TENDERS

for Concrete Dam will be received by John S. Fielding, C.E., for the Construction of a Dam at Hespeier for The R. Forbes Wooten Mills Company up to SEPTEMBER 25TH. Plans and specifications to be seen at the office of

JNO S. FIELDING, C.E.,
Consulting Engineer,
15 Toronto St., Toronto.

TO CONTRACTORS

Whole and separate tenders will be received by the undersigned for the erection of a Town Hall in the Town of Qu'Appelle, Sask.
Tenders for basement will be received up till September 6th, 1905.

Tenders for the superstructure from the different trades, Brick work, Carpenter work, Plastering, and Painting, will be received up till September 13th, 1905.

Plans and specifications may be seen at the office of the Secretary Treasurer, or at the offices of W. M. Dodd, Architect, Regina, Sask., and Calgary, Alta.

The lowest or any tender not necessarily accepted.

J. C. STARR, Secretary-Treasurer,
Town of Qu'Appelle, Sask.

Tenders for Bridge

Sealed tenders hereby requested by the Corporation of the County of Hastings, up to noon of SATURDAY, 23rd SEPTEMBER, 1905, with plans and specifications, for one steel bridge, 69 feet long and 16 feet wide in the clear, to be erected on stone abutments 64 feet apart on top, near Gullett's Mill in Rawdon, about 4 miles north of Hoard's Station and 6 miles from Stirling.

Said bridge must have steel joists and be strong enough for concrete floor and to carry a moving load of 125 pounds to each square foot of roadway.

The abutments will be ready by 1st November and the steel structure to be complete ready to put flooring on by the 15th November, 1905.

Tenders need not include flooring.
Payment when bridge is complete and accepted.

Lowest or any tender not necessarily accepted.
Address

WM. R. AYLSWORTH, County Clerk,
Belleville,
August 30th, 1905.

CONTRACTS OPEN.

EDMONTON, N. W. T.—The W. B. Marshall Co. expect to build a flax mill here.

GODERICH, ONT.—The gas and elevator by-laws were carried here on the 6th inst.

HULL, QUE.—Tenders for three concrete bridges have just been taken by J. F. Boul, City Clerk.

CHATHAM, N. B.—By the casting vote of the Mayor it has been decided to install a new electric light plant.

ST. JOHNS, QUE.—The corporation will take steps to furnish a water supply for the Singer Manufacturing Co.

PHOENIX, B. C.—Plans prepared by Frank Knott have been accepted for a new city hall, to cost about \$4,000.

DAUPHIN, MAN.—The ratepayers have voted in favor of raising \$5,000 to install a municipal telephone system.

CRANBROOK, B. C.—Baker, Ryan & McNab will build a saw mill on the Kootenay river at McConnell's ranch.

TWEED, ONT.—The trustees of the Roman Catholic Separate School purpose erecting a new building, at a cost of \$2,000.

PORT DALHOUSIE, ONT.—The question of constructing a waterworks system will be again taken up at an early date.

COWANSVILLE, QUE.—Mr. McDowall has submitted a proposition to the town to establish a thread factory here.

WATERLOO, QUE.—Mr. Savaria has asked the town for a bonus of \$30,000 to assist in the extension of his knitting factory.

NIAGARA FALLS, ONT.—E. Cruikshank, Secretary, will receive tenders up to 25th inst. for erection of hospital building.

DUNDAS, ONT.—John Bertram & Sons have advised the Council of their intention to make improvements to their plant.

CHILLIWACK, B. C.—The by-law to construct drainage works within the municipality was defeated by a large majority.

KILLARNEY, MAN.—The Board of School Trustees have decided to postpone the erection of a new school until next year.

ST. BONIFACE, MAN.—The Western Canada Flour Mills Co. have purchased 34 acres of land for a site for their proposed mills.

OXBOW, N.W.T.—Voting on the by-law to raise \$3,000 to purchase a chemical engine and build a town hall takes place on the 22nd inst.

HEADINGLY, MAN.—It has been decided to proceed with the erection of a

new school, for which tenders will be invited immediately.

PINKERTON, ONT.—J. J. Donnelly, Clerk Township of Greenock, wants bids by 23rd inst. for purchase of \$5,000 4 per cent. 20-year debentures.

INDIAN HEAD, N.W.T.—Tenders close this week for erection of an electric light power house. Particulars from O. J. Godfrey, Town Clerk.

ST. JOHN, N.B.—Plans are being prepared for a new hotel to built by Lewis Green on the site of the present Ottawa and Cumberland structures.

LISTOWEL, ONT.—J. N. Schinbein has purchased the Campbell block on Main street and is having plans prepared for extensive alterations thereto.

NORTH TORONTO, ONT.—The Council have appointed a committee to procure particulars regarding the cost of installing an electric light plant.

KEEWATIN, ONT.—The by-law to provide for a drain on Ottawa street was carried by the ratepayers.—Mrs. Waterson will build a residence on Water street.

GUELPH, ONT.—At the last meeting of the City Council the question of engaging an engineer to report on the best filter system for the city was discussed.

NEW WESTMINSTER, B. C.—The Fraser River Sawmills Co. intend making further additions to their saw mill and installing planing mill and shingle machinery.

COLLINGWOOD, ONT.—Tenders for construction of a sewerage system will be received by John Mair, Chairman Sewer Committee, up to Friday noon, 15th inst.

ORILLIA, ONT.—John C. Rose, Treasurer Township of Orillia, requests bids by 16th inst. for purchase of \$1,300 10-year 5 per cent. debentures of School Section No. 10.

AMHERSTBURG, ONT.—James Honor, Clerk Township of Malden, will receive tenders up to 18th inst. for construction of the Bailey drain and two highway bridges.

STURGEON FALLS, ONT.—A by-law to grant exemption from taxation on a sulphite pulp mill to be built by the Imperial Paper Mills of Canada, will be submitted to the ratepayers on the 20th inst.

SASKATOON, N.W.T.—D. W. Beaubier and R. Smith are about to build a stone and brick hotel here 60x70 feet, four stories and basement, steam heating. Plans by W. A. Elliott, architect, Brandon.

BARRIE, ONT.—Thomas Kennedy, architect, this place, is taking tenders up to the 20th inst. for concrete foundation, pressed brick work, carpenter work, plumbing, hot water heating, slating and

galvanized iron work for residence for Miss Hamilton at Beeton.

HARTNEY, MAN.—Bids will be received by T. W. Woodhull up to October 2nd for purchase of \$7,000 20-year debentures for purpose of building a town and fire hall and \$3,000 for fire protection purposes.

WELLAND, ONT.—Officials of the Plymouth Cordage Co., accompanied by Messrs. Shadd and Wing, architects, were here last week to complete the details for new works, operations on which will be begun immediately.

CALGARY, N.W.T.—Plans are being drawn by Chas. Trunweiser for an addition to the block now occupied by the Calgary Clothing Co.—Wing & Kidney have bought the business of C. T. Gilbert and purpose extending the store.

PARRY SOUND, ONT.—By-laws will shortly be submitted to the ratepayers to raise \$22,000 for improving the electric light plant and \$25,000 as a bonus to the James Bay Railway Co. for the erection of engine houses and machine shops here.

DAWSON, YUKON TERRITORY.—James Gibbons, of the Yukon Survey Department, is making a survey of the country immediately north of the Klondike river for the purpose of obtaining information concerning the available water supply.

QUEBEC, QUE.—The Department of Public Works, Ottawa, is asking for tenders up to Friday, 15th inst., for construction of a detention building here. Plans at the above Department and on application to P. Beland, Clerk of Works, this city.

GRAND FORKS, B. C.—J. Callahan has completed a preliminary survey of the proposed C. P. R. extension from this place to Vernon.—The fourth smelter to be built by the Dominion Copper Co. will likely be located in the Kettle Valley near this place.

OWEN SOUND, ONT.—Plans are being prepared for the enlarging and remodeling of the block owned by W. H. Tucker.—C. K. Baines, Chairman Building Committee, invites tenders up to 15th inst. for erection of public building for the corporation. Plans at office of Forster & Clark.

VANCOUVER, B. C.—Ald. Edward Cook has decided to erect a three-story brick block on Water street 33 x 112 feet, cost about \$30,000.—W. T. Whiteway, architect, has taken tenders on a warehouse for Kelly, Douglas & Co.—Captain French has purchased four lots on north side of Beach ave. and will build a residence thereon.

TORONTO JUNCTION, ONT.—Two building permits were issued last week, as follows: J. J. Demery, brick residence, cost \$1,200; S. Cooper and L. Wilkins, pair of brick residences, Keel street, cost \$2,400.—Gunn Bros. have taken out a permit for the erection of their abattoir on St. Clair ave. It will be a four-story building costing about \$100,000.

HALIFAX, N.S.—Tenders are requested by the Department of Public Works, Ottawa, by Monday, 18th inst., for construction of detention building here. Plans on application to C.E.W. Dodwell.—The Council have decided to pave Gottington street, between Cornwallis and Cunard streets, with bitulithic.

CHATHAM, ONT.—A committee has been appointed by the City Council to report on the necessary improvements to the electric light plant. It is probable that a new dynamo and new lamps will be installed.—Angus Smith, C.E., has been instructed by Howard

Township Council to prepare plans for improvements to Field's creek.—Albert Jahnke will erect a two-story brick building, 25 x 128 feet, cost \$6,000.

BRANTFORD, ONT.—The Dominion charter for the building of the radial railway between Brantford and Hamilton was last week handed over to the company represented by Senator Kennedy and Mr. Haines. This is said to make the building of the road an absolute certainty.—It is understood that the Heinz Co. have practically decided to erect a pickling factory here.—It is likely a new collegia e institute will be built within a year.

VICTORIA, B.C.—Messrs. Pemberton are considering the erection of a brick and stone business block on the corner of Broad and Broughton street.—The latest proposition in connection with the waterworks question is that \$150,000 be provided for the purpose of enlarging the supply from Elk and Beaver lakes.—The Fruit Growers' Association have decided to erect a plant for preserving fruit.—W. Ridgeway Wilson, architect, is preparing plans for a residence for J. A. Mitchell to be built on Rockland ave.

LONDON, ONT.—It is stated that the Grand Trunk Railway have had plans prepared for improved facilities here costing upwards of \$1,000,000 and including new station and freight sheds.—A. O. Graydon, City Engineer, desires tenders by 5 p. m. on Thursday, 14th inst., for paving of King street, from Wellington to Maitland, also for raising the breakerwater from Douglas ave. to Wilson ave.—J. H. Vroman will build a two-story brick residence on corner of Duchess ave. and Cathcart street.—Plans are being prepared for a depot to be built on Horton street for the Southwestern Traction Co.—Steps will likely be taken to build a new school at Chelsea Green.

OTTAWA, ONT.—Plans are now being prepared for an addition to the Parliamentary library. The contract will likely be awarded this Fall.—The Minister of Public Works has commissioned Mr. Lafleur, Chief Engineer of the Department, to report on the feasibility and cost of constructing a tunnel under Northumberland Straits to connect Prince Edward Island and New Brunswick.—The Railway Commission has signed the order made a few days ago requesting the construction of a subway at the Canada Atlantic Railway tracks on Bank street.—It is proposed to construct a bitulithic pavement on Elgin street, between Sparks and Wellington.

FORT FRANCES, ONT.—It is said that the C. Beck Manufacturing Co., of Penetanguishene, are considering the erection of a saw mill here.—Notice has been given of a by-law to be introduced in council to provide for the issuing of debentures to build sewers in accordance with the plans of the town engineer.—George A. Graham has acquired all the property facing on the north-east corner of Scott and Front streets and intends erecting a large tourist hotel.—William Bishop is having plans prepared for new hotel on Front street, 40 x 75 feet, three-stories, brick veneer.—The Council have decided to submit a by-law to the ratepayers to provide for the installation of an electric light plant.

PETERBORO, ONT.—E. M. Elliott, County Clerk, will receive tenders up to 16th inst. for construction of a steel bridge over the Indian river between the Townships of Douro and Otonabee. Plans at office of John E. Belcher, County Engineer.—A by-law will probably be submitted to the electors in January to raise \$25,000 for fire protection, including new station, fire engine, chemical engine, ladders and fire alarm system.—J. J. Lundy, of this town, has

sold Jacobs island in Pigeon Lake to Mowry Bates, of Baltimore, who will erect a large cottage thereon.—The Peterboro Radial Railway Co. are about to let the contract for addition to their car barns, 40 x 60 feet, one-storey, brick.

HAMILTON, ONT.—T. Beasley, City Clerk, will receive tenders up to Friday, 15th inst., for construction of pipe sewers on Sherman ave., Catharine street and Myrtle ave.—Building permits have been granted as follows: A. E. Spanking, brick residence, Dundurn street, cost \$1,500; A. W. Peene, brick residence on Wentworth street, between Main street and Aikman ave., cost \$2,500; Ald. Allen, three brick residences, corner of Young and Walnut streets, cost \$5,100, and one on Seventh street, cost \$1,700.—George Vanderlip and Walter Noble are arranging to build six dwellings on Huron street.—It is now stated that work on the drill shed will not be commenced until next spring.—Medical Health Officer Roberts has recommended that sewers be built on the following streets: Railway, Harriet, Shaw, Albert road, Victoria avenue, between Ferrie and Barton streets, Strachan, from McNab to Mary street; Macnab, from Picton to Burlington street; Hughson, from Ferrie to Wood street, and Bay, from Simcoe to Ferrie street.

MONTREAL, QUE.—Notice has been given of the intention of the Council to construct sewers in the following streets: Boyer street, from Gilford street north, about 750 lineal feet; Boyer street from St. Zotique street to near the northern city limits; Cardinal street from Laurier avenue to St. Gregoire street; Comte street from St. Denis to near western city limits; Dumont street from Elizabeth to Sherbrooke street; Elizabeth street from de Lorimer avenue to Dumont street.—The St. Maurice Railway Co., of which Senator Robert Mackay is president, are inviting tenders for the construction of the road from Three Rivers to Shawinigan, about 22 miles.—The Dominion Parliament last session granted \$50,000 towards the extension of the Inland Revenue building in this city. The city has been requested to give for the purpose a strip of land in front of the existing building.—The deed of the real estate on St. Catherine street, corner of Peel, purchased by the Robert Simpson Co., of Toronto, for a departmental store, has been registered.

WINNIPEG, MAN.—F. E. Fulljames has purchased the property at the north-west corner of Juno street and McDermot ave. and intends building a fine residence.—The trustees of the Maryland Methodist church will request architects to submit plans for enlarging the edifice. Next spring it is probable a parsonage will be built.—It is stated that C. B. Smith, C. E., of Toronto, who was engaged by the City Council to report on the available power sites on the Winnipeg river, will recommend the "Big Bonnet" falls as the most advantageous power.—A committee of the City Council will likely visit a number of American cities with a view of getting information regarding gas producer plants.—Several expensive pavements are about to be undertaken by the city, including the following: Asphalt on Burrow ave., from Salter to McGregor street, cost \$23,504; on Florence ave., from Pembina to Fisher street, cost \$14,685; on Agnes street, from Levina to Elice ave., cost \$8,538; on Salter street, from overhead bridge to Selkirk ave., cost \$14,954; on Portage ave., from Maryland ave. to Omand bridge, cost \$152,332; sewer in Pembina street, from Florence to Kylemore ave., cost \$3,866.—A by-law will be submitted to the ratepayers at the next municipal election asking permission to issue

HARROW, ONT.—The following tenders were received by the Township Council for drains and bridges: Richmond drain—F. B. Campbell, excavation and bridges, \$13,387; Laird & Hassett, excavation and bridges, \$12,000; J.B. Brown, bridges, \$2,200; James Drake, bridges, \$2,250; Albert Mulder, bridges, \$2,220. Olsen drain—John Lewis, excavation, \$624, with bridges, \$710; J.R. Pollard, excavation, \$625; John Mulder, \$645; John Larrabee, \$657; Arthur Coates, \$650; Albert Lewis, \$590; Yens B. Olsen, ditching and bridges, \$700; Campbell & Kennedy, \$630; Wylie Greyer, \$625. Long Marsh drain (Colchester's portion)—John Larrabee, \$657; John Lewis, \$700; John Mulder, \$750; Campbell & Kennedy, \$735; George S. Heaton, \$752. The latter was awarded to John Larrabee, the Olsen drain to Albert Lewis, while on account of the tenders for the Richmond drain being above the engineer's estimate, no contract was awarded.

FIRES.

Factory of the Eustache Canning Co., at St. Eustache, Que., totally destroyed, loss \$40,000.—Creamery at Kinmount, Ont., owned by Graham Bros. & Co., loss \$6,000.—Woodworking factory at Riverside, N.B., owned by Captain Edmund Kinnie, loss \$6,000.—Storehouse at Buckingham, Que., owned by E. F. HYDE & CO.,

King, Queen and Wellington Sts. - **MONTREAL**

THE OLD RELIABLE**"Giant"****Portland Cement**

Used exclusively on the NIAGARA FALLS TUNNEL and POWER HOUSE of the Niagara Falls Power Co. After five years the tunnel was recently inspected—32,400,000 cubic feet of water had rushed through every hour for five years. From one end of the tunnel to the other it was as strong as the day when it was finished. Not one of the 19,000,000 bricks used was out of place.

The verdict was "PRACTICALLY ABSOLUTE-
LY PERFECT."

CONCRETE MIXERS.

The Gould, Shapley & Muir Company, Limited, Brantford, Ont., exhibited at the Toronto Industrial Exhibition the "Ideal" automatic concrete mixer, which they are now manufacturing in Canada under patent rights secured from the Buffalo Concrete Mixer Company. It is claimed that this mixer will automatically measure the proper amount of cement with a given quantity of gravel and also automatically insert sufficient water inside of the machine to properly wet the mixture to any desired consistency. It is mounted on a steel truck and can be readily moved from place to place.

Messrs. Gutteridge & McConnell, of Hamiota, Man., also exhibited an automatic cement concrete mixer, for which they claim a capacity of upwards of 60 yards a day. It is understood that they have disposed of the right to manufacture this machine in Western Canada. They also showed a concrete building block machine.

Stackpole Patent Improved **Street Sweeping Machine** is the Standard of Perfection

Because no sweeper so effectually does the work for which it is designed as "The Studebaker." It Sweeps Clean. No sweeper is constructed with the same degree of care and mechanical precision. It Wears Well. "The Studebaker" has the smallest number of working parts, and has less gearing than any other sweeper made. It is free from all unnecessary complications. With reasonable care it does not get out of order. Send for complete descriptive catalogue.

Studebaker Sprinkler

(PATENT IMPROVED.)

Does not clog or get out of order. Greatest width of spray

ST. JOHNS, P.Q. HAMILTON, ONT. TORONTO, ONT**P C A N A M L A****"FACTS are better than ASSERTIONS"**

The Isthmian Canal Commission wisely demanded a special quality cement for the Panama contract let May, 1905. The sea water clause while necessary to insure the work, was undoubtedly severe. One of the largest American Companies tied the bid of Alsen's. The Government awarded the contract to Am. Alsen's in preference, at equal figures. The bids are on record at Washington. Alsen's product has always been recognized as of higher average quality than any other brand. It is ultra high grade and a more practically portland. It has become known as the "absolutely safe cement."

Over 40 years experience catering to Engineers of all countries and superior raw material should count for something.

*"Most cement is good at times."**"Many cements are usually good."**"ALSENS—ALWAYS"***ALSEN'S - 45 Broadway, NEW YORK**

A Cement which matures slowly is stronger ultimately, but we gladly furnish quick setting when specified.

CAST IRON PIPE

3 inches to 60 inches diameter.

For Water, Gas, Culvert and Sewer

HAMILTON, ONT.

RANSOME

CONCRETE MIXERS

RANSOME MACHINE MIXING MORTAR ON MESSRS. JOHN QUINLAN
& COY'S CONTRACT AT WESTMOUNT, NEAR MONTREAL.

RANSOME MIXERS by their many superior points of merit are forcing their way into many of the largest and best equipped plants in the country. For mixing Concrete, Mortar, Fireproofing, Etc., they are most efficient.

The RANSOME MACHINES have lower feed and discharge chutes than any other mixer. Under ordinary conditions, and fed from wheelbarrows, they will readily handle 30 batches per hour. The discharge is extremely rapid and material is discharged directly into wheelbarrows without being handled a second time.

All Capacity—Any Combination of Power and Mounting

All we ask is an opportunity to explain the advantage of our mixer
