81 28TH YEAR

"MINE," SAYS AYLESWORTH SIFTON NOTHING TO DO WITH THE ELECTION BILL

Clause One is Amended So That
Opposition Wishes Are Accorded
to—New Lists for New Ontario.

OTTAWA, July 2.—(Special).—Mr. Aylesworth made it plain to-day that he would accept the arrangement made by Mr. Wilfrid Laurier in regard to the Manitoba voters' lists as a truly loyal follower of his chief, but that if he had been the boss of the show he would not have given way. At the same time the minister of justice laid on his own shoulders the full responsibility for the bill that has kept parliament sitting for months beyond the reasonable length of time.

He said Mr. Sifton neither drafted nor inspired the Manitoba feature and entered into a long argument to prove that the bill is really a remarkable example of just legislation, the making of new lists in Manitoba had been abundantly proven.

The amended clause one is a restatement of the Manitoba feature, so far as Manitoba is concerned. Jackson and Turritt are thrown to the lions, and the only duty imposed on the federal ridings, a proposal assisted to by Mr. Borden and Dr. Roche six weeks ago.

The provisions regarding British Columbia and the unorganized districts of Quebec are dropped altogether, but New Ontario is to have new lists prepared.

Mr. Aylesworth said he was prepared when the bill reached the committee stage, to move the adoption of substitute clause for clause one. With regard to Manitoba he proposed to provide that in certain months of the year there shall be constituted a committee of one member of the county court judges of the province for the purpose of allocating voters. There were seven judges in the province and he assigned to each Dominion electoral division a committee of their own number.

That committee would establish local polling sub-divisions for the next federal election, and would assign to each the voters who ought to vote there.

In the allocating of voters every one would have a right to be heard. The judges would not meet to draw up the lists and simply distribute the names among the polling sub-divisions.

"In proposing that substitute for clause one," Mr. Aylesworth said, "I am not losing sight of the fact that it is a substantial departure from that clause of the bill which provides that the work of preparing lists shall be done by men appointed by the government, by men who would be the friends of the government."

Out of Party Hands.
"That feature I eliminated simply because I adhere to the proposition made by my honored leader, who said he was prepared to put the preparation of voters' lists out of the hands of his party friends and place it in the hands of judges above the reach of political influence, and even if these steps do not entirely meet the objections, we can afford to wait and see."

Mr. Aylesworth went on to say that this parliament retained the right to dictate its own franchise and if experience showed no betterment of conditions in Manitoba the parliament had the power to redress the grievance.

MURAT HALSTED DIES AFTER STRENUOUS LIFE

One of Greatest Editors of Last
Half Century Dies in Cincinnati, Aged 78.

CINCINNATI, July 2.—Murat Halsted, one of the leaders in American journalism for over half a century, died at his home here to-day in his 78th year. At his bedside were his wife, his son Robert and one daughter, Mrs. Arthur Stem. Mr. Halsted had been falling in strength for several months, and yesterday suffered from cerebral hemorrhage.

The sudden death of his son Marshall a few months ago was a severe shock to Mr. Halsted, and it is believed to have had a diverse effect on his health. Albert Halsted, another son, in American consul at Birmingham, England, and the other members of the family are scattered throughout the country.

Mr. Halsted was one of the great editors of the last half of the nineteenth century, and one of the strongest tributes to his incisiveness as a writer was in 1859 when his nomination by President Harrison to be American minister to Germany was rejected by the U. S. senate because of articles he had published charging corruption to some members of that body.

He was a native of Butler County, Ohio. In 1853 he became connected with The Cincinnati Commercial, becoming chief editor in 1855. Nearly twenty years later his paper was consolidated with The Gazette, and he was editor-in-chief of the combined newspaper until several years afterwards when another consolidation was effected, new owners securing control. For a time he was editor of The Brooklyn Standard Union, and during the last ten years he has figured largely as a magazine and special newspaper writer, besides issuing a number of books on current matters of historical interest.

In the civil war Mr. Halsted personally reported many battles, being rated as a war correspondent. He was also in the Spanish-American war and also in the Russo-Japanese war.

For fifty years he attended and reported all Republican national conventions.

DAYLIGHT BILL MAKES A HIT

Reception of British Measure
Augurs Well for Passage
When it Comes Up in April.

LONDON, July 2.—The Daylight Bill, a measure by which the united kingdom is to be turned into starting the day's work one hour ahead of the time indicated by the sun, has received the unqualified blessing of the select committee of the house of commons and all indications point to its being effective next April. The bill proposed to advance the clock one hour in April in order to promote the greater use of daylight and to give the masses one hour more playtime by light of day.

The greatest objection to the measure came from the stock exchange, which presented the argument that business with America would be disrupted. For this work only two hours are available under the present conditions and under the proposed bill this time would be cut in half.

The committee of the house think this difficulty can be obviated by the adherence by those concerned to their present hours.

For scientific purposes and navigation Greenwich time is to be maintained.

In order to make the exhibition more national than ever, besides the fact that exhibits from every province will be on view, the executive have decided to engage bands to play from the different cities of the country, such as Winnipeg, Halifax, Quebec, Montreal, Ottawa, St. John, Charlotteville and so on. There will be something like thirty of these bands engaged.

MR. CHARLTON IMPROVING.
Recent Critical Stage in Illness Successfully Passed.

LYNEDECH, July 2.—(Special).—The condition of Hon. John Charlton, who has been seriously ill for some months, has passed a somewhat critical stage.

On the 10th of April circulation ceased in the right leg below the knee. Physicians then held out little hope, but they had not placed the full value on Mr. Charlton's constitution. The limb, however, withered until on June 11 it simply came away. The wound is almost healed and Mr. Charlton's condition is now more hopeful.

POISON IN POWDERS?
Queen-Street Barber Taken Ill After Trying to Cure Headache.

Arthur Gain, a barber at 1452 West Queen-street, is seriously ill at the Western Hospital, suffering from some kind of poisoning.

Wednesday night he purchased some headache powders and took two. He awoke at 4 o'clock suffering intensely and vomiting blood. He was alone in the house, and it was some hours after before he was able to summon help.

Dr. J. S. Hart was immediately sent for and ordered that Mr. Gain be removed to the Western Hospital.

AUSTRALIAN MAY MAKE EXCHANGE

Com. Ross, Home From Antipodes, Sees Hope of Reciprocal Trade Arrangement.

VANCOUVER, July 2.—There is a very good prospect of reciprocal trade arrangement being negotiated between the Dominion and the Australian commonwealth, according to D. H. Ross, Canadian Trade Commissioner to the States of New South Wales, West Australia, Victoria and Tasmania. Mr. Ross arrived to-day after seven years in the antipodes.

It is understood that on his approaching visit to Ottawa he will be in a position to advise the Dominion Government respecting the extent to which the Commonwealth Government will be prepared to accept the offer made last August by Mr. Ross on behalf of the Ottawa Government. Also the Commonwealth Government has adopted a high protective tariff, preferential treatment is accorded to the British manufacturer.

Mr. Ross said: "There has been a wonderful development in trade between Canada and Australia during recent years and the possibility for the future is even greater."

IF Sir James Mills, chairman and managing director of the Union Steamship Co., operating lines in the Orkney between New Zealand and Australian ports, and between Vancouver and the Antipodes, is successful in securing an extension of the contract existing between his company and the Dominion Government for the subsidy granted for the carrying of mail and other transportation facilities between the port of Vancouver and Australian cities, three new million dollar steamers will replace the present steamers on the line. This statement was made by Sir James, who is on his way to Ottawa to consult the Dominion government, and also to confer with the C. P. R. officials at Montreal.

Hon. Frank Oliver Enlarges Provisions of Bill to Reward African Warriors.

OTTAWA, July 2.—(Special).—Mr. Oliver will move an amendment to his bill "to authorize a bounty to volunteers who served in South Africa," that it apply to all volunteers who reside or were domiciled in Canada at the time of their enlistment for military service in South Africa.

In the event of a volunteer's death between the date of enlistment and Dec. 31, 1910, the proposed grant may be made to his legal representative, and that any person entitled to choose scrip in lieu of land, may give notice of his choice before Dec. 31, 1910.

NATURAL CAUSES.
Coroner's Jury Investigates a Victoria-Street Death.

Coroner Singer's jury last night declared that Mathias Pilze had died at 242 Victoria-street from natural causes.

Incidentally, Dr. H. H. Adams was asked to return to the court \$10 which he had charged for attendance on deceased.

It seemed that Pilze was dead when the doctor arrived, but that he had performed certain services and in company with the landlord had gone through the dead man's effects. He had taken a watch and \$20.00 cash, which he had turned over to the coroner, except the few cents.

HALES ON WARPATH.
Alderman Will Make Manitoba Temperance Tour in Auto.

WINNIPEG, July 2.—Ald. James Hales, B.A., of Toronto, the national chief of the Royal Templars, is in the city to take part in a unique temperance campaign throughout the Province of Manitoba.

The object of the trip is to awaken interest in the veto movement and to promote the taking of a vote at the municipal elections in December of next year. As far as possible, the campaign will be held at many points and a number of speakers will accompany Mr. Hales on the trip, which will be made by automobile.

CARRIES 330 LB. LOAD AND WINS \$55 WAGER

Italian Fruit Dealer Performs a
Difficult Task in the
City Streets.

To carry a sack of sugar weighing 330 lbs. on his shoulder for nearly a mile!

Such was the feat of endurance which Sam Scoletta, an Italian fruit dealer, set himself to accomplish early last evening.

He finished comparatively strong, though his knees were wobbling on the home stretch, and won a wager of \$55 which Salvatore Badali, 428 East King-street, had staked against him.

Badali is a good sport, however, and seemed even enthusiastic over Sam's success as he surveyed the crowd which followed.

The walk began from the fruit market at the foot of Scott-street, Scoletta, who is of stout build, about 35 years of age and weighing 150 lbs., said he could do it with 400 lbs. His fellow countrymen thought he couldn't.

The sack of sugar was as near the desired weight as could be got. He was assisted in getting the sack in place, resting well over the head and shoulders. A small pillow of hay protected the head. His hands held the sack well forward as he started north via Scott and Victoria-streets.

He was stipulated, but the stop made at Richmond-street lasted but eight minutes, and the procession continued north. Three wagons, with interested crowds, followed the man and his sack.

North to Gould-street, west to Yonge and across to Elm, and then proceeding to the bank of St. John, the procession, a crowd of some 300 fillag the street.

In the last block or so, Scoletta's friends excitedly encouraged him as he was unable to look ahead at all to see his way.

Then as he crossed Terracy-street the crowd began to cheer, and as he placed his burden in Badali's wagon he was given a conquering hero's acclaim.

Requests for a speech he modestly declined, but after a minute's rest he sprang into the wagon and proudly surveyed the field.

His time for the distance was given as 22 minutes. The sack bore a label which carried \$30 lbs. from Scott-street to 64 Elm-street for \$55.

THREE OLD MEN ARE BRUSHED UNDER WALLS

William Walters Will Die and Two
Others Are Injured in Collapse
of Chatham Building.

CHATHAM, July 2.—(Special).—The walls of the boiler room of the Wm. Linder box factory on Grand-avenue collapsed this afternoon at two o'clock, mortally wounding one man and seriously injuring two others.

Wm. Walters of Selkirk-street, aged 67 years, had his left arm mangled from the top of his fingers to the shoulder, face badly cut and side injured.

The three men were at work when the walls came down upon them with out any warning. The loud crash soon attracted other workmen to the spot, who hurriedly extracted their comrades from beneath the ruin. Four local doctors were called, and after they had received medical attention, the injured men were removed to the hospital.

The collapse of the building is said to have been caused by defective masonry in the walls.

PRESIDENT ROY WAS BANK'S BIG CREDITOR

Notes Backing Banque St. Jean
Prove to Have Been Those of
Its Chief.

MONTREAL, July 2.—(Special).—More sensational revelations have come to light in connection with the Bank of St. Jean, which was liquidated last week.

It will be remembered that in the famous "black list" which was published as being reported to the finance department as good values, there was a large amount, representing notes of C. S. Roy, the president's brother.

It now transpires that the discovery has just been made that a great many of these notes were the president's, and that others bearing the name of C. S. Roy had been substituted.

This makes Hon. Mr. Roy's position even worse than was at first supposed. There does not appear to be any hope that the project to revive the bank will succeed. Three gentlemen in St. John, Gabriel Marchand being of the number, have made a list of the depositors of 15 cents on the dollar, but there is a tip from the inside that the prospects of liquidation if continued may give them 40 cents, so it is highly probable that an official warning will soon be forthcoming, asking the depositors not to sacrifice their holdings.

TORONTO WOMAN SLAIN.
Mrs. Frances Gilmore Thompson Murdered in Chicago.

CHICAGO, Ill., July 2.—(Special).—The police have practically abandoned the theory that robbery was the motive for the murder of Mrs. Frances Gilmore Thompson, the woman found bound and dead at 1242 Michigan-avenue yesterday. Detectives are searching for a man and woman who left at the time of the murder and also for the dead woman's husband, but have no actual evidence incriminating anyone.

Mrs. Thompson was a native of Toronto where her father, named Gilmore, is said to be prominent. She married a man named Thompson, but left him recently after living in various western cities.

She has a brother living in Chicago. Of late she has worked as a servant in various homes.

Likes.

OTTAWA, July 2.—(Special).—With only Liberal whip Lavergne dissenting, the private bills committee to-day killed the preamble of the remarkable bill of the Dominion Power Development Company.

As presented, the bill proposed that power be given the company to appropriate the property and utilize the streets of any municipality in Canada, without its consent, nothing being stated as to the particular locality in which it was intended to operate.

The Union of Canadian Municipalities became interested and W. D. Lighthall, secretary, with Controllers Spence and Harrison of Toronto and the mayors of several Canadian cities came down to a fight for provincial rights.

Homer Wins in Eleventh Inning Bronchos Make New Record

Clancy and Flanagan Knock Out Homers in Sixth on First Ball Pitched—Bisons, Sketers and Newark Win.

There were enough frills and tucks in the closing clash between the Bronchos and Leafs yesterday to satisfy the worst fan who ever came down the pike, with two extra spasms thrown in for good measure...

It was the prettiest game of the year, with plenty of excitement throughout. The Leafs, who visited superb ball through, must be advocates for good roads...

Particular incidents happen in baseball, but nothing so freakish often happens as that which happened yesterday. Clancy and Flanagan knocked out homers on two pitched balls...

The Leafs, as usual, were first to score, one run being registered in the fourth. Cockman singled, with Getman doubling by bowling Louie over...

The Bronchos evaded up in the fifth. Lennox popped an angry pop to Getman. McAvoys failed to get on, while Butler was passed up. Lennox journeyed to first on a base on balls...

The boy was short-lived, however, as Clancy and Flanagan executed the trick which is mentioned in the foregoing. That is, hitting out two home runs in the ninth by sending up a high one toward the bleachers...

The visitors were retired in order in the eleventh, while Wiedy, they felt, had to be the Leafs' lifeline. But it was only the beginning of the end, for Phyle smote the ball to right-field, and Flanagan playing for the rebound...

HAMILTON TEACHERS HAVE SALARIES RAISED

Management Committee Adds Hundreds to Salary Roll—Drowned Man Identified.

HAMILTON, July 2.—(Special).—The internal management committee of the board of education was in a liberal mood to-night and boosted salaries right and left.

The minimum salary of male teachers for the collegiate was raised to \$1200, and that stipend will be offered for a male science teacher.

The minimum for public school teachers was raised from \$1000 to \$1400, and the minimum for kindergarten from \$300 to \$350, and the maximum to \$650.

Dr. H. Foster, the secretary-treasurer, increased from \$1000 to \$1400, and Dr. Instructeur of the college was raised from \$650 to \$750.

Miss M. A. Taylor, collegiate institute, was also increased to \$800. Superintendent Bailey will get \$1200, and manual training teachers, Messrs. Paynter and Wilcox, were raised to \$300.

Miss I. Strong, domestic science teacher, got an increase from \$500 to \$550.

A. E. Manning was appointed principal of the Sophia-street School, and the following principals were transferred: W. A. Lees from Stinson to the Ryerson School, L. Stewart from 47th-street to Barton, M. E. Kelley from Barton to Stinson-street.

The committee that interviewed the department of education reported that the government would want the services of a drill instructor, manual training and domestic science teachers, it is proposed to assist.

The body of a woman who was found on the lake shore at Burlington, has positively been identified as that of Mrs. Henderson. He was around the village on Tuesday evening, and tried to raise money on the cheque which was found in his pocket.

The police have in their possession a similar cheque, which was worked off on an hotel man here. It was drawn for \$20, and the name is illegible.

The team were—City Hall: I. Kent, Anderson, Stewart, Clark, Howe, Van Alter, Mathews, Spencer, Chagnon.

THREE MEN SUSPECTED OF BRUTAL ASSAULT. Toronto Man in a Serious Condition at Port Perry—Waylaid and Robbed.

WEST TORONTO, July 2.—After allowing almost a year to elapse since his last visit, C. A. Masten, K.C., solicitor for the Toronto-Niagara Power Co., appeared at the meeting of the executive committee to-night, to further the claims of the company to supply light and power to the City of West Toronto.

PORT PERRY, July 2.—(Special).—Three men now under arrest are suspected as having been the parties who on Tuesday night murderously assaulted and robbed Fred J. Lodge of Toronto.

The men give their names as Frank Sisco, Fred (Bud) Murray and George Easton.

They were to-day sentenced to thirty days in jail as vagrants, and in the meantime an inquiry will be made.

The assault was committed late Tuesday evening, Lodge, with Peter Pearson and Myrtle, were driven to the latter place. Lodge entered the Hotel Liebert and inquired if Pearson had been seen.

He was found and carried to the hospital, where he has been under a doctor's care and is in a serious condition, suffering from convulsions and being unconscious most of the time.

On Wednesday the coroner's general department was asked for assistance, and Detective Miller was sent to investigate.

Lodge has identified two of the men arrested. When taken Tuesday night as vagrants they were locked up, but one managed to get out and another almost managed to. The escaped man was recaptured with some difficulty.

Miss Emma Miller, only daughter of Mr. and Mrs. Conrad Miller, Charles-street and Dundas, was married yesterday to Harry Abraham of Toronto.

At a special meeting of the Collegiate Institute to-night, Dr. H. C. Spers, house surgeon at the city hospital, was omitted by error from the list of those who passed their final examinations.

MORE CAPITAL FOR HOME BANK

Year's Profits Make Good Showing—Half Million—New Stock to Be Issued Soon.

To the Home Bank of Canada belongs the distinction of having concluded its year's business with an increase in deposits. The condition of the money market has caused heavy shrinkage in the deposits the banks have been carrying from the public.

The Home Bank's increase is small, \$100,000, but it is an increase, nevertheless, and under the circumstances it is an appreciable increase.

Another item worthy of note, in the annual report handed out yesterday for the fiscal year just closed, is the announcement that Home Bank's capital will be increased and that \$500,000 stock will be placed on the market at once, to sell at the price the old stock has uniformly commanded, 33 per cent premium.

During the past year the Home Bank has opened six new branches, two in Toronto, one in London, and three in small points in western Ontario. In this instance, also, the Home Bank has an individual record, the past year was not generally favorable for bank extensions.

In looking over the figures of the annual report of the Home Bank of Canada it is seen that the profits for the past year, after making allowance for doubtful debts and deducting all expenses for management, amount to \$84,413. This sum, together with the profits carried over from 1907 and the premiums on capital stock sold during the year, bring the profit account up to \$144,795.42. After paying dividends within \$500,000 of five and one-half per cent, \$139,295.42 has been transferred to the bank's reserve account, and \$30,500.00 carried forward as a credit.

The Volume of Business. The Home Bank stands nearly a million and a quarter to the good when the assets are compared with its liabilities to the public. These liabilities consist of the money the Home Bank carries on deposit from the public, the Home Bank has in circulation among the public in Canada, and a small sum, \$18,916, the Home Bank is owing to other banks, the total amounting to within \$500,000 of five and one-half per cent.

Statement of Assets. On the other hand the Home Bank's amount to \$6,734,963.03, made up as follows: Gold and silver coin on hand, Dominion government notes on hand and deposits with the government, \$1,000,000; for note circulation, total, \$508,284. Notes and cheques of other banks held by the Home Bank, \$1,000,000; the Home Bank's own notes in circulation, and from banks in Great Britain and foreign countries, total, \$383,246. Railway, municipal and other bonds, \$385,614.84.

Bonds, stocks and debentures in possession of the Home Bank, held in security for call and other short loans which amount to \$2,328,802.89. Current loans and bills discounted, \$2,147,817.50.

The bank's premises and office equipment in Toronto and at the branches are valued at \$195,000. By credit in Mr. Rees' former account, has been transferred to the head office, Toronto, while H. Munroe of Brandon, who has been employed in accounting and not those of matters, as inaccurately stated.

MARKETS ARE VERY DULL PRICES ABOUT STEADY

Trading on Wall Street is Thoroughly Inactive—Local Exchange is Featureless.

World Office, Thursday Evening, July 2. There was no feature to the Toronto Stock Exchange to-day. Dealings were slightly broader than they were on Tuesday, but there was nothing in the transactions to indicate that any change of importance was near at hand.

Wall Street Posters. Receivership for Norfolk and Southern.

London market generally inclined to sag, but business there is as light as at New York.

Sales yesterday smallest for a full day since summer 1904.

Railroads will not cut wages for at least three months.

B. R. T. earned about 5 per cent. on stock in past fiscal year.

U. S. Steel expected to cut wages from 5 to 10 per cent.

No demand for stocks in loan crowd.

Further \$20,000,000 treasury deficit expected in July.

Regular dividend declared on U. S. Cast Iron Pipe and Foundry preferred 1 3/4 per cent., payable Sept. 1; books close Aug. 11.

Weekly Bank of France report shows gold on hand decrease \$4,700,000 francs; silver on hand decrease \$4,250,000 francs.

Reported movements of currency for five days ending Wednesday indicate gain in cash held by banks \$2,384,000.

Washington: The secretary of the treasury to-day and Wednesday indicated he would call for \$50,000,000 of United States Government deposits, payable July 15.

A total of \$9,750,862 subscriptions to the \$10,000,000 new stock of the Westinghouse Co. has been received, according to announcement made by the readjustment committee.

The bull movement in Westinghouse seems to have petered out, and while it may advance some further, we expect to see considerably lower prices prevail before the readjustment is completed.

Town Topics. Joseph says: The market is scarcely likely to do very much until after the holiday. The receivership of the Norfolk and Southern is expected to give a ripple. Ontario and Western will sell ex-dividend 2 per cent. one week from to-day; this stock is cheap. Investors of Atchison are preparing to give it an upward whirl. gether favorable and recent renewal of interest in the bond market may really prove of more importance than now suspected, as most opinions attribute the present eagerness to invest in the near future to cause special comment.

Ennis & Stoppard wired to J. L. Mitchell: The market developed extreme dullness in stocks with continued increase in the volume of bond business, both on the stock exchange and over the counter. A good bank statement is expected. The treasury call for deposits should not affect money rates.

Union Pacific and Southern Pacific. Buy U. and N. conservatively. The strong undertone in the stock market may develop any time into an upward movement of fair proportions, according to our investigations, for the technical features, crop outlook, money and revolving business all favor enhancement of standard issues.

Greatest in History. SYDNEY, N. S., July 2.—The month of June was the greatest in the history of coal mining in Nova Scotia. The output of the Dominion Coal Co. alone was 346,000 tons, while shipments aggregated 375,000 tons, of which 260,000 tons went up the St. Lawrence.

Bank of England Statement. LONDON, July 2.—The weekly statement of the Bank of England shows the following changes: Total reserve, decreased £1,781,000; circulation, increased £84,000; bullion, decreased £797,200; other securities, increased £325,000; other deposits, increased £5,000,000; public deposits, decreased £1,061,000; government securities, decreased £600,000.

On Wall Street. Charles Head & Co. to R. R. Bondage. There was little upon which to base an opinion as to the immediate future course of prices this morning. London quotations were fractionally lower as a rule, but in no instance more than half a point.

Canada's Forest Areas. GREAT NATIONAL ASSET. Is Not Inexhaustible, But Exceedingly Vulnerable—Must Be Protected at All Costs.

Canada's forest area has been variously estimated at from eight hundred million to three hundred million acres. The latter is the latest estimate, and was given by Dr. E. E. Fernow, the recently appointed dean of the faculty of forestry at the University of Toronto.

His estimate, he thinks, "will cover the commercially valuable timber land area, and the best of the forest subjects of the forest area of Canada is "not much more than one-half of the commercial forest area of the United States."

The demand for wood is sure to keep up and increase. It is wanted for building and furniture, for tools, and for a multitude of other uses; and as a nation produces so much of its population in agriculture, and so the country which can supply the demand for wood used for these purposes is in a position to secure a considerable expenditure in its care.

HE PRAISES ENGLISH METHODS OF BUSINESS

American Promoter Commends British Commercial Dignity as Opposed to American Speed.

NEW YORK, July 2.—"Breaking into a roc's egg is very much like breaking into the business methods of London." So said Mr. E. C. Thurber, who has been a conspicuous figure in London life for the last two years, to the London correspondent of The New York Herald.

"You mean that London is a hard place in which to get business associations?" I asked. "No," replied Mr. Thurber. "Once you get into the yolk of the egg and they realize you are not talking silly, but talking absolute financial truths, it is the easiest city in the world to make associations with and combinations."

"Once you get confidence inspired," said Mr. Thurber, "once you get the English people and financiers believing in American investments they will follow you like a flock of sheep. American in Europe here more or less discouraged because there has been so much bombast display over affairs which were not worth attention. That is a form of exploitation for which the English people, it seems to me, don't care."

"The English method of doing business," said Mr. Thurber, "are not our way, and not understood by us, but we can adapt ourselves to English methods, and should be only too happy to do this."

C.N.R. SUDBURY LINE IS TO BE INSPECTED

Board of Trade Council Will Be Taken Over the Route To-Day and To-Morrow.

The council of the Board of Trade, with the mayor and Councillors Ward and Hocken, with officials of the Canadian Northern Railway Co., are starting this morning on their trip over the Canadian Northern Ontario Railway thru Sudbury.

They leave the Union Station at 8 o'clock on a special train, and about 12.30 will start from Parry Sound—the first passenger train over the newly-completed railway from Parry Sound to Sudbury, a distance of 113 miles, the regular service on which will begin to-morrow morning.

On the special train there are the parlor car Balmoral and the private cars Atikokan and Athabasca. At Parry Sound the party will be joined by the mayor and the president of the Board of Trade, and delegations from those bodies.

Between Parry Sound and Sudbury stops will be made at the chief points of scenic interest, such as the Massanawan, Still, Pickeral and French Rivers. The journey alongside the Wehnapitae will be extremely picturesque, Ragged Rapids and Burnt Chute, which are within a mile of each other, being especially pretty waterfalls.

The evening at Sudbury the party will be entertained at dinner by the town. To-morrow morning they proceed to the Moose Mountain Iron Mines.

On the way home, stops will be made at the station of Lake Joseph at Muskoka, and it is expected Toronto will be reached about 9 o'clock.

WOMAN IN GLASS CASE

Invalid, Feasting Cold Air, Travels in Coffin-Like Case.

SALISBURY, N.C., July 2.—Inclosed in a nearly air-tight wooden case with a glass front, Mrs. William Tryon arrived here in a baggage car to-day from her home in Fitchburg, Mass. Mrs. Tryon has suffered from nervous troubles and bronchitis, and, believing exposure to cool air aggravates her illness, has come south to a warmer climate.

She arrived wrapped in blankets and comforters, with perspiration pouring from her, but she stood the trip well and seemed quite cheerful.

Her traveling case, which was built after her own designs, somewhat resembles a roomy burial casket. It is comfortably upholstered, and contains a clock and books to beguile the time. The case containing Mrs. Tryon was carried from the baggage car by several husky porters and placed in the waiting room. She will rent a cottage here.

LUMBER IN BIG BLAZE

7,000,000 Feet and Large Amount of Other Timber Destroyed.

WAUBAUSHENE, July 2.—Fire in the lumber yard of A. C. Chew, Tannerville, about a mile and a half from this village, destroyed approximately 7,000,000 feet of lumber, 2,000,000 lath, 3000 railway ties, 50,000 broom handles, 13 Grand Trunk cars, 11 tram cars, 2100 feet tramway.

The flames leaped up in the air hundreds of feet and, when a most spectacular yet awe-inspiring sight. The roaring of the fire could be distinctly heard two miles distant, and scudded like a freight train rushing over a long bridge.

It was fortunate that the wind was southwest, as had been in any other direction the mill would also have been destroyed in the conflagration.

PICKPOCKETS A PLENTY

Detective Murray of C.P.R. Says Ontario Has Epidemic of Them.

GUELPH, July 2.—(Special).—Detective Murray of the C.P.R. was in the city this morning. He stated that he had seen the report in The Toronto World that Jefferson, the pickpocket, who was arrested here recently, had been let go with a fine and had come straight to Guelph to get a photo of the man. He stated that pickpockets were becoming plentiful in this part of the Dominion, and that the C.P.R. had been troubled by them a great deal, particularly during June. The line between North Bay and Winnipeg had been tried systematically. Speaking of Jefferson, he said, he knew of him as one of the best in his line of business and knew he was wanted on the other side of the line on several charges.

Fire at Killarney

OBITUARY

Fred Gellinas, secretary of the public works department, Ottawa, dropped dead early yesterday morning. Mr. Gellinas was a reporter on La Patrie when in 1898 the late J. L. Parie entered the Laurier ministry, and he became the minister's private secretary. He held this position until 1907, when he was appointed secretary of the department. He was private secretary to Hon. J. E. (now Judge) Robb, provincial secretary under Hon. Honore Mercier at Quebec.

General George Sherman Batchelor of the International Tribune of Egypt died in Paris, France, yesterday, from cancer of the mouth. General Batchelor was born at Batchellerville, N.Y., in 1837.

At Plattsburg, N.Y.—Charles H. Moore, a widely known legal man, aged 90 years, died at Lockport, N.Y.—Chas. J. Townsend, member of the New York Stock Exchange, is dead.

Gordon Boyce Thompson, M.A., aged 23, a son of Major and Mrs. Boyce Thompson of this city, is dead. A year ago the young man went to Germany, after graduating from the University of Toronto, in order to do post-graduate work in philosophy.

GUELPH POLICE CHIEF IN MIDDLE OF LAW

Must Pay Farmer for Butter Irregularly Confiscated—Other Victims May Also Sue.

GUELPH, July 2.—(Special).—John Joston, an Eramosa Township farmer, who won in an interesting case here to-day in which he sued Chief of Police Randall of Guelph for the value of 25 pounds of butter which the latter seized from him on the market last January, claiming that it was light weight. No question was raised about the weight of the butter. Exception was taken, however, to the manner in which it was confiscated. There was no information laid against the farmer and he did not appear before the magistrate.

The chief merely took the butter upon finding it to be light and gave it to the hospitals. As the hospitals and children's shelter have been kept pretty well supplied with butter secured in this way during the last few months, a good deal of interest was taken in the case. There is a strong probability that other farmers and several city bakers, who also had their food products confiscated without being convicted, may follow the example of Joston and sue the chief.

That official claims he had the magistrate's permission and that the farmers preferred to part with their butter than to appear in court. But Judge Jamieson contended that a seizure without a conviction was contrary to the bylaw, and said that it was about time some of the city bylaws were being enforced with more effect.

In this he was thought to refer to the Jefferson case wherein the noted pickpocket was let go with a \$200 fine and 600 costs.

COSSACKS WITHDRAWN

Britain's Protest to Persia Ends Cordia Incident.

LONDON, July 2.—The protest uttered by the British Government has resulted in the withdrawal of the Persian Cossacks, who have been guarding the approaches to the British legation at Teheran because of the presence in the legation of Persian refugees.

The refugees are still in the legation building, and the shah's government has been informed that written guarantees for their lives, persons and property will be required before they are given up.

Advices received at the foreign office here show that the lives of Englishmen and English interests in Persia are not in danger.

New Bread Regulations

The bread regulations passed at the last session of the Ontario Legislature are now in force, but the demand yesterday for the standard pound and a half loaf was not heavy, tho it is expected there will be a marked increase in a few days when the public recalls the provisions.

Three sizes of loaves are made—pound, pound and a quarter, and pound and a half. The last is the standard, but the others need a label giving the weight.

The small loaf must contain two per cent. sugar and shortening, the next size a little less, while the large loaf need not contain either.

Admires Canadian Church

LONDON, July 2.—A copy has been issued in parliament of the convention signed between Britain and the United States respecting food fishes in waters contiguous to the United States and Canada; also a treaty respecting the demarcation of the Canadian boundary.

At the lord mayor's dinner to colonial bishops, the Bishop of London said he had the utmost admiration for the church in Canada.

Five Die in Week

KNOBNOSTER, Mo., July 2.—Five persons were killed and at least 35 injured two miles east of here to-day when the fast California special from St. Louis on the Missouri Pacific collided with the St. Louis special from Kansas City.

The dead: Fred Story, son of Mrs. Jennie Story, Franklin, Ky.; John Flood, Hurley, Mo.; son of A. L. Hood; W. H. Harding, St. Louis, mail clerk; Train Porter J. W. Fishback. One unidentified man.

Babote in Caracas

WILLMESTAD, Caracas, July 2.—It is officially admitted in Caracas that the bubonic plague is epidemic there. Rumors are current here of the presence of a pernicious fever at Porto Cabello. This illness is supposed to be yellow fever.

The Last Day of the Housefurnishing Club

Saturday is Closing Day—You Have To-Day and Half To-Morrow

A MAN once forgot the date set for his wedding. He was a sailor. It chanced that his ship arrived back in port on the very day of days, and then he remembered. He hurried at once into his best clothes, got his ring and his license and repaired to church in plenty of time. His bride, whose faith had held firm and unshaken while he was away, appeared punctually at the time appointed and they were married—just as firmly and satisfactorily as if he had the finest memory in the world.

Just so with the Housefurnishing Club. Saturday is the last day, but there is no reason why you couldn't join to-day or to-morrow morning, choose any housefurnishings you want and share in the Club charge account privilege.

Order your dining room carpet now, or the spare bedroom set. You have a good idea what you want. Get it on Club account now and pay for it gradually at convenience.

The Club Secretary's Office will be open from 8 a.m. until 1 p.m. If you cannot join to-day come first thing in the morning. You have just as much time to join the Club as you would to pay in cash. All we want to know is that you are a bona-fide houseowner.
