His attacks on the administration of the day were marvellous exhibitions of elequence and power and were dreaded as much on the Government side as they are relished by the crowds that were drawn to the galleries and lobbies to listen. Advancing years, care, sickness, disappointment, and hereditary predisposition—all operate to turn the hair gray, and either of them inclines it to shed prematurely. Ayen's HARE VIGOR will restore faded or gray, light or red hair to a rich brown or deep black, as may be desired. It softens and cleanses the scalp, giving it a healthy action. It removes and cures dandruff and humors. By its use falling hair is checked, and a new growth will be produced in all cases where the follicles are not destroyed or the glands decayed. Its effects are beautifully shown on brashy, weak, or sickly hair, on which a few applications will produce the glass and freshness of youth. Harmless and sure in its results, it is incomparable as a dressing, and is especially valued for the soft lustre and richness of tone it imparts. New Advertisements.
