official statement today.

BELGIANS ADVANCE RAPID

London, Oct. 16.—The Belgian army, under King Albert, is advancing rapidly along the Cortemarck-Thourout road. The fall of the Belgian town of Thourout, whose capture was prematurely announced unofficially yesterday, is expected almost immediately.

BRITISH CROSS THE LYS

London, Oct. 15.—Since the morning of Oct. 14th the Allies have taken 12,000 prisoners and more than 100 guns in the operations in Belgium. In addition to occupying Menin the British have entered Weruicq and are standing on the right bank of the Lys.

TROOPS FROM ST. JOHN ARE SAFELY ACROSS

Ottawa, Oct. 16.—Among troops which have arrived in England are the following: Infantry draft 162, First Battalion, Nova Scotia Regiment; infantry draft, 168, First Battalion, New Brunswick Regiment; Canadian railway troops draft 174, from St. John; nursing sisters from Halifax; Newfoundland draft; Clearing Section from Halifax; details, a total of 2,689.

SPAIN RE-ESTABLISHES CONSTITUTIONAL GUARANTEES

Madrid, Tuesday, Oct. 15.—Constitutional guarantees have been re-established by the cabinet. There has been a modification of the rules of censorship by the government.

The cabinet has authorized the floating of a loan of 200,000,000 pesetas.

CZECHO-SLOVAKS IN GREAT STRIKE WHICH MEANS REVOLUTION

Moravia and Bohemia in Turmoil; Teuton Troops Occupy Prague and Other Places

BODIES OF 725 FIRE VICTIMS ARE RECOVERED

Duluth, Minn., Oct. 16.—New fires at McGrath and White Pine and vicinity have been brought under control, according to reports received here early today.

Reports from the burned area last night were that the bodies of 725 fire victims had been recovered.

AT DAUGHTER'S FUNERAL LEARNS OF SON WHO IS KILLED IN WAR

Pugwash, N. S., Oct. 16.—Called here to attend the funeral of his daughter, Mrs. J. G. Fraser, Henry L. Borden of Inverness, C.B., overheard a telephone operator inquiring over the telephone as to his identity. Upon this being established he was handed a message notifying him of the death of his son, Private W. M. Borden, in action.

OUR TROOPS LAST NIGHT BUT MILE FROM COURTRAI

Menin Has Fallen Under Blows of Allies

FIGHT IN HEAVY RAIN

Men Sink to Knees in Mud But Keep Gaily at It—Further Big Enemy Withdrawals Unless Weather Keeps Very Bad

With the Allied Armies in Belgium, Tuesday, Oct. 15, 9 p.m.—(By the Associated Press)—Menin has fallen. Allied troops are a mile west of Roulers and advanced patrols are, according to latest reports, within a mile of Courtrai. The Lys River, which has been crossed in several places, which has been captured, and Warrenton. Reports indicate that another crossing of the Lys had been effected at Weruicq, although this has not been confirmed at this hour.

South of the same where the most spirited allied troops are fighting their way forward through the mud and the mist and over which the enemy has begun a withdrawal. The troops are being moved backward from Post-A-Ven and Bruges and from the Belgian front. Here British patrols have reached the outskirts of the town of Neuchâtel.

PLANNED TO BLOW UP CATHEDRAL IN SAINT QUENTIN

Paris, Oct. 16.—La Liberté says that when Allied troops entered St. Quentin they found that every pillar in the cathedral there had been excavated at the level of the ground, preparatory to placing explosives under them. The rapid Allied advance prevented carrying out the plan.

THE COMPROMISE

The only difference between the city and Kane & Ring with regard to the settlement of the contractors' claim in connection with the reconstruction of No. 5 wharf and warehouse, is the matter of interest on the claim since the time the work was completed. The city and the contractors are agreed on the amount to be paid, with the exception that the city has declined to pay interest. The claim has been sent back to the firm's solicitors with instructions to this effect and so far no reply has been received by the city.

ACTING MAJOR BAYARD COSTER IS WOUNDED

Telegram to Mother Brings Nothing But Formal Notice

Mrs. Charles J. Coster, manager of the LaTour Apartments, King Square, and proprietress of the Green Lantern tea room, Germain street, received a rather indefinite message from Ottawa this forenoon stating that her son, Acting Major Bayard Coster, of the New Brunswick battalion, had been wounded.

The official notification did not state whether or not the wound was serious or to what hospital the officer had been taken. Telegrams and cables were quickly dispatched to elicit this information.

Acting Major Coster enlisted with the 5th battalion here and has been considerable service. He has risen rapidly in rank and is considered a splendid type of Canadian fighter.

WEATHER REPORT

Issued by Authority of the Department of Marine and Fisheries, R. F. Stuart, director of meteorological service

Synopsis—Fair weather prevails generally except in Manitoba, where rain is falling this morning.

Fair and Cool

Maritime—Moderate to fresh west to north winds; fair and cool today and on Thursday.

New England—Partly cloudy tonight and Thursday; not much change in temperature; light variable winds.

GAINS ON BOTH SIDES OF MEUSE

Americans Press on Despite Ali Hun Efforts

French Near To Rethel—A Set Back in Russia—Serbs Press on—Bulgars Said to Have Broken Armistice

Washington, Oct. 16.—Substantial gains on both sides of the Meuse against stubborn resistance by a reinforced enemy was reported today by General Pershing, in his communique for Tuesday.

Headquarters, American Expeditionary Forces, Oct. 16.—Our troops today continued their attack on both sides of the Meuse, encountering stubborn resistance from a reinforced enemy. East of the Meuse French and American troops have gained ground. West of the river the fighting has increased in violence and our troops have made substantial gains, including Hies, which changed hands three times. We have broken the Krimhild-Stellung line at new points, where our men closed with the enemy in a series of hand-to-hand encounters, in which they took prisoners.

New York.

Paris, Oct. 16.—French forces last night captured the village of Acy-Romance, within a mile of the important railway junction of Rethel, in the Champagne.

Armistice Violated?—Washington, Oct. 15.—Advancing northward from Nish Serbian troops on a wide front have captured the heights dominating both banks of the southern Morava, taking forty-four field guns, says a Serbian official statement reaching here today. In the capture of Nish a large amount of war material was seized.

Serbian detachments operating in the Kupa-Palanka region reported that, contrary to the stipulations of the armistice, the fourth Bulgarian division carried off into Bulgaria approximately 2,000 sheep, 4,000 horses, 1,200 oxen, 1,000 mules, 1,600 wagons. The statement says a Bulgarian captain ordered the destruction of the cattle belonging to the population taken to Bulgaria.

CHANCELLOR MAY DECIDE TODAY

Wilson Reply Like Cold Douches On German Hopes Of Peace

London, Oct. 16.—It is expected that the German chancellor will make a decision today on the matters contained in President Wilson's latest note to the German government, especially Studeraker's statement that the German government is prepared to accept the terms of the armistice.

The German newspapers say that the German chancellor will make a decision today on the matters contained in President Wilson's latest note to the German government, especially Studeraker's statement that the German government is prepared to accept the terms of the armistice.

TRAIN DERAILED: 100 ARE KILLED

London, Oct. 16.—One hundred persons were killed and 200 injured in the derailling of the Bucharest Express near Piatra, Roumania.

SOME STOCKS ON THE BOOM IN WALL STREET

New York, Oct. 16.—(Wall Street Journal)—Specialists continued to lead during the busy forenoon, transacting in the last period approximately 400,000 shares. Brokers reported appreciable increase in public interest. Motors and their subsidiaries, especially Studeraker, Maxwell, United States Rubber and Goodrich, registered extreme gains of 2 to 2 1/2 points. Oil also extended their advances, Pan-American Petroleum preferred making a further gain to nine points. Shipments and metals were prominent at materially higher levels and People's Gas and Ohio Gas rose 1 1/2 to 2 points. At noon activity in rails was revived, Union Pacific rising almost two points and Canadian Pacific more than recovering its early loss of 1 1/2 points.

NOTED FRENCH AIRMAN KILLED ON OCTOBER 4

Amsterdam, Oct. 16.—Lieut. Roland G. Garros, a noted French aviator, who was posted as missing on October 7, after a flight over the German lines, was shot down and killed on October 4.

MUST BE RENEWED

The old wooden sewer in Moore street which was found blocked yesterday has been uncovered and found to have collapsed for a considerable distance. It will be necessary to renew it for a length of at least 400 feet. The number of such wooden structures in the north end, all at least forty years old, which have reached the stage where their usefulness is ended, is creating a serious problem for the city. The whole system should be renewed but the great expense involved in such a programme has made it impossible for the department to cope with the situation in the way which the officials would like.

TENDERS FOR CURBING

The civil department of public works has issued a call for tenders for 10,000 feet of granite curbing. The locations where the curbing will be used have not yet been decided.

TURKEY TO GIVE UP SOON

TOTAL OF CASES IN CITY UP TO THIS AFTERNOON 213

Only Thirteen New Ones Reported This Morning

SEVERAL DEATHS

Today's Talk With The Health Officials—Fine Weather A Good Sign—More Bodies From States

Two hundred and thirteen is the total number of influenza cases reported at the Board of Health offices as late as 2:30 o'clock this afternoon.

This is an increase of eight cases over the number reported up to noon and thirteen cases more than this morning's papers announced. It is a 24-hour jump of twenty-eight cases.

There have been several deaths in twenty-four hours, due either directly or indirectly to the pneumonia stage of the prevalent malady, but so far the mortality rate is low in proportion to the number of cases.

fine weather a Good Sign.

It would almost appear as if the extremely fine clear weather of the last two days had retarded the progress of the influenza epidemic in the city, as the number of new cases reported to the board of health this forenoon was very small.

It is a fact that cool, clear, sunshiny weather is a detriment to the malady, as it is a set-back to the influenza prevalence, but doctors advise most emphatically that the weather should be kept as it is, as it is doing the mischief, cases of neglect falling a prey to the Spanish influenza malady.

Chief Inspector Speaks of Temporary Liquor Venderships

Putting Faith in the Physicians in Prescribing Liquor During Epidemic

Chief Liquor Inspector W. D. Wilson was asked by the Times today if it was the government's intention to waive any of its prohibitory law in view of the influenza epidemic, since it had been contended by some that riotous liquors were efficacious in the disease.

"You know some people still think liquor is a panacea for all ills," said the chief inspector, "and since the influenza epidemic it is naturally more sought after than ever."

"However, we are meeting this demand in a restricted manner so that if physicians think their patients should have brandy or whiskey as a temporary remedy for possibly a weak heart, they can secure a requisite quantity."

The chief inspector explained that new vendors were being appointed in districts most sorely affected by the influenza, but that those vending privileges were granted for a month at a time only. If it is extended the government will probably do so, but by no means were the new and additional vendors permanent.

"In a general way we are relying upon the integrity and honesty of the medical doctors of New Brunswick in administering liquor at this time," said Mr. Wilson. "Personally, I have faith in their desire to keep inviolate the true intent of the law by not writing lavish prescriptions for liquor and for its use as a medicinal stimulant only."

CORN AND OATS

Chicago, Oct. 16.—Bears had an advantage in the corn market today owing largely to reports of a financial panic in Berlin and of a revolt in Bohemia. Corn trading, however, was light and price changes not of a radical nature. The chief steady influence continued to be the possibility at any time that the government buying might take on liberal proportions. Opening prices, which ranged from the same as yesterday's, fell 1-8 to 1-4 cent lower with 128.8-4 to 124 and Dec. 121-2 to 121.5-8, were followed by a decided rally, but then fell again lower than before.

Oats swayed with corn. After opening 1-8 to 1-4 cent down with November 67-4 to 68, the market made a quick upturn and then underwent another sag. Scarciness of offerings brought about an advance in provisions. Pork rose one point.

GERMANS MAY BE OUT OF BRUSSELS IN WEEK

Paris, Oct. 16.—The Echo de Paris correspondent in London says that a high German functionary in Belgium declared on Oct. 9 that German occupation of Brussels would end at the latest within fifteen days, according to reliable information received in London.

Austria-Hungary Likely To Follow Suit Early

THAT IS LONDON OPINION

Panic in Berlin as Wilson's Reply is Published—Supreme Command to Berlin to See What Can be Done—The Turkish Situation

Toronto, Oct. 16.—A special London cable to the Mail and Empire says "Surrounding of Turkey is expected immediately in well informed quarters, and it is said that Austria-Hungary will follow suit upon the receipt of the reply of President Wilson to the dual monarchy's note."

London, Oct. 16.—President Wilson's reply to the German peace note produced "a most unfavorable impression in Berlin," says a Central despatch from Amsterdam today. The publication of the reply, it adds, was followed by a panic in Berlin banking circles and on the stock exchange.

The German supreme command, the advice state, will come to Berlin at the end of the present week to deliberate on mobilization, concentration of the national strength, and the raising of the military age."

Turkish Parliament.

Basel, Oct. 16.—At the opening of the Turkish parliament the Sultan, in his speech from the throne, recalled the difficult situation in which Turkey had been placed by the defection of Bulgaria, according to a Constantinople despatch received here. The government, he said, in common with its allies, had sought to give the people an honorable peace, but had taken necessary steps for the defense of the country.

The Sultan hoped the war would have a happy ending, and invoked the aid of Allah to preserve Turkey from ruin and internecine strife.

Constitutional Crisis.

On the 16th of October the resignation of the Turkish ministry by Talaat Pasha, the premiership was assumed by Ismet Pasha, a former minister of war, instead of by Tewfik Pasha, former Turkish ambassador to Great Britain, as has been previously reported, according to a Constantinople despatch received here, under date of October 16 (page 2). It is said, also, that the portfolio of minister of war. No foreign minister has yet been appointed.

In French Senate.

Paris, Oct. 16.—During a senate discussion of the damages suffered by northern France without military justification, Stephen Pichon, French foreign minister, reiterated the government's resolution to exact full compensation and reparation.

"Furthermore," he continued, "this warning has just been given in decisive form by President Wilson in his admirable reply to the proposals for an armistice from Berlin. The president of the United States, in whose resolution we always have had entire confidence, has signified that he refuses, like ourselves, to negotiate an armistice with states whose armies continue to dishonor themselves by acts of desecration, devastation and savagery."

Luxembourg Anxious.

Amsterdam, Oct. 16.—According to the Bremen Weser Zeitung, the Luxembourg Chamber of Deputies has adopted unanimously an order of the day, begging President Wilson to protect Luxembourg's rights.

Wekerle May Resign.

Amsterdam, Tuesday, Oct. 16.—Dr. Wekerle, Hungarian premier, hinted in a recent speech that it was possible he would resign in the near future. He said that Hungary's attitude toward Austria has materially changed and that Hungary must be represented at the peace conference. He made it plain, however, that he did not mean that Hungary would conclude a separate peace.

GETS HIS MOOSE WITH SHOT FROM AUTOMOBILE

John A. Davidson, Union street merchant, on Monday morning went out Gardener's Creek way with a couple of friends to join in a moose hunt. When they were within four miles of the creek a bull moose suddenly appeared in the middle of the road. Without alighting from the car Mr. Davidson threw the rifle to his shoulder and brought down the game. It was a good-sized moose, with a fair spread of antlers. This was within an hour and a half after he left St. John. It is perhaps the first moose ever shot from an automobile, and Mr. Davidson is naturally much elated over his success.

INAUGURATION OF CHINESE PRESIDENT

Peking, Thursday, Oct. 10.—(By the Associated Press)—Hsu Shi Chang was inaugurated president today in the presence of members of the cabinet and of the parliament. A reception followed at which members of the diplomatic corps tendered their congratulations. The press was not represented at the reception.

POOR DOCUMENT
NOV 20 1915

THE EVENING TIMES AND STAR, ST. JOHN, N. B., WEDNESDAY, OCTOBER 16, 1915

EVERYBODY NEEDS
PURE, RICH BLOOD

Pure blood enables the stomach, liver and other digestive organs to do their work properly. Without it they are sluggish, there is loss of appetite, sometimes faintness, a deranged state of the intestines, and, in general, all the symptoms of dyspepsia.

Pure blood is required by every organ of the body for the proper performance of its functions.

Hood's Sarsaparilla makes pure blood, and this is why it is so successful in the treatment of so many diseases and ailments. It acts directly on the blood, ridding it of scrofulous and other humors. It is a peculiar combination of blood-purifying, nerve-toning, strength-giving substances. Get it today.

Shortage of Coal
Menaces Germany

New York, Oct. 16.—With cold weather close at hand, Germany is facing a coal shortage that threatens to be worse than the one that caused so much suffering and so many deaths in the Kaiser's empire last winter, according to reports from German newspapers reaching here. Many letters from Germany to the effect that the coal shortage is becoming a menace to the life of the nation are being printed together with letters from persons who have thus far failed to obtain any coal at all, despite having received their ration cards last spring and filed them with their local district months ago.

Even Secret Superior Mining Counselor Tute, the Imperial coal administrator, does not venture to hold out any great hope for the masses of the people.

MONTREAL TO USE
THE LEARY VACCINE

Montreal, Oct. 16.—There is a possibility that the Leary vaccine for influenza, discovered by Dr. Leary, bacteriologist of Tufts Medical School, Boston, will be introduced and distributed in Montreal and elsewhere throughout the province to assist in the anti-influenza campaign. The matter will be considered tomorrow at a meeting of the central board of health.

Last week Dr. Bernier, bacteriologist of the board and T. J. Lafreniere, sanitary engineer, were dispatched to Boston to make an investigation of the Leary vaccine which has been in vogue since Spanish gripe became an epidemic in this continent. The two investigators returned yesterday and will make their report to the board tomorrow. In general, their report will be favorable.

Diphtheria in Devon
Mr. Roy Robertson has the disease and some children also are said to be ill with it.

Simple Remedies
Given in Letter
To Boston Paper

A Telegraph reader sends in a letter which appeared in The Boston Transcript about three years ago, giving what supports to the cure for pneumonia. He suggests that while the remedy given may not prove a cure-all in the present epidemic, and should not be used without the advice of a physician, yet it has proved effective in checking colds in several cases which came to his notice and he gives the letter for what it is worth. The letter follows:

Dear Friend—Being a reader of the Boston Transcript nearly every day, I was shocked to learn by last Friday's issue of the large number of deaths from pneumonia the last ten weeks in Boston. Also quite a number from influenza, especially as these two ailments are especially cured by the simple remedies that are hereby given. "The Remedy for the cure of pneumonia."

"Take six to ten onions, according to size, chop moderately fine and put in a large spider or stew pan over a hot fire; let them cook for a few minutes, then add about the same quantity of meal (if rye is not obtainable, use Indian), then add vinegar enough to form a thick paste. Let this cook a few minutes, stirring it that it may be thoroughly heated. In the meantime have two cotton bags made large enough to cover the lungs. Fill one and apply to the chest as hot as the patient can bear, and in very severe cases it is well to apply to the back also. During this, prepare another poultice to take the place of the first, and apply in ten or fifteen minutes; then the first can be re-heated and applied again. Generally three or four applications will clear the lungs and the patient be out of danger."

This remedy I firmly believe would have saved the lives of every one of the large number named in your paper this Friday of last week. It is remarkable that double and typhoid pneumonia yield just as readily to it as cases of a milder form.

To prove this I will mention two or three cases. A friend of mine several years ago (Mr. John Wilder, treasurer of the town of Lancaster, Mass.), was stricken with double pneumonia. Dr. Eastwell, of Ayer, medical examiner, said there was no hope from the first, as there was no known remedy for double pneumonia, and his family doctor gave him up the day previous to my seeing him. It was only by the earnest entreaty of his brother that I was induced to go and apply the remedy. I found him just faintly breathing, and I doubt if he could have lived more than one or two hours at the longest when I applied the first poultice, as only a portion of lung was warm and the other was stiff as stone. Yet after the third poultice his lungs cleared and he could speak in his normal tone of voice. He was in danger, and in a few days was able to attend to his daily duties.

This simple remedy cured one of the worst cases of the typhoid type of this disease that I have studied the malady. His name was John R. Pease, a farmer in the north part of this town. In his condition he lay for several days, and his chest and throat threw them against the side of the room as fast as the attendants could get them on. It was only by the nearly all night vigil that the remedy could be kept on long enough to clear his lungs which was finally accomplished. I think, by blinding them on the family physician, Dr. Godfrey, was prevented from aiding by his remedy, but as soon as the lungs were cleared the fever and delirium left him, and in a few days he was able to be about as usual.

My friend, the late Dr. John Urick, one of the most successful physicians of Boston, used this remedy for several years, and told me that he never lost a case after commencing its use, having sixteen in one winter, one of which had been given up by two physicians. He told me that he never lost a case, using this remedy for more than twenty years. Several of which had been given up by other physicians.

The gripe—This disease is caused by inhaling its poisonous germs, that float in the atmosphere, and while those that cause fever to the intestines and secretions, these always go first to the stomach, and if not removed within three days will be absorbed into the system and will find their way always to the weakest part, generally the heart or lungs.

Genuine la gripe can be told from a severe cold by a peculiar distressing feeling in the head, followed by pains in the cords of the neck down to the shoulder. The germs then are in the stomach, and if two tablespoonfuls of lemon juice be taken, the poisonous germs are carried out of the system and the cure is accomplished. I have never known this to fail when taken within three days after the attack, although I have seen a person where the disease was so far advanced that he was delirious, yet cured within twenty-four hours, and in a few days after took his seat in the legislature, to which he had been elected. This was during the scourge about fifteen years ago, when over a thousand died in Boston alone.

Yet there was one physician who used this remedy that never lost a patient out of the many he treated, while they were dying by scores under the treatment of others.

Truly the foolish and weak things often confound the wise and mighty.

Will Your Widow Dress
as Well as Your
Wife Does?

A queer question? Well, perhaps—but it's intensely serious.

It means, in other words—Have you made adequate provision for your family in the event of your sudden death?

Not a pleasant thought, maybe, but a far more unpleasant one is, that the wife and little ones you love and cherish may next week be left penniless and dependent upon the charity of friends.

But by investing a few dollars a year in an Imperial Home Protection policy you can ensure that they will be comfortably provided for even though you should die next week. And they deserve that much sacrifice on your part—don't they?

Write today for our booklet, "The Creation of an Estate." You never know when you may be uninsurable.

C. P. R. PROMOTIONS

A. D. MacTear, Vice President in Charge of Lines East of Port Arthur; D. C. Coleman West

Montreal, Oct. 16.—E. W. Beatty, the new president of the C. P. R., announced yesterday afternoon two important new appointments. A. D. MacTear, vice-president in charge of lines east of Port Arthur, with office in Montreal, and D. C. Coleman as vice-president in charge of lines west of Port Arthur, with office in Winnipeg. Both Mr. MacTear and Mr. Coleman will report to Grant Hall, vice-president of the company in Montreal.

Mr. MacTear was born in Scotland in 1867. He entered the service of the C. P. R. in 1887, commencing as a stenographer in the baggage department. He became assistant to the superintendent of sleeping and dining cars in 1888. From 1891 to 1898 he was in the car service, stores and fuel departments, and from 1898 to 1907 he held the position of general fuel agent, when he was appointed assistant to the vice-president. In December 1912 he was appointed general manager of eastern lines.

Mr. Coleman was born in Carleton Place, Ontario, in 1878. He was in the C. P. R. as a clerk in the assistant engineer's office in Port William in 1898. Rising rapidly, he was appointed in 1901 as superintendent of car service, and in 1903 was appointed in the Manitoba division at Winnipeg; in 1913 he became general superintendent at Calgary and in 1915 assistant general manager western lines, Winnipeg.

MONTREAL LIVE STOCK MARKET

Montreal, Oct. 16.—The offerings of livestock at the Canadian Pacific stockyards for today's market there amounted to 300 cattle, 100 sheep and lambs, 400 hogs and 100 calves. After the heavy receipts of Monday, trading was very dull at the lower prices of Monday. Supplies seemed to be fairly good in butchers' hands, and there was a lull in trade. It was reported some stock was left over on the market. Prices for choice steers ranged from \$12.50 to \$12.50 per 100 pounds, while good steers were disposed of at from \$10 to \$11, and poor quality were as low as \$9 and \$9.50.

There was a good demand for butchers' bulls, and the best sold at from \$10 to \$10 per 100 lbs., while poorer quality were as low as \$7.50 to \$8. Choice butcher cows were from \$9.50 to \$10.25, and from that down to canners, which sold at from \$5.50 to \$6. Some were said to be sold as low as \$4. Sheep and lambs were quiet, prices steady. Lambs as high as \$15 per 100 lbs. for the best, and sheep from \$10 to \$11 per 100 lbs. Choice select hogs off cars were from \$18 to \$19; while roughs and heavies were from that down to \$15.

Rome, Tuesday, Oct. 16.—The war of the official statement issued at the War Office today reads:

"There has been considerable local fighting from Lake Garda to the Breno Valley. Our artillery has carried out effective bombardments in the Lagarina Valley and the Arsa Valley. Patrol encounters favorable to us were fought at Concaleggi and in the Arsa Valley."

"On the Asiago Plateau reconnoitering parties entered an enemy advance post and returned without loss."

IN RUSSIA

Viadivostok, Oct. 15.—(By the Associated Press)—The Czechs are evacuating Samara. They hope to regain the town soon, with the aid of their brothers in arms, who have returned from Siberia re-equipped with new weapons, and now fighting on the Volga.

The Czechs in the Ussuri district have left for the rear of the Volga fighting with all available British, French and Italian soldiers and a small unit of French armoured cars.

And Italians are rushing their meagre force westward in an effort to maintain the east front, feeling that it would be disastrous to give up the footing of the Allies in European Russia.

TRY HARD TO
HOLD BACK THE
AMERICANS

With the American forces northwest of Verdun, Oct. 15.—(By the Associated Press)—How great is the importance attached by the Germans to holding back the Americans is shown in a recent order by General von Der Woltz, commander-in-chief of the fifth army, which has reached American intelligence.

"It is on the unconquerable resistance of the Verdun front," reads the order, "that the fate of the German Empire rests. It is our duty to hold back the Americans, to prevent them from reaching the western front, perhaps even of our nation. The fatherland must rest assured that every commander and every man realizes the greatness of his mission and that he will do his duty to the very end."

"If they do this the enemy's attack will, as heretofore, break against our firm will to hold."

RECENT DEATHS

Miss Margaret MacGowan died Saturday evening at her home in Memramcook, aged 65 years. She was survived by her husband, John, at home.

Stephen P. Taylor, died at Ashland, Oregon, at the home of his daughter, Mrs. Johnson, wife of Dr. Fred Johnson. Mr. Taylor was born in Kings county, and had made his home in Sussex for many years. His wife formerly Miss Stockton, survives him. He leaves one son, S. S. Taylor, a prominent barrister, of Vancouver (B. C.), and two daughters, Mrs. Taylor, wife of Judge Taylor, of Edmonton, Alberta, and Mrs. Johnson, wife of Dr. Fred Johnson, of Ashland, Oregon.

At New Maryland, Allen T. Lipsett died, aged thirty-three. He leaves a wife and three children, and is survived by his parents, three brothers, John, George and Harry, at home; four sisters, Mrs. Eldon Boone, North Devon, Mar. 15, and Mary at home.

New York, Oct. 16.—Steel takes \$10,000,000 more Liberty bonds, making a total of \$50,000,000 on this loan and \$10,000,000 of all issues.

A director of Mercantile Marine says negotiations for sale of company's British subsidiaries completed and only final details remain to be settled.

Berlin dispatches say Socialists have decided to not to oust the new chancellor.

Total Liberty loan \$2,954,870,000, with only four days to go.

Dispatch to Sun says information received London that there has been a radical change in government at Berlin, extent and circumstances of change matters only of speculation up to present moment.

TOTAL OF CASES IN
THE CITY IS 213.

(Continued from page 1.)

Dr. G. G. Melvin, chief provincial medical officer, said this forenoon that he had no new cases to report. He was officially requesting that all city cases be promptly recorded at the local board of health office, so that the definite number of cases be known at that bureau. Doctor Melvin is so extremely busy with the general supervision of the provincial field that the details of recording local cases, still being looked after by the old organization.

NEW HEALTH DEPARTMENT'S
GREAT TASK

The present international epidemic breaking out in the very midst of the organization of the new health department's various branches throughout the province has imposed upon Hon. W. F. Roberts, M. P., father of the Health Act, his newly appointed deputy, Dr. G. G. Melvin, a herculean task. It is for them to issue the orders and general instructions which place the situation under government control and with sub-officials appointed in only a few districts because of the suddenness of the outbreak, they are carrying on an uphill fight of the most strenuous kind. However, results of their labors so far are very fruitful and it is complimentary to New Brunswick's health legislation that the province's health officials are now following our example in many important particulars, though not before the influenza pandemic has been held upon them.

Provincial health officers living in this city do not get their provincial reports until late in the afternoon or night. Since the epidemic has commenced they have been in conference here and in telephone communication with various parts of the province as late as two and three o'clock in the morning. Hon. Dr. Roberts, besides these official duties, has a professional law practice that scarcely a widespread help makes it imperative that he attend to his duties at night. He is still calling upon his own patients.

More Bodies From States

Today's American train had the bodies of four more ex-military provincial cadets, destined to Nova Scotia parts for internment. Yesterday the same train brought seven corpses into the territory and the daily average is about four. In nearly every case Spanish influenza is the cause of death. The bodies are being taken to the staff of the State Hospital, Taunton (Mass.). She will be buried at her old home in Meteghan (N. S.). B. J. Sheehan, a brother, accompanied the body.

Another body was that of Karl A. Faust, son of Julius A. Faust, of Boston. The lad is to be interred at Digby where his grandparents live. The boy's parents, accompanied the cadet. The Faust family have been living in Boston for a good many years.

Fredericton's Report Today

Fredericton, N. B., Oct. 16.—In accordance with instructions issued by the Board of Health of Fredericton, the physicians of the city are beginning to make reports of the cases of influenza, which they are attending. Up to noon today Secretary Dibble of the board had received reports of fifty-two cases, with several doctors yet to report. All these cases, however, are not the so-called Spanish influenza. There is little doubt, however, that that number can be multiplied by four to get the total number of cases of influenza in Fredericton.

Neighboring places also are severely affected by the disease. Devon, Barker's Point and Maryville all have numerous cases. From Marguerville today the report was that that section seemed to have escaped the epidemic well.

The by-law prohibiting spitting in the streets and public buildings, which has been rather a dead letter for some years, is to be rigidly enforced.

An effort is being made to have a military medical officer detailed for duty in Stanley and vicinity. Capt. Alder L. Gerow, C. A. M. C. of this city has been instructed to proceed to Albert County in connection with the outbreak there.

For Use as Hospital

The trustees of Thorne Lodge, I. O. G. T., have generously offered their hall in Thorne avenue for use as a hospital for influenza patients. This course of action was decided upon at a meeting of the trustees held on Saturday and the hall has been forwarded to the minister of public health. The hall, which was built only a few years ago, is a good sized structure and could be fitted to accommodate about thirty beds. Owing to the epidemic regulations, no meetings of

the lodge can be held for the present and the trustees decided to offer its use in the public service.

Victims of Epidemic

Yesterday's Moncton Transcript reports the following deaths:

On Monday, Fred Shaw, accountant with the tramways company, aged 26 years.

On Sunday, Angus LeBlanc, aged 17 years.

At Salsburg, on Monday, Walter, son of Miles Wortman, aged 39 years.

At Sunny Brae, Sunday, Sarah A. daughter of William Cliff, aged 27 years.

In Moncton, Saturday, James, son of A. Baskirk, aged 8 years.

On Sunday, Blair LeBlanc, aged 17 years, son of D. LeBlanc.

On Monday, Mrs. Edgar Doyle, formerly Miss Thorne.

In Salsburg, Monday, Pte. Edgar La France, aged 29 years. He has three brothers in France.

On Tuesday, William Melanson, aged 18 years.

On Tuesday, Frank H., son of Hiram Smith, aged 18 years. A sister died Saturday and two other children are ill.

On Sunday, in Charlottetown, Miss Ada Bradbury, formerly of Moncton.

On Monday, in Moncton, William Little, aged 27 years.

In Fredericton.

(Fredericton, Gloucester)

The prevailing epidemic is getting such a foothold in the city, and incalculating so many people, the local health officials met in special session, last evening, to formulate methods for meeting might necessitate assistance.

It was decided to again request all physicians to report cases of la gripe, pneumonia, as well as Spanish influenza. In the past cases of la gripe, pneumonia, and two other children are ill.

On Sunday, in Charlottetown, Miss Ada Bradbury, formerly of Moncton.

On Monday, in Moncton, William Little, aged 27 years.

In Fredericton.

The physicians are kept constantly on the jump, and some of them are tired out from the many demands made upon them, but are keeping everlastingly at their work endeavoring to check the epidemic from developing into pneumonia.

There is so much sickness in the city that the physicians have been obliged, in many cases, to refuse calls to the country.

Two deaths occurred at the Military Hospital Saturday night—Nursing Sister Agnes Alphonse and Q.M. Sgt. Roland Richards.

Miss Bessie Parsons, aged twenty-six, daughter of Sgt. and Mrs. John H. Parsons, is dead. She is survived by her parents, three brothers, Edward, in France, Alden and Robert at home; two sisters, Mrs. Frank Brown, city, and Dorothy, at home. Two brothers, William and John were killed in action overseas within the last fourteen months.

Among the recent victims of the influenza in Boston was Dr. John Syverton, of Dorchester, who passed away on Sunday, October 4, after an illness of less than a week. He is survived by his widow, who was Miss Jennie Rogers, of Gilmour, a sister of Howard Rogers, of Fredericton.

Friends of Mrs. John A. Barry will be pleased to hear that her condition is considerably improved today. She has been seriously ill during the last few days.

Hon. Sydney Fisher of Brome, P. Q., passed through the city at noon en route to Turco.

NAVY LEAGUE ASKS FOR OBSERVANCE OF "NELSON DAY"

The president of the Navy League has received the following letter transmitted through the dominion president, Montreal, with reference to the celebration of Nelson Day, the 21st instant, and arrangements were talked of by the executive to have public entertainments and services, but on account of all such being prohibited, this cannot now be done, so it is hoped that the day will be marked by decorations of buildings and display of flags, and that newspapers will bring the attention of the public on that day to the magnificent work the royal navy and the mercantile marine have achieved during the war.

"The executive committee of the Navy League appeals to the people of the empire for the observance of Nelson Day on the 21st of October next, as a day especially dedicated not only to honor the memory of our great admiral, but also to pay tribute to the British fleet and the fleets of all our allies.

"On the forthcoming anniversary, the fifth since the outbreak of hostilities, the name of Nelson and the Nelson tradition more than ever before honored as the embodiment of the lofty ideals of the British fleet. The profound gratitude of the British empire will be expressed to our navy, and the great nations who are allied with us in the prosecution of the struggle for the preservation of human liberty upon the earth.

"In appealing to the dominions and dependencies for a world-wide expression of loyalty and devotion to the sea power of Great Britain and her allies, the following suggestions are offered for their consideration:

"(1) That whenever possible a public demonstration should be organized at which attention would be called to the achievements of the fleet in the present war and a resolution adopted expressing the confidence of the local community

in the officers and men of the royal navy and mercantile marine.

"(2) That memorial church services should be held in commemoration of the gallant officers and men in all branches of the navy service and mercantile marine who have laid down their lives in defence of the empire since the beginning of the conflict.

"(3) That all public buildings should display the flags of Great Britain and her allies.

"(4) That discourses on the work of the navy in the war and the dominant part which sea power plays in the achievement of ultimate victory should be brought before the children in all public, secondary and elementary schools.

"(5) That the editors of all newspapers be requested to devote space to an article dealing with the indebtedness of humanity to the fleet in their issues of Monday, October 21.

"(6) That collections may be raised for the extension of the Navy League scheme for the education of naval and mercantile marine orphans and for the assistance of naval and mercantile marine charities.

"Arrangements have been made for the observance of Nelson Day in the United Kingdom on practically the same lines as last year, and will include the placing of wreaths around the plinth of the Nelson column to the memory of the great admiral and his comrades, and also to the memory of our chivalrous enemies of a former time whose compatriots are our allies today. It is contemplated also to provide wreaths in memory of the various units of his majesty's fleet which have been lost during the process of the war.

"Yours very truly,
(Sgd.) "V. BISCOE TRITTON,"
"Joint Chairman."

S. S. ASSOCIATIONS.

During the transition period between the activity of the various provincial Sunday school associations and taking over of the work by the maritime association which succeeds them, the work in the three provinces is without the direction of elected officers. At each provincial convention members were elected as the representatives of each to the three provinces on a maritime executive board. This executive will meet in due time, complete organization and elect officers to carry on until the first maritime convention is held.

METHODISTS ELECT THEIR BOOK STEWARD

Hamilton, Ont., Oct. 15.—The election of officers was the chief business of the Methodist conference this morning. The election of the steward to the Toronto book room, around which so much interest centred, was not decided on the first vote. A second vote was taken, and Rev. W. F. Pallas, of Calgary, was declared elected.

The other nominees for the position were as follows: W. C. Kettlewell, Rev. R. D. J. Simpson and Rev. A. M. Sandford.

The election of other officers resulted as follows: Book steward, Rev. W. W. Mosher, Halifax; general secretary of Sunday schools and young people's societies, Rev. Frank Langford, Toronto; general secretary foreign missions, Rev. Dr. James E. Macleod, Toronto; secretary forward movement in missions, Rev. Fred. H. Stephenson, M. D., Toronto; general secretary of evangelism and social service, Rev. Dr. T. A. Albert Moore, Toronto; editor of the Christian Guardian, Rev. Dr. W. B. Creighton, Toronto; editor of the Wesleyan, Rev. D. W. Johnston, Truro (N. S.); editor of the Sunday school periodicals, Rev. Dr. A. C. Howe, Toronto; general secretary home missions, Rev. Charles E. Manning, Toronto; general secretary education society, Rev. Dr. J. W. Graham, Toronto.

The general trend towards co-ordination was reflected in the report of the Sunday schools committee, which recommended that the general board of Sunday schools and young people's societies be changed to the general board of religious education and with the change to adopt the principle of co-ordination and co-related religious instruction.

Rev. Dr. Ernest Thomas, of Vancouver, said that the idea was to weld the young people's societies to the Sunday school. The debate was adjourned before a decision was reached.

A motion to have lay delegates on the standing committee, which hitherto has consisted solely of ministers, was defeated. It looks as though Toronto or Winnipeg would have the call for the next conference, although no decision has been reached as yet.

BUT-VICTORY-BONDS.

FORMERLY OF ST. JOHN.
An Albert despatch to the Standard says that Rev. Father Donohue, the resident parish priest, has rendered timely assistance in procuring and carrying necessary medicine personally to many of the stricken homes regardless of class or creed. The telephone service is defective, there being one through line from Albert to Moncton and the offices are blocked with messages. Father Donohue was formerly of St. John the Baptist church, St. John.

Rev. A. H. Banton died at his home in Toronto recently. He was a well known evangelist and for many years resided in this work. He was born in St. John in 1864. He is survived by his wife and one daughter.

CHILDREN FIGHT WITH DOGS FOR FOOD
L'Independence Belge in an issue that has recently come to hand tells a harrowing story of the straits to which the children of down-trodden Belgium are reduced by hunger.

A lady who is connected with one of the departments for relieving the distress of the children says that one day she was on the outskirts of a small town when she heard yells and howls from a distance. Hastening to the scene of the disturbance she saw a horde of half naked children scrambling among themselves for deteriorated food that had been flung into the road as unfit for human consumption. Attracted doubtless, by the noise, a number of half-starved curs had also come upon the scene and were busy getting their share of the "delicacies." Regardless of bites the children, ravenous with hunger were mixed up in a tumbling fighting heap on top and under each other and the dogs, succeeding only after many efforts. They circled round her and the children long after the "feast" had been disposed of.

Such is a picture of once-prosperous Belgium. Will you not give us your aid? Ten dollars will keep a child for a month. Send contributions to the Belgian Relief Committee, 9 St. Peter street, Montreal (Que.). The smallest will help and will be thankfully accepted.

THE WAR TODAY.

The process of clearing the Germans out of Belgium and France goes steadily on. The weather conditions in Flanders are bad, but neither mist nor rain nor mud dampens the ardor of the Allied forces. It is clear from the tenor of the despatches that the German morale has been lowered by expectations of peace, but their best soldiers still fight with determination, though unable to stem the Allied advance. The news from Belgium is so gratifying that it encourages hope that the enemy retreat may yet be turned into a rout. Strategic points are being taken, communications cut, and the situation of some of his armies rendered more and more precarious.

Mr. Frank H. Simonds says what has been in the minds of many observers when he suggests that the invasion of Germany itself may soon be attempted by an American army in Alsace-Lorraine. He would not be surprised if the strike came within ten days. Whether it does or not, the steady forcing of the enemy backward in Belgium and France, giving him no time to recuperate or rally his shattered divisions, is steadily bringing nearer the hour when the Hun will stand at bay behind his own frontier.

The next few days should bring political news of special interest and importance from Austria and Turkey, if not from Germany itself. There is no present talk of an armistice, nor will there be any cessation of Allied effort while negotiations by Germany are being offered. The Allies will not yield up one iota of the military advantages they have gained, or suspend operations until ample guarantees have been given by the enemy that his offers are equivalent to a complete surrender.

Today's cables tell of a great strike in Bohemia and Moravia, and of a probable early collapse of Austria.

THE SUBMARINES.

In the hope, no doubt, that somebody will believe it, a German newspaper draws an awesome picture of what the submarine war will be next winter. It is of course possible that another campaign will be started, but there may be a good deal more difficulty hereafter in getting crews. The poison of disaffection is working in Germany. Sir Eric Geddes does well to warn the American people that the only security against the submarine lies in the agencies for its destruction, and there should be no cessation of effort to meet and overcome the menace as long as it exists. It would be infinitely better to spend a few more millions on chasers and destroyers than to take chances with such a foe as Germany. There is, however, one gratifying feature of the situation. The Belgian ports no longer offer a haven of safety to the undersea pirates. That coast will soon cease to offer even a possibility of danger from this source. Indeed it has long been of little real use to the enemy, thanks to the courage and resource of the men of the British navy.

Mathias Erzberger, a member of the German government, is quoted as expressing regret that the Leinster was torpedoed, but adding that it was the hand of fate, and Germany could not be held responsible. The same process of reasoning would relieve everybody from all responsibility of any sort. It would only be necessary to say: "It was in the hands of fate." That sort of fatalism needs to be taught a lesson.

THE GERMAN PEOPLE.

One great merit of President Wilson's last note is that he puts the issue squarely up to the German people. They are given clearly to understand that the Allies do not propose to do business with the leaders who instigated the war and the savagery with which it has been conducted. The people of Germany have their choice. They may repudiate their leaders and provide guarantees that their change of heart is real, or they may fight on until utter defeat forces them to accept the terms imposed by the Allies. So far as the Kaiser and his crew are concerned, their sun has set. Some of the more daring of the Socialist papers are now suggesting to the Kaiser that he should abdicate. A few months ago such a suggestion to the All Highest would have meant jail or a firing squad. The change is a hopeful indication. German Socialism has always been a tool of the militarist party, and needed precisely the lesson it must now learn. An alleged Socialism that could embark upon a policy of murder and pillage has no more to commend it than has the Bolshevism represented by Lenin and Trotsky. The medicine administered by President Wilson and the Allies will cure it of its worst features, or at least render it incapable of further mischief outside of Germany.

The Hohenzollern family will not be able to point out to posterity a very long list of its sons who died fighting for the Fatherland in this war. Their motto is Safety First.

To do all possible to keep in good health is now a public as well as a personal obligation.

AN IRRESISTIBLE APPEAL.

"Somewhere in France today, at this very minute, there is a soldier looking straight into the face of death. He is doing this for you. By night and day, in storm, in rain, in cold and gloom, facing a hundred deaths he never hesitates a minute, but does his duty without a thought of hesitation and without a thought of reward. What are you doing for him today? When you think of that man don't you want to do something to prove that you appreciate what he is doing for you? Of course you do. Then act on your desire and buy Liberty Bonds which will help to safeguard him and to bring him back home. After you have bought all you can tell your friends to do the same."

The above paragraph appears in large type, filling a large space in an American newspaper. What is there said to the American people applies with equal force to the Canadian people and the Victory Loan. The Canadian people include the people of New Brunswick and of the city of St. John.

If peace came soon, and the man at the front was not called on to face death any longer, the Loan must still be made a success to ensure continued prosperity at home. And the investment is gift-giving.

THE EPIDEMIC.

While there is no occasion for panic, the spread of Spanish influenza over the continent warns everybody to exercise care and do what is necessary to keep in good physical condition. Regular habits are essential. Careful eating, abundance of fresh air and healthy exercise will all contribute to a state of health and the possession of a vigor that will reduce the danger from an attack of the disease. It is evident from the daily reports that the malady is more virulent in some localities than in others, with a correspondingly higher death rate. It has probably not yet reached its maximum in this city and many parts of the province, and therefore the greatest precautions are necessary. London, Ontario, has had eleven thousand cases. In Ottawa there were fifty deaths in twenty-four hours, and in Toronto one hundred and thirty-three deaths yesterday. That city has over thirteen thousand cases. We will all indulge the hope that St. John may have a milder visitation, but the danger to each individual is real, and calls for regular and careful habits of life, as much avoidance as possible of what might prove to be sources of contagion, and with these the tranquility of mind which is a bulwark of the first importance in any time of stress.

WILL THEY RESIGN?

People are already beginning to speculate as to the appearance of the House of Assembly at the next session without the presence of these gentlemen: Hon. James A. Murray, Hon. B. Frank Smith, Hon. J. B. M. Baxter, Mr. George B. Jones, Hon. William Currie. That all of them will resign appears to be a natural conclusion, as a result of recent revelations. The enquiries set on foot by the Foster government have made it necessary to have a considerable house-cleaning at Fredericton. It is not a question of this party or that, but of making clear the fact that the people of New Brunswick want representatives who will not attempt to deceive them or to sacrifice their interests in any way.

No doubt the members named will see the propriety of retiring from public life. That is the best service they can render the province at this time. If they have been in any sense the victims rather than the authors of a "system" which produced such results as have been spread on the records of royal commissions, they have a fine opportunity to give expression to their abhorrence of the system and make it so unpopular that no other representatives of the people will care to make any attempt to keep it alive. Business principles cannot be applied to the administration of affairs so long as there are such transactions as those of the Valley Railway, the patriotic potatoes, the timber leases, the stampage collection and others of that stripe. The members named will no doubt see in due time their duty and responsibility.

SUNDY REFLECTIONS.

(Fredericton Mail.) When our old friend, A. R. Gould of Valley Railway fame, reads the evidence of graft and crooked work taken in the patriotic potato enquiry, he will probably conclude that his escape from the clutches of such an outfit was a lucky and timely one. He certainly got out before the getting out was fairly good.

W. B. Temant was not the first man in the province to gather in \$100,000 in "advance profits" on a railway deal. The idea had its origin in the mind of a gentleman named Flemming, who gathered in a similar amount in a like manner from one A. R. Gould in the spring of 1912.

The name of William Thompson, the mysterious personage who telegraphed \$38,000 to F. W. Sumner of Moncton from this city, does not appear on the city assessment roll.

DEAR LITTLE LAD.

(Lydia M. Hutchinson, in Christian Herald.)

O little lad, with your sunburned face And your eyes of dancing blue, Just yesterday I held you tight And heard your prayer at candlelight, Dear little laughing heart of you.

Dear little lad, with your book and slate, On your way to village school, Just yesterday I saw you go Across the field where daisies grow, Dear little happy heart of you.

Brave little lad, in your uniform With your kit-bag on your back, Just yesterday you smiled good-bye, And marched away without a sigh, Dear little loyal heart of you.

Dear little lad you will not return, So your captain writes to me; Just yesterday he said you fell Asleep at twilight's vesper bell, Dear little peaceful heart of you.

ALLIES POOL THEIR AIRCRAFT RESOURCES

Washington, Oct. 16.—An agreement under which the aircraft resources of the Allied countries and the United States are to be developed in carrying out a joint programme was arrived at during a visit to England and France by Assistant Secretary John D. Ryan, head of the army aircraft division. Details of the plan may not be disclosed but it contemplates joint efforts both in aircraft production and in the operation of the machines in battle.

The agreement contemplates that each country shall use its production resources to the limit on the lines along which it is best equipped to work, and that the fighting forces of American, French and British air services shall be supplied out of this production so that there will be no delay on the part of any of the three in contributing his share to the building of a great air navy.

OAK HALL TAKES AN OPPORTUNE TIME FOR MEN'S UNDERWEAR WEEK.

Just at this time when the cool days and also the prevalent sickness are demanding that men wear warmer wearing apparel, Oak Hall puts on a big display of men's underwear, filling all four windows with such recognized lines as Stanfield's, Penman's, Wolsey's, Turnbull's, Watson's, Tiger Brand, True Knit and others. Not only do they make head and tail of the situation, but at the same time take several established popular lines and offer them for a family at a low price. This gives everybody an opportunity right at the beginning of the season to get real serviceable underwear and save money for Victory Bonds at one and the same time. Oak Hall is doing a splendid work to men's underwear, and it will be to most everybody's advantage to procure their particular brand in the right size at present prices. Later on it may be impossible to get just what you want at any price.

Mr. Maxwell Suffered Years With Pimples Healed by Cuticura

"I suffered for years with pimples and blackheads on my face. The latter one could hardly get a pin point between and the former itched and burned so that I could not sleep at night. I could not sleep at night, and my face was just a mass of eruptions."

"I decided to give Cuticura Soap and Ointment a trial, and after using two cakes of Cuticura Soap and two boxes of Cuticura Ointment I was completely healed." (Signed) R. B. Maxwell, Upper Sackville, N. S., August 10, 1917.

You may think that because Cuticura does such wonderful work in soothing and healing severe itching and burning eruptions it is not adapted to the gentle uses of the toilet. On the contrary, that is just where it is most effective in preventing these serious skin troubles.

For Free Sample Each by Mail address post-card: "Cuticura, Dept. A, Boston, U. S. A." Sold everywhere.

Famous Old Recipe for Cough Syrup

Really and cheaply made at home, but it beats them all for quick results.

Thousands of housewives have found that they can save four-fifths of the money usually spent for cough preparations, by using this well-known old recipe for making cough syrup at home. It is simple and cheap to make, but it really has no equal for prompt results. It is a simple and cheap cough syrup, usually stopping an ordinary cough in 24 hours or less. Get 2½ ounces of Pinex (50 cents worth) from any drugstore, pour it into a 16-oz. bottle and add plain granulated sugar syrup to make 16 ounces. If you prefer, use clarified molasses, honey or corn syrup, instead of sugar syrup. Either way, it tastes good, keeps perfectly, and lasts a family a long time. It's truly astonishing how quickly it acts, penetrating through every air passage of the throat and lungs—loosens and relieves the phlegm, soothes and heals the membranes, and gradually but surely enjoying every tickle and draught cough, whooping cough or bronchitis. Pinex is a special and highly concentrated extract of genuine Norway pine extract, known the world over for its healing effect on the membranes.

Avoid disappointment by getting your Pinex for 2½ ounces of Pinex" with full directions and don't accept anything else. Guaranteed to give absolute satisfaction or money promptly refunded. The Pinex Co., Toronto, Ont.

The Process—Quality Standard and Service that insure Better Belting

Manufacturers invariably claim superiority for their products. The Dominion Rubber System is no exception in this respect—but we go further and ask you to let us prove to your satisfaction

- that ours is really a better belt—
- that Dominion Friction Surface Belting is more than rubberized fabric—
- that Dominion Rubber System Belting Service means more than just selling better belts.

Over fifty years of experience and research have enabled the Dominion Rubber System to accurately determine the kind of fabric, rubber and construction that produce the greatest belting service for a given purpose and to build the largest, most complete and most efficient organization of its kind in Canada.

Briefly summarizing the process—the highest grade fabric procurable is laboratory inspected and tested—it is impregnated with tested rubber under heat and pressure—cut to size and placed together. The stretch is removed and the whole belt is vulcanized in the curing press under automatically governed heat, time and pressure, thus assuring absolute uniformity in every foot of Dominion Rubber System Belting.

Every ounce of material—each individual operation and each finished belt must live up to the high quality standard of the Dominion Rubber System.

Our service branches place, within phone distance of your plant, the services of our belting engineers without cost. These technical experts will assume complete responsibility for the efficiency of your belting equipment and prove invaluable in cutting costs, solving problems or bridging emergencies. Phone, wire or write our nearest branch and test our claims of superiority for our Belting and our Belting Service.

News Notes About Prominent Baptists
(Maritime Baptist.)
Rev. F. Allison Currier is finding much to encourage him in his work as pastor of the Baptist church at Millbrook, Me.
The friends of Rev. George A. Lawson are giving him a warm welcome in his return from overseas. He is the first of the Baptist chaplains from these provinces to reach the home land.
Last week the cables brought the sad news of the death of Lieut. Walter Smith, "killed in action." Lieutenant Smith was a son of Mr. and Mrs. R. R. Smith of St. John. After taking an engineering course at Acadia, he proceeded to McGill and while there enlisted for service overseas.
I. S. Dawson, now of Moncton, and formerly of Dawson Settlement, Albert county, can claim the proud distinction of having given six sons to the service of the empire.
Rev. S. S. Poole, pastor of the German street church, St. John, was given a pleasant surprise last week. At a special business meeting he was unanimously voted an increase of salary of \$800, this to date from the first of September, when he began the third year of pastoral service with this church.
At the recent session of the African Association an auxiliary organization was formed known as the Ministers' Union.
Much sympathy is felt for Deacon F. C. Palmer and family of Dorchester because of the death of his daughter, Mabel, who was one of the many victims in Boston and vicinity of the Spanish influenza. She was a student-nurse at a hospital there and had overtaxed her strength because of the unprecedented demands made upon all hospital staffs. When she herself was stricken she was taken into the hospitable home of Rev. W. H. Freda of Somerville, who was a former pastor at Dorchester.

RECENT DEATHS
Mrs. James B. Nichols.
The death of Beatrice, wife of James B. Nichols, 151 Rodney street, West St. John, occurred on Tuesday morning. She was only thirty-one years of age, and had been ill but a short time. She was a daughter of Mr. and Mrs. Joseph Peckham, of West St. John, and besides her husband and parents, is survived by two daughters and one son, and by four sisters, Mrs. Thomas Nichols, Mrs. Craig, Mrs. Albert Jennings, and Mrs. Roy Seely, all of West St. John. Her early death is a great shock to the family and friends. The funeral will take place this afternoon.

Mrs. M. W. Galley.
Many will learn with regret of the death of Mrs. M. W. Galley which occurred in the city yesterday. Deceased had been ill but a short time and her death came as a severe shock. She leaves besides her husband, one daughter, Miss Hilda Galley, at home; also two brothers, John A. Kerr, of Summershill, Queens county, and A. T. Kerr, of Calgary. The funeral arrangements have been made for Thursday afternoon from her late residence, 199 Leinster street, at 2:30 o'clock.

Victor M. Parke.
The news of the death of Victor M. Parke which occurred suddenly from pneumonia on October 10 at his residence in Lancaster avenue, comes as a very great shock to his many friends. Mr. Parke was the only son of Mr. and Mrs. W. H. Parke, of Haymarket square, and was in the employ of T. S. Simms Co. Ltd. for some years. There are left to mourn his loss besides his parents, his wife and two children and five sisters. The funeral will be held this afternoon from his late residence in Lancaster avenue.

Miss Edith McLeod.
The death of Miss Edith McLeod occurred last evening at her home, 287 Charlotte street, after a long illness. Deceased was but sixteen years of age. She leaves her mother and two sisters.

Albert E. McLaughlin.
Mrs. H. A. Pattison, 149 Britain street, received word yesterday of the death of her son-in-law, Albert E. McLaughlin, at his home, Hillsboro, from Spanish influenza.

Percy L. Alexander.
Fredericton, Oct. 14.—Percy L. Alexander, of Brownville (N.S.), died of pneumonia at an early hour yesterday morning at the home of his parents, Mr. and Mrs. Samuel Alexander, of this place. He was thirty-two years of age. Mr. Alexander leaves his wife and two small children, his parents, four brothers, Roy and Laurence, at the front; Dr. Harold Alexander, of Saskatoon, and Tiller, with the 8th Siege Battery in St. John, and three sisters, Mrs. Harry Thompson, of Alberta; Mrs. Byrna Burden, of Montreal; and Mrs. Frank Berthouze, of Fredericton. The funeral was held this afternoon at 2 o'clock.

Claude Steeves.
Hillsboro, Oct. 15.—Death has again visited the home of Mr. and Mrs. Samuel G. M. Steeves and claimed for his victim the youngest son, Claude, from the influenza which is raging in this town. The deceased was a student at the University of New Brunswick. Within the week an older son, Arthur, was taken. Surviving, besides the parents, is one brother, Coleman, with the British expeditionary forces. Much sympathy goes out to those so sorely bereaved.

Allen T. Lipsett.
Fredericton, Oct. 15.—(Special).—The death of Allen T. Lipsett occurred at New Maryland after a lingering illness. The deceased was thirty-three years of age and is survived by his wife and three children—Margaret, Bert and May. He is also survived by his parents, Roy and Mrs. E. Boone, of North Devon; Martha, May and Mary, at home, and by three brothers, George, John and Harry, of New Maryland.

William McLanahan.
Moncton, Oct. 15.—(Special).—The death of William McLanahan, aged eighteen years, occurred today due to Spanish influenza. He is survived by his mother, two brothers and two sisters.

Fred Shaw.
Moncton, Oct. 15.—The death of Fred Shaw, accountant with the Moncton Tramways Electricity and Gas Company occurred at Manamoucheu this morning. Mr. Shaw had been ill for several days with pneumonia which followed a severe attack of influenza. Deceased was the son of Murray Shaw, Memramouche. He was a native of Saranac (Ont.). His family removed to this province about twenty years ago, his father having been connected with oil and gas prospecting at that time. He also had two brothers and one sister residing in Memramouche. He was twenty-six years of age. He married Miss Edith Dunlap, daughter of ex-Alderman James Dunlap, Moncton, who with two small children survive him.

Sarah A. Cliff.
Moncton, Oct. 15.—The death of Sarah A. Cliff, aged twenty-seven years, daughter of William Cliff, Sunny Brook, occurred at the home of her parents, Sunday, from pneumonia.

Gerald Harvey.
Moncton, Oct. 15.—Conductor Edward Harvey received a telegram from his brother, J. Newton Harvey, Vancouver, telling of the death of his son, Gerald, at Toronto from pneumonia. Gerald was born at Moncton in July, 1900, and left his home in Vancouver only three weeks ago for Toronto, where he was training as a cadet in royal air force. His father was engaged in business in Moncton and removed to St. John where he conducted a

A Splendid Showing of
Strikingly Handsome New Skirts

Models by the Score That Show Every New and Approved Fashion Feature

That these Skirts are so attractive may be traced to the fact that they conform so closely to the new Silhouette. The effect of plainness is not obtained by lack of novel features, but rather by the skillful use of them in the form of pockets, overskirts, sashes, panels and tunics.

The fabrics lend themselves perfectly to the new lines that have been decreed—Satin, Taffeta, Tricotine, Worsted, Wool, Jersey and Serge. All in all, we don't think you've ever seen Skirts that give greater promise of becomingness to you.

Most striking effects in novelty All-Wool Plaid Skirts, new dark color combinations; many with wide pleats in very pretty effect—striking black and white plaids in fine Gabardine. All are novelties, mostly only one of a kind.

\$18.50 to \$27.50

Rich Silk Skirts, many in new stripe effects or plaid color combinations, each has some new fashion touch in belt or pockets. Prices \$11.50 to \$17.50

Popular Silk Skirts of fine Taffeta in plain shades; made with fancy shaded set-on or set-in pockets. Prices \$6.95 to \$17.50

Exquisitely Tailored Skirts of fine Serge, all new designs, showing the narrow Silhouette, plain cut styles with cleverly arranged pleats or pockets. Prices \$6.90 to \$16.90

Popular Tweed Sport Skirts in dark or light mixtures, deep detachable belt and fancy patch or satin pockets. Prices \$5.75 to \$9.50

THEIR LIVES THE PRICE THAT IS PAID FOR VICTORY

Zaniskillen Station, N. B., Oct. 15.—Word has been received by John H. Gallagher of the death of his brother, Pte. Frank Gallagher, No. 1080186, of the 72nd Canadian Infantry Battalion, on October 6, in the 55th General Hospital, London.

Pte. Gallagher enlisted in 1916 in the 118th battalion and was later transferred to the 250th Canadian Highland.

with the field artillery in St. John, going overseas in April, 1916, and had since been faithfully serving at the front. Pte. Gallagher was born in Pughwash (N. S.), and previous to enlistment was in the employ of D. P. Lewis, Norton, with whom he had made his home for several years. He is survived by his widowed mother, four sisters and three brothers. One brother, Walter, is with the 8th C. G. B., Borden Barracks, Halifax.

Mrs. Jennie Seath, 14 Frederick extension, has been advised that her son, Private Charles Seath, infantry, has been officially reported admitted to Bethel Green Hospital, Cambridge, October 1, suffering from gunshot wound, right leg, compound fracture. Private Seath went overseas with the 260th Kiltie Battalion, and on August 2 was drafted to the 16th Canadian Infantry Battalion, France. He was formerly employed with Swanton Brothers, Stevedores, this city.

Charles D. Young, recently returned from the front, was admitted to No. 22 Casualty Clearing Station on October 10, dangerously ill from gunshot wounds. Private Young enlisted and went overseas with the

104th battalion. He was wounded in the right hand some time ago, but recovered and went back to the line. On October 10 he was wounded again, and is now reported dangerously ill.

News was received by his parents, Mr. and Mrs. Saunders Patterson, this morning, that Lieut. Ward H. Patterson was admitted to No. 14 stationary hospital on October 11 with severe fracture. Lieut. Patterson enlisted with a western battalion and got his commission overseas. One brother, Miles, is with the 10th Battalion, in November, 1917. Lieut. Patterson formerly was a teacher at Rothesay College.

The story of the circumstances under which he was killed at the front is told in a letter received by his parents, Mr. and Mrs. Patterson, from an officer of his husband's regiment. The letter is as follows:

"It is my sad duty to write you and acquaint you with the fact that your husband, John H. Patterson, was killed in action on August 27. A machine gun bullet, which pierced his chest, left him dying in the arms of one of his chums, Private Treen, whom I have asked to write you also. He suffered very little and passed peacefully away. Words cannot express my feelings on the occasion for the great sorrow and loss to you and to your children. May the Heavenly Father console you, and may you find some consolation, little as it might be, in the fact that he laid down his life for a noble cause."

His personal effects were removed from his body and are being forwarded to you through the usual channels. Please accept my very sincere regrets, Mrs. Leary, for you and your children. The scout section of the regiment of which he was a member, feel his loss deeply as his courage and good example upon all occasions have been a great example for them to follow.

I beg to remain, Very sincerely yours, ALBERT J. KELLY, Lieut. Another Princess Pat's Leader Killed. (Montreal Gazette.)

Lieut. Colonel Charles J. T. Stewart, D.S.O., who was recently promoted to command of the Princess Patricia's, has been killed in action, according to news received in Montreal, where he had many friends. Colonel Stewart was born in Amherst (N. S.), forty-five years ago. He was educated at St. John's school, Montreal, Bishop's College, Lennoxville, and the Royal Military College, Kingston, and spent a number of years in the service of the North West Mounted Police. He was an all-round athlete and sportsman.

A veteran of the South African war, he joined the P.P.C.L. as a captain when the famous unit was raised, and became noted as a soldier of infinite resource. He was with the Pats in all their heavy fighting, and was severely wounded.

CHILDREN HATE PILLS, CALOMEL AND CASTOR OIL

If Cross, Feverish, Constipated
Give "Calmo" a Syrup of Figs

Look back at your childhood days. Remember the "dose" mother insisted on—castor oil, calomel, cathartics. How you hated them, now you fought against taking them.

With our children it's different. Mothers who cling to the old form of physic simply don't realize what they do. The children's revolt is well-founded. Their tender little "insides" are injured by them.

If your child's stomach, liver and bowels need cleansing, give only delicate "Calmo" Syrup of Figs. Its action is positive, but gentle. Millions of mothers keep their babies "fruit laxative" handy; they know children love to take it; that it never fails to clean the liver and bowels and sweeten the stomach, and that a teaspoonful given today saves a sick child tomorrow.

Ask your druggist for a bottle of "Calmo" Syrup of Figs, which has full directions for babies, children of all ages and for grown-ups plainly on each bottle. Beware of counterfeits sold here. See that it is made by "California Fig Syrup Company." Refuse any other kind with contempt.

ed at St. Eloi in 1915. After convalescence, though he might have been on the list of those to be invalided home, he refused to leave the service, finally returning to the fighting line. He was second in command of the Pats for a considerable time, recently becoming O. C.

PRIVATE VICTOR NICKSON, son of Mr. and Mrs. Thomas Nickson, City road, aged nineteen years, a member of the 10th Battalion, was killed in action on the morning of the 27th.

The names of eleven New Brunswick men appear in the midday casualty list. They are as follows: Wounded, Gunner Huntingford, Louisville, W. Blair, Starrett, Dorchester; T. McFarlane, Southampton; Lieut. A. Eveleigh, Sussex; Killed in action: Lieut. H. S. Harrison, Moncton; G. Craig, Moncton; W. E. Ward, St. John; E. Willis, St. John; Lieut. J. Fairbairn, died of wounds; Corporal J. McManis, Bathurst; Died: R. Daley, Moncton.

MUST CONTRIBUTE

Melbourne, Oct. 15.—(Canadian Press despatch from Reuters Ltd.)—Hon. William Alexander Watt, acting prime minister, has today sent a message to the representatives in the federal parliament the bill for providing for compulsory subscriptions to the commonwealth's war loans, said the government could not risk any failure which would mean leaving still further upon imperial aid which had already been asked to do much. Therefore all persons whose taxable income exceeded 2500 sterling yearly would be compelled to subscribe a sum equal to six times their yearly income tax. The government was well aware that many who were patriotic and would not have subscribed unless others had not subscribed enough. All non-contributors would be liable to criminal penalties.

Under the federal scheme of compulsory contributions to the war loans companies and other bodies will be liable to subscribe as well as individuals. Soldiers and ex-soldiers will be liable in case of income from property. The federal government has taken over all woolen mills.

SAGE TEA DANDY TO DARKEN HAIR

It's Grandmother's Recipe to Bring Back Color and Lustre to Hair.

You can turn gray, faded hair beautifully dark and lustrous almost overnight if you'll get a bottle of "Wyneth's Sage and Sulphur Compound" at any drug store. Millions of bottles of this old famous Sage Tea Recipe, improved by the addition of other ingredients, are sold annually, says a well-known druggist here, because it darkens the hair so naturally and evenly that no one can tell it has been applied.

Those whose hair is turning gray or decaying every day do not know the pleasure of having their hair dark and lustrous again, because after one or two applications the gray hair vanishes and the hair grows luxuriantly dark and beautiful.

This is the age of youth. Gray-haired, decrepit folk aren't wanted around, so get busy with Wyneth's Sage and Sulphur Compound tonight and tomorrow morning with your dark, handsome hair and your youthful appearance within a few days.

This preparation is a toilet requisite and is not intended for the cure, mitigation or prevention of disease.

WORK OR FIGHT, SAYS CARVELL

Calgary, Alta., Oct. 15.—"When the country is at war I look upon it as the duty of every man to do what he can to help to win it, and as a member of the government that was formed for the purpose of maintaining the constitution, the flower of this country and sending them to the front for \$1.10 a day with very good prospects of being killed, I don't think I have not much sympathy with men who refuse to work for \$4 or \$5 a day."

This was the remark of the Hon. Frank B. Carvell, minister of public works, on his arrival in Calgary, when referring to the strike of C. P. R. employees.

He stated that it would appear that the labor unions in Calgary had overlooked a third method? he was asked.

"Kahki", promptly replied the minister.

Mr. Carvell stated that the necessary machinery would be found for putting this into effect if the men persisted in their strike.

Referring to the Mennonite question, Mr. Carvell stated that in his opinion no man who was fit to bear arms was entitled to exemption in times like these.

"It may require an amendment to the M. S. A.", he said, "and if so I have no objection to making such an amendment for an amendment with that object in view."

CHRISTMAS BOXES FOR THE SOLDIERS

Since the middle of September there have been on an average fifty cases of Christmas parcels for soldiers shipped from headquarters of the New Brunswick branch of the Soldiers' Comforts fund, in the city of St. John.

The parcels, which are sent by train, week and shipment, will, in all probability, be continued at the same rate. This year the parcels have been sent by train, week and shipment, and the parcels for lone soldiers will probably be more numerous.

From over the parcels which have been coming in, each one done up with the greatest care. When the parcels are received here they are carefully sorted and those which are intended for the different battalions, and those for lone soldiers are sent to Lieutenant Munger in England, resorted to and sent where they are most needed.

The association expects this year to send a large collection of Christmas parcels to the front. The parcels are sent by train, week and shipment, and the parcels for lone soldiers will probably be more numerous.

ALLEGED DESERTER AND ALIENS ARRESTED

An alleged deserter, who has been successful in avoiding the military police for eight months, was finally rounded up yesterday at Westfield Centre. The man has been working on the Valley Railway. He was brought to the city yesterday under military escort and was taken to the army. It is said the man had deserted from the ranks of the Canadian Engineers.

OFFER TO LAY NEW MAIN TO SPRUCE LAKE

Several Expenditures Before City Council Will Be Considered

Grant & Horne Want Clear Title to Shipyard—City Agrees to Settle Kane & Ring Claim—Motor Fire Apparatus Wanted

The question of the city's rights along the Marsh Creek, the recommendation of a compromise with contractors Kane & Ring, a decision about the installation of a new water main to Spruce Lake and other large expenditures were important matters taken up by the commissioners at a meeting of the common council yesterday afternoon.

The committee as a whole reported that permission had been given for the calling of tenders for 10,000 feet of curbing; that money to pay for the concrete pipe being installed at Lake Fitzgerald by the Lockport Pipe Company be taken out of next year's assessment, and that the commissioners of water and sewerage be permitted to pool his unexpended balances. These were put and unanimously carried.

Regarding the payment for pipe at Lake Fitzgerald, Commissioner McLellan asked if something had not been done to meet this expenditure. Commissioner Hillyard wanted the matter was discussed and that this had been charged up to the work done at Lake Fitzgerald.

Commissioner McLellan said that he did not think that the expenditure should be charged against the work and if the actual installation cost \$20,000 he would read \$71,000. He said the pipe was now stock and should be charged accordingly. He pointed out that it would always be available for another location. It was finally agreed that it came to a question of bookkeeping.

Mayor Hayes then brought up the question at issue between contractors Kane & Ring for work done on sheds in West St. John and the city. He read a report from the city solicitor dealing with the question. A report from the city solicitor dealing with the question.

Mayor Hayes also read in this report that he had been notified by Kane & Ring that they were not prepared to pay for the work, and that the same amount less than the contract price was being offered. He said that the matter was being discussed with the contractors and the above mentioned amount paid to them. This was carried.

Question of Property.

A letter was then read from Grant & Horne in which they said that the lease of the city property for the shipyard was not to be renewed by the Peters' estate and that they were negotiating for the purchase of it but would not do so until they had a clear title to the title for same. They said that they had no desire to get into any litigation with the city and sooner than do so, they would not purchase it.

Hon. J. B. Baxter, the city's solicitor, was present and asked if it would not be advisable to ask Fred B. Taylor, K. C., solicitor of the company to attend the meeting. After the latter arrived, Mr. Baxter pointed out that the city's line would be from the centre of the creek. He also pointed out some technicalities regarding the use of the creek and the ownership from twenty years ago.

Mr. Taylor said that he could not get a renewal of his lease for the property and they had their plant situated there and he did not want to incur a large expenditure. All that they desired, he said, was to be assured that they had no desire to get into any litigation with the city or with anyone else.

Mr. Taylor said that they would agree to do nothing that would in any way interfere or damage the creek or prevent the city from doing as it pleased with the creek.

Mr. Taylor asked the members if they would give an answer as soon as possible, as the firm was anxious to purchase some machinery, and a delay would keep them back with their building operations.

The commissioners agreed to visit the site this afternoon at 2:30 o'clock at low water.

STOMACH UPSET?

Pape's Dispepsin at Once Ends Dyspepsia, Acidity, Gas, Indigestion

city's solicitor several questions regarding the taking over of Ritchie street. The latter threw considerable light on the legal aspect of it, after which he withdrew from the meeting.

Commissioner Hillyard presented a letter from the Lockport Pipe Company regarding installing the thirty-six inch main from Manchester's property on the Manawegonish road to Spruce Lake. In the letter the firm explained that they have just about completed a large contract in Winnipeg and as it cost them a considerable sum to bring their machinery into Canada they would be in a position to bring it here during the winter and make an early start in the spring. They said that they would do the work of \$18.80 per lineal foot, and also quoted figures for excavation, etc. They pointed out that by taking advantage of the present situation they might save the city some \$200,000. That the city would derive benefit from them doing the work, they said, was evident, as they would leave here in wages alone some \$70,000 and another \$80,000 for material to be used in their contract.

Commissioner McLellan asked Commissioner Hillyard if he had any idea how much it would cost. The latter replied about \$800,000, but Commissioner McLellan said that it would probably be nearer \$500,000. He said that Engineer McInnis when he was here figured on renewing the main for the city for an estimated expenditure of \$800,000.

Mayor Hayes said it was doubtful if the minister of finance would give permission for such a large expenditure at the present time.

Motor Fire Apparatus.

Commissioner McLellan said that others were talking about expenditures, but that it was time that a few bonds were put out for the purchasing of some fire apparatus. He spoke about motor apparatus and said that if he had, he estimated \$100,000 when he wanted it the city would have an up-to-date fire department. He dwelt upon the increased insurance rates and said that it would be in the interests of the citizens, especially business men, if the fire department was motorized.

Mayor Hayes said that with regard to motorizing the fire department, installing the new water main to Spruce Lake, etc., he would be well to get the whole thing before the council and they could then decide which was the most needed and which would be done.

Commissioner Fisher reported that he had received a communication from the Telephone Company asking for permission to erect a pole at the corner of Ludlow and Market streets in St. John. This brought forth some discussion regarding steel poles and on a suggestion of Mayor Hayes the question was tabled up the question with the company.

A communication was received from No. 1 Salvage Corps notifying the commissioners that Harold W. Smith had been appointed. On motion of Commissioner McLellan, seconded by Commissioner Bullock, the communication was received and a warrant issued. Another communication was read from the same corps stating that Messrs. S. D. Drury and James Middles have resigned.

WOMAN'S NERVES MADE STRONG

By Lydia E. Pinkham's Vegetable Compound.

Winona, Minn.—"I suffered for more than a year from nervousness, and was so bad I could not rest at night—I would lie awake and get so nervous I would have to get up and walk around in the morning and be all tired out. I read about Lydia E. Pinkham's Vegetable Compound and thought I would try it. My nervousness soon left me. I sleep at night and feel fine in the morning and I am glad to recommend Lydia E. Pinkham's Vegetable Compound to make weak nerves strong."—Mrs. ALBERT SULTZ, 603 Olmsted St., Winona, Minn.

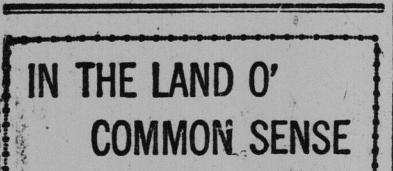

How often do we hear the expression among women, "I am so nervous, I cannot sleep," or "It seems as though I should fly." Such women should get Lydia E. Pinkham's experience and give this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, a trial.

For forty years it has been overcoming such serious conditions as displacements, inflammation, ulceration, irregularities, periodic pains, backache, dizziness, and nervous prostration of women, and is now considered the standard remedy for such ailments.

PRIVATE FRANK GALLAGHER, officially reported died of wounds.

ers, with whom he went overseas. After going to France he was transferred to the 72nd Canadian Infantry Battalion. On September 12 word was received that he had been wounded in both legs. Major Kirkpatrick writes that he was one of the very best men in his company, and his cheerfulness and willingness under all circumstances were an inspiration and help to his comrades, who deeply mourn his death. Sergt. H. H. MacLellan falls.

SERGEANT HARRY H. MACLELLAN, killed in action.

104th battalion. He was wounded in the right hand some time ago, but recovered and went back to the line. On October 10 he was wounded again, and is now reported dangerously ill.

News was received by his parents, Mr. and Mrs. Saunders Patterson, this morning, that Lieut. Ward H. Patterson was admitted to No. 14 stationary hospital on October 11 with severe fracture. Lieut. Patterson enlisted with a western battalion and got his commission overseas. One brother, Miles, is with the 10th Battalion, in November, 1917. Lieut. Patterson formerly was a teacher at Rothesay College.

The story of the circumstances under which he was killed at the front is told in a letter received by his parents, Mr. and Mrs. Patterson, from an officer of his husband's regiment. The letter is as follows:

"It is my sad duty to write you and acquaint you with the fact that your husband, John H. Patterson, was killed in action on August 27. A machine gun bullet, which pierced his chest, left him dying in the arms of one of his chums, Private Treen, whom I have asked to write you also. He suffered very little and passed peacefully away. Words cannot express my feelings on the occasion for the great sorrow and loss to you and to your children. May the Heavenly Father console you, and may you find some consolation, little as it might be, in the fact that he laid down his life for a noble cause."

His personal effects were removed from his body and are being forwarded to you through the usual channels. Please accept my very sincere regrets, Mrs. Leary, for you and your children. The scout section of the regiment of which he was a member, feel his loss deeply as his courage and good example upon all occasions have been a great example for them to follow.

I beg to remain, Very sincerely yours, ALBERT J. KELLY, Lieut. Another Princess Pat's Leader Killed. (Montreal Gazette.)

Lieut. Colonel Charles J. T. Stewart, D.S.O., who was recently promoted to command of the Princess Patricia's, has been killed in action, according to news received in Montreal, where he had many friends. Colonel Stewart was born in Amherst (N. S.), forty-five years ago. He was educated at St. John's school, Montreal, Bishop's College, Lennoxville, and the Royal Military College, Kingston, and spent a number of years in the service of the North West Mounted Police. He was an all-round athlete and sportsman.

A veteran of the South African war, he joined the P.P.C.L. as a captain when the famous unit was raised, and became noted as a soldier of infinite resource. He was with the Pats in all their heavy fighting, and was severely wounded.

At The Epidemic Stage In Nearly All of The States

Some Improvement, However,
In Massachusetts Reported

Death Toll Has Been High

Very Severe in Parts of Canada—
A Hundred and Thirty Three
Deaths in Day in Toronto and
Fifty in Ottawa

Washington, Oct. 15.—Spanish influenza has now reached epidemic proportions in practically every state in the country and in only three has it been reported as stationary, with some improvement in the situation in Massachusetts. In spite of all efforts by federal, state and local authorities the death toll has been high in most parts of the nation. In many camps the epidemic is subsiding, a further decrease in the number of new cases being noted yesterday at the office of the surgeon-general of the army.

Many Deaths in Toronto.

Toronto, Oct. 16.—One hundred and thirty-three deaths from Spanish influenza and pneumonia occurred here yesterday. At the base hospital there were 200 deaths during the 15th, 30th and 14th. There are more than 13,000 cases in the city. Seventy new cases were reported at the various hospitals yesterday.

London, Ont., Oct. 16.—It is estimated that since the influenza outbreak 11,000 persons have caught the disease, or one-fifth the population of the city. The epidemic continues to spread, although there is a falling off in the number of deaths.

Brantford, Ont., Oct. 16.—There were no deaths from "flu" here today, but the disease continues to spread. A very malignant type has struck the Indian reserve.

Fort Arthur, Ont., Oct. 16.—Spanish influenza has struck the Nipigon Indian reservation here. There have been five deaths. There have been three deaths in the city.

Ottawa, Oct. 16.—Deaths resulting from influenza and pneumonia epidemic in the capital numbered fifty in the twenty-four hours ended Tuesday noon. Government officials will close at 4 o'clock every afternoon for the balance of the week.

IN MEMORIAM
Mr. Richard J. Walsh
A Valued Director With the Firm 35 Years.
Passed Away October 12th, 1917.

TO OUR CUSTOMERS AND BUSINESS ASSOCIATES:

Forty years in business does not seem long when looking backward, but it is quite a while, and many things have happened during that time. In the Boot and Shoe trade, St. John was the happy possessor of several shoe manufacturers: Messrs. J. H. Valpey, Vincent & McFate, Robinson & Hall, Francis & Vaughan, J. G. Rickett, James T. Hurley and J. W. Correll. In the Retail Shoe Business there was John Foster, Edwin Frost, Ballantine Bros., John Mullin, James McConnell, Louis N. Yaglin, Matthew Harrison, John Mitchell, Hamilton Cochran, and many others whose names, now only a memory to older citizens, are practically unknown to the younger generation. I believe Mr. John B. Vaughan and myself are the only two of the old school still in business. In those old days stores kept open until 10 o'clock every night and until 12 o'clock on Saturdays. Stock buying was done after those hours. Seeing the commercial traveller meant midnight work.

With pardonable pride and a good deal of pleasure, I look back over those forty years of long hours, hard work and sleepless nights over financial and other problems, and to the successes, which enabled me to weather the storms that drove many men and firms on the rocks of business disaster.

The continued success of so many years I interpret as appreciation of effort, sincere made to give service and value to friends and customers. Shortly after Mr. Waterbury retired from the firm, eight years ago, I formed the business into a limited company.

It has been my endeavor to establish a reputation for fair dealing and reliable footwear, having to those who follow me a business with a standing worth while. The directors are in thanking you for past favors and promise their best efforts to serve you in the future as in the past.

I am, very sincerely yours,
E. L. RISING.

FIRST LINE WAS HELD STRONGLY; THE REST EASY

Allies' Drive in Flanders Went
Like Clockwork

SIGNS OF WEAKENING MORALE

Germans Evidently Expected Peace
and This Had Effect on Fighting—Big Results From Opening
Day of Attack

London, Oct. 16.—Describing the first days of the new offensive in Flanders, the correspondent of the Mail of British Headquarters says that the operation has gone ahead with clock-like regularity. The chief German resistance came from the first Bavarian Guards reserve and the Sixth Cavalry, which fought stubbornly. The correspondent writes:—

"The German front line was held strongly. The Bavarians advanced from their trenches in the face of the British barrage and calmly set up their machine guns. They did all that was asked of them, but they met a famous division which in its charge went clean through and around the enemy and reached the Roulers railroad before the German supports could arrive. Highly valuable ground was thus taken at the outset and bigger objectives were thrown open. It is a fact that the enemy had put the most and the best of his men in the first ranks and when these were forced back the British had much less trouble in advancing.

"German forces at Werwick and Menin, which guarded the right of the British attack, apparently made only slight resistance and surrendered at once. The canal was behind them, and when the British artillery had destroyed the bridges, the enemy troops felt that they were being sacrificed and ran toward the British lines.

"Before the end of the first day all the principal industrial towns in western Belgium were being threatened. To the north the Germans along the coast are also in peril. During the day there was plenty of evidence that peace was expected by the enemy and that this expectation was operating to the lowering of the morale of the German forces. The issues of the battle are immense, and are already visible on the field."

COMMODORE STEWART CALLS ON ROYALTY

And Incidentally Tells the Naval
Secretary to Build Seaplanes

(Chatham World.)
We found a solitary soldier or policeman on guard at the entrance to Buckingham Palace, who stood aside at a word from the conducting officer, who was with us, and we were received in an ante-room or entrance hall by some of the king's officers. His chief secretary, whose lordly name has escaped me, a poleman who was with him when he visited St. John as Duke of York, took our names and arranged us in groups of four, explaining that only four would be in the audience room at once. I was chosen as one of the first quartette to enter, with my name at the head of the list and first to be presented. The private secretary mentioned the name of each one in turn, and we advanced and shook hands with the king, the queen and Princess Marie. That was the whole ceremony. Then we chatted with the king, queen and princess, and the king asked me about my visit to France, and about my flight in a battle plane at the front, and we talked of his visit to St. John and other matters for several minutes. Then we shook hands with the king, queen and princess, and retired to give place to four others. The lords in waiting, secretaries and eunuchs, with whom we chatted in the ante-room, while our colleagues were with the King, were the pink of courtesy and good fellowship. "What is your name?" asked a bright young man who was particularly agreeable to me and seemed much interested in my experiences at the front. "Tim Lord Cronin," he replied, with no accent on the name. "Son of the famous vice-consul of Egypt? I asked. "Yes," he said, and the interrupted conversation was resumed. One of the others was Lord Galloway, and the king's naval secretary, Sir Charles Cope, was another.

We discussed airplanes for the navy, and I suggested that they should be built with an extra propeller, a horizontal one, for rising and alighting, as, at present, the plane that goes up from a ship at sea is lost. It returns, alights on the water as near the ship as possible, and sinks in three minutes, leaving its crew to be picked up by a boat from the ship. The men are generally rescued, but the machine is always lost. Sir Charles said my suggestion was not practical, that the idea had been considered and rejected, and that such a propeller would not hold the machine up. I stoutly combated his objections, declared that it was thought to be impracticable only because it had not been tried, and predicted that such a plane would be built for the navy before the end of the war. We left Buckingham Palace with the feeling that we had passed a very pleasant hour with friends, the king and all his entourage having made us feel so much at home by their courteous good fellowship.

BOLSHEVKS RELEASE BRITISH OFFICIALS

London, Oct. 15.—(Canadian Press Despatch from Reuters Ltd.)—Being Agency learns that the Bolshevik government has agreed to release the remaining British officials detained in Russia. This information was contained in a telegram received in London today from Moscow.

The message further confirms that the critical condition of Germany is growing, especially in Berlin, owing to magnitude of the American effort, which is beginning to be realized.

MUST MAKE CANADA'S LOAN A SUCCESS

People Urged Not to be Misled
Into Belief That Full Sum is Not
Needed

Toronto, Oct. 14.—An important interview was given Monday night by E. R. Wood, chairman of the dominion executive of the Victory Loan, emphasizing the necessity of concentrating attention on the coming loan and combatting the feeling that it may not be necessary if peace comes soon.

Mr. Wood's statement is as follows: The effect should be to make the nation redouble its efforts, not only to achieve the objective set by the minister of finance but greatly to exceed it.

What we are witnessing now is Germany's peace offensive. She is waging peace as she wages war, unscrupulously, but with tremendous vigor and force and skill. Having withstood her military onslaughts for years, we are to succumb to her first hypocritical peace onslaught?

For forty years Germany deceived us with fair words. For four years she has stood unmasked, brutal and unashamed. A short week ago faced with disaster she returned to fair words. It is unthinkable that we can immediately accept them.

SENDING HELP

S. E. Elkin, M. P., yesterday received a request from Alma to make an effort to have a doctor sent to that village to treat those who are suffering from Spanish influenza. He was told that there were many cases with only one physician, Dr. S. C. Murray, working in the village of Alma, the other doctors being ill. Nine deaths have taken place in Hillsboro and vicinity. Mr. Elkin promptly took the matter up with General Macdonnell who arranged for Dr. Genow, of the military staff, to proceed at once to Alma and report to Dr. Murray.

DISTRIBUTING SHEEP

Fredericton, Oct. 15.—The distribution of imported sheep by the department of agriculture began today. Five hundred are to be distributed. Two hundred of these animals are pure bred rams and ewes which will be used for the improvement of flocks throughout the province. The rams will be used with grade flocks for the purpose of improvement. The distribution of pure bred rams last autumn has shown remarkable results throughout the province, particularly in increased weight of lambs.

Some pure bred herds are being established in the province although the general desire is for improvement of the grade flocks.

E. N. Taylor, soil specialist, has been engaged recently in collecting soil samples in the counties of York and Carleton. The samples are to be analysed and a general report made as to the soil requirements particularly with regard to lime. Steps are being taken to supply limestone throughout the province the quantities now being distributed not being sufficient to meet the demand. It is a well known fact that maritime soils require lime as a corrective agent and the cheapest form in which it can be supplied is crushed limestone.

The clover harrow, by the department of agriculture has begun operations for the autumn at Apohaqui. This machine for several seasons past has done good work. There are several applications in for its use at later dates.

May Go to England.

Sir Robert Borden is likely to go to England this fall in order to attend the British war cabinet as the representative of the dominion.

HIGHER PAY FOR THE STREET RAILWAY MEN IN WINNIPEG

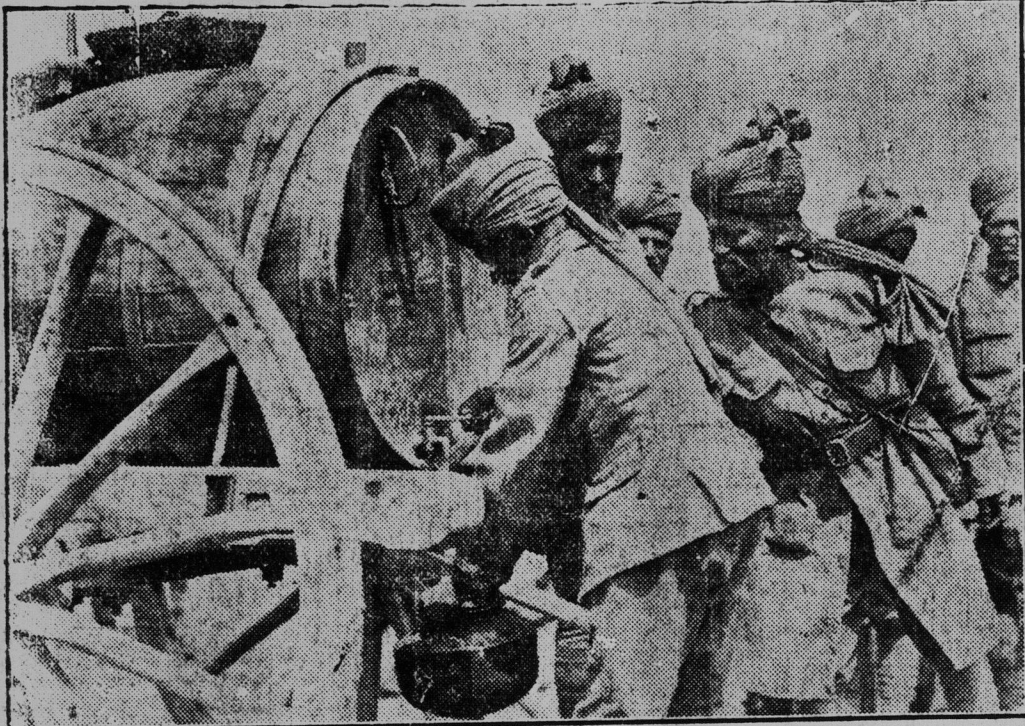

Board Report Also Says Company
Should Have Increased Revenue

Ottawa, Oct. 15.—The report of a board of conciliation appointed to investigate a dispute between the Winnipeg Electrical Railway Company and its motormen and conductors, handed out last night by the minister of labor, recommends an increase of nine cents an hour in the wages paid during the first and second six months of employment, an increase of eleven cents an hour paid during the second year, and an increase of twelve cents in the third year. The latter increase, which brings the rate up to forty-seven cents an hour, it is proposed to apply to the subsequent years of employment. The new scale is recommended to go into effect from the first day of the present month.

In order that the increased wages recommended may be paid, it is necessary, states the report, that the company should obtain an increased revenue.

The report is a unanimous one, being signed by Chief Justice T. G. Mathers, chairman; R. S. Ward, representing the employees, and Isaac Pitblado, K. C., the company.

Captain P. H. Deane, Kingston, Ontario, arrived in the city last evening and is registered at the Royal Hotel. He is reporting for duty in this military district, having been transferred from Military District No. 8.

British Losses This Year Are Up to 700,000

New York, Oct. 15.—British casualties during the first thirty-nine weeks of 1918 aggregated 700,000 according to a cablegram received by the British Bureau of Information here today. This does not include losses in the heavy fighting of the last two weeks.

The message stated that during the period between January 1 and October 1, the lowest casualty list for any single week was 4,126 and the highest over 40,000.

STEADY GAINS BY THE ALLIES YESTERDAY

New York, Oct. 15.—The Associated Press tonight issued the following: The Entente forces in Belgium and France continue successfully to drive the enemy before them. In Belgium Flanders the advance is somewhat rapid, but on all sectors in France the Germans are fighting with desperation to hold back their loss.

The great wedge that is being driven by the Belgian, British and French troops in Flanders now threatens seriously the tenure by the enemy of many positions in north Belgium from the Lys River to the sea, including his submarine and other bases along the coast, while to the south the Lille salient gradually is being crumpled and doubtless soon will receive attention from the pincers, which are being oiled for the task of reclaiming this important tract of territory as far as Valenciennes for France.

Stiff Fighting in Champagne. Meanwhile the French and American forces are struggling valiantly forward in their drive northward from the Champagne region into the country over which the Germans must effect a retirement to their own border in the event of a final debacle. As has been the case always since the offensive began, the Germans are vigorously defending their positions, using innumerable machine gun detachments in endeavors to hold their ground. Particularly vicious are the counter-thrusts that the Americans are being compelled to sustain east and west of the Meuse, where the entire enemy front is threatened with immediate collapse should General Liège's men crash through the line for material gains.

Nevertheless, both the Americans and the French are demanding that their arms be served, and on various sectors they are meeting with success. In the Romagne sector further gains have been made by the Americans in the face of terrific artillery and machine gun fire and the natural defenses and great systems of wire entanglements which had to be negotiated. Bad weather has fallen over the sector, and the airman have been unable to give their usual brilliant assistance to the manoeuvres.

Two Miles from Metz. To the west the French are slowly closing in upon Hettel on their way to Metz, being only two miles distant from the town. West of Grand Pré they have effected further crossings of the Aisne. About 800 Germans were made prisoners in this fighting.

COLORED BOY KILLED BY CHUM

Halifax, Oct. 15.—A sensational shooting affair, resulting in one death occurred near Liverpool (N. S.), yesterday when a colored boy, Howard Hartley, aged seven or eight years, was shot and killed

by a white boy, Joseph Phelan, aged fourteen. It is alleged that young Hartley and his brother were playing pitch-and-toss, when along came Phelan and wanted to join in the fun. He took his turn at pitching and said to the Hartley boy: "If you don't catch these stones, I'll shoot you." Hartley missed the catch, whereupon Phelan fired his gun killing the colored boy instantly.

The coroner's verdict was that the Hartley boy came to his death by a gun in the hands of Phelan. At first there was an inclination not to have the mat-

ter enter the courts. But the colored population showed such feeling that the law took its usual course, and young Phelan who spent the night in jail comes up for a preliminary trial tomorrow.

C. P. R. APPOINTMENT.

Montreal, Oct. 15.—E. W. Beatty, the new president of the C. P. R., announced in a circular this afternoon two important new appointments: A. D. MacTier as vice-president in charge of lines east

of Port Arthur, with office in Montreal and D. C. Coleman as vice-president in charge of lines west of Port Arthur, with office at Winnipeg. Both Mr. MacTier and Mr. Coleman will report to Grant Hall, vice-president of the company at Montreal.

Montreal, Oct. 15.—Grant Hall, vice-president of the Canadian Pacific Railway system, announced today that Dalton C. Coleman, had been appointed vice-president in charge of the company's affairs in the west.

Two Model Lasts for Women who prefer a long vamp with narrow or medium narrow toe. Made in all leathers 8 inch or 9 inch height, Louis or Cuban heels, \$6 to \$12.

True Economy in Stylish Shoes

THE woman who likes shoes with a long vamp and a slender toe, will be well pleased with the two A. H. M. models shown above. You can obtain smart boots on either last with Louis or Cuban heels in black or tan calf or kid at prices ranging from \$6 to \$12.

The quality of the material in these shoes is better than you might expect at the price, due to our being able to cover our needs well in advance. We doubt if it will be possible to offer equal value again so long as the war lasts.

The model on the left is conservatively narrow in the toe with the popular Louis heel. The other model is more extreme in style effect having a somewhat narrow toe and a higher and more tapering heel.

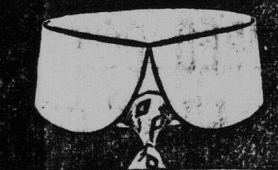

You may be certain of getting style value and practising true economy when you ask your dealer for these A. H. M. models.

for bread, in which all political theories and theorists are lost and Moscow and Petrograd are regarded as monsters trying to steal the meagre food supply of the rural districts.

On the eve of the first anniversary, the Bolshevik dictatorship of the proletariat faces the most terrible famine in modern history, and the final test has come of the ability of Soviet arms to maintain what Nikolai Lenin, the Bolshevik premier, calls "organized hunger."

An American, who has just arrived from Russia, and who for three months was engaged in an effort to provide bread for workmen in the industrial centres of Soviet Russia, told the correspondent today of a widespread military organization of the peasants against Soviet authority which is non-political and based purely on self-preservation.

In three districts of the Vyatka government alone the peasants have organized and armed 15,000 men chiefly returned soldiers, to resist Soviet attempts to take their grain. The peasants pay the soldiers 500 rubles each monthly.

Similar conditions exist in all the grain-producing governments nominally under Soviet authority. The Soviet grain crusaders were able to obtain limited quantities of rye this year which was harvested before the peasants had perfected their organization of returned soldiers, but the loss of this rye fired them to action. In many places the wheat and oat crops are in the hands of peasant organizations, which are guarding them against the Bolsheviks. Where the districts are not well organized the farmers are cutting the grain only as they can sell it, and will burn it or let it rot in the fields rather than risk its confiscation by armed bands of Bolsheviks.

The food crusaders sent from Moscow and Petrograd meet with such resistance that many who escape death join the anti-Bolshevik forces, and assist in tightening the noose of starvation about the two Soviet strongholds, which are undergoing a hunger siege far more death-dealing than the spasmodic revolutionary outbreaks directed against them by the Social revolutionists and the Social democrats.

Famine Threatens Children.

Infant mortality in Petrograd has increased to fifty per cent. School statistics show from fifty-seven to eighty-seven per cent. of the enrolled children are absent on account of illness. The situation is growing worse daily, and the juvenile population of Petrograd will practically be wiped out this winter unless food is provided from foreign countries.

Figures on adult mortality are not available but, according to Captain William B. Webster of the American Red Cross, who has just arrived here from Petrograd, starvation is claiming thousands, especially aged and infirm persons without resources, who are unable to get food at the government restaurants or return to their native villages.

In Moscow the situation is slightly better than in Petrograd, but there it also is critical.

In peace times the infant mortality in Petrograd was twenty-five per cent., but now there is an absolute lack of milk and grain and the proper mother's food. There are 75,000 homeless children in charge of Mrs. Lelena, Petrograd commissioner of Social Welfare, and President Iverdloff of the Russian Red Cross, who are facing starvation in Petrograd. Many of these children are orphans, while others were turned over to the commune by their parents, who were unable to feed them. These children are housed in hotels, barracks, and other institutions in Petrograd. None is over fifteen years of age, while the majority are under ten.

CANADIANS FAVOR PUSH TO GERMANY

London, Oct. 13.—"The only peace move our men want to listen to is a move which takes the Germans right into his country and means unconditional surrender," declared Hon. Dr. Cody, minister of education of Ontario, to the Canadian Press today when he reached London after a fortnight with the Canadians in France. Mr. Cody revelled over the whole war area in the ears before the war.

"Nothing I have heard or read depicts anything like the actual reality, the appalling desolation the German has reaped," declared the minister. "I went through Ypres, Arras, Rheims. I was with our men three times at Bourlon

Wood, and I saw that attack on Cambrai from a distance. I say positively that all the damage done to Cambrai was by the enemy, for our artillery was firing north and south of the town. It was a wonderful sight to see the tanks supporting the advance."

Dr. Cody met General Currie at Corps Headquarters. Speaking of the interview he said it was really touching to observe the heartfelt pride the corps commander had in the capabilities and achievements of his men. "There is no doubt of it. Everywhere I went I was told the Canadians are considered one of the most powerful striking forces on the whole front, and the German always puts his best troops and heaviest artillery before the Canadians."

The minister also had some complimentary things to say of General Burby, the Canadian representative at general headquarters. He was particularly anxious to emphasize how the chaplain service and the Y. M. C. A. work in France are in the utmost harmony.

"I have been visiting the hospitals at

the great British base, and the people of Canada may rest assured that everything possible is done for the wounded from the moment they are struck to the time they reach England," declared Dr. Cody.

Among the small souvenirs Dr. Cody gathered was a piece of stone at Ypres, which he hopes to incorporate in the fabric of St. Paul's, Toronto.

Hunger Hastening Soviet Downfall

Peasants Organize With Arms Against Seizure of Food for Bolshevik Centres.

Stockholm, Oct. 11.—(Associated Press)—Hunger is hastening the downfall of the Bolshevik regime in Russia far more than the feeble and disorganized efforts of the opposing political parties. The political strife in the isolated Soviet republic is now becoming a pitched battle

Armed to the teeth

"Troops who travel alongside of them have their work cut out. General Currie seems to carry light railways in his pocket, and if the Canadians have to stop anywhere for a day or two, transportation facilities spring up behind them as if by magic. Germans will go miles out of their way to avoid the Canucks."

CHARLES H. GRANTY, in N.Y. Times, Sept. 2, 1918.

The Canadian Army is fully equipped for War.

Nothing that could help our army in their task is lacking. If this were not so, their great initiative and courage would avail them nothing. For this is "a mechanical war."

The Canadian Army as it stands to-day is a marvel of organization. In guns, in ammunition, in transport, in equipment for the grim work of war—for efficiency of man and beast—it lacks nothing. If a railroad is needed—one is immediately available. When the Canadian Army starts to move—the movement is accomplished with certainty and rapidity. When it attacks—there is no lack of ammunition. It has gas masks and aeroplanes of the latest and most efficient types.

The Canadian Army is a highly disciplined, efficient, thoroughly equipped engine of war. It unquestionably is—as the Hun very well knows—"armed to the teeth."

Canada's war loans have made the glory of the Canadian Army possible—they have been Victory Loans in fact, as well as in name.

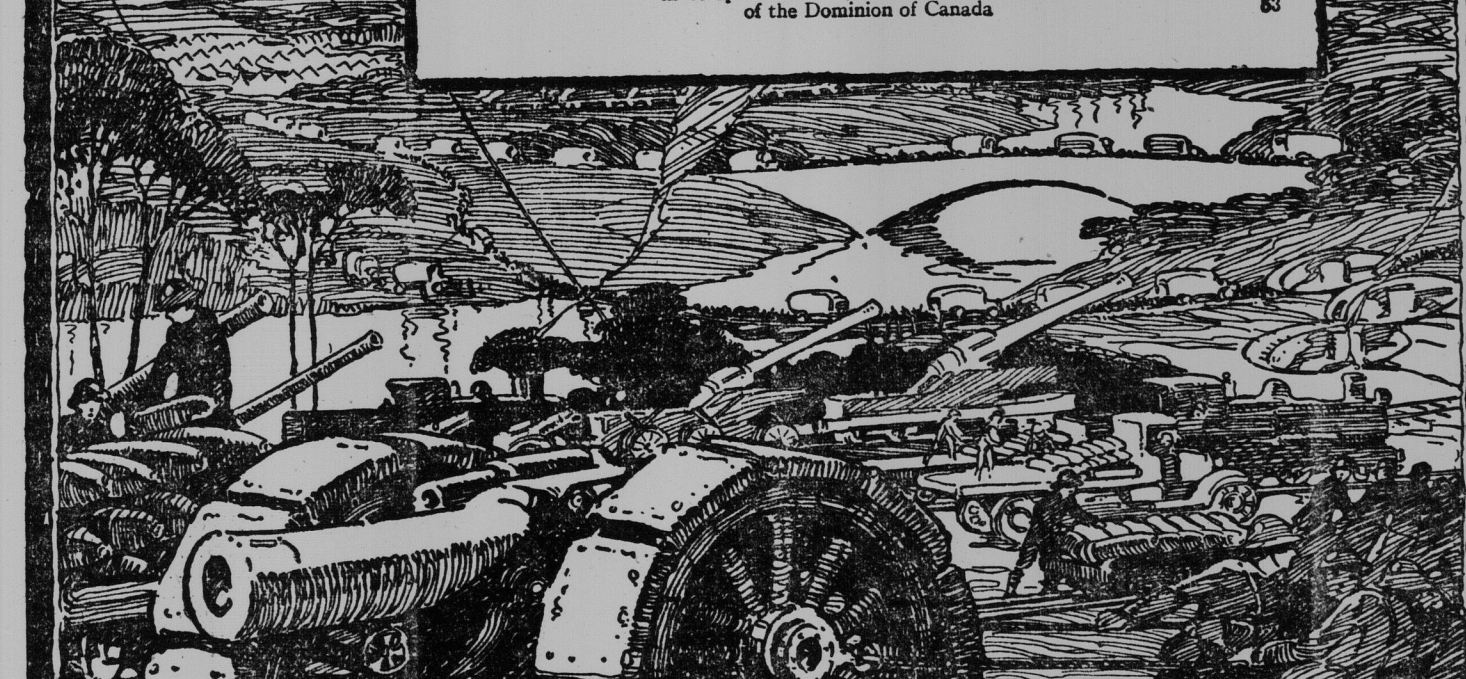

It is unthinkable, is it not, that our men should lack any implement of war that money will buy!

It would be a greater shame than the mind cares to dwell on, that our men should suffer death or disaster—or just fall short of complete Victory, because we now hold back the money necessary to maintain their full fighting efficiency.

The money for the needs of our army will be provided by Canada's Victory Loan, 1918.

Canadians at home will see to that

the military hospital, St. James street,
as a result of an attack of Spanish in-
fluenza, followed by pneumonia. He had
been at Camp Sussex with the depot
battalion during the summer and re-
turned to the city on last Thursday, his
illness being only from that day.
Private Brown was a son of Mrs.
Elizabeth Brown of 74 Winter street,
and the late R. A. Brown, and is also
survived by two brothers, R. A. and W.
W., and two sisters, Marion and Mar-
garet, all at home. The family's be-
travement is the sadder because of the
death of the father in France in last
August. The father enlisted with the
140th Battalion during the summer and
was transferred to an engineering corps, but
life at the front proved too strenuous for
him and he succumbed from heart
trouble.
Private Edward Brown was employed
as a chauffeur with J. Marcus before en-
listing. His funeral will be held tomor-
row afternoon from Bennett's undertak-
ing rooms, Main street, to Fernhill.

D. C. M. PINNED ON HIS TUNIC BY THE KING

High Honor Won by Bombardier
Edward Bowes of St. John

To win the Distinguished Conduct
Medal is in itself a high honor and to
have this coveted decoration affixed to
his breast by His Majesty King George
in person is an especial honor of which
a soldier and his family will be proud.
This double honor has marked the
military career of Bombardier Ed-
ward Bowes, son of Mrs. Thomas Bowes
of 140 Paradise row, this city.
Bombardier Bowes enlisted and went
overseas with the 9th Siege Battery and
has been in service in France for the
last year and a half. During the battle
of the Somme he, with a corporal and
two others, maintained fire from their
gun under circumstances calling for es-
pecial bravery and also found time to
keep in touch with the battery head-
quarters, supplying much needed infor-
mation. The soldier has been modestly
reluctant about the part which he
played in this affair and which led to
the award of the medal, but suffi-
ciently proud to know that the decora-
tion was well earned.

The presentation was an occasion
which Bombardier Bowes is likely to re-
member. The battery was paraded for
inspection by his majesty and the hero
of the occasion was called to the front
and the king affixed to his tunic the
medal which he had so bravely won.

That the young soldier lived to re-
ceive his decoration was a matter of
good luck as he on an occasion a little
while before was separated from his bat-
tery by a matter of only an inch or two.
While moving up the guns he was ex-
posed to the fire of a German sniper
who selected him as his target. A rifle
bullet struck his haversack, penetrated
it and pierced two of his feet which
were among the contents, but stopped
there.

Before going overseas Bombardier
Bowes, who is twenty-five years of age,
was employed with the Royal Hotel.

SECOND OF TWO BROTHERS REPORTED KILLED IN ACTION

This is a picture of Private Thomas
Bradley, a member of the N. B. Bat-
talion, who was reported killed in action
on August 28. He was a native of Eng-
land, but had been a resident of St. John
for some years, latterly employed in the
Union Foundry and Machine Works
Ltd., West End. At the time of his en-
listment in the 55th Battalion he was
boarding in Wentworth street.

A brother, Robert, gave his life in the
war a year previously, and the only sur-
viving relative is his father, who is in
New Zealand. The news of Private
Bradley's great sacrifice in the war came
to Miss L. Pemberton, 192 Winter street.

MACAULAY BROTHERS & CO.

DEAR MADAM:—
We are pleased to inform you that we have recently added to our business the cele-
brated GLENWOOD Line of Sewing Machines in four different sizes and styles; namely:

GLENWOOD Rotary GLENWOOD "B" and
GLENWOOD Vibrator GLENWOOD Special

The GLENWOOD Line, while new to this section of the country, has been on the
market for the past fifty years—every year bringing out new ideas in connection with the
manufacture, until today it is in a class by itself for efficiency, durability and price. It is manu-
factured by the largest DOMESTIC Sewing Machine manufacturers in the world.

As our cost of selling the machines is very low (no commissions going to agents), we
are in a position to save the purchaser from \$15.00 to \$25.00 on the price of a machine.

Thanking you for past favors and soliciting your further esteemed commands,
Yours truly,
D. J. BARRETT.

Men's Underwear Week at Oak Hall

EVERYBODY REALIZES that Underwear is costing more
than it used to—but probably few realize that manufacturers are
worked to the limit to supply war requirements, and that all in-
dications point to a serious shortage in civilian output.
KNOWING THIS it is to your advantage to buy now, while
our lines are complete—delay quite possibly means that you may
not be able to get your particular favorite at any price.
