AUDIT OFFICE, OTTAWA, Feb. 14, 1891.

SIR,—I have the honour to acknowledge the receipt of your letter of Feb. 12, calling my attention to the fact that the vouchers rendered by R. Macdonald and the Charlottetown Steam Navigation Co., for \$1,000 and \$3,536 respectively, are certified by the local inspectors of your Department, and asking to be informed if there is any special form which the certificate should take. I beg to refer you for the information you require to Section 33 of the Audit Act, which plainly defines the form of certificate to be attached to all vouchers before I may authorize payment. In the case of the accounts in question, the local inspectors have merely marked them "certified," which, under Section 33, is not sufficient. The certificate required should state that the trips specified on the vouchers, or the services as stated in the contract, were performed; and that the prices charged are fair and just, or according to contract, whichever may be the case.

I am, Sir, your obedient servant,

The Deputy Postmaster General.

J. L. McDOUGALL, *A. G.*

AUDIT OFFICE, OTTAWA, Feb. 20, 1891.

SIR,—I have the honour to bring to your notice two monthly payments of \$20 each to Messrs. Walmsley and Fairman, Railway Mail Clerks attached to the office of the Post Office Inspector at Montreal, and one of \$13.33 to C. Bedard of the Quebec division, in addition to their statutory salaries and mileage earnings. I have not been able to find in the Estimates submitted to Parliament or in the Supply Bill that any distinct provision has been made for these allowances, and I beg to point out that in the absence of such provision the payment of the amounts in question was irregular.

I am, Sir, your obedient servant,

The Deputy Postmaster General.

J. L. McDOUGALL, *A. G.*

POST OFFICE DEPT., OTTAWA, March 6, 1891.

SIR,—Referring to your letter of the 20th ultimo, respecting the allowances to Messrs. Walmsley and Fairman and to C. Bedard, I beg to say that these allowances have always been given. Mr. Walmsley's from December, 1857, Mr. Fairman's from August, 1872, Mr. Bedard's from April, 1881; and have been considered to come within the 54th Section of the Civil Service Act.

I am, Sir, your obedient servant,

The Auditor General.

WM. WHITE, *Dy. P. M. G.*

AUDIT OFFICE, OTTAWA, March 20, 1891.

SIR,—I have the honour to acknowledge the receipt of your letter of the 6th instant, stating that, as Messrs. Walmsley, Fairman and Bedard were in receipt of the allowances to which I called your attention on the 20th ultimo, prior to the 1st July, 1882, such allowances may now be paid legally to them under Section 54 of the Civil Service Act. It appears to me that this section is applicable only to salaries and emoluments which were authorized and paid under competent authority previous to the date mentioned, and I have not been able to find that the amounts in question have ever received parliamentary sanction.

I am, Sir, your obedient servant,

The Deputy Postmaster General.

J. L. McDOUGALL, *A. G.*

POST OFFICE DEPT., OTTAWA, April 2, 1891.

SIR,—With reference to your letter of the 20th ultimo, respecting the allowances to Messrs. Walmsley, Fairman and Bedard, I beg to state that all salaries and emolu-

ments of officers of the Post Office service, prior to the 1st July, 1882, were fixed by the Postmaster General, under the provisions of the Act for the "Regulation of the Postal Service."

I am, Sir, your obedient servant,

The Auditor General.

WM. WHITE, *Dy. P.M.G.*

POST OFFICE DEPT., OTTAWA, Sept. 14, 1891.

SIR,—Referring to your communication of the 10th instant, in which you ask for explanation of certain payments made to Messrs. Walmsley and Fairman, British mail officers, I beg to say: 1. That the reason these officers were paid a per diem allowance during the time they were *en route* in December last, was that the minute of the Treasury Board directing that the per diem allowance should only be granted for the days of detention at Halifax and Rimouski awaiting arrival of the mail steamer, was not received by this Department in time to admit of its being carried conveniently into effect earlier than January last.

2. Although this Department discontinued sending letter and newspaper mails by the Allan steamers in April last, the parcel mails continued to be forwarded by that line, and the British mail officers were required to be in attendance at Quebec in connection with the parcel mails. The payments made to these officers for days spent at Lévis and Quebec are thus accounted for.

3. From April last until last week the Ottawa mails containing the Governor General's despatches were sent and received *via* New York, and the British mail officers accompanied them to and from New York. The Order in Council authorizing the new arrangements directed that a per diem allowance should be granted these officers for every day of absence from Ottawa on duty.

I am, Sir, your obedient servant,

The Auditor General.

WM. WHITE, *Dy. P.M.G.*

AUDIT OFFICE, OTTAWA, Sept. 24, 1891.

SIR,—I have the honour to acknowledge the receipt of your letter of the 14th instant, in which you state, with reference to the living allowance paid Messrs. Walmsley and Fairman for the month of December, 1890, that the Treasury minute directing that such allowances should be paid only for days of detention at Halifax and Rimouski, was not received at your Department in time to admit of its being conveniently carried into effect before the month of January.

The date on which you were informed of the decision of the Treasury Board on this matter does not, it appears to me, enter into the question. The minute referred to, under date Nov. 22, 1890, affirms, as I read it, that the payment of the mileage allowance and the per diem allowance for the same period not only will be illegal for the future, but was illegal. I think that all the payments made during the last fiscal year, and which were illegal under this minute, should be refunded.

I am, Sir, your obedient servant,

The Deputy Postmaster General.

J. L. McDUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, May 30, 1891.

SIR,—The vouchers sent to me in support of payments made for advertising Money Order regulations in the anniversary number of the *Toronto Empire*, \$350; in the *Ottawa Christmas Citizen*, \$100; and for advertising Post Office time tables in various newspapers, are not certified by the Queen's Printer.

With reference to these payments I beg to direct your attention to Section 3 of the Act of Parliament respecting the Department of Public Printing and Stationery. This section states clearly that all advertising required for the public service shall be per-

formed through the Department mentioned exclusively, and that the accounts shall be audited by the proper officer.

I am, Sir, your obedient servant,
The Deputy Postmaster General. J. L. McDOUGALL, A. G.

AUDIT OFFICE, OTTAWA, July 13, 1891.

SIR,—I beg to call your attention to the enclosed list of Post Office clerks who, as far as I am informed, have not passed the Civil Service Examinations.

In the case of any of these clerks who were appointed previously to the date of the last Qualifying Examination, their continued employment is plainly illegal. As regards those whose appointment was subsequent to that date, a certificate, stating that the lists of qualified candidates did not furnish a person qualified for the service in question, should be appended to the pay-list.

I notice in some cases that salaries in excess of the minimum for third class clerks are paid to temporary employés. In all such instances a certificate should be given, stating that the clerk so paid is employed at technical work, and possesses the technical qualifications required for the work.

I am, Sir, your obedient servant,
The Deputy Postmaster General. J. L. McDOUGALL, A. G.

POST OFFICE DEP., OTTAWA, July 29, 1891.

SIR,—I have the honour to acknowledge the receipt of your letter of July 8, calling attention to a payment made to Mr. Frederick Champness for conveying postal packages between the Lethbridge Post Office and the Custom House for four years to December, 1890.

The reason this service was not paid for annually was that Mr. Champness demanded a larger sum than the Department was willing to give, and it was only on the occasion of a visit made by Mr. Champness to Ottawa in the autumn of 1890 that this matter was finally settled, a rate agreed upon, and payment authorized.

I am, Sir, your obedient servant,
The Auditor General. WM. WHITE, Dy. P. M. G.

AUDIT OFFICE, OTTAWA, Sept., 16, 1891.

SIR,—I beg to bring to your notice the payments made during last year, amounting to \$65, to J. H. Bartlett for winding and care of Tower clock, Ottawa Post Office.

As Mr. Bartlett is a permanent employé of the Ottawa Post Office the payment to him of any extra salary or additional remuneration of any kind is contrary to Section 51 of the Civil Service Act as amended in 1888.

I would remind you that I called your attention to the irregular nature of similar payments in 1889–90, under date of Nov. 27, 1890.

I am, Sir, your obedient servant,
The Deputy Postmaster General. J. L. McDOUGALL, A. G.

AUDIT OFFICE, OTTAWA, Feb. 12, 1891.

SIR,—I beg to bring to your notice the rate at which the mileage paid to the mail clerks in the postal divisions of Manitoba and British Columbia is calculated. I find from the pay-lists sent to me for these two divisions that the rate allowed is one cent per mile for day duty, and half a cent additional for night duty. The rate allowed in the other divisions, and which is sanctioned by Statute, is half a cent per mile for day duty, and half a cent additional for night duty. I have not been able to find that there

is any exception in favour of Manitoba and British Columbia made in the Act of Parliament under which the rate of mileage is fixed. Please let me have your explanation.

I am, Sir, your obedient servant,

The Deputy Postmaster General.

J. L. McDOUGALL, A.G.

POST OFFICE DEPT., OTTAWA, March 7, 1891.

SIR,—In reply to your letter of the 12th ult., with reference to the rate at which mileage is paid to mail clerks in Manitoba and British Columbia, I beg to say that the mail clerks in these divisions have been in receipt of an additional allowance of a half cent. per mile since Dec. 1, 1881, and that it has been considered that, under the 54th section of the Civil Service Act, the authority given in 1881 was sufficient.

I am, Sir, your obedient servant,

The Auditor General.

WM. WHITE, *Dy. P.M.G.*

AUDIT OFFICE, OTTAWA, June 20, 1891.

SIR,—The pay-lists from the inspectors of the Manitoba and British Columbia postal divisions for February and March show that the Railway Mail Clerks of these divisions were paid mileage at the rate of one cent per mile for day duty and one cent and a half for night duty, notwithstanding that the rate allowed by Act of Parliament, as pointed out in my letter of Feb. 12, is one-half cent and one cent respectively. In your letter of March 7 you hold that the higher rate is legal under section 54 of the Civil Service Act, but I think you will find, on further consideration of the section in question, that it does not cover the present case. I should like to have, at your early convenience, the explanation for continuing payment at the higher rate. Please do not make any similar payment until the question has been settled.

I am, Sir, your obedient servant,

The Deputy Postmaster General.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, March 20, 1891.

SIR,—I have the honour to bring to your notice the payments made to Messrs. Vickers and Ottaway during the three months ended Sept. 30 last, for services as letter carriers in the town of Barrie. I understand from the vouchers sent to me that Mr. Vickers is the regular carrier, but owing to his illness the employment of an extra carrier was necessary. I presume the delivery of letters from the post office at Barrie by carrier is made under sections 37 and 38 of the Post Office Act. If so, I beg to request that you will cause to be sent to me the account of the receipts obtained from the letters and papers so delivered, which the Act requires should be rendered to your Department. I have not been able to find that these carriers have been appointed under Order in Council and I should like to have the authority for their employment, and also for the payments made to Mr. Vickers during his illness.

I am, Sir, your obedient servant,

The Deputy Postmaster General.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, May 23, 1891.

SIR,—I beg to acknowledge the receipt of a voucher from Jacques Fiset, captain of the steamer "Contest," in support of \$25 paid Mr. A. Walmsley from "Post Office—Miscellaneous," to defray expenses connected with the transfer of British mails at Rimouski. Captain Fiset's voucher is not sufficient, as it does not include the receipts of the men to whom the money was paid, or state the nature of the services rendered. In connection with this matter, I should like to direct your attention to cheque 14265 for \$6,900, issued in favour of the Intercolonial Railway for the services of the "Contest"

as mail tender at Rimouski. Did not the services for which this payment was made include all necessary labour incurred in the transfer of the mails from the British mail steamer to the postal car on the Intercolonial train, and, if so, why was any additional remuneration granted?

I am, Sir, your obedient servant,

The Deputy Postmaster General.

J. L. McDOUGALL, *A. G.*

POST OFFICE DEPT., OTTAWA, April 27, 1891.

SIR,—I have the honour to acknowledge the receipt of your letter of the 24th inst., pointing out that vouchers Nos. 816 and 934, furnished by Messrs. A. Walmsley and J. Evarts, the former for \$25, which was paid to five labourers for services in connection with the British mails at Rimouski, and the latter for \$100 for services of the same nature at Lévis, are not sufficiently explicit. With reference to the latter, I beg to say that the duties involved in attendance on the British mails consist in going across to Point Lévis, waiting for the arrival of the mail trains and accompanying the mails until their delivery at Quebec post office, and that these duties have frequently to be done at night. Regarding the payments made by Mr. Walmsley, I will see that your suggestions are carried out in the case of any future payments of this kind, but as the contract with the Allan Line for mail service has expired, it is not anticipated that any more such payments will require to be made for some time to come.

I am, Sir, your obedient servant,

The Auditor General.

WM. WHITE, *Dy. P. M. G.*

POST OFFICE DEPT., OTTAWA, May 16, 1891.

SIR,—I have the honour to acknowledge your letter of the 24th ult., with reference to voucher 676, rendered by the Tilbury Centre "Times" for publishing the time-table of the Tilbury Centre post office for five years, in which you call the Postmaster General's attention to the fact that the voucher is not accompanied by a copy of the advertisement, is not certified by the Queen's Printer as to the price charged, nor by a responsible officer of the Department that the advertisement was published as required; and add that an explanation of the delay in rendering the account for payment should be given.

In reply, I beg to enclose a copy of the advertisement in question, together with a statutory declaration on the part of the publisher that the advertisement was duly published during the time for which it is charged. You will observe also that the voucher, which is returned herewith bears the initials of the Postmaster General as authority for its payment.

The explanation of the delay in rendering the account would seem to be that the publisher neglected to render it at an earlier date.

I am, Sir, your obedient servant,

The Auditor General.

WM. WHITE, *Dy. P.M.G.*

AUDIT OFFICE, OTTAWA, May 19, 1891.

SIR,—I have the honour to acknowledge the receipt of your letter of May 16, enclosing an affidavit by the proprietor of the Tilbury Centre "Times," in which he affirms that the advertisement for which payment was made by cheque 676 was continuously published in his paper during the whole time set forth in his rendered account, and that its insertion in the first instance was authorized by the Post Office Department at Ottawa. I beg to point out, with reference to the objection raised to this account in my letter of the 24th ult., that the omissions to which I called your attention were the certificates of the Queen's Printer and of a responsible officer of your Department. The former official should certify that the price charged was not in excess of the usual contract rates,

and the latter that the advertisement ordered before publication was duly published as required. I return the account that it may be completed in this direction.

I am, Sir, your obedient servant,

The Deputy Postmaster General.

J. L. McDOUGALL, A. G.

AUDIT OFFICE, OTTAWA, Nov. 17, 1891.

SIR,—I beg to bring to your notice two payments of \$100 each made to F. H. O'Brien during last year for inspecting post offices on the north shore of the Gulf of St. Lawrence during the years 1889 and 1890. The payments are not supported by detailed vouchers, and seem to have been granted as allowances. It appears to me that the Department is not at liberty to employ a person in the capacity of Post Office Inspector, except in accordance with the Civil Service Act. Mr. O'Brien, as far as I know, has not been so employed, and I am not aware of any authority for making him a specific allowance for work of the nature he has performed.

I am, Sir, your obedient servant,

The Deputy Postmaster General.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, March 14, 1891.

SIR,—I have the honour to call attention to the omission, from the vouchers for "Post Office—Miscellaneous," of the certificates required by section 33 of the Audit Act. This section requires that all vouchers should be certified as to the performance of the service, or the receipt of the articles purchased, and the price paid. In the case of accounts for travelling expenses, the travelling officer should certify that the whole expenditure was incurred on Government business.

I am, Sir, your obedient servant,

The Deputy Postmaster General.

J. L. McDOUGALL, A.G.

POST OFFICE DEPT., OTTAWA, July 8, 1891.

SIR,—Referring to your communication of June 20, calling attention to the requirement of the Audit Act, that pay-lists and accounts should be accompanied by a certificate that the service has been rendered, materials supplied, &c., I beg to say that the necessary instructions to have this done in future have been issued.

I am, Sir, your obedient servant,

The Auditor General.

WM. WHITE, Dy. P.M.G.

POST OFFICE DEPT., OTTAWA, July 24, 1891.

SIR,—Referring to your letter of June 8, asking to be furnished with certain information respecting the payment of \$230.84 to the Charlottetown Steamship Company for the board of a clerk engaged in postal duties on the steamer running between Summerside and Shediac, I have the honour to inform you that the clerks who at different times during the year have attended to the distribution of correspondence on these steamers are O. R. Crabbe, J. W. Haszard and D. J. Macdonald; that the service is carried on during the whole season of navigation from May to December; and that the account in question is for meals, fuel, light and rent of mail room, the rate of payment being \$1.16 per day. This rate has been paid since the service commenced in 1875.

I am, Sir, your obedient servant,

The Auditor General.

WM. WHITE, Dy. P.M.G.

AUDIT OFFICE, OTTAWA, July 28, 1891.

SIR,—I beg to acknowledge the receipt of your letter of July 24, stating that the payment of \$230.84 to the Charlottetown Steamship Company was for rent of mail room,

light, fuel, and board of mail clerks O. R. Crabbe, J. W. Haszard and D. J. Macdonald. With reference to this expenditure, I beg to point out that a subsidy of \$13 per trip is paid to this company for carrying the mails, including, as a matter of course, all necessary provision for their safety while *en route*. As regards the payment for board of mail clerks, I would call your attention to the fact that these clerks have been paid the regular mileage allowance which is intended to cover incidental expenses of this nature. In view, then, of the facts that the Charlottetown Steamship Company is paid a stated subsidy for carrying the mails, and that the clerks named by you are paid mileage allowance, I beg to ask for further explanation of the payments in question.

I am, Sir, your obedient servant,

The Deputy Postmaster General.

J. L. McDOUGALL, A. G.

POST OFFICE DEPT., OTTAWA, Nov. 4, 1891.

SIR,—Referring to your letter of Oct. 6, inquiring what is doing in the matter to which you drew attention some time ago, of the payment by this Department of the board of the mail clerks running between Prince Edward Island and the main land during the time when they were in receipt of the regular mileage allowance, I am to say that the report of our Inspector on the matter has just been received, in which it is stated that the mileage allowance does not cover the expenses for board on the steamer. We could not therefore limit the clerks to their allowance, and as the double payment would seem to be irregular, it is suggested that we continue to pay their board and hereafter withhold the mileage allowance. I would be glad to hear your views on the matter.

I am, Sir, your obedient servant,

The Auditor General.

WM. WHITE, *Dy. P. M. G.*

AUDIT OFFICE, OTTAWA, Nov. 6, 1891.

SIR,—I have the honour to acknowledge the receipt of your letter of Nov. 4, stating that it has been suggested to you, with reference to the mail clerks travelling between Summerside and Shediac, that as the mileage allowance is not sufficient to cover the expenses incurred for board, it should be withheld in future and the board bills paid by the Department. It appears to me that under the statute the Department is not at liberty to adopt the suggestion. Schedule B of the Civil Service Act, as amended, provides that mail clerks may be allowed certain rates per mile for every mile travelled on duty in addition to their salaries, but there is no provision made in case the rates in question should be insufficient to meet expenses. In my view, no discretionary power in the matter, has been left to the Department.

I am, Sir, your obedient servant,

The Deputy Postmaster General.

J. L. McDOUGALL, A. G.

POST OFFICE DEPT., OTTAWA, July 29, 1891.

SIR,—I beg to acknowledge the receipt of your letter of July 8, respecting the payment of Mr. L. Renois. The amount given to Mr. Renois was in compensation for the accommodation which he had for himself and family in the basement of the post office, which it was found necessary to utilize for public purposes. Mr. Renois' occupation extended over a term of years, and payment has been made to him since, it having been duly authorized by the Postmaster General at that time, and sanctioned by Parliament in the Estimates.

I am, Sir, your obedient servant,

The Auditor General.

WM. WHITE, *Dy. P. M. G.*

• AUDIT OFFICE, OTTAWA, June 8, 1891.

SIR,—I beg to bring to your notice the payments made to the street car companies at Toronto, Hamilton, London and Ottawa for the conveyance of letter carriers. At Toronto payment is made at the rate \$2,400 per annum, at Hamilton \$600, and London \$400. At Ottawa the Postmaster is allowed to purchase \$10 worth of tickets each month. I should like to be informed how these amounts have been arrived at as fair and just compensation for the services performed. For instance, how many carriers at each place need to use the cars, and how often each day in the discharge of their duty is it necessary for them to do so? It seems to me that any agreement of this kind should be sanctioned by Order in Council, unless otherwise provided in the Post Office Act.

I am, Sir, your obedient servant,

The Deputy Postmaster General.

J. L. McDOUGALL, A.G.

POST OFFICE, OTTAWA, July 29, 1891.

SIR,—I have the honour to acknowledge the receipt of your letter of June 8, respecting payment made to the street car companies at Toronto, Hamilton, London and Ottawa. These amounts have been arrived at by negotiations between the street railway companies and the Chief P. O. Inspector. It is quite impossible for me to give you in detail the number of men using the cars daily in a city like Toronto without having a memorandum kept for that special purpose. The men are constantly on duty, and the requirements of the service vary from time to time in consequence of the alterations in the frequency and hours of delivery.

I am, Sir, your obedient servant,

The Auditor General.

WM. WHITE, Dy. P.M.G.

AUDIT OFFICE, OTTAWA, May 22, 1891.

SIR,—I beg to bring to your notice a payment of \$1,782 made to the Bras d'Or Steam Navigation Co. (Ld), by cheque 14285, from the appropriation for mail service, to supplement the subsidy voted for steam communication between Port Mulgrave and East Bay. With reference to this payment, I desire to point out that the subsidy of \$4,000 for the service in question was voted under the heading "Mail Subsidies and Steamship Subventions," and consequently the amount so appropriated was the maximum authorized by Parliament to be paid for this particular service, both for mail communication and as a subvention during the current financial year. It appears to me that cheque 14285 should not have issued.

I am, Sir, your obedient servant,

The Deputy Postmaster General.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, Oct. 5, 1891.

SIR,—I wrote you May 22 last, with reference to an amount paid the Bras d'Or Steam Navigation Company from the vote for mail service to supplement the parliamentary appropriation for steam communication between Port Mulgrave and East Bay, calling your attention to the fact that, as the subsidy for the service in question was voted under the heading "Mail Subsidies and Steamship Subventions," the amount so appropriated was evidently intended by Parliament as the maximum amount available for expenditure during the fiscal year 1890-91 for the service between Port Mulgrave and East Bay. I notice that you have made payments of a similar kind to the contractors for mail service between Canada and the United Kingdom, and St. John, Digby and Annapolis, the former having been paid \$1,533.33 in addition to the vote, and the latter \$1,000.

It appears to me that there was no parliamentary authority for any of these payments.

I am, Sir, your obedient servant,

The Deputy Postmaster General.

J. L. McDOUGALL, A. G.

NOTE BY AUDITOR GENERAL:—Also, \$1,001 has been paid for "Canso, Arichat and Guysboro" service, in addition to the subsidy voted.

J. L. McD.

AUDIT OFFICE, OTTAWA, Sept. 29, 1891.

SIR,—I find on examination of the pay-lists of the Quebec Post Office Inspector's office for the fiscal year 1890-91 that C. Vohl, a Railway Mail Clerk of the first class, was transferred to the Inspector's staff on 1st February, 1891, and paid from that date at the rate of \$1,200 per annum. His salary as railway mail clerk was \$960, and I beg to point out that under section 46 of the Civil Service Act the transfer in question should have been made without increase of salary. The authority of Council for this transfer has not been sent me.

I am, Sir, your obedient servant,

The Deputy Postmaster General.

J. L. McDOUGALL, A. G.

POST OFFICE DEPT., OTTAWA, Oct. 1, 1891.

SIR,—In reply to your letter of Sept. 29, stating that you had not received the authority of Council for the transfer of Mr. C. J. Vohl, formerly a Railway Mail Clerk in the Quebec division, to the Quebec Inspector's office, and for the increase of his salary from \$960 to \$1,200 per annum, I have the honour to enclose herewith a copy of the Order in Council passed Feb. 7 last, authorizing Mr. Vohl's transfer and increase of salary, as above mentioned.

I am, Sir, your obedient servant,

The Auditor General.

WM. WHITE, Dy. P. M. G.

AUDIT OFFICE, OTTAWA, Oct. 3, 1891.

SIR,—I have the honour to acknowledge the receipt of your letter of the 1st instant, enclosing a copy of an Order in Council authorizing the transfer of C. J. Vohl from the Railway Mail Service to a second class clerkship in the office of the Post Office Inspector, Quebec, at a salary of \$1,200 per annum. In my letter of the 29th ultimo I pointed out that under section 46 of the Civil Service Act the transfer of Mr. Vohl should have been made without increase of salary. His legal salary is \$960, at which rate he should now be paid, and the overpayments made him to date refunded.

I am, Sir, your obedient servant,

The Deputy Postmaster General.

J. L. McDOUGALL, A. G.

AUDIT OFFICE, Aug. 26, 1891,

SIR,—I beg to bring to your notice the salary payments made to J. L. Anctil and S. T. Green of the Post Office Inspector's office at Quebec during the fiscal year ended June 30 last. The former was paid as Assistant Inspector at the rate of \$1,500 per annum to March 31, though he was superannuated by Order in Council dated Feb. 7, 1891, and drew for March \$71.66 superannuation allowance. As the Order in Council does not otherwise indicate the date, his superannuation should have commenced Feb. 7, the day on which it was authorized, and he should now be called upon to refund the amount overpaid him. S. T. Green was appointed Assistant Inspector *vice* Anctil by Order in Council of Feb. 7, and paid from that date at the rate of \$1,200, the mini-

mum salary for that position—though Mr. Anctil remained on the pay-list until March, both receiving pay as Assistant Inspectors to the end of the month. Please let me have your explanation.

I am, Sir, your obedient servant,

The Deputy Postmaster General.

J. L. McDOUGALL, A. G.

AUDIT OFFICE, OTTAWA, NOV. 4, 1891.

SIR,—I beg to inform you that I have, on the application of the Accountant, transferred from the debit of "Post Office, Miscellaneous" to the debit of "Post Office Revenue" the sum of \$55, rent of the post office at Kentville, N.S. I have authorized this transfer because it seems to be in accordance with an established practice in your Department of making certain payments from revenue, but I do not wish to be understood as thereby endorsing the practice, the objections to which it may be necessary to point out shortly.

I am, Sir, your obedient servant,

The Deputy Postmaster General.

J. L. McDOUGALL, A. G.

AUDIT OFFICE, OTTAWA, July 14, 1891.

SIR,—Enclosed please find a statement of the payments for extra work made to temporary clerks in your Department during the fiscal year 1890-91.

In view of the evidence given before the Public Accounts Committee on Wednesday, the 8th instant, to the effect that the amounts paid to temporary clerks for extra work were divided with certain of the permanent employees, I have to ask for a statement showing in detail what permanent clerks shared in the division of these amounts, and how much they respectively received, in order that the amounts of these illegal payments may be deducted from the August pay lists.

I have limited this statement at present to the fiscal year just ended; but probably I shall be obliged to communicate with you soon with regard to similar irregular payments during previous years.

I am, Sir, your obedient servant,

The Deputy Minister of Interior.

J. L. McDOUGALL, *A.G.*

DEPT. OF INTERIOR, OTTAWA, July 21, 1891.

SIR,—I am directed to acknowledge the receipt of your letter of the 14th instant, enclosing a statement of payments for extra work made to temporary clerks in this Department during the fiscal year 1890-91, and asking that a statement, showing in detail what permanent clerks shared in the division of these amounts, and how much they respectively received, be furnished to you, in order that the amounts of these payments may be deducted from the August pay list.

In reply I have to inform you that the Minister of the Interior is now conducting an enquiry into the subject of these payments to extra clerks for extra work, and any information which may be elicited by this investigation will be furnished to you at the earliest possible moment.

I am, Sir, your obedient servant,

The Auditor General.

JNO. R. HALL, *Acting D.M.I.*

AUDIT OFFICE, OTTAWA, Nov. 24, 1891.

SIR,—As I am on the point of closing the accounts for expenditure for your Department for the last year, I should like to obtain from you a statement of payments made during the period in the Department of the kind to which objection was raised by the Public Accounts Committee last Session.

I am, Sir, your obedient servant,

The Acting Deputy Minister of Interior.

J. L. McDOUGALL, *A.G.*

INTERIOR DEPARTMENT, OTTAWA, Dec. 8, 1891.

SIR,—I beg to acknowledge the receipt of your letter of the 24th ultimo, and to enclose herewith a statement of payments made indirectly to permanent clerks of the Department for services performed during the year 1890-91.

I am, Sir, your obedient servant,

The Auditor General.

A. M. BURGESS.

AUDIT OFFICE, OTTAWA, Sept. 15, 1891.

SIR,—In the December accounts for outlay by Mr. J. McTaggart, on account of the timber office at Prince Albert, I notice a payment of \$50 to Mr. E. Brokovski, Dominion lands agent at Battleford, and one of \$50 to Mr. McTaggart himself, for commission on collections for the year.

I beg to ask if these amounts are calculated on the actual amount collected, or if they are merely of the nature of a round amount payable each year. I would also ask for the authority for these payments, as both gentlemen appear to be debarred by the Civil Service Act from receiving any pay or allowances over and above their actual salaries.

I also notice that R. S. Cook, forest ranger at Prince Albert, received, in addition to his regular salary of \$800, the amount of \$86.68 commission on seizures. Please inform me under what authority this commission is allowed.

I am, Sir, your obedient servant,

The Acting Deputy Minister of Interior.

J. L. McDUGALL, A.G.

DEPARTMENT OF THE INTERIOR, OTTAWA, Dec. 12, 1891.

SIR,—In reply to your letter of the 15th September last asking whether the payments of \$50 each to Mr. E. Brokovski, agent of Dominion lands at Battleford, and to Mr. J. McTaggart, Dominion lands agent at Prince Albert, in the last fiscal year, for commission on collections, are calculated on the actual amount collected, or if these payments are merely of the nature of a round amount payable each year, I beg to inform you that those payments were in the nature of a round amount allowed to these Dominion lands agents as some compensation for work done by them in connection with the Crown timber service. Those payments were stopped by the Minister of the Interior some time ago, but for reasons entirely unconnected with the Civil Service Act, the outside branches of this Department not being included in the schedule to that Act.

As to the payment to Mr. R. S. Cook, forest ranger at Prince Albert, as commission on seizures, I have to inform you that this payment constituted a portion of Mr. Cook's salary, and not an addition thereto. All the forest rangers are paid commissions on seizures as a portion of their regular salaries under an agreement made at time of appointment.

I have the honour to be, Sir, your obedient servant,

The Auditor General.

LYNDWODE PEREIRA, *Asst. Secretary.*

DETAILS OF EXPENDITURE.

E—157

AUDIT OFFICE, OTTAWA, Sept. 15, 1891.

SIR,—I beg to call your attention to the following trips made by Mr. T. S. Higginson, Timber Agent at New Westminster, during the fiscal year 1890-91, in which it appears to me that he has charged more than the allowance authorized by Order in Council:—

October, 1890: New Westminster to Field and Banff—12 days' allowances at \$5—\$60. Banff is in the District of Alberta and during the time he was there only \$3.50 a day should be charged instead of \$5.

April, 1891: New Westminster to Calgary and return. '10 days from office at \$5—\$50; and May, 1891: New Westminster to Calgary and return—14 days at \$5—\$70. For both these trips only \$3.50 is allowable when east of the summit of the Rocky Mountains.

On December 24 Mr. Higginson appears to have left for Ottawa, and that month there is a charge for 8 days' allowance at \$5. In the succeeding month—January—the regular rate of \$3.50 was charged when in Ottawa. I would like to ascertain the exact date when Mr. Higginson crossed the boundary of British Columbia. I might remark that these accounts do not contain sufficient information as to the exact dates on which the different charges were incurred.

I am, Sir, your obedient servant,

J. L. McDUGALL, A.G.

The Acting Deputy Minister of Interior.

NEW WESTMINSTER, Oct. 7, 1891.

SIR,—I have the honour to acknowledge receipt of your letter of the 19th ultimo, 255,031 T. & M., enclosing copy of letter from J. L. McDougall, Esq., Auditor General, pointing out some possible slight inaccuracies in my disbursements account for the fiscal year of 1891 and 1890. In reply, I regret to say that my accounts for April and May last are liable to slight corrections, viz.: 1 day at Calgary in April and 2 days in May last at \$3.50 per day instead of \$5, as charged in my accounts, the overcharges amounting to \$4.50, which amount I have this day deposited to credit of the Receiver General.

All the other items alluded to in Mr. McDougall's letter are correct. That of October, 1890, Westminster to Banff, my intention was to go only as far as Hector, the summit of the Rockies and dividing line between this Province and the North-West Territories, but on reaching there in the evening, found there was no stopping place, therefore went on to Banff a few miles further, returning next morning. Then as to the December account, that is also correct, as I took Christmas dinner at Kamloops, worked my way eastwards crossing the line out near this Province and the North-West Territories the last day of the year.

These slight unintentional errors annoy me much, as I take pride in keeping my cash matters faultless. I will endeavour in future to avoid giving the Auditor General any similar cause of complaint.

I am, Sir, your obedient servant,

T. S. HIGGINSON, C.T.A.

The Secretary, Interior Dept.

AUDIT OFFICE, OTTAWA, Sept. 22, 1891.

SIR,—Voucher No. 140 of Commissioner Smith's homestead inspection account for June, 1891, is for a payment of \$14.50 to Thomas Lee for harness supplies and repairs. This account bears the following certificate:—"We do hereby certify that the above is a correct account of what goods were required by Mr. Bedford, School Land Inspector, the others having been used up. Signed, John J. Arsenault, Homestead Inspector." The receipt on the other hand is filled up "to replace outfit used by Homestead Inspector Arsenault."

I should like to be informed definitely whether these goods were obtained for Mr. Arsenault or for Mr. Bedford, in order that I may determine whether the item is a proper charge against the Homestead Inspection account, or whether it should be transferred to the Manitoba School Lands account.

I am, Sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Acting Deputy Minister of Interior.

DOMINION LANDS OFFICE, WINNIPEG, Oct. 6, 1891.

SIR,—I have the honour to acknowledge the receipt of your letter of Oct. 2, enclosing copy of a letter from the Auditor General, and to say in reply that with a view to saving the expense of keep of the School Lands pony, permission was given to Mr. Homestead Inspector Arsenault to drive it with the horse supplied to him by the Department, without any allowance for keep of the pony.

Under this arrangement the harness supplied from the School Lands fund was worn out, and, as the Homestead Inspection service benefited, it was thought reasonable that that service should bear the expense of providing new harness for Mr. Bedford.

I am, Sir, your obedient servant,

The Secretary, Interior Dept.

R. A. RUTTAN, *Asst. Secretary.*

AUDIT OFFICE, OTTAWA, Sept. 23, 1891.

SIR,—I beg to call your attention to the following remarks on the expenditure by the Dominion Lands Commissioner at Winnipeg on account of Contingencies, during the past fiscal year.

F. F. Dixon received sums amounting to \$19.25 for 38½ hours' work preparing plans; R. Dolbear received \$6 for 12 hours' work repairing indexes; and H. C. Jacobson was paid \$75 for translating foreign letters during the year 1890. The two former gentlemen are employees in the Commissioner's office, while the latter is an employee in the Immigration office at Winnipeg. They are all debarred by Section 51 of the Civil Service Act from receiving remuneration of any kind in addition to their salaries. The amounts paid should be refunded.

Stationery was purchased direct from the dealers in the following cases:—Ferguson & Co., 25c.; O'Loughlin Bros. & Co., \$2.80; R. D. Richardson, \$5.85; T. W. Taylor, 75c. Why were not these supplies obtained through the Government Stationery Office, as required by the Public Printing and Stationery Act, 51 Vic., chap. 17?

I am, Sir, your obedient servant,

The Acting Deputy Minister of Interior.

J. L. McDOUGALL, *A.G.*

DEPARTMENT OF THE INTERIOR, OTTAWA, Dec. 15, 1891.

SIR,—Referring to your letter of the 23rd of September last, I have to say that as the outside service of this Department has not been included in the schedule to the Civil Service Act, it does not appear that the provision of section 51 of that Act applies to the cases of the officers mentioned in your communication.

As to the purchase of stationery mentioned, the Commissioner of Dominion Lands has been requested to explain why he purchased stationery direct from the dealers instead of through the Government Stationery Office.

I have the honour to be, Sir, your obedient servant,

The Auditor General.

JOHN R. HALL, *Secretary.*

DOMINION LANDS COMMISSION, WINNIPEG, Dec. 29, 1891.

SIR,—I have the honour to acknowledge the receipt of your letter of 15th instant, Ref. 256508, and to say that the following appears to have been the supplies procured concerning which the Auditor General enquires :—

1890—Mar. 31..	Ferguson & Co.	Box leads.	\$0 25
July 13..	R. D. Richardson.	Pint red ink.	1 13
do 23..	do.	Shipping tags for gopher traps.	0 75
Dec. 8..	do.	3 typewriter ribbons.	3 00
do 26..	do.	1 do.	1 00
Oct. 24..	O'Loughlin Bros. & Co.	Index for schedule of seed grain advances.	0 80
do 24..	do.	Letter-book for Commissioner.	2 00
Mar. 31..	T. W. Taylor.	Leather case for shorthand notes.	0 75

I am directed to say in explanation that the six first-mentioned items were urgently required and there being none in stock, they were purchased from local dealers. A requisition for the typewriter ribbons was sent to the Department on the 26th Nov., 1890, but as they had not come to hand and the correspondence of the office would have been at a standstill without them, the purchase was made here.

As regards the two last-mentioned items, the leather case was not regarded as being an article of stationery, strictly speaking, and was obtained to preserve shorthand notes ; the letter-book was got for the Commissioner's unofficial correspondence with the Department, the ordinary letter-books being of too large a bulk for this purpose.

He will be glad to pay these two last items out of his own pocket if, after this explanation, the expenditure is deemed inadmissible.

I may say that the effort is made, as far as possible, to procure every article of stationery through the regular course, except in cases of emergency.

I have the honour to be, Sir, your obedient servant,

The Secretary, Interior Dept.

R. A. RUTTAN, *Asst. Secretary.*

INTERIOR DEPT., OTTAWA, Nov. 14, 1891.

SIR,—Mr. Robert Ruttan, a clerk in the office of the Commissioner of Dominion Lands at Winnipeg, was sent to Edmonton Nov. 25, 1890, to act as agent of Dominion Lands during the illness of the agent. Mr. Ruttan continued to act as agent of Dominion Lands for the Edmonton district from the above date until Aug. 10, and the Commissioner now raises the question whether Mr. Ruttan's salary for that period, amounting to \$990, should not properly be charged to the appropriation for the Dominion Lands Agents, instead of to the expenses of the Land Board. Please advise this Department whether you think the Commissioner's contention is correct.

I am, Sir, your obedient servant,

The Auditor General.

JOHN. R. HALL, *Secy.*

AUDIT OFFICE, OTTAWA, Nov. 30, 1891.

SIR,—Referring to your letter of Nov. 14, raising the question as to whether Mr. Ruttan's salary should be charged to the appropriation for the Dominion Lands Agents or to the appropriation for the Commissioner's Office, Winnipeg, for the period during which he was acting as Dominion Lands agent for the Edmonton district, I beg to reply as follows :—

Mr. Ruttan is a permanent officer in the Commissioner's office, being employed as Assistant Secretary at a salary of \$1,400 per annum. He was appointed to this position under Order in Council, and the salary is specifically voted year by year. Under these circumstances I am of opinion that his salary cannot be charged to any other appropriation than that for the Commissioner's Office, even although he was acting as Dominion Lands agent at Edmonton for a part of the time.

I am, Sir, your obedient servant,

The Acting Deputy Minister of Interior.

J. L. McDUGALL, *A.G.*

AUDITOR GENERAL'S REPORT

1890-91

REVENUE AUDIT

AUDITOR GENERAL'S REPORT

FOR 1890-91.

EXAMINATION AND AUDIT OF THE REVENUE.

Treasury Minute, June, 21 1886.—The Board had under consideration a communication from the Auditor General to the address of the secretary of the Board, requesting to be informed whether the revenue accounts generally are to be submitted to him for examination and audit, and if so, under what regulations.

The Board direct that these accounts be submitted to the Auditor General for examination and audit.

J. M. COURTNEY, *Secy.*

The Auditor General.

FINANCE DEPT., OTTAWA, Dec. 30, 1889.

SIR,—With reference to our recent conversation respecting the submission to the Treasury Board of the rules and regulations drawn up in your office, I have now to state that I have found on enquiry that your letter of the 31st December, 1886, was submitted to the Treasury Board in due course, but as it did not ask for confirmation of the rules enclosed, but only stated what your intentions were in auditing revenue accounts and requesting any directions that the Treasury Board might deem fit to give,—as the Treasury Board had no directions to give, the letter was unanswered; but in order that the law may be complied with, I have now to state that the rules are approved of.

It will be better to have a formal approval of the other rules to which I drew your attention; and in future we had better adhere strictly to the law, *i.e.*, for you to send all rules to the Treasury Board for approval before their issue, and for the Treasury Board to give a decision in due course.

Yours very truly,

The Auditor General.

J. M. COURTNEY, *D. M. F.*

RULES AND REGULATIONS *in reference to the Receipt, Entry and Accounting for Public Moneys.*

- (1.) Receipt books with printed consecutive numbers should be used.
- (2.) A receipt should be given for each payment.
- (3.) All receipts should be entered in a Cash Book, and each entry should bear the same number as the receipt.
- (4.) The counterfoil of the receipt should bear its number, the name of the payer, the amount, and a short memo. of the object for which payment was made; and it should be signed by the collector, and when payment is made in person, by the payer.
- (5.) A deposit should be made to the credit of the Receiver General daily, if the receipts amount to \$25. If the daily receipts do not amount to \$25, a deposit should be made whenever that sum or more is on hand.
- (6.) As soon as possible after the close of each month, and not later than the 10th of the succeeding month, a copy of the Cash Book should be transmitted to the Audit Office, with the corresponding counterfoils of receipts granted, and also the blank when a receipt has been spoiled or cancelled.

Treasury Minute, May 23, 1890.—The Board had under consideration a communication from the Auditor General, submitting certain regulations embodying general principles for the Audit of the revenue accounts; also a copy of the regulations and forms of returns drawn up in accordance with the general regulations applicable to certain classes of revenue coming under the control of the Department of Marine, which regulations and forms were submitted to exemplify the carrying out of the general regulations.

After careful consideration the Board approve of the general regulations for the Outside Service for the audit of the revenue accounts, as follows:—

Revenue Audit—General Regulations for the Outside Service.

1st. Where possible, every officer or agent employed in the collection of public moneys shall make a daily deposit, if the receipts amount to \$25; otherwise, whenever that sum is on hand; and he shall furnish regularly to the proper Department a return of his collections.

2nd. This return shall be made monthly, or at less frequent intervals, to be fixed by the Department, when desirable.

3rd. It shall be a copy in detail of the Collector's Cash Book showing the different deposits made in acquittance; and shall be certified by him and mailed to the proper Department within five days after the close of the period which it covers, and be accompanied by the corresponding vouchers or papers.

4th. It shall be fully examined and audited in the Department and certified by the Accountant and examining officer.

5th. When examined and certified, all returns for each period shall be forwarded to the Audit Office, accompanied by a summary certified by the Deputy Minister and the Accountant.

And they direct that the particular regulations and forms applicable to each Department be submitted to the Board for approval.

J. M. COURTNEY, *Secy.*

The Auditor General.

Revenue Audit.

AUDIT OFFICE, OTTAWA, Jan. 15, 1892.

SIR,—I have to submit, for the information of the Treasury Board, and such further action as may be deemed proper, the following memorandum, showing the progress that has been made towards carrying out the instructions of the Board, to examine and audit the revenue accounts.

On taking up this duty I found it was necessary to construct a complete system. This task was rendered still greater, as the same system would not apply to all classes of revenue. It must also be borne in mind that there are elements of difficulty in auditing revenue which do not exist in auditing expenditure. The gross expenditure is known in the Audit Office, because it is the aggregate of amounts, all of which passed through the Audit Office; but the gross revenue cannot be established in any such certain way.

To reach an efficient audit of the revenue, three special points have to be determined: 1. Has revenue been collected in every case in which it should have been collected? 2. Are the amounts that were collected the amounts which should have been collected? 3. Has all the revenue that was collected come to account, and as promptly as it should?

With the exception of revenue arising from the sale of stamps, or from licenses, it has not been contemplated for the present, if at all, that the first and second points should be gone into directly and generally in this office, and in this we follow the English practice. These points must be determined by the Department in charge, and to secure that this has been done it has been a principal care in this office to frame regulations under which each Department is to render certified statements and summaries at frequent and regular periods.

With the object of determining that all the revenue that was collected had come to account, and as promptly as it should, regulations were drawn up, which were submitted to the Treasury Board, December 31, 1886.

These regulations provided that receipt books with counterfoils, and bearing printed consecutive numbers, should be used, a receipt given by the collector for each payment made to him, and a detailed return with the counterfoils furnished to this office.

The following Departments are now carrying out these regulations, viz. :—

Agriculture—As to Patent Fees and Sales at Experimental Farms.

Justice—As to Penitentiary revenue.

Indian Affairs—As to Indian Fund.

Interior—As to Dominion Lands.

Printing and Stationery—As to *Canada Gazette* and Sales of Publications.

Secretary of State—As to Fees on Commissions, &c.

Senate—As to Fees.

Regulations for the Outside Service were prepared, which were approved by a Treasury minute, dated May 23, 1890. These regulations provided that a detailed copy of each collector's cash-book, properly certified by him, should be furnished regularly to the proper department, and after being audited and certified all the returns for each period should be forwarded to this office, accompanied by a summary certified by the Deputy Minister and the Accountant.

The following Departments are now furnishing monthly returns :—

Fisheries—As to Fisheries revenue.

Marine—As to Examination Masters and Mates, Dominion Steamers, Wharves and Piers.

Militia and Defence—As to Militia revenue and Military College fees.

Public Works—As to Slides and Booms, Telegraph revenue, and Dock charges.

The Department of Fisheries has agreed to furnish a list of all licenses issued in order to audit the agents' returns.

The Department of Militia and Defence have been asked to furnish all requisitions for stores, &c., but so far these have not been received.

The revenue of the Finance Department arises principally through the financial transactions in England, returns of which are furnished as the separate entries are passed.

The revenue of the Post Office Department arises in the main from the sale of postage stamps and cards, and it is practicable to make a complete audit of it. For this purpose returns are now furnished showing the stamps and cards received by the stamp branch from the manufacturers, and those issued to postmasters. Returns are yet needed from the accounting postmasters. Correspondence has taken place with the department in reference to those returns, and I have been informed that the necessary forms have been prepared for the use of the accounting postmasters.

The return of railway revenue asked from the Department of Railways and Canals, a memorandum on which was submitted to the Treasury Board, October 13, 1889, are now furnished from the Prince Edward Island Railway. None have yet come to hand from the Intercolonial Railway. I wrote to you in reference thereto on May 27 and June 5 last.

When asked for returns of collectors of canal tolls in accordance with the Treasury minute, the department replied on January 7, 1891, that returns were received in the department giving details under the heads of "Tolls, Wharfage, Hydraulic Rents and other accounts," together with "Let-passes and receipts for each class of revenue," all of which were at my disposal. It was also stated, that to comply with my request that each collector should furnish a copy of his cash-book, would entail a very considerable expense. In my reply, dated January 13, 1891, I pointed out that the Treasury Board had passed a minute directing all collectors to make a copy of the cash-books kept by them; that the returns now furnished to the department were but summaries; that the "Let-passes" and receipts referred to, to be of any use, would have to be set down on a statement according to dates, added up, &c.—in other words, a copy of the

cash-book would have to be prepared in this office ; that a copy of the cash-book showing the date of each payment, the name of the payer, the number of the entry, the service or object of the payment, and the amount paid, would be *prima facie* evidence that all the collections made had been entered, and it could serve as a basis for checking the passes and entries, if such was deemed advisable ; that the extra cost of furnishing the return asked for could not be much, as there were only four or five offices in which the staff now engaged would not have ample time to make them out, and in these large offices it would take a clerk not more than three days each month to make the necessary copy ; that the work of the staff being greatly reduced after the close of navigation, any part of the returns in arrears could then be made out.

I have had no reply to this letter, and as far as I am aware no steps have been taken to furnish the returns.

The Departments of Customs and Inland Revenue now furnish the returns of their collectors, but these returns only give summaries of the receipts, instead of details. It is claimed in effect by the officials of both these departments that their system of auditing the revenue accounts is as complete as it is possible to have it ; that it would entail considerable expense to furnish the copies of the collectors' cash-book ; that the copy when furnished would not afford this office the means of making any efficient audit ; and they suggest that the auditing be done by clerks from the Audit Office working in the respective departments.

An impression that the system of auditing the revenue by these departments must be thorough led me, when I first took up the work of examining revenue accounts, to devote the available energies of this office to the accounts of these departments, which, being disbursing departments, might not have as thorough a system of auditing the revenue accounts.

With regard to the extra expense the furnishing these returns would cause, it should be borne in mind that they are only copies, and the work, even in a large office, cannot be very great if done day by day. An examination was recently made at the Custom house, in Montreal, at which port there are probably more cash entries each day than in any other revenue office in the country, and it was found that the return asked for could be prepared by an officer in the Surveyor's branch without any additional expense.

As the returns asked for must agree in the totals with the returns now furnished, I do not understand why additional work would be thrown on the Department to check them.

It is not claimed that with this return a complete and effective audit of the revenue could be made ; but with such a statement, showing in detail the collections and the deposit made in acquittance, certified by the collector, an audit as to point 3 can be made. It would show the date of each payment, the name of the payer, the number of the entry, the service or object of the payment, and the amount paid, and be *prima facie* evidence that all the collections made had been entered. It would also serve as a basis for checking the entries covering any particular period, if it should be deemed advisable to have such further test made by this office.

In my opinion, there is very great objection to accepting the suggestion that, instead of getting this return, clerks should be sent from this office to do the work in the respective departments. To do so would be altogether foreign to the whole practice of the office so far, which is that the auditing shall be done by clerks stationed in the Audit Office, under my direct supervision and control. It is advisable, and indeed necessary, on occasions, that a clerk from this office should be sent to a department or to an outside office, to prosecute an enquiry ; but I am very strongly of the opinion that, if the whole work of auditing were to be done in that way, it would be attended with very unsatisfactory results.

The early attention of the Treasury Board is requested to the present position of these departments, as without these returns I am unable to carry out the instructions of the Board.

I have the honour to be, Sir, your obedient servant,

The Secretary, Treasury Board.

AUDIT OFFICE, OTTAWA, Jan. 9, 1891.

SIR,—No returns covering the revenue of the current fiscal year, nor the expenditure chargeable to revenue, have been received at this office yet from your Department.

I shall be favoured if you can arrange to have these returns forwarded with more promptitude. Any vouchers in reference to the charges against revenue, not to hand at the time of sending the returns of a month, can be forwarded with the next return, accompanied by a separate memorandum.

I am, Sir, your obedient servant,

The Commissioner of Customs.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, March 4, 1891.

SIR,—I received yesterday from your Department the revenue returns for July, August and September last. According to the return of the Collector at the Port of Montreal, the total receipts were \$963,474.79. Of this \$896.32 was for Sick Mariners' Fund, and \$58.92 for Steamboat Inspection, of which detailed statements are furnished. I have to ask you to procure a detailed statement of the items that make up the balance of this amount, giving date, name of payer, service and amount ; in other words a copy of the Collector's cash book.

I am, Sir, your obedient servant,

The Commissioner of Customs.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, March 4, 1891.

SIR,—I wrote to you June 7, pointing out that it would facilitate greatly the examination of Steamboat Inspection Revenue were the name of the inspector entered on the return of the Collector of Customs opposite the name of each vessel. If you have not done so already, I have to request that you will issue instructions to your Collectors.

I am, Sir, your obedient servant,

The Collector of Customs.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, April 1, 1891.

SIR,—I return herewith the statements of Steamboat Inspection for the six months to June 30 last. The statements for the previous months of the year were returned Feb. 27. I have received the revenue statement of your Department for July, August and September last. I have to ask for the statements for the subsequent months. The only statement of charges against revenue yet received, is that for July. To enable me to have the auditing of these accounts done in proper time, the returns should be furnished regularly as soon after the close of each month as possible.

I am, Sir, your obedient servant,

The Commissioner of Customs.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, April 1, 1891.

SIR,—On the returns of Steamboat Inspectors for July, August and September last, the following payments appear, which I do not find entered in the returns of Collectors of Customs :

Date.	Port.	Name of Vessels.	Amount.
June 26	Amherst, N.S	Mary Ann	\$ 6 00
do 23	Gore Bay	Purvis	6 04
do 23	do	Advance	10 76
July	Peterboro'	Sunbeam	6 05
do 22	do	Bella Fair	5 56
do 25	do	Mary Ellen	8 60
do 25	do	Cruiser	8 12
do 26	do	Dawn	6 60
do 26	do	Undine	5 40
do 28	Ottawa	D. McLaughlin	6 76
Aug. 12	Digby	Maude	5 96
do 27	Charlottetown	M. A. Starr	27 52
Sept. 12	Pugwash	Clanmon	6 84
do 17	Gore Bay	George Dean	5 64
do 18	Smith's Falls	Nellie	5 56

* Paid in April, 1891.

The Collector at Toronto in his return for August has deducted \$13.88, which he refunded to the Muskoka and Georgian Bay Nav. Co., they having paid fees twice on ss. "Imperial" for 1889, at Collingwood in April and at Toronto in June. This proceeding is contrary to sections 27 and 78, chap. 29, Revised Statutes.

In order to make a satisfactory audit of the returns of certificates issued by Steamboat Inspectors, and of the fees collected for these inspections by your collectors, I asked the Dept. of Marine that Inspectors should retain the Collectors' receipts and forward them with their returns. But it seems this receipt must be left with the payer for his protection. Mr. Meneilly, Chairman of the Board of Steamboat Inspectors, has suggested that receipts issued by Collectors of Customs might have a coupon attached which could be detached by the Inspector and forwarded with his return. Not being able to have the receipt, this coupon is necessary, and I ask you to have such a form of receipt furnished to your Collectors.

I am, Sir, your obedient servant,

The Commissioner of Customs.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, July 17, 1891.

SIR,—*Re Sick Mariners' Fund.*—Very many of the returns of receipts on account of this fund, made by Collectors of Customs, do not give all the information called for by the form, all of which is needed for auditing purposes. The number of the payment, whether 1st, 2nd, or 3rd, should be entered in the proper column after each item, and if the payment is either 2nd or 3rd, the date of the last payment and port where paid should be entered in their respective columns. I would suggest that the certificate of the Collector should be changed to the following:—"I hereby certify that fees on account of Sick Mariners' Fund were collected from all vessels, entitled to pay, that entered the Port of _____ during the month of _____ and that the above is a true account of all fees that were collected." I have to ask that the counterfoils of the receipts issued by the Collectors should be furnished with each return, and that the returns should be examined and certified in the Department. I observe that in some cases refunds have been made by Collectors out of their receipts. This practice is irregular and should be discontinued. Section 27, chapter 29, provides that all Collectors shall deposit the gross revenue of their offices; and section 78 of the same Act provides that no refund shall be made unless recommended by the Treasury Board and sanctioned and ordered by the Governor in Council. As the Department of Marine is interested in this class of revenue, I am sending a copy of this letter to the Deputy Minister of that Department.

I am, Sir, your obedient servant,

The Commissioner of Customs.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, Dec. 11, 1891.

SIR,—*Re Crown Seizures Customs.*—I have to ask for explanations in respect to the following items:—

Voucher No. 656, Est. late Special Agent Wolff.....	\$325 00
do 1,135, Item of expenses.....	10 00
do 1,151, W. M. Kelly.....	6 74
do 1,738, J. W. Howry & Son.....	157 15

The first item appears to have been charged to Crown Seizures, Customs, in the accounts of 1889-90 by a transfer-entry applied for by your Department on the 26th August, 1890. The papers in connection with the other items indicate that they were refunded and deposited to the credit of the Receiver General. All these items form part of the sum entered in the returns as the total expenditure, and will have to appear in the published accounts as if paid, and I desire to have your explanations of them for publication also.

I am, Sir, your obedient servant,

The Commissioner of Customs.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, March 16, 1891.

SIR,—Referring to your letter of Aug. 6, 1889, in connection with a surplus of 25,712 $\frac{4}{10}$ proof-gallons of spirits which arose at the distillery of Messrs. Gooderham, of Toronto, and the conclusions subsequently arrived at in respect to the same, I have to ask you what action has since been taken. In the last paragraph of your letter you intimated that the subject would appear in your report for 1889-90. I do not notice any reference to it in the report.

I am, Sir, your obedient servant,

The Commr. Inland Revenue.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, March 17, 1891.

SIR,—On page 57 of your report for 1890, showing the Spirit Warehouse return for the year, 69,205 $\frac{4}{10}$ galls. appear in a column headed "Legal Allowance." I have to ask you for the details of this amount, with the reasons for making the allowance in each case.

I am, Sir, your obedient servant,

The Commr. Inland Revenue.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, Nov. 11, 1891.

SIR,—I have not received any reply to my letter of March 16 last, enquiring as to the conclusions arrived at in reference to the surplus of spirits at the distillery of Messrs. Gooderham, of Toronto. I should like to hear from you at an early date, as the manuscript of my annual report is now preparing, and I need the information asked for to determine whether it will be necessary to publish the correspondence.

I am, Sir, your obedient servant,

The Commr. Inland Revenue.

J. L. McDOUGALL, A.G.

INLAND REVENUE DEPT., OTTAWA, Nov. 13, 1891.

SIR,—I am requested by the Commissioner, who is just leaving the city for New York, to acknowledge the receipt of your communication of Nov. 11, enquiring as to the conclusions arrived at in reference to the surplus of spirits at the distillery of Messrs. Gooderham, of Toronto. In reply thereto he desires me to state that a report thereon was made to the Hon. the Minister of Inland Revenue, which has been referred for the consideration of the Hon. the Premier. The Commissioner has not yet been advised of his concurrence or otherwise.

I am, Sir, your obedient servant,

The Auditor General.

W. J. GERALD, *Asst. Commr.*

AUDIT OFFICE, OTTAWA, Nov. 18, 1891.

SIR,—In reply to my enquiry of Nov. 11, as to the question of the surplus of spirits at the distillery of Messrs. Gooderham, of Toronto, I have received a letter from Mr. Gerald, Asst. Commissioner. He states that you had reported on the matter to the Minister of Inland Revenue, that the Minister had referred the report to the Premier, and that you had not yet been advised of the Premier's concurrence or otherwise. Shortly after the receipt of your first communication in reference to this subject, in August, 1889, I sent a clerk of this office to Toronto to enquire into it. On his return I informed you that the decision I came to, based on his report, was that the Government was entitled to duty on the whole surplus. At an interview had afterwards with yourself, Mr. Gerald and Inspector Davis, this decision was agreed to by all as correct. In view of these facts, I cannot understand the submission of the matter to the Premier.

I am, Sir, your obedient servant,

The Commr. Inland Revenue.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, March 14, 1891.

SIR,—Referring to previous correspondence on the subject of the examination and audit of the Revenue accounts of your Department, I have now to call your attention to the fact that your Department is not complying with the provisions of the Treasury Minutes of May 23 last. The only returns furnished to this office are those of the Collectors of Excise, which do not give a detailed statement of the receipts, a Departmental statement of them, and statements and vouchers in reference to refunds and charges against revenue. Please have the provisions of the Treasury Minute carried into effect, in regard to all the Revenue accounts coming under the control of your Department, at as early a date as possible. In the meantime, I should like to be informed what action you are taking in reference thereto. If I am not furnished with the material to carry out the directions of the Treasury Board to audit the Revenue accounts, it will be my duty to report to the Board accordingly.

I am, Sir, your obedient servant,

The Commr. Inland Revenue.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, Dec. 11, 1891.

SIR,—I have to point out that no returns of the collections made for Cullers' Fees have been furnished this office. These returns should be furnished monthly, and show the date of receipt, name of the payer, and the amount. In reference to the return of arrears due for Cullers' Fees, received with your letter of Dec. 2, I have to ask for a copy of the regulations in respect to payment of these fees, and any explanations for the existence of these arrears that can be given. I have also to ask for a statement showing which, if any, of these arrearages are for the fees on timber yet unsold; also of any payments that have been made since Sept. 30, or may be made up to the end of this month.

I am, Sir, your obedient servant,

The Commr. Inland Revenue.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, April 1, 1891.

SIR,—Some time ago I received from your Department a revenue return of the port of Quebec for the month of December, 1889. There is a copy of a memorandum of the Deputy Collector attached, referring to a balance of \$849.12 and a shortage of 2,584 $\frac{5}{10}$ gallons spirits, both of which he suggests might as well be written off. There was no covering letter received with this return. I have to ask if any decision has since been reached, and what action you desire me to take in reference thereto.

I am, Sir, your obedient servant,

The Commr. Inland Revenue.

J. L. McDOUGALL, A.G.

POST OFFICE DEPARTMENT, OTTAWA, Jan. 15, 1891.

SIR,—Referring to your communication of Nov. 18 last, in regard to the non-collection of certain balances due by Postmasters who have retired since July 1, 1888, I beg to enclose a statement showing the action taken by this Department in some of these cases, and the reason in the other cases why the amounts have not been obtained.

I am, Sir, your obedient servant,

WM. WHITE, *Dy. P.M.G.*

The Auditor General.

Office.	Postmaster.	Amount	Remarks.
		\$ cts.	
Elm Grove	Geo. Hussey	7 91	Only Acting P.M. ; no bond ; not good for amount.
Fargo	W. H. Hunter	12 50	Suit entered and judgment obtained for a balance which, through error in Accountant's certificate, did not include this amount ; no further action could be taken.

Mountain City	C. C. Chapman	22 50	Not collectable ; no bond.

AUDIT OFFICE, OTTAWA, March, 7, 1891.

SIR,—In connection with the examination and audit of the Revenue of your Department, I have to ask you to send me monthly detailed statements showing the receipt and issue of postage stamps, commencing with the month of January last. I have also to ask for statements of the stamps in stock in the Department, and in hands of postmasters on 31st December last.

I am, Sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Deputy Postmaster General.

AUDIT OFFICE, OTTAWA, May 20, 1891.

SIR,—I have received your letter of May 3 enclosing statements of the stamp account for January and February last. Please add, in future, to this statement, the stamps on hand at the close of the period. I have also to ask for details of the several items that make up this statement, as follows : (1.) A statement showing the quantity, denomination and value of the stamps received from the manufacturers. (2.) A statement of the stamps returned by postmasters, showing the name of the office and the amount. (3.) A statement of the stamps unfit for use and destroyed. (4.) A statement of the stamps issued, showing the names of the offices and the value of the stamps issued to each. These statements should be certified by yourself and the officer in charge of the Stamp Branch, and may be rendered weekly, monthly or quarterly as you may find

it most convenient. Whenever an inventory is taken of the stamps on hand, a copy should be furnished to this office which should be certified by yourself, the officer in charge of the branch and the inspector.

I am, Sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Deputy Postmaster General.

AUDIT OFFICE, OTTAWA, May 20, 1891.

SIR,—I have to acknowledge the receipt of your application for a transfer from Post Office expenditure to Post Office account, with the object of becoming a debit against Revenue, of certain sums paid to postmasters for stamps and funds claimed to have been destroyed by fire, or stolen. I have also received the official reports and papers in support of these payments. I do not find affidavits of the Postmasters of the following offices: Fargo, \$18; Cobden, \$8.72; Willowdale, \$3.80; Brockton, \$67. I observe that some of the cheques are written "Credit Receiver General." All cheques should be issued in favour of the person entitled thereto in order to secure evidence of payment. The payee can endorse the cheque to the Receiver General if he desires to use it in payment of stamps or in liquidation of an indebtedness to the Government. Please inform me under what authority these refunds are made. In accordance with Section 78, Chapter 29, Revised Statutes, all refunds, remission or charge against revenue should be authorized by an Order in Council. Unless there is some other statutory authority, I have to ask you, for the future, to have these refunds so authorized. In the meantime I have passed an entry making the desired transfer, and I am returning the official reports in reference thereto, as requested, though the rule followed in this office is to retain vouchers and papers for one year.

I am, Sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Deputy Postmaster General.

AUDIT OFFICE, OTTAWA, July 8, 1891.

SIR,—I have received your letter of June 2, enclosing returns for the March quarter, in reference to the receipt and issue of postage stamps by your Department. I should like to have these returns as early as possible after the close of each quarter.

To audit them, and the summary furnished quarterly, on which the transfers to post office revenue are based, returns of accounting postmasters are required. As the returns now furnished by them to your Department include transactions relative to money order and savings bank business, I would suggest that all accounting postmasters, should be asked to furnish quarterly returns showing: 1. The value of the stamps on hand at the beginning of the quarter. 2. The value of the stamps received during the quarter, specifying the date and value of each quantity received. 3. The value of the stamps on hand at the end of the quarter. 4. The amounts received in cash for postage, rents of letter boxes and drawers, and miscellaneous receipts, the latter two items in detail. 5. The salary warrants paid, specifying the postmasters paid, the period covered, and the amount. Departmental summaries of these returns making up the amounts on which the transfer is based, should also be furnished. If it be found more convenient, the information asked for above may be given on three separate returns, one covering stamp transactions, a second covering receipts in cash, and a third covering salary warrants paid.

I am, Sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Deputy Postmaster General.

POST OFFICE DEPT., OTTAWA, Sept. 1, 1891.

SIR,—With reference to your letter of July 8, regarding the quarterly returns to be furnished by accounting post offices, I am directed to state that the necessary forms for the purpose you indicate are preparing, and that proofs of them will shortly be sent to you for examination.

I am, Sir, your obedient servant,

WM. WHITE, *Dy. P.M.G.*

The Auditor General, Ottawa.

AUDIT OFFICE, OTTAWA, Nov. 30, 1891.

SIR,—In reply to my letter of July 8 last, asking that certain returns needed for auditing purposes should be furnished by accounting post offices, you wrote Sept. 1 that the necessary forms for the purpose were being prepared and that the proofs would be sent me for examination. This has since been done. It is desirable that the postmasters should be instructed to make out returns on these forms for the September quarter, in order that the whole of the present financial year may be covered. In accordance with the minute of the Treasury Board in that respect, I now purpose submitting to the board for its approval the whole regulations in connection with the auditing of post office revenue, and have to ask you for a set of the forms above referred to.

I am, Sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Deputy Postmaster General.

AUDIT OFFICE, OTTAWA, Dec. 4, 1891.

SIR,—I have received lately from your department a statement of the receipts during 1890-91 for rents of letter boxes and drawers at city post offices. I notice a great difference between the amounts collected at the several cities: for instance at Toronto it was \$910.38; at Montreal, \$5,744.01; at Hamilton, \$801; at Halifax, \$1,841.83; at Ottawa, \$437.20; at Winnipeg, \$2,336.50; and so on. I would like to know how this is explained. Brantford is the only one of the city post offices from which there are no collections. I have also to ask in respect to the other post offices in which letter boxes and drawers have been placed at the expense of the Government, from none of which have any receipts come to account. In order that this class of revenue may be audited, a statement should be furnished regularly showing the collections in detail, with the counterfoils of the receipts issued. What are your regulations with reference to the rent of boxes, limiting the rates, time of payment, &c.?

I am, Sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Deputy Postmaster General.

AUDIT OFFICE, OTTAWA, Jan. 15, 1892.

SIR,—I have not had any reply to my letter of Nov. 30, asking for copies of the forms prepared in your office on which accounting officers are to make their returns of revenue. I need these forms for submission to the Treasury Board, and would like to have them as early as would be convenient.

I am, Sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Deputy Postmaster General.

AUDIT OFFICE, OTTAWA, May 27, 1891.

SIR,—Referring to my letter of Oct. 13, 1890, enclosing a memo. of returns of railway revenue required for purposes of audit, I have to state that I have not been informed of the action of the Treasury Board in regard thereto. Returns of the revenue of the Prince Edward Island Railway, in accordance with this memorandum, are now furnished, but so far I have not received any returns of the revenue of the Intercolonial Railway, other than a couple of summaries previously given. It is desirable that arrangements be made so that the returns of this railway may be furnished, commencing not later than the 1st July next, in order that I may have complete returns covering the whole fiscal year.

I am, Sir, your obedient servant,

The Secretary Treasury Board.

J. L. McDOUGALL, A. G.

TREASURY BOARD, OTTAWA, May 29, 1891.

SIR,—I have the honour to acknowledge the receipt of your letter of May 27, in regard to a memorandum of returns of railway revenue required for purposes of audit, which was submitted by you to the Treasury Board in October last. I find the memorandum in question was referred to the Department of Railways and Canals, Oct. 27 last, for a report in connection therewith; and an answer has not yet been received.

I am, Sir, your obedient servant,

The Auditor General.

J. M. COURTNEY, *Secretary.*

AUDIT OFFICE, OTTAWA, June 5, 1891.

SIR,—I have to acknowledge receipt of your letter of May 29, informing me that the memo. of returns of railway revenue required for purposes of audit, which I forwarded to you Oct. 13, 1890, had been referred to the Department of Railways and

Canals for a report and that no answer had yet been received. I presume that you are now reminding the Department of Railways and Canals that an answer has not been given to you. It is important that the matter should be settled before the beginning of another fiscal year.

I am, Sir, your obedient servant,

The Secretary Treasury Board.

J. L. McDOUGALL, *A. G.*

TREASURY BOARD, OTTAWA, June 11, 1891.

SIR,—I have the honour to acknowledge the receipt of your letter of June 5, with reference to the memo. of returns of railway revenue, required for purposes of audit, which was submitted by you to the Treasury Board and which was referred by the Board to the Department of Railways and Canals for report.

The attention of the Department of Railways and Canals has again been called to the matter and an early answer requested.

I am, Sir, your obedient servant,

The Auditor General.

W. FITZGERALD, *Acting Secretary.*

DEPT. OF RAILWAYS AND CANALS, OTTAWA, Jan. 7, 1891.

SIR,—With reference to your letters of May 14 and Nov. 27 last, respecting the regulations adopted by the Treasury Board June 11, as to returns to be made by collectors of public moneys, I have in answer by direction to say that at the present time the collectors of canal tolls, &c., send in each month their accounts current, giving details under the heads of "Tolls, Wharfage, Hydraulic Rents, and other accounts." They also furnish the let-passes and receipts for each item of revenue. These are at your disposal at any time for examination, and you will observe they are *original* documents. To furnish, as you request, a copy of the collector's cash book, not only would entail a very considerable expense, but in view of the fact that the originals are here from which the cash book entries are made, would be, perhaps, a work of doubtful utility. I am to submit the foregoing for your consideration, the explanation being one which may have the effect of modifying your view of this matter.

I am, Sir, your obedient servant,

The Auditor General.

A. P. BRADLEY, *Secretary.*

AUDIT OFFICE, OTTAWA, Jan. 13, 1891.

SIR,—I am in receipt of your letter of Jan. 7, in reference to the revenue returns from collectors of canal tolls, required for the purpose of audit. As you are aware, the Treasury Board have, after full consideration, passed a minute directing that every officer or agent employed in the collection of public money shall make a monthly return, and that this return shall be a copy in detail of the collector's cash book, showing the different deposits made in acquittance, &c. The Treasury Board having passed a minute, it might be considered sufficient reply to your letter merely to quote it, as I am directed by sec. 50, chap. 29, Revised Statutes, to audit this and other accounts in accordance with any regulations prescribed by the Treasury Board. However, with the view of putting the matter fully before your department, I refer to the argument of your letter. Mr. Inspector Whitton and Mr. Teakles, of your Department, visited this office some months ago and explained very fully the class of returns and vouchers now furnished to your department by collectors, and to which you refer in your letter. As I explained to them, these returns are summaries; and details are needed for auditing purposes. You state that the vouchers are furnished and are at my disposal. But to be of any use in effecting an efficient and complete audit, these vouchers should be set down on a state-

ment according to their dates, added up, &c.—in other words, a copy of the cash-book would have to be prepared in this office from the vouchers, and it is unnecessary to specify the objections to following that course. Three special points need to be determined to effect an efficient audit of the revenue accounts : 1. Has revenue been collected in every case in which it should have been collected? 2. Are the amounts that were collected the amounts which should have been collected? 3. Has the revenue that was collected come to account, and as promptly as it should? A department is responsible in the first place that revenue as well as expenditure accounts are fully examined and audited. Revenue accounts should be certified by the proper departmental officers in the same manner as the expenditure accounts are. So far, it has not been contemplated that accounts, such as those of collectors of canal tolls, shall be examined and audited in this office as to points 1 and 2. In lieu thereof, a certificate is required that this has been done in the department, this office reserving the privilege of examining more fully any particular period or periods as to those two points. If a certified copy of each collector's cashbook be furnished, and a statement of the deposits made in acquittance, an audit as to the third point can be made in this office. As the cashbook should contain the date when each payment is made, the name of the payer, the number of the entry, the service or object of the payment, and the amount paid, it bears *prima facie* evidence that all the collections made have been entered. It also serves as a basis for checking the passes and entries, if it is deemed advisable to enter into that point in this office. I trust the foregoing will satisfy you that a copy of the cashbook is needed for auditing purposes, and that the proper person to prepare and certify to it is the collector. The gentlemen who visited this office with reference to this subject referred to the considerable expense connected with furnishing these returns; but further discussion on the point elicited the fact that the collectors or the staff now engaged have ample time to make out the returns, except, in, say four or five offices; and in respect to the largest of these four or five offices, it would only take an ordinary clerk three days at most each month to make the necessary copy, and I assume that from the close until the opening of navigation the work of the collectors and their assistants is greatly reduced, so that if any of the revenue returns fell into arrears towards the end of the season there would be ample opportunity to have them prepared and furnished in the early part of the winter. To enable me to examine and audit the returns of the current year, it is necessary that I should have them as early as possible, and in order that progress may be made with the work I would ask that the returns for each month be forwarded as soon as ready, commencing with July last.

I am, Sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Secretary Railways and Canals Dept.

AUDIT OFFICE, OTTAWA, Nov. 3, 1891.

SIR,—I have to ask you for a copy of the departmental or other regulations, on which passes are issued on the Government railways; a list of the classes of persons to whom passes are issued; and whether passes are issued to any persons not included in the said classes, and if so, under what circumstances.

I am, Sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Deputy Minister, Railways and Canals.

AUDIT OFFICE, OTTAWA, July 30, 1891.

SIR,—In your letter of Oct. 15 last, you enclosed statements showing indebtedness to June 30, 1890, for Interest on certain Investments as follows:—

Three Rivers Harbour Commissioners (including Sinking Fund).....	\$ 13,822 62
Albert Railway Company.....	2,196 10
St. John Bridge and Railway Extension Company....	4,000 00
Fredericton and St. Mary's Bridge Company.....	12,000 90
Quebec Harbour Commissioners.....	127,110 14

The interest for the fiscal year 1890-91 has now to be added to these amounts.

Nothing has come to account from the Three Rivers Harbour Commissioners, the Albert Railway Company, nor the Fredericton and St. Mary's Bridge Company

The St. John Bridge and Railway Extension Company paid the \$4,000 on Nov. 15 last, and recently \$16,000 on account of interest for 1890-91.

The Quebec Harbour Commissioners. The only payment since made by the Commissioners was \$14,460, on Nov. 7 last. This was six months' interest to June 30, 1890, on \$723,000 the debt of the Commissioners at the time the Government commenced to make advances. As I have previously pointed out the interest on this portion of the debt has always been paid in cash, but the payments due Jan. 1, 1891, and July 1, 1891, have not yet been received.

I have not yet received the statements which I asked for, showing the revenue and working expenses of the North Shore Railway.

I am, Sir, your obedient servant.

The Dy. Minister of Finance.

J. L. McDOUGALL, A.G.

FINANCE DEPARTMENT, OTTAWA, Dec. 16, 1891.

SIR,—Referring to your letter of Oct. 19, asking for a statement of the arrears due June 30 last, remaining unpaid Sept. 30, (1) By Collectors; (2) By persons not Collectors, I have to state that the following amounts remained so unpaid:—

Albert Railway Company.....	\$ 3,079 62
Quebec Harbour Commissioners.....	259,319 31
Fredericton and St. Mary's Bridge Company.....	24,000 00
Three Rivers Harbour Commissioners.....	18,509 96

I am, Sir, your obedient servant,

The Auditor General.

C. W. TREADWELL, Secy.

AUDIT OFFICE, OTTAWA, July 15, 1891.

SIR,—I have to remind you that I am yet without the accounts in reference to the Bank of Upper Canada Liquidation account promised in your letter of Oct. 17, 1888. The sum of \$1,889.86 was deposited Oct. 16, 1888, and including that amount there has since come to account at various dates the sum of \$23,944.18. I have to ask you for a statement showing in detail the receipts that go to make up this amount.

I am; Sir, your obedient servant,

The Dy. Minister of Finance.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, Jan. 15, 1892.

SIR,—I have not yet received the statements in reference to the accounts of the Bank of Upper Canada. The material for my report is now preparing for the Printers, and I would like to have these statements at your earliest convenience.

I am, Sir, your obedient servant,

The Dy. Minister of Finance.

J. L. McDOUGALL, A.G.

(a) Chaudière boomage. These parties claim that they have maintained these works wholly at their own expense since 1881. The matter was reported to Council and referred to the Treasury Board.

(b) Have counter claims for damage. These claims were submitted to a special commissioner who recommended that they should be allowed.

AUDIT OFFICE, OTTAWA, May 23, 1891.

SIR,—It is provided in the rules and regulations governing the collection and accounting for the revenue, that a daily deposit must be made if the collections amount to \$25; otherwise whenever that amount is on hand. It is important that this rule should be enforced strictly. The receipts in acquittance of the June returns should be to hand early in July, and should be credited to the fiscal year 1890-91. If this arrangement were carried out, the sum of the agents' collections from July 1 in one year to June 30 of the next, would appear as the revenue of the year. It would also facilitate greatly the auditing and publishing of these accounts. I have to ask your attention to this matter.

I am, Sir, your obedient servant,

The Deputy Minister of Public Works.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, Aug. 6, 1891.

SIR,—As promised in your letter of Nov. 26 last, monthly returns of the Dockmasters at Esquimalt and Lévis Graving Docks are now furnished to this office. The form of the return and the information entered on it are satisfactory, but it should be certified by the Dockmaster. The following is the customary form of certificate: "I certify that fees, as per tariff, were collected from all vessels that used the dock during

the month of _____; that the above is a correct statement of all fees collected, and that deposits to the credit of the Receiver General were made in acquittance." As the returns have been received for part only of the year, I have to ask for a return of all collections during the last fiscal year, made out on the form for the monthly return and certified as above. The counterfoils of the receipts issued should be furnished. I had previously received a copy of the rules and regulations for the management of the Esquimalt dock. Please send me a copy of the rules and regulations for the management of the Lévis dock.

I am, Sir, your obedient servant,

The Deputy Minister of Public Works.

J. L. McDOUGALL, A.G.

PUBLIC WORKS DEPT., OTTAWA, Oct. 8, 1891.

SIR,—Having reference to your letter of Aug. 6 last, I am directed to inform you that the Dockmasters at the Esquimalt and Lévis Graving Docks have been instructed to certify their monthly accounts in accordance with your request. I enclose herewith copies of rules and regulations for the management of the Dry Dock at Lévis.

I am, Sir, your obedient servant,

The Auditor General.

E. F. E. ROY, *Secy.*

AUDIT OFFICE, OTTAWA, Dec. 19, 1891.

SIR,—In the revenue returned by your Department for 1889–90, there appears "earnings of dredges and scows," amounting to \$3,504.43. In the returns for 1890–91 I do not find that anything has come to account from this source, and I have to ask for an explanation.

I am, Sir, your obedient servant,

The Secretary, Public Works Dept.

J. L. McDOUGALL, A.G.

PUBLIC WORKS DEPT., OTTAWA, Dec. 31, 1891.

SIR,—In reply to your letter of Dec. 19, respecting revenue from dredges and scows, and stating that in 1889–90 the revenue from this source amounted to \$3,504.43, and in 1890–91 nothing has been received: I have the honour to inform you that during 1890–91 no outside work has been done by the dredges and scows, and consequently there is no revenue.

I am, Sir, your obedient servant,

The Auditor General.

E. F. E. ROY, *Secy.*

AUDIT OFFICE, OTTAWA, Dec. 22, 1891.

SIR,—Referring to the return of slide and boom dues in arrears, I have to ask for information on the following points:—

Ottawa Slides.—(1.) What is the regulation in reference to persons withholding payment of dues on the grounds of a counter claim for damages or any other cause? How is the matter finally determined, as to the fact and the amount to be allowed?

St. Maurice Slides.—(2.) What are the circumstances in connection with the indebtedness of Hall, Neilson & Co.; and why has the bond of the Banque du Peuple not been realized on? (3.) Opposite the entry, "Ross & Co., \$627.68," there is written "refuse to pay." Have any steps or proceedings been taken to enforce payment? (4.) Wm. Ritchie & Co., with an indebtedness of \$1,111.35, claim overcharges of \$754.20. How is this to be settled, and why have they not paid the difference? (5.) Opposite the last three items on the list of arrears for St. Maurice works is entered, "I know of no reasons why these amounts have not been paid." Whose duty is it to insist on payment? Are the same regulations in force with respect to the collection of all slide and boom dues?

Saguenay Slides.—Price Bros. & Co. are entered as owing \$17,235.38 for dues accrued from 1877 to 1890. I should like to have some explanation why this large amount has been allowed to accumulate.

Newcastle District.—There does not seem to have been anything come to account for dues in this district during 1890–91. I have also to ask for an explanation of the circumstances connected with the arrears due at these works, which amount to \$6,040.20; whose duty it is to see to the collection of them; and what steps, if any, have been taken to enforce payment?

I am, Sir, your obedient servant,

The Secretary, Public Works Dept.

J. L. McDOUGALL, A.G.

Memorandum on the Auditor General's letter of Dec. 22, 1891, asking information respecting arrears of Slide and Boom Dues.

Ottawa Slides.—(1.) As to the first part of the question I am not aware of any regulation governing such cases. Respecting the latter part of the question, such matters were formerly decided by the Department of Inland Revenue (and before Confederation by the Crown Lands Department) on the report of the collector of slide dues or the superintendent of the works or both. It is due to this Department to explain that all these disputed items are accounts prior to the transfer of the collection of slide and boom dues from the Department of Inland Revenue to the Department of Public Works on the 1st July, 1889, excepting the charge in 1889-90 for Chaudière boomage which was left in abeyance pending the decision of the whole question which has been referred to the Treasury Board.

St. Maurice Slides.—(2.) This is also an accrual prior to 1st July, 1889. This firm having become insolvent all their lumber at Three Rivers was seized for the non-payment of slide and boom dues owing by themselves and on logs purchased or acquired from others, among the latter being an account for \$1,440.90 standing in the books of the collector in the name of Hall Bros. On the 26th June, 1890, the manager of La Banque du Peuple settled the account of Hall, Neilson & Co. with this Department, omitting the Hall Bros. item which he claimed was not due by the former firm inasmuch as there was no lumber in their yard the produce of Hall Bros.' logs and that the latter firm was solvent and should be made to pay. On these representations and the settlement of the balance of the account the seizure was raised, but immediate enquiry by telegraph and letter failing to find any such firm as Hall Bros., and the collector insisting that there was lumber still in the yards, the produce of their logs, on which these dues had accrued, the collector was again instructed not to allow any of the lumber to be shipped until this \$1,440.90 was paid. The bank manager, however, persisting in his contention, induced the collector to accept a bond from the bank and allow the lumber to be shipped pending the investigation of his claim. As no satisfactory evidence has been produced in support of the assignee's contention steps are being taken to obtain payment of the bond.

(3.) The Department is taking the necessary steps to do so.

(4.) The matter of alleged overcharges was before the Treasury Board in 1890 and the rate of toll for that year and the future reduced to the figure which they claimed to be a just one, but the Treasury Board declined to recommend the reduction for preceding years, being of opinion that it could not be done without first obtaining the sanction of Parliament. The Department is adopting measures to obtain an early settlement of this matter.

(5.) In answer to the first part of this question it is the duty of the collector. In reply to the second part of this enquiry, I have to say that the general regulations are the same with respect to the collection of all slide and boom dues.

Saguenay Slides.—Payment of this account was demanded, but Mr. Price stated that he had a counter claim before the Government and that he was willing to pay the difference between the account and the amount of his claim. As the bulk of the account, viz., the dues from 1877 to 1889, had accrued previous to the collection being transferred to this Department the explanation should be had from the Department of Inland Revenue.

Newcastle District.—There seems to be some misapprehension as to this, for, included in the amounts opposite the names of M. Boyd, A. W. Parkins, John Dovey, and Saddler and Dundas, are dues of 1890-91. Up to year 1883 it was the duty of the slide master at Fenelon Falls to collect these dues; the present slide master, John Ingram, was appointed 1st April, 1883, his predecessor having resigned, but it appears that Mr. Ingram was never instructed to collect the dues by the Inland Revenue Department, which oversight was not discovered till shortly before the collection was transferred to this Department and the returns and papers relating to these dues did not come to me until the latter part of the year 1890. This Department has now under consideration the appointment of a collector and the adoption of measures to collect the accounts which have been rendered to the parties concerned.

OTTAWA, 8th January, 1892.

EDW. T. SMITH, *Coll. S. and B. Dues.*

AUDIT OFFICE, OTTAWA, March 26, 1891.

SIR,—Returns of Steamboat Inspectors St. John, Johnston, Adams, Burgess, Samson and Stevens, for July, Aug. and Sept., 1890, of Abell for July and Aug., and of Thompson for Sept. have reached this office, and have been checked with the returns of Collectors of Customs. It would facilitate greatly the auditing of these returns were Inspectors instructed to make (1) a return of all inspections made during the month, in the order of date, adding up the columns of tonnage and inspection fees; and (2) a separate return of any certificates issued during the month, the inspections for which were made during a previous month. The Departmental summary should specify the number of vessels inspected during the month by each Inspector and the total fees chargeable thereon, whether the same were collected or not; also the number of certificates issued by each Inspector during the month, and the total fees thereon.

I am, Sir, your obedient servant,

The Deputy Minister of Marine.

J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, April 1, 1891.

SIR,—Referring to my letter of Mar. 26, in reference to returns of Steamboat Inspectors, I have to state that Mr. Meneilley, Chairman of the Board of Inspectors, called at this office to-day with two forms: the one headed "A Statement of Certificates issued to Steam Vessels in Division for the month ended;" and the other "A Statement of Steam Vessels Inspected but not Certificated in Division for the month ended". Returns made out on these forms with a corresponding Departmental summary and certificate will suit the requirements of this office. Mr. Meneilley explained the reason why Inspectors cannot retain the receipts issued by Collectors of Customs, which I asked for in a former letter. In lieu thereof he suggested that the receipt issued by the Collector might have a coupon attached, which could be detached by the Inspector and forwarded to the Department with his return. As the receipt cannot be furnished, it is very necessary for auditing this revenue efficiently that a coupon should be, and I have to ask that you will take steps to have this form adopted by the Customs Department.

I am, Sir, your obedient servant,

The Deputy Minister of Marine.

J. L. McDOUGALL, *A.G.*

MARINE DEPT., OTTAWA, April 6, 1891.

SIR,—In reply to your letter of April 1, relative to returns made by the Inspectors of Steamboats, I have the honour to inform you that the forms as agreed upon by yourself and the Chairman of the Board are in the printer's hands, and will be distributed as soon as received. In regard to the Collectors of Customs giving a receipt in duplicate for the inspection fees paid, one copy of which should be given to the Inspector to be attached to his monthly statement, I have to say that as the matter of giving receipts for fees in duplicate is one that rests with the Customs Department, and as one of the statements made by the Inspectors will give a list of the certificates actually issued and as the law requires the Inspector to see the receipt for the fees before he issues a certificate, would it not answer your purpose if the Inspector certifies on the form giving the list of certificates of inspection issued for the month, that he has actually examined the receipt for the fees and dues for the current year for each of the steamers certificated.

I am, Sir, your obedient servant,

The Auditor General.

WM. SMITH, *D.M.M.*

AUDIT OFFICE, OTTAWA, April 2, 1891.

SIR,—I have to-day received a memorandum of the Order in Council of Jan. 31, authorizing a refund of \$108.17 to the Yarmouth Steamship Company. It is not stated

in the memorandum nor in your application, why this amount should be refunded, and I have to ask you to inform me.

I am, Sir, your obedient servant.

The Deputy Minister of Marine.

J. L. McDOUGALL, A.G.

MARINE DEPT., OTTAWA, April 6, 1891.

SIR,—In reply to your letter of April 2, relative to the Order in Council of January 31 last, authorizing the refund of \$143.52 to the Yarmouth Steamship Company, I have to inform you that the reason for refunding the amount is because it was paid under the impression that the steamship "Boston" was subject to the Canadian Steamboat Inspection Law, but as she is not subject to that law until brought under its operation by an Order in Council, and as no such Order has as yet been passed, it was decided to refund the amount. The payment was made to the Collector of Customs at Yarmouth, Nov. 28 last, and the Department holds the collector's receipt for the same.

I am, Sir, your obedient servant,

The Auditor General.

WM. SMITH, D.M.M.

CUSTOMS DEPT., OTTAWA, April 13, 1891.

SIR,—At your request circular as per enclosed (No. 456 B.) was issued, that the monthly return of Steamboat Inspection should show in each case the name of the Inspector. I have now before me a letter from the Collector of Customs at Hamilton, in which he states "that as the fees for inspection of steamboats are paid in before the inspection takes place and the certificate of inspection is rarely received within the month the fees are paid, we cannot show in the monthly returns (Form K4) the name of the inspector making the inspection, and asks what shall we do?" I foresaw this difficulty when issuing the circular, but as you requested, it was done. I can see no way out of the difficulty unless the Collector is instructed to hold his returns and the money until the inspection has actually taken place. Will this answer your purpose?

I am, Sir, your obedient servant,

The Auditor General.

W. G. PARMELEE, *Asst. Com.*

AUDIT OFFICE, OTTAWA, May 13, 1891.

SIR,—Referring to your letter of April 13, I do not think it would be advisable for the Collector to hold his returns and the fees paid him for Steamboat Inspection, till the inspection should be made. My object in asking to have the name of the Inspector entered on the Collector's return, was to facilitate the comparing of the returns of the Inspectors and Collectors. As it is not practicable to have this done, would there be any objection to the receipt issued by the Collector to the steamboat owner, either being in duplicate, or having a coupon attached which the Inspector could detach and transmit to Department, with his monthly return?

I am, Sir, your obedient servant,

The Asst. Commissioner of Customs.

J. L. McDOUGALL, A.G.

CUSTOMS DEPT., OTTAWA, May 18, 1891.

SIR,—Referring to your letter of May 13, further *in re* returns of Steamboat Inspection; I note the suggestion you make with reference to duplicate receipts, but cannot see in what manner that would serve as a check or be of any benefit, as the same man who issues the receipt sends in the return, and the one is just as apt to be correct as the other. I think you have been misled, or perhaps, in other words, have misunderstood the reason why there appears to have been discrepancies between the returns furnished by this Department and those furnished by the Department of Marine. Perhaps a word

of explanation would set the matter to rights. If you will examine the complete Customs' returns for any given month in which such discrepancies occur, you will find invariably that where there has been a short return of Steamboat Inspection fee, there has been a corresponding over return on some other collection and *vice versa*. This has simply resulted through carelessness, errors having been made in dividing the total amount deposited, erroneously crediting some account with what does not belong to it, and showing a shortage on the account to which the amount did belong. Our ledgers in the Department here will show this invariably at the end of each month, and you will always find that the amount is rectified in the month following that in which the error has occurred. It really appears to me at the present time there is a sufficient check to ensure the eventual deposit of all amounts collected on account of this or any other funds passing through the hands of our officers.

I am, Sir, your obedient servant,

The Auditor General.

W. G. PARMELEE, *Asst. Com.*

AUDIT OFFICE, OTTAWA, May 21, 1891.

SIR,—I have to acknowledge the receipt of your letter of May 18, in reply to mine of May 13, *re* Steamboat Inspection fees. The explanation you give of the discrepancies between collectors' returns and fees paid, and inspectors' returns is no doubt correct, but I do not think it will account for all the differences that arise. Payments of fees are sometimes made months before the inspection, and the name of the place of payment is entered on the inspector's returns, and if this place is an outport, the item will appear in return of the port to which it is connected. These and other causes render the labour of auditing and comparing these two sets of returns much greater than it should be. It is with the object of having a connecting link between the two that I suggested the issuing of duplicate or coupon receipts by your collectors. If this were done the steamboat inspector could furnish to the Marine Department, with his monthly return, the collector's receipts corresponding to the certificates issued by him. If these receipts were issued by a collector at an outport, it would facilitate the audit still further were the port entered on the receipt also. I have to ask your further consideration of this matter.

I am, Sir, your obedient servant,

The Asst. Com. of Customs.

J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, June 23, 1891.

SIR,—Referring to the returns of steamboat inspectors for the six months to the 31st Dec. last, I have to call your attention to the following observations:—

The following vessels are entered as inspected and certificated, the fees on which I do not find accounted for on the returns of the customs officers:

* * * * *

The following vessels are entered as inspected, but I do not find it stated that certificates were issued, and no fees have come to account:

* * * * *

I enclose a list of 58 vessels, the fees on which have come to account through the Customs Department, and which do not appear on the inspector's returns. (List not printed.)

I am, Sir, your obedient servant,

The Deputy Minister of Marine.

J. L. McDOUGALL, *A.G.*

MARINE DEPT., OTTAWA, June 25, 1891.

SIR,—I have the honour to acknowledge receipt of your letter of June 23, enclosing a list of steamboats inspected and certificated by Inspectors but for which no returns of fees have been made by Collectors of Customs; and in reply I am to inform you that it

will, I presume, be a matter for the Customs Dept. to enquire into. I have, however, forwarded the list to the Chairman of the Board of Steamboat Inspection, who is at present in Toronto, for his remarks or report thereon, and I will communicate the same to you when received. In regard to the list of steamers which paid the fees but which do not appear in the reports from Inspectors, I may state that there may be several reasons for the omissions. The vessels may not yet be inspected, or, being inspected their certificates may be withheld on account of defective outfit or machinery. I will, however, send this list also to the Chairman for the information of the Inspectors.

I am, Sir, your obedient servant,

The Auditor General.

WM. SMITH, *D.M.M.*

AUDIT OFFICE, OTTAWA, Nov. 11, 1891.

SIR,—I am in receipt of your letter of Oct. 16, in reply to my letter of June 23 last, calling attention among other things to certain steamers entered on Inspectors' statements as inspected but not certificated, and for which no fees had come to account. The reply given in several cases is that "no receipt for fees being produced, the certificate was not issued." I have to ask whose duty it is to see that fees have been paid on all vessels inspected?

I am, Sir, your obedient servant,

The Deputy Minister of Marine.

J. L. McDOUGALL, *A.G.*

MARINE DEPT., OTTAWA, Nov. 16, 1891.

SIR,—In reply to your letter of Nov. 11, in regard to certain steamers entered on Inspectors' statements as inspected but not certificated, and for which no fees had come to account, and requesting to be informed whose duty it is to see that fees have been paid on all vessels inspected: I have the honour to inform you that until the fees are paid, no certificate of inspection is issued, and Collectors of Customs should detain steamboats without certificates of inspection.

I am, Sir, your obedient servant,

The Auditor General.

WM. L. MAGEE, *for D.M.M.*

AUDIT OFFICE, OTTAWA, March 18, 1891.

SIR,—No returns of wharfingers appertaining to the present fiscal year have yet reached this office. Please let me have them, accompanied by a certified departmental summary. The only returns of Steamboat Inspectors received are those for July, Aug. and Sept. A departmental summary and certificate was received with July returns, but not with those for Aug. and Sept. I should like to have the further returns of this revenue. The departmental statements of certificates granted to Masters and Mates, and to Engineers to Jan. 12, have been received. It will be more satisfactory to have these statements monthly. If a certificate has been spoiled or cancelled it should be entered on the return and be forwarded with it, in order that the consecutive number may be maintained. The number of certificate granted in each case should be entered on the Inspector's return by the officer of your Department who examines these returns. When no fee is exacted on account of its being a second examination, the date of the first examination should be given.

I am, Sir, your obedient servant,

The Deputy Minister of Marine.

J. L. McDOUGALL, *A.G.*

MARINE DEPT., OTTAWA, March 31, 1891.

SIR,—I have the honour to acknowledge receipt of your letter of March 18, relative to wharfage returns, steamboat inspectors' returns and statements of certificates granted to masters and mates. In reply I have to inform you that the wharfingers do

not send returns for the fiscal year, which accounts for no returns having reached you for the present fiscal year. The returns for the calendar year are in course of examination, and when completed will be forwarded to you with a summary thereof. I may observe, with reference to these returns, that errors occur very often which necessitate correspondence with the wharfingers, and consequent delay in forwarding returns to your office. As regards statements of certificates granted masters and mates, the returns will in future be sent to you monthly as requested.

I am, Sir, your obedient servant,
The Auditor General. WM. SMITH, *D.M.M.*

MARINE DEPT., OTTAWA, April 3, 1891.

SIR,—I have to request that you will be good enough to inform me as to whether there is any regulation by which wharfingers are required to furnish bonds for the faithful performance of the duties of their office.

I am, Sir, your obedient servant,
The Auditor General. WM. SMITH, *D.M.M.*

AUDIT OFFICE, OTTAWA, May 13, 1891.

SIR,—I have received your letter of the 3rd ultimo, enquiring as to whether there is any regulation by which wharfingers are required to furnish bonds. I beg to inform you that an Order in Council passed in August, 1869, provides in general terms that, every person collecting or receiving revenue in cash to be by him paid over to the Receiver General, must give security. I wrote to the Treasury Board on this subject, May 21, 1890 (see copy of my letter published in Audit Report, 1890, page A-6); and I have written again with the view of having an early consideration of the matter by the Board.

I am, Sir, your obedient servant,
The Deputy Minister of Marine. J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, June 3, 1891.

SIR,—The first returns received from Mr. A. Monck, Wharfinger at Cockburn Island, were those recently furnished by your Department and covered the collections during July, Aug., Sept., Oct. and Nov., 1890. According to your report this Wharfinger was appointed May 30, 1889. I have to ask in reference to the collections made from that date to July, 1890. In his return for November Mr. Monck states that the officers of the Str. "Atlantic" refused to pay dues and that he had sent the account to the manager of the company at Collingwood. I do not find that anything has since come to account in payment, and I have to ask what action has been taken in reference thereto.

I am, Sir, your obedient servant,
The Deputy Minister of Marine. J. L. McDOUGALL, *A. G.*

AUDIT OFFICE, OTTAWA, June 3, 1891.

SIR,—I have to call your attention to following statements in the returns of the wharfingers at Maitland and West Pubnico, in reference to uncollected items:

Maitland, Yarmouth County.—"There are some items I have not collected yet. I will try and get them in a few days and send the year's report. I did not get my appointment till May and there are two entries in March and April that the parties will not pay."

West Pubnico.—"Some merchandise was landed from small packets from Yarmouth, but no wharfage yet collected. The captains of the packets add the wharfage

to the freight bills, which are not paid till autumn, at which time full returns will be made. I had to agree, if not, the goods would have been landed elsewhere."

I do not find that anything has come to account in satisfaction of the above, and I have to ask what action has been taken in reference thereto.

I am, Sir, your obedient servant,

The Deputy Minister of Marine.

J. L. McDOUGALL, A. G.

MARINE DEPT., OTTAWA, June 4, 1891.

SIR,—I have the honour to acknowledge receipt of your letters of June 3, making certain enquiries *re* wharfage collections; and in reply I have to state: 1. The appointment of A. Monck as Wharfinger, Cockburn Island, was May 20, 1890, and not May 30, 1889. The latter date published in Departmental Report is a typographical error. 2. As regards the amount claimed from Str. "Atlantic" and for which Mr. Monck has sent an account to the manager of the company, the wharfinger has been directed to report whether amount has been paid, and, if so, to account to Department. If not yet settled to forward a detailed statement of claim so that the Department may take such action as is deemed necessary. 3. The wharfingers at Maitland, Yarmouth County, and West Pubnico have been directed to collect amounts still due.

I am, Sir, your obedient servant,

The Auditor General.

WM. SMITH, D.M.M.

AUDIT OFFICE, OTTAWA, June 3, 1891.

SIR,—I do not find that anything has yet come to account from the lessees of the wharf at Goderich for the year 1891. You stated in your letter of May 19, 1890, that the rent was payable in advance. In your letter of Oct. 7, 1890, you stated that the claim against Mr. Dymont for rent of Lot D for 1890 had been placed in the hands of the Justice Department. I have not since been informed of the result. Who is the lessee of this lot for the present year, and what is the rental?

I am, Sir, your obedient servant,

The Deputy Minister of Marine.

J. L. McDOUGALL, A.G.

MARINE DEPT., OTTAWA, June 4, 1891.

SIR,—I have to acknowledge receipt of your letter of June 3, with reference to revenue from the wharf at Goderich for 1891; and in reply beg to inform you that Messrs. Bearman and McVicar owe rent on Lots B and C, \$800, due Feb. 23, 1891. On March 10 last they were requested to pay the amount due, and on May 4 Mr. T. N. Dancy, Harbourmaster at Goderich, who had been directed to collect amount, forwarded a letter from the lessees, requesting to be allowed time to make the payment, and on June 1 the Department advised them that they would be allowed until June 19 to pay the rent.

On Lot A, Mr. T. E. McBride owes \$315, due on March 23, 1891. Mr. Dancy was instructed May 4 last to collect this amount and Mr. McBride was directed June 1 to remit amount due at once.

The claim for rent against estate of Mr. Dymont is still under the consideration of the Department of Justice, and the lot is not at present rented.

I am, Sir, your obedient servant,

The Auditor General.

WM. SMITH, D.M.M.

AUDIT OFFICE, OTTAWA, Aug. 4, 1891.

SIR,—I have to call your attention to the following lists of wharfs, on account of which nothing has come to account during the fiscal year 1890-91, and no returns have been received:—

Ontario:—Goderich, Sault Ste. Marie, Summerstown, Inverhuron.

Quebec:—Cascades, Isle aux Grues, Pointe aux Orignaux, Rivière Ouelle, Rivière du Loup, St. Alphonse de Bagotville, St. Jean d'Orléans, St. Laurent d'Orléans, Tadousac, Anse St. Jean, Baie St. Paul, Chicoutimi, Les Eboulements, Murray Bay.

Nova Scotia:—Arisaig, Avonport, Belliveau's Cove, Delap's Cove, East Bay, Grand Narrows, Point Brulé, Port George, Salmon River, Tracadie, Port Greville.

Prince Edward Island:—Campbell's Cove, Hickey's Wharf, Mink River, Nine Mile Creek, Tignish River.

New Brunswick:—Buctouche, Clifton.

The returns from Church Point, Cow Bay, Digby and Salmon River, referred to in your letter of May 26 last, have not yet reached this office. Referring to your letter of June 4, in regard to the lessees of the Goderich wharf, I may point out that nothing has yet come to account.

I am, Sir, your obedient servant,

The Deputy Minister of Marine.

J. L. McDOUGALL, A.G.

MARINE DEPT., OTTAWA, August 8, 1891.

SIR,—I have the honour to acknowledge receipt of your letter of Aug. 4, calling attention to certain wharves for which nothing has come to account during fiscal year 1890-91, and no returns have been received by you. In reply I have to state that at the following wharves there are no wharfingers, but that the appointment of wharfingers is under the consideration of the Department: Inverhuron, Ont.; Cascades, Pointe aux Orignaux, Rivière du Loup, Anse St. Jean, Baie St. Paul, Que.; Port Greville, N.S.; Hickey's Wharf, P.E.I.; and Buctouche, N.B.

That at the undermentioned wharves, wharfingers were only appointed in July, 1891, so that no returns have been received yet:—St. Alphonse de Bagotville, St. Jean d'Orléans, St. Laurent d'Orléans, Tadousac, Chicoutimi, Les Eboulements and Murray Bay, Que.

That at Arisaig, Avonport, Belliveau's Cove, Delap's Cove, East Bay, Grand Narrows, Point Brulé, Tracadie, N.S., Campbell's Cove, Mink River, Nine Mile Creek, P.E.I. and Buctouche, N.B., the wharfingers were asked for returns May 21 last, and that another notice was sent them Aug. 4. As soon as received, the returns will be forwarded you.

As regards wharfage and rent of wharves at Goderich, I have to inform you that by Order in Council the collection of wharfage has been in abeyance for some years, and that the accounts for rent due for use of wharves have been transmitted to the Department of Justice to allow of legal proceedings being taken to recover the amount from the lessees.

With reference to Mr. Plummer, wharfinger at Sault Ste. Marie, it appears he has expended the surplus collections, over the salary allowed him, on repairs to the wharf. He has been required to pay collections to credit of Receiver General, and no attention being paid to the request, the matter has been transferred to the Department of Justice, to take legal proceedings against him.

At Summerstown, Ont., and Salmon River, N.S., no collections were made by the late wharfingers, and the new wharfingers are but recently appointed. At Tignish River, P.E.I., the affairs of that office are at present undergoing investigation by the Sub-Collector under an Order in Council.

I may observe that wharfingers do not report for the fiscal year, but for the calendar year, and that detailed returns are not due from them until after Dec. 31 in each year.

I am, Sir, your obedient servant,

The Auditor General.

WM. SMITH, D.M.M.

AUDIT OFFICE, OTTAWA, Aug. 12, 1891.

SIR,—I have received your letter of Aug. 8, in reply to mine of Aug. 4, and I have received therewith returns for the calendar year 1890, of wharfingers at Cow Bay,
DETAILS OF REVENUE.

Church Point, Digby and Port George. You state that wharfingers report for the calendar year and not for the fiscal year; and that detailed returns are not due from them until after Dec. 31 in each year. In your letter of May 19, 1890, you stated that on July 1, 1890, it was proposed to have monthly returns. It seems to me that this regulation should be observed by the wharfingers at Cow Bay and Digby, and that the other wharfingers should be required to report twice each year, viz., Dec. 31 and July 1. I have to ask your attention to this matter. The regulation as to depositing whenever \$25 or more is on hand is, of course, not to be interfered with. The returns of the wharfinger at Digby, Mr. Watt, for the year 1890, call for some explanation. The gross receipts were \$853.50; deducting the commission of 20 per cent to which he was entitled according to your report, balance to be deposited was \$682.80. Only \$498.02 has come to account, leaving \$184.78 accounted for as follows:—Error in account of 1888, \$12.17; repairs to wharf, \$3.05; clerical assistance and stationery, \$28.50; commission charged, \$254.68; commission due, \$170.70—\$83.98; wharfage uncollected and outstanding uncharged in accounts rendered, \$57.08. With reference to the item of \$12.17 I find that it was allowed to him in settlement of collections for the half year ended Dec. 31, 1888. The item of \$3.05 for repairs to wharf is irregular, and is not supported by a voucher. The item of \$28.50 for clerical assistance and stationery requires explanation, as no such charge is made by any other wharfinger. The commission allowed this wharfinger was entered in your report for 1889 as 10 per cent. You subsequently stated in your letter of Nov. 3, 1890, that his allowance was 20 per cent, and that was the rate he charged in making up his return for 1889. In the return for 1890, now under examination, he charges commission at the rate of 25 per cent on collections of the year, and he also charges 5 per cent on collections of the previous year, making together \$83.98 of a difference. A memorandum with the return indicates that Mr. Watt was directed to furnish authority for expenditure on wharf and clerical assistance, and also for charging 25 per cent instead of 20. I have to ask what further action has since been taken? With reference to the item of \$57.08 uncollected, I have to ask if this has been allowed, and if so for what reasons? In any case a list of persons indebted should be furnished. The last deposit that has come to account from Mr. Watt was for \$88.02 to balance the return to Dec. 31, 1890, according to his way of treating it. The first deposit made by Mr. Short was for \$30, and dated April 9. I find that the receipts during January, February and March, 1890, amounted to \$196. I have to ask how the receipts during January, February and March last were accounted for?

I am, Sir, your obedient servant,

The Deputy Minister of Marine.

J. L. McDOUGALL, A.G.

MARINE DEPT., OTTAWA, Aug. 17, 1891.

SIR,—I have the honour to acknowledge receipt of your letter of Aug. 12, relative to certain wharfage returns; and in reply have to observe that owing to the small amount collected by most of the wharfingers, in many cases no moneys being received, it was deemed sufficient by the Department for the returns to be rendered annually. As, however, you desire half yearly returns, excepting Cow Bay and Digby, which you are of opinion should forward monthly returns the wharfingers at Cow Bay and Digby have been directed to furnish monthly and the remaining wharfingers half yearly returns.

Respecting the statement for the year 1890, forwarded by Mr. Watt, late Wharfinger at Digby, I have to inform you that much difficulty was experienced in obtaining a return and that it only reached the Department in the end of May, 1891. On examination it was found that while Mr. Watt was only authorized to retain 20 per cent of collections as remuneration, he had charged 25 per cent, on the plea that the latter rate was allowed his successor, the difference being \$41.30 for 1889 and \$42.60 for 1890, \$83.90. In addition he took credit for \$28.50, cost of books, stationery and clerical assistance, the total being \$112.40 which he was immediately required to refund and deposit to the credit of the Receiver General, at same time giving his authority for crediting himself as above. No reply having been received, the Department has again

written him, insisting on an immediate settlement and also to furnish a voucher for \$3.05 expended on repairs to wharf. The item of \$57.08, uncollected wharfage for the year 1890, has not been allowed and should be accounted for by the present wharfinger. He has been directed to furnish a detailed statement from 1st January to 31st July, 1891, and thereafter to give monthly returns.

I am, Sir, your obedient servant,

The Auditor General.

WM. SMITH, *D.M.M.*

AUDIT OFFICE, OTTAWA, Dec. 29, 1890.

SIR,—I have the following observations to make on the Harbour Masters' returns for the calendar year ending Dec. 31, 1889, lately received at this office:—

1. No returns have been furnished from the following ports, although sums are entered in your Departmental report for 1889 as having been collected:—Collingwood, Rondeau, Chatham, Sackville, Annapolis, Apple River, Cape Canso, Hantsport, Petite Rivière Bridge, New London, Souris East and West, and Vancouver, including Burrard Inlet.

2. Nothing appears in your report as having been collected at the following ports, neither have any returns been furnished:—Port Arthur, Sarnia, Carleton, Chicoutimi, House Harbour, Oak Bay, Rimouski, Rivière Ouelle, Sorel, Cocagne, Grand Manan North, Great Shemogue, Ledge of St. Stephen's, Advocate, Big Harbour, Bras d'Or including New Campbelltown, Cheticamp, County Line to Grand Narrows, Crow Harbour, East Bay, Fourchie, Guysboro', House Harbour, North Bay of Ingonish, Isaac's Harbour, Lingan, Little Bras d'Or Lake, McNair's Cove, Maitland, Margarettsville, Merigonish, Mills Harbour, Musquodoboit, Neil's Harbour, New Haven, Northwest Cove, Coleman's Cove and Asptogan Harbour, Plaster Harbour, Port George, River John, Sambro, Sheet Harbour, Smith's Mountain, Tusket, Cardigan Bridge, Cardigan River from head of river to north bank Mitchell River, Cascumpec, Cove Head, Grand River, Hillsboro' River, Miminigash, Montague Bridge, Rustico, St. Peter's Bay, Tracadie, Tryon, Vernon River Bridge. For the year 1888 the receipts at Sorel were \$39 over and above the allowance of \$300.

3. No Departmental summary and certificates were furnished with these returns, though I asked that this should be done in my letter of May 9, 1889.

4. In the following instances the amount entered in your report differs from the amount as given by the Harbour Masters' statements:

Barrington, N.S.	You have \$	24.50	instead of \$	34.50
Cow Bay, "	"	144.50	"	145.50
Gaberouse "	"	nil	"	4.50
Little Narrows and Cranberry Pt.	"	200.00	"	2.00
Margaree, N.S.	"	3.00	"	2.00
St. Mary's River, N.S.	"	10.00	"	10.50
St. Peter's, N.S.	"	84.50	"	84.00
Shelburne, N.S.	"	141.50	"	139.50
Torbay and Whitehaven, N.S.	"	32.00	"	33.00
Yarmouth, N.S.	"	245.00	"	245.50
Victoria and Esquimalt, B.C.	"	297.50	"	297.00

5. Some of the statements are not sworn to, and some are not even signed. In my letter above referred to, I stated that it would be well to have the form of oath printed on the back or at the foot of each blank form of return.

6. I would also call your attention to Treasury Minute of May 23, 1890, which provides that the statement for the Audit Office should be a copy of the Collector's Cash book, and I would ask that in future the returns be sent in under the following headings: date of payment, name of payer, name of vessel, tonnage and amount of fee. The furnishing of returns in this form to this office need not interfere with the furnish-

ing for your Department of returns as now prepared if you deem it necessary to have them.

I am, Sir, your obedient servant,

The Deputy Minister of Marine.

J. L. McDOUGALL, *A.G.*

MARINE DEPT., OTTAWA, Feb. 23, 1891.

SIR,—Referring to your letter of December 29 last, in regard to Harbour Masters' returns for 1889, I have the honour to inform you that the returns, when received, were entered in the books of the Department; but that in moving the Department from the rooms formerly occupied to those now in use, some of the returns appear to have been mislaid. I am also to state that where harbours have been entered in the supplement to our Report as blank, no collections were made, and also that the differences in some instances between the Supplements and the returns are typographical errors, which do not however affect the revenue, as the amount in every case is under the remuneration allowed the Harbour Masters. I may add that the instructions contained in your letter will be carried out.

I am, Sir, your obedient servant,

The Auditor General.

WM. SMITH, *D.M.M.*

MARINE DEPT., OTTAWA, June 4, 1891.

SIR,—Referring to your letter of May 23, respecting rules and regulations governing collection and accounting for revenue, I have the honour to inform you that the rule is strictly enforced, that collections over and above \$25 are at once deposited to the credit of the Receiver General. I have further to state that the agents of this Department have been directed to deposit all moneys received in June as early as possible in July, in order to close accounts for the fiscal year 1890-91.

I am, Sir, your obedient servant,

The Auditor General.

WM. SMITH, *D.M.M.*

AUDIT OFFICE, OTTAWA, July 17, 1891.

SIR,—Very many of the returns of receipts on account of Sick Mariners' fund made by collectors of Customs do not give all the information called for by the form, all of which is needed for auditing purposes. The number of the payment, whether 1st, 2nd or 3rd, should be entered in the proper column after each item, and if the payment is either 2nd or 3rd, the date of the last payment and port where paid should be entered in their respective columns.

I would suggest that the certificate of the Collector should be changed to the following:—"I hereby certify that fees on account of sick mariners' fund were collected from all vessels, entitled to pay, that entered the port of _____ during the month of _____, and that the above is a true account of all such fees that were collected."

I have to ask that the counterfoils of the receipts issued by the Collectors should be furnished with each return, and that the returns should be examined and certified in the Department.

I observe that in some cases refunds have been made by collectors out of their receipts. This practice is irregular and should be discontinued. Sec. 27, chap. 29, R.S., provides that all collectors shall deposit the gross revenue of their offices; and Sec. 78 of the same Act provides that no refund shall be made unless recommended by the Treasury Board and sanctioned and ordered by the Governor in Council.

As the Department of Customs is interested in this class of revenue, I am sending a copy of this letter to the Deputy Minister of that Department.

I am, Sir, your obedient servant,

The Deputy Minister of Marine.

J. L. McDOUGALL, *A.G.*

MARINE DEPT., OTTAWA, July 23, 1891.

SIR,—I have the honour to acknowledge receipt of your letter of July 17, enclosing copy of a letter with reference to the returns made by Collectors of Customs, covering fees collected on account of Sick Mariners' Fund; and in reply I beg to inform you that I consider the suggestions made most satisfactory and should the Department of Customs see fit to carry them out, a much better audit of that revenue will be secured.

I am, Sir, your obedient servant,

WM. SMITH, *D.M.M.*

The Auditor General.

MARINE DEPT., OTTAWA, Nov. 18, 1891.

SIR,—Referring to your letter of Oct. 19, relative to arrears of revenue for last fiscal year, I have the honour to inform you that Captain Wm. Watt, late Wharfinger at Digby, N.S., has to account for \$169.48 for which he took credit in error in his return for calendar year 1890, and that the matter is in course of settlement. I have further to inform you that Mr. W. H. Plummer, Wharfinger, Sault Ste Marie, expended wharfage collections without authority on repairs to wharf and having failed to remit amount of such collections as directed, matter has been referred to Department of Justice. As Mr. Plummer has sent no returns, the Department cannot at present give amount collected by him. I have further to state that this Department claims from the St. Lawrence Steam Navigation Company \$1,160 wharfage dues, with interest to Nov. 1, 1889, \$765.60, in all \$1,925.60, but that the Company has a contra claim against the Department of \$2,175, which would leave a balance in favour of the Company of \$249.40 and that no settlement has yet been reached. The above are the arrears of revenue for the period you mention.

I am, Sir, your obedient servant,

WM. SMITH, *D.M.M.*

The Auditor General.

MARINE DEPT., OTTAWA, Dec. 18, 1891.

SIR,—Referring to your letter of Oct. 19 last, requesting the usual statements showing in detail the arrears due Sept. 30, by Collectors or other Government Officers, and my reply of the 18th of November in regard to Captain William Watt, late Wharfinger at Digby, N.S., and stating that he had to account for \$169.48 for which he took credit in error in his return for the calendar year 1890, I have the honour to inform you that Mr. Watt has paid to the credit of the Receiver General the sum of \$107.40 on account of his indebtedness and promises to pay the balance shortly. The \$107.40 will appear in the next return transmitted to you.

I am, Sir, your obedient servant,

WM. SMITH, *D.M.M.*

The Auditor General.

AUDIT OFFICE, OTTAWA, March 16, 1891.

SIR,—I have received the revenue returns that reached your Department during the six months to Dec. 31 last. I am unable, however, to make any efficient audit of them until I receive the statements of licenses issued both by the Department and by your agent in British Columbia. In the meantime I have to call your attention to the following observations:—

Deposit of Collections:—Return of A. McQueen for October: Collections in July, \$100; in August, \$4; in September, \$14; in October, \$245; deposited Nov. 10. Return of W. Wakeham for October: Collections on the 5th, \$40; on the 10th, \$120; on the 30th, \$34.40; deposited December 1. George Rawlings: Collections entered on November return, as received October 20. deposited December 4. Ed. Hacket, October return: Collections, \$20; deposited December 11. F. G. H. Fraser: Collections in September, \$337; in October, \$155; deposited December 30. In this and other returns the day of the month on which the money was received is not entered.

Sales:—D. C. Stewart: lobsters, \$160.68, vouchers for \$5.28 and \$24.30 only furnished. W. A. Garrison: lobsters, \$29.58, no voucher. R. J. Devlin: trout fry, \$33.75, no voucher. The return of R. A. Chapman to December 20 gives a statement of amounts received from agents and overseers for license fees collected by them. The date of the receipt by Mr. Chapman is not given and the agents' returns are not furnished. The statement amounts to \$1,170.64, of which \$426.13 was deposited on August 26, and \$744.51 on December 20. If it is desirable that the returns and remittances of these agents should be furnished in the first place to Mr. Chapman, he should make a deposit immediately on receipt, and forward to the Department a monthly statement, and deposit receipts to cover. Agents who make deposits of their collections should enter on their returns a memo. of the deposits made, giving date, bank, number of receipt and the amount. Those who make remittances should enter the date of each remittance; and the date of receipt in Department should also be entered.

I am, Sir, your obedient servant,

The Deputy Minister of Fisheries.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, Dec. 12, 1891.

SIR,—Referring to the revenue accounts for 1890-91, I find that the returns of R. A. Chapman and J. H. Pratt are composed of the collections of sub-agents, and the returns of these sub-agents have not been furnished. These returns are needed in order that an audit of them may be made, and I have to ask that they may be forwarded regularly, commencing with the present fiscal year.

I am, Sir, your obedient servant,

The Deputy Minister of Fisheries.

J. L. McDOUGALL, A.G.

FISHERIES DEPT., OTTAWA, Jan. 15, 1891.

SIR,—I beg to enclose a schedule of licenses issued to United States' fishing vessels under the Act entitled "An Act respecting fishing vessels of the United States of America" during the fiscal year ended June 30 last. Referring to your request to be furnished with a list of arrears due Sept. 30 last, I am to inform you that as fishery licenses are issued for the calendar year, there are therefore no arrears on that date.

I am, Sir, your obedient servant,

The Auditor General.

S. P. BAUSET, *Actg. D. M. F.*

AUDIT OFFICE, OTTAWA, Sept. 25, 1891.

SIR,—I am in receipt from your Department of a statement of the collections on seed grain account during the fiscal year 1890-91. A deposit of \$67 through the Finance Department, included in your revenue statement of March 9 last, is not included in these returns. I have to ask for the details of the payments which this deposit covers. Deductions amounting to \$302.19 have been made from the total sum collected, for sundry outlay, including \$190 for travelling expenses of Mr. Lynch, the accountant of your Department. Sec. 27, chap. 29, Revised Statutes, directs that the gross revenues of the several departments shall be deposited to the credit of the Receiver General. Consequently, any expenses in connection with the collection of balances due on this account should be a charge against expenditure. Mr. Lynch's travelling expenses should be charged to Civil Government Contingencies (see decision of Treasury Board in a case of the Department of Indian Affairs, quoted in my report of 1890, page A-8). The other outlay might be charged to unforeseen expenses by procuring the necessary Order in Council, if there is no other vote to which they could be charged legitimately. As these items affect last year's accounts, your early attention to this matter is requested.

I have also to point out that the regulation of the Treasury Board as to prompt deposit, has not been observed. (See my report 1890, page E-4.)

I have not yet received the statements referred to in your letter of 6th January last.

I am, Sir, your obedient servant,

The Deputy Minister of Agriculture.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, Dec. 23, 1890.

SIR,— * * * * *

Department of Agriculture cheque 366 is in favour of Mr. J. B. Lynch for \$58.80, being balance of his travelling expenses to British Columbia in July last. I observe that the whole of the expenses of this trip has not been charged to contingencies. As the travel of all inside departmental officers on Government business should be charged to this vote, I have to request that the portion of Mr. Lynch's expenses which has been placed against another appropriation be transferred.

I am, Sir, your obedient servant,

The Accountant of Contingencies.

J. L. McDOUGALL, A.G.

F—116

AUDITOR GENERAL'S REPORT, 1890-91.

CENTRAL EXPERIMENTAL FARM, OTTAWA, Jan. 12, 1891.

DEAR MR. LOWE,—I beg to acknowledge your favour of Jan. 7, enclosing a letter from the Auditor General of Dec. 26, in which observations are made in reference to six different points bearing on returns made to the Receiver General, for sales of produce from the Experimental Farms, which I will endeavour to reply to in the order in which they are given.

1st. As the counterfoils referred to require my signature they were not sent in on account of my absence. I send them herewith as far as it has been possible to obtain them, and hope to be able to forward them regularly in future with the number of the receipts and will instruct the Supt. at Indian Head to do likewise.

2nd. The present practice is to make returns of produce sold at the Experimental Farms monthly, and this has been the practice at the Central Farm ever since its organization. I find that last year some of the Supts. of the branch farms did not understand this matter fully, and delayed their returns considerably; but I have explained it fully to them, and their returns are now also made monthly. I had supposed that this was quite satisfactory to the Auditor General. As it is necessary, when such deposits are made, for the Accountant or one of the Supts. to go with the money to the bank or nearest money order office, and this in most instances involves a journey of several miles, it would add materially to the labour connected with this account if the Supts. of the several farms have to leave their workmen and make special journeys several times a month in order to make this remittance as soon as the sum amounts to \$25.00. If the Auditor General thinks it absolutely necessary that this particular rule be strictly enforced, I will endeavour to have it carried out, although it will necessarily entail additional expense in management which I desire to avoid.

3rd. It has been the custom ever since we had berries to dispose of on the Experimental Farm, to pay the berry pickers out of the proceeds from the berries sold before returning the receipts to the Receiver General. In many instances the pickers have been paid in berries instead of money, the berries being charged to them at wholesale rates. Until now no objection has been made to this practice, and I was not aware that it was contrary to the provisions of the Audit Act. Another year some arrangement can no doubt be made to dispose of the berries at a lower figure to some dealer who will find the pickers.

4th. Officers and employes of the several farms who have been furnished with any products of the Farms have been charged for these at such wholesale rates as could be realized for such products at the several farms from dealers. This principle has been acted on throughout, under instructions of the Minister of Agriculture. The price charged for milk was fixed by myself at the outset, at the same figure as that at which milk was sold by the Experimental Farm at Guelph to the Agricultural College, viz., 12 cts. per gallon. Subsequently, it was ascertained that higher figures could be had here, when the price was advanced to the highest wholesale winter rate, 20 cts. per gallon. This is still the winter rate and the rate charged during the summer is 16 cts. per gallon. Higher figures can be got by peddling the milk to retail purchasers in the city; but the expense attending this would far more than consume the difference in price gained. Most of the milk produced on the farm has been given as feed to the young stock, and the prices obtained for that portion which has been sold are higher than those realized by any farmer in the Province.

The management of the berry crop was in the hands of the horticulturist, Mr. John Craig, who has consulted with me regarding their disposal before selling any of the berries. It has been the practice to ask for offers from two or more of the leading fruit men of the city, the bulk of the product being sent to the highest bidder. Those sold for consumption at the farm have been charged at one cent per quart less than the wholesale price in town, for the reason that the baskets were returned and the labour and expense of crating and packing avoided. Some berries were sold at the farm at lower prices, but these were damaged berries and culls, which the dealers refused to purchase.

The price of eggs has been fixed from time to time, under my instructions, by the accountant, who was told to consult the market quotations and arrange the prices in accordance with wholesale figures given. I find the prices which have been charged are as follows:—August and September, 12½ cents; October, 18 cents; November, 20 cents; December, 22 cents; January, 25 cents and 20 cents; February, 20 cents; March, 15 cents; April, 15 cents; May, 20, 15, and 14 cents, and June 14 cents. I think that those who are conversant with the egg market will regard these as fair wholesale rates.

6th. The house occupied by James Helem in October, 1889, was a frame building, which was on the Farm when purchased. This was vacated by Mr. Helem, and has since been pulled down, as it was not needed, and interfered with the carrying out of the general plan of the Farm. In Mr. Anderson's case, the rents received subsequently were applied to wages account. In future this rent will be added to the revenue account as desired.

Yours very truly,

The Deputy Minister of Agriculture.

WM. SAUNDERS, *Director*.

AGRICULTURE DEPT., OTTAWA, Jan. 6, 1891.

SIR,—In your letter of Sept. 25 last, in relation to the expenses of collection connected with seed grain advances, you ask to be furnished with information respecting the difference between \$31,765.16 and \$18,132.71 deposited. In answer I enclose you herewith a statement giving the details of the disbursements.

I am, Sir, your obedient servant,

The Auditor General.

J. LOWE, *D.M.A.*

(For statement see page E-114.)

AUDIT OFFICE, OTTAWA, Dec. 4, 1891.

SIR,—The sum of \$2,911.32 has come to account during the year 1890-91 for sales of seed barley. During 1889-90, \$13,054.24 came to account, and was treated as a refund of the expenditure. I have now to ask for a detailed statement of the sales made, specifying date, names, quantity, price and amount; also for a memorandum showing the quantity purchased, quantity sold and the disposition made of the balance if any.

I am, Sir, your obedient servant,

The Deputy Minister of Agriculture.

J. L. McDOUGALL, *A.G.*

AGRICULTURE DEPT., OTTAWA, Dec. 21, 1891.

SIR,—I have to inform you, in reply to your letter of Dec. 12, referring to your letter of Oct. 19, that all arrears of collections in relation to this Department have been accounted for so far as known.

I am, Sir, your obedient servant,

The Auditor General.

J. LOWE, *D.M.A.*

INTERIOR DEPT., OTTAWA, Jan. 15, 1891.

(*Re seed grain.*)

SIR,—Referring to your letter of Dec. 22, I have the honour to transmit to you, by separate enclosure, the following account books and statements which contain the information in connection with the amounts expended during 1886-87 and 1887-88 to make advances of seed grain to settlers in certain parts of the North-West Territories, asked for by your communication of Feb. 7, 1889:—Register of seed grain advances; Register of seed grain repayments made up to Nov. 7, 1889. Statement marked "1," in blue pencil, of seed grain repayments made up to Oct. 23, 1888; Statement, marked "2," in blue pencil, endorsed: "Statement of deposits made for credit of the Receiver General on account of seed grain repayments;" Copy of an abstract of Orders in Council, &c., under which the seed grain advances were made.

The information respecting repayments of seed grain advanced received during the last fiscal year, asked for in the last paragraph of your communication of Dec. 22, will be found in the statements marked "3" and "4," in blue pencil, which accompany the books and documents already described. I beg to state in explanation of the delay that has occurred in furnishing you with the information asked for in your two communications referred to, that as the Commissioner of Dominion Lands at Winnipeg made the seed grain expenditure, the procuring of the required information entailed a great deal of correspondence with this officer, particularly in regard to several matters which appeared to me to require explaining before I finally submitted the accounts to you. Moreover, at the time the enclosures were received from the Commissioner, the Accountant of the Department was occupied in connection with the Departmental Estimates, and consequently obliged to defer, until a more favourable opportunity, the checking of these accounts which you will observe are somewhat complicated as well as numerous. They were rendered all the more complicated by the unfortunate mixing up of the seed grain repayments in connection with the Grasshopper Relief advances made by the Department of Agriculture with repayments of seed grain advances made at a later period by this Department. An adjustment, however, is now in progress, and will no doubt be completed very shortly. I may add that in the future you will be furnished monthly with statements showing repayments on account of seed grain advances. When you no longer require the books and statements which accompany this letter, please return them to this Department, as copies of them have not been prepared for record here.

I am, Sir, your obedient servant,

A. M. BURGESS, *D.M.I.*

The Auditor General.

AUDIT OFFICE, OTTAWA, Jan. 26, 1891.

SIR,—I am in receipt of your letter of the 15th instant with certain statements in reference to the advances of seed grain to settlers in the North-West in 1886-87 and 1887-88. No summaries accompanied those statements, and I have now to ask for the following:—

- (1.) A summary of the grain purchased, showing the classes of grain and the quantities.
- (2.) A summary of grain distributed by districts, showing the classes of grain and quantities for each district, and giving an explanation of the differences if any, between the quantities purchased and the quantities distributed.
- (3.) A summary of the grain returned or repaid to the 31st December, 1888, showing the districts, classes of grain and quantities.
- (4.) A summary by districts of the cash payments received since the 31st December, 1888. A like summary should be entered on each monthly statements of receipts furnished.
- (5.) The counterfoils of the receipts issued.

I have also to make the following observations arising out of such examination as I have been able to make of the statements furnished:—

In accounting for the grain, &c., received to the 31st December, 1888, credit was taken as follows:—

(1.) Battleford, 2,142.28 bush. oats delivered to N. W. M. P.; 532.17 bush. potatoes delivered to N. W. M. P.

(2.) Prince Albert, 206 bush. wheat and 169 bush. barley delivered to N. W. M. P.; for destitute Indians, 758 bush. wheat ground into flour; 2,208 bush. oats delivered to N. W. M. P.; 2,220 bush. barley on hand; 2,676 bush. oats on hand, with a memo. that Police agreed to take them.

(3.) Moose Jaw, 2,215 bush. oats delivered to N. W. M. P.; 428 bush. wheat sent to Edmonton; 300 bush. barley sent to Edmonton.

(4.) Maple Creek, 1,378 bush. oats delivered to N. W. M. P.

(5.) Moosomin, 1,500 bush. wheat shipped to Edmonton; 281 bush. barley shipped to Edmonton; 1,000 bush. oats shipped to Police at Regina.

(6.) Whitewood, 948 bush. oats shipped to Police at Regina; 359 bush. of barley shipped to Police at Edmonton.

In November, 1889, \$2,871.98 came to account in settlement of the following quantities:—Prince Albert, 2,262 $\frac{3}{4}$ bush. oats at 50 cts. \$1,131.14; Maple Creek, 1,378 bush. of oats at 45 cts., \$620.10; Battleford, 2,114 $\frac{3}{4}$ bush. oats at 53 cts., \$1,120.74; and in May, 1889, \$285.60 in settlement; Prince Albert, 1,904 bush. barley sold Hudson Bay Co.

Please inform me when the other quantities stated above were accounted for. If any of the statements furnished are required to prepare the summaries asked for, I shall return them.

I am, Sir, your obedient servant,

The Deputy Minister of Interior.

J. L. McDOUGALL, *A. G.*

MEMORANDUM.

Battleford,—2142 $\frac{2}{4}$ bush. oats, delivered N. W. M. Police and paid for; 532 $\frac{1}{4}$ bush. potatoes, of which 504 bush. were delivered Police, not yet paid.

Prince Albert,—206 bush. wheat distributed to destitute halfbreeds; 169 $\frac{1}{2}$ bush. barley, distributed to destitute halfbreeds; 758 bushels wheat ground into flour and greater part distributed to Indians, balance sold; 2,208 bush. oats delivered N. W. M. Police and paid for; 2,676 bush. oats, of which 1,974 $\frac{2}{4}$ were delivered, N. W. M. Police not yet paid for; 701 $\frac{2}{6}$ stolen; 2,220 bush. barley, of which 1,904 were sold Hudson Bay Co'y.

Moose Jaw,—2,215 bush. oats, delv'd N. W. M. Police and paid for; 428 bush. wheat, sent to Edmonton for distribution to settlers; 300 bush. barley sent to Edmonton for distribution to settlers.

Maple Creek, 1,378 bush. oats; delv'd N. W. M. Police and paid for.

Moosimin, 1,500 bush. wheat sent to Edmonton for distribution to settlers; 281 bush. barley sent to Edmonton for distribution to settlers; 1,000 bush. oats delivered N. W. M. Police and paid for.

Whitewood, 948 bush. oats delivered N. W. M. Police and paid for; 359 bush. barley sent to Edmonton for distribution to settlers.

The grain sent to Edmonton for distribution to settlers is accounted for in the statements of advances to be returned or paid for.

E. H. TAYLOR, *Acct.*

INTERIOR DEPT., OTTAWA, Feb. 5, 1891.

SIR,—I am directed to acknowledge the receipt of your letter of January 26, asking to be furnished with further information in reference to the advances of seed grain to settlers in the North-West Territories in 1886-87 and 1887-88, and I am to say that as the Commissioner of Dominion Lands made the expenditure in question, a copy of your

communication has been forwarded to him with a request to have the necessary statements prepared and sent here for transmission to you.

I am, Sir, your obedient servant,

The Auditor General.

LYNDWODE PEREIRA, *Asst. Secy.*

AUDIT OFFICE, OTTAWA, Sept. 15, 1891.

SIR,—I wrote to you Jan. 26 last, asking for certain summaries in connection with the seed grain advances of 1886-87 and 1887-88; and information as to the disposal of certain quantities of grain received from the settlers. You replied on Feb. 5 that the Commissioner at Winnipeg had been directed to prepare the statements asked for, I have not since had any communication on the subject. \$5,115.60 has come to account during the fiscal year 1890-91 in repayment of these advances. I may add that these advances are classed under the heading of "Territorial Accounts."

The seed grain advance of 1889-90, as directed by Parliament, is kept as a special open account and showed a debit of \$30,833.50 on June 30, 1890. This amount has since been reduced by a refund of \$46.66. The sum of \$270 is the only amount credited as repayment during fiscal year 1890-91, and it is for grain furnished to the North-West Mounted Police in August and September, 1890.

I have to ask for copies of the regulations governing these advances, and a statement alphabetically arranged, of the settlers to whom the advances were made, specifying class of grain, quantities, price and amount. As receipts will now probably be coming in on both this and the previous advances account, care should be taken that on each deposit the account to which it should be credited is endorsed.

The provision of the Treasury Board Minute in reference to the daily deposit when the receipts amount to \$25 should be observed. Has interest been added to the amounts due for advances?

The returns furnished to this office do not specify how much if any of the payments made are for interest. I should like to have that information on future statements.

I am, Sir, your obedient servant,

The Deputy Minister of Interior.

J. L. McDOUGALL, *A. G.*

INTERIOR DEPT., OTTAWA, Sept. 24, 1891.

SIR,—I have the honour to acknowledge the receipt of your letter of Sept. 15 regarding seed grain repayments; and to say that a copy of it has been transmitted to the Commissioner of Dominion Lands, who is in charge of this branch of the business of the Department.

I am, Sir, your obedient servant,

The Auditor General.

FRANK S. CHECKLEY, *Acty. Asst. Secy.*

INTERIOR DEPT., OTTAWA, Sept. 24, 1891.

SIR,—Referring further to your letter of Jan. 26 last, asking for certain statements relating to seed grain repayments, I am directed to enclose herewith copies of letters received from the office of the Commissioner of Dominion Lands dated respectively April 14 and June 8 last, regarding the progress of the work of preparing the required statements. You will see that in the first-mentioned letter the Commissioner asks whether one of the statements may be omitted for the reasons which he gives. Please advise me on this point for his information.

I am, Sir, your obedient servant,

The Auditor General.

FRANK S. CHECKLEY, *Act. Asst. Secy.*

DOMINION LANDS OFFICE, WINNIPEG, April 14, 1891.

SIR,—With reference to your letters of Feb. 5 and April 4, concerning further statements required by the Auditor General in connection with the seed grain advances of 1886 and 1887, I am directed to inform you that the statements are in course of preparation, but the work required is of considerable magnitude and will involve much expenditure of time in searches among old records.

If it is required that the work should be speedily completed, it would be advisable that the employment of extra clerical assistance for that purpose should be authorized, as the pressure of work upon the staff of this office at present permits very little time to be given to this work.

Please advise the Commissioner whether it is desired that such assistance should be procured.

I am to enquire whether it is absolutely necessary that the summary of repayments under the head of districts required in clause 4 of the Auditor General's letter should be prepared, this will involve considerable work and I may suggest that, as in the schedules of repayments since Dec. 31, 1888, the nature of the security is stated, the obligation on account of which payment is made can be readily traced.

With reference to clause 5 of the Auditor General's letter, I may say that no counterfoils were kept of the forms of receipt given by the agents who were authorized to receive repayment in grain during the year 1888, and since repayment was made direct to this office no receipts have been given.

If the payment sufficed to discharge the settlers' indebtedness, the lien or bond is cancelled and returned to him by letter; if the payment is only a partial one, it is acknowledged by letter and the amount paid noted on the security.

The statements of repayments will in future be made in duplicate, as desired.

I am, Sir, your obedient servant,

T. R. BURPÉ, *Secy.*

The Deputy Minister of Interior.

DOMINION LANDS OFFICE, WINNIPEG, June 8, 1891.

SIR,—With reference to my letter of April 14, concerning the statements required by the Auditor General regarding the distribution and repayment of seed grain advances in 1886 and 1887, I am directed to inform you that the schedule of quantities distributed will be completed so soon as some information required from the agent at Battleford has been received. This schedule will then be forwarded, together with the book which contains details of all repayments made both before and after Dec. 31, 1888.

It will be some little time before it is possible to forward the statement of grain purchased and other abstracts required to be prepared by the accountant of this office in this connection and I am to enquire whether it is desired that extra clerical assistance be employed in order that these remaining statements may be prepared without delay.

I am, Sir, your obedient servant,

T. R. BURPÉ, *Secy.*

The Deputy Minister of Interior.

DOMINION LANDS OFFICE, WINNIPEG, Sept. 24, 1891.

SIR,—With reference to your letter of Feb. 5, enclosing copy of the Auditor General's letter of Jan. 26, I am directed to inform you that two books have been sent to you under separate cover, one containing a schedule of the various seed grain advances of 1886, 1887 and 1888, and the other of the repayments which have been received.

In the former book will be found schedules of the sums paid for grain in 1886 and 1887, and the quantities distributed to settlers, and in the latter statements of the sales of grain and of the method by which grain not disposed of for cash is accounted for.

Copies are also enclosed of the Commissioner's report of Sept. 2, 1886, and Dec. 12, 1887, to the Department on the distribution of grain in 1886 and 1887.

I am, Sir, your obedient servant,

R. A. RUTTAN, *Asst. Secy.*

The Secretary, Interior Dept.

F-144

AUDITOR GENERAL'S REPORT, 1890-91.

DOMINION LANDS OFFICE, WINNIPEG, Oct. 9, 1891.

SIR,—I have the honour to acknowledge the receipt of a copy of your letter of Sept. 24, addressed to the Auditor General with reference to his communication of Oct. 15, and to say that in my letter of Sept. 24, you were advised of the transmission of two books and copies of two reports which contained the information required by the Auditor concerning the seed grain advances made in the years 1886, 1887 and 1888.

Owing to the fact that the staff of this office has been reduced during the holiday season and very busy it was impossible to complete these statements at an earlier date.

The statements of repayments of advances of 1886, 1887 and 1888 have in the past included the repayments of the advances of 1890, but it is now learned for the first time that these repayments should have been kept separate, and that the amounts collected for interest should be shown separately from the principal of the advance.

This will be done in the future, and a statement is now preparing showing the repayments of the 1890 advances separate from those of the previous advances ; it is presumed from the Auditor's letter that it will not be necessary to ascertain the respective proportions of interest and principal so far as concerns the advances already repaid, as this would involve a very large amount of work in referring to the fyle on each piece of land upon which the seed grain encumbrance has been paid.

The alphabetical list of the advances made in 1890 is in course of preparation for the Auditor General, and will be forwarded in a short time.

As regards his request for a copy of the regulations which govern these advances, as payments for the cost of the grain were not made through this office, no copy of the Order in Council authorizing the advances was sent here.

The advances were made on condition that grain of a quality equal to that which was supplied should be repaid before April 1 last, and this time was extended by the Minister to May 22 last, for the settlers in the Yorkton and Saltcoats districts.

In lieu of incurring the expense of appointing agents to receive the grain, the Department allowed a rebate of $2\frac{1}{2}$ cents per bushel to these settlers who made repayment at the current price before the date above-mentioned, and since then the cost price of the grain has been charged, being 85 cents for wheat and 45 cents for oats, with interest at 6 per cent from April 1 last.

I am, Sir, your obedient servant,

R. A. RUTTAN, *Asst. Secy.*

The Secretary, Interior Dept.

AUDIT OFFICE, OTTAWA, Nov. 23, 1891.

SIR,—I am in receipt of your letter of Oct. 21, accompanied by two account books, and copies of certain communications from the Commissioner at Winnipeg.

The total expenditure for seed grain to June 30 last was \$181,853.10, and the total deposits in repayment to the same date was \$45,804.45. The statements furnished show the following quantities in bushels of grain were distributed : In 1886, 4,534 wheat, 4,850 oats, 2,992 barley ; and in 1887, 44,670 wheat, 61,738 oats and 12,888 barley. The quantities purchased in 1889 were 24,861 wheat, 13,701 oats and 64 barley, but no statement of the distribution has yet reached this office. A statement is furnished showing the districts and quantities making up the distributions in 1886 and 1887.

The repayments up to Dec. 31, 1888, are shown in the same manner, and I asked in my letter of Jan. 31 last that subsequent repayments should be so classified. It is stated in the letter of the Commissioner of Apr. 14, received here with your letter of Sept. 24, that this would involve considerable work. The object in asking for this statement was to show the issues and repayments by districts, in order to indicate the balance due. In the meantime please furnish a statement by districts of the sums yet due.

I may add that I have no means of making any efficient audit of this revenue. I asked for the counterfoils of the receipts issued, and the reply of the Commissioner was that no counterfoils were kept of receipts given by the agents, and that no receipts are issued for payment at head office, the practice being, if the payment was in full, to cancel and return the lien or bond ; if only partial payment, to endorse the amount on the

DETAILS OF REVENUE.

F—145

security and acknowledge receipt by letter. Would it not be advisable that books of receipt-forms with printed consecutive numbers should be brought into use for all further receipts?

The receipts, that have come to account since June 30 last, amount to \$1,121.50, all of which has been returned on account of territorial account. As I stated in a previous letter, any repayments of advances made in 1889 should be dealt with apart from the other repayments, as that advance has been treated as a special open account by direction of Parliament. I have only received one statement of these receipts, covering \$127.35, the first deposit.

I am, Sir, your obedient servant,

The Acting Deputy Minister of Interior.

J. L. McDOUGALL, *A.G.*

INTERIOR DEPT., OTTAWA, Nov. 27, 1891.

SIR,—I have the honour to acknowledge the receipt of your letter of Nov. 23, with reference to seed grain advances. I would call your attention to the fact that the staff, both at headquarters and at the Commissioner's office, is organized with the view of conducting merely ordinary departmental business. The distribution of the seed grain and the collection of the repayments have already rendered necessary, on the part of the officers, who are fully employed in the performance of their regular duty, a large amount of extra work; and unless there is some very distinct advantage to be gained by making the classification which you desire, I would ask you to consider whether it cannot be dispensed with.

In regard to your suggestion about receipts for repayments, it would no doubt have been desirable had the system of using numbered receipts been adopted from the beginning, and I have asked the Commissioner to report whether it would not be well even now to act upon your suggestion.

I am, Sir, your obedient servant,

The Auditor General.

A. M. BURGESS, *D.M.I.*

INTERIOR DEPT., OTTAWA, Dec. 11, 1891.

SIR,—I am directed to transmit to you herewith a copy of a statement, alphabetically arranged, of the settlers to whom seed grain advances were made during the spring of 1890, which statement you asked for in your letter of Sept. 15 last. A copy of a statement showing the repayments which have been received on account of these advances is also enclosed. Hitherto these repayments were included with the repayments of advances made in 1887, in the deposits to the credit of the Receiver General.

I am also directed, at the same time, to say that the Commissioner of Dominion Lands has advised this Department that there is no objection to using numbered seed grain receipts hereafter, and that therefore such receipts will be printed at once.

In regard to your request for copies of the regulations governing seed grain advances, I am to say that a copy of an abstract of Orders in Council; &c., under which such advances have been made, was sent to you with the Deputy Minister's letter of Jan. 15 last.

I am, Sir, your obedient servant,

The Auditor General.

LYNDWODE PEREIRA, *Asst. Sec.*

DOMINION LANDS OFFICE, WINNIPEG, Dec. 5, 1891.

DEAR MR. BURGESS,—With reference to your letter of Nov. 27, enclosing copy of a letter from the Auditor General on the subject of seed grain advances: I telegraphed you last evening that I have no objection to use numbered receipts for repayments, if the Auditor desires.

When agents were appointed at the various distributing points to receive the grain returned during the winter of 1887-88, the receipts which were furnished to them were not numbered. These agents ceased to receive grain on the 1st April, 1888, and repayments in cash have since been made direct to this office. In such cases the settler ordinarily pays in full and the return of his bond or lien is his receipt for the payment of his indebtedness.

With reference to the remark of the Auditor General that he is unable to make any efficient audit of this revenue, I may point out that I have furnished schedules giving particulars of each security held by the Department for the advances made in 1886, 1887 and 1888. The totals of these securities, with the surplus grain sold and deposited to credit of Receiver General, are shown to equal the total grain purchased.

He has also been furnished with statements of all repayments received, containing particulars of each security, whether paid in full or in part; credit is given for such payments on the original security and the securities still on hand represent the balance of indebtedness to the Government.

If the Auditor desires, I can, at a time when repayments are not numerous, send by express all the securities which are still on hand to be examined and checked over, or he can arrange with some independent official here, say the Assistant Receiver General, to examine and certify to the securities on hand; but if the latter course is desired I should like the action to be taken at once before Mr. Taylor takes the leave of absence which he hopes to obtain, and if further information is required by the Auditor, I hope, for the same reason, that it will be asked for now.

In the fourth paragraph of the Auditor's letter he refers to the advances made in 1889, by which I presume he means the advances which were made by your Department through Mr. Angus McKay in the spring of 1890, and concerning which I was only required to take custody of the securities, a schedule of these securities was sent for his information in my letter to your Department of 24th October last, No. 207207, which also enclosed a statement of the repayments of the 1890 advances, which had been included with those of 1886, 1887 and 1888.

The statement of sums not yet paid, by districts, is now preparing for the Auditor and will be sent in a week or two.

Yours truly,

A. M. BURGESS, Esq., Interior Dept.

H. H. SMITH.

INTERIOR DEPT., OTTAWA, Dec. 23, 1891.

SIR,—In relation to the matter of seed grain about which we have had some correspondence, I have asked Mr. Taylor, the Accountant in the office of the Commissioner of Dominion Lands, to come to Ottawa for the purpose of discussing this whole subject, and arriving at some settlement which will be satisfactory to you.

I am, Sir, your obedient servant,

The Auditor General.

A. M. BURGESS.

INTERIOR DEPT., OTTAWA, Jan. 31, 1891.

SIR,—Referring to your letter of Dec. 22, drawing attention to the fact that the Registrars of the Land Titles Offices in the Territories still continue the practice of depositing, in one amount at the end of each month, the fees received by them as Registrars, instead of daily whenever \$25 or more is on hand, and also drawing attention to the fact that Mr. T. A. McLean, Registrar at Calgary, was also again in arrears, as he had not up to the date of your letter deposited the amounts received by him during November and December last, I have now the honour to state that the Inspector of Land Titles Offices has lately forwarded deposit receipts for the following amounts:—For November, 1890, \$318.22; December, \$379.20; January, 1891, to the 23rd day thereof, \$200.

I have also to state that the attention of the Registrars has again been drawn to the provisions of an Order in Council which was passed on the 1st October last, of which a copy is enclosed herewith for your information. Every effort will be made by this Department to have these provisions strictly carried out. As a matter of fact the Registrars at Calgary and Regina are the only Registrars who have left themselves open to censure for non-compliance with the terms of the Order in question.

The amount of the fees received by the Registrar at Battleford or the Registrar at Edmonton has not as yet more than averaged \$25 per month, and as there is yet no chartered bank at Prince Albert, it is of course impossible for the Registrar there to deposit his fees in the manner provided for by the Order in Council of the 1st October last. On the 28th of that month the Inspector, who was then at Prince Albert, explained this in a letter to me, and on the 20th November following, shortly after the receipt of such letter, I brought the matter to the attention of the Deputy Minister of Finance. A copy of my letter to Mr. Courtney is enclosed herewith for your information.

In conclusion I may state that the Registrars at Regina and Calgary have been given to understand that if the provisions referred to are not strictly complied with in future extreme measures will be taken.

I am, Sir, your obedient servant,

The Auditor General.

A. M. BURGESS, *D.M.I.*

INTERIOR DEPT., OTTAWA, March 3, 1891.

SIR,—With reference to the matter of the depositing of fees by the Registrar for the South Alberta Registration District, I beg to enclose for your perusal a copy of a letter which has been received from the Registrar, giving his explanation of the delay in depositing.

I am, Sir, your obedient servant,

The Auditor General.

LYNDWODE PEREIRA, *Asst. Secy.*

CALGARY, N.W.T., Feb. 18, 1891.

SIR,—I have received a letter, reference No. 256820, asking an explanation as to payment of fees under the late Order in Council by which I am directed to deposit to credit of Receiver General as soon as fees entered amount to twenty-five dollars or upwards on the particular day of such receipt. In answer to the direction to state if there is anything to prevent such payment, my reply is, I know of none. I at first imagined it would fulfil all the necessary requirements were I to keep a sufficient balance at my own banker's (The Imperial); this I was informed by the Department was not sufficient. I have since been depositing with the Bank of Montreal, though not, it appears, as closely to dates as directed by Order in Council. At this moment all fees are paid up, and after this date so long as I hold the position of Registrar, I shall see that as closely as possible the Order in Council shall be obeyed. Though I beg leave most respectfully to state that I considered and now consider the Order itself as a positive insult offered to me for a state of affairs brought about in some degree by my remissness, but certainly the result of the remissness of the Department in this, that in the face of my continued request for more assistance in the office (we are doing the largest business of any office in the Territories, and did we do the duty as it is done in Regina, our returns yearly would be at least a fifth larger) no such assistance was given me. This led to such a rush of work that I ran one month into another and so the returns were not made with proper regularity. I feel the Order to be an offensive one to me personally, but I am, of course, prepared to carry it out.

I am, Sir, your obedient servant,

The Auditor General.

T. A. McLEAN, *Regr.*

AUDIT OFFICE, May 14, 1891.

SIR,—The Registrar's return of South Alberta for the month of February last, calls for \$479.65; it should have been \$480.65. The deposits in acquittance only amount to \$478.65, as follows:—

Feb. 6 part	No. of 140	\$ 50 00
do 12	No. 151	50 00
do 18	No. 159	100 00
do 20	No. 161	75 00
do 24	No. 165	50 00
do 27	No. 172	57 37
Mar. 9	No. 185	96 28
			\$478 65

The same Registrar's return for March calls for \$942.42. The deposits in acquittance only amount to \$938.42, as follows:—

Mar. 9	No. 186	\$ 28 72
do 13	No. 192	62 35
do 17	No. 200	55 00
do 20	No. 204	50 00
do 23	No. 207	513 75
do 24	No. 208	28 00
do 26	No. 215	30 90
do 31	No. 221	50 25
Apr. 1	No. 224	54 60
do 3	No. 229	64 85
			\$ 938 42

The Registrar's return of North Alberta for the month of March calls for \$55.07. A deposit has come to account dated March 31, for \$36.70, and another dated April 14, for \$37.62, but it is not stated that a part of this \$37.62 is in acquittance of the balance due on the March return.

It might prevent discrepancies of the above kind if Registrars were instructed to enter on their returns a memo. of the deposits made in acquittance.

I am, Sir, your obedient servant,

The Deputy Minister of Interior.

J. L. MCDougALL, A.G.

INTERIOR DEPT., OTTAWA, May 20, 1891.

SIR,—Referring to the first paragraph of your letter of the 14th instant, I am directed to say that Mr. Barker, the acting Registrar for South Alberta, has been requested to make a special deposit of 10 cents to balance the fees received during the month of February. In regard to the fees received at the same office during March, Mr. Barker has also been informed that although the return for that month calls for \$942.42 only \$938.42 has been deposited in acquittance, leaving a balance of \$4, which has been deducted from the first deposit made on account of fees received during April. I am also directed to say that Mr. Roy, the Registrar for North Alberta, has been requested to furnish the explanation required by you respecting the balance due on his March return.

I am, Sir, your obedient servant,

The Auditor General.

LYNDWODE PEREIRA, *Asst. Sec'y.*

AUDIT OFFICE, OTTAWA, Aug. 7, 1891.

SIR,—The return of the Registrar for Assiniboia for June amounted to \$430.07. On the 27th June \$338.13 was deposited, leaving a balance of \$91.94, which should have been deposited first days of July. The next deposit that has come to account from this Registrar is one for \$317.83, dated 18th July. If part of this is in acquittance of June return it should be transferred to 1890-91. I have to point out that this registrar is not observing the rule as to prompt deposit of receipts.

The return of the Registrar for West Saskatchewan for June amounted to \$6.80, the deposit in acquittance has been carried to current fiscal year. It should also be transferred to 1890-91.

There seems to be something amiss with the returns of the registrar for South Alberta, the receipts being seemingly some \$6 or \$7 more than called for by the returns. Would it not be well that each return should contain a memo. of the deposits made in acquittance, as is done by Land and Timber Agents?

I am, Sir, your obedient servant,

The Acting Deputy Minister of Interior.

J. A. McDOUGALL, A.G.

INTERIOR DEPT., OTTAWA, Sept. 11, 1891.

SIR,—I am directed to inform you that the necessary instructions will at once be given to the Inspector of North-West Land Titles Offices, and to each of the registrars to carry out the suggestion made in the closing paragraph of your letter of the 7th ultimo, by inserting in the remarks column of the statement, or in a sheet to be attached to it, the date, bank number and amount of each and every deposit made in acquittance of that month's fees. I am also to state that the other matters referred to in the above mentioned communication will receive immediate attention.

I am, Sir, your obedient servant,

The Auditor General.

FRANK S. CHECKLEY, *Act. Asst. Secy.*

AUDIT OFFICE, OTTAWA, April 6, 1891.

SIR,—I have to acknowledge the receipt of your letter of the 10th ult., enclosing an extract from a letter of the Commissioner of Dominion Lands at Winnipeg, in regard to the trust account, and referring to an intention of your Department to issue a letter of credit to enable refunds to be made. In previous correspondence on this subject (see my letters of Feb. 21, 1889, and Jan. 16, 1890), I suggested the propriety of having the moneys of this fund deposited as received to the credit of the Receiver General, and if necessary carried to the credit of a special account; and that being done, refunds could be made by the Commissioner drawing on his ordinary credit. After the close of each month, when making up his statement of cheques drawn, he could specify those drawn on trust account, and they would be charged against the account previously credited. I am still of opinion that it is not necessary to issue any further letters of credit. In reference to this subject, I may state that interest is allowed on the balances of this fund in the Merchants' Bank, Winnipeg, but none is allowed for the balances in the Bank of British Columbia. Statements of the accounts are received from this bank, but the cheques are not furnished, nor any statements from the Departmental agent who operates the account.

I am, Sir, your obedient servant,

The Deputy Minister of Interior.

J. L. McDOUGALL, A.G.

INTERIOR DEPT., OTTAWA, Jan. 14, 1892.

DEAR MR. SMITH,—

* * * * *

You will require in future to authorize the agents to make drafts upon you as at present, but instead of paying these drafts by acceptances upon their respective offices, you will have to issue a cheque drawn against your ordinary letter of credit in payment of the amount. I understand that it has been customary in the past, when

the depositor of a bond fee so desires, to use \$10 of the amount to pay the further entry fee, and the agent refunds the balance in cash out of his revenue. After discussion with the Auditor, I have concluded that this may be continued, but when it is resorted to, please see that the draft of the agent is covered by a cheque for deposit to the credit of the Receiver General on that particular agent's account. Where the draft has been discounted by a bank or a merchant at the place where drawn, the depositor should endorse this draft: "Pay to the order of _____"; and upon receipt of this order you should cover it by a cheque drawn against your ordinary letter of credit, payable to the order of whoever is mentioned on the back of the draft. This change will not interfere with the prompt refund of moneys properly returnable to depositors.

All moneys received by agents must be deposited to the credit of the Receiver General in accordance with the rule of the Treasury Board, and the Trust Account is entirely abolished. No money can be refunded except by official cheques drawn against your letters of credit, and signed by yourself, or whoever may be acting for you, and the accountant of your office.

* * * * *

It is the desire of the Auditor and myself that all refund cheques, except for the return of bond fees, should emanate from this office. Please transfer the balance of the trust account in the Merchants' Bank to the credit of the Receiver General immediately, and send me a statement in duplicate of all items covered by this special deposit. One copy of this statement will be furnished to the Auditor General. In future, in making returns of your financial transactions, please specify in the usual way the amounts which have been paid out on account of these refunds.

Yours faithfully,

A. M. BURGESS.

The Commissioner of Dom. Lands, Winnipeg.

AUDIT OFFICE, OTTAWA, May 23, 1891.

SIR,—It is provided in the rules and regulations governing the collection and accounting for the revenue, that a daily deposit must be made if the collections amount to \$25, otherwise whenever that amount is on hand. It is important that this rule should be strictly enforced. If it be, the receipts in acquittance of the June returns should be to hand early in July, and should be credited to the fiscal year 1890-91. If this arrangement were carried out the sum of the Agents' collections from the 1st July in one year to the 30th June of the next would appear as the revenue of the year. It would also greatly facilitate the auditing and publishing of these accounts. I have to ask your attention to this matter.

I am, Sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Deputy Minister of Interior.

INTERIOR DEPT., OTTAWA, Dec. 19, 1891.

SIR,—Referring to your letter of October 19 last, asking for the usual statement showing arrears due June 30 last, remaining unpaid Sept. 30 by officers of this Department, I beg to inform you that, except in the case of the late Crown Timber Agent at Calgary, whose accounts were found to be short to the extent of \$5,995.23, and who was subsequently convicted of embezzlement in connection with the said shortage, there were no arrears due by officers of this Department on June 30 last, remaining unpaid on Sept. 30 last.

I am, Sir, your obedient servant,

JOHN R. HALL, Secy.

The Auditor General.

AUDIT OFFICE, OTTAWA, Dec. 19, 1891.

SIR,—I have to ask for a statement showing the arrears, principal and interest due on June 30 last, on account of Ordnance Lands, which were uncollected on Sept. 30.

I am, Sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Acting Deputy Minister of Interior.

AUDIT OFFICE, OTTAWA, Jan. 7, 1891.

SIR,—I have to call your attention to the following observations in connection with the sales of condemned stores, &c., returns of which have lately reached this office :

(1.) Advertising sales : Vouchers have not been furnished for disbursements under this head for the sale at Quebec of two horses, \$8.50, and of condemned stores, \$15.75 ; for the sale at Toronto, \$6, and for the sale at St. John, \$4.

(2.) The Auctioneers' statements of the sales at Toronto, St. John and Winnipeg have not been certified by the officer of the Department in charge, and I have to ask that their certificates shall yet be procured. The very small prices realized at these sales, possibly arising from the condition of the articles sold, makes it all the more necessary that the auctioneers' statements should be certified by a responsible officer of the Department.

(3.) A commission at the rate of 10 per cent was charged by the auctioneer at Winnipeg on a sale amounting to \$674.08, though 5 per cent is the charge made by the other auctioneers on much smaller and consequently less remunerative sales.

I am, Sir, your obedient servant,

The Deputy Minister of Militia.

J. L. McDOUGALL, A. G.

AUDIT OFFICE, OTTAWA, Feb. 18, 1891.

SIR,—A bank receipt for \$63.85 deposited by Lt.-Col. Dawson in settlement of balance of proceeds of condemned stores at London, has to-day come to account. I have also received the auctioneer's statement of the sale: I have now to make the following observations thereon :—

(1.) The date of the sale was Nov. 16, 1890 ; the deposit was not made till Jan. 24, 1891.

(2.) Deductions have been made for account of the "Free Press," \$4.50, and the "Advertiser," \$3 ; but the receipted accounts and clippings have not been furnished.

(3.) The gross proceeds of the sale were \$91.35, and the auctioneer charges for his services at sale and two journeys to Department previous to and in interest of same, \$20. Auctioneers at other places only charge a commission of 5 per cent.

(4.) The prices realized are very trifling, red tunics selling from 10 to 20 cents each and overcoats from 20 to 30 cents each.

(5.) I am returning the auctioneer's statement in order that the militia officer in charge of the sale may certify to it. The certificate should state that the clothing, &c., has been examined and condemned by a Board of Examiners ; that the sale was duly advertised and was held in a public place ; that the charges for advertising and auctioneer's fees are fair and just ; and that the above statement is correct in every particular. It should also be examined and audited in the Department and certified by yourself and the Accountant.

I am, Sir, your obedient servant,

The Deputy Minister of Militia.

J. L. McDOUGALL, A. G.

MILITIA DEPT., OTTAWA, March 24, 1891.

SIR,—In reply to your letter of the 18th ultimo, respecting the returns of militia revenue, I have the honour to state that the returns of sales of ammunition, &c., are now being sent forward ; and that, as requested in your first paragraph, I have given instructions for their being in future sent monthly. The second clause of your letter has been submitted to the Minister of Militia and Defence.

I am, Sir, your obedient servant,

The Auditor General.

C. EUG. PANET, D. M. M. D.

AUDIT OFFICE, OTTAWA, Jan. 5, 1891.

SIR,—In November, 1889, a statement was furnished to this office of the account of the late Lt.-Col. C. deBellefeuille, Paymaster at Montreal, in connection with the conversion of smooth-bore guns into rifled ordnance. That statement showed a debit balance against the late paymaster of \$1,262.05, and a foot note stated that the Department of Justice had been instructed to collect the amount from his sureties. Please let me know what action was taken by the Department of Justice, and with what result.

I am, Sir, your obedient servant,

The Deputy Minister of Militia.

J. L. McDOUGALL, A.G.

MILITIA DEPT., OTTAWA, Jan. 15, 1891.

SIR,—In reply to your enquiry of the 5th instant, I have the honour to state that proceedings have been taken by the Department of Justice against the sureties of the late Paymaster DeBellefeuille, and as they are now pending before the court I cannot yet mention the result; but I will write to you as soon as I receive the information.

I am, Sir, your obedient servant,

The Auditor General.

C. EUG. PANET, D.M.M.D.

AUDIT OFFICE, OTTAWA, Sept. 24, 1891.

SIR,—*Re Estate Beaudet & Chinic*, I have to call your attention to the balance still standing against this estate. The only payment that came to account during 1890-91 was one in January last of \$57.47 from D. Rattray, curator of the estate. In your letter of Sept. 15, 1888, you stated that Major Prévost and two sureties gave a bond guaranteeing the Government against any loss. I have to ask what action has been taken to procure payment of the balance due.

I am, Sir, your obedient servant,

The Deputy Minister of Militia.

J. L. McDOUGALL, A.G.

MILITIA DEPT., OTTAWA, Nov. 26, 1891.

SIR,—Adverting to your letter of Sept. 24 last, asking what action had been taken to procure the balance due, in the matter of the Beaudet & Chinic estate, I have the honour to state that I applied to the Department of Justice for the information desired by you, and that the Deputy Minister of Justice has since suggested to me that the local officer of this Department should make enquiry, in order to save expense. The report obtained through the Superintendent of Stores has just reached me to the following effect:—The final dividend in the estate of Beaudet & Chinic will be declared in a few days, and will be somewhere in the neighbourhood of one cent in the dollar.

I am, Sir, your obedient servant,

The Auditor General.

C. EUG. PANET, D.M.M.D.

AUDIT OFFICE, OTTAWA, Nov. 30, 1891.

SIR,—*Re estate Beaudet & Chinic*—Your letter of the 26th instant states that a final dividend of one cent on the dollar is expected from this estate in a few days. According to the statement of arrears due, furnished by you on the 11th instant, there was a balance due of \$457.86, which will be slightly reduced by this dividend. You do not state that steps will be taken to secure payment of the remaining balance which according to your letter of the 15th September, 1888, was guaranteed by the bond of Major Prévost and two sureties.

I am, Sir, your obedient servant,

The Deputy Minister of Militia.

J. L. McDOUGALL, A.G.

MILITIA DEPT., OTTAWA, NOV. 11, 1891.

SIR,—As requested in your letter of the 19th ultimo, I have the honour to transmit to you the statement of the Accountant of this Department, which shows in detail the arrears due on the 30th September:—

1. By collectors or other Government officers.
2. By persons not collectors or Government officers.

I am, Sir, your obedient servant,

The Auditor General.

C. EUG. PANET, *D.M.M.D.*

Statement of arrears due the Dominion Government and remaining unpaid on September 30, 1891, viz. :—

Balance by the late Col. C. de Bellefeuille, Militia District Paymaster, Montreal, \$1,262.05.

Balance, indebtedness of the insolvent estate, Beaudet & Chinic, Quebec, to the Crown, \$457.86.

Statements of amounts due for military rents or for military stores purchased, can be furnished by the Director of Stores.

Nov. 11, 1891.

C. HERBERT O'MEARA, *Acct.*

Arrears of Rent due to the Department of Militia and Defence, June 30, 1891, and unpaid September 30, 1891.

AUDIT OFFICE, OTTAWA, April 3, 1891.

SIR,—In revenue statement of the Manitoba Penitentiary for December, the last receipt entered is No. 876, and the first receipt entered in the statement for January is No. 880. The last receipt entered in the statement for January is No. 905 and the first receipt in the statement for February is No. 910. The last receipt entered in the statement for February is No. 938 but No. 933 is omitted. I have to ask that the missing receipts may be accounted for.

I am, Sir, your obedient servant,

The Deputy Minister of Justice.

J. L. McDOUGALL, A.G.

PENITENTIARY BRANCH, OTTAWA, Feb. 6, 1892.

SIR,—Replying to your letter of the 3rd April last, asking that certain receipts for moneys collected on account of revenue at the Manitoba Penitentiary, during the month of December, 1890, and January and February, 1891, be accounted for, I have the honour to state, that the Warden of the Penitentiary informs me that the receipts referred to were destroyed to such an extent, when cutting them from the receipt book, that they could not be made use of.

I am, Sir, your obedient servant,

The Auditor General.

ROBT. SEDGEWICK, D. M. J.

AUDIT OFFICE, OTTAWA, June 5, 1891.

SIR,—I have to acknowledge the receipt of your letters of the 3rd inst. enclosing returns of penitentiary revenue for the months of March and April last. In the return of the Dorchester Penitentiary for the month of April an item of \$778.09 appears as received on the 10th, but no deposit was made till the 2nd May. The return of the Manitoba Penitentiary for the month of March amounted to \$426.95, but was not deposited till the 10th April; and the return for the month of April amounted to \$267.73, but was not deposited till 6th May. The counterfoils of the receipts issued are all dated the last day of the month. If the returns are examined and audited in your Department they are not certified by the Accountant and Examining Officer.

No certified departmental summary is furnished with the returns.

In regard to the above observations, I have to call your attention to the regulations, approved by the Treasury Board, which are published in the Audit Report for 1890, page E-4.

I am, Sir, your obedient servant,

The Deputy Minister of Justice.

J. L. McDOUGALL, A.G.

DEPT. OF JUSTICE, OTTAWA, Dec. 21, 1891.

SIR,—In reply to your circular letter of the 19th October last, I am to inform you that there are no arrears in the Revenue Accounts of this Department.

I am, Sir, your obedient servant,

The Auditor General.

A. POWER, for D. M. J.

	<u>\$1,786 00</u>

DEPT. OF STATE, OTTAWA, Feb. 10, 1892.

SIR,—With reference to your request for a statement of arrears due this Department, I have the honour to inform you that such arrears consist wholly of unpaid fees (1) upon commissions to public officers and others, which, with three or four exceptions, have not yet been delivered to the appointees, and (2) upon similar commissions the right to charge a fee for which is in question. The aggregate amount is inconsiderable, and the publication of any detailed statement thereof would appear to be unnecessary.

I am, Sir, your obedient servant,

L. A. CATELLIER, U. S. S.

The Auditor General.

AUDIT OFFICE, OTTAWA, March 2, 1891.

SIR,—I have received from your Department a statement of the sale of a horse, buggy, sleigh, &c. It is not stated whether these articles were sold by public auction, by tender, or by private sale. Twenty-five dollars is deducted for board of horse, but no voucher is furnished, nor is it stated why there should be any charge for board.

I am, Sir, your obedient servant,

The Queen's Printer.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, June 4, 1891.

SIR,—Referring to the return of receipts on account of "Canada Gazette" for the month of May, just received from your Department, I find the total collections of the month amounted to \$283.50, the deposit of which was made in one sum on the 30th May, part of receipt No. 441, Bank of Montreal. I have to call your attention to paragraph 5 of the Rules and Regulations, which provides that a deposit shall be made to the credit of the Receiver General daily, if the receipts amount to \$25, otherwise whenever that sum or more is on hand.

I am, Sir, your obedient servant,

The Queen's Printer.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, July 8, 1891.

SIR,—I have to call your attention to an item of \$3.56 in the June statement of receipts on account of the sale of publications, which has not been deposited. The entry on the statement is as follows: "amount collected by Stationery Office, and not remitted to Accountant."

I am, Sir, your obedient servant,

The Queen's Printer.

J. L. McDOUGALL, A.G.

DEPT. OF PRINTING AND STATIONERY, OTTAWA, July 22, 1891.

SIR,—In reply to your letter of the 8th instant I beg to enclose herewith the report of the Superintendent of Stationery and that of Mr. Larochelle who has charge of the distribution of Hansard speeches, &c.

Mr. Villeneuve is no longer in the service.

I am, Sir, your obedient servant,

The Auditor General.

B. CHAMBERLIN, Q. P.

DEPT. OF PRINTING AND STATIONERY, OTTAWA, July 18, 1891.

SIR,—With regard to the Auditor General's letter to you of 8th instant, I enclose you herewith the explanation respecting collection and nonpayment to Accountant of the sum of \$3.56. I do not believe that Villeneuve is in a position to pay, though I see he is in town, and I understand his friends in Montreal have declined to do so.

I am, Sir, your obedient servant,

The Queen's Printer.

H. J. BRONSKILL.

DEPT. OF PRINTING AND STATIONERY, OTTAWA, July 18, 1891.

SIR,—This amount of \$3.56 is composed of two accounts for speeches as under: A. McNeil, M.P., \$1.56, and J. A. Barron, M.P., \$2. The amounts were collected by T. Villeneuve, then in Government employ. He neglected to pay them in, alleging that both the gentlemen would settle later on. As this sometimes happened at that time, no particular notice was taken of the matter, but on rendering the accounts for all outstandings after the Session it was found these two amounts had already been paid to Villeneuve. In the meantime Villeneuve had left the service and several attempts have since been made to collect from him without success. The money was returned as received, because it had, as stated, been collected by an officer of this office, and in order that the amounts should not appear as still owing in the Auditor General's report.

I am, Sir, your obedient servant,

Superintendent of Stationery,

A. LAROCHELLE.

AUDIT OFFICE, OTTAWA, Sept. 9, 1891.

DEAR SIR,—Referring to the returns of revenue on account of the "Canada Gazette" for the fiscal year ended June 30 last, I find that the amount that came to account for subscriptions was only \$130.78, compared with \$494.33 during the previous year. Such a large reduction calls for some explanation. The counterfoil of each receipt for payment of a subscription should specify the period covered, which should be entered on the return. I have to ask for statements of the accounts of booksellers and others to whom a discount was allowed.

I am, Sir, your obedient servant,

The Queen's Printer.

J. L. McDOUGALL, A.G.

DEPT. OF PRINTING AND STATIONERY, OTTAWA, Sept. 9, 1891.

SIR,—I am in receipt of your letter of to-day's date respecting the difference in the returns of revenue on account of the subscriptions to the "Canada Gazette" between the years ending June 30, 1890, and June 30, 1891. In reply I beg to say that by a mistake of the clerk in charge, the accounts for subscription to the "Canada Gazette" for 1890-91 were sent early in June, 1890, and paid in advance by more than half of the subscribers before the end of the fiscal year 1889-90. The payments therefor were credited to the latter year, although properly belonging to the following one, which now suffers in its total showing accordingly. There are about seventy-eight subscribers at \$4 each; and adding the two years together you get \$624, approximately the amount.

I am, Sir, your obedient servant,

The Auditor General.

B. CHAMBERLIN, Q. P.

AUDIT OFFICE, OTTAWA, Dec. 15, 1891.

SIR,—The proceeds from sales of waste paper for 1890-91 amounted to \$520.64. I have to ask for a statement of the sales that go to make up that sum; also a statement showing the Departments or other sources from which you received the waste paper.

I am, Sir, your obedient servant,

The Queen's Printer.

J. L. McDOUGALL, A.G.

DEPT. OF PRINTING AND STATIONERY, OTTAWA, Dec. 17, 1891.

SIR,—In reply to your communication of Dec. 15, I beg to say that the sales of waste paper are carried on under a contract which will expire in Dec., 1892. An employé of the contractor goes round day by day and collects from the various Departments the waste paper which he finds there. One of the clerks from the Printing Bureau goes with him and sees that the paper is weighed. The paper so collected is paid for without distinguishing what comes from one Department or what comes from another. All I can therefore give you is the weight and the amount realized. The contractor pays once a month, and the amount so realized is deposited in the Bank of Montreal to the credit of the Receiver General. I notice that the figures which you give are not exactly the same as appear on the records of this Department, and I append herewith a statement of the amounts realized from the sale of the waste paper for which we hold deposit receipts from the Bank of Montreal.

I am, Sir, your obedient servant,

The Auditor General.

S. E. DAWSON, *Q. P.*

AUDIT OFFICE, OTTAWA, Dec. 18, 1891.

SIR,—I am in receipt of your letter of yesterday in reference to sales of waste paper. As you cannot state the quantity collected at each Department, I have to ask for a list of the Departments and offices at which collections are made each day. I would also like to have a statement similar to that furnished last year, showing the quantities sold at the different prices.

The difference between your figures and those of this office has arisen from certain deposits, made subsequent to June 30, having been carried to account of 1891-92, they not having been marked as for 1890-91. As all the deposit receipts are now forwarded through the Accountant of the Printing Bureau, I presume there will be no further difficulty on that point.

I am, Sir, your obedient servant,

The Queen's Printer.

J. L. McDOUGALL, *A. G.*

AUDIT OFFICE, OTTAWA, May 23, 1891.

SIR,—It is provided in the rules and regulations governing the collection and accounting for the revenue, that a daily deposit must be made if the collections amount to \$25, otherwise whenever that amount is on hand. It is important that this rule should be strictly enforced. If it be, the receipts in acquittance of the June returns should be to hand early in July, and should be credited to the fiscal year 1890-91. If this arrangement were carried out the sum of the agents' collections from 1st July in one year to the 30th June of the next would appear as the revenue of the year. It would also greatly facilitate the auditing and publishing of these accounts.

I have to ask your attention to this matter.

I am, Sir, your obedient servant,

The Deputy Supt. General of Indian Affairs.

J. L. McDOUGALL, A.G.

DEPT. OF INDIAN AFFAIRS, OTTAWA, June 8, 1891.

SIR,—I have the honour to acknowledge the receipt of your letter of the 23rd ultimo, requesting that the rules and regulations governing the collection and accounting for revenue by agents of this Department may be strictly enforced; and in reply, I beg to inform you that many of the agents in outlying districts are located far from the banks, and their postal facilities are such that they cannot make daily deposits of their collections. It is, however, a rule of this Department that agents must not hold moneys in their possession any longer than is absolutely necessary.

I had intended to give effect to your suggestions with regard to the receipts in acquittance of the June returns being on hand early in July, so that they may be credited to the fiscal year 1890-91; and this will be done.

Your obedient servant,

L. VANKOUGHNET, D.S.G.

AUDIT OFFICE, OTTAWA, June 17, 1891.

SIR,—With reference to the books of receipt forms in connection with the Indian Fund Revenue I have to ask your consideration of the following observations:—

1. These books have been issued without regard to their number. They should be issued in consecutive order.

2. The letter of advice to this office should in all cases specify the series as well as the number of the book issued.

3. Books have been issued to the following agents by whom few if any collections are made. It is worthy of consideration whether it would not be advisable to recall these Books. The agent could remit direct to the Department immediately a collection was made and a receipt be issued therefrom.

John Beattie	C 3001-3200	D 1101-1200
E. Bennett		D 2601-2700
A. B. Cowan	C 2401-2600	D 801- 900
J. W. Jermyn		D 1201-1300
A. English		D 1701-1800
James Allen		D 2101-2200
H. H. Thompson		D 2301-2400
A. McKelvey		D 2501-2600
D. J. McPhee		D 2401-2500

4. According to your advice letters, Books of Receipts B 2001-2200 and D 2701-2800 were issued to Agent Chas. Sargeant in May, 1888, and D 3601-3700 in March last. I do not find that any returns of Mr. Sargeant's collections for 1889-90 reached this office, though deposits amounting to \$1,081.90 came to account. The returns for the current year to the end of April last have been received, and there are only four

DETAILS OF REVENUE.

F—181

items in the 10 returns. I have now to ask how Mr. Sargeant accounted for the first books of receipt forms sent him.

I am, Sir, your obedient servant,

The Deputy Supt. General of Indian Affairs.

J. L. McDOUGALL, A.G.

DEPT. OF INDIAN AFFAIRS, OTTAWA, June 20, 1891.

SIR,—I have the honour to inform you that in view of the fact that the agents of this Department, mentioned in the list herewith, make little or no revenue collections, it is proposed to withdraw from them the books of receipt forms sent to them. They have therefore been requested to return the books in question; and they have also been informed that on and after the 1st proximo it will not be necessary for them to forward copies of their cash statements.

I am, Sir, your obedient servant,

The Auditor General.

R. SINCLAIR, for D. S. G.

Agents from whom it is proposed to withdraw Receipt Books.

A. B. Cowan, Indian Lands Agent, Gananoque, Ont.; John Beattie, Indian agent, Highgate, Ont.; J. W. Jermyn, Indian agent, Cape Croker, Ont.; James Allen, Chip-pawa Hill, Ont.; A. English, Sarnia, Ont.; H. H. Thompson, Penetanguishene, Ont.; D. J. McPhee, Atherley, Ont.; A. McKelvey, Wallaceburgh, Ont.; E. Bennett, Castile, Ont.; A. O. Bastien, Jeune Lorette, Que.; L. F. Boucher, Indian Superintendent, Betsiamits, Que.; Charles Sargeant, Chatham, N.B.; P. E. Robillard, Indian agent, Pierreville, Que.

DEPT. OF INDIAN AFFAIRS, OTTAWA, July 3, 1891.

SIR,—I have the honour to acknowledge the receipt of your letter of the 17th ultimo, making certain observations with reference to the books of receipt forms in connection with the Indian Fund Revenue; and in reply I have to inform you:—

1. That the books of receipt forms first issued were sent out without regard to their numbers but recent issues have been, and future issues will be made, in consecutive order.

2. That in the letter of advice to you the series, as well as the number of the book issued has been stated recently, and care will be taken that this is always done in future.

3. That your suggestion with regard to the books issued to agents who make few, if any, collections being recalled, has been anticipated; and the agents whose names are mentioned in the list which accompanied my letter of the 20th ultimo, have been instructed to return their books to the Department. Receipts for any collections made by them will be issued by the Department.

4. With regard to your enquiry as to Mr. Superintendent Sargeant's collections and receipts, the same will be answered as soon as his receipt books are received, he being one of the officers instructed to return them to the Department.

I am, Sir, your obedient servant,

The Auditor General.

L. VANKOUGHNET, D. S. G.

DEPT. OF INDIAN AFFAIRS, OTTAWA, Nov. 20, 1891.

SIR,—I have the honour to acknowledge the receipt of your letter of the 19th ultimo; and in compliance with the request made therein, I enclose herewith a statement showing in detail the arrears due on June 30, last, and remaining unpaid on September 30, by two former agents of this Department, viz.: C. B. Savage, \$3,542.11, and A. P. LeBel, \$638.78.

I am, Sir, your obedient servant,

The Auditor General.

L. VANKOUGHNET, D.S.G.

AUDIT OFFICE, OTTAWA, Nov. 21, 1891.

SIR,—The statements and vouchers covering fees and charges on Private Bills, Session 1891, was received on the 9th inst. I have again to call your attention to previous correspondence in reference to these fees. The statement furnished does not give the date of payment, name of payer, nor the number of the Bill.

The counterfoils of the receipts issued have not been furnished.

In the correspondence last year I pointed out the disproportion between the charge for advertising in the Manitoba Gazette, and the charge in the other Provincial Gazettes. I find the same disproportion still exists. The Queen's Printer in his letter of July 9, 1890, published in Audit Report, 1890, page E—139, indicates that the matter rests with the official giving the order.

No voucher nor cheque has been furnished for the charge *re* Montreal Bridge Co.'s Bill for \$103.60.

I have again to point out the irregularity of the payment from revenue of \$200 to Mr. E. P. Hartney.

The items: Printing Committee for printing Bills, \$833.39; Queen's Printer for printing Acts, \$277.05, were included in the bank deposit receipt to close the account, which read on account of "Private Bills fees" and consequently the whole amount of \$13,617.36 was entered to the credit of Casual Revenue. Your application is needed to make the necessary transfer.

I would beg again to refer to the question of complying with the requirements of the Statute, and the Minute of the Treasury Board, in regard to the deposit of these fees to the credit of the Receiver General as collected. I do not consider that this practice would be an inconvenience in carrying on the necessary transactions during the Session, as any payments necessary can be made by means of your letter of credit account. If you cannot see your way to carry out these regulations I would suggest that you should lay the matter before the Treasury Board.

Please send me the bank account connected with these fees.

I am, Sir, your obedient servant,

The Clerk, House of Commons.

J. L. McDOUGALL, A. G.

HOUSE OF COMMONS, OTTAWA, Nov. 28, 1891.

SIR,—I have your letter of November 21 referring to the Private Bill fees, in my opinion the correspondence on this subject, printed in your report for 1888–89, on pages G. 121 and 122, and for 1889–90 on pages E. 137, 138 and 139 fully covers the points you direct my attention to in your present communication, except as respects the charge *re* Montreal Bridge Co.'s Bill, \$103.60; in this case a cheque for \$100, received from the promoters was protested by the bank for non-payment on presentation and charged back against the Private Bill fee account, the amount and costs of protest (\$3.60) was shortly afterwards, no progress being made in the meantime with the Bill, received from the promoters and immediately deposited, and the protested cheque, of course, handed back to the promoters, which explains the absence of a cheque or voucher in this case.

The numbers of the bills were not given, as was always formerly done, as the desire was to make the statement conform with the one printed in your report in which you will observe the numbers are omitted.

The deposit of the balance to the credit of the Receiver General was made in three separate sums as shown by the cheques; it was the bank's mistake in sending but one receipt. I would suggest the amount being printed in your report in the Casual Revenue Statement thus:—

Private Bill fee H. of C.	
Cheque No. 33, H. of C. bal. dep.	\$12,506 92
do 34, Queen's Printer, for printing Private Acts	277 05
do 35, Printing Committee for printing Private Bills	833 39
	\$13,617 36

I am, Sir, your obedient servant,

The Auditor General.

JNO. GEO. BOURINOT,

Clerk of Commons.

AUDIT OFFICE, OTTAWA, Dec. 1, 1891.

SIR,—I have received your letter of the 28th ult., in reply to mine of the 21st., in reference to fees on private Bills.

I quite agree with you that the correspondence in the Audit Reports of 1888–89 and 1889–90 covers several of the points raised in my letter; but I beg to submit that, notwithstanding the correspondence referred to, the questions at issue remain as they were. Let me recapitulate:

1. In my letter of July 24, 1889, I asked for a detailed statement of the fees collected, giving date of payment, number and title of Bill, the name of the payer and the amount paid. In your reply, dated Aug. 29 following, you stated that the proper officer had been directed to give such information as would enable me to make a proper audit. The statement lately furnished did not give this information, and the counter-foils of the receipts issued have not been forwarded.

2. When the charge of the "Manitoba Gazette" was submitted to the Queen's Printer last year, he intimated that he had no recourse (as he did not give the order, and had no opportunity of limiting it) but to pass the accounts, if in accordance with the advertised rates. His letter is published in the Audit Report of 1889–90, page E—139. As the same disproportion between the charges of this and the other Gazettes, even allowing for the printing in two languages, still exists, I felt it my duty to again refer to it.

3. The exception taken to the payment of \$200 to Mr. E. P. Hartney is that it should not be paid out of these fees. Sec. 27, chap. 29, Revised Statutes, provides that the gross revenues collected by all officers or others charged with the receipt of public moneys shall be deposited to the credit of the Receiver General; and sec. 48 of the same Act directs that the Auditor General shall call attention to every case in which money received by a Department from other sources than the grants for the year to which the account relates has not been applied or accounted for according to the directions of Parliament. Though I have called attention to this matter several times, the payment is still made out of these fees.

4. By reference to the previous correspondence concerning the deposit of these fees to the credit of the Receiver General as collected, to comply with the Act and the Minute of the Treasury Board, it will be seen that the question was not disposed of. In your letter of Nov. 22, 1889, you stated that you were considering the matter with a view to meet the inconvenience that must ensue should it be necessary to carry out what I indicated. In reply to that letter I stated that I should be glad to discuss the matter with you, to see if I could not assist in removing the inconvenience you anticipated. In my letter of June 11, 1890, I again referred to this point, but no change has yet been made, the fees being retained till the close of the session and deposited in a lump sum.

Hence I felt constrained to again refer to the matter in my letter of the 21st ult., and suggested that if you could not see your way to carry out the regulations suggested, that you should lay the matter before the Treasury Board.

I have to ask your further consideration of these questions.

I am, Sir, your obedient servant,

The Clerk of the House of Commons.

J. L. McDOUGALL, A.G.

HOUSE OF COMMONS, OTTAWA, Dec. 9, 1891.

SIR,—I have your letter of the 1st instant in reference to fees on Private Bills, in which you state that notwithstanding the correspondence on this subject printed in your Reports of 1888-89 and 1889-90, the questions at issue remain as they were,

You have evidently forgotten that after your letter of July 24, 1889, was received Mr. E. P. Hartney, who has charge of collecting these fees, saw you personally and discussed the whole matter, and you expressed yourself as satisfied with the statement then furnished you showing the amount of fees collected on each Bill and the disposition of the same; the statements sent you each year since have been in exactly the same form except that the numbers of the Bills were this year omitted as you never published them. The counterfoils of the receipts, the date of payment and the name of the payer have never been furnished you—a statement showing the amount and date of each payment and the name of the payer can be prepared, if you wish, but the original books can hardly be taken out of the office; they are, however, open at all times to any official you choose to send over to inspect them.

With regard to advertising—Rule 50 requires the Clerk of the House to publish the substance of certain Private Bill Rules in the official Gazette of each of the provinces, and for that publication we pay the rate advertized in each Gazette and no more, and do not pay that until the Queen's Printer first audits the account. It is quite true that the charge for advertizing in the "Manitoba Gazette" is higher than in the Gazettes of the other provinces, but the rule is absolute and their price is clearly advertized; the advertisement sent to each of the Gazettes is exactly the same and is published for the same length of time in each paper. You might on the same principle object to advertisements in the other Gazettes being paid for because the rates charged are not all alike.

With regard to the payment of \$200 to Mr. E. P. Hartney and the deposit of these fees direct to the credit of the Receiver General, you quote section 27 of chapter 29 of the Revised Statutes. I think you should read sections 27 and 28 of that Act together and then turn to section 2 of the same Act for the interpretation of the expressions "public moneys," "public revenue," and "revenue," which will, I consider, convince you that sections 27 and 28 cannot be interpreted to include these fees; you may possibly contend that the words "or any other source whatsoever" in section 2 will cover, in which case I would point out to you that the rule of interpretation as laid down in the numerous works on the construction and effect of statutory law will not support such a contention, but, in fact, are directly opposed to such. To assist you in looking up the point I might refer you to Hardcastle on the rules which govern the construction and effect of statutory law, in which he says, on page 83: "This rule of law was enunciated by Lord Campbell in *R. vs. Edmunson*, 28 L. J. M. C., 215. 'I accede,' said he 'to the principle laid down in all the cases which have been cited, that, where there are general words following particular and specific words, the general words must be confined to things of the same kind as those specified.'" This rule of interpretation would clearly exempt these fees from the operation of sections 27 and 28 of chapter 29 of the Revised Statutes, and further, I may say these fees are not an appropriation account, neither are they revenue authorized to be collected by statute; they are simply fees collected under an order of the House and their disposition is clearly under the jurisdiction of the House and of the House only, and therefore I cannot adopt your suggestion and bring this matter before the Treasury Board.

Section 48 of the same Act has not been violated in paying the \$200 to Mr. E. P. Hartney, because these fees are collected and applied as directed by the House of Commons, one of the Branches of Parliament, through the Commission on Internal Economy, which acts for the House in all matters pertaining to the conduct of its affairs. In 1887 the Honourable Mr. Kirkpatrick, the Speaker and Chairman of the Board, directed how these fees were to be collected and what disposition was to be made of them, and also authorized this payment (for the text of his letter see page G. 121 of your report for 1888-89).

For your information I may mention that these fees have always been paid into a special account in the Bank of Montreal, known as the Private Bill fee account and to

the credit of the Accountant of the House, and can only be withdrawn by him. The moneys collected are not even held until \$25 is in hand, but are usually banked the day they are received, no matter how small the sum is.

The desire has been to meet your views in relation to these fees as far as possible and such has been done so long as the privileges and immunities of the House are not infringed, as would be the case were these fees deposited direct to the credit of the Receiver General as you desire, which therefore cannot be done, except by an express order of the House or the Commissioners on the External Economy of the House; but I shall at the earliest opportunity call the attention of the Commissioners to the subject and endeavour to arrange matters, as I am desirous of meeting your wishes as far as consistent with the privileges and convenience of the House.

I am, Sir, your obedient servant,

JOHN GEO. BOURINOT,

Clerk of the Commons.

THE SENATE, OTTAWA, Nov. 23, 1891.

SIR,—I have the honour to transmit herewith a statement of cash received from various sources during the fiscal year ended June 30 last. Also the receipt book.

I am, Sir, your obedient servant,

The Auditor General.

EDOUARD J. LANGEVIN, *Clerk of the Senate.*

AUDIT OFFICE, OTTAWA, Dec. 3, 1891.

SIR,—I am returning herewith the book of receipt forms received with your letter of the 23rd ultimo.

I may state that deposits of \$418.90 and \$400 came to account on the 3rd and 10th of July last, and were credited to the revenue of 1890-91. The item of \$7.20 refund to the Manitoba and Assiniboia Grand Junction Railway Co., though entered on your letter of credit statement, was not included in the total and consequently was not repaid to the bank; and the item of \$103.30 payment to Holland Bros., having been classified on your appropriation statement against expenditure, has been so treated.

The revenue for last year as shown by the books of this office is \$1,837.10.

I am, Sir, your obedient servant,

The Clerk of the Senate.

J. L. McDOUGALL, *A.G.*
