MR. BEATTIE AND MR. MACLEAN. Mr. Thomas Beattie, Conservative candidate in this city, is placed on the defensive by the speech of Mr. W. F. Maclean at the South York Conservalive convention, which renominated aim for the Commons.

Mr. Maclean's conduct in speaking against Mr. Beattie in the recent byelection in London, had not been forgotten by some of his party associates. He was sharply reminded of it at the South York convention. Mayor Baird, of West Toronto, asked him for an explanation, and Mr. R. S. A resolution was moved indorsing the policy outlined by Mr. Borden, and pledging the convention and the candidate to give Mr. Borden "loyal and constant THE TROUBLE IN THE BALKANS for the city. support."

Mr. Maclean declined to speak until he had been chosen as the candidate so that he evaded the pledge which the resolution sought to fasten upon him. The Toronto World thus reports his garia was established by the treaty of reference to the London episode:

#### THE DEMAND FOR ECONOMY. [House of Commons, July 17.]

Mr. Fielding-What is to be thought of my honorable friend (Mr. Henderson), who, while he is going to vote for this resolution against expenditures generally, thinks the Minister of Public Works should build an armory at Oakville in his own county? My honorable friend from Marquette (Mr. Roche)-whom I do not see in his place -joins in this general condemnation of expenditure, and particularly on the militia, but he wants us to build him an armory at Minnedosa. The honorable member for Beauharnois (Mr. Bergeron) would like to have an armory at Valleyfield. The chief whip of the Opposition (Mr. Taylor) no doubt will vote for this amendment; he is against expenditure, but he quietly whispers in the ear of the Minister of Public Works: Send us along an appropriation for an armory at Gananoque. The honorable member for East Elgin (Mr. Marshall) is going to vote for this amendment, but he would like a drill hall at Aylmer West. The honorable member for East Simcoe (Mr. Bennett) wants an armory at Orillia, and the honorable member for Prince Edward (Mr. Alcorn) thinks we should have an armory at Picton, while the gallant colonel from Victoria-Haliburton (Mr. Sam Hughes) insists that there should be an armory in the county he represents. And so we find that honorable gentlemen opposite are against expenditures; but when it comes down to expenditure in their own constituencies they are just as anxious for it as anybody else.

NEEDS ORRINE TREATMENT-CURE EFFECTED OR MONEY REFUNDED.

Drink first destroys ambition; breaks up ties of friendship; it kills and buries love and eventually destroys the family life.

and while the drunkard wants to do what you tell him, he wants a thousand times more the drink that he craves. Medical more the drink that he craves. Medical treatment is necessary to destroy the craving, and this Orrine will do.

It destroys the desire for liquor, so that the drink will not be missed, also cures the deranged digestion, weakened nerves and other ill effects of excessive drinking, restoring the patient to perfect health.

The remedy is absolutely harmless, is thoroughly scientific and is so uniformly successful that it is sold with a registered guarantee entitling you to a refund of your money if Orrine fails to effect a cure. # GOOD NEWS ABOUT SHOES

It Doesn't Matter What Kind of a Shoe It Is-If We Have It You Can Have It at a Substantial Reduction.

It has been the custom in London for shoe dealers to put on clearing sales at the close of each season to clear up on odds and ends. It has been our custom to put our sales on right when shoes are most needed-spring and fall-because we don't believe in waiting until everybody is well supplied. When you have bought all you want for yourself and family it is aggravating to read later on that you can buy at half price.

SALE STARTS WEDNESDAY, OCTOBER 7, AT 9 A.M.

And will continue until Saturday, Oct. 24, at 10:30 p. m. We want everybody to get these dates firmly fixed in their minds. We won't sell a shoe at sale prices after sale closes. We want you to find out the values of the shoes we sell and to make this your shoe store. That's why we do it. Come early, because the earlier you come the bigger the stock you have to pick from. We are more particular about selling from the lots we have most of than from the smaller lots, because having this sale in view we bought heavily on certain popular lines.

## Two Flours in One

Beaver Flour is the best "pastry flour," just as it is the best bread flour. Because it is a blend of the two flours that are best for bread and best for pastry.

Beaver Flour contains Manitoba wheat, which is rich in gluten, and makes bread that is both tasty and nutritious. Beaver Flour also contains Ontario wheat, which is famous for the light, delicious Cake, Pies and Pastry it makes.

Beaver Flour is always blended in just the exact proportions, so that it is always the same and always gives the same results when you use it.

be remembered for the custom they bequeathed to later ages of

healing sore and injured places on their bodies by the external ap-

plication of some secret balm or salve. The Greek charioteers

did not emerge from their mad races without some severe

bruise or gaping wound; and to anoint each injury carefully

with their favorite balm was an indispensable part of the

day's program. Our own instinct tells us to rub a part that hurts;

and in Zam-Buk the ideal substance to apply to an injured or dis-

eased surface is found at last. It is a well-known fact that ordin-

made exclusively from herbal extracts and essences. Just as

nature prompts you to rub a place which hurts, so in Zam-Buk

she provides you with a herbal balm with which to rub, or to ap-

ply to a cut, bruise, injury, or diseased surface. Zam-Buk is so

refined, that, unlike other ointments, it can be absorbed by the skin. It is also

highly antiseptic, kills disease germs and prevents blood-poisoning, suppura-

ting, and festering. Apply Zam-Buk to a sore, a cut, a scratch, a poisoned

wound, a patch of Eczema, and at once the healing process begins. It draws

out the inflammation, ends pain and smarting, and heals. Zam-Buk is nothing

## **OUR EXCHANGES**

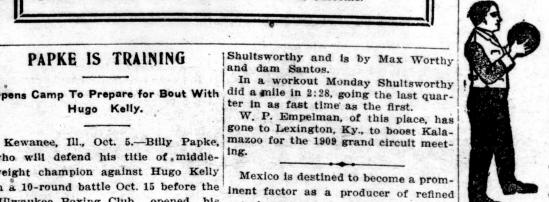

Mentrealers, big four champions, had about six of last year's team in line against Ottawa Saturday, and the once-famous Rough Riders scored a win. And again we feel called upon to notice that the west is furnishing the most desirable sites for championships. With the Minto Cup in Westminster, the N. L. U. championship in Toronto, and the football rag billed for Hamilton, all that is left for the effete east is the Stanley Cup. now that it has become a hard cash proposition, who knows but that the coming winter will see some westtrn outfit put in the highest bid for it?-Toronto Telegram.

Up in Hamilton the critics are far from being satisfied with the Tiger outfit, even after its most thorough defeat of the Argonauts. Defects in the play are pointed out that must be remedied before the team rounds into championship one.

But if the Tigers are weak, what must the Argos be like? The Tigers set upon them at Hamilton and actually devoured them. The T. A. A. C. bunch did bad enough, but the Argo outfit was positively distressing .- News.

The strength of the O. R. F. U. was shown on Saturday, when one junior game was rlayed, a beautiful record, indeed, after all the claims of the once great union .- Spectator.

The departure of Argonauts from Hamilton, Ont., Saturday night was, to say the least, decidedly reminiscent, and you kept thinking how broken in spirit Napoleon must have been as he beat it over the snows of Russia for some haven of rest. And after the awful slaughter on the football field, Argos were quite willing to beat a hasty retreat to Toronto and strengthen up, before returning to the
