Bridgetown Amateur Athletic held their Annual Meeting on Monday, April 9th, at the home of Mr. A. B. McKenzie in the chair.

The minutes of previous meeting were read and approved, and the financial report for the year presented.

A letter was received from Acadia University ball team asking for a game on either May 25th, 26th or 28th. Guarantee asked \$75 rain or shine.

The matter of securing permission from the Athletic Association for the erection of a new curling rink on the South East corner of the athletic grounds was brought forward and left to the incoming executive to deal with.

Election of officers resulted as follows:—

President—W. A. Warren.
1st Vice-Pres.—H. S. Magee.

2nd Vice-Pres.—Owen Graves.
The matter of securing a Secty. treasurer was left to the new executive, no overpowering desire for the position being manifested by the members present.

Notice was given of a motion to be made at next regular meeting to change the time of the Annual Meeting from the first week in April to the first week in March.

The close support and cooperation of citizens generally is requested if baseball is wanted. Another resolution was passed to the effect that the use of the grounds will be accorded only to those who are paid up members.

DISASTROUS FIRE AT ANNAPOLIS

Runciman Block Burned, Loss \$50,000—A Tea Service Only Saved.

Annapolis was visited by a disastrous fire on Tuesday morning when the Runciman block, valued at about \$25,000, was totally destroyed, and the stocks of A. E. Runciman (owner of the block) dry goods; D. Wear, groceries, and C. B. Longmire, boots and shoes, went up in smoke. The cause of the fire has not yet been determined.

The presence of fire was first suspected about four o'clock in the morning when Mr. Maise, an invalid, who resides in one of the three apartments on the second floor of the building, awoke, called his son, and told him he thought he smelt smoke.

When the hall door was opened smoke poured in and the tenants got out only with the clothes which they could grab hurriedly, so swiftly did the flames spread.

Mr. L. M. Fortier saved a silver tea service, the gift of an American gentleman some years ago in recognition of splendid work in preserving old historical objects. The service he caught up hastily in passing out. It was discovered that the fire originated in the back part of Wear's grocery dept. In spite of the utmost efforts of the fire department it was soon seen that the building was doomed. Prof. and Mrs. Kelsall who are now away in the States, lost all their furnishings and personal property. The total loss building, fixtures, etc., is placed at \$50,000, with insurance somewhat over half that amount.

Mr. Wear was moving out across the street and had about half his stock transferred Monday. Mr. Longmire lost all his stock which was insured for scarcely half its value. So complete was the destruction that the silver tea service was the only thing saved. The Runciman block was a new building, finely fitted up, and a good example of burned Annapolis re-created from its baptism of fire in 1921.

Miss Violet Gillis has gone for a Summer's outing and change to try her fortune in Uncle Sam's domain. We regret her absence and hope she will see the sights, enjoy the delights, and then come back, proud to know the homeland is the very best in the world.

Our sympathy is extended to those recently bereaved. In the passing of Mrs. Robert Bath we lose another of our best loved citizens who has ever written her name by kindness, love and mercy on the hearts of all with whom she came in contact. We cherish in memory her loving deeds, as a devoted wife, loving mother, and true and faithful friend. She had few peers.

Can we say with truth: "The wild windy March once more Has closed his gates of sleet And given us back our April time, So fickle and so sweet."

Awake thou wintry earth Fling off thy sadness; Fair vernal flowers laugh forth, Your ancient gladness, "Christ is risen" All is fresh and new Full of Spring and light and Wintry heart.

Why wearst the hue of sleep and night, "Christ is risen".

FLOODS CAUSE EXCITEMENT

Fate of Town Bridge Hung in Balance Several Hours Owing to Ice Blockade.

TRAIN SERVICE DEMORALIZED

No Trains Between Bridgetown And Port Williams—4 to 6 Feet of Water Covers Tracks.

The rapid rise of the Annapolis river, coupled with the breaking up of the ice, and the consequent possibilities of the Queen Street bridge being carried out as it was three years ago, furnished the citizens with some excitement. All day Monday and during the night as well, hundreds visited the bridge. Not till one o'clock Tuesday morning was the danger past, when the ice jam was broken. Now the river is pronounced clear of ice in quantities sufficient to cause danger to bridges.

Rapid melting of the snow on Saturday and Sunday swelled the volume of water in the river, and on Monday the ice broke and commenced to come down. The river was reported clear as far up as Round Hill, and later to Tupperville. From there up was a solid jam and the quantity of ice accumulating between the railway bridge and the carriage bridge here became so great that fears were entertained that the latter structure would be swept off its foundation. The railway company secured the position of their bridge by placing a freight train upon it. Shortly after one o'clock the dammed up waters commenced to flow over the railroad track and over Queen Street between the two bridges, filling cellars of houses in its track and preventing passage except by team or horse back. This condition prevailed for many hours. In some cases animals had to be taken from the stables to escape the rising waters and quantities of staves were washed out of the cooper shop yard and went down with the flood. West Paradise was shut off on both sides by the flood which covered road and railroad to the depth of from four to six feet.

Train service suffered severely east of here, but the express from Yorkmouth arrived at about the usual time and returned west again. The express from Halifax was able to come only as far as Kingston on Monday, but on Tuesday conditions grew worse, and the service could be continued only to Port Williams. Low lands all over the Valley are completely flooded and it will possibly be some days before general conditions will be much improved. The damage to railway road bed is very considerable and the expense of putting it in good shape again will probably run into several thousands of dollars.

The very gradual disappearance of snow during the past few weeks alone presented floods far greater than the Valley has ever previously experienced.

COUNTY BAPTIST DISTRICT MEETING

Two Day Session In Bridgetown Presided Over by Rev. M.W. Brown, D. D.

RESUME OF PROCEEDINGS

Delegates Appreciate Their Stay In Bridgetown. Next Meeting With Dalhousie Church In June.

The annual United Baptist District Meeting convened with the Baptist Church in Bridgetown, on April 3rd and 4th. The Moderator, Rev. M. W. Brown, D.D., occupied the chair. After the trying illness through which he has passed it was a source of pleasure to see him take up again the work he loves. Following a devotional period, the business began, with reading minutes and appointment of Nominating Committee.

The standing of the churches in regard to Denominational Funds was considered. The Secretary was asked to act as "Key" man and to write all churches in the County. At four o'clock the Women's Missionary Aid Society took charge.

The evening session took the form of a preaching service. The anthem, "The Lord is My Shepherd", was rendered most acceptably by the choir. Rev. A. H. Whitman chose as his subject, "Hands of Might in Christian Service", basing his remarks upon the text Ecc. 1.9:10. In a very interesting manner he spoke of the use of the hand as indicating sympathy, grief, defiance; the expressions clean hands, bloody hands, consecrated hands, hands of service, showed the condition of the heart and life.

Rev. D. W. Dixon opened the third session, on Wednesday morning, with a helpful devotional exercise. The Nominating Committee's report resulted in the election of the following as officers for the ensuing year: Moderator, Rev. M. W. Brown, D.D.; Vice-Moderator, Rev. M. B. Whitman; Secretary, Rev. A. Gibson; two members appointed to act with the officers as an executive; Rev. D. W. Dixon, and Rev. A. J. Prosser.

The remainder of the forenoon was taken up with a discussion of ways and means "to provide for pastorless fields in the County. Concerning Dalhousie West, it was decided "That this District Meeting suggest to the Bridgetown Church that it take steps to care for the work in Dalhousie West as in its wisdom it may see fit."

Rev. A. J. Prosser gave notice of a motion to change section eight of the constitution.

A motion of adjournment, to meet with the Church at Dalhousie West on June 25th, brought to a close an inspiring season of fellowship.

All present appreciated very highly the kindness of the pastor and members of the Bridgetown Church for the use of their house of worship; the assistance rendered by the choir, and the most generous entertainment provided by the members.

The concluding portion of the District meeting was very pleasantly spent on Wednesday evening by the induction of Rev. A. J. Prosser into the pastorate of the Bridgetown Baptist Church, Rev. Dr. Maynard Brown presiding. He welcomed the pastor and Mrs. Prosser to the County.

Rev. D. W. Dixon, of Port Lorne, gave an excellent address on "The Church in relation to the Pastor".

The address to pastor was given by Rev. A. Gibson, of Annapolis Royal, who spoke most effectively. The right hand of fellowship was given the pastor and Mrs. Prosser by Deacon Freeman. The programme was interspersed suitably by hymns and duets and concluded by a bountiful banquet by the ladies of the congregation.

SECRETARY'S REPORT FOR YEAR 1922

Mr. President, Councilors and Members:
Following is the Secretary's report for the past year:

The Annual Meeting of the Board was held on Tuesday evening, February 14th, at 8 o'clock, President Hicks in the chair. Total number of members present, thirteen.

After the annual routine business was disposed of, many matters of general interest were discussed. The first matter to receive attention was a suggestion made by Dr. Armstrong that, as it was then about 50 years since the founding of our town of Bridgetown, that the event should be recognized by a Centennial Celebration and an Old Home Week. This was undertaken by the Board of Trade, assisted by committees from the churches and local organizations and was carried out very successfully. The celebration began on Sunday, September the 2nd, with appropriate church services for the occasion, followed on Monday with a big day of sports and a grand street parade. The next three days were devoted to historic events. The celebration closed on Thursday after five days of very interesting programme. Many prominent speakers were present during the week from different parts of Canada and many former Bridgetown residents were about town renewing old acquaintances.

Our old friend the "Owl" was once again up for discussion. As there had been some doubt as to whether, or not, we would have this train service during the Summer months, some activity was created by the Board of Trade and interested citizens, between Kentville and Lunenburg, who brought considerable pressure to bear on the management of the D.A.R. with the result that the service was restored and the train operated until Christmas.

On the evening of May 2nd the Board held a very enjoyable banquet at Riverside Inn. About twenty-five members were present with the town clergymen as guests. Among the out of town guests were Mr. Geo. M. Graham, General Manager of the Dominion Atlantic Railway, and Professor W. S. Blair, Superintendent of the Experimental Farm, Kentville. While an excellent dinner was being disposed of, very fine music was furnished by the Bridgetown orchestra which was followed by the usual toasts, funny stories and many interesting and humorous speeches. The evening was pleasantly spent and enjoyed by all.

The matter of free express delivery was taken up by the Secretary and gone into very fully with the head officials of the Dominion Express Co., who made a special visit here to look over the situation. As one of the requirements for free delivery is that there shall be an area of at least a half square mile, as Bridgetown did not measure up to this requirement, free delivery could not be granted.

On February 26th, the Council was called together to consider the contents of the telegrams received from the Moncton Board of Trade respecting the location of the Western terminal of the Atlantic region of the Canadian National Railway. The matter was discussed quite fully and a letter was sent to the Moncton Board regretting our inability to send a delegate to the meeting of the Maritime Boards at Amherst, but that we stood united in any support of any action taken at the meeting for the betterment of railway conditions in the Maritime Provinces.

A very strong resolution was forwarded from the general meeting at Amherst to Sir Henry Thornton, Premier King, and several government officials, protesting against any change in the Western terminal. As far as I am aware, no direct reply has been received from Mr. Thornton, although a communication was received by the Secretary of the St. John Board of Trade, stating that it is impossible to make Montreal the dividing line and that he understood that it was the wish of the Maritime people that the International be kept intact, that is Halifax to Riviere du Loup. At the request of the meeting at Amherst, Sir Henry Thornton has agreed to meet representatives of the Maritime Boards at Montreal during the week of April the 9th to go into the matter fully and placed a C.N.R. business car at their disposal to and from Moncton.

The Council of the Board met again on February 28th for the purpose of considering the resolution as passed by the Municipal Council at its last session, asking the Provincial Legislature to repeal an Act of 1869 which stated that the Spring Supreme Courts and the Fall County Courts should be held in Bridgetown. As the repealing of this Act would be detrimental to the interests of Bridgetown, as well as a great inconvenience to the residents of the Eastern part of the County, in that all courts would be held in Annapolis, your Council sent resolutions of protest to Premier Armstrong, Attorney General W. J. O'Hearn, Hon. O. T. Daniels and Mr. F. R. Elliott. While I have no official statement, I understand

that the resolution of the Municipal Council will not be introduced at the present session of the house.

Numerous letters and resolutions have been received from the Secretary of the Kentville Board of Trade, relative to the locating in Nova Scotia of retired British India officers. A few of these men are due to arrive any day now. I think immediate action should be taken to see that this section of the Valley gets a fair share. It would be very helpful to this community if a number of this fine type of men could be located in or near Bridgetown. Our Province to-day is in great need of settlers with agricultural experience who are willing to clear up and develop our fertile lands and everything possible should be done to encourage this class of people.

A Bill has been recently introduced in the New Brunswick Legislature to enable rural Municipalities to grant loans to farmers so as to relieve them of financial embarrassment and to encourage agricultural development. These loans to be secured by mortgage at a rate of interest not to exceed 6% and up to a value of 50% of the farm. I think this a capital idea, as it will enable farmers to discharge liabilities incurred by the improvement and development of their land as well as assist them in erecting suitable buildings, and in stocking their farms. All of this will tend to greater production and eventually a boom to our country. I think some such legislation should be enacted in the Province of Nova Scotia if not already there.

Some letters were also received from the Kentville Board regarding the encouragement of tourist travel. On March 19th a conference of representatives of Boards of Trade and newspapers from Halifax to Yarmouth was held at Kentville and by unanimous consent supported the Old Home Summer for Nova Scotia. It was decided that the delegates present should form themselves into an "Annapolis Valley Tourist Association", ranging from Windsor to Yarmouth and urged that the government should expend at least \$15,000 for the organization of tourist publicity. As there is to be a meeting in Kentville in a few days for organization purposes, we are asked to select a member to be our representative of this Association. This, of course, will be given your immediate attention.

Since our last Annual Meeting we are again called upon to suffer the loss of one of our very active and valued members, Captain Wm. R. Longmire. Captain Longmire's great interest in all public matters and his untiring efforts for the welfare of the community will ever be remembered. His absence now will be keenly felt, not only among the business men of Bridgetown, but throughout the business world. His influence and standard of business will be an example to us and to those who follow to his bereaved family.

Considerable business depression has been felt in Bridgetown during the past year. A large percentage of the trade comes from the farmer and the farmer who depend mostly on their apples for their living were rather hard hit, there being a poor market and only fair prices. While some of our local industries are not enjoying their usual business activity, one, at least, is showing a little sign of life. The very rainy Summer, followed by an extremely severe Winter and an over-abundance of snow, has put a handicap on the general merchandising of goods, but the merchants are hoping for a prosperous Summer, when conditions may right themselves.

W. H. MAXWELL,
Secretary.

GERMANS REAP BENEFITS
London.—The strike of the fishermen of Aberdeen against the landing at that port of fish caught by Germans in the North Sea has been in progress a month, and 340 trawlers are idle in consequence, although German vessels continue to land fish daily at Aberdeen.
The Lord Provost of the city has advised the local fishermen to protest to the government direct against this state of things, and his advice will probably be taken.

ECONOMY DESIRED

It is rather interesting to note that ratepayers in a number of towns throughout the Province have during the past few weeks voted against the borrowing of monies for permanent improvements. Whether this is in all cases wise or not, is open to question. Be that as it may, it indicates a desire for economy and a wish to prune expenses. This is a least consistent for in the majority of cases the private citizen has had to prune and still is pruning his spending to make it balance receipts. There is still the disposition to approach governments with requests for expenditures on the unnecessary, as well as on the necessary. The idea still seems to prevail that governments have some sort of magic way of producing wealth at will. Those who have felt the full force of official ingenuity in devising and operating new schemes for more coin to keep the usual public services going might consider that this view is justified. Many new requests come in to governments to expend money on new ventures and on new things some of them very commendable. However, getting down to the last analysis the money must come from the people. If they crave for further taxation they can have whatever they wish up to the limit. Most people, however, feel that the limit has been reached, if not in some instances, over-extended. While mentioning these painful subjects there is one observation we would like to make, and it is this: We do not consider that a small Province like Nova Scotia requires sixty-nine legislators to conduct its governmental business. A very much smaller number could do the business just as efficiently as at present, if not more so. The saving, too, would be well worth while. Set an example of economy and show a desire in the carrying out of the same.

NOVA SCOTIA REPRESENTATION

Nova Scotia's case against any further reduction in the representation allowed the Province in the Commons rests on the contention that it was the intention of the Fathers of Confederation, and the understanding on which the Province entered the Dominion in 1867, that the representation granted Nova Scotia at that time would not be reduced. "Taking the strict letter of the law as the governing provision," says the Sydney Record: "Nova Scotia may not be able to make out a case against the proposed reduction in its representation in the Commons. But fair-dealing men, in their transactions with one another, do not adhere to the strict letter of agreements which do not faithfully interpret the understanding on which the dealings were based. A country should not be less fair than fair-dealing men.

delivered in the House of Assembly in support of his resolution urging action to prevent a reduction in Nova Scotia's representation at Ottawa, Mr. R. H. Graham, one of the Liberal members for Pictou County, showed very plainly that the prevailing thought in 1867 had been that the Federal representation of the Province would never be cut below the original number. The same point, by the way, was stressed in the resolution recently adopted by the Liberal Association of Cape Breton South and Richmond. Mr. Graham quoted Sir Alexander Gait, one of Quebec's delegates in the Confederation negotiations, as saying that "the Lower Provinces should not be reduced (in representation) if they do not increase (in population) in the same ratio" as other Provinces. Hon. George Brown, the famous Ontario statesman, was also quoted by Mr. Graham as having said at the Quebec Conference that "the Lower Provinces cannot decrease in the number of representatives."

Other like statements might also be quoted. And the assertion that the popular understanding in Nova Scotia was that the Province would never have a smaller number of Federal representatives than it had in 1867 could easily be supported by quotations from the discussions of Confederation times. As a matter of fact, of course, no persons whose life or reading has brought them knowledge of the feeling that existed in Nova Scotia in the "60's" in regard to Confederation needs to be told that the Province would never have agreed to union had it been understood that its Federal representation was liable to reduction.

Standing on the letter of the British North America Act, Nova Scotia's case breaks down. But Nova Scotia takes fair ground in arguing that the Dominion should look beyond the letter of the law and act in accordance with the spirit of the agreement that brought about Confederation. It may be too much to expect that the Federal representation should be restored to the original figure; Nova Scotia accepted reductions in by-gone years and it is scarcely likely that what has been done can be wholly undone; but it is not too much to argue that the Dominion shall agree that there is to be no further departure from the spirit of the Confederation agreement by new reductions in Nova Scotia constituencies and members. Nova Scotia has adhered to both the letter and the spirit of the Confederation pact, so far as its assumption of obligations as one division of the Dominion is concerned, and it seeks no more than justice when it asks that if the letter of the pact is not in accord with the understanding on which the Province entered the Union and made the Dominion possible, there shall be adherence to the spirit and not to the strict legal meaning of the law. Justice should be put first.

CONSISTENCY THAW
ART A JEWEL

We commend the following comments from the Pictou Advocate. They strike the nail directly on the head and have a Province-wide application. While every paper in every town has its loyal supporters who expect and receive the support of their local paper in every way, it must be admitted that there are also other persons who would rather send their money to Toronto or elsewhere than spend it helping to increase the prosperity of their own communities.

The business man who sends abroad for any product which can be obtained from or through his fellow business man is doing his own business and the whole town an injury. —Exchange.

And yet we have known of Pictou business men to complain bitterly of the competition of mail order houses and then give orders to Toronto and then give orders to Toronto for printing which could be done as well and as reasonably, in price in their own Province or their own town. They could see how trading with Ontario mail order houses built up Ontario at the expense of Nova Scotia, Toronto at the expense of Pictou. They failed to see how buying from Toronto printers accomplished the same result. They could not see that they were cutting their own throat by putting local tradesmen out of employment. The Toronto printer who did their work would never buy anything from them. The Pictou printer who might have done their work was bound to have bought from them.

Obituaries

Mrs. John Troop.
The community of Granville Centre was shocked on Easter Sunday evening to learn that Mrs. John Troop had been so severely burned that death was only a matter of a few hours.

Annie McNab Withers was born on March 24th, 1884, and was the eldest child of the late Walter and Harriet (Wade) Withers, of Granville Centre. On June 13th, 1869, she was united in marriage to John Milledge Troop, of this place, and the first few years of their married life were spent in St. John. Returning, they settled on the homestead of his father's.

The deceased was of a quiet unassuming disposition, genial and jovial. For years she had not been in robust health, and her limited strength was reserved for her immediate family, and to them she ministered faithfully, adorning in the highest sense the Christian qualities of woman, wife and mother. Of her it can be said: "She looketh well to the ways of her household. Her children arise up, and call her blessed; her husband also, and he praiseth her."

She leaves to mourn, an aged husband, who is grief-stricken at the tragic death of his companion of nearly fifty-four years; and three children: May, Mrs. Wm. McAfee, of St. John; Belle, Mrs. Willard Withers, of Granville Centre, and Le Baron, who occupies the double house with his parents. She also leaves six grandchildren, several brothers and sisters, and a large family connection.

The funeral was held at the home on Wednesday afternoon, and was very largely attended. Service was conducted by Rev. A. W. Watson, rector of All Saints Church, of which deceased was a consistent member. Interment was in the family lot in the church yard of All Saints.

The sympathy of the entire neighborhood is with the family in their sorrow.

John Campbell Willett.

Many friends will regret to learn of the death of John Campbell Willett, which took place at Dorchester, Mass., on March 30th, aged 78 years.

He was the eldest son of the late Geo. Willett of Granville Centre, and a much respected resident of that place until about fifteen years ago, when he removed with his family to Massachusetts. The immediate cause of death was heart failure. For some years he had been almost a cripple from rheumatism.

He is survived by his wife, formerly Miss Ida Delap, of Lower Granville; one son, Lewis, of Eliot, Maine; two daughters, Mrs. Phil. Devenney, and Mrs. Joseph Pickford, of Dorchester; and three grandchildren. A daughter, Harriet, died seven months ago. He also leaves a sister, Mrs. James Henry, of Florida; two brothers, Geo. B., of Moncton, N. B., and Walter, of Pictou Co.

The remains were brought to Annapolis, accompanied by his daughter, Mrs. Pickford. A service, conducted by Rev. A. W. Watson, was held in the church at Granville Centre, after which the remains were laid to rest by the side of his first wife, formerly Miss Jane Wade, of Granville Centre.

Before leaving Dorchester a funeral service was held in the home, when about forty friends of the family, nearly all Nova Scotia born, paid their last tribute of respect to one they had known and respected. Hymns sung: "Abide With Me" and "Beautiful Isle of Somewhere". The floral tributes were beautiful.

CORRESPONDENCE

To the Editor of The MONITOR:

Dear Sir:—Since writing you last week re the date of Easter this year, I have been able to read several numbers of "The Guardian" (London, England), and find the same subject being discussed in its columns by very able and learned men. Will you be surprised to find they differ in their conclusions after a study of "the rules laid down for the construction of the calendar"? It seems the same difficulty occurred in 1818 and again in 1845 and there was much discussion and many pamphlets were written. Since that time the subject has been broached on a number of occasions. In 1870 a Royal Commission recommended a recalculation of the Tables together with explanatory notes. A few years later the "Houses of Convocation" made similar recommendations. Also the Lambeth Conference in 1908, and the matter was brought up at the Summer session of the "Church Assembly last Summer.

Moreover, one of the subjects recently suggested to the Archbishop of Canterbury by the Eastern Church was the Revision of the calendar.

So far as the Easter rule is concerned the Prayer book of the Irish Church has the following explanatory note:—

"It is to be further noted that the moon referred to in the definition of Easter day is not the actual moon of the moon, or moon of the lunar cycle, which is counted as full on its fourteenth day, reckoned from the day of the calendar new moon inclusive."

This, you will note, is an elementary explanation of the theory and structure of the calendar without entering into astronomical niceties.

That the subject of the date of Easter is of somewhat more than ecclesiastical or academic interest your readers may gather from a report that the executive committee of the Federation of British Industries has passed a resolution in favour of the principle of a "Bill" being promoted by Lord Desborough for confining the variations of Easter to one week, and Lord Desborough himself is to bring the question forward at a meeting of the International Chamber of Commerce which is to be held at Rome this Summer.

There seems to be growing sentiment in making either the 2nd or 3rd Sunday in April Easter day, there being very reasonable grounds for regarding April 9th as the actual date of our Lord's Resurrection.

With apologies for trespassing on your space,

Truly yours,
ERNEST UNDERWOOD

The Rectory,
Bridgetown, April 9th, 1923.

Editor of The MONITOR,
Bridgetown, N. S.

Dear Sir:—You will be interested to learn that there are thirteen new paper-making machines being installed in Canadian paper mills this year.

These thirteen machines, when erected and running full, will consume more than 350,000 additional cords of wood a year.

Not counting these machines, Canada is already consuming and exporting annually more than 5,000,000 cords of pulpwood, representing the growth of a century or more, from 1,250,000 acres of land.

Every new paper machine installed in Canada and every new issue of pulp and paper securities brought on and sold to our people is an added reason for prohibiting the export of raw wood from Canada.

Yours very truly,
FRANK J. D. BARNJUM

SHOW THIS TO THE HOUSE GROUCH!

For three months the 42 people moored on the island have looked in vain for boats and smoke which they brought would bring provisions but all the smoke went by and the provisions were growing scarcer.

In February the Aberdeen came and a small supply of things were obtained from them. They left us with the promise of trying to get our mail over to us, but at the date of writing we have not received any since December 31st.

When things began to look serious a flag was put upon the Lighthouse in the hope that some passing steam-

TOO MUCH SENTIMENT

Mrs. D. D. Mackenzie, the wife of Canada's solicitor-general, is still carrying on her campaign against capital punishment. In speaking before the Canadian Prisoner's Welfare Association at Montreal, she said: "If we allow a person to be hanged we are a party to his death." This is a somewhat serious statement to make where protection of society as a whole is concerned.

THE UNBOUGHT GOOD

What would our land be worth to us. The land we sell and buy. And hence about, and call our own. Without God's open sky To hold the sun's rose and gold, The white cloud floating high? What would our fields be worth to us Without the gifts He sends; Without the sunshine and the rain, On which our bread depends, His little brooks to flow for us, His birds to be our friends? Oh, as the land without the sky That ever hangs above, So barren and so desolate Our lives without His love! The blessings that no gold can buy Our greatest riches prove.

DAILY INSPECTOR FOR HALIFAX STATES THIRTY-ONE PER CENT OF DAIRY COWS IN N. S. HAVE TUBERCULOSIS.

The Dairy Inspector from Halifax has publicly stated that thirty-one per cent of all the milk cows in this Province are affected with tuberculosis.

There are 143,780 milk cows in Nova Scotia at the present time. Thirty-one per cent of that number is 44,571.

Estimating the average length of a dairy cow at seven feet from tip of nose to tail, 44,571 of those cows placed in a close-up line would reach from Halifax to Truro, a distance of fifty-six miles.

Sixty miles of diseased cattle! If the ordinary milk cow walks at the average rate of two miles per hour, it would take that line of diseased cattle thirty hours to pass a certain point.

If a traveller came to cross-roads at nine o'clock Monday morning, just as the head of this long line reached that point and waited for the animals to pass, he would have to wait there until three o'clock on Tuesday afternoon.

The average dairy cow in Nova Scotia yields 2500 pounds of milk per year. Milk weighs ten pounds to the gallon. Each cow gives, therefore, 250 gallons of milk yearly and the 44,571 cows yield 12,500,000 gallons of milk annually.

A container which would accommodate that quantity of milk would be 100 feet in diameter, have to be more than 200 feet high.

According to the Dairy Inspector of Halifax, this huge quantity of tainted milk is poured over Nova Scotia every year.

As a matter of fact the quantity is probably considerably more than this. It is well-known that bovine tuberculosis is more prevalent among high-grade dairy cattle than among scrubs. The yield of milk from high-grade is generally double that from scrubs. The quantity of milk estimated above is, therefore, considerably under the actual quantity.

If this statement of the Dairy Inspector of Halifax is correct, what are the anti-tubercle clubs?

We have a vaccination at New Glasgow Unsanitary by the Dominion Government. Does he agree with the Halifax Dairy Inspector? If so, what is he doing?

We have a dairy department in connection with the Agricultural College at Truro. Will that department contradict the statement made by our Dairy Inspector? If not, what is it doing to combat the spread of the infectious and deadly disease amongst the dairy herds of Nova Scotia?

There can be no compromise with this disease. Every affected animal should be segregated and if unresponsive to treatment must be destroyed. The idea of retaining these animals and utilizing their product as food, even when pasteurized, is repugnant to all normal persons. Nothing less than the destruction of incurable animals meets the situation satisfactorily.—Halifax Herald.

New Blood Needed In The Springtime

Dr. Williams' Pink Pills as a Blood-Improving, Health-Restoring Tonic.

Every man, woman and child needs new, rich, red blood, at this time of the year. That is a scientific fact. All doctors know it. The blood grows thin and poor in the winter; there is not enough of it and spring shows the effect. Take notice and see how many people are pale and sallow at this time of the year. They complain of being easily tired, their appetite is poor, and they are often depressed and low-spirited. That is mother nature urging them to improve their blood supply; but often their digestion is weakened so that they cannot turn food into food without help.

Here is where modern medical science comes to the rescue. Dr. Williams' Pink Pills have a direct action on the blood and enable you to get full use of the blood-making elements in your meals. You soon feel their effect—your appetite improves, your nerves are steadier, color returns to the cheeks and lips, you have more vim and energy and can work with less fatigue. The above statements are borne out by the experience of Mr. J. P. Groschuk, Janew, Man., who says:—"Very recently I found myself in a badly run down condition. My stomach was quite out of order; I could eat but little and what I did eat did not appear to nourish me. I did not seem to have enough blood; my hands and legs were blue, and I had no strength to work. I tried several medicines but did not get good results. Then one day reading our newspaper I read about Dr. Williams' Pink Pills and decided to try them. I used a half dozen boxes, and now feel well and strong, have a good appetite, and can do my work with ease. Naturally I have great faith in this medicine as a blood-making tonic."

Whether you are seriously ill, or merely feel easily tired and overworked, you should try Dr. Williams' Pink Pills this Spring. They are sold by medicine dealers everywhere, or will be sent by mail at 50 cents a box, by writing The Dr. Williams' Medicine Co., Brockville, Ont.

LOBSTER SEASON MAY BE EXTENDED

Only Small Catches Along the South-western Shore.

Yarmouth.—Gratifying information has been received in Yarmouth from H. L. Hatfield, M.P., Yarmouth-Claire, now in Ottawa, to the effect that the lobster fishermen of the South Western and Western shores will probably this year be allowed an extension of the lobster fishing season in June. The extension, however, will depend largely on the development during the present month and May. The news will, however, come as a great relief to much anxiety created among the fishermen by the prolongation of Winter weather. Up to date the largest shipment of those crustaceans yet made to Boston since the opening of the season in March, has not exceeded 120 packages, and later the Prince George sailed for Boston and did not take over eighty packages, as compared with seven, eight or ten hundred packages for the corresponding sailings of many previous seasons.

With the anticipated extension, fishermen now see a possible chance of overcoming the great losses caused by the backward weather.

PREVENT THE FIRES

"Instead of attacking imaginary enemies, we ought to organize a crusade against a real ku-klux-klan which exists here as almost everywhere else. This ku-klux-klan is made up of the acts of negligence of which we are all more or less guilty—negligences which are more serious in this country where, owing to the climate, the fire risk is greater during part of the year than in other places, for the heating of houses and buildings must necessarily be more intense, and for a longer period than in countries where the Winter is less severe. The real ku-klux-klan hand, then, is that conglomeration of 'criminals' whose names are: 'Over-heated furnaces, stove-pipes rotten by usage, chimneys deposited in wooden boxes, burning cigarette stubs carelessly thrown aside, coal oil thrown on 'live' chimneys to revive the stove fire, waste-paper carelessly scattered near stove or furnace, matches left within access of small children, and—especially in large buildings—chauffeurs who are often weak, negligent and imprudent."—Le Clarion.

THE SUGAR PROFITEERS IN THE STATES

Washington.—Demands for an investigation of fluctuations in the sugar market, made during the closing days of Congress by western Senators, were reiterated today by a publication of a letter written to President Harding by Basil Manly, Director of the People's Legislative Service, charging that the people of the United States were in a fair way of being robbed of \$500,000,000 for the benefit of "sugar gamblers and profiteers". In a statement issued following the publication of the letter Secretary of Commerce Hoover said the demand for an investigation of sugar price fluctuations "is about a month behind." He added that such an inquiry had been instituted by the Government on March 4th.

STRIKERS STONED GERMAN FISHERMEN

London.—The fishermen's strike resulted in wild scenes in Aberdeen recently when a crowd of strikers and sympathizers damaged German and other foreign trawlers in the harbor. The trawlers were unloading fish but intense stoning from the crowd compelled them to put out to sea. The boats had to run the gauntlet of crowds assembled on both sides of the harbor mouth. The bombardment of the vessels was so intense that cries of pain and alarm were heard from the decks.

THE COUNTRY DOCTOR

"The old country doctor, driving as he had to do over slow roads, faced terrible handicaps," says the New York Sun. "He would reach his patient too late. He had no office time in which to read up on modern treatment. He often exhausted his physical endurance in endeavors to cover too large an area. He spent on the road hours he should have spent in bed. No wonder his son shunned his practice. A doctor in his automobile, driving over a hard road, nowadays thinks nothing of going 10 or 15 miles to a patient. He can handle more patients in the time saved from the slow trips of horse and buggy days. He can give them far better service. If the occasion demands, he can send an ambulance to bring them to the city hospital. Better highways will bring better doctoring and better rural health wherever they go."

GONE ON

The great Sarah Bernhardt, who in her long life on the stage, has thrilled millions all over the world, died at her home in Paris on the 26th, in the 79th year of her age. A world has almost hung over that death bed; and a world now mourns that one of Earth's great ones has passed into the Great Beyond.

WEST ARLINGTON

Mr. and Mrs. Angus Milbury, of Hampton, also Mr. and Mrs. George Clark, of Port Lorne, were visiting Mr. Silas Banks and his daughter, Mrs. Witham last week. Sherman Marshall, of Hampton, was calling on his friends here March 28th. Mrs. Wallace Marshall was visiting her daughter, Mrs. William Brinton, one day last week. The "flu" has struck here in full force. Some families are all down with it. Alfred Marshall has been sick in bed one week seriously sick—his whole family are afflicted with this monster. A number from St. Croix, Port Lorne and Arlington met on the 28th at Mrs. William Brinton and cut her a nice lot of wood and hauled some out. Mrs. Alfred Marshall was visiting her daughter, Mrs. Sanford, at Clarence, one day last week, but was called home by the sudden sickness of her husband, Alfred Marshall. Moody Sanford, of Clarence, was visiting his grandmother, Mrs. Alfred Marshall, two days last week. We extend our sympathy to all the friends of the late Loring Bardsley.

ROUND HILL Round Hill Court No. 1523 held a pie sale and dance in the interest of the Court, April 6th, in the Round Hill hall and realized the sum of \$40. Isaac C. Whitman being the auctioneer, great credit is due him in the able manner in which he sold the pies, there being twenty pies and making an average of two dollars for each pie. Music was furnished by H. P. S. Lutzar, Charles Bailey and Frank Gardner. McLeod Mills, District Organizer for Nova Scotia and Prince Edward Island, was present, and gave an address in the interest of the Order which was appreciated by all present.

The organizer came here last September for the purpose of instituting a Court and the people here thought it impossible. However, he accomplished his work and organized the 28th of September with eighteen charter members. Since then there has been six new members added to the Court and still going strong.

Round Hill Court is now in a flourishing condition and any time that the organizer visits us here he will get a warm welcome.

Local Happenings

For the benefit of those parishioners who, through stress of weather, were unable to make their Communion, on Easter Day, there will be two celebrations in St. James' Church next Sunday, 8 a.m. and 11 a.m. The Clergy of the Rural Deanery of Annapolis will hold their Spring "Chapter" meeting on Monday and Tuesday of next week at Digby. They have an unusually full programme on this occasion. The "ad clerum" preacher at the Deanery service proper will be the Rev. E. Underwood, rector of Bridgetown.

We are proud to learn that the East Pictou Council of Women turned down a request that they endorse the movement to abolish capital punishment. There are not enough hangings to keep people straight now. The present session of the Supreme Court in Halifax has three murder trials to deal with. We have never had anything but disaster for those who send flowers to condemned murderers—Eastern Chronicle.

Some merchants and business men in the certain towns never make any attempt to offset the campaigns of the mail-order houses in the cities. The weekly newspaper is the only voice they have, and yet some of them never use the columns of the paper to let the people know what they have to sell, and they want their business increased. No matter how small the business, it should have an advertisement in the local papers.

On and after April 15th, "Drive to the Right" will be the rule of the road. The Electric Society met on Monday evening for a brief session and it was decided to cancel further meetings until Autumn when a meeting will be called to discuss possible re-organization.

The S. S. Valinda left Digby Tuesday night for St. John and will, it is expected, return here the last of the week with a cargo of freight, should ice conditions permit, as it is now expected they will.

The W.C.T.U. hold a Medal Contest with splendid programme of music and readings in the Baptist Church vestry on Monday evening, April 16th at 7.30 p.m. There will be contestants from each church.

The Women's Institute held an instructive session last Thursday when Mrs. E. R. Orlando gave a talk on Home Gardening, followed by another by Mrs. Max Newcombe on the best ways of dealing with garden pests. Then followed a period of mental relaxation when the ladies solved a number of puzzles, the solution of which was to fill in the proper name of a flower to correspond, as for instance—Early Splendor—Pigs, cows and hens, etc. Refreshments were served by Mrs. Melbourne Wentzell, Miss Silver and Mrs. O. A. Price. The
