MOTHER AND SIX CHILDREN

Father and One Boy Escape by Leap From Second Story After Vain Attempt to Rescue Others in Their Little Home

(Canadian Press)

Rotherford, N. J., Aug. 30.—Mrs. Emilio Debaro and six of her seven children, ranging in age from five months to twelve years, met death early today in a fire which raged their home.

Debaro, the husband and father, and the seventh child, a boy of thirteen, escaped by jumping from a second story window. Debaro and his family made their home in a match box like structure not far from the railroad station. The first floor was used as a bakery. The rear of one of the two sleeping rooms above was occupied by Mrs. Debaro and the youngest of six children. Debaro and the oldest boy slept in the front room.

A curtain of flame sweeping over the bed awoke Debaro and the boy. They darted to the doorway to reach the man and children, but a pillar of fire checked them. With their night clothes blazing, they jumped from the window, and the building was gone before the volunteer firemen reached it. They searched the glowing embers for the bodies, and found five of them in a huddled heap near the centre of the building.

The woman with the baby in her arms near the window. Apparently she had met death in a futile attempt to escape after awakening the children.

MISS THOMSON IS GOLF CHAMPION

Miss Helen Thomson is again champion lady golfer of the maritime provinces. In the final play today on the links in the meet of the Maritime Ladies' Golf Championships she and Miss Robertson played off, and the latter lost to her 3 up and 2 to play. The play was watched by a large number of interested spectators.

Miss Thomson holds the inter-provincial cup for the next year by winning today's match and it will be presented to her this afternoon by Mrs. E. A. Smith. A meeting of the association is to be held this afternoon. The next place of meeting will be decided upon.

POLICE COURT

Two prisoners, charged with wandering about in Pitt street last night and not being able to give a satisfactory account of themselves, were arraigned in the police court this morning and were fined \$5.00 each, two months in jail.

A case against a man named Bernard, owner of a restaurant in Mill street, was heard tomorrow morning.

William Black, charged with using profane and obscene language on the Marsh Road, pleaded guilty and was fined \$5.00 or thirty days in jail.

FIVE PLUNGE TO DEATH DOWN COAL MINNE SHAFT

Gelsenkirchen, Prussia, Aug. 30.—Five coal miners were killed and another dangerously injured by falling down one of the shafts here this morning. The accident was caused by the collapse of a wooden platform.

MANITOBA PROFESSOR DIES OF TYPHOID IN ENGLAND

London, Aug. 30.—George Halstead, professor of engineering in Manitoba University, died at his Lancashire home yesterday. He became ill while crossing to England and died of typhoid.

THE WEATHER

Toronto, Aug. 30.—Pressure is higher on the lower lake region and low in eastern Canada and the eastern provinces. The weather has been fine from the Great Lakes to Atlantic coast and showery in the west.

Probabilities. Maritime—Fresh and northwesterly to southerly winds; fine and cool today and Saturday.

REVIVAL OF BOAT RACING IS STARTED

Haines and Greer Are Matched for Labor Day—Duman to Race Way

(Canadian Press)

Boston, Aug. 30.—A step towards reviving professional sculling in the United States was taken today, when forfeits of \$300 a side, were posted for a match between William Haines, formerly a well-known sculler in England, and now coach of the Union Boat Club of this city, and Frank Greer, of Boston, former amateur champion of the United States.

The winner of the race will claim the professional sculling championship of the United States. The match will be rowed on the Charles River basin in Boston on Labor Day, in connection with the New England amateur rowing regatta.

The City of Boston has offered a \$600 cup for the event, and Courtney Gault, of the Boston Athletic Association, has been chosen referee.

Edwin Durman, of Toronto, professional sculling champion, of America, and James Wray, rowing coach at Harvard, will probably row for the championship of America, and \$1,000 on Toronto Bay on Sept. 14. Durman has agreed to row and has forwarded articles to Boston for Wray to sign.

A certain of flame sweeping over the bed awoke Debaro and the boy. They darted to the doorway to reach the man and children, but a pillar of fire checked them. With their night clothes blazing, they jumped from the window, and the building was gone before the volunteer firemen reached it.

VERDICT FOR \$100

Horse Case in the County Court—Other Matters Under Consideration

The case of Alfred Burley vs. John McCallum, a horse case, was heard in the County Court this morning. The plaintiff sought a verdict for \$100, the balance of purchase money given for a horse alleged to have been misrepresented as to the condition.

The jury returned a verdict for the plaintiff, and the full amount in favor of the plaintiff. The case will be reported by J. H. B. Walker, K. C., for the plaintiff and A. A. Wilson, K. C., for the defendant.

Yesterday afternoon a verdict of \$48 for Anne P. English vs. Wm. Burton in the American Dye Works case. Dr. W. B. Walker, K. C., for John A. Barry and J. D. P. Lewin appeared for the plaintiff and D. Mullin, K. C., for the defendant.

King's Bench Division. The case of Smith vs. Stillwell came up again this morning before Mr. Justice Lush. The case is as to whether or not a contract can be set for a party to a suit in the city court, also whether a judgment by default is really a trial before the city court.

When the case came up in the city court the plaintiff was absent, but a constable appeared in his behalf. The defendant was entered by default. Decision will likely be given on Friday. H. W. Robertson appeared for the plaintiff and A. A. Wilson, K. C., for the defendant.

Before Mr. Justice McKeown in Chambers in the matter of the Francis Kerr Co., Ltd., in liquidation, the claim of Robert Reford Co., Ltd., R. G. Miller and Hammond Evans testified that 180 coal bags were delivered, but not returned. The Kerr Company states that the bags were returned. The court considered the evidence and the claim of the liquidators and Fred R. Taylor for the Robert Reford Company.

BURIED TODAY. The funeral service connected with the burial of David Deane, who died at 2.30, was most impressive. Members of the Masonic fraternity of the city took part. Mr. Deane had been a member of the Masonic body for many years, and was foremost in its work.

Many attended to pay their last tribute of respect to their departed brother. A grave service was conducted under the direction of Grand Director of Ceremonies, J. H. Crockett.

The Masons marched before the hearse, headed by the Artillery Band. The procession of mourners, relatives and friends followed the hearse. The funeral took place from the late residence of deceased, 71 Queen street, where service was conducted by Rev. F. E. Porter. The pall bearers were—Dr. L. A. McAlpine, Chas. Robinson, D. C. Clarke, Alex. Porter, Alfred Dodge and Andrew McNeil.

Mrs. Sarah Murphy was buried this afternoon, the funeral being from her late residence, 30 Exmouth street, to the Cathedral of the Immaculate Conception, where service was conducted by Rev. E. J. Conway. Relatives were pall bearers. Interment was in the New Catholic cemetery.

HOME FROM MEET. W. S. Hare returned yesterday from Montreal, where he was in attendance at the meet of the Dominion Trap Shooting Association, a three days' meet which he said had been marked with much success. Some excellent shooting was done. Besides himself there were two other New Brunswickers present, Fred Magee and E. B. Allan, of the Port of Entry Trap Club, C. Thompson, of Hamilton, Ont., and Remington expert, is expected at the local Trap Club tomorrow, and his visit will add interest to the afternoon's shooting.

PAY-DAY. The following amounts were distributed amongst city laborers today: Ferry \$218.23; water and sewerage, \$1,823.83; public works, \$3,670.27, a total of \$5,712.33.

HON. MR. WILSON NOW PLACES HIS LOSS AT \$55,000

Will Rebuild Foundry But Not on The Brussels Street Site

(Canadian Press)

To a Times' reporter this morning, Hon. John E. Wilson, whose several buildings, including a foundry, were burnt in the Brussels street fire a few nights ago, said that, after going over his losses carefully, he finds they amount to nearly \$55,000. Asked as to whether he intended to rebuild, he said that he would as soon as possible start to reconstruct a foundry, which is to have the very latest improvements and would be built entirely of brick and concrete.

He said that it was not likely he would build on the same site in Brussels street, which was the very best site available. He gave several reasons for this. One was that the rate of insurance was very high in that locality, and another that a foundry in the district would tend only to increase the rate still more, which would be more than most of the rest of the district could stand. He said that he would not be willing to take any unnecessary expense to the people who there was another suitable site available. In all probability, he said, he would build nearer to the railroad, where it would be more convenient for him to ship his goods.

In the recent fire Mr. Wilson lost several pieces of equipment which had never been used. The foundry was about to start in manufacturing larger and heavier stock, and the latest machines had been procured. All of these were lost.

BRITISHER WON \$25,000

Result of Recent Army Aviation Meet in England

London, Aug. 30.—The British war office today announced the results of the recent British army aviation meeting at Salisbury Plain military camp. It shows that Captain S. F. Cody had won the principal award, the first prize of £4,000, in the competition for a bi-plane flying in three planes of any system made in any country. Cody used a bi-plane of his own construction, the 'Cody' bi-plane.

Frenchman carried off the second prize of £2,000 in the same competition, in a monoplane of his own design. Captain Cody was again the winner in the contest open to British subjects only, who were compelled to use only machines built, with the exception of motors, in the United Kingdom. Japan won the third place of her own invention Cody won \$25,000.

MATTER OF SITE FOR CANADA BRUSH FACTORY

At the meeting of the commissioners today J. H. Doody and Frank Foster of the Canada Brush Factory were again in connection with the question of the establishment of their factory. No decision was arrived at but adjournment was until three o'clock.

It is said that some of the legal complications will arise in the matter of the city's lot in Duke street, where the factory is to be built. The lot is a dumping ground, and this will have to be looked into.

The Canada Brush Co. is desirous of securing three lots on the north side of Duke street for building a large factory. The company plans to employ about 100 men, which is about sixty more than were working in the other plant. The factory will be opened and territory in the western provinces and elsewhere will be promised that the plant would have to be enlarged.

TWO NEW V.M.C.A. MEN FOR ST. JOHN

At a meeting of the board of directors of the Y. M. C. A. today the appointment of two new members was made. The choice being C. D. Howard, of Fortmouth, N. H., who has had fifteen years' experience in the Y. M. C. A. work, and the physical department. He has been highly recommended. Mr. Bandlow will have the honor of introducing him.

Mr. D. D. Milligan, who has been appointed boys' secretary, will arrive tomorrow from Brooklyn.

PRESENTATIONS. A very pleasant time was spent at the home of J. H. Hamilton, Pandemic, a few evenings ago, when the hosts presented to Mrs. Fred. C. Jones, for whom the party was given, several valuable travelling articles. Last evening, again, Mrs. Jones received another handsome gift when friends called on her and surprised her at her country home. She received a case of silver cups. Mr. and Mrs. Jones and family will leave next month for California, where they will make their home.

SALVATION ARMY. At the Salvation Army Citadel last evening a special service was conducted in memory of General William Booth. The ceremony was of the same order as that conducted in Olympia Hall, London.

DEATH OF CHILD. The many friends of Mr. and Mrs. Neil Peterson will sympathize with them in the death of their young son Ronald William, aged three months, who died at his parents' home in Charlotte street this morning.

HERE TODAY. Chief of Police Clark received a wire last night from Sheriff George of Yarmouth saying that a man would be sent over from Yarmouth today to take into custody Rogers who was arrested here on Wednesday night.

FROM FREDERICTON. Chief of Police Hayward of Fredericton arrived on the Boston train this morning with a patient for the provincial hospital, Lancaster.

WOULD NOT PAY HARVESTERS \$3 A DAY AND BOARD

Gathering of Alberta's Crop Delayed By Bad Weather, and There Are Reports of Damage by Frost and Hail

(Canadian Press)

Edmonton, Alberta, Aug. 30.—A contingent of men arrived in Calgary two days ago, and demanded \$3 per day with board, which the farmers refused to pay. The crops of Alberta have been under a constant cloud of rainy weather for nearly a week, and that harvesting has been rather seriously delayed in many sections. A bulletin prepared by the Alberta government says that harvesting will not be general in Alberta until September 1. Hail, Deer, and High River, report that operations will not be general until September 5, 6, and 7.

From every point some word of cold rainy weather has delayed the farmers very materially. Reports of damage from frost came from Sedgewick and hail is reported to have ruined a considerable area of crop south of Calgary. Slight frosts and hail storms are reported from Camrose, Stettler and Medicine Hat, but no extensive damage has been done to the crop as a whole.

South of Calgary, especially in the Edmonton district, only about ten per cent of the grain has been harvested. The wheat, oats and barley are quite green yet. The demand for harvest labor continues unabated. It is estimated that 15,000 men will be needed from all sources to harvest Alberta's crop.

BLOWN TO PIECES IN FACTORY WHERE HE MADE EXPLOSIVES

Italian Inventor of the Destructive Imperialite Meets Fearful Death

New York, Aug. 30.—News of the death of Roberto Imperiali, inventor of the explosive called imperialite, reached New York today from Italy. He was blown to pieces while experimenting at his factory near Brescia.

Imperiali visited this country only four months ago, to demonstrate his new explosive and the tests, it was said at the time were entirely successful. One of the chief advantages claimed for the invention was that, while it was vastly more powerful than the tests, it was said at the time were entirely successful. One of the chief advantages claimed for the invention was that, while it was vastly more powerful than the tests, it was said at the time were entirely successful.

NOT LIKELY ANY MARRIAGE LEGISLATION IN NEXT PARLIAMENT

Ottawa, Ont., Aug. 30.—(Special)—It is not considered likely in Ottawa that any legislation on the marriage law will be introduced next session. It is understood that the Hon. J. L. Flanagan is not prepared to amend the B. N. A. Act, and will stand by the decision of the privy council.

SENIOR PRIOR WRITES ON THE APPOINTMENT OF NEW BISHOP OF ST. JOHN

Montreal, Aug. 30.—The Acadicians are rejoicing all over New Brunswick. News has been received from Rome, in giving them Mr. LeBlanc for bishop, has chosen an excellent priest, French-Canadian in sympathy. They rejoice because of the help that this will give to their religion and to their national sentiment. They expect renewed attacks from the Irish people, but they do not fear them.

So writes Senator Poirer of Shediac, N. B., in a letter to Le Canada. "I am at the end of the world among the Ojibwaes," he writes, "perhaps you would like to see a copy of the paper which is at St. John, N. B., that the real savages are found."

Roosevelt Makes Eight Speeches and Covers 150 Miles

Whitewash Auto Campaign in Vermont — Demands Repeal of Reciprocity Act

Burlington, Vt., Aug. 30.—For 150 miles former President Roosevelt raced over the road in an automobile yesterday, proclaiming the doctrine of the progressive party. He made eight speeches and his day's work lasted from nine o'clock in the morning until nearly midnight. When he arrived in Burlington, where he spent the night, he was covered with a thick layer of dust, but said he was in the firm and had a "bully time." In Vermont he was met by a Roosevelt fan club, and the club's night speech demanded immediate repeal of the Canadian reciprocity law enacted by Congress, saying that while it was on the statute books the Canadian parliament might adopt the measure and put it into effect. He attacked the democratic party for its stand on the tariff, saying that if its plans were put into effect it would cause after rain to get agricultural and industrial communities and have at most no effect on helping the consumer.

ENDED IN A FIGHT

Rivalry of Two German Society Leaders for Affections of Military Man

Berlin, Aug. 30.—The rivalry in love between two society women the Baroness Cecilia von Schedel and Frau Sibylla von Nordhausen, has just had its sequel as the Court of First Instance at Schoneberg near Berlin. They had previously been intimate friends, but both fell in love with the young cavalry officer, and when that moment they became bitter foes.

The two ladies frequently met at social functions, and many angry scenes ensued. To put an end to an intolerable situation, Frau von Nordhausen sent a telephone message to the baroness requesting a final interview, at which dice were to be cast for the officer's preference. The interview was duly arranged at the baroness' residence, but soon after the two women had met they came to blows.

After a fierce tooth and nail encounter the baroness had recourse to a hatpin and a pair of scissors, the consequence being that the baroness had an eye put out from her head.

At the hearing of the case, Baroness von Schedel produced a neatly-folded paper packet, from which she took a hair which she swore was the hair of the young cavalry officer. The judge's eyes with the triumphant cry: "I have had my revenge, and I have damaged her beauty."

The baroness, who has lost the sight of an eye, was awarded \$100 damages.

TOO COLD TO GET TO TOP OF MOUNT MCKINLEY

Seattle, Wa., Aug. 30.—Professor H. Parker of Brooklyn, N. Y., and Belmont Brown, of Tacoma, who came within 300 feet of reaching the summit of Mount McKinley last June, returned from Alaska late last night.

Professor Parker and Mr. Brown left Seattle on Feb. 2, reaching the foot of Mount McKinley on April 25. In a jump an altitude of 20,100 feet was reached with only three days' provisions left. They were unable to withstand the terrible cold and gave up their hope of reaching the summit. Professor Parker said that at a height of 15,000 on June 15, it was nineteen degrees below zero.

THIRTEENTH HOLD-UP ON OIL KING'S ESTATE

Tarrytown, N. Y., Aug. 30.—The thirteenth hold-up on the Rockefeller estate at Pocantico Hills within a month took place on Wednesday night, when a teamster returning from the Rockefeller farm was robbed at the point of a revolver by two Italians. News of the hold-up was withheld for twenty-four hours by the sheriff, while his deputies made a vain search for the assailants.

SUFFRAGETTES TO CAMPAIGN IN DOMINION

The English Organization's Position Stated, Following Interview With Premier Borden

(Canadian Press)

London, Aug. 30.—A vigorous campaign in Canada is promised on the part of the suffragette organization, which intends to take immediate steps to strengthen the existing organizations throughout the dominion. An official statement declares that, "judging from Mr. Borden's speech such an agitation will meet with success. The only obstacle suggested by the premier is that the franchise of the provincial parliaments has hitherto been accepted as that of the dominion parliament. This we regard as no obstacle at all."

"We demand the franchise from all the provincial legislatures, and especially from the dominion parliament and this is within the power of Mr. Borden to give. Australia and New Zealand enjoy the benefits of votes for women. Why should Canada lag behind?"

SIR WILFRID TO BEGIN HIS QUEBEC TOUR ON SEPT. 7

Montreal, Aug. 30.—Sir Wilfrid Laurier will commence his Quebec speaking tour on September 7 at Montville. He will be accompanied by all the Liberal members for the Island of Montreal.

In the second week of September another meeting will be held at St. Clot, Soulanges county.

POLICE PROBE

Charge Against Inspector in New York

(Canadian Press)

New York, Aug. 30.—With the calling of the trial of Police Inspector Cornelius Hayes today on a charge of making a false statement to Police Commissioner Waldo, it was expected by District Attorney Whitman, that interesting information will be disclosed that would throw important sidelights on police blackmail extending out of the Roosevelt murder case.

The false statement of Inspector Hayes was that he received orders from Commissioner Waldo not to interfere with discreetly known in his district. Commissioner Waldo reduced Hayes to the rank of captain and suspended him when Hayes posted the alleged false statement in the presence of other inspectors.

The public may be denied the privilege of listening to the revelations disclosed by the John Doe investigation into police corruption. Supreme Court Justice Goff is inclined to believe that the John Doe investigation should be held behind closed doors as he thinks that in this way evidence can be best elicited for use before the grand jury.

The wife of Police Lieutenant Becker, who is to go on trial for the murder of Herman Rosenthal, a gambler, on Sept. 10, is being constantly shadowed by detectives. Mrs. Becker's visits to banks wherein her husband keeps much of his money have been recorded and a sharp watch is being kept on Becker's bank accounts. Mrs. Becker cannot be compelled to testify against her husband in the murder trial, but she can be called before the John Doe inquiry to tell what she knows of police graft conditions.

CHORUS OF ADULATION BY TORIES AS BORDEN LEAVES FOR HOME

London, Aug. 30.—Hon. Robert B. Borden, Premier of Canada, and Lord Louis Paulet, the Canadian postmaster-general, left London by train this morning for Liverpool to embark on the Allan liner Victoria for Montreal. The dominion premier and postmaster-general were cheered on their way by a large group of Canadians who had gathered with the Canadian High Commissioner, Lord Strathcona, to wish them farewell.

The conservative newspapers today express high hopes of the result of Mr. Borden's mission in English-Canadian cooperation for imperial defence. The Fall Mall Gazette says:—"He is the embodiment of a great wave of imperial feeling and faith here. Where he and Canada, New Zealand and South Africa will follow. For the practical result of Mr. Borden's mission we must wait a while, but in the confidence that a great step will be taken toward the establishment of that empire of peace, which is the destiny of the British race to establish."

The Westminster Gazette, the government organ, expresses a similar view. The speech of Sir Wilfrid Laurier is censured by some of the conservative newspapers today. The Morning Post, which says:—"Sir Wilfrid's speech can only be described as hostile to the British naval policy."

CANADIAN M. P. HEARS WAR BUGLE BEFORE IT SOUNDS

London, Aug. 30.—Germany had England are now in a state of war," according to J. A. M. Aikens, Canadian member of parliament from Brandon, Manitoba, who has just returned here after a continental trip.

In an interview today he said:—"From my investigations on the continent and here I am convinced Germany and England are now in a state of war. The overt blow has not yet been struck but when it is, all may be over in three months or three days. When Canada understands this situation, I believe that the dominion's hearty help will be forthcoming."

LIKELY HAVE DECLINED

Chicago, Aug. 30.—Rejection of the new three year wage contract granting a cent an hour increase in pay was generally regarded as the worst blow in the city about which 10,000 Chicago street car men finished this morning. The count of the vote was not expected to be announced until tomorrow.

In case the contract is rejected the issue in dispute will be arbitrated.

Everybody's Doing It! Doing What? Buying School Shoes at Wiezel's Cash Shoe Store

These are the days when the school shoe question for the fall term looms up in every family where there are children attending school.

The children must have strong shoes—shoes that will stand the racket of the playground, and at the same time, look well and be shaped to fit the feet correctly.

SUFFRAGE IN IRELAND. (Women's Journal) Ireland suffragists are quoted as sure of victory, since only a technicality appears to stand in the way of women's enfranchisement.

THE GRANGE FOR SUFFRAGE. The executive committee of the Michigan Grange, in session last week, strongly endorsed the proposed woman suffrage amendment to the state constitution.

One fourth of the children of London, says a woman doctor, wear amulets under their clothing.

LA MARQUISE de FONTENOY

The Last Volume of The Iron Chancellor's Memoirs—The Papal Zouaves (Copyright, 1912, by the Brentwood Company)

Everyone interested in German history will be pleased to learn that the third and most interesting volume of the memoirs of the Iron Chancellor is after all eventually to be published.

The story of Kaiser William's differences with his mother-in-law, the empress, his father (Frederick's) diaries, and everything relating to his (Bismarck's) own dismissal from office also to be included in it.

The old chancellor, fearing that the emperor might proceed to the length of ordering a seizure not only of his manuscript but of all his papers, correspondence and documents at Friedrichsruhe, managed, though not without difficulty, to smuggle the MS. of the third volume, and his most precious papers out of the country and over to London, where they are lodged in the Bank of England.

When Bismarck died, Emperor William administered to Prince Herbert and Count William Bismarck, the same warning about the third volume as he had given to his father, and as Prince Herbert until his dying-day expected to be recalled to cabinet office, and even had hopes of the chancellorship, no attempt was made to publish it.

Herbert's eldest son, Prince Otto, the present head of the Bismarck family, a boy of fifteen years, his mother (born Countess Hoyos) and his uncles and guardians, Counts Keno von Rastan, and Ludwig von Plessen, have given a solemn pledge to the emperor that the third volume will remain in the vaults of the Bank of England, and will not be published as long as the emperor lives.

It is eventually destined to appear in print, and above all that there is no trace of the Kaiser's assertion that the volume and its corroborative documents had been turned over to the Kaiser by his father, and that the emperor, in the name of the emperor, had been given to him by his father, Bismarck, will be allowed his daylight, not necessarily in Germany, but more likely in Switzerland, where so many books either copyrighted or forbidden in Teutonic countries are readily issued.

That it is eventually destined to appear in print, and above all that there is no trace of the Kaiser's assertion that the volume and its corroborative documents had been turned over to the Kaiser by his father, and that the emperor, in the name of the emperor, had been given to him by his father, Bismarck, will be allowed his daylight, not necessarily in Germany, but more likely in Switzerland, where so many books either copyrighted or forbidden in Teutonic countries are readily issued.

If there are any French or American survivors belonging to the Comte de Zouaves of Loigny in 1870, under the late General Baron de Charette they will be interested to learn that since the general's death, the Banner of the Sacred Heart, under which they were recruited from the disbanded regiments of Pontifical Zouaves—is now in the keeping of the senior surviving member of the Comte de Zouaves, who is likewise a veteran of the defense of the Holy See. As such, the Comte de Couesin took part in the battle of Mentana in 1867, where the Papal Zouaves, composed principally of French gentlemen, so distinguished themselves under Charette's command, that they signally defeated the Garibaldians. He wears among other decorations the Mentana Cross, bestowed by Pius IX, in recognition of this victory.

Oswald Vassour, Clement Vanantart, Ovis Bevesse and Captain Barthelemy, are among the few possessors of this cross, while Lord Camoy's uncle, the late Archbishop Smeaton, and the late Bishop Gordon, S. J., had also earned it as combatants before they took Holy Orders. The Comte de Couesin is ranking officer in his home in the Rue Mazarine in Paris, his Chateau de Neuvers-Lore in the Nièvre, and his villa at San Remo. Chief of one of the oldest houses of Brittany, he, since the death of General de Charette, has presided as ranking officer at the annual meeting of Pontifical Zouaves and "Volunteers of the West," which takes place no longer at the Chateau de la Bassa-Motte, but at the Gruesme Chateau de Neuvers-Lore, where the regimental banner is preserved.

Count Camillo Pecci, nephew of His Holiness the Pope, is, as those who have taken the trouble to follow his somewhat stormy career must realize, not altogether reliable, and the interview printed in last Sunday's cable dispatches from Rome, in which he asserts that Leo XIII. visited the native town of Carpineto no less than three times after his elevation to the Holy See, must be received with a considerable amount of caution. Pope Leo XIII. had very strongly marked features, which were very familiar in Rome, at Carpineto, and all along the railroad line between the two places so that he could have undertaken the journey three times by rail, undiscovered, (it was before the days of the motor car) is preposterous.

What is true, however, is that the late Pope left the Vatican on the night following his election, and drove to the Falconieri Palace, in the Via Giulia, near the Tiber, where he had resided until that time. He had so little expected to be elected at the conclave of 1878, that he had left all his most valuable papers and documents locked up in a safe in the desk of his apartments there. So he went himself to bring them, and after spending an hour at the Vatican, never to leave it again, not even to visit his dying father.

Popularity Papers—Being the Fifth of a Few Little Talks on the Ingredients of Popularity

IT IS not only what you put into a cake or pudding which makes it good, but what you leave out. It is not only because you put plenty of eggs into the pudding and cook it just long enough that it is delectable, but because you do not put in too much salt or any other flavoring.

And it is even so with the "huge porridge of popularity." Among my friends is a young woman who is extremely pretty and very clever, a generous girl, lavish with the money she earns, a cultured, well-developed woman, interested in every people and in the big world. By all appearances this girl ought to be extremely popular. And yet she is not.

Why is it? Well, it is not because there is anything lacking in the "porridge of popularity," but because there is too much of a certain kind of culture, of habit and character, and she condemns those who do not have it. Naturally, many of her common folk are self-conscious and uncomfortable in her august presence. I consequently do not seek her company.

This girl is a type of the people who drive their friends away by asking too much of them. There is such a thing as being too little of our friends; of failing to encourage them to be their best selves. Stevenson's ideal "to keep my friends without capitulation" points a lesson in which each shall unforgetfully be his own best friend. I consequently do not seek her company.

It is said that Atticus, the Greek philosopher, was once asked how he kept his friends so well, and that he answered: "Because I never expect anything of them." That is a rather cynical statement, but it is certainly true that persons who expect too much of those about them will receive nothing.

great role during the reign of his nephew, the first Napoleon, is still the subject of a lawsuit, which has been going on for more than half a century.

When its last owner in the direct line, Don Orazio Falconieri, died in 1849, it passed into the possession of Cardinal Falconieri, Archbishop of Ravenna, and when he in turn died not long afterwards, he bequeathed the palace and its contents to remain to the church. Very remote relatives living in Sicily put forward pretensions to the property, which included a palace and estates outside of Rome, was sold by the church to Count Luigi Carpegna.

The original Sicilian claimant is long since dead, but the proceedings against the Carpegnas have been continuing ever since his sons and grandsons, though their connection with the direct Falconieri line is in some ways obscure, have for more than a hundred years, prior to the date of the building of the Falconieri Palace, in order to find it, and there is small chance of their winning the case.

MARQUISE DE FONTENOY. AN AUTUMN DRESS

Navy blue is the color chosen for this walking costume, cut with a plain skirt, and who become acutely separated. This complication, so it is said, has enabled the author to build up a three-act comedy which is simply convulsively funny, and succeeds in keeping the audience in constant raptures of laughter from the start to the very end.

Dr. O. Gordon Hewitt, Dominion Entomologist, says, referring to the infantile death rate from intestinal diseases and diarrhoea spread by the house fly, he believes that these-called harness flies yearly causing the death of thousands of infants, as well as spreading the germs of typhoid fever.

WILSON'S FLY PADS are the best thing to rid your house of these dangerous pests.

EVa BOOTH BREAKS DOWN AT FUNERAL OF NOTED FATHER

Summary of General's Will Made Public—Private Property Little

London, Aug. 29.—Miss Eva Booth, commander of the army in the United States, who arrived in London just as her father, General Booth, died, broke down with grief and fatigue. Mrs. Booth Helberg begged the audience to excuse her sister from speaking, but the army was anxious to hear the American leader, and she came forward.

General Booth's will, which was made public today, left the bulk of his fortune to the Salvation Army, to be held by him "upon trusts as follows:—

By a codicil, his small private property, having a net value of £287 18s, approximately £240, he gives to the Salvation Army, with the exception of certain private papers and memoranda which are bequeathed to his son, Bramwell, and a few articles chosen by himself which are given as mementoes to each of his children and his children-in-law.

Another codicil deals with property estimated to be worth £228,475, representing money settled on him many years ago by the late Henry Reed for private use. It is bequeathed to his son, Bramwell, and draw no stipend nor remuneration of any kind from the funds of the army. This property is divided among his children—Bramwell, Catherine, Marian, Herbert, Eva and Lucy. His successor, Bramwell Booth, is appointed executor of the will.

Early this season Over Night was produced in Chicago at the Princess Theatre where the play demonstrated its ability not only as a ninth producer but as a dramatic success as well, since it remained there for more than three months. The experience with the New York critics was duplicated for the drama, which is an extremely funny play, and it attracted overflowing houses throughout the entire engagement. It was an unqualified success on its very first performance. The story deals with the mishaps that befall two young married couples, who are on their honeymoon trip up the Hudson river on the day-line steamer bound for Albany, and who become acutely separated.

This complication, so it is said, has enabled the author to build up a three-act comedy which is simply convulsively funny, and succeeds in keeping the audience in constant raptures of laughter from the start to the very end.

Over Night, with its complete New York scenic production, and a splendid cast of players, will be the big theatrical attraction during exhibition week. The engagement opens at the Opera House with a matinee on Labor Day.

REV. A. W. MAHER RESIGNS. St. Andrews Beacon:—The congregation of Greenock Presbyterian church received a painful shock Sunday morning last, when their beloved pastor, Rev. A. W. Maher, announced that owing to continued ill-health he had been compelled to tender his resignation to the presbytery. Mr. Maher has been something more than a sympathetic pastor to his people. He has been a kind and loving friend, bearing the griefs and carrying the sorrows of his congregation until the load has become heavier than he could bear. His departure and that of his estimable wife will be a severe blow to the congregation. They will also be missed in the community, where for eighteen years they have occupied a prominent position in the religious, social and literary life of the town. Mr. Maher will go to his brother at Sydney for a few weeks rest, after that his plans are uncertain.

Daily Hints For the Cook

GRAHAM GEMS.

One and a half cups sour milk, one teaspoon soda, half teaspoon salt, half cup sugar, Graham flour enough to make ordinary batter thickness.

BAKED PEACHES. Peel ripe peaches, put them in a pan, sprinkle generously with sugar, add a few drops of lemon juice, nearly cover with water and bake in a slow oven about two hours.

RICE PANCAKES. Two cups of boiled rice, two eggs, one cup of milk, half cup flour, one teaspoon of baking powder. Cook as any griddle cake. Potato pancakes may be made the same, using mashed potato, seasoned with salt, pepper and butter.

A HUMANE FARMER. (The Humane Farmer.) J. E. Howe, a farmer near Flint, Michigan, accomplished his competence and retired. He sold to another farm a team of horses which he had raised from colts. The price was \$100. There was a written agreement, properly attested, that the buyer should keep the animals as fat and in as good condition as they were when delivered. A clause gave Mr. Howe the privilege of buying them back for the same money, should he find that the agreement was not being carried out.

About a year afterwards Mr. Howe found that the horses were very thin, and had sores on their shoulders, a condition they had never been in while he owned them. They were literally being worked to death. He demanded their return, but was refused. Mr. Howe then showed the contract to Sheriff Pankhurst, who advised the farmer to return the horses. This he concluded, was good policy. The \$100 was paid by Mr. Howe, who gladly received the animals and had them mercifully destroyed.

## The Evening Times and Star

ST. JOHN, N. B., AUGUST 30, 1912.

The St. John Evening Times is printed at 27 and 29 Canterbury Street every evening (Sunday excepted) by the St. John Times Printing and Publishing Co., Ltd., a company incorporated under the Joint Stock Companies Act.

**MR. HAZEN REPEATS IT**  
Hon. Mr. Hazen has had the hardihood to repeat in St. John the insult which England has offered to the Liberals of Canada. He says in an interview published in today's Standard that the elections in Canada on Sept. 21 were "an emphatic announcement by the people of the Dominion to the effect that they did not propose that Canada, in the words of President Taft, should become the 'adjunct' of any foreign country, much though they admired the enterprise and good qualities of the people of the United States, but that they did propose to work out their own destiny on the northern half of the American continent under the British flag, and as an integral part of the British Empire."

That is to say, the Liberal party of Canada wanted Canada to become an adjunct of the United States and did not want Canada to work out her own destiny under the British flag, as an integral part of the British Empire. This is what Mr. Hazen implies in his statement.

Mr. Hazen may be credited with sufficient intelligence to know that what he says is not in accordance with the facts. He owes the Liberal party of Canada an apology, for his members are quite as loyal as Mr. Hazen, and not nearly so weakly on the naval question. Mr. Hazen also knows quite well that influences were used in Ontario to aid in the defeat of Sir Wilfrid Laurier, by men who at the same time were in league with Mr. Bourassa in Quebec. The question of British control was not an issue in the campaign, and the Liberals of Canada will bitterly resent the charge made against them by a minister of the crown.

**MAKE ANOTHER EFFORT**  
County Secretary Kelley is still convinced that the city and county of St. John would conduct a prison farm without further cost than its equipment. He visited the prison farms of Ontario and Massachusetts, and gained a great deal of valuable information on the subject.

The St. John municipal council had an option on a suitable farm near Coldbrook but allowed the option to expire. Later this farm is said to have been sold for more than double the price for which the council could have bought it, and today it would probably bring three times as much. Whatever the council may have done, it certainly passed up a very profitable transaction in real estate.

Mr. Kelley points out that a prison farm could raise produce for government institutions, and that certain industrial work could also be carried on without coming into competition with wage earners. He says there are at least fifty persons who should be placed on such a farm, and this is a very moderate estimate. If to the inmates of the jail we add the miserable wretches who now escape arrest but who are nevertheless a constant burden on their families or the community. The police magistrate must be constantly at his wits' end to know what to do with men who come before the court time after time, and each time more confirmed in bad habits.

If there were a prison farm such men would not only be kept off the street but they would be earning their living. For Mr. Kelley is surely right in his contention that any man whose labor is intelligently directed on a farm will produce enough to pay for his support.

The question involved should not be a difficult one for the authorities to solve. It is simply what to do with a given number of men on a farm. They have solved the problem in other places, and surely the members of the municipal council of St. John are not lacking in practical knowledge and ability. We are constantly asserting that farming pays, and if that is true a prison farm should surely pay its way.

But, as the Times has before pointed out, the taxpayers are paying out those hundreds of dollars every year to keep these scoundrels in jail, and those who ought to be in the jail are also a burden on the community. There is a heavy bill to pay in any case, and it would be better to meet the deficit on the farm and keep these worthless characters off the streets and also out of the jail.

This problem must be faced. Action has merely been postponed. The city is growing, and so is the demand upon the police department. The municipal council ought to take up the whole question again, secure whatever legislation is necessary, and provide a prison farm.

**FOR TAX REFORM**  
The Times has already referred to the annual convention of the Tax Reform League of Canada, which will be held in Toronto on Sept. 3rd. Among the speakers will be Francis Neilson, M. P., of London, England; W. W. Buchanan of Winnipeg, and James R. Brown of New York. In a note to the Times, Mr. Sydneyham says:

"The league has been exceedingly fortunate in securing for the occasion such eminent speakers as Messrs. Neilson, Buchanan and Brown. Mr. Neilson is one of the earnest group of land value taxation advocates in the Imperial House, while Mr. Buchanan is a leader of national reputation in this and other reform movements in our own country. Mr. Brown is one of the foremost single tax orators in the United States, and a native of Hamilton, Ont. Each will have a message which will well repay a journey of many miles to hear. Not least in importance, however, will be the afternoon meeting. Tax reform is one of the most live issues of the day."

before the people of Eastern Canada, especially in Ontario where the question is to come before a special committee of the legislature this fall, and the time is most opportune for inaugurating a campaign more aggressive than any heretofore attempted."

Any St. John men who may be in Toronto on Sept. 3rd should call at the League headquarters, Room 43 Yonge street, and arrange to attend the meetings. This is the third annual convention of the League, which is growing in importance and influence. The present is a very favorable time to visit Toronto, and as St. John is deeply interested in the whole question of tax reform an intelligent listener should come back from the League convention with some very valuable suggestions. The presence of prominent advocates from London, Winnipeg and New York will lift the discussion far above the ordinary, but the present will also give much valuable information concerning the progress of the movement in Canada.

It begins to look like oil and natural gas near Sussex.

Bank clearings at St. John continue to show a large increase over last year's figures. It is a healthy sign.

Vancouver has adopted a by-law authorizing the purchase of property for industrial sites at a cost of \$600,000.

New Zealand is making an effort to get rid of the evils of political patronage. The Tories in Canada had some such notion, till they got the patronage.

Mr. Borden now says that the Canadian ministers are still seeking information about the naval situation and hope to have it sent to them at Ottawa. What next?

If the German peril resolves itself into the investment of \$25,000,000 of German capital in Canadian development projects, it is the sort of peril which we dread.

Death has lately removed three ladies who were very active in connection with charitable organizations in this city—Mrs. J. N. Goding, Mrs. C. H. Dearborn and Mrs. C. H. Hall.

Although England is going to the dogs, according to some Tory prophets, yet there are fewer business failures last year than in any year since 1894, and trade continues to expand. The two statements cannot very well be reconciled, but that will not worry the Tory prophets.

An enthusiastic St. John man writes to the Times from Toronto—"This is some town, but for all her half million people Toronto hasn't the earmarks of a really great city. Give me St. John every time. That's the talk."

There is already a widespread agitation in the United States against the new law closing post offices on Sunday. Boards of Trade and other organizations are taking action. The new law came as a surprise to the public. It becomes operative next Sunday.

### NAVAL BILL; IN SUNDRY ACTS

(Halifax Recorder.)

Sir Wilfrid had a Naval Bill, and Borden having none, Forthwith he soon accepted it And said "we are as one."

Then Borden made a Naval Bill Unlike the other one—"I have no use for Willy's Bill And it must be done."

And Borden sailed across the Pond, "My colleagues" to inspire, And now implores Urth help to pall His chestnuts from the fire.

**FINAL.**  
And here two questions stand out clear From the turmoil and "the thick o' it." What is the Borden policy? And, how long will he stick to it?

**LIGHTER VEIN**  
NOTHING TO DO BUT PACK. "We can start our vacation next week."  
"How do you make that out?"  
"The Greene got back yesterday and now we can get their suit case."

**HE'S GOOD, ALL RIGHT.**  
"Is he good to his wife?"  
"Very. He gets his own breakfast, washes at the supper table, and never brings unexpected company to dinner."

**APPROACHING THE SHELF.**  
Aunt—"Don't be hasty in accepting him my dear. I don't think much of the young men of today."  
Niece, 26—"I know, aunt, but I can't afford to wait for a young man of tomorrow."—Boston Transcript.

**CRUEL SHOCK.**  
Boy—"Please, sir, kin I be off? Me grandmother's dead."  
Boss—"Well, that's too bad. I had two tickets for the ball game for you."

**HOW IT WAS REMARKABLE.**  
An elderly gentleman of rural appearance had hardly seated himself in the cross-town street car, when a young lady who had followed him in approached him.

"Sir, did you lose a five-dollar bill?" she asked.  
For a moment the farmer observed her with a surprised expression, then he answered convincingly: "Yes, ma'am, I did."

"Then here it is," said she, handing the bill to him, "I picked it up behind the car from the car floor."  
"Thank you very much, young lady, for your honesty. This is most remarkable happening!"

"Oh, I don't think so, sir. I believe every one should return the money in such a case as this. What is there so remarkable about it?"  
"Why, I lost my five-dollar bill two years ago!"

**A WIDE-AWAKE CONSTABLE.**  
"Ye say ye ain't been speedin', eh?" said Silas as he stopped the car.  
"Nary a word, sir," said the chauffeur, trying to be amiable.  
"When did you leave Quinceville?" demanded Silas, suspiciously.

"Five o'clock this morning," said the chauffeur, with a wink at his companion.  
"Five this morning, eh?" said the constable, catching the wink. "Taken ye six hours to come four miles, eh?"  
"I'll run ye anywhere, only I'll change the complaint from over-speeding to obstructing the highway."—Harper's Weekly.

**PICKED UP HERE AND THERE.**  
"It's the way the way the way the way the way," said the passengers should rise up and insist on getting a chance to sit down."

"You may send me up the manuscript of Shakespeare, Goethe and Emerson—also something to read."

"I'd like to dance and I should dance, only the music puts me out and the girls gets in my way."

"Yes, but my husband robbed her of every cent she had—and just think, she only married him because she was afraid of burglars!"

"Hello! Is this the butcher? Well, you may send me up a roast of beef, and remember, please, to have it rare. That's the only way my husband can eat it."—Boston Transcript.

**MOVING PICTURES TO ADVERTISE PROVINCE**  
The local government has arranged with a cinematograph company of England to have moving pictures of agricultural and industrial scenes in the province. It is intended that these pictures will be shown at the expense of the provincial government and will be distributed through England and Ireland by the company under the usual conditions.

The contract with the company calls for at least 6,000 feet of film. Pictures of the Courtenay Bay work, the Reversing Falls and different sections of the city will be included.

**SUSSEX BOAT BUILDER.**  
Record—Arthur Maggs will probably launch his new motor boat this week, placing her in the water at Hampton. The craft has been designed for speed and comfort and is expected to make most of the boats on the St. John river show their class. It is the fourth boat of the kind that Mr. Maggs has built in the last few years and all have proved good sea boats.

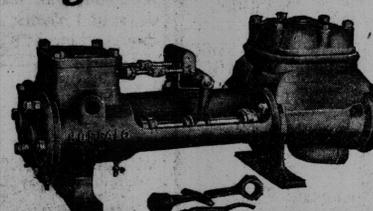

**MORE TESTIMONY.**  
Dr. Grant of Auckland, New Zealand, accompanied by Mrs. Grant is visiting in St. John for the first time in twenty years. He came to see his brother-in-law, Rev. James Ross. He has made New Zealand his home and he is well satisfied with the prosperity of the country and the chances there for success. He sees many changes about St. John and was surprised at the growth and development which have taken place here.

**HON. MR. HAZEN HOME.**  
After a lengthy sojourn in England and on the continent Hon. J. D. Hazen, minister of marine and fisheries, returned to the city last evening. He said he was well satisfied with the fruits of the mission. Mrs. Hazen accompanied her husband on the trip and returned with him yesterday. Hon. Mr. Hazen will be in the city for a few days.

**THE HAY AND GRAIN.**  
Sussex Record—Haying operations were badly set back this week by the rain fall and with a lot of lay down much damage was done. The good weather which started yesterday makes the outlook more hopeful. As soon as haying is finished, the farmers will commence harvesting. Some of the grain is already ready to cut and for the next few weeks things will be humming around the farms.

**FOX RANCH AT SALISBURY.**  
A fox ranch owned by A. E. Triggs, V. E. Gowland and R. A. Brown, which is being arranged near Salisbury, Westmorland county, now nears completion. Five red foxes and a valuable pair of black foxes will be placed on this ranch September 1.

UNITED STATES AGAINST SENDING THE CANAL CASE TO THE HAGUE TRIBUNAL

Washington, Aug. 29—Although the state department will authorize no statement to that effect, it is understood here that the administration will decline to permit the question of the right of the United States to relieve its own shipping from tolls in the Panama canal to go to arbitration. This position of the government, it is said, may not be developed fully for some time. While the British protest delivered yesterday clearly intimated a purpose to demand an arbitral decision, in the event that a more careful study of the Panama canal toll act bore out the impression conveyed by the first reading, that it is in violation of the Hay-Panama treaty, if the usual course in diplomatic exchange is followed there must be many arguments and counterarguments submitted on both sides before the resources of diplomatic

would be exhausted, thus warranting a demand for arbitration. That article makes it a pre-requisite to actual arbitration that both sides "shall conclude a special agreement defining clearly by the matter in dispute" and this must be approved by the senate. So that if that body take the same view next winter of the predominant rights of America in the use of the canal, as it did last session, it may prevent arbitration by declining to accept any "special agreement" satisfactory to Great Britain.

COSTS \$600 A YEAR TO SAVE THE HUGO TREE

A Dainty Little Paris Story of Respect For Memory of Writer

HOUSE BUILT ROUND IT

Owner of Lot in Which Grew Acacia Planted by Noted Romanancier Wanted to Build But Gave Way to Author's Admirers

(Times Special Correspondence) Paris, Aug. 16—Sentiment has just imposed a standing charge of \$600 a year on the pocket-book of a Frenchman who owns a small plot of ground in the Boulevard Raspail. The loss to the property owner, however, provides the greatest of honors to the admirers of a pretentious villa. Gradually, however, with the expansion of Paris in that direction, the villa gave way to closely built houses, thriving shops and six-room apartments. The Boulevard Raspail became a popular and the particular parcel of land upon which stands the Hugo tree remained bare of stone and mortar—a vacant lot surrounded by a solid wall high enough to hide from the gaze of passers-by, not too high enough to screen the top of the twisted acacia. So it was that the faithful followers of Victor Hugo used to journey miles of city streets to gaze upon its thirly leaved branches and find joy in its immunity from the hand of the axe.

Some months ago the owner of the plot of ground in which the tree stood decided to build upon it a modern apartment house. Immediately his plans became known he was besieged by a small army of Hugo lovers who were ready to fight to the death in an attempt to get him to abandon his intentions. Great, long petitions, signed by hundreds of people, were presented, many of whom had never set eyes upon the tree, began to arrive at his home and he found most of his time taken up by delegations which seemed to have no realization of the immense loss the preservation of the old tree would occasion the city. Finally the latter softened and, calling in his architect, stipulated that on no account was a branch or a root to be touched. In vain the architect spoke of the artistic loss, of the sacrifice of one large room on each of the six floors, caused by building around the tree. Without avail he pointed out that it would mean three sides by mountains of petitions and rolling hills of opposing letters, the owner could not go back.

The apartment house was completed. The old acacia stands in a little plot almost directly in front of the door and its bare branches poke their tips into the reception rooms of the dwellers on the second and third floors. But the tenants do not care. From the ground floor to the topmost room the apartment is filled with lovers of the great French romancer who watch jealously the progress of the tree's fate.

SAYS I. C. R. MAY OPERATE G. T. P. IN NEW BRUNSWICK

Sussex Record—The record has it on good authority that the I. C. R. management is seriously considering the operation of the New Brunswick section of the Grand Trunk Pacific. As that road stands it will take years before it can be made a direct part of the Grand Trunk Pacific coast to coast line and the establishment of a ferry at Quebec is the only means by which heavy freights from the west may be handled. The company under whose ownership the road will eventually pass, is not ready to operate the eastern division at present, and as a result the government has been giving serious consideration to a transfer whereby the road will be available for transportation purposes. It is decided upon, it means that this section of New Brunswick will be opened up at a date much in advance of public anticipation.

MORNING LOCALS

The police investigation was continued before Commissioner McLellan last evening in the committee room at city hall. Several witnesses, among whom, it is said, were Sergt. Baxter and Policemen McCollum and Briggs, were before the commissioner, but none of the proceedings were made public.

Frederick Watkins was found yesterday by Policeman Armstrong lying in a field off the Marsh road, exhausted by exposure and lack of food. Dr. D. E. Beryman gave permission for the man to be removed to the hospital.

At a meeting of the creditors of H. G. McBeth yesterday afternoon in the office of C. F. Sanford, an offer of twenty-five cents on the dollar was refused and the creditors appointed an inspector.

Albert Weir, a workman at the Courtenay works had his face severely cut yesterday afternoon. He was removed to the hospital.

A jack-knife belonging to Scott Ackley was stolen yesterday. He had left it outside Quinn & Co's store in Main street, while he was doing business within.

SCIENTISTS FROM ALL OVER THE WORLD WILL ATTEND INTERNATIONAL CONGRESS OF APPLIED CHEMISTRY IN WASHINGTON

Washington, Aug. 30—The eighth international congress of applied chemistry will convene in this city on September 4, and after a few days will move to New York. Representatives of twenty-four countries, the leading men in their lines, will attend and will read papers. Dr. J. A. Holmes, director of the United States bureau of mines, is president of the section on political economy and conservation of natural resources. Dr. Bernhard C. Hesse of New York, is the secretary of the congress. W. D. Bigelow, Ph. D., of the United States department of agriculture is president of the pure food section. John W. Mallett, M. D., Ph. D., of the University of Virginia, is regarded as the "grand old man" of chemistry in this country. He has taught chemistry continuously since 1836, except for a time during the civil war when he was in the Confederate army and was superintendent of the ordnance factory.

MORNING NEWS OVER THE WIRES

Alfred that there might be another landslide, the citizens of the town of Frank, Alberta, are preparing to move to another site, two miles away. The town lies at the base of Turtle Mountain.

Blair McLaughlin, a merchant of Amherst, was exonerated last evening at a coroner's inquest, of blame attached to the death of a small boy who was run over by the former's automobile last week. An engineer was killed and much damage was done by a wreck on the Grand Trunk Railway, three quarters of a mile beyond Lambert Station near Montreal yesterday. Two freight trains collided and Engineer J. L. Seguin of Turcot was killed.

Jack Morrissey, son of Hon. John Morrissey of Miramichi, said yesterday that there was no truth in the report that his father intended removing to the west to reside.

Peking, Aug. 29—The proposed incorporation of Tibet as a province of the Chinese Republic has met with strong opposition from Great Britain. The British government contend that Tibet should be permitted to manage its affairs without Chinese interference.

Chatham, N. B., Aug. 29—The Chatham mill of the J. B. Snowball Co. has been making some records this season in saving. The mill has lately been equipped with the hand saw and twin rotary, a combination which permits a much larger cut per day than the old style hand and gang saws. The past fortnight's cut reached the big figure of 1,578,138 superficial feet, and the day's record for eleven hours sawing was 165,084 feet.

Halifax, Aug. 29 (Special)—The Nova Scotia Car Works have received an order from the C. P. R. for 200 steel box cars. The company has just finished an order for 200 steel cars for that road.

ENGAGEMENTS ANNOUNCED. Mr. and Mrs. Geo. H. Lesman of Moncton, announce the engagement of their daughter, Mabel C., to G. Willard Harvey of the I. C. R. office. The wedding to take place in September.

The engagement of Miss Alberta, second daughter of Mrs. Matthew S. Trider of Moncton to Lloyd E. Wood, physical instructor, formerly of Moncton, but now located at Port Arthur, Ont., is announced. The wedding will take place in September.

Mrs. William Bell, formerly a resident of Moncton, but now of Methuen, Mass., has issued invitations to the marriage of her daughter, Margery Rossland, to John Reginald Yearwood of Profit St. Kitt's, B. W. I., on Wednesday evening, September 25, in All Saints church, Methuen.

HERE'S WHERE WE GET OURS. Chatham World—Certain St. John preachers and their Substantian allies have proscribed the Sunday sellers of soda water and other light refreshments at the public and now they are howling against free Sunday concerts given by the band in King's Square. The citizens of St. John are a poor lot if they submit to such interference from the devotees of moss-grown superstition.

STATEMENT BY BORDEN

Says He Has Not Secured Full Information on Naval Defence

London, Aug. 29.—Premier Borden handed out this official statement today with regard to the questions which had been discussed with the imperial authorities: "During our present visit, which is now drawing to a conclusion, matters of considerable moment have been under consideration. The opportunities afforded to the Canadian ministers of being present at the meetings of the imperial defence committee have been fruitful—irrespective of the fact that the committee has been a most successful one in its deliberations upon matters considered and determined by that committee. "Among the most important objects of our visit was the desire to obtain information respecting the conditions of naval defence affecting the empire. "The stress of the present session of parliament, now adjourned and other unavoidable causes, prevented us from receiving full information in its final form but we expect it to reach us very shortly for our return to Canada with no unnecessary delay. It will then be considered by the Canadian cabinet. "Several unfounded and inaccurate rumors with regard to the incidents and outcome of our present visit have gained currency in the British and Canadian press. It would be impossible to enumerate all of them. Allusion may, however, be made to one of them. Sir Wilfrid Laurier has not declined to meet myself in conference with certain British ministers, for the very good reason that he has not been asked to do so, and for the further reason that no visit of British ministers to Canada has yet been arranged. "The newspapers are wholly congratulatory to Premier Borden on the manner in which he handled the suffrage deputations. The Pall Mall Gazette says: "The waylaying of the dominion premier here and threatening him with the consequences of withholding woman suffrage in his own land is a rather consummate piece of rudeness but probably the suffragettes have discovered that the laws of hospitality are made and accordingly require breaking. "The way he was approached was scarcely fortuitous. Certainly the foolish but bare or highwaymen's methods will advance no good cause. "It is somewhat noteworthy that the Manchester Guardian, which while deploring the delay, has championed the cause of woman suffrage, makes no comment on the delegation. "Scotland Yard detectives have been detailed specially to protect Premier Borden from suffrage molestation during the remainder of his stay. "The Morning Post says the suffragettes met their match and received a well deserved snub. "The Westminster Gazette describes Mr. Borden's reply as spirited and emphatic. "The prisoner," said the counsel in a case, "can prove that at the time the crime was committed her maid was combing her hair." "That," replied the judge, "only proves an alibi for her hair—not for herself."

FABRIC MADE FROM SPRUCE PULP

The word comes from Germany that an inventor of that country has succeeded in making a very acceptable fabric from spruce pulp. While efforts of a similar character have been made from time to time, there has always been something lacking in the results attained. The new product is said to have a fine finish and much better surface than is usual with the natural fibers as yet used for spinning. When leather food rolls are used as yarn, when used as warp or chains is 12 1/2 times as strong as jute; and when used as wool or fillings, 20 times as strong. As against jute, the new product has the very great advantage of being odorless, even when moist. It can be worked with all the usual other fibers. The first attempts at weaving have been with wall tapestry, which are most satisfactory and have the great advantage of being so smooth that dust does not attach itself thereto as readily as to other stuffs used for the same purpose; also, that in brushing them down they do not get rough.

GRANARY OF THE WORLD.

A report was recently made to the Turkish government by the engineers who have for a year been planning an irrigation system for Mesopotamia. The engineers propose the building of a series of dams in the Euphrates and Tigris rivers to control the floods and impound the water for irrigation of what was once the granary of the ancient world.

SPORT NEWS OF A DAY; AT HOME AND ABROAD

Bowling St. John Bowlers Going. Halifax Recorder—Bowling promises to become popular in Halifax this fall and winter. Besides the St. James and Halifax bowling alleys, and the Halifax Curling Club alley, the Mayflower Club and the Y. M. C. A. have put in up-to-date bowling alleys. The St. John clubs are coming over exhibition week to play the Halifax bowling alley team.

The Turf Houlton Races. The last day's racing at Houlton was by far the best of the meet. Two events were contested—the 2:30 trot and pace and the 2:14 trot and pace. It took five heats to decide each race. The first race was won by Arion Todd, while Frank Patch carried off the honors in the 2:14 class.

Athletic Next Week's Meet. The entries for the athletic meet which will be held at the exhibition on Tuesday and Wednesday evenings are filling up rapidly. Among the entries in the long distance events is that of Ernest Stirling. The entries will close on Tuesday next with Leslie Bandlow of the Y. M. C. A. All competitors will be registered with the M. P. A. A.

Golf The Championships. Great interest was taken in the maritime ladies' golf championship play on the local links yesterday. In the semi-finals, Miss Robertson, of St. John, defeated Mrs. Morris, of Nova Scotia, six up and five to play, and this morning will play Miss Mabel Thomson for the maritime championship. In the putting and approach, maffy yesterday morning Miss Le Noir, of Halifax, was defeated by Miss Frances Stenson, of St. John, who the day before won the driving contest. This places St. John players high in the lead for the contest today for the maritime championship to be between two St. John ladies.

Championship Defeat. Mrs. Morris defeated Miss H. S. Smith, five up and four to play. First Consolation. Mrs. H. C. Schofield defeated Miss Mary Robertson, seven up and six to play. Mrs. McLaren defeated Mrs. Lenoir, five up and four to play. The finals will be played this morning between Mrs. Schofield and Miss McLaren.

Consolation Defeat. Mrs. Hyndman defeated Miss Shannon, two up. Second Consolation Final. Mrs. Crowe defeated Miss McEivern. Putting and Approach. Section 1—Miss Dudson won by a score of nine. A tie between Mrs. Lenoir, Mrs. Dawson, Miss McLaren and Mrs. Morris was won by Mrs. Lenoir.

Exit Young Caddie. Milwaukee, Wis., Aug. 29—Having approved a model uniform for the employment of children under certain ages, the American Bar Association discovered that a had gone on record against the use in any part of the country of "caddies" under fourteen years of age.

Hilton's Chances. If he is able to maintain the remarkable form he has been displaying recently in Canada and at Chicago, Harold H. Hilton should have little difficulty in defending his title at the eighteenth annual tournament of the United States Golf Association at the Chicago Country Club, Waukegan, Ill., next week.

Here admitted that Jerome D. Travers, Charles Evans Jr., or Frederick Herreshoff has little chance of winning unless the Englishman's form should slump at the crucial moment.

Hilton did not show up very conspicuously in the British amateur championship this year, but of all games golf is the one in which perfect form is most essential to success. The slightest falling off in any department of the game often means defeat.

Hilton "cracked" in the game with Herreshoff last year but it does not necessarily follow that he was not the thorough master of the American. The best of players have their bad days.

In the event of Hilton being unable to successfully defend his title, it is not likely that the winner will be an easterner. The western players will have a decided advantage in being most familiar with the conditions at Wheaton.

The 1912 championship promises to excite much interest in the great struggle last year between Hilton and Herreshoff. Harry Vardon, when in the States and when playing at the top of his game, was once asked the question, "Who was the hardest man to beat on the other side in match play?" He answered, "Harold Hilton," and added, "I'd rather meet a dozen Taylors and Herds than Hilton any time."

Cycling Prowse and Outon Matched. Amherst, N. S., Aug. 29—(Special)—Geo. Prowse, the well known bicyclist, of Charlottetown, will compete with Tom Outon in a twenty mile race on the Ramblers grounds at 8:30 o'clock September 4.

Fredericton Here Today. The Fredericton Pets will be here this afternoon for a game with the Marathons. The game will start at 3:15 o'clock. Winceler and O'Connor will be ready to do the pitching and the Greeks feel confident that they can again take the measure of the boys from the Capital.

The Fredericton Team. Dave Brown who has been pitching for Fredericton, and Keegan who has been playing shortstop for the same team left last night and are going to Boston. P. Duggan will leave the team tomorrow to go to Providence. Eddie Ramsey of this city will play second base for Fredericton and Tommy Parle of Boston has also signed up.

Marathons Won Again. The Marathons scored another victory at Fredericton yesterday when they defeated the Pets by a score of 7 to 4. Dave Brown was on the mound for the Pets and was hit hard. Jordan did the pitching for the Greeks and pitched a great game. He was especially strong at the bat. Dutton, Winter and Jordan being the principal stars in the respect. Why had four hits. The Greeks did not get a man across the plate until the sixth inning when O'Brien scored the first tally. After that it was nearly all Greek.

The following is the summary: Marathons. A. B. R. H. P. O. A. E. O'Brien, ss . . . . . 5 1 0 2 3 0 Winter, 1b . . . . . 1 1 3 1 0 0 Stone, c . . . . . 3 1 1 5 0 0 Duggan, 2b . . . . . 5 1 1 5 0 0 O'Donnell, rf . . . . . 2 0 0 5 0 0 Dutton, lb . . . . . 5 1 3 9 1 1 McGovern, c . . . . . 3 0 0 4 0 0 Elmer, p . . . . . 2 1 0 0 0 Jordan, p . . . . . 4 0 2 1 2 1 35 12 27 11 3

Notes of the Game. If Dutton keeps on hitting the pill he will soon lead the league batters. Four hits out of four times up is some record, George. Jordan surely does look good to us. It was Brown's last game and he was not to win. But he did not. Two more wins on the home grounds.

RED HOME COMING. Fredericton, Quebec—Mrs. Frederick Gunter and family are en route home from Vancouver, bringing with them the body of Mr. Gunter, who died there recently as the result of a bee sting. During the night of the day on which Mr. Gunter died, the three-room tent in which Mr. Gunter and her five children were living in South Vancouver caught fire and was destroyed, the family losing all their effects.

San Francisco, Aug. 29—The fight scheduled between "One-Round" Hogan and Willie Ritchie, lightweights, for September 5 was called off today on account of an injury to Ritchie's arm, received in training.

Cape Breton Bout. J. M. McInnis, light heavyweight champion of the maritime provinces, and George Skinner of Pictou, will meet in a fifteen round bout at New Waterford, C. B., on Sept. 4. Skinner is colored. The bout will take place at 8:30 o'clock in the evening. Danny Smith, formerly of St. John, will act as referee.

Eddie Murphy Beaten. Eddie Murphy's sensational battle for world's recognition has been halted. Jack Britton, of New York, outboxed and outthrew the South Boston idol at the Royal A. C. on Tuesday and in the eleventh round he had Murphy helpless with the result that his seconds tossed up the sponge.

Mitchell Beaten Melloy. New York, Aug. 28—Honey Melloy of Boston was forced to take second honors to Terry Mitchell in their ten-round bout at the Royal A. C., Brooklyn.

The first was even. In the third round Mitchell scored Melloy for a short count with a terrific right to the jaw, and he repeated the same in the sixth. In the final round the Bostonian took a severe beating, Mitchell having him hanging on in the tenth.

Willie Jones had the better of Al Belmont of Boston in the preceding bout.

WAS ENJOYED. A large crowd commanded King Square walks last evening enjoying the music of the Sons of England Band.

**LOCAL NEWS**

**THE BATTLE LINE**  
S. S. Trebil, Captain Starrett, for New York, sailed from Rotterdam yesterday.

**FIREMAN INJURED.**  
William Rose, a fireman in No. 3 hose company, was slightly injured at the fire in Wilson's foundry in Brasenose street, on Tuesday night. While carrying the hose around the back of the building he fell and injured his knee.

**THE WHITE CASE.**  
William White, who was arrested some time ago on charge of being drunk and resisting the police, and also assaulting Policeman Linton, is still confined to jail. His Honor Magistrate Ritchie has not delivered judgment in the case as yet.

**INVESTED IN ST. JOHN.**  
Mention Thomas H. M. Ferguson, of Rexton evidently has faith in New Brunswick for the investor. While in St. John recently he invested in four lots in the Courtney Bay district. Mr. Ferguson is also interested in land in our own suburbs—St. John's Bay.

**FIRST APPLE SHIPMENT.**  
The initial Nova Scotia apple exportation to England this season will be 5,000 barrels of Annapolis Valley gravenstein, which will be shipped by the American, sailing for Liverpool September 3. The fruit is not quite ripe yet, but is expected to become so during the two weeks' voyage to the old country.

**THE MOAMA.**  
Peter McIntyre, agent of the schooner Moama, which was towed back to port yesterday looking sick and the morning that only part of the deckload would be removed in order to have the necessary repairs completed. He said that the damage was not extensive and repairs would take only a short time.

**DEATH OF MRS. OSBORNE.**  
The death of Mrs. Robert Osborne, widow of Robert Osborne, occurred at her home in Hilyard street last evening. She is survived by three sons, Robert, John, United States, and John and Jeremiah at home. One grandson, Jeremiah, also survives. The funeral will take place tomorrow morning at 8.45 o'clock.

**MILLION BARRELS TO EXPORT.**  
The estimated export of Nova Scotia apple crop of three quarters of a million barrels will probably exceed the full million, of which the United Fruit Companies of Nova Scotia will carefully select from three to five thousand barrels of their best gravenstein for the first shipment to London Sept. 3, following with about six thousand to Glasgow on the 10th.

**INDUSTRIAL PROGRESS.**  
The pulp and paper mill at Lower Derby on the Miramichi, is being enlarged, and a cutting machine has been purchased to enable the company to turn out their paper more quickly.

The new owners of the extract factory at Millerton have the mill in operation, employing sixty hands. They will enlarge the factory at an early date.

**ALDEN-DEMLILLE.**  
The marriage of Miss Maud Demlille, eldest daughter of Mr. and Mrs. Edward Demlille, Lakeside, to Dr. John Alden, Philadelphia, took place at the Park church, Lakeside, on Saturday afternoon last. The officiating clergyman was Rev. Mr. Crowfoot. The bride was beautifully decorated by the girl friends of the bride, in pink and white. The bride was attended by Miss Mary Belle, and George Demlille acted as groomsmen. After the ceremony, Dr. and Mrs. Alden left by C. P. R. for a trip through the United States.

**SUBURBANITES LATE.**  
"Well, I've read Jackson's story of 'A slow train through Arkansas'" said a passenger on the C. P. R. suburban train due at 7.55 this morning, "but it could not have had very much on this." The train was half an hour late, not reaching the depot until 8.35, and this fact, coupled with the remembrance that the train has been behind time almost every day this week, was the cause of complaint. Many of those who come in from the country on this train are expected at their work at eight o'clock, and the excuse that the "train was late" is beginning to be flayed on the edges. It was said today that the trouble was due to the engine taking so long to get up speed after stopping at the stations along the line. After a delay of more than the usual time at one of the stations along the line this morning, a hearty cheer rang through the cars, joined in by the passengers and those outside on the platform when the train again began to steam along.

**WILL THE C. P. R. BUY CAMPOBELLO?**  
That is Report Given Circulation in Eastport

Eastport, Aug. 30.—It is generally reported that agents of the C. P. R. have been looking over Campobello Island, with a view to purchasing the property from the New York people who now have control of it. This has been a very poor season at Campobello, but few of the cottages have been occupied and the patronage at the Inn has not been up to the usual standard.

Should the C. P. R. get control of the island as is now expected, there would no doubt be many changes and improvements made and the large hotel, the Tyrnwood, which has been idle for many years, would be repaired and opened to the public. This fine house occupies a very beautiful site near Friars Head and at one time was patronized extensively by summer visitors but for the last dozen or more years has been allowed to go to ruin and decay.

**LEFT FOR FREDERICTON.**  
Thomas W. Wilby of Quebec who is travelling from Halifax to Vancouver in an automobile to blaze a trail for a national highway across Canada, arrived in the city yesterday afternoon and left again last evening for Fredericton. He was met here by a delegation of automobile men, also by Mayor Frink. While here he received a letter to the mayor of Vancouver from Mayor Frink and also one by T. P. Regan of the N. B. Automobile Association. He was also the recipient of an original pennant of the N. B. A. A.

**MONTREAL WANTS BUTTER.**  
Sussex Record—Butter is still holding away up in price. Wholesale pool creamery butter is finding a ready sale at 28 1/2 cents per pound. St. John dealers report enquiries from Montreal for good butter, something unusual in the way of dairy trade. In past years the maritime provinces have called on Montreal and even Siberia for butter. This year the condition is reversed and the hand still points to record prices for butter this winter.

**WERE MARRIED HERE**

**Attachment by Wife Against Rolla E. Stockton, Lawyer**

Asks \$10,000 in Proceedings Declared Preliminary to Divorce—Wedding Took Place in St. John in 1888

A Boston special to the Times says:—"Mrs. Maud A. Stockton through her attorneys, has filed a \$10,000 attachment against her husband, Rolla E. Stockton, a lawyer, who formerly resided in St. John. The suit grows out of an estrangement between them and a preliminary divorce proceeding."

"On July 27 last, Stockton was arrested on his wife's complaint on charge of non-support. This case is now pending."

"In the attachment Mrs. Stockton states that she was married on April 22, 1888 in St. John. Mr. and Mrs. Stockton, although estranged, both continue to reside at 54 Lee street, Cambridge."

**ARE VERY HOPEFUL IN ST. JOHN AND THE PROVINCES**

Interview With Hon. Wm. Pugsley in Montreal Newspaper

The Montreal Witness has the following:—"The people of St. John, and in fact of the whole of the maritime provinces, are in a very hopeful mood at the present time, and are confident that the growth and prosperity of the dominion is not destined to be confined to the western part of the country, according to Hon. Wm. Pugsley, who is at the Windsor today."

The citizens of St. John are very optimistic of the future of their city, he said, in view of the great public works which were recently started, and are now being vigorously pushed forward in connection with the new dry dock and the ship-repairing plant, the 4,200 foot breakwater and other improvements. There are 300 men at work now, and there will be from 500 to 1,000 in a short time.

These improvements will entail an expenditure of \$12,000,000, while the government and the railways will spend about \$2,000,000 on additional improvements to the west of the harbor.

When the harbor improvements are complete, Mr. Pugsley said, there will be accommodation for forty ocean vessels, and St. John harbor will be better equipped than Portland harbor.

The Panama Canal and the Hudson Bay Railway and establishment of a trade route through the maritime provinces, will both be a very material benefit to the maritime provinces, he added. The industries of those eastern provinces will be brought so much nearer to the growing western market that they will have a much better opportunity to share in its profit thereby.

It was a great disappointment to the mariners that the representation at Ottawa would be reduced by the recent redistribution, following the recent census, as a result of the working of the British North America Act. However, the prospects of those provinces were considered seriously how to stop the depopulation, particularly the young men.

Improved methods of farming and "larger markets" to give the farmer a better return for his efforts were likely to really increase the number of those who are engaged in agriculture, he said. This had been tried before without much success.

**NEXT WEEK'S FINISH IN BASEBALL LEAGUE**

Two Games Every Day Except Saturday is Plan Now—The Connolly Case

Two games will be played here every day next week except Saturday, in the N. B. and Maine League. A slight change has been made in the previous schedule, so that Fredericton will play here two games on Friday, but only one on Saturday.

It is announced, the case of Larry Connolly, who sued the Marathon management for \$125 which he contended was due in salary, has been amicably settled. The amount admitted as being due him from the Marathon Club was \$83.13. The Woodstock team had advanced him \$15 in transportation, but he did not play with them and they asked the Marathon management to collect this amount from him, and this, it is said, was really the cause of the suit. Yesterday, rather than have any further differences, the Marathon management paid him the \$83.13 and \$8 in costs and the case was settled. They also told the Woodstock club to collect their own claim.

There is great interest in this afternoon's game of the Marathon grounds—Marathons vs. Fredericton.

The Fredericton Pats arrived in the city at noon today and will play the Greeks on the Marathon grounds this afternoon at 3.15 o'clock. It is likely that Lynch will do the pitching for the Pats, and either O'Connor or Winkler for the Greeks. The teams will be:—

**Getting Just What is Wanted in Fall Clothing Is an Easy Matter for Any Man Who Goes to Oak Hall For It**  
With our enormous business—the largest of any in Eastern Canada—we must necessarily show the largest variety.  
We consequently have more styles, more patterns, more color effects, than you'll find in the combined stocks of many of the stores in the city.  
When a man comes here, therefore, he has such a wide scope of choice that his every whim and desire in the matter of clothes can be fully satisfied.  
Besides getting exactly what he wants the man who buys his clothing at Oak Hall will get it for fully a fourth to a third less than other stores charge for clothing which in fabrics and workmanship is not as good as ours. This is because as manufacturers the middlemen's profits is eliminated from our prices. Our customers pay us no more than other stores pay at wholesale. Our clothing this season challenges comparison; it cannot be surpassed at any point.  
We extend a cordial invitation to all visitors to the Exhibition to come and examine our new Fall stocks; it will be time profitably spent.
