<i>Estimate 5, to Dec. 23, 1891.</i>			
Work in place—			
Stone retaining-wall..... c. yds.	230	2 40	552 00
Stone filling.....“	150	0 60	90 00
Earth cutting.....“	850	0 20	170 00
Rock do.....“	140	0 80	112 00
Cribwork..... c. ft.	101,200	0 05	5,060 00
Sheathing..... b. m.	38,000	6 00	228 00
Materials delivered—			
Covering, 4-inch..... b. m.	22,000	7 00	154 00
Squared timber, 10 x 12..... l. ft.	800	0 07	56 00
do 10 x 10.....“	600	0 06	36 00
do 12 x 12.....“	800	0 08	64 00
Round timber, 12 inches at small end.....“	850	0 04	34 00
Hardwood sheathing, 9 x 7.....“	2,900	0 06	174 00
Iron..... lbs.	7,000	0 03	210 00
Paid in 1890-91, \$2,240; in 1891-92, \$4,010; drawback, \$690.....			6,940 00
Georgeville—Sylvester O'Donoghue.			
<i>Final Estimate, Oct. 13, 1891.</i>			
Work performed as per contract.....*			4,500 00
Extra bolts in securing sheathing..... No.	84	0 25	21 00
do fall timber.....“	24	0 30	7 20
Paid in 1890-91, \$600; in 1891-92, \$3,928.20.....			4,528 20
Great Village—Archibald McKinnon.			
<i>Final Estimate, August 7, 1891.</i>			
For construction of wharf.....			1,940 00
(Paid in 1890-91, \$200; in 1891-92, \$1,500; due, 240.)			
Margaree—Crowdis & Munro.			
<i>Final Estimate, Oct. 24, 1890.</i>			
Work performed as per contract.....*			3,669 00
Extra work in raising and repairing a portion of seaward face of old work, and in reballasting 2 fall-chambers.....			160 00
Reballasting 4 channel fall-chambers, near outer end of old work.....			50 00
Paid in 1889-90, \$1,960; in 1890-91, \$1,919.....			3,879 00
Port George—Frederick Toms.			
<i>Final Estimate, June 30, 1891.</i>			
Repairing breakwater as per contract.....*			9,447 00
Building extra 39 ft. in length of work..... l. ft.	39	0 60	2,340 00
Clearing away wreckage in 9-foot section.....			50 00
Repairing outer end of old wharf, exclusive of 9-foot section.....			50 00
Mooring posts, additional..... No.	5	20 00	100 00
Paid in 1889-90, \$4,400; in 1890-91, \$4,640; in 1891-91, \$2,500; due, \$447.....			11,987 00

Harbour and River Contracts.		Quantity.	Rate.	Amount.
			\$ cts.	\$ cts.
Port Maitland—Archibald McKinnon.				
<i>Amended Final Estimate.</i>				
Repairing breakwater according to contract..... *				5,400 00
Additional work.....				180 00
Additional claim by contractor, from contract not having been awarded in autumn but in following May, when price of timber had risen (not paid).....				273 75
Paid in 1890-91, \$5,580; held in Audit Office, \$273.75.....				5,853 75
Stony Island Breakwater—John Nicholson.				
<i>Progress Estimate No. 1, to July 31, 1891.</i>

Departmental Salaries paid from Outside Votes.

AUDIT OFFICE, OTTAWA, April 6, 1891.

SIR,—Let me call your attention to cheque 58487, of March 28, for \$1,441.42, being the pay-list of the chief architect's staff.

This pay-list is charged to the vote of \$3,200 for "Covering roofs of boiler houses, Parliament and Departmental buildings." The balance left available for actual work and materials on the roofs is \$1,758.48.

55 per cent of the vote will thus be spent on out-door work, and 45 per cent on the clerical and drafting office-work corresponding thereto—or the office work is over 80 per cent of the out-door work.

Would it not be well to avoid such an anomaly in future, by taking a special vote for departmental services, as suggested on page B—394 of my last report?

I am, Sir, your obedient servant,

The Secretary, Public Works Dept.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, April 13, 1891.

SIR,—Since writing to you, April 6, concerning the charge of the chief architect's staff for March to the vote for "Covering roofs of boiler houses," I have considered the question generally, with the following results.

It must be acknowledged, I think, and I have not heard it claimed otherwise, that no employé in a Department is engaged, during any one month, on work connected exclusively with the one building, harbour or other vote from which he is paid. In your

Department, as described in your letter shown at page B—394 of my last report, the pay-lists are charged around “as warranted by the state of the appropriation balances.”

Under an appropriation audit of any value, the services must correspond accurately, and item by item, with the votes on which they are charged. Section 44 of the Audit Act is in the same line: “The Auditor General shall ascertain whether the money expended has been applied to the purposes for which the grant was intended to provide.”

Since your charges are governed by the “state of the appropriation balances,” the items fall haphazard on votes taken for entirely different work: the money expended is not applied to the purposes for which the grants were intended to provide; and the Supply Bill might as well be voted in lump, so far as these services are concerned.

If the employes are engaged on general work, their wages should be charged to a general account. I am distributing all of the expenditure as indicated by you in the meantime; but when the vouchers come in, which will enable me to discriminate the items, I shall transfer to a special account the “departmental services at Ottawa not charged to Civil Government.”

At the end of the year, if parliamentary authority has not been obtained (under Civil Government or otherwise), the amount of these services will appear in my report as an “unprovided item.” It is at least better to charge them to no vote at all, than to charge them to votes with which they have nothing to do.

This method will also be applied to similar expenditure made by other Departments; and will, I think, be a long step in the direction of representing accurately the details of the public expenditure.

I may add that in the English system of audit, on which our own was modelled, the classifying of expenditure against the proper votes is thought important enough to take up a large part of the correspondence in each report of the Comptroller and Auditor General, and receives marked consideration by the Public Accounts Committee.

I am, Sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Secretary, Public Works Dept.

NOTE.—The intention of transferring the “Services at Ottawa” to a special account was not carried out for 1890-91. J. L. McD.

PUBLIC WORKS DEPT., OTTAWA, Oct. 22, 1891.

SIR,—I have to request the passing of the following transfer entry in the accounts of 1890-91:—

Sundries Dr. to Ottawa Buildings, Re-covering	
Roofs of Boiler-houses.....	\$960 94
Ottawa Buildings, New Vault, Finance Dept....	\$480 47
Goderich Post Office.....	480 47
	\$960 94

being, to each of the latter appropriations, one-third of the sum previously charged to the former for the pay-list of the Chief Architect's staff for March last (P.W. cheque No. 58487.) This is necessary to obviate the anomaly referred to in your letter of April 6 last; and a division somewhat similar was intended at the time, but was neglected in drawing the cheque.

I am, Sir, your obedient servant,

A. G. KINGSTON, for Acct. D.P.W.

The Auditor General.

AUDIT OFFICE, OTTAWA, Nov. 14, 1891.

SIR,—I have received from the Accountant's Branch of your Department a request to transfer \$960.94 from the vote for “Re-covering Roofs of Boiler-houses” to the following votes:

New Vault, Finance Department.....	\$480 47
Goderich Post Office.....	480 47

This is described by Mr. Kingston as being "to each of the latter appropriations, "one-third of the sum previously charged to the former, for the pay-list of the Chief Architect's Staff for March last. This is necessary to obviate the anomaly referred to "in the Auditor's letter of April 6 last; and a division somewhat similar was intended "at the time, but was neglected in drawing the cheque."

The Department does not appear to have taken any action on my letters of April 6 and 13, beyond the usual formal acknowledgments. I should like to have a reply to the substance of those letters.

I am, Sir, your obedient servant,

The Secretary, Public Works Dept.

J. L. McDOUGALL, A. G.

PUBLIC WORKS DEPT., OTTAWA, Dec. 17, 1891.

SIR,—In reply to your letter of April 13 last, calling attention to the fact that the expenditure of money by this Department does not apply in the case of salaries to the purposes for which the grants were made, and that the items fall haphazard on votes taken for entirely different work: I have the honour to point out that, as stated in the letter from this Department, to which you refer in your last Report, it has always been the practice to charge the pay-lists of the officers of the Chief Architect's branch, which was the case under discussion, to any of the various works upon which they were engaged, as warranted by the state of the appropriation balances; and as a matter of fact great care is exercised from month to month in determining the appropriation against which to charge these salaries.

I am, Sir, your obedient servant,

The Auditor General.

E. F. E. ROY, *Secy.*

PUBLIC WORKS DEPT., OTTAWA, Jan. 13, 1892.

SIR,—In reply to your letter of Nov. 14 last, having reference to the transfer of payments from the vote for "Covering roofs of boiler houses" to other votes, and calling attention to your letters of the 6th and 13th April last, I have the honour to inform you that steps are now taking with a view to bring about a change in the mode of the payments referred to by you.

I am, Sir, your obedient servant,

The Auditor General.

E. F. E. ROY, *Secy.*

AUDIT OFFICE, OTTAWA, Feb. 8, 1892.

SIR,—Let me acknowledge receipt of your letter of Dec. 17, 1891, continuing the discussion about charging \$1,441.42 of extra clerks to the vote of \$3,200 for "covering boiler house roofs."

In this letter you state that "it has always been the practice to charge the pay-lists "of the officers of the Chief Architect's branch to any of the various works upon which "they were engaged, as warranted by the state of the appropriation balances; and, as a "matter of fact, great care is exercised from month to month in determining the "appropriation against which to charge these salaries."

It is therefore admitted that, while the officers are engaged upon various works during a month, they are charged to one vote; presumably for the convenience of the Accountant, to save the trouble of calculating and entering the correct distribution of the wages among the different votes.

If the wages of these departmental officers are not charged to Civil Government, the only other charge recognized by Parliament is against "the works upon which they are engaged." Now, if a man is engaged upon several works during a month, and is charged to only one of them, it is plain that that one is taken at haphazard; unless, for

the sake of argument, you take the work upon which he has spent most of the month : in which case, any men on the same pay-list who have put in most of their month on other works are charged at haphazard any way.

Supposing, however, that the pay-list for a month has been analyzed carefully into a division corresponding accurately with the manner in which the services accrued. You now approach a vote with the intention of charging it with services rendered to it, and not rendered to something else. But, if much money has been spent out of this vote during the year, say on contractors' estimates (causing a large amount of departmental services as a necessary concomitant), the vote has run short ; you are not "warranted " by the state of the appropriation balance ;" some vote must be charged which has an unexpectedly large balance, and hence has consumed none of the clerical work : or some other vote must be chosen arbitrarily, not connected in any manner with the services rendered, and taken therefore at haphazard as before.

I am pleased to be informed by you, under date of Jan. 13, 1892, that "steps are now taking with a view to bring about a change in the mode of the payments."

I am, Sir, your obedient servant,

The Secretary, Public Works Department.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, April 15, 1891.

SIR,—I beg to acknowledge receipt to-day of a letter from the Accountant of your Department, asking that "St. Lawrence Ship Channel" be credited with \$3,664.10, the wages of extra clerks for March ; and that the following votes be charged therewith :—

Campbellton Wharf.....	\$ 225 00
Digby Pier.....	1,146 37
Repairs to piers, Prince Edward Island.....	1,146 37
Shippegan Breakwater.....	1,146 36

I should like to be furnished with an explanation of the reasons for making the transfer.

I am, Sir, your obedient servant,

The Secretary, Public Works Department.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, Nov. 10, 1891.

SIR,—Let me call your attention to the fact that no answer has been made by your Department to my letter of April 15, 1891 (No. 117361), asking for the reasons for transferring \$3,664.10 from "St. Lawrence Ship Channel" to four other votes, as follows :—

Campbellton wharf.....	\$ 225 00
Digby pier.....	1,146 37
Repairs to piers, P.E.I.....	1,146 37
Shippegan breakwater.....	1,146 36

As the information asked for has not been given, the transfer is still waiting, and the vote for "St. Lawrence Ship Channel" for 1890-91 is charged with the sum of \$3,664.10.

I am, Sir, your obedient servant,

The Secretary, Public Works Dept.

J. L. McDOUGALL, A.G.

PUBLIC WORKS DEPT., OTTAWA, Jan. 22, 1892.

SIR,—In reply to your letter of Nov. 10 last, asking for the reasons for transferring \$3,664.10 from the vote "St. Lawrence Ship Channel" to four other votes, I have the

honour to inform you that the transfer was not made, as it was subsequently considered not to be required.

I am, Sir, your obedient servant,

The Auditor General.

D. A. MACPHERSON, *Asst. Secy.*

Ottawa Employés still paid by Cash.

AUDIT OFFICE, OTTAWA, Nov. 3, 1891.

SIR.—I notice that many of the employés in your Department, and all of the mechanics and labourers charged to "Repairs and Maintenance of Ottawa Buildings," receive their wages on pay-lists through the hands of a paymaster.

This system has been discarded by all the other Departments, without exception—and their employés at Ottawa are now paid by separate cheques—a system which carries several necessary safeguards and has no practical inconvenience.

Please bring your system into uniformity with the other Departments, by issuing a cheque to the order of each employé for the amount of his wages.

I am, Sir, your obedient servant,

The Secretary, Public Works Dept.

J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, Feb. 8, 1892.

SIR.—Let me call your attention to my letter of Nov. 3, 1891, pointing out that many of the Ottawa employés of your Department are paid by cash instead of by cheques; and requesting that your system be brought into uniformity with the other Departments by issuing a separate cheque to each employé for the amount of his wages.

I have received no reply to this communication; and the December wages were paid by you in the customary manner, Dec. 23, by advances of cash to Paymaster Côté.

I am unwilling to share the responsibility of maintaining this system of payment, which was discarded long ago by other Departments as involving unnecessary risk, and securing less satisfactory receipts from the creditors.

I am, Sir, your obedient servant,

The Secretary, Public Works Dept.

J. L. McDOUGALL, *A.G.*

S. L. Girdlestone—Preparing Public Works Report for 1889-90.

AUDIT OFFICE, OTTAWA, Jan. 28, 1892.

SIR.—Let me call your attention to the following payments in 1890-91 to S. L. Girdlestone for "Preparing the Annual Report of 1889-90," amounting to \$200:

53547—Aug. 12, 1890.....	\$50 00
54673—Oct. 3, 1890.....	30 00
55079—Oct. 20, 1890.....	50 00
55546—Nov. 10, 1890.....	20 00
56279—Dec. 10, 1890.....	10 00
56506—Dec. 22, 1890.....	20 00
56876—Jan. 7, 1891.....	20 00

No vouchers have been received at this office showing the nature and quantity of the work done, and the rate paid. Please see that this omission is rectified without delay, as the part of my Report which includes the payments in question is now in type.

Any payment on account of services should be made only on a voucher showing that work has been done at least equal in value to the amount of the payment. This voucher should form part of the monthly accounts presented to this office, whether the transaction has been closed finally or not.

I am, Sir, your obedient servant,

The Secretary, Public Works Dept.

J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, Feb. 8, 1892.

SIR,—Let me acknowledge receipt from the Accountant's Office of your Department under date of Feb. 1, 1892, of the voucher of S. L. Girdlestone for \$200, as requested by me Jan. 28.

The voucher reads as follows: "Ottawa, Jan. 7, 1891, Dept. Public Works, to S. L. Girdlestone, Dr. : For preparing Annual Report of the Minister of Public Works for the fiscal year 1889-90, \$200."

The certificate by Mr. Gobeil reads: "As arranged by the late Deputy Minister and the Minister."

My request of Jan. 28 for details showing the nature and quantity of the work done, has been overlooked. The wording, "preparing Annual Report of the Minister," is ambiguous; the ordinary sense of the words would mean a service which could be performed only by the heads of branches in the Department. That the work is merely clerical is rendered probable by the description of similar payments under the same name in previous years:

1888-89—S. L. Girdlestone, copying 1,650 pages at 10c.;	
correcting proof, 70 hours at 50c.	\$200 00
1889-90—S. L. Girdlestone, copying 1,250 pages at 10c.;	
correcting proof, 150 hours at 50c.	200 00

A closer description is necessary, in order to show whether all of the restrictions of the Civil Service Act, concerning the employment of extra help, have been observed.

Please give me a calculation showing the nature and amount of, and the rate paid for the work. The work should be certified as done, and the rate as fair and just. I should like also to have an explanation of the delay in rendering the voucher to this Office, between Jan. 7, 1891, the date of the account, and Feb. 1, 1892, the day it reached me.

I am, Sir, your obedient servant,

The Secretary, Public Works Dept.

J. L. McDOUGALL, A.G.

Artizans at Ottawa paid for Sundays.

AUDIT OFFICE, OTTAWA, Nov. 9, 1891.

SIR,—I notice that the employés on the Clerk of Works' Staff at Ottawa are paid for all the calendar days in the month, as shown by vouchers 61063 and 61526, the pay-lists for July and August:

Clerk of Works, F. Breton, 31 days at \$3.	\$93 00
Clerk, J. D. Gareau, 31 days at \$2.75.	85 25
Foreman carpenter, J. H. Ellis, 31 days at \$3.	93 00
Foreman mason, V. Labelle, 31 days at \$2.75.	85 25
Foreman painter, J. H. Derenzy, 31 days at \$2.75.	85 25
Foreman roofer, F. Tremblay, 31 days at \$2.50.	77 50
Foreman labourer, L. David, 31 days at \$2.25.	69 75
Time-keeper, J. B. Lamontagne, 31 days at \$2.25.	69 75
Store-keeper, C. Laframboise, 31 days at \$2.25.	69 75

Please explain why these employés are paid for Sundays.

I am, Sir, your obedient servant,

The Secretary, Public Works Dept.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA Feb. 8, 1892.

SIR,—Please let me have an answer to my letter of November 19, 1891, asking for an explanation of your reasons for paying the Clerk of Works' Staff for Sundays.

I am, Sir, your obedient servant,

The Secretary, Public Works Dept.

J. L. McDOUGALL, A.G.

Nightwatchman paid as a Carpenter.

AUDIT OFFICE, OTTAWA, April 29, 1891.

SIR,—I have in hand a bill of \$85 from Mr. J. B. George Samson for clerical services rendered to the Clerk of the Crown in Chancery between Feb. 4 and March 31, in preparing for the General Election. The items are:

Services, 35 days at \$2..... \$70 00

Nightwork, 50 hours at 30 cents..... 15 00

In your Repairs Pay-lists for the same period, I find Mr. Samson charged as a carpenter in the House of Commons, as follows:—

57705, Jan. 26 to Feb. 7, 140 hours at 20 cents \$28 00

57897, Feb. 9 to Feb. 21, 140 hours at 20 cents 28 00

58239, Feb. 23 to Mar. 7, 140 hours at 20 cents..... 28 00

58469, Mar. 9 to Mar. 21, 130 hours at 20 cents..... 26 00

Mr. Samson informs me that he has been employed as a night-watchman for the last three months, from 6 p.m. to 7 a.m., and that his work for the Clerk of the Crown was done between 9 a.m. and 6 p.m. The physical impossibility of this arrangement was obviated, he explains, by substituting his son, H. Samson, as night watchman for part of the period in question.

If you verify this explanation, please let me have a correction of your pay-lists, showing Mr. J. B. Geo. Samson as a night-watchman instead of as a carpenter, for the period of his own services as a watchman; and showing Mr. Samson as a night watchman, for the time that he was employed.

A pay-list is not sufficiently accurate when only the time and rate columns are correct. The names should be those of the persons actually performing the work, and the description of their capacity should correspond with their actual occupations.

I am holding Mr. Samson's bill for election services until the pay-lists are amended.

I am, Sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Secretary, Public Works Dept.

PUBLIC WORKS DEPT., OTTAWA, Oct. 29, 1891.

SIR,—Having reference to your letter of April 29, referring to an account of \$85 from J. B. Geo. Samson for services rendered to the Clerk of the Crown in Chancery in preparing for the general election, and calling attention to the fact that Mr. Samson's name appears in the Repairs pay-list for the same period as carpenter, although his son, H. Samson, has been performing the work as night-watchman in his place, for part of the period in question; I have the honour to inform you that the Chief Architect reports: "That the party acting for the Clerk of Works, by Mr. Dubé, Chief Messenger, House of Commons, and by the time-keeper of this Department, that so far as they know, J. B. Geo. Samson's son did not do his work between the dates referred to (4th Feb. to 31st March). J. B. Geo. Samson is a carpenter by trade and is employed as such, and the time-keeper states that the time returned on the paylists between the dates referred to is correct."

I am, Sir, your obedient servant,

E. F. E. ROY, *Secretary*.

The Auditor General.

AUDIT OFFICE, OTTAWA, Nov. 5, 1891.

SIR,—Let me acknowledge receipt of your 117805 of Oct. 29, concerning the work of Mr. J. B. Geo. Samson, charged as a carpenter in the House of Commons.

After further explanation from Mr. Samson himself, to the effect that his hourly patrol as night-watchman occupied only a part of each hour, and that for some nights he slept between times, with H. Samson to wake him up—there appears room for two opinions as to which of the Samsons was the watchman; and I waive the objection about the change of the employé's name.

The incorrect description of occupation seems to have occurred in good faith all around; in the Public Works Department, from sending a carpenter as by requisition, and leaving him to do whatever work was ordered by the Commons officers; and in the House of Commons, from the Chief Messenger looking mainly to the value of the work, and not understanding the importance of describing accurately its nature.

The difficulty in this instance will be removed entirely by a certificate showing Mr. J. B. Geo. Samson as night-watchman for the time he has acted in that capacity, and giving the dates for such services.

It would be well to take steps to prevent a recurrence of any similar discrepancy. The Repairs pay-list might be prepared with a separate sheet for each Department, and the proper officer of that Department be requested to certify explicitly to the correctness of such features of the pay-list as are under his control.

I cannot impress upon you too strongly the necessity, in a large system of expenditure like that of the Dominion, of making all vouchers record completely and accurately every essential feature of the transactions which they represent.

I am, Sir, your obedient servant,

The Secretary, Public Works Dept.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, Feb. 12, 1892.

SIR,—I do not find that any answer has been received from you to my letter of Nov. 5, concerning the Repairs Pay-Lists at Ottawa.

If your present system is unable to prevent a recurrence of cases like that of Mr. Samson, the officers of the other Departments must certify to the correctness of any of the features of the pay-lists which you leave to their control.

Please see that this is done as soon as possible, say in the pay-lists for March, 1892.

I am, Sir, your obedient servant,

The Secretary, Public Works Dept.

J. L. McDOUGALL, A. G.

Not Enough Information in Vouchers.

AUDIT OFFICE, OTTAWA, Nov. 11, 1891.

SIR,—Let me call your attention to the fact that many of the items in your expenditure vouchers are not described with enough precision. Some instances of this deficiency are to be found in the following items:—

Voucher 59397, from Jacob Erratt, contains a payment of \$375 for a "Combination Billiard Table, complete," for the Lieutenant Governor's Residence, Regina.

Voucher 58756, from J. R. Esmonde, is for \$45, in payment of a "Copper Carving Table, for Senate Kitchen."

Voucher 59305, from Harris & Campbell, includes an item of \$270 for "Speaker's Chair, House of Commons."

There should be sufficient description of the size, material, or quality of these supplies, to enable a judgment to be formed as to the reasonableness of their cost, by persons who are not in the line of seeing the articles themselves.

I am, Sir, your obedient servant,

The Secretary, Public Works Dept.

J. L. McDOUGALL, A. G.

St. Lawrence Ship Channel—Special Account.

AUDIT OFFICE, OTTAWA, Nov. 14, 1891.

SIR,—I have received a letter from the Accountant's Branch of your Department, asking for several transfers to be made in the accounts of 1890-91.

All the transfers have been passed except the following: "River St. Lawrence Special Account (50-51 Vic., Chap. 43)" Dr. to "River St. Lawrence Ship Channel,"

\$51,342.02. Please let me have your reasons for considering that any part of the \$375,000, mentioned in 50-51 Vic., Cap. 43, as payable to the Harbour Commission, is available for expenditure by the Department; especially after the annual votes were taken, which limit the yearly expenditure.

I am, Sir, your obedient servant,

The Secretary, Public Works Dept.

J. L. McDOUGALL, A. G.

PUBLIC WORKS DEPT., OTTAWA, Jan. 13, 1892.

SIR,—Having reference to your letter of Nov. 14 last, referring to the proposed transfer of \$51,342.02 *re* River St. Lawrence Ship Channel, and asking to be informed of the reasons for considering that any part of the \$375,000 mentioned in 50-51 Vic., chap. 43, as payable to the Harbour Commission is available for expenditure by this Department: I have the honour to state that in 1889-90 (See Auditor General's Report, page A-55), a sum of \$21,614.08, being excess of expenditure over amount of appropriation for that year, was charged against amounts "available under special Acts." Our authority for asking the present transfer is the same as that upon which action was taken in the case above referred to, viz.: 51 Vic., chap. 5, sect. 3, which reads as follows:—

"The Government may, in addition to the payment in the next preceding section, "expend through the medium of said Harbour Commissioners or otherwise in the work of "completing the said channel, the amount remaining unexpended of the sums authorized "by any Act heretofore passed." * * * I may add that the amount still available of the \$375,000, deduction being made of the \$51,342.02 for which transfer is sought, is \$600.

I am, Sir, your obedient servant,

The Auditor General.

E. F. E. ROY, *Secy.*

Kingston Graving Dock—Bancroft & Connolly.

AUDIT OFFICE, OTTAWA, Sept. 10, 1891.

SIR,—Let me acknowledge receipt of your application No. 999 of 1890-91, for \$18,000 in favour of Bancroft & Connolly, on account of work done to June 30, 1891, pending receipt of an estimate.

The last estimate in hand, that of March 31, for \$239,966.29, was paid up to the amount of \$236,000 by your application No. 804 of April 12. A subsequent payment of \$20,000 was made June 4, 1891, on Mr. Perley's certificate that work to that value had been done in excess of previous payments, and pending the receipt of an estimate from the Engineer's Office, Kingston. It is now proposed to pay \$18,000 additional, on a similar certificate from Mr. Coste that the work was done before June 30; while the detailed estimate is still pending, as far as this office is concerned.

I do not feel justified in passing so large a sum as \$38,000 without details. Please prepare an estimate for the work done between April 1 and June 30, 1891, as later work must be charged into 1891-92.

A. C. Bancroft having been proved non-existent, it appears to me that payment should be made in the name of the recognized members of the firm. It would be well to obtain the opinion of the Justice Department as to the safety of an alteration of this kind.

I am, Sir, your obedient servant,

The Secretary, Public Works Department.

J. L. McDOUGALL, A. G.

AUDIT OFFICE, OTTAWA, Oct. 6, 1891.

SIR,—Let me acknowledge receipt of your Application No. 81 for \$51,000 in favour of Bancroft & Connolly, for balance of estimate to Aug. 20 on the Kingston Graving Dock.

Please send me a copy of the letter which you received from the Deputy Minister of Justice, stating that payments could safely be made in the name of Bancroft & Connolly, notwithstanding any irregularity in the composition of the firm. It was on sight of that letter, and on an understanding that I should have a copy of it without delay, that I passed the certificate for \$18,000.

It was mentioned in Parliament that the Government had in contemplation the taking of steps to recover any sums overpaid to Larkin, Connolly & Co. It would be well, I think, to obtain an opinion from the Justice Department, whether, in paying \$51,000 to Bancroft & Connolly, we are not giving up some substantial right which might accrue from the prosecution of other firms of which the Connolly Bros. are members.

I should like to have this payment, and others to Bancroft & Connolly, made under authority of Orders in Council.

I am, Sir, your obedient servant,

The Secretary Public Works Dept.

J. L. McDOUGALL, A. G.

NOTE.—The sum of \$51,000 mentioned above has not yet been paid.—J. L. McDOUGALL, Feb. 12, 1892.

JUSTICE DEPT., OTTAWA, Oct. 2, 1891.

SIR,—Referring to your letters of Sept. 18 and 23, enquiring whether payments in future should be made to the firm of Messrs. Bancroft & Connolly or only to the Messrs. Connolly, as the former has proved not to be a member of the firm, I have by direction to advise as follows:—

Subject to a few exceptions not necessary here to be stated, and in the absence of fraud, any individual or association of individuals may carry on business by whatever name they please, whether using their own or fictitious names.

I understand that in the present case, a certain individual, Hughes by name, did actually execute the contract under the name of A. C. Bancroft. It is true that Connolly in his evidence before a Committee of the House of Commons stated that Hughes (Bancroft) had no interest in the contract, but so far as I know Hughes has never made such a statement.

Under these circumstances it seems to me that the cheques in payment of any money due the contractors had better be drawn in favour of the persons named in the contract, viz., Andrew Charles Bancroft, Nicholas Karrel Connolly and Michael Connolly, leaving them to get the money from the bank as best they may.

I am, Sir, your obedient servant,

The Secretary, Public Works Dept.

R. SEDGEWICK, D.M.J.

Order in Council, Jan. 12, 1892.—On a memo., dated Jan. 11, 1892, from the Acting Minister of Public Works, submitting the annexed statement from the Acting Chief Engineer of Public Works, and recommending that authority be given to pay Bancroft & Connolly, in connection with their contract for the construction of the Dry Dock at Kingston, the sum of \$32,000, representing the value of the work performed by them since the stoppage of payments by the Department of Public Works on account of the same up to Dec. 31 last; the Department still owing the contractors on account of work performed and security deposited (\$20,000) the total estimated sum of \$90,000. The Committee advise that the requisite authority be granted.

JOHN J. MCGEE, C. P. C.

Memo. attached to Order in Council of Jan. 12, 1892.—On August 25, 1891, Progress Estimate No. 14 was issued in favour of Bancroft & Connolly for work done by them on the Kingston Graving Dock up to Aug. 20. Gross amount of estimate No. 14, \$338,901.09; payments to Sept. 8, \$274,000; leaving a balance of \$64,901.09 due to the contractors on Estimate No. 14. On Oct. 2 an application was sent by the Public Works Department to the Auditor General for a further payment of \$51,000 on

account of Estimate No. 14 ; but this payment was refused by the Auditor. Since Oct. 2, the date of the refusal of payment by the Auditor General, the contractors have performed work, up to Dec. 31, to the value of about \$32,000 ; as shown by Estimate No. 15, rendered in their favour for work done up to Oct. 31, amounting to \$361,646.85, and by a report of the Resident Engineer estimating the work done between Oct. 31 and Dec. 31 at about \$9,000.—LOUIS COSTE, *Acting Chief Engineer*, Jan. 12, 1892.

Note by the Auditor General—The cheque for \$32,000 was drawn in the name of "A. C. Bancroft, N. K. Connolly and M. Connolly."

Three Rivers' Custom House—Insufficient Details.

AUDIT OFFICE, OTTAWA, April 2, 1891.

SIR,—I beg to acknowledge receipt of your application No. 765 for \$142.45, in favour of J. C. Boivert, for carpentering at the Three Rivers' Custom house. I find it difficult to obtain a clear idea of the work which has been done. Please let me have a copy of the architect's instructions to the carpenter. From the face of the voucher, and unless other supplies were used, the time seems to be in excess of that warranted by the materials.

I am, Sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Secretary, Public Works Dept.

PUBLIC WORKS DEPT., OTTAWA, April 15, 1891.

SIR,—In reply to your letter of April 2, asking for particulars respecting application No. 765, for \$142.45, in favour of J. C. Boivert for carpentering at the Custom house, Three Rivers, I have the honour to inform you that the Chief Architect states that the quantity of material required in work of this nature is no criterion as to the time involved in performing it.

I am, Sir, your obedient servant,

E. F. E. ROY, *Secy.*

The Auditor General.

AUDIT OFFICE, OTTAWA, April 16, 1891.

SIR,—Let me acknowledge receipt of your 116901 of April 15, in which the chief architect states that, in accounts like the one under discussion, the quantity of lumber used forms no criterion of the carpenter's time while working on it.

As mentioned in my letter of April 2, the voucher is not intelligible as it stands, and it needs further explanation. Please let me see the specification.

I am, Sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Secretary, Public Works Dept.

PUBLIC WORKS DEPT., OTTAWA, Sept. 15, 1891.

SIR,—Having reference to your letter of April 16 last, I have the honour to enclose to you herewith a copy of a report from our local architect at Three Rivers, together with an account in detail in further explanation of our application No. 765, for \$142.05, for repairs made at the Custom house, Three Rivers, and to enquire whether this is sufficient to enable you to pass the said application.

I am, Sir, your obedient servant,

E. F. E. ROY, *Secretary.*

The Auditor General.

Ottawa Printing Bureau—Final Estimate.

AUDIT OFFICE, OTTAWA, Nov. 3, 1891.

SIR,—Let me acknowledge receipt yesterday of your application No. 195 for \$2,987.20 in favour of John E. Askwith, being the balance of \$175,737.20 for work done on the Printing Bureau as follows:—

Contract, \$94,000—less deductions, \$3,535.75 \$90,464 25

Additional work outside of contract 85,272 95

Of the first thirty-three items of additional work, only four are supported by any description of magnitude, number or rate. Please let me have similar information for the other items.

I notice that the estimate was certified by Mr. Lecourt, March 18, and by Mr. Ewart, Aug. 8; while the application to me for payment is marked "Nov. 2: Please rush." We will make every reasonable effort to facilitate the payment; but if our examination is to be of any value, and if Mr. Askwith needed his money by Nov. 2, it ought to have been possible to make a more equable division of the available time between the Architect, the Department and the Audit Office.

I am, Sir, your obedient servant,

The Secretary, Public Works Dept.

J. L. McDOUGALL, A.G.

Regina Industrial School—Final Estimate.

AUDIT OFFICE, OTTAWA, Aug. 14, 1891.

SIR—Let me acknowledge receipt of your application for \$310.63 in favour of Williams & Willoughby, being the balance of an amended final estimate for Regina Industrial School, dated June 1, 1891, amounting to \$39,749.15.

Please describe the nature of the information which has caused you to consider no longer final the Final Estimate dated Nov. 15, 1890, amounting to \$39,438.52.

I am, Sir, your obedient servant,

The Secretary, Public Works Dept.

J. L. McDOUGALL, A.G.

PUBLIC WORKS DEPT., OTTAWA, Aug. 18, 1891.

Memo. re Industrial School, Regina, N.W.T.—On the 11th Dec., 1890, Mr. Peters returned final estimate in favour of Williams & Willoughby, Contractors for the Regina Industrial School amounting to \$39,438.52 and a cheque for the sum of \$2,438.52, being the balance due on the final estimate, was mailed to Mr. Peters along with final receipt, for the contractors' signature. The contractors refused to accept this amount as full and final payment and would not sign the receipt. Mr. Peters accordingly returned the cheque and unsigned receipt. The contractors then filed their claim amounting to \$39,943.29. This claim was sent to Mr. Peters, who reported and returned an amended final estimate recommending that \$39,749.15, be paid the contractors, less previous payments. This amended estimate was examined and found correct.

I am, Sir, your obedient servant,

The Secretary, Public Works Dept.

THOS. FULLER, *Chief Architect.*

Rideau Hall—Filling Ice-House.

AUDIT OFFICE, OTTAWA, April 27, 1891.

SIR,—In the payments for "Rideau Hall," I notice a voucher No. 57947 for \$66.08 in favour of C. A. Christin for filling the ice-house at Rideau Hall with 94½ blocks of ice at 7 cents. Please let me have your reasons for considering this as a public service. I regard it otherwise.

I am, Sir, your obedient servant,

The Secretary, Public Works Dept.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, Feb. 8, 1892.

SIR,—Please let me have an answer to my letter of April 27, 1891, asking for an explanation of your reasons for considering as a public service the filling of the ice-house at Rideau Hall.

I am, Sir, your obedient servant,

The Secretary, Public Works Dept.

J. L. McDOUGALL, A.G.

Dominion Buildings—List Wanted.

AUDIT OFFICE, OTTAWA, April 18, 1891.

SIR,—In comparing your expenditure on Dominion Buildings (as shown at pages C—1 to C—11 of my Report for 1889-90), with the expenditure made by Departments occupying the buildings, I find several instances where the services of heating, lighting, and furnishing are charged partly to "Dominion Buildings," and partly to such votes as "Customs," "Immigration," or "Penitentiaries."

The classification of all similar expenses under the same head is both a help in finding the total cost of a given service, and a safeguard against accidental duplicate payment of accounts.

Please let me have a list of the Dominion Buildings for which you assume complete responsibility, and for whose maintenance the "Dominion Buildings" votes are intended to provide. I may infer that for all other buildings the Departments occupying them pay the whole cost.

I am, Sir, your obedient servant,

The Secretary, Public Works Dept.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, Feb. 8, 1892.

SIR,—Please let me have an answer to my letter of April 18, asking for a list which would separate the Dominion offices for whose maintenance the Public Works Department contemplates providing, from those whose rent, heating, &c., are left to be paid by the Departments occupying them. In the accounts themselves I have not as yet been able to trace any fixed line of separation.

I am, Sir, your obedient servant,

The Secretary, Public Works Dept.

J. L. McDOUGALL, A.G.

Belœil Piers—Prices paid for Timber.

AUDIT OFFICE, OTTAWA, March 13, 1891.

SIR,—Let me call your attention to the accounts of Hurteau et Frère for timber supplied for the Belœil Piers in August, 1890. The bills are as follows:—

Hemlock, 12 x 12: 2,376 running feet at 16c.....	\$ 380 16
Hemlock, 10 x 12: 330 do 16c.....	52 80
Hemlock, 6 x 12: 1,922 do 13c.....	249 86

Thirteen cents for 6 x 12 timber, compared with sixteen cents for 12 x 12, makes an allowance of ten cents for sawing each running foot.

Please give me any further information you may have in hand concerning the apparent disproportion between the prices.

I am, Sir, your obedient servant,

The Secretary, Public Works Dept.

J. L. McDOUGALL, A.G.

PUBLIC WORKS DEPT., OTTAWA, Oct. 19, 1891.

SIR,—In reply to your letter of March 13 last, calling attention to the accounts of Messrs Hurteau et Frère for timber supplied for the Belœil Piers in August, 1890, and

asking information respecting apparent disproportion between the prices: I have the honour to state that the 12 x 12 timber was delivered in the round and flatted on the work; and the 6 x 12 timber was sawn on the four faces.

I am, Sir, your obedient servant,

The Auditor General.

D. A. MACPHERSON, *Asst. Secy.*

Inspection of Electric Light Meters.

AUDIT OFFICE, OTTAWA, March 13, 1891.

SIR,—Let me acknowledge receipt of your application No. 731 for \$422.75 in favour of the Chaudière Electric Light Co., for lighting the Ottawa Post Office for January and February, 1891. The bill contains an item of "41,600 hours at 1 cent," the time being taken from a meter. Please inform me of any steps which may have been taken in the direction of testing the meter—similar to the inspection required for gas-meters.

I am, Sir, your obedient servant,

The Secretary, Public Works Dept.

J. L. McDOUGALL, *A.G.*

POST OFFICE, OTTAWA, May 15, 1891.

SIR,—I beg to inform you that on the night of the 14th instant a test was made of the electric meter in this office. At 27½ minutes past eight the index hand of the 10s dial was at 0, and that of the 100s at 7, and there were lighted:—82 16-candle lamps; 1 32-candle lamp; 4 25-candle lamps; 2 50-candle lamps; or say 96½ lamps of 16-candle power. The same lamps were kept lighted, and at 27½ minutes past nine the index hand of the 100s dial had not yet reached 8, and the 10s hand indicated that 94½ ampères (94½ cents) of electricity had been used.

Yours very truly,

The Secretary, Public Works Dept.

J. A. GOUIN, *P.M.*

Quebec Water Works.

AUDIT OFFICE, OTTAWA, May 22, 1891.

SIR,—I am passing to-day your Application for \$756 in favour of the Quebec Water Works, in view of the fact that the other items of their schedule have gone through heretofore without objection. The resolution of the Quebec City Council dated May 12, 1885, fixes the following water rates on Dominion property:—

Artillery Barracks and dependencies.....	\$1,125
Queen's Wharf and Stores.....	750
Marine Hospital.....	800
Commissariat Offices and dependencies.....	150
Court House and Old Officers' Quarters.....	600
Post Office.....	750
Garrison Club.....	150
Laboratory and Cartridge Factory.....	150

Please get calculations made, comparing these charges with the sums which private persons would have to pay on equal assessments and rates. If the arbitrary charges against the Dominion exceed those which would be based on the common assessment, the Corporation of Quebec—like that of Toronto—is evading the exemption of Dominion property from general taxation.

I am, Sir, your obedient servant,

The Secretary, Public Works Dept.

J. L. McDOUGALL, *A.G.*

THE OFFICE OF THE CHIEF ARCHITECT,

SIR,—*Re Dominion Public Buildings, Quebec, P.Q., Water Supply.*—On the 7th instant, at Quebec, as per instructions, I called at the Waterworks Office, and was in-

formed that the charges embodied in the resolution of the City Council dated May 12, 1885, were fixed by deliberation of the Waterworks Committee, and were based on the common assessment—*i.e.* a rate of 12½ cts. on a rental of 6 per cent of the valuation of the property—and further that no record of the valuations placed on the various premises was made, but the following list of valuations which are quoted from the published list of valuations of unassessed property in the City of Quebec corroborates the statement of the officials :

Artillery Barracks.....	\$150,000 00
Queen's Wharf and Stores.....	100,000 00
Marine Hospital.....	100,000 00
Commissariat Offices.....	30,000 00
Court House, &c.....	60,000 00
Post Office, &c.....	100,000 00
Garrison Club.....	25,000 00
Laboratory, &c.....	(No valuation in list.)

Of the above the Marine Hospital and the Court House appear to have been rated higher by the Committee than they are in the list, while the Commissariat Offices and the Club have been rated lower. The others agree, excepting the Laboratory buildings, of which I have no data to go upon.

I am, Sir, your obedient servant,

The Chief Architect.

WALTER R. BILLINGS.

Coal for Government House, Regina.

AUDIT OFFICE, OTTAWA, April 17, 1891.

DEAR SIR,—Let me acknowledge receipt of your application No. 792, covering a bill for \$568.93 from J. A. MacCaul, for 37·677 tons of coal at \$15.10 delivered at the New Government House, Regina, to be charged to "Heating Dominion buildings."

Previous payments by your Department for the same service were :—No. 492, \$151 for 10 tons delivered Nov. 29, 1890; and No. 660, for 10 tons delivered Jan. 29, 1891.

Among the cheques drawn at Regina by Lieut. Gov. Royal for "expenses of Government in the North West Territories," I find two payments to Mr. MacCaul for coal at \$15.10 as follows: Nov. 1, 1890—35·637 tons, \$538.12; Feb. 2, 1891—11·7 tons, \$176.67. These are marked "Government House," and are presumably for the old residence.

Please let me know of any reasons there may have been for charging these supplies to two different accounts, and arrange with the Interior Department for a transfer one way or the other, to get them under the same head.

When did the Lieut. Governor move into the new residence, and what classes of expenditure may now be looked for on account of the old building?

I am, Sir, your obedient servant,

The Secretary, Public Works Dept.

J. L. McDOUGALL, A.G.

Certificates of delivery of Coal.

AUDIT OFFICE, OTTAWA, Oct. 6, 1891.

SIR,—Let me acknowledge receipt of your application No. 87 for \$2707.78 in favour of Morrison & Lawlor, for coal delivered at the Dominion buildings in St. John.

I shall need for this, and all other coal vouchers, similar information to that demanded recently in connection with Ray & Co.'s bill, namely, a schedule of delivery, supported by the weighmaster's checks, and certified by the Government officer who took over the coal.

I am, Sir, your obedient servant,

The Secretary, Public Works Dept.

J. L. McDOUGALL, A.G.

PUBLIC WORKS DEPT., OTTAWA, Oct. 13, 1891.

SIR,—Having reference to your request that accounts for payment of coal for public buildings throughout the Dominion should in every case be accompanied by a weigher's certificate: I have the honour to explain that when the caretakers were instructed to receive the coal, this was not considered necessary; and in many cases it will be difficult and perhaps impossible now to obtain them. In order to avoid delay, this Department will be very glad if you can pass the accounts as they come in; and in the meantime we will endeavour to get those certificates, and at the same time instruct all the caretakers to send them in future.

I am, Sir, your obedient servant,

D. A. MACPHERSON, *Asst. Secy.*

The Auditor General.

AUDIT OFFICE, OTTAWA, Nov. 11, 1891.

SIR,—Let me acknowledge receipt of your 122402 of Oct. 13, explaining that it has not been considered necessary to preserve the Weighmasters' certificates for coal, but that in future they will be kept and attached to the vouchers. I am passing any coal accounts now in hand, on the understanding that the new system will be brought into operation as soon as practicable.

I am, Sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Secretary, Public Works Dept.

AUDIT OFFICE, OTTAWA, Sept. 11, 1891.

SIR,—Let me acknowledge receipt of your application No. 53 in favour of Brown & Heming for \$220, for 40 tons of coal for the Port Hope Post Office.

The coal is described by Brown & Heming as "delivered at Public Building;" and the voucher is marked "certified correct, Levi Reynolds, caretaker."

As remarked in a previous similar case, it is not enough for the certifier to assume indefinitely the correctness of whatever is written into the bill. He must show that he had the idea of actual delivery specially under consideration, by making explicit mention of "Materials supplied" in his certificate.

The application and vouchers are returned herewith, for the desired alteration.

I am, Sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Secretary, Public Works Department.

Boucherville Pier accepted instead of Cash Contribution.

AUDIT OFFICE, OTTAWA, July 9, 1891.

SIR,—I beg to acknowledge receipt of your application No. 945 in favour of the Secretary-Treasurer of the Municipality of Boucherville for \$400, being the balance of \$3,200 for cribwork and approach, work done to the "Boucherville Pier, as per specification and plan accepted by the Department, the cost agreed upon being \$3,200."

Please let me have information as to the quantity of work done.

The vote reads: "To complete Boucherville Pier, \$1,200; the local authorities furnishing \$1,000." Has the local contribution been made?

I am, Sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Secretary, Public Works Dept.

PUBLIC WORKS DEPT., OTTAWA, July 19, 1891.

SIR,—I beg leave to give herewith the information asked for in Ref. No. 119824, being a letter from the Auditor General, relative to the "Boucherville Pier."

The work performed by the Municipality of Boucherville, under an agreement with the Department, consisted in building an approach from the shore to the outer block.

This approach is 175 feet in length, 20 feet in width, with an average height of 9½ feet, and consists of solid crib work, sheeted on both sides with 3 in. pine plank.

The block or wharf proper was also raised 2 feet, and the plank covering renewed.

The total amount of crib work was 35,849 cubic feet.

With regard to the cost agreed upon with the municipality (\$3,200), the amount is made up thus:—The sum of \$1,200 was voted in the estimates of 1890-91; and in the Supplementary Estimates, 1890-91, brought down this session, you will find, page 6, item 49—"Boucherville Pier, local authorities furnishing \$1,000, revote of lapsed amount "G. G. warrant, \$2,000," which two amounts make up the \$3,200.

The block at the outer end of the pier, which is built in a depth of 6 feet at low water, has a dimension of 54' 6" by 23', and contains 18,802 cubic feet. This block was built three years ago by the municipality, and was accepted by the Department as the contribution of the municipality in lieu of the \$1,000.

I remain, Sir, yours respectfully,

The Acting Chief Engineer, P. W. Dept.

F. M. HAMEL, *Asst. Eng.*

AUDIT OFFICE, OTTAWA, July 25, 1891.

SIR,—Let me acknowledge receipt of your 119824, concerning the claim of Municipality of Boucherville for work done on the cribwork and approach to Boucherville Pier.

Mr. Hamel reports: "The block at the outer end of the pier was built three years ago by the municipality, and was accepted by the Department as the contribution of the municipality in lieu of the \$1,000."

This case presents a difficulty similar to that of the Chesterville dam, discussed on pages B-402 and B-403 of my Report for 1889-90. In preparing the Appropriation Account for the \$1,200 vote of 1890, the local contribution of \$1,000, to which the vote is to be added, must be construed as money paid in, or work performed after the date of the vote. The transference of ownership of a structure previously in existence is not a contribution which will fulfill the intention of the Supply Bill.

There is also another difficulty, arising from the description of the Supplementary Vote. The two votes read thus:

1890—Boucherville Pier (Local authorities furnishing \$1,000), to complete	\$1,200 00
1891—Boucherville Pier (Local authorities furnishing \$1,000).....	2,000 00

I interpret this as meaning that the municipality has to pay two sums, namely: \$1,000 as a condition of the \$1,200 being spent, and \$1,000 more as a condition of the Supplementary Vote of \$2,000 being spent.

On this reasoning, and assuming that the \$2,000 and the second \$1,000 are to be drawn on *pro rata*, the \$3,200 of work would be charged as follows:—

Against the vote of \$1,200.....	\$1,200 00
Against the first local \$1,000.....	1,000 00
Against the vote of \$2,000.....	666 67
Against the second local \$1,000.....	333 33
	\$3,200 00

But we have paid \$2,800 already. Please ask the Municipality of Boucherville for a refund of \$933.33. I return the application for \$400, which I am unable to pay.

I am, Sir, your obedient servant,

The Secretary, Public Works Dept.

J. L. McDUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, Feb. 8, 1892.

SIR,—Let me call your attention to my letter of July 25, 1891, concerning the claim of the Municipality of Boucherville.

My opinion, that the naming of a local contribution in two separate Supply Bills called for two local contributions, was over-ruled by the Treasury Board in the case of

"Owen Sound"; and the Boucherville claim was paid by one of your Departmental cheques, Sept. 30.

There still remains the objection raised in the third paragraph of my letter of July 5,—that the local contribution called for by the wording of the Supply Bill should be cash paid, or work performed after the date of the vote. It is not enough merely to transfer the ownership of an existing structure. The vote was granted for improvements to the work as it stood at the time, on condition that the municipality should help in the improvement. This the municipality has not done.

I am, Sir, your obedient servant,

The Secretary, Public Works Dept.

J. L. McDOUGALL, A.G.

Cacouna Pier—Wages not receipted.

AUDIT OFFICE, OTTAWA, NOV. 3, 1891.

SIR,—Let me call your attention to Voucher 59645, a pay-list for repairs at Cacouna Pier in April, 1891. The 36 names on the list are entered in the receipt column without remarks, as if all the workmen had receipted in their own hand. At least 24 of the signatures, however, are in the same writing, and are therefore worthless as receipts. Please find out who signed these names, and get valid receipts from the men who earned the money.

I am, Sir, your obedient servant,

The Secretary, Public Works Dept.

J. L. McDOUGALL, A.G.

Grande Rivière Wharf—Location and Plans Changed.

AUDIT OFFICE, OTTAWA, DEC. 28, 1891.

SIR,—Let me acknowledge receipt of your application No. 284 for \$9,143.98 in favor of F. B. Atkinson, for balance of final estimate of work done at Grande Rivière.

Regarding the item of \$624 for "Ballast necessitated by heavy settling of wharf all over," I should like to have the Chief Engineer's reasons for considering this as a Government liability, instead of as a risk taken by the contractor.

The main item, 286,000 ft., is paid at \$15,350, being the amount of the tender for 266,818 ft.; and the additional work is reckoned at 105,362 ft. over and above 286,000 ft. Am I placing a proper construction on the figures by assuming that 19,182 ft. is not paid for?

Mr. Breen's certificate, that "the value of work performed and materials furnished is \$26,433.98," is near enough to the sense of Sec. 33 of the Audit Act to occasion no delay in payment; but it would be better to adhere closely to the Section, and make the certificate apply to the rates or prices, and not to the total value of the work.

I am, Sir, your obedient servant,

The Secretary, Public Works Dept.

J. L. McDOUGALL, A.G.

PUBLIC WORKS DEPT., OTTAWA, JAN. 12, 1892.

SIR,—In answer to the letter from the Auditor General, in connection with an application for \$9,143.98 in favour of F. B. Atkinson for balance of final estimate for work done at Grande Rivière, P. Q., I beg to state the following:

The item of \$624, for ballast necessitated by heavy settling of wharf all over, is very properly a Government liability, inasmuch as it was placed outside the cribwork to prevent scouring.

The quantity of work on the original plan was figured at 266,818 cubic feet, and the amount of the tender was \$15,350; and it might therefore appear that 19,182 cubic feet have not been paid for, inasmuch as the quantity of work actually done is figured at 286,000 cubic feet, and the same amount of \$15,350 only is given in payment.

The reason is that the location of the work was changed, which entailed a change in the plan and the building of this extra quantity.

The work on the second location being a little easier in constructing, the contractor did not lose anything by the change.

Hoping this will prove satisfactory to the Auditor General.

I remain, Sir, your obedient servant,

The Secretary, Public Works Dept.

LOUIS COSTE, *Act. Chief Eng.*

AUDIT OFFICE, OTTAWA, Jan. 13, 1892.

SIR,—Let me acknowledge receipt of your 125090 of Jan. 12, with explanations concerning Mr. Atkinson's work at Grande Rivière.

Mr. Coste mentions, in his report, that there was a change in the location of the work, which entailed a change in the plan, and the building of an extra quantity; but that as the work on the second location was a little easier, the contractor did not lose anything by the change.

On account of the departure from the specifications and contract, it will be necessary to have a certificate that the prices are fair and just.

I am, Sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Auditor General.

New Carlisle—Inspector Day paid after close of Contract.

AUDIT OFFICE, OTTAWA, March 14, 1891.

SIR,—In the examination of your expenditure on "New Carlisle Pier" for 1890-91, I notice that whereas the final estimate of Heney & McDonald is dated June 30, 1890, the Inspector, Mr. Oswald Day, was paid to Sept. 6, 1890, being 59 week-days at \$2.50.

It would be well to have, attached to the vouchers, a description of the work on which he was engaged after the completion of the final estimate.

In voucher 54784 (cheque for \$53.50 to Thomas Breen),—the pay-list for "as certifying repairs to be done,"—the first two items, "Alph. Gagné, \$24," and "Ed. Gagné, \$16," have not been receipted.

I am, Sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Secretary, Public Works Dept.

River St. Louis—Inspector Denault paid after close of work.

AUDIT OFFICE, OTTAWA, Feb. 12, 1892.

SIR,—Let me call your attention to expenditure made on "River St. Louis," in 1890-91.

Exclusive of payments made to Mr. G. B. Denault, the wharfinger at Valleyfield, of \$1.50 a day as sustenance while overseeing the works at River St. Louis, the local services accrued as follows :

DETAILS OF EXPENDITURE.

C—305

1890, August :	Pay-lists and accounts.....	\$1,053 00
1890, September	do	2,411 85
1890, October	do	572 66
1890, November	do	55 36
1890, December	do	7 00

Although the work ceased about the end of Nov., 1890, Mr. Denault received his sustenance-allowance of \$1.50 a day up to June 16, 1891.

Please obtain a statement of the number of days on which Mr. Denault left his home at Valleyfield to visit the River St. Louis works, during the period between Nov. 1, 1890, and June 16, 1891.

I am, Sir, your obedient servant,

The Secretary, Public Works Dept.

J. L. McDOUGALL, A.G.

Quebec—Engineer Breen's Office Rent.

AUDIT OFFICE, OTTAWA, Nov. 14, 1891.

SIR,—Let me call your attention to the sub-vouchers for \$12, a month for office rent, attached to the accounts rendered by Mr. Thos. Breen, the Resident Engineer at Quebec.

The sub-vouchers are made out in the name of C. O'Leary, Mr. Breen's landlord ; but they are in Mr. Breen's own handwriting, and they are not receipted by Mr. O'Leary himself. Recent examples of this are : March, 58771 ; April, 59113 ; May, 59985 ; June, 60527 ; July, 61311 ; August, 61555.

Since part of Mr. Breen's duty is to certify the accounts for the expenditure on works under his charge, he should know the difference between good and bad vouchers. It is difficult to follow Mr. Breen in his notion that bills made out by himself can add any proof to the entries made by him in his accounts.

I am, Sir, your obedient servant,

The Secretary, Public Works Dept.

J. L. McDOUGALL, A.G.

PUBLIC WORKS DEPT., OTTAWA, Jan. 9, 1892.

SIR,—Having reference to your letter of Nov. 14 last, calling attention to the sub-vouchers for \$12.00 a month for office rent attached to the accounts rendered by Thos. Breen, the Resident Engineer at Quebec, I have the honour to inform you that the \$12 above referred to is an allowance for office rent, Mr. Breen's office being in his own house. This arrangement was made for the sake of economy, as should Mr. Breen have to take an office outside his own house the expense would probably be some \$300, including rent, cleaning, taxes, &c.

I am, Sir, your obedient servant,

The Auditor General.

E. F. E. ROY, Secy.

Kingsville Harbour—Payments for Overtime.

AUDIT OFFICE, OTTAWA, Nov. 3, 1891.

SIR,—Let me call your attention to Voucher 60581, the June pay-list for repairs at Kingsville Harbour. Some of the payments are as follows:—

Geo. Rumble, foreman, 13 days at \$2.50	\$32 50
do overtime, 10 days at \$2.50	25 00
Albert Malott, mechanic, 13 days at \$1.75	22 75
do overtime, 4½ days at \$1.75	7 43
Geo. Broadwell, labourer, 13 days at \$1.50	19 50
do overtime, 3½ days at \$1.50	5 25
Orlando Bailey, labourer, 13 days at \$1.50	19 50
do overtime, 2¾ days at \$1.50	4 12

There should be some explanation of the method by which the overtime was calculated, and of the fact that the foreman made 10 days' overtime in 13 days.

The voucher of \$435.57 for David Conklin, for ash, oak and elm, is receipted "David Conklin, per G. R." in the handwriting of Foreman George Rumble. This is valueless. Mr. Paymaster Côté should be instructed to take no receipts of this kind.

I am, Sir, your obedient servant,

The Secretary, Public Works Dept.

J. L. McDOUGALL, A.G.

PUBLIC WORKS DEPT., OTTAWA, Dec. 9, 1891.

SIR,—With reference to a letter from the Auditor General calling attention to the June pay-list for repairs at Kingsville Harbour, I beg to state the following :

During the fiscal year 1890-91, the sum of \$1,200 was voted by Parliament for repairs to the piers at Kingsville Harbour ; but owing to some unknown reason the order to commence operations was issued only on June 12, 1891 ; and as the eastern pier had become very much wrecked—in fact, not safe for the landing of passengers and freight—it was important to have as much work done as possible before June 30, and the foreman of the works was accordingly instructed to work overtime, the foreman being allowed double pay after the ordinary working hours. A very large amount of work was done in the time—the amount expended being \$747.68.

I am, Sir, your obedient servant,

The Secretary, Public Works Dept.

LOUIS COSTE, *Act. Chief Eng.*

McGregor's Creek—Damage to Buildings.

AUDIT OFFICE, OTTAWA, Nov. 6, 1891.

SIR,—Let me acknowledge receipt of your application No. 169 for \$250 in favour of Taylor & Williamson, of Chatham, for "amount offered by the Department, and accepted by Taylor & Williamson in full and final settlement of all claims for damage to their buildings in the Town of Chatham, on McGregor's Creek."

I shall need more information concerning this claim, sufficient to show that the Government is under a liability. Also, there should be a report from the Government officer who assessed the damage, supported by the statement that he speaks from personal knowledge.

The idea contained in the certificate-form of Sec. 33 of the Audit Act, "prices fair and just," is adapted by Mr. Louis Coste into these words to suit the nature of this transaction : "I certify that the above amount has been offered by the Department, and accepted in settlement of the claim." A little reflection will show that acceptance of settlement by a creditor is evidence rather against, than for, the fairness and justness of the price. The sense of this certificate should be that the allowance is not high—meaning, in the wording, of the Election Tariff (Cons. Stat., cap. 8, sec. 121) that it is a "fair and just, but economical remuneration."

I am, Sir, your obedient servant,

The Secretary, Public Works Dept.

J. L. McDOUGALL, A.G.

Owen Sound—Certificate Needed from Local Inspector.

AUDIT OFFICE, OTTAWA, Nov. 5, 1891.

SIR,—Let me acknowledge receipt of your application No. 171 for \$792, in favour of Porter, Reed & Canan, for dredging at Owen Sound, being 99 hours at \$8.

The bill is certified by Mr. H. A. Gray, the Engineer at Toronto, as "work performed, price fair and just."

It is not probable that Mr. Gray stayed on the spot at Owen Sound during the whole twelve days, to certify the number of hours from personal knowledge. There

DETAILS OF EXPENDITURE.

C—307

should be attached to the voucher a certificate from the Local Inspector, who kept the time of the dredge.

I am, Sir, your obedient servant,

The Secretary, Public Works Dept.

J. L. McDOUGALL, A. G.

PUBLIC WORKS DEPT., OTTAWA, Nov. 20, 1891.

SIR,—In compliance with the request contained in your letter of Nov. 5, respecting application No. 171, for \$792 in favour of Messrs. Porter, Reed & Canan, I have the honour to send you herewith enclosed the Local Inspector's certificate in connection with work, and to request that you will return the same to the Chief Engineer's Office.

I am, Sir, your obedient servant,

The Auditor General.

E. F. E. ROY, *Secy.*

AUDIT OFFICE, OTTAWA, Dec. 1, 1891.

SIR,—Let me acknowledge receipt of your application No. 237 in favour of Porter & Reid for \$11,000, leaving \$498.43 unpaid on their final estimate of \$45,788.43 for Owen Sound Harbour.

The estimate is imperfect in the sense noted in several previous cases, namely: it is not certified by either of the Local Inspectors, Thos. McDowell or Robert Hoath, who would be naturally the persons to watch the materials going into the work, and to make the final measurements.

The estimate in hand, for work up to Oct. 21, is signed by Mr. H. A. Gray, the Engineer, at Toronto Oct. 22. There is no evidence that Mr. Gray has spent time enough on the spot to make him conclusive as sole certifier. And that Mr. Gray sometimes certifies without visiting the works, I demonstrated in my letter to you of March 20, 1890,—a letter which, by the way, has received no notice beyond your formal acknowledgment.

I shall be obliged to hold the present application, pending the Local Inspector's certificate that the work is done, and Mr. Gray's certificate that the rates in the \$4,434.09 bill for extras are fair and just. I regret any inconvenience which this may cause to Messrs. Porter & Reid, but the estimate appears to have been in the Public Works Department for over five weeks.

I am, Sir, your obedient servant,

The Secretary, Public Works Dept.

J. L. McDOUGALL, A. G.

PUBLIC WORKS DEPT., OTTAWA, Dec. 4, 1891.

SIR,—No. 124304 contains a letter from the Auditor General in connection with an application in favour of Porter & Reid for \$11,000 on account of final estimate for work done by them at Owen Sound.

In that letter the Auditor General states that the Estimate is imperfect, because it is not certified by the local inspectors, who, he says, would naturally be the persons to watch the materials going into the work and to make the final measurements.

I cannot agree with the Auditor General in his contention, and I advance without fear of contradiction the fact that the signature, on an estimate of this kind, of either of the local inspectors would not in any way be additional proof as to the correctness of the estimate, for the following reason:—

The quantities in items Nos. 1 and 2, as well as in item No. 21, amounting in all to about \$26,000, had to be measured instrumentally, and neither of the local inspectors are capable to use the instruments required to make these measurements; and it is therefore to be assumed that the resident engineer in charge of the work, who is responsible for the construction of the work, has made these measurements himself, or caused them to be made by his assistant who is responsible to him; in any case the fact that he certified the estimate correct, places the whole of the responsibility on him.

Of what use would the signature of the local inspectors be in this case? These men are employed temporarily and could not after the work is completed, and their services dispensed with, be called by the Department to render an account of their stewardship.

With reference to the other items in the Estimate, Nos. 3 to 20 inclusive, which are for materials placed in the work in accordance with plans and specification attached to a contract with the Department duly signed by Porter & Reid, it is to be presumed that the Resident Engineer in charge of the work, who has visited Owen Sound several times during the progress of the work, has without doubt inspected the materials in question, and measured the work done, and is therefore perfectly qualified in certifying the Estimate. The signature of either of the local inspectors would simply relieve the Resident Engineer of a responsibility which he has assumed when he accepted his position, and which properly belongs to him as Engineer in charge of the work.

In the second paragraph of his letter the Auditor General uses, as an argument, the fact that in his letter of March 20, 1890, he has demonstrated that Mr. Gray sometimes certifies without visiting the works. Admitting that such is the case, it does not follow that Mr. Gray's responsibility, as Engineer in charge of the different works mentioned in the letter in question, should be shifted from him, and it is very probable that Mr. Gray had in his possession, when he certified the accounts, sufficient evidence to warrant his doing so.

In any case, the question of making men temporarily employed on the work, who are generally without any engineering knowledge or ability, although proficient in their trade, responsible for all payments in connection with the construction of a public work, cannot for an instant commend itself to me; and I do not think that it would commend itself to the Auditor General if he considered that question in all its aspects, and with full knowledge of the workings of the Department of Public Works.

With reference to the estimate sheet for extras, which the Resident Engineer has not certified "prices fair and just," I beg to say that I have asked him to forward copies of this sheet duly certified in accordance with the wishes of the Auditor General.

I am, Sir, your obedient servant,

The Secretary, Public Works Dept.

LOUIS COSTE, *Act. Chief Eng.*

AUDIT OFFICE, OTTAWA, Feb. 9, 1892.

SIR,—Let me acknowledge receipt of your 124304, covering the Acting Chief Engineer's discussion of my letter of Dec. 1, 1891.

The system described by Mr. Coste is as follows:—The Local Inspector gives his certificates to the Resident Engineer, and the Resident Engineer prepares from them an estimate for submission to the Department, and finally to the Audit Office.

The system proposed by this Office is that the Local Inspector's statements and certificates should accompany the Resident Engineer's estimates, in all cases where the latter does not certify from his own personal knowledge.

It will be noticed that the only difference between the two systems is the suppression, in the first system, of the certificate of the man with the personal knowledge, in order to maintain the responsibility of the Resident Engineer when speaking from hearsay. How can the Resident Engineer be responsible in any way for what he does not know,—except for the fact of not knowing it? He may certify something like "approved," to show that he has every confidence in his subordinates and in their methods; but beyond this (for instance, to measurements which he has not taken) his certificate is nugatory.

Let us suppose him to be a witness in court, with no evidence but hearsay to give. Would he gain additional credence by quoting his high official position and responsibility?

In the case of instrumental measurements which are beyond the capacity of the Local Inspectors, the certificate "materials supplied" should, of course, be signed by the measurer, whether the Resident Engineer or his assistant; and this can be inferred from any of my discussions of previous similar instances.

Mr. Coste thinks that, when Mr. Gray has certified without visiting the works, he has had in his possession sufficient evidence to warrant his doing so. On the stricter method of interpreting certificates practised in this office, it does not appear that any evidence will warrant the making of an explicit certificate by an absentee.

I am, Sir, your obedient servant,

The Secretary, Public Works Dept.

J. L. McDOUGALL, A. G.

Toronto Harbour—Scow hired from C. Edward Swait.

AUDIT OFFICE, OTTAWA, Oct. 7, 1891.

SIR,—Let me call your attention to four payments made in the name of C. Edward Swait, of Toronto, for the hire of a scow used on the Toronto Harbour Works :

59339: April 1 to 30, 1891.....	\$ 75 00
59912: May 1 to 31, 1891.....	75 00
60384: June 1 to 30, 1891.....	75 00
61253: July 1 to 31, 1891.....	75 00

The bills are made out in the handwriting of Inspector F. Hurdon, and they are certified "work performed, prices fair and just" by Superintendent J. C. Swait.

Mr. C. Edward Swait is a letter-carrier on the Toronto Post Office Staff, at \$510 a year. The signatures on vouchers 59339 and 61253 are the same as those made by him on the Post Office pay-lists.

Voucher 59912 was receipted originally by J. C. Swait. The "J" was then erased in part, the "C" was left unaltered, and the "Swait:" was scratched off and "Edward" written in its place, followed by "Swait:" the whole signature "C. Edward Swait," as it stands now, being apparently in the handwriting of Supt. J. C. Swait, as is also the signature which receipts voucher 60384.

I am unable to accept the signatures on 59912 and 60384 as receipts from C. Edward Swait, without further inquiry. Please let me have the results of any investigation which you make into this matter.

There should be some details as to the dimensions and value of the scow, to serve as a check upon the price paid for its hire, for the information of those who are not in the line of seeing the scow itself. Also there should be a statement that the demand for a scow could not have been filled as advantageously by some one who is not a Government officer.

I am, Sir, your obedient servant,

The Secretary, Public Works Dept.

J. L. McDOUGALL, A. G.

AUDIT OFFICE, OTTAWA, Nov. 10, 1891.

SIR,—I notice that you have made no reply to my letter of Oct. 7, regarding the payments to C. Edward Swait for hire of a scow, in connection with the Toronto Harbour Works.

Please let me know whether any steps have been taken to investigate the validity of the receipts on Mr. Swait's vouchers 59912 and 60384.

I am, Sir, your obedient servant,

The Secretary, Public Works Dept.

J. L. McDOUGALL, A. G.

PUBLIC WORKS DEPT., OTTAWA, Dec. 1, 1891.

SIR,—In reply to your letter of Nov. 10, respecting the payments to C. Edward Swait for hire of a scow in connection with the Toronto Harbour works, and asking to be informed of the dimensions of the scow in question, also of the validity of Mr. Swait's claim: I have the honour to inform you, first, that no other scow was available for the work, and that we paid \$3 a day instead of the usual \$2 per day, because the scow

in question has a capacity more than double that of any other scow employed on the work ; and second, that Mr. J. C. Swait was authorized to sign for C. Ed. Swait.

I am, Sir, your obedient servant,

The Auditor General.

E. F. E. ROY, *Secretary.*

AUDIT OFFICE, OTTAWA, Feb. 12, 1892.

SIR,—In further discussion of the payments for scow-hire at Toronto: Was C. Edward Swait's authority to J. C. Swait, to receipt for him, made out on the prescribed form, as ordered by the Treasury Minute of Feb. 1, 1870? If so, please send it to this office, to attach to the vouchers.

I am, Sir, your obedient servant,

The Secretary, Public Works Dept.

J. L. McDOUGALL, *A.G.*

Toronto Harbour—Payments to P. A. Johnson & Co.

AUDIT OFFICE, OTTAWA, Nov. 10, 1891.

SIR,—There is a serious informality in the payments made to P. A. Johnson & Co., of St. Davids, of \$1,775.63 for stone supplied to the Toronto Harbour Works between July 1, 1890, and May 31, 1891. The items are as follows:—

July.....	388·37 yards, less freight.....	\$301 11
Aug.....	307·4 do do	237 11
Sept.....	517·47 do do	403 69
Oct.....	301·22 do do	233 15
Nov.....	289·68 do do	226 97
May.....	474· do do	373 60

All these sums are receipted for in the form "P. A. Johnson & Co., per E. B. Temple"—Mr. Temple being the resident Engineer in charge of the Toronto Harbour Works.

If Johnson & Co. had no member of their firm present in Toronto to sign before the Paymaster, they should have left a Power of Attorney on the form prescribed by the Treasury Board, which under no circumstance should be made out in favour of a Government Officer.

Before the accounts of the year can be closed and certified, I shall need the receipts from P. A. Johnson & Co. for the six sums mentioned above, amounting to \$1,775.63.

Please ask Mr. Paymaster Coté why he accepted the signature of any one but the creditor ; and explain to him that he is not freed from liability for these sums until it is shown that they have reached the proper hands.

I notice that the recent payments to Johnson & Co. have been made by Departmental cheques ; and there seems no reason why the same course should not be pursued with all similar accounts.

I am, Sir, your obedient servant,

The Secretary, Public Works Dept.

J. L. McDOUGALL, *A.G.*

PUBLIC WORKS DEPT., OTTAWA, Dec. 7, 1891.

SIR,—In compliance with the request contained in your letter of Nov. 10, I have the honour to send you herewith enclosed receipts from Messrs. P. A. Johnson & Co. who supplied the stone for the Toronto Harbour Works.

I am, Sir, your obedient servant,

The Auditor General.

E. F. E. ROY, *Secy.*

Toronto Harbour—Sundry Items.

AUDIT OFFICE, OTTAWA, Nov. 23, 1891.

SIR,—Let me call your attention to some irregularities in the pay-lists for Toronto Harbour since April 1, 1891.

No. 59339, the pay-list for April, contains a bill from Hart & Co., of \$5.25 for stationery, which should have been ordered through the Stationery Department at Ottawa. \$11.25 for "McGraw" is receipted "McGraw, per J. C. S.," by Mr. J. C. Swait, the Superintendent; the employe's first name should be given, and there should be a receipt from his own hand. \$20 for Clark Bros., for towing, is receipted "Clark Bros., per J. C. S.;" please get a receipt from Clark Bros. instead of from Mr. Swait.

In No. 59912, the May pay-list, Mr. E. B. Temple should give a sub-voucher for his outlay of \$6 for "sinking cribs and taking soundings;" and Mr. Kelly Evans should give a sub-voucher for his outlay of \$8 for "six months' washing of sheets and towels at island office during 1890," dated May 29, 1891.

In No. 60384, the June pay-list, the item of \$84.50 for F. Hurdon is receipted "F. Hurdon, per E. B. T." by Mr. E. B. Temple, the resident engineer. The items of \$36 in May, and \$42 in June, both for H. Jackman, are receipted "H. Jackman, per H. H.," by H. Hamilton, the engineman. These should be replaced by valid receipts from the creditors themselves.

I am, Sir, your obedient servant,

The Secretary, Public Works Depart.

J. L. McDOUGALL, A.G.

PUBLIC WORKS DEPT., OTTAWA, Dec. 3, 1891.

SIR,—With reference to file No. 124038, herewith, calling attention to some irregularities in the payments made for Toronto Harbour since April 1, 1891, I beg to state as follows:—

Item No. 59339, a bill from Hart & Co. of \$5.25, was for ink, mucilage, half a quire double elephant which was required for working-drawings, and a special book for keeping daily record of dredging.

Item \$11.25 for McGraw. This man was a labourer who left the work. When making out pay-roll his Christian name was not known, but it was intended to insert his initial when the wages were to be paid. When the paymaster arrived in Toronto McGraw was working elsewhere, and Mr. Swait signed the pay roll for him, and paid the money over to his wife, taking a receipt which I herewith enclose.

Item \$20, Clark Bros. for towing. The paymaster and Mr. Swait called at their office, but they were out. Mr. Swait signed the account and paid over the amount to Clark Bros. Receipt enclosed.

No. 59912, item of \$6 in Mr. Temple's account was for \$1.25 paid to a man to assist in rowing, and the balance for month's expenses for meals at the island.

Item \$8 for washing. Sub-voucher enclosed herewith.

Item \$84.50, F. Hurdon, in No. 60384. Mr. Temple signed for Hurdon, this latter not being on hand when the paymaster was present. Receipt enclosed.

Item, of \$36 and \$42, both for Mr. Jackman. This man is a night-watchman, never on duty during the day. Enclosed his receipt.

These explanations will, I hope, satisfy the Auditor General.

I beg, however, to call the attention of the Department to the fact that these so-called irregularities cannot very well be prevented. The paymaster's duties are very onerous ones, and he cannot spare in each place the time necessary to make all payments himself, especially to a labourer who is employed only for a part of a month, and who happens to have been discharged in the middle of the month; and men so discharged, or whose services have been dispensed with, often insist that they be paid at once. Is not the Superintendent of the work justified in these cases in making payments himself, taking the receipts of these men, showing them to the paymaster, and keeping in his possession these receipts for his own safeguard?

I am Sir, your obedient servant,

The Secretary, Public Works Department

LOUIS COSTE, *Act. Chief Eng.*

Toronto Harbour—Works at Western Entrance.

AUDIT OFFICE, OTTAWA, Jan. 4, 1892.

SIR,—Let me acknowledge receipt of your application No. 287 for \$10,000 in favour of the Toronto Harbour Commissioners for "aid towards construction of western breakwater, as by Order in Council of Oct. 24, 1891."

I am not in a position to discuss this matter intelligently until Mr. McGee supplies me with a copy of the Order in Council; but I anticipate a difficulty in aiding the western breakwater out of the money at our disposal, which is all assigned to the works at the eastern entrance.

I am, Sir, your obedient servant.

The Secretary, Public Works Department.

J. L. McDOUGALL, A.G.

PUBLIC WORKS DEPT., OTTAWA, Jan. 20, 1892.

SIR,—Having reference to your letter of Jan. 4, respecting application No. 287 for \$10,000 in favour of the Toronto Harbour Commissioners for aid towards construction of western breakwater, Toronto Harbour, and stating that you cannot discuss this matter intelligently until you are supplied with a copy of the Order in Council referring to above work, and also stating that you anticipate a difficulty in aiding the western breakwater out of the money at our disposal, I have the honour to inform you that the Clerk of the Privy Council, in his letter to this Department of the 5th instant, states that you have been furnished with a copy of the Order in Council, dated Oct. 24, 1891, *re* payment of \$10,000 to the Toronto Harbour Commissioners. I have also to call your attention to *Hansard*, page 6753, where the Hon. the Minister of Finance announced that the appropriation in question was intended to cover work at the western entrance at as well as the eastern.

I am, Sir, your obedient servant,

The Auditor General.

D. A. MACPHERSON, *Asst. Secy.*

Toronto, Resident Engineer, H. A. Gray.

AUDIT OFFICE, OTTAWA, Mar. 18, 1891.

SIR,—Let me call your attention to the following payments to Mr. Henry A. Gray in May and June, 1890:—

52048, Services, May 1 to 31, at \$6.85	\$212 35
do Sustenance, 21 days at \$3.50	73 50
52891, Services, June 1 to 30, at \$6.85	205 50
do Sustenance, 26 days at \$3.50	91 00

Mr. Gray reached Ottawa May 14, and left for Toronto June 26. He charges his sustenance allowance for the included 44 days, or \$154.

I understand that Mr. Gray's accident occurred May 14, and that he was in the hospital here until June 26.

Please ask Mr. Gray to recast his account by separating and describing explicitly the items of expense caused by the accident. The new details should be certified, like the present account, as "incurred on Government business," meaning, of course, in his opinion.

Any person, in whose line of duty it comes to audit the expenditure, will then be in a better position to make an intelligent examination and report.

I am, Sir, your obedient servant,

The Secretary, Public Works Dept.

J. L. McDOUGALL, A.G.

ENGINEER'S OFFICE, TORONTO, Dec. 4, 1891.

SIR,—I have to acknowledge receipt of your letter No. 137102 dated 3rd inst.; calling my attention to file 116616 relative to my accounts with the Department during the months of May and June, 1890, as follows:—

52048, Services, May 1 to 31 at \$6.85.....	\$212 35
do Sustainance, 21 days at \$3.50.....	73 50
52891, Services, June 1 to 30 at \$6.85.....	205 50
do Sustainance, 26 days at \$3.50.....	91 00

In explanation of above I would state that on May 14, 1890, I arrived in Ottawa from Toronto, the latter place being my headquarters, as Engineer in charge of Public Works in Western Ontario. My visit to Ottawa was to confer with the Chief Engineer of the Department, relative to the works in my district; and while on duty, returning from seeing the Chief Engineer, I accidentally fell and injured my knee, in Ottawa, and was confined to the hospital, under treatment, from May 14 to June 26, when I returned to my office here. Being an officer of the Department, away from my headquarters, on duty, I was entitled to my sustenance allowance, and charged the same; approved by the Deputy Minister. I have no other details or items to give, or explain, in my accounts.

I may add, however, that during the whole time I was confined to the hospital I attended to the duties of my position in the service, as far as possible under the circumstances; writing reports and carrying on my correspondence.

I did not charge the Department with any of the expenses caused by my accident.

Yours obediently,

The Acting Chief Engr., Ottawa.

HENRY A. GRAY, *Engr. in Charge.*

AUDIT OFFICE, OTTAWA, Mar. 20, 1891.

SIR,—Let me call your attention to the dates of some of the estimates certified by Mr. Henry A. Gray, as "Correct in every particular of time, materials and value":—

Ottawa, June 9, 1890: Dresden Estimate, to May 31.

Toronto, July 8, 1890: Midland Estimate, to July 8.

Toronto, July 17, 1890: Wiarion Estimate, to July 17.

Toronto, July 31, 1890: Kincardine Repairs, July . . .

Mr. Gray's accounts for travelling expenses show that he was in Ottawa from May 14 to June 26; and in Toronto from June 27 to July 17, at which date he went to Goderich. His trip to Kincardine was not made until August 12.

Mr. Gray therefore appears to have held that he could base his certificates on telegrams received from the local Inspectors; there being a telegram charged at the date of each estimate.

As I have mentioned to you frequently, the only conclusive certificate as to work or materials is that made by an officer who actually inspected the work or received the materials. When the Engineer is not able to certify from personal knowledge gained by visiting the place himself, the estimate should be certified by the local Inspector or Foreman and be approved by the Engineer.

I am, Sir, your obedient servant,

The Secretary, Public Works Dept.

J. L. McDOUGALL, *A.G.*

Winnipeg—Engineer Gouin's Guarantee.

AUDIT OFFICE, OTTAWA, May 12, 1891.

SIR,—In your expenditure for February, 1890, I find a payment to Mr. W. F. Gouin of Winnipeg for his January expenditure, which includes an item of \$87.50 for the London Guarantee and Accident Co., in *re* bond for one year. Please let me know

your reasons for considering this as payable from public funds, and obtain from Mr. Gouin a voucher for the item.

I am, Sir, your obedient servant,

The Secretary, Public Works Dept.

J. L. McDOUGALL, A.G.

PUBLIC WORKS DEPT., OTTAWA, June 19, 1891.

SIR,—In reply to your letter of May 12, calling attention to a payment made to W. F. Gouin in Feb., 1890, which includes an item of \$87.50 for the London Guarantee and Accident Co., in *re* bond for one year, I am directed to explain that at the request of this Department Mr. Gouin makes payments, and thus saves the salary of a paymaster, say \$1,000 per annum. If Mr. Gouin was a paymaster he would, of course, be expected to pay the insurance premium; but as he is the Resident Engineer at Winnipeg and fills the position of paymaster, which is no part of his duty, at a cost of \$87.50 per year, it seems only fair that this premium should not be paid by him.

I am, Sir, your obedient servant,

The Auditor General.

E. F. E. ROY, *Secy.*

AUDIT OFFICE, OTTAWA, June 26, 1891.

SIR,—Let me acknowledge receipt of your 118176, concerning the payment on account of Mr. W. F. Gouin's guarantee. Your argument, that Mr. Gouin is acting as paymaster without additional salary, appears sound; but it should, I think, be addressed to the Governor in Council, since an Order in Council will be necessary as an authority for such an exceptional payment.

I am, Sir, your obedient servant,

The Secretary, Public Works Dept.

J. L. McDOUGALL, A.G.

Harbour Contracts—Certificates of Local Inspectors Needed.

AUDIT OFFICE, OTTAWA, Nov. 16, 1891.

SIR,—Let me call your attention to four progress estimates now in hand, as examples of an imperfection which I notice frequently in the certificates made by your Resident Engineers. The applications are dated Nov. 11, and are for the following services:

207—Toronto Harbour: Murray & Cleveland.....	\$4,170 00
208—J. D. Cameron: River Nicolet Dredging.....	1,726 50
209—Edward Murphy: Cape Tormentine.....	2,750 00
211—McDonald & Moffatt: French River, N. S.....	2,700 00

These four estimates are certified as to work performed and materials supplied, only by the different Resident Engineers in charge. It is obvious that no conclusive certificate as to work or materials can be made except by an officer who has personal knowledge, derived from inspection and measurement by himself. And it can be shown, in each of these four cases, that the Resident Engineer probably relies on some local officer for a large portion of the oversight and measurement, and makes this officer's word a basis for his own Engineer's-certificate "that materials have been supplied." If there is any part of the work for which dependence is placed on the Local Inspector alone, his responsibility therefor should be fixed by getting his signature to the certificate. This is the course followed by the Department of Railways and Canals: in whose estimates both the Measuring Officer and the Resident Engineer certify.

207, Toronto Harbour.—The Toronto staff consists of Engineer E. B. Temple, Assistant Engineer Kelly Evans, Inspector F. Hurdon, and Superintendent J. C. Swait. With a staff of this size, it is unlikely that all the work of measurement falls on Engineer Temple. Whoever takes off the quantities of work or materials should certify over his own name; and Mr. Temple could then make a general certificate of approval

without committing himself to facts of which he cannot have personal knowledge without measuring everything with his own hand.

208, River Nicolet.—This is certified by Thos. Berlinguet, the Resident Engineer at Three Rivers. There are "Weekly Reports of Operations" of the Dredge "Nithsdale," showing the total number of cubic yards dredged on each day; and these are certified "correct" by Mr. Berlinguet. It is obvious that Mr. Berlinguet could not attend the Nicolet dredging every day without neglecting the other works under his charge. He relies probably on the vigilance of some Local Inspector,—whose name and certificate should be appended to future estimates.

209, Cape Tormentine.—Here the staff is composed of Resident Engineer, E. T. P. Shewen; Rodman, Whitman Goodwin; Inspector of Timber, E. P. Goodwin; and Inspector of Works, A. W. Dobson. If the measurements are made by any officer other than Mr. Shewen, that officer should certify. This case has an additional complication in the fact that Mr. Shewen signs this estimate, which is to Oct. 31, with the date "Antigonish, Nov. 5;" leaving it an open question whether he was at Cape Tormentine Oct. 31, or whether he obtained the figures by mail from one of his subordinates. If he was not there, of course he can have no personal knowledge of the quantities.

211, French River, N. S.—This estimate is made up to Oct. 12, and is signed by Engineer Millidge of Antigonish under the date "Antigonish, Oct. 17." Probably Mr. Millidge has been on the French River works several times; but the continuous supervision of the materials, as they went into the pier, would be left naturally to the Inspector of Works, Mr. Alex. McDonald of French River,—whose responsibility it would have been well to fix over his signature.

None of these payments are delayed this month for the reasons mentioned above; but I wish you would get all future estimates made out in the manner suggested.

The general principle to be followed in making the certificates "work done" and "materials supplied" is, I think, very simple. They can be made only by the officer who has actual personal knowledge of the facts. Any officer superior to him, who is expected to affix his responsibility, can do so only in some such indefinite terms as "approved" or "correct," meaning thereby that he is satisfied with his subordinate's method and carefulness; but if he has not inspected and measured the materials, he cannot certify that they have been supplied in full dimensions and quality.

I am, Sir, your obedient servant,

The Secretary, Public Works Dept.

J. L. McDOUGALL, A.G.

PUBLIC WORKS DEPT., OTTAWA, Nov. 23, 1891.

SIR,—Having reference to your letter of Nov. 16, calling attention to progress estimates for works at French River, Cape Tormentine, River Nicolet and Toronto Harbour, and stating that the certificates of the measuring officer and of the resident engineer should be supplied: I have the honour to inform you that our resident engineers have been instructed in accordance with your views in the above letter.

I am, Sir, your obedient servant,

The Auditor General.

E. F. E. ROY, Secy.

Harbour Contracts—Work not Described.

AUDIT OFFICE, OTTAWA, Nov. 7, 1891.

SIR,—Let me acknowledge receipt yesterday of your application No. 204, for \$928.20, in favour of Sylvester O'Donoghue, for balance of final estimate on his contract for strengthening Georgeville wharf.

The total of \$4,528.20 is made up of the following items:—

Work performed as per contract	\$4,500 00
Extra bolts in sheathing, 84 at 25 cts.	21 00
Extra bolts in timbers, 24 at 30 cts.	7 20

I shall need some information concerning the nature and magnitude of the work included in the contract for \$4,500.

I am, Sir, your obedient servant,

The Secretary, Public Works Dept.

J. L. McDOUGALL, A.G.

PUBLIC WORKS DEPT., OTTAWA, Nov. 17, 1891.

SIR,—Having reference to our application No. 204, for \$928.20, in favour of S. O'Donoghue, and your letter of the 7th inst. asking for information respecting the work included in the contract for \$4,500, I have to request that you will state more explicitly the nature of the information you desire.

I am, Sir, your obedient servant,

The Auditor General.

E. F. E. ROY, *Secy.*

AUDIT OFFICE, OTTAWA, Nov. 18, 1891.

SIR,—Let me acknowledge receipt of your 123572 of Nov. 17, asking with reference to Mr. S. O'Donoghue's contract at Georgeville, that I state more explicitly the nature of the information required.

The wording of the final estimate is "Georgeville, N. S., Sylvester O'Donoghue : Amount of work performed as per contract, \$4,500." This is certified by Engineer Millidge, as "correct, the total value of work performed and materials furnished by Sylvester O'Donoghue."

You will notice that while the location of the work and the name of the contractor are given, there is absolutely no information whatever concerning the nature and magnitude of the work.

As mentioned very frequently in recent correspondence about similar deficient descriptions, there should be details enough to give to any person in the same line of business an approximate idea of the value obtained for the money expended.

I am, Sir, your obedient servant,

The Secretary, Public Works Dept.

J. L. McDOUGALL, A.G.

PUBLIC WORKS DEPT., OTTAWA, Nov. 26, 1891.

SIR,—Having reference to your letters of Nov. 7 and 18, stating that you require to be supplied with information as to the nature and magnitude of the work included in the contract of Mr. S. O'Donoghue, for the works at Georgeville, N.S., before issuing a certificate in payment of the final estimate on that contract, I am directed to state that the amounts paid to the contractor O'Donoghue are in accordance with the contract entered into with him, after public tenders had been called in the regular way, he being the lowest tenderer. I may add that, in our annual report of each year, there is always published a complete statement of the work done at each place by our Department, so that any contractor, by consulting our report, can satisfy himself of the nature of the work comprised in any contract.

I am, Sir, your obedient servant,

The Auditor General.

E. F. E. ROY, *Secretary.*

AUDIT OFFICE, OTTAWA, Nov. 14, 1891.

SIR,—Let me acknowledge receipt of your application No. 211 for \$2,700 in favour of McDonald & Moffatt, being the total estimate for "Work performed at French River, N. S., as per contract."

This is marked as chargeable to the vote of \$3,000 for "French River Pier," but the voucher contains no mention of pier-work.

I shall need details concerning the nature and quantity of the work done, to serve as a check upon the price paid, for the information of those who have not the opportunity of seeing the work.

I am, Sir, your obedient servant,

The Secretary, Public Works Department.

J. L. McDOUGALL, A.G.

PUBLIC WORKS DEPT., OTTAWA, Nov. 18, 1891.

SIR,—In reply to your letter of Nov. 14 respecting application No. 211 for \$2,700 in favour of Messrs. McDonald & Moffat, being the total estimate for work performed at French River, N.S., and asking to be supplied with details concerning the nature and quantity of the work done, I have the honour to inform you that this payment is made in accordance with the terms of a contract awarded after a call for tenders, Messrs. McDonald & Moffatt being the lowest tenderers. The plan of the work done can be seen at this office if needed.

I am, Sir, your obedient servant,

The Auditor General.

E. F. E. ROY, *Secretary*.

Dredging Plant charged to Special Local Votes.

AUDIT OFFICE, OTTAWA, Aug. 10, 1891.

SIR,—Let me acknowledge receipt of the vouchers for Mr. McCordock's expenditure in June, 1891, on "River Sissiboo—improvement of channel—St. Mary's Bay to Weymouth," amounting to \$376.04, as follows:—

Steel grips, one pair	\$150 00
Winch, derrick-gear and fittings	100 00
Stone-scow	100 00
Repairs to engine and boiler	26 04

All the vouchers are marked "Certified, W. J. McCordock." The certificates should be "Materials received," signed by the officer who took over the supplies; and "Prices fair and just," signed by Mr. McCordock.

The grips, the winch, the derrick-gear and the stone-scow, being articles which probably will survive the work at the River Sissiboo, and be available for work in other places, should be charged to "New Dredging Plant" or "Dredge Vessels Repairs," and not to a grant for any particular river or harbour.

There should be some description, such as the dimensions of the scow, and the size or weight of the grips and winch, to serve as a check upon the prices, for the information of those who are not likely to see the materials.

I am, Sir, your obedient servant,

The Secretary, Public Works Department.

J. L. McDOUGALL, A.G.

PUBLIC WORKS DEPT., OTTAWA, Sept. 23, 1891.

SIR,—Having reference to your letter of Aug. 10, I have the honour to inclose to you herewith, vouchers in connection with the expenditure in June last on "River Sissiboo, improvement of channel," and to explain that the material purchased for this work was required specially therefor, and was therefore charged to that vote, and not to "New Dredging Plant" or "Dredge Vessels Repairs."

I am, Sir, your obedient servant,

The Auditor General.

E. F. E. ROY, *Secy.*

AUDIT OFFICE, OTTAWA, Nov. 5, 1891.

SIR,—Let me acknowledge receipt of your 120835, explaining that the materials purchased for the improvement of the River Sissiboo were required specially therefor, and consequently were charged to that vote instead of to “Dredging Plant” or “Dredge Vessels Repairs.”

My objection, which perhaps was not made sufficiently clear, was that a vote for a particular river should be spent mainly on something which would be used up on the work in question, as for instance, labour, timber or stone. I do not think that Parliament contemplates the spending of any considerable part of the vote on such machinery as scows, derrick-gears, or grips, which will remain after the work is over—practically undepreciated in value and available for some other work which will share no part of their cost.

In the case of the Sissiboo, as there is no vote in 1891-92, the improvement appears to be completed, but it is unlikely that one season's handling has used up the plant.

Machinery of any permanence, which probably will be moved around from one work to another, should be charged to some general vote. This would facilitate the keeping of a stock-list, showing the number and location of each species of property.

I am, Sir, your obedient servant,

The Secretary, Public Works Department.

J. L. McDOUGALL, A.G.

J. R. Arnoldi—Shed for Storing Dredging-Plant in Ottawa.

AUDIT OFFICE, OTTAWA, May 11, 1891.

SIR,—Let me acknowledge receipt of your application No. 842 for \$40, in favour of Mr. J. R. Arnoldi, for “Six months' rent of shed for storage of dredging plant.”

The voucher, which is dated May 1, does not mention the particular months included in the period charged, or the location of the shed. Please describe both of these fully.

Mr. Arnoldi certifies the account “Service performed, prices fair and just.” Where a Government officer appears as a creditor, in a service controlled by himself, the certificate “Prices fair and just” should be made by some higher authority.

And when the necessity is so urgent as to compel a purchase from a Government officer, especially by his own Department, there should be an explanation showing that the demand would have been filled less satisfactorily by an outsider.

I am, Sir, your obedient servant,

The Secretary, Public Works Department.

J. L. McDOUGALL, A.G.

PUBLIC WORKS DEPT., OTTAWA, Sept. 11, 1891.

SIR,—In reply to your letter of May 11 last, respecting an account in favour of J. R. Arnoldi, for six months' rent of shed for storage of dredging plant, I have the honour to inform you that the Acting Chief Engineer reports that he certified to Mr. Arnoldi's account, as the shed in question had been used for storing dredging plant. I may further add that the articles belonging to this Department have been removed from that lot, and that henceforth no such account will be sent in for payment.

I am, Sir, your obedient servant,

The Auditor General.

E. F. E. ROY, Secy.

Moving Cable from Bird Rocks to St. Paul's Island.

AUDIT OFFICE, OTTAWA, March 10, 1891.

SIR,—Let me call your attention to your expenditure in 1890-91 for “Lifting cable from Grosse Isle to Bird Rocks, and relaying same between Meat Cove and St. Paul's Island.”

The items charged against the vote are these :

Geo. F. Rogers, London, Eng. :

Cable No. 2—2 knots at \$949.....\$1,898

Cable No. 7—2 knots at \$511..... 1,022

Thomas Heenan, St. John, N.B. :

Cedar telephone poles, 100 at 55c..... 55

Paid I. C. Ry., freight on poles, New Mills to Halifax..... 37

It does not appear from the wording of the vote that it was intended to cover a payment for new cable. Please let me have further explanation on this point.

I am, Sir, your obedient servant,

The Secretary, Public Works Department.

J. L. McDOUGALL, A.G.

PUBLIC WORKS DEPT., OTTAWA, March 26, 1891.

SIR,—In reply to your letter of March 10, calling attention to the expenditure in 1890-91 for "Lifting cable from Grosse Isle to Bird Rocks, and relaying same between Meat Cove and St. Paul's Island," and stating that it does not appear from the wording of the vote that it was intended to cover a payment for new cable, I have the honour to inform you that although the wording of the vote might have been more explicit, still it was intended to cover all the items now charged to it.

I am, Sir, your obedient servant,

The Auditor General.

E. F. E. ROY, *Secy.*

Cape Ray Telegraph Line.

AUDIT OFFICE, OTTAWA, Sept. 11, 1891.

SIR,—Let me acknowledge the receipt of your application No. 56 for \$250 in favour of the Anglo-American Telegraph Company for maintenance of the Cape Ray line for 12 months to June 30, 1891.

It would be well, I think, to have marked on the voucher the fact that the line was worked for the period under consideration. This certificate should be made by some officer having personal knowledge to that effect. The application is returned herewith. Please let me have a copy of any arrangement that may exist with the company for this service.

I am, Sir, your obedient servant,

The Secretary, Public Works Department.

J. L. McDOUGALL, A.G.

PUBLIC WORKS DEPT., OTTAWA, Sept. 18, 1891.

SIR,—In reply to your letter of Sept. 11, respecting the Anglo-American Telegraph Company, I have the honour to send to you herewith enclosed a copy of an Order in Council, dated Dec. 3, 1881, respecting the building of a telegraph line from Port aux Basques to Cape Ray lighthouse, also a certificate showing that the line referred to was worked for the period under consideration.

I am, Sir, your obedient servant,

The Auditor General.

E. F. E. ROY, *Secy.*

Telegraphs—Services of 1890-91 paid from Votes of 1889-90.

AUDIT OFFICE, OTTAWA, Oct. 5, 1891.

SIR,—Let me call your attention to the personal accounts of Mr. F. N. Gisborne, the Superintendent of Government Telegraphs.

Mr. Gisborne took out an advance of \$500, Aug. 1, 1889, and accounted for \$474.79 Nov. 15, 1889, leaving a balance of \$25.21 charged against him. On Nov. 18, 1889, he took another advance of \$400, of which \$250 was charged to "North Shore Construction," and \$150 to "Telegraphs Generally."

These were disposed of as follows:—

Telegraphs Generally :

1889, Nov. 18 : Advance.....	\$150 00	
1890, July 22 to to Aug. 23 : Trip to Gulf.....		\$180 26
1891, Feb. 16 : Balance paid to Mr. Gisborne....	30 26	

North Shore Construction :

1889, Nov. 15 : Balance from previous accounts..	\$ 25 21	
1889, Nov. 18 : Advance.....	250 00	
1890, Jan : Paid to H. F. McCarthy.....		0 75
1890, Feby : do do		1 40
1890, May : Paid to National Mfg. Co.....		42 00
1890, June : Paid to Smith & Lapierre.....		45 00
1890, August : Paid Poulin, Langlois & Smellie.....		28 00
1891, Jan : Paid Robichaud.....		30 00
1891, July : Paid Vibert, Langlois & Poulin.....		80 00
1891, Aug. 15 : Balance refunded by Mr. Gisborne.....		48 06

\$275 21 \$275 21

Please ask Mr. Supt. Gisborne to explain why he drew out \$400 in Nov., 1889, when there was no demand made on him until May, 1890; and ask him also to describe his disposition of the money in the meantime.

I am, Sir, your obedient servant,

The Secretary, Public Works Dept.

J. L. McDOUGALL, A.G.

PUBLIC WORKS DEPT., OTTAWA, Oct. 8, 1891.

SIR,—Having reference to the inquiry of the Auditor General as to the advances made *re* travelling expenses and North Shore Telegraph Construction accounts, I have the honour to report:—

1st. That when the \$150 was, upon application, placed to my credit Nov. 18, 1889, I was about starting for New York upon service duties, when I was notified to delay my departure *pro tem*, consequently the advance remained to my credit, as usual, until expended during the following summer. As I am always liable to be called away on duty, at an hour's notice, I have invariably been credited with a small advance which has been satisfactorily accounted for, in full, prior to my application for any further amount.

2nd. That the \$250, placed to my credit Nov. 18, 1889, from the special North Shore construction vote of \$3,000, was to meet several small contracts for road and bridge work, on account of which our foreman, Mr. Gallienne, held cash and cheque advances from myself personally, plus an authority to give sight orders upon me, to a limited amount, for other immediate requirements, *i.e.*, as soon as the work, &c., should have been completed to his satisfaction.

Circumstances prevented Mr. Gallienne from inspecting the work until the following spring, when the contractors were engaged in the fisheries. He then made partial payments, and considerably gave the men time until the following fall to complete the work up to specification, although virtually accomplished before the 30th of June in the current year.

With the exception of a disputed \$75 claim for incomplete bridges, all contracts were finally completed to Mr. Gallienne's satisfaction, and then only could he send me the required vouchers attached to my account rendered, with the balance of \$48.06 paid in by me to credit of the Receiver General.

The foregoing particulars were duly explained to our Accountant as they occurred, and we both considered it proper and advisable that I should retain the balance, rather than allow any portion of a much needed expenditure to lapse.

Instead of to myself, advances are now made direct to Mr. Gallienne, such advances being imperatively necessary for our service on the north shore of the St. Lawrence.

It is almost needless to add that the bank does not allow any interest upon small balances in hand to credit of depositors.

I am, Sir, your obedient servant,

The Secretary, Public Works Dept.

F. N. GISBORNE, *General Supt.*

AUDIT OFFICE, OTTAWA, Nov. 11, 1891.

SIR,—Let me acknowledge receipt of your 122379 of Oct. 12, containing Mr. F. N. Gisborne's explanation of the advances made to him for outlay on Telegraph Service.

The only part of the explanation which is not quite satisfactory is his arrangement with the Accountant, that he (Mr. Gisborne) should retain the balance over from one year to another, rather than allow any portion of a much needed expenditure to lapse. The objection is that a part of the vote for 1889-90 was used to pay for services rendered in 1890-91, which should not have been done.

Mr. Gisborne states that Departmental cheques are forwarded now to the foremen in their own names. This is a step in the right direction. All of the other Departments have found it both practicable and expedient to pay their accounts by cheques instead of by cash.

I am, Sir, your obedient servant,

The Secretary, Public Works Dept.

J. L. McDOUGALL, *A.G.*

Telephone Line at Cascapedia, Charged to Telegraphs.

AUDIT OFFICE, OTTAWA, Nov. 3, 1891.

SIR,—Let me call your attention to voucher 60670, which contains \$150.17 marked as "Telephone Line at Cascapedia": being \$85.22 for 3 telephones and \$64.95 for repairs. The item is charged to "Maintenance of Telegraph Lines, Lower St. Lawrence and Maritime Province:"—a vote which does not appear to be connected with the service in question.

I am, Sir, your obedient servant,

The Secretary, Public Works Dept.

J. L. McDOUGALL, *A.G.*

PUBLIC WORKS DEPT., OTTAWA, Jan. 14, 1892.

SIR,—In reply to your letter of Nov. 3 last, calling attention to voucher 60670, which contains \$150.17 marked as "Telephone line at Cascapedia," and stating that the item is charged to "Maintenance of Telegraph Lines, Lower St. Lawrence and Maritime Provinces," a vote which does not appear to be connected with the service in question: I have the honour to inform you that the line in question is that from New Richmond on the Bay of Chaleurs, to the Governor General's Lodge on the Cascapedia. In previous years the maintenance of this line has been charged sometimes to the above appropriation and sometimes to Telegraph Service Generally. The appropriation "Land and Cable Telegraph Lines, Lower St. Lawrence and Maritime Provinces" has been used in common for all the small lines east of Quebec, and as the line referred to had been paid from the said appropriation before, it seemed advisable to pay it in this way again.

I am, Sir, your obedient servant,

The Auditor General.

E. F. E. ROY, *Secy.*

AUDIT OFFICE, OTTAWA, Feb. 15, 1892.

SIR,—In reply to your 123413, of Jan. 14, concerning the Telephone line at Cascapedia, I beg to explain that the ground of my objection is that a Telephone line is not a proper charge against a vote for Telegraphs.

I am, Sir, your obedient servant,

The Secretary, Public Works Dept.

J. L. McDOUGALL, A.G.

Grand River Bridge at York, Ont.—Burns & Loughran.

AUDIT OFFICE, OTTAWA, June 12, 1891.

SIR,—Let me acknowledge receipt of your application No. 896 for \$2,300 in favour of Burns & Loughran, being the balance of their claim of \$6,300 for "constructing an approach to the bridge across the Grand River at York, Haldimand Co., on the west side of said river, consisting of, in part, pine trestle-work, earth embankment and excavation, as per plan and agreement."

I am unable to make payment on an agreement which exceeds \$5,000, unless there is a special Order in Council dispensing with the necessity for the usual public tender and contract. See the Order in Council of May 23, 1880, shown on page B—14 of my Report for 1889-90.

Moreover, any rate not fixed by public tender and contract should be certified "fair and just," and there is wanting the customary explicit mention of "work performed."

I am, Sir, your obedient servant,

The Secretary, Public Works Dept.

J. L. McDOUGALL, A.G.

PUBLIC WORKS DEPT., OTTAWA, June 24, 1891.

SIR,—Before the matter referred to in your letter of June 12, respecting a payment to Burns & Loughran, for work done on the bridge across the Grand River, can be brought before the Privy Council as suggested by you, this Department would like to be informed of the portion of the Audit Act upon which your refusal to pass this application is based.

I am, Sir, your obedient servant,

The Auditor General.

E. F. E. ROY, Secy.

AUDIT OFFICE, OTTAWA, June 26, 1891.

SIR,—Let me acknowledge receipt of your 70840 of June 24, asking for a reference to the section of the Audit Act under which I object to the payment to Burns & Loughran of \$6,300 for constructing approach to York Bridge.

My objection is based on Section 32c: "The payment is in excess of the authority granted by Council." Your authority to make Departmental contracts without public tenders is limited by Council to expenditures under \$5,000.

I am, Sir, your obedient servant,

The Secretary, Public Works Dept.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, April 9, 1891.

DEAR SIR,—Let me acknowledge receipt of your application No. 784 in favour of Burns & Loughran for \$128,02, being the balance on their amended final estimate on the bridge over the Grand River at York.

The difference between the final estimates of January 20 and April 4 is made up as follows :—

Concrete filling in caissons around masonry of piers, 54·51 yards, at \$8 instead of \$6.....	\$109 02
Taking soundings for foundations of piers on second site.....	15 00
Men assisting Engineer to set out work.....	4 00

The rate of \$6 allowed in the final estimate of January 20 is covered by Mr. Gray's certificate "correct" as to the "value of work performed and materials delivered." There should be an explanation given of the change.

The items of \$15 and \$4 appear to be such as would accrue at the beginning of the work. Please let me know whether your contract form includes a provision similar to that in the Railways and Canals Contracts, fixing a limit of time within which extras must be claimed.

I should like to be furnished with a copy of your blank contract form at your early convenience.

I am, Sir, your obedient servant,

The Secretary, Public Works Dept.

J. L. McDOUGALL, A.G.

CHIEF ENGINEER'S OFFICE, OTTAWA, Feb. 17, 1891.

SIR,—In their claim—file No. 115205—Messrs. Burns & Loughran prefer claims amounting to \$2,328.68 for extra work alleged to have been performed by them in connection with the construction of the abutments and piers, Grand River bridge, at York, Ont.

With regard to these claims, I have to report that of the amount claimed the sum of \$1,110.26 was allowed in the final estimate, leaving a balance of \$1,218.52 in dispute. Having carefully considered the claim preferred, I have to state that it appears to me that a further sum of \$127.82 is due on the claim presented, thus making the account to stand thus :

To Amount as per contract.....	\$6,450 00
do extras allowed in final estimate.....	1,110 26
Further allowance on extras.....	127 82
	\$7,688 08

I am, Sir, your obedient servant,

The Secretary, Public Works Dept.

HENRY F. PERLEY, *Chief Engineer.*

AUDIT OFFICE, OTTAWA, Oct. 3, 1891.

SIR,—Let me acknowledge receipt of your application No. 71 in favour of Burns & Loughran for \$1,317.68, on account of repairs to western pier and approaches of York bridge, Grand River.

The first two items are :—

Repairs to western pier, as per agreement.....	\$650 00
Earth embankment, eastern approaches, as per agreement...	156 00

There should be detailed descriptions of these services, showing the magnitude of the work involved.

The final estimate for "Constructing abutments and piers for bridge" is dated Jan. 20, 1891, and the item of "Repairs to western pier," mentioned above at \$650, is dated August. I would like an explanation of how such a large bill for repairs on a new work accrued so soon after completion of the work itself.

Please put dates to all the items in the bill for \$1,317.68, and mark any of them which were included in the amount of \$2,328.68 mentioned by Mr. Perley in his letter No. 115979 of Feb. 17, 1891.

I am, Sir, your obedient servant.

The Secretary, Public Works Dept.

J. L. McDOUGALL, A.G.

CHIEF ENGINEER'S OFFICE, OTTAWA, Oct. 8, 1891.

SIR,—In answer to the letter of the Auditor General of Oct. 3, I beg leave to state the following :—

Item 1. The repairs to the western pier of York bridge, Grand River, were necessitated by its being damaged by ice in the early spring. Authority was granted by the Department to accept Messrs. Burns & Loughran's offer to repair the damage for the sum of \$650.

Items 2 and 3, \$156 and \$50, are for the construction of the eastern approach, which was not included in the contract.

Items 4 and 5, \$216.20 and \$49.34, are for placing flooring on the caissons to prevent the concrete in foundations from being washed out. This was not included in the contract.

Item 6, \$4.14, is to continue the railing on the eastern approach.

Item 7, \$192, is for extra concrete in the caissons to the level of the flooring placed on them.

The bill for \$1,317.68 returned by the Auditor General is not included in the amount of \$2,328.68 mentioned by Mr. Perley in his letter of Feb. 17, 1891,—No. 115979.

I am, Sir, your obedient servant,

The Secretary, Public Works Dept.

LOUIS COSTE, *Actg. Chf. Eng.*

Lévis Graving Dock—Engineer Valiquet's Removal.

AUDIT OFFICE, OTTAWA, Oct. 13, 1891.

SIR,—I notice a payment of \$35 to Mr. U. Valiquet in June, 1891 (Voucher 59955), for removal of his family from Ottawa to Quebec.

Mr. Valiquet was drawing \$3 a day in the Department at Ottawa until July, 1889, at which time he was transferred to Quebec as resident engineer, at \$4 a day as salary and \$2 sustenance. Later he was appointed dockmaster at Lévis at \$1,800 a year and \$200 lodging allowance.

Please inform me whether the authority of the Treasury Board was obtained for payment of the removal expenses of Mr. Valiquet, and if so, whether the attention of the Board was called explicitly to the fact that Mr. Valiquet's salary had been increased. See Order in Council of Sept. 8, 1871, shown on page B-12 of my Report for 1889-90.

I am, Sir, your obedient servant,

The Secretary, Public Works Dept.

J. L. McDUGALL, *A. G.*

Public Works Expenditure in February, 1891.

AUDIT OFFICE, OTTAWA, May 16, 1891.

SIR,—Let me offer the following remarks on your February expenditure under letter-of-credit :—

Several of the pay-lists (for instance, No. 57592) do not specify the particular days on which the men worked, but only the total number of days for each man in one month. I objected to this lack of information, Oct. 23, 1890, in a letter indexed by you as 112486. Please get the dates marked on all future pay-lists.

Voucher 57949, from F. Giasson, for \$62, is for a cupboard for the Department of Agriculture. There should be some description of the dimensions, material or plan, to serve as a check on the price.

Voucher 57817, from J. Wilson & Co., for \$7, is for framing a picture for the Department of Justice. It would be well to guard against accidental double payments of accounts like this, by giving the size and quality of the frame, and the name of the picture.

Voucher 57871, from S. Fraser, reads: "Services copying, Jan. 20 to Feb. 20, 18 days at \$1." There is a similar bill for 18 days every month. The particular days should be specified.

Many of the vouchers are still mere copies of the original bills, written in the Department. For instance, No. 57780, \$37.15 for I. de Varennes, is a copy made in the Chief Architect's branch; and No. 57814, \$117 for the Canadian Pacific Railway, is in the writing of Mr. Keeley, of the telegraph branch. As I have mentioned previously on several occasions, no voucher is of value which is not made out by the person to whom the money is due.

No. 57505, for \$19.75 to B. G. Bacon, is a marked case of this irregularity, as even the signature of Mr. Bacon is copied, along with the rest of the voucher, by a Militia employé at Quebec, with no mark to show that it is only a copy.

The same thing has been done with Mr. Dandelin's certificate No. 57673, \$146.35 for L. Cousineau.

No. 57614 for \$526.73 is a copy made in the Chief Architect's branch, and pasted on a bill-head of Geo. Philbert, dated Feb. 3, 1891. The pasted heading does not add value to the copy.

Sub-vouchers are needed for the items in Nos. 57672, 57741 and 57806.

The following accounts for travelling expenses have not been certified "Incurred on Government business," as directed by the Order in Council of Dec. 17, 1889: 57801, Thos. Fuller; 57872, D. Ewart; 57668 and 57890, W. R. Billings; 57595, 57764 and 57895, I. Cote; 57711, J. B. E. Bedard; 57809, H. J. Peters.

Voucher 57869 from Jacob Erratt contains an item of \$119.20 for making 17 loose covers for furniture at Rideau Hall. The details of the calculation should be given.

Voucher 57763 from Harris & Campbell for \$244 is for 106 blinds for the Geological Museum. The calculation should be given.

Voucher 57601 from Morel & Gagnon for carpentering in the Finance Department contains an item "Clear lumber, 3,980 feet at 6 cents, \$238.80." The kind of lumber should be specified.

Voucher 57317 from John E. Askwith for \$157.50 covers "2,100 feet of 1½-inch maple flooring at \$75," for the corridor in the basement of West Block. Please mention whether this is board measure or face measure, and whether the \$75 a thousand includes the laying of the floor.

In voucher 58029, for Mr. Valiquet's February salary and expenses, are such items as the following: "Fare, Quebec to Ottawa, and cabs, \$11.25; fare, Ottawa to Quebec, and cabs, \$11.75; railway and carter, Quebec to Baie St. Paul, \$11.85; ferries and carters to and from dry dock, \$15." These, and the like, should be detailed. The larger payments for horse-hire, such as \$5, \$10, \$11, and the \$6 for office-rent at Murray Bay, should be supported by sub-vouchers.

Voucher 57940 is for \$74.59, the February pay-list of the Saguenay staff, the cheque being in favour of Mr. Supt. Boulanger. The messenger, Ovide Ouellet, has received by a mark, for which there is no third person's name as a witness.

Voucher 57815 includes a bill of \$180.26 from Mr. F. N. Gisborne for his travel to the North Shore and Anticosti, between July 22 and Aug. 23, 1890. There should be details for the item of \$24.26 for "Fares to and from Ottawa and Quebec, and from Dalhousie to Quebec, including pullmans." If board is included in the item of \$29 for "Steamer from Quebec to Natashquan, and back to Mingan, and from Gaspé to Dalhousie," there should be dates to show that the same time has not been reckoned for living allowance at \$3.50. The whole bill should be certified as "Incurred on Government business."

Cheque 57829 is for the January expenses of the St. Maurice staff. The vouchers are copies in the handwriting of Mr. Berlinguet; they should be the originals rendered by the creditors. One is a bill of \$11.40 for stationery and map-mounting, which should have been procured from the Queen's Printer and Controller of Stationery. The particular days on which work was done are not specified, as they should be. T. Lamothe's wages are receipted by J. Thompson, and Moise Godin's wages by Alph. Normand. Neither is valid unless accompanied by a power-of-attorney on the Government form.

Cheque 57953 covers the Chief Architect's staff for February, of which every member, including Mr. Ewart, is described as a draughtsman; also the pay-list for maintenance and repairs headed by Mr. Pruneau, in which the occupation is not described at all. The nature of the services performed by each employé should be described fully and accurately. The item of \$104.17 for Wm. Curran is receipted "Wm. Curran, per W. S. C." Please explain this, and let me have Mr. Curran's power-of-attorney on the prescribed form, naming "W. S. C." to receipt for him.

In the pay-lists for carpenters and labourers at Rideau Hall some of the signatures in the receipt column are apparently in the handwriting of Mr. Hutchison, the Clerk of Works, namely: in 57706 the names of N. Laflamme, T. Ambridge and J. Simard; and in 57897, those of N. Laflamme, M. Green and J. Simard. These receipts are not valid unless made under authority of a power-of-attorney on the Government form; and then they should read "N. Laflamme, by his attorney W. M. Hutchison," and similarly.

Cheque 58018 includes \$4.50 for Mr. W. M. Hutchison, the clerk of works at Rideau Hall, for "15 hours' extra time preparing for toboggan party." Please define the hours at which you consider that Mr. Hutchison's responsibility for Rideau Hall ceases, and after which he is entitled to extra pay for his services.

Cheque 57576 for \$55.70 is for the services and travel of Lucien Tremblay, the paymaster for the Lake St. John slide. There are two trips of 6 days each, for which dates should be given. The two entries of \$15 each, for horse-hire, should be supported by vouchers.

Cheque 57799 includes the Ottawa roads pay-list from Feb. 2 to 14. The receipts, with one exception, are in the handwriting of Mr. Côté, with crosses apparently in the same hand; and Mr. Gagnon makes the certificate "Signatures by mark necessary from inability to sign." This note, signed by Widow E. Fink, is attached: "Veuillez payer à M. Foubert ce qui me revient pour charroyage;" yet the receipt is: "Veuve x Fink." The certificate that the Widow Fink is unable to sign is incorrect, since she signed the order; the order should not have been recognized, since it was not on the Government form, and Mr. Foubert should have receipted "Veuve Fink, by her attorney M. Foubert;" or if unable to sign, he should have made his mark in this form himself.

I wish to call particular attention to the very common irregularity of which this pay-list is an example: that a large number of the crosses are made by the paymaster—and without the assistance of the creditor, if we may judge from the uniformity of the marks. The cross should be made by the creditor himself independently; and the certificate should state that he has expressed his inability to sign. It is customary, and preferable, to add to the cross the words "his mark." An effort should be made to induce the men to receipt with their signatures; in this road pay-list 57799, for instance, it is improbable that, out of a gang of 14 labourers taken at random, only one can sign his name.

Cheque 57953, the pay-list of the Chief engineer's draughting office for February, is charged to "Ottawa River Works, Slides and Booms generally." It includes \$77 for Mr. Nap. Moffette, for 28 days at \$2.75. Cheque 58216, for the February expenses of the Kingston dry dock, includes \$56 for Mr. Moffette's sustenance allowance in Kingston. It thus appears that Mr. Moffette's February pay is charged incorrectly to "Ottawa River Works."

Cheque 57952 is the pay-list of the Lévis dock for February. \$32 for Narcisse Lemelin is receipted "N. Lemelin, per Louis Moore;" \$35 for Alf. Drolet is receipted "Alfred Drolet, per F. L.," apparently Ferd. L'Abbé, the foreman. Without the written authorities, these receipts are inconclusive: there is no evidence that Messrs. Lemelin and Drolet have received their wages.

Cheque 57800 covers the pay-list for "Removing Snow," from February 8 to 14. \$7.50 for A. Cameron is receipted "A. Cameron, per J. D. Foisy." The proof of Mr. Cameron's obtaining his money is wanting.

Cheque 57612 is the January pay-list of the River Lièvre works. \$42 for G. Macklum is receipted "G. Macklum, by J. S. W.;" and \$28.75 for P. Kelly is receipted "P.

Kelly, by J. S. W.," the receiver being apparently the foreman, Jas. S. Wilson. For these, and for all similar cases, the written evidence should be complete that the cash has reached the hands of the workman who earned it, or that he has authorized its receipt otherwise in legal form.

Cheque 57953 includes the February pay-list of the General Repairs Staff at Ottawa, under the supervision of the Mechanical Engineer. The item of \$100 for Wm. King is receipted "Wm. King, per J. S. K.;" \$60 for G. F. Saunderson is receipted "G. F. Saunderson, per J. F.;" and \$48 for J. Dunlop is receipted "J. Dunlop, per J. F." The money should be traced, in writing, to those to whom it is due. It would be well to pay all these wages by cheques, instead of by cash; in which case the banks would see that the receipts were up to the requisite standard.

Cheque 57685, in favour of J. E. Burchell for \$375, is in payment of his services as clerk of works at the Sydney public building for the five months ended Jan. 31, 1891. Please explain why he was not paid at the end of each month, as his wages accrued.

Cheque 57651, in favour of P. Lamont for \$16.05, is in payment of stationery for the use of the clerk of works at Regina. These goods should have been ordered from the Stationery Office at Ottawa. I notice one item of \$10.50 for a roll of tracing-cloth; 42-inch rolls are supplied by the Stationery Office at \$5.30.

Cheque 57747 for \$50 is "an exceptional allowance" to F. Gallienne in consequence of losses sustained on transportation of provisions for working-gangs on North Shore and Anticosti during season of 1889. Please let me have a fuller explanation of this transaction, a reference to the particular vouchers covering the previous expenditure, and a mention of the authority for the exceptional allowance.

Cheque 57539, for the January expenses of the Toronto harbour works, includes an account of \$5.65 for stationery, which should have been ordered from the Stationery Office at Ottawa.

I am, Sir, your obedient servant,

The Secretary, Public Works Dept.

J. L. McDOUGALL, A.G.

Public Works Expenditure in March, 1891.

AUDIT OFFICE, OTTAWA, June 15, 1891.

SIR,—I beg leave to offer the following remarks on your expenditure for March, 1891, under letter-of-credit:—

In voucher 58114, the pay-list of the heating staff of the Halifax Dominion buildings, the item of \$62.50 for John Powell is receipted "John Powell, W. R. P." The authority from Mr. Powell on the Government form should be attached, and "W. R. P" should sign in full as Mr. Powell's attorney. John Dunn makes his mark for the receipt of \$39, and there is no third person's mark as a witness. The whole pay-list is certified by "John Powell, W. R. P," although Mr. Powell is able to sign his name, as shown by earlier receipts. Please have all these irregularities corrected.

Cheque 58123 is for the January expenses of the Bay of Fundy Telegraph Line. Three payments to Malachi Parker of \$4, \$3 and \$2.50, respectively, are marked "See voucher with original of this return." Please send the three vouchers to this office.

Cheque 58125 covers the pay-list for "Removing Snow" from Feb. 16 to 28. The time column gives only the total number of days worked by each man during the period in question. The particular days should be specified in this and in all similar cases.

Cheque 58131, for the February salary and expenses of Thos. Breen, covers an item of \$12 for office rent payable to C. O'Leary. The voucher in support of this item is in the handwriting of Mr. Breen and is not receipted, as are sub-vouchers generally. The same remarks apply to Mr. Breen's rent-vouchers in each month from

July to January. Please get bills from Mr. O'Leary in the future, and ask Mr. Breen to have them receipted at the time of payment.

Voucher 58136, from Adeline Arial for \$110.60 for painting, is paid by a cheque drawn in favour of "Thomas Pruneau, for Mrs. Arial." Mrs. Arial's vouchers for the seven previous months of the fiscal year are paid by cheques drawn in the same way, and all endorsed "Thos. Pruneau, for Mrs. A. Arial." Please obtain the necessary receipts from Mrs. Arial, the creditor.

The following accounts for travelling expenses should be certified in accordance with the Order in Council of Dec. 17, 1889, "The whole of this expenditure was incurred on Government business:" 58140, 58476, L. Coste; 58202, J. B. St. Laurent; 58208, 58379, 58449, E. D. Lafleur; 58257, 58367, 58475, I. Côté; 58290, R. B. Rogers; 58366, J. W. H. Watts; 58404, John A. Wills.

Cheque 58142 includes a bill from D. Scott for outlay in connection with the Ottawa River Works Office for February. The items of \$7.96 for telegrams, \$5.50 for cartage and \$8 for cleaning offices should be supported by vouchers.

In voucher 58144, the February pay-list of the dredge shipyard at Ottawa, the item of \$48 for Geo. McDonald is receipted "G. McDonald, per Wm. S." A receipt should be obtained from Mr. McDonald himself.

In voucher 58184 the February pay-list of the Montreal heating-staff, the item of \$45 for David St. George is receipted by a cross, with no third person's name as a witness.

Voucher 58187, from Morel & Gagnon for \$90, is for a cupboard placed in the Langevin Block. I would like to have this, and all vouchers for supplies to the Departments at Ottawa, marked with the name of the particular Department for which the supplies are intended. This is done already on most of the vouchers.

Voucher 58194, for \$41, in favour of Thos. Treleven, for his salary and expenses as clerk of works at Beaverton, is a copy in the handwriting of Mr. Gray, the engineer in charge, instead of an original made out by Mr. Treleven. The items of stationery, amounting to \$1, are irregular.

In voucher 58200, for Mr. G. A. Brown's travel for February, there should be bills in support of the larger items of horse-hire, such as \$15, \$10 and \$10.50.

Voucher 58201 is the St. Lawrence ship channel pay-list for the half month ended Feb. 28. The item of \$8.40 for H. Godin is receipted "H. Godin, H.S." This is not a complete discharge of the paymaster's liability. Of the 138 names on this pay-list, 45 are receipted by signatures and 93 by crosses—the crosses not being designated as "his mark." This proportion of mark-makers—namely, two-thirds—is probably larger than is necessary. I would like to see the certificate "Marks necessary from inability to sign" (which is omitted from this pay-list) changed to that originally suggested by me: "Those making marks have declared their inability to sign"; and efforts should be made to induce those to sign who can.

Of the vouchers attached to this ship-channel pay-list 58201, Nos. 7, 8 and 11, and twenty of the twenty-nine sub-vouchers attached to No. 12, are in the handwriting of Mr. Dorais, the agent of the Public Works Department at Sorel. They should be originals made out by the creditors. Of these 29 sub-vouchers, Nos. 1, 7, 8, 9, 10, 11, 12, 14, 15, 16, 17, 20, 21, 22, 23, 25, 26 and 27, amounting to \$81.85 in all, are receipted by crosses for which the witness is Mr. Dorais, who also appears to have made the crosses himself, judging from their uniformity. The combination in the same person of the two duties of voucher-copier and mark-maker or witness takes away one of the formal safeguards which are seldom too numerous. This subject is discussed at greater length under Voucher 58288.

Voucher 58204 is for \$300 in favour of Rev. P. A. Milot, of Olscamp, as follows: "Pour la confection de 65 bouées, et le service du bateau durant 9 jours en 1889, pour sonder et baliser le chenal entre les Grandes Piles et la Tuque, distance de 75 milles, \$225; pour le service du bateau durant 4 jours et avoir fourni et posé 85 bouées dans le dit chenal durant l'été de 1890, \$75." The calculation of the two items should be given, as well as an explanation of the delay in paying the service of 1889; and the voucher

should be made out by Mr. Milot himself, instead of by Mr. Berlinguet, the officer who certifies it.

Voucher 58205, in favour of Thos. Keaough, is for "Hacking, reglazing and painting skylights of boiler houses in East and West Blocks: 102 lights of rough rolled plate glass, 6 x 1 ft., at \$7—\$714." The certificate "Work done: prices fair and just," is signed "Thos. Pruneau, J.D.G." in the handwriting of Mr. J. D. Gareau, Mr. Pruneau's assistant. The essential point about these certificates is that they should be made by the officers who have personal knowledge of the particular facts certified, and by no one else. In this case, if it was Mr. Gareau who inspected and measured the work, he should certify over his own name, since Mr. Pruneau is involved no more than any other officer.

In the account No. 58207 of Mr. George L. Bouchier for travelling expenses, the following items should be supported by vouchers: Box for chains, \$2; testing box, \$1.50; tide gauge, \$2.50. The certificate "incurred on public business" is signed by initials, instead of by a full signature.

Voucher 58215, for \$51 in favour of A. McBride, for hardware for the Calgary Court House, is certified by Mr. H. D. Johnson, "goods supplied, prices as agreed." Unless the prices are fixed by contract under advertised tender, the certificate should be "prices fair and just."

Voucher 58216, the pay-list of the Kingston Dry Dock Staff for February, contains an item of \$8.60 for stationery, which should have been ordered from the Government Stationery Office at Ottawa.

Voucher 58233, for \$10.25 in favour of E. St. Aubin for copying, is made out by Mr. J. P. Prudhomme, the officer who certifies it as correct; and there are several similar instances. The claim for the money should be made by the person who earned it.

Vouchers 58237 and 58457 cover pay-lists for "removing ashes and rubbish" from the Departmental Buildings from Feb. 23 to March 21. The four labourers in each pay-list receipt by marks; and Mr. Robertson signs his name underneath. After Mr. Robertson's signature there is stamped: "Undersigned certify to each signature and payment as above. Signatures by mark necessary from inability to sign." This certificate cannot be considered as Mr. Robertson's, who is not the undersigned. Mr. Robertson should sign after the words above-mentioned have been written, and under them.

In pay-list 58239, for "Ottawa Buildings, Repairs," the item of \$27 for H. Philion is receipted "H. Philion, L. Coté." A receipt should be obtained from Mr. Philion.

In the Rideau Hall pay-list of the same number, the signatures of G. Reid and W. Wende appear to be in the handwriting of Mr. W. M. Hutchison, the Clerk of Works, who witnesses the receipts.

Vouchers 58241 to 58244, in favour of Jos. Patry, Dan'l Roy, H. Proulx and Chas. Potvin respectively, appear to be in the handwriting of Mr. J. D. Gareau, the officer who certifies them in the name of Mr. Pruneau as "work done, prices fair and just." Vouchers 58245 to 58248, in favour of Theo. Bussière, Tel. Pruneau, E. St. Pierre and John Keays, respectively, appear to be in the handwriting of Mr. J. H. Derinzy, the officer who certifies them "Work done, correct." The creditors should make out their own bills, even if they have to be corrected afterwards by the examiner.

Voucher 58259, for \$56 in favour of G. A. Derome, is for "services in Secretary's office during month of February, 28 days at \$2." The cheque is drawn "A. Gobeil, for the late G. A. Derome," and is endorsed in the same words. Please let me know whether this disposition of the money was sanctioned by the Treasury Board, as required by their Minute on the subject of "Balances due to Estates," dated June 19, 1888, and shown on page B-15 of my Report for 1889-90. I would also like to be informed of the date of Mr. Derome's death. If it occurred in February, his salary should have ceased on that day, and the wording of the account is inaccurate.

No. 58271 is for timber to the amount of \$599.86, supplied by Geo. Lebel, of Cacouna. The kind of timber should be specified.

Nos. 58266, 58267, 58269, 58272, and 58273 are vouchers for wages, all made out by Government officers other than those to whom the wages are due.

In voucher 58276, for February expenses of the Port Arthur Staff, the bills of Messrs. Mann and Clarke are made out by Mr. Murdoch, the Engineer who certifies them.

Voucher 58277, from the Bell Telephone Co. for a telephone for Cheney Island, is marked by Mr. Keeley "original hereof certified as to delivery, by W. Cheney." The vouchers supplied to this office should carry the original certificates of the persons who have actual knowledge of the facts which they certify.

The item of \$10 for Mr. C. E. Michaud's office rent, in No. 58286, should be accompanied by a voucher from the person to whom the money is due. The same remark applies to three items in Mr. Rosa's account No. 58287, namely those for \$1.80, \$2.50 and \$4.

I call your particular attention to 58288, the February pay list for repairs at the Shawenegan slide, as showing a combination of irregularities which destroys every safeguard against the local officer. The four vouchers for timber (Onésime Caron, \$95.26; Elie Gerbeau, fils, \$47.04; Narcisse Lampron, \$12; Hector Bellemare, \$35.22) are in the handwriting of Mr. Arthur Rousseau, the Slidemaster; and they are certified by him "Arthur Rousseau," without describing the facts which his certificate covers, such as "materials received" or "prices fair and just." The Superintendent, Mr. Lajoie of Three Rivers, affixes his name, "C. Lajoie," also without describing what his certificate means. The vouchers for the previous months of the fiscal year are made out in the same manner: in Mr. Rousseau's handwriting, and with no certificate but the two names of Messrs. Rousseau and Lajoie. For the value to be attached to the examination by Mr. Superintendent Lajoie, as based on his personal knowledge of transactions at the Shawenegan Slide, we search for his accounts of travelling expenses while away from his headquarters at Three Rivers between June 1, 1890, and March 31, 1891; and we find nothing but an item of \$1 in July for a trip to the Booms. As far therefore may as be inferred from his having no travelling expenses, he has not been at the Shawenegan Slide, and has not seen the timber. The accounts, after approval at Ottawa, were cashed in one cheque to Mr. Nap. Dagneau of Three Rivers, the paymaster, who took the money to Shawenegan to pay the creditors—and he secured no better receipts on the vouchers than these: "Reçu paiement, Onésime Caron, per A. R.;" "Reçu paiement, Elie Gerbeau, fils, per A. R.;" "Reçu paiement, Narcisse Lampron, per A. R.;" and "Reçu paiement, Hector Bellemare, per A. R.;" all these receipts being written by Mr. Slidemaster Arthur Rousseau, and no authority from the creditors being attached. Here again the previous months' accounts are treated in the same way. I know nothing about Mr. Rousseau—it is not for this Office to know persons, but systems. And this system is so bad that it can be stated in these words: "On the vouchers there is no evidence that anyone but Mr. Rousseau has seen the materials, or the creditors who supplied them; and there is also no evidence that the money has passed beyond the hands of Mr. Rousseau, who made out, certified and received the accounts." Please obtain receipts from the creditors for all of this expenditure since June 1, 1890, the period charged in the present fiscal year.

These remarks apply also to three items of wages in the same pay list, namely, those receipted "Onésime Gelinias, per A. R.;" "Charles gros Gelinias, per A. R." and "Victor Hamel, per A.R." 17 of the workmen receipt by mark, for which there is no third person's name as witness. The particular days on which each man's work was performed should be specified.

The St. Maurice staff pay list for Feb., No. 58288, has the following defects: \$84 for J. B. Normand is receipted "J. B. Normand, per J. L. N.;" \$28 for Louis St. Onge is receipted "Louis St. Onge, per A. Rousseau"; \$36 for Francis Lacroix is receipted "Francis Lacroix, per U. C.;" and two men sign by marks which no third person witnesses. Mr. Dagneau should give dates for the days on which he makes his trips up the river. The account of Antoine Bernier for \$15 is made out by Théophile LaRue, the officer in charge at Grand'Mère, instead of by the creditor. The last two remarks apply also to previous months.

In 58294, a Gatineau repairs pay-list, the dates on which work was done by each man should be given.

No. 58298 should be supported by a voucher from H. Carr.

In 58300, the February pay-list at Cape Tormentine, the item of \$42.50 for Inspector E. P. Goodwin is not certified by Mr. Shewen, the resident engineer.

No. 58301 covers \$7.45 for stationery for John B. Bright, the Clerk of Works at Lethbridge. This should have been ordered through the Government Stationery Office.

In 58291, the February pay-list of the Yamaska Lock, the item of \$11.25 for Onésime Mineau is receipted "Onésime Minot, par A. L.," by Mr. Antoine Labbé, the lockmaster. A receipt should be obtained from Mr. Mineau.

Voucher 58310 for \$168.21 from the G. N. W. Telegraph Company, and voucher 58311 for \$194.02 from the C. P. R. Telegraph, for telegrams at Ottawa in February, should be supported by detailed accounts, giving the names of the persons sending and receiving the telegrams, as is done with the accounts charged to Civil Government Contingencies. Of the total \$362.23, the sum of \$12.45 for two bills marked "Telegraph Branch" is charged to "Telegraph Service Maintenance"; and \$394.78 for two bills marked "Public Works Department," is charged to "Dredging Generally." I would like to have an explicit certificate that the manner in which the month's telegrams accrued corresponds accurately with the distribution of their expense among the votes, namely: \$349.78 for dredging; \$12.45 in the telegraph branch; and nothing at all for public buildings, harbours and rivers, slides and booms, or roads and bridges.

Voucher 58315, from Lucien Tremblay, should show dates for the trips charged, and a sub-voucher for the \$15 horse-hire.

In Mr. Millidge's account for Feb., No. 58352, there is an item of \$4.50 marked "paid for tracing plan of Pictou," for which a sub-voucher is needed. The 5 yards of drawing paper should have been ordered through the Stationery Office at Ottawa.

The stationery described in 58358, purchased from R. D. Richardson, should have been ordered through the Stationery Office, Ottawa.

Mr. F. M. Hamel, in No. 58374 and other vouchers, gives only the first and last day of each trip. The date of each item should be marked.

No. 58383 is a pay-list for "breaking stone on Ottawa roads" from March 3 to 12. The item of \$6.13 for Dan. Gleason is receipted "Thomas Gleason."

Voucher 58410 from A. R. Parent, of Ottawa, reads "Pour services du mois de février, 28 jours à \$1.50." The nature of the services should be described in this and in all similar cases.

Voucher 58411, from John Shepherd, for \$308.86, is for "cleaning and tinting walls and ceilings in Public Buildings, and painting woodwork." Please mention the Departments in whose offices the work was done.

Voucher 58547 from Ahearn & Soper for 6 cases of zincs, is marked "Original hereof certified 'Goods Received,' by H. J. McHugh." The original certificate should be on the voucher for the Audit Office.

Voucher 58455 from Harris & Campbell for \$90, is for "one large case for Post Office Department." There should be some description of the case, as a check upon the price, for the information of those who are not in the line of seeing the furniture itself.

Voucher 58457 is the repairs pay-list for Rideau Hall from March 8 to 21. The names of T. Ambridge and J. Simard in the receipt column are apparently in the handwriting of Mr. W. M. Hutchison, the clerk of works. Please procure receipts from Messrs. Ambridge and Simard.

Voucher 58459 from P. H. Chabot is for "101 yards of linoleum" at \$1.30, for the House of Commons." There should be some description of the grade or quality, as a check upon the price,

Cheque 58469 covers the repairs pay-list at Ottawa, from March 9 to 21. The item of \$30 for F. Breton, a carpenter at \$2.50, is receipted "F. Breton, L. C."; and the item of \$27 for H. Phillion, a carter at \$2.25, is receipted "H. Phillion, L. C."; the initials resembling those of L. Coté, the second name on the list. The item of \$18 for F. Perchard, a labourer in the Justice Department at \$1.50, is receipted "F. Perchard, J. B. L.," apparently by Mr. J. B. Lamontagne, the timekeeper. Please obtain good receipts for these three payments.

Voucher 58473 is the pay-list for repairs between March 6 and 18, at Chute aux Iroquois on the St. Maurice. The voucher from Alphonse Normand for \$140.25, (which should be in his writing, instead of in that of Mr. Berlinguet, who certifies it), contains an item of \$119 for board of men at 50 cents a day, for 238 days in all. The days charged in the pay-list add up to 215. Please explain the difference of 23 days.

No. 58476 covers the travel of Mr. Coste, for three trips, namely: Jan. 14 to 16, March 3 to 5, and March 16 to 20. The date of each item should be given, and the voucher should be certified "The whole of this expenditure was incurred on Government business."

In 58483, the clerk of works' pay-list for March, the item of \$100.75 for Mr. Pruneau is receipted "Thos. Pruneau, per J. D. G." Please obtain a receipt from the legal representative of the late Mr. Pruneau. The description column, which is blank, should be filled up with a statement of the nature of each man's duties.

Voucher 58486 is the pay-list of the Chief Engineer's draughting branch for March, 1891, and is charged to "Port Arthur breakwater." This pay-list contains the usual item of \$2.75 a day for Nap. Moffette, amounting to \$85.25. Voucher 58722 for March expenses of the Kingston dry dock includes \$62 for Mr. Moffette's living allowance in Kingston from March 1 to 31. It therefore appears that Mr. Moffette's salary for March is charged wrongly to "Port Arthur breakwater." The previous month's pay-lists are signed for Mr. Moffette by some other person, the initials being given. The signature "N. Moffette" in March is so radically different from that on his vouchers for living expenses that I am unable to accept it in receipt, without an explicit assurance that it was made by his own hand.

No. 58487, the pay-list of the Chief Architect's staff for March, repeats the two irregularities noticed in February. All the employes, including Mr. Ewart, are described as "draughtsmen"; and Mr. Curran's salary is receipted "Wm. Curran, W.S.C." Mr. Curran's own receipt will be necessary.

Cheque 58552 includes the March pay-list of the general repairs staff under the control of the Mechanical Engineer. The item of \$100 for Wm. King is receipted "Wm. King, per J. S. K." The item of \$48 for J. Dunlop is receipted "J. Dunlop, per J. F." Please obtain receipts from Messrs. King and Dunlop.

I am, Sir, your obedient servant,

J. L. McDOUGALL, A. G.

The Secretary Public Works Dept.

TEMPORARY CLERKS.

MARINE DEPT., OTTAWA, July 27, 1891.

SIR,—I have the honour to acknowledge receipt of your letter of the 13th instant, in further reference to temporary clerks employed in this Department, and in reply I am to inform you that Mr. Burpee is a stenographer and type-writer employed solely under Mr. Anderson, Engineer of the Department, and paid out of the vote for construction. A report to council in his case will be made. Mr. Weir has not passed the qualifying examination yet but intends presenting himself for examination the coming fall. He intended trying last year, but found he was too late, and Mr. LeSueur would not let him try until this year. He is much required at present as an extra clerk, but your objection seems to be well taken, and I have notified him, so that at the end of this month his services will end. In reference to Mr. B. H. Fraser: after drawing attention to Section 31, Clause 2, C. S. Act, viz. :—“Graduates of the Royal Military College, and of any University in Canada, shall be exempt from the qualifying examination.” Also Section 47, Clause 2 :—“The rate of remuneration to be paid for temporary service shall not exceed the minimum salary of a 3rd class clerk, unless the service performed is technical, and requires special qualifications,” he informs me that he has a diploma of graduation from the Royal Military College of Canada of date 27th June, 1889, and this fact in connection with the above quoted sections and clauses he considers fully covers the circumstances of his employment. Mr. Lampey states that he has been continuously employed since the 14th of June, 1881, and consequently is exempt under Sub-section 3 of Section 37. Mr. Cox also draws attention to Clause 2 of Section 47. Therefore, it would appear from these statements that Messrs. Cox, Fraser and Lampey, employed as draughtsmen and technical officers in the engineer's office, do not come under the meaning of the Act relating to extra clerks.

The Auditor General.

I am, Sir, your obedient servant,

WM. SMITH, *D.M.M.*

AUDIT OFFICE, OTTAWA, Oct. 3, 1891.

SIR,—I beg to acknowledge the receipt of your letter of the 27th July in further reference to the temporary clerks employed in your Department. The continued employment of Mr. Fraser, he being a graduate of the Royal Military College, at his present rate of payment, is legal, provided he possesses technical qualifications and is engaged on technical work. Please ask Mr. Anderson to certify his salary vouchers accordingly. With regard to the other clerks—Messrs. Cox, Lampey, Burpee and Weir—it appears to me that under the Civil Service Act as amended they are obliged to pass the qualifying examination. The section of the Act quoted in your letter (37), plainly has reference to permanent clerks. Section 47 deals with temporary service, and sub-section (2) which permitted the continued employment of clerks who were in the service of the several Departments on the 1st July, 1882, has been repealed by the Act of 1888.—*See* 51 Vic., Chap. 12, Sec. 11.

The Deputy Minister of Marine.

I am, Sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

MARINE DEPT., OTTAWA, Oct. 15, 1891.

SIR,—I beg to acknowledge receipt of your letter of the 3rd instant, in further reference to the employment of certain temporary clerks, and stating that you consider that Messrs. Cox, Lampey, Burpee and Weir should pass the qualifying examination required by the Civil Service Act. In reply I beg to inform you that Mr. Weir is not now in the employ of the Department, and with reference to the others I may observe that they are not clerks in the ordinary sense but are employed in connection with the construction and maintenance of lighthouses, and I do not consider that they should come under the provisions of the Civil Service Act. I may observe, however, that Mr. Cox is a professional architect and land surveyor, that Mr. Lampey is a mechanical

engineer, and Mr. Burpee, is a shorthand writer and type-writer, so that they may all be considered as possessing technical qualifications.

Yours very truly,

The Auditor General.

WM. SMITH, *D.M.M.*

P.S.—If you do not agree with me the subject will be submitted to the Treasury Board in the usual way.

AUDIT OFFICE, OTTAWA, Nov. 6, 1891.

SIR,—I have the honour to acknowledge the receipt of your letter of the 15th ult., in further reference to the continued employment in your Department of the temporary clerks Cox, Lampey and Burpee, who have not passed the Civil Service qualifying examination, and stating that, as they are not clerks in the ordinary sense, but are paid from the appropriation for the construction of lighthouses, they are not subject to the provisions of the Civil Service Act. I beg to point out with reference to your view of the case that the Treasury Board, acting on the opinion of the Department of Justice, has, in a minute dated 6th June last, decided differently, and that it was in consequence of this decision I called your attention to the employment of Messrs. Cox, Lampey and Burpee.

I am, Sir, your obedient servant,

The Deputy Minister of Marine.

J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, Dec. 4, 1891.

SIR,—I beg to acknowledge the receipt of your letter of the 2nd inst., enclosing a certificate from the secretary of the Board of Examiners of Land Surveyors for the Province of Ontario to the effect that C. F. Cox now employed, in the Marine Department, is a Provincial Land Surveyor, and claiming because of this qualification it is not necessary under the Civil Service Act that he should have passed the qualifying examination before being employed in his present capacity. I am not aware of any provision in the Civil Service Act to this effect, Certainly section 4, which you quote, does not so provide. Section 31, as amended by 51 Vic., chap. 12, sec. 5, provides that graduates of the Royal Military College, or of any University of Canada, shall be exempt from the qualifying examination, and under sub-sec 4. of sec. 39 it is provided that in the case of land surveyors, &c., the promotion examination may be dispensed with, when such are employed or seeking promotion in the line of their profession. Neither of these sections applies to the case of Mr. Cox, and I shall be obliged if you will point out the section of the Act under which you claim he may be continued in the employment of the Government as a temporary clerk because he is a land surveyor.

I am, Sir, your obedient servant,

The Deputy Minister of Marine.

J. L. McDOUGALL, *A.G.*

INCOMPLETE VOUCHERS.

MARINE DEPT., OTTAWA, Sept. 29, 1891.

SIR,—I have the honour to acknowledge receipt of your letter of the 22nd inst., in regard to vouchers 4053, 4462, 5830, 6104 and 7188, furnished by Messrs. Noonan and Davies, being insufficient on account of no receipts being furnished from the men to whom the money was paid. In reply I have to inform you that it is found very difficult to procure vouchers from men who only work in some instances a few hours loading or unloading the vessel as found necessary; but the Department will endeavour in future to get such vouchers if possible. With reference to the accounts of Dawson & Gordon, John Munro, Thos. Meagher and Pope Bros., being sent for payment in the usual way, and not paid from the cash advanced to our agents, I have to inform you that for some time past the Department has paid such accounts direct to the parties after they have

been rendered by Messrs. Noonan and Davies in the same manner as followed by the other agents of the Department.

I am, Sir, your obedient servant,
The Auditor General. JOHN HARDIE, *for D.M.M.*

STEAMER "STANLEY."

MARINE DEPT., OTTAWA, Nov. 11, 1891.

SIR,—I have to acknowledge receipt of your letter of the 4th instant, asking for explanation of certain payments made during last year, for the board of the captain and certain seamen of the Government str. "Stanley," and in reply I beg to inform you that the captain, engineers and firemen were employed by this Department while the steamer was undergoing repairs on the marine slip. At the time the rest of the crew were discharged, and no provision being made for the maintenance of these men on board the ship, the officers and firemen were boarded on shore.

I am, Sir, your obedient servant,
The Auditor General. WM. L. MAGEE, *for D.M.M.*

CONSTRUCTION OF LIGHTS.

AUDIT OFFICE, OTTAWA, Dec. 10, 1891.

SIR,—I beg to bring to your notice the vouchers sent me in support of expenditure connected with the construction of certain works at the following places and which is charged against the Vote for Construction of Lighthouses:—

Cap de la Madeleine.

There is no certificate attached to Voucher 7444 that the work has been performed and that the amount paid is according to contract.

Cap Normand.

The vouchers furnished by T. Routhier for labour, amounting to \$1,860.57, are not received by the men to whom the different sums were paid.

Carmanah Point.

Vouchers 1189, 2664 and 6783 for advances to the contractor, G. H. Frost, are not supported by certificates from the officers of your Department having immediate supervision of the work that sufficient progress had been made at the time of payment to justify these advances. The only evidence to this effect sent me is contained in memos. initialled by Mr. W. P. Anderson. In one instance it is stated that "the agent's report of material on the ground and work done would indicate that over \$2,000 worth of material are on the ground and \$300 or \$400 worth of work done." On another account Mr. Anderson states that on account of the reports received respecting the progress of the work it would be safe to make the advance asked for. I beg to point out that intimations of this kind as to the information in the possession of the Department relative to items of expenditure submitted to me for audit are not sufficient for that purpose. The original certificate of the supervising officer should be attached to all applications upon which advances have been made to contractors during the progress of the work. These certificates should state that the work in question had been sufficiently advanced to warrant the Department in making the payment asked for.

No details are furnished for payments for Indian labour and fish oil, &c., amounting to \$138.75—vouchers 754 and 2507.

Centre Brother Island.

The owners of the str. "Khartoum" were paid \$2 for freight by cheque 1541, which seems to have been previously paid to U. J. Leonard by cheque 320. There is no certificate as to the satisfactory completion of the work done by Mr. Leonard attached to this voucher (320).

Charlottetown.

Please send me the certificates on which \$350 and \$60 were allowed Messrs. Haszard & Howlan, respectively, as fair and just compensation for the land obtained from them for lighthouse purposes.

Cheticamp Range.

The certificate "fair and just" is not attached to voucher 7394, rendered by Fulgence Aucoin for damage done to his house by storms.

By cheque 2492 M. McFadyen was paid \$750.93, balance of contract, and by cheque 7450 a further sum of \$102.07 in full settlement. There are no other particulars or information given me relative to these two payments, and neither is supported by the certificate required by sec. 33 of the Audit Act. By cheque 860 Dr. N. Fiset was paid \$99.88, for which he furnished vouchers, and by cheque 6074 a further amount of \$34.19 as balance of claim in connection with construction. There are no details given in support of this amount. A memo. attached gives the amount of the contract, \$200. The total amount paid, including an item of \$10 to Dr. Fiset, for inspecting is \$312.07. Please let me have your explanation of the two payments made to Mr. McFayden and of the payment of \$34.19 to Dr. Fiset.

Narrow Island.

Voucher 4064 is not certified at all, and vouchers 575 and 2576 are not certified as to the performance of the work for which payment was made.

Coldspring Head.

The necessary certificate as to the price paid is not attached to vouchers 289 and 740.

Point Peter.

Vouchers 1156 and 2930 are not certified as to the performance of work.

Yellow Island.

An advance of \$1,000 was made to the contractor, J. A. Bittancourt, but the necessary certificate is not attached to the voucher.

I should like to have your explanation of the different payments to which I have called your attention at your early convenience, that I may be able to publish them if necessary in my report for the year 1890-91.

I am, Sir, your obedient servant,

The Deputy Minister of Marine.

J. L. McDOUGALL, A.G.

SUPERANNUATION.

AUDIT OFFICE, OTTAWA, Jan. 7, 1892.

SIR,—I beg to point out with reference to the Order in Council sent me for the appointment of Mr. Robert Allan as messenger in the office of the agent of Marine at St. John, N.B., that under sub-section (b) of section 2 of the Superannuation Act it is necessary, in the case of officers of the Outside Service to whom the Civil Service Act does not apply, that the Governor in Council should designate the persons whom it is intended to bring under its provisions. In the case of lightkeepers, when it is intended to bring them under the Superannuation Act it is the rule to state so in the Orders in Council appointing them. It appears to me the same course should be followed in regard to all other officers in the Outside Service of the Marine Department. I am not aware of any general Order in Council dealing with cases of this kind.

I am, Sir, your obedient servant,

The Deputy Minister of Marine.

J. L. McDOUGALL, A.G.

SALARIES MESSRS. POPE AND MORGAN.

MARINE DEPT., OTTAWA, Dec. 21, 1891.

SIR,—Referring to the Order in Council of the 24th of October last, appointing Messrs. George H. Pope and E. B. Morgan inspectors under the authority contained in the 4th section of the Act 54 Victoria, chapter 36, respecting the shipping of live stock from Canada, I have the honour to inform you that two months' salary will be due these inspectors on the 31st instant, amounting to \$333.33. As the fees collected by them

under the Act referred to in the Order in Council, only amounted to \$169.36, and as these fees were deposited to the credit of the Receiver General, as required by the Act, I will be obliged if you will inform me how the inspectors are to be paid for November and December, and also how they are to be paid until the opening of navigation, when fees will again be collected. I enclose herewith for your information a copy of the Act.

I am, Sir, your obedient servant;

The Auditor General.

WM. SMITH, *D.M.M.*

AUDIT OFFICE, OTTAWA, Dec. 28, 1891.

SIR,—I beg to acknowledge the receipt of your letter of the 21st inst., requesting to be informed how the Inspectors appointed under 54 Vic., chap. 36, are to be paid their November and December salaries, the fees collected not being sufficient for that purpose, and having been deposited to the credit of the Receiver General. It seems to me that under the Act in question only the amount deposited as fees may be paid in salary, and I shall be glad to issue cheques accordingly upon your application, supported by a statement showing the amount of fees collected by each inspector and deposited by him to the credit of the Receiver General. I have not received the Order in Council appointing Messrs. Pope and Morgan and determining the salaries to be paid them.

I am, Sir, your obedient servant,

The Deputy Minister of Marine.

J. L. McDOUGALL, *A. G.*

COMPENSATION TO H. D. TROOP.

AUDIT OFFICE, OTTAWA, Dec. 29, 1890.

SIR,—With reference to your application for the issue of a cheque in favour of Howard D. Troop for \$1,400, compensation for damage done to a schooner owned by him by the str. "Lansdowne," I beg to request that you will cause to be sent me the evidence upon which you decided the amount in question to be a liability of the Government and a fair and just compensation for the damage sustained. I have not been furnished with the Order in Council authorizing the payment of the sum you ask from unforeseen expenses. I beg to inform you that I have been holding over for some time an application for the payment of a gratuity to the wife of the late Wm. Ross, and one or two other applications, because the Orders in Council authorizing the payments have not been sent me.

I am, Sir, your obedient servant,

The Deputy Minister of Marine.

J. L. McDOUGALL, *A. G.*

MARINE DEPT., OTTAWA, Jan. 3, 1891.

SIR,—I have the honour to acknowledge receipt of your letter of the 29th ultimo, in regard to the application made for the issue of a cheque in favour of Howard D. Troop, for \$1,400 and with reference to your request that the evidence might be sent you upon which it was decided to pay the amount. I beg to enclose the papers in the case, together with the Order in Council authorizing payment. I have to request, however, that these papers, including the Order, be returned as soon as the cheque has issued, as they are required for record in this Department. I regret the delay which has occurred owing to your holding over applications because you had not been furnished with Orders in Council authorizing the payment, but I cannot accept any responsibility for such delay, as I cannot give the Orders in Council to be filed in your Department. I am informed by the Clerk of Council that he furnished you with a copy of the Order authorizing the gratuity to the widow of the late William Ross, on the 17th ultimo, so that there would appear to be no reason for deferring the payment of this gratuity to this late date.

I am, Sir, your most obedient servant,

The Auditor General.

WM. SMITH, *D.M.M.*

Note by the Auditor General—A memo. stating that an Order in Council granting a gratuity to Mrs. Ross was received at this office from the Clerk of the Privy Council on Jan. 10, 1891, and the cheque issued immediately thereafter.

Extra Pay, Distributing Bounty—Incomplete Vouchers.

AUDIT OFFICE, OTTAWA, April 9, 1891.

SIR,—I have the honour to bring to your notice the voucher sent me in support of a payment of \$1,500 to the clerks of your Department who were employed in connection with the issuing of fishing bounty cheques. This voucher is numbered 2735 to 2747 and contains merely the names of those employed and the amounts paid to each, with a certificate by Mr. Kent that the work was performed in accordance with agreement with the Minister. I beg to point out that the particulars given are not sufficient to meet the requirements of Section 33 of the Audit Act. The clerks in question should be called upon to furnish separate accounts, giving the number of days or hours for which charge is made, with dates of employment, and the accounts so furnished should be certified by the proper officer that the work was in connection with the fishing bounty, that it was duly performed, and that the price charged is fair and just.

I am, Sir, your obedient servant,

The Deputy Minister of Fisheries.

J. L. McDOUGALL, A.G.

FISHERIES DEPT., OTTAWA, April 24, 1891.

SIR,—I beg to acknowledge the receipt of your letter of the 9th instant, having reference to the payment of \$1,500 to the clerks in this Department who were employed in connection with the issuing of fishing bounty cheques, and to enclose as requested the certificate of the proper officer who had charge of the work, which, in view of the authority of an Order in Council sanctioning the arrangement, would seem to fully meet the requirements of Section 33 of the Audit Act, to which you refer.

I am, Sir, your obedient servant,

The Auditor General.

JOHN TILTON, D.M.F.

AUDIT OFFICE, OTTAWA, May 5, 1891.

DEAR SIR,—I have the honour to acknowledge the receipt of your letter of the 24th ultimo, with reference to the payment of \$1,500 to certain permanent and temporary clerks in your Department for services rendered in connection with the issuing of fish-

ing bounty cheques, in which you state that as the arrangement made by the Minister with regard to the payment in question was sanctioned by Council, the requirements of Section 33 of the Audit Act were complied with when the proper officer certified that the work had been performed. It does not appear to me that the sanction of Council relieves your Department of the responsibility of obtaining accounts showing the length of time each clerk was employed at the particular work for which he was to receive extra pay, as in the absence of such information, it is clear the certificate required by Section 33 of the Audit Act as to the reasonableness of the price charged cannot be given. I understand though from the Order in Council to which you refer that the amount therein sanctioned was not to be paid until it had first been submitted in the estimates for the consent of Parliament, and consequently has not been authorized fully even yet.

I am, Sir, your obedient servant,

The Deputy Minister of Fisheries.

J. L. McDOUGALL, *A.G.*

FISHERIES DEPT., OTTAWA, July 16, 1891.

SIR,—Having reference to your letter of May 5 last, in connection with the payment of the sum of \$1,500 to the clerks of this Department (Parliament having made the necessary appropriation in such form as to permit this being done), for extra services in connection with the distribution of the fishing bounty for the year 1890, I observe you are of the opinion that in the absence of an account showing the length of time each clerk was employed at the particular work for which he was to receive extra pay, the certificate required by Section 33 of the Audit Act, as to the reasonableness of the price charged, cannot be given. In reply I beg to invite your attention to the fact that the agreement under which the work in question was performed was sanctioned by His Excellency in Council, upon a report of the Minister of Marine and Fisheries, after a very careful consideration of the clerical labour involved in the distribution of the bounty in question, and I may also point to the fact that the average cost of this work for the five years previous to 1890 was \$3,667 per year, while the cost for 1890 was \$3,717, with the result that the bounty was distributed at a much earlier date than under the old system. Under these circumstances it would appear to me that the officer under whose superintendence this work was done, was amply justified in giving the certificate which accompanied my letter of April 24, and fully complies with the requirements of Section 33 of the Audit Act.

I am, Sir, your obedient servant,

The Auditor General.

JOHN TILTON, *D.M.F.*

AUDIT OFFICE, OTTAWA, Oct. 5, 1891.

SIR,—I have the honour to acknowledge the receipt of your letter of July 16 last in further reference to the payment of \$1,500 to clerks in the Fishery Department for extra work in connection with the issuing of the fishing bounty cheques, and regret that owing to the pressure of work during the Session of Parliament I have not been able until now to attend to it. I fail to see any good reasons why the clerks to whom payment was made should not furnish vouchers in detail. The fact that the agreement under which the work was performed was sanctioned by Council, and that the amount spent was less than the average of the last five years, does not, in my opinion, dispense with the necessity of such accounts. The vouchers required should show the length of time each clerk was occupied at the work in question, or the total quantity of work performed by him, together with the rate at which payment was made in either case.

I am, Sir, your obedient servant,

The Deputy Minister of Fisheries.

J. L. McDOUGALL, *A.G.*

FISHERIES DEPT., OTTAWA, Oct. 15, 1891.

SIR,—I have the honour, by direction, to acknowledge the receipt of your letter of the 5th instant, with further reference to your request for vouchers in detail, for the payment of \$1,500 to the clerks in this Department, for extra work in connection with the fishing bounty for 1890. Having laid the correspondence before the Minister, I am, by direction, to inform you that he is of opinion that the system sanctioned by Minute of Council does not admit compliance with your request as to an exhibit of the total quantity of work performed by each clerk, inasmuch as under the contract with the staff of his Department a specific amount is mentioned, and is earned by all and divided on the satisfactory completion of the work, and within the time mentioned in the Order in Council.

I am, Sir, your obedient servant,

The Auditor General.

JOHN TILTON, *D.M.F.*

AUDIT OFFICE, OTTAWA, Nov. 6, 1891.

SIR,—I beg to acknowledge the receipt of your letter of the 15th ult, refusing, under direction of the Minister, to forward to this office for audit the vouchers required in connection with the distribution of \$1,500 paid permanent employes of your Department for work done outside of office hours, issuing fishing bounty cheques during last year. I am still of opinion that the particulars asked for in my letter of the 5th ult. should be sent me, and I fail to see any reason for not doing so in the Order in Council sanctioning the agreement made by the Minister with the clerks in question. I notice that the number of cheques issued was 40,038, for the issue of which \$1,500 was paid, or about 3 $\frac{3}{4}$ cts. per cheque, which at an ordinary rate of work would be at least \$1.50 per hour.

I am, Sir, your obedient servant,

The Deputy Minister of Fisheries.

J. L. McDOUGALL, *A.G.*

FISHERIES DEPT., OTTAWA, Nov. 19, 1891.

SIR,—I beg to acknowledge the receipt of your letter of 6th instant, having further reference to the payment of \$1,500 to permanent and temporary employes of this Department for services in connection with the distribution of the fishing bounty for 1890, and stating that in your opinion the particulars previously requested *re* hours worked by the staff should be furnished you: also that you "notice that the number of cheques issued was 40,038, for the issue of which \$1,500 was paid—or about three and three-quarters cents per cheque, which at an ordinary rate of work would be at least \$1.50 per hour." In reply I would state that your calculation as to the cost of the work per hour appears to be based upon the impression that the bare issuing of cheques was the only work performed by the clerks of this Department in carrying out their agreement with the Minister to complete the fishing bounty distribution by a fixed date. In this you are in error, as more than three times the labour involved in issuing the cheques, is necessary before the cheques themselves can be prepared. The claims to bounty reach the Department on forms prepared for that purpose—in the case of boat claims, each form containing but two or three names—in vessel claims, from five to sixteen or twenty. In dealing with a vessel claim five or six times the amount of labour is involved as in a boat claim. These claims before being entered must be sorted by localities, then alphabetically arranged, and after being entered are again examined and checked. Schedules are then prepared, these are again checked before the cheques are made. The latter are again compared and must pass through two hands for signature. From this you will see that the clerks in question did more than three times the amount of work for which you have given them credit in your letter of 6th instant. As the exact time engaged, however, was not kept, this Department is willing to accept your calculation, based upon the actual work performed, which would make the rate per

hour one-third of that named by you, or 50 cents. I am to state that in the Minister's opinion it does not appear to be necessary for the purposes of the Audit Act that the above information should be given you.

I am, Sir, your obedient servant,

The Auditor General.

S. P. BAUSET, *Acting D. M. F.*

AUDIT OFFICE, OTTAWA, Nov. 30, 1891.

SIR,—I have the honour to acknowledge the receipt of your letter of the 19th inst., stating that no record has been kept of the time during which the permanent and temporary clerks, among whom \$1,500 was evenly divided, were employed in connection with the issuing of fishing bounty cheques for the fiscal year 1890-91; but that judging from the amount of work done the rate in your opinion was not more than 50 cents per hour. It is clear to me that for the purposes of audit detailed accounts should have been furnished by the clerks in question setting forth the time given by each or the amount of work performed and the rate at which payment was made. The certificate as to the price paid required by Section 33 of the Audit Act should be given in addition to any other voucher or certificate which may be necessary. It appeared to me, in the absence of any information to the contrary, that the rate at which payment was made in the present instance was much higher than that you mention. I found that apart from the amount paid—\$1,500—\$1,911.25 had been paid to temporary clerks from the Vote for distributing bounty to March 31, which I presumed was paid for the performance of the incidental work you point out as necessary before the cheques may be issued. The whole amount paid in 1889-90 to clerks in the Department from this Vote was only \$2,578.30 whereas last year the amount paid was over \$3,700 while the number of cheques issued in one case was about the same as in the other. I would point out also that the Order in Council to which you refer as your authority is dated February 7 and stipulates that the whole work is to be completed by February 28, an interval of 18 working days, supposing the work to have commenced when the agreement was authorized. As each clerk received as his share of the whole amount \$115.38, he must have worked on an average over 12 hours per day at the rate you give, in addition to his regular office hours.

I am, Sir, your obedient servant,

The Acting Deputy Minister of Fisheries.

J. L. McDOUGALL, *A. G.*

FISHERIES DEPT., OTTAWA, Dec. 12, 1891.

SIR,—I have the honour to acknowledge the receipt of your letter of 30th ultimo, with further reference to the payment of \$1,500 to the permanent and temporary clerks of this Department, for extra work performed in connection with the distribution of the fishing bounty for 1890; and to inform you, by direction, that while the Minister does not consider that you are, as Auditor General, entitled to any information other than that already furnished, he sees no objection to the following being given upon points on which it is considered you are in error:—1st. Respecting the number of working days mentioned in your letter: I may state that although the Order in Council authorizing the work in question is dated 7th February, the clerks began working on the 2nd of the same month. A statutory holiday intervened, and I regret to add that work had to be performed on Sundays, in order to finish the distribution by the time fixed. It will thus be seen that at least nine or ten additional days should be credited to the clerks, as well as the eighteen mentioned in your communication. I must also remind you that the rate of 50 cents an hour, accepted by this Department as the cost of the services rendered by the fisheries staff in distributing the fishery bounty of 1890, was based upon your own figures, and not upon data furnished by this Department; no record of the time engaged in this work having been kept—the staff not considering it necessary to do so,

in view of the special arrangement made by Council for the performance of this work.

I am, Sir, your obedient servant,

The Auditor General.

S. P. BAUSET, *Actg. D.M.F.*

Incomplete Vouchers.

AUDIT OFFICE, OTTAWA, Dec. 9, 1891.

SIR,—I wish to bring to your notice the following remarks on your expenditure for 1890-91 :—

By cheque 280 McPhee Bros. were paid \$300 for building steam launch. The voucher covering this amount is not certified.

2452—\$100 paid A. Ogden, balance salary Lobster and Oyster Commission. Mr. Ogden's account for services on this Commission was settled in 1887-88. Certain deductions were then made by your Department. Would you please send me the information on which this further amount was paid.

Voucher 3401 is in support of a payment of \$167. Thos. McKeen, fishery overseer, while in the discharge of his duty assaulted J. R. McKeen who brought an action against him. Thos. McKeen's counsel fees and other expenses amounted to \$167. This amount, it seems to me, should have been paid by Mr. McKeen himself and not by the Department.

By cheque 3507, \$800 is paid McQueen and Cameron "On account of contract building Bay View Lobster Hatchery." The certificate of Inspector Hudson that the work was sufficiently advanced to warrant this amount being paid has not been sent me. The final payment to the same contractors on completion of the work is made by cheque 4692. The voucher sent in support of this payment is certified by S. Wilmot that the work has been performed to the satisfaction of Inspector Hudson." Why has not Mr. Hudson's certificate to this effect been sent me?

3515—A payment of \$25 to Hugh Fleming. Please send further information, as I have now merely a copy of the letter from Borden, Ritchie, Parker & Chisholm, advising that this amount be paid.

4515 and 4516—George Burden, police magistrate for Algoma, \$84.80 for expenses in connection with prosecution for infraction of Fishery Act. Should not this amount have been paid by the losers in the trial?

An advance of \$200 was made D. O'Connor in 1889-90 (see my report for that year, page C—134). No details have yet been sent me for this amount. If Mr. O'Connor has accounted for the advance, please forward vouchers.

I am, Sir, your obedient servant,

The Deputy Minister of Fisheries.

J. L. McDOUGALL, *A.G.*

FISHERIES DEPT., OTTAWA, December 18, 1891.

SIR,—In answer to your letter of 9th inst., requesting certain explanations with reference to payments made by this Department during the fiscal year 1890-91, I have the honour to offer the following explanations :—

1. The certificate of Mr. R. Collister, inspector of hulls, covering a payment of \$300 to Messrs. McPhee Bros. is herewith;

2. A letter from the Department of Justice authorizing payment of a sum of \$100 to Mr. Ogden, being balance due him for services in connection with the Lobster and Oyster Commission of 1887 is also attached;

3. The sum of \$167 for expenses incurred by Overseer Thos. McKeen in defending an action brought against him for assault whilst engaged in the performance of his official duties, was paid on the authority of the Department of Justice. The above named officer whilst performing certain duties was assaulted by J. R. McKeen, and being in danger, defended himself. An action was brought against him by J. R. McKeen for assault, but a Jury of the Supreme Court found him "not guilty";

4. The certificate of Inspector Hudson, stating that the contract of Messrs. McQueen and Cameron was sufficiently advanced to warrant the payment of a sum of \$800 on account, is attached. The original certificate from the same inspector, stating that McQueen and Cameron had completed their contract, is also enclosed ;

5. Hugh Fleming was fined for illegal fishing. The conviction was subsequently quashed, and the costs, taxed at \$25, were paid on the report of the Dept. of Justice ;

6. The account of Police Magistrate Burden is for travelling expenses, incurred while prosecuting violations of the Fisheries Act at Spanish River, Ontario, and is consequently a proper charge against this Department ;

7. The Department of Justice has been written to, and requested to procure vouchers to cover the advance of \$200 to Mr. O'Connor.

I am, Sir, your obedient servant,

The Auditor General.

S. P. BAUSET, *Acting D.M.F.*

AUDIT OFFICE, OTTAWA, Dec. 31, 1891.

SIR,—By cheque No. 2, \$300 is paid M. Pickett for land. Please send me Mr. Pickett's account certified by your agent in the sale that the price is fair and just.

Vouchers 355, 1218, 1548, 2685, 3803, 4695 and 4771 (for advertising) are not certified as required by Chap. 27, sec. 3, of the Revised Statutes.

Voucher 4478, a payment of \$35 to Wm. Walsh "for loss of property while discharging duty as fishery officer." I would ask for the information upon which this was assumed as a liability by your Department ; also for Wm. Walsh's and any other certificate that the amount paid was not in excess of the value of the lost property.

C. Semande is paid as engineer at Sandwich Hatchery from Nov. 10 to June 15. In Mr. Parker's disbursements (2213) a further payment of \$37.40 is made him for 25 days work at Hatchery. The receipt for this amount is dated Dec. 12, but the dates between which this work was performed are not given. Please send me the information.

I am, Sir, your obedient servant,

The Deputy Minister of Fisheries.

J. L. McDOUGALL, *A. G.*

FISHERIES DEPT., OTTAWA, Jan. 5, 1892.

SIR,—In reply to your letter of 21st ultimo, I have the honour to furnish the following explanations regarding certain payments made by this Department :—

1. The certificate of the Superintendent of Fish Culture required in connection with the purchase of land from Mrs. Pickett is enclosed ;

2. The payments covered by vouchers Nos. 355, 1218, 1548, 2685, 4695 and 4771 are for advertizing the Manitoba Fishery Regulations, and were authorized by Order in Council at \$25 per annum ;

3. The payment of \$35 to Wm. Walsh was for loss of property sustained by him in connection with, and during the performance of his duties as fishery overseer. The claim was originally made for \$75, but it was reduced to \$35 by Inspector Chapman, and paid in accordance with his recommendation ;

4. The duties on which C. Semande was engaged were performed between the 22nd August and the 20th September.

I am, Sir, your obedient servant,

The Auditor General.

AUDIT OFFICE, OTTAWA, May 22, 1891.

SIR,—I notice that you are in the habit of purchasing books for the Geological Survey Library direct from the dealers. This practice is contrary to the "Act respecting the Department of Public Printing and Stationery," as amended by 51 Vic., chap. 17. Section 3 of that Act enacts that "the proper officer of the Department shall superintend and execute the purchase and distribution of all paper, books and all other articles of stationery of whatsoever kind," the only exceptions to this regulation being books purchased for the Library of Parliament and books required for the chaplains, libraries, or schools in the Penitentiaries. Please see in the future that all purchases of books required for your Department are made through the Department of Public Printing and Stationery as required by the Act referred to above.

I am, Sir, your obedient servant,

The Director, Geological Survey.

J. L. McDOUGALL, A. G.

AUDIT OFFICE, OTTAWA, June 24, 1891.

SIR,—On the monthly pay-list of the Geological Survey I notice the names of Mathew Esdale, employed as a carpenter, and David A. Esdale, employed as assistant carpenter. Under section 7, sub-section 2, of the Public Works Act, the Minister of Public Works has charge and direction of the maintenance and keeping in repair of the Government Buildings at Ottawa, and any alterations required and the supplying of furniture and fittings or repairs to the same. In accordance with this Act any carpenters required in connection with any of the public buildings here should be employed and paid by the Department of Public Works.

I am, Sir, your obedient servant,

The Director, Geological Survey.

J. L. McDOUGALL, A. G.

AUDIT OFFICE, OTTAWA, Dec. 22, 1891.

SIR,—As the majority, if not all of your surveyors have now returned from their work of the last season, I beg to ask that their accounts be made out and forwarded to this office with as little delay as possible. Is there any serious obstacle to these accounts being closed within a month after the return of the surveyors?

I am, Sir, your obedient servant,

The Director, Geological Survey.

J. L. McDOUGALL, A. G.

GEOLOGICAL SURVEY DEPT., OTTAWA, Dec. 30, 1891.

SIR,—In reply to your letter of 22nd, I beg to say there is, in my opinion, as a rule, no obstacle whatever to accounts being closed within the period you name, and in accordance with written instructions. The want of power to enforce attention to instructions is the only obstacle.

I am, Sir, your obedient servant,

The Auditor General.

A. R. C. SELWYN, D.G.S.

AUDIT OFFICE, OTTAWA, March 9, 1891.

SIR,—Kindly explain the following items contained in the statement of moneys expended by the Deloraine Committee in connection with the well-boring operations there, said statement forming part of voucher No. 200, paid in October last:—

June 17.	Wm. Ward on account damages against Deloraine Well Committee	\$ 75 00
do 28.	Wm. Strong on account of Wm. Ward's claim for loss of time	15 00
do 28.	R. Robinson on account of Wm. Ward's claim for loss of time	10 00
July 31.	R. Robinson, on account of balance of Wm. Ward's claim for loss of time	35 50
Aug. 27.	A. C. Mackay, on account of balance of Ward's claim for loss of time	14 50
do 30.	L. E. Thompson, on account of Ward's claim for loss of time	100 00
		\$250 00

I am, Sir, your obedient servant,

The Director, Geological Survey.

J. L. McDOUGALL, A. G.

DELORAINE, Sept. 4, 1890.

DEAR SIR,—As Chairman of the Deloraine Well Finance Committee, I beg to enclose statement of expenditure in connection with the continued work upon said well since

the exhaustion of the previous grant of two thousand dollars made by the Dominion Government toward the prosecution of this work. As vouchers for said expenditure I also send you the cheques paid on account of the same, together with accounts rendered for moneys still to be paid, certified to by the Finance Committee. I would also call your attention to items 1, 2 and 3, and Note No. 2 of statement amounting to \$250, and in connection therewith attach "Agreement, Ward vs. Well Committee" which will account for the expenditure of this amount. In explanation of which I have to state that on account of delay in receiving casing, time lost in patching boiler until its final collapse, and delay in placing another boiler in its stead, your Committee by and with the advice of their solicitor considered his—Ward's—claim as reasonable, hence the agreement. Your Committee had either to take chances of this delay and its consequences or purchase a new boiler which would have been infinitely more costly, and would not have saved us entirely from a claim for damages for delay. The total amount of claims as per accompanying statement for moneys paid and due to date amounting to \$695.43 for which amount a cheque will be gladly received by

Yours truly,

J. ALEXANDER, *Chairman Finance Committee.*

A. R. C. SELWYN, Esq., C.M.G., &c., Director, Geological Survey, Ottawa.

MEMORANDUM OF AGREEMENT made this 25th day of June, A.D. 1890, between William Ward, of the Village of Deloraine, Contractor, and the Deloraine Well Committee.

Whereas certain delays have been occasioned to the said William Ward in the prosecution of his work on the "Deloraine Well" in pursuance of his contract with the said Committee, and whereas the said Ward alleges that he has suffered damages through the neglect of the said Committee on account of delay in procuring certain casing and through defects in boiler, a bill of which damages has been rendered by the said Ward to the said Committee amounting in all to \$249.50.

And whereas the said Committee while denying all and any responsibility for such delays and all legal liability for said account or any part thereof, have agreed to settle with the said Ward for the said alleged damages.

Now this Agreement witnesseth that in consideration of the sum of seventy-five dollars now paid to the said William Ward by the said Committee, and the said Committee's agreement to assume payment of certain accounts due or accruing due by Ward and his men for board, to wit, an account to John McKillop for \$100, which the Committee are to agree to pay in sixty days, and to assume board bills of Robert Robinson and William Strong to the amount altogether of \$75, which sums amount in all to \$250, he the said William Ward releases and discharges the said Deloraine Well Committee and each individual member thereof from all and every liability to him the said Ward for loss and damages of any kind and description resulting out of the contract with the said Committee, assigned by A. P. Stuart, he the said Ward accepting the said payment and assumption in full settlement of all his claims against the said Committee.

In witness whereof the said William Ward has hereunto set his hand and seal the day and year first above written.

(Signed) WILLIAM WARD. [L.S.]

Signed, sealed and delivered in presence of
W. C. HUNTER.

AUDIT OFFICE, OTTAWA, May 27, 1891.

SIR,—Voucher No. 43, Farm Wages, Battleford Agency, is for a payment of \$120 to Joseph McKay, being for two months' wages during June and July, 1885, at \$60 per month. Kindly state the nature of the services rendered by Mr. McKay and the reason of the delay of five and one-half years in the settlement of his account.

I am, Sir, your obedient servant,

The Deputy Supt. General of Indian Affairs.

J. L. McDOUGALL, A.G.

OFFICE OF THE INDIAN COMMISSIONER, REGINA, Feb. 2, 1891.

SIR,—I have the honour to refer to letter No. 471, dated Nov. 24, 1885, from my predecessor to the Department, and to subsequent correspondence, relative to wages of Jos. McKay, as farming instructor in the Battleford district, and to inform you that Mr. McKay has never abandoned his claim for wages for the months of June and July, which were at the time refused to him. In support of his claim he has filed with me a statutory declaration, setting forth the grounds upon which the same is based. His main argument is that while not actually engaged in work immediately connected with the duties of a farming instructor, owing to the unsettled state of the country at the time, he never ceased to consider himself, and to be considered by the agent as being in the employ of the Indian Department, and that in so far as the circumstances permitted his services being availed of, the instructions of the latter to him were faithfully obeyed. The facts mentioned in his declaration confirmatory of this contention were doubtless unknown to my predecessor when he declined to approve of the payment of the wages claimed. The facts, as stated by Mr. McKay, have since been carefully enquired into, and as they prove to be substantially correct, I think it my duty to submit the whole case for your favourable consideration. I enclose herewith a copy of Mr. McKay's declaration, with full marginal notes showing how far the statements made therein are corroborated by documents on file in this office

I am, Sir, your obedient servant,

The Deputy Supt. General of Indian Affairs. HAYTER REED, *Commissioner*.

DETAILS OF EXPENDITURE.

D—179

AUDIT OFFICE, OTTAWA, Dec. 12, 1891.

SIR,—Indian Consolidated Fund voucher No. 285, Vote 13, Miscellaneous, is for a payment of \$200 for demurrage in waiting at Swift Current for seed wheat. This voucher is dated Dec. 12, 1884. Kindly explain the delay in the settlement of this account.

I am, Sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Deputy Supt. General of Indian Affairs.

DEPT. OF INDIAN AFFAIRS, December 22, 1891.

SIR,—I have the honour to acknowledge the receipt of your letter of the 12th instant, enquiring the cause of delay in the settlement of Indian Consolidated Fund voucher No. 285 for demurrage in waiting at Swift Current for seed wheat; and in reply I beg to inform you that the claim had been before the Department since August, 1887, but owing to insufficient evidence it was not allowed until March last. For your further information in the matter, I beg to enclose copy of a letter from the Indian Commissioner for Manitoba and the North-West Territories, dated February, 25, 1891.

Your obedient servant,

L. VANKOUGHNET, D.S.G.I.A.

The Auditor General.

OFFICE OF INDIAN COMMISSIONER, REGINA, Feb. 25, 1891.

SIR,—I have the honour to acknowledge receipt of your letter of 4th inst., and in reply to your request for report on certain matters connected with the claim made, and now revived by Mr. G. Marchand, on account of alleged demurrage in connection with the freighting of seed wheat from Swift Current to Battleford in 1884, to inform you as follows:—

1. At this distance of time, and in consequence of Mr. Rae, then agent at Battleford, who arranged the bargain, having left the country, it is not possible to state positively whether there was an agreement with Mr. Marchand that he should not be delayed at Swift Current. Marchand claims that the season was so far advanced that every freighter refused to take the freight, and that consequently it must have been understood that there was to be no delay. The inference to be drawn from the following extract from a letter written by the agent in January, 1885, in defence of his action in issuing a voucher on account of demurrage, appears to support Marchand's contentions:—"As to the charge for demurrage, my advices were that the wheat was to be at Swift Current by the 1st November, while it may seem from the enclosed telegram (one from his freighters at Swift Current to Marchand) it had not arrived on the 11th; and I think it was some five days later when it actually did arrive; and owing to this delay the freighters were unable to cross the river, owing to the ice running in it."

2. With regard to the exact number of men and horses employed on the service, it is probable that the number stated on the voucher is correct, it having been made shortly after the event. The claim by Marchand as mentioned in letter of 8th ultimo, reached here through his lawyer recently in re-opening the claim, and was doubtless Marchand's version from memory.

3. Marchand's freight reached Swift Current on Nov. 7. The seed wheat reached there early on 14th of that month; so having allowed the balance of that day for loading up the sleighs the detention was one of six days.

4. The only evidence we have as to the day upon which the freighters arrived at Battleford is contained in a letter from the agent, date Nov. 27, in which he says some of the wheat has arrived and the balance is expected within a day or two.

5. With Purdy there does not appear to have been any written agreement ; and since the transaction was arranged by Mr. McGirr, doubtless under the then Commissioner's instructions, when I was absent from headquarters, I am not in a position to state the nature of it ; but Mr. McGirr informs me that the only agreement, in so far as he can recollect, was to pay the price agreed upon for the wheat delivered f.o.b. the cars here.

I may add that Mr. Marchand originally made a much larger claim, including delays upon the road, attributed by him to the first one at Swift Current, but he afterwards reduced it, in the hope of getting an early settlement. He expresses himself as still willing to accept this reduced amount, but without prejudice to the original claim, in case of the matter being appealed to the courts for decision.

I am, Sir, your obedient servant,

The Deputy Supt. General of Indian Affairs. HAYTER REED, *Commissioner*.

AUDIT OFFICE, OTTAWA, May, 11, 1891.

DEAR SIR,—In looking over the payments during the current year on account of the Indians of Prince Edward Island, I notice that voucher No. 4 covers two accounts for medicines purchased from Wm. R. Watson of Charlottetown. The first of these accounts for the sum of \$18.05 covers the period from July 1, to September, 30, 1889, and was rendered on the 1st October of the same year ; the second of these accounts amounting to \$7.65 covers the three months October, November and December, 1889, and was rendered on the 1st January, 1890. Kindly explain why the payment of these accounts has been so long delayed.

I am, Sir, your obedient servant,

The Deputy Supt. General of Indian Affairs. J. L. McDOUGALL, *A.G.*

DEPT. OF INDIAN AFFAIRS, OTTAWA, May 20, 1891.

SIR,—In reply to the enquiry made in your letter of the 11th instant, as to the cause of delay in paying the accounts of W. R. Watson, of Charlottetown, Prince Edward Island, for drugs supplied to Indians, I have the honour to inform you that the accounts were first received by the Department of the 27th June last ; but payment was deferred pending the receipt of explanations which the Indian Agent was called upon to furnish. The explanations were received on the 30th September following ; and then payment was made. The Indian Agent has been instructed to have all accounts forwarded to the Department more promptly in future.

I am, Sir, your obedient servant,

The Auditor General. L. VANKOUGHNET, *D. S. G. I. A.*

DEPT. OF INDIAN AFFAIRS, OTTAWA, Nov. 11, 1891.

SIR,—I have the honour to call your attention to the method of treating the balances of appropriations voted annually for certain purposes, which fall within the care or management of the Indian fund. These appropriations were formerly considered as grants to supplement the Indian fund, and for many years they were credited to the account which they were supposed to be intended to aid ; but as this method was obviously wrong, inasmuch as the expenditure upon these appropriations could never be kept or shown separately, and as the special function of the grants became involved and obscured in the fund account to which they were credited, it has been altered, and at present a distinct ledger is kept for the purpose of recording the expenditure on these appropriation accounts. One result of this practice was that it was difficult to say when the appropriation was exhausted, and frequently over-expenditure occurred, which was carried forward as a debit balance at the close of the fiscal year. Ever since the

appropriations have been separated from the expenditure of the fund they have been so far made exceptions to the rule which govern grants voted by the House that where an appropriation proved insufficient for the purposes for which it was voted the balance unprovided was not included with other similar liabilities to be voted by the House as unprovided items, but was carried forward into the next year, and made a charge against that year's vote. I am aware that the appropriation should not have been over-expended, but sufficient reasons were given for each case as it occurred, and the practice was so general, as your report from year to year shows, that it seems unnecessary to make a special defence of the action of this Department.

The appropriations to which I refer are "Surveys," "Relief of Destitute Indians, Ontario," "Blankets for Indians of Ontario and Quebec" "Province of Quebec Seed, Grain and Relief Accounts," "Indian Schools," "Agent Boucher's travelling expenses," "Oka Indians Removal Accounts." It will be readily perceived that these votes could not be credited to any existing account within the Indian fund, as they provided for Indians who have no funds, who are in fact destitute. The only exceptions are Surveys, Agent Boucher's travelling expenses, and Oka Indians Removal Account. These are special votes, which are not intended for the benefit of needy Indians, but as the surveys are outline surveys, which are undertaken as much for the protection of white communities as the Indians themselves, they could not be called on to bear the expense, and the special nature of the two last-named votes is sufficiently explained by their titles.

The debit balances of these accounts on June 30 last were :

Survey.....	\$ 17 73
Relief of destitute Indians, Ontario.....	13 78
Blankets, Indians Ontario and Quebec.....	165 20
Province of Quebec seed grain and relief.....	1,389 49
Indian schools.....	47 51

The credit balances were :—

Agent Boucher's travelling expenses.....	\$ 61 71
Oka Indians Removal Account.....	4,835 68

I have the honour to request that these debit balances be considered as unprovided items and included with others of a similar nature to be voted by the House. If this is not done, and if the votes for the current year are compelled to carry these balances, it will be with extreme difficulty that an over-expenditure can be avoided, and it is to limit the possibility of such an occurrence that the present request is made.

The unexpended balances have always lapsed, and it would seem only just that the appropriations should be similarly treated and the balances, either debit or credit, be cancelled at the close of the present year.

Your obedient servant,

The Auditor General.

L. VANKOUGHNET, *D.S.G.I.A.*

AUDIT OFFICE, OTTAWA. April 6, 1891.

SIR,—Vouchers No. 64 and 65 for general expenses for the Blood Agency are for payments amounting to \$12.60, being the fare of Sam Bedson from Winnipeg to Lethbridge, on his release from the Manitoba Penitentiary. Sec. 63, sub-sec. 4 of the Penitentiary Act, enacts that every convict upon his discharge shall receive at the expense of the penitentiary such sum of money as is sufficient to pay his travelling expenses to the place at which he received his sentence. In accordance with this enactment, this Indian received \$15 from the warden of the penitentiary. I have therefore to enquire why these travelling expenses were paid by your Department when the amount paid by the penitentiary is supposed to cover all necessary expenses.

I am, Sir, your obedient servant,

The Deputy Supt. General of Indian Affairs.

J. L. McDougall, *A.G.*

DEPT. OF INDIAN AFFAIRS, OTTAWA, May 6, 1891.

SIR,—Referring to my letter of the 20th ultimo, I have the honour to enclose herewith a copy of a letter dated 25th ultimo, from the Indian Commissioner for Manitoba and the North-West Territories, in respect to the payment of expenses, as per vouchers 64 and 65, of Sam Bedson's transport from Winnipeg to Lethbridge, from which you will observe that the Commissioner states the warden of the penitentiary applied to him for the same.

Your obedient servant,

The Auditor General.

L. VANKOUGHNET, *D.S.G.I.A.*

OFFICE OF INDIAN COMMISSIONER, REGINA, April 25, 1891.

SIR,—I have the honour to acknowledge the receipt of your letter of the 20th instant, and in reply to say that while I was aware that Indians received a sum of money from the warden of the penitentiary upon discharge, I was unaware that it was intended to pay their transport to their reserve; and the fact of the warden applying for transport confirmed the impression; and as I feel they could not be left to roam about the country or town friendless, I thought it proper, upon my part, to defray expenses of their transport. May I request the Department to inform me whether I am in error, and should discontinue the practice. If so, may I request that notification to that effect be sent to the warden by the Department of Justice.

I am, Sir, your obedient servant,

The Deputy Supt. General of Indian Affairs. HAYTER REED, *Commissioner.*

AUDIT OFFICE, OTTAWA, Dec. 15, 1891.

SIR,—I beg to draw your attention to the following statement of advances to Mr. Fortescue for contingent expenses, and of the expenditure under these advances:—

Month.	Expenditure.	Advance.	Date of Advance.	Balance at end of Month.
1890.				
	\$ cts.	\$ cts.		\$ cts.
July	16 45	50 00	July 17.	33 55
August	1 00			32 55
September	5 60			26 95
October	17 40	100 00	October 30.	109 55
November	5 90			103 65
December	11 65			92 00
1891.				
January	8 05			83 95
February	29 85	200 00	February 5.	254 10
March	27 30			226 80
April	7 65			219 15
May	4 25			214 90
June	51 40			163 50
July	15 00			148 50

The balance, \$148.50 was refunded to the credit of the Receiver General on Sept. 7, 1891.

The items paid in July, 1891, belong to the current fiscal year, and should not have been included in the accounts for the year 1890-91. This would make the proper amount to be refunded \$163.50.

The total expenditure for the twelve months (excluding the July payments) is \$186.50, or an average of about \$16.50 each month. A glance at the "Balance" column will, however, show balance on hand very disproportionate to the amount actually necessary for the current contingent expenses. In fact, in the beginning of February, when Mr. Fortescue had \$80 on hand, he obtained a further advance of \$200, of which \$163.50 was left unexpended at the end of the fiscal year. The \$80 would have been sufficient for his expenditure to the end of May, when \$50 more would have sufficed to carry him through June. The balance on hand at the end of the year should also have been refunded promptly, instead of being retained for a further period of two months.

I would suggest that in future the advances for contingent expenses be not greater than sufficient for say a month's expenditure, and that an account of the expenditure under each advance be required before another advance is granted.

I am, Sir, your obedient servant,

The Comptroller N.W.M. Police.

J. L. McDOUGALL, A.G.

COMPTROLLER'S OFFICE, N.W.M.P., OTTAWA, Jan. 13, 1892.

SIR,—Referring to your letter of the 15th ultimo, on the subject of advances made to Mr. Fortescue for contingent expenses during the fiscal year 1890-91, the following are the circumstances respecting the advance of \$200. In February last 30 recruits for the police were engaged in Nova Scotia. While *en route* to the North-West they were detained in Montreal for several hours, and having been allowed to disperse, a number of them missed the train by which they should have proceeded westward. I was informed of this early the following morning; also that the car which had been put on for the convenience of these men had been cut off the Winnipeg train and left at Carleton Place the officer in charge of the men having also missed the train. Fearing that the officer was to blame, and that it might be deemed desirable to relieve him

of charge of the detachment, Mr. Fortescue left by the first train for Carleton Place to make inquiries, and if found necessary, to take charge of the recruits and go through to Regina with them. He was then furnished with \$200 to enable him to pay for meals and other expenses of the recruits during their journey. The men who had missed the train in Montreal came through later on, and the whole proceeded on their journey after a delay of 24 hours, Mr. Fortescue returning to Ottawa. Instead of the \$200 being at once deposited to the credit of the Receiver General it was placed in the safe with other contingency money, and although the statement included in your letter of the 15th ultimo shows a balance exceeding \$200 as being on hand at the end of each month from February to May, there was not, as a matter of fact, so large a sum. It has been customary to advance small sums from our contingency funds to members of the force who happen to be in the east, the amounts being repaid from Regina and portions of the \$200 were so used.

I would further add that during the current fiscal year only one sum of \$100 has been drawn at Ottawa for contingencies, and, in future, no amount will be drawn larger than may be estimated as necessary for one month.

I am, Sir, your obedient servant,

The Auditor General.

FRED. WHITE, *Comptroller*.

AUDIT OFFICE, OTTAWA, Dec. 17, 1891.

SIR,—I notice among the expenditure by Mr. Fortescue on account of the contingencies of your office a payment of \$2 as Christmas gratuity to the C. P. R. telegraph messengers. I beg to say that payments of this nature are not proper charges against Government moneys. The messengers are not in the employ of the Government, but in that of the telegraph company which pays them for their services. Any payment out of public funds must be either for materials supplied, or for work performed. The payments under discussion, however, come under neither of these heads, and therefore are irregular. Kindly see that in future similar payments be not made.

I also notice that the Toronto papers, viz., the "Empire," "Globe" and "Mail," are obtained through a local dealer and paid for at the rate of 60 cents a month or \$7.20 a year. The regular rates of subscription for each of these papers is \$5 a year, a difference of \$2.20 each, or of \$6.60 altogether. Please explain why these papers are not obtained at the regular rates of subscription.

I am, Sir, your obedient servant,

The Comptroller N.W.M. Police.

J. L. McDOUGALL, *A.G.*

COMPTROLLER'S OFFICE, N.W.M.P., OTTAWA, Jan. 13, 1892.

SIR,—Referring to your letter of the 17th ultimo, respecting a payment from the Mounted Police appropriation of \$2 as a Christmas gratuity to the C. P. R. telegraph messengers, and also payments for the Toronto newspapers, viz., "Empire," "Globe" and "Mail."

With regard to the first item, viz., the Christmas gratuity to telegraph messengers, I beg to say that similar payments were made when I entered the police service more than twenty years ago and have been repeated annually to the present time. As you consider that payments of this nature are not proper charges against Government moneys I shall be governed by your decision in the future.

With regard to the Toronto newspapers, the extra charge is for delivery at my residence, by which means I am able to see the papers during the evening of the day on which they are published. I have not time to read them during the day, and a daily paper twenty-four hours old is not very satisfactory. If there is any objection to the payment of the extra charge I will discontinue it at once.

I am, Sir, your obedient servant,

The Auditor General.
D—212

FRED. WHITE, *Comptroller*.

AUDIT OFFICE, OTTAWA, April 3, 1891.

SIR,—Among the payments during the fiscal year 1889-90 by Lieut.-Governor Royal on account of Government in the North-West Territories is one of \$60 for a sewing machine.

Kindly explain why this is made a charge against the Dominion Government.

I am, Sir, your obedient servant,

A. M. BURGESS, Esq., Deputy of Interior.

J. L. McDOUGALL, A.G.

LIEUTENANT-GOVERNOR'S OFFICE, REGINA, N.W.T., April 22, 1891.

SIR,—I am directed by His Honour the Lieutenant-Governor of the North-West Territories to acknowledge the receipt of your letter of the 16th instant, transmitting therewith copy of letter from the Auditor General, dated 3rd instant, respecting payment of \$60 to P. Lamont for a sewing machine, and requesting such explanation as His Honour may desire to give the Auditor General respecting this purchase.

I am to state in reply that the sewing machine in question was supplied to Government House under the same circumstances as other necessary articles of furniture have been provided for the residence of the Lieutenant-Governor.

I am, Sir, your obedient servant,

The Secretary, Dept. of the Interior.

R. B. GORDON, *Lieut.-Govs'. Sec.*

AUDIT OFFICE, OTTAWA, May 9, 1891.

SIR,—I beg to acknowledge receipt of your letter of the 1st instant enclosing copy of a letter from the Secretary of Lieut.-Gov. Royal, respecting the purchase of a sewing machine for Government House, Regina.

In reply I beg to state that I think the price of the sewing machine should be refunded by the Lieut.-Governor.

I am, Sir, your obedient servant,

Deputy Minister, Interior Dept.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, April 23, 1891.

SIR,—In looking over the expenditure by Lt.-Governor Royal on account of Government in the North-West Territories during the current fiscal year, I note the following particulars in which the vouchers rendered differ from those required from other branches of the service.

1st. The greater number of the vouchers appear to be simply copies of the original accounts made out in the Regina office. In all cases the original accounts should be sent me, as it is impossible to make a satisfactory audit from mere copies of them.

2nd. None of the vouchers bear the necessary certificate as to price and delivery. Sec. 33 of the Audit Act is as follows: "No payment shall be authorized by the Auditor General in respect of work performed, or material supplied by any person in connection with any part of the public service of Canada, unless, in addition to any other voucher or certificate which is required in that behalf, the officer under whose special charge such part of the public service is, certifies that such work has been performed, or such material supplied, as the case may be, and that the price charged is according to contract, or if not covered by a contract, is fair and just." The proper officers to make these certificates are those who have personal knowledge of the facts in each case.

3rd. In sec. 3 of the Act respecting the Department of Public Printing and Stationery it is enacted that "all printing, stereotyping or electrotyping, lithography or binding work, or work of a like nature, and paper and other material therefor, required for the use of the Senate and the House of Commons, and of the several Departments of the Government of Canada—whether for the Inside Service or the Outside Service—shall be procured and executed subject to the superintendence and audit of the proper officer of the Department; the proper officer of the Department shall also superintend and execute the purchase and distribution of all paper, books and all other articles of

stationery of whatsoever kind, and the distribution and sale of all books or publications issued by order of either or both Houses of Parliament, or any Department of the Government of Canada, and also the audit of all accounts for the advertising required for the public service; and all work and supplies in this section before mentioned shall be done, purchased and distributed through the Department exclusively, except that books which are procured for addition to the Library of Parliament may be procured as before the 2nd June, 1886." It follows from the above that all printing should be ordered through the Department of Printing and Stationery, that all books and stationery of whatsoever kind should be purchased through the same Department, and that all advertising accounts should be forwarded to the same Department for audit.

4th. The Order in Council of April 12, 1879, requires that all the accounts for legal services in connection with any of the Departments be submitted to the Department of Justice for examination and approval before payment.

5th. The vouchers for telegraphing only mention the total amount of the month's telegrams. Those accounts should be rendered in detail, specifying the persons by whom the telegrams were sent and to whom they were sent.

Kindly see that in the future the vouchers are rendered in accordance with the regulations cited above.

I am, Sir, your obedient servant,

A. M. BURGESS, Esq., Dep. Minister of Interior.

J. L. McDOUGALL, A.G.

INTERIOR DEPT., OTTAWA, April 29, 1891.

SIR,—I am directed to acknowledge the receipt of your letter of the 23rd instant, having reference to the vouchers required by you in connection with the expenditure accounts of the Government of the North-West Territories, and to say that a copy of your communication has been forwarded to His Honour the Lieutenant Governor for his information.

I am, Sir, your obedient servant,

The Auditor General.

LYNDEWODE PEREIRA, *Asst. Sec.*

AUDIT OFFICE, OTTAWA, Nov. 30, 1891.

SIR,—Let me call your attention to two payments charged to "North-West Government" in 1890-91 for Private Secretaries to Governor Royal while in Eastern Canada.

Attached to voucher 171 for travelling expenses of Lieut.-Gov. Royal is a sub-voucher for \$80.45 for "clerical assistance rendered by A. Lesage accompanying me to Rimouski" made up of the following items:—

Railway fare, Montreal to Rimouski and return.....	\$19 95
Services, 11 days at \$2.....	22 00
Board allowance, July 15 to 25, 1890, at \$3.50.....	38 50

Voucher 1171 is for \$47.50 for services rendered by A. Lesage as "private secretary to the Lieut. Governor at Ottawa from Dec. 8 to 26," or 19 days at \$2.50.

The voucher for \$80.45 appears to have been receipted at first "L. A. Lesage," the name of a permanent employé in the Montreal canal office in handwriting very similar to that of Mr. A. Duchesneau, another employé in the same office; and the first initial has been scratched off imperfectly. The date "Montreal, Sept. 1, 1890," is filled out in the same handwriting.

The voucher for \$47.50 is signed "A. Lesage" in another hand, with which I am not familiar; and the date "Ottawa, Jan. 7, 1891" appears to be in the handwriting of Mr. L. A. Lesage, the permanent employé aforesaid. Please obtain for me the full name of A. Lesage in both instances.

I am, Sir, your obedient servant,

The Secretary, Interior Dept.

J. L. McDOUGALL, A.G.

Beauharnois Canal:—Watchman on Derrick.

SUPERINTENDING ENGINEER'S OFFICE, MONTREAL, Jan. 19, 1891.

SIR,—In reply to your letter of 14th inst., having reference to a query by the Auditor General, whether Bridge-keeper de Grosseillier at St. Timothée, Beauharnois Canal, could not at the same time perform the duties of watchman of the steam-derrick and dredge-scows in winter quarters, at the above-mentioned place,—

I beg to state, that it might have been possible to have this extra work performed by Mr. de Grosseillier and thereby save the expenditure of a watchman, had he been an able-bodied man. As it is, de Grosseillier is minus one leg, and, beyond clearing the bridge and approaches during the winter, could not properly perform watchman's work, which consists, in this case, in cutting ice around the vessels, clearing the upper decks of snow, pumping the hulls when found leaking, and otherwise seeing that everything is kept in good order and that no portion of the machinery is injured or stolen.

These are the reasons why Mr. S. Leduc was specially detailed to perform that duty, and under the circumstances, I am of opinion that he should continue to act.

I am, Sir, your obedient servant,

The Secretary, Railways and Canals Dept.

E. H. PARENT, *Supt. Engr.*

Carillon and Grenville:—Claims for extra work.

AUDIT OFFICE, OTTAWA, Feb. 12, 1892.

SIR,—Let me acknowledge receipt of your application No. 327 for expense of Quebec Canals for January, 1892.

There are six entries in "Carillon and Grenville Staff," of \$10 each to labourers for "Extra pay for lighting and cleaning lamps, season of 1891." I should like to have an explanation, at some length, of your departure in this instance from the established principle that a man's pay is to cover all of his work. A precedent like this would call in an unlimited number of claims for extras, from those whose duties are in any degree heterogeneous.

Since Wm. Poirier is on the permanent list at Lock No. 1, his \$10 should be struck out. The pay-lists are returned herewith for that purpose.

It would be well to have the Departmental examination of these and the Welland Canal accounts attested explicitly by the certificate of the Examining Officer, Mr. Mothersill, as is done for the Cornwall, Williamsburg and Rideau Canals.

I am, Sir, your obedient servant,

The Secretary, Railways and Canals Dept.

J. L. McDOUGALL, *A.G.*

Chute à Blondeau :—Superannuation of Horatio Hartley.

PRIVY COUNCIL DEPT., OTTAWA, June 17, 1891.

By an Order in Council dated June 1, 1891, authority was given for the superannuation, on account of ill health, of Mr. H. E. Hartley, lockmaster on the Chute à Blondeau lock, one of the Ottawa River series, from August 1, 1890, with an annual allowance of \$228.48, calculated as follows:—Age, 40 years; service 23 years; present salary, \$496.67; average salary for past three years, \$496.67; annual allowance, \$228.48.

The Auditor General.

JOHN J. MCGEE, *C. P. C.*

AUDIT OFFICE, OTTAWA, Oct. 10, 1891.

SIR,—In taking up the case of Horatio Hartley, the lockmaster at Chute à Blondeau, who was relieved from duty July 4, 1890, and concerning whose superannuation an Order in Council was passed June 1, 1891, I offer as an explanation of any delay in this

office since the latter date the fact that this case presents a combination of circumstances which has not occurred previously in working the Superannuation Act, as far as I can remember, and that it has been found impossible during the Session of Parliament to consider with the requisite deliberation a calculation which might establish a new and unsafe precedent.

Let me refer you to Consolidated Statutes, cap. 18, Sec. 3B: "If the service has not been continuous, the period or periods during which such service has been interrupted shall not be counted."

When lockmen, who are employed only for the navigation season, have been superannuated, it has been customary to count each season as a year, and to measure the last three years' salary by the cash earned and paid. The strictly logical method would have been to add up only the months of actual work, and to calculate the last three years' salary by the amount which would have been paid if the lockmen had worked for 12 months in the year, as a lockmaster does.

Where one has always been a lockman, working only for the season, it is plain that the two calculations will give closely similar results, differing only on account of one season being longer or shorter than another. But the results are widely different if a season-lockman has been promoted to the position of lockmaster at 12 months' pay in each year: of which Mr. Hartley's case appears to be the first instance under the Superannuation Act.

Suppose for instance that two lockmen work for 22 seasons of 230 days each, at the end of which time one is made a lockmaster; and that both are superannuated in three years more, or 25 years in all. Their times of actual work are 5,060 and 5,465 days respectively, which compare as 100 to 108; but their pensions would be \$143.75 and \$228.12 respectively, on the method by which you propose to retire Horatio Hartley,—or in the ratio of 100 to 158.

The time lost by Horatio Hartley while a lockman, including the whole season of 1870, during which Elijah Hartley's name replaces Horatio's on the pay-list, amounts to about four years, as nearly as I can calculate from the imperfect figures at my disposal. The exact figures can be obtained probably from Mr. Sippell's pay-lists before 1880, on record in the Engineer's office at Montreal. Striking off four years would reduce Mr. Hartley's pension by \$39.72.

The pension as calculated by Order in Council is based on a salary of \$1.25 a day for 12 months, and \$40 a year on account of the perquisite of occupying the government house at Chute à Blondeau lock: or 23 years on \$496.67. From whatever allowance may be paid, there should be deducted the sum of \$40 a year for any time during which Mr. Hartley may have occupied the government house after the date of his superannuation; since his pension as fixed by Order in Council is the limit of the compensation which can be made to him legally after his services ceased.

The certificate of Dr. Robertson, dated Dec. 22, 1890, is "Horatio Hartley is unable to attend to the duties of lighting lamps situated at any great height, owing to severe dizziness which comes on after ascending a short distance, and his liability to fall at any moment." I understand from the documents in hand that Mr. Hartley is retiring, not on account of inability to perform the duties of lockmaster at Chute à Blondeau, but because there have been few or no duties to perform at that place since the lock was submerged by the Carillon dam. The position for which Dr. Robertson certifies him unfit, that of keeper of the range-lights, carries emolument for the open season only, and not for the entire year. This certificate appears to be extraneous—unless the Department states definitely that it would have substituted Hartley for Gaston at the range lights, if Hartley had been able to light them. And then it would only be reasonable to calculate the pension on the salary of the position which he would have accepted if physically competent to perform its duties. In any case a pension cannot antedate the medical certificate.

Since Hartley is not leaving the Chute à Blondeau Lock on account of illness, but on account of the lock itself having survived its usefulness, his superannuation is more properly a subject for Section 11: "If any person is removed from office in consequence

"of the abolition of his office, the Governor in Council may grant him such gratuity or "superannuation-allowance as will fairly compensate him for his loss of office." And the word "fairly" might be construed with his age of 40 years, with the fact that no claim is made of having acquired his infirmity in the discharge of his duties, and with his enjoyment (at \$496.67) of practical superannuation on full wages for the several years he has been living at the Chute à Blondeau Lock with no vessels passing through the gates.

These last objections may be summed up as follows:—Mr. Hartley retires either from illness or from abolition of office. If from abolition of office, then an illness which does not affect him as lockmaster has nothing to do with his pension, and he does not come under Section 3-B. If from illness, then it is the range-light he is resigning and not the lock; his pension should be based on a lightkeeper's wages, and not on a lockmaster's; and the pension cannot accrue before the date of the medical certificate.

Although it is outside of my line to recommend any particular sum as a fair compensation, I think that the amount of such a compensation can be deduced from the figures themselves. The English Government Annuity Tables give 27.02 years as the Expectation of Life for a man 40 years old. Assuming that the Chute à Blondeau Lock were not closed up, and that Mr. Hartley's illness did not interfere with his duties, he naturally would be superannuated after about 35 years' service, or in 16 years from now, at the age of 56. His Expectation of Life, from the English Tables, would be then 16.57, or say 16½ years. His pension would be calculated at 35 years on \$496.67, of which 19 years has been earned by his work up to the present time, and 16 years is yet to be earned by his work in the interval. Since he has not put in the 16 years' work, his claim now is confined to the 19 years' part; and here comes in the difference between Sec. 3-B and Sec. 11. If he were retiring from an illness which prevented the discharge of his duties, he would get 38 per cent. of \$496.67 for the rest of his life—which would be about 27 years by the English Table. But not being incapacitated as lockmaster by illness, and retiring because his office is abolished, the Government can only be expected to recognize the claim for 38 per cent. of \$496.67 as he would have it in 16 years from now, when his Expectation of Life would be only 16½ years. 38 per cent of \$496.67 is \$188.73. Discounting 16½ years of this allowance, at say 6 per cent. gives a present value of \$1,943.36. And \$1,943.36 distributed as an annuity over 27 years at 6 per cent. gives \$147.11 a year. That is to say, a life-pension of \$147.11 granted at the age of 40 will approximate closely to a life-pension of \$188.73 granted at the age of 56.

I am, Sir, your obedient servant,

The Secretary, Railways and Canals Dept.

J. L. McDOUGALL, A.G.

RAILWAYS AND CANALS DEPT., OTTAWA, Nov. 20, 1891.

SIR,—With reference to the objections raised by your letter of Oct. 10, in the case of Mr. H. E. Hartley, formerly lockmaster on the Chute à Blondeau Lock, whose superannuation has been granted by an Order in Council of June 1, based on a report of the Treasury Board, such objections being in the direction of reducing the authorized annual allowance of \$228.48,—

I have the honour, in reply, to say that while fully appreciating the careful review of the position given by your letter and the calculations by which you reach the conclusion that his pension should be no more than \$147.11, the Department does not see in what way it can intervene (save as hereinafter mentioned) to alter the deliberate decision of the Treasury Board, a decision conveyed in the words of the Order, by which the pension is granted Mr. Hartley, "on account of ill-health and in consequence of the "construction of the dam across the Ottawa River at Carillon, which has rendered "unnecessary the single lock at Chute à Blondeau," the Board, further, finding Mr. Hartley "eligible within the meaning of the Civil Service Superannuation Act, and that his "retirement would be to the public interest." The Board would thus appear to have been fully apprised of the essential facts of the case, and to have comprehended in their memorandum of advice to the Governor in Council its salient features, including the

combination—the abolition of the office and the inability of Mr. Hartley, through physical defect, to perform the special work allotted him subsequently. The amount of pension allowed him (subject to a deduction to be made for periods aggregating 4 years, during which his service was interrupted) is strictly that authorized by the 3rd section of the Superannuation Act, as it is the *salary* enjoyed for the 3 years previous to retirement, and not the *work* performed, which is thereby fixed as the datum for pension. I may add that the Department did not see its way to utilizing Mr. Hartley's services in another capacity, and that if it had done so, it would have been manifestly unfair to reduce his previously-enjoyed salary. This view you will probably be willing to recognize as meeting the suggestion of your letter, that his pension should be based on the salary of a light-keeper—not on that of a lockmaster.

It is proposed to ask for the amendment of the present Order, so as to reduce the amount of pension authorized thereby, \$228.48, to \$188.74 on the basis following, his actual service being 19 years in place of 23 :—

Age	40 years.
Service	19 do
Average salary and house-rent for the past three years . . .	\$496 67
Superannuation allowance	\$188 74

With regard to your suggestion that the sum of \$40 a year should be deducted from Mr. Hartley's allowance for any time subsequent to superannuation during which he may continue to occupy the lock-house, I may say that while Mr. Hartley's services were dispensed with in August, 1890, and he has received no pay since that date, he has not yet been superannuated, though through no fault of his own, and his occupancy of this house may perhaps be regarded as an offset to the inconvenience he may thereby have suffered. The Department will deal with the question hereafter as may seem to be most desirable.

I would ask that your consideration of the foregoing be given, in order that, should you see your way to concurrence with the views of the Department, it may take steps to have the proposed amendment carried out.

I am, Sir, your obedient servant,

T. TRUDEAU, *Acting Secretary.*

The Auditor General.

AUDIT OFFICE, OTTAWA, Feb. 2, 1892.

SIR,—With reference to your letter of Nov. 20, in reply to mine on some points in connection with the superannuation of H. E. Hartley, I beg to suggest that in recommending to the Treasury Board, as you purpose doing, a reduction of the allowance, you attach my letter to the recommendation.

This office has been so much occupied with the preparation of the annual report for Parliament, that an answer to your communication has been too long delayed.

I am, Sir, your obedient servant,

The Secretary, Railways and Canals Dept.

J. L. McDOUGALL, *A.G.*

Chambly Canal—Hormisdas Martial.

AUDIT OFFICE, OTTAWA, Sept. 11, 1891.

SIR,—I am passing your application in favour of Mr. Paymaster Bussières, for August expenses of the Quebec canals.

Let me call your attention to three items on the Chambly Canal pay-list :

Repairs : E. Deschamps, storekeeper and watchman	\$ 31
do Noel Scott, night watchman	30
Staff : Hormisdas Martial, watchman	38

I would like to have, for publication in my report, similar information to that given for the lockmen and bridge-tenders, namely, a description of the location and extent of each watchman's duty.

I am, Sir, your obedient servant,
The Secretary, Railways and Canals Dept. J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, Oct. 9, 1891.

SIR,—I am passing your application in favour of Mr. Paymaster Bussières for September expenses of Quebec canals, after making interim deductions as follows:—

*	*	*	*	*	*
Chambly Canal staff—Hormisdas Martial.....					\$ 38
*	*	*	*	*	*

I do not find that any answer has been received from you to my questions of last month concerning the property guarded by the different watchmen on the Chambly Canal.

Mr. Supt. Benoit this month, however, omits from Martial's name the word "watchman," and leaves the "capacity" column unfilled, showing merely the entry, "Hormisdas Martial, one month, \$38," with Mr. Benoit's certificate, "correct in all particulars and details," and Mr. Parent's certificate, "correct in every particular of "time, materials and value."

I am, Sir, your obedient servant,
The Secretary, Railways and Canals Dept. J. L. McDOUGALL, A.G.

SUPERINTENDING ENGINEER'S OFFICE, MONTREAL, Oct. 13, 1891.

SIR,—Mr. Martial's case has been dealt with at length in my report of Sept. 25, in reply to your letter dated Sept. 14, enclosing a copy of a letter from the Auditor General, concerning the employment of watchmen on said canal; wherein I gave full explanations as to the reasons why Mr. Martial was returned as watchman, although not actually performing such work.

The capacity-column blank opposite Martial's name should have been filled, as intended, with the following wording: "Order in Council April 14, 1890; incapacitated by injuries received on works."

I am, Sir, your obedient servant,
The Secretary, Railways and Canals Dept. E. H. PARENT, Supt. Engr.

AUDIT OFFICE, OTTAWA, Nov. 5, 1891.

SIR,—In Mr. Parent's letter of Oct. 13, he says, concerning the September item for Mr. Martial of the Chambly Canal: "The capacity-column blank opposite Martial's name should have been filled, as intended, with the following wording: 'O. C. April 14, 1890—Incapacitated by injuries received on works.'"

Parliament is the only authority which can sanction payment for anything but services rendered. The money paid to Mr. Martial since his work ceased should be refunded.

Mr. Martial was entered in the June pay-list for arrears of wages from July 4, 1890, to June 30, 1891, as a watchman; but this was struck out by the Department. The July and August entries are for \$38 each as watchman, and these were paid. In view of the fact now recorded, that he was not working at all, I shall need a statement of the reasons which induced the local canal authorities to describe him as a watchman, rather than as a lockman, a bridge-tender, a carpenter, or a labourer.

And since this discussion arose from the accident of noticing that Mr. Martial's field of duty as a watchman was not specified on the pay-list, it is possible that other

similar cases may be covered by an erroneous interpretation of their certificates by the officers in charge. Please ask Mr. Benoit whether his certificate "Correct in all particulars and details"—and Mr. Parent whether his certificate "Correct in every particular of time, materials and value"—is attached to any other payments or allowances accruing in a manner different from their explicit description on the face of the pay-list.

I am, Sir, your obedient servant,

The Secretary, Railways and Canals Dept.

J. L. McDOUGALL, A. G.

Lachine Canal: Celestin Bergevin.

AUDIT OFFICE, OTTAWA, Mar. 13, 1891.

SIR,—In the Lachine Canal pay-list for February, 1891, I notice an entry for a new officer, as follows:—

Celestin Bergevin, Inspector of Supplies.....\$85 00

For an officer of this rank, unless the employment is to be temporary, it would be better to have the appointment made by Order-in-Council.

I am, Sir, your obedient servant,

The Secretary, Railways and Canals Dept.

J. L. McDOUGALL, A.G.

Order in Council, March 24, 1891.—On a memorandum dated March 19, 1891, from the Minister of Railways and Canals, representing that at the beginning of the month of February last Mr. Celestin Bergevin was appointed as Inspector of Supplies on the Lachine Canal at a monthly salary of \$85, as to which the Auditor-General is of opinion that this appointment should be made by an Order in Council. The Minister recommends that it be confirmed accordingly, it being understood that Mr. Bergevin will not contribute to the Superannuation fund.

The Committee submit the above recommendation for Your Excellency's approval.

JOHN J. MCGEE, C.P.C.

AUDIT OFFICE, OTTAWA, Oct. 6, 1891.

SIR,—Let me call your attention to the Order in Council of March 24, 1891, appointing Mr. Celestin Bergevin "Inspector of Supplies on the Lachine Canal."

Since the receipt of supplies is still attested by the different foremen, I infer that Mr. Bergevin's oversight is exercised mainly in the line of controlling the quality of the goods purchased. Would it not be well to have his certificate of approval marked on the vouchers for the materials which he inspects, and to make his approval a condition of payment of the accounts?

Since Mr. Supt. Parent certifies Inspector Bergevin on the "pay-list of the persons employed in the Superintending Engineer's office," and since the payments of his wages are marked "witnessed" by one or other of the clerks in that office, I conclude that Mr. Bergevin's headquarters are at Montreal; but I do not find that he has any accounts for travelling expenses. How does he inspect supplies received and consumed at other parts of the canal?

I am, Sir, your obedient servant,

The Secretary, Railways and Canals Dept.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, Oct. 9, 1891.

SIR,—I am passing your application in favour of Mr. Paymaster Bussières, for September expenses of Quebec Canals, after making interim deductions as follows:—

* * * * *

Superintending Engineer's office, Montreal :

Celestin Bergevin, Inspector of Supplies, Lachine Canal . . . \$85 00

Beauharnois Canal staff :

Celestin Bergevin, travel 14 45

* * * * *

Celestin Bergevin's Salary.—This deduction is explained at length in a separate letter. It is, of course, outside of my audit to see that an officer performs his duty ; but I must call the Department's attention to facts which appear to prove that he cannot be performing it.

Celestin Bergevin's Travel.—There should, I think, be some reference to whatever Departmental authority exists for making use of Mr. Bergevin as land valuator ; the voucher should be certified by Mr. Superintendent Beique ; and it does not appear at first sight to be a proper charge against "staff." Please let me have more information concerning the damages referred to in the account, to show whether it should not be classed under the income vote for "fences, ditches and repairs to drains."

I am, Sir, your obedient servant,

The Secretary, Railways and Canals.

J. L. McDOUGALL, A. G.

SUPERINTENDING ENGINEER'S OFFICE, MONTREAL, Oct. 13, 1891.

SIR,—Referring to your letter No. 86,302, dated October 12, transmitting for report thereon a copy of a letter from the Auditor General, *re* interim deductions in September pay-lists of Quebec Canals, and asking explanations in connection therewith, I beg to make the following remarks :—

C. Bergevin, Inspector of Supplies, Lachine Canal, \$85.—I enclose herewith copy of Departmental letter No. 83,978, dated February 5, 1891, conveying the information that Mr. C. Bergevin had been instructed to call upon me for employment in connection with the Lachine Canal, and that his salary had been fixed at \$85 per month. There being no mention of the capacity in which he was to act, and as there were several claims for damages to private properties on the Beauharnois Canal, from leakages of said canal waters, Mr. C. Bergevin was instructed to visit the locality, to appraise such damages, and to report to this office ; and thus the claims of Messrs. M. Brunet and J. J. Poirier, forwarded with Departmental letter of March 24 last, as well as those of Messrs. Durocher, Bougie, Jos. Julien and F. Grenier, were referred to him for valuation. His report on the above claims was received here September 29, and will be forwarded to the Department within a few days. Therefore the work performed by Mr. Bergevin would, it seems to me, justify the entry of his name in the pay-list, for services rendered in the capacity of inspector or valuator of damages.

Celestin Bergevin's Travel.—Mr. Bergevin having acted as above stated, he was therefore obliged to visit the locality ; and, as customary, was allowed his actual travelling expenses, which were charged to staff, as usually done in similar cases by other officers of the Department. However, as suggested by the Auditor, the certificate of the Canal Superintendent (Mr. Beique) might be attached to said account, in so far as it regards the work performed by Mr. Bergevin on the Beauharnois Canal.

* * * * *

I am, Sir, your obedient servant,

The Secretary Railways and Canals.

E. H. PARENT, *Supt. Engineer.*

RAILWAYS AND CANALS DEPT, OTTAWA, Feb. 5, 1891.

SIR,—I am instructed to inform you that Mr. Celestin Bergevin, of Beauharnois, has been instructed to call upon you for employment under you, in connection with the Lachine Canal. His salary has been fixed at \$85 a month.

I am, Sir, your obedient servant,

E. H. PARENT, Esq., Supt. Engineer, Montreal.

A. P. BRADLEY, *Secretary.*

AUDIT OFFICE, OTTAWA, Oct. 9, 1891.

SIR,—Since writing my letter of Oct. 6 concerning Mr. Celestin Bergevin, the Inspector of Supplies on the Lachine Canal, I have received your Application No. 111 for September expenses of the Quebec Canals. In the pay-list for Beauharnois Canal (Staff) I find an account for \$14.45 as follows:—

Celestin Bergevin, Beauharnois: Examining Damages.

March 11—Trip to Montreal for instructions <i>re</i> damages, cars \$1.40; hotel, \$2.....	\$ 3 40
April 4—Trip to Valleyfield, <i>re</i> property of M. Brunet, horse- hire, \$2.50; hotel, 85 cts.....	3 35
April 7—Trip to St. Timothy, <i>re</i> property of D. Bougie, horse- hire, \$2; hotel, 85 cts.....	2 85
June 3—Trip to St. Timothy, <i>re</i> property of J. Julien, horse- hire, \$2; hotel, 85 cts.....	2 85
August 4—Trip to St. Timothy, <i>re</i> property of F. Grenier, horse-hire, \$2.....	2 00

I infer from these details, particularly from the items of \$2 for horse-hire to St. Timothy, that Mr. Bergevin does not reside in Montreal, but in Beauharnois, as is indicated by the heading of his account. The question asked in my previous letter, "How does he inspect supplies at Lachine, if he lives in Montreal and has no travelling expenses?" becomes now the more comprehensive question, "How does he inspect supplies anywhere on the Lachine Canal, if he lives at Beauharnois?"

I shall be obliged to hold in suspense the item of \$85 for Mr. Bergevin's salary as Inspector of Supplies on the Lachine Canal, until you obtain from Mr. Parent, the Superintending Engineer, an explanation of his reasons for entering Mr. Bergevin each month on the "Pay-list of Persons employed in the Superintending Engineer's Office."

I am, Sir, your obedient servant,

The Secretary, Railways and Canals Dept.

J. L. McDUGALL, A. G.

AUDIT OFFICE, OTTAWA, Nov. 3, 1891.

SIR,—To simplify any further discussion concerning Inspector Celestin Bergevin of the Lachine Canal, I now group together on one sheet the salient points of evidence:

Mr. Parent, the Superintending Engineer, explains as follows, in his letter of Oct. 13: "I enclose herewith copy of Departmental Letter dated Feb. 5, 1891, conveying the information that Mr. C. Bergevin had been instructed to call upon me for employment in connection with the Lachine Canal, and that his salary had been fixed at \$85 per month. There being no mention of the capacity in which he was to act, and as there were several claims for damages to private properties on the Beauharnois Canal from leakages of said canal waters, Mr. C. Bergevin was instructed to visit the locality, to appraise such damages, and to report to this office; and thus the claims of Messrs. M. Brunet and J. J. Poirier forwarded with Departmental Letter of March 24, as well as those of Messrs. Durocher, Bougie, J. Julien and F. Grenier, were referred to him for valuation. His report on the above claims was received here Sept. 29, and will be forwarded to the Department within a few days. Therefore the work performed by Mr. Bergevin would, it seems to me, justify the entry of his name in the pay-list for services rendered in the capacity of Inspector or Valuator of Damages."

The departmental letter of Feb. 5, 1891, referred to by Mr. Parent, was addressed to him by the Secretary in these words: "E. H. Parent, Esq., Sir:—I am instructed to inform you that Mr. Celestin Bergevin, of Beauharnois, has been instructed to call upon you for employment under you, in connection with the Lachine Canal. His salary has been fixed at \$85 a month. Your obedient servant, A. P. Bradley."

The third document to be considered is Mr. Bergevin's account for travelling expenses, which is shown in detail in my letter of Oct. 9, 1891, and which may be inferred to cover all of his services between Feb. 1 and Aug. 31, 1891:

DETAILS OF EXPENDITURE.

D—373

March 11 :	Trip, Beauharnois to Montreal	\$3 40
April 4 :	do do Valleyfield	3 35
April 7 :	do do St. Timothy	2 85
June 3 :	do do	2 85
Aug. 4 :	do do	2 00

Setting aside for the present the question of charging "Lachine Canal" with services rendered to the Beauharnois Canal, and the question of dating a salary from Feb. 1 when the appointment was notified only Feb. 5, there remain these facts: that Mr. Bergevin, in listing his services between Feb. 1 and Aug. 31, finds only five days' work, and that Mr. Parent considers that "the work performed by Mr. Bergevin," (viz.: five days in seven months) "justifies the entry of his name in the pay-list."

I ask the Department either to declare explicitly that they differ from me, and think the salary paid to Mr. Bergevin "has been applied to the purposes for which the grant was intended to provide," that is to say, to "Lachine Canal," to "Canals" at all, or even to the Public Service generally; or to inform Mr. Parent that he should apply with more discrimination his certificate of "correct in every particular of time, materials and value," if he wishes to have it accepted without hesitation.

I am, Sir, your obedient servant,

The Secretary, Railways and Canals.

J. L. McDOUGALL. A.G.

PRIVY COUNCIL DEPT., OTTAWA, Jan. 29, 1892.

By an Order in Council dated Jan. 7, 1892, it was ordered that the appointment of Mr. Celestin Bergevin as Inspector of Supplies on the Lachine Canal, made by an Order in Council dated the 24th March last, be cancelled from Dec. 5, 1891.

JOHN J. MCGEE, *Clerk Privy Council.*

AUDIT OFFICE, OTTAWA, Jan. 29, 1892.

SIR, - I am passing to-day your application No. 312 for \$268.71, to pay Mr. Celestin Bergevin his salary up to Dec. 5, 1891, the date from which the Order in Council removes him from the pay-list. This covers the following amounts:

Pay for September, withheld by Audit Office..... \$ 85 00

Pay Oct. 1 to Dec. 5, withheld by Department..... 183 71

Let me exhibit at some length the similarity between Mr. Bergevin's case and that of Mr. Hormisdas Martial, of Chambly.

Mr. Martial, while employed on repairs works, was injured by the falling of a defective derrick. It was thought expedient to give him a compassionate-allowance of \$38 a month; but instead of describing the facts explicitly on the face of the pay-list, for Departmental approval and subsequent audit in this office, he was entered as a watchman doing full time, over the usual certificate "Correct in all particulars and details." The fact of the allowance being merely a compassionate one was brought to my knowledge only as an answer to the extraneous question, "What property does he watch?"

Mr. Bergevin was appointed "Inspector of Supplies" on the Lachine Canal, and was paid on Mr. Parent's customary certificate of the pay-list being "Correct in every particular of time, materials and value." We, of course, supposed that Mr. Bergevin performed the duty of inspecting the supplies purchased for the Lachine Canal; although the absence of any charges for travel along the canal between Montreal and Lachine gave rise to remark in my letter of Oct. 6, 1891. When Mr. Bergevin's bills came in with the September pay-lists, presumably for all of his travel since his appointment, it was noticed that he lived in Beauharnois, at some distance from the Lachine Canal, and that he gave no evidence of having travelled along the canal at all.

The similarity between the cases of Messrs. Martial and Bergevin is this, that the evidence which elicited each irregularity was apparently irrelevant to the question of

whether or not the work charged for was performed : that is to say, the system of certificates, as worked by Mr. Parent, unless construed with extraneous facts, has been defective enough to let two men be paid for services which they did not render.

I repeat therefore the unanswered question in my letter of Nov. 5, *re* Martial : " Is " Mr. Parent's certificate of ' Correct in every particular of time, materials and value,' " attached to any other payments or allowances accruing in a manner different from " their explicit description on the face of the pay-list ? " ; and I generalize the Bergevin discussion into the additional question " Is Mr. Parent still certifying any officers who " do not perform the work for which they are paid ? "

I am, Sir, your obedient servant,

The Secretary, Railways and Canals Dept.

J. L. McDOUGALL, *A.G.*

St. Ours Lock—Jos. Grenier.

AUDIT OFFICE, OTTAWA, March 13, 1891.

SIR,—On your February expenses for Quebec Canals I am holding an item of \$30 from Jos. Grenier, on the St. Ours pay-list.

Mr. Grenier's February work is returned by the resident-engineer as follows :—

Carpenter, 24 days at \$1.25.....	\$30
do ' 24 nights at \$1.25.....	30

Continuous night-and-day work for a month is such a near approach to physical impossibility, that there is probably some other explanation of the figures, which I would like to obtain.

I am, Sir, your obedient servant,

The Secretary, Railways and Canals Dept.

J. L. McDOUGALL, *A.G.*

SUPERINTENDING ENGINEER'S OFFICE, MONTREAL, March 19, 1891.

SIR,—Adverting to your communication dated 14th instant, enclosing copy of a letter from the Auditor General, withholding an item of \$30 from Joseph Grenier, and asking explanations of the figures.

I beg to state that Mr. Grenier has been employed during 24 days of 16 hours, in various capacities, such as carpenter, caretaker of tools, and in charge of the lamps and Wells-light required to carry on the work, until midnight.

As carpenter, he was paid \$1.50 per day, but considering that the work he had to perform as such was lighter than that of the other carpenters, he was only rated at \$1.25 per day of 10 hours.

Between 6 o'clock p.m. and midnight, he was employed as above stated, but more specially attending to the lighting of the works, being paid \$1.25 for the six hours. I may further state that Mr. Grenier being the only diver on the spot, his presence is continually required close to the works, and he therefore does not enjoy the liberty other workmen have after their day's work. Trusting the above explanations will be satisfactory.

I am, Sir, your obedient servant,

The Secretary, Railways and Canals Dept.

E. H. PARENT, *Suptg. Eng.*

AUDIT OFFICE, OTTAWA, April 1, 1891.

SIR,—Let me acknowledge receipt of Mr. Parent's letter of March 19, concerning the items of 24 days and 24 nights for Joseph Grenier, in the February pay-list at St. Ours.

The fact of 6 hours being called a night's work should have been marked explicitly on the face of the pay-list. Otherwise it is a fair presumption that a working-day and a working-night are of equal length.

Please ascertain how far this insufficiency of definition extends through the other pay-lists.

I am, Sir, your obedient servant,

The Secretary, Railways and Canals Dept.

J. L. McDOUGALL, A.G.

SUPERINTENDING ENGINEER'S OFFICE, MONTREAL, April 7, 1891.

SIR,—I beg to acknowledge receipt of your letter dated 6th instant, enclosing copy of a letter from the Auditor General, commenting on my report of 19th March last, *re* items of 24 days and 24 nights for Joseph Grenier, in St. Ours income pay-list for February.

In reply I beg to state that it would have been no doubt more satisfactory in the first instance, had the six hours night-work been marked on the face of the pay-list, or a note to the same effect inserted at the bottom of the list; but the matter is satisfactorily disposed of in my letter of 19th of March last.

I may further state for the information of the Auditor that this was the only case, through all the pay-lists, where the insufficiency of definition existed.

I am, Sir, your obedient servant,

The Secretary, Railways and Canals Dept.

E. H. PARENT, *Suptg. Eng.*

Rideau Canal—Close of Navigation.

AUDIT OFFICE, OTTAWA, Dec. 7, 1891.

SIR,—Let me acknowledge receipt of your Application No. 226 in favour of Paymaster Abbott, for November expenses of the Rideau Canal.

I notice that all of the lockmasters and lockmen are paid for the whole of the month of November. Please let me have, for this and for the other canals, the date at which navigation closed, and the reasons of the responsible officer for allowing wages to run on after that date, if any such payments are claimed.

I am, Sir, your obedient servant,

The Secretary, Railways and Canals Dept.

J. L. McDOUGALL, A.G.

RAILWAYS AND CANALS DEPT., OTTAWA, Dec. 11, 1891.

SIR:—With reference to your letter of the 7th instant *re* application of Department in favour of Paymaster Abbott for November expenses, Rideau Canal, I have the honour to say that the Government Canals are kept open until closed by frost. The canals were still open at the end of last month.

I am, Sir, your obedient servant,

The Auditor General.

T. TRUDEAU, *Acting Secretary.*

AUDIT OFFICE, OTTAWA, Dec. 12, 1891.

SIR,—Let me acknowledge receipt of your 137,325 of December 11, stating that the canals are kept open until closed by frost, and that they were still open at the end of November.

On this explanation I am passing the application for Rideau Canal expenses for November.

I am, Sir, your obedient servant,

The Secretary, Railways and Canals Dept.

J. L. McDOUGALL, A.G.

Tay Canal—Bridge Tenders at Perth.

AUDIT OFFICE, OTTAWA, Oct. 10, 1891.

SIR,—I am passing your applications in favour of Paymaster Abbott for September expenses of the Rideau Canal, after making temporary deductions of \$7.50 each from Messrs. W. J. Crosbie and Robt. Stone, the bridge tenders on the Tay Canal at Perth.

It was not noticed, when the August pay-list went through, that these officers had been appointed at \$1.25 a day, instead of at \$1—the rate paid to the other bridge tenders on the Rideau Canal.

There is no mention on the pay-list that this difference has been considered and approved by the Department of Railways and Canals, and I have passed Messrs. Crosbie and Stone at \$1 a day pending explanation.

The subject is discussed generally in another letter of this date.

I am, Sir, your obedient servant,

The Secretary, Railways and Canals Dept.

J. L. McDOUGALL, A.G.

RAILWAYS AND CANALS DEPT., OTTAWA, Oct. 29, 1891.

SIR,—In reply to your letter of Oct. 10, in which you state you were making temporary deductions of \$7.50 each from the monthly pay of W. J. Crosbie and Robt. Stone, bridge tenders on the Tay Canal at Perth, I am to state that the Superintending Engineer of the Rideau Canal was authorized by this Department to employ these men at the rate of \$1.25 during navigation; and as they are not provided with dwellings by the Government, that rate includes an allowance for house rent. The other bridge tenders who are paid \$1 per day are provided with dwellings.

I am, Sir, your obedient servant,

The Auditor General.

T. TRUDEAU, *Acting Secretary.*

Welland Canal—Travel of Supt. Ellis.

AUDIT OFFICE, OTTAWA, May 8, 1891.

SIR,—I have received a copy of an Order in Council, dated April 17, 1891, authorizing a refund to Supt. Ellis of all deductions hitherto made from his salary, and wiping off the balance against him, for horse-hire charged in addition to travelling allowance.

It is still my opinion that the terms of an allowance cannot be re-arranged at a period subsequent to the service. This particular allowance was described as for travelling expenses; and it cannot be defined anew to have excluded horse-hire, so long after the travel was performed.

I regret having to hold your application for Supt. Ellis' refund, until you obtain a ruling from the Treasury Board, as provided by the Audit Act, if you think it advisable. I would like to know if an appeal is to be made, to save delay in giving my reasons to the Treasury Board, as the matter has been under discussion for some time.

I am, Sir, your obedient servant,

The Secretary, Railways and Canals Dept.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, Nov. 2, 1891.

SIR,—In explanation of the deduction of \$30 recently made from the September salary of Supt. Ellis, I beg to point out that I have not heard of the Treasury Board taking any action on the appeal in Mr. Ellis' behalf. It therefore appears necessary to set again in motion the machinery for collecting the arrears of overpayments on account of travelling expenses. Further, unless the Board rule in favour of Mr. Ellis in the

meantime, a deduction will be made from his October salary, sufficient to make \$30 a month for the time that the previous arrangement was suspended, namely: April, May, June, July and August.

I am, Sir, your obedient servant,

The Secretary, Railways and Canals Dept.

J. L. McDOUGALL, A.G.

Welland Canal :—Insufficient Description of Supplies.

AUDIT OFFICE, OTTAWA, NOV. 18, 1891.

SIR,—Let me acknowledge receipt of your application, No. 209, in favour of Paymaster Dunn for \$16,114.39, the October expenses of the Welland Canal.

I am passing the application at \$15,725.62, having made the following deductions:

Staff : Supt. Ellis.....	\$150 00
Repairs : Coy Bros.....	238 77

The deduction from Supt. Ellis' salary is in accordance with my letter to you of Nov. 22. It is calculated at \$30 a month for April, May, June, July and August.

The account of Coy Bros. contains an item of \$180 for "Steel rope for lock-gates, 1,000 feet at 18 cents." In such a large system of expenditure as that of the Dominion, where it is impossible for each one of the succession of officers who handle an account to examine the materials on the spot, the descriptions of the larger supplies should be full enough to allow a comparison with catalogue prices: and the same information would enable the readers of my report to form an opinion on the rates paid. Please ask the Coy Bros. in this instance, and all dealers in future, to describe their goods fully.

The same account mentions 48 gallons of signal oil at 85 cents a gallon. I have information to the effect that signal oil can be placed in St. Catharines by the barrel at 67 cents a gallon. It would be well to investigate this question further.

I am, Sir, your obedient servant,

The Secretary, Railways and Canals Dept.

J. L. McDOUGALL, A.G.

RAILWAYS AND CANALS DEPT., OTTAWA, NOV. 30, 1891.

SIR,—Referring to your letter of Nov. 18, in which you state that you have withheld the sum of \$238.77 charged against repairs, Welland Canal, in application No. 209, upon the ground that the goods purchased are insufficiently described, I am directed to transmit to you, herewith, an extract from a letter from Mr. W. G. Thompson, Superintending Engineer, which fully explains his reasons for approving the items referred to therein.

I am, Sir, your obedient servant,

The Auditor General.

T. TRUDEAU, Act. Secy.

WELLAND CANAL, ST. CATHARINES, NOV. 24, 1891.

SIR,—I beg to acknowledge the receipt of your letter No. 86674 enclosing No. 137085 from the Auditor General, on the subject of deductions from the Welland Canal staff and repairs pay-lists and accounts for the month of October, 1891.

With reference to the items of steel rope for lock-gates, at 18c. per lb., and signal oil at 85c. per gallon, the Messrs. Coy Bros. inform me that such are their retail prices for the articles mentioned, the signal oil being "XXX Special" brand and costing them 71c. per gallon at St. Catharines, with no allowance for wastage; the steel rope is $\frac{3}{8}$ -inch in diameter.

Both the steel rope and oil have been selected, after many trials of different brands, as being best adapted for the respective purposes.

* * * * *

I am, Sir, your obedient servant,

W. G. THOMPSON, Supt. Engr.

The Secretary, Railways and Canals Dept.

AUDIT OFFICE, OTTAWA, Dec. 17, 1891.

SIR,—Let me acknowledge receipt of your 137085 of Nov. 30, enclosing Mr. Thompson's report on the account of Coy Bros. for signal oil at 85 cents, and steel rope at 18 cents, supplied to the Welland Canal.

The Coy Bros. inform Mr. Thompson that 85 cents a gallon is their retail price for the "XXX Special" brand of signal oil, for which they pay 71 cents without allowance for waste. The figure which I gave you in my previous letter, of 67 cents for putting their best brand into St. Catharines, was quoted by the Ottawa agent of the * * * * Oil Co., for supplies by the barrel. On such large quantities as are purchased by the Government, the retail prices fixed for small consumption should not be considered a final test of fairness.

The remark made by me concerning the steel chain, that "the description should be full enough to allow a comparison with catalogue prices," has elicited from the Coy Bros. only the information that it was $\frac{5}{8}$ -inch chain. I need the description as given in trade terms in the wholesale catalogues, for this and all other large purchases; which please obtain. The account is going through in the meantime, with the reservation of future recourse if warranted by the full description.

I am, Sir, your obedient servant,

The Secretary, Railways and Canals Dept.

J. L. McDOUGALL, A.G.

RAILWAYS AND CANALS DEPT., OTTAWA, Jan. 2, 1892.

SIR,—I am directed to inform you, in reply to the request in your letter of the 17th ultimo for a more specific description of the $\frac{5}{8}$ inch steel rope purchased from Messrs. Coy Bros. for the Welland Canal, that the Superintending Engineer reports that it is obtained from the "Warrington Wire Rope Works, Liverpool, England," and is described as "best improved patent steel rope," which, after trials of other brands, has been found to give the best results.

I am, Sir, your obedient servant,

The Auditor General.

T. TRUDEAU, *Act. Secy.*

Williamsburg Canals:—June, 1891.

AUDIT OFFICE, OTTAWA, July 25, 1891.

SIR, Let me acknowledge receipt of your Application No. 594 in favour of George Reid, for June expenses of Williamsburg Canals.

I notice that the Sunday labour is entered this month at the full amount of nine hours every Sunday. For Williamsburg, in previous seasons, charges were made only for the actual number of hours during which the lockmen were engaged in letting vessels through. I enclose a statement from which may be calculated the difference in cost of the two systems:—

Actual Sunday labour, July to Nov., 1890, five months	\$120 90
Sunday time, June, 1891, at nine hours a Sunday	97 20
Approximate cost, six months for actual work	145 08
Approximate cost, six months, for nine hours a Sunday	583 20

If it is proposed to alter the former system, it would be well to attach to the pay-list the explicit sanction of the Department for the change.

Against the account of Kerr Bros., of Farran's Point, for 4,000 lin. feet of pier timber at 15 cents, amounting to \$600, there are the following objections:—

1. The only date given is "1888 and 1889" for the whole supply. The day and month of each delivery should be mentioned.

2. The account is dated "Sept. 24, 1890." There should be an explanation of the delay in presenting the bill after the timber was supplied, and of the delay in settling the bill after it was presented.

3. The description "4,000 lin. ft. of pier timber at 15 cents" is not sufficient. The kind of timber should be mentioned, and there should be a specification of dimensions, showing how the 4,000 ft. is made up.

4. Mr. Superintendent Hickey certifies: "The above timber, I believe, was ordered by the late Superintendent, A. G. Macdonell." In view of the modification of the certificate, it would be well to have a statement of the information on which Supt. Hickey bases his belief.

5. Mr. Weaver, the lockmaster at Farran's Point, certifies: "Materials supplied, as to the best of my judgment." Such a cautious certificate is valuable chiefly as indicating a ground for caution. Please ask Mr. Weaver why he was unwilling to make the simple certificate "materials supplied," as provided by Section 33 of the Audit Act.

6. The receipt of repairs materials is certified usually by Mr. Robt. Armstrong, the foreman of repairs, under whose superintendence the materials are worked into the canal. Please get him to certify the account now under discussion.

The pay-lists are returned herewith. I can pass the other items in the meantime, if the application is amended.

I am, Sir, your obedient servant,

The Secretary Railways and Canals Dept.

J. L. McDOUGALL, A.G.

RAILWAYS AND CANALS DEPT., OTTAWA, July 28, 1891.

SIR,—In acknowledging your letter of July 25, *re* application for June expenses of Williamsburg Canals, I am directed, in reply thereto, to say that all the canals on the St. Lawrence have been paid for nine hours on Sunday (midnight Saturday until 6 a.m., and from 9 p.m. until midnight), with the exception of the Williamsburg Canals, whose men have hitherto been paid only for hours actually employed in locking, although on duty the nine hours. The change was made to assimilate the Williamsburg Canals with the others.

The application has been amended by deducting the account of Kerr Bros. for \$600, and is herewith enclosed as amended.

I am, Sir, your obedient servant,

The Auditor General.

A. P. BRADLEY, *Secy.*

AUDIT OFFICE, OTTAWA, Aug. 1, 1891.

SIR,—I am passing the Williamsburg Canal pay-lists for June, 1891, including 9 hours each Sunday for the lockmen, on your explanation that the change was made in order to assimilate the Williamsburg Canals with the others.

My reason for supposing that a difference might be made in this case was that a portion of the traffic which has to pass through the rest of the St. Lawrence navigation system can evade the Williamsburg Canals by going outside through the rapids, thereby lessening the work of the lockmen.

I am, Sir, your obedient servant,

The Secretary, Railways and Canals Dept.

J. L. McDOUGALL, A.G.

Williamsburg Canals—Back Pay for Sundays.

AUDIT OFFICE, OTTAWA, Oct. 5, 1891.

SIR,—Let me acknowledge receipt of your application No. 603 for \$413.70 in favor of Geo. Reid, paymaster on the Williamsburg Canals, to pay the lockmen for Sunday time previously unpaid, as follows:

	Charged before.	9 hrs. a Sunday.	Charged now.
July, 1890	\$ 30 60	\$ 97 20	\$ 66 60
Aug., 1890	17 10	121 50	104 40
Sept., 1890	20 10	97 20	77 10
Oct., 1890	23 85	97 20	73 35
Nov., 1890	29 25	121 50	92 25

Charged before : Time occupied by vessels going through locks . . \$120 90

Full time : 9 hours each Sunday for 22 Sundays to 18 men . . . 534 60

Charged now : Time not occupied by vessels going through locks. 413 70

I passed the charge of full time of \$97.20 for Sunday labor for June, 1891, after your explanation that it was intended to bring the Williamsburg Canals into uniformity with the others in this respect ; or that the men this season would attend to the locks for 9 hours each Sunday, understanding that both their pay and their duties ran on together for the whole time.

But since the men worked in 1890 under the arrangement that they would be paid only during the transit of vessels, it is now too late to go back and remunerate them for the rest of the time ; that is to say, for intervals during which they did not consider themselves as under either pay or obligation.

I hope that you will reconsider this application, and see your way clear to withdrawing it.

There are two other subjects for reflection in this pay-list : Why are the arrears calculated only for 1890-91, thus arbitrarily excluding similar figures for 1889-90 ? And how can Mr. Superintendent Hickey certify "Work performed," on paylists running from July to November, 1890, when he did not come on to the Canal till May 11, 1891 ?

I am, Sir, your obedient servant,

The Secretary, Railways and Canals Dept.

J. L. McDOUGALL, A.G.

RAILWAYS AND CANALS DEPT., OTTAWA, Oct. 24, 1891.

SIR,—In acknowledging the receipt of your letter of Oct. 24, *re* application No. 603 for \$413.70 in favor of Geo. Reid, paymaster on the Williamsburg Canals, to pay the lockmen for Sunday time previously unpaid, I am in reply thereto, in deference to your suggestion therein made, directed to withdraw the application above referred to.

I am, Sir, your obedient servant,

The Auditor General.

T. TRUDEAU, *Acting Secretary.*

Williamsburg Canals—Building not Described.

AUDIT OFFICE, OTTAWA, Oct. 10, 1891.

SIR,—I am passing your application No. 120 in favor of Paymaster Reid for September expenses of the Williamsburg Canals, after deducting the account of John Mallon for \$248, made up of the following details :

Brick, 6,000, at \$5	\$30 00
Hemlock, 3,000 ft. at \$10	30 00
Shingles, 6,000 at \$2.50	15 00
Scantling, 1,500	15 00
Flooring, 1,000 ft.	18 00
Plastering	40 00
Windows, 6	15 00
Doors, 6	9 00
Work, 38 days at \$2	76 00

There should be mention made of the location and use of the building on which this work was done ; there should be dates for the items ; and the days included in the charge of \$76 for work should be specified, as well as the names of the workmen.

I am, Sir, your obedient servant,

The Secretary, Railways and Canals Dept.

J. L. McDOUGALL, A.G.

Canals, other than Welland :—Lockmasters paid for 12 months.

AUDIT OFFICE, OTTAWA, Jan. 14, 1892.

SIR,—Let me acknowledge receipt to-day of your application for payment of December, 1891, expenses of the Cornwall and Williamsburg Canals. The lockmen's wages are charged up to the following dates :—

Cornwall, Locks 16-17	Dec. 10
do Locks 18, 19, 20	Dec. 13
do Lock 21	Dec. 21
Williamsburg, Locks 22 to 27	Dec. 12

On the back of the Cornwall repairs pay-list there is a note made by Supt. Ross : "Canal closed to navigation Dec. 5." There should be an explanation of the payment of lockmen's wages after that date.

I notice that Mr. A. B. Robertson, the lockmaster at Rapide Plat, who replaces Mr. Toye, is to be paid from Dec. 14th. Please give me a copy of the Departmental order appointing him, and fixing the date of the commencement of his services.

Let me draw your attention to the difference in your practice on the Welland Canal, where the wages of the lockmasters are paid for the open season only, and cease like those of the lockmen when the Canal is closed.

I am, Sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Secretary, Railways and Canals Dept.

CORNWALL, Jan. 16, 1892.

SIR,—In reply to No. 87175 enclosing a letter from the Auditor General, asking for certain explanations, *re* the application for payment of the Cornwall and Williamsburg Canals, for the month of December, 1891.

I beg to forward herewith a copy of a letter from Mr. Supt. Ross, on the subject, also a copy of the Cornwall pay-list for December, 1891, with explanatory notes thereon.

With reference to Mr. A. B. Robertson, the lockmaster at Rapide Plat guard lock, who replaced Mr. Toye, I have no information other than that contained in Departmental letters Nos. 86869 and 86881, informing me of Toye's retirement and Robertson's appointment, of which I at once, 16 Dec. last, notified Mr. Supt. Hickey, as requested.

And as regards the practice on the Welland Canal where wages of lock-masters are paid for the open season only, I desire to state that those employed on the Cornwall and Williamsburg Canals have always been paid for every day in each year.

I am, Sir, your obedient servant,

TOM S. RUBIDGE, *Supt. Engr.*

The Secretary, Railways and Canals Dept.

CORNWALL, January 16, 1892.

SIR,—In answer to letter referred to me for explanation, *re* time allowed men on staff of Cornwall Canal for month of December, 1891, on locks 16-17, Canal closed on Dec. 5, but two days extra were allowed for work done by men on those days on

gate of lock 17. Remaining three days allowed ten men were for watching water at these locks to see that proper level was maintained.

The man who got full time was acting as watchman on lock-gate-lifter "John Page."

The men on locks 18, 19 and 20 worked to Dec. 7 locking contractor's boats through. Balance of time, six days each, was for watching water as above.

At lock 24 contractors were using lock until Dec. 18 and balance of time was for watching as above, viz. :—for three days each.

The above explains cause for allowing extra time to men.

I am, Sir, your obedient servant,

T. S. RUBIDGE, Esq., Suptg. Engineer.

A. P. ROSS, Supt.

AUDIT OFFICE, OTTAWA, Jan. 27, 1892.

SIR,—I have passed the December pay-lists for the Cornwall and Williamsburg Canals, on the explanations contained in your letter of Jan. 23, 1892.

Mr. Rubidge's last paragraph is: "As regards the practice on the Welland Canal, where wages of lockmasters are paid for the open season only, I desire to state that those employed on the Cornwall and Williamsburg Canals have always been paid for every day in each year."

This may be a reason for continuing payment to officers who have served for some time in an established capacity. But unless natural causes make the difference in the systems inherently essential, it might be well to consider whether paying all new appointees for the open season only is not an economy which it would be practicable to introduce on the Beauharnois, Carillon, Chambly, Cornwall, Lachine, Rideau, Ste. Anne's, St. Ours and Williamsburg Canals.

This is the idea which I had in view when opening the discussion.

I am, Sir, your obedient servant,

The Secretary, Railways and Canals Dept.

J. L. McDOUGALL, A.G.

Canal Accounts should be Examined in Department.

AUDIT OFFICE, OTTAWA, Sept. 3, 1891.

SIR,—Let me call your attention to the two following sections of the Consolidated Revenue and Audit Act:

"42. The Deputy Heads of the several Departments, or the officers, clerks or other persons charged with the expenditure of public moneys, shall respectively audit the details of the accounts of the several services in the first instance, and be responsible for the correctness of such audit."

"46. If the Auditor General is satisfied that the accounts bear evidence that the vouchers have been allowed and passed by the proper departmental officers, he may admit the same as satisfactory evidence of payment."

In accordance with Section 42, the accounts for the outside services of the other branches of the Government are audited in the Departments before they come to this office.

The examination of the accounts for maintenance and repairs of Canals appears therefore to be incomplete without a Departmental audit at Ottawa. This audit should be in the line of giving or withholding authority, and the auditing officer should sign or initial each voucher approved, to fix his responsibility.

I am, Sir, your obedient servant,

The Secretary, Railways and Canals Dept.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, Oct. 9, 1891.

SIR,—Let me call your attention to the deductions made by this Office in the September pay-lists for Beauharnois and Rideau Canals, on account of salary-increases for which no Departmental authority is quoted.

The responsibility of the Department should be fixed explicitly for these and similar increases; either in each separate case, as is the custom of other Departments, or by some general rule defining clearly the salaries which are left to the Superintending Engineers to change, and assuming in advance the responsibility for any action the Engineers may take under this rule.

I am, Sir, your obedient servant,

The Secretary, Railways and Canals Dept.

J. L. McDOUGALL, *A.G.*

Canal Pay-lists -Time-sheets needed from Foremen.

AUDIT OFFICE, OTTAWA, Nov. 18, 1891.

SIR,—I would like to see our copy of the canal pay-lists supported by time-checks prepared by the different foremen and lockmasters.

This is the system proposed by Engineer Rubidge, at page 188, part II, of the evidence taken by Commissioner Wood at the Carillon and Grenville Canal Investigation.

Mr. Rubidge thinks that the time-checks should go from the foremen to the engineer, without passing through the superintendent's hands.

I am, Sir, your obedient servant,

The Secretary, Railways and Canals Dept.

J. L. McDOUGALL, *A.G.*

Extra Clerks in Department, paid from Outside Votes.

AUDIT OFFICE, OTTAWA, Jan. 29, 1892.

SIR,—I have not seen any Order in Council authorizing the employment of the extra clerks of your Department. By referring to the Order in Council of July 27, 1882, you will observe that no extra clerks can be legally retained in a Department longer than one month without the authority of Council. You are aware that all extra clerks, no matter from what appropriation they are paid, are subject to the Civil Service Act and the regulations of the Government based on it.

I am, Sir, your obedient servant,

The Secretary, Railways and Canals Dept.

J. L. McDOUGALL, *A.G.*

Beauharnois Canal: Wages.	Staff.		Repairs, &c.	
	\$	cts.	\$	cts.
Anderson, Jas., team, 9 $\frac{1}{2}$ days at \$3.50			34	12
Archambault, Denis, labour, 8 days at \$1.25			10	00
