Certification of Students.

1. Young men desiring to enter upon study with a view to the Ministry are required to make application to some Presbytery of the Church ; which, being satisfied regarding their moral and religious character, their motives, and their general fitness to study for the Ministry, will certify them to the Board of Examiners. This regulation applies to entrants upon the Preparatory Course, as well as to students, who having taken their Literary Course in the University of Toronto or elsewhere, seek to enter College as Students of Theology.*

2. According to the law of the General Assembly, Students are required, each Summer, after entering College, to appear before the Presbytery within whose bounds they are labouring or residing, and to render a written Exercise on a subject prescribed to them ; on which, they will be certified to the College Senate for the subsequent year.

3. The Board of Examiners will meet in the College on Thursday, the 2nd of October, at 9 o'clock a.m., when Students entering Theology are required to appear and furnish the evidence of standing referred to under the head *Theological Curriculum*.

* All Arts' Students, in order to be eligible for work in the Home Mission Field require to be approved by a Presbytery as candidates for the Ministry.

Degree of Bachelor of Divinity.

By the following Act, passed in 1881, by the Legislative Assembly of Ontario, Knox College was invested with the power of conferring Degrees in Divinity:

AN ACT TO AMEND THE ACT TO INCORPORATE KNOX COLLEGE.

Whereas Knox College, by its petition, represents that the said College is an Institution for the Theological Education of Students for the Ministry of the Presbyterian Church in Canada, and has been incorporated for that purpose by chapter sixty-nine of the statutes of the then Province of Canada, passed in the Session held in the twenty-second year of the reign of Her Majesty Queen Victoria; that since the foundation of the said College between three and four hundred students have received in it their Theological Education; that nearly all the Students of said College have received the greater part of their literary education at University College, Toronto; that the Students of Knox College will, to a great extent, seek their education in Arts at said University College; that neither the University of Toronto nor said Knox College has power to confer degrees in Divinity, and the said Students are thus precluded from obtaining such degrees from the institutions where they have received their literary and theological education; that the said College has a staff of Professors and Tutors, and a valuable theological library, and has erected large and expensive buildings in Toronto, in proximity to said University College, for the purpose of affording a thorough education to the said

Students for the Ministry of said Presbyterian Church ; and that the said Knox College is already partially endowed, and is constantly receiving further sums towards completing said endowment ; and whereas the said Knox College has prayed that, in order to promote a higher standard of theological learning, and to prevent its Students from being compelled to resort to other colleges for degrees in Divinity, power may be granted to it to confer such degrees ; and whereas it is expedient to grant the prayer of said petition :

Therefore Her Majesty, by and with the advice and consent of the Legislative Assembly of the Province of Ontario, enacts as follows :—

1. The Senate of Knox College shall have power to confer the degrees of Bachelor of Divinity and Doctor of Divinity upon graduates in Arts of such Universities as the said Senate shall recognize for that purpose, as well as upon such students of the said College as are now taking the regular course of study therein, or have, before passing of this Act, completed the said course, and are now ordained Ministers of the Presbyterian Church in Canada, subject, however, in either case, to such regulations as to examination or otherwise as may, from time to time, be prescribed by by-law of the said Senate.

2. The said Senate shall also have power to confer the honorary degree of Doctor of Divinity, and may make by-laws and regulations touching any matter or thing pertaining to the conditions on which said degree may be conferred.

The Senate of Knox College, having thus the power of conferring Degrees in Divinity, has adopted the following

II.—KNOX COLLEGE COURSE.

Classical tuition is provided in Knox College for such Students as are unable to take a full University Course, or

in whose case it is thought that the Curriculum of the University may with advantage be modified.

Students availing themselves of this tuition are required to give three years' attendance on certain classes (as indicated below) in University College, and to pass the terminal examination in these classes.

ENTRANCE EXAMINATION.

Entrants on the Preparatory Course, Knox College, will be examined in the following subjects:—

Latin—Grammar; and Cæsar, Bellum Britannicum (B. G., B. IV., chs. 20-36; B. V., chs. 8-23).

Greek—Grammar; and Xenophon, Anabasis, B. I., chs. 1-5.

English—Geography; Grammar; History of England; Arithmetic; Euclid, first book; Algebra, first four rules.

N.B.—It is absolutely necessary that Students applying for admission shall pass a fair examination in the above subjects.

Students desirous of entering the Second Year of the Literary Course will be required to pass an examination in the following subjects, in addition to those prescribed for entrants on the First Year:—

Latin—Virgil, B. II.; Cicero, Pro Archia.

Greek—Illiad, B. VI.; Xenophon, Anabasis, B. I., chs. 6-10.

Mathematics—Euclid, Books I., II., III.; and Algebra, to Simple Equations (inclusive).

English—Composition, Orthographical, Etymological, and Rhetorical Forms of the Language (Fowler's English Literature, Parts III., IV. and VII.).

N.B.—An actual attendance of *three* Sessions is required in the Preparatory Course, unless in case of very exceptional attainments on the part of those entering. A really creditable examination on the above subjects must therefore be passed before any candidate can get the standing of a Second Year's Student on first appearing. Without special permission of the General Assembly no Student can enter Theology with less than two years' attendance in the Preparatory Course.

Library.

The College Library is extensive and valuable, and additions are being constantly made to it. The Church owes the deepest gratitude to the late Dr. Burns for the great zeal with which he collected, in Britain and America, the many valuable works which are the basis of this Library.

The Library is divided into two departments—*Ordinary* and *Consulting*. The books in the Ordinary Department are issued to the Students under such rules as usually govern libraries of this kind. The Consulting Department contains Standard Works, especially Commentaries, which Students require frequently to refer to : these books must not be taken from the room in which they are kept.

Each Student in the Theological Course pays, at his annual enrolment, two dollars towards the maintenance of the Library ; and each Student in the Preparatory Course one dollar.

Mr. R. C. TIBB, B.A., is Librarian for the ensuing Session.

Reading Room.

The Reading Room is in connection with the Students Metaphysical and Literary Society and the Students Missionary Society. It is supplied with several of the leading Theological and Literary Quarterlies and Monthlies, and with a large number of newspapers, religious and general.

Students' Metaphysical and Literary Society.

The object of the Society is sufficiently indicated by its designation. Attention is given by its members to the composition of Essays, and to Elocution, as well as to the discussion of important questions. Membership is voluntary, but most of the Students seek connection with the Society. Mr. J. C. Smith, B.A., is President of the Society for 1884-5.

Students' Missionary Society.

All the Students connected with the College are members of this Society.

The object of the Society is to supply the means of grace in the more neglected portions of Canada. It sends Missionaries chiefly to those points which the regular organization of the Church is least able to overtake. The funds necessary for carrying on the work are supplied by contri-

butions obtained by its members from the fields in which they labour during summer, and by contributions from congregations and individuals throughout the Church who are pleased to aid in the work of the Society. Seventeen Missionaries are employed by the Society for the present summer.

During winter the attention of the Society is chiefly directed to Mission work in Toronto, in conjunction with the congregations of the city.

New College: Residence of Students.

The new College is very commodious, and it is believed that the occupancy of it much increases our facilities for College work, as well as greatly promotes the comfort of the Students.

The whole subject of the internal economy of the new building, and the Regulations under which the Boarding Establishment is conducted, have been very carefully considered by the Board of Management; correspondence having been had with Theological and Literary Institutions both in Canada and in the United States, with the view of adopting any modifications of our system which their experience might have approved.

The rooms of Students are furnished by the Church. The rate of board is three dollars per week, all charges for attendance, etc., included. Where it is preferred, Students are allowed to reside in the College on payment to the Steward of seventy-five cents per week, finding board elsewhere. In the case of Students, all applications for rooms must be made to the Principal, and these are appro-

prorated in the order in which applications are received; academic seniority, however, entitling Students to a preference in the choice of rooms. Students can retain their rooms from one Session to another, irrespective of the rule as to seniority, by giving notice before the beginning of the Session that they wish to do so.*

The classes admitted to board in the College are as follows, viz. :—

(a) Students in their Theological Course.

(b) Students preparing for their Theological Course, whether in Knox College, in the University of Toronto, or in some other Educational Institution in Toronto.

(c) Ministers or Probationers of the Church who may be temporarily resident in Toronto, may, if any rooms are not occupied by the preceding classes, be admitted to board; but their residence, if longer than a week, must be sanctioned by the Principal.

Residence in the College is, of course, optional on the part of Students; but the Board of Management hopes that the arrangements of the establishment will prove such as to make residence desirable and highly advantageous.

There are many important details of the system adopted which cannot well be here given, but which are provided for in the agreement entered into with Mr. James Fullarton, the Steward.

A perspective view of the plan of the College, taken from the architect's design, appears on the cover of the Calendar.

* Rooms will be allocated for the Session on Thursday, 2nd October, at 3 p.m., when all applicants for rooms require either to be present, or to be represented.

LIST OF GRADUATES IN THEOLOGY.

It is possible that, in the case of some of the earlier graduates, this list may contain errors as to the year of graduation;—the data from which it is drawn up being, in the first years of the College, not quite complete. Any correction, by graduates or others, will be gratefully received, and employed to secure perfect accuracy in subsequent Calendars.

In the matter of Academic Degrees there may also be inaccuracies, which will be duly corrected when pointed out.

KNOX COLLEGE.

FORM OF BEQUEST OF PERSONALTY.

I give and bequeath to Knox College, Toronto, the sum of \$ _____, and I direct that the said legacy be paid exclusively out of such part of my personal estate as may lawfully be appropriated to such purpose, and in preference to any other payment thereout.

NOTE.—Mortgages, although ordinarily treated as personalty, are regarded as realty in cases of bequests for charitable purposes. Parties intending to benefit the College, and whose estate consists of mortgage securities, must bear in mind that a will containing bequests for charitable uses of such property must be made six months prior to the death of the testator.

FORM OF DEVISE OF REALTY.

I devise to Knox College, Toronto, Lot (here describe the Lands).

NOTE.—Intending testators are particularly requested to notice, that a will containing a devise of real estate must be made six months prior to the death of the person making the will, otherwise the devise is inoperative.
