The copy filmed here has been reproduced thanks to the generosity of:

Metropolitan Toronto Reference Library
Baldwin Room

The images appearing here are the best quality possible considering the condition and legibility of the original copy and in keeping with the filming contract specifications.

Original copies in printed paper covers are filmed beginning with the front cover and ending on the last page with a printed or illustrated impression, or the back cover when appropriate. All other original copies are filmed beginning on the first page with a printed or illustrated impression, and ending on the last page with a printed or illustrated impression.

The last recorded frame on each microfiche shell contain the symbol \rightarrow (meaning "CONTINUED"), or the symbol ∇ (meaning "END"), whichever applies.

Maps, plates, charts, etc., may be filmed at different reduction ratios. Those too large to be entirely included in one exposure are filmed beginning in the upper left hand corner, left to right and top to bottom, as many frames as required. The following diagrams illustrate the method:

L'exemplaire filmé fut reproduit grâce à la générosité de:

Metropolitan Toronto Reference Library
Baldwin Room

Les images suivantes ont été reproduites avec le plus grand soin, compte tenu de la condition et de la netteté de l'exemplaire filmé, et en conformité avec les conditions du contrat de filmage.

Les exemplaires originaux dont la couverture en papier est imprimée sont filmés en commençant par le premier plat et en terminant soit par la dernière page qui comporte une empreinte d'impression ou d'illustration, soit par le second plat, selon le cas. Tous les autres exemplaires originaux sont filmés en commençant par la première page qui comporte une empreinte d'impression ou d'illustration et en terminant par la dernière page qui comporte une telle empreinte.

Un des symboles suivants apparaîtra sur la dernière image de chaque microfiche, selon le cas: le symbole \rightarrow signifie "A SUIVRE", le symbole ∇ signifie "FIN".

Les cartes, planches, tableaux, etc., peuvent être filmés à des taux de réduction différents. Lorsque le document est trop grand pour être reproduit en un seul cliché, il est filmé à partir de l'angle supérieur gauche, de gauche à droite, et de haut en bas, en prenant le nombre d'images nécessaire. Les diagrammes suivants illustrent la méthode.

JAMES HOPKIRK, Esquire,
OF KINGSTON.

The Library will be found one of the most complete and valuable of any private collection in the Province representing Literature, Science, and the Arts in all their departments, selected with the greatest care from the most celebrated publishers of London, Edinburgh, and Paris. The Binding is also of the most costly description of Russia leather, calf or morocco. Many of the more expensive Works are bound by Caras of Glasgow. The standard works on History, Poetry, and Science, are generally in costly octavos, with large clear types and a profusion of the finest Illustrations.

INTERESTING AND CURIOUS BOOKS.

To the antiquarian or those gentlemen wishing to form private collections, this Library will be found most interesting. It contains many old and scarce works relating to the Early History of this continent, and the discovery and settlement of Canada, and is particularly rich in works relating to Scottish History and Literature. It comprises also some of the oldest printed Books in existence, including a most beautiful copy of Josephus, printed as early as 1486, while Caxton was yet working at his types. To be sold
