TRADE AND INDUSTRIAL DEVELOPMENT PROGRAM

Quarterly Activity Report
April - June 1988

Following is the Quarterly Activity Report for the quarter ending June 30, 1988. This report contains a synopsis of activities and results by sector and subsector reported by posts, matched against the proposed activities identified in their 1988/89 post plan. It also contains a report of special unplanned activities that took place during the reporting period.

The purpose of the report is to allow managers in Ottawa and abroad to monitor the progress of program implementation by comparing planned activities in priority sectors with reported quarterly activity highlights and results.

Readers will note that in some cases the section for post inputs for a particular quarter is blank. This occurs when the mission either has not yet undertaken any of the planned activities in that sector or has not reported activities in a sector identified as a priority in the post plan.

PROGRAMME D'EXPANSION COMMERCIALE ET INDUSTRIELLE

Rapport trimestriel des activités
avril - juin 1988

Voici le Rapport trimestriel des activités du trimestre qui a pris fin le 30 juin 1988. Le Rapport contient un résumé des activités et des résultats déclarés par les missions, par secteur et sous-secteur, qui sont comparés aux projets d'activités indiqués dans les plans de mission de 1988-89. Il s'y trouve également un rapport sur les activités spéciales non planifiées qui ont été accomplies pendant la période visée.

Ce rapport a pour but de permettre aux gestionnaires, à Ottawa et à l'extérieur, de surveiller les progrès accomplis relativement à la mise en oeuvre du programme, en comparant les activités planifiées dans les secteurs prioritaires avec les faits saillants et les résultats déclarés du trimestre.

Le lecteur notera que, dans certains cas, les espaces prévus pour les renseignements provenant des missions ont été laissés en blanc. La raison en est soit que la mission n'a encore entrepris aucune des activités prévues pour ce secteur, soit qu'elle n'en a déclaré aucune dans un secteur indiqué comme prioritaire dans son plan annuel.
