

FATED TO LOVE HER

CHAPTER XXVII. During several days Gabrielle continued, greatly to Cissy's delight, to answer James coolly, to look at him unconcernedly, to throw cold water upon his constant efforts to please her.

she has sufficient presence of mind to be extremely careful lest her tears should fall upon the strings of her new bonnet; insomuch that Cissy, although in tears herself, could not help inquiring "Shall I pin a handkerchief over the bonnet?" said Olivia.

her hand vehemently; asking how she was, in tone so earnest as to impart a new significance to the commonplace words. "Her brother, of course," thought Janet.

Gabrielle sat down again; the young man sat down at her side; Cissy returned to the lagelle board, and the game began. But Janet contrived to hear, and within the limits of politeness—to see, all that was passing between the two—friends, or whatever they might be.

"How is it that you are come, Charles? I can hardly believe it even yet." "Believe it! Didn't you get my letter?" said Charlie, picking up from the floor a piece of chalk, and proceeding to use it as a ball.

THE HAMILTON TIMES

FRIDAY, MAY 1, 1908.

THE COMING ELECTION.

To-morrow the eleventh Legislature of the Province of Ontario since Confederation will have passed out of existence, and we shall have to worry along without representatives until the night of June 8th.

The new Legislature will consist of 106 members. The membership, like the cost of Government under Whitney rule, is growing apace.

Now that an appeal to the electors is to be made, the Government organs, and their jackal assistants, are trying to make an appearance of great accomplishments in the four sessions during which Whitney has controlled the Province.

What we ask again, has brought this new light to the Herald? What was the nature of the "reasons" which produced the remarkable change of opinion?

THAT GUARANTEE.

The alacrity with which some of the aldermen expressed a willingness to guarantee street railway bonds to the extent of \$500,000 for reconstruction and extensions of the road was doubtless surprising to many.

But Whitney has succeeded in some things. He has introduced and carried out the spoils system. He has spent a lot of money in seeking for excuses to sacrifice Liberal officials.

MONOPOLY'S ADVOCATE.

The Hamilton Herald has at last summoned up courage to openly advocate committing the city to a 30 years' monopoly in the matter of power, and with out knowing what it may cost.

power scheme. It expressed itself as firmly of opinion, much as it regretted to have to say it, "that in its opinion, the form of contract is not what it ought to be."

There is no mistaking the meaning of those words. They are nearer the language of a defender of the city than the Herald usually gets in discussing this power question.

What, we ask again, has brought this new light to the Herald? What was the nature of the "reasons" which produced the remarkable change of opinion?

The monopoly organ seeks to represent the Times as wishing to reserve for the Cataract Company a monopoly of power in Hamilton. This is gross misrepresentation, and with a purpose.

EDITORIAL NOTES.

If ever somebody "spits" on this Cobalt Lake deal, there will be some interesting reading for the public.

Toronto is to have eight Socialist candidates in the field. Billy Maclean will not now be under the necessity of supporting the Tory candidate; but probably he will.

A very important matter to be decided before the School Board commits itself to any broad scheme is whether it is to establish a technical school or merely a trade school, at which pupils will be practically so many apprentices.

Complaint is made that in its reference to the Fuel Committee's statement, presented at the last Council meeting, the Times wrongfully charged against the \$399,771 profit claimed, interest on money borrowed, and the cost of inspection and bookkeeping.

ITCHING ECZEMA FIFTY-FIVE YEARS

Suffered Torments from Birth — Boils Formed as Big as Walnuts — In Frightful Condition and Could Hardly Work — Tried All Kinds of Remedies to No Avail — At Last

WHOLLY CURED IN 8 MONTHS BY CUTICURA

"I had an itching, tormenting eczema ever since I came into the world, and I am now a man fifty-five years old, and I tried all kinds of medicines I heard of, but found no relief."

THE CURTAIN DRAWN ASIDE.

It would be interesting to know in how many cases the license question is "taken out of politics" by the methods adopted at Port Arthur, and how much the "presents" amount to in the process.

adoption of the policy of spoils which Whitney has followed in the administration of the license law justifies the suspicion that there was something behind it, and that that something was not intended to reach the public eye or ear.

Under such an arrangement as Whitney has made, the administration of the license laws may reek with corruption, and yet it may be only in rare cases that the public may be privileged to look behind the scenes.

Perhaps it may be possible to explain away the handing round of such "presents" and the other somewhat peculiar features of this case, but there will always be people who view such things with more or less suspicion.

Why Doesn't He Solve It? (Dundas Star.)

The three-fifths vote is no problem to Ham. Regan.

Fine Men. (Dundas Banner.)

The Liberals of Hamilton have honored themselves in the choice they have made, and they will increase the honor when they elect both of these gentlemen as the representatives of Hamilton in the Ontario Legislature.

One on Cochrane. (Toronto Telegram.)

If the Whitney Government went out of power to-morrow the same New Ontario which Mr. Gagey describes as a whisperer of the Minister of Mines would leave the Minister of Mines at home.

Don't Be Fooled. (Dundas Light.)

The Liberals of North Wentworth should not take much stock in the report that one or two independent Conservatives will be candidates in the approaching election for the Legislature.

FINCH BROS. 29 and 31 KING STREET WEST

R. R. Gagey last night at a crowded political rally.
The Man from Manitoulin grew warm at once and told the man that if he was outside on the street he would "knock the stuffing" out of him.
Our Mountain. (Guelph Mercury.)
True, Hamilton Mountain isn't a Jungfrau or a Mt. Pilatus. But you don't have to take a couple of days off when you want to enjoy the lovely view from its summit, and your friends don't have to write out an obituary notice about you either, which latter is something to be considered. This is a fresh view of Hamilton's mountain, but it goes.
Whitney's Testimonials. (Chatham News.)
Boiling the Whitney Government's record down, the gerrymander, the spoils system, the 3-5th clause, the Mackenzie and Mann guarantee and the gift to the owners of the La Rose mine of \$130,000, the owners including a relative of a cabinet officer, are five potent reasons for Liberals remaining staunch to their party and Independents voting against the Whitney Government and their candidates.
Whitney Flouts Constancy. (Victoria Times.)
The workings of the Conservative mind are wonderful. On April 23rd, 1904, Premier Whitney (at that time plain Mr. Whitney) moved a resolution in the Ontario Legislature protesting against the guarantee of a bond issue of the James Bay Railway. On April 11th, 1908, the day before the Legislature prorogued, he put through a guarantee of the self-same railway bond, to the extent of \$20,000,000 and a half dollars for "terminals." But, remember this, Premier Whitney has to go to the country
APPLE DEALERS' OFFENCE.
Two of Them Fined for Not Packing According to Marking.
Toronto, May 1.—A. A. Clark, Clerk, Toronto, was charged with having packed apples not in accordance with the marking on the barrels before Magistrate Kingsford yesterday afternoon. He admitted his liability, and was fined \$3.25 that being the limit of the revised scale. The old code placed the fine for such cases at 25c a barrel to \$1. There were 15 barrels.
Clark had sold the apples to H. Peters, Toronto, who in turn placed them on sale here. Knowing they were wrongly marked, Peters claimed he had already lost \$1,800 on such apples and that they were not sold yet. Having admitted the selling, however, he got the same fine, \$3.25, without costs.
MAHMOUDS WANT PACE.
Have Sent Delegates to Confer With British.
Peshawar, India, April 30.—The Mahmood tribes, who have been quiescent since their defeat six days ago by a British force, under the command of Sir James Willcocke, are sending in delegates to confer with the British authorities. If the tribesmen accept the terms offered by the British officers the necessity of sending a strong expedition against the Mahmoods will be avoided.
In absence here. Knowing they were wrongly marked, Peters claimed he had already lost \$1,800 on such apples and that they were not sold yet. Having admitted the selling, however, he got the same fine, \$3.25, without costs.
MEANS A REDUCTION.
Montreal, April 30.—The Power Company's new lighting schedule was announced today.
The company claims that it means over \$100,000 off electric light bills, and \$30,000 off gas, during the next year.

FOXY SMITH OUT. Noted Crook Taken Home by His Mother To Die. "Foxy" Smith, a crook and thief well known to the police of the Province, has about ended his career. On the recommendation of Dr. Roberts, Medical Health Officer, he was released yesterday from the jail, where he was serving a six months' sentence on a vagrancy charge, and taken home to Streetsville by his mother, to die. Smith is in the last stages of consumption, and the end is a matter of only a short time.

Going Out of Dress Goods Business. Having concluded to go out of the piece dress goods business, we will start an immense sale of dress goods, cloths, silks, etc., sharp at 9 o'clock Saturday morning, and continue it until every yard is sold. The rapid increase of our growing and popular "ready-to-wear" departments requires the room now occupied by dress goods, so we have decided to sacrifice the dress goods. Having done one of the leading dress goods businesses in Hamilton for a quarter of a century and always handled reliable and up-to-date goods at reasonable prices, means when we offer you this grand stock, almost twenty thousand dollars, nearly all imported for this season's trade, at one-quarter to one-half less than regular, that this will be the banner sale of our history, for as in the past, "when we sale we sell" \$80 here sharp at 9 o'clock to-morrow morning, and you will not be disappointed. Everything is marked in plain figures, showing former price and sale price. The stock is at its fullest in all the popular weaves and styles in blacks, creams and all the leading colors, and all must be sold and sold quickly. During the sale buy all you can in the mornings.—James Shea.

POLICE GAMES Will Likely be Held on August 5 or 12. The Police Games Committee meets this afternoon in the police headquarters at the City Hall for the purpose of arranging for the games and electing officers. Last year no games were held, as the committee thought the public feeling would hardly support the department in the undertaking. This year the police say they have had so many inquiries that they are going to have them. The games will be held in August, either on the first or second Wednesday, the 5th or 12th.

HONOR FOR JOHN. Victoria Avenue Baptists Appreciate Mr. Peebles. A very pleasant event took place last night at the residence of Mr. A. Koeppe, 115 Grant avenue, at which place the members of the Boards of Management and the diocese of the Victoria Avenue Baptist Church, with their wives, met for the purpose of expressing their appreciation of their co-worker, Mr. John Peebles, ex-elder, the well known jeweler, King street east, who recently resigned the trusteeship of the church, which position he has held for some thirteen years. Mr. Peebles was taken entirely by

DUNDEE IRISHMEN. Advised to Vote for Churchill, Who Has Arrived There. Dundee, May 1.—Winston Spencer Churchill, President of the Board of Trade, whose recent failure to be returned to Parliament from the North-west Division of Manchester has forced him to seek a "safe" seat, arrived here this morning, to contest the vacancy caused by the elevation to the peerage of Edmund Robertson. F. Seryngue of the United Irish League, is urging the Irish voters to give their complete support to Mr. Churchill, on the ground that Premier Asquith has adopted Mr. Churchill's pledges at Manchester regarding Home Rule for Ireland as representing the policy of the Government.

THE RIOT ACT. Brantford Police Magistrate Advises That It Be Read. Buck Stove Company Appeals Against a \$50 Fine. (Special Despatch to the Times.) Brantford, Ont., May 1.—The police magistrate, on the morning of Saturday last, advised the striking men of the Buck Stove Works, who were gathered in the street, that if they did not disperse, he would be obliged to read the Riot Act in that vicinity and disperse the strikers from the street. The hearing was adjourned until Monday.

SMALLPOXINGUELF Religious Census Shows That Methodists Lead, Presbyterians Next. (Special Despatch to the Times.) Guelph, Ont., May 1.—A case of small pox has developed in the city, the victim being a clerk in the Dominion Bank named Shriber. He has been taken to the Isolation Hospital and every precaution taken by the authorities. The young man has recently returned from a holiday. The case is not a serious one and does not interfere in any way with the bank's business. A religious census of the city has just been completed by the Sabbath School Association under the direction of Mr. Crowe of Toronto. The figures for the population are below thirteen thousand, somewhat less than those of the Assessor. The Methodists have the largest number of adherents, with the Presbyterians a close second and Catholics third.

HENDRIE'S BILL IS HARMLESS.

The Dominion and the Veto Power.

Aylesworth on Some of Whitney's Doubtful Legislation.

Cobalt Lake, Fish and Game, Public Utilities and Marriage Act.

Ottawa, April 30.—The Dominion Government has decided not to disallow the several acts passed by the Ontario Legislature in the session of 1907, which have been called into question. The fact of non-disallowance is due to the desire of the Minister of Justice and his colleagues to interfere as little as possible with Provincial rights in the matter of legislation.

Wholly Inoperative.

In the matter of the Hendrie railway and public utilities act, the Minister of Justice points out that the act is wholly inoperative and harmless, and since it can be so easily amended that any attempt to act under its provisions would be made, and if made, would be promptly set at naught by the courts, no further notice of it need be taken.

The Cobalt Lake Case. In forwarding his recommendation with respect to the Cobalt Lake Mining Company act, Mr. Aylesworth notes that applications for its disallowance were made by Henry Dreany, who claimed a prior discovery and location of mining rights in the bed of the lake in July, 1905, and by the Florence Mining Company, whose claim was based on discovery, on March 8, 1906.

Other authorities along similar lines are quoted. "These authorities," he follows, "says Mr. Aylesworth, 'would doubtless require the disallowance of the present act, but during later years different views have prevailed, and in many cases applications for disallowance upon the ground of undue interference with vested rights have been refused for the reason that it is contrary to the true intent and spirit of the British North America Act that such power is not exercised in flagrant violation of private rights and natural justice, etc.'"

Not Concerned With Policy. "The Hon. David Mills, when Minister of Justice, had occasion to report upon an Ontario statute, Chapter VII, chapter 21, as to which a petition had been submitted seeking disallowance for the reason among others that the act impaired or interfered with an existing contract. The Minister stated: 'The undersigned conceives that your Excellency's Government is not concerned with the policy of this measure. It is no doubt ultra vires of the Legislature, and it is not unfair or unjust or contrary to the principles which ought to govern in dealing with private rights, the constitutional recourse is to the Legislature, and the act of the Legislature will be ultimately upheld by the people. The undersigned does not consider, therefore, that your Excellency ought to exercise the power of disallowance in such cases.'"

The Principle at Issue. Hon. Mr. Aylesworth shares the views expressed by Mr. Mills and Mr. Fitzpatrick. In his opinion it is not intended by the British North America Act that the power of disallowance shall be exercised for the purpose of annulling provincial legislation, even though the Federal Ministers consider the legislation unjust or oppressive or in conflict with recognized legal principles, so long as such legislation is within the power of the Provincial Legislature to enact. His memorandum to Council continues: 'The undersigned is of the opinion that where an act is of a merely domestic or local character and does not affect any matter of Dominion in-

terest, your Excellency's Government ought not to review the policy or propriety of the measure which is exclusively a matter of provincial concern, and he accepts the general view that it is not the office or right of the Dominion Government to sit in judgment considering the justice or honesty of any act of the Provincial Legislature which deals solely with property or civil rights within the Province.

"The undersigned observes that in Sir John Macdonald's report of June 8, 1868, submitted for the purpose of setting the course to be pursued with respect to acts passed by the Provincial Legislatures, only four cases are stated as proper subjects for consideration with a view to disallowance, namely, acts which the Minister may consider: "1. As being altogether illegal or unconstitutional. "2. As illegal or unconstitutional in part. "3. In cases of concurrent jurisdiction as clashing with the legislation of the general Parliament. "4. As affecting the interests of the Dominion of Canada.

Disapproval, But Not Disallowance. "The legislation in question, even though confiscation of property without compensation and so an abuse of legislative power, does not fall within any of the aforesaid enumerations. For these reasons the undersigned, although compelled to report to your Excellency strong disapproval of the policy of the statute, recommends that it be not disallowed, but be left to such operations as may lawfully be given to it."

The Public Utilities Bill. In respect to Colonel Hendrie's measure designed to keep railway and other public utility corporations within Provincial jurisdiction, Mr. Aylesworth says, after briefly reviewing the main provisions of the act and noting the definition of "public utility" contained therein, that by section 91, paragraph 29, of the British North America Act, the exclusive legislative authority of the Parliament of Canada is declared to extend to such classes of subjects as are expressly excepted in the classes coming exclusively within the jurisdiction of the Legislatures. Among these exceptions are such local works as "although wholly situated within the Province, are before or after their execution declared by the Parliament of Canada to be for the general advantage of Canada or for the advantage of two or more Provinces."

The Power of Parliament. Mr. Aylesworth continues: "It is plain, therefore, that local works such as are by the said Chap. 37 included in the expression 'public utility' fall within the exclusive legislative authority of the Parliament of Canada if and when declared by Parliament to be for the general advantage of Canada. The Parliament of Canada has the sole right to make this declaration, and is the sole judge of the circumstances which justify it. The statute now in question is an attempt to control or affect by Provincial authority the exercise of these exclusive powers of the Dominion Parliament, and is, therefore, plainly incompetent. The statute purports to have no other object than to assert Provincial legislative authority over a subject which is within the exclusive jurisdiction of the Parliament of Canada.

"The B. N. A. Act has in terms assigned to the Dominion Parliament the uncontrolled discretion to determine what works are, for the general advantage of Canada, by the statute in question the Legislature of Ontario assumes to confer upon the Government of that Province the power to substitute this discretion in the premises and to destroy any Ontario company with regard to which Parliament may see fit to make such declaration.

A Basis of Action. "It might be well that Parliament would be influenced in executing its power to declare the undertaking of a company a work for the general advantage of Canada by reason of the company possessing powers, rights, privileges and franchises conferred upon it by letters patent, or by a general or special act of Ontario, or by reason of municipal by-laws or agreements with a municipality, and it is impossible to suppose that such a company could be struck down by the Legislature of Ontario as if these undertakings and works had been expressly enumerated in section 91.

The Courts Have Power. "Accordingly, if it were possible that the Provincial statute in question could ever be of any effect, action could never be taken under it by the Lieutenant-Governor in Council till after the company to be struck down had been completely withdrawn from Provincial jurisdiction. Necessarily such action then would be wholly inoperative, and the enactment is, therefore, the mereat brutum fulmen. It can scarcely be imagined that any attempt to suspend its provisions would ever be made, and it is very certain that such attempts, if ever made, would be set at naught by the courts.

It is further pointed out that in any event Parliament could at once repeal and confirm in each case the very provisions of the Provincial Government by order in Council had declared were to cease.

"The legislation is so plainly ineffective and harmless," he concludes, "that it does not, in the opinion of the undersigned, call for any action by your Excellency or for further notice."

Secrets. I'd like to tell you everything That happens where I am; I want to lead an open life, And show forms of abasement, But there are things I must not tell In doing it I'd stammer. For instance, what Dad said the day His thumb nail felt the hammer.

There is a secret I must keep, In fact I couldn't print it; It would not even do with dots, And dashes just to let the beat, I cannot tell what father said, You would not understand, The morning that the ice hid Fell down and smashed his head.

I've told you all about the time That father rode the goat, The way he tried to curve a duck, To tell you I don't dare He swore—the air was black— The night he left the dowry couch And stepped upon a tack.

Kind friends you must imagine now Some things that have occurred, A secret that I can't divulge, Defy the printed word. What father said is now at hand, To tell you I don't dare He swore—the air was black— The night he left the dowry couch And stepped upon a tack.

AMONG THE JEWS News Notes About Them From All Over the World.

The excesses of the Kaimakum of Jaifa have received prompt punishment. The report that the guilty Kaimakum has been dismissed has been confirmed. Last week the Chacham Bashi received from the Sultan the official intimation of the dismissal. At the same time the Sultan conveyed his greetings to the Jews and expressed his sympathy with them.

The Queen of Holland has conferred the rank of the Commander of the Order of Orange Nassau on Mr. F. S. Van Nierop, of Amsterdam, chairman of the Royal Commission of Inquiry into municipal finances.

Last week a Consumptive Hospital for Children was opened by the Queen-Mother at Kstvyk-on-Sea, Holland. The hospital is endowed through the munificent generosity of Herr A. S. Van den Bergh, of Rotterdam (who contributed the sum of £18,000), and is replete with every modern scientific appliance.

An unidentified Jew died the other day in St. Petersburg. In his room was found the enormous sum of two hundred thousand rubles. The money, as his heirs are unknown, was declared to be the property of the city of St. Petersburg.

Joseph C. Cowen, one of the most prominent Zionists in England, and one of the directors of the Jewish Colonial Trust, has arrived in New York, and will address a number of meetings on topics pertaining to his work in connection with the Zionist movement and other Jewish interests.

A touching appeal is being made to save the family of the late Jehuda Steinberg, the Hebrew author, from starvation. The appeal is printed in Hebrew and is signed by Prof. Solomon Schechter and other notables.

Through the efforts of Maurice Weidenthal, editor of the 'Jewish Independent,' the obnoxious caricatures of the Jew on the stage have been driven away from the theatres of Cleveland.

Another Jew has obtained promotion on the bench in Bavaria, which is continually giving proofs that it is one of the most liberal of the German States. Dr. Theodore Engelmann has been appointed Councillor of the Supreme Court; he has hitherto held the important post of Chief Crown Attorney.

The Municipality of Nuremberg is displaying warm interest in a movement for the establishment of a Jewish Orphan Asylum in that town, and has offered generous concessions to the promoters.

It is stated that the late Professor Gustav Oppert has bequeathed to the Lehranstalt fur die Wissenschaft des Judentums in Berlin, the sum of 300,000 marks for the creation of a chair of Semitic languages.

# WHAT IS GOING ON TO-DAY IN THE WORLD OF SPORT.

## LEAGUE MEETING HERE TO-MORROW.

### A New Schedule For the International to be Arranged.

#### Red River Won the Pankok Stakes at Jamaica—Roseben Stopped to Nothing.

A meeting of the officers of the International Baseball League will be held here to-morrow afternoon, at the Royal hotel, to revise the schedule. A good many changes will be made in the season's card. The games scheduled to be played here during race week will be transferred, and the Tigers will play away from home while the talent is playing the ponies. Another change will be made to accommodate the Police Athletic Association, which desires to hold games at Britannia Park on Wednesday, Aug. 5, or 12. Two holiday days will be changed, so there will be no conflict between the Hamilton lacrosse team and the Tigers. Manager Paige has shown a very good spirit in the matter of arranging dates, and his liberality will no doubt be appreciated. Work at Britannia Park is progressing satisfactorily.

#### McGANN AND M'GRAV FIGHT.

Boston, April 30.—Dan McGann, the old Toronto first baseman and now of the Boston Nationals, and his former manager, John M'Grav, of the Giants, fought twice last night.

At the finish of yesterday's game, when McGann went to bat and hit into a double play, M'Grav made some remark about McGann being an ice wagon, which got to the ears of the player.

McGann is stopping at the same hotel where the Giants are also housed, and during the evening walked impatiently up and down the hotel corridor waiting for M'Grav to return from the theatre. M'Grav came in with Mathewson and went to the billiard room for a game. McGann followed him, and in spite of Mathewson's intervention struck at M'Grav. Hats were knocked off and there was a clash, but no damage was done except to McGann's Kentucky blood. The scrap broke up the billiard game after the players separated the combatants.

McGann went upstairs and was soon followed by McGann, who went over to where he was sitting and made a vicious pass at the Giants' manager. M'Grav expected something was coming his way and ducked in time to get a blow on his shoulder. He was up in a flash, and the pair clinched again, but some of the players interceded before any blood was spilled.

McGann left the hotel by order of the management. McGann was not renewed. NO EASTERN GAMES.

Only two games were scheduled in the Eastern League yesterday, and these were postponed on account of rain. To-day the visiting teams make another fight, Toronto going to Baltimore for four games, then after four at Newark the champions get home to open the season on May 12 on the new island diamond.

#### MONTREAL GETS JONES.

Detroit, Mich., May 1.—Bumpus Jones, the Tiger Colt, has been ordered to go to Montreal, where he will pitch for Jimmy Casey's club. This is the first sign of the general axe-swinging that is to be expected once the Tigers round to form. Jennings has decided to keep seven pitchers until July 1, and just who they will be is not certain.

## RED RIVER WON.

### Roseben Beaten Again Yesterday at Jamaica.

New York, May 1.—Red River, third choice in the betting, easily won the Pankok Handicap at the Jamaica course yesterday, running the six furlongs in the fastest time of the meeting, 1:12 3/4. Roseben was made a hot favorite for this race at 8 to 5, but the big

horse did not have any speed, and stopped to almost a walk in the stretch. Red River went to the front at the start and led by one length to the stretch, where Dugan let him down and drawing away, he won easily by two lengths. Restigouche closed strongly and was second, half a length before Rialto. Dugan rode three winners.

Patriot, in the third race, fell, and Joekey Sumter was severely injured. He was removed to a hospital in an unconscious condition.

#### AT THE WOODBINE.

Toronto, May 1.—Shimomese, one of the Valley Farm stable's King's Plate candidates, worked three-quarters in 1:21 3/4. This filly is by Martimas, out of Lyddite, who won this classic race with odds of 20 to 1 against her in the winter of 1907. Shimomese has been entered in several important stakes, which is evidence of the stable's opinion of this filly's class.

Lawyer Miller and Ching Hare, the Orpen Stable's two-year-olds, were worked an eighth in eleven seconds.

Trainer Barry Littlefield was at the track yesterday and inspected the Seagram stables. The Waterloo string, according to the present programme, will be shipped to the Woodbine next Wednesday.

#### WEIGHTS FOR THE HANDICAP.

## OLYMPIC TRIALS.

Dates of Sanctioned Meets Announced by C. A. A. U.

Toronto, May 1.—Secretary W. H. Crow, of the Canadian Amateur Athletic Union has secured work from the several provinces, under the C. A. A. U. jurisdiction, naming the dates for their Olympic trials. The Western men will all work on the same day—May 16—in the three centres, and will be ready

to speak in the Globe regarding the annual meeting of the Amateur Athletic Federation at Montreal, Francis Nelson says.

I don't find anything in the report about the silly and impertinent "suspension" of the Hamilton Y. M. C. A. baseball team at the invitation of Mr. Sullivan, of the Hamilton Y. M. C. A. recognizing the authority of neither A. J. Sullivan nor the monstrosity. Perhaps the mysterious "authority" that accomplished this remarkable feat of athletic government now realizes its absurdity, and has sense enough to be ashamed of it.

By Cobb, the best Detroit outfielder, attributes his decline in hitting to the loss of a bat. He placed great confidence in that stick. The pet bat was stolen at Detroit, and club officials are now on the tracks of the youthful pilferer. Cobb will be a happy lad again if the prize bludgeon is returned to his safe-keeping. He is now hitting .289. Little McConnell, the former Providence second baseman, leads the American League with over 400. Hans Wagner is batting only .222 for Pittsburgh.

New York Telegraph: Mr. R. J. Mackenzie, of Winnipeg, was one of the spectators of the Excelsior Handicap yesterday. Mr. Mackenzie is the Canadian who bought Tourenne a year ago last fall from Fiederick Forsythe, the \$10,000. He came to New York to see his father off for Europe, and yesterday he visited the stable of Trainer Whyte at Belmont Park. The horses of the Mackenzie stable did not arrive from Washington until yesterday. They are in first-class condition, and Tourenne may be expected to start at Belmont Park. Mr. Mackenzie is very much of an enthusiast for racing, and it is more than probable that he will get together a first-class stable in a year or two.

Pall Mall Gazette: Macaulay tells us that bull-baiting was suppressed in this country not so much because of the cruelty it involved, as because it afforded amusement for the populace. One is at times inclined to feel that the reformers of the present day are imbued by the same spirit of intolerance. Even the most ardent supporters of the Turf are prepared to admit that some people

early for the final trials in Toronto and Montreal the first week in August.

The dates include all the provinces. The events at Halifax will be the trials for all the Maritime Provinces. St. John's, N. B., was billed for a meet, but New Brunswick will throw in their lot with the Nova Scotia at Halifax. The list of meets is: May 16—British Columbia at Vancouver. May 16—Alberta at Calgary. May 16—Manitoba at Winnipeg. May 27 and 28—Ontario at Toronto. May 30—Maritime Provinces at Halifax.

June 6—Final meets of winners at Toronto and Montreal. The trial regatta will in all likelihood be held at St. Catharines on Friday and, if necessary, Saturday, June 26 and 27. There seems to be some misunderstanding with regard to the objects of the athletic carnival which is to be given at the Alexandra rink next Monday night. The Canadian Olympic Committee, who are to pay the expenses of the athletes who go to London to represent Canada at the big world's championship games there in July, must raise about \$40,000 to meet those expenses. The Dominion Government has contributed \$15,000, the Ontario Government \$2,000, and the rest must be raised by the cities who are sending representatives. This city will likely be represented by two of the best athletes on the team, and possibly more. It is up to Hamilton to contribute its share and the committee of representative business men who have taken up the matter is sufficient proof of the interest being taken in the affair and the desire to keep Hamilton's end up.

The prizes have been placed at fifty cents and a dollar, and the reserved seats on the latter ticket can now be secured at Northcote's. There has been a splendid sale of these, and the fund will likely be a good one. Longboat will positively be here, and will run, and Mike Creed and Bob Stamp will have their first meeting. One of these men will go to London, sure, and the first time that a line can be got on them will be at their meeting on Monday night. Creed is leery of Stamp's ability, and Stamp has been very anxious to meet him, but is disappointed from Ireland for the I. C. A. C. of Toronto, and it will be a big disappointment to Toronto if Stamp beats him. Those who have seen Stamp jump say he is surely well.

#### HELP THE MEN, SAYS SPORT.

Sporting Editor Times.—The athletic meeting in the Alexandra rink on Monday evening should be patronized by all lovers of clean sport, the object is to provide funds to assist in giving Kerr and Coley an extra two weeks' training in England, prior to their contests. The Olympic Games Committee is composed of representative men who should be well backed up. They cannot come to every one to buy tickets, but those missed can secure tickets at Northcote's. Hamilton's reputation is at stake, so I trust to see the rink crowded. The time to help our athletes is now, not when they come home at night, how they will, victorious. Pleased to see the strong support given by the press.

#### Week End Trips

Are always looked forward to by people who wish to take a little outing after their week's work is over. Commencing May 2, the Grand Trunk Railway System will again issue tickets at single first class fare with ten cents added to a number of points in Ontario, good going Saturday or Sunday, returning on any train Monday. Full information at city or depot office. Chas. E. Morgan or W. G. Webster.

## SOME SNAPSHOTS AT SPORTS AND SPORTSMEN

who attach themselves to it are foolish enough to get out of their depths, and suffer accordingly, but if they are sufficient to warrant the suppression of racing and betting we shall have to remodel the whole scheme of civilization, because precisely the same argument can be urged against very many of our institutions. Racing is not only a great sport; it is the foundation of a great industry—that of horse-breeding.

Pittsburg is preparing to spring a novelty at the baseball grounds which will do away with hanging out of the sign "Get Grounds." They are having made a tarpaulin measuring 100 square yards, which will cover the entire playing field. Before and after a game, particularly in threatening weather, the tarpaulin will be laid on the ground.

The cricket season opened in England on Monday last week, the most important match being Surrey vs. Gentlemen at the Oval, the veteran Dr. Grace appearing for the picked team. It was twice during a stay of an hour and a half did the contest lie in a死. Still, although he only scored 15, he showed that time has not yet robbed him of his defence. In first he was out fourth, the total when he left standing at 73. Basher bowled him, the new Surrey cricketer's first strike in a good match being thus a distinguished one. As Basher scored 52 and took three wicket, his first appearance was a decided success. He is a right-handed bowler and rather fast.

Considerable dissatisfaction is being expressed by trap shooters of western Canada in regard to the arrangements that have been made for the picking of the clay bird team that will represent Canada at the Olympic sports. As it is now, one of the local gun clubs of Toronto, the Parkdale, are about to hold a tournament on their grounds to decide who the twelve men will be who are to represent all Canada. It is understood the Fort Garry Gun Club of Winnipeg have taken the matter up with the Olympic committee and it is hoped that a tournament can be arranged for at some point west of the great lakes to decide at least a small portion of the representation.

## BARTL DEFEATED THE BIG RUSSIAN.

### Bob Mongoff Failed to Down "Acton's Unknown" and Was Hurt.

Fred Bartl, "the demon" wrestler, has bobbed up in Quincy, Ill. The Wednesday issue of the Whig, of that city, says:

After having lost the first fall in 40 minutes and 28 seconds to Bob Mongoff, the big "Russian Strangler," Fred Bartl, the speedy little middleweight wrestler, came back at his huge opponent and put him to the mat in jig time, the second fall taking but 10 minutes and 17 seconds, with Bartl the aggressor all the way. At the close of the match, which was a handicap, the Russian agreeing to throw him twice in one hour, Bartl addressed the audience, stating that he would wrestle Mongoff in a straight match any time, best two out of three, no time limit, and he intimated that the Russian had nerve to give him a handicap, for he felt that he was the better wrestler of the two in a straight match. Mongoff had nothing to say to the audience, but he claimed that he was unable to wrestle his best, owing to an injury he received early in the match, which made it almost impossible for him to continue.

The first fall had been in progress for about a half hour when Mongoff, his features distorted with pain, asked the referee for time to rest, but the referee had no power to stop the match on the request of one of the contestants. The big man appeared to be in Bartl's power but presented his opponent from punning him down. In the meantime he begged piteously for a cessation of the match for a moment, stating that he was injured. With Bartl's permission the match was stopped, and Mongoff said one of his ribs had been broken. The referee was not satisfied and called a physician, who failed to find any fracture, but said that the man was suffering either from a torn ligament attached to one of the ribs or an internal injury. He did all that could possibly be done and the Russian agreed to continue the match. Bartl was generous and allowed him the time that was taken out, although he could have insisted that the time be counted as wrestling time. In fact, he was not compelled to stop the match at all.

## JUDGING AT THE HORSE SHOW YESTERDAY.

### Mr. E. L. Wilkes, of Galt, Won King Edward Gold Cup.

Toronto, May 1.—April showers and a raw wind kept some of the ladies absent from the boxes at the second day of the Horse Show here yesterday. Despite climatic conditions, there was, however, a good audience, and the greatest interest was evinced in the horses, more especially those of the hunting and saddle classes. His Honor Sir William Mortimer Clark was present during the evening, but there was a marked falling off in the attendance of those of the fair sex.

Tandems, hunters, saddle horses, trotters, single cyddesales, peacers and ponies were brought out before the judges. The most excitement naturally centred with the jumpers, six of which under the "qualified heavyweights" jumped in the afternoon, while twenty others were put over a six-jump test in the evening. The horses cleared the little green strip neatly in practically every case, and there were no mishaps to riders. One big New York animal cleared very hurdle by a generous margin, and by his general behavior won applause from everyone. To the skilled men with the note books in the centre of the tan park he apparently had not the necessary points, and came away with a white ribbon only.

Following are the results of the judging yesterday afternoon and last night: Pairs, horses, not exceeding 15.2-1, Fairheart and Truck, Crow & Murray, Toronto; 2, Crediton & Crediton, Geo. Pepper, Toronto; 3, Duchess of Marlborough and Lady Brilliant, Dr. W. A. Young, Toronto; 4, Derby Day Dream and Derby Vision, A. Yeager, Simcoe. Pacers, not exceeding 15.2-1, Bertha, P. Maher, Toronto; 2, Paige Oyster, A. Wales, Toronto; 3, Prince E., L. B. Paisley. Saddle horses, not exceeding 15.2-1, Sunray, Miss Marjory Clouston, Montreal; 2, High Honor, H. B. White, Keswick; 3, Gay Lady, A. Yeager, Simcoe; 4, McDonald, Geo. Pepper, Toronto. Amateur pairs, Victoria or Brougham—1, Lord Ennis and Lord Clare, Ennisclare Stables, Toronto; 2, Duchess of Marlborough and Lady Brilliant, W. A. Young, M. D., Toronto.

#### AMATEUR TANDEMS.—1, Duchess of Marlborough and Lord Kitchener, W. A. Young, M. D., Toronto.

Hunters—over six jumps—1, Lord Minto, Geo. Pepper, Toronto; 2, The Wasp, Crow & Murray, Toronto; 3, Chancellor, E. H. Weatherbee, New York; 4, Kenebec, Hon. Adam Beck, London.

## QUAKERS' TRIP.

Games to be Played in England by Philadelphia Cricketers. The visit of the Philadelphians to England this summer is being looked forward to with great interest in the old country. They have decided to sail from New York on the steamship Umbria on June 29, and will probably reach London on the 27th or 28th. The Quakers have arranged to practice on the London county cricket ground at the Crystal Palace from June 29 to July 6. Mr. Laezy has arranged a good programme for them, and the tour will commence with a match against South Wales at Cardiff on July 6. They will play Worcestershire, Hampshire, Middlesex,

arrangements have not been concluded, but it is expected the Ottawas will play McGill on May 23, and stay over for a match against Montreal May 25, Victoria Day. Four games will be played against McGill during the season, and two against Montreal. A series of six games will be arranged with the Civil Service Club, three on Parliament Hill and three on the Ottawa grounds at Rideau Hall. The complete schedule of games, however, will be arranged in a few days. The Ottawa eleven will be one of the best this season that has ever represented the capital. H. J. Haygate, the former Sussex player, who was with Montreal last year, will be one of the mainstays of the team. Mike Bristol says he will not have time to devote himself to cricket, but it is likely he will be persuaded to play in the important matches.

#### ANOTHER MEETING.

Another meeting of the English Association Cricket Club will be held in the A. O. U. W. Hall to-morrow evening at 8.30, to complete organization. All persons desiring to join are invited to attend.

#### CONKLE LOST ON A FOUL.

Buffalo, May 1.—At a local theatre last night there was another bout between Charles Conkles and Charles Taylor. The bout was fierce and at six minutes the referee gave the match to Taylor, on account of a foul by Conkles.

## SHORT ENDS.

Little Paragraphs of Sport From Far and Near. New York, May 1.—Lucien Retelle, the French amateur pool champion, was defeated last night by Chas. F. Coaklin, a former national champion, 400 to 341. Dublin, May 1.—In a game contest held here yesterday afternoon Bill Squares, of Australia, knocked out Jim Roche, the former champion of the fourth round. The purse was \$1,575, and there was a side bet of \$1,000.

London, April 30.—Managers Morgan and Morley, respectively for George Hackenschmidt and Frank Gotch, met representatives to-day of the syndicate offering \$10,000 for a fresh match between the two athletes. The championship of England or France on a date yet to be fixed. Articles were drawn up, signed by Hackenschmidt and mailed to Gotch, who has expressed his willingness for a match.

London, April 30.—In the semi-final singles for the coveted court tennis championships, now in progress at the Queen's Club here, the former champion, A. W. Gore, proved too strong for C. P. Dodge, of Colorado Springs, and defeated the American player by three games to nothing. The score was 6-3, 6-2, 6-4.

Lexington, April 30.—Because a heavy snow which fell early to-day made the track unfit for use, to-day's races here were declared off.

## CYCLISTS ON THE FIRING LINE.

Much has been written concerning the use of the bicycle in warfare, and many tests have been made on this subject, both in this country and abroad. But in the main the effort has been toward the use of the wheel as an auxiliary, and not as a part of the equipment of the man on the firing line. The wheel mounted soldier has been considered as a scout or a messenger, or in some other capacity in which horsemen of a general mounted service might be used. An entirely different view point will be employed in the English autumn manoeuvres, for a body of volunteer cyclists will be pitted against regular troops. This will show actually how valuable a cyclist can be on the battlefield.

## ASQUITH'S POLICY.

British Premier's Platform Includes Home Rule. London, April 30.—In the House of Commons in the afternoon, Premier Asquith gave a somewhat roundabout, although practically complete, adhesion to the home rule pledges given by Winston Spencer Churchill during the recent electoral campaign at Manchester. The subject was brought up by Walter Long, Conservative, who asked the Premier if Mr. Churchill's pledges had his sanction and authority, and if so, whether he would give the House an opportunity of discussing this change in the Government's policy. Mr. Asquith replied: "There has been no change in the policy of the Government, which was fully explained by the Chief Secretary for Ireland and myself in this House on March 30. I did not authorize Mr. Churchill to make, and I am satisfied that he has not made, any statements inconsistent with previous declarations of the Government. He did not say anything which I have not said expressly or by plain implication in my speech, and therefore he would give represent what I said."

## SPRING STYLES.

## John F. Shea 25 KING EAST

Historic Houses of London—Somerset House. In 1550 the space now covered by Somerset House was cleared by the Protector Somerset for the erection of a palace. To obtain the necessary space at least 20 religious buildings were demolished. But before the building was completed the Protector was beheaded and the property reverted to the crown.

Hereafter Somerset House became a royal residence, both the Charles assigning the house to their respective wives. In later years it seems to have been converted into a sort of Hampton Court, where favorites were given apartments. But the Somerset House here spoken of is not the same building as stands to-day. The original palace of the Protector was pulled down about the year 1710, and the present house erected in its place. The architect was Sir William Chambers. One the grandest features of the building is the terrace towards the river, which was a copy of the built by the brothers Adam in 1758 for the Adigh.

Few houses have entertained a greater number of famous people here. Walpole, Hamilton, and West, all spent many hours; Wilkie, Flaxman, and Chantrey knew it well; and here Sir Joshua Reynolds delivered some of his finest discourses to the students of the Royal Academy; and last, but not least, Nelson himself has many a time stood the cobbler court yards for a copy of the Admiralty office were at Somerset House.

golfer (who rather fancies himself)—I suppose you've been round the links with worse players than me, eh? (The caddy takes no notice.) Golfer (in his loudest voice)—I say, I suppose you've been round the links with worse players than me, eh? Caddy—I heard verra weel what ye said. I'm jist thinking about it.

JUDGE ON FIREARMS. Think There Should be Law on the Subject.

Mike Arome, charged with shooting at Frontale station, on the Radial, was before Judge Snider this morning. Through Budimir Frolich, the interpreter, Arome declined to elect on the two charges against him—shooting with intent to kill James Young, a conductor, and shooting at a passenger vehicle, with intent to do bodily harm.

Judge Snider, speaking to Sheriff Middleton, after Arome had been taken away, said there should be a law prohibiting foreigners and young men from buying any dangerous weapons from second-hand dealers and pawn brokers. Often a foreigner with some money in his pocket will stroll past these places, and seeing such articles in the window, will go in, and the first time he is drunk he will likely do some damage with the weapon.

HOUSER CAME BACK. Missing For Two Years But Has Just Returned.

Market Constable Nichol announced today that the Cooley case reminded him of the mysterious disappearance nearly two years ago of John P. Houser, who worked for a farmer in Bartonville. Houser is well connected in the old land and had a lot of money in a Hamilton bank. He left on a visit to Toronto on a holiday, and dropped out of sight as though the ground had swallowed him. Considerable alarm was felt because it was feared he had been murdered. The Toronto police conducted a rigorous search for weeks without avail. One day, this spring Houser returned to Hamilton, and is now employed in the fruit district. The only reason he gave for his disappearance was that he was seized with a desire to travel, and had wandered around the States.
