## MEETING OF CURLING CLUB

Members Enthusiastic for the Coming Season.

A well attended meeting of the Campbellton Curling Club was held on Monday evening in the rink under the chairmanship of Mr. A. A. Andrew, president. The affairs of the club are in a healthy condition, and many new members are already added to the roll. The retiring committees were all re-elected and a good season is anticipated. Besides the regular married versus single, the Presidents and vice-presidents series there will be two medal competitions, open to all members of the club. The club has also challenged for the McLeenan cup, and arrangements are being made to meet the Scottish curlers who are to visit Canada. The skips for the presidents prizes have been elected, and a meeting of the club will be held on Wednesday the 6th Dec. for the transaction of the s.h. business as may come up and at which meeting the skips will select their rinks. A full attendance is looked for. "Scoop her up."

## Christmas Trees are Shipped via I. C. R.

At many places along the line of the Intercolonial Railway spruce saplings intended for Christmas trees are being delivered for shipment to citizens in the United States. The shipment of trees for the little ones of the neighboring republic has become quite an industry during the past few years, and it is evident that the forest resources in the States will not supply the demand, so the Americans have to look to Canada for their Christmas decorations. The trees being green and flexible are packed on flat cars in large quantities and sent to dealers in Boston, New York, Chicago, Detroit and even as far as St. Louis.

You will find that druggists everywhere speak well of Chamberlain's Cough Remedy. They know from long experience in the sale of it that in cases of coughs and colds it can always be depended upon, and that it is pleasant and easy to take. For sale by all dealers.

Patrons requiring advertising space in the Graphic for the Xmas season should make reservations of space at once as we expect our columns will be crowded. Already some reservations have been made. Call or phone Graphic office.

A Des Moines man had an attack of muscular rheumatism in his shoulder. A friend advised him to go to Hot Springs. That meant an expense of \$1500 or more. He sought for a quicker and cheaper way to cure it and found it in Chamberlain's Liniment. Three days after the first application of this liniment he was well. For sale by all dealers.

We have a large shipment of No. 7 blue lined envelopes, good quality suitable for business correspondence which we are clearing out at \$2.00 per thousand, printed with your name, address etc. Special price for larger lots. Price—Cash with order. Address—125 Grenville, Campbellton.

## PRICE WEBBER IN TOWN

Mr. H. Price Webber and his company visited Campbellton on Friday and Saturday of last week. Large audiences turned out at all the performances and greeted their favorite and his company with a warm cordiality. The localisms of Webber took the house by storm every time he appeared, and the acting of the other members of the company being much above average of the ordinary travelling company. Edwin Gray in all her roles played with a spirit and energy which is envied by many a younger artist. Long may they yet tread the boards.

**DEAFNESS CANNOT BE CURED** by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces. We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. P. J. CHENEY & CO., Toledo, O. Sold by Druggists, 75c. Take Hall's Family Pills for constipation.

## Large Potato Shipments via I. C. R.

Potatoes are being shipped in large quantities over the Intercolonial Railway from various points to Ontario and Western Canada. Particularly large shipments of P. E. I. tubers have their origin at Point du Chene, where from the Island boats they are loaded on I. C. R. cars and forwarded to shippers in Montreal. The abundance of the crop in the Maritime provinces and the great demand for potatoes elsewhere form a happy combination of trade circumstances. There is great activity in handling the rush from Point du Chene before navigation closes.

If you are troubled with chronic constipation, the mild and gentle effect of Chamberlain's Tablets makes them especially suited to your case. For sale by all dealers.

## Manitoba Will Be Enlarged.

Winnipeg, Man., Nov. 25—Premier Roblin returned to day from the east where he has conferred with Premier Borden regarding the extension of the Manitoba boundary. He says that the provincial government had got what they wanted—the placing of Manitoba on a basis of absolute equality of the sister provinces of Saskatchewan, and Alberta. The question of natural resources he said, would come up later on, it being Premier Borden's policy that when the other two provinces are being given consideration on their applications for their natural resources, Manitoba shall be considered on exactly the same footing. That was certainly as much as his government could expect, added the premier. He had nothing to say on the report from Toronto that Ontario was to get access to a port on the Hudson Bay through a friendly arrangement with Manitoba.

When you have a bilious attack, give Chamberlain's Tablets a trial. They are excellent. For sale by all dealers.

## WHIST PARTY AT HOTEL DIEU

One of the most successful whist drives that has yet taken place was held on Monday evening at the hospital. In all nearly forty tables were occupied, and card playing was kept up from nine until nearly eleven p. m. A nice luncheon was then partaken of after which the prizes were distributed. The prize winners were: Ladies' first prize—Miss Roy. Gentleman's first prize—Mr. F. J. McDevitt. Gentleman's second prize—Mr. J. Tennier. Gentleman's booby prize—Mr. N. P. Thomson. Ladies' booby prize—Miss Kane. As these parties are run for the benefit of the hospital it is very encouraging to see such an interest being taken in them.

## WEDDING BELLS

**LEPAGE MARTIN**  
 On Monday 27th inst., by the Rev. E. P. Wallace, at the church of our Lady of Snows Miss Alma Martin, daughter of Mr. and Mrs. Oliver Martin of Campbellton was united in marriage to Joseph Lepage of Rimouski an employee of Messrs. J. & D. A. Harquail Ltd. Mr. Oliver Martin and Mr. Ernest Lepage supported the young couple who left after the ceremony for Rimouski and Quebec for the wedding trip. The bride was married in a dress of alize blue cloth with hat to match and the going away gown of amethyst cloth.

On Tuesday 28th inst at the R. C. church by the Rev. E. P. Wallace, Minnie DeGrasse daughter of Mr. and Mrs. N. DeGrasse of Pettit Rocher to Mr. Donald McIntyre son of Mr. and Mrs. Alex McIntyre of Campbellton. The bride was attired in a gray suit with white trimmings and hat to match. Many costly and useful presents were received and the young couple will reside in Campbellton.

## Grand Cascapedia Church Burned

Dalhousie, N. B., Nov 27—On Saturday evening a large fire was seen by the citizens of Dalhousie burnid on the Quebec side of the Bay Chaleur. News has reached here that it was the R. C. church of Grand Cascapedia, which was totally destroyed. The building was to have been completed for Christmas and was one of the finest churches in Bonaventure county. It was insured for \$12,000.

## DOCTOR'S PRESCRIPTION TO CURE ECZEMA

The most advanced physicians of this country and Europe are now prescribing a wash of Wintergreen, Thymol and other soothing and healing ingredients for the cure of Eczema, Psoriasis and all other forms of skin trouble. This compound is known as the D. D. D. Prescription. Dr. Holmes, the well known skin specialist, writes—"I am convinced that the D. D. D. Prescription is as much a specific for Eczema as is quinine for malaria. I have been prescribing the D. D. D. remedy for years." We ourselves vouch for the D. D. D. Prescription for Eczema and absolutely know that it will take away the itch the instant you apply it. Drop into our store and get post-paid on this wonderful remedy for Eczema and all other skin troubles. Or write the D. D. D. Laboratories, Dept. C, 40 Colborne St., Toronto for their free sample bottle. They will be glad to send it immediately. A. McDonald.

## GRAND BALL AT CAMPBELLTON

What is considered one of the most brilliant gatherings ever held in Campbellton, took place on Thursday evening when a large concourse of fair women and brave men helped to open the new masonic hall with the first ball of the season. The dance was under the auspices of the Bachelor Messrs, and the committee Messrs. Lockhart, Shepherd and Mowat had the comfort of the guests always in mind. The guests were received by the chaperons Mrs. A. E. G. McKeuzie, Mrs. R. M. Hope, Mrs. F. W. Campbell and Mrs. Chas. A. Alexander. Mrs. McKenzie wore Kings blue satin with overdress of dewdrop chiffon. Mrs. Hope wore pale blue chiffon over pale blue satin with gold trimming. Mrs. Campbell, white net over white satin. Mrs. Alexander, pearl chiffon over silk. The music was supplied by McEachern's orchestra and dancing continued until an early hour. Refreshments were served during the evening. Among the ladies present were the following: Mrs. Dr. Finault, black net over blue. Mrs. Geo. G. Glennie, black. Mrs. Thos. Malcolm, Cataba satin. Miss Ethel Malcolm, white with silver trimming. Mrs. John White, white. Mrs. John C. Ferguson, black. Miss Ward, white. Miss Ethel Ward, black net over pink. Mrs. Wm. Storey, black. Mrs. W. F. Napie, pink. Miss Cameron, blue. Miss Ruth Cameron, white. Mrs. Dr. Lunan, pink. Miss Murray, pink. Mrs. W. F. Yorston, red. Miss Elma Labillois, pale blue. Miss Theberge, white. Miss McIntyre, white. Miss Laura McIntyre, pale blue. Miss Mowat, pale blue. Mrs. Barbara, white. Miss Barbara, pink. Mrs. R. K. Shives, pink. Miss Winifred Barbara, maize. Mrs. F. E. Blackhall, blue with embroidery. Miss Mowat white. Mrs. Dr. Murray, pink. Mrs. W. S. Montgomery, black and white. Miss J. Keefe, white. Miss Sullivan, yellow. Mrs. H. B. Ardow, fawn moire silk with ice trimmings. Miss Ethel Corbett (Pottier) green foulard with Irish lace trimmings. Mrs. Biss Johnson, pale blue embroidered chiffon. Miss Gillies, pale blue. Mrs. A. T. LeBlanc, pale heliotrope. Miss Annette, white. Miss Wilson, pink. Miss Adams, white. Miss Asker, black. Mrs. Harry Smith, black. Mrs. H. Mulican, white silk. Miss Jean McLennan, white. Miss Millican, white.

**HOPETOWN**  
 We regret to chronicle the death of Stewart Ross, son of Mr. and Mrs. Farquhar Ross in the 25th year of his age. He came from New Richmond Ill on Friday 17th inst., but gradually got worse and died on Tuesday 21st inst. The young man was greatly loved by all who knew him, and many beautiful flowers were placed on the coffin to show the respect in which he was held. The body was interred in the Presbyterian cemetery, Rev. Mr. Tattrie officiating at both service in the house and at the grave. The pallbearers were Messrs. Cameron, Albert and John Powers, Daniel, Donald and Audson McEas. His father, mother and family have the sympathy of all in their mourning.

THE CAMPBELLTON GRAPHIC

**Concrete Sidewalks are Safe, Sightly and Everlasting**

**L**UMBER used in damp places and on wet ground—as, for instance, in walks—has a very short life. It requires almost constant repairing and, in a few years, needs replacing.

Concrete, on the other hand, improves with age, and the very dampness which destroys lumber calls out the best qualities of the cement by making it harder and harder—until neither time nor traffic can affect it.

The best of wooden walks keep getting out of repair, and are a continual menace to life and limb. They are also a frequent source of expensive doctor bills and lost time. Then again, they are likely to cost up the original cost in repairs before they are replaced.

Concrete walks are slightly, everlasting and safe. They cost less to build and need no repairing nor painting.

Write for our free book, "What the Farmer Can Do With Concrete."

It tells in plain, simple language, how you can save money on farm construction by using cement for Bars, Dairies, Foundations, Fence Posts, Troughs, Feeding Floors, Hitches, Posts, Stalls, Sties, Stairs, and so forth. The book is well illustrated with photographs, plans and diagrams. Fill out the coupon or send a postal to-day.

terians, nor Baptists, or Methodists, or Anglicans, but they are clergymen of the Roman Catholic church. I do not rejoice in the fact that many Presbyterian families in P. E. Island are trying to the West were perhaps conditions are not so favorable for the bringing up of a family. The clergyman of our churches should take an interest in farming conditions, instead of leaving it all to the clergy of another church. The problem is not insoluble, but one easily within our command, is concluded.

**GIFT OF A DYING TOT**

Savings of a Little Child Dying of Tubercular Trouble Goes to Help the Consumptive Poor

How true it is in many different walks of life that "a little child shall lead them." We have been shown a copy of a letter written by a lady of St. John, N.B., who only a month ago lost her little child, a girl of nine years, of tubercular trouble. The mother's own words tell the story better than it can be told in any other way. She writes to the Secretary of the Muskoka Free Hospital for Consumptives at Gravenhurst in these words: "While my loved one was ill, I one night opened some literature from you as her bedside. She asked me what it was. I told her it was a paper asking for subscriptions to the Muskoka Free Hospital for Consumptives, and showed her the pictures in the pamphlet. She asked if she could not give what she had in her little savings bank. I told her 'Yes'—so give it to the doctor and he would send it. But she was too sick when he came again, so I am enclosing an express order for the amount I found in the bank, viz., \$1.75, a small subscription, but trust you will receive it in the spirit in which it was given."

The letter is typical of many that are being constantly received at the head office of the Muskoka Hospital, 347 King St. W., Toronto. These come from all parts of Canada, by patients are received from anywhere in the Dominion.

At the present time there are 166 patients in residence in the Muskoka Free Hospital, 128 of whom are unable to pay a single cent, and the other 38 only nominal sums—much less than actual cost of maintenance. During the year the Muskoka Free Hospital for Consumptives has been opened, not a single patient has ever been refused admission because unable to pay.

**PICTURE FILMS MUST PASS CENS JR**

Toronto, Nov. 24—G. E. Armstrong, chairman of the provincial board of censors of moving picture films, stated yesterday that after December 1, all films not showing the board's stamp of approval would be confiscated. The act came into force on July 1 last, and since that time several thousand reels of films have been examined. With reference to the cutting of the Stars and Stripes shown in many films, not all films showing "Old Glory" are prohibited but in all the films with the exception of the coronation pictures, scarcely a Union Jack was noted.

**SPOOL-WOOD MILL AT LUDLOW**

A new spool-wood mill is soon to be in operation at Ludlow, near Bellefleur. The mill is to be the property of the Anderson Furniture Company interests. About 87 men will be employed.

**H. A. POWELL ON NEW COMMISSION**

Official announcement is made of the personnel of the new Canadian section of the International Waterways Commission. They are: Mr. T. Chase Casgrain, K. C., Montreal; Mr. C. A. Magrath, M. P., Leithbridge; and Mr. H. Powell, K. C., St. John. The latter succeeded A. P. Barnhill, St. John.

**THE LAYMEN'S MISSIONARY CONVENTION**

**In St. John Last Week a Great Success**

**His Lordship Bishop Richardson of the Anglican Church and other Speakers Take Prominent Part.**

A large number of delegates from all parts of the province attended the Laymen's Missionary Convention in St. John last week.

His Lordship Bishop Richardson of the Anglican church delivered an intensely practical and carefully thought out address on "This Province, its Opportunity and Responsibility." No missionary movement in foreign lands, he said, could be a success unless the Church grasped its opportunities and responsibilities at home and it was possible to be so short-sighted as to overlook the opportunities at home. The most urgent need in the mission field in this province was a material one. The church was obliged to maintain machinery which was capable of attending to the needs of six or seven times the population. Clergymen were living on starvation wages and in consequence a degraded conception of the Christian ministry was gaining ground. The reason why our people were migrating to the West leaving their farms, was that they were reading lying pamphlets picturing conditions there in an exaggerated light. Another reason was a lack of self-confidence in the East. This was essential and was what made the West fertile with energy. All this migration to the West had had the result of building up a crude material spirit there. The greatest heritage of the maritime provinces was their method and character. But this generation was departing from the ways of their fathers. Politics had become corrupt. The Bible was no longer revered as it had been and he urged that steps be taken to see that the Bible is taught in the public schools. He announced in conclusion that a conference of the Protestant denominations would be held on Thursday to take up this question.

Sir Andrew Fraser spoke on the "Unfinished Task in Non-Christian Lands." He said he was a bearer of the message of the church in the east—a message of thankfulness at what Canada was doing to carry Christianity into other lands. As business men, having given of their interest and means to the mission movement, they, no doubt, wanted to hear something of the work done by the missionaries. He could tell

They know that there are many vacant farms, that there is much rich but untilled soil, and they are doing nothing. What could they do? They could do for New Brunswick what Dr. Robertson did for P. E. Island. He taught the farmers how to farm he made the farming industry that is there today. I tell you those who are taking that interest here are not Presby-

them something of that work. He had witnessed the results in India, and gladly given his eldest son to the work of the missions.

It was said the missions did not produce results. He would not argue that. The works of the Lord were great and only those who took pleasure in them were competent witnesses of the results. He had travelled over all India, and had seldom been for more than a day without seeing missionaries or their work. It was his official duty to inspect the work of the missions. And he could say that God's work progressed in the east as in the west. The Lord had done great things for India. But there was much to do. There were many places in India where the name of Christ was unknown. Continuing, Sir Andrew said, the opportunities for missionary work in India were exceptional. There was no college in India to which missionaries were not admitted. All doors were opened. A great intellectual unrest was going on in India; like other people they were claiming civilization and industrial methods. If we gave them these things without Christianity, there might be danger to civilization. The church had put her hands to the plough; she dare not turn back.

On Wednesday the different denominations held separate rallies. That of the Presbyterians and Congregationalists was addressed by E. A. McCurdy of Newcastle on the question of the Utility of Modern Methods of Finance in Missionary Work.

Rev. S. J. MacArthur of Newcastle gave a very convincing address. It is not only the work of the pastor, he said, but it also belongs to every one of us to take part in this great work. Over two-thirds of the heathen population has not as yet been reached by the word of God. It is an amazing task. But a forward step is soon to be taken. I think what is going on in Canada and what is going on in our midst to-day signifies that within a year or two there will be accomplished what it took a generation to accomplish in the past. The Presbyterians he went on to say could do much more than they are doing for economic improvement in the province.

According to Government Estimates

**\$100,000,000.00**

was made in Western Town Property during the year 1909

Did you participate in these huge profits or did you "pigeon hole" the propositions submitted to you by your western friends for future consideration? In short, are you the man who made a profit or the unfortunate one who had the chance but did not possess sufficient judgment to recognize the opportunity or sufficient courage to close a deal? The man or woman entitled to sympathy is the one who says: "Five or ten years ago I had the chance to buy this lot for \$100 or \$200, and now it is worth \$10,000." The average person sneers at the person who makes such a statement and says: "I would have bought and made that money." Are you going to say five years from now that you had a chance to buy a lot for \$50 to \$100 each, or are you going to be the man who will have from \$1,000 to \$10,000 in cash as a result of having bought property in this town in this year of grace, 1911?

**POE A COMING COMMERCIAL CENTRE**

Poe is located on the main line of the Grand Trunk Pacific Railway between Edmonton and Saskatoon. It is located in one of the finest farming districts in Western Canada. The surrounding country is settled by a progressive type of farmers and consequently will become the market centre for Northern Alberta. Poe district possesses rich coal mines, is close to rivers and lakes and large forests are easily accessible from this point. These natural resources in are for the residents of the town, first, low cost of living, and second, great commercial activity, two essentials in the upbuilding of a large town, thus creating valuable real estate.

**POE AS A MANUFACTURING CENTRE**

This townsite and contiguous territory has the requirements outlined by large manufacturing concerns for the location of large factories or large enterprises of any kind employing large numbers of people. The rivers and lakes furnish water, the coal fields and forests furnish fuel and cheap building material, the fine farming lands furnish farm products, enabling the residents to live at a low cost.

The town is located on the main line of a transcontinental Railway, assuring the necessary transportation facilities. These combined conditions will furnish cheap labor, one of the most important features of a manufacturing centre.

Poe is a Good New Town in which to engage in Business or a Profession

## REBELS BEFORE NANKING WALLS

Manchu Forces Make Last Stand in City Captured by revolutionaries: Naval Vessels Aid Resiegues.

Nanking, Nov. 27. 1 a. m.—After more than half a century of silence, to-day the hills overlooking the walled city of Nanking, the ancient capital of China, swarmed with rebellious forces eager for its occupation and determined to take the stronghold where the Manchus are making their last stand south of the Yangtse. From the Tiger Hill forth, for several hours Sunday morning, big guns spoke repeatedly, while further up, along the northeastern range from the top of Purple Mountain overlooking the Ming Tombs, for a fifteen mile semi-circle westward to the Yangtse, smaller forts scattered shells into every section of the city. So far as is known the casualty list is not large.

General Wong, second in command of the defenders, is among those killed. During the earlier part of the day the imperialists attempted a sortie against the attacking forces, with a view to recapturing their positions and guns, but were driven back inside the walls with considerable losses. The Tiger Hill Batteries meanwhile were pouring shells into Lion Hill. They succeeded in silencing the batteries there, which is suspected were of little value.

The object of the first seizure of Tiger Hill was shown by the early appearance of four cruisers and later in the day of other warships. In the evening a dozen torpedo boat destroyers and cruisers were lying menacingly near the city. These are all armed and well supplied with ammunition. Doubtless they will quickly reduce the lower section and drive the defenders to the south.

## ARE YOUR HANDS CHAPPED?

Zam-Buk Will Cure Them.

The particular danger of chapped hands and cold cracks (apart altogether from the pain) is that the cold is likely to penetrate and set up inflammation, festering, or blood-poison. Directly the skin is broken by a cut, graze, or scratched, or chafed and cracked by the action of the cold winds and water, the one necessary precaution is to apply Zam-Buk freely.

The pure herbal juices from which Zam-Buk is prepared are so perfectly combined and refined that the immediate effect of the Zam-Buk dressing is soothing, antiseptic, and healing. Pain and inflammation are allayed, disease germs expelled from the wound or sore, and the latter is quickly healed.

Zam-Buk is not only a powerful healer and skin purifier; it is strongly antiseptic and germicidal, and so forms the ideal protection for the skin against disease germs. It quickly heals cold cracks, chaps, chilblains, cold sores, etc. Mrs. O. M. Phoen, ex-Alt., writes: "I must tell you I'm pleased I am with Zam-Buk. My husband had an old frostbite on his foot for many years, and had tried almost every known remedy without any effect, but the first application of Zam-Buk seemed to help him so much that he persevered and the sore is now cured. We would not be without Zam-Buk in the house."

Zam-Buk is also a sure cure for piles, eczema, ulcers, abscesses, scalp sores, blood-poison, bad leg, eruption etc. Its purely herbal composition makes it the ideal balm for babies and young children. All druggists and stores sell Zam-Buk 50c. box or post free from Zam-Buk Co., Toronto, for price. Try also Zam-Buk Soap, 25c. tablets.

### PROVINCIAL

## DOMINION WILL GUARANTEE N. B. BONDS

To the Extent of \$1,000,000 for Construction of Bridges on St. John Valley Railway.

In discussing the St. John Valley Railway in St. John on Wednesday Premier Fleming said that in the contract between the government and the company there is a provision that will safeguard the province against being called upon to make good any shortage which would arise if the 40 per cent. of the gross earnings should prove insufficient to meet the interest on the bonds.

"As regards the construction of the big bridges the federal government has undertaken to guarantee the interest on the bonds covering the cost of their construction to the amount of \$1,000,000 for a period of years. The estimate for the construction of the bridges is between \$1,200,000 and \$1,800,000, and the construction company will provide for any additional cost over the amount guaranteed by the federal government. So the construction of the bridges will allent no outlay on the part of the province. At the expiration of the period of years for which the federal government guarantees the interest on the bridge bonds, a portion of the 40 per cent. of gross earnings payable to the government and determined by the relation of the cost of the bridges to the cost of the railway as a whole will be applied to the payment of the interest on the bridge bonds, and to the provision of a sinking fund to reimburse the federal government."

Expert knowledge of automobile construction is essential to car owners and drivers alike. To the owner it means certainty when judging a car, and a great saving in cost of up-keep. To the driver it means a greater demand for his services, a larger salary, and a permanency of position. To both it means knowing if a car is right, and when not right, exactly what to do and how to handle it.

A RISING STAR

We Westerners are reading and writing about China and the mighty drama that is being enacted there as if China was a foreign country, and as if the events there were to us only stage play among marionettes or fabulous Lilliputians. Nothing is more foreign to the facts. The old Roman dramatist who brought down the theatre by the line, 'I am a man, and I count nothing human foreign to me,' stated an eternal truth, the reality of which we are realizing today, not in sentiment but in hard facts, now that the ends of the earth are so knit together that we read before dinner the events of the same date in China and know them as soon as the Chinese themselves do—now that wages in China lose value as silver is dug at Cobalt. But still, seeing, we see and do not perceive, and hearing, we hear and do not understand. We are going on making all our economic plans and throwing up and fortifying our protectionist earthworks as though three hundred millions of the most enduring workers in the world were waking up to take their share in the world's counsel.

If, at a time when railways are penetrating China's iron beds and outcrops of coal, Great Britain should put burdens on her own supplies and then counterbalance the same by yielding as she must do to the demands of labor for more pay, she would be voluntarily handing over to her yellow brethren the iron work of the world, which is a large part of her living. If, at a time when China is importing the very latest textile machinery and setting up spinning and weaving plants equal to the best in England or New England, Britain, whose selling markets are overseas, should add in any avoidable way to the cost of textile production her other arm, her textile industry, would be paralyzed. It may seem quite possible to form great labor combinations and force up the price of labor, but in industrial enterprises their is a breaking point, and it may be only brought nearer by such successes. We are in no position to solve the economic problems we have stated, but it is not use shutting our eyes to them, and it is certain that it is not possible to shut our gates against them.

China up till now has been a negligible quantity as a world power. There might have been differences in Europe as to what bits each would have if she fell to pieces, as it was assumed she would do at the first shock, but there was no thought of her having anything serious to say in the matter. Any notion that she sent its gunboats up the West River or the Yangtze; or, if any nation might not, it was due to European no to Chinese opposition. Japan was a negligible quantity forty years ago, but it is not now, and China is seven times Japan. We do not know how the present revolution will end, but we do know that it will leave China a modern nation and a modern power.—Ex.

HEAVY DRINKER CURED

Samaria Cured Him and He Helps Others.

A man who has been released from the awful cravings of drinks, and whose first thought is to help others, shows the spirit of true brotherhood and philanthropy. Read his letter: "The Samaria Remedy Co., Toronto, Ont. 'Will you please send me book on drink, also circulars relating to your valued remedy for the drink habit. I wish to hand these to a friend who is going to ruin through drink. You will remember that I have taken your remedy, and I find it all you claim it to be. I never think of taking or using strong drink in any way, as all desire for it has left me. I cannot speak too highly of your wonderful remedy. You may use my name in any way you wish in public. H. Lilywhite, Bridgen, Ontario.' Samaria Prescription is tasteless and odorless, and dissolves instantly in tea or coffee, or can be mixed with food. It can be given with or without the patient's knowledge. It removes the craving for drink, builds up the system and restores the nerves. Drink becomes distasteful and even nauseous. Drink is a disease, not a crime. One drink of whiskey always invites another. The inflamed nerves and stomach create a craving that must either be satisfied by more whiskey or removed by scientific treatment like Samaria Prescription. Samaria Prescription has been in regular and successful use by Physicians and Hospitals for over ten years. If you know of any family needing Samaria Prescription, tell them about it. If you have a husband, father or friend that is drifting into drink, help him save himself. Write to-day. Gloucester Member Speaks in Commons

Mr. Turgeon of Gloucester spoke in the House Monday evening, endorsing most of the ministers and going on to refer to reciprocity. Referring to Hon. Mr. Hazen, he said that change in conditions since 1891 was his reason for supporting it. He dealt with the resources of New Brunswick in fishing, lumbering, and farming, claiming that that province has no market in Canada as people of Ontario and west have their own fish. In the lumber industry conditions have changed. The competition of Russian spruce is curtailing the province's exports to London. The United States, he claimed, was only a market for by-products. It would remain the ambition of the Maritime Provinces to put the pact through as long as there were fish in the Atlantic and trees in the forest. Dealing with the navy, he hoped Mr. Hazen when he went to England would bring back a plan which he could support and the government would take the responsibility and not resort to a plebiscite, which he described as useless and unpatriotic.

Mr. Guildford Bruce who met with a burning accident in school last week is recovering nicely.

We wish to call your attention to the fact that most infectious diseases such as whooping cough, diphtheria and scarlet fever are contracted when the child has a cold. Chamberlain's Cough Remedy will quickly cure a cold and greatly lessen the danger of contracting these diseases. This remedy is famous for its cures of colds. It contains no opium or other narcotic and may be given to a child with implicit confidence. Sold by all dealers.

It looks as if some people were quite satisfied as to the future of Campbellton. Five couples who purpose marriage were called at the R. C. Church last Sunday. Our friend Father Wallace will soon be working overtime.

There is nothing as acceptable as photos for Xmas gifts. Call and see our lines. Mersereau's Studio.

MAKES HAIR GRAY

White Drug Co. has an invigorator that will grow hair or money back.

The time to take care of your hair is when you have hair to take care of. If your hair is getting thin, gradually falling out, it cannot be long before the spot appears.

The greatest remedy to stop the hair from falling is SALVIA, the Great American Hair Grower, first discovered in England, SALVIA furnishes nourishment to the hair roots and acts so quickly that people are amazed.

And remember, it destroys the Dandruff germ, the little pest that saps the life that should go to the hair from the roots.

SALVIA is sold by The White Drug Co. under a positive guarantee to cure Dandruff, stop Falling Hair and Itching Scalp in ten days, or money back. A large bottle costs 50c. The word "SALVIA" (Latin for sage) is on every bottle.

H. Price Webber broke the record for attendance in Dinook's Open House last Friday night, and all the people were delighted with Mr. Webber's admirable company in their performances of the "Female Detective" On Saturday afternoon another large audience was present to see the "Gold King" admirably presented, and at night an audience that completely filled the spacious theatre saw the brilliant comedy of "THE HONEYMOON" which was elegantly costumed and charmingly acted. Mr. Webber has never been more popular than now, and his announcement of a return visit next season was received with round after round of applause. Mr. Webber played to a crowded house in Newcastle last night.

**THEY PREFER NEW BRUNSWICK TO THE WEST**

Farmers Who Have Had Experience in Both East and West Explain Why This Province is Far Better For Men Who Hope to Succeed.

Bishop Richardson's remarks in his address at the recent missionary congress with reference to the desertion of the farm lands in this province and the lack of enthusiasm and enterprise on the part of New Brunswickers caused considerable discussion among the delegates, and nearly all expressed hearty approval of his views. Two young men who have spent some years in other parts of Canada and have made agriculture their life work were particularly enthusiastic regarding what his lordship said of neglected opportunities.

Bedford Hartt, registered from Jacksontown, Carleton county, with his father runs a big farm in that locality. Some years ago he went west and homesteaded a quarter section, making good his claim to the 160 acres. Then he rented the new farm and returned to New Brunswick and this is his testimony: "I am glad that I am running my New Brunswick farm this year," he said, "rather than my quarter section in Alberta for I believe my crops will be worth more in this province. Last year in what is considered the most fruitful part of Alberta, south of the Bow river, there was not a bushel of oats raised in the whole township in which my land is situated, all killed by drought. This year in Northern Alberta, in the

Hardisty section, Charles Richardson and family who went out from Newburg Junction, Carleton county, had all their wheat frozen on July 17, and the large acreage of grain was so absolutely useless that the farmers set fire to it in the stalk and burned off their fields.

"These are some of the things which must be counted when one is considering making one's home in the West."

John Woods, from Weisford, Queen county, and for a time superintendent of a fruit farm in the Niagara district, following a course in the Ontario Agricultural College. He has been back in New Brunswick now for more than two years and is looking about for a suitable place to purchase. He has great faith in the fruit raising possibilities of the province believing that with the absence of pests and with the weather conditions to be relied upon, parts of this province cannot be surpassed.

"It is not very encouraging for a beginner in the Niagara peninsula," he said, "to be asked from \$20,000 to \$40,000 for a moderate sized farm and not less than \$100 an acre for uncleared, undrained land. There is no better life for a young man than for him to start on a farm in New Brunswick within reasonable distance of a transportation facilities and markets.

SOME people have attempted to judge PURITY FLOUR before knowing the facts about it—before using it. So we ask you to be fair and to buy a sack or barrel of PURITY FLOUR and give it a thorough try-out before attempting to arrive at a judgment.

Look at the beauty and loftiness of the golden-crusted, snowy-crumbed loaves, fit for a king. Count them and see how many more of them PURITY yields to the barrel than ordinary flour does.

Taste the creamy, flaky pie crust, and the deliciously light cakes PURITY FLOUR rewards

Miner at Sydney Shoots Prince Edward Island Man After Quarrel—Both Men Had Been Drinking of Course

Sydney, N. S. Nov. 25—Lewis McLarren, a native of Prince Edward Island, was shot and instantly killed at the Reserve this afternoon by an Italian miner named Dominick Baptista. The men had been drinking and McLarren had struck Baptista who left the room where they were talking and coming back in a few minutes with a revolver fired two shots at McLarren both entering the head.

McLarren fell dead at his feet. The Italian escaped in to the woods near the colliery, but will be captured as he cannot easily escape. He is twenty-four years old and unmarried.

**How to build a Concrete Ice House**

Concrete for the foundation should be made muddy wet and filled in the trenches to the ground level.

Set up the forms, and during the erection, in the centre of one of the end walls place a door frame (2 1/2 by 6 feet clear) within the forms. Brace it well so that the concrete will not bulge it out of shape. Place the concrete in layers 6 to 8 inches thick carried around the entire building. In the concrete walls of each gable end set a frame for ventilating doors (2 1/2 by 2 1/2 feet) in the same way as the large door frame was placed.

As the forms are filled, at intervals of 18 inches, imbed bent iron rods or twisted wire in the concrete around the corners of the building. Likewise put two 1/2-inch rods or an old wason tire in the concrete 12 inches above the door opening. When the side and end walls have reached their full heights and while the concrete is set soft, set 1/2-inch bolts 8 inches long heads down, 5 inches in concrete and 2 inches apart. To these bolts will be fastened the 2 1/2 by 4-inch plates for the roof.

After the building is a week old, the forms may be removed and the 4-inch concrete floor built directly on the ground. Begin at the back of the building and slope the floor 1/4-inch to the foot in the direction of the drain.

At the door, lay the last few sections of the 5-inch drain with well cemented joints and include a trap, having a bend which always contains water. This trap acts as a seal to keep out the warm air in the drain. Cover the floor end of the drain with a trash strainer.

**The Roof.**

The roof may be covered with shingles or any other good material. Close the door opening, next to the wall, with removable sections of boards fitting in slots or grooves and provide a door swinging out. Hang the little doors in the gables with hinges on the outside so they may be cracked to provide the necessary ventilation and at the same time keep out the rain. Store the ice as previously instructed.

Success in ice-keeping depends largely on an air-tight, heat-proof building. On good drainage, with the drain "trapped" to keep out warm air. On careful and thorough packing of the ice. On well regulated ventilation in the roof space over the ice.

A well-built concrete ice-house fulfills these conditions. Every year it is ready for use without repairs. And by means of ice, farm life can not only be made more comfortable and attractive, but fruit, poultry and dairy products can be marketed to better advantage.

For an ice-house 10 by 10 feet, 8 feet to the eaves and 13 feet to the roof peak, with 3-inch walls, 4-inch floor, and a foundation 10 inches by 8 feet, the following materials will be required for the concrete:

- Crushed rock, 15 cubic yards.
- Sand, 7 1/2 cubic yards.
- Portland cement, 21 barrels, and 16 1/2 by 8-inch round head bolts.

The materials may be hauled to the site at odd times, and piled so as to be convenient for working.

The wooden forms for the concrete may be either fixed or movable. Fixed forms are merely two boxes without top or bottom, which fit one within the other with an 8-inch space between for the concrete. Such forms are made of 2 by 4 inch studding spaced two feet and sheathed next to the concrete wall with 1-inch siding. The forms should be held in place at the bottom by timbers called "ties," and should be well braced. To save lifting the concrete, the outside boards may be nailed on as the concrete is placed in the forms. Movable forms require less lumber than the fixed variety. Such forms are built in sections 2 to 4 feet high and in lengths convenient to handle, usually 8 to 10 feet. The 2 by 4 inch uprights are spaced three to four feet. Cross-cleats at the top are provided to keep the forms eight inches apart. Near the bottom twisted wire ties are used to draw the forms up tightly against the previous day's concrete work. Each

DOCTORS HAD GIVEN UP ALL HOPE

"Fruit-a-tives" saved my life

RUTH A. PIERCE, O. M. M. writes: "I look upon my recovery as nothing short of a miracle. I was for several years, constantly suffering from Chronic Dyspepsia and Indigestion. I was treated by several doctors and they simply did me no good. During the latter part of my illness, I was so thin that I could hardly get up stairs, and I vomited every thing I ate."

The doctors gave up all hope as the stomach trouble proved almost insurmountable and I was frequently unconscious. I received the last rites at the Church. At this time, a lady strongly urged me to try "Fruit-a-tives." When I had taken one box, I was much better and after three boxes, I was practically well again, and had gained 25 pounds. I have taken 13 boxes in all and now weigh 150 pounds and am well.

Madame ARTHUR POTLANDER, O. M. M. writes: "Fruit-a-tives" is the only medicine in the world made of intensified fruit juices and always cures indigestion, dyspepsia, a box, 6 for \$2.50, or trial size, 25c. At all dealers, or from Fruit-a-tives Limited, Ottawa.

Money In Poultry

The Editor of the Canadian Poultry Review, people's popular poultry paper tells us that this paper has been greatly enlarged and is filled with all that pertains to poultry, both from a practical and a fancy standpoint.

Prof. A. G. Gilbert, Manager Dominion Government Poultry Farm, Ottawa, is still in charge of the Practical Poultry Department. Rev. J. N. Williams, one of England's most noted experts writes interestingly each month on poultry doings in the Old Land. Mr. H. S. Babcock, Providence, R. I., is another prominent writer and breeder on this paper's regular staffs, and there are dozens of others. Each phase of poultry breeding, poultry exhibiting, etc., is fully covered and the pages of the Review are replete with half-tone reproductions from life, of famous birds, plans of up to date houses, utensils, etc.

The subscription rate is fifty cents per year, but readers of this paper can have it at three years for \$1.50, and sample will be sent free on application to Canadian Poultry Review, 184 Adelaide Street West, Toronto, Ont., Nov. 29-2 wks.

The Newcastle Curling Club decided at their annual meeting last week to challenge for the McLellan Cup, now held by Chatham. The following officers were elected: W. A. Park, president; B. H. Armstrong, vice-president; J. E. T. Lindon, secretary; C. J. Morrissy, treasurer; Rev. S. J. McArthur, chaplain; R. H. Armstrong, Jr., B. A. Lawlor, C. Sergeant, A. A. Davidson and T. W. Crocker, managing committee. A vote of thanks was passed to the treasurer and Secretary Lindon was presented with an elaborate desk light by President Park. A three years lease from the Newcastle Skating Rink Association was arranged for. The membership fee was fixed at 85c.

THOUGH IT'S "ONLY A COLD"—STOP IT BEFORE IT STOPS YOU

Have you ever heard of a case of catarrh, bronchitis, inflammation of the lungs, or pleurisy that did not start with a common cold? Every cold you catch has in it the makings of one or other of these diseases, if it can break down your defenses. And even if it does not develop into something more dangerous, it will keep you thoroughly miserable for a week or two at least.

The wise course, as soon as you feel the cold coming on, is to start taking Na-Drug Co Syrup of Linseed, Licorice and Chloroform, and keep it up till the cold is knocked out completely. This splendid cough syrup will do the trick quickly and thoroughly.

You can feel perfectly safe in taking Na-Drug Co Syrup of Linseed, Licorice and Chloroform, or in giving it to your children. We'll gladly give your physician a list of its ingredients if you like. Your Druggist can supply either 25c or 50c bottles. The National Drug & Chemical Co. of Canada, Limited. 117

CHILDREN INJURED

Ordinary Cathartics and Pills and Harsh Physic Cause Distressing Complaints.

You cannot be over careful in the selection of medicine for children. Only the very gentlest bowel medicine should ever be given, except in emergency cases.

We personally recommend and guarantee Rexall Orderlies as the safest and most dependable remedy, which we know, for constipation and associated bowel disorders. We have such absolute faith in the virtues of this remedy that we sell it on our guarantee of money back in every instance where it fails to give entire satisfaction, and we urge all in need of such medicine to try it at our risk.

Rexall Orderlies are eaten just like candy, are particularly prompt and agreeable in action, may be taken at any time, day or night; do not cause diarrhoea, nausea, griping, excessive looseness, or other undesirable effects. They have a very mild but positive action upon the organs with which they come in contact, apparently acting as a regulative tonic upon the relaxed muscular coat of the bowel, thus overcoming weakness, and aiding to restore the bowels to more vigorous and healthy activity.

Rexall Orderlies commonly completely relieve constipation, except of course when of a surgical character. They also tend to overcome the necessity of constantly taking laxatives to keep the bowels in normal condition. Three sizes, 10 packages, 10 cents, 25 cents and 50 cents. Remember, you can obtain Rexall Remedies in Campbellton only at our store, The Rexall Store, —Thos. Wran, Druggist Campbellton, N. B.
