

ESTIMATES WILL GO TO COUNCIL THIS MORNING; TAX RATE 18 3-4 MILLS

Appraised Valuation Will Reach \$133,007,210, of which \$7,270,057 is the Value of all Buildings and \$4,932,270 the Assessed Values of all Taxable Personal Property.

The estimates for the year will be presented to the city council this morning at a special meeting following the final sitting of the court of revision to confirm the assessment roll. The tax rate for the year has been struck at 18 3/4 mills on an assessment of \$133,007,210, of which \$7,270,057 is 25 per cent. of the value of buildings and \$4,932,270 the assessed value of taxable personal property.

The total assessed value of buildings is \$29,080,230, making the total assessed value \$154,817,383.

After providing for all fixed charges and setting aside the amount for the lowest mark consistent with the city's actual requirements, the estimate for the year is estimated to be a deficit of \$130,644.33 up to the 1st of July, and salaries amounting to \$29,080.23.

The interest and sinking fund charges on the \$1,250,000 loan are \$182,584 and are to be paid by the city. The interest on the \$1,250,000 loan is \$172,242.57 and the sinking fund charges are \$10,341.43.

The interest on the \$1,250,000 loan is \$172,242.57 and the sinking fund charges are \$10,341.43.

What Single Tax Would Mean

The commissioners in striking the tax rate have estimated full assessment upon realty and personalty and 25 per cent. of the value of goods. This is the same assessment as last year except that the personalty is increased from 75 per cent. to full value.

It is interesting to notice that the tax upon buildings might be entirely eliminated and the tax rate would be only 19.8 mills. If the straight single tax was applied, removing all taxes, including buildings, personalty and the collection of all licenses, the tax rate would be 21 1/2 mills. If the assessment eliminated everything but realty, and the licenses which have already been collected, or nearly all collected, the rate would be 20.6.

POSTMASTER GENERAL HERBERT SAMUEL COMES HERE IN AUGUST

Is One of Most Promising of Younger Liberals, and As a Jew, a Clever Financier; Was Connected With the Marconi Charges and Fully Cleared

Perhaps the most interesting visitor to Calgary during the summer will be Rt. Hon. Herbert Samuel, postmaster-general of the United Kingdom. He will arrive here in the middle of August, and will spend some days in Calgary. This is one of the first occasions on which the minister of the crown has visited the west during his tenure of office.

Rt. Hon. Samuel is, of course, a Jew, and is connected with the famous financiers, the Montagu. He is just over 40 years of age, and one of the most promising of the junior members of the Liberal party. He graduated from Oxford with a double first when 23 years of age, and won fame with a work on the principles of Liberalism. In 1902 he was returned as member for the Cleveland division of Yorkshire, and since that time has held the seat.

RT. HON. HERBERT SAMUEL

With the last few months Mr. Samuel has been connected with the wild rumors of scandals connected with the Marconi charges, which his department of the post office made a contract. Samuel himself did not make any purchase in the entirely independent American company, as did some of his colleagues at a period subsequent to the announcement of the contract, but he had divulged information as to the contract before the time and encouraged the purchase of the shares.

A Calgary paper still persists in saying that purchases of shares were made before the public knew of the contract. Either it is ignorant of the truth or it has deliberately made a matter for all the investigations have shown that no shares were purchased in any company with which the British government had any contract, which would be the only charge of great that could be made, but the purchases of stock in the independent American company were made by Sir R. B. Esdaile, Mr. Lloyd George, and Lord Murray, not sooner than five weeks after the contract was known to have been accepted, and announced to the public. There was absolutely no abuse of inside information.

LOOKS LIKE FREE WHEAT AND CATTLE

Washington, June 16—The much-mooted agricultural tariff bill was suddenly upset again by the majority members of the senate finance committee late today, when a motion was made to reconsider action taken earlier in the day approving the free listing of live stock and wheat subject to a counter-averaging duty.

The proposal now is to strike out the provision for a counter-averaging duty and leave intact sheep and hogs and wheat on the free list unrestricted. Members of the committee said tonight that this probably would be done by the majority. The house put meats and flour on the free list, leaving live stock and grains dutiable at 10 per cent. ad valorem and 10c a bushel respectively.

YOUTH AND MAID ROW WITH GIRL'S PARENTS AND COMMIT SUICIDE

Young Man Is Driven from Sweetheart's Home; Girl follows Him, and in Presence of Girl's Parents, Lovers Leap to their Deaths in St. Maurice River—Father of Girl Arrested.

THREE RIVERS, Que., June 16—A tragedy to which there is attached a suspicion of murder, was enacted here when a young Swede named Olsen, together with his 20-year-old sweetheart, plunged to their death from the C.P.R. bridge into the St. Maurice river before the eyes of the girl's father, mother and brother, on Saturday night last. The drowning followed a violent scene between Olsen and Carl Litzzen, the father of the dead girl, and the circumstances of the fatality are complicated by the fact that a son of Litzzen fired two revolver shots from a boat on the river about the time the lad and girl were seen to jump.

The police incline to the belief that the drowning was a case of suicide, as the two leaped at the same time and the Litzzen boy was a close friend of Olsen and actually left his father's house after a quarrel, in which he had taken the part of the dead man.

Both the elder Litzzen and his son were arrested on Saturday but were released on bail this evening.

On Saturday afternoon Olsen came to the Litzzen house on Baptiste Island to visit his sweetheart. Litzzen, her father, was bitterly opposed to Olsen. There was a heated argument, the old man ordering Olsen to leave his house while the daughter clung to her lover.

During the temporary absence of the parents Olsen returned and met the girl. They walked slowly along the bridge until at a point about half way they stopped. The parents on the bank saw their daughter, with the young man, turn towards the river. There was a shriek and the two lovers leaped into the water together, disappearing into the swift waters of the river.

The bodies of the drowned girl and her lover have not been found.

DAIRY SUPPLYING "PURE" MILK TO BE HELED INTO POLICE COURT

Vicary Brothers, Proprietors of the Spruceville Dairy, Furnishing Milk for Babies, Come Under Ban of the Health Dept.

The Medical Health Officer is entering a writ in police court against the Vicary Brothers, proprietors of the Spruceville Dairy, for supplying special milk for babies.

The writ is for an injunction to restrain the Vicary Brothers from supplying special milk for babies. The writ is for an injunction to restrain the Vicary Brothers from supplying special milk for babies.

The writ is for an injunction to restrain the Vicary Brothers from supplying special milk for babies. The writ is for an injunction to restrain the Vicary Brothers from supplying special milk for babies.

RESENT DOMINATION OF C. P. R. OVER LANDS SOLD AT FULL VALUE

School Board Objects to Caveat Taken Out by Railway Co. Against Use of Sunalta Grounds for Other Than School Purposes

There was some resentment in the school board yesterday against the domination of the Canadian Pacific railway. It appears that the railway company has entered a caveat against the school board using the property it has secured from the company at Sunalta for any other purpose than that of school grounds. This aroused the ire of J. T. McClelland, who declared that he would be prepared to fight the caveat to the finish.

Other members of the board were not so enthusiastic about that line, and felt that the railway was right in a way in trying to keep the buildings in the district of a certain class. It was pointed out by Building Superintendent McLeelan that in Mount Royal the railway company took a caveat against all purchasers so that the ground could be used for residence purposes only. In case of the purchaser intending to use them for any other purpose they should go back to the railway company to sell them with the buildings erected.

Solicitor Ford, who had been consulted in the matter, said that there should be a clause in the agreement which should give the board power to use the grounds for other than school purposes.

GRAIN AGENT NOT GUILTY OF CHARGE OF THEFT

Moose Jaw, June 16—B. C. Wormworth, former agent at Lereburn, for the Central Grain company, Wilmipeg, was tonight found not guilty by the jury in the supreme court on 39 charges of theft. The examination of J. B. Craik was not concluded until this afternoon and then 28 other witnesses, in rapid succession, told what they knew of the case. Counsel for the defense showed that the entries in the books produced had not been made at the time of the sales and pointed to other irregularities in book-keeping.

BOARD DISAGREES ON ADMINISTRATION SITE IN CITY

Committee Recommends Purchase of Lots Near First Baptist Church, But Some of Members Want Costly Site Beside Central School

Development of District. Mr. Mackay then said he would prefer to represent this district rather than any other in the whole province. The eyes of the whole almost were turned to the new country of Peace River and Athabasca and the development of this part was to be one of the greatest things in all Canada within the next few years. He said that if returned as representative for the district he did not think one man there would have cause to regret the fact after four or five years' time.

There is a feeling among many people here that if Mr. Mackay is returned he will become a member of the cabinet, making the place which was left vacant by the death of Hon. Malcolm Mackenzie.

MAYOR ANNOUNCES COMMENCEMENT OF WORK ON THE MORLEY TRAIL

Special Bridge Committee Will Meet With City Planner Mason This Afternoon to Discuss Comparative Costs of Construction

The work of paving the Morley Trail and the hill leading up to the northern heights was commenced today," announced Mayor Slinott yesterday afternoon. Nothing has been done about the bridge yet but a meeting of the special committee composed of Ald. Adahand and Mr. Wm. Ross, City Engineer Craig and Mr. T. H. Mason, the town planner, has been called for this afternoon at 3 o'clock to discuss the town planning aspect of the question and to receive the final estimates which the city engineer has prepared of the comparative cost of concrete and steel structures.

PITMAN SLAUGHTER HOUSE AT NOSE OF CREEK IS PUT OUT OF BUSINESS

The conditions under which meat is prepared and offered for sale in this city were carefully probed by the Health Department and as a result of recent investigations the Pitman slaughter house at Nose Creek had been put out of business. Some time ago the proprietors were warned, but their efforts to clean up were not sufficiently thorough to satisfy the Medical Health Officer.

There are now only two abattoirs in the city, the Western Packing Co. premises and the P. Burns Co. abattoir. The latter is in somewhat doubtful surroundings until the company has conformed with the order of the magistrate following the decision of this firm by the Medical Health Officer last week.

Some Co. were questioned in police court on Friday, of maintaining a public nuisance by their premises, and were ordered by the magistrate to have several pounds of manure with lime and gravel dumped on their premises.

The dump will now be covered with lime and gravel. An inspector of the Health Department supervising the job.

MOUNT ROYAL COLLEGE COMMENCEMENT HAS LARGE AUDIENCE

Dr. G. W. Kerby, in Able Address, Makes Interesting Review of Work of Institution; College Attendance Almost Doubles in One Year

The final exercises of the second commencement of the Mount Royal College, held last night in Central Methodist church attracted an audience of Calgary people which filled the church to its capacity.

ASSETS OF THE COLLEGE REACH HALF-MILLION MARK

Dr. Unsworth, of Vancouver, Makes Address to Students, Following Which Prizes Are Distributed. Report of the Year's Work

The final exercises of the second commencement of the Mount Royal College, held last night in Central Methodist church attracted an audience of Calgary people which filled the church to its capacity.

The attendance has increased during the past year from 171 to nearly 300 students, and the interested spectators included more than twice as many parents as on the occasion of the first commencement.

Rev. J. K. Unsworth, of Vancouver, gave the address to the students, following which prizes were presented. The history of the college was reviewed by the principal, Rev. G. W. Kerby.

Dr. Kerby's Address. The annual address of the principal, Rev. G. W. Kerby, B. A., D. D., was as follows:

I have pleasure in presenting our second annual report and record of actual work for the year 1912-13, just now closing.

The registration of students for the year, according to departments, is as follows: Academic, 129; commercial, 54; music, 60; fine art, 48; elocution, 97; physical culture, 22. Total registration in all departments, 410. Last year's total was 355; increase over last year of 55.

Total individual registration, 275. This is an increase of 91 students over last year's individual registration. Resident students, 128; day students, 147; boys, 113; girls, 115.

The nationality of our student body is as follows: 128 Canadian born, 14 English, 2 Irish, 3 Swedish, 1 Italian, 22 American, 4 Scotch, 3 French, 1 German.

In these two departments eleven different denominations are represented. This analysis will give a fair idea of the cosmopolitan and non-sectarian nature of our work.

At the present time we have courses leading to the departmental and university matriculation, both junior and senior, a three years' course for girls in literature and science leading to the M.E.L. diploma.

This year three of our students are graduating in this course. We are placing on our curriculum for next year a two years' course for each of the following studies: Fine art, expression and physical culture, music, shorthand and typewriting.

When we have increased accommodation we will also have a two years' course in agriculture, household science, and two years in manual arts. We expect for the future to make it compulsory for every student, no matter what his course, to take English expression and physical culture.

Splendid work has been done in all our departments during the past year. In our final examinations a year ago Mount Royal College passed all the students in the course for matriculation and departmental work, save one. A last year's student, who took senior matriculation in grade XII, wrote on second year arts in the fall at Queen's, and this spring completed the third year arts in the same university, and she was a woman. This year we are sending up a large number of students for these examinations with the expectation of passing 16 to 18.

Sixteen teachers; Will Add to Staff. We have a staff of sixteen teachers.

MUSTER CALL AT DAWN TODAY OPENS THE ENCAMPMENT

Troops Arrive on Special Trains and Will March to Reservoir Park Through the City Early This Morning; Calgary Men Go Direct from Headquarters

HUNDREDS of Alberta fighting men will march through the city streets this morning on their way to the encampment of the Thirtieth Military District, at Reservoir park. The troops will begin arriving at daylight this morning, and will be marched direct to the camp site. Reports from the various cities from which troops are coming last night were to the effect that the men had entrained and were on their way.

All day yesterday the camp was a scene of activity. Advance parties from the various units were busy on the ground laying out their camp streets, erecting tents and putting everything in readiness for the arrival of the main body this morning. Officers and non-coms from the various units were drawing supplies, and getting the commissary department well stocked for the hungry men who will march over the roads from the C.P.R. depot this morning. Cook stoves, long tables, larders and benches were being put in place and tuned up for the day's events this morning.

THREE HUNDRED MEN WORK ALL DAY ERECTING TENTS

Advance Companies and Officers on Ground Draw Supplies and Equipment for the Arrival of Main Bodies This Morning

The encampment will officially open at 5:30 with reveille this morning. From that time on full military discipline will prevail and the word of the commanding officer will be the law of the camp.

It will be another week, however, before the camp is fully established.

(Continued on Page Eight)

BOARD WILL EXPERIMENT IN VACATION PLAYGROUND WORK

Riverside and Victoria Schools Will Have Instructors To Superintend the Children There During July and August

The school board will undertake an experimental program of playground work during the summer vacation in all of the schools playgrounds in the city and all of the playgrounds will be kept going. In two of the playgrounds there will be regular appointed supervisors of play—Mr. Morgan and Mrs. Morgan.

There was some disagreement among the members of the board as to the advisability of having the grounds laid out entirely on the level. Only School Children Allowed. The board is without exception taking a keen interest in the matter of providing playgrounds for the children entrusted to its care.

NEW TRIAL ORDERED IN REAL ESTATE CASE BY COURT

Sonnier Suppy Case Will Be Heard Again Before a Jury

A new trial was ordered by the supreme court en banc in the Sonnier Suppy case yesterday an appeal for that being made by A. McCallum.

According to the plaintiff she started giving him lessons in French which she was then teaching in St. Hilma's college. The defendant then said he wished to improve the financial status of the plaintiff and she then made an agreement with him to sell her house and lots and purchase 15 acres in East Calgary near the C.P.R. shops.

The defendant contradicts the statement and says he never agreed to sell the lots at any other sum than that of \$50. He made however an admission that he had undertaken another subdivision.

COST SOME MONEY TO KEEP HIGH DUTY ON SUGAR

President of American Beet Sugar Combine Tells Committee What He Spent

Washington, June 16.—Henry T. Oxnard, the millionaire vice-president of the American Beet Sugar company, testified today before the senate lobby committee that he estimated he had spent on an average of \$20,000 a year in Washington for the last 22 years in behalf of the beet sugar industry.

FIRE LOSS IN STATES INCREASES AT MOST ALARMING RATE

Most of Damage Is Done of Deliberate Purpose; Ravage of Arson Yearly in the States Is Declared To Be Over One Thousand Million Dollars

INSURANCE COMPANIES ARE MAKING PROFITS

Immunity of Fire Raisers Is the Great Problem, for the States Have the Finest and Most Elaborately Equipped Brigades in the Whole World

(By Sydney Brooks in The Daily Mail, London.) About \$50,000,000 of property is annually burnt up in the United States. That is, there are \$50,000,000 worth of property lost each year through fire.

STEEL AND IRON RAW MATERIALS TO GO ON FREE LIST

Pig Iron, Ferro Manganese, Steel Blooms, Slabs and Billets Transferred by Committee in Congress Dealing With Tariff Bill

SUFFRAGETTES WELCOMED IN HUNGARY

Budapest, June 16.—Budapest's hearty public and private welcome of the women's suffrage congress affords a marked contrast to the almost hostile attitude displayed by Vienna.

Washington, June 16.—The transfer to the free list of the tariff bill of iron and steel raw materials, with an estimated dutiable value of more than \$500,000,000 a year, was approved today by the majority members of the senate finance committee.

EDUCATIONALISTS TO DISCUSS TECHNOLOGY

There will be a large gathering of educationalists from all parts of Canada in Ottawa in August to consider the report which was made public a few weeks ago by the Royal commission on Technical Education.

OPIMUM, PIPES AND LAMPS TAKEN IN RAID ON DEN

Margaret and Daniel Graham, under suspicion for some time for the alleged conducting of an opium den, were raided at their home yesterday afternoon by detectives in charge of Inspector Nutt.

The monthly report of the industrial bureau contains the information that 2,185 news letters were sent out to publications in Canada, Great Britain and the United States. Many of these were "special write-ups" including photographs of Calgary.

CHILDREN'S COATS ARE SPECIAL VALUES AT \$1.75

Something new, and something to be saved on the price. That's the daily record in our children's wear store.

WOMEN'S \$15.95 COATS FOR \$9.00

It's a dry good truism, the faster the selling, the more quickly the short lots accumulate. So among our coats for women there are in the aggregate many handsome new garments, in but a few of a style, that owe their scarcity in numbers to their great desirability.

And today comes forward a considerable group of the smartest little coats that we ever had for the small price asked. They comprise cream, black and white serges, navy and red serges and cloths, and many pretty novelty colors, including champagne and art green.

CHARMING SUMMER FASHIONS IN MILLINERY PRICED AT \$7.50

These are fresh from the workroom, and their attractiveness and summery beauty far exceeds what most women expect in a hat at this price.

WOMEN'S \$7.50 LINGERIE DRESSES FOR \$2.75

The woman seeking simple and dainty frocks for vacation wear will find fullest satisfaction of choice in this group specially priced at \$2.75.

**Y. M. C. A. Stop The Victorious
Tynesiders With Draw**

Crimp Put in Winning Streak of League Leaders; Callies Are Awarded Championship of Junior League; Football News, Notes and Gossip

(By J. K. Matheson)

M. C. A. by their meritorious draw with Tynesiders at one goal each at Victoria park last night has fulfilled the predictions that they are building up a team that is by a power in the land. Even the most biased Tynesider spectator will admit that his team was lucky to draw a goal but for the intervention of the referee on some occasions there would have been a defeat to the credit of Tynesiders last night. M. C. A. scored their goal through Johnston, and Tynesiders through Richardson, and the game so badly last night drew a goal to watch. The crowd was enthusiastic and large, and it is to be seen easily that the average team, Victoria park is proving a veritable goal mine. There was something in the game to draw the attention of the fan, and in spite of the big attraction at Mewata park, Victoria park stands as a great drawing ground. The following are the teams:

Y.M.C.A.—Howell, Etheridge and Jeffrey, O'Brien, Avenel, Williams, Fountain, Smith, Johnson, Miller and Marr.

Tynesiders—Murray, Celler and Haines, Sawdon, Carrington and Buck; Foster, Lewis, Richardson, Small and Worth.

Referee, J. S. Spiek.

The Rangers' Colors Wiped.

The 10th Regiment in spite of the fact that they are in the middle of camp arrangements, attended as the enemy so badly last night at water park, that the redoubtable Rangers had to retire sorely distressed and defeated by their opponents. The game was played between the two great rivals in the intermediate league, and at the same time it opened up the question of the league championship in a remarkable way. The Rangers were good, but the way in which they have been dealing with the ball lately when playing their game has annoyed the committee. The 10th were lucky to get out of the game with a draw, thinking the ball was going past but at the same time they have developed an attack that is splendid. Binns was good for Rangers, and the backs, Cosgrove and Mitchell defended well, but Smith was not so good. The crowd was large and the game was exciting, and the result was a game that brought right up to the end.

Big Game of the Season Tonight.

VICTORIA park has been noted for its drawing power this year in the soccer games that have been played there, and tonight there is a higher crowd of the season should line up to see the Post Office and Hillhurst to battle for premier position in the intermediate league. The Post Office have played one league game from which they have received two points and tonight will be playing against Hillhurst. The Post Office are the best possible team to stop the Posties who have been going great guns. Understated by the Posties, the Hillhursts have held their own in the league last season when through the untimely demise of a referee, the Post Office lost a point against Hillhurst, the former will go on a tie field determined to retrieve that point if possible. The Post Office team is one that is well balanced and Manager Alken has announced that the team will turn out as follows:

Beaveridge, Jones and Thornhill, Naylor, Cartwright and Murray; Patterson, Cunningham, Little, Cartwright and Keckham.

Hillhurst have selected their team as follows—Sutton; Melville and Anderson; Campbell, Williams and McGee; Elmer; Maxwell, Flat, Stan Wakeley, Hampton and Davis. Me. P. Gillespie will have charge of the game, and the decision will be made during the course of the day if the Callies would play at the college grounds instead of Hillhurst. The idea for this was that owing to the incident which took place previously in the game between the Elshop Pinkham and Western Canada college, he did not think it right that the game should take place at Hillhurst. He was willing to play at Victoria park or any other park but Hillhurst. Provisionally the game was arranged for Western Canada, but about 7 p.m. a message was received that the Callies would not play at Western Canada college. I am informed that the boys wanted to go to Hillhurst and see the matter through but the doctor would not allow them, and so the game was not played. Last night the league after carefully discussing the whole matter decided that the Callies were entitled to the points, and so decided. The Western Canada boys were disappointed in a sense, because they have put up some fine games, and the league allowed a game to take place between them and the Callies on Thursday, say, at Victoria park, there would have been satisfaction on all sides. However there is no gaining the fact that the Callies are the best team in the league and now that they have won it all credit is due them. They have played consistently all through, and deserve the high place which they have attained. Many will be more

**World's Swimming Mark
Smashed Again**

Honolulu, T.H., June 16.—In the swimming meet here yesterday under Amateur Athletic union rules, Duke Kahanamoku, the world's champion, swam 100 yards in 55-1/5 seconds and 200 yards in 2 minutes 24-2/5 seconds. According to the official in charge of the contests, the performances constituted new world records.

Miss Wisnitzer, aged 15, covered 50 yards in 31 seconds. This was claimed as a new record for a woman swimmer.

The winners of yesterday's races will represent the Hawaii Olympic club at the swimming meet to be held at San Francisco next month.

Mewata Park Fixtures

Tuesday, June 17

NORTH FIELD—Moose vs. Iron-quois.

SOUTH FIELD—West of Englewood vs. Baptist M. U.

WEST FIELD—Iroquois Jr. vs. C.P.R.

NORTHWEST FIELD—Alberta Telephone vs. G. E. and Cunninghams.

VICTORIA PARK

SOUTH DIAMOND—First Baptist vs. Central.

**K.C.'s Win Close Game
From The Vics**

The K.C.'s defeated the Vics in an exciting game in the Calgary Senior Baseball league last night by the score of 12 to 11. In every department were the teams evenly matched and not until the last inning when the K.C.'s pounced in one run was it possible to decide between the two teams.

The victory of the K.C.'s makes their lead in the league race even more secure.

**Boneheaded Plays Cost
Edmonton Game**

Saskatoon Quakers Accept Gift From Eskimos; Score 7 to 3

Edmonton, June 16.—Saskatoon won in easy fashion from Edmonton in the opening game of the league today. The locals pitched better ball than Manning but the Quakers' pitcher was given sensational support with men on bases. Errors by Williams and Moran were costly. An overthrow by Whisman at the plate cost two runs. Povey and Whisman collided in going after Chick's easy fly in the eighth and this was responsible for three more runs. Manning was hit hard by the Birds but some boneheaded base running cost several runs. Outside of the eighth inning Clayton twisted great all and fainted his position perfectly. He participated in two snappy double plays.

Score:

Saskatoon: 000 000 000—7 9 1

Edmonton: 000 012 011—3 8 4

Manning and Walters, Clayton and Spencer.

**Lusty Timely Singles Decided
First Game in Regina's Favor**

Bill Hulens Remodelled Red Sox Capture Opening Game of Crucial Home Series by Score of 4 to 2; Timely Hitting by Frink Saves a Shut Out

ILL Hulens' new combination which bears the same old name that the Bronks in the opening game of the crucial home series of the season by the score of 4 to 2 last night. Beer, one of the four original Red Sox who are still with the team, was in splendid form and gave us a sure thing game and this was almost perfectly controlled. He issued only one walk during the game and this was in the ninth after two men were down. He fanned only two of the Bronks but his assortment of curves made the Bronks' hit short drives, most of which did not go outside of the diamond.

Smick Meyers was hit rather freely but given beautiful support by his team mates.

Long drives decided the contest.

In the first inning Almqvist, the lengthy first sacker of the visitors, poked out one into the right garden which went for two bases owing to Jimmy Flanagan's misjudgment. This lusty single followed a walk issued to Hill, and resulted in the first of the Regina tally.

In the second, Smith, who was the first up, poked one to the race track in right field and circled the bases before the ball was relayed into the diamond. In the fourth after Baker had been given a walk, Gleason threw his hat at the ball and lifted a two base Texas leaguer back of second base which scored Baker. Gleason later scored upon a single by Hill. This completed the death roll, but it was sufficient to win the contest.

The Bronks made desperate efforts to catch up and pass their opponents but Beer had them eating out of his hands and in all but four innings held them

Big League Results

WESTERN CANADA LEAGUE			
Team	Won	Lost	Pct.
Saskatoon	30	6	.833
Moose Jaw	21	16	.568

Pittsburg	24	28	.462
St. Louis	22	27	.447
Cincinnati	19	35	.352

Errors Beat Nationals.

Washington, June 16.—McBride's error in the third inning after two were out paved the way for Chicago to score two runs and win the final game from Washington, and secure an even break on the series. The score was 4 to 3. Sussler and Bodine split the game making home runs. Both Russell and Groom pitched good ball, but the support of the latter was very poor. Foster, who has been out of the game for seven weeks with typhoid fever, returned to the line today, and had three errors in as many chances.

Washington: 002 011 000—4 6 1

Chicago: 001 000 000—2 6 2

Batteries—Russell and Schalk; Engel, Groom and Henry.

Not In The Box Score

And to think that the lowly Red Sox did it! What are we coming to any way?

The Red Sox, like the Bronchos of A.D. 1907 always in the game today. The one that is in the game today, Duesy to Murphy, hit by pitched ball, the one that is on the way and the one that was in the game last week. One team here, another coming and another gone.

Charlie Rothfus got back into the game last night for the first time in three weeks. He was given a rousing reception by both of the fans present.

This salary limit talk reminds us that baseball is the only profession in existence where the moguls are welcomed to pay excessive salaries. Now take the newspaper game, for instance—but what's the use?—no one ever heard of a newspaper exceeding the salary limit.

The defeat of the Bronks last night by the Red Sox together with the victory of Moose Jaw over Medicine Hat showed the Bronks back into third place and allowed the Millers to take second position.

CALGARY vs. REGINA

June 16, 17, 18.

Games start at 6.45 sharp.

Admission 25 cents and 50 cents.

Red Sox Take Four Straight.

Boston, June 16.—Boston made it four straight on St. Louis today, winning a 12-inning contest. It was a pitchers' battle between Wood and Levernus, with the latter evenly divided. Wood drove in the winning run with a sharp single, scoring Engle, who had walked and gone to third on Wallace's wild throw to second when Wagner bunted.

Boston: 100 000 000 000—3 6 2

St. Louis: 001 000 000—1 9 1

Batteries—Lavernus and Agnew; Wood and Numa.

Games start at 6.45 sharp.

Admission 25 cents and 50 cents.

Superbas Slam Cards Pitchers

St. Louis, June 16.—After St. Louis secured a five run lead in the fourth inning today, the Cardinals pitched to the victors, winning 10 to 5. The visitors fell on Sallee in the sixth, scoring five runs on six singles. Burke, who had pitched well against Brooklyn, was out of the game when he sinbled. Harmon followed Burke and was hit hard.

St. Louis: 000 015 121—10 30 2

Brooklyn: 000 015 121—10 30 2

Batteries—Rucker and Keller; Burke, Harmon, Sallee and McLean.

Bisons Slaughter Skaters

Jersey City, June 16.—Clubs were trumps in the hands of the Buffalo Bisons in today's game with Jersey City, an 8 to 0 victory. The Bisons, an 8 to 0 victory. The Bisons, an 8 to 0 victory.

Northwestern League

Team	Won	Lost	Pct.
At Portland—	2	8	.200
Batteries—	Daley, Cardneau and Haggerty; Hynes, Garrett and Murray.		

Cubs Slam Phillies Pitchers

Chicago, June 16.—Chicago today defeated Philadelphia in the first appearance of the league leaders here this season. The score was 15 to 2. Incidentally the visitors' lead was cut down a full game, as New York won from Cincinnati. Chicago pitched invincible ball in the pinches for Chicago, while the locals fumbled. Alexander was at critical times. Philadelphia's easy at critical times. Philadelphia's easy at critical times.

Orioles Trounce Hustlers

Baltimore, June 16.—The Orioles trounced the Hustlers 15 to 2 in a game that was a one-sided affair.

Freddy Welsh Agrees To Bailey's Terms.

Vancouver, June 16.—Joe Bailey, Canadian lightweight champion, was matched here today to meet F. Valse, a Scott's lightweight, in a tit bout here on July 1.

Freddie Welsh has consented to meet Bailey at 133 pounds ringside for a side bet of \$5,000, but wants more time to train. The match will take place about August 1.

President Sam Threatens Pres. Frank

Edmontonian Must Get Busy At Once

I wrote to Frank Gray yesterday that this salary limit had to be thrown wide open at once or something would have to be done. Every team on the circuit is above the limit, and the two highest priced teams are Saskatoon and Edmonton.

Those were the words of President Savage of the Calgary baseball club when asked what was being done with regard to the observation of that troublesome thing known as the "salary limit."

"Our club is the only one on the circuit that is anywhere near the legal figures. We are paying out \$15 per month in excess of the \$1,500 allowed by the constitution. I challenge any other team in the league to show where it is within two hundred dollars of our club. We have a good team and I am satisfied with it, when one or two slight changes are made. If the other teams were down to the salary limit we could win the pennant on a walk. Furthermore, if Frank Gray does not do something right away about the other teams, I am going out to get a club that will win at any cost."

"The salary limit always causes a lot of trouble in the minor leagues," continued the Calgary boss. "A few years ago we were accused of going above and winning the pennant that way. The other teams were also doing it. This year I have refused to sign about twenty ball players because they wanted too much salary. Most of them are now playing on other teams in the league. You don't think they are playing for nothing on other teams, do you?"

Sam says the Broncho team as it now stands is about the best that ever represented Calgary but is planning on making at least one change. This will probably be in the pitching staff and the new twirler will probably be here in time for the Saskatoon series.

"I don't like to criticize Frank Gray for I believe he is trying to make the league a success, but I do think that he is rather lax about the salary limit. Something will have to be done at once or I will do as the others are doing," concluded Mr. Savage.

**Millers Win Sluggest
From Mad Hatters**

Game Was Played in the Mud; Sensational Fielding Featured

Medicine Hat, June 16.—Moose Jaw won a slugfest from the Millers in a field of mud which prohibited base running. Sox which at any other time were good for doubles and triples, went only one bag.

The game was marked by sensational fielding on the part of both teams and a dozen bingles which looked like sure hits were pulled down.

Daniels and Sexton pitched good ball but seemed inclined to let the fielders do the work. The runs scored were, with one exception, driven in by consistent batting.

Score:

Medicine Hat: 020 001 014—8 3 3

Moose Jaw: 001 000 000—1 9 2

Batteries—Daniels and Bales; Sexton and Moore; Daniels and Bales.

TOO MANY DAYS, COLLABORATION - ARMSTRONG APPEAL DISMISSED WITHOUT COSTS

Empire, Victoria, King George's and Dominion Day Follow So Close As To Lose Significance? There are so many holidays that the children of Calgary at times forget what they stand for. That was the opinion expressed at the meeting of the school board yesterday.

REASONS TO BE GIVEN WEDNESDAY BY COURT Question Arises Whether Full Damages Will Be Awarded or Only \$6,000, Which Respondent Said Would Be Sufficient Instead of \$20,000

Without calling on the respondents in the Collard-Armstrong appeal yesterday morning the judges of the court held that the respondents' appeal without costs. Reasons will be given later, it is expected on Wednesday afternoon at 4 o'clock till which hour the court has been adjourned. No mention was made by the judge as to whether the respondents will be allowed to call on the appellants.

OBITUARY. Gibson - The funeral of the late William Gibson of 1721 10th Ave. West, will take place Tuesday afternoon at three o'clock. Services will be conducted in Graham & Thompson's Chapel, 609 Centre Street, by the Rev. A. D. Archibald. Interment will be made in Union cemetery.

MUSTER CALL AT DAWN TODAY OPENS THE ENCAMPMENT

The first fatal accident to occur in the C. P. R. shops at Ernfold cost the life of Edward Knight, a plumber's helper, who was crushed between two freight cars. Knight, who had been working in the shops for the past four months, was crossing the railroad tracks within the yard when he was struck by another coming in an opposite direction. He was crushed between the buffers of the cars, and his chest and ribs broken. Dr. Selby, the company's physician, was quickly summoned by Superintendent Chas. Brown, and tried every possible means of relieving the man's life. Knight, however, died within five minutes after being crushed.

C. P. R. BRAKEMAN GETS \$750

Moose Jaw, June 16.—A case of exceptional local interest to railway men was heard in the court today. The C. P. R. was decided today in the supreme court, when Mr. Justice Lamont gave an award of \$750 to claimant Edward A. Braekman, who was injured in a freight collision last November. Edward Braekman, who is a resident of Moose Jaw, was injured in a freight collision last November. He was a brakeman on the C. P. R. and was injured in a collision with a freight car. The court awarded him \$750 in damages.

SUFFRAGETTES ACCUSED

Cambridge, Eng., June 16.—Three hundred volumes, many of them valuable, belonging to the library of St. John's college, have been mutilated. It is believed that the suffragettes are responsible for the vandalism. The books were damaged by the suffragettes who were protesting against the government's policy on women's suffrage.

DEMOUR RUM MOVES FIRST PRISONER IN NEW STATION

Constable Fraser Makes First Arrest For Sergeant Taylor's Territory on Opening Day. Arthur Cole, whose only home in Calgary is a police station or a back yard, had a doubtful honor of being the first prisoner to be booked at the new police station, No. 2, established yesterday morning. Police Constable Fraser made the first arrest in the new territory over which Sergeant W. H. Taylor does the car cut.

AERONAUTS IN TROUBLE

London, June 16.—Emile Dubonnet and Wally Jordan, two aeronauts, who were participating in a long distance balloon race from Paris, were picked up today by a tug 22 miles north of Ventnor, on the south coast of the Isle of Wight. They were clinging to the wreckage of their balloon, which had collapsed. The aeronauts were in trouble as their balloon had collapsed and they were struggling to survive.

WIND STORM SWEEP TENT WHEN MEN WERE AT DINNER

Three Rivers, Que., June 15.—The city of Three Rivers and the military camp of the Montreal infantry regiment here were visited by the worst thunderstorm in years late this afternoon. More than half the camp was washed to the ground. Supplies and bedding were strewn about and thoroughly water-soaked.

FAMOUS BREACH OF PROMISE CASE FROM NANTON ENDS ITS CAREER IN THE COURTS OF ALBERTA; STATED THAT IT WILL BE APPEALED TO OTTAWA

City of Three Rivers and Military Camp Visited by Worst Thunderstorm For Years. In the town the power wires are down and no light is promised for two days. The roof of the Dominion Coy. tent was blown off and many houses suffered severe treatment from the wind which blew with hurricane velocity.

HENRI BOURASSA SPEAKS AT REGINA

Regina, June 16.—Henri Bourassa, Nationalist leader, gave two addresses in Regina today. He spoke before the Canadian Club at lunch and described the aims of the Nationalists in a large and attentive mass meeting in the city hall in the evening.

CONCRETE PAVEMENTS IN BRANT

CONCRETE roads have literally taken Canada by storm. From Halifax to Vancouver, road commissions, town and county engineers, town councils and good roads associations, have been quick to discover the remarkable advantages of the concrete pavement. Its use, either for country highways, or for city streets, is so clearly the best solution of the good roads problem, that there has been little of the delay which usually accompanies the introduction of a comparatively new method.

Everybody is building Concrete Roads

CONCRETE roads have literally taken Canada by storm. From Halifax to Vancouver, road commissions, town and county engineers, town councils and good roads associations, have been quick to discover the remarkable advantages of the concrete pavement. Its use, either for country highways, or for city streets, is so clearly the best solution of the good roads problem, that there has been little of the delay which usually accompanies the introduction of a comparatively new method.

An Authority's Statement

"It is a sad commentary on the conduct of an undertaking of any magnitude, municipal, states or nations, all seem to find it necessary to do a certain amount of experimenting and dilly-dallying before accepting the conclusions and avoiding the failures of previous demonstrations. This is particularly true of the various phases of the good roads movement.

"The initial cost of a good concrete road is little, if any, greater than that of a first-class bituminous road. One of the greatest fallacies indulged in by communities starting to improve their highways is that the cheapest in cost of original construction of roads means economy and that the highway official who can build the greatest area of roads at the least outlay per square yard is working for the community's best interest.

"On one of the main highways out of Detroit, Grand River road, the first two miles is tar macadam. If someone had offered to build this road absolutely without one penny's cost to Wayne County, stipulating only that we should maintain it in a fairly average condition, at the end of eight years we would have been money ahead by rejecting the offer and building it of concrete under our present specifications. Of course, six years ago, when we built this road, we did not possess this knowledge, but our experience was one of the reasons for abandoning the construction of this type of road and turning to concrete. When it comes to annual cost, the concrete road stands pre-eminent. With more than 60 miles of concrete road in Wayne County, some of it in its fourth year, we have spent less than \$300 on its surface for maintenance and this is what makes this type of road the cheapest of all roads."

CONTRACT FOR TUNNEL THROUGH SELKIRKS LET

MONTREAL, June 16.—J. D. Sullivan, of Winnipeg, chief engineer of western lines, announces that the contract for the double-track tunnel through the Selkirk mountains, which will be five miles in length, has been let to Messrs. Foley Brothers, Welch & Stewart, of Vancouver, who were the lowest tenderers. When this tunnel is built, and the change of line on each side of it, there will be but one stretch of 2.2 grade against the westbound traffic from coast to coast. The bore will shorten the line by four and a half miles, and will reduce the elevation that trains are required to be lifted now by five hundred and forty feet, and it will save twenty-four hundred degrees of curvature, which is equivalent to nearly seven complete circles. The tunnel will enter the Selkirk mountains on the east end, in the valley below Bear Creek station, on the present line, and will come out at the loop.

CENTRAL METHODIST CHURCH SCENE OF UNIQUE PRESENTATION

FOR the first time in the history of the Central Methodist Church, Calgary, a live horse was presented to the church. It was a beautiful Shetland pony, presented to the church by a young lady of property for general presentation in the primary department of Mount Royal college and the occasion was the college commencement of 1912. The pony was donated by Mr. D. J. Trotter of Calgary.

BATTLESHIP RAN AGROUND

Plymouth, Eng., June 16.—The British battleship Magnificent grounded at Plymouth Sound, today. A heavy fog prevailed at the time. The battleship is considered to be in no danger.

The Right Soap For Baby's Skin Is Cuticura Soap

IN the care of baby's skin and hair, Cuticura Soap is the mother's favorite. Not only is it unrivalled in purity and refreshing fragrance, but its gentle emollient properties render it of great value in promoting skin and hair health generally. For the treatment of eczemas, rashes and other itching, burning, inflamed eruptions, warm baths with Cuticura Soap, followed by gentle applications of Cuticura Ointment are usually effective when other methods fail. Cuticura Soap wears to a wafer, outlasting several cakes of ordinary soap and making its use most economical.

Cuticura Soap and Ointment are sold throughout the world. A liberal literature, including a booklet on the care and treatment of the skin and scalp, sent post-free on request. Address: Cuticura, Dept. 100, Boston, U. S. A.

COURTS ARE BUSY BEFORE LONG VACATION

Appeals Over Tomorrow Afternoon; Civil Cases Today; Criminal Thursday

The session of the supreme court adjourned yesterday afternoon at 4 o'clock. It is expected a number of decisions will be handed down and the session ended.

The supreme court for civil cases will open this morning with Mr. Justice Ramsay presiding. There is a long list of cases which will, it is expected, be about all the last session before the long vacation.

There will also be a session of the criminal court presided over by the chief justice. The trial of Arthur Peckey for manslaughter in connection with the death of Joseph Dionne, the murderer of the late German girl, Justice Price is on May 5 in Calgary.

"CAPE-TO-CAIRO" IS A VERY WONDROUS TRIP

"The traveler who climbs into the Nile boat at Khartoum, and who, after a long and arduous journey, reaches the Mediterranean at Alexandria," says E. A. Powell, "is not only a traveler, but a conqueror."

The Nile, the longest river in the world, winds its way from the mountains of the East to the sea. It is a river of wonders, and its banks are the scene of many a wonderful sight.

He will hold his breath in awe as he looks down the Nile. The banks are so high that he can see the tops of the mountains of the East. The water is so clear that he can see the bottom of the river.

He will see the pyramids of Giza, the great city of Memphis, and the tombs of the pharaohs. He will see the temples of Thebes, and the great obelisk of Heliopolis.

He will see the great Nile valley, the breadbasket of the world. He will see the great delta of the Nile, which is the lifeblood of Egypt.

He will see the great city of Cairo, the heart of Egypt. He will see the pyramids of Giza, the great city of Memphis, and the tombs of the pharaohs.

IMPROVING THE HARD LOT OF THE BRITISH AGRICULTURAL LABOURER

LONDON, June 15.—The agricultural laborer is the most pathetic figure in the body politic. It is true that during the last fifty years his wages have increased by 25 per cent, but during the same period, and particularly during the last fifteen years, the wages of workers in other industries have advanced in a greater ratio. During this period the standard of living in all classes of society, and particularly among the working classes, has risen considerably, and meat (particularly pig meat) has come to be deemed one of the necessities of life. In almost every cottage in the land, and has thus superseded, perhaps not altogether to the physical advantage of the workers, a diet the basis of which was good wheat bread, a little butter, and eggs. The more serious consideration, however, is that during the last 10 years the cost of living has increased by at least 12 per cent, and the purchasing power of wages has consequently decreased by a like amount.

Low Scale of Advance
Therefore, if an agricultural laborer was receiving, say, 15s a week ten years ago, and it was then deemed to be fair remuneration for his work, it is manifest that if his wage has not since been increased and his labor is of equal value today to his employer he is at the present time being underpaid. In many parts of the country, however, particularly in industrial districts, where competition affects the price of labor, agricultural laborers' wages have advanced more or less in proportion to, but on a lower scale than those of the industrial workers. The result is that they are higher in such industrial countries as Durham, Northumberland, Lancashire, Nottingham, and Yorkshire, than they are in such purely agricultural areas as are found in Suffolk, Devon, Norfolk, or Oxfordshire. Whatever parliament or private initiative may do, such differences are bound to exist as the result of the ordinary economic laws of supply and demand. It has, moreover, to be borne in mind that in these industrial districts there is a more ready sale at higher prices for agricultural produce than in districts remote from the centres of population and good markets.

Effect of Minimum Wage
The idea of statutory minimum wages is based largely upon the precedent afforded by somewhat similar legislative interference in the case of those employed in coal mines and upon the railways. These undertakings are the two greatest industrial monopolies in Great Britain. The effect of raising wages in them by statute is not to make the employers' profits any the less or to allow them to charge more for their goods (and possibly of themselves) by rail.

'THE BELL HOP' HAD FUNNY EXPERIENCE ON FRONTIER

Dan Friendly, now at Lyric, Had Some Time Getting Further Further Than Emerson

Dan Friendly, who is starting in "The Bell Hop," which now is the Allard-Woolfolk Co's third offering at the Lyric Theatre, starting last night, tells a good story of his experience at Emerson with the Canadian immigration inspector. Dan being an inveterate smoker, always filled with a nondescript assortment of working men and homesteaders. Dan, true to his habits, on the trip from St. Paul to Winnipeg, raised toward the forward end of the train, immediately after eating his lunch, and finding a lighted cigar and settled himself for a half hour's nicotine retrospection. The train was just pulling into Emerson and as soon as the grinding brakes had succeeded in stopping its momentum, the inspector entered and started on his duties. The laws of Canada demand that any foreigner entering the Dominion must in addition to having good health, must at least be possessed of fifteen dollars, this being Dan's first trip to this country he, of course was ignorant of this most necessary requirement and when he saw the officer demanding each passenger to show fifteen dollars he had only about one-fourth of that amount in his pocket. Actors seldom carry much ready cash on them as it is always necessary to change street clothes going on, consequently Dan felt himself up against it. While he was debating with himself what was best to be done the inspector stopped present in advance of Dan's and demanded of the two Swedes who could not speak much English, the required fifteen dollars. The two Swedes had only enough money for one, but each pulled out a peculiar shaped black purse. The one nearest the shaped black purse, fifteen dollars slowly, dollars pills, fifty cent pieces and other small coins, the inspector naturally wanting to get through as quickly as possible, turned to the people at the seats across, after taken with a case of stage fright as he turned his back, the two men exchanged purses and the second man counted out the same fifteen. Dan was wise at once and he asked the inspector if the ladies

JOHN MASON HERE MONDAY IN NEW PROBLEM PLAY

"As a Man Thinks," Latest Production of Augustus Thomas, Booked for Grand

Next Monday evening at the Sherman Grand John Mason, created by many able writers as this continent's foremost actor, and his New York company, the thirty-ninth Street theatre players, will appear for the first time in this city in the Messrs. Shubert's production of the new play by Augustus Thomas, treating of the double standard of morality, "As a Man Thinks." The same author, earlier gave the theatre-goers "The Witching Hour," "Arizona," "The Earl of Pawtucket," and a half a dozen other well-known plays.

"As a Man Thinks" is to be presented in this city with every scene and costume detail that obtained in the new piece for one year at the thirty-ninth Street here in New York. The four acts in Mr. Thomas' latest play depict scenes and characters in New York and its most obvious strong conceals itself with the jealousy of a wife whose husband has deviated from the path of strict propriety. The wife condones the offence for the sake of their child.

Then the wife indelicately and without thought of wrong, goes to the apartment of a man with whom she had been in love years before. This coming to the knowledge of the husband he parts with his wife, but eventually, persuaded by the gentle Dr. Seelig that the evil is only in the mind "as a man thinketh"—he is made to see and feel aright and the little family thus enjoys a harmony deeper than ever. Judge however, that incidentally, there are other heart interests in the play.

John Mason will appear as Dr. Seelig, Julie Horn as Mrs. Clayton, the young wife, John Flood as Frank Clayton, the husband, and George Gaston as Judge Hoover, the lawyer. Several players in minor characters complete the parts.

"Fanny's First Play," by George Bernard Shaw, which ran at the Comedy Theatre, starting last night, will be one of the notable dramatic attractions of the Lyric Theatre for the season. By arrangement with Mr. Manville Barker, the London manager, Messrs. Shubert announce that the original English players will remain with the organization.

Upon being told that ladies were classed the same, he got up and to the speaker as rapidly as possible, and in great haste told the Canadian immigration inspector. Mrs. Friendly announced that Dan had only had eleven dollars, and Dan had only \$2.70. Thirty cents shy. But Dan in his hurry miscounted the money, making it fifteen. The inspector in due time arrived on the scene and Dan with a flourish counted out the money, when the severe and Dan in the inspector looked upon the money and said, "I have forgotten to slip the money over to his wife, and the inspector did not turn to the other seat as he had done in the past, and of course when Dan nervously told him that he ought not to hold snuggly, turned. Dan is no slight hand artist, so when he tried to pass his wife the money the inspector frigidly informed him that he was liable to arrest for attempted fraud. Dan wilted, and the inspector if he would take his watch and the \$14.70 and sat down perspiring. The inspector hunted up the manager of "The Bell Hop" company, and told him the joke, giving him Dan's money and watch. Dan can't tell what time it is, and isn't very sure whether he can redeem his watch from the inspector or not, but he defers many times a day to the old adage, that honesty is the best policy. When he finally gives him back his belongings, it will cost Dan the price of several libations.

"KID KABARET" HEADS NEW VAUDEVILLE BILL THIS WEEK

Gus Edwards, Inimitable Trainer of Youthful Talent, Presents Unique Act at Grand

In looking over the list of big acts that have visited the Orpheum, there is none remembered with any more pleasure than Gus Edwards' "Song Reciter" which was at the Sherman Grand during April. It will therefore be a matter of general pleasure to patrons of the Grand to learn that Thursday's headliner will be another effort of the wonderful writer of songs and trainer of the youthful talents for stage work. This act is called "The Kid Kabaret" and that alliterative caption just about expresses what may be expected. The chief figures in this feature offering will be Eddie Cantor and George Jessel. It will also be a source of pleasure to the patrons to know that the act is featured by a number of instrumental and dance numbers.

Another act that will interest westerners is that of Will Rogers, who may be called a larrikin virtuoso. In addition he is a comedian of genuine merit and the act is certain to prove an entertaining one.

Miss Helen Trix calls herself a "piano-schwabitztrous" and that caption is so apt that she should need no further introduction.

Then there is Brent Hayes, who stands for all that is good in the realm of banjo playing. He is the one man that can rightfully claim to have established a world's record on the banjo, having memorized no less than 104 selections, which he can render in an imitable manner. So greatly is his artistry that he can impersonate an entire orchestra with one instrument.

Few acts of the song and dance variety have such able actors as "A Dash of Spanish" in which La Valera and Melvin Stokes appear. The young lady is handsome and an accomplished dancer and Mr. Stokes is the possessor of a fine tenor voice.

Then there will be the usual installment of the Edison talking pictures, which have become a valuable adjunct of the bill and the orchestra will furnish one of its usually fine programs.
