SBARRETTI'S REPLY. In his reply Mgr. Sbarretti spoke both in English and French. He referred to the warm welcome he had received and thanked most cordially laity. He made allusion to the relations of Canada to the Holy Father and the devotion and attachment of Canadian Catholics to the Holy See, stating that it was an example for the Catholics all over the world. When the knowledge of this warm welcome reached Leo XIII. the great Pontiff would be consoled in the midst of his many trials in thinking that he could cast his eyes at least on Canada as a spot which filled his heart with gratefulness and joy. He exhorted the Catholics to profess their faith, to be proud of it, to practice it on all occasions and assured them that by so doing they would not only accomplish the salvation of their own souls but would work for the uplifting of the family, of civil society and of humanity

His Excellency in addressing these words to the Archbishop, clergy and laity, extends the same sentiments to the Archbishops, Bishops, clergy and people of the entire Dominion deeming this manifestation of loyalty to the Holy Father in the person of his representative as being the expression of love for the Holy See in Canada. He has also been moved by the warmth of his reception in Otta-

MARRIED MEN AND THE HOME. In Our Parish Calendar, of Lawrence, Mass., Father O'Reilly, has the following remarks on the duties of married men: "I see no need of denying a man a night or so in a week, to be absent from his home, but the practice of absenting himself from home continually is what calls for condemnation. What is there that should more interest you than your home? There is your wife, whom that he is most dangerous to the you took in the holy sacrament of matrimony, as your companion for life. Has she not more right to your company after your day's toil than anybody else? You labor during the day to provide for the home. She labors during the day to keep the home. And there, too, in your home, are your children - your own flesh and blood-are they not dearer to you than anything else in the world? Yet, as they grow up, they become more and more estranged from you, because they see so little of you. During the day you are absent yourselves from home, and when you return they are in bed. THE OLD YEAR'S DEATH.

And tread softly and speak low, For the old year lies a-dving. Old Year, you must not die; You came to us so readily,

You lived with us so steadily, Old Year, you shall not die.

He froth'd his bumpers to the brim; A jollier year we shall not see. But tho' his foes speak ill of him, He was a friend to me.

Old Year, you shall not die; We did so laugh and cry with you, I've half a mind to die with you, Old Year, if you must die.

He was full of joke and jest, But all his merry quips are o'er. To see him die, across the waste His son and heir doth ride post

THE APOSTOLIC DELEGATE.

The coming of Mgr. Sharetti to take charge of the Apostolic Delegation at Ottawa has not been delayed. He was fittingly welcomed upon his arrival on Saturday, and on Sunday Archbishop Duhamel, with more formality. under the roof of his Basilica, assured him of the devotion of the Canadian hierarchy, clergy and laity.

The Delegate's reply was limited by the demands of the occasion. In acknowledging the cordiality of his welcome he transferred its intention the Sovereign Pontiff, whose love Canada he happily touched upon.

In every Catholic diocese of the Dominion, the attachment of the people to Pope Leo and his representative echoes the devoted sentiments to which the Apostolic Delegate heard expressed on his first Sunday in Can-

BRIGHTER OUTLOOK FOR IRE-LAND.

The prospects of Ireland appear brighter at the beginning of 1903 than for many a year. The cable despatches this week report a great step towards the settlement of the land question. This is the general opinion in Dublin with regard to the result of the round table conference between over by Lord Dunraven. The report does not touch compulsory purchase, but outlines a scheme for the abolition of the dual ownership of the land, and clears the way for final legislation on the subject. The report has been sent to the Chief Secretary for Ireland, who has undertaken to introduce a land purchase bill into Parliament during the coming sion, and he will undoubtedly be considerably influenced by its suggestions. A CARDINAL'S STORY.

Simply, touchingly, as he had received it from Cardinal Vaughan a few days before, Cardinal Perraud toid the story of the little girl, a daughter of an English clergyman. Paul, it is by right that the hearts who, by her infantine remarks, unconsciously became, by the grace of God, an apostle in preaching the doctrine of the Real Presence. The relation of the anecdote was one of Cardinal Perraud's means of preaching at Paray-le-Monial the other day.

The little girl in question was taken one day by her still Protestant father to a Catholic church in London. She was but five years old. Noticing the lamp of the sanctuary she

DECAY OF ULSTER (From the Dublin Freeman's Journal.)

The summary of the Ulster census brings into more striking prominence than the separate tables for the Counties have done, the decay of the rural population of Ulster. On the general result of the census, indeed, Ulster is to be congratulated. The net decrease of its population is only 2.3 per cent., and contrasts most favorably with the decline of the other Irish provinces. But this comparatively satisfactorily figure merely masks the statistics of decay which are painfully evident in the summary. Outside the County Boroughs of Belfast and Londonderry, which added to their respective populations during the Census period increases of 75,996 and 6,-692 persons, a total decrease of 119,-676 persons took place in the Ulster Counties. The decrease affects all sections of the population. The Protestant Counties have lost as heavily as the Catholic Counties, and the Protestant element, in the several districts as heavily as the Catholic. For example, while Londonderry County shows a decrease of 12.0 per cent. and Fermanagh a decrease of 11.8 per cent., Donegal has decreased to redress the balance between 1899 in population by only 6.4 per cent., and 1901, we find that of the municiand comes out of the reckoning al- pal and county officials at the date of most as satisfactorily as Antrim and the Census 40 per cent. were Protes-Down, in which the decrease was 5.7 tant Episcopalians, only 28 per cent. and 6.2 per cent. A FEW TESTIMONIALS

193 King street East, Toronto, Nov. 21, 1902. John O'Connor, Esq., Toronto:

DEAR SIR-I am deeply grateful to the friend that suggested to me; when I was a cripple from Rheumatism, Benedictine Salve. I have at intervals during the last ten years been afflicted with muscular rheumatism. I have experimented with every available remedy and have consulted, I might say, every physician of repute, without perceivable bencfit. When I was advised to use your Benedictine Salve, I was a helpless cripple. In less than 48 hours I was in a position to resume my work, that of a tinsmith. A work that requires a certain amount of bodily activity. I am thankful to my friend who advised me and I am more than gratified to be able to furnish you with this testimonial as to the efficacy of Benedictine Salve. Yours truly,

John O'Connor, Esq., Nealon House, City: DEAR SIR-I cannot speak too highly of your Benedictine Salve. It. has done for me in three days what doctors and medicines have been trying to do for years. When I first used it I had been confined to my bed with a spell of rheumatism and sciatica for nine weeks; a friend recommended your salve. I tried it and it completely knocked rheumatics right cut of my system. I can cheerfully recommend it as the best medicine on the market for rheumatics. I believe it has no equal.
