EIGHT GET LIFE TERMS IN MONTREAL

WOMEN SWOON AS SENTENCES PRONOUNCED

Two Men Were Implicated in Verdun Shopkeeper's Murder

6 IN MAIL HOLDUP

Three Prisoners Convicted of Conspiracy Get Five Years Each

Canadian Press Despatch.

MONTREAL, March 23.—Eight men were sentenced this morning to life imprisonment by Mr. Justice Wilson in the Court of King's Bench.

They were Sydney Harrison, formerly of New Westminster, B. C., and Alfred Deschambault, implicated in the murder of F. X. Beauvais, Verdun shopkeeper; and six men convicted in connection with the hold-up and robbery of one of His Majesty's mail wagons on St. James street, last August—Nathan Goldberg, Lester Benson, Norman Sylvester, Jack Gilmartin, Thomas Sanford, and George Rifkin.

Three other men convicted of conspiracy in the robbery, received five years. They were Benny McLaughlin, and Dan McLaughlin, Jr., and Harry McIvor.

Senses in Court.

As Mr. Justice Wilson pronounced each sentence, the tense silence of the court was disturbed by women crying and fainting, as they heard the fate of their loved ones in the dock. Before being sentenced, each prisoner was asked if he had anything to say. Most of them had. Some pleaded for mercy while others protested their innocence. In each instance the judge explained in detail why he was giving the sentence and what facts he had taken into consideration when determining their severity.

I. O. D. E. OBSERVES 25TH ANNIVERSARY

Plans Made to Complete \$500,000 Fund For Post Graduate Scholarship.

TORONTO, Ont., March 23.—The Imperial Order of Daughters of the Empire held an impressive service in Convocation Hall Saturday afternoon in commemoration of the twenty-fifth anniversary of the founding of the organization.

To fittingly mark the silver jubilee, it was planned to complete the \$500,000 fund to provide post-graduate scholarships in Canadian and British universities. Toronto Chapter on Saturday afternoon presented the \$6,455, which is their share of this birthday gift.

The guest of honor, Lord Bynoe, of Viny, Governor-General of Canada, spoke.

ARE ANXIOUS ABOUT WATER SCARCITY

Lumber Operators Fear Conditions Will Not be Good For Stream Driving.

FREDERICTON, March 23.—The lumber operators in the central and southern sections of the province now are anxious concerning stream driving conditions. Brooks are reported clear of ice, but with very little water running. The mild weather was wasted the snow rapidly and unless there are heavy spring rains driving conditions will be hard.

The Fraser Companies, Ltd., operation in these parts are reported to have cleared up all their logs. Some operations were not so fortunate, being compelled to leave lots of various sizes uncut when the roads softened.

A break up of the Saint John River earlier than usual is forecast. The water still is low and there will have to be a big rise before the ice will show signs of weakening.

DIES OF WOUNDS

Montreal Butcher, Beaten by Bandits, Does Not Regain Consciousness.

MONTREAL, March 23.—Gabriel Moreau, aged 40, local butcher, 2878 Berri street, who was attacked and battered into unconsciousness with some blunt instrument by two unidentified men last Thursday night, died this morning.

The bandits, who made their escape, stole \$200. Moreau died without regaining sufficiently to make a statement.

CANADA'S STAND ON PROTOCOL PRAISED

Readiness For Conference Pointed Out as Example to Great Britain.

By HERBERT BAILEY, British United Press. LONDON, March 23.—"Canada's valuable lead" is announced today in an article in the Daily News of today by H. Wilson Harris, now connected with the League of Nations, in which he deals with Mackenzie King's memorandum on the League protocol. He says in this article that Canada's readiness to take part in a general conference on all round reduction of armaments would provide a basis of agreement with the League of Nations. He says, "It is Britain who refuse to follow where Canada now leads," and he adds the League of Nations is Canada's responsibility for the protocol which would have labored in vain.

EDWARD FISHER DIES

Was One of Founders of Firm Which Has Branch in Saint John.

MONTREAL, March 23.—Word has been received here of the death at his residence in Huddersfield, Yorkshire, England, of Edward Fisher, at the age of 80. NEW YORK, March 22.—H. E. Suckling, treasurer of the Canadian Pacific Railway, died at Atlantic City, N. J., Saturday, according to advices received at the C. P. R. office.

Mr. Suckling had been convalescing at the summer resort for some time following a prolonged illness.

Hold Service At Old Ladies' Home

The Sunday school class of young girls, taught by Mrs. Robert G. Fulton, who have been making it a practice to go to the Old Ladies' Home every fourth Sunday afternoon after Sunday school to hold a short service made their usual visit yesterday afternoon. Mrs. Fulton accompanied them and gave a short devotional talk. The girls sang hymns, in which the ladies joined. Miss Gwyneth Hodgson and Miss Gertrude Carl, of the Centenary orchestra, played a duet and Miss Mary Fulton and Miss Louise Adams sang a duet. The accompaniments were played by Miss Charlotte Calkins. Those who assisted were Miss Jean Johnson, Miss Margaret Hanson, Miss Marion Winchester, Miss Norma McAlpine and Miss Violet Sloanwhite. Mrs. Fulton entertained her girls at tea at the parsonage, after which all went to church.

Simple Way To Take Off Fat

Can anything be simpler than taking a convenient little tablet four times each day until your weight is reduced to normal? Of course not. Just purchase a box of Marmosa Prescription Tablets from your druggist for one dollar, and start now to reduce. Follow directions—no starving, no getting or tiring, no exercising. Eat substantial food, as heavy as you like, and keep on getting slender. Thousands of men and women each year remain healthy, slender figures by using Marmosa Tablets. DECLINE TO ACCEPT \$5,000 FROM RUSSIA

Cape Breton Relief Committee Fear Action Taken as Red Propaganda.

SYDNEY, N. S., March 23.—Believing acceptance of the \$5,000 grant to the relief fund of the striking miners from the Red Internationale Labor Union and the Russian Miners' Federation would be construed in certain quarters as Russian propaganda, the Citizens' Relief Committee has decided not to accept the proffered donation made to it through J. B. MacLachlan. On being informed of the decision of the committee, Mr. MacLachlan, who is editor of the Maritime Labor Herald, issued a statement in which he declared he would hold the money and if adequate relief was not forthcoming he would distribute it, irrespective of the citizens' committee.

Death Penalty Is Well Supported

A well argued debate was conducted at the Young Men's Catholic Institute yesterday afternoon when the resolution "Resolved that life imprisonment should be substituted for capital punishment" was upheld by Leo McCrossin and Freddie Bridge, while the negative side was defended by Walter Hughes and Walter Power. Albina Robichaud was the chairman and the judges were Rev. William Duke, George McErmott and J. P. Coughlan. The judges had considerable difficulty in giving their decision so well matched were the teams, but they finally decided in favor of the negative. They complimented the debaters and spoke of the great benefit to be found in debating which was at once educational and entertaining. The debate was one of those scheduled in the Inter-Society programme.

WALLS ARE CRUMBLING.

A retaining wall in front of 89 Wright street has been reported by Police Constable Bettie as being in a dangerous condition. Part of the wall collapsed Saturday completely blocking the sidewalk with stones. The Public Works Department was notified and placed lanterns on the pile Saturday night to warn pedestrians. Constable Bettie also reports a dangerous hole in Wright street near Gooderich street.

Make Your Old Suites Help Buy You New

On Friday a lady called up that she had a 15 year old suite, which she recognized was now behind the times. She wanted the style of Furniture seen today at J. Marcus Ltd. One of the firm called and allowed her as much as she paid for her suite 15 years ago. It may not always work out so well as this—but one thing is sure. Your old suites are better traded in for new Furniture this very week while J. Marcus Ltd. remain open to make generous allowances. It's Marcus and not you who assumes the risk and bother of its disposal—it's Marcus who takes the chance on what it brings at Potts' Auction Rooms.

And see what your old suites bring into your home. Study this Dining Room. One of the first built that no hot plate can hurt. The new Duco finish is now put on autos. Solid Walnut in the William and Mary period. Two tone Walnut—dark in general and a two inch band of light Walnut bordering panels and edges. Heightened again by a putty gray inlay. Polychrome handles, dust-proof drawers and Walnut panelled China Cabinet. Blue Spanish leather Chair seats.

Would You Be Seen In This? Furniture Progress Greater. You'd never think of appearing before your friends in a pre-war automobile. How comical and clumsy they look! How pre-historic! And yet—

The improvement in Furniture in the last fifteen years is far greater than the change that has taken place in automobiles. Visit the Marcus show rooms and see.

As the time is short and appointments stop next week, lose no time in getting your date arranged when a member of the Marcus firm may call and make you an offer.

THE VALUE OF THE SETTLER.
While it is quite true that money spent by this country to retain its native population, if it produces results, is a much better investment than money spent on immigration, sustained efforts along both lines are necessary.

Recently when it was brought out in the House of Commons that Canada had spent \$1,718,000 on immigration work in the United States between April, 1921, and the end of 1924, it was said in some quarters that, considering the number of immigrants secured, the cost was altogether too heavy.

During the period covered by the expenditure quoted, the number of settlers entering Canada from the American side was \$4,922, and the average cost of securing them was about twenty dollars a head. But these settlers brought into Canada effects valued at \$20,260,000, if money alone were considered the national wealth was increased by about twelve dollars for every dollar this country spent on its immigration efforts across the line.

Not that by any means all that to be said on the material side of the question. These people took up land in a great many cases, and in addition to their effects a large proportion of them brought in cash as well. As they are workers they would soon pay in taxation more than was expended by the immigration authorities.

Systems of Civic Government.
The two prevalent failures of civic taxpayers to display interest in their own affairs is shown signally in the case of Kansas City, which has voted to adopt the city manager plan beginning next year.

Under the new charter elections will be held every four years instead of every two as at present. There is a tendency in such a civic plan to get farther and farther away from directly responsible government.

Odds and Ends

The Greatest Short Speech.
Lincoln's three-minute speech at Gettysburg did not procure but immediately followed, the mastery of Edward Everett, which occupied two hours in delivery and dealt with the subject of "dedication," "dedication" and more "dedication." Lincoln took a different course. He stated the purpose of the gathering and then promptly showed it to be a futile and conceited mistake.

The Bloom and the Bob.
Considerable excitement in the neighboring State of New Hampshire has been occasioned by the discovery that a bill which has passed the lower branch of the Legislature and is before the Senate would forbid the sale of certain kinds of cosmetics and hair-tonics.

Destroying a Fortress.
The colossal task of destroying the defenses of the German fortress which commanded the North Sea, and which was taken over after the Great War, has been completed, at the expenditure of 300,000 pounds of explosives.

The Cliff-Top.
The cliff-top has a carpet of Haig, gold and green. The blue sky bounds the ocean. The white clouds sweep between. A flock of gulls are wheeling. And walking round my seat: Above my head the heaven. The sea beneath my feet.

The Progress of Man.
Look at the progress we have made since Adam's time. Adam had only one law to break. Now we have thousands.

The Remedy.

(Mr. Arthur Ponsonby suggests that "bushy whiskers" are a sign of virility and that, if they were more cultivated by men of today, less might be heard of the unamiable characteristics of the modern young woman.)

Oh, yes, let us urge on the whisker! (For preference, red.) So here's to the days that will "feature" the great task remaining before us, that these dead shall not have died in vain, etc.

Druggists and other merchants are reported to be up in arms over the bill, pointing out that its passage would deprive them of trade that would go to the mail-order houses.

Here is subject of legislation that is more or less levity. But it is fair to emphasize the fact that the bill is inspired by no disposition to interfere unnecessarily with the love of adornment and the yearning for beauty.

It is announced that the dates of Earl Haig's visit to Ottawa in connection with the biennial conference of the British Empire Service League will be July 17 and 18, says the Ottawa Citizen.

Under present conditions, and especially in view of the American restrictions, the percentage of settlers coming to Canada and subsequently removing to the United States bids fair to be greatly diminished.

Under the new charter elections will be held every four years instead of every two as at present. There is a tendency in such a civic plan to get farther and farther away from directly responsible government.

WANT BANKERS OF EAST TO VISIT WEST

Invitation Tour is Suggested by Lethbridge Board of Trade.
LETHBRIDGE, Alberta, March 22.—Lethbridge Board of Trade has unanimously adopted a resolution that a movement be put on foot in western Canada to invite a party of eastern Canadian bankers, manufacturers, mortgage and company officials and other business men, to visit the west during the summer to make a first-hand investigation of conditions.

National Understanding.
The resolution is in answer to the movement inaugurated recently by the Toronto Board of Trade for an exchange of speakers looking to a better understanding between east and west, so that a true national policy for Dominion-wide development might be adopted.

PRISONERS SHOULD HAVE PIPE SOLACE

Ontario Judge Believes Soothing Effect of Tobacco Should be Allowed.

Justice Lennon and the Grand Jury at the Spring Assizes are agreed that prisoners in county jails should not be deprived entirely of the use of cigarettes and the soul-soothing corn cob pipe.

The Grand Jury urged that a little leeway might be shown the prisoners in this respect.

"A great many people want to do things for other people," concluded the court. "When the O.T.A. came into force we were told that tobacco would be the next thing. If that extreme comes, there will be a reaction. I would not deny the boys overseas tobacco or rum on some occasions."

"I would like to see some latitude in the jails. Twenty-four hours to six months is a long time. I would like to see the prisoners get some tobacco and this is a move in the right direction."

Printed Silk Frock

PRINTED silk with small order and extra portion dots makes this attractive two-piece frock that consists of a pleated skirt and a simple oversleeve. The skirt is attached to a canolite top that is revealed as a dicker. Part of the charm lies in the color, the silk being white and the dots being a brilliant scarlet.

WOMAN BURNED TO DEATH NEAR ST. MARTINS

Two Daughters and One Son of Victim Reside in Saint John.

Mrs. Nathan Benjamin, a widow, about 50 years of age, was burned to death Saturday night when her home at Gardner's Creek, near St. Martins, about 25 miles from Saint John, was destroyed by fire. She had been left alone in the house and her death was

not discovered until the fire had burned itself out and a search of the ruins disclosed charred bones lying near what had been the bottom of the stairway. Mrs. Benjamin's two sons and a daughter, who were living at the house, were away from home for the evening. On their return about 10.30 o'clock they saw the fire and rushed to their home. By this time the house was little more than a heap of burning wood, the roof and walls having given way.

Charred Bones Found.

When they could not find their mother near the scene of the blaze they believed she must have wandered away in the woods and searched for her until they found charred bones.

It is thought that Mrs. Benjamin discovered the fire and was on her way upstairs to attempt to extinguish it, when she fell, overcome with the smoke. She had two daughters living in Saint John, Mrs. Ralph Hatfield, 2 Pokok road, and Miss Estelle Benjamin, with J. Willard Smith's family; and one brother, Daniel Jackson, 9 Hospital street. They were all called to Gardner's Creek yesterday when word of the tragedy was received.

Dominion L. O. L. Fair Opens Successfully In Orange Hall

The Dominion L. O. L. fair in Orange Hall, Simonds street, got away to a splendid start Saturday night when all the attractions had generous patronage and there was a large crowd. Everybody was quite evidently having a good time, and the proceeds of the first night were satisfactory.

His Worship, Mayor Potts, opened the fair officially at 8 o'clock and made a pleasing speech, wishing the effort all success. Both the upper and lower halls were used and both were gaily decorated. The fair is to continue throughout this week. The proceeds will go toward paying off the mortgage on the Simonds street hall.

Your Physical and Mental Ability are Affected by your Foods — Within an Hour

CERTAIN parts of your daily foods are consumed in your body with a force and directness which you scarcely realize. Almost immediately after eating they are in use. Within an hour they have their effect upon your physical and mental ability. They are the "power" food elements—the carbohydrates—the precious food elements which supply your body with its strength and energy.

The fault of most foods, however, is that they do not contain the carbohydrates in the proper form. By eating foods of this kind you suffer at the time from lack of the energy you should have, and later on from the many ills which have malnutrition as their source. The carbohydrates must come to you prepared for rapid and easy assimilation.

Three-fourths of the content of Grape-Nuts is the precious carbohydrates—in the most easily digested form of all.

Grape-Nuts is made from whole wheat and malted barley. Slow baking has turned the vast store of carbohydrates, which these two grains contain, into dextrin, the most easily assimilated food substance known. Eat Grape-Nuts regularly with milk or cream. Its novel, nut-like flavor, its crisp "crunchiness", make it a delightful, tempting food. Try it and see how much you enjoy it. Ready to eat right from the package. Very economical to serve—four teaspoonsful are sufficient for each helping, and cost less than one cent. Comes in a wax-wrapped package.

CANADIENS RUN RIOT AND ENGAGE IN FISTICUFFS WITH VICTORIAS

FORWARD PASSES PROVED THEIR UNDOING IN GAME

N.H.L. Champions Are Defeated By Cougars 5 to 2

VICTORIA, B. C., March 22.—(Canadian Press)—Capitalizing the greatest advantage which has ever favored a club in a world's series, the forward pass inside the opposing blue line, the Victoria Cougars swalloved up the Montreal Canadiens here Saturday night in the opening skirmish of the battle for the Stanley Cup. Despite desperate efforts by the Canadiens, the Frenchmen could not keep out the flashing forms of Victoria and the final score loomed up five to two.

Fail To Fathom Rules

Before the game Canadians spent considerable time trying to fathom the rules which were introduced into western hockey this year by the Patriarchs. They found no trouble in getting the hang of the privilege of kicking the puck, anywhere they wanted, but they got a headache trying to fathom the new departure of passing.

Tied Up in Knots

When the game opened Canadians found Victoria sending through their defence by flipping the puck ahead and the wings galloping around to pick it up, blinding shots at goal. When the Frenchmen tried to work it they got tied up in knots. Someone would get ahead of the play or they would pick up a pass from one section to another, and on would call them back. Several times the play was stopped while Centre d'ens quizzed left defence while Centre continued to crown their efforts.

Valuable Experience

In the third period the Crimson garbed visitors showed signs of picking up the new tricks and they gained one goal on the forward pass. The experiment will be a great help to Canadians when they meet Victoria in the third game of the series under the new rules under the western code. Tonight, when Dandurand's darbies meet Victoria under eastern rules, they hope that will carry them to their second consecutive championship.

A Battle Royal

Joliat, who tried desperately to lift one of his whiskers past Holmes, was spun around by Loughlin, and crashed into the boards. The nearest man to him when he gained his feet, was the diminutive Anderson, and with one jump he closed under to square both hands for a knockdown. Fogyston dropped Joliat. The players drew like wasps to a jam point and Halderon was the next to be stretched upon the cold sheet. Referee Jon restored order after three minutes of fast fighting, and issued major penalties. It took the rest of the period to get the players tamed down.

BOXERS RECORDS ARE IMPRESSIVE

Willie Gradwell and Kid Lewis Have Decisions Over Ring Stars

The Commercial A. C. of this city has, after considerable effort, matched Willie Gradwell, the Blondest Boston Bearcat, and Lou Kid Lewis, the Montreal fistic star, for a 10-round bout. Gradwell is one of the few battlers to hold Alex. Hart, the Philadelphia, to a draw. This bout took place recently. In his only appearance in the Maritime Provinces, Gradwell defeated Johnny McIntyre of Glace Bay. Gradwell hammered Bobby Barrett, the slashing Philadelphia boxer, all over the ring in Boston during the past season. He has referee's decisions over Charlie Parker of Boston, Pete Hartley of New York, Harry Kid Brown of Philadelphia, who recently defeated Jimmy Pruzzetti; John Shugrue of Worcester, Johnny Darcy of New York, Tansey Norton of Boston, George Brown of New York, Frankie Britt of New Bedford, Francis Rossi of Brockton, Harry Carlson of Brockton, Phinney Boyle of Lowell, Mickey Conley of Newark, Earl France and Willie Herms, who is soon to meet Mickey Walker. Gradwell is a two-handed warrior, who has boxed in most of the larger cities, and who has lost but three bouts in more than 126 battles. He has boxed in more main bouts in Boston than any other New England lightweight.

Lou Kid Lewis has met some excellent ringsters, and has been defeated, even for a short time. He is a rough and tough mitt slinger, who is a big favorite in Montreal. Recently, he was a performer in the most exciting bout ever seen in that city, according to one of the newspaper reports. While hauling from Waterbury, Conn., he boxed Lou Kid Kaplan of Meriden, Conn., the present featherweight champion. The bout was a draw. Lewis has defeated Johnny Shugrue of Worcester, Johnny Darcy of New York, Solly Green of Montreal, Sammy Marco of Cleveland, Charles LeDoux of France, George Papin of France, Oscar Deschamps of Montreal, who defeated Jimmy Pruzzetti in three

Many Promising Young Players Are Let Out By Major League Clubs

Along The Sport Trail

By RAY HANSEN

ACCORDING TO the Glace Bay Gazette their athletes have again been routed by the Maritime amateur athletic commission. The writer appeared to be quite peeved over the banishing from the amateur ranks of Francis McEachern, 147 pound champion, and Buddy Lewis, 135 pound champion, and depriving them of the titles. The article in part follows:

"Apparently the time to lodge any complaint against these boys was before the amateur bouts took place, not after they had been fought and the titles brought to Cape Breton. However, the latest action of the amateur authorities is just what might have been expected from this organization which to date has accomplished nothing for amateur sport in Cape Breton."

Perhaps our Glace Bay contemporaries feel they should have been allowed to retain the honors won in the recent Maritime championship meet, staged in this city several weeks ago, despite the fact that they may have participated in professional semi-finals. He fails to advance one argument in their favor. If they did not compete in professional bouts then he would have just grounds for a "kick," but if they did—and the amateur authorities claim to have proven beyond a doubt that such was the case—the wisest thing for him to do is "let the dead past bury its dead." There is nothing to be gained by "bawling out" the amateur authorities. It is known that the Glace Bay boys did not have registration cards when they came here to participate in the tournament—why? If they are innocent they should have little difficulty proving it, but if they are guilty they have no right coming here or elsewhere and camouflaging as amateurs.

JUDGING FROM

despatches on Saturday Branch Riekey is quite taken with the work of Vincent Shields. He commented on his underhand ball and baffling delivery and said he expected he would have no difficulty making the grade. This is good news to his many friends in New Brunswick, who are undoubtedly eager to see him become a permanent member of the St. Louis roster. Many fans in this city have expressed an opinion that once the National League batters get accustomed to his delivery they will scatter his offerings all over the parks. This, however, is hardly fair. Shields not only has a sweeping cross-fire underhand delivery, but he also possesses an abundance of speed. He is a big husky youth and should be able to work at top speed from the time he enters the box until the termination of the game. He will also have the advantage of working on some of the best ball parks in the world and will have—should have—stellar support. Taking all things into consideration there is no reason why he should not make good unless he should fall down on his control. This is one of the greatest essentials for a major league pitcher. Here's wishing him the best of luck.

BASEBALL IS

evidently taking quite a hold on the Japs. Word has been received here that a strong team plans on coming to America this summer to compete against major and minor league clubs. The team is made up of former star players of the leading universities, now all members of the staff of one of the largest newspapers in Japan. The nine claim the championship of the Far East, basing this on their showing in a league in which they won nine games, lost three and played one 12 inning tie. They are to leave Kobe next Saturday and are due to arrive in San Francisco early in May. The names of the members of the team are available, but what's the use. When they arrive in America they should be numbered for there is not one in a hundred who could even begin to pronounce their names. Local fans will recall the old "Scribes team," who vanquished and were vanquished by Opera House teams. In their prime they should have toured the Far East and demonstrated to the Japs a few conventions not on their repertoire. The "Scribes" may not have been the best team in the world but they could puff some plays that would have driven Connie Mack insane.

WELL, IT'S TIME

for the Trojans to don their war togas and prepare to turn back the javelins, the Rideaus of Ottawa, who are here to compete in the semi-finals for the Canadian basketball championship. The game, which is to be played in St. Vincent's gymnasium, promises to be one of the best ever staged in these parts. It is now up to "Beer" Malcolm and his team mates to demonstrate to citizens in the capital that the city of Saint John is on the map, although some of the politicians there may only have a faint recollection that such is the case. If the "Rough Riders" were handed a Jolt it might refreshen the memory of some of the forgetful ones. It seems kind of tough to take it out on the basketball team, but they hail from Ottawa—and "nut said."

Big English Racing Classics Are Scheduled For This Week

LONDON, March 23.—Two classic events of the racing world during the week ending March 28 will mark the close of the steeplechasing and the opening of the flat racing season. On Wednesday comes the first big handicap in the flat, the Lincolnshire, to be run at Lincoln over the mile, for which French interests are making a strong bid with Tapin in an endeavor to emulate their victory last year, with Sir Galahad III.

The steeplechasing ends at Liverpool on Friday, when the long distance Grand National will be decided over a course of four miles, 856 yards. All eyes are on S. Sanford's pair of steeplechasers, the veteran Sergeant Murphy, fifteen year old, and outwighed at 161 pounds, and Drifter, 11 years old, carrying 148.

Both of these horses had practice races last week at Hunt Park, but were reported unsuccessful over a less distance than the Grand National.

LEAGUE CHANGES

M. A. H. A. May Revise Formation of Sections Throughout The Maritimes.

AMHERST, N. S., March 21.—Changes in the league formations under control of the Maritime Amateur Hockey Association will be in order next year. Moncton has emphatically refused to be grouped with Bathurst, Chatham and Campbellton, making the contention that railway fares in the season past ate up all possible hope of a profit in the seasonal operations. The hockey management of the Sussex club have taken a similar stand, and it is known that they have expressed a preference to be grouped with Moncton, Sackville and Amherst, rather than St. John, Fredericton and St. Stephen. Like Moncton, the Sussex club has expressed an opinion in regard to the excessive amounts paid out for railway fares and incidental traveling expenses.

Dazzy Vance May Meet Walter Johnson in Pitching Duel

NEW YORK, March 23.—A beaten army straggler from St. Petersburg, driven by the Carr, Miller Huggins, while at Sarasota the forces of McGraw are divided.

For several promising baseball players the end of the major league campaign has come. Lew Malone, shortstop of the 1925 and 1924 Hartford team in the Eastern League will play with Jersey City in the International and Martin Auster, a catcher, last year, with Pittsfield, Mass., accompanies him. Others who have been sold, farmed or released outright are Benny Ford, Harold Anderson, Alton Blodgett, Osborn Gardner, Tom McIntyre, Al Raymond and Tom Mullen.

Must Make Good

Wilbert Robinson, manager of the Dodgers, announced at Clearwater that Dazzy Vance would pitch three innings in a game this week, developing the possibility that the national league's speed ball king will face Walter Johnson.

Advices from the Fort Myers camp of the Philadelphia Americans, said that Connie Mack had arranged with Miller Huggins, manager of the New York Americans, for Ruth to play with the Metropolitans on Wednesday night at Milwaukee of the American Association.

BASKETBALL

Normal School, Rothery Collegiate and Harriers Win Their Games.

FREDERICTON, March 22.—The Provincial Normal School defeated the Knox church A. C. team of Saint John at basketball Saturday afternoon 47 to 28. The match was played on the Normal floor and the home team showed that they had a big margin over the visitors.

The Rothery Collegiate School second basketball team was victorious in a game on the Rothery College floor on Saturday afternoon with the Y. M. C. A. Basketeers, leading at the end of the encounter by 39 to 19.

MONCTON, March 22.—In the Y. M. C. A. gym here Saturday night the Saint John Harriers defeated the local Miramichi basketball by the score of 51 to 29. The Saint John team had the better of the game all the way.

RIDEAUS HERE FOR BASKETBALL SERIES

Will Clash With Trojans in The Semi-finals For The Dominion Title.

The Rideau basketball team arrived in the city from Ottawa yesterday afternoon to try conclusions with the local Trojans in the Dominion semi-final championship series tonight and tomorrow night in St. Vincent's gymnasium. The two games in Saint John will decide which team will play in the finals on April 14 and 16. While the Trojans and Rideaus are battling here for eastern honors Vancouver and Edmonton will be playing for the western title, the winner of which will play the eastern champions in the Dominion finals. Tonight the local fans will see two of the greatest exponents of the game in Eastern Canada battle for premier honors and also for the right to travel to either Edmonton or Vancouver at the expense of the western team.

Annual Race Will Be Held Next Saturday—Review Classic

OXFORD, England, March 23.—On their present form the Oxford crew, in the opinion of rowing experts, should be the favorites in the annual race with Cambridge next Saturday. Since 1829, when the first race was rowed at Henley, Oxford has been successful in 40 of 76 meetings. They won the 1829 race but when the crews were revived, a decade later, Oxford crews were hopeless until a Cambridge oarsman came and coached and coxed them again to victory.

Stroked First Crew.

Lord Justice Chitty stroked the first of the great Oxford crews in 1842. A Cambridge man, "Jack" Hall, was the first to stroke four successive crews, appearing from 1868 to 1861. After his day Cambridge rowing fell off until the time of H. E. Rhodes, a brother of the South African pioneer, Cecil Rhodes, who founded the Jesus College system of rowing.

An Ingenious Stroke.

One of the ingenious strokes the race produced was I. R. West, who rowed for Oxford in the early eighties. His fame rests upon a victory over a crew behind him averaging 175, and won by seven lengths.

Pittsburg Beats.

CLEVELAND, March 23.—Cleveland broke even in the final hockey game, defeating Pittsburg 5 to 1 here Saturday night.

SUNDAY MORNING FIRE.

A wardrobe containing clothing caught fire at 5:40 Sunday morning in a shop conducted by Frank Marney, 91 Prince Edward street. Mr. Marney, who was in the rear of the premises, had difficulty in getting to the front but with the assistance of Policeman Cooper managed it safely, slightly singeing his hair.

FLOODS IN PERU.

BUENOS AIRES, March 23.—Reports from Lima say that severe damage was caused in Peru by recent floods, and that railway traffic to the interior will be interrupted for a month.

\$26 Serge For 106 More Men

The hundreds of yards of 19 and 20 ounce serge we bought on a low market now gone up is not yet used up. So for the few days while it lasts we feel so good about our Birthday Sale that the same low price holds good for the next 106 men to order it made to measure.

You don't need much telling about this top strength Serge. It's fully guaranteed in every respect—against sun, sea and air. Guaranteed to weigh more than the standard of 100% Serge. Guaranteed and proven on the spot to be purest wool and fastest dye. And made up any way you wish for \$26.

120 Others

QUEBEC BOARD CONDEMNNS FILM CHU CHIN CHOW

Montreal Public Much Wrought Up Over Action of Censors

"NUDITY" GIVEN AS
REASON FOR BAN

Question Is Raised If Board Is Against British Films.

MONTREAL, March 23.—There is considerable activity in motion picture circles. In the first place, the action of the Quebec Board of Censors in condemning the modern picture "Chu Chin Chow" has roused a very strong feeling of resentment. There was a private screening of the film at the Mount Royal Hotel, and this was attended by a very select representative audience, including dignitaries of the Catholic and Protestant churches, leaders of bench and bar, prominent men in arts, sciences and other departments of professional and trade activity, and legislators representing most of the women's organizations in the city. The entire audience literally gasped when told at the conclusion of the exhibition that it would be the last time the film would be shown, as it had been condemned by the censors. Expressions were outspoken on all sides that such a condemnation was utterly unjustifiable. The head of one of the big Protestant theological colleges and a prominent dignitary of the Roman Catholic

church both agreed that there was nothing whatever in the film, as shown, to justify the action of the censors, who they held to be incomprehensible. The reason given by the censors for their action is indicated on the tag as "nudity." Yet, as pointed out, the girl Zahara wears more throughout this film than Betty Blythe who plays Zahara—wore in the film, "Queen of Sheba," which was passed by the Quebec Censor Board and shown here. People are asking on every hand "Are the censors prejudiced against British films?" "Is this race prejudice?" and similar unpleasant questions. They are also writing to the papers, making comments and suggestions. Altogether there are strong and persistent rumors that as a result of numerous private complaints the Attorney-General's department is taking a hand in the matter of censorship and that a new personnel will most likely be named.

MANY ENJOYED IT

Excellent Twilight Recital Given in Germain Street Baptist Church.

A large number of music lovers were present at a twilight recital given in the Germain street Baptist church on Saturday afternoon. The artists taking part were Mrs. F. J. Hodgson, organ; Miss Gwyneth Hodgson, violin; Mrs. L. M. Curran, soprano soloist; and Dr. P. L. Bonnell, baritone. The artists were all in good form, and the audience thoroughly enjoyed the several selections. The work of Miss Hodgson, who is only 13 years of age, was exceptionally good. A twelve offering was taken at the door and will be used for the funds of the Willing Workers of the church.

SIGNS DEMPSEY

Oscar A. Price left New York for Los Angeles on Saturday in connection with a reported deal involving Jack Dempsey and Estelle Taylor. It is understood Price has about completed negotiations for them to appear in "Manhattan Madness," one of old Fairbanks-Triangle successes which Price will remake for distribution through Associated Exhibitors. There is some talk that the Dempsey-Taylor combination will make a series for Associated.

ASSAULTS COMBINES

Goldwyn Warns Against Booking Circuits—Sees Them Threatening Markets.

NEW YORK, March 23.—Samuel Goldwyn presented a new angle on the booking combine situation Saturday. He touched on it from the foreign angle, as well as the domestic, and fortified his observations by impressions gathered abroad.

Goldwyn prefaced his remarks on buying combines by explaining that he had no personal axe to grind. He explained that he didn't feel the alleged affected him as greatly as it did others. Following "His Supreme Moment," Goldwyn has one more Fitzmaurice production to deliver to First National and then his present contract will be concluded.

"BIG" MUNN BOOKED.

Another unusual attraction has been booked by Harry Weber for the Keith-Albee Circuit. It is "Big" Munn, the noted wrestler, who recently defeated "Strangler" Lewis for the world's title. The accomplished grappler will make his initial bow in vaudeville at Keith's Hippodrome, New York, starting week, March 28.

"The Tailor of Trowville," made over by Samuel Hoffenstein from the French, is scheduled by Mr. Woods for August production in New York. Lowell Sherman will probably head the cast.

FILM BOARDS OF TRADE ORGANIZED

Saint John included Amongst Six Places in Canada Adopting Scheme.

TORONTO, March 23.—Film Boards of Trade for Canada are now being organized, similar to those now functioning in the States. There will be six all told, one each in Toronto, Montreal, Saint John, Winnipeg, Calgary and Vancouver and will operate under the same system of arbitration as is now in vogue with the thirty-two boards in the United States.

The local board has already been formed. W. A. Bach of Famous is president; J. O'Laughlin of Fox, vice-president; A. Berman of United Artists, treasurer and H. Law of Universal, secretary.

PASTOR RESIGNS

Woodstock Congregation Will Ask Rev. E. B. MacLachley to Reconsider.

WOODSTOCK, March 22.—Surprise and regret were expressed this morning by the congregation of the United Baptist church when Rev. E. B. MacLachley, pastor, tendered his resignation. Action will be taken at a meeting to be held within a few days, when an effort will be made to have Mr. MacLachley reconsider his resignation. He has been pastor of the United Baptist church here for two years and the church has prospered greatly through his untiring energy and devotion.

MAY DIRECT "ATLANTIS."

John Francis Dillon may direct "Atlantis," the sequel to "The Lost World" on which First National has started preliminary work. The company has purchased two new stories, one "The Comback," by M. D. Crawford for Milton Sillis and "Clarissa and the Post Road" by Grace Sertwell Mason.

Saint John Men Among Those Arriving at Sand Point

2 LARGE PARTIES OF IMMIGRANTS COME Will Go Farming in Canada—Round World Tour Completed.

Bringing the largest passenger list of the season, 966, the Canadian Pacific steamship *Montcalm* arrived in port yesterday morning from Liverpool, Glasgow and Belfast. The liner encountered favorable weather and nothing eventful happened on the voyage.

SAINT JOHN MEN.

Prominent among the passengers were: J. Carter, R. M. Smith and W. G. Tapley of this city; A. Booth and W. Anderson of Toronto; A. McCaughey of Hamilton, Judge and Mrs. E. Williams of Fort Worth, Texas; P. E. Bousfield and family, who were en route to Asia; McGregor Young of Toronto and E. Foster of Montreal.

Mr. Smith and Mr. Tapley are of Manchester Robertson Allison Ltd. staff, returning after a buying trip. Mr. Smith said there apparently was not much reduction in unemployment in England. He found the English extremely anxious to do business with Canada, and the esteem in which this Dominion is held was pronounced.

TWO LARGE PARTIES.

There were two large land parties on the steamer. One was in charge of Col. D. W. Stevenson of Jordan Falls, Sheburne, N. S. He brought out 107 immigrants, mostly from Belfast and Glasgow. They are all going to western Canada to engage in farming. The majority are coming to this country under the Empire Settlement Act. Some of the families had as many as seven and eight children.

The second party was under the direction of John Kretyer of Alberta, 88 members all from Holland. Some have sufficient capital to purchase land and intend going in for mixed farming.

ROUND THE WORLD.

Judge Erskine Williams of Fort Worth, Texas, and his wife arrived, completing a trip around the world. They went in last August to Shanghai, where the judge was to represent the General Board of Lay Activity of the Methodist church. They sailed out from Sand Point at 12:30, 2, 3:30 and 5 o'clock.

AGED CLERGYMAN DIES SUDDENLY

Rev. A. H. Trafton Stricken in Norton as He Was Returning Here.

After preaching two sermons yesterday in the Norton Baptist church, Rev. A. H. Trafton, a veteran Reformed Baptist clergyman of 85 years, died suddenly this morning at Norton, a little before he was to have taken the train to Saint John, to return to his residence with his daughter, Mrs. Fenwick D. Foley, of East Saint John.

Rev. Mr. Trafton had been taking the pulpit on Sundays in Norton and Millstream, several times during the winter and seemed in unusually robust health for a man of his years. He was known throughout the province for his godly life.

He leaves to carry on his work, two sons in the ministry, Rev. P. J. Trafton, of Fredericton and Rev. Miles S. Trafton, of California, the latter formerly of Saint John, and for several years stationed in and around Woodstock, Carleton county. The body will be brought to Saint John, but funeral arrangements will be deferred until the arrival of Rev. P. J. Trafton from Fredericton this evening.

Timberlands Are Sold By J. A. Gregory

The River Valley Lumber Company, which has its headquarters at Ormoco, and whose president and general manager is R. B. Smith, M. L. A. for Sunbury, has purchased the limits owned by J. A. Gregory, of St. John, that are located in the vicinity of Ormoco Lake, including both Crown Lands and freehold properties. It is understood that estimates made after clearing showed not less than twenty-seven million feet of lumber on the lands. The price has not been stated.

BUILDING REPORT.

Lloyd Ryan is superintending the clearing up of the debris from the site of the Saint John Garage, Princess street. He says that something in the nature of a garage or auto sales rooms will be erected there eventually.

Boy Goes Through Ice at Marble Cove and His Brother Rescues

While playing on the ice of Marble Cove near the path leading to Murray & Gregory's mill on Saturday afternoon, Arthur Wilson, aged nine years, broke through into deep water and was rescued with difficulty by his brother, George. The ice was weak and gave way under the small boy. When attempting rescue, his brother narrowly escaped going through the ice.

After being taken from the water, Arthur was carried to his home at 298 Main street, where he was given attention. He was said to be none the worse for his experience this morning.

DRESS TOOK FIRE AS SHE READ PAPER

Further Particulars of Death of Mrs. A. C. Smalley, in Toronto, Received.

Further particulars of the death of Mrs. Arthur C. Smalley in Toronto, reported in Saturday's paper, show that her death was particularly sad. She was reading a newspaper when resting on a couch in her home. She was close to a grate fire and the newspaper took fire and Mrs. Smalley was severely burned. She was taken to the Western Hospital but died two days later, despite all that could be done.

Believers in Saint John were greatly shocked to receive word of her death. Mrs. Smalley was a daughter of Mr. and Mrs. Joseph MacVay, of St. Stephen, and besides her husband and two children she is survived by her parents and four sisters, Mrs. Mayes Case, Saint John; Mrs. W. Richardson, Mrs. J. M. Flewelling and Miss Lela MacVay, in St. Stephen.

The body was brought to St. Stephen today for burial.

As Iram Sees It

Well, sir, I had a talk with Sir Henry Thornton in Montreal last week. When I went in he sat me down and said, "You don't want nothing? Come here till I look at you." "An' he drug me down onto a big soft lounge alongside o' him an' looked at me fer quite a spell afore he said another word. I told him that now the bad weather is pretty much over if he'd just hev a lot o' Red Caps with umbrellas at the station in Saint John when the trains went in an' out it 'ud save coverin' them tracks over till fall—an' he said he'd make a note o' it. He looked as if he thought I was gassin'—but he didn't say so. We had quite a chat—but I guess I must have done most the talkin'—fer when I begun to think it over afterwards I couldn't remember anything he said that made me know any more's when I went in—no, sir.
