## MISCELLANEOUS RESOLUTIONS.

[*Extracted from the Minutes of the Missionary Committee.*]

### TIME FOR THE BRANCH SOCIETY'S RETURNS.

"It having been seen that the time taken by the Branch Societies for sending in their Lists and Monies was yearly becoming later, and the financial interests of the Society having suffered by the consequent late publication of the Annual Report, it was

"RESOLVED,—That the Treasurer's Report shall be closed from year to year on the last day of June, and that Superintendents of Circuits are required to use all practicable effort to have the Subscriptions on their respective Circuits collected and paid to the Treasurer at or before the Session of Conference."

### REPORTS OF MISSIONS.

"RESOLVED,—That the Report of the Religious state of Missions be prepared by the Superintendent of each Mission, and read in the May District Meeting, subject to the revision of that Meeting."

### TIME FOR THE ANNUAL MEETING.

"RESOLVED,—That in future the Annual Meeting of the Society be held in the month of September each year, at which the general religious and financial state of the Missions will be presented."

### RETURNS FROM DISTRICT MEETINGS.

"RESOLVED,—That the Chairmen of Districts, in compliance with the direction of Conference, forward to the General Superintendent of Missions, as early as practicable, a copy of the recommendations to this Board by the September District Meetings for grants of Missionary money, the same to embrace number of Members, Children on each Mission, and the probable amount of the current income."

## PROCEEDINGS

OF

### The Annual Meeting of the Society.

The THIRTY-FIFTH ANNUAL MEETING of the MISSIONARY SOCIETY of the WESLEYAN METHODIST CHURCH IN CANADA, was held in Ottawa, on Monday, September 24th, 1860. The Rev. JOHN CARROLL in the Chair. The Meeting was opened with singing and prayer, and the Report having been read by the GENERAL SUPERINTENDENT OF MISSIONS, the following Resolutions were adopted:—

I. Moved by the Rev. W. POLLARD, seconded by the Rev. C. FRESHMAN, D. D.,—

*That the Report, an Abstract of which has been now read, be adopted and printed; and that this Meeting devoutly offers to God its thanksgivings for the spiritual success granted to this Society, and to other evangelical Missionary Institutions.*

II. Moved by the Rev. W. JEFFERS, seconded by the Rev. Mr. McEWEN,—

*That this Meeting is deeply affected to learn from the Report that the Income at present is considerably less than the necessary Expenditure of the Society, and that there are requirements for additional Labourers from its Indian, Hudson's Bay, British Columbia, Domestic, French, and German Departments, which inadequate pecuniary means render it impracticable for the Society at once to supply.*

III. Moved by the Rev. J. STINSON, D. D., President of the Conference, seconded by the Rev. Mr. ELLIOTT,—

*That this Meeting cordially acknowledges the zealous and liberal efforts of the Officers, Collectors, and Contributors, adult and juvenile, of all the Branch Societies, and the countenance of other Christian Communities; and is profoundly impressed with the importance of immediate, and much increased effort, liberality, dependence upon God, and prayer for diffusing illimitably the benefits of Christianity.*

# Report.

---

THE Committee of the Missionary Society of the Wesleyan Methodist Church, in presenting their Thirty-Fifth Annual Report, offer devout thanksgivings to Almighty God for the stability and extent He has given to its Missions, and the blessings of spiritual and social existence with which He has accompanied the arduous efforts of its numerous Agents the past year,—during which the life of every one has been graciously preserved, amidst the labours and exposure of the Itinerancy in the most rugged settlements of Canada, and remote Missionary fields of British North America.

And the Committee, in behalf of the Society, unanimously acknowledge the continued and liberal aid of ministers, members, and friends of the Wesleyan Church, and of other Churches; the zeal and consideration they have evinced; and especially the intercessions to God they have in faith and love offered for this Society's support and enlargement.

The INCOME of the Society has not again reached the amount received previous to the recent commercial and monetary crisis of the country, nor, by a large sum, even the total of unavoidable expenditure this year: still, there is a small increase in the receipts, which forbids despondency, or, rather encourages the expectation, that as public affairs become more prosperous, the friends of the Society will advance sufficiently in their contributions, not only to make the receipts and payments equal, but by a surplus of receipts warrant the Committee in occupying new positions in the home and foreign fields, from which the loud and reasonable voice of appeal is already heard with deep and constant christian emotion.

The INDIAN Missionary department in Canada this year has not only maintained its efficiency, but, without an exception, has obtained by the Spirit, which made the first hallowed triumphs rapid, conversions from sin to holiness, and, at some Stations, from degrading Paganism to Christianity. And this success is the more valuable at a time when injustice is done to the Tribes, and the most wary schemes are tried to debase and rob an ancient and interesting people, undeniably elevated at great cost by Christian civilization.

Of the SCHOOLS it is stated, that the Industrial Institution at Mount Elgin flourishes under the Principalship of the Rev. James Musgrove.

The Alnwick Institution in charge of the Rev. Sylvester Hurlburt, Principal, is much less satisfactory, because of the disinclination of the Indians to send their children. The Indian Schools at all the Missions are circumscribed in good by the frequent absence of the scholars with their parents. Nevertheless, considerable advantages accrue to the tribes by the instruction received, and by it, however interrupted, many Native Agents have been qualified for usefulness in the work of the Lord; and at present several Indian Missions are confided to an Indian superintendency; and successfully, by the blessing of God.

In HUDSON'S BAY the much regretted return of Missionaries, and the undelayed supplying of their places, have made that department unexpectedly expensive; however, there was a good work there long ago well done by the Parent Society's Missionaries from England to be kept without mutilation; the Wesleyan Missionaries from Canada have been assiduous; thousands of Pagans are wanting the Gospel, and many have heard and welcomed it; hundreds have been baptized, and exhibit in some degree Christian graces; a good number meet in class; well-ordered villages reward patience; and only funds are needed for the outfit and maintenance of more suitable men, who would go and fix themselves on other lakes or plains of that Territory.

On the PACIFIC COAST, though preliminaries are yet in progress, and as of old sin and ecclesiastical formalism reject Methodism, and the localities and habits of the population are not settled,—the countenance of many has been obtained, churches and parsonages have been erected, congregations gathered, souls converted, societies formed, and Sabbath-schools established. The Missionaries have laboured in uninterrupted harmony, and most indefatigably, and feel that the duties of their assigned posts require their constant presence, and almost entirely preclude them from explorations of the country, which are much needed, and that until their number is increased, many gold-diggers, and multitudes of Indians must be without the privileges of a Gospel of power, and hymns to Christ be not yet heard where the forests have for ages echoed with the din of deadly native conflicts; and earnestly does the devoted Chairman, Dr. Evans, and his colleagues, implore the Society in Canada to send additional labourers. There is much that is commendable in the fact, that every one of the brethren—distant as they are—sent a report of his Mission in good time, as not a few other Missionaries have done; their minuteness of detail is very satisfactory to the Committee; and they will be read with avidity and pleasure in Canada and England.

The DOMESTIC MISSIONS of the Society not only do not deteriorate, but during the Canadian depression have developed more of their excellence and necessity, very evidently in townships which have suffered from damaged harvests and the contraction of means; and it has been a source of gratification to the Committee to continue and extend the ordinances in such and other parts of the Province to the joy of old and young. There is no department of Christian energy more closely allied with the well-being and high destiny of Canada, and none more productive of religious, domestic, and national advantages, and this year, as in the past, in every direction, the hand of the Lord has been with His servants, the Spirit baptizing many congregations; and thus the way by disinterested Wesleyan zeal and exploration has been opened and smoothed for the advance of the authorized agents of educational, civil, and benevolent enterprises. The pioneer and costly services of this Society are depreciated by partizanship and bigotry, but there is universally among candid colonists a conviction, that Canada is incalculably the debtor of Wesleyan Methodism.

The FRENCH MISSIONS, the Committee beg to observe, are not to be judged of by their number, but their object, appliances, and effect.— Respected friends in Eastern Canada and elsewhere have shown a laudable anxiety, and given liberally, for their sustenance and extension, and with good results. The Agents employed are themselves converted, and therefore feel the force and benefits of the Scriptural and Protestant truths they propagate. The Papacy has shamelessly created and continued enough evil to retard their work and make it painful; but the Scriptures are explained and disseminated, domiciliary visits, expositions, and prayers are frequent, and persons have not only been emancipated from the degrading fetters of Rome this year, but made new creatures in Christ, and worthy members of the Wesleyan Church; and these, it is believed, are among the first fruits of an abundance which united Protestant Christians will soon, by Bible light and Divine power, exultingly bring into the garner of God.

The Committee, with gratitude to the Divine Head of the Church, rejoice to record the fact, that for all these Departments of the Wesleyan Missionary Society a well adapted Agency is never a hopeless desideratum, when its patrons furnish the full pecuniary means necessary: and so long as it adheres to its fundamental and tested doctrines, discipline, and reiterated catholic declarations, and makes a conscious spirituality essential in its agents and members of the Church, and dependence upon God indispensable, Providence will provide an adequate living Ministry.

These pages being written after the close of the year for which this Report is published, it may be stated, that a GERMAN department has just

600 20 1100

been formed, the first labourer in which is the Rev. Dr. Freshman, a converted Jewish Rabbi of Quebec, possessed of various qualifications, who has lately received Christ in word and spirit himself, and been accepted with cordiality by the Conference, and has already been successful in publishing Christ to others; making it certain that this is another providential Wesleyan movement, which should add fervour to the prayer of the pious—Thy Kingdom come!

Respecting Contributions to the Society, it is remarked, that there is not an amount in the lengthy list of subscriptions, however small, the Committee do not note with thankfulness to the Subscriber, and with admiration of the assiduity of all the Collectors; and the "Cards," "Boxes," "Offerings," and ingenious devices of the Youth of Families and Sabbath-Schools are indicative of the sanctified care with which many Parents and Teachers train their children to deeds of benevolence. Some annual amounts are large, and very creditable to the donors; and it is presumed that could it be known before the day of decisive reckoning, other amounts are the aboundings of "deep poverty" to the "riches" of "liberality," and such self-sacrifice for Christ will ensure a reward. In several of the Branch lists there are touching entries—*Legacies*, or mementos, of friends who no longer animate us by their presence. The cause that is remembered and loved on the death-bed claims our sympathy and generosity, and these welcome bequests instruct indebted survivors, whom God has prospered, in the disposal of their property, acquired under the influence which christian, it may be, Missionary zeal has exerted on their own hearts, on their families, and on their business proceedings, perhaps for many years; thus making a practical recognition of Divine bountifulness to them a final personal duty and privilege,—as it would be a blessing to the living in some civilized or pagan part of the extended domain of the Wesleyan Missionary Society.

The EXPENDITURE of the Society is varied and incessant in so wide a range of the Canadas, Hudson's Bay, and the Pacific Coast, for supporting the Missions in all the departments, and the Schools and Agencies; providing for the necessary contingent expenses of management, outfits, travelling, translations, printing, books and stationery for schools, building, repairs, furniture, allowances for sickness, the disciplinary payments for children, training of Missionary students, and the return of ministers and their families, and teachers, from the Society's foreign Missions. These outlays come under the close supervision of the large ministerial and lay Committee, and are controlled with conscientious reference to the funds available, the necessities and efficiency of the Missions, and the glory of God.

By grants from the Parent Society, added to the total avails from all the Canadian Branch Societies, there were supported efficiently last year 106 Domestic Missions, 20 Indian Missions in Canada, 4 Missions in the Hudson's Bay Territory, 4 in the Colonies of Vancouver's Island and British Columbia, 5 French Missions in Lower Canada, 161 Missionaries to the New Settlers in Eastern and Western Canada, including several under Chairmen, &c., 20 Missionaries to Canadian Indians, 6 Indian Bodies supplied from other Missions, 4 Missionaries to Hudson's Bay, 4 to the Pacific, 5 to the French Romanist Canadians, 22 Indian Day Schools, 2 Industrial Schools, 18 teachers, 13 Interpreters, 1 Printing Establishment: Total of Missions, 142; total of salaried Agents, 231.

In connection with the Society there are 1,790 Indians, being an increase of 57. On the Domestic Missions, 16,850. Total Members related to the Missionary Society, 18,640. Increase of Members 1435.

Beside these Agents, the gratuitous official Missionary services of the Chairmen of Districts, and of Ministers and Lay brethren on our Circuits are very important. There is a large number of valued voluntary lay agents on the Missions—local preachers, exhorters, class-leaders, stewards, trustees, Sabbath School teachers, and Missionary contributors, and collectors, who in many ways make their piety, talent, and pecuniary means subservient to the Redeemer's cause in the settlements, and by the erection of churches and parsonages, and diffusion of Gospel ordinances and influences, satisfactorily promote the interests of the Society, and give impulse to the career of Canada.

The Reports from the different Missions—reluctantly but necessarily much condensed for publication—convey intelligence which is cordially commended to the readers of the General Annual Report, and which more than ever assure the Committee of the success of the esteemed Agents in disseminating Scriptural truth and precept under the sanction and promptings of the Holy Spirit. Thousands of persons, adult and juvenile, in this distinguished British Colony are cheered and benefited in their solitude and toils; the claims of this Society to be acknowledged as one of CANADA'S select and most useful Institutions are more than ever apparent; and the friends of Wesleyan and other evangelical Missions in Canada may conspire in their gratitude, and declare, "The Lord is exalted; for he dwelleth on high; he hath filled Zion with judgment and righteousness. And wisdom and knowledge shall be the stability of thy times, and strength of salvation."

## INDIAN MISSIONS.

**NEW CREDIT.**—The Rev. Thomas Williams' report is comprehensive and minute, and well presents the state and prospects of a Mission where several native languages are spoken among a people nearly the first in Western Canada to exchange paganism for christianity, and who will never cease to be grateful debtors of their lamented chief and benefactor, the devoted Peter Jones.

"Our principal appointment is the New Credit Mission proper. There is sustained a Mission Day-school. In connection with this appointment we have five Indian classes and one small class of Whites. Our older people here still manifest a pleasing attachment to the house and worship of God.

"We have a good general attendance upon our public services and at our Sabbath prayer-meetings. There is a good attendance upon our Day and Sabbath Schools; in the latter several of the young people of both sexes labour as teachers, and manifest a growing interest in their classes and in the school, and I think there is quite an improvement in their general conduct. Our efforts to impress upon them the importance of surrounding themselves with all the comforts of civilized and christian homes have not been without success.

"Our second station or appointment is among a band of Delaware Indians. They live about four miles from New Credit. The work among them began about three years ago; then, we have had to pass through trials; but we have had reason to admire the constancy and faithfulness of a few devoted people. They have won my warm affection by the manner in which they bore their trials.

"Our third appointment is among some families of Onandagas, who were once connected with the Grand River Mission. They are surrounded by pagans of their own nation and the Cayugas. They seem steady and pious, but manifest very little ambition to improve their social condition.

"And we have another appointment among some Mohawk families who have not long since moved into the vicinity of New Credit. I feel admonished that a Missionary to the Indians must be unceasingly vigilant."

**GRAND RIVER.**—The Rev. James Harris sends favourable intelligence from this the first Methodist Indian Mission in the country.

"We entered upon our labours on this Mission in January, and though it has been in an unsettled state during the year, through changes in its pastorate, it has enjoyed some prosperity. The Camp meeting held in September last was successful, and followed by a protracted meeting, in which several were converted. The Rev. David Wright also succeeded in finding out several whose names had not previously been on the Church's roll, but who are now reported as members. My colleague has been laborious and successful in pastoral visitation and the public ministry. The result is found in our return of an increase of about fifteen full members, and two on trial.

"The Indians have erected and nearly finished a log church in the rear of the Reserve, known as Thompson's neighbourhood. The Temperance cause, through the blessing of God, has accomplished wonders among the poor Indians.

"The Sabbath School is in successful operation, and is likely to do much for the rising generation. By the action of the last Conference, the white society at the Salt Springs was placed under the pastoral charge of the Rev. William Ryerson, whose labours have been admirably successful. A large Society is now gathered in, and a neat brick church is almost completed. It is with unfeigned

gratitude that we acknowledge the speciality and kindness of the providence which has so far restored our venerated friend to health, as to enable him to resume his pulpit labours. The Mission premises need immediate attention, especially the Indian church."

**MOUNT ELGIN AND MUNCEY.**—The brief yet various particulars sent by the Rev James Musgrove, Principal of the Mount Elgin Industrial Institution, especially the statement, that there is "still much cause for thankfulness to God," will be received with satisfaction.

"At different times during the year a much larger number of our people than usual, both among the Ojibways and Oneidas, were absent on their hunting and fishing excursions. This is to be accounted for in part by the failure of their crops (corn and potatoes), caused by the severe frosts in the month of June, and partly because of their indolent and roving habits.

"Their long absence from the Mission, and want of the regular means of grace, necessarily interfere with their spiritual enjoyments. Their absence also affects the members who remain at home; it seriously interferes with the regular meeting of the classes, and in this way, both those who are away and those who are at home, sustain spiritual loss. Notwithstanding this, on a review of the past, we find that we have still much cause for thankfulness to God, for what he has done for us in connection with this Mission through the year. The Lord has been specially with us at times, in the public assemblages of his people. Our Quarterly Meetings have been seasons of refreshing; and although we cannot speak of the gracious outpouring of the Spirit in the awakening and conversion of souls to the same extent as on former occasions, yet, we have not been entirely destitute of awakening and converting grace; a few have been brought to God, and are numbered with his people; three have died happy in the Lord, and are now in heaven, and a few have been dropped for neglect of duty. Our numbers remain about the same as last year.

"Our Industrial School has been doing well, and is at the present time in a good state. To enter into particulars, would only be to reiterate what we have stated in former years. Our number is more than complete, we have upwards of forty regular boarders in attendance, many of them adults. Their conduct through the year, almost without exception, has been uniformly good; they have applied themselves to their literary studies, and diligently attended to their Industrial and domestic training. The Bible Class and Sabbath School, have been attended to as usual, and the children have been greatly benefited thereby. May they make good use of all the advantages they now enjoy, and on leaving the Institution be rendered a great blessing to their people!"

**ST. CLAIR.**—The news sent from this Mission, the establishment of which caused much anxiety, is as cheering to the Rev. Thomas Hurlburt as it is to the Committee, and is a corroboration of a sound remark frequently made, that a persistence in duty will bring prosperity.

"We are thankful to the Giver of all good, that at the close of another Conference year we are able to report that the past year has been one of steady progress. For the first time in the history of this Mission, we have been able to get up and sustain an efficient Sabbath School and Bible Class. We have over fifty children and young people receiving Bible instruction an hour or two every Sabbath before Divine service. Our Library contains 200 volumes, which, with the fixtures, has cost about thirty dollars, all of which has been done without drawing on the funds of the Missionary Society. Our head Chief is our most efficient Sabbath School teacher. We hope through the Divine blessing on our labours to see great good result to the rising generation from our Sabbath School operations. There is a steady advance among our people both here and at the Sauble in agricultural and other improvements.

"We have made arrangements with our Native helpers to employ them more in aiding in the work of the Mission. We find them very willing to visit the Sauble and Bear Creek bands, and hold religious service among them, alternately with myself, greatly to the benefit of these small bands. We have peace and quietness in all our borders, and the power of the Lord is present in our assemblies. Our last Quarterly Meeting was the most spiritual and profitable season of the kind we have had since our residence here. All our finances have about doubled in the past two years.

"On our arrival we found the premises in a very dilapidated state. The Indians made us an appropriation of \$50 to get them repaired. During my residence here, and partly at my own expense, I have made about a third of a mile of fence, and we have the shingles to put a new roof on the Mission house. All this has been done without drawing on the funds of the Society.

"In conclusion, we thank God and take courage, feeling ourselves in our appropriate sphere of duty, in which we resolve to live, labour, and die."

**WALPOLE ISLAND.**—Coming as this report does from one of the oldest and most esteemed Missionaries to Indians, the Rev. Solomon Waldron, and exhibiting the providential capabilities of the Society to bring pagans to Christ, as from the first, it will be read with great pleasure, and gratitude to God.

"Who ever trusted in the Lord and was confounded? In the thirty-ninth year of my itinerant life, I attempt to prepare my fifteenth annual report of Indian missions.

"Walpole Island though among the last of our Missions in Canada, is not the least in importance. Since its commencement some three years ago, we have been favoured with an uninterrupted spirit of revival; this is admitted by all acquainted with the circumstances to be emphatically the work of God—a people so deeply degraded, in so short a time, with such limited means, manifesting such a change! There has been from the commencement up to the present a gradual progression in the right direction. Efforts have not been spared to damage the cause of Methodism among them, especially that all important branch, Class-meetings.

"We were represented as anti-Wesleyan, and a pamphlet to this effect was put into their hands. This naturally called up an investigation, and was, we think, overruled for good. I am grateful to God we now report one hundred and sixty members in good standing; twenty-six on trial; fifty-six have been baptised this year; twelve have died, we humbly trust in the Lord, some of whom had their grave clothes prepared while living and actually tried them on! At the near approach of death they appear to be favoured with a lively sense of things spiritual and eternal, of which they talk, dream, and sing. Seven births and four removals; but one has been excluded, while others have been out of the way; yet by the untiring vigilance of their Class leaders, they have been hopefully restored. We have gone with them to their sugar works, and administered to them the Gospel with its ordinances, occasionally worshipping in the open air.

"The School has been continued through the year, forty-two names are on the register, but the attendance is only from twelve to twenty. Class Meetings on Saturday evenings, Preaching on Sabbath at 11 a. m., two Prayer Meetings on Sunday evenings, besides invariably visiting and praying with the sick and giving them the Lord's Supper. Our Quarterly Meetings have been special seasons of refreshing from the presence of the Lord. We have a good class of Native Agency; eight leaders, six of whom are licensed to exhort, and two local preachers, beside the teacher and interpreter, who is also an able and useful local preacher, and the only one salaried.

"Much inconvenience is felt for want of a suitable house for public worship. Had we a church our congregation would be much larger. Our White friends

attend on the School. Their present still they are some gratified they are

attend our preaching; and with a portion of our Indians for want of room inside the School House, must stand about the door and windows during Divine service. Their progress in agriculture is slow for want of teams and proper implements; still they raise a quantity of Indian corn, potatoes, beans, squashes, turnips, and some grain; and in their domestic department, neatness and cleanliness of attire, they are admired."

**CAPE CROCKER AND COLPOY'S Bay.**—In his loneliness and difficulties the Rev. Stephen Brownell thus writes:—

"This is a new Mission formed out of old material. The Newwash band of Indians having surrendered their land to the Government, have settled at Cape Crocker. Colpoy's Bay is now attached to the Cape as it formerly was to Newash. The Mission appears to have lost considerably both as to its numerical and financial strength. The land here is very poor, and exceedingly hard to labour. The Indians have sustained great loss in surrendering their land at Newash. We have worshipped in private houses during the last year, and have been very much embarrassed in our operations. We have obtained one-fourth of an acre of land upon which we have erected a good body of a house for worship and school purposes, but we shall not be able to finish it without some aid from the Mission fund. During the year, there were six conversions; twenty-six admitted on trial; twenty dropped; one expelled; forty-eight in full connexion,—total seventy-four. Decrease, two. There were quite a number returned as members I have never seen. We have one Sabbath School; two teachers; twenty-one pupils, ten males and eleven females—no library. As regards a day school at Colpoy's Bay, it is not necessary, as our people have not more than six or seven children in all."

**SAUGEEN.**—The Rev. J. K. Williston says,—

"Although we cannot report any extensive revival of religion among us, yet we have had some tokens for good. A number of the Indians, particularly those living on the north part of the reserve, some six or seven miles from the village, where, in the former part of the year I organized a class of twenty-eight persons, the most of whom were newly seeking their soul's salvation, have united themselves to our Church, and, consequently, our numbers show an increase over the past year of twelve. Small as this increase may be, we are thankful for it, inasmuch as it shows the power of the Gospel still to save the poor Indian when he comes to Jesus. Drink they can get in abundance from those who sell it in the neighboring village, in exchange for their sugar, or money when they have any; the law prohibiting this appears to be a dead letter in this section of country. This has given us great pain and trouble in our toiling for the benefit of these Indians.

The attention of the Indians to the public service of God, particularly on the Sabbath day, is good. The School has been kept up among them during the year as usual, and they appear to be as industriously engaged in cultivating the soil, and I think more so, this spring than any other spring since I have been acquainted with them; this is also encouraging. There have been but few deaths among us this year; a few were attacked with disease during the past winter, but the general health of the band at present is pretty good.

"I must say there are a goodly number of this band of Indians, who, I think, are Wesleyan Methodists from principle. They acknowledge we were the first to look after their soul's interest, and have done for them, and are still doing, what no other Church has done, and as they found the Lord Jesus Christ, so they intend to walk in him."

**SNAKE ISLAND.**—The Committee regret that from this Mission little detail has been sent, and no particulars of the School so long and well taught by Mr. Wm. Law. The Rev. E. Hurlburt just states,

"There is some improvement this year among the Indians on the Island, and

a small increase in members. There are two on trial, and forty-two full members—total, forty-four. We are cheered by a steady improvement, both as it regards the temporal and religious state of the Mission. May God bless this people."

**RAMA.**—The devoted Missionary, the Rev. G. W. McDougall, has had great encouragement in his work, which has been done in the true spirit of the itinerancy, and he thus reports of it, a few weeks before his departure as Chairman of the District to the Hudson's Bay Territory:

"In the past year your Missionaries have been engaged in both the Indian and domestic work. Amongst the white population the good seed of the kingdom has been scattered on fields hitherto uncultivated; success attended these efforts, and upwards of fifty have professed faith in Christ. Two eligible building sites have been secured, and one church will be ready for opening by the first of August. The present state of the Indian Mission is of a very cheering character. The past year has been one of marked improvement. Our last quarterly meeting was the best. A temperance society organized and sustained by our young people has done a good work; cases of intemperance are very rare. A part of the year our Mission School was well attended. Our Missionary collections have advanced. The secular interests of the Mission have not been neglected: a number of good houses have been built; public roads have been improved, and more planting has been accomplished than in any previous year."

**BEAUSOLIEL ISLAND.**—The annual report from the Rev. W. M. Cooley is again without Society-facts, which is unjust to the friends of the Missionary Society. What is sent is interesting.

"The Indians have had some discouragements this year. At the commencement of the Conference year those living upon Beausoliel Island—some five families—agreed to move to Christian Island, providing a school was established, but owing to a mistaken impression that there were not children to warrant it, there was no teacher employed, therefore, they did not remove; this has caused a separation in feelings and interest, yet the work of the Lord has been moving on slowly.

"There is a band of Tawas, thirty or more, who have embraced Christianity; ten at the Camp-meeting last September, and the remainder very lately. We have succeeded in getting up a good large schoolhouse, which will answer well for church also. There are now resident on the Island, not including those of Beausoliel, about seventy children, without knowledge or teacher; the Pal-tawatamies greatly desiring to send theirs, though pagans themselves.

"A minister residing here would be able to visit the North Shore three or four times in the year, and attend to sacrament, etc., there being a fine opening there now, and unless occupied, no doubt it will soon be taken by the priests who visit these Indians frequently."

**FRENCH RIVER.**—No report.

**SCHOOGOG.**—The number of Natives here is reported by the Rev. John Law, to be 56, of whom 25 are members of the Wesleyan Church. They have made a fresh application for Scriptures and Hymn Books, and are deserving the services rendered them by the Society.

**ALNWICK.**—The indications of improvement in the following letter from the Rev. Sylvester Hurlburt, are welcome, existing as they do among

a people long the affectionate and well-trained charge of the respected Rev. Mr. Case.

"Much that was said last year might be repeated this year, as there is still reason to mourn over the wickedness of some among this people. Still I am thankful that I think I can say with truth there is some improvement. The people generally pay more respect to the Sabbath and the worship of God than they did a year ago; a few, that were then far away, now meet in class and give evidence of a desire "to flee from the wrath to come;" though the number meeting in class is actually less than it was last year. Another evidence of improvement is an increased attention to agriculture. The people are more industrious than they were at the close of last year. We have ever found this to be the effect of piety among the Indians; thus proving the truth of the Apostle's statement that "Godliness is profitable unto all things, having promise of the life that now is, and of that which is to come." There is more land under cultivation at the present time than at any one time during the past four years. This, as I have said above, is to be attributed to an increase of piety in the members of the Church. Don't misunderstand me. I do not intend to say that a casual observer would see any very perceptible improvement in the people; but those among us who watch over them, preachers and leaders, are perhaps less discouraged than we were, hoping we may shortly see a great work wrought among them.

"The Industrial School is, if any change, in a somewhat more prosperous condition than last year. The number in attendance is somewhat above the year preceding, and the moral and religious character of the children better than it was. The attendance of village children at both Day and Sabbath School is very much better than it was last year. The Industrial School might be filled up if any pains were taken to get the children from the bodies residing in the vicinity of Lake Huron; but as the Indians of the most of these bands, if not all, had expressed an unwillingness to appropriate their funds for the support of the School, no effort has been made for the last two years to get any of their children to attend the School; though I have reason to believe a number of the children would come had either they or their parents the means to pay the expense of getting here.

"The number of members is less this year than last, though some are members now who were not at this time last year. We must observe the discipline of the Church however painful it may be. Last Sabbath we held the Quarterly Meeting—the last one for the year, and though there was nothing special during the Sabbath exercises, still some of the people have held prayer-meetings in private houses every night since. May we hope for better days. We are much in want of a new supply of hymn books.

"As heretofore I ask your earnest prayer for this Mission. It is among the oldest of our Indian Missions, and has, I think, heretofore furnished the greatest number of efficient labourers in our Indian work."

**RICE LAKE.**—The Rev. Wellington Jeffers thus very satisfactorily writes of a worthy body of Indians:

"On the whole we can report some small improvement during the year. Our congregations are excellent, the Church being generally quite filled, and a growing interest in the means of grace manifested both by the Indians and white people. We have formed a class of whites under an efficient leader, and have hope that it will contribute much to the prosperity of the Mission. The prosperity of our Indian Missions is very much affected by the character of the white population, by which they are surrounded, and when the Indians see their white neighbours serving God, it is a great encouragement and help to them.

"The Sabbath School has been kept up through the year and is well attended. Our Peterborough friends, having procured a new library for their School, kindly gave their former library to us, which has added much to the usefulness of our School. I think that many of our town Schools might promote the usefulness

of our Missions, by giving their libraries when they have done using them themselves. The Day School has also been kept up through the whole of the year, and many of the children are making gratifying progress; but, as usual, the great discouragement is the irregularity of the attendance. The new School house, has greatly increased the comfort and efficiency of the School.

"I have appointed an Indian service for every Tuesday evening, which is conducted by one of our Indian Local Preachers, and I think it has been a useful service in various ways. We hold a Temperance Meeting once a month, at which our Indian speakers and others address the meeting. These meetings have done much good, and the drinking practices have been very much diminished. If we could only dry up this source of sin and death, we might breathe freely. Our Missionary meeting was an occasion of much interest, and the contributions will show that the Rice Lake Indians value the Gospel.

"It would be doing immense good to the Indians of Canada, if some of our legislators—some who are their real friends, would try to get their affairs settled on some permanent basis. They know that the Wesleyan Church has always done them good and not harm.

"Our membership is, Indians forty-eight, and four on trial, and fifteen whites. Our day school numbers from fifteen to thirty or forty, and the Sabbath School thirty or forty, with seven teachers."

**MUD LAKE.**—The brief report from the Rev. David Hardie is quite acceptable:—

"The Mud Lake Indians form a part of the Bridgenorth Mission, and I preach to them once every second Sabbath. I have held three Quarterly Meetings with them this year, which appeared to give them much satisfaction and comfort. They have done well in supporting the Missionary fund, and have paid to it \$30 57cts. There are twenty-five of them members of our Church. The number of all the Indians on the Mission, is one hundred and twenty-three."

**MORAVIAN INDIANS.**—The Rev. Wm. Hawke states that the Indian part of the Wardsville Mission "is interesting, the congregation is good, many are truly pious, and very attentive to all the means of grace. Two have been brought into the Church during the year."

## HUDSON'S BAY MISSIONS.

**NORWAY HOUSE.**—From the Rev. Robert Brooking, Chairman of the Hudson's Bay District, the following almost wholly gratifying report has been received, and it is evident that Rossville is an increasingly important Mission:—

"As the time has now arrived for presenting the Annual Report of this Mission, I hasten to forward it by the present opportunity. Our experience during the past year, presents a varied and mixed character, as I suppose it always will during the present imperfect state of things. We have had much to mourn over; several cases of sad blacksliding, which have happened, and we have

consequently had to enforce, in the strongest manner, our godly discipline, and expel some from our communion. A sad case of incest has lately come to light. But blessed be God, it is not all dark. Several conversions have taken place during the year, and four backsliders have been reclaimed. Our means of grace have been well attended, and our Quarterly services truly times of refreshing coming down from the presence of the Lord. Two young women have died, and left a glorious testimony behind of the power of the Gospel to save. The School has been kept up with but few interruptions during the year, although the attendance has not been so good lately, as we could have wished, principally occasioned by the parents being obliged to take their children away to the Sturgeon fisheries.

The desire of our people for temporal improvement, is also very encouraging. Several of our young married people are engaged in building themselves houses, and the older ones are improving their property. Two have enclosed plots of ground, at considerable labour, with good close picket fencing as calve-pens, so that they may be able to rear cows. The births have this year also greatly exceeded the deaths, and our village cannot now number less than 500 souls.

"It is just now twenty years this month, since the first Missionary opened his commission to these people, in the person of Mr. Rundle; and when we look back and see what Christianity has done for this once degraded people, we are constrained to say, What hath God wrought! Then they, houseless wanderers, having no permanent dwelling place, but camping beneath their birch-bark tents by the sides of the lakes and rivers, where either necessity or caprice dictated, are located in a pleasant village. Then they cultivated nothing, now they nearly all have plots of potatoes, which afford them an agreeable article of diet, when they most need it. Then they were without God and without hope in the world; now scores of them are gone to the regions of bliss, and are thought of as joining in the triumphant song with that great multitude who have come up out of every nation, and whom no man can number, and scores more are able to sing the Lamb in hymns below, while those departed are singing the Lamb in hymns above! Glory be to God!

"There is yet much to be done; a great deal of darkness to be enlightened; a great deal of ignorance to be overcome; a vast amount of mind which has been enthralled for ages by the devil to be raised up. But by the blessing of God upon the means, this will ultimately be done, for although the instrumentality be weak, yet the Lord God omnipotent reigneth."

**OXFORD HOUSE.**—The Rev. Charles Stringfellow's report has its gloom—and the Committee sympathize with him and Mrs. Stringfellow in their afflictions—and it has its brightness, the effect of the presence of their Master in their solitude and labours.

"The past year has been one of cloud and darkness to the Mission family, of very much affliction, and also death. During its latter half, not a day has elapsed without more or less of affliction under our roof. The death of our little boy by a most severe scalding, was as severe an affliction as it was unlooked for, and occurred at a time when the others of the family were enduring severe affliction themselves. The period itself will remain the darkest page in our history, not alone for the stroke which laid aside the child of our fondest anticipations, but for the long, serious, and painful confinement of my dear wife. The Indians evinced much sympathy for our sorrows, and not a few wept with us at our loss and troubles, yet we had keenly to feel we were far remote from civilization and those comforts common to civilized life, yea, their essentials, and that we were strangers in an isolated north-western wild.

"We have not been unconscious that God is everywhere. We can subscribe to the Psalmist's affirmation, "Whither shall I go from Thy spirit? or whither shall I flee from thy presence?" &c. (Psalm cxxxix 7-10.) And we have also approved of David's commendation of his God, as recorded, (Psalm ix. 10), and

reads, "And they that know Thy name will put their trust in Thee: for Thou, Lord, hast not forsaken them that seek Thee."

"The present report is of our third year's labours among this people. We have, during the year, had some grounds of encouragement. We have seen resting on many countenances an increased solemnity, and a disposition to hear the word of God, and to grow thereby. And it is not the smallest of our consolations to know that our interpreter, who came to us last spring from the Red River colony, has, since his coming, been led to seek the inward experience of what was previously but a profession. He now testifies to the possession of religion, and is, I have no doubt, a true follower of Jesus Christ. Sometimes he is utterly unable to control his feelings during the delivery of God's truth on the Sabbath, and at such times during the year all have felt more or less of the melting influence of the Divine Spirit. I have much pleasure in again bearing testimony to the consistency and godly bearing of our three native class-leaders, each of whom can set to his seal that God is true, and is plainly seeking the better country, even the heavenly. It has always been a source of regret to your Missionary that the bulk of our Society cannot avail themselves of our ministrations for any lengthened period, and I do this the more on account of the scarcity of the Scriptures amongst them. For near two years I have had few or none of the Scriptures to present to our people. One thing, however, in part redeems this loss, as I know they meet together throughout the winter on the Sabbath, in their forest abodes to read and exhort and sing and pray. Our people, or rather the bulk of them only, possess the Gospel of St John. A few have in addition some of the smaller epistles; but is it not highly desirable that each should have a copy of it? yet I am sure not half possess it. And is it not desirable that the entire Scriptures should be put into their hands? No people under the sun have greater need of this, when we take into consideration their necessitated habits of roaming about the country in quest of furs and food; and again, the Gospel found these Indians most degraded by crimes shocking to cultivated minds, to say nothing of minds under Christian influence.

"We have had a School during the winter. It has been thinly attended, but has done good. We expect a much increased attendance the ensuing year. The other Sabbath afternoon I determined to try the acquaintance of our school children with the hymns, which I have long observed that they delight to sing. There was not a child, however young, but could repeat the hymn in Cree of "Lo He comes with clouds descending," &c. We have ninety-six hymns in our syllabic charactered hymn books, and I am sure some of our scholars can repeat half of the whole. I trust the hymns thus learnt will influence in present and future years their hearts and lives.

"Some of our people, and especially our leaders, evidence in their addresses and prayers the acquaintance with St. John's Gospel, and understand its truth, whether openly spoken or in parable. Oh that they may fully prove its utmost power!

"During the year I have not heard of any deaths amongst our Society. We have had of removals, 7; we have at present, in Society, 116 members; admitted during the year, and included in the above, 31; increase over last year, 24; married during past year, 5 couples; baptized during past year, 34, adults and infants.

"We are now having the Indians coming in from their winter quarters. It is our earnest desire to benefit the people in word, by life and doctrine, and to lead them to Christ.

"We have heard nothing from Canada, and nothing of anywhere else lately, but we doubt not God is with the Churches of our adopted land. Oh that Canada may ever prosper, and never cease by Missionary enterprise to bless the world!

"With exception of my infant daughter our health is improved from the time I last wrote."

**LAC-LA-PLUIE.**—Many Indians here having laid aside their former prejudices, and since his departure, the services of the last Missionary there have been appreciated, and a wish expressed for his return, a Missionary has again been appointed to the Station, which in several respects is important.

## BRITISH COLUMBIA MISSIONS.

---

The friends of the Society will peruse with deep interest, and many good wishes for the writers, the following acceptable details from the Missionaries on the Pacific, dated at the time of their District Meeting, March 31st, 1860.

**VICTORIA, V. I.**—The Rev. Dr. Evans, Chairman, writes: "During the year the aspect of the Society here has been variable—at times occasioning anxiety—and at other times affording encouragement. The want of a more commodious place of worship, and the fluctuating population, have been serious drawbacks upon our prosperity and advancement. The Sabbath attendance in the Court Room (occupied by the kind permission of the Government), has been ordinarily good, and we trust that the preaching of the truth as it is in Christ, has been rendered a blessing to many of God's children temporarily remaining here—as well as to the more settled members of the Church. Two classes have been formed, and meet with regularity. The generous contributions of the inhabitants of the town toward our building effort, amounting to more than *three thousand dollars*, added to one thousand raised toward the Circuit expenditure, is a delightful practical manifestation of confidence in our connexional principles, and of interest taken in our success.

"As our Church edifice is nearly completed, and the number of families in the town, is rapidly increasing, we entertain the strongest confidence that we shall gather into it a large and respectable congregation, and exert upon the surrounding population the salutary influence, for which, as "the salt of the earth," the Church has existence. On the opening of the building we shall enter upon our Sabbath School work, for which it has ample and convenient accommodation."

**NANAIMO, V. I.**—The Rev. A. Browning writes: "Primarily this Mission presented a most melancholy and (spiritually), uninviting aspect. Our position then, humanly speaking, was a solitary one, and we even now lament the non-immigration of godly men. Our efforts from the beginning were under God intentionally faithful; and any or all opposition to these labours, has only been apparent, as we have obeyed Christ.

"God in mercy hath blessed these endeavours and restrained the adversary. The observance of the Lord's day—the decline of drunkenness—the improvement visible in family morals—the attendance on the sanctuary—and the presence of the restraining and converting grace of God, are facts for which we acknowledge the abounding mercy of our Master.

"With thankfulness also would we record the kindness of friends in providing for us the foundations of a material position. Our small Society, taken from the ranks of the enemy, are growing in the Divine life, and we anticipate for Nanaimo a Methodistic future. To us it has been the scene of many trials but more blessings; and we shall ever look back on the year now gone as the best of our hitherto ministerial life.

"The Indians of Nanaimo, and indeed of all the tribes, have been the subjects of our anxious attention and regard. We have aimed at benefiting them in position and morals, and have been repaid with affection and acknowledged benefit.

"Regular in their attendance, and attentive to their duties, both the teachers and children of our Sabbath-school have been to us sources of comfort and encouragement. The secretary of this school, a most estimable man, and a member of our Church, is also the teacher of the public day-school. The progress of the children in the truths of the Bible has been very marked and satisfactory. One of the girls has been led to the Saviour, and although living away from the school, and in circumstances not the most favourable, still retains the sense of sins forgiven, and lives a godly life. Our hopes are high as to the future of these children; and an affection exists between us, which increaseth by intercourse, and which we hope will be perfected in eternity."

WESTMINSTER, B. C.—The Rev. E. White writes: "Ten days more, and a year will have passed since I arrived in this place, and preached the first sermon under the spreading boughs of a large spruce near the river side, and which, though standing in the centre of improvements, thence commenced and still proceeding, remains unharmed by the woodman's axe. Eleven months ago to-day I moved my family from *Victoria* to this *embryo city*, and after living nearly two months in a cotton tent, 13 by 14, we moved into our humble parsonage, then a mere shed, but now quite as comfortable as the abodes of our neighbours.

"The site of our Church and Parsonage, donated by Government, is 132 feet square, and is pronounced by all who have seen it excellent. It was, at the time obtained, not only very heavily timbered, but more than a block further from the River than where improvements were then being made, so that in addition to the labour of clearing the site I had to fell a great many large trees between us and our neighbours, in order to have the benefit of the sun's rays, and a view of the beautiful Fraser. We did not commence early enough to do much at horticulture last year, and what little we did plant, and which seemed to be doing well, some breachy oxen, from a neighbouring saw-mill, destroyed in one night.

"We have now a garden well fenced, and are putting it in a thorough state of cultivation, and hope in due time to reap the fruit of our labours. Our manual labour thus far has been very considerable, but the Master had prepared our back for the burden in giving us excellent health.

"For a few Sabbaths after our arrival I preached in the open air until the Colonial Treasury was erected, which not being required for Government purposes until recently, we have by kind permission occupied, being allowed the large front room for Sabbath service. Two weeks ago we moved to our new church, which we commenced to build the 4th of last January, and which will be completed in a few days, and regularly opened for Divine service on the 8th day of April.

"We are building at present according to the amount of our means and the size of our congregation. Our church is only 20 x 36, and will be neatly finished and painted at a cost of about \$700 (not counting my own labour,) two-thirds of which amount is already contributed. We are using it for the double purpose of church and day-school, and when it becomes necessary to build a larger sanctuary our present edifice will make an excellent school and lecture room.

"On the 22nd of May, 1859, we held our first class meeting, and on the 10th of the following July organized a society of nine members, with Brother Calder, late of Kingston, C. W., as leader. Soon after the leader and several of the members moved to other parts, and during a portion of the time since the class has hardly had an existence, and at present only numbers five persons. So great and sudden are the changes of society in these gold regions that in two weeks we may have twenty additions, or the few we have may have taken their flight.

"Early in the present year we commenced a Sunday School and Bible Class, and recently Miss Woodman (Mrs. White's sister) has opened a day School, at which five, all the children in town, except those at the military camp, and one young Chinaman, are in regular attendance. We cannot tell of conversions, our congregations have been small, but our prospects are brightening.

"The town is growing, the population is increasing, and as soon as our church is completed we anticipate an encouraging improvement in our congregations. Settlements are being commenced in adjacent localities, and I hope that country appointments will soon be added to our work in the town.

**FORT HOPE AND FORT YALE, B.C.**—The Rev. E. Robson writes: "My first sermon in this place was preached on March 13th, 1859. Dr. Evans preached on the same day in Yale, he having the previous Sabbath preached at Fort Langley, this being the first Wesleyan sermon in British Columbia. Since that time services have been held in Fort Hope regularly, and at Yale and the adjacent bars, as often as congregations could be obtained. The attendance at Hope has ranged from ten to fifty. The attendance at Yale has been considerably smaller than at Hope, and some Sabbaths I have been unable to get a congregation at all. Since last September a small weekly prayer meeting has been kept up at Hope. I obtained the names of seven persons last September, as members, but after a few weeks they almost all dispersed to other parts of the Colony.

"For some time past a Bible Class of from eight to fifteen persons has been carried on. The Temperance cause has also been attended to. No Sabbath School has yet been formed, there being but three children in Hope. The future of this Circuit is yet in the dark. I have to add that a parsonage has been erected in Hope, 18 x 30. The parsonage lots, three in number, have also been fenced and partly brought under cultivation." The Fort Hope Indians are all favourable to the education and religious instruction of themselves, and especially of their children. I am doing all I can to obtain a knowledge of the language. My progress is slow, but I am encouraged to hope. When the Missionaries have once mastered the language, much good may be done. I commend the Indian department of our work on this coast, to your earnest prayers, and your support, as far as it can be given."

## DOMESTIC MISSIONS.

---

**Toronto District.**—On the **MONO** Mission there are eight churches, two have been seated, another commenced, and a parsonage was about being built. Forty-one persons have been added to the membership, besides forty-five on trial; all connexional funds are in advance; and the Rev. R. Pinch thanks God for such success. **ORANGEVILLE** is reported of by the Rev. J. W. Savage as having doubled its membership, added fifty per cent to the collections, contracted for a new church, organized a Sabbath School, and added to the appointments.

**Hamilton District.**—Of **NANTICOKE** the Rev. J. N. Lake writes,—  
"We have at present, on this Mission, 10 Sabbath and 4 week night appointments, and 15 classes. During the year we have had a general revival: after making up for all deficiencies, we report an increase over last year of 52. We hope to have a new parsonage, in the village of Hullsville. In one neighbourhood the friends are building a new church; and in another we have the land secured. Our Missionary fund is \$33 in advance of last year, and connexional funds about the same. Our congregations are improving, and peace and unity prevail. Praise the Lord!"

*Niagara District.* SUSPENSION BRIDGE unreported. The Rev. T. Jeffers reports harmony at DUNNVILLE, the regular means made a blessing, 67 souls converted, 40 new members, and 20 on trial. The Rev. T. Cobb is favoured with brighter skies at CAYUGA. He says:—

"I report health and happiness in the minister, general peace throughout the Mission, congregations growing, and our membership 88, with 12 on trial, which greatly encourages the friends of this, hitherto, discouraging Mission. We held three protracted meetings, one of which was a gracious success,—'A time of refreshing from the presence of the Lord.' At one appointment, 'The Station,' we are actually *building* a church, and at 'Shaver's' appointment we are *talking* of building another. The collections and subscriptions in aid of our Wesleyan Missionary Society amount to near ninety dollars, almost double the amount of last year. In support of their own minister they have raised with capital energy over two hundred and fifty dollars, which is a great sum for this poor Mission, and enables us to report this year *no deficiency*. May the Great Head of the Church so refresh us with His presence, that soon the wilderness around may blossom as the rose."

*Brantford District.*—At LYNEDOCH, the Rev. I Barber states, there is an increase of members, the people are more firmly grounded in the doctrines and polity of our Church, and about \$2,000 are being expended on two new churches.

*London District.*—The Rev. N. Brown, of STRATHROY, is grateful to the Committee, his Chairman and brethren, for service rendered him in trying circumstances, and speaks of his work as improving. WARWICK, in charge of Rev. W. Chapman, consists of 21 appointments, and has had an ingathering of 130 souls, and an increase of liberality. DEVONSHIRE AND MCGILLIVRAY, as stated by the Rev. W. Dignam, has added 100 members; church-building debts are paid off; a "Missionary emulation runs through the whole field, infecting both young and old; children's cards," he says, "coming in filled from end to end." Of MISSOURI, the Rev. J. Doel speaks of the quickening, restoration, and conversion of souls, and of the administration of discipline in cases of neglect of class, and is thankful for seasons of refreshing from the presence of the Lord.

*Chatham District.*—MOUNT BRYDGES AND NAPIER, the Rev. T. Atkinson states, has a draw-back in heavy church debts, and a decrease of members. The Rev. W. Hawke has been favoured with a measure of spiritual prosperity at WARDSVILLE. The Rev. J. Hughes, 2nd, thus writes of MOORETOWN:—

"The year has been one of toil and of blessing to the missionaries, and we trust of spiritual progress to many of the members. In some parts of the Mission the moral soil still seems stiff and dry; in others the ground is broken up, and fruits of righteousness are visible. Besides supplying for 14 removals, and 31 dropped or expelled, we have an increase of 60 full members. Twenty weeks have been spent in special services, in which about 20 have been sanctified, and a good number converted. Our congregations are generally good. We suffer for want of churches: two are to be built forthwith. Genuine Methodism will triumph on this Mission, if its principles be efficiently carried out."

The Rev. E. Craig reports of WALLACEBURG favourably, as to congregations, conversions, and the financial effort for Victoria College. The Rev. W. Savage has taken 50 persons on trial at FLORENCE, and is thankful for "constant and universal peace." The Rev. A. Dayman bears testimony to God's gracious sustenance of the MORPETH Mission. The members at ROMNEY have been steadily growing in grace and number, and the Rev. J. Hodgson states that a church and parsonage have just been built.

*Guelfh District.*—The large expectations of the Rev. J. E. Dyer at ERIN AND ROCKWOOD have not been all realized, yet 50 persons have been received on trial, debts partly liquidated, and a church erected.

BERLIN.—We extract part of the Rev. S. C. Philp's thoughtful report:

"Our Camp meeting which we held last fall, was a time of much power; many souls were brought into the liberty of the love of God, and believers were led to devote themselves more unreservedly to God, and many bore testimony to the sanctifying power of His grace. At our subsequent protracted efforts, God displayed His saving power; upwards of 60 have been added to the Church.

"We have had many removals during the last two years. The English population here seem to be giving place to the German, and from the nature of the work, if efficiently sustained, will have for some time to be assisted by your Society. We have had this year a net increase of 39."

WELLESLEY.—The Missionary, Rev. D. Hunt, has been in abundant labours, and is encouraged by good fruit; and the extent of his field requires another labourer. At ELMA the Rev. I. Crane praises the Lord for his loving-kindness to his Church on this Mission in spiritual and in temporal affairs. The Rev. W. M. C. Luke has been prospered at WALLACE, and he may hope for the future.

*Goderich District.* The Rev. T. Cosford has done a good work at GODERICH in securing the erection of a commodious and respectable church—thus opening the way for future prosperity there. MITCHELL, as noted by the Rev. J. S. Evans, returns 253 members, about half of them received within two years. STRATFORD has rewarded the Rev. O. H. Ellsworth with an advance in numbers and funds. The Rev. T. Hadwin has added to his appointments and classes at BAYFIELD. From WAWANOSH the Rev. E. S. Koyle sends agreeable details:—

"Notwithstanding there are three more ministers of the same number of denominations, stationed within the bounds of this Mission this year than last, and though in an exchange of appointments made last Conference, Wawanosh lost thirty-one members, yet our funds raised are in advance of last year. The Missionary gatherings nearly double, and our congregations, on the whole, are not less. We have four Sabbath Schools in a healthy and promising state. We have this year bought and paid for three full Sabbath School Libraries and some other books. We have had some promising accessions to the Church. Our Quarterly Meetings have universally been seasons of comfort. Wawanosh Mission now says with an inviting voice to those, her labourers, who may be appointed by the ensuing Conference—a comfortable home, an easy Mission, and a loving people, wait to welcome you."

KINCARDINE AND BRUCE, in charge of the Rev. J. F. Latimer, has had tokens for good, and expects more. The hand of the Lord has been with the Rev. E. Sallows at TEESWATER AND BELMORE, and prospects are, he says, "encouraging." At AINLEYSVILLE the Rev. J. Hough says, "We have taken up four new appointments, and formed three new classes," and a church and a parsonage are being erected. The Rev. D. Connolly has reason for joy at HOWICK; members, Sabbath Schools, and funds, having increased. The Rev. H. Bawtinheimer begins his report of MORRIS with this statement,—“At the commencement of the year we found on this new field of labour, so lately set off, six appointments. We have taken up seven new ones \* \* Our hopes are enlarged.”

*Owen's Sound District.* Of OWEN'S SOUND the Rev. J. A. Williams writes encouragingly :

“The work of God on this Mission has made some progress during the past year. At most of the appointments there is a decidedly growing interest in the “common salvation.” The services in most of the preaching places are well attended, and the labours of the Missionaries appreciated; a heartier and more healthy tone of piety is apparent in the membership. About thirty have set out during the year to serve God—and are meeting in class. For these tokens of the Divine favour we are thankful—and in reviewing them forget the discouragements—toils and labours—inseparable from the work in this comparatively new country.”

As at some other places, there has been regret at ST. VINCENT, because of the unfaithfulness of some members, yet the Rev. J. L. Kerr notes on his large field of labour, great peace, spiritual and monetary success, and arrangements for the erection of three new churches, and the completion of another. The Rev. J. Iveson, at SOUTHAMPTON AND PAISLEY, in the midst of toil and domestic affliction, says, “Methodism is taking hold of the affections of our membership and congregations, and our influence is becoming more extensively felt,” and he, like other missionaries, recommends a division of his field into two Missions. While extra means at ARRAN have been blessed, it is very satisfactory to find the Rev. W. R. Dyre saying, “The ordinary services have, throughout the year, increased in interest, both in regard to the number in attendance, and the solemnity by which they were characterized;” a fact of great value, as showing the essential importance of the *stated* privileges of Methodism. The Rev. John Hutchinson speaks of a sparse population and few members at DURHAM, nevertheless reports a gracious outpouring of the Holy Spirit in a neighbourhood where hope was flagging. Some probationers have been dropped at MOUNT FOREST AND ARTHUR, 55 have been added to the membership, 4 new classes formed, and the Rev. P. Rose and colleague have reason to rejoice that their forest blossoms. HANOVER has rewarded the

*Barrie District.* INNISFIL has a less number of members, yet the Rev. E. Hurlburt has had a church dedication likely to do good, and made it his practice to return only persons who meet in class. The Rev. T. Hanna's few general lines from HOLLAND LANDING containing no statistics, information cannot be given of his Mission. While deploring considerable neglects among his people, the Rev. T. Pearson writes of conversions, growth in grace, and in finances at ORILLIA. PENETANGUISHENE is reported by Rev. W. M. Cooley as having new appointments and classes, notwithstanding the most determined opposition. At COLLINGWOOD, the Rev. K. Creighton states, the cause has not declined. The new church is a benefit. The Rev. G. T. Richardson is ardently engaged at NOTTAWASAGA, congratulating himself on the prosperity of some of his classes, and of circuit funds, and praying that God would raise up a band of holy men to aid the work on the circuits. BRUCE MINES. The Rev. D. Jennings briefly writes of a Mission which is increasing in importance:—

"The number of members in Church communion is fifteen; on trial, two. The congregations have been good, and a gracious influence has latterly pervaded the minds of the people. One young man has experienced religion. But the cause has suffered much from the want of church accommodation. Your Missionary has received great kindness from the officers and people of both the Bruce and Wellington Mines. The Mission family is especially indebted to Mr. J. Henry, M. D., the Company's physician, for his kind attendance and christian sympathy in severe affliction during the past three years, free of charge."

*Whitby District.* The Rev. John Law acknowledges the presence of the Lord with his servants at PRINCE ALBERT, and the reception of "40 persons into full membership." BROCK, under the superintendency of the Rev. R. Graham, is reported "in a fair and prosperous condition, with an increase of classes and members. The finances greatly improved. The connexional funds nearly double, Missionary proceeds far in advance, two candidates for the ministry accepted, and a new church building." The Rev. C. Taggart thus agreeably writes of STOUFFVILLE:—

"Notwithstanding the many opposing influences, Wesleyan Methodism occupies no secondary position on this Mission. During the past year several persons have, by the blessing of God upon the labours of His servants, been brought into the fold of Christ. Our finances are about 20 per cent. in advance of last year. Interest in Sabbath-Schools increasing. One new School established; two new preaching places taken up, and a very encouraging increase in the numbers attending the Ministry of the Word. At the same time we cannot but regret the necessity of reporting a small decrease in the membership, owing to a large number of removals to other parts, and a number having been dropped for non-attendance."

CARTWRIGHT sent no report till too late.

*Cobourg District.* The Mission of SEYMOUR shares the population with

a number of religious bodies; but the Rev. S. Down observes, "With perseverance the Mission will no doubt succeed."

*Peterborough District.* The Rev. D. C. Clappison says of LINDSAY that 40 or 50 souls have been converted; and he is happy to report an increase of Church members, though some have been cut off for neglect of class meeting; and an increase of funds, and of church accommodation. The Rev. H. McDowell has succeeded well at NORWOOD:—

"During the year now closing, God has graciously made bare his arm in the conversion of many souls, about two hundred have professed to find peace with God, more than one hundred and seventy of whom have been received on trial. Our congregations have steadily increased, whilst a gratifying attachment to the cause of Methodism has been exhibited by many not connected with our Church."

The Rev. David Hardie has been doing well at BRIDGENORTH:—

"In this field of labour, I am happy to say that we have had a degree of prosperity; for after all deductions for those who have been dropped, removed, &c., I find an increase of ten full members, and of four on trial. The congregations in general are good; and they are willing to support the cause. An additional Sabbath appointment has been taken up in the new and rising village of Lakesfield, and a Class of ten members has been formed there."

It is pleasant to read what the Rev. J. A. Dowler writes of the almost new Mission of BOBCAYGEON:—

"It is truly gratifying to review the progress of the work of God on this Mission. A minute detail of the glorious revival-seasons we have had, would be too lengthy to find a place in your Report. Suffer it to say that all our revival efforts were hallowed by the Divine presence and power, and resulted in the conversion of about twenty, who for some time previous, had been members of Society, and over eighty from the world: our net increase, after supplying the place of removals, &c., is seventy-five. By the sale of some articles provided by the ladies, and the proceeds of tea meetings, the debt on our Parsonage and a small Church which we built last year, was reduced to about fifty dollars. We have another Church, a frame building, 24 x 36, now fit for use, which was erected last spring by Brother Thomas Thurston and his Class. Brother Henry Thurston gave the site and a burying ground. About five miles from Thurston's Church, half an acre of land has lately been given as a site for a Wesleyan Church and a burying-ground. Four hundred dollars are subscribed for the erection of a Wesleyan Church in Bobcaygeon, which we expect to get built this summer. The erection of two more is contemplated. Our Sabbath Schools are doing well for their time, though inadequately supplied with books. Class Meeting is strictly attended on this Mission with very few exceptions. Our Circuit and Missionary income is in advance of last year."

The Rev. J. W. Sloan's report of GULL RIVER is a gratifying exemplification of the aggressive and useful power of Methodism:—

"This is the first year that this Mission has had an existence, yet Bro. James Ash went eighteen miles back of Bobcaygeon and preached one sermon about the first of 1858. Bro. Dowler also went to the same settlement, and preached another sermon about the first of 1859; also Bro. Dowler went back of Fenelon Falls, to Coboconk, about the first of March, 1859, and preached the first sermon there; therefore, I can safely say that the Wesleyan Missionaries were the first on the ground: This year the word of life has been carried farther back by eighteen miles than it ever was in former years; and I have been farther back into the new settlements than any Missionary of another sect. here last June I found about fifteen persons who had been members of our Church before coming here, but not formed into classes. We have now ten regular appointments, and seven classes established, and eighty-two persons in connection with our Church, fifty-seven of whom are on trial. This Mission includes the townships of Galway, Summerville, Lutherworth, Snowdon, Anson, Minden, Laxton, Bexley, and the north part of Fenelon. Truly this is a great field for Wesleyan Missionary labour. "The harvest is plenteous, but the labourers are few." Still the work of God is steadily advancing. All praise be given to the God of grace!"

*Belleville District.*—Of the prosperous STIRLING Mission the Rev. John English writes briefly:

"Through the greater part of the past year we have had peace, and some prosperity, in most parts of this Mission. Most of our congregations are larger than at the beginning of the year. We have established two new Sabbath-Schools, and those formerly existing have commenced, with the opening of the spring, with fresh vigour. There have been upwards of sixty conversions; several possess the perfect love of God, and others are groaning after it. Still there is much to be done—much improvement to be made—and much patient and persevering labour is earnestly called for."

The Rev. W. Sanderson has cause for "thankfulness at FLINTON AND ADDINGTON ROAD:—

"In reviewing the past year, your Missionary would return thanks to a kind Providence for His goodness to himself and family; and he would not forget the many tokens of friendship and love that have been manifested by the members and community generally. The year has been one of much labour and anxiety. When I came to this place there was not any house fitted to receive my family, but through the kindness of friends I was received, until I, with others, laboured hard to get a house in some measure comfortable. This has been so accomplished that we now feel ourselves at home. We said we had much labour; this will be understood when you see that the Mission embraces appointments in Elziver, Kaladar, Anglesea, and Barrie. During the fall and spring I have had to attend two appointments on foot, on account of the bad state of the roads. Wesleyan Methodism has a firmer hold of the affections of the people in this place than it ever had before. The congregations have increased during the year. Sinners have been converted, backsliders have been reclaimed, and believers have been sanctified. I have formed three Classes. The local preachers work well. Our Sabbath-Schools are a blessing to both parents and children. I should not forget to mention the liberality of Billa Flint, Esq., who has given to the Mission a village lot, with a small house, to which has been added 16 by 20 feet, which makes it, as I have before stated, quite comfortable."

Of equal interest with the foregoing is the news of success at MADOC AND HASTING'S ROAD from the Rev. G. Carr:—

"Through the good hand of God upon us, we are permitted to record the mercies, the labours, and successes of another year. Seventeen places have been regularly supplied with preaching. These are situated—nine in Madoc, three in Tudor, two in Elziver; in Huntingdon, Rawdon, and Wollaston, one each. The last is forty miles north of Hasting's Village. Next year the Mission must be extended to the York Branch—eleven miles farther beyond the York Branch, there are but five families who are Protestants in twenty-four miles. These should be visited occasionally.

"The Mission shows some improvement spiritually. There have been several souls awakened and soundly converted. One new class has been formed of fifteen members, and other classes have been reorganized. After filling up the vacancies by removals, deaths, and members dropped, we are thankful to report an increase of forty-one full members: number remaining on trial, fourteen.

The collections for our Connexional Funds are all in advance of those of last year. This is specially the case with regard to the Missionary collection, which is a little over double the amount given in last Report. Efforts have been made to reduce the debt upon the churches. That at Hazzard's Corners, it is hoped, will be free of debt next winter; the church at Hastings is still much involved, but the earth is the Lord's and the fulness thereof"

*Kingston District.*—At GANANOQUE the Rev. W. Short has had "a measure of prosperity," who says, "We have had instances of awakening, and encouraging additions to the Church of 12 members and 20 on trial." The Rev. D. McDonald has had a year of tolerable prosperity, spiritual and financial, at BREWER'S MILLS. The spirit of holy energy and liberality is on the Mission of CENTREVILLE AND TAMWORTH, the Rev. J. S. Youmans being witness:—

"We report two hundred and seventy-four members this year; eighteen of whom are on trial. These figures, as compared with those of last year, show an increase of fifty-three. Financially, this Mission is rapidly advancing, it having raised during the past three years, for all purposes connected with our Church, including one church, parsonage, &c., at least \$4,500. There is also a lot secured, and a subscription of about two-thirds the required amount, for a church in the village of Enterprise. The members are generally punctual in attending the means of grace; and their unbounded kindness to their Ministers, and their noble contributions to the cause of God generally; are a practical exhibition of their warm-hearted and growing piety. This Mission will evidently soon become a Circuit, and will rank among the most inviting fields of labour. I cannot conclude without favourably referring to my much esteemed colleague who has greatly endeared himself to our people, and been the immediate instrument, in the hands of God, of saving a goodly number of souls."

*Brockville District.*—The state of MOULINETTE as to numbers cannot be judged of by the fact the Rev. P. German reports—however pleasing—that he has taken 150 persons into the Society, unless we know what the reductions by death, removal, &c., were. A report from WINCHESTER has not been received.

*Perth District.*—The Rev. J. Hill has favourable tokens at LANARK, and he observes, "In reviewing the year now closing we see cause for gratitude and praise to God. We have had some kind friends, and have witnessed the Lord's arm made bare in the salvation of a few precious souls, and in sustaining His own children. Our congregations with few exceptions have been encouraging. . . Travelled 2759 miles." At SHERBROOKE AND OSO the Rev. W. Norton "finds that the temporal and religious aspect of things bids fair for the future."

*Ottawa District.*—At LONG ISLAND LOCKS, the Rev. H. A. Spencer says the membership has swollen from 58 to 136, instrumentally by the good following the Ottawa Valley Camp Meeting. At LOCHABER the Rev. Wm. Creighton is thankful that "much of the fruit of last year's efforts remains to cheer us; interesting cases of conversion have also taken

place. Some new ground has been taken up during the year, and yet the field is extending into the regions beyond"—The Rev. G. Case, at OSGOODE, has had encouragement in conversions and finances, and expects soon to complete one of the neatest churches in Carleton—BEARBROOK has sent no report.—GATINEAU, the Rev. Michael Baxter writes:—"We cannot report of this Mission a high degree of prosperity; yet we need not write discouragingly." Attention to the appointments, special services, visitations, and Bible Class, have resulted well.—The Rev. W. T. Hewitt speaks favourably of the membership and people of CLARENDON AND PORTAGE DU FORT, who are devising liberal things. Of ONSLOW the Rev. A. Drennan says, "It has not been so prosperous as the friends of Christ could wish, but, nevertheless, there are instances of the favour of God resting upon it."—The Rev. W. Morton recommends the making of part of WESTMEATH AND PEMBROOKE a regular Circuit, and for the other part he thinks there is "a good prospect of future success."—The Rev. J. V. Wilson has a decrease of members at GRENVILLE, owing to erasures on account of neglect of Class meeting, removals to Canada West, and and deaths, but Connexional and Missionary funds have greatly improved.—CHATS has failed to report.—POINT ALEXANDER has obstacles, not however what are insuperable to the spread of the Gospel; and we approve the Rev. J. B. Keough's view of the future.

"This Mission extends from Fort William to Pinacong, a distance of about one hundred and thirty miles. There are on the Mission about seventy-five families, only thirty of whom are Protestants. There are some who would join the Church, who live too far apart to meet in class. Some of the people are very liberal in supporting the Mission, but the cause of religion is very low. However, the chance there is of the place soon becoming more populous, I think, will be a sufficient warrant for continuing to send a supply."

No abridgment is made in the Rev. James Masson's very acceptable report of the new Mission on OPEONGO ROAD, stretching west from the Ottawa River towards Lake Huron, as the Committee wish their friends to judge for themselves of the labours performed, and privations experienced.

"In furnishing a report of the state of the work on this Mission we cannot compare it with former years, as the field is entirely new, with the exception of that part which was formerly included in the Bonchiere Mission. When we came here last June we had no members, and but few adherents, as the withdrawal of our Missionaries from the Bouchiere, in 1852, had created a prejudice against Wesleyan Methodism, which we have found it hard, in some cases, to remove. But by the blessing of God we have now 32 members, most of whom have completed their probation; 13 regular and 2 occasional appointments. These appointments are scattered over ten townships, and to reach them we have had to travel an average distance of about seventy-five miles per week, over a mountainous country, and on very bad roads. As the Protestant population is small and widely scattered, we have found it difficult so to connect our appointments as to preach more than twice in the day, and to accomplish this we have often had to travel over twenty miles. The remarkable scarcity of horse-feed

which has prevailed during the past winter throughout this entire section of country, but especially in the new settlements, has prevented pastoral visiting to some extent; yet by carrying a little oats with us, and carefully husbanding our time, we have succeeded in visiting a number of families in their houses, and have noticed a general desire for such visits. Our public services have on the whole been well attended, and in some neighbourhoods there is a decided improvement in the morals of the people.

"The members of other Churches have, in general, treated us with christian charity, and manifested but little of that bigotry and denominational jealousy so often seen. Praise is especially due to the members of the Free Church in Renfrew, who, encouraged by their excellent pastor, (Rev. Mr. Lochead), kindly offered the use of their church for our services.

"Although, owing to the peculiar character and state of the country, it is probable this Mission will have to be supported principally from the Missionary fund for some years, yet there is good reason to hope that, by the blessing of God on the faithful labours of his servants, a rich harvest of souls will be gathered into the fold of Christ."

*Montreal District*—With activity in Sabbath-School instruction, temperance, and means for supporting Wesleyan institutions at RAWDON, the Rev. John Webster says, "The Classes meet regularly; and although we do not report an increase in numbers, yet, bless God, we believe there is a decided improvement in the religious experience of the members of the Church."

The Rev. E. A. Ward is thankful for an increase of appointments, members, classes, spirituality, and funds at WESLEYVILLE. ST. JOHN'S AND CHAMBLY.—Congregations good; the members stable; church property is improved; and the Rev. G. H. Davis states that the people are distinguished for liberality. The Rev. W. Bryers is not without opposition at HEMMINGFORD, yet his work prospers.

"Two new appointments are taken up and classes formed where Methodism was altogether unknown before. One of these was proverbial for wickedness. The saving power of religion is therefore the more visible. Prayer meetings are established where the name of God was seldom heard except in blasphemy, and voices may now be heard in prayer that were wont to dishonour his name. These have stood the term of probation, are strong in the Lord, and an ornament to our Church, while the Great Head of the Church has been lengthening Zion's cords. He has also been strengthening her stakes. This is more particularly seen in the village. Last year they expended six hundred dollars in rebuilding the church and erecting sheds. This year they have expended three hundred in adding class-rooms. Preparations are also being made for the erection of a parsonage. One single man offers two hundred dollars for that purpose. At Henrysburg they have united to build a brick house for God. In the midst of all this outlay from, generally, poor people, one would think the other finances of the Church would suffer. This, however, is not the case: the Missionary fund is above twenty per cent in advance of last year. The connexional funds are in advance, and the Ministers' appropriation also has been nobly met, one member paying to the latter almost one hundred dollars. Looking at these things, I need not say that the tone of piety is generally deep among the members."

The Rev. W. Richardson's particulars from FRANKLIN shew progress:

"One new appointment has been taken up, a class of 40 members formed at it, we have had quite a revival of religion in one part of the Mission, and the conversion of at least 50 souls. The Camp-meeting held last fall was wonderfully successful in removing the prejudices that were existing against us as a body, and in opening up an entire township to our ministrations."

The ORMSTON Mission is vigorous in charge of Rev. S. E. Maudsley, inasmuch as in the midst of contending influences militating against Methodistical progress, doors have opened "in three localities, two of them rising villages, important in their connection with the French population." The Rev. R. Brown, of St. ANDREWS, regrets a reduction of members, chiefly on account of removals and deaths; and notices with pleasure the lessening of debts, so that there is now only a small debt on church property worth nearly \$6,000. At CAVIGNALL, the Rev. A. Armstrong, has tolerably good congregations; the people are kind, the members pursuing holiness, and finances better than last year.

*Quebec District.* THREE RIVERS report too late. The information of LEEDS from the Rev. W. D. BROWN, though sober, has in it what is satisfactory, and his course is to be commended for not allowing of any undue interference with the regular means.

"In furnishing an account of the state, prospects, and work of this field of labour, I am sorry I cannot tell of more success in the past, and better prospects of the future. The Mission is large, 25 by 16 miles. The country is very hilly, or the more appropriate term would be, very mountainous, and the roads, bad at all seasons of the year; the travelling, in consequence, is very slow. My regular work has been to preach seven times a week. I have also had a good Bible Class. The distance to be travelled, and the work to be done made it impossible to devote any time to extra meetings, though good has been done.

"In this large field of labour, another labourer is needed, though not expected, as the people could not furnish any additional means for his support. Some good congregations have only had week preaching for 26 years.

"This has been an unusually hard year for the people in this part of the Province. The lying snow came on the 19th of October, besides, a ruinous flood which carried away mills, houses, bridges, &c. These occurrences have drawn upon the limited resources of our members and friends, so as to affect our funds generally."

The Rev. B. Cole has had at NEW IRELAND an increase of members, congregations, Sabbath-Schools, and Missionary contributions, in an area of country which he says requires 90 miles of travel every fortnight, on horseback, over bad roads; and he labours on, praising God for his presence. The state of MELBOURNE is briefly presented by the Rev. John Bate as one of prosperity in some places, and of depression and hope in others. "Notwithstanding the division of the circuit, and the reduction of the Mission appropriation, the financial state continues nearly as good as the previous year." The Rev. W. Hansford regrets a decrease of members at SHERBROOKE, principally owing to removals; yet is gratified with increase in some congregations, and noble financial efforts; and confidently anticipates "a prosperous future." At EATON "Methodism is slowly but surely winning its way" in numbers and funds, according to the too

laconic testimony of the Rev. T. W. Constable. The Rev. R. Mark, of DUDSWELL, writing May 26th, 1860, says:—

“Dudswell has been settled 60 years, the inhabitants are very much divided socially, and religiously; there are also very many stoney-ground hearers. As the report read at the District Meeting last May failed to reach the compiler of the general report, we will now review the doings of the two years. When this Mission field was re-occupied in June, 1858, we found about twenty persons who had been members in the past. The Mission embraces a part of four townships, and is twenty-eight miles in length. We have eight appointments, and members at each place, 60 in all. The first young man who came forward at a special service, held two or three days after your Missionary entered his new field of labour, soon found peace with God, through Jesus Christ; for twelve months led a consistent life, and died very happy. Praise God, this first fruit is gathered home to his garner!

“Our cause here cannot be placed on a permanent basis until we have a church. Of this James Jordon, Esq., was convinced, and offered us \$50 to start a subscription list for a new church. Mr. Wilson Bishop gave us a very eligible site, which is deeded to the Connexion. Our people are taking a somewhat deeper interest in the Mission cause.”

GASPE sends no annual report, but from letters received during the year, is known to be prosperous in charge of the Rev. I. B. Tallman.

*Stanstead District.* As the Rev. J. Forsyth writes, there are peculiarities at COMPTON AND COATICOKE.

“At Compton we have nothing of a flattering character to report. The friends are scattered over a wide extent of country, and the regular organization of a Methodist Church is difficult. At Coaticoke we have a small society, including very respectable members. In another place we have also a small society of praying people. The difficulty with us arises from this source; one Minister not being able efficiently to supply ten or twelve places, other Ministers are called in to supply our lack of service. Thus instead of establishing Methodism, we, to a great extent, are laying the foundation, on which other parties build their Churches.”

The Rev. J. Walton says of HATLEY, “We have had in some places spiritual prosperity and increase. Financially our people have done remarkably well. In Hatley our church has been extensively repaired. An excellent parsonage and other necessary buildings have been erected during the year.” GEORGEVILLE “is comparatively new ground Methodistically, and weak numerically, financially, and spiritually;” yet the Rev. E. Peake adds to this statement his hope of having “a beautiful little church deeded on the Conference plan opened this summer.” At EAST BOLTON the Rev. S. G. Phillips has seen “visible marks of improvement in all departments of the work,” especially in numbers and pecuniary efforts. GRANBY is pronounced by the Rev. J. Thorneloe an “interesting field,” and he says, “We thank God and take courage. An increasing influence with regard to spiritual things evidently rests upon the people, and at some of our appointments sinners are enquiring, “What must we do to be

saved?" DUNHAM.—The Rev. J. Tomkins reports: "A second preacher having been appointed to this Mission at the last Conference, we have established Sabbath preaching at three new places; two of them are important villages, which promise success both in temporal and spiritual things; and in the other parts of the Mission the work has been fully sustained, and we rejoice to be able to say, that we have peace in all our borders, and hope that more abundant blessings await us." The Rev. T. Hunt, of FARNHAM, observes, "It would be both unjust and ungenerous not to acknowledge the good hand of the Lord during the past year. A few souls have been converted to God: one a very remarkable instance." There is, the Rev. S. Teeson says, at SUTTON, "spiritual, numerical, and financial success. During the past year we have extended the field of labour, in despite of unprovoked opposition, and preached the Gospel to large congregations; . . . and more than tripled the Mission fund." Though affected by western emigration at St. ARMAND, the Rev. J. Davies says, "Our financial interests have been well sustained. Spiritually we have reason to be thankful that the Lord has saved some souls. Our old church at Phillisburgh has been repaired and re-opened. We have embraced the opportunity thus afforded of reorganizing our Sabbath-School, which promises well." CLARENCEVILLE is thus reported by the Rev. R. A. Flanders:—

"The past year upon this Mission, though not marked by any special work of grace, has been crowned with many tokens of the Divine goodness. Most of the persons added to the Church during the previous year have continued to walk worthy of their high vocation. The congregations, at the several preaching appointments, have somewhat increased, and we have not been left without some indications of the Spirit's gracious and saving co-operation. Our greatest difficulty is in securing the attendance of the members upon the ordinary social means. Our best endeavours during the past year have not been altogether in vain. As we believe the success of Methodism, to a very great extent, depends upon our success in this respect, we will not remit our efforts till this most necessary and desirable object is secured."

## FRENCH MISSIONS.

---

QUEBEC.—The agent here last year having failed to report, details are lacking of labours which, it is understood, were not very successful.

DURHAM.—The statements of the Rev. J. A. Dorion are encouraging.

"The state of things is still very backward, but I have reason to bless the Lord that He hath been pleased to shower His blessings on this Mission for some time past. As often as the Lord hath given me opportunity, I have preached the word to this people. The present number of Church members is eleven. Lately there has been a religious awakening, and fourteen persons

have manifested the desire to unite themselves with the Church. The number of those who attend our public services is from thirty to forty persons, without reckoning the Roman Catholics.

"Last summer when I came to live among this people, we organized a Sabbath School, which was attended by eight scholars as long as it was in operation, but the intense cold of winter obliged us to suspend it; but God willing we intend to reorganize it as soon as we have fine weather. I have received twenty dollars from the members of my Church towards defraying my expenses. The people are encouraged, and it is evident that the Spirit of Christ is with us in the midst of this little band of Protestants.

"All my time is occupied in either building up this people on the Rock of Ages, or in spreading evangelical knowledge amongst the Roman Catholics of this neighbourhood." This is a work which demands much perseverance and discernment, for it is necessary to seek, by meekness, to destroy the prejudices which their spiritual guides have excited in them against the Gospel and against us. May the Lord crown with success all the efforts of His dear children to evangelize the French Canadian people, and may it please God to render unto you an hundred-fold for your work of faith and your labour of love."

**STANSTEAD.** The Rev. T. Charbonell's labours extend through the townships of Stanstead, Bolton, and Stukely, and his intelligence will be very satisfactory.

"Another year is gone by, and it is the second I have spent in this locality, supported by the kind and generous grant of our Missionary Society. I have not had as much success as I could wish, but on the whole, I think that God has accepted my labours, and through the influence of his Spirit, some have been added to the Redeemer's kingdom, who were strangers to it. Last year eighteen were reported on trial, this year, I am thankful that I can say sixteen are in full membership, and twenty-eight on trial. My health having been good, thank God, I have travelled about two hundred and sixty miles a month; made ninety-six visits a month, and preached seventeen sermons monthly. I must add that we have a small Sabbath School and Bible Class of seven young persons.

"My field of labour extends from Compton to Frost Village, an extent of country of about forty miles long, by twenty-five miles wide. Our French population being scattered through that part, it requires a good deal of labour to attend to it, but generally I visit it twice a month; but in all this the glory is to God, who has been pleased to bless my feeble efforts through his Son Jesus Christ my Saviour.

"With this you will see my daily Journal for five months. Having had the misfortune to lose my pocket book in December last, I cannot, as I intended, give my daily journal for the whole year."

**ST. ARMAND.** The Rev. Armand Parent sends very interesting facts.

"The past year has been a year of great trial and affliction to me in the removal of my dear companion from this life of sorrow and pain, to a life of heavenly joy for evermore. Notwithstanding, God has owned and blessed my labours during the past year, in the conversion of a goodly number of my countrymen, and the conviction which seems to be formed in the mind of a great many in reference to their Church not being that which it is represented to be. I believe that there are no less than 75 persons under conviction, with whom I had the happy privilege to speak about the Bible, in my circuit. At one of my preaching places, after I had preached from this portion of God's word, — 'Prove all things: hold fast that which is good,' there were about a dozen who rose for prayer, and they shewed a mind to prove all things; and at another place, the same manifestation of God's Spirit moving in the hearts of the people, ten rose for prayer, and three were converted in that meeting."

## CONCLUSION.

These diversified and credible statements are published with confidence, and with little inclination to pen a peroration. Such facts bring their own recommendation and application. Difficult it is to find a heart which does not approve of an unselfish charity.

Among the thirty thousand or more highly valued subscribers of this Society there are many venerable persons who cannot become acquainted with these Wesleyan Missionary facts for 1860, without recurring to the indefatigable Missionaries, and Missionary scenes in Canada, of the Society's earliest years; and while they *contrast* the number of Missions now established, agencies employed, souls saved, prayers offered, and the thousands of pounds given for the extension of this work, they will magnify the God of Israel for all the truth and all the mercy he has shown to his servants.

Though of great importance, as the Committee know, to have a well adapted instrumentality ranging well-nigh to the boundaries of human moral wants in Canada, and a growing number of adherents, and to have different orders of agents to give effect to such an instrumentality, the Society's chief joy is the effect of the ever-transpiring facts, that Revealed truths and precepts are disseminated, and the ordinances of Christ administered; that Divine Providence is everywhere favourable; and that the old and the young—individuals, families, settlements, and tribes are accepting a spiritual and elevating religion,—the panacea for man's maladies, and that this year nearly two thousand souls on the Missions have become subjects of regenerating power, and recognized members of the Wesleyan Church.

The *Income* of the Society is very gratefully received as a fine exhibition of benevolent feeling, and of public approval and good-will, and the increase of it as an indication of the conscientious intention of the Society's friends to augment their liberality as the times improve. The *Income*, however, is *much below* the expenditure and last year's deficiency. Such a state of things cannot continue without embarrassing consequences. Can it not be prevented? Has love to God reached the limits of ability? Has a sanctified ingenuity exhausted its devices? Can carefulness and system do no more? Has the spirit of *self-sacrifice* made its utmost gift? Does our selfishness cause no regret when we read the fervid apostolic exclamation,—“Thanks be unto God for his unspeakable gift?”

The Society is incapable—with God's finger pointing in every direction—to bring down the *Expenditure* to the present *Income*. No Indian

Mission in Canada can be abandoned or circumscribed. Pledges given to them are inviolable. The Missions of the Hudson's Bay Territory are a sacred trust from British Methodism, and more binding by the paganism of many Red Men and Esquimaux. The Indian Missions on Lakes Huron and Superior bind us to them by their social poverty and moral necessities. The new Stations in Vancouver's Island and British Columbia vindicate the policy of the Society, and are so many encomiums on the liberal sympathies and wishes of Canadian Christians: and multitudes of degraded Indians there are without Christianity! The advance of the Domestic Missions, east and west, stops not till the settlements of the Canadas cease to be aggressive. The French Missions are too useful to be limited. And the German Mission is promising enough to be maintained. The word of the Lord is glorified. God is directing to additional posts of usefulness. Labourers can be obtained. The paramount necessity now is INCOME.

The Committee would respectfully request the heartier prayers of God's people, their warmest sympathies, and most generous co-operation. The valued Branch Societies have now special and pressing duties to perform for needy and redeemed men, and there is wanted a faithful paying of vows on all the Circuits and Missions. More than all, upon *God's Word and Spirit* be placed the hopes and efforts of every Missionary, every Officer, every Collector, and every Contributor of the Society. How much success is yet unrealized!

The Missionary Agents of Canada are—without ecclesiastical uniformity—in affectionate alliance with the most illustrious labourers for Christ in every region of the globe. Their sublime object is the same. The impulses they derive from the Inspired predictions the same: and the Canada Wesleyan Missionary Society cordially adopts the following eloquent paragraph from the Rev. Dr. Hoole's first preface to the attractive South Sea Journals of the late Rev. Walter Lawry:—"In every respect, Missions are charities of the highest kind. Fallen and sinful men are converted from the error of their ways; barbarous tribes, which had ceased almost to be regarded as human, are restored to a place of honour in the family of man; philanthropic exertion has the high reward of complete success; the merciful purposes of our Saviour Christ are accomplished; and God is glorified. Who will not exclaim, 'Let CHRISTIAN MISSIONS be perpetuated, and let them be extended throughout the widest continents, and to the remotest islands of the sea?'"
