STRICT MEETS TO DETERMINE COMPETITORS

Announcement re National Skating Programme at Chicago.

The Scotch Curlers Officially Welcomed at Halifax This Morning—Former Wife of Bob Fitzsimmons in Want in Chicago.

(Canadian Press.) Chicago, Jan. 2.—Competition in the National Outdoor Skating Tournament here, January 26, 27 and 28, will be limited to skaters scoring highest in district meets, so officials of the Western and International Skating Association today announced.

Halifax, N. S., Jan. 3.—Interviewed on board the Marloch, Colonel Robertson-Alman, captain of the Scotch curlers, said that the passage had been the most severe he had ever experienced. They had encountered five days of continuous storm, during three of which it had been almost impossible to get around the ship, and the liner had only been able to keep her nose in the wind and make four knots an hour.

Amherst, N. S., Jan. 3.—Two rinks of curlers from Oxford will face the curling club of Amherst, N. S., in a rink of curling on Wednesday evening. The rink, consisting of W. E. Mattinson, A. Dussanoff, C. W. Hill and M. A. Swan, will leave for Amherst at 7:30 p.m.

HE SPEAKS OF BREAK OVER CHURCH UNION
Presbyterian Moderator's Reference to Division in New Year's Message.

Toronto, Jan. 3.—In a New Year's message to the Presbyterians of Canada, the Moderator of the General Assembly, Rev. W. J. Clark, made reference to the division in the church.

It looks, he says, "as though certain of the ministers and members of the Presbyterian Church of Canada are going to break away from their brethren owing to a difference of judgment in regard to organic union with two other Christian bodies. If that happens it will cause great grief to many, but it may have to be. On both sides of the question, men are persuaded they are doing the right thing. It looks like a calamity, but if it cannot be avoided, the one thing to be sought for on both sides is that there should be no imputation of unwholesome motives or sitting in judgment upon one another. If we are just and kind in our thought and in our speech concerning one another, it need not be a calamity. Time will prove with which party wisdom lay, but if we centre our teaching on the mind and ministry of Jesus, even such a division as this will not be without its blessing."

Conference on Verge Of a Disagreement

LITTLE HOPE OF RECONCILING BRITISH AND FRENCH VIEWS ON REPARATIONS

Significant Remark Made by a German High Official—Bonar Law's Offer Puts it up to Premier Poincare.

(Canadian Press.) Paris, Jan. 3.—The British delegation to the allied conference this morning practically decided to accept the French reparations plan as a basis for discussion acceptable to France. If the conference does not accept that plan, Premier Bonar Law would seek to place the burden of responsibility for a breakup of the conference on the shoulders of Premier Poincare.

Members of the British delegation said, after their meeting, that they had no false hopes as to the outcome of the conference. It was remarked that the British and French plans seemed almost hopelessly divergent. If Mr. Poincare should refuse to examine the British plan, Bonar Law, according to the present idea, will announce that the British see no need for further conferences.

France Obstinate. Paris, Jan. 3.—The French cabinet council this morning instructed Premier Poincare to move the adoption of the French reparations plan as the minimum acceptable to France. If the conference does not accept that plan, Premier Poincare was directed to ask the conference to register formally lack of agreement among the allies.

The atmosphere of gloom at the foreign office this morning was as deep, if not deeper, than last night, and an attempt to bridge the gap between the British proposals and those of the French and Italians.

Significant German Remark. Paris, Jan. 3.—Germany's representatives in Paris are awaiting word from the Allied premiers before presenting the new German proposals for a reparations settlement. Dr. Karl Bergmann, the German spokesman, said this forenoon that a definite refusal to hear him would result first in his consulting his government before he could put the proposals in writing.

CRAWFORD HOLDS NEW YORK FORT

New York, Jan. 3.—Ten patrolmen were stationed in City Hall Park and in front of City Hall today in anticipation of the return of a delegation of Irish Republican women who had paraded the streets bearing a banner denouncing Mayor Hylan and the police for their share in the hostilities which resulted in placing Lindsay Crawford, Free State consul, in possession of the Irish consulate. None appeared, however, and Mayor Hylan worked unobscured in his office.

Henry Ford's Dream.

(Vancouver World) This startling prediction: "Within a few years—I would like to be surprised if it would be five or six years—we won't be mining any more. Coal will be burned underground, right where it is found, and the by-products utilized."

"Probably we'll utilize all the gases, too, for heat, light and power. Some of it is generated underground. What heat is wasted by this method would be nearly so incalculable as the waste energy which results from our present method of mining coal, and the waste involved in transporting and distributing it."

This latest dream of Ford's results from a trip he made into a coal mine. He went about three miles underground and found it "a terrible place to be in, no fit place for a human being to work."

More than half a million men on this continent will be underground to get coal, in other words, to get power. Meantime, tremendous power is going to waste in falling water, in the ocean tides, in the wind, in the sun's heat. All these will be harnessed some day. Nature has placed unlimited power at our disposal. Human drudgery will end when we learn to harness these natural forces.

Harnessing them is a long, slow job. But it'll come. Nature gives us what we need. Her price is constant to us, but it is fun about the burglar? It was down stairs having supper and I'm so sorry it's just like a book, isn't it? And Audrey's simply dead with having her picture taken."

FOUR SHORT-WEIGHT COAL DEALERS FINED

Two cases involving alleged violations of the law regarding coal sales, where both defendants were fined \$100, were heard in the Roxbury court yesterday, says the Boston Herald. James A. Robb of 31 Kendall street, Roxbury, was fined \$50 for selling a ninety-four pound bag of coal as 100 pounds. Commenting on his case, Judge Palmer said that coal dealers had been warned sufficiently by Jacob Schusterman of 8 Howard street, Roxbury, who was fined \$5 for having false scales.

Two other short-weight coal dealers received not only judicial censure, but fines in judicial court yesterday. Frank G. Jenardo of 8 Cotting street was fined \$20 for charging Mary Cooney of 118 Everett street for 100 pounds of coal while actually giving but eighty-seven pounds. Louis Andreola was fined \$20 for charging Olympia Frugni of Greenough lane for 100 pounds when she received but ninety-two pounds.

HEROINE, TEN, OUTWITS BURGLAR; ARRESTS CULPRIT SINGLE-HANDED

Finds Waiter Looting Room Girl by Means of a Ruse Turns Intruder Over to Her Father, Then Breaks Down.

(New York Tribune.) The impish gods of adventure, busy at holiday time, sought to play a prank yesterday on a very small girl who lives with her parents and sister at the Essex Hotel, 572 Madison Avenue. But the little girl, though only ten, was a spirit of her own. She wouldn't be cowed into fear, so she met the adventure half way in spite of a thumping heart and quaking knees.

Today Audrey Barrett is probably the only ten-year-old in New York who can boast of having caught a burglar single-handed and having him in her unaided help. She was being yested and congratulated on all sides yesterday, and was as tired of having her picture taken as a prima donna four times her age. Audrey is the daughter of Cecil Barrett, a member of the banking firm of Spencer, Trust and Broad Street, and a very properly brought up little person whose knowledge of burglars hitherto has been limited to what she has read in books.

When she slipped into her bedroom on Saturday night and saw a black-coated figure with his back turned toward her rummaging in her bureau, it didn't take her a second to make up her mind that a real burglar was in her room.

"He was a waiter," Audrey explained when telling her story yesterday afternoon at the Essex Hotel. "He had only been in the hotel for three or four days. I had seen him downstairs, but he had never waited on us in our suite. I knew mother had gone downstairs to dinner with some guests and that daddy was getting ready to go. Quick as a flash I thought of Audrey."

"Weren't you afraid, daddy?" the child was asked.

"I was a little afraid, but I was more afraid that he might get away. So I didn't let him see I knew what he was doing. I walked up to him quite coolly and said, 'Come with me into the reception room. Father wants to order dinner.'"

The waiter, stricken dumb with surprise and totally unable to express himself in any way, followed her to the children's trinkets on the mantelpiece. Audrey got behind him so that he couldn't rush out to the other door. Then she marched him into the reception room. When the strange procession halted she called for her father and he came from his bedroom. The little actress dropped her role as a burglar and her father appeared and called to him: "Daddy, grab the thief!"

She carried off the encounter without showing a trace of the natural fear that almost took the strength from her limbs. When it was all over and the man had been taken away in the custody of a patrolman and the waiter was being taken to the police station, she said: "I just came into my head like a flash how to act," she related yesterday.

"I knew I wouldn't do it the only thing to do. If I had screamed I would have frightened him off or he might have grabbed me. I can't imagine why every one thinks it so wonderful. It seemed quite natural to do."

Hermione, her eight-year-old sister, hung over the end of the couch, fascinated by Audrey's recital. The eyes of both little girls were as round as saucers. Such an adventure to come to them! It didn't seem possible that it could be true.

Sister Sorry She Missed Fun. "You know, Audrey goes to the Froebel League, but she doesn't like school at all," Hermione whispered confidentially into a reporter's ear. "But wasn't it fun about the burglar? It was down stairs having supper and I'm so sorry it's just like a book, isn't it? And Audrey's simply dead with having her picture taken."

DEFY HARDSHIPS TO GET TO GOLD

Midwinter Journey to Fields in Labrador Found Last Fall to be Undertaken.

Ottawa, Jan. 3.—Matthew Morris, of Wilson's Corner, Que., on the hero making final preparations for the hero making Northern Labrador. He has been engaged by a company, in which some ten Ottawa men are actively interested, to be the mining expert in an expedition to the new Eldorado.

The discovery of gold in Labrador last year has been so widely publicized along that inhospitable coast has closed. It was believed until ten days ago that the only way in which the new gold field could be reached during the winter was by airplane.

It is six hundred miles north of St. Johns, Nfld. But, quite recently, Capt. Horwood, a retired officer of the Imperial Navy, who is familiar with conditions on the Labrador coast, has volunteered to take in a small expedition to the Labrador coast, and will have them outfitted in time to sail by Jan. 20.

SLATE-MAKING IS CONDEMNED

Hamilton Priest Speaks of Attempts to Inject Religious Prejudices.

Hamilton, Ont., Jan. 3.—Publication of political slates on the eve of municipal elections is scored by Rev. Dean Cassidy, pastor of St. Patrick's church. Cassidy yesterday condemned a "tempter" who injected religious prejudice into election issues. It was the duty of the Catholics and non-Catholics to cooperate for the common well-being of the city in electing the men they felt best fitted for office.

"After last year," continued Father Cassidy, "I thought we had seen the last of political slates making in Hamilton, but here in this election we have another example. I, as a citizen, have a right to know who is behind the league or association that is putting up slates, and I am sure that they are afraid to come out in the open."

"Political slates are all 'tommy rot,'" he said. "We will state publicly, in the home, or even the individual, as far as voting is concerned, until we have straight slates pointing, which such political slates are not."

FEAR GERMAN FREIGHTER LOST

Heinrich Kayser in Trouble on Dec. 6 When She Was Last Heard From.

New York, Jan. 3.—Fear was expressed yesterday that the Heinrich Kayser, a German freighter of 3,108 gross tons, which was last reported on Dec. 6 with a broken rudder chain bearing with high seas off the Virginia coast, founder during the recent severe storms. In addition to her crew, numbering about 25, the freighter had three passengers, who embarked at Norfolk, Va., on Dec. 3 for Rotterdam.

One of them was Jose Masas, chancellor of the Cuban consulate corps, recently transferred from Charleston, South Carolina, to Berlin.

The Patria of the Fabre Line, reported getting a message from the German steamer on Dec. 6, stating she was in distress and wallowing in heavy seas through the breaking of the rudder chain, but could not go to her assistance, the captain said, because the vessel lacked coal.

SOCIAL PROBLEM

Queen Square Theatre is Showing Powerful Photoplay, "Who are My Parents."

The mysterious "Mr. X," author of the William Fox film, "Who Are My Parents?," presents in his drama one of the biggest problems that confront society today. He pictures vividly and grippingly the foundlings, who spend their lives asking themselves the question, "Who are my parents?" and he pictures the lives of so many wealthy matrons of today, who spend their days lazily and comfortably, and their nights in playing bridge. He does not preach; there is no propaganda; he merely tells his story so effectively, so powerfully and so truthfully that the conclusion drawn is irresistible.

J. Searle Dawley, who directed the production, has brought out every one of the biggest problems that confront society today. He pictures vividly and grippingly the foundlings, who spend their lives asking themselves the question, "Who are my parents?" and he pictures the lives of so many wealthy matrons of today, who spend their days lazily and comfortably, and their nights in playing bridge. He does not preach; there is no propaganda; he merely tells his story so effectively, so powerfully and so truthfully that the conclusion drawn is irresistible.

Among the prominent passengers on board were Col. H. F. Herterberg, M. G., D. S. O., M. C. of Ottawa; J. Lawford of London, England; Rev. Wm. Reddy and Rev. J. B. O'Dea of Montreal.

**STARVED TO DEATH
AND SISTER DYING**

**One Blind, One Deaf and

Tap on Window of New
York Home Brings Aid
Through Boys, and Police-
man Finds Sad Scene
—One Sister Dead on the
Floor.

New York, Jan. 3.—A little boy and a little girl were playing in Katonah avenue, The Bronx, late yesterday afternoon when they heard a sound as if someone knocking on glass, and then they saw the wrinkled hand of an aged woman tapping on the window of the house at No. 4280. It is a five room two story structure, in which for many years Miss Amelia Christensen and her sister, Miss Louide Christensen, had lived alone. And during all these years Miss Amelia, who is 82 years old, had been blind, and her sister, who is 75, had been deaf.

The little boy and the little girl thought it curious that the hand of an aged woman should be tapping against the glass. The hand was all that they could see. Other children joined them after a while, and the little group stood on the sidewalk looking at the window and the wrinkled hand. Then Patrolman Smith of the Westfield police station came along and the children told him what they had been looking at. The policeman tried to peer into the window, but the pane of glass was dirty and he could see nothing. So he went to the door and when he found it locked he broke it down and went in. He entered a cold room, with no sign of there having been a fire for a long time, and on a bed in a corner, near the window, he saw the blind woman, Miss Amelia, still raising her hand and tapping on the glass. She asked him who he was.

"Who a policeman," said Smith, "what is the matter?" "I think my sister is dead," the aged woman said. In another corner, lying on the floor the policeman found the body of the younger of the two women. She was dead, and when she was examined later by Dr. Warshaw of Fordham Hospital he found that she had died of starvation. It was starvation, too, that had made her third sister so weak that she could not call for help and could not cook food for herself.

She was sent to Fordham Hospital, where it was said that she probably will die. Neighbors told the police that no one knows how many years the two women lived alone in the house. They used but one room. The four other rooms were thick with dust and cobwebs. The rug was so thick on the floors that the toes of the policemen were outlined in it.

Inside the house the police found a two dollar bill and \$1.17 in cash and a bottle of milk, still capped and a scrap of bacon and a few potatoes. These had been bought for the aged women early in the morning by Jack Byrne, the eight-year-old son of James P. Byrne of 811 East 25th street, who said that he ran errands for them, but had never been inside the house. They handed him the money through a window, he said. And the police could find no one who had ever been inside the house.

HERO DOG HOTEL GUEST.

Majestic Lifts Ban for "Stubby" Decorated by Pershing.

New York, Jan. 3.—For the first time since Copeland Townsend acquired the Hotel Majestic the hard and fast rule prohibiting dogs in the hotel was waived on Sunday for "Stubby" famous mascot of New England's veteran Twenty-sixth (Yankee) Division, which arrived there en route to Washington. At the capital he will be unofficially attached to American Legion headquarters while his owner, J. Robert Conroy of New Britain, Conn., completes his vocational training course at Georgetown University.

When "Stubby's" blanket, laden with medals and decorations, some of which were placed there by General Pershing, General Clarence E. Edwards and President Harding, was exhibited he was not only admitted to the hotel, but was given the best accommodations available and had a special chef assigned to attend to his gustatory desires.

"Stubby," a Boston bull pup, was taken to France with the headquarters company of the 102d (Connecticut) Infantry in September, 1917. He was wounded in the battle of Selcheprey in April 1918, and participated in the major offensives which followed later at Chateau-Thierry, St. Mihiel and Meuse-

NEW VEGETABLE POPULAR

Florida Farmers Increase Production of Dasheen.

The dasheen, introduced into the South a few years ago from the tropics, is gradually increasing in popularity, and the annual shipments to Northern markets are now about ten carloads. It is estimated that between 2,000 and 3,000 farmers and gardeners, mostly in Florida, grow this new potato-like vegetable and use it on the table. The total acreage is not yet very large, but the yield per acre is copious and already many persons in the North have become acquainted with the food. The dasheen becomes available on the market toward the end of November, along with turkeys, other poultry, and cranberries, and the annual shipments to Northern markets are now about ten carloads. Why Corns?

Blue-jay to your druggist

The simplest way to end a corn is Blue-jay. A touch stops the pain instantly. Then the corn loosens and comes out. Made in a colorless clear liquid (one drop does it) and in thin plasters. The action is the same.

THE WOMAN POWER OF AMERICA

is well illustrated by the thousands of women who are entering every profession, almost every line of business and politics as well. They are bound to make good, and there is no question but what health is their greatest asset. Many women, however, develop weak, nervous conditions and cannot stand the strain of a professional or business life. Such women should remember when beset with headaches, backache, nervousness, irritability or any ailment peculiar to their sex that the greatest of all remedies for such conditions is Lydia E. Pinkham's Vegetable Compound. For nearly fifty years this old-fashioned root and herb medicine has been restoring the women of America to health and strength. It holds the remarkable record of helping 98 out of every 100 women who try it.

THROUGH CHEERS FIREMAN AS HE RESCUES WOMAN

Carries Her Down 3 Stories While Flames Lick Rungs of Slender Ladder.

New York, Jan. 3.—Hundreds of persons watching a fire at 247 West Twenty-second Street cheered the rescue of Mrs. Isabella Ludlow, a tenant, from the window ledge of her third floor apartment by Fireman Frank Costello, of Hook and Ladder Company No. 12.

Mrs. Ludlow was sleeping when other tenants in the five-story dwelling discovered the fire on the second floor, and she was not roused until the flames had destroyed the stairways leading to the ground. She crawled out on her window ledge and seemed on the point of jumping to the street until assured by members of the crowd that fire apparatus was approaching.

Costello mounted a ladder and assisted Mrs. Ludlow to the street. Flames licked their slender support and at times both of them were hidden from sight by smoke.

CHARMS OF WIDOWER, 70, EMBROIL TWO FAIR RIVALS

Accusation of Vamping Widower Both Claimed Leads to Fitted Battle.

Chicago, Jan. 3.—Policeman intruded in a fight at a meeting of the Widowers' League of America. It will wind up in the stock yards police court. The battle started on the street after the meeting, when Mrs. Abel Sullivan and Mrs. Alice Cushman accused each other of "vamping" Alvin Jones, seventy years old, and a mem-

ber of the club by right of the death of his wife.

Mrs. Sullivan warned Mrs. Cushman to leave Mr. Jones alone, because, she declared, she was engaged to him. Mrs. Cushman also claimed to be engaged to A. Jones. Then they clinched.

Mr. Jones, objecting to the two-listed affection, sought to interfere, whereupon both women turned upon him. The fight became general.

John Honnert, a young man, and not a member of the club, happened along and participated in the battle. He carried a revolver and shot in the air. The pistol shot brought quiet, but it also brought the police. Mr. Honnert was taken to the police station, but the members of the club slipped away. They will be summoned as witnesses in the hearing.

FIFTEEN MINUTES OF RADIO EACH DAY

By Edward N. Davis
Formerly Technical Electrical Expert For U. S. Government

Lesson No. 196
RADIO DICTIONARY.

AUDIO-FREQUENCY AMPLIFICATION.

Audio-frequency amplification of music or speech, in the form of electrical energy, is universally used in radio-telephone reception and consists in magnifying electrical waves of an audible frequency. The original transmitted radio wave has a frequency considerably in excess of that to which the delicate mechanism of the human ear will respond. By rectification, waves of radio-frequency are converted into waves of an audible frequency and through the medium of the vacuum tube and associated apparatus the energy, in these audio-frequency waves, is amplified with resultant magnification of the music or speech.

"PURE" WAVE.

In spark transmitters, if the open and closed circuits are independently adjusted to the same wave length or frequency, close coupling of these circuits may produce waves of two frequencies in each circuit. By decreasing the coupling these two wave lengths more nearly correspond, and if the coupling is sufficiently loose, only one wave length or a "pure" wave is emitted. The "United States Radio Regulations" require that if more than one wave length is transmitted, the energy in no one of the lesser waves shall exceed 10 per cent. of that in the greater.

"BOOSTER" BATTERY.

A local battery used with some types of crystals for the purpose of operating the crystal on the proper portion of the characteristic curve in order to obtain the most efficient rectification and consequently the most satisfactory reception of radio signals. The voltage of this battery is from four to six volts and is so adjusted that rectification takes place at the sharpest bend of the current-voltage curve, so that the resultant current is practically uni-directional. Carbonadium is typical of a class of crystals which necessitates the use of "boosters" or external battery for proper operation.

RESONANCE FREQUENCY.

In a circuit containing inductance and capacity, the frequency at which the inductance reactance and the capacitive reactance are equal so that they neutralize each other, is called the "resonance frequency" and the circuit is said to be in "resonance" or "tuned" to this particular frequency. A circuit may also be adjusted to a condition of "resonance" with a pre-determined frequency by proper regulation of the "inductive reactance," the "capacitive reactance" or both.

CENTIMETER OF INDUCTANCE.

A practical unit of inductance commonly used in radio work and having the value of one-thousandth of a microhenry (one-millionth of a henry). The extremely small value of this unit will be realized when it is understood that a "henry" the inductance in a circuit in which an electromotive force of one volt is induced when the current varies at the rate of one ampere per second.

NICKEL-IRON CELL.

A type of storage cell having positive elements consisting of tubes filled with nickel oxide and negative elements or plates having rectangular pockets filled with finely divided iron. The positive and negative elements are fastened in an electrically welded steel receptacle and submerged in a dilute solution of potassium hydrate, containing a small percentage of lithium hydrate. On open circuit the potential is approximately 1.5 volts, and when discharging at a normal rate the potential is about 1.2 volts and the cell is considered discharged when the potential has fallen to 0.9 volts.

DEPEW'S SERMON ON LAUGHTER

Goes to Thousands by Radio
—Venerable Orator's New Year Message.

(New York Tribune.)
Having delivered speeches galore in the good, old-fashioned way, Chamney M. Depew varied his custom last night and sent New Year's greetings and a little sermon on laughter by radio.
The venerable orator, introduced as the only one in recorded history who had continued an active career in public speaking to the age of nearly eighty-nine, showed no signs of taking up the new vehicle for his cheer oratory. His speech was heard by 5,000 radio fans gathered at the Radio Show in Grand Central Palace and by thousands more throughout the country who "listened in" on Station WEAF, through which it was broadcast.
"As a guide I have made the following rules, which have carried me in mental and physical health to within three months of eighty-nine years of age," said Mr. Depew.
"We pass this way but once. We cannot retrace our steps to any preceding milestone. Every time the clock strikes it is both the announcement of the hour upon which we are entering and the knell of the one which is gone. Each night memory balances the books, and we know before we sleep whether the result is on the right or on the wrong side of the account.
"The older we grow the more we realize that life is worth the living. We think too little of the fun there is in it. We are too parsimonious of laughter. We do not appreciate as we ought the man or the woman who can make us forget while we are amused. We cannot help the past, and that man is a fool who lives in it. Today is a better day than yesterday.
"The secrets of happiness and longevity, in my judgment, are to cherish and cultivate cheerful, hopeful and buoyant spirits. If you haven't them create them. Enjoy things as they are. The happiest person I ever saw was a Turkish peasant standing in the field, clothed in bits of old carpet. He was laughing hilariously at our well-clothed party. The combination of color and humor made him a thing of beauty, if not a joy forever.
"Let us never lose our faith in human nature, no matter how often we are deceived. Do not let deceivers destroy confidence in the real, honest goodness, generosity, humanity, and friendship that exist in the world. They are overwhelmingly in the majority."
The other speaker of the evening was Howard Elliott, chairman of the Northern Pacific Railroad Company, who spoke on the railroad as an "engine for civilization."

SPAIN GUARDS CHURCH ART.
Madrid, Jan. 3.—The sale of artistic treasures from the Spanish churches is prohibited in a royal decree drafted by the Minister of Justice. After consultation with the church authorities, Count Romanones has decided to make such sales misdemeanors, punishable with fines applicable to both buyers and sellers.
Agitation for the issuance of such a decree has been in progress for some time, attention having been centered on the question last July, when it was reported that certain twelfth century mural paintings were to be removed from the Church of San Beudello at Sorla for transfer to New York, having been purchased, it was said, on behalf of a prominent American art collector.

SCOTTISH CLAN FOUNDER DEAD
James MacCash Succumbs in St. Louis, where He Formed Society in 1878.
St. Louis, Jan. 3.—The funeral of James MacCash, 88 years old, founder of the Order of Scottish Clans, took place Sunday afternoon. His death, it was said, was caused by a complication of ailments, super-induced by age. He is survived by two sons and three daughters.
The Order of Scottish Clans, the largest organization in the United States having as members men of Scottish birth and descent, was organized in St. Louis, Nov. 30, 1878. Clansman MacCash was born in Springburn, Glasgow, Scotland, Aug. 16, 1834. He came to New York in 1868, going to St. Louis four years later.
Every Member Spoked.
Royal Transit Walter Scott of New York sent the following telegram to the MacCash family on learning of the death of the former head of the organization:
"Even at his advanced age, I know that every member of the Scottish clans will be shocked at the news of the founder of our great order is now but a sweet memory. The consolation that your family and self have is that he left a mighty monument to his name which will last for all time, for the name of James MacCash and of the Order of Scottish Clans will ever be synonymous. While thousands will mourn, they will at the same time give thanks that your father lived because he had benefited the sons and daughters of old Scotia and their posterity as few have had the privilege of doing. The order has lost its father and friend, and personally, I feel I have lost a dear friend. My sympathy to you and yours who were privileged to be with him and make the autumn of his life so pleasant."
Enough seed to set out 50,000,000 trees was gathered by the U. S. forestry service in the summer of 1921.

NEW RECORD FOR SHORTHAND

Neale Behnn Transcribed 850 Words in a Minute With Only Two Errors.

New York, Jan. 3.—Nathan Behrin, stenographer of Part IX in the Supreme Court in this county, broke a world's record, his own, in the New York State shorthand speed contest held in connection with the annual convention of the New York State Shorthand Reporters' Association. The record was announced at the closing session of the convention.
Behrin transcribed 850 words a minute in the sprint contest with but only two errors. Neale Ransome of the District Court in New Jersey made six errors at the same speed. Behrin and John Daley of General Session were tied with 829 words a minute, each having three errors.
Behrin's record was made in a contest in which a judge's address to the jury was read at the rate of 250 words and then 80 words a minute. He made but three errors in five minutes at the 250-word rate and seven at the 80-word rate. His former record, made at a national contest, was five minutes' transcription at the rate of 277 words a minute, with three errors.
Prohibition Inspectors Henderson and Barton on Saturday raided a house in Minto occupied by Gov. Vandermere and located a quantity of beer, said to be overstrength, and also a bottle containing, it is alleged, home brewed liquor. A court case will follow.

ANY COLOR MAKES BULL JUST AS MAD AS RED
"When you wave a red flag before a bull it isn't the color that makes him angry." So declared Professor George M. Stratton of the University of California before the American Psychological Association in Cambridge, Mass., last week. Experiments had shown, he said, that the real causes were general strangeness of the object, its brightness and its movement.
"More attention," he said, "was paid to white than to red; about as much attention went to green as to red; a sudden flutter of any color is mildly startling. It is probable that the popular belief arises from the fact that cattle, and particularly bulls, have attacked persons displaying red, when the cause of the attack lay in the behavior of the person, in his strangeness or in other factors apart from the color itself."

Nothing definite was decided at last night's meeting as plans are at a standstill, owing to the fact that the clubs feel that they cannot finance the league. It is not definitely known at present whether the local league will materialize.

Interest Sweeping England. London, Dec. 15.—(A. P. By Mail)—Britain is in the grip of the golf fever, if the number of new courses being constructed can be taken as an indication. There are at least thirty courses now being built, the largest number laid out in a single year since 1902 when the rubber-cored ball revolutionized the game. The courses are costing, on an average, \$50,000. An innovation is found in courses especially designed for the use of elderly people and beginners, which are being installed by a number of the English clubs.

CHURCH HOSTS KLAN LECTURER

Haywood No Longer Calvary Baptist Evangelist, Pastor Announces.

New York, Jan. 2.—Announcement that the Rev. Oscar Haywood, national lecturer of the Ku Klux Klan, has been ousted as evangelist of Calvary Baptist Church, was made last week by the pastor, the Rev. John Roth Stratton. This action was taken without a dissenting vote at the monthly business meeting of the church on Wednesday night, following the unanimous recommendation of the board of directors. The expulsion of Dr. Haywood from the office evangelist followed a controversy between him and Dr. Stratton following the discovery that Dr. Haywood was engaged in plan propaganda as an attempt to gain recruits for the Klan among Protestant clergymen, returned to his home in Mt. Gleason, N. C., about Dec. 1. So far as could be learned, he met with little success in his efforts to gain clerical recruits here.

During his stay here Dr. Haywood frequently boasted that he could not be ousted from his position as Calvary Church evangelist, a place created when the Calvary Baptist Church of this city was merged with Calvary Baptist Church, about five years ago. Friends of Dr. Haywood, when his name was removed from the church calendar by order of the conference, predicted a fight which would shatter the church membership, if the latter persisted in its attempt to oust Dr. Haywood as evangelist. There was then reported to be a strong faction in the church, some of them Klan sympathizers, who would resist any attempt to displace Dr. Haywood.

PALMER HAS NOW DISCARDED CANE

Can Get Around Like Young Man Since Taking Tanlac, Says Hansel Citizen.

"You don't often see a man as spry as I am at seventy-two, but, judging from the way Tanlac has fixed me up, I'm sure it's fine for anybody," declares Thomas Palmer, Sr., well-known retired farmer of Hants, Ont., while on a visit in London, Ont. "At the time I got Tanlac I could hardly walk at all, and hadn't been down town without my walking stick since last September. But I have put away my old walking stick now, and last Thursday I went down town quite without it and got about as good a many a younger man. I suffered terribly with constipation the last few years, had no appetite and was built up a great deal with my kidneys. Some times every joint in my body ached, I was badly run down and seldom could get up in the morning. "If I had Tanlac last spring it would have saved me money, for I took medicine two years without any relief. But Tanlac has put me in fine shape, and stands ready to praise it to the limit. Tanlac is for sale by all good drug stores. Over 35,000,000 bottles sold.

TALKS ON CANADA'S PARTICIPATION IN AFFAIRS OF WORLD

(Canadian Press Despatch.) Toronto, Jan. 2.—The first national conference of Canadian students held to date on an end today with final afternoon given up to general discussion. D. Swaminadas, of the University of Madras, India, said the conference was a revelation of the Canada spirit of genuine interest in a new world order, and it augurs a new era of world affairs. In particular for the Empire and India.

The chief feature of this morning's programme was an address by N. W. Ridd, who addressed the conference on the question of Canada's participation in Empire and world affairs. In discussing the problem he drew an analogy between the Canadian provinces before and after Confederation and Canada as a member of the world of nations.

BISHOP DEDICATES JOAN ARC STATUE

Maid of Orleans Shown in Prayer in Cathedral of St. John the Divine.

(New York Herald.) Bishop William Manning dedicated yesterday a marble statue of Joan of Arc in the Chapel of St. Martin of Tours in the Cathedral of St. John the Divine in New York city.

The statue, recently completed by Miss Anna Vaughn Harsh, is presented to the cathedral by the late John Sargent, a Saltus, art patron and philanthropist. Bishop of Arc is shown standing, wearing a suit of armor, with the folds of a cape draped from her figure, her hands folded in prayer and her uncovered head bowed slightly. The eyes are closed and the hair is drawn back from her high forehead. After declaring that the statue of Joan of Arc is particularly appropriate for the cathedral, since it is a symbol of the affection between this country and France, Bishop Manning traced the history of the cathedral. The project, he recalled, was inaugurated by Bishop Horatio Potter and the charter was obtained in 1872. Biting operations were begun under the episcopate of Bishop Potter's nephew and successor, Henry Codrington Potter, and continued under the episcopate of Bishop Greer. He continued: "I believe the time is now at hand for us to take up this great enterprise, and my hope is that when the work of building is resumed it shall not stop until the glorious edifice is completed." After the address Holy Communion was celebrated. Participating clergymen were the Bishop, Dean Howard Chandler Robbins, the Rev. Kenneth Jones and the Rev. Henry P. Rouse. The president of the statue committee is Dr. George F. Kunz, and the honorary president is Marshal Ferdinand Foch. Other members of the committee are Rene Viviani, former Premier of France; Gabriel Hanotaux, Pierre Loti and Marshal H. Lyautey, members of the French Academy; Mgr. Foucault, Pierre Drapeau, Jean Sarril, Jean De Beaurepaire, Emile Badel and Miss Maude Adams. On the local committee are B. L. Bleden, Mr. Robert James Campbell, William A. Clark, Thomas Cochran, Mrs. Mrs. James Stewart Cushman, Prof. Frederick Dieleman, Mrs. Thomas A. Edison, McDougall Hawkes, Albert Frybitt, Dr. Louis Livingston Seaman, the Rev. William J. Stewart, T. T. Weston Wells and Dr. Talcott Williams.

The Best Cough Syrup is Home-made.

You've probably heard of this well-known plan of making cough syrup at home. But have you ever understood why thousands of families, the world over, feel that this is the best remedy without it. It's simple and cheap, but the way it takes hold of a cough will quickly earn it a permanent place in your home. Into a 16-oz. bottle, pour 2 1/2 ounces of Elixer, then add plain granulated sugar syrup to fill up the bottle. Or, if desired, use plain granulated sugar or corn syrup instead of sugar syrup. Either way, it tastes good, and it's guaranteed to give you a better cough remedy than you could buy ready-made for \$2.50. It is easy to make, and it's guaranteed to give you a permanent place in your home. Pinex is a highly concentrated compound of Elixer, and is used for generations for throat and chest ailments. BIBLE CLASS OFFICERS.

The Ladies' Progressive Bible Class of the Victoria street Baptist church held its yearly business meeting on Sunday afternoon. Reports of the year's work showed the class to be in a thriving condition. The following officers were elected:—President, Mrs. Ducoy; vice-president, Mrs. Clarke; secretary, Mrs. Chetley; assistant secretary, Mrs. Culver; treasurer, Mrs. S. Klerley; sick committee, Mesdames Williams, Flowering, Henderson, F. and McKinnon; social committee, Mesdames Gale, Foster, Purvis, Johnson and Monteith; look-alike committee, Miss Sharpe, Mesdames Eas Akreley, Shields, Graham, A. Johns and Murphy. A pleasant feature was the presentation of a neck scarf by the superintendent of the Sunday school, Frank Allaby, teacher of the class. SHOPLIFTER TAKEN ON HER FIRST ATTEMPT

Young Woman Says She Took Advice of Acquaintance She Met in Store.

New York, Jan. 3.—Light prison sentences and small fines were imposed on three women Christmas shoppers when they were arraigned in Special Sessions, and two others were released on suspended sentences with the admonition that a repetition of the offense would result in their being sent to the workhouse for long terms. Mary Smith, 25 years old, who said she lived at 697 Adams street, Hoboken, was sentenced to two days in the Tombs and fined \$50 when she pleaded guilty to stealing a bag valued at \$6.18 from Macy's on Dec. 16. Miss Mary Mangano, 16 years old, Miss Mary Murphy, Healy and Herbert, all of the same address, were charged with the robbery of a woman acquaintance she met in the store, that it was foolish to spend money when she could easily get it from the counters. In her first attempt at shoplifting, she added, she was arrested. Mrs. Margaret Jackson, 26 years old, who gave her address as 435 East Eighty-fifth street, and Mrs. Margaret Tausch, 35 years old of 330 East Eighty-fifth street, pleaded guilty to the same store on Dec. 12.—The Probation Officer reported that Mrs. Margaret Mangano was a widow with a small child. She was arrested in the Tombs and a fine of \$25 was imposed on each of the women.

SCHOOLGIRLS NEED ATHLETIC TRAINING

New York State Supervisor of Physical Training Pleads for Extension of Sports.

New York, Jan. 3.—The great need in public school athletics at the present time is the extended organization of sports for girls as well as for boys, was the keynote of an address made at the sixteenth annual meeting of the Athletic Research Society at the Hotel Astor by Daniel Chase, State Supervisor of Physical Training under the New York State Board of Education. "Physical school athletics should be organized for all students," declared Mr. Chase. "This means a variety of activities for boys and girls as well. There should be teams suited to the age and sex and adapted to the physical capacities of the various types of pupils. As a definite part of the physical education programme many schools in our state have as a motto 'A team for every adolescent pupil and every pupil a member of some team.' "The attention of public school authorities is now being centred on the needs of the girls. In the past we have been thinking in terms of athletics for boys and men exclusively. Girls need the training for life that comes from athletic competition even more than boys do. The lessons of sportsmanship, self-control and group loyalty must be taught to these girls who are to bear equally the burdens of citizenship if our democracy is to endure and our civilization to continue its advance. Mr. Chase also voiced a warning when he said, "Before rushing into the organization of athletics for girls, public school authorities must study the ground very carefully and forge ahead slowly. There are almost no traditions as yet. The race mind must be considered as well as the physiological heritage of the sex." Major John L. Griffith, Commissioner of Athletics of the Western Intercollegiate Conference, spoke on the problems of college athletic administration and referred particularly to the maintenance of standards in sportsmanship. He told the delegates of the accomplishments of the Western Conference in this regard, mentioning the fact that Western colleges are now ab-

BLIND MAN STUDIES SKIES

Takes Astronomy at Michigan University to Qualify for Degree.

Ann Arbor, Mich., Jan. 3.—Blind from birth, with his conception of the heavens formed by descriptions from others, Joseph Caldwell of Indiana, Pa., is studying astronomy at the University of Michigan in order that he may meet the scientific requirements to permit him to be graduated from the College of Literature, Science and Arts. Mr. Caldwell, a sophomore, and 46 years old, is doubly handicapped. In addition to his blindness, he lacks the mechanical aids for the study of astronomy that are afforded students who take up other studies. Blind students of astronomy are so rare that there are no textbooks with raised type. Therefore, he depends upon fellow-students to read his lessons to him. So proficient has he become, his professors say, that he frequently memorizes a lesson by hearing it read only a few times. In addition to astronomy, Mr. Caldwell is studying psychology. German, French and Italian. He ranks as one of the best students in his class. Children seven per cent. or more underweight require attention.

SHIP IN TROUBLE FOR SECOND TIME IN BRIEF PERIOD

Halifax, Jan. 2.—A wireless message received by C. H. Harvey, agent for the Marine and Fisheries Department, from the steamship Frode says that the auxiliary schooner Dorin of London is still in difficulties in latitude 42.30 north, longitude 63.30 west. Her motor is disabled and she has lost her foremast. Calls have been sent out for assistance and it is understood that a fishing trawler is proceeding to her position. The Dorin was reported Saturday by the Silvia from New York as being helpless, with the United States Shipping Board steamer West Mahomet standing by. The Dorin was towed into Halifax the latter part of November after being 121 days out from a Welsh port with liquor for St. Pierre. She sailed in December for St. Pierre and is now thought to be en route from St. Pierre to an American port. Her owners are given as Knowers, 210 West 181st street, New York City. The greatest known depth of the ocean is eight and three-quarter miles. A Philadelphia man has carved an iron rose bush with an acetylene torch.

FRUSTRATES TRAIN BANDITS.

Worker Drives They Off and Prevents Wrecking of Santa Fe Express.

Joliet, Ill., Dec. 30—What is believed to have been an attempt to wreck and hold up a Santa Fe limited train was frustrated through the quick action of Thomas Sokolowski, a tender at Kearby coal chutes, who drove off the bandits and then flagged the limited a few feet from where spikes had been removed from the rails.

Sokolowski noticed two men working on the westward track. He shouted and started toward the place. The men abandoned their task and opened fire. Sokolowski kept on and they disappeared.

When he arrived at the spot where the men had been he found that fourteen spikes had been removed from the inside of the rails and four bolts were taken from the fish plates.

A whistle sounded in the distance, and Sokolowski dashed back for a lantern. Stumbling over the ties he ran 800 feet up the westward track, waving the lantern.

The engineer saw the signal and applied the brakes. He brought his heavy train to a stop less than fifty feet from the spot where the spikes had been drawn.

Bolts were restored in the fish plates and the train coasted over the weak spot and continued on its journey.

Muskogee, Okla., Dec. 30—Railway officials here profess to see in the wreck early today of a northbound Missouri Pacific freight train near Vain, in Squayah County, Okla., an attempt to derail the "Rainbow Special," a fast train operating between Kansas City and Hot Springs, Ark.

The freight, running between Van Buren, Ark., and Wagoner, Okla., ran into an open switch, according to railway men, throwing the engine, tender and seven cars into the ditch. Frank Hedrick the engineer; George Johnson the fireman, both of Van Buren, were

ST. JOHN ORGANIST PRAISED.

Halifax Mail, Monday—Yesterday at St. Matthew's church the organist presiding was Bayard Currie, organist of St. David's church, St. John, N. B., whose mastery of his superb instrument was obvious, and whose playing made a strongly favorable impression, as being not merely technically fine, but infused with the feeling which is not always present in the work of the so-called skilled organist. Mr. Currie handles his organ after the fashion of a man who is himself touched and fired by the spiritual things of which his instrument is to speak to the people. The voice of praise and thanksgiving is evidently one whose profound significance he feels. His leadership of the choir was also highly efficient, and altogether the impression given by this visitor was as has been intimated strongly favorable.

MEETING OF DE MONT'S I.O.D.E.

De Monts Chapter, I. O. D. E., met this morning, with the regent, Mrs. Sherwood Skinner, presiding. The report from the committee in charge of the chapter hall held in December showed the affair to have been a success in every way. The sum of \$100 was voted to the Anti-Tuberculosis Society, and \$50 to the health centre. It was decided to frame a set of I. O. D. E. pictures and send them to the new Superior school at Norton which will be opened early in the year. Two new members, Mrs. G. Rolt-White and Miss Celia Armstrong, were heartily welcomed. Miss Laura Haasn, who is leaving the city, was unanimously voted an honorary member of the chapter.

Gorman Better; Gets Offer From Endicott-Johnson

The 440 Easily St. John Skater's, But for Mishap

Nasty Gash in Knee from Another's Skate, but Able to Leave Hospital—May be Able to Skate Again This Week.

(Canadian Press.) Newburg, N. Y., Jan. 3.—Charles Gorman of St. John, N. B., crack skater, who was injured during the middle Atlantic speed skating championship yesterday, was reported today to be almost completely recovered. He has left the hospital to which he was taken after the accident, and may possibly skate here again before leaving for home.

The Canadian Press learned this morning that an attempt is being made to induce Gorman to rent in the U. S. He has been offered a position with the Endicott Johnson Company of Endicott, N. Y., with the object of securing him as a member of its skating team of that organization. Gorman has not yet accepted.

Local skating fans today expressed the opinion that but for his mishap Gorman would have easily won the 440 yard event yesterday. He won his preliminary heat with ease. In the semifinal there was a general tumble when one of the racers struck a bad piece of ice. Gorman was caught in the jam and the skate of one of the other racers struck him in the knee, inflicting a nasty gash. He was taken to St. Luke's Hospital where his wound was dressed. Today he returned to the hotel. His plans are still uncertain but the fans are hoping that he may be able to participate in an exhibition race this evening for honor.

None of the other Canadians figured among the winners of any of the events.

In a telegram to his mother, Gorman said he was not badly hurt and would be able to skate again by Saturday.

CHAUDIERE HAS RECORD CARGO

Was Aground Four Hours at Bermuda—Arrived Here This Morning.

The R. M. S. P. Chaudiere arrived at Bermuda after an unusually rough trip and after running on the coral reef outside of her harbor in Bermuda. She docked at Pettigill's wharf at about 12.30 o'clock. Her cargo this trip was probably the largest she had ever carried, and included about 8,000 tons of sugar for the local refinery, 700 tons for Halifax, and 200 puncheons of molasses. She carried only eight passengers, all first-class. Among them were Walter Fowles of the Hudson's Bay Company, Montreal; John Burke, Miss Marjorie Carter, Mrs. Mabel Gray and Mrs. Louise Stewart, all of Halifax. There were no New Brunswick passengers.

While entering her harbor in Bermuda the Chaudiere was grounded on a reef bordering the channel for about four hours. The channel is a particularly narrow and crooked one, with very low water on both sides, and the ship struck only about twenty feet from the buoy marking the passage. With the aid of two powerful tugs she was pulled off, and without suffering any apparent damage. She will go into drydock at Halifax for her semi-annual inspection and cleaning and it will take several weeks before she is again ready to sail. She will be kept from further sailing on time on account of the heavy cargo she will have to discharge. Since leaving Halifax six weeks ago she has met very heavy weather, both here and in the West Indies, and her decks have been washed on several occasions.

PLEASANT POINT ENTERTAINMENT

Christmas Tree and Programme for the Sunday School Last Evening.

The annual Christmas tree and entertainment of the Pleasant Point Sunday School was held last evening in the church hall, with C. D. Black acting as chairman. There was a large attendance of members of the school, and a very happy evening was spent, with a programme given and the stripping of the big tree. The programme was as follows: Recitation, Greetings, Lorena Urquhart; address, Mr. Black; recitation, Joe's Christmas, Medley Somerville; dialogue, Fred's Mistake, Lorena Urquhart; solo, Star of the East, Miss Lucy Black; recitation, Christmas Has Come, Dolly Wright; recitation, Mamma's Darling, Bertha Melanson; dialogue, The Sewing Society, Sylvia Ham, Lena Urquhart, Vera Naves, Helen Long, Sadie McPherson, Thelma Melanson and Vincent Urquhart; recitation, Harvey Arbo; solo, Dorothy Splane; duet, Silent Night, Miss Lucy Black and Sylvia Ham; recitation, Christmas Stocking, Berton McCaughan; dialogue, Giving Aunt Jane a Shock, Sylvia Ham, Ruby Spence, Lena Urquhart and Genevieve Prince; recitation, Little Blossoms, Scovil Philipotts.

Following the programme came the presentation of gifts by the teachers, Mrs. Ernest Arbo, Mrs. James Ryder and Mrs. C. H. Small, to their classes. The superintendent, Mr. Black, presented a gift to each of the teachers. These presentations were followed by others from the Golden Rule class to Mrs. Arbo, the Willing Workers' class to Mrs. Ryder, the Willing Workers' and Beacon Light Classes to Fred Burns, and the Sunday school to Mr. Black.

Mystery Man Still Doling It Out In Street

The lethargy which has pervaded the police court for the last few days, owing to the fact that no arrests had been made for five consecutive days, was dispelled this morning when three men arrested on drunkenness and two on desertion charges faced the magistrate. Two Norwegians said they paid \$4.50 for what landed them in jail and that they acquired it in the street from a stranger, thus helping to keep the mysterious stranger in the limelight. The third man told a like story. All were remanded to the magistrate's room, but the magistrate remarked that he would leave them to the pulpit and the press.

MORE IS TOLD OF OAK HALL ROBBERY

Evidence About New Clothing Taken and Old Coats Left—Brothers Admit Desertion.

A case against John James McAuley, charged with breaking and entering the store of Scovil Brothers, Limited, was continued this morning in the Police Court, and the accused further remanded. Daniel J. Owens, a salesman in the men's clothing department, told of finding two old coats hanging in a rack. He had also found some papers. He identified the coats as belonging to the men's clothing department, and said he had five or six winter overcoats, which had been stolen from the store. Eight or ten smoking jackets also had been taken, but had been returned by the police for the Christmas trade. Everything had been all right when he had left the store the night before.

To Adrian Gilbert, for the defence, Mr. Owens said he thought the old overcoat would be size 38 or 40. The sack boots which were found were heavy and looked something like military boots. Holger Melby and his brother, Marjune Melby, arrested last evening by Policeman McInnis, were charged with deserting from the steamship Thorndale, which sailed yesterday morning for Havana. They pleaded guilty. Neither spoke in English, but signified by gestures and an occasional "yes" that they had left the ship without observing the customary formality of securing the consent of the captain. They were remanded.

PLANS HERE FOR THE CURLERS FROM OLD LAND

It was said this morning that owing to a change in the time of arrival of the Scottish curlers the friendly matches would be played on Tuesday at ten in the morning and three in the afternoon. The banquet will be held at the Royal Hotel on Tuesday evening at nine o'clock. The test matches will be played on Wednesday morning beginning at 9.30 and the curlers will leave at 4.40 on Wednesday afternoon on the Valley train for Quebec. The New Brunswick clubs have been notified of the change and requested to confirm entries already made.

The Blair-Cup competition will be held at eight o'clock on Wednesday night and finish on Thursday night. It is a double rink competition. The following entries have been received: two from the Thistles, St. Andrew's, Carleton Place; one from the Scotchmen, Bathurst; one from the Scotchmen, Moncton, Sackville and Hampton. There may be some additional entries.

HE QUILTS AS CHURCH SEXTON

Mills Resigns After Murder of Wife and Minister—Gets Many Contributions.

New Brunswick, N. J., Jan. 3.—James Mills, husband of the murdered New Brunswick choir singer, gave up his job this week as sexton of the Protestant Episcopal Church of St. John the Evangelist, of which Rev. Edward Wheeler Hall was pastor. "I thought I never would be able to get along without this job," Mills said, "but the work is too hard for me and the pay too small. I'm going to quit as sexton, but I'll hang on as janitor of the public school."

Since the murder of the clergyman and choir singer, and the exposure of Mills' humble situation, he has received many contributions of money in letters from friends and strangers alike. The total is said to run up to about \$1,000.

MAY GET SOME IMMIGRANTS FROM HEBRIDES

Toronto, Jan. 3.—Hon. Manning Doherty, Ontario minister of agriculture, said last night that he had received a cable from W. C. Noxon, Ontario's agent general in London, saying that a proposition had been made to him looking to the emigration to Ontario of some men of the Hebrides who were both farmers and fishermen, and that he would investigate and report later. Mr. Noxon intimated that he felt that the men might be better adapted to Nova Scotia than to Ontario.

Weed De Luxe Tire Chains

Three notable improvements which more than double the mileage and make the attaching and locking of the chains very easy and absolutely secure establish the Weed De Luxe as the greatest advance in Tire Chains since the Weed was invented.

And severe road tests have proved them to be the most nearly perfect device essential to motoring safely.

We also sell the Standard Weed and Rid-O-Skid Tire Chains and a full line of Auto Accessories for winter motoring.

A Low Price

It's well to remember that the figures of themselves alone signify little on a price ticket.

For more than 65 years the FURS and attire sold here have been standardized and have outlived all tests—have proved they were worth the price. All Through January Furs—everything here is to be sold much under legitimate prices. See Page Three
