CARD

To Northumberland County Electors

Having been chosen at the Convention of the Conservative party as their Candidate to contest the county in the coming by-election, I am now an applicant for your votes and support. I am aware that I am quite unknown to many of you, as it is my first attempt into higher politics, but it is my hope to personally visit every parish in the county and to meet all the people.

The issues as they effect you and me are of great importance and until we meet, be assured that your interests are my interests and our common goal is the welfare of Canada and the Maritimes.

Respectfully yours,

C. P. HICKEY

LOCAL TENNIS CLUB DEFEATED MONCTON C. N. R. CLUB

Last Saturday afternoon the Moncton C.N.R. Tennis Club motored to Newcastle to play a friendly tennis tournament with the local club on the courts here. The final score resulted in a victory for the locals 12 to 7. A most enjoyable afternoon was spent by the members of both clubs and after the game the visitors were entertained to a Bean Supper at a local cafeteria. A return match will be played in Moncton on Saturday.

The results of the several matches were as follows:—

ARRESTS MADE AND PROPERTY RECOVERED

Last Thursday morning a large quantity of smelt net webbing and nets were stolen from Mr. T.W. Crocker, valued at about \$750. An automobile, which was disabled was found on the road, near Mr. William Corbett's residence and in it was found parts of the nets, which necessarily had to be transferred to another car, by those who were making their get-away. With this clue, the police officers got busy and arrested under suspicion, Bert Miller of Newcastle and a man named Frank Barry of Barryville. Continuing their search for information, they ascertained that a young man named Arch Russell of Lower Newcastle had been with the two men already arrested on the night preceding the theft. When apprehended, Russell disclaimed all knowledge of the theft, but later divulged the truth and told the whole story as well as pointing out the place in the woods, where the stolen goods had been hidden. The stolen property was located in the woods adjoining Oak Point and brought to Newcastle and the preliminary examination will be held this week.

The arrest of a Newcastle man named Travis was made yesterday by Deputy Sheriff Déran at Chatham Head, near Fraser's Mill in connection with the theft of nets from T.W. Crocker. When arrested Travis was repairing an automobile in a field and was brought to Newcastle and lodged in jail. The preliminary hearing will be held Wednesday morning.

MERCHANTS WILL MEET IN MONCTON

Arrangements have been made by the Retail Merchant's Association of Moncton for the convention of the retail merchants to be held there on September 24th and 25th. There will be a banquet at the Brunswick on the evening of the first day at which prominent speakers are expected to be present.

Mr. J.A. Banfield of Winnipeg, President of the Dominion Board will attend the convention as well as E.M. Trowern, the Dominion Secretary and Mr. LaPointe Secretary of the Quebec Branch.

W.H. Teed, won by the latter 6-3; 9-7.

Miss Keating and Mr. Nickerson vs. Miss J. Robinson and Mr. W. Nicholson, won by the former 1-6 6-4; 6-2.

POLITICAL MEETING AT MILLERTON TONIGHT

The opening guns of C.P. Hickey candidate of the Conservative Party in the coming Northumberland County bye election will be fired to night at Millerton when a public meeting will be held in that thriving town. The speakers will be C.P. Hickey, the candidate; Wally Watling of Chatham and Mayor D.S. Creaghan of Newcastle.

HILLSBORO WINS RIGHT TO PLAY-OFF

In a regular league fixture of the New Brunswick series between Chatham and Hillsboro, Thursday Hillsboro won 8-4.

With their 8 to 4 win over the Chatham nine at Hillsboro and the decision of the M.P.B.A.A.U. of C. to award the protested Hillsboro Chatham game to Hillsboro, the latter are now winners of their section of the provincial play-off series.

As this makes two wins for Hillsboro it places them in the running for the final games with the Portlands at St. John which will take place in the near future.

Blight on the mound for Hillsboro had sixteen strikeouts, and Evans stopped a rally by catching a high one at short. Briggs pitched for Chatham during the first half but was batted freely and was replaced by Veno.

The line-up was as follows:

	Chatham	Hillsboro
ss	Currie	Evans
1b	Mills	Irving
2b	Hanley	Wright
3b	Veno	Blight
cf	Ross	Dawson
1b	Dalton	Steeves

N. B. WORKMEN MUST BE VACCINATED

Extract from Minutes of Meeting of the N.B. Lumbermen's Association held at Bathurst, N.B. July 30th 1924.

"Under the head of new business, the question of small-pox was brought up by Mr. Donald Fraser and after considerable discussion the following resolution was moved by Mr. Donald Fraser, seconded by Mr. Harry O'Leary and carried unanimously:

"WHEREAS by Act of the New Brunswick Legislature the employer who engages men who have not been vaccinated, is responsible for the expense incurred by the Health Department should a case of small pox occur in the camp or boarding house through the unvaccinated person:

"THEREFORE RESOLVED that the members of the New Brunswick Lumbermen's Association will in future insist on all persons applying for work as above, to produce their vaccination certificate and that, by way of notice this action be made public through the press and also that each employer take this matter up with the clergy in his own diocese and request that they explain the situation to their congregations and bespeak their co-operation."

WEDDINGS

BURK-WHYTE

A quiet but pretty wedding was solemnized at the home of Mr. and Mrs. Whyte, Daaktown, on Wednesday September 3rd, when their daughter, Annie Alice, was united in marriage to Mr. Phillip

Courtland Burr of Boston, Mass., by the Rev. J.A. Cooper of Bathurst. The ceremony took place at noon. The bride was given away in marriage by her father and wore a gown of white Duchesse satin with crystal trimming and white hat. She carried a shower

bouquet of bridal roses and sweet peas. Immediately after the ceremony a dainty luncheon was served after which the happy couple left by auto for a trip through the province. They will then proceed to Boston, Mass. where they will reside.

A Health Order

New Zealand health authorities, particularly in Auckland are co-operating in the distribution of chocolate, encouraging its wider use as a health giving food.

207 drug stores out of a possible 217 in Montreal ordered Moir's Chocolates, (many of them for the first time) some months ago. Since then all have re-ordered and are becoming regular customers.

REGULATIONS OF UNITED STATES

By a legislative enactment of the United States Senate passed July 1st it has become necessary for foreign students in United States schools and hospitals to obtain a so-called immigration visa. This visa states each applicant must appear in person at an U.S. consular office. Photographs, birth certificate; certificate of health and a letter of identification must be at hand. The immigration visa fee is \$10 in American gold or paper and \$10.40 in Canadian currency. The applicant must state to what school or training hospital he or she intends to go. The Senate, by the same act passed a list of approved schools and training hospitals for foreign students. In this list are some 150 training hospitals and schools; a foreign student can not obtain his immigration visa unless his school is on this list of approved schools or is placed on the list by the senate. Any foreigner attending an American school without this visa is liable to penalty.

F. C. Johnson, U.S. vice-consul states that the probable aim of this act is to prevent the overburdening of small schools with immigrant students. Moreover many foreign students enter the United States to study and getting out of funds throw themselves on the United States Government.

The student immigration visa has the following clause: "The applicant will present documents showing that he or she has sufficient means of support. Students are not permitted to work in order to pay for their tuition. All their time must be given to study."

This act will be of great interest to Newcastle people. A great many young ladies leave this town every year to study nursing. The fact that they can go only to certain schools and the financial clauses may make a great change and perhaps a good one for it may mean that Canadian schools universities and training hospitals will be better attended.

THINKS RICHIBUCTO LEFT OUT IN COLD

Amateur baseball in the province is having trials and tribulations of its own and another team has been heard from, this time the Richibucto amateurs. They stated on Tuesday that they had been angling all season for a game with Chatham, one of the teams now playing for the provincial title, either at Richibucto or Chatham but to date the Chatham management has not answered in the affirmative to their requests for a game. An ardent supporter of the team was in town on Tuesday and said that he did not think Richibucto was being given a fair show by the other northern N.B. amateur teams that is, Newcastle; Loggieville; Chatham and Nelson. At the organization of the league for northern New Brunswick held last June he said, a representative of the Richibucto tossers was present but after much discussion he was informed that the jump from Richibucto to the other towns was too great, it being a distance of some 40 odd miles.

After it had been decided to have Chatham and Hillsboro play off in their section, Richibucto wrote to A.W. Covey and asked to be allowed to enter the series for the provincial title stating that they had defeated Newcastle this year and Chatham last year and they believed that their team was as strong as any in the northern part of the province. They thought that they could repeat their doings of last year and defeat both these teams again. They were informed so the Richibucto enthusiast remarked that the series had been arranged and that it was too late. Their sole wish it appears is to engage Chatham in a game with them to see which is the better of the two teams. They are to play Chatham after the latter is through playing for the N.B. title and Manager W.H. Hannah, of the Richibucto team is ready now to hear from them at any time.

FRUIT TREATMENT FOR CONSTIPATION

Quick and Permanent Relief By Taking "Fruit-a-tives"

What a glorious feeling it is to be well! What a relief to be free of cathartics, salts, laxatives and purgatives that merely aggravate constipation and are so unpleasant to take and so weakening in their effect! What a satisfaction to know that the juices of apples, oranges, figs and prunes will absolutely and permanently relieve constipation. By a certain process, the juices of these fruits can be concentrated and combined with tonics—and it is these intensified fruit juices that correct constipation, relieve headaches and biliousness, and make you well and keep you well.

"Fruit-a-tives" are sold everywhere at 25c. and 50c. a box—or sent postpaid by Fruit-a-tives Limited, Ottawa, Ont.

ALWAYS DO YOUR BEST
"When I was a little boy" said a gentleman one day to a friend with whom he was talking, "I paid a visit to my grandfather. He was an aged man, and wore a black velvet cap and knee breeches with large silver buckles at the knees. When I went to say good bye to him he took me between his knees, kissed me kindly, and laying his hand on my head he said, 'My dear boy I have only one thing to say. Will you try to remember it?' I looked him in the face and said 'I will grandpa. Well he said 'It is this—What you have to do always do the best you can.' This was my grandfather's legacy to me. It was worth more than thousands of gold and silver. I never forgot his words and have always tried to act upon them."—Sel

CLEANING CREAM SEPARATOR
Failure to wash the cream separator or properly results in poorer cream and a cash loss to the producer.

The idea that the separator needs only to be washed once a day and then merely by running cold water through it is a fallacious one and costly to the dairyman. The rinsing of the bowl in this way does not clean it and the milk solids which remain in the separator overnight will sour and ferment. The net result of this is to seed the next run of milk with bacteria thus causing poor keeping quality and undesirable flavors.

Where cream grading is practised this lack of care means a lower grade cream and a smaller cash return to the farmer. Where no grading is practised the farmer pays even a larger premium for his neglect, since all the cream is paid for at a lower price.

Indirectly there is a reduction in per capita consumption of butter due to its poorer quality. This

LIBERALS RETAIN BOTH SEATS IN QUEBEC PROVINCE

Two Liberal candidates were returned in the Federal by-elections held Tuesday in the Quebec province constituencies of Rimouski and the St. Antoine division of Montreal. In the former Major General Sir Eugene Fiset, late Deputy Minister of Defence was elected over his Conservative opponent Elzear Sasseville, advocate; of Rimouski, by a majority which late returns placed around 1900.

In the latter Alderman W.J. Hushton was returned by a majority of approximately 1000 over the Conservative standard bearer, W.M. Birks of Montreal.

Major General Fiset thus occupies the parliamentary seat that was held by his father, J.B.F. Fiset from 1872 to 1878 and again in 1887 and 1896. The seat is traditionally Liberal although it was represented by a Conservative, H. Boulay from 1911 to 1917.

The vacancy which has just been filled by the election of Gen. Fiset was caused by the resignation of the late member, L. D'Anjou who was appointed registrar for the County of Rimouski.

The contest was hard fought and not infrequently national issues were submerged in those that were purely local and personal. General Fiset in the course of his campaign explained his position in the seven year old controversy, regarding war time conscription and disclaimed any responsibility for either the act or the administration of it. His opponents assailed him for presenting himself for election in view of the fact that at the age of 49 he had retired from public service on a pension of \$6000 a year and that he was now offering himself for further service. The broader national issues were presented by many of the government issues, notably by Hon. E. Lapointe who fought hard for the candidate.

In the Metropolitan division, the campaign was conducted with considerable vigor on both sides and both the Prime Minister and the leader of the opposition were heard in support of their candidates. St. Antoine was traditionally Conservative but in the general election of 1921 the constituency went Liberal, returning Hon. W. G. Mitchell.

Mr. Mitchell resigned his seat during the last session of parliament as a protest against the fiscal policy of the government. The contest thus necessitated was held by both parties to be an even test of the popularity of that policy and was accepted as a "referendum" vote by Liberals and Conservatives.

A schism was created in the Conservative ranks by the appearance of two candidates in the field, Lezlie G. Bell and Wm. M. Birks. The breach was healed however by the withdrawal of Mr. Bell and a straight fight ensued with Mr. Highison who had represented the St. Anne's district in the local legislature and who was also an Alderman of the city representing the Liberal party.

SENATOR FOWLER DIED TUESDAY

The death of Lieut. Col. the Hon. Senator Geo. W. Fowler, K.C., which occurred at his residence in Ottawa Tuesday evening after a lengthy illness, will be learned with sorrow and regret throughout New Brunswick in particular and in many other parts of Canada. His passing also removes from the ranks of the Conservative party one of those who some years ago were its aggressive fighters. His eloquence on the platform together with his ready wit and stinging repartee, made the terror of his debating opponents and the delight of his audiences.

The late Senator Fowler was born in Hammonds Vale, King's County, N.B. in 1859 son of Weeden and Harriet (Fowles) Fowler. He was educated at Varley School, St. John, Dalhousie University and graduated from Boston Law School. Called to New Brunswick bar in 1881; elected to N.B. Legislature 1895; elected to House of Commons for King's County 1900; for King's County in 1904; defeated in 1908; re-elected in 1911; appointed to the Senate in 1916.

For many years the late Senator Fowler had been an enthusiastic militia man, retiring from the 8th Hussars with the rank of Captain in 1898. During the great war he raised the 104th Overseas Battalion C.E.F. in 1915 and proceeded with it to England as Commanding Officer; he was appointed O.C. 13th Reserve Batt. in England.

He is survived by his wife, formerly Miss Ethyl G. Wilson daughter of Capt. John Wilson and by two sons.

PRINCE TO HEAR THE LATEST WORLD NEWS

That the Prince of Wales takes a keen interest in the affairs of the world, and particularly the affairs of the Empire is well known. He is always found well-informed on momentous subjects and does not, as many probably think judging from press reports, devote all his time to polo, steeple chasing, golf swimming and dancing and even when he is on a holiday it is essential that he should be kept posted on what is going on in the world. Having this in mind the Canadian National Rys. has among other details of arrangement placed a radio receiving set on the private car Kenfrew which will be occupied by the Prince of Wales during his journey from New London, Conn. north to Montreal and then west to Calgary, Alta. This radio set will not only receive the programmes broadcasted by the stations with which radio fans are so familiar. It will be used also for the reception of news bulletins specially selected as being of interest to His Royal Highness.

These items will be culled from the news of the world and at specified hours and they will be broadcasted from the broadcasting stations of the Canadian National Railways Radio Department. The points from which they are broadcast will depend upon the zone in which the Prince is travelling at the time. When in the Montreal district it will be CNRM that will do the broadcasting. Later CNRT will take it up and then CNRW at Winnipeg. Later CNRC at Calgary will do the heaviest part of the work for arrangements have been made by the Canadian National Railways for the installation of a receiving set at the E.P. ranch. While the Prince is at his ranch which is some distance from any telegraph line, he will be kept posted on the affairs of the day by means of this radio set.

At specified hours of the day the Canadian National Rys., the Calgary Radio Station will broadcast these items, which will include news cabled direct from London. Radio fans will be interested to know that the receiving set to be used will be of the super-heterodyne type with a loud speaker of the same type as that used in San Francisco during the visit of the late President Harding to that city.

CHIEF JUSTICE M'KEOWN FAVORED

F.C. Mears, Ottawa correspondent of the Toronto Globe says of the selection of a successor to Hon. F.B. Carvell as chairman of the Railway Commission: "Unless the policy of the Laurier Government is to be departed from a member of the Bench will again be chosen and at the present time Judge McKeown of New Brunswick appears to lead in favor.

Strong reason for this favor shown to the New Brunswick jurist is that the Crow's Nest Pass freight rate question will be before the board next month, together with other questions such as the long urged equalization of the rates between British Columbia and the Prairie Provinces by the removal of the mountain discriminatory rates and it is understood to be deemed advisable to get a Chairman who would be detached completely from any interest on one side or the other in these controversies.

Another reason is that the service rendered by Mr. Justice McKeown in his inquiry last winter into the allegations of the Home Bank depositors created a highly favorable impression in Government circles here.

SNOWBALL SELECTED BY LIBERAL PARTY AS CANDIDATE

William B. Snowball of Chatham was chosen as the standard bearer of the Liberal party in the by-election to be held in Northumberland county on Oct. 7, at a convention of the county liberal association here Tuesday afternoon. Three names were before the convention W.B. Snowball, a son of the late Hon. J.B. Snowball a former Lieut. Governor of the Province; Chas. J. Morrissy, M.L.A. a son of the late Hon. John Morrissy, M.P. whose death made the by-election necessary and Dr. F.C. McGrath of Newcastle. Dr. McGrath was eliminated on the first ballot and Mr. Snowball took 97 to Mr. Morrissy's 83 votes on the second. On motion of Mr. Morrissy the vote was made unanimous.

Mr. Snowball expressed his hearty support of Premier Veniot and the Provincial Government and urged for unity in the party as the only way of winning the election. Hon. A.B. Copp Secretary of State and John G. Robichaud, M.L.A. Shippegan delivered short addresses. Richard J. Gill, Barnaby Liver as chairman of the Northumberland County Liberal Association occupied the chair and in calling the meeting to order expressed his deep regret at the passing of R.A.N. Jarvis of Newcastle, who had been secretary of the Association. T.H. Whelan of Newcastle was elected to fill the vacant office.

In his opening address Mr. Gill said that if he could speak he would tell of the late Hon. John Morrissy. Although the late Mr. Morrissy had been before the public for years he had carried with him to the grave, an unsullied name. His honesty and courage were his chief characteristics and these had resulted in his having the greatest following ever known in this county. The death of R.A.N. Jarvis too was a great loss to the county. In explaining the purpose of the convention to select a candidate to contest the constituency in the by-election of October 7, to fill the vacancy caused by the death of Hon. John Morrissy, he said that the Conservative party was going to make a strong bid to carry the county and he hoped that although there was a certain amount of friendly rivalry among the people, this would be forgotten and the whole party would get behind the candidate who was chosen.

W.F. Cassidy, Chatham; W.L. Durick of Newcastle and Dr. F.C. McGrath of Newcastle were chosen as a committee on resolutions.

A resolution was passed expressing regret for the death of the late Hon. John Morrissy, M.P. and tendering sympathy to his family.

The convention expressed its approval of the efficient and progressive administration given the province by the Liberals since their advent to power and pledged support. Confidence in the federal administration was also expressed with particular mention of Hon. A.B. Copp, being made. Appreciation of the statesmanship of the Premier of Canada was also expressed.

The delegates at the meeting numbered 175. There was some argument over the credentials of several delegates but the matter was settled.

Hon. A.B. Copp, Secretary of State was then introduced. Mr. Copp said that it was not his intention to make a political speech. Speaking of the death of Hon. John Morrissy and the sorrow at Ottawa at his death said: "We miss him very much indeed and deeply regret his passing of a few days ago." The first duty of the association he said, was to select a candidate who would lead the party to vic-

tory in the constituency in the election of October 7th. He would take no part in the selection of a candidate for he had always believed and practised that an outsider had no business taking part in the selection of a candidate for office. He urged them to bury personal feelings and select the strongest man. Their second duty he said, was to stand behind the man who was finally chosen, for he said the candidate could not hope to be successful unless he had a united party behind him. The third thing he had to say was that the Liberal party from the Prime Minister down would do everything in their power to elect the candidate chosen.

After speaking Mr. Copp left the hall.

The chairman called for nominations for the purpose of selecting a standard bearer of the party in the coming election. Charles J. Morrissy of Newcastle was nominated by W.L. Durick of Newcastle; and Colin McKinnon of Douglastown Dr. F.C. McGrath of Newcastle was nominated by W. Walsh of Newcastle and A.M. Arseneault of Rogersville W.B. Snowball of Chatham was nominated by Wm. Savoy of Neguac and Maxim Muzerall of Chatham.

The result of the first poll was:
W.B. Snowball—78
Chas. J. Morrissy—57
Dr. F.C. McGrath—38

Two ballots were spoiled. A second poll was taken immediately Dr. McGrath's name being dropped, and only the names of Morrissy and Snowball being before the meeting. The result was:
W.B. Snowball—97.
C.J. Morrissy—83

A delegation of four had arrived from Loggieville between the first and second ballot and one person who did not vote in the first voted.

Mr. Snowball spoke of the need for united effort on the part of the Liberals and urged the party to support the candidate to the fullest extent. He expressed his approval of the Compensation Act but voiced his objections to the manner of its administration. He said he considered the present provincial government the best and most progressive that had ever held office.

Charles J. Morrissy, the defeated nominee in a stirring address, in which he was repeatedly interrupted by cheering, thanked his supporters; congratulated Mr. Snowball; declared his allegiance to the Liberal party; pledged his support to the party and in concluding moved that the vote of the convention be made unanimous for Mr. Snowball. Dr. F.C. McGrath spoke briefly and seconded the motion. It was passed unanimously by a standing vote.

John G. Robichaud, M.P. Shippegan paid a tribute to the late Hon. John Morrissy, with whom he worked at Ottawa for 2 years for the good of northern New Brunswick. He urged the electors to return Mr. Snowball, for he asked what would be the use of returning a man in opposition.

Hon. Mr. Copp who had returned to the meeting offered his help in any meeting as did also Mr. Robichaud.

A vote of thanks to the chairman for having conducted the meeting so efficiently was passed.

The convention broke up at 6:20 o'clock.

WILL THERE BE A DARK HORSE?

At a Liberal convention held here last Tuesday, Mr. W. B. Snowball of Chatham secured the nomination of the Liberal party and on Wednesday at the Conservative convention, Mr. C. P. Hickey of Chatham received the nomination of the Conservative party. Both gentlemen are residents of Chatham, so this ambitious town should at least be well satisfied in so far as the matter of candidates is concerned.

The two conventions were well attended and while the Liberals had a large number of aspirants to choose from, (apparently too many) the Conservatives on the other hand had only one name placed before them. This state of affairs made the Liberal selection a rather difficult one, while that of the Conservatives was a very easy matter to decide and the work of the Conservative delegates was simply a matter of saying "aye".

Mr. Hickey was nominated by Mr. A. A. Davidson who, in a glowing tribute to Mr. Hickey, pointed out his qualifications as standard bearer of the Conservative party. This nomination was duly seconded, a motion to close nominations immediately followed. Mr. Hickey's nomination was then put to the meeting by the Chairman in the usual manner and Mr. Hickey was declared chosen unanimously. The business of the convention was thus completed and the speech-making was the next order of the day.

Not so easy was the work of the Liberal delegates. Three names, those of W. B. Snowball, Chas. J. Morrissey and Dr. F. C. McGrath were placed before the convention to be balloted on. The result of the first vote eliminated Dr. McGrath and the fight narrowed down to W. B. Snowball and Chas. J. Morrissey for the second ballot, which gave Mr. Snowball 97 votes and Mr. Morrissey 83 votes, the former gentleman finally receiving the unanimous vote of the convention.

While Mr. Snowball received the majority of votes at the convention it is reported that the choice does not satisfy a very large proportion of the Liberals. It is stated that Mr. Snowball was forced upon the constituency by the government organizers and that had the convention been allowed to choose between Mr. Morrissey and Mr. Snowball, instead of having a third man in the running at the taking of

the first ballot, the possibility is that Mr. Morrissey would have been the choice of the majority of the delegates. Be that as it may, Mr. Snowball is the selection of the party and with him they must win or lose.

With both party conventions over, it would appear as if the decks could be cleared for battle and the important issues of the day be presented to the constituency by the candidates. But apparently such does not seem to be the case, if one can judge from the many expressions of dissatisfaction heard on both sides. Many Liberal supporters and many Conservative supporters are not by any means satisfied with the chosen candidates and it is alleged that it is not only possible, but very probable that before very long a third man will be in the field, who will run as an independent.

If such a candidate is brought in to the fight, a prediction of the result of the by-election would be a most difficult matter. He would be a serious obstacle for both parties to contend with and one which neither party could afford to look upon lightly. Many former supporters of both parties are of the opinion, that in consideration of the general dissatisfaction, which they claim has been expressed from all sections of the country, a third man in the running would have an excellent chance of winning the seat. The possibility of a dark horse appearing is current talk and may put an altogether different aspect on the present situation.

RIGHT HON. ARTHUR MEIGHEN

Northumberland County has had its second visit from Rt. Hon. Arthur Meighen, leader of the opposition. His first visit was during the 1921 election campaign, and his second visit was last Wednesday, when he addressed the Liberal Conservative convention here in the Opera House. While the majority of those present were Conservatives, yet he was listened to as well by a large number of citizens, who held opposite views, and one and all of the large attendance of citizens from all parts of the country were greatly impressed with his sincerity, reasoning and statesmanship.

In his address he proved conclusively that the Liberal tariff policy was carrying the country to destruction, but he was still optimistic that Canada may yet be saved. Responsible government is the one and only remedy and Mr. Meighen is the one to whom the Dominion of Canada will be obliged to elect before this country may expect to extricate itself from the present chaotic state in which it finds itself. Mr. Meighen ably disclosed the "ghastly fact" that 300,000 people—"the blood and fibre" of Canada—had gone to the United States during the last three years, because of the forced closing down, by the MacKenzie King Government tariff, of many of Canada's largest and leading industries, there by placing an enormous number of men out of employment, who necessarily were obliged to leave their own native country to seek employment across the border.

The leader of the opposition also dealt fully with Canada's railway problem and especially how it affected the Maritime Provinces, in which the electors of the County of Northumberland are particularly interested. He told of the extravagance of the King administration and also of the great need for economy in public expenditure at the present time. How, that the present Prime Minister who out of office denounced orders in council comes into office and passes more of them than ever before in the history of the country. How, this irresponsible government appointed a Royal Commission to go from coast to coast to enquire into the wood resources of Canada,

MISERABLE AND ALWAYS IN PAIN

Lydia E. Pinkham's Vegetable Compound a Dependable Help for Mothers

Port Greville, Nova Scotia.—"I took your medicine for a terrible pain in my side and for weakness and headaches. I seemed to float all over, too, and my feet and hands were the worst. I am the mother of four children and I am nursing my baby—the first one of four I could nurse. I took Lydia E. Pinkham's Vegetable Compound before the baby's birth, so you can see how much it helped me. I cannot praise it too highly for what it has done for me. I took all kinds of medicine, but the Vegetable Compound is the only one that has helped me for any length of time. I recommend it to any one with troubles like mine and you may use my letter for a testimonial."—Mrs. ROBERT McCULLY, Port Greville, Nova Scotia.

Before and after child-birth the mother will find Lydia E. Pinkham's Vegetable Compound a blessing. Many, many letters are received giving the same sort of experience as is given in this letter. Not only is the mother benefited, but these good results pass on to the child.

No harmful drugs are used in the preparation of this medicine—just roots and herbs—and it can be taken in safety by the nursing mother.

98 out of every 100 women reported benefit from its use in a recent canvass among women users of this medicine. C

which after spending thousands of the public's money, returns, with practically no report, whatever; also how this same King Ministry paid Royal Commissions a color million dollars to find out things and do things that the Government ought to know and do and take responsibility for itself.

The large audience that listened to Mr. Meighen was clearly shown that such a state of affairs must come, sooner or later, to an abrupt halt, and the ability of the leader of the opposition in presenting his case won for him many, who were not familiar with the situation and his remarks were most irritating to those, who consciously or unconsciously refuse to accept the true condition as it exists. Mr. Meighen gave the electors something over which they should ponder seriously, and even at this early date in the Northumberland by-election, many outstanding Liberals concede the seat to the leader of the Federal opposition.

C. P. Hickey Made Candidate for Conservatives

Clifford P. Hickey, mayor of Chatham, was chosen standard bearer for the Liberal-Conservative party to contest the County of Northumberland in the by-election on October 7th, made necessary by the death of Hon. John Morrissey. The meeting was held in the Orange House and was attended by representatives from all parts of the county. Rt. Hon. Arthur Meighen leader of the Opposition party; Hon. J.B.M. Baxter M.P.; R.B. Hanson M.P.; A.J. Doucet M.P.; C.D. Richards M.L.A. were among the speakers.

That Hon. Mr. Fielding had not believed in the policy of the Liberal Government when it was used as a platform to gain votes in 1921 and that not until after the election had he expressed his disbelief in it was one of the statements made by Rt. Hon. Arthur Meighen.

Dealing with the question of the tariff, Mr. Meighen said that the Liberal government's policy had been a failure. Since they came into office he said that 76,000 textile workers had been thrown out of work and 30 factories closed because of the reduction in the tariff on cottons and woollens. Farm implements were 10% dearer now than they were before the tariff was reduced. Some 200,000 implements had closed and the others were on one third production. Since King took office he said 300,000 Canadians had gone to the United States. He said that a man who fathered a policy which drove 300,000 citizens to another country was a greater enemy to that country than was the man who told the truth about these things. Since fertilizer was made free 10 factories had closed he said. The tariff on glass was reduced and the Belgian glass coming in 40% cheaper than Canadian, had forced a \$2,000,000 factory in Hamilton to close. When it closed Belgian glass went up and now was costing 17 1/2% more than had Canadian glass.

Hon. J.B.M. Baxter as well as Mr. Meighen criticized the policy of the government on the railways. Transportation in Canada, Mr. Baxter said started at Portland; Me. He urged that Canadian goods be exported through Canadian ports. The solution of the Maritime problem was to be found in a reduction

of freight rates, rather than in freer trade.

R.B. Hanson, M.P. of Fredericton said that the Maritimes could not expect lower freight rates because of the loss of \$25,000,000 annually to the railways through the re-adoption of the Crows Nest Pass agreement. Alexander Doucet, M.P. Kent, warned the government to stop making love to the people of the West and to begin thinking of the Maritimes. C.P. Hickey, the candidate, C.D. Richards, M.L.A. and D.A. Stewart, M.L.A. also spoke.

Rt. Hon. Arthur Meighen

Chas. E. Fish of Newcastle acted as chairman and after delivering a brief introductory address announced that the formation of a County Liberal-Conservative Association would be the first business of the convention. The following officers were elected:

President—F.E. Neale, Chatham.
Hon. Pres.—J. Betts, Derby
1st vice pres.—F. Lavor, Rogersville.
2nd vice pres.—J. Robinson, T. busintac.
3rd vice-pres.—C. Brown, Loggieville.
Treasurer—Chas Reinsboro, Chatham.
Secretary—W.H. Davidson, Newcastle.

The following were named as presidents in the unorganized parishes and will act with the executive of the organized parishes and the officers of the county association as the county executive; Wm. Johnson, Chatham; Head: F.J. Peters, M. Chaisson; J. Basque Rogersville; J.W. Styliest, Alnwick; Alfred Morrison, New Jersey; H. Legere, Portage River; W. McLaggan; F. Hayes; M. Tucker, Blackville; J. Touchie, Renous; T.H. Williston, Hardwick; Thomas Carroll, Bay du Vin; B. Sherar K. Copp, North Esk; D. Layton Red Bank; J.A. Goodfellow, South Esk.

A resolution expressing confidence in the leadership of Rt. Hon. Arthur Meighen and his lieutenant in this province, Hon. J.B.M. Baxter was unanimously adopted. A resolution affirming its allegiance to the Conservative Party as the only one that would save

the country from the destruction of its industrial and economic life was passed.

A third resolution was passed which expressed regret at the passing of the late E.A. McCurdy and the late Hon. John Morrissey.

A.A. Davidson K.C. of Newcastle in a stirring speech in which he recounted his reasons for, and the qualifications of the man himself nominated Clifford P. Hickey, Mayor of Chatham as the candidate of the Liberal-Conservative Party in the coming election. There were 3 or 4 seconds. No other name being offered Mr. Hickey was unanimously chosen as the candidate.

Mr. Hickey was given a rousing reception when he mounted the platform and it was several minutes before he was able to speak. After expressing appreciation for the action of the convention Mr. Hickey urged the delegates to give him their full support promising that he would give them everything that was in him.

He compared the iron heel of the German Emperor of 1914 with what he called the iron heel of the MacKenzie King administration of today, which administration he said gave nothing to the maritimes because they had to give everything to the West. He referred to the fact that there were 48 employees of the mechanical department of the C.N.E. at Newcastle having a payroll of \$5000 a month. Today he said there were 16 and the payroll was less than \$2000.

He concluded amidst the cheers of the gathering by saying that the people of Canada were soon going to put Hon. Mr. Meighen where he belonged in the high position in the land, the Prime Ministership.

The chairman read a short address to Hon. Mr. Meighen in which he expressed the confidence of the people of Northumberland in his leadership and their approval of and adherence to his policy.

Rt. Hon. Arthur Meighen in opening congratulated the delegates on their choice of a standard bearer.

He regretted the death of E.A. McCurdy and of Hon. John Morrissey he said that his quiet demeanor and his attention to his duty as he saw it had always commanded respect. Referring to the election of Alex. Doucet in Kent he said that it was one of the greatest political achievements in years.

He then launched into a discussion of the railway problem of Canada. Three years ago he said that Copp, Logan, McDonald and King and all the rest had made it appear that the sun would begin to shine on the Maritimes as far as the railways were concerned if they were returned. For the last 33 months, he said the country had waited and the sun had not yet history of the acquisition of the Can. Nat. Railways by the Federal Government the final step of begun to shine. He reviewed the which was completed just before the election of 1921. The Liberals had offered the Maritimes regional control and a division extending to Montreal. The provinces had not received the control as promised and the division ended at Kiver du Loup. The Conservatives had formed a board of directors composed of experienced railway men independent, with full power to run the railways as a private corporation. The Liberals who had scoffed at the directorate had finally adopted it and firing the directors appointed others who he said, looked very much like the executive of the Liberal party.

The board he described as notoriously partizan and of not the least assistance to the president of the road but rather a mill stone around his neck, thwarting his efforts to make the road pay.

Canada Not Well Advertised In Great Britain

"I agree with those who have observed that Canada is not yet as conspicuously in the public eye in Great Britain as it should be," said E. W. Beatty chairman, and President of the Canadian Pacific Railway on the arrival on board Empress of France after a hurried trip to Europe. He visited England and Scandinavia. He said that one reason for this condition was undoubtedly the fact that the existing rate of exchange prevented the steady flow of capital from England to Canada.

A steady movement of capital from England to this country, he said "could undoubtedly create a continuous day-to-day interest in the dominion's affairs which does not exist now. I am convinced that greater publicity should be given in English papers to the trend of events, both political and commercial in Canada and while the news values of some commercial items may seem doubtful greater co-operation between British and Canadian papers would no doubt result in a distinct improvement in the situation."

Mr. Beatty said that his trip to Scandinavia was part of a policy that he should personally see the company's branches and methods in Europe. In the last three years he had visited 10 European countries in which the Canadian Pacific conducted operations.

"On the general question of immigration I am strongly of the opinion that we must give still more consideration to this problem. It is of vital importance to Canada's development and yet I am not satisfied that we have evolved policies and measures of carrying them out in a manner likely to give the most satisfactory results and secure for the country the proper kind of permanent settlers. "Later" he said "I hope to be in a position to make a more extensive announcement after consultation with the company's immigration and colonization officers and others in Canada who are seized of the desirability of more active and scientific measures."

The Reason For The Sun "Setting" Red

"White" sunlight is really composed of seven distinct colors, ranging from red to violet.

All light travels at the same rate in space, but on striking a medium considerable differences are found in the various colors. Such a medium is the bottom layer of our own atmosphere which surrounds the earth like a shell. This serves as a sort of curtain through which the sun's light must pass.

The different colors of light however, as we have discovered do not pass with equal ease through the "curtain" absorbing the violet ray easiest and the red with greatest difficulty.

At mid-day the sun is directly overhead, and its light has only to cut straight through this curtain. Most of the colors, therefore, get through and we see them as a composite "white."

With evening, however the earth has turned and the light comes to us slantwise, and therefore has to pierce through a much greater expanse of atmosphere curtain. The result is that all but the red rays are absorbed so we see the setting sun as red.

LEAD AND PAINT

DECAYING SPOTS

Sometimes wounds on the trunks of trees will begin to decay. Often limbs are cut-off and they do not heal without decay starting. If these small spots are neglected they will work their way deeper. It is the best plan to scrape away all the decayed wood as soon as discovered and paint the surface with a good white lead paint. If they are at all deep fill the cavity with a good cement mixture. It may be half cement and half fine sand. Paint over this to keep water from soaking in around it and the bark will cover it up in time. Many trees that rot and break could be saved by a simple operation of this kind if taken in time; and it will pay. When pruning trees it is an excellent plan to paint all stubs of any size as this will keep water out and keep the wood firm until the bark heals over them. It cut close this should not be long, for if attention to pruning is neglected there will be few large limbs to cut off. As a matter of fact it is not at all necessary to allow a tree to grow branches simply to be removed.

PROVINCIAL NORMAL SCHOOL RE-OPENED

The Provincial Normal School re-opened with an attendance of 325 students who registered with the commencement of the term on Tuesday morning. Others who have been delayed will probably bring the total attendance up to the limit of the quota of 350 set by the Board of Education and which reduced by 50 the number allowed to enter this year.

The registration showed 68 young men included with 257 young women. Last year there were 84 male students registered on the opening day.

The heaviest enrollment is shown among those entering for second class licenses of whom there were 150 including 33 young men. In the first class the registration totalled 117 including 29 young men while in the third class there was shown a total of 158 students of whom 60 were men. Last year the total permissible registration of 400 was reached on the first day.

There are three changes in the teaching staff which went into effect Tuesday morning. Dyson W. Wallace, Fredericton who has been engaged as the Principal of the Woodstock School, has succeeded Dr. Geo. A. Inch as head of the mathematics department while Major Rousse, formerly of the High School staff, succeeds A. S. MacFarlane who took over his new duties as principal of the Fredericton High School. The temporary vacancy caused by the year's leave of absence of Miss Margaret Lynds instructor in elocution has been filled with the temporary appointment of Miss Margaret Porter. Chipman who has been teaching in California.

Mr. Webb will take over his new duties at the University of New Brunswick in Fredericton with the commencement of the fall term about the middle of the month.

His brother, L. S. Webb acting chief forester of the Dept. of Lands & Mines, who accompanied him on his tour is not expected to return or a few weeks.

WHEN BABY IS ILL

When the baby is ill, when he cries a great deal and no amount of attention or petting makes him happy, Baby's Own Tablets should be given without delay. The Tablets are a mild but thorough laxative which regulate the bowels and sweeten the stomach and thus drive out constipation and indigestion; break up colds and simple fevers and make teething easy. They are absolutely guaranteed to be free from opiates and narcotics and can be given to even the new-born babe with perfect safety and always with beneficial results.

The Tablets are sold by medicine dealers or by mail at 25 cents a box from the Dr. Williams' Medicine Co., Brockville, Ont.

Fraud In St. Antoine

There have been ugly rumors of electoral frauds in the St. Antoine division of Montreal, due in part no doubt to the lack of organization on the part of the Conservatives, faced as they were with the well-oiled machine of provincial and federal governments. It has been alleged that many names were improperly added to the lists in the Liberal interest while there was a lack of effort by the Conservatives in securing registration of supporters. The Advocate is informed on the best of authority that of two thousand letters sent to electors whose names appeared on the list no less than 1700 were returned undelivered with the information that the persons addressed could not be located. Doubtless more will be heard of this and other frauds practised in the election and the same may be true of Rimouski as well as St. Antoine.

SUFFERED 20 YEARS**

"Les" Booth Finally Got Relief Through Taking Tanlac

"Since taking Tanlac, I feel so fit it sometimes seems like a dream for there was hardly a day in 20 years that I did not suffer," is the striking statement of Geo. L. ("Les") Booth, 271 Pertin St., Brockville, Ont., one of the best known farmers in Ontario.
"For 20 years, up to three years ago when I took Tanlac, I suffered from rheumatism in my arms, shoulders, back and hips so bad at times I could not lift my arms to put my coat on. I couldn't even write my name and I just limped

about like a cripple. Many a night it looked like I would not live to see daybreak and once I was laid up six months unable to hit a lick of work.

"Money could not buy the good Tanlac has done me. It ended every sign of rheumatism and built up my weight 16 pounds, and since then I have not had a rheumatic ache or pain. If anybody wants to know about Tanlac, just let them see Les Booth."

Tanlac is for sale by all good druggists. Accept no substitute. Over 40 Million bottles sold.

**C. P. HICKEY MADE
CANDIDATE FOR
THE CONSERVATIVES**

Continued from page 5
Mr. Meighen would talk of the achievements of the Liberal party. The inland freights control bill he described as the greatest of legislative gymnastics attempted. It had to do with the rates for shipping on the lakes. A royal commission was appointed to investigate this. The commission gave the control to the grain commission. The result of the act was that not an American boat touched the grain and on Oct. 29, when the Government saw that the grain was not going to be moved they went to the American ship owners and on their knees begged them to move the grain and told them to disregard the law and subsidized them in the event of their being entangled in a law suit as a result of breaking the laws of Canada. It was humiliating for the Government to have to do that he said, and this session instead of saying frankly that they had made a mistake they introduced a series of amendments which virtually repealed the law.

The additional \$1.50 a thousand tax on cigarettes imposed by Mr. Fielding he said, had instead of increasing the revenue had caused a decrease of \$2,000,000 in the trade of Canada and resulted in a loss of \$1,300,000 revenue to Canada.

A royal commission was appointed to make a survey of the wood resources of Canada he said. It had cost up to the present \$100,000. He had submitted a report which he summarized by saying that the commission reported that the condition was very serious, that the loss by fire was great, that the loss by bug and worm was great, that the export loss was very great. The report had concluded with the startling statement that something must be done.

Dealing with the question of tariff Mr. Meighen said that Fielding although he used the platform of the Liberal party to gain as many votes as possible, did not until after the election say that he did not believe in it. Mr. Meighen accused him of deceiving the people on his stand on the question.

Only samples of the platform had been passed out since the election Mr. Meighen said, adding that it was good that they had only been samples. He concluded with a recitation of some of the effects of the reduction of the tariff on the unmanufactured goods of Canada.

Hon. J.B.M. Baxter, K.C.; M.P. St John opened his remarks by saying that the election in Kent had given the Conservative party a "Doucet" good man and that Northumberland was going to do the same thing as Kent.

The convention had picked a splendid man in Mr. Hickey he said, and one that the party wanted. That party was not a speechless party, he said.

They had been five to the eastern boundary of Ontario now they were seven and he hoped they would soon be eight. The solid 16 from Nova Scotia had mouths, he said, but they had not said a word for the Maritimes. He would treat the railway question differently than had Mr. Meighen. Transportat-in this country began at Portland Maine, carried on to Montreal, thence to the wheat fields and to the Pacific Coast.

That policy was not good for him, he asserted. He was a native son of N. B. and was not going to be driven out of Canada to earn his livelihood. He wanted a policy which was national in scope and in which the Maritime Provinces had a share. The conservative government would insist that the wheat be brought

through Maritime ports. They would vivify the railway, put real men on it instead of political pensioners, and make it a railway system.

Dealing with the tariff he said that the Maritimes did not want a lower tariff but a reduction in freight rates so that they could place their manufactured goods in the markets of Upper Canada.

The Maritimes had free trade with the rest of Canada at present, he said, and asked what good it was doing the provinces in the face of the high freight rates. The Government was finding a remedy. They were finding a remedy in the Scribe Hotel in Paris, which same they were now tearing down so that they could rent part of it through remodeling. They were not building homes that they could rent cheaply to the poor. They were not building railway stations such as were so badly needed in many places and particularly in his own home city. The Maritimes, he repeated, had to have the tariff facilities to reach the other parts of Canada that had to have lower freight rates and had to force Canadian trade through Canadian ports. The solid 16 of Nova Scotia, which held the fate of the Government in their hands, he said had lain down and swallowed what had been done for the west and been untrue to the faith of the people of the Maritimes. The Conservative party did not wish to hurt the west but the Maritimes had to have their share of what was going. In closing Mr. Baxter paid a personal tribute to the late Hon. John Morrissey, who had been his personal friend.

R. B. Hanson, K. C., M. P., of Fredericton, had not come to Newcastle with the intention of making a political speech but merely to meet Mr. Meighen and offer his support to Mr. Hickey in the coming campaign.

Mr. Meighen, he said, was a great chieftain and had a solid unit behind him. He repeated the history of the Crows Nest Pass agreement from 1897 up to the present and said that the re-adoption of the agreement had cost the railways of Canada a loss of \$28,000,000 annually. In face of this loss he asked how the Maritime Provinces could expect to secure a reduced freight rate.

C. D. Richards, M. L. A., leader of the Provincial Opposition, and D. A. Stewart, M. L. A. Campbellton, a member of the Opposition, spoke briefly.

Alex. Doucet, M. P., Kent, said that although the Government had won the seat in Rimouski, the Conservative party had won a moral victory for they reduced the Government majority of 6,000 votes in 1921, to a little over 1000 on Tuesday. Mr. Doucet would be pleased to meet Mr. Robichaud, M. P., of Shippagan and thrash out with him his reasons for moving the amendment to the budget effecting twines, nets, etc. The conservative party did not want high protection, he said but merely a consistent protective policy.

He attributed the situation in Cape Breton at the present time to the action of the Liberal Government. In conclusion he warned the Government to cease making love to the west and to devote a little attention to the Maritimes.

Three cheers for Rt. Hon. Arthur Meighen and a vote of thanks to the chairman closed the convention.

Here and There
It is anticipated that English orders for Canadian wool will exceed 1,000,000 pounds this year, which will be a considerable increase over the business of 1923, amounting to 700,000 pounds.

Definite advice has been received at Victoria, B.C., that the Japanese training squadron, consisting of the "Kishima," "Asama" and "Azuma" will visit Victoria during the winter. The squadron will leave Japan early in December, following the annual fall manoeuvres.

Approximately 60 per cent, or 1,252,604 of the population of Western Canada live on occupied farms. Of the balance, 474,516 live in its 20 cities and towns of over 2,500 and 228,962 in 3,309 small towns and villages of 2,500 or under.

The work of re-balling the main line of the Canadian Pacific between Montreal and Toronto (the Lake Ontario shore line) has just been completed. Nearly 2,000,000 tons of crushed rock, or about 35,000 carloads, were used in this operation. Officials state that the roadbed is now as excellent as it can be made and second to none in the world.

Successful strawberry culture 300 miles north of the international boundary has been proven possible by R. A. Gordon, of Edmonton, Alta. One hundred plants brought from Ontario wintered well, blossomed heavily and produced a prolific crop of well-formed, fine-flavored fruit with rich color and flavor. Mr. Gordon has likewise had much success with cherries, wild plums and crab apples.

Steady progress has been made by the macaroni industry in Canada during the past decade. The Bureau of Statistics reports that, whereas the Dominion imported nearly 7,000,000 pounds in pre-war days, it imported only 1,096,000 pounds and exported 2,229,000 pounds in 1923. Nine factories, with a capitalization of \$873,000, now operate in Canada, with an aggregate output approximating 11,500,000 pounds.

Whaling operations off the coast of British Columbia this season have been very successful. Four stations and six or seven whalers are working. Some of the vessels have secured 30 head so far this year. Whale oil is selling well in England, while whale meat, canned, is an established commodity in West Africa, the entire British Columbia whale meat pack of last year having been sold there.

Arrangements for the re-building of the old wing of the Chateau Lake Louise, the Canadian Pacific's charming hotel in the heart of the Canadian Rockies, are already under way. The contract has been awarded to Carter-Halls Aldinger, of Winnipeg, and Barrot and Blackader are the architects. The building will have a greater number of guest and public rooms than existed in the one which preceded it, as the hotel is now too small for the crowds which visit it. The work is to be completed in time for next season. It will be recalled that the old wing of the Chateau was destroyed by fire some months ago.

CHAUTAQUA

Newcastle Chautauqua was held in the Opera House on Thursday, Friday and Saturday of last week. The programs were of an exceptionally high order and were well received and appreciated by the large audiences that attended. It is expected that Chautauqua will return next year.

BACK FROM VACATION

The majority of the local clergy men have returned from summer vacations and on Sunday, the greater number of the congregations which had united for the summer, met separately once more with their respective pastors once more conducting the services. Rev A.F. Brown, pastor of the local Methodist church has not yet returned from England, where he is visiting his old home.

KINDLY DONATED CUP

Miss Lou Harley of Sydney, C.B. formerly of this town has very kindly donated a cup in competition for the girl who wins the Junior Girls Singles in the tournament now being played by the Juniors of the local tennis club. Enthusiasm and interest by the juniors in the tournament has been marked but the donation of the beautiful cup by Miss Harley will tend to make the enthusiasm much greater, and needless to say this action on the part of the donor is much appreciated not only by the juniors but as well by the seniors of the Newcastle Tennis Club.

GAME AT CHATHAM PROTESTED

A.W. Covey, president of the N.P.B.A.A.U. of C. has stated that he received a communication from Hillsboro in the form of a protest and had turned it over to Mr. McQuade, secretary. The protest deals with the Hillsboro-Chatham game at Chatham. The winner of the Chatham-Hillsboro series will meet the Portlands in a three-game series for the N.B. title. In their protest Hillsboro stated that Briggs, who pitched for Chatham on Thursday and defeated Hillsboro has been playing all season with the Nelson outfit and is a member of the Nelson team. Chatham was notified and invited by the M.P.B. to state their position on the matter.

BOY SCOUTS

The Newcastle Boy Scouts held their first meeting of the season in St. James' Hall last Friday evening with a good attendance of members. Mr. D.J. Gullker, Scout Master and Earle McDonald, Asst. Scout Master were present and assisted the boy scouts to prepare a program for the winter months. Enthusiasm prevailed among the boys, who are anxious to make an even better showing this year than they did last year. Meetings will be held from now on every Friday evening and the scouts are expected to be on hand each week, dressed in uniform. An interesting program in the way of games and sports has been arranged to occupy the boys' attention during the winter and a series of drills etc. will also be carried out.

BAND CONCERT POSTPONED

The usual weekly band concert had to be postponed last Friday night on account of the rain. The citizens hope they will be given a concert this week.

BATHURST WON FROM LOCALS

In two games of baseball played yesterday between Bathurst and the locals, the former were victorious in both games. The score of the afternoon game was 10-4, and the twilight game 5-3.

CONSCIENCE MONEY

The Department of Finance, Ottawa, acknowledges receipt of twenty dollars (\$20) conscience money, received by the Department of Marine and Fisheries in an envelope postmarked Bathurst, N.B. August 28th, 1924.

THE LATH MARKET

Reports from the New York lumber market state that construction of all kinds is falling off, and consequently the demand for laths is decreasing in proportion. The lath market is weak and they are selling in cargo lots for \$7.50 and car load lots at \$8.00.

CONSISTENCY

Mr. Chas. J. Morrissy who evidently enjoys the confidence of his fellow citizens in a high degree, lost no time in asking the Liberal convention to make the nomination of Mr. Snowball unanimous. Mr. Morrissy will lose nothing by that and it shows the kind of political consistency that stands to a man through thick and thin.

THE VACANT SENATORSHIP

There is considerable speculation about filling the vacant seat in the Senate caused by the death of Hon. George W. Fowler. Among the names mentioned are Charles J. Morrissy, M.L.A.; Hon. Walter E. Foster; Dr. Wm. Broderick, W.L. Scully, M.P.P. and Dr. McAllister of Sussex. The County of Northumberland is entitled to this vacant senatorship and in consideration of Mr. Chas. J. Morrissy's political strength in this county, as shown last week at the Liberal Convention it is felt by his friends, that his right to fill the vacancy should be seriously considered by those who have the bestowal of the seat.

37 ASSIGNMENTS

Notice of 37 assignments under the bankruptcy act is given in the current issue of the Canada Gazette.

RECOUNT OF VOTES

Wm. M. Birks, conservative candidate in the recent St. Antoine by-election is seriously considering the question of applying to the Superior Court for a recount of the votes.

RED CROSS SOCIETY TO HOLD CAMPAIGN

A province-wide campaign for membership and funds will be launched by the Red Cross Society on October 15 it was decided at a meeting of the provincial division of the society held Thursday morning and afternoon in the Red Cross depot, St. John with a large and fully representative attendance. The need for substantial support of the society's work in all its branches was presented by the heads of various committees and Miss R.E. Hamilton, Dominion Organizer of home nursing classes spoke of the methods employed in establishing these classes. She is to remain for two months in New Brunswick and will visit the various centres during that time. Miss Meiklejohn, director of N.B. Public Health Services, made a earnest plea for a grant of \$2500 which was essential to maintain the nursing service in the province which service has been in a large measure, responsible for the recent decline in the infant mortality rate she said.
