COMMUNICATION.  
To the Editor of the Standard.  
DEAR SIR,—May I beg a corner of your  
useful journal, as a medium for giving to  
the public some ideas which have occupied my  
attention for some time; and should these  
humble observations be instrumental in pro-  
moting the cause I profess to advocate, I will  
feel amply repaid, having contributed my  
quota towards the advancement of our town.  
With these brief prefatory remarks, I address  
myself at once to the subject.

BROTHER MECHANICS, as one of your number  
I beg your earnest attention. In all large  
towns and many small ones too, there are  
Mechanics' Institutes, Debating Clubs, and  
Circulating Libraries. Here, we have nei-  
ther one or the other. Why is it then, that  
you do not form a club for mutual improve-  
ment—purchase standard works on the arts,  
history, &c., and such other works as may  
be useful to you in your various callings;  
thereby adding to your stock of knowledge,  
and likewise cultivating your minds. They  
would serve the double purpose of amuse-  
ment and instruction, without trenching on  
your labours. Remember, that some of the  
greatest men the world ever saw were me-  
chanics, and were proud of the name. Many  
of them, even in our day, have risen from  
the work-bench to the highest posts of honor,  
and have become wealthy and honored citi-  
zens. Had I space at my command, I could  
enumerate a host of these bright examples  
from the page of history all of whom raised  
themselves from the humblest spheres of life  
—such for instance, as Franklin, Watt,  
Stephenson, Barratt, Fulton, Ericsson, and  
many others, all mechanics.

Now let us in St. Andrews try what we  
can do. "United, we stand; divided, we  
fall," is the motto. We have ability and material sufficient to accomplish  
much. In a future letter, I may point out  
the way to effect these desirable ends.  
What is to prevent our uniting together  
and purchasing a powerful engine, erect a  
commodious building or range of work-shops  
and carry on our business by steam or col-  
loric. We might then have machinery driven  
by steam or caloric, making sashes, window  
blinds, planing, sawing, turning both iron  
and wood, grinding paint, making buckets,  
brooms, &c., all of which could be carried  
on under the same roof, and at a trifling cost.  
We have among us men of enterprise and  
skill, such as the Berrys, Watsons, Ross,  
Stentford, and others, who, if they will take  
the lead in this matter, will not only benefit  
themselves but create a business hitherto  
unknown in the place. I hope they will give  
this subject their best attention, and resolve  
to move along in this age of progress.  
Thanking you, Mr. Editor, for granting  
my humble observations a place in your use-  
ful journal, I may, if permitted, resume the  
subject in a future number; and have the  
honor to subscribe myself—  
A MECHANIC.

Feb. 14, 1853.

STRAW AS A COVERING.—Clean straw is  
an excellent covering for many things; thousands  
of sea-kale in frames of under hoops  
have no other blanching material, and how  
clean they grow in it! Rhubarb, in winter-  
forcing an early spring, grows beautifully  
pinkly. It is well known that early spring  
frosts destroy rhubarb; but if a six inch  
layer of straw is put on every crown, as the  
hands put up, they raise the straw with them,  
and it not only keeps the stalks a better col-  
our, and makes them less "stringy," but  
it keeps the leaves from growing too large.  
No wind will blow it off, nor will the most  
intense frosts injure the plants. Straw should  
not be looked upon as a mere litter; it is as  
good as a frame upon a large scale. What  
sort of eatable strawberries would we have  
without straw? In summer, every crop,  
such as gooseberries, currants, and many  
other things, should have the protection of  
straw, which keeps the sun from drying up  
the surface, and the roots damp and cool,  
while all the weeds are kept down. Market  
gardeners use it for their frames; it matters  
not whether for cucumbers, melons, or pota-  
toes, straw is their covering, and their crops  
are more secure than when protected by a  
thin mat. But some may object to the use  
of straw, on account of the litter it makes in  
a garden; but if any of those who object to  
its use for this reason, will just take a peep  
into Convent Garden market at any season,  
they cannot fail to be struck with the  
quality of the produce, in the raising of which  
straw plays an important part. Straw is also  
the best of all manure for a strong retentive  
soil, when it is dug in fresh, as it decays and  
leaves innumerable worm-like holes, which  
act as drains for the roots. [Gardener's  
Chronicle.]

EMINENT SCIENTIFIC SHOEMAKERS.—  
Linnaeus, the founder of the science of bot-  
any, was apprenticed to a shoemaker in Swe-  
den; but afterward taken notice of, in conse-

quence of his ability was sent to college.—  
David Parcus the elder, who was afterwards  
a celebrated professor of theology at Heide-  
sburg, was at one time apprenticed to a shoe-  
maker Joseph Préndell, who died some  
time since at Gray's-buildings, London, and  
who was a profound and scientific scholar,  
pursued through life the trade of a shoemaker.  
Hans Sachs, one of the most famous of the  
early poets, was the son of a tailor, and after-  
wards served an apprenticeship to a shoe-  
maker. Benedict Goddwin, one of the most  
learned men of the sixteenth century, was a  
shoemaker, as was likewise his father. He  
wrote a treatise on the shoe-making of the  
ancients, which he traced up to the time of  
Adam himself. To these may be added those  
ornaments of literature, Holcroft, the  
author of The Critic, and Gifford the founder,  
and for so many years the editor of the  
Quarterly Review, one of the most profound  
scholars and elegant writers of the age; and  
Roofield, the author of The Farmer's Boy,  
and other poems—all of whom were shoe-  
makers, and the pride and admiration of the  
world. John Brand, the secretary of the  
Antiquarian Society of London, and author of  
several learned works, was originally a shoe-  
maker, but fortunately found means to com-  
plete his studies at Oxford University.

RAILROADS IN THE UNION.—The follow-  
ing statements we gather from the January  
number of The American Railway Guide:—  
On the 1st of January, 1853, (this day),  
there are in the United States 13,227 miles  
of complete Railroad, 12,927 miles of Rail-  
road, in various stages of progress, and about  
7,000 miles in the hands of the Engineers,  
which will be built within the next three or  
four years—making a total of 33,155 miles  
of Railroad, which will soon traverse the  
country, and which at an average cost of  
\$30,000 (a well ascertained average) for  
each mile of road, including equipments, etc.  
will have consumed a capital amounting to  
\$994,650,000, as follows:—  
13,227 miles completed \$386,810,000  
12,928 miles in progress 387,810,000  
7,000 miles under survey 220,030,000  
33,155 Total \$994,650,000  
or in round numbers—\$1,000,000,000—one  
billion of dollars; a sum which, at 6 per  
cent., would yield \$60,000,000 annually,  
or more than sufficient to cover all the ex-  
penses of the United States Government and of  
the Governments of every State composing  
the United States!—if administered with re-  
publican economy. This estimate of the  
Railroads of the United States differs materi-  
ally from that published by the census-of-  
fice, and that of Mr. Andrews in his late re-  
port to Government—but is based upon ac-  
tual returns. Both these documents, how-  
ever, refer to a date anterior to 1853.

SINGULAR FREAK OF NATURE.—Mr. Al-  
fred A. Green, who resides on a farm about  
eight miles west of this city, has given us the  
following singular information. On Wed-  
nesday night last, about 11 o'clock, a severe  
shock of an earthquake was experienced,  
which did not last long, but which was so  
violent as to create a commotion among the  
domestic animals. On the next morning it  
was discovered that a deep chasm, about  
half a mile in width and three hundred yards  
in length, had been opened from Lake  
Merced to the ocean, and that the Lake was  
nearly dry. Our informant, who left there  
on Thursday morning, stated that the water  
was still rushing out with great force, and  
that he had no doubt but that it would soon be  
emptied. This Lake is about half a mile  
from what is known as Green's Lake.—  
What renders this matter so strange is, that  
the shock of the earthquake had not been  
felt in this city—at least we have heard of  
no one who experienced it.—[Alta.]

THE DEATH OF MR. KROLLMAN.—We re-  
gret to announce the sudden death of Mr.  
Krollman, who so lately left for Berberie  
the full vigour of health. The yellow fever  
has thus numbered among its victims, this  
amiable and talented artist, and the generous  
sympathy of the public will, we are sure, at-  
tend his accomplished lady in her bereave-  
ment. On Saturday evening he felt a little  
indisposed, but his medical attendant saw no  
grounds for alarm, and left him after admin-  
istering a slight emetic, which appeared to  
afford much relief. About noon on Sunday,  
the worst symptoms of the epidemic mani-  
fested themselves, and suffered no abatement  
from the most active treatment, till he sunk  
under the disease on Monday night. He ap-  
pears to have had a slight premonition of his  
fate, which induced a medical gentleman of  
this town to advise him to leave the Colony  
at once, without visiting Berberie. He has  
passed away while the memory of his talents  
and of the enjoyment he has afforded us is  
still fresh in our thoughts, and the awful sad-  
ness of the summons is enhanced by the  
consideration that he has been struck down  
in the prime of life, and in the land of the

stranger. If the unaffected sympathy of the  
community can solace the distress of the  
widow, she has it in its plenitude.—[Demo-  
cratic Colonist.]  
[From the Carleton Sentinel.]  
Vote of thanks to the Hon. Mr. Connell.  
WEDNESDAY, January 20, 1853.  
SIR.—By the directions of the Municipal  
Council of this County, I send to you the copy  
of a Resolution, unanimously adopted in  
Council on the 15th instant.  
I have the honor to be Sir,  
Your obedient servant,  
H. H. BEADLEY,  
Secretary Treasurer.  
To the Hon. Charles Connell.

[Copy.]  
On motion of Mr. Clowse, seconded by  
Mr. Mallon.  
Whereas by the acceptance of the Municipal  
Act, the people of this County have taken into  
their own hands the management of their local  
affairs, and have the right of electing those  
persons who levy and expend the County  
taxes; And Whereas the elective principle is  
applicable not only to County offices, but to  
the highest offices in the Province, which is  
a right properly belonging to the people, if it  
is really intended to carry out Responsible  
Government, and will at no distant day be  
conceded to them; and as the privileges now  
enjoyed by the people of this County under  
the Municipal Act have in a great measure  
been owing to the exertions of the Hon.  
Charles Connell, Therefore  
Resolved, That the thanks of the Council  
board are due to, and are hereby accorded to  
that gentleman, not only for his active ex-  
ertions in the advocacy of those principles in  
the Legislature, but also for their introduc-  
tion into this County; and further Resolved,  
That the Secretary Treasurer do transmit a  
copy of the above to the Hon. Mr. Connell.  
[REPLY.]  
To the Warden and Councillors of the  
Municipality of the County of Carleton  
GENTLEMEN.—Your Secretary has just  
handed me the above copy of a Resolution  
unanimously passed at your last meeting, for  
which you will please accept my thanks. I am  
happy to find, gentlemen, that the change  
wrought in the management of our County  
affairs by the acceptance of a charter of In-  
corporation has met with general approbation,  
entirely refuting by its practical operation,  
the prognostications of evil, indulged in by  
its opponents—some of whom stated that an  
acceptance of this Charter but you can  
now say what never could have been said be-  
fore since the division of the County, that a  
assessment for County purposes will be made  
this year. The saving that has been made  
in all branches of the County expenditure, as  
well as the discharge of the whole County  
debt, together with the unanimity of the  
Council in their deliberations, shows that the  
people may be safely intrusted with that power  
which, if properly exercised, will be of  
great benefit to them; and I feel satisfied that  
these considerations, that the time is ap-  
proaching when the elective principle may  
be extended, not only to every office in the  
County, but also to the highest in the Province  
and there is no reason why it should not  
be so. If the people are to be intrusted with  
their local affairs, why is the principle not  
carried out in all branches of the Govern-  
ment? People generally believe that they  
are capable of self-government, and there is  
no good reason why the direction of the af-  
fairs of the Province should be in the hands  
of individuals having no interest in common  
with the people, but generally appointed more  
for the sake of the emoluments of office than  
for the benefit of the governed, and too often  
using their power in violation of known and  
well settled principles, and in contradiction  
to the wishes of the people. I think with  
you that in order to give the people of this  
County their just privileges, the right to elect  
their Governor should be placed in their  
hands, thus affording an opportunity for the  
humblest among you, by industry and perse-  
verance, to attain the highest office in the  
Province, the only test being ability and fit-  
ness for the situation, and not the mere ac-  
count of birth or wealth, both of which are too  
often the only requisites required. That men  
as competent to discharge the duties of office  
as any we have ever had, can be found in this  
Province, cannot be denied, and who would  
be free from the influence of a few, and being  
elected by the people will serve their interests  
as well as those of the Crown, these two be-  
ing under our Constitution inseparably united.  
It may be thought that the adoption of  
these principles will tend too much towards  
democracy, but I believe it will be found by  
reference to the history of the early periods  
of the Mother Country, many of the offices  
now in the hands of the Crown were elective.  
At the present time when there is more of  
intelligence among our people than at any  
former period, with a desire to increase their  
knowledge in political matters, introducing  
habits of self-reliance and confidence in their

own capabilities for government, these rights  
may be safely conceded to them. And the  
opinion seems now to be very generally re-  
ceived that when the funds for the support of  
officials are raised by taxation upon the peo-  
ple of this Province, they by right ought to  
have the selecting of such persons to office  
as may commend their confidence. The  
adoption of this principle will lead to a great  
saving in the expenses of our Government,  
and when the question so often asked, Why  
cannot the Province be governed at the same  
expense as some of the neighboring States,  
where the population is much greater, will  
receive its solution. We pay now in salary,  
fees and requisites, nearly \$20,000 a year to  
Governor sent to us from England, of whom  
we never heard until his appointment. The  
expenditure to keep Government House in  
repair has also amounted to an enormous  
sum, and it must be remembered that these  
amounts are all raised by taxation upon the  
hard earnings of the people of this Province.  
These remarks will apply to other officers as  
well as that of a Governor. The adoption of  
those principles will lead to important chan-  
ges, such as the exclusion of all public office-  
holders from the Legislature, which is now  
almost a necessity, and until this is accom-  
plished there can be no proper administration  
of affairs, the power of the Government at  
present, from the number of offices under their  
control, is too great and ought to be checked.  
Corruption as a necessary consequence fol-  
lows in the wake of this state of things, to the  
great injury of the interests of the Province.  
I shall willingly afford my aid towards effect-  
ing those changes, as well as the others to  
which you have referred—making all County  
officers elective—feeling in common with man-  
ny of you that in this County there is great  
need of a change at the present time, and of  
adopting, as in our Parish elections, vote by  
ballot, and extension of the suffrage—men-  
sures I have always advocated. Our Legis-  
lature should be elected for a term not exceed-  
ing two years, thus placing them more under  
the influence of the people, and avoiding that  
corruption and bribery consequent upon our  
present system. It is only necessary that the  
people should be united in their efforts, and  
demand constitutionally and boldly those  
changes which cannot much longer be with-  
held. To those of you who are heads of fami-  
lies, I would urge the necessity of using your  
endeavours to introduce a more extended sys-  
tem of education. To be free and happy, a  
people must be educated, and much depends  
upon your deliberations in this particular.  
It would please me enter more fully into  
this matter, as well as others I have touched  
upon, but I find I have already extended my  
remarks to an inconvenient length. I shall  
always endeavour to advance the interests of  
our County—one of the first in importance  
in the Province. Good for a term not exceed-  
ing two years, thus placing them more under  
the influence of the people, and I feel assured  
that it possesses resources, in common with  
other parts of the Province, fully to warrant  
us, with good Government, a happy and pros-  
perous people.

Thinking you for your kind approbation  
of my support of Free Institutions,  
I have the honor to be,  
Gentlemen, yours truly,  
CHARLES CONNELL  
Muggins has a sharp porter. This chap  
returned from the post office the other day  
with Muggins' papers, and informed that no  
individual that there was a letter in the  
post office, which he couldn't get.  
"Couldn't get it? Why couldn't you get it?"  
you stupid fellow asked Muggins.  
"There's five cents to pay on it."  
"Why didn't you pay for it?" asked Mug-  
gins with indignation.  
"Oh, hadn't cents enough!" replied the urchin,  
grinning archly.  
"You fool!" said Muggins storming—here  
take this five cent piece and get that letter in  
little quicker than no time—leave!"  
"No use, I tell you," replied the fellow,  
"they won't let me have it."  
"The dickens they won't—I'd like to know  
the reason?" said Muggins now thoroughly  
angry.  
"Bekase," replied the fellow, looking back to  
see that the door was open, "the letter wasn't  
for you."  
The chap retreated from the room suddenly,  
while an instant followed his neggin, at a  
speed of about "45 40!"

"First class in jurisprudence, stand up.—  
What law justifies us in forcing tobacco and  
civilization on the Japanese?"  
"Please, sir, I know—the cannon law."  
"Right. And what are its exponents?"  
"Cannonades and Paixan swivel pieces."  
"Right again. Call the next class!"  
The Cayana Chief says that a man who  
will take a paper for a length of time and then  
send it back "refused" and "unpaid for,"  
would save him a blind dog's dinner, and then  
stone the dog for being blind.  
We've no doubt he would.

LAW RESPECTING NEWSPAPERS  
Subscribers who do not give express no-  
tice to the contrary, are considered as wish-  
ing to comp. up their subscriptions.  
If Subscribers order the discontinuance  
of their papers, the publisher may continue  
to send them till all arrearages are paid.  
If Subscribers neglect or refuse to take  
their papers from the office to which they  
are directed they are held responsible till  
they have settled their Bill, and ordered  
their papers to be discontinued.  
If Subscribers remove to other place  
without informing the publisher, and the  
paper is sent to the former direction, they  
are held responsible.

DIED in Dresden, 19th inst., Dr. George  
K. Morrison, in the 79th year of his age.—  
Dr. Morrison was a native of Scotland, where  
he acquired a knowledge of the healing art  
in peculiar principles. At one time he was  
in the service of his King and country in the  
British navy. In early manhood, however,  
he emigrated with his father's family to this  
country and settled in Dresden, where he  
resided some fifty years. His peculiar prin-  
ciples of medical practice were not those of  
the American school, and consequently he  
was not formally fellowshipped by our Medi-  
cal College; but he was so eminently suc-  
cessful in the practice of his profession, that  
his fame spread extensively and he travelled  
very great distances in all directions to obey  
the calls made for his professional services.  
Whilst in active life, when able to travel, he  
had patients in more than one hundred towns  
of Maine. In his old age, however, he did  
not practice much, except near home. As a  
citizen and neighbor he was honest and ac-  
commodating. As a husband and father he  
was affectionate and provident. To say that  
he had infirmities, is but to say what is more  
or less true of all men, but much of his pecu-  
liarities were the result of that Scotch char-  
acter and manners in which he was educa-  
ted, and which do not always accord with our  
American habits. He was a Mason, and  
loved Masonry very much. In religion he  
thought for himself, and particularly during  
the last year of his life had given evident  
attention to it as an experimental attainment.  
He was sick but a few days, was resigned to  
the will of God, and died in the humble hope  
of immortality beyond the grave. He re-  
mained a very interesting family of enterprising  
and highly accomplished sons and daughters.  
Two of his sons, masters of ships, were  
wrecked at sea, and lost a few years since;  
which affliction quite broke the venerable man  
down in his old age. We commend his re-  
maining children and their now widowed mo-  
ther to "the sure mercies of David," and the  
"consolations of Israel." His funeral took  
place on Friday the 21st inst. the services of  
which were conducted by the Editor of the  
Banner. The Masonic Lodge in Richmond  
attended in a body and performed the sad  
service of Burial at the grave. The scene  
was an affecting and an impressive one.—  
May God prepare us all for that world where  
sickness, death and separation can never be  
known.

[The deceased was brother to the late Don  
ald Morrison, Esq., for many years a resident  
of this Town.]—Ed. Standard.

RAILWAY NEWS.—Letters were received  
in town by the last mail conveying the pleas-  
ing intelligence that active preparation for  
being made for the commencement of our Rail-  
way early in the Spring. Two thousand  
workmen have already been engaged, and  
ships taken up for their transportation hither.  
All the iron necessary for the section of the  
road between the Bend and Shediac has been  
purchased and will be shipped during the  
summer. It is intended to open that portion  
of the line for traffic in the fall. In the  
meanwhile, the whole of the remainder will  
undergo the process of grading. The Soli-  
citor General of Canada, Mr. Jackson and  
others interested in Railways in the Provinces  
had an interview with the Colonial Secretary  
and it is believed that the British Govern-  
ment will assist towards extending the Rail-  
way from Miramichi to River De Loop.  
Thus are our most sanguine anticipations  
about to be realized, and we may look for-  
ward with confidence to a brighter day than  
any that has yet dawned upon New Brun-  
swick.—[Temperance Telegraph.]

It was reported here last week that the  
Morning News had come out with splendid il-  
lustrations, and that its name would shortly  
be changed to the Illustrated News, and that  
the London News, Barnum & Gleason would  
be entirely ruined. We run all over town to  
get sight of a copy. We found one at last  
and, Oh Moses! such a picture—ond said it  
was an old worn out cut of a bridge in the  
State of New York—another that it was not  
intended for a picture at all, but was an acci-  
dental blur in the paper—a third said it was  
some of George's own work, for he was a  
great genius, that he had cut it with a jack  
knife out of a shingle. We could not tell  
what it was or how it was made, so we cut it  
out and cut it home, to ponder over it in se-  
cret.—[Carleton Sentinel.]

FOR AUSTRALIA.—There are seven first  
class ships now up for Australia in Boston,  
besides a number that have already sailed,  
and the freight which is offering, far exceeds  
the expectations of the most sanguine. In  
New York there is also a great demand for  
that market. There are nine first class ves-  
sels now loading at that port for Australia,  
and five others have cleared within a week.  
There are not many passengers offering, but  
large quantities of provisions are going out.

**Valuable Properties for SALE OR TO LET.**

THE Dwelling House, Stores and Wharf, in the town of St. Andrews, formerly known as the Jones' property.

The Dwelling House, Out-Houses and Wharf, in said town, formerly known as the O'Neil property.

100 Acres of Land in St. James', about one hour's drive from Milford, St. Stephens.

100 Acres of Land in St. Patrick, through which the St. Andrews & Quebec Railroad is projected, and on which, or in its immediate vicinity, will be established a Depot, which will very materially enhance its value.

15 Acres of Land within five minutes' walk of the town of St. Andrews, a delightful situation for a Country Seat. If not shortly disposed of, it will be laid off in suitable lots for building purposes, and let on leases of improvement.

The subscriber begs to announce to the Public, that he has had his Lands, which are within ten minutes' walk of Chamcook, laid off, and will sell or lease Building Lots on advantageous terms. It is evident, that, owing to the Railroad passing through it, possessing a safe and commodious harbor accessible at all seasons to vessels of the largest tonnage, with an unlimited and unrivalled water power, on which there are already some manufactories, with others on a most extensive scale proposed and on the eve of springing into immediate operation, that Chamcook is one of the most desirable situations within the British North American Colonies, for the Capitalist, the Mechanic, and operator. In view of which the said Building Lots are offered to the Public. Terms reasonable.

## SHERIFFS SALES

to take place at the Court House.  
Real Estate of Cyrus Young, Feb 19  
Do. Wm. Wilson Nov 20  
Do. Sarah Connick and Thos. K. Connick June 25

To be Sold at Public Auction on Saturday the 7th day of AUGUST next, at twelve o'clock, at the COURT HOUSE in St. Andrews.

ALL the right, title, interest, claim and demand of CYRUS YOUNG, of in and to the following Properties, viz.  
All that certain lot, piece, or parcel of land, containing 300 acres, in the Parish of St. David, being part of a tract granted to Jacob Young, and purchased by said Cyrus Young, from Jacob Young.

Also, all that part and parcel of Farm Lot No. 4, Four and Five, block letter, X, Farming division, in said Parish, containing 59 acres, purchased by Cyrus and Joseph Young, from William Stewart. The same having been seized and taken to satisfy an Execution at the suit of John Young, endorsed to levy \$300 11.0, besides Sheriff's fees, &c.

THOS. JONES, Sheriff of Charlotte.  
The above sale is postponed until Saturday the 10th of February 1853.  
THOMAS JONES, August 7th, 1852. Sheriff of Charlotte.

To be Sold by Public Auction, on Saturday the 20th day of November next, between the hours of 12 a. m. and 5 p. m., at the COURT HOUSE in St. Andrews.

ALL the right, title, interest, claim, property and demand whatsoever of WILLIAM WILSON, of in and to all that certain tract or parcel of land, with the buildings and improvements thereon, situate in the Parish of St. Patrick, and lying on the South Eastern side of the road leading from St. Andrews to Fredericton, in the Northern angle of a Grant to Peter Stubs, containing 150 Acres, more or less being Lot No. 5, and the same land which was deeded by said William Wilson to his sons William Wilson jun., James D. Wilson and Thomas C. Wilson on the 5th day October 1846. The same having been seized and taken to satisfy an execution at the suit of Edward Kelly, endorsed to levy \$76. 9.4 Sheriff's fees &c.

THOS. JONES, Sheriff of Charlotte.  
Sheriff's Office, St. Andrews, April 27th, 1852.

To be Sold at Public Auction on Saturday the 25th day of June next, at twelve o'clock, at the COURT HOUSE in St. Andrews.

ALL the Estate, right, title and interest of SARAH CONNICK and THOMAS CONNICK, in and to the following described lands, privileges and premises, situate at and near to Waweig, in the County of Charlotte, to wit:

The Farm Lot purchased by Samuel Connick deceased, from William McKay, containing 330 acres more or less, and on which John K. Connick now resides; also that part of the Jones lot so called, lying on the Western side of the River Waweig, in the said County, both above and below the main road leading to St. Stephen; which said Samuel Connick died seized and possessed of. Also 100 acres of the land purchased by the said Samuel Connick from Colin Campbell, lying on the south side of the old Fredericton road, in the said County, and bequeathed by the former in his last Will, in reversion to his son Samuel. Also, all the land of which the said Samuel Connick died seized and possessed, situate on the Eastern side of the Waweig river in the said County on both sides of the Fredericton road, with the Buildings thereon. Also, the strip or gore of Land lying on the Eastern side of the said Waweig river below the bridge, bounded Easterly by the road leading to St. Andrews, Southerly by the Ross Lot so called, in the Penobscot Grant, and Westerly by the said Waweig river, except one acre sold to the widow Abernethy. Also, the Carding Machine and Water Privilege, joining the saw Mill at Waweig aforesaid, with the privilege of drawing water for the same. Also, the Saw Mill and Grist Mill above and near the Warweig Bridge, with all their privileges and appurtenances. Also, all the Lands which the said Samuel Connick died seized and possessed, lying on the Eastern side of the Meadow Lot so called, about 200 acres; one half of the Lot called the McKenny Lot; the remaining half of the Lot called the Fountain Lot; and the remaining half of the Razor Lot so called.

The same having been seized and taken to satisfy an Execution at the suit of Richard M. Andrews, endorsed to levy \$51 9. 9, besides Sheriff's fees, &c.

THOS. JONES, Sheriff of Charlotte.  
Sheriff's Office, St. Andrews, Dec. 18, 1852.

by

JOS. WALTON.

## JUDSON'S CHEMICAL EXTRACT OF

## CHERRY AND LUNGWORT,

FOR THE CURE OF  
Coughs, Colds, Hoarseness, Spitting  
of Blood, Night Sweats, Asthma,  
Liver Complaints, and  
CONSUMPTION.

DO NOT NEGLECT IT.  
CONSUMPTION  
Can be and as been cured in thousands  
of cases by this only certain remedy.

JUDSON'S CHEMICAL EXTRACT OF  
CHERRY AND LUNGWORT,  
and no remedy has ever before been discovered  
that will certainly

CURE CONSUMPTION.  
The most strongly marked and developed  
cases of Pulmonary Consumption  
where the lungs have become diseased and  
altered and the case so utterly hopeless  
as to have been pronounced by Physicians  
and friends, to be past all possibility of recovery,  
and at times thought to be dying  
has been cured by this wonderful remedy,  
and are now as well and hearty as ever.

It is a compound of medicaments which are  
peculiarly adapted to and essentially necessary  
for the cure of  
COUGHS AND CONSUMPTION.  
Its operation is mild, yet efficacious; it  
loosens the phlegm which creates so much  
difficulty, relieves the cough and assists  
nature to expel from the system all diseased  
matter by excretion, producing a most desirable  
change in the breathing and chest,  
and thus, after the prescriptions of the very  
best medical men and the inventions of  
kind-sorrowing friends and Nurses, have  
failed to give the smallest relief to the  
Consumptive sufferer.

THOUSANDS OF CONSUMPTIVE  
persons have been deceived in buying medicines  
which were said to be infallible cures,  
but which have proved only palliatives,  
but this medicine is not only a palliative  
but a cure for ulcerated lungs. It contains  
no deleterious drugs and one trial will  
prove its astonishing efficacy better than  
any assertions or certificates in curing consumption  
and all diseases of the Lungs,  
such as Spitting of Blood, Coughs, pains  
in the side and chest, night sweats, &c. &c.

About 1000 certificates of almost miraculous  
cures, performed by this medicine,  
from some of the first Doctors, Clergymen  
and Merchants, have been sent us for this  
medicine, but the publication of them looks  
too much like Quackery, [will show them  
to any person calling at our office.] This  
medicine will speak for itself and enough  
in its own favour wherever it is tried.

Caution.—This medicine is put up in a  
large bottle and you must find the name of  
Comstock & Brother, Proprietors, New  
York, on the splendid Wrapper around the  
bottle. All orders must be addressed to  
Comstock & Brother, No. 9, John St.,  
New York.

## TO OWNERS OF AND DEALERS IN HORSES.

CARLTON'S FOUNDER OINTMENT.  
For the cure of Founder. Split Hoofs  
and bound Hooves, and contracted and  
Feverish Feet, Wounds, Bruises in the flesh  
Galled Backs, Cracked Heels, Scratches  
Cuts, Kicks, &c., on horses.

CARLTON'S KING-BONE CURE.  
For the cure of King Bone, Blood Spavin,  
Bone Spavin, Windgalls, and Splint—a  
certain remedy.

## CARLTON'S CONDITION POWDERS FOR HORSES AND CATTLE.

The changes of weather and season, with  
the change of use and feed, have a very  
great effect upon the blood and sinuous  
fluids of horses. It is at those changes they  
require an assistant to nature to throw off  
any disorder of the fluids of the body that  
may have been imbibed, and which, if not  
attended to, will result in the Yellow Water,  
Heaves, Worms, Boils, &c. All of  
which will be prevented by giving one of  
these powders, and will at any time cure  
when any symptoms of disease appears, if  
used in time. They purify the blood, re-  
move all inflammation and fever, loosen the  
skin, cleanse the water, and invigorate the  
whole body, enabling them to do more work  
with the same feed. The action of these  
powders is direct upon all the secretory  
glands, and therefore have the same effect  
upon the Horse, the Ox, the Ass, and all  
Herbivorous animals—all diseases arising  
from or producing a bad state of the blood  
are speedily cured by them. Remember

## and ask for CARLTON'S CONDITION POWDERS, and take no others.

CARLTON'S NERVE AND BONE  
LINIMENT FOR HORSES,  
and for the cure of all diseases of man or  
beast that require external application, and  
for contracted cords and muscles, straining  
weak limbs, and is also used for sprains,  
bruises, saddle galls, scalded legs, sores of  
kinds on hoofs.

CARLTON'S articles of Dressing and Cattle  
are prepared from the recipe of a very cele-  
brated English Farmer, and will cure in  
ninety nine cases out of one hundred every  
one of the above complaints. They have been  
used by Farmers, liverymen, stage proprietors,  
and others, with the most marked and  
decided success.

CAUTION.—None can be genuine unless  
you find the name of J. Carlton Comstock  
on the wrapper of each article.

## COMSTOCK'S SWIFTMIDGE.

This is the most extraordinary remedy  
for Worms ever used; it effectually eradicates  
Worms from both adults and children.  
It cannot harm the most delicate infant or  
strongest adult, and never fails to complete-  
ly root out and destroy all kinds of Worms.  
The cost, 25 cts. per bottle, puts it within  
the reach of all, and all parents who are  
without it are wantonly exposing the lives of  
their children to those fell destroyers of  
youth, "Worms." Look for the name of  
Comstock & Brother, proprietors, on the  
wrapper of each bottle.

RHEUMATISM.  
Comstock's Nerve and Bone Liniment, is  
warranted to cure every case of Rheumatism, Gout,  
Contracted Cords, and Muscles, or stiff joints,  
strengthens Weak Limbs, and enables those who  
are crippled to walk again. Comstock & Brother,  
Proprietors, New York, and none genuine  
without their name on the wrapper.

## TOOTHACHE.

Dr. King's Drops, for the cure of the Tooth  
ache. It is with confidence that we can recom-  
mend it as an infallible cure in all cases, without  
any injury to the teeth of gums. Price 25 cts.  
CARLTON'S LINIMENT FOR THE PILES &c.

It is now used in the principal hospitals, and  
the private practice in our country by an in-  
crease number of individuals and families, first  
and most certainly for the cure of the PILES, and  
also extensively and effectually as to relieve credi-  
tably the following complaints:—  
Hemorrhoids, Creating extraordinary absorption  
at once. Reducing them in a few  
hours. Rheumatism, Acute or Chronic, giving  
immediate relief. Sore Throat, by Canaliculi,  
Ulcers, or Glands, Cramp and Whooping Cough, &c.  
Internally and over the chest. All Diseases, Sprains  
and Burns, Curing in a few hours. Sore and Ulcers  
in the throat of long standing, and for  
various other complaints.

It operates upon adults and children in re-  
ducing rheumatic swellings, and loosening coughs  
and tightness of the chest by relaxation of the  
parts, has been long known by its efficacy.  
CAUTION.—All of the above named articles are  
sold only in New York by Comstock & Brother, No. 9  
John Street, Astoria from Broadway.  
Sold also in St. Andrews, by Odell & Turner,  
D. Clarke, St. John, L. Elder, St. Stephen, J. W. Grayley, Fredericton, E.  
Ferguson, Woodstock, G. Spear, Robinson  
also by our Agents every Town in New Brunswick.  
Enquire for Comstock's Almanac for 1852  
which is given gratis.

## Grocery & Provision Store.

&c. &c.  
St. Andrews, June 17, 1852.

## FRUIT TREES.

THE NURSERIES and ORCHARDS of the Subscri-  
ber, consisting of nearly Forty Thousand  
Trees, are now offered for the inspection of the  
Public and for sale. Persons planting these Trees  
may be assured of success, as every possible pre-  
caution has been used in the selection of varieties;  
all that have not proved hardy, have been at once  
discarded, and those which have not yet fruited  
here have been propagated with the advice of the  
most distinguished cultivators of New England  
and Canada.

The Subscriber flatters himself that his assem-  
ment is unrivalled for this climate, as it contains  
nearly all the varieties of Apples and Plums which  
have proved valuable in cold and extreme climates,  
with many new and splendid sorts lately brought  
from Russia, England, Germany, Canada, and the  
Northern States.

Price of Grafted Apple Trees, assorted, one shilling  
each.—Any person or number of persons order-  
ing a credit of two or three years for half the  
amount, and require the trees free of freight at any  
place within the Province.

FRANCIS P. SHARP.  
Woodstock, Oct. 22, 1852.—31.

## HEALTH where 'tis SOUGHT.

## Holloway's Pills.

CURE OF A DISORDERED LIVER AND  
STOMACH WHEN IN A MOST  
HOPELESS STATE.  
Extract of a Letter from Mr. Matthew Harvey, of  
Chapel Hall, Dundee, Scotland, dated the  
15th of January, 1850.

SIR—Your valuable Pills have been the means  
with God's blessing of restoring me to a state of  
perfect health, and a time when I thought I was  
on the brink of the grave. I had consulted several  
famous doctors, who after doing what they could,  
for me, stated that they considered my case as ho-  
pless. I ought to say that I had been suffering from  
disordered stomach and bowels, and long standing  
which during the last two years got so much worse  
that every one considered my condition as ho-  
pless. As a last resource, I got a box of your Pills  
which soon gave relief and by persevering in their  
use for some weeks, together with rubbing night  
and morning your Ointment over my chest and  
stomach, and right side, I have by their means  
almost completely cured, and in the stomach,  
ment of myself and every body who knows me.  
(Signed) MATTHEW HARVEY  
CURE OF A CASE OF WEAKNESS AND  
DEBILITY OF FOUR YEARS' STANDING.  
Extract of a Letter from Mr. Smith of No. 5, of  
Thomas Street, Dublin Street, London,  
dated Dec. 12th, 1849.

To Professor Holloway  
SIR—I beg to inform you that for nearly fifty  
years I hardly knew what it was to have any  
health suffering from extreme weakness, and im-  
purity with constant nervous head aches, giddi-  
ness and sickness of the stomach together with a great  
depression of spirits. I used to think that nothing  
could benefit me as I had been to many medical  
men some of whom after doing all that was in their  
power informed me that they considered that I had  
no chance of recovery beyond the reach of cure,  
together with a very disordered state of the stom-  
ach and liver, making my coffee and food taste  
nothing could be done for me. One day being un-  
usually ill, and in a desperate state I saw your Pills  
advertised, and resolved to give them a trial, more  
perhaps from curiosity than with a hope of being  
cured, however I soon found myself better by tak-  
ing them, and so went on persevering in their  
use for six months, when I am happy to say they  
effected a perfect cure.

(Signed) WILLIAM SMITH.  
CURE OF ASTHMA OF TWENTY YEARS'  
STANDING.  
Extract of a Letter from Mr. J. K. Heydon, 78 King  
Street, Sydney, dated 10th of November 1849.

To Professor Holloway  
SIR—I have the pleasure to inform you that  
many extraordinary cures of Asthma have been  
effected here by the use of your Pills. One is that  
of a Lady residing near the "Rozzack," who  
after having by twenty years been unable to  
make the slightest exertion, suffering very  
greatly from shortness of breath, coughing and  
spitting, but is now, to use her own  
expression, able to run up to the top of a  
mountain. Another case is that of Mr. Eaton, T-  
own, Hutchinson's Buildings, Clarence Street,  
who was so dreadfully ill that he was confined  
strictly to his bed-room for the space of six  
months, and so went on persevering in their  
use for six months, when I am happy to say they  
effected a perfect cure.

(Signed) J. K. HEYDON.  
ASTONISHING CURE OF THE EYE.  
By this Miraculous Medicine after every other  
means had failed.

Copy of a Letter from the Earl of Albemarle  
dated 11th December, 1849, 21st Feb. 1850.  
To Professor Holloway.

SIR—Various circumstances prevented the pos-  
sibility of my thanking you before this time for  
your politeness in sending me your Pills as you  
did. I now take this opportunity of sending you  
an order for the amount, and at the same time, to  
say that your Pills have effected a cure of a  
disorder in my Liver and Stomach, which all  
the most eminent of the Faculty at home, and  
all over the Continent had not been able to  
cure, and may I not even say the waters of Carlsbad and  
Marienbad. I wish to have another Box of  
Pills of Ointment in case any of my family should  
ever require either.

I remain, with much respect,  
Your most obliged and obedient servant,  
(Signed) VIDEORCPIH.

TIME should not be lost in taking this Remedy  
for any of the following diseases:—  
Ague, Consumption, Rheumatism,  
Tumours, Arthritis, Debility,  
Retention of Urine, Ulcers, Bilious Com-  
plaints, Dropsy, Head-aches, Sore Throat,
