

ANTI-DUMPING LAWS ADD FUEL TO TRADE WAR

Both Britain and United States Full of Agitation for Discriminating Legislation.

BOUND TO AFFECT FOREIGN TRADE

Business Men of Both Countries Against the Passing of Such Laws.

By CARL W. ACKERMAN. Copyright, 1920, by Public Ledger Co. London, June 10.—The "trade war" between England and America is again assuming serious proportions. The agitation both in this country and the United States favoring anti-dumping legislation is rapidly becoming the chief means of encouraging Congress and Parliament to pass legislation without taking into consideration the effect upon foreign countries and the export trade.

Passage by the House of Representatives of a bill designed to prevent dumping in the United States of foreign-built airplanes and consideration of "Commons" committees of the indemnity bill, now before Parliament, which, if passed, will wipe out \$300,000,000 worth of obligations of the British Government to American exporters for goods seized during the war under the defense of the realm's act, are cases in point.

The enactment of anti-dumping legislation in Washington is strengthening those government and parliamentary circles in London that desire the same kind of legislation here and it is feared by American business men as well as government officials that if Congress and Parliament once begin passing legislation discriminating against foreign goods there will be no other end than a legislative trade war to the detriment of the foreign trade of both nations.

For instance, no sooner had news reached London to the effect that Congress had passed the anti-foreign airplane bill than agitation commenced here in favor of a law to prevent the dumping of American-made automobiles in this country. In recent months imports of American automobiles here have increased to the extent of \$100,000,000 worth of goods, according to official estimates an eighth less than American firms.

George Favored Provisions. By bringing in the indemnity bill the Lloyd George Government sought to enact into legislation all those objectionable provisions of the indemnity bill and the anti-dumping bill which were defeated in Commons. I shall give an expert's analysis of the bill, because it is passed in the present state it will inevitably lead to an exchange of notes between the United States and the British Government, because it is in the nature of the government of his obligations to pay compensation and damages which British law itself says is now due and which it is to be borne by the British Government.

BANK CLERK COMMITS SUICIDE

Everett, Mass., June 10.—Miss Edna Merriman, a 29 year old clerk for the Everett Trust Company, shot herself through the heart in the teller's cage of a branch office of the bank today. She died instantly. Miss Merriman had returned to her duties yesterday after convalescing from an operation for appendicitis.

ASSEMBLY TO FIGHT RACE TRACK GAMBLING

Recommend That Local Service Committees Undertake Campaign to Stir Public Against This Practise.

Ottawa, June 10.—Premier Borden announced to a delegation from the Presbyterian Assembly that the Government was not prepared at present to pass any further restrictions on race track gambling. The committee met the Premier yesterday urging suppression of race track gambling and reported the Premier's answer at the closing session of the Assembly this afternoon.

Rev. Dr. Shearer, Toronto, moved that the Assembly regret to learn the Prime Minister fears that Parliament would not support the complete suppression of race track gambling, and that the Assembly recommend that the Social Service Committee undertake a campaign throughout Canada so that public feeling would demand the clearing out of the disgrace of expressly legalizing what are, in fact, common gambling houses.

The question of increasing salaries of secretaries, superintendents of missions, etc., described as official, from \$3,500 to \$4,000 was discussed at length. At the previous session the Finance Committee recommended the increases be made, but an amendment was proposed that the question be tabled until the next General Assembly.

MASONIC GRAND LODGE OF N. S. ENDS SESSIONS

Elect Grand Officers for ensuing Year—Those Chosen Were Installed Yesterday.

Yarmouth, N. S., June 10.—The Masonic Grand Lodge of Nova Scotia completed its deliberations this afternoon with the election of officers. Those chosen were later installed by the Right Worshipful, Rev. William Driffield, who acted as installing officer, assisted by Right Worshipful Brother Allan M. C. Hill of Yarmouth. The officers are as follows:

Most Worthy Grand Master—Geo. D. MacLoughlin, New Glasgow, N. S.; Deputy Grand Master—D. A. Thompson, New Glasgow; Senior Grand Warden—L. Alexander, New Glasgow; Junior Grand Warden—F. J. Fuller, New Glasgow; Grand Treasurer—John MacAloney, Halifax.

UNIONS RESENT HAIG'S STATEMENT

British Trades Unions Declare They Are Doing Everything Possible to Place Ex-Servicemen.

London, June 10.—Earl Haig's attack upon trades unions for their alleged penalization of ex-service men is strongly resented by some unions, who declare that large numbers of unions have kept members on their books during the war, paying contributions, and making it their special duty to get these men into work on demobilization. It is also asserted that employers are not blameless in the matter of ex-soldiers being workless; that the matter of ex-soldiers, who promised to employ a definite proportion of ex-soldiers, numbers only 100,000 whereas the total of employed in the country totals sixteen million.

C. N. R. EARNINGS

Toronto, June 10.—Canadian National Railway's gross earnings for the week ending June 7th, 1920, amounted to \$1,618,195, as compared with \$1,699,340 for the corresponding week a year ago.

PROFITEERING SUGAR FIRMS TO BE PUBLISHED

Board of Commerce Prepares List of Those Adjudged Guilty by the Board.

BUCK PASSED TO ATTORNEY GENERALS

Whether Prosecutions Will be Undertaken is Question for Each Province to Decide

Ottawa, June 10.—The Board of Commerce proposes, at an early date, to issue a list of persons and firms liable to indictment for sugar profiteering. The list contains the names of retailers and wholesalers who are scattered in many parts of Canada, chiefly in Ontario and Quebec.

Whether prosecutions will follow depends upon the action of the Attorney-Generals in each of the provinces. These officials will be furnished with particulars of the profiteering alleged by the Board, and it is up to them to indict the offenders under the criminal code, as provided for in the Combines and Fair Prices Act. The announcement that this list would be made known at an early date, probably Friday, was intimated this afternoon by Mr. W. F. O'Connor, acting chairman of this Board, following the hearing of H. D. Marshall, Ottawa, general broker in the sugar investigation. The facts contained in the list are the results of the country-wide investigation which the Board has been carrying on for some time. Mr. Marshall has gathered the information through questionnaires sent to those retailers and others, and contains particulars of prices to buyer and seller.

ALLEGED TRAIN ROBBER ON TRIAL

Quebec Court Begins Trial of First of Three Accused of Spectacular Train Robbery Last September.

Quebec, June 10.—(Canadian Press.)—At the opening of the special term of the criminal assizes here today the court began the trial of J. Bernardin Proteau, who is charged with the role of having operated the spectacular train robbery last September at Harbachi, when three masked men held up 11 mail clerks and got away with \$71,000.

Before the first witness for the Crown was called in the case, Mr. Proteau, who is a Francophone, briefly reviewed the case for the jury, saying that the accused had boarded the Ocean Limited between Levis and Montmagny, and had menaced the mail clerks with a pistol, stealing postal matter, valued at \$71,000, from the mail car.

AMERICAN EDITORS VISIT SYDNEY

Greatly Impressed With the Possibilities There for Steel Production.

Sydney, N. S., June 10.—"We realize that we are visiting a district that may be in the light of recent developments, easily be one of the principal steel centres of North America," declared William Wilks, President of the National Editorial Association party who arrived in the city this morning on the C. N. R. million dollar special train, and spent the day touring Cape Breton, and the auto tour of the city was followed by a visit to the Dominion Steel Company plant. A luncheon was tendered the visitors by the city of Sydney. In the afternoon the visitors embarked on a coast-to-coast steamer for a trip up the Bras d'Or Lakes picking up their special train at Iona and proceeding west on their tour of Eastern Canada. A numerous party of Canadian National Railway officials is accompanying the newspaper delegation. The editors expressed themselves as much pleased with the railway equipment placed at their disposal. The all steel ten car Pullman special being the finest train that has ever been seen in Eastern Nova Scotia.

ENDEAVORING TO SETTLE STRIKE

Halifax City Council Ask Shipyard Manager and Marine Workers to Get Together.

Halifax, N. S., June 10.—At a meeting of the city council tonight a resolution was unanimously passed asking the Halifax Shipyard and the Marine Workers to call in a 10-day party with the view of bringing about a settlement of the strike at the yards.

U. S. INVITED TO SOVIET CONFERENCE

London, June 10.—(By Canadian Associated Press.)—Premier Lloyd George, in the House of Commons today, said that the United States Government had been asked if it desired representation in the negotiations with Soviet Russia, but had not replied. The government had received a communication from China regarding prospective renewal of the Anglo-Soviet Alliance, but the terms could not yet be published.

SKULSKI CABINET HAS RESIGNED

Warsaw, June 10.—The cabinet of Premier Skulski resigned Wednesday. The Ministry assumed office on December 15 last. The resignation of the cabinet is understood to have been brought about chiefly by opposition to the government's policy with regard to the question of a buffer state between Poland and Russia.

FEDERATION WIPES OUT THE "COLOR LINE"

Labor Delegates Warned That Negro Workers Must be Given Full Membership in All Unions.

Montreal, June 10.—The American Federation of Labor, in its annual convention here today, wiped out the "color line" and warned its affiliated international unions that negro workers must be given full membership in all unions. The One Big Union organization of Canada made its first open assault on the Federation today when an appeal was sent broadcast throughout the city to all "yellow workers" warning them that the "entireties of craft-unions are in their midst. The circular recalled the steel, coal and the recent railroad strikes to support their claim that the delegates of the Federation now in Montreal have "specialized in co-operating with the bosses and government and altogether have railroaded and jailed the representatives of our class."

After impatiently marking time all day for the Resolutions Committee to complete its work, the third convention received with cheers the reading of the platform by Senator Watson, of Indiana, the committee chairman, and adopted it with a great chorus of cheers.

DEMPSEY SMASHED HIS WIFE IN JAW

She Testifies Against Divorced Husband Who is Being Tried for Draft Evasion.

San Francisco, June 10.—Judge M. Dooley of the U. S. Court ruled today that Mrs. Maxine Dempsey might testify to non-confidential relations in the case of her divorced husband, William Harrison Dempsey, a woman heavy-drinking champion, on a draft evasion charge. Yesterday the court barred Mrs. Dempsey's testimony as to her confidential marital relations.

QUEBEC COURT BEGINS TRIAL OF FIRST OF THREE ACCUSED OF SPECTACULAR TRAIN ROBBERY LAST SEPTEMBER.

Quebec, June 10.—(Canadian Press.)—At the opening of the special term of the criminal assizes here today the court began the trial of J. Bernardin Proteau, who is charged with the role of having operated the spectacular train robbery last September at Harbachi, when three masked men held up 11 mail clerks and got away with \$71,000.

AMERICAN EDITORS VISIT SYDNEY

Greatly Impressed With the Possibilities There for Steel Production.

Sydney, N. S., June 10.—"We realize that we are visiting a district that may be in the light of recent developments, easily be one of the principal steel centres of North America," declared William Wilks, President of the National Editorial Association party who arrived in the city this morning on the C. N. R. million dollar special train, and spent the day touring Cape Breton, and the auto tour of the city was followed by a visit to the Dominion Steel Company plant. A luncheon was tendered the visitors by the city of Sydney. In the afternoon the visitors embarked on a coast-to-coast steamer for a trip up the Bras d'Or Lakes picking up their special train at Iona and proceeding west on their tour of Eastern Canada. A numerous party of Canadian National Railway officials is accompanying the newspaper delegation. The editors expressed themselves as much pleased with the railway equipment placed at their disposal. The all steel ten car Pullman special being the finest train that has ever been seen in Eastern Nova Scotia.

ELEVENTH HOUR COMPROMISE SAVES PARTY

Threatened Split in Ranks of Republicans Over League of Nations Has Been Averted.

HARMONY ON ISSUE NOW REPORTED

Relative Chance of the Presidential Candidates Apparently Little Affected by Platform Adopted.

Chicago, June 10.—Rescuing the party by an eleventh hour compromise from a threatened split on the League of Nations issue, the Republican National Convention, today, adopted a platform and then adjourned to nominate a candidate tomorrow. Harmony on the League issue was reported after many hours of heated negotiations revolving about the Subcommittee on Resolutions, but bringing into consultation, first and last, virtually all the big men of the party. In the end the irreconcilables and mid-reservationists accomplished a treaty plank drafted by Elihu Root before his departure for Europe several weeks ago, but revised in some details to meet the views of the contending elements.

After impatiently marking time all day for the Resolutions Committee to complete its work, the third convention received with cheers the reading of the platform by Senator Watson, of Indiana, the committee chairman, and adopted it with a great chorus of cheers.

MINERS WANT SHARE IN COAL INCREASE

Are Formulating Demand for Wage Increase in Keeping With Advance in Coal Prices.

London, June 10.—Under the presidency of Robert Smiley, the Miners' Federation held a conference in Memorial Hall today and decided to formulate a demand for an increase in wages, as a share of the increase in the price of coal. The federation also adopted a resolution protesting against the military domination of Ireland and instructed its parliamentary committee to summon a special conference of trades unions to deal with the production and handling of munitions for Ireland and Poland.

SUCCESSFUL N. B. STUDENTS AT MCGILL

St. John Boys Mentioned in Pass Lists of Medical Dept.

Special to 'The Standard'. Montreal, June 10.—In results of third year medical examinations in medicine, announced by McGill University today, the following New Brunswick students are mentioned in the pass list: Edward Joseph Basson, Joseph Murray Baxter, Russell, Henry Donnelly, of St. John, and Harold Hayes Sharp, of Sussex.

MURDER BRITISH CITIZENS AT TELFAR

London, June 10.—Two British officers of the Government officials and a number of townspeople were killed in an attack by Shapurji Tribesmen on Telfar, near Mosul, Asiatic Turkey, according to Baghdad advices coming by way of Bombay. The government building was seized in the attack which was reported on June 4. A punitive column is expected to have been sent from Mosul.

PRESBYTERIANS PASS IMPORTANT RESOLUTIONS

Warmly Commend Movement in Many Industries Toward Giving Workers Share in Wealth Produced.

Ottawa, June 10.—The Presbyterian General Assembly, in a resolution today warmly commended movements now on foot in many industries toward "giving the workers an equitable share in the wealth jointly produced."

"Co-operating with the state, and with the workers themselves, in providing insurance against unemployment, accident, and illness, and in providing pensions for old age and widowed mothers."

SINN FEIN ISSUES BAN ON EMIGRATION

Calls Young Irishmen Cowards Who Would Leave Their Country at This Critical Stage.

Montreal, June 10.—A cable to the Montreal Star from Dublin says: "Sinn Fein has issued a ban on emigration from this country. The increasing number of young Irishmen leaving the country for the United States. The Leitrim Branch of the Gaelic League, in issuing a warning notice, describes emigration as a 'grave danger' and adds: 'Young Irishmen leaving their country at this critical stage, not only desert their posts, but earn the imperishable name of cowards. Should this appeal fall on deaf ears, there are other means and ways which can be adopted at very short notice, and emigration will be stopped at all costs.'

G. T. EMPLOYEES WIN DECISION

Cconciliation Board Makes a Majority Report Favorable to Men.

Montreal, June 9.—A majority award is announced in the dispute between the Grand Trunk Railway and its station, yard and office employees, numbering over 7,000, whereby the conditions agreed upon and the recommendations made will together add \$1,000,000 to the annual payroll of the company. The award is signed by Mr. Justice McLennan, chairman, and Mr. U. E. Gillen, of Toronto. The third member of the board, Fred Bancroft, does not join in the report and intends, it is stated, to make a separate report.

DALHOUSIE FUND JUMPING AHEAD

Bank of Nova Scotia Contributed \$20,000 to the Fund Yesterday.

Halifax, N. S., June 10.—It was announced at the central headquarters today, that the Bank of Nova Scotia had contributed twenty thousand dollars to the Dalhousie University campaign fund. The campaign is making good progress in various parts of the province. In New Glasgow, today, subscriptions totalling \$100,000 were secured.

MURDER BRITISH CITIZENS AT TELFAR

London, June 10.—Two British officers of the Government officials and a number of townspeople were killed in an attack by Shapurji Tribesmen on Telfar, near Mosul, Asiatic Turkey, according to Baghdad advices coming by way of Bombay. The government building was seized in the attack which was reported on June 4. A punitive column is expected to have been sent from Mosul.

BRITISH LABOR SEEKS CONTROL OF PARLIAMENT

Has Definite Ideas for the Government of the Country—Use Ballot to Attain Its Aims.

LED BY SANER MEN WORKERS ARE GAINING

Want a Bigger and Better England—Not to Destroy Their Country.

By W. ORTEN TEWSON. Copyright, 1920, by Cross-Atlantic Newspaper Service, Ltd. London, June 9.—The trend of the world's labor activities since the war has caused world-wide anxiety over what labor, organized and unorganized, is driving at. Has it a definite programme? Where is it going, and what are its aims? A comprehensive survey of British labor results in positive answer to the world labor enigma for at least one nation. British labor in the overwhelming mass is driving at political power. It has a definite programme. It is aiming for mastery of the British Parliament; and it seeks that end definitely through the establishment of procedures for a two-month month have heralded the likelihood of a sweeping labor victory at the next general election; and while later calculations have seemed to tend away from this pronounced view, the possibility of a labor accession to supreme political power is still paramount.

The British labor party today is headed by men of outstanding ability and national prominence. While a government organizer by the Laborites would undoubtedly institute radical reforms, any suggestion that a labor victory would result in a general social re-structuring and democratization is not considered.

Interviewed as to the aims of British labor, J. R. Clynes, M. P., late food controller, president of the National Union of Workers, and O'Grady, M. P., secretary of the National Federation of Labor, gave me summaries of labor programme which may be taken as representative of labor opinion throughout Britain. Clynes said: "The parliamentary machine is a weapon we will employ. We advocate the necessity of getting hold of the chief objective of the labor movement. The power to get possession of that machine is within the reach of the workers now. Fighting, strikes and revolutionary phrases will never accomplish the emancipation of labor as a whole. Let the workers send their representatives to parliament instead of the capitalist exploiter and the present system will soon crumble."

"We cannot be a party to joining with the co-operative movement which seeks to bring force to labor by a minority respecting the unwillingness of the majority. We prefer to wait until the willingness develops naturally."

O'Grady said: "Labor has one definite goal, and that is to get control of the parliamentary machine by constitutional and not violent means. When labor gets control, capitalism will find its level and democracy will come into its own. We must find means of consolidating labor internationally. It is only through that channel that we can secure the peace of the world."

"The workers have no desire to wipe out aristocracy, but they are certainly determined that there will be no more plutocracy at the expense of labor. Labor means to be the controlling force over any accumulation of wealth."

"We don't believe in revolutionary methods to solve our problem, although we certainly think the existing parliamentary system demands revising, and that is one of our objects. Instead of being destructive, our policy is essentially constructive. And that is the one big thing that labor is driving at. We want a bigger and better England—not to destroy our country."

AMERICAN SECTION FRENCH ENGINEERS

Civil Engineers of France to Have Organization in This Country.

Paris, June 10.—The French Society of Civil Engineers soon will create an "American section" of that body which will have for its membership at the outset French engineers in America whose task it will be to arrange for American civil engineers to visit the devastated regions of France.

"The time for this visit has not arrived as yet," says M. Gruner, president of the French society, "for we desire to have the American engineers see not only our ruins, but also our work in restoring them."

BOARD OF COMMERCE FILES REPORT WITH PARLIAMENT

Sets Forth Difficulties and Obstacles Met in Their Work—Lacked Authority to Go Ahead in Certain Cases—Recommend Amendments to Certain Laws to Increase Efficiency of Board.

Ottawa, June 10.—The Board of Commerce has filed its report with Parliament covering its activities since its inception. It plainly sets forth that many differences were encountered, and that it was quite impossible to get results desired, as the Board lacked full authority and power required in many instances.

A list follows of the hearings, investigations and decisions of the Board between August 20, 1919 and March 31, 1920, in fifteen different cities of Canada and the United States on general matters and ten hours hearings on the newspaper question between October 11, 1919 and March 16, 1920. The board's control of newspaper was rescinded on April 7, 1920, following a decision rendered in the Supreme Court of Canada that newspaper control as a war measure was no longer justified.

Dealing in its concluding remarks with the investigation of combines, the Board states that only lack of a competent staff has prevented it from going further into this matter. Dismissing from the view expressed by Judge H. A. Robson, ex-Chief Justice of the Board, the operations committed to the Board were impossible of operation, the present commissioners point out that the Combines and Fair Prices Act relates as well as to fair prices in combines, trusts and mergers, and to this first part of the Act, says the report, it was the experience of the commissioners "during the regime of the ex-chief commissioner (J. G. Robson) it was very difficult to secure any attention. In the end the present commissioners themselves (the report continues) very shortly before the resignation of the ex-chief commissioner, and without his assent, set into the first part of the Combines and Fair Prices Act with the result that the Board is now in possession of many hundreds of returns, the scope of which may be judged upon reading the summary of returns in this report. The board's investigations into the existence of combines, trusts, mergers, price fixing arrangements, etc., steadily proceeding and it, when the board's jurisdiction is established, the board will be prepared to take such action as may be necessary."

The Board states that in this connection it does not prejudice any combine as to the public detriment. It has not been supplied with adequate staffs to digest the mass of information in its possession. A hundred staple articles of groceries, including many trade marks, commodities, are included in this list.

Dealing in a general way with returns from retailers, the Board states that many are reporting regularly, having found that the close scrutiny over their business operations, necessary to the compilation of the reports, is beneficial to the conduct of their business. Many are not reporting, and will be prosecuted, says the report. The work entailed on scrutineers and dealing upon the character of all these associations and price-fixing systems, the Board points out, is so vast that it has to be postponed until the Board is authorized to secure necessary and trustworthy assistance. This work was to have been done by the Trade and Transportation Commission of the Board which has never been in force, because the Civil Service Commission refused to sanction the employment of the Board's appointees to the directorate of this division, after four months of application. The civil service commission is shown, throughout the report, to have handicapped the work of the Board of Commerce, and the Board's report states frankly that it cannot continue useful operation unless its experts can be chosen

REPUBLICANS ADOPT THEIR PLATFORM FOR CAMPAIGN

Various Planks Are Devoted to Industrial Relations, Agriculture and the Like—The One on Foreign Relations Would Keep United States Aloof from European Affairs—Willing to Help Civilization—Wilson Condemned.

Chicago, June 10.—The completed draft of the Republican platform was presented by Senator Watson to the convention today. The first plank dealt with industrial relations. It recognized the justice of collective bargaining and advocated government initiative to reduce the frequency and limit the consequences of strikes and lock-outs. For labor troubles in public utilities the plank favors the type of tribunal provided for in the transportation act of 1920. In private industries the plank favors impartial commission and better facilities for voluntary mediation, conciliation and arbitration, supplemented by full publicity.

With regard to Mexico, the platform says that the ineffective policy of the present administration in Mexican matters has been largely responsible for the continued loss of American lives in that country and on the border; and for the enormous loss of American and foreign property. "We should not," says the text, "recognize any Mexican government unless it is a responsible government, willing and able to give sufficient guarantees that the lives and property of American citizens are respected and protected, that wrongs will be promptly corrected and just compensation will be made for injury sustained."

Treaty Plank.
The treaty plank put the Republicans on record "for agreement among the nations to preserve the peace of the world," and declared that the covenant for the League of Nations "has failed" to accomplish peace. The plank declared that the League covenant regulated, to a degree wholly unnecessary and unjustifiable, the policies of Washington and Monroe. "The unfortunate insistence of the President upon having his own way without any change in the very machinery of the Senate to vote according to their own judgment, or submit to the commands of a dictator."
The plank also approved the course of the senators, acting in opposition to the covenant, and pledged the Republican administration "to such agreement with the other powers of the world as shall meet the full duty of America to civilization without surrendering the right of the American people to exercise its judgment and its power in favor of justice and peace."

Wilson Condemned.
President Wilson was condemned for asking Congress to empower him to accept a mandate for Armenia. The acceptance of such a mandate, the plank said, would throw the United States into the very maelstrom of European quarrels, would make it necessary to send to Armenia \$9,000,000 troops and would cost \$75,000,000 from the first year and \$75,000,000 in five years.
"We deeply sympathize with the people of Armenia and stand ready to help them in the very best way," the declaration continues, "but the Republican party will oppose now and hereafter the acceptance of a mandate for any country in Europe or Asia."

Foreign Relations.
The Foreign Relations plank was the one the convention was waiting for, with its reference to the Peace Treaty.
Attention tightened as Senator Watson reported that part of the platform. It cheered the Mexican plank loudly with its attack on President Wilson's conduct of the war, and like system cheer for as the portion referring to the League of Nations was made public.
At the outset the platform declared that the outstanding features of the Democratic administration had been complete unpreparedness for war and complete unpreparedness for peace.
"Inexcusable failure to make timely preparations is the chief indictment against the Democratic administration in the conduct of the war. Has not our land and sea, during 42 months of our preparation, and furnished us to the very day of the Armistice with munitions, planes and artillery, this failure would have been punished with disaster. It indirectly resulted in unnecessary losses to our gallant troops, in the impertinent waste of public funds literally poured into the breach created by gross neglect. Today it is reflected in the huge tax burden and the high cost of living."
Unpreparedness for peace, the platform said, was reflected in the fact that the government was continued on a war-time basis, and war-time legislation continued "its arbitrary and inquisitorial control over the life of the people in time of peace."
The plank on Agriculture proposed practical and adequate farm representation in the appointment of governmental officials and commissions; the right to form co-operative associations for marketing farm products, and protection against discrimination; scientific study of agricultural prices and farm production costs; and of price fixing; improvement of transportation and amendment of the farm loan act.

The platform contained a plea for economy in Government and for a national budget. Re-organization of Federal departments is demanded. Conservation of forests was also emphasized as well as a broad policy of reclamation. The soldier relief plank enable the Board to undertake them.
Correspondence between the Board and the Civil Service Commission occupies 102 pages of the report. It shows the efforts made by the Board to obtain certificates for experts employed for special work, and draws attention to the fact that some of these worked as much as six months before any salary could be obtained for them, and in other cases salaries were reduced by the commission after months of waiting.

STOP LOOK and LISTEN
before purchasing a baking powder that may possibly contain injurious ingredients. Many food scientists claim that baking powder containing alum is unsafe for use in food. The mere fact that some brands of baking powder have the words "No Alum" on the label is not sufficient proof that they are what they are represented to be. Our chemists find a good many have "No Alum" on the outside, but large quantities of it inside.

MAGIC BAKING POWDER
Contains No Alum
Pure Wholesome Economical

week here, leaving for Ottawa on Saturday.
Mr. George Burt was a visitor here during the week.
Mr. C. Y. McNevin has returned from Snyx.
Mrs. Everett Manzer and children, St. John, are visiting her parents, Mr. and Mrs. Ernest Till.
Mrs. John Stewart is spending a time with Mrs. E. S. Hopkins.
Hon. J. F. Tweeddale, Arthurville, was here during the week.
Mrs. Wm. Gaunce and Mr. Henry Tibbitts spent Friday at Four Falls, at Mr. LeBaron Anderson's.
Miss Beattie Mullin left for Lewiston on Saturday, after a short visit with her father and sisters.
Miss Jennie Kelly has been visiting Mrs. Robert Kelly at Arnsbrook.
Mr. and Mrs. George Filmer and family, of Woodstock, spent the King's birthday with Mr. and Mrs. R. W. Lewis.
Mr. LeBaron Anderson has been spending a few days in Fredericton and the Barony.
Messrs. Alex. Stevenson, Alex. Stratton, Harry Blackley and Geo. Davis motored to Odell on Sunday, where they were guests of Dr. Brush. Mrs. Lewis McQuade spent the

week-end with relatives at Morrell.
The first tennis tea was served at the grounds on Saturday, when the hostesses were Mrs. Herbert Barra, Misses Janet Curry and Pearl Waite.
Mr. Frank Simonds, of Sussex, was calling on friends here during the week.
Emil Lavine, who was tried under Speedy Trial on Friday by Judge Carleton, charged with breaking into the store of Mrs. Cox at Four Falls and stealing a sum of money, was sentenced to two years in penitentiary, and was taken to Dorchester on Monday.
Mr. W. E. McMonagle, Grand Falls, was here last week.
Mr. Wallace McLeod was in St. John last week.
Mr. and Mrs. Harry Tibbitts spent the week-end at Upper Kent.
Mr. Dyson Wallace spent the week-end at Dr. Macintosh's and on Sunday in company with James Porter, Jr., went to Woodstock by canoe.
Mr. Charles Howard left on Monday to visit friends in Charlottetown, P. E. I., and St. John.
Mr. Carl Flemington, Fredericton, is visiting his parents, Rev. Charles and Mrs. Flemington.

HAD HEAD INJURED.
Shortly after noon yesterday, John Collins, gateman at Gilbert's Lane crossing fell in a faint and struck his head on a rail sustaining a scalp wound that was dressed at the General Public Hospital after which he was removed to his home, 104 Paradise Row.

SPEEDING SHIPMENTS.
Commissioner Frink, accompanied by Road Engineer Hatfield and Frank Wade, went to Hamstead yesterday morning to arrange for the delivery of granite curbing and blocks for which the city has contracted. It is said that there is considerable stock available there that has not yet been shipped.

CUTTING ON CITY LANDS
Although it was expected that a settlement would be reached yesterday in regard to the cutting on city lands, the cruiser was not able to put in his estimate and Frank Boyle did not come to the city.

Andover

Andover, N. B., June 7.—Mrs. Geo. Wright and little daughter spent a few days recently at Grand Falls and Limestone.
Rev. J. R. Byles spent a few days last week in St. John.
Mr. and Mrs. Charles Olmstead and family spent last week-end at Mr. Fred Olmstead's, Grand Falls.
Mr. Benjamin Bell is spending some time in St. John.
Mr. John Curry came from Magaguadavic on Monday and spent a few days at his home here.
The many friends of Miss Grace McPhail are glad to learn that she is improving after an operation at her Memorial Hospital, Woodstock.
Miss Beattie Kilburn is visiting Mrs. Gratien L'Anglois at Anegue, Quebec.
Mrs. Wm. Gaunce, Upper Kent, was the guest of Mrs. Harry Tibbitts the past week.
The Misses Willin entertained several friends on Tuesday evening, when among the guests were Mrs. May Robertson, Misses Ruby, Louise, Mabel Wark, Vera Henderson, Alma Andrews, Florence Ritchie, Cecil and Violet Simon, Inez Wright, Myrtle and Pearl Waite, Rev. A. E. Kochaly, Messrs. Wark, Fred and Vernon Ervin, Clyde Grant, Tom Wark, Cecil Turner, Gage Montgomery, Paul Wright and George Davis. After a pleasant evening of games and music a delicious lunch was served by the Misses Willin and Wark.
Mr. M. L. Hayward, Hilland, was here during the week.
Mr. T. J. Carter spent part of the

OBITUARY.

Israel H. Burrell
Moncton, N. B., June 10.—The death of Israel H. Burrell took place at the home of his son-in-law, A. E. McSweeney, this city this evening at eight o'clock. He had been a patient sufferer for more than six months and it was known by his friends that he could not recover. About sixteen years ago Mr. Burrell moved his family from Weymouth, N. S. to Moncton, and was for a number of years physician on the Intercolonial Railway. A few years ago he retired from the service and for nearly twelve years he has resided with his son-in-law and daughter.
Deceased came of a well known Yarmouth, N. S. family which, for years was largely engaged in ship-building in the days when wooden ships were a big factor in the life of Nova Scotia, and was a member of the William Burrell Co., and the last surviving member of the firm whose ships were known in almost every part of the world. The surviving members of his family are his third wife, who resides in Berkeley, California, with her three sons, Miss Gladys Burrell, nurse, New York; Major Douglas Burrell of Minneapolis and Mrs. A. E. McSweeney, Moncton. The body will be taken to Yarmouth for interment on Saturday.

Mrs. W. T. Corey.

Moncton, June 10.—Rev. C. W. Corey, pastor of the Lewisville Baptist Church, received word tonight of the death of his step-daughter at the home of his brother in Havlock, where she resided. Deceased was the widow of the late Rev. W. T. Corey, and she obtained certificates for experts employed for special work, and draws attention to the fact that some of these worked as much as six months before any salary could be obtained for them, and in other cases salaries were reduced by the commission after months of waiting.

Children Cry for Fletcher's

CASTORIA

Fletcher's Castoria is strictly a remedy for Infants and Children. Foods are specially prepared for babies. A baby's medicine is even more essential for Baby. Remedies primarily prepared for grown-ups are not interchangeable. It was the need of a remedy for the common ailments of Infants and Children that brought Castoria before the public after years of research, and no claim has been made for it that it uses for over 30 years has not proven.

What is CASTORIA?
Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrup. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. The Children's Comfort—The Mother's Friend.

GENUINE CASTORIA ALWAYS
Bears the Signature of

THIS SALES CREW HAS THE RIGHT PLAN FOR SELLING SPARK PLUGS

A crew of ten salesmen of the Champion Spark Plug Company of Canada, Limited, has just completed an unusually successful campaign in the City of Montreal. Their work during the past two weeks has been more than passing interest, owing to the fact that the methods adopted represent the last word in modern intensive merchandising.

It is interesting to note that this

BERMUDA IS PLANNING BIG CELEBRATION

Tercentenary of Founding Will be Marked by Appropriate Ceremonies.

PRINCE OF WALES TO BE PRESENT

First Session of Colonial Parliament Was Held August 1, 1820.

Hamilton, Bermuda, June 10.—Bermuda, the oldest remaining British "plantation" is preparing to celebrate its Tercentenary this autumn, for which purpose \$2,000 have been appropriated. Since the Prince of Wales announced the other day that he means to pay a call on his loyal subjects, they hit on the scheme of combining two festive occasions and having one grand affair on October 7 when the Renown, with the heir to the throne aboard, is to cast anchor here.

MURDER TRIAL BEGINS AT CHARLOTTETOWN

Attorney General Outlines His Case Against Thomas Ellis, Charged With Wife Murderer.

Charlottetown, P. E. I., June 10.—Hon. J. J. Johnston, Attorney General opened the case for the Crown at the trial in Summerside today of Thomas Corbett Ellis, returned soldier, charged with the murder of his wife last January. After Mr. Johnston reviewed the circumstances of the tragedy, pointing out that the coroner's jury had found a verdict of suicide, but the Crown proposed to offer evidence to the contrary.

The first witness called was Alexander Murray, to whose home Ellis came to telephone for a doctor at 7:20 p.m. on January 10. Witness said Ellis told him that his wife had committed suicide. "Is she dead?" Murray asked him. "I don't know," Ellis had replied. He also said that he did not know how she committed suicide. Dr. Stewart, of Tyne Valley, was telephoned for. The remainder of Murray's testimony was mainly a description of the bedroom of the deceased, the position of her body, the blood-stained bed, etc.

NAVY'S PART IN THE WAR WELL SHOWN

Naval Section of Imperial War Museum is Most Interesting Place.

"BOYS IN NAVY BLUE" MAY WELL BE PROUD

Seven Thousand Ships Took Part in Campaign—Chart Shows Where Each Served.

(London Express.) There is one exhibit in the naval section of the Imperial War Museum which the King opened at the Crystal Palace on June 9—that might be taken as a symbolical of the whole collection. It is a brass statue of Blücher, captured in East Africa, and bearing the German statesman's own saying: "Never quarrel with England." The museum, the only one of its kind that Britain has ever possessed, is to be a lasting memorial of the greatest effort in war on land, by sea, and in the air that this country and her daughter nations have ever made. The extent of the naval operations alone cannot be released until the list is seen of the names of the ships that took part—7,000 of them, ranging from battleships to trawlers—and the accompanying chart that shows the places where the Navy worked.

Penobscuis

Penobscuis, N. B., June 8.—The rain which has fallen since Saturday night has done a lot of good. Grass had not started to grow, but the rain has shown the effects of the drought, but above all the fire menace will now be less.

Thursday, the King's birthday, was duly observed here. The usual number of visitors were here beside a large number who spent the day picnicking and fishing. In the afternoon the baseball team, along with a lot of loyal followers, went to Corn Hill and defeated the team there by a score of 6 to 4 in a fast, interesting game. On the Saturday previous the Corn Hill team defeated the local team after ten innings of hard baseball by a score of 3 to 1.

The City League Baseball Game

Best Game of Season Played Last Evening When Alerts Defeated G. W. V. A. by Score of Two to One.

In perhaps one of the best games of ball witnessed in the city for some time, the Alerts defeated the G. W. V. A. team on the East End grounds last evening by a score of two to one. The game went a full nine innings and was full of "pop" from start to finish. The fielding on both sides was excellent, the pitchers worked well, and the hits were about equal.

COORDINATING OPERATION OF G. T. AND C. N. RYS.

Consolidation of Dual Offices at Various Points Has Been Decided—Many Details to Work Out.

Ottawa, June 10.—(By Canadian Press)—Hon. J. D. Reid, Minister of Railways, stated today that the recently appointed committee of management for the co-ordination of the operation of the Grand Trunk and Canadian National Railways was proceeding as rapidly as possible with the unification of the two systems. Consolidation of dual offices at various points had already been decided on, and details of the changes are now being worked out. Economies include the consolidation of the passenger tariff bureaus of the two roads by transfer to the Grand Trunk offices. At Montreal and Ottawa the work of the Grand Trunk ticket offices will be transferred to the Canadian National, and the work of the Canadian National ticket offices at Toronto and Hamilton will be taken care of in Grand Trunk offices. Separate offices will no longer be necessary at New York, where the work performed by the passenger representative of the Canadian National Railways will be transferred to the Grand Trunk. The Canadian National freight sub-station at Dufferin street, Toronto, will be consolidated with the Grand Trunk sub-stations at Parkdale and West Toronto.

FRENCH PROTEST OVER CABLE SHIP AWARD

Claim They Are Entitled to One of the Boats Surrendered by Germany.

By HENRY W. FRANCIS, Cross-Atlantic News Service. (Copyright.)

Paris, June 10.—The maritime council of the reparations commission is to be asked by France to reconsider its decision regarding the disposition of the German cable ship, the Grossherzog von Oldenburg, which under the terms of the armistice was turned over to the Allies and which has been ceded to Italy.

ANTI-DUMPING LAWS ADD FUEL TO TRADE WAR

(Continued from page 1.) Court Findings Oblivious.

The bill also provides that if a proceeding has been instituted in any court of law, whether before or after the passing of the act, it shall be thrown out of court. The effect of that is to throw out any pending appeal, and if a judgment has been rendered in a lower court against the government all this need do to vitiate it is to appeal, and it will thus automatically under the law be discharged, so that any decision of a judge of the high court or of the judges of the Court of Appeal can be reversed in favor of the government if a case has been decided by the House of Lords, as the court of last resort.

NAVY'S PART IN THE WAR WELL SHOWN

Naval Section of Imperial War Museum is Most Interesting Place.

There are few parts of the chart that are not marked, even far inland in Europe, where the Deutsche had its naval flotilla. In the centre of London, too, the Navy made history, as we realise from an exhibit that will raise a smile at the present time, as is the little gun that fired the first round at a raiding Zeppelin from the roof of Grosvenor College. It is a comically small in the light of our after-war knowledge of anti-aircraft batteries, but it was good enough in those early days to make the Zeppelin commander regard it as "a battery of heavy guns under the shadow of St. Paul's."

Johnny Kilbane And Young Andy Chaney

Many Condemned the World's Champion for His Poor Showing in Six of the Eight Rounds.

By WILLIAM H. ROCAP, Sporting Editor Public Ledger.

Of the 5,000 ring fans at the Ice Palace on Wednesday night to see the new world champion Young Andy Chaney eight-round bout, many condemned the world's champion for his poor showing in six of the eight rounds. Hundreds near the ringside kept yelling at Referee Frank Plooy to stop the bout or else make Kilbane fight. Did those people stop to think? The writer agrees with them that Kilbane did not show his best in the first six rounds, which viewpoint was borne out by his work in the seventh and eighth rounds. In those two sessions he evinced his right class as the real Kilbane, catching Chaney on the chin and jaw, but not hard enough to spill a tooth. Why don't they do it, then? Those who were censuring Kilbane had in mind how the featherweight had only a few weeks ago had sent Alvin Miller to dreamland with a right-hand punch on the jaw. Miller was a specially trained tough featherweight, who had schooled so beat the champion. The fans of Wednesday night could not convince themselves that it was the same Kilbane.

On the Pantry Shelf of the Woman who Knows

No need now to wait on the milkman or to send out for milk when it is required for any purpose. Foresighted housewives always have on hand a row of cans in assorted sizes of

ST. JOHN, N. B., FRIDAY, JUNE 11, 1920.

THE LAW OF NATIONS.

Many deep and searching thoughts are stirred by a perusal of the report of the recent meeting of the International Law Association, as published in an English exchange which is just to hand. As Lord Reading, the Lord Chief Justice remarked in his presidential address, we all learned during the war that international law is not so avial when it is defied as it is challenged by force of arms. It was a brave lesson for impatient enthusiasts, who seldom rightly appreciated the magnitude of the problems involved in bringing the world under the mid-way of reason. The Hague Tribunal was working helpfully in 1914, but it was never so much as consulted by France and Germany upon the innocent peoples of Europe. But Germany's barbarous disregard of law is, surely, no ground for denying the ultimate hopelessness of establishing a universal reign of law. On the contrary, the very horrors we have had to abide in consequence of Germany's crime ought to spur us on to realize that grand ideal. We need law, in short, to prevent civilization from perishing. Law is the only alternative to the sword, and, therefore, no good citizen can hesitate in his choice. The cause of international law was never more vital to human security and happiness than at the present hour.

Lloyd George and so many other distinguished men of late, passionately reminds us that the League is the single hope of saving the world from a war that will destroy everything we value most.

What is that but saying that we should work as if it were a religious duty to render the League of Nations and the reign of international law a living fact?

THE FORTHCOMING PLEBISCITE.

With all due respect to Premier Foster and those whom he associated with him in drawing up the questions to be submitted to the people regarding prohibition, we think the form he has adopted is to say the least clumsy. Why have four questions when two would answer the purpose better? Why not ask the simple question, Are you in favor of the continuance of the present prohibitory law, and then add "Yes" and "No" after it, so that the voters may strike out which ever answer they choose? And the same with the second question. It would be infinitely less confusing, and people would understand what they were asked to do very much better.

Again, how is a voter who is in favor of beer and wines to mark his ballot regarding the prohibitory law? Is he to say he is for it, or against it? There are any number of voters who don't wish the existing law to be repealed, but who would like to be able to get beer. Will it be possible for them to vote in favor of continuing the Act, and also to vote for the sale of beer without one answer nullifying the other? The Premier, in the statement he issued, provided for some contingencies, but he did not include this one. There may be a majority of people in favor of prohibition being continued, but it is quite conceivable that there may at the same time be a majority in favor of the sale of beer also. Unless it is intended that those in favor of the sale of beer are to leave the other question unanswered, how is it proposed to deal with such a situation?

THE RULE OF THE ROAD IN B. C.

British Columbia and the Maritime provinces are the only provinces in Canada which have so far retained the good old British rule of the road, all the others having fallen in line with the Yankee practice, which was originally adopted just to be different from the British practice. Now, however, British Columbia is apparently about to fall from grace—as our own province may do sooner or later if some unscrupulous enthusiasts are allowed to have their way—and adopt the Yankee practice also. We learn from a Vancouver contemporary that to make the change in the rule of the road will involve one of the largest and most intricate feats of engineering in the history of street railway operations in Canada, and which will cost the B. C. Electric Railway Company anywhere from half a million to a million dollars. All this company's cars, with some few exceptions, are built to conform with the "keep to the left" rule, and to change the rule of the road does not simply mean turning the cars around and running them on the other track. Many replacements must be made. All switches must be taken up and new ones installed, but perhaps the most delicate operation involved will be the rectifying of trolley wires, which do not follow the natural curve of the car around the track, but are adjusted to the swing of the car.

All this expense, and the confusion and inconvenience which the change will cause, is to be undertaken for the benefit of the few hundred automobile tourists who visit the province each year. Can anyone possibly imagine a more diabolically wicked waste of money for so unnecessary a purpose?

CANADIAN RAW MATERIALS.

The attitude of the press of Canada, in relation to the pulp and paper industry, without exception, has been, says the London Free Press, one of keen opposition to any recognition of the United States' demand that the paper mills of that country should have free access to the pulp of this country. Congressman Underwood is proposing that except we remove the embargo upon Canadian pulp going into the United States our neighbors should reciprocate with an embargo upon coal, and thereby seek to compel us to furnish raw material for the American paper mills.

The purpose of the Canadian pulp embargo has been to force the manufacture of paper in Canada. This policy has led to the erection of great paper mills in various parts of the country, giving employment to thousands of men and producing millions of dollars annually in manufactured wealth which otherwise would have accrued to the benefit of the United States. It is one of the measures by which Canada seeks to build up her own country. As such it is entirely justifiable, and, as we have said, has the unanimous support of the press of the nation.

If these special means for building up Canadian industry were appreciated

upon the one hand, why not in all cases? Why should we insist that we will ship our pulpwood out of the country only in the shape of the completed article, and neglect to promote to the utmost the manufacture of other raw materials? Even our grain might go forward in the shape of the manufactured product, rather than that we should keep the mills of other countries busy. Such a policy would be most beneficial to our live stock interests, affording it an abundance of grain of a quality now so scarce as to endanger the live stock industry.

The matter is not one wholly in our own hands, however, for we do not possess all the raw materials which enter, for example, into the manufacture of paper. Some of the chemicals must be imported. We doubt if the machinery employed is made in Canada, though this could be remedied. We need, therefore, to walk carefully. But of the wisdom of giving Canadian labor the advantage of converting our raw materials into the finished product, insofar as that principle may be safely carried out, there seems to be no question.

WHAT OTHERS SAY.

Wives Who Smoke. (London Daily News). Is a husband with "old-fashioned" prejudices justified in smacking his modern wife if she smokes? The question was raised by two cases which have been heard in the Police Court this week. A husband who appeared before the Aston magistrate, as reported in the Daily Express yesterday, objected to his wife's cigarette habit, contracted during the war, and the police officer who was summoned for attacking his wife, stated that her smoking habit irritated him.

Mr. Eynon, the magistrate, said: "I am afraid people who will not let women smoke are considered old-fashioned nowadays." The husband said that he objected to the wife and the magistrate stated that he rather agreed with him.

Cheerful Work. (London Express). There are good workers and willing workers and two are not always one and the same. It is far better and much easier to be one of the willing workers. That means that when some extra effort must be made, when some unforeseen burden must be shouldered, when a job will not be done in some extraordinary time and fashion, you are the man to do it.

Do not listen to those who would have you believe that this is a "tug's game," that those who are willing are always "put upon," and that the more often you make some sacrifice you will be more respected and it is time to turn back. Some, too, say "I go" and go not, while others, kicking and grouting, yet do the work. We all know these types. There is a better. He says "I go"—and goes.

The Supreme Court. (Hamilton Herald). There is a remedy for the impotence of the Supreme Court when its members break ranks in the case of the Board of Commerce. Either another Supreme Court Judge should be appointed or the number of Supreme Court judges should be reduced to five. In either case there would then be a majority of the Judges on the same opinion, and judgment could be rendered accordingly. Why there are six Judges, making deadlocks possible, we do not know. It seems a foolish arrangement. Nine Judges, including the Chief Justice, constitutes the Supreme Court of the United States, and of course when five or six are agreed upon a decision that is the decision of the court.

THE LAUGH LINE.

A Railroad Mystery. Why does a train that starts out from a station as if it were really going somewhere suddenly stop? It never goes far. Why there couldn't have been beforehand that it might have to stop at that particular place. This being so, why doesn't the train wait until it is assured that it will go on without stopping? Nobody knows. Probably nobody will ever know.—Life.

Famous Words of Famous Men. "When are you going to learn to stop charging things?" M. E. S.

Thoughtful Child. "Have you said your prayers?" asked Willie's mother. "Or course!" replied the child. "And did you ask to be made a better little boy?" "Yes," and I put in a word for you and father, too."—London Tit-Bits.

Off the List. "Don't you subscribe to Blank's magazine any more?" "No; when I was in France I received a notice from it asking me to notify you one month in advance if I changed my address."—Home Sector.

Traps and Trappers. Tourist—"My good friend, do you earn your living by simply trapping and skinning animals?" Trapper—"Yes." It runs in the family. I got a brother in Philadelphia in the same business." Tourist—"In Philadelphia?" Trapper—"Yes. He owns one of them apartment houses."—Philadelphia Evening Bulletin.

Consolation. From the agony column: "Young man, recently re-elected, desire apart-

Benny's Note Book

BY LEE PAPE

This afternoon ma sent me to the store for something, and on the way I met Pats Shinkins, saying, Hello Pads, I got to go to Smiths meat store, come with ps?

Which Pads started to do, saying, I wonder why people call it Smiths meat store when he sells vegetables?

Well that don't pertain, I frum being a meat store, does it? I sed. Which it don, and we keep on going till we get there, and Mr. Smith sed, Well, Benny, wat gaa I do for you? Meaning wat did I want to buy, and jest then all of a suddin I forgot wat ma sent me for, and I sed, G, I did know.

And I started to try to think without any twatts coming, and Mr. Smith sed, Was it meet or vegetables?

I forget, I sed.

Potatoes? sed Mr. Smith.

Maybe, I forget, I did know, I sed.

Some kind of chops or stak? sed Mr. Smith.

I don't think so, maybe, I sed.

Maybe it was something in a can? sed Pads. And him and Mr. Smith keep on saying the names of all the different things in the store without reminding me of wat ma told me to get, and all of a suddin some lady that came in after me got mad and sed, I don't intend to stand heer like a dummy all day wat she that boy shows his ignorance. Meaning ma, and she quick waked out, and Mr. Smith sed, There, contoward you, you made me lose a customer, think of wat you want or elts go back and find out.

G, I remember, I sed, it was 2 loaves of bread at the baker's store, I aint supposed to be in heer at all.

Then get out, and get out quick, the 2 of you, sed Mr. Smith.

Which we da.

ments adjoining those of young couple possess of a baby that cries all night, causing father to promenade in pajamas, good, loud, sweaver preferred." Boston Transcript.

IN THE EDITOR'S MAIL.

PROHIBITION AND PERSONAL LIBERTY.

To the Editor of The Standard: Sir.—In an article in your paper recently you asked why, if there was to be any prohibition in the matter of drinks, there should not be similar restrictions as regards food and clothing. I notice in a letter to The Telegraph this morning that our reverend friend Dr. Harrison scouts the idea that there can be any comparison between prohibition of drinks and of food and clothing. Yet we have as it is, prohibition in regard to these matters. The law prescribes certain regulations as to clothing which we all follow. Suppose some of these hot days some young woman were to walk down King street clad in a one-piece bathing suit and a sunshade. She would find herself in the hands of the police very quickly. Yet there is no law in this country, or any other, that will prevent the girl walking about inside her own home in that costume, so long as the other inmates don't mind it. That is one form of prohibition.

Then we are forbidden to eat certain food at some periods of the year, such as fish and game. This is also prohibition. But both these matters of clothes and food are backed up by unanimous public opinion, which demands the former for decency sake, and the latter in the interests of the conservation of game animals and fish. But no such considerations apply to matters of drink, as to which public sentiment is divided as widely as the poles.

Dr. Harrison is right enough in his denunciation of drinking in public places, but for Heaven's sake let a man do as he likes in his own house, as long as he does not interfere with other people.

Yours, etc., H. C. L.

ANOTHER ATTEMPT TO RECOVER GOLD

British Admiralty After Bulletin Which Went Down in the Laurentic.

Cross-Atlantic News Service. (Copyright.)

London, June 10.—Equipped with special salvage apparatus that will displace 800 tons an hour of water, mud and wreckage, the British Admiralty salvage ship, Racer, has resumed the task of saving \$15,000,000 in gold bullion which went down with the liner Laurentic off the north Irish coast early in 1917. In previous attempts some \$2,000,000 was salvaged. In 1919 divers and marine engineers found that two years of incessant pounding on the ocean bottom had reduced the powerful frame of the liner to a corroding heap of debris. The decks had settled down one upon another, as a card house collapses. The height of the pile was some ten feet, covering an area of some hundreds of feet.

Police Court Cases Yesterday

Further Argument in the Sharpe Case — Magistrate Gives Warning to Talkers — Several Cases Dealt With

Further argument was heard in the police court yesterday afternoon in the case of William H. Sharpe charged with attempting to obstruct the course of justice.

W. R. Scott, counsel for the defence contended that the proceedings brought against his client in the police court were premature, inasmuch as the children in dispute had been entrusted to the care of his client until the 9th of June and the proceedings had been instituted previous to that date. He further contended that as a man could not be punished twice for the same offence and the supreme court had taken action against his client, the case was removed from the police court's jurisdiction. He moved that the case be dismissed.

W. M. Ryan, for the Crown, held that the question as to whether there was conspiracy between counsel and prisoner was one to be decided by a jury. Habeas Corpus was one thing and defeating the ends of justice another, and whereas the defendant might satisfy the first charge by producing the children, that would have nothing to do with the second charge. The magistrate ruled that the two offences were separate and distinct, and dismissed Mr. Scott's motion. The prisoner was remanded. A renewal of the application for bail will be made shortly after the case was concluded. The magistrate called the court to order. He said that there was too much talking going on in the court room and if the practice did not cease he would be giving offenders even days for contempt of court.

In the case of Frank O'Brien charged with selling liquor without a license George H. Hughes was called as a witness. He stated that he had been arrested for drunkenness. He did not know the defendant. He was in a beer shop on Monday near the ferry. W. M. Ryan for the prosecution asked the witness if he had not stated to Inspector McAlnch that on getting off the ferry he had gotten a bottle of whiskey from a stout sandy complected man and had given the bottle to his shop. The witness replied that whatever statement he may have made was made while he was in a befuddled condition.

Wilson Dalton, clerk of the City Court, stated that he had been present when McAlnch questioned the previous witness who told the inspector where and when he got the liquor describing the man who gave it to him. McAlnch corroborated Dalton's evidence. He further stated that he had known the defendant for nine years and never had him before the court before. The case will be resumed at three this afternoon.

Two drunks brought before the court in the morning pleaded guilty and were remanded.

William Taylor and George Wilkins charged with breaking and entering the store of F. J. Dawson, St. Patrick street and stealing cigarettes and candy to the value of \$16 pleaded guilty and were also remanded.

The case against Dell Willis, held on suspicion of stealing cloth valued at \$1,800 from the store of E. R. Taylor, West St. John, came up again. Charles E. Driscoll gave evidence. The case was laid over for a week at the request of Sergeant Detective Power, as it is thought others are implicated in the theft. Accused was allowed out on bail of \$1,000 supplied by F. Robertson and W. C. Wilson.

Excellent Play In East St. John

"Valley Farm" Was Well Staged Last Night by Young People of the Edith Avenue Sunday School.

"Valley Farm" was the title of an excellent and enjoyable play staged by the young people of the Edith Avenue Sunday school last evening in their hall in East St. John. All the different characters took their parts in a most praiseworthy manner and were warmly applauded by the large audience in attendance.

The specialties between the acts were of high order too, and comprised a piano solo by Thomas Brindley, a vocal solo by Edith Magee, and a reading by Miss Peck. Those taking part in the play were the Misses Leon Ward, Grace and Frieda McFarlane, Muriel McAllister, Marjorie Dalrymple and Helen Magee, and the Messrs. Ben Josselyn, John Kennedy, Simpson, John Gibbs and Samuel Polley.

Much credit is due Miss Annie Gillen, who organized the company and directed the actors in their different parts.

New Company Is Formed In St. John

The St. John Welders and Engineers Ltd. Have Acquired Property on British Street — New Branch of Mechanical Industry.

There has been recently organized in St. John a new branch of mechanical industry, viz., the St. John Welders and Engineers, Ltd., who will from now on engage in all classes of oxy and acetylene and electric welding, and in water pipe steam and engine work.

The personnel of the new company is comprised of three prominent St. John men, viz., J. B. Barrett, president, who has been for twelve years a chief engineer in the British Navy; L. J. Gallagher, managing director and secretary-treasurer, who has been throughout the duration of the war consulting and travelling engineer for the Imperial Munitions Board; also K. J. MacLachlan, of the firm of MacLachlan, Sinclair & MacLachlan, barristers, who is vice-president of the company.

This company is now engaged in the repairing of all parts pertaining to any metals which may become defective and they will guarantee their work accordingly.

The company is also prepared to undertake the manufacture of all classes of steel tanks and containers. This especially pertains to gasoline tanks, steam tanks, air receivers, etc., also portable and stationary boilers requiring manufacture or repair thereto.

They are also prepared to do all kinds of marine and stationary boiler and engine work, as they are equipping their plant with the very latest electric welding unit, and are in a position to operate on vessels requiring work of this nature at the company's own dock suitable to accommodate vessels up to fifteen hundred tons register. They will look after machinists' jobs, and also be in a position to furnish estimates on any work submitted to them, and will also be glad to assist machinists or manufacturers in production in connection with their plants.

As this is the only plant of its kind east of Montreal, where the personnel of the company is comprised of men of Mr. Barrett's and Mr. Gallagher's experience, the class of work of the consulting advice of this company can most assuredly be relied on.

FUNERALS.

The funeral of John Hughes was held yesterday afternoon from his late residence, 570 British street. Service was conducted by Rev. Archdeacon Crowfoot, and interment was in Cedar Hill cemetery.

The funeral of John Crutshaw was held yesterday afternoon from his late residence, Lancaster Heights. Service was conducted by Rev. J. A. Morrison and interment was in Fern Hill.

Mutton is considered the most nourishing meat.

June Brides

Smullin-Greene.
 A quiet wedding took place at 5.30 on Tuesday morning, June 8th, at the home of the bride's sister, Mrs. John Sharpe, Pokick, York Co., when Mrs. Bartie E. Greene was united in marriage to Mr. William J. Smullin of Lower Southampton. The ceremony was performed by Rev. C. T. Clark, M. A., B. D., pastor of the Pokick Baptist Church, and was witnessed by the immediate friends of the contracting parties. The couple were attended by Mr. Chester Sharpe and Miss Lulu Smullin of Lower Southampton. The bride was becomingly dressed in taupe serge, with hat and veil to match. At the conclusion of the ceremony the happy couple left on the Valley train for St. John. On their return they will reside at Lower Southampton.

Healy-Davis.
 A very pretty wedding took place yesterday afternoon at 5.30 o'clock in the German street Baptist church, when the pastor, Rev. S. S. Pools, united in marriage, Miss Freda Alice Davis, daughter of Mr. and Mrs. S. H. Davis, of this city and Robert E. Healy, both of this city. Mrs. J. C. Rayworth presided at the organ; R. Wesley Davis and Clarence B. Fisher acted as ushers. After the ceremony the happy couple left for two weeks' motor trip through Nova Scotia.

Sweeney-Gallagher.
 A wedding of interest to St. John people took place at the Mount Zion church, Roxbury, Mass., on Tuesday, June 8, when Rev. T. McDonnell, C. S. S. L., with nuptial mass, united in marriage William P. Sweeney, formerly of West St. John, and Gertrude F. Gallagher, youngest daughter of Mr. and Mrs. John Gallagher, City road. She was attended by her sister, Anne A. Gallagher. The groom was supported by Thomas H. Murphy, brother-in-law of the bride.

Rickard-Williams.
 In St. James' church, Broad street, at four o'clock on Wednesday afternoon, Miss Beretta Hazel Williams, of Pleasantville, Queens county, and Harold Everett Rickard, of Barker's Point, York county, were united in marriage by the pastor, Rev. H. A. Cody. The bride was attended by her sister, Miss Ada Williams and Frank W. Rickard supported the groom. The happy couple left on the evening train for their future home at Barker's Point. The groom is on the staff of the D. S. C. R. at Fredericton.

Retail Merchants' Meeting Yesterday

Provincial Board Appointed Delegates to Attend Dominion Board Convention in Vancouver Next Month—Other Business Transacted.

At a meeting of the provincial board of the Retail Merchants' Association held yesterday afternoon in the rooms, German street, the president, Percy L. Higgins of Moncton, was in the chair and outside members present were C. H. Barr, Fredericton, and Robert Strain of Woodstock. Delegates to the Dominion Board of the Dominion board at Vancouver in July.

It was decided to continue the publication of the monthly bulletin to be sent to members and a vote of thanks was tendered to the provincial secretary, Miss Alward, and the committee for looking after this bulletin for three months. St. Stephen has invited the provincial committee to meet there September 21st, 22nd and 23rd, and the invitation was accepted. F. A. Dykeman was named chairman of a committee to arrange for a booth at the Exhibition for the Retail Merchants' Association.

Several other important matters came up for discussion and action was taken.

The Provincial Memorial Home

Board Meeting Held Last Night — The Totten Case Discussed — Will Proceed With Building of New E. L.

"Please let me stay at the Wright Street Home." This was the plea of the Totten child to Chief Justice McKeown when he offered her the choice of where she should be committed for custody according to statements made last evening at a meeting of the Board of the Provincial Memorial Home held in the Market building. Chief Justice McKeown considered that it was for the child's own good that she should be placed in a Home and two applications were made to the court for her custody. Considering that the little girl was old enough to choose for herself Chief Justice McKeown gave her an opportunity to state where she would be placed and she made the above request and was accordingly committed to the Wright Street Memorial Home for Children.

Dr. James Manning presided at last evening's meeting and it was decided that it was time to proceed with the building of the new ell and the building committee, of which H. C. Lawton is chairman, was given power to act.

Plans and specifications for these improvements are in the hands of Garnet Wilson, architect. A much needed new dining hall will be provided which will be capable of accommodating a large number of children. At present there are 47 children in the Home, five having been admitted during the month of June. In the past month 69 children have been cared for. Mrs. T. A. Graham gave the house committee's report. Mrs. J. E. Emery that of the admittance committee.

OBITUARY.

Mrs. Eleanor Akerley.
 Many friends in this city and elsewhere will regret to learn of the death of Mrs. Eleanor Akerley, widow of Wm. Akerley, which occurred yesterday morning after a lingering illness, which she bore with great patience. She was a life-long resident of Big Cove, Queens county, and a member of the Baptist church there. She leaves to mourn four daughters and two sons—Mrs. Thomas Osborne, of Bangor, Me.; Mrs. E. S. Akerley, of Akerley, Queens county; Mrs. F. S. Akerley, of Big Cove, Queens Co.; Mrs. H. J. Shanklin, of St. John, at whose home she died; Winfield Akerley, of Woodstock; George Akerley, of Springfield, and two sisters, Mrs. R. P. Macdonald, of Macdonald's Point, and Mrs. Angelina Clark, of Shannon, Queens Co. The funeral services will be held on Friday evening at 31 Metcalf street, the body to be taken on the steamer Majestic to Big Cove for burial.

Anti-Kamnia TABLETS

Enthusiasm regarding the Home and feeling that it is filling a need in the community. Applications have been received from the United States for the admittance of children, and many pitiful cases are reported to the directors from this province and elsewhere.

Miss Jennie M. Duplisa.
 The death of Miss Jennie May Duplisa, daughter of Mrs. Jane Duplisa and the late Ambrose Duplisa, occurred in Fairville yesterday in the twenty-first year of her age. She is survived by her mother, one sister, Annie, and three brothers, William A. and James at home, and Andrew of Ennisville.

FOR WOMEN

AWAISEMENTS

The Vacancy On The Hospital Board

Matter Has Not Been Discussed by Woman's Hospital Aid or Local Council of Women—Mrs. J. Verner McLellan and Mrs. R. Duncan Smith Mentioned.

In answer to an inquiry regarding an article in an evening paper yesterday in which Mrs. R. Duncan Smith and Mrs. J. Verner McLellan were mentioned as candidates for the vacancy on the Board of Hospital Commissioners with the further mention of Mrs. R. D. Smith as being favored by the Women's Hospital Aid, Mrs. McLellan, vice-president of the Aid, stated that this matter has never come up for consideration at any general or executive meeting of the Women's Hospital Aid. Mrs. Travers, secretary of the Aid, stated that it is a matter for the commissioners to decide for themselves. No meeting of the Aid was held yesterday.

It is understood that no recommendation of any person has passed the Local Council of Women which organization have been most active in urging that a woman be appointed on the Board of the General Public Hospital.

It was stated by a prominent member of the Local Council of Women last evening that while the Council would be pleased to be consulted by the Board of Commissioners regarding the appointment, recommendation would have to come from a general meeting of the Council.

THE MEMBERS WERE ENTERTAINED

In honor of Mrs. Byron Lingier, Mrs. George Polly entertained members of the Doorkeepers' Circle of the King's Daughters at her home at Riverside yesterday. Mrs. Lingier who has been for many years an active and valued member of the King's Daughters, is, with her family, leaving the city to live in Nova Scotia. Many regrets at her departure were expressed by those who had been associated with her in the charitable work of the order.

WEDDINGS

Buzzell-Hannigan.
Mon. June 10.—A quiet wedding took place in St. Bernard's Church this morning, when Miss Gertrude Hannigan, daughter of Mr. Andrew Hannigan, became the bride of Robert B. Buzzell, foreman in the electrical department of the C. N. R. shops here. The ceremony was performed by Rev. Father Mallett in the presence of immediate friends. The bride was formerly in the C. N. R. offices. Mr. and Mrs.

Concert Given Last Evening

Programme Rendered by the Girls' Glee Club of the North End Schools Delighted Large Audience.

The concert given last evening by the Girls' Glee Club of the North End schools was a real treat. The spontaneous bursts of applause each number received and the appreciative remarks passed by the audience at its close is proof enough of the success of the concert.

Y. W. P. A. Will Continue Its Work

Decided Last Evening to Omit Summer Meetings—Members Will Assist Anti-Tuberculosis Association—Endorse British and Canadian Films.

It was decided at last evening's meeting of the Young Women's Patriotic Association, held in the G. W. Y. A. rooms, that no meetings will be held in July and August, but that the September meeting shall be a rally, at which plans shall be made for a dance. The work of securing members for the Anti-Tuberculosis Association was taken up as the summer task of the members, each pledging herself to get as many members as possible and then swell the fund for the assistance of the sick.

Recital Given Last Evening

Miss Minnie Poole, Pupil of Miss Pauline Biederman, Gave Recital, Assisted by Miss Mildred Bustin and Miss Dorothy Hunt.

Miss Minnie Poole, a pupil of Miss Pauline Biederman, gave a recital last evening in the German street institute, which was greatly enjoyed by a number of friends. She was assisted by Miss Mildred Bustin, a pupil of Miss Louise Knight and Miss Dorothy Hunt, who also studied with Miss Biederman.

THE MEMBERS WERE ENTERTAINED

In honor of Mrs. Byron Lingier, Mrs. George Polly entertained members of the Doorkeepers' Circle of the King's Daughters at her home at Riverside yesterday. Mrs. Lingier who has been for many years an active and valued member of the King's Daughters, is, with her family, leaving the city to live in Nova Scotia. Many regrets at her departure were expressed by those who had been associated with her in the charitable work of the order.

WEDDINGS

Buzzell-Hannigan.
Mon. June 10.—A quiet wedding took place in St. Bernard's Church this morning, when Miss Gertrude Hannigan, daughter of Mr. Andrew Hannigan, became the bride of Robert B. Buzzell, foreman in the electrical department of the C. N. R. shops here. The ceremony was performed by Rev. Father Mallett in the presence of immediate friends. The bride was formerly in the C. N. R. offices. Mr. and Mrs.

THE SEVEN SEAS CHAPTER MEETING

In preparation for next season's work the Seven Seas Chapter, I. O. D. E. held a business meeting in Trinity church school room yesterday.

The following programme was carried out: Opening Chorus—Tableau Canada. Remarks by the Chairman. Mr. Noble Solo. Mrs. French and Mr. McCaulay Dialogue—Dad Says So, anyhow. Miss French and Mr. McCaulay Reading—A Nobleman Disguise. Solo—Old Polks at Home. Miss French Solo—My Mother Used to Sing. Miss French Duet—Hunting tours. Mrs. H. W. Paries and Mr. Noble Dialogue—Married by the Justice of the Peace. Miss Watta, G. Wallace, F. Brookman Quartet—Old Caken Bucket. Solo—Miss Retoker Dialogue—Going Somewhere. Duet—Whispering Hope. Solo—Mandolin Solo. Miss French Solo—The Old Maid. Miss French Duet—Miss Totten and G. Wallace.

Will Hold First National Convention in New York Later Part of June.

ORGANIZATION WAS STARTED YEAR AGO

Membership Has Grown Rapidly—Promotion of Good Feeling One of Its Aims.

New York, May 10.—(By Canadian Press).—Canadian and British war veterans now residing in various parts of the United States will assemble at the Hotel Commodore, New York, during the last week in June for the first national convention of the British Great War Veterans of America, Inc. This organization, launched in July, 1918, at a meeting held in Madison square gardens, this city, has attained rapidly to numbers and importance. The New York command alone has a membership of more than six hundred, with many other clubs and towns in the United States have large and flourishing branches. The Chicago command ranks second to that of New York in numbers, with 1,200 members.

IMPORTANT DEAL AT ST. STEPHEN

Mann Axe and Tool Co. Joins up With James Smart Mfg. Co. of Brockville, Ont.

St. Stephen, N. B., June 10.—An event of considerable importance in the industrial life of St. Stephen, and one which demonstrates that in Charles E. Huettis we have an industrial asset of the greatest magnitude, has just been consummated by the affiliation of the Mann Axe & Tool Co., Ltd. of St. Stephen, with James Smart Mfg. Co., Ltd. of Brockville, Ont. The Mann Axe & Tool Co. had its origin here in 1914, when, in conjunction with the James Smart Mfg. Co., Ltd. of Brockville, Ont., it was incorporated under the name of the Mann Axe & Tool Co., Ltd., and since that time it has been managed by Messrs. J. E. Huettis and H. W. Broad, and the late John Wilson, who took over the business that had for many years been carried on by Mr. Broad & Sons.

MRS. WHITE WANTS THE TRUTH MADE PUBLIC

Halifax Woman Believes It Her Duty to Tell Others How Tanlac Restored Her Health.

"It is really wonderful how different Tanlac is from all the other medicines I have ever taken," said Mrs. E. A. White, of 55 Gerrish St., Halifax, N. S., recently, when telling of her remarkable recovery of health. "Tanlac has helped me so much that I feel like going out and telling everybody about it," continued Mrs. White. "I am only too glad to give this statement because it was through the statements of others that I was led to try the medicine and am a well and happy woman today."

Three days at a time. I slept so poorly at nights that I always got up feeling tired out. I lost fifteen pounds in weight and my friends all remarked how ill I was looking and I got so weak towards the last that I thought I should have to give up entirely. "I had taken so many different medicines without getting any benefit from them that I was a long while before I could be persuaded to try Tanlac, but several of my friends recommended it to me and I decided to see if it would help me. I have taken five bottles of it in all and I can honestly say that I am like a different woman. I am no longer bothered with those dreadful bilious headaches, my nerves are so steady as a clock, and I got such restful sleep at night that I got up in the morning feeling full of life and energy. I have regained all my lost weight and feel as though I had a new lease on life. My wonderful improvement has been remarked on by many of my friends and I always take the opportunity of telling them that it is entirely due to Tanlac."

SHIPYARDS NOT TO RECOGNIZE UNION

Yards at Halifax Will be Reopened and Run on Open Shop Policy.

Halifax, N. S., June 10.—(By Canadian Press)—General Manager J. E. Melarg, of the Halifax Shipyards, announced today that the yards would be reopened and run on an open shop basis, and that the union which would be given to former employees who are willing to go to work, it is evident from the statement of the manager, the company does not intend to recognize the union and that the yards will be operated on an open shop basis. The company has been open since June 1, and up to the present no settlement of the wage dispute is in sight. About 1,800 men are affected.

BANK OF ENGLAND WILL BE REBUILT

Present Building Was Erected in 1732 and 1788—Was Instituted in 1691.

London, June 10.—The Bank of England is to be rebuilt. The governors and directors of the institution for the past 23 years have considered the advisability of replacing the block, situated "Old Lady of Threadneedle Street" with a more modern and commodious structure. The inadequacy of the venerable place to meet present-day needs has necessitated the establishment, since the beginning of the war, of six outside branch offices in various parts of London to house the bank's growing army of clerks and newly created departments. Established in 1694, the Bank of England is the oldest national bank in Europe. Millions of people throughout the world know the outside of the low, black building which for more than two centuries has been the Empire's financial centre. The central part was erected in 1732, but the outer part, which one sees from adjacent streets, dates from 1788.

THE STANDARD'S FINANCIAL SECTION

QUOTATIONS IN ST. JOHN MARKET

The market was unusually quiet this week. Wholesale groceries remained firm at last week's prices, and there was no movement in oils or fish. The only change in hay and feed was in oats, which advanced five cents a bushel. They are now quoted at from \$1.45 to \$1.50 a bushel, and are very scarce, as are bran and oats.

Fish prices ruled firm. Wholesale cod was quiet, too, although onions weakened; new Egyptians are down to \$7 a crate, Texas to \$5.

In wholesale meats, veal dropped two cents and is quoted at from 15 to 18c per lb.

Country produce advanced. Potatoes were scarce and commanded high prices. Butter and eggs were also scarce; good roll butter was selling from 85c to 90c per lb.; fresh eggs from 55c to 65c a dozen.

In great quantities, bargains were offered in onions and rutabars. Four pounds of rutabars or three pounds of onions could be had for a quarter.

Wholesale groceries began to reprieve their stocks of sugar towards the close of the week, after a previous hold-up in delivery. Though sugar holds firm, it is coming in in limited quantities.

Washed and unwashed wool both dropped five cents per pound; the former now sells at from 80c to 85c per pound, and the latter at from 75c to 78c per pound.

NEW YORK MARKET REMAINS QUIET

Call Money Rates Advanced Sharply, Reaching 12 p.c. Before Close.

(Furnished by McDougall & Cowans.)

New York, June 10.—The market remained quiet in the afternoon, with few price changes of importance. Industrial Alcohol and Crucible were among the few issues to make noteworthy changes, each of these selling two points or more. A gain of 85c on the unfilled orders of the Steel Corporation during May was attributed, in large part, to transportation difficulties, and inability to make prompt shipment of finished material, but was, nevertheless, reflected as a fairly bullish argument in the street.

At about the same time that this report appeared, however, call money rates began to advance sharply, reaching 12 per cent. shortly before the close. The market ignored the rising money rate for a while, but prices eased off all around as the rate reached the above figure and closed irregularly below the best price of the day. The report was more or less cheered by the news from Chicago that a platform plank on the League of Nations had been written which was acceptable to all factions, but was a little puzzled to understand how such a thing could come.

PAPER STOCKS BOOMED YESTERDAY

Transactions Reached a Record Total—New High Levels Scored.

Montreal, Que., June 10.—The paper stocks fairly boomed this morning and the total transaction for the morning session amounted to about 38,000, which is almost a record. New high levels were recorded in practically every paper stock, but during the afternoon the market became very erratic and substantial declines resulted. Points between sales were common, so that the closing was, in the majority of cases, about the same as yesterday's. The market demonstrated how quickly the securities can decline when the peak has been reached.

Some of the inactive issues came into prominence, of which Sherwin-Williams common was an instance. This stock, which until yesterday sold around 75, was today bid up to 105. Asbestos was better at 80. Breweries was very active and sold up to 57 3/4. Some liquidation in Q. Ralls carried the price down to 23 1/2.

Total sales for the day, 34,892. Breaks all records.

McDOUGALL & COWANS.

RECORD DAY ON MONTREAL MARKET

Forty-Nine Listed Issues Contributed Sales Aggregating 57,220 Shares.

Montreal, June 10.—With sales 57,220 shares furnished by 49 listed issues, the Montreal stock exchange had the record day in its history, easily exceeding the previous best of 48,000 shares last October. Of this total the paper stocks alone furnished over 30,000 shares, Brompton contributing 10,000, the Spanish River issues about 9,800; Abitibi 8,500 and Laurentide 1,600.

In addition a few days ago shown such substantial gains as today when they ranged from a point to fifteen points. The latter went to Sherwin-Williams, which on a small turnover of 175 shares sold up to 105 after selling up ten points yesterday to 90.

Brompton was the spectacular issue both in point of numbers of shares sold and in price movement. It jumped to a new high level of 140 and then reacted on heavy profit taking so that at the close of trading, it stood at 135 unchanged from yesterday.

Spanish River common was strong in the early trading, selling up to a new high of 108 and finishing down a point at 105 for the same reason as Brompton. The close on the preferred at 143 represented a two point gain.

Abitibi had its most active day of the year and moved up to a new high at 84 1/2, after which offerings became too strong for the buying power and it eased to 81 1/2, a net gain of 2 1/2 points. Laurentide and Weyganact both reached new highs at 109 1/2 and 119, closing at 108 and 117 1/2.

National Breweries was heavily traded as with the day's best price 23 points above yesterday's close. Absorption by buyers then set in and the close was 2 1/2 up at 56 1/2.

Substantial gains elsewhere in the list included Converters, three points up at 75; Asbestos up 2 at 80 and Tootes up 7 points at 76.

Atlantic Sugar went contrary to the general trend and the price of 113 was a new low for the movement. Hence it moved up to a close of 115 1/2, which was a net loss of 4 points.

Other weaker issues were Brazilian, Loyal, Power, Iron and Steel of Canada.

Total sales 57,220; bonds \$21,700.

MEETING OF DOM. STEEL SHAREHOLDERS

Gathered to Discuss Form of Proxy—No Announcement Made.

Montreal, June 10.—A special meeting of the Board of Directors of the Dominion Steel Corporation, Limited, which was requested by some of the members of the board, went into session at 10:30.

The meeting was called at the request of some of the members who had the view that the form of proxy sent out in connection with the annual meeting should not have been in the form in which it was forwarded to shareholders. It is expected that some announcement will be made at the close of the meeting today.

While the conversations have been going on a good part of the day, no announcement concerning progress has been made. It seems probable that the discussion is taking the form of consultation rather than of official or formal character.

DECLARATION OF DIVIDENDS

Montreal, June 10.—Dividend declarations announced: Bell Telephone 2 per cent payable July 15th, to shareholders of record June 10th, and 1 1/2 per cent on Dominion Canners preferred, payable July 2nd to record of June 10th.

KEEP ST. JOHN MONEY TURNING ST. JOHN WHEELS

The building of the big dry dock at Courtenay Bay means booming times for many St. John industries. Even those who have no interest in those industries directly affected will reap the benefit from the large amount of money put in circulation.

And some of it should be St. John money. By capitalizing the Dominion Government subsidy and assigning this irrevocable grant to The Montreal Trust Co. as trustee the company has financed the work and now offer

5 1/2 p.c. First Mortgage Serial Gold Bonds as a direct Dominion Government obligation. We recommend these and will be glad to furnish prices and maturities on application.

NEW DEVELOPMENT IN STEEL MERGER

Letters Being Sent to Shareholders of Dom. Steel Corp. Asking Pertinent Questions

KNEW DEVELOPMENT... FIN... Montreal, June 10.—An interesting development in connection with the form of proxy being sent to shareholders of Dominion Steel Corporation in anticipation of the annual meeting, is the letter which is being forwarded by the brokerage firm of L. J. Fiset & Co. (any to Dominion Steel Corporation shareholders, which reads, in part,

"The meeting, which is called for the 15th of June, instant, is of vital importance to shareholders. From what we may gather in the newspapers, it is proposed to merge this company with the Nova Scotia Steel Company and the Canada Steamships Company.

"As yet no official proposition has been communicated to the shareholders, but as the election of the new board of directors is to take place on the 15th of June, it is of the utmost importance that before that date the shareholders should be acquainted with all the details of the proposed transaction. We have views on one way or the other, but we believe that before giving their proxies the shareholders should have more information. Among other points which are necessary to elucidate are the following:

"1.—Has the company an absolute guarantee from responsible parties that the sum of \$25,000,000, which it is proposed to expend in improvements will be at the disposal of the company.

"2.—Why should a special preference be given to the new shareholders advancing these funds, and should they not be put in the same class as the other holders of preference stock?

"3.—Are the holders of the 7 per cent non-cumulative preferred stock to be protected in case the profits are sufficient to pay dividend, but not the full 7 per cent.

"4.—In view of the importance of the transaction, and of the fact that the company is losing its identity, should not all the valuations made be submitted to an independent committee, chosen by the shareholders, with power to act on behalf of the board of directors, and should not the acceptance of the scheme be among other conditions subject to these valuations being found satisfactory to this committee."

WEEKLY STATEMENT BANK OF ENGLAND

London, June 10.—The weekly bank statement of the Bank of England shows the following changes:

Total reserve increased... 41,687,000

Reserve, increased... 661,000

Public deposits, decreased... 1,297,000

Other deposits, increased... 9,552,000

Notes in circulation, increased... 1,338,000

Government securities, increased... 7,881,000

The proportion of the bank's reserve to liability is 14.30 per cent; last week it was 12.85 per cent; last week it was 12.85 per cent.

Rate of discount 7 per cent.

B. C. BONDS ON AMERICAN MARKET

Toronto, June 10.—The issue of \$2,000,000 Province of British Columbia 6 per cent bonds, purchased by a syndicate headed by Wood, Gundy and Co., Dominion Securities Corporation and A. E. Ames and Co., were placed on the American market through the New York Offices of the different Canadian companies.

NEW DEVELOPMENT IN STEEL MERGER

Letters Being Sent to Shareholders of Dom. Steel Corp. Asking Pertinent Questions.

NEW DEVELOPMENT.—FIN.—Montreal, June 10.—An interesting development in connection with the form of proxy being sent to shareholders of Dominion Steel Corporation in anticipation of the annual meeting, is the letter which is being forwarded to the stockholders of L. J. Piroué & Co., many to Dominion Steel Corporation shareholders, which reads, in part:

"The meeting, which is called for the 15th of June, instant, is of vital importance to shareholders. From what we may gather in the newspapers, it is proposed to merge this company with the Nova Scotia Steel Company and the Canada Steamship Company.

"As yet, no official proposition has been communicated to the shareholders, but as the election of the new board of directors is to take place on the 15th of June, it is of the utmost importance that before that date the shareholders should be acquainted with all the details of the proposed transaction. We have views on one way or the other, but we believe that before giving their proxies the shareholders should have more information. Among other points which are necessary to elucidate are the following:

1.—Has the company an absolute guarantee from responsible parties that the sum of \$2,000,000, which it is proposed to expend in improvements will be at the disposal of the company?

2.—Why should a special preference be given to the new shareholders advancing these funds, and should they not be put in the same class as the other holders of preference stock?

3.—Are the holders of the 7 per cent. non-cumulative preferred stock to be protected in case the profits are sufficient to pay dividend, but not the full 7 per cent?

4.—In view of the importance of the transaction, and of the fact that the company is losing its identity, should not all the valuations made be submitted to an independent committee, chosen by the shareholders, with power to act jointly with the board of directors, and should not the acceptance of the scheme be among other conditions subject to these valuations being found satisfactory to this committee."

WEEKLY STATEMENT BANK OF ENGLAND

London, June 10.—The weekly bank statement of the Bank of England shows the following changes:

Total reserve increased... £1,687,000
Circulation, increased... 661,000
Gold, increased... 2,245,000

G. T. EMPLOYEES WIN DECISION

Conciliation Board Makes a Majority Report Favorable to Men.

Montreal, June 9.—A majority award is announced in the dispute between the Grand Trunk Railway and its station, yard, and office employees, numbering over 7,000, whereby the conditions agreed upon and the recommendations made will together add up to an estimated cost of \$1,000,000 to the annual payroll of the company. The award is signed by Mr. Justice McLaughlin, chairman, and Mr. U. E.

SPECIALTIES ISSUES ENLIVENED TRADE

Trading in New York Now Very Light With Demands for Money Limited.

(P. B. McCurdy & Co.)
New York, June 10.—Specialty movements were again the only enlivening features of the market this afternoon. The general run of prices hardly made strong even fractional movements. Barrett and the Antline stocks were decidedly strong, gaining a number of points in further response to the merger plans, which are expected to be on a favorable basis to stockholders of both companies.

Vanadium Steel was another stock which had a move this afternoon, gaining about four points. The money rate came up to 11 per cent, subsequently easing off a little, but was disregarded as a market factor.

Trading is now so light that stock exchanges demands for money accommodations are very limited.

Announcement of the new capital offering by Chicago and North-Western was not accepted as a bullish factor, traders acting on the assumption that other railroads would also come into the money market for new equipment and construction. United States Steel moved within narrow bounds, even after publication of May Tonnage figures showing an increase of almost six hundred thousand tons. This brings the amount of unfilled orders up to the largest total since June 1917.

Prospects of additional gold imports were heightened by the weekly statement of the Bank of England which disclosed another large gain in that institution's gold reserves. Precious metal. Well-informed financial interests professed to have no knowledge, however, of another gold movement to this country, which London was relatively unchanged.

The bond market repeated its recent irregular tendency in the domestic list, including heavy issues most of which were lower.

Total sales, par value, aggregated \$14,676,000. Old U. S. bonds were unchanged on call, but the 4 1/2 per cent on sales.

UNITED STATES IN CERTIFICATE ISSUE

Offers Highest Return Ever Paid by a U. S. Gov't.

(P. B. McCurdy & Co.)
New York, June 10.—The sharp differences of opinion at Chicago over the League of Nations' plank in the Republican platform are threatening a serious disunion within the party, which, for the time being, overshadows the question of the candidate, but confidence is nevertheless expressed that the issue will ultimately be adjusted without a bolt.

Announcement by the Treasury Department of the issue of \$400,000,000 certificates of indebtedness, the six-months issue to bear 5 3/4 per cent, and those running a year to bear 6 per cent. Interest, offer the highest return ever paid by United States Government obligation.

This step is considered necessary because of market and investment conditions and the pending maturity on June 15th, July 1st and July 15th of nearly one billion dollars of outstanding certificates.

The Northwestern has offered \$15,000,000 in ten-year seven per cent. secured bonds, which came somewhat as a surprise following its dividend reductions. The market still displays considerable resiliency, following any slight depression, and gives the upward trend in most quarters in the event of action at Chicago satisfactory to business and financial interests.

Stock unfilled tonnage at noon.

TORONTO GRAIN QUOTATIONS

Toronto, June 10.—Manitoba Oats, No. 2, cw 1.28; No. 3, cw 1.23; No. 1 feed 1.27; No. 2 feed 1.23; extra No. 1 feed, in store Fort William.

Manitoba wheat, No. 1 Northern 81 1/2; No. 2 Northern 81 1/2; No. 3 Northern 80 1/2.

WEEKLY CROP REPORT

J. H. King, R. S. A., agricultural representative for Carlton, Victoria, and Madawaska, reports: Seedling and planting well advanced. Grain crops nicely started, but have been at a standstill owing to dry weather, until the arrival of recent showers. Newly seeded clover seems to have wintered well and promises to be a good crop.

Many potato growers planned for a considerable increase of acreage, but a few have been held up, more or less, owing to difficulty in securing fertilizer.

Pastures will be greatly improved by rain.

Live-stock does not occupy a very prominent place in the farm work in any of the districts where potato-growing is carried on extensively. In many districts somewhat remote from the railroads, there seems to be a desire to improve the live-stock conditions.

Experienced farm help is scarce, with wages ranging from \$45 to \$70 per month, depending on the ability of the man.

Since the above reports were written, heavy rain storms have very materially helped the outlook for big crops. Cattle are going to pasture in good condition.

Gillen of Toronto, The third member of the board, Fred Banford, does not join in the report and is stated, it is stated, to make a separate report. The wage increases are to date back nearly two months.

GREATER BREADTH TO STOCK MARKET

Prospects of Additional Gold Shipments to America—Bond Market Irregular.

New York, June 10.—Apart from an unexpected rise in coin loans to 12 per cent, and a slight increase of breadth and activity, today's stock market differed in no essential from recent sluggish and inconclusive sessions. The trend of events at Chicago was followed with greater interest, moderate rally ensuing on news that an agreement had been reported regarding the Treaty plank. It proved of short duration, however, another general reversal setting in when rails lost ground. The maximum for money came just before their irregular close and afforded a pretext for further pressure upon industrial and specialties. The only noteworthy exceptions at the finish were Vanadium Steel and Consolidated Textile. Sales amounted to 600,000 shares.

Announcement of the new capital offering by Chicago and North-Western was not accepted as a bullish factor, traders acting on the assumption that other railroads would also come into the money market for new equipment and construction. United States Steel moved within narrow bounds, even after publication of May Tonnage figures showing an increase of almost six hundred thousand tons. This brings the amount of unfilled orders up to the largest total since June 1917.

Prospects of additional gold imports were heightened by the weekly statement of the Bank of England which disclosed another large gain in that institution's gold reserves. Precious metal. Well-informed financial interests professed to have no knowledge, however, of another gold movement to this country, which London was relatively unchanged.

Total sales, par value, aggregated \$14,676,000. Old U. S. bonds were unchanged on call, but the 4 1/2 per cent on sales.

AMERICANS AFTER CAN. DRUG STORES

Montreal, June 10.—The report is heard that negotiations are under way whereby a large American firm of drug store owners may enter the Canadian branch by enlarging their Canadian franchise by buying out a chain of drug stores in this country. At the moment, an obstacle is said to have been met in the stipulation in the proposed contract, providing that the firm should only be permitted to acquire registered pharmacists of this province to own stores here.

THE WEATHER.
 Toronto, June 10.—Pressure is low over the Pacific States; also in Alberta and the Lower St. Lawrence Valley, and nowhere much above the normal. A few scattered thunderstorms have occurred over Lake Superior and rain has fallen along the British Columbia Coast, otherwise the weather has been fair throughout the Dominion, and very warm in a portion of Ontario.

 Fair.
 Maritime—Moderate winds; fair; stationary or higher temperature.
 Northern New England—Fair Friday, warmer on the coast; Saturday partly cloudy moderate southwest winds.

AROUND THE CITY
GROWING SLOWLY.
 A check from Manchester Robertson Allison, Ltd., for \$100, received by Mayor Schofield yesterday morning, brings the St. Quentin relief fund up to \$220.
PUBLIC UTILITIES.
 The hearing of the N. B. Telephone Co.'s case before the Public Utilities Commission is to be resumed this morning in the Government rooms at 10.30 o'clock.
MEETING POSTPONED.
 The meeting of the L. A. District Council which was to have been held last evening was postponed until next Thursday evening. Lack of attendance of delegates was the reason for the postponement.
HAS BEEN REFERRED.
 Lieut. Colonel H. C. Sparling, D. S. O., general staff officer for Military District No. 7, who is attached to the strength of the permanent force in the Royal Canadian Regiment, has been transferred to the Royal Canadian Dragoons in Toronto.
BANK CLEARINGS.
 Bank clearings here for the week ending yesterday show a very large gain over the corresponding week of last year, a gain of \$1,466,201. The figures for this week are \$4,275,870; last year, \$2,809,669; in 1918, \$2,342,800.
THE COUNTY HOSPITAL.
 At the meeting of the Commissioners of the St. John County Hospital it was decided to seek the advice of a consulting engineer on the matter of power plant efficiency. It was also decided to increase the salary of the power plant engineer \$5 per month.
LAST OPPORTUNITY.
 Today will be the last day upon which the Red Cross depot on Chipman Hill will be kept open to receive contributions for the fire sufferers of St. Quentin. A shipment was made yesterday and included in it were eight boxes from the depot.
DELIGHTED PATIENTS.
 On Wednesday a quartette from St. Stephen gave a concert at the West St. John Hospital to the great delight of the patients there. The following were those who furnished music: W. G. De Wolfe, Mr. Hyslop, Mr. Love and Mr. Benk. Much appreciation of the kindness shown by these singers was expressed by the inmates of the hospital.
FAIRVILLE COURT.
 George Sharkey appeared before Stipendiary Magistrate Allingham in the Fairville court yesterday morning to answer to a charge of trespassing in the Fairville yard and also for stealing ride on a train. He was sentenced to two months in jail. On June 4, J. G. Turner and Joseph Turcotte were arrested on charge of trespassing in the same yard and were sentenced to two months in jail, but this was allowed to stand against them. The C. P. R. constables have been instructed to enforce the law prohibiting people trespassing in any of the yards.

Common Council Met In Committee
Recommended to Council the Purchase of Two Pieces of Fire Apparatus—Cloth for Uniforms.
 "We will and we won't" seems to be the game the city council is playing so far as buying of the much needed fire apparatus is concerned. Twice already the committee has passed a recommendation to the council for the purchase of two pieces of aerial truck and a combination engine only to have the matter turned down because of the fact that a unanimous vote is required for a bond issue. At the meeting of the committee yesterday morning the matter was again brought up and a recommendation for the purchase adopted which is likely to meet the same fate when brought before the council.
 The same thing applies in the request for purchase of trucks, etc., for Public Works. Commissioner Bullock was given authority to proceed with the repairs to number one berth at an estimated cost of \$5,000.
 Commissioner Thornton was given authority to purchase from Manchester Robertson Allison, 450 yards of blue serge at \$5.95 per yard.

Great Raid On Lemon Extract

Inspectors Took Intoxicated Man in Custody Who Had Extract in His Pocket, Then Raided Travis Store on Smythe Street and Got Wagon Load.
 The inspectors were certainly on the job last night when two men were arrested by inspectors McAlain and Duncan on Water Street and the vicinity of Reed's Point. Inspectors Moore, Saunders and Merryfield were working with results on the Long Wharf district. It was while the three officers were walking on the wharf that they met a man intoxicated and on making a search they found a bottle of lemon extract in one of his pockets. The man asked if they would let him go if he told where he procured the lemon extract and inspector Saunders said he would. The man then stated that he procured the bottle in the Travis store on the corner of Smythe and North streets. The officers accompanied by the man made their way to the store which they raided about 11.30 o'clock, and while making the raid the man who gave the information made a bolt and ran away. He was followed by Merryfield and was captured on the Long Wharf and placed under arrest, this time to be locked up. The officers made a thorough search of the Travis store and found many bottles of lemon extract behind the shop counter and in the cellar. In fact so much was found that it was found necessary to call the patrol wagon to convey the extract to police headquarters and the wagon was pretty well filled with its load. In all it is estimated by the inspectors that somewhere in the vicinity of eight hundred dollars worth of lemon was seized. It could not be learned last night just what form the case will take.
 The inspectors were out for business last night. Messrs. Saunders, Moore and Duncan having come to the city to assist McAlain, Merryfield and Kerr.

The Business In New Brunswick

Local Banker Says No Cause for Complaint About Banking Accommodation—Interesting Facts Regarding the Banks.
 "Legitimate business in New Brunswick has no cause of complaint about banking accommodation," said a local banker yesterday. "We are not loaning money for speculative purposes, and I don't think any banks here are giving credit to speculators. But the real business man is not being subjected to any restrictions of credit that is going to hurt him. As present we have to make pretty heavy loans to finance lumber operations, but I don't think anybody is being kept short of legitimate credit. In general business conditions appear to be very good; collections are excellent, and the ordinary wholesaler and retailer does not need much credit."
 Enquiries made by The Standard at the Dominion Savings Bank elicited the information that deposits were about the same as last year. Officials of the bank said, however, that deposits there were only roughly an index of general conditions. The Dominion Savings Bank has no branches in the city like other banks. It pays the same rate of interest on deposits as other banks, but it imposes restrictions that are unknown in other banks. Nobody can deposit more than \$1,500 in one year, or have an account of more than \$5,000 at the Dominion Savings Bank. Also there are red tape restrictions as to withdrawals which are not known in other banks. In view of the restrictions, the amount of deposits at the Dominion Savings Bank is a sufficient indication that the people of the city have a lot of money they are not in a hurry to use.
 "Deposits at the chartered banks are not as great as usual at this time of the year," said the manager of one of the local banks yesterday. "This is not hard to understand. People are still applying on their subscriptions for the Victory loan, and they are more interested in stocks and bonds that they used to be. When they got some money now they invest it in stocks or bonds which pay a higher rate of interest than they would get on saving deposits. This money, of course, helps business, and tends to relieve the demand for credit on the banks."
 "What has been the effect of the absorption of banks once more or less provincial in their operations by banks doing a nation-wide business?" asked the reporter.
 "I think legitimate local business is getting as good accommodation as ever it did. Possibly in some cases better," said the local banker. "We are not collecting the savings of the east for the benefit of the west as some people profess to believe. One factor we consider is the stable character of business in the Maritime Province. We are bound to do our best for our clients in the east."
 "I don't think the average business man in St. John or the province has any real cause of complaint against the banks. What restrictions there are on credit are designed to enforce caution, and prevent speculation; that is all. For essential business operations there is no scarcity of money yet."

Will Arrive Monday

A wire has been received by officials of the Local Council of Women stating that Mrs. Sanford, the president of the National Council, will arrive in St. John on Monday. Mrs. E. Atherton Smith is expected to arrive from her home in St. Andrews this evening and preparations are being made for the reception of delegates on Saturday and Monday.

Reception To Supreme Templar

Hon. David I. Robinson Was Warmly Welcomed Last Evening by Alexandra Temple—Excellent Address Delivered by Visitor.
 The reception tendered by Alexandra Temple No. 6 T. of H. and T. to Hon. David I. Robinson, Supreme Templar, last evening proved a grand success, the members and their friends turning out in large numbers to greet the distinguished visitor.
 Hon. Mr. Robinson, who is paying an official visit to the Nova Brunswick jurisdiction, has been over forty years connected with the order and for a number of years has occupied the position of Supreme Templar.
 The chair was occupied by Past Grand Templar G. T. G. Blewett. The meeting opened with the National Anthem after which the chairman introduced the guest of the evening.
 In introducing Mr. Robinson the chairman told a little story to illustrate the kind of temperance man he had always been. Some forty years ago the citizens of the city of Gloucester, Mass., Mr. Robinson's home city, elected him to the highest civic office they could give him, that of mayor. At the same election the city which had been dry, went wet and Brother Robinson rather than place his name on a document which entitled the holder to sell "liquid damnation" to his fellow men, resigned the high office to which he had been elected and retired to private life.
 Hon. Mr. Robinson thanked the audience for the hearty welcome accorded him and expressed his pleasure at being able to once more visit St. John and New Brunswick.
 He referred to the unrest and turmoil now prevailing in the world and voiced his belief that out of it all would emerge a better and purer world in God's good time, for he did not believe the sacrifice of the four years of war on European battlefields would be allowed to come to naught.
 Dealing more particularly with the temperance cause the speaker expressed his pleasure that the fight had been won in the United States when the Supreme Court had upheld the prohibition Act and made it part of the constitution of his country.
 In the fight which had ended in so glorious a victory the Temple of Hon. Robinson had played no mean part and he also expressed his pleasure at having won the victory. He also commended a note of warning to the Templars who might be inclined to think their work was all done. There was still a work for Templars and they must continue their activities. For one thing there must be something to take the place of the moon which had been logialed out of business and the Temple could supply that need.
 Short addresses were also given by Rev. Dr. Hutchinson, A. E. Logan, B. Eagles, first chief temperer of Alexandra Temple and Hon. Dr. W. F. Roberts.
 Songs by Miss Olive Rankine and R. G. Carsons were much enjoyed by those present. At the close of the meeting refreshments were served by a committee of Alexandra Temple Auxiliaries.
 Tonight Hon. Mr. Robinson will attend a meeting of the Grand Temple.

Children's Aid Society Meeting

Interesting Reports Received Last Evening—Agent Reports Past Month Quiet So Far as New Cases Were Concerned.
 The monthly meeting of the Children's Aid Society was held in the board room of the Children's Home last night with the president, A. M. Belding, in the chair. A number of very interesting reports were presented and the usual committees were appointed to take care of the buying in connection with the institution.
 The monthly report of the agent, Rev. George Scott, noted among other things that the past month had been a very quiet one so far as new cases were concerned. Thirty-nine visits had been made, forty-two letters and post cards were written. Six children had been taken out of the home by their parents leaving twenty-one now there. One set of adoption papers had been drawn up and signed and are now on file. Two more letters have been received from foster homes in which the wards of the Society were placed.
 Both Hilda and Elizabeth are well and happy. Among the communications read was a letter from the Massachusetts Society for the Prevention of Orphanry to Children asking the Society to cooperate on getting at the facts in the case of a little girl now living in Boston and supposed to have been adopted here.
ALARM OF FIRE YESTERDAY AFTERNOON
 Small Boy Playing With Matches Set Fire to St. James Street House, Causing Considerable Damage.
 An alarm from Box 41 about 4.45 o'clock yesterday afternoon called out the fire department to extinguish a fire in the rear portion on the ground floor of a tenement house on St. James street. The house is owned by the Sterling Realty Co., and the flat occupied by Mrs. Belding, a widow woman with five children.
 The blaze was quickly put out, but considerable damage was done to the side of the building. The rear room was somewhat damaged as considerable chopping had to be done to get at the blaze.
 The fire said to have been set by a small boy who lives nearby. He was playing with some other children in the yard at the rear of the house and

St. Stephen's Corps Wins McLean Torphy

Inspection Last Evening of St. Stephen's and St. Andrew's Was Very Closely Contested—The Standing of All Local Cadet Corps.
 As the result of the inspection of the St. Stephen's and St. Andrew's cadet corps which was held on the High School grounds last evening, St. Stephen's corps has become the proud possessors of the McLean cup for the year 1920. The cup is awarded to the corps which holds the highest average in the city at each annual inspection. West St. John had won it in 1919. St. Andrew's won it in 1918. The two corps looked the best in their Highland uniforms last evening and their drill was quite in keeping with their appearance on parade. To the large number who watched the two corps manoeuvre it seemed very hard to determine which was the more proficient. How nearly equal they were was readily seen by their respective scores which follow:
 Ceremonial drill and march past, St. Stephen 10, St. Andrew 9.
 Extended order, St. Stephen 6, St. Andrew 5.
 Signals, St. Stephen 9, St. Andrew 9.
 Physical drill, St. Stephen 9, St. Andrew 10.
 Total—St. Stephen 52, St. Andrew 51.
 The highest possible score in any drill was ten points, the highest total sixty.
 It is perhaps fortunate that the St. Stephen boys were the winners this year for had the St. Andrew's corps won for the third time they would have become owners of the trophy and thus ended all further competition.
 Both corps have reason to be proud of themselves. For general training St. Stephen corps leads the province in the inspection to date, with the Rotheray Collegiate the only remaining corps to be inspected.
 In physical drill the St. Andrew boys lead all corps. Under Sergeant Major Oliver they have taken up advanced work, known as the trained soldier's table, and were highly complimented by Col. Snow on the way they carried on.
 The two corps were under the command of Major Magee and inspecting Col. Snow under Sergeant Major Oliver, instructor of physical training in the city schools.
 The standing of the city cadet corps for the year is as follows:
 St. Stephen 62
 St. Andrew 61
 B. Cleary 46
 King George 24
 St. Malachi's 26
 Winter Street 26
 King Edward 26
 St. Peter's 24
 Alexandra 21
 West St. John 14

The When Springs A Big Surprise

A. E. Henderson Once Again Supports His "Something Pretty Good" Policy.
 Have you seen the special advertisement in last evening's paper? Look it up—it's worth while, take it from us. The When, Where Men Buy Clothing, the leader in optimistic publicity. Such prices on men's suits haven't been offered in this town since the year 1916 passed away—such quality since poor old 1914.
 With prices sky-high for 1921, prospects of getting an overcoat anywhere under \$50 is extremely unlikely. Get yours now, at The When, Where Men Buy Clothing, Head of King street, opposite Woolworth's. Store open Saturday night until 10 o'clock.
MEMBERS OF THE COMMERCIAL CLUB.
 The regular meeting of the Commercial Club will not be held on Monday evening the 14th inst. The postponement is due to the fact that the Press Delegation is to be entertained at dinner that evening by the Mayor and Commissioners. All members of the Commercial Club are privileged to attend the dinner, and tickets are available on application to Mr. C. B. Allan, secretary N. B. Tourist Association, H. R. McLean, secretary.
 A very important meeting of the King's Daughters will be held this afternoon at the Guild. Every member is requested to attend. 2.30 sharp.
