

ALLIES CONTINUE DRIVE IN DOBRUDJA

Pursue Von Mackensen Along Entire Front of Province.

HOLD ENEMY IN WEST.

Roumanians Gain Some Ground in Buzeu Valley Action.

Special Cable to The Toronto World. London, Nov. 7.—Von Mackensen is continuing his retreat on the Dobrudja front before the combined advance of the Russians and the Roumanians.

The allies have instituted a general march forward. It is believed that they are in much superior force to the army of the German Field Marshal.

BRAVE OFFICER WINS THE MILITARY CROSS

Major J. H. Lovett, Galt, Rose From the Ranks—Wounded Many Times.

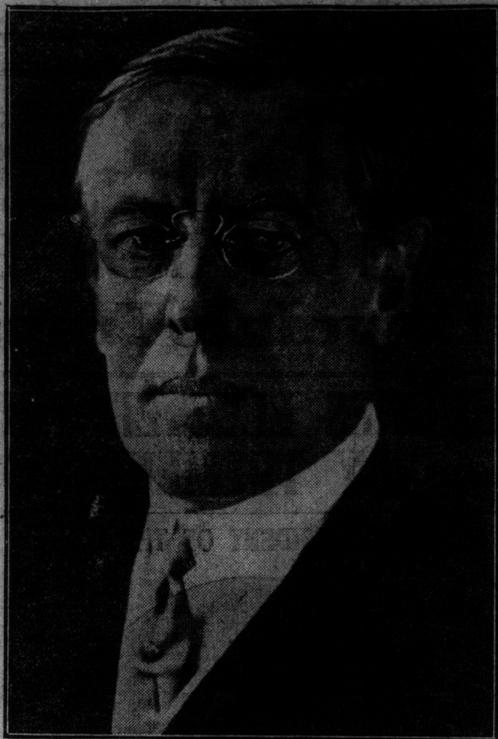

Galt, Nov. 7.—Lying in a London hospital with four wounds, Major J. H. Lovett, son of Dr. William Lovett of Arr, and a former Galt man, has been decorated with the Military Cross.

Egyptian Cotton Price Soars

ports. There has been an almost daily appreciation in price for months, new records being constantly touched, but today the market went wild and closed at an increase averaging 140 points.

GETS MILITARY CROSS

Brant County Officer Receives High Honor for Bravery at the Front. Brantford, Nov. 7.—Lieut. W. F. Battersby, a resident of Brant County, has been awarded the military cross.

WAR SUMMARY THE DAY'S EVENTS REVIEWED

(Continued From Page 1.)

German communications and it looks also as if they had decided to stand on the defensive on the northern Transylvanian front. The present allied advance from Bukovina and northern Roumania is towards the line of the Maros River, on which the Germans have established their base for the invasion of Roumania.

Continuing the battle of the Somme and striking south of the river, the French smashed the German front over a two and a half mile sector between Chauvaux and a point south of the Ablaincourt sugar refinery.

The French object is to throw their lines about Chauvaux so as to cut that strong point off from the German positions to the east and to permit an advance along the railway line towards Peronne.

On the British front the principal feature was the bombardment of the German front and lines of communication about Armentieres and Wytchate.

The Italians report that no events of importance have developed in the region between Gorizia and the Adriatic Sea, where their offensive is under way.

The latest submarine outrage is the sinking of the Peninsular and Oriental liner Arabia. She had more than 450 passengers on board, all of whom are believed to have been rescued.

U.S. ELECTION BULLETINS

(Continued From Page 1.)

at least 10,000 Republicans that refused to vote four years ago returned to the party lines.

California by 150,000. Out on the Pacific coast the Progressive leaders, being favorable to Mr. Hughes—especially Hiram Johnson of California, and Senator Poindexter of Washington—were able to make good on their assurances to the Republican leaders.

Democrats Still Hopeful. A statement issued by the Democratic national committee at 1:30 this morning refuses to concede the election of Mr. Hughes, and says that with the loss of the following states, which it was not believed that Hughes had carried, President Wilson was still re-elected by a majority of two votes.

Boise, Idaho, Nov. 7.—Early returns indicate that Hughes will carry Idaho.

Balt. Lake City, Nov. 7.—Early returns indicate that Wilson has carried the state and the U. S. Senator George Sutherland, Republican, is probably defeated by W. H. King, Democrat.

Butte, Mont., Nov. 7.—Early returns give Wilson a big margin over Hughes in the state, Stewart, Democrat, is far ahead for governor.

New York, Nov. 7.—Chairman Willcox of the Republican national committee, at 1:50 p.m. gave out the following statement: "The victory is greater than we had hoped for, and it shows that the American people can be trusted to select the leaders of the campaign."

St. Louis, Nov. 7.—Returns from Missouri were insufficient at 10 o'clock tonight to indicate definitely whether Wilson or Hughes had carried the state.

Kansas City, Mo., Nov. 7.—Kansas still was in the doubtful column near midnight tonight, although returns from 438 precincts gave Wilson 55,614 votes against 53,338 for Hughes.

Indianapolis, Nov. 7.—At 10:30 o'clock the outcome of the election in Indiana was still in doubt, but Hughes, for president, and Goodrich, Republican, for governor, were leading by small margins.

Ovaha, Neb., Nov. 7.—Wilson is leading Hughes by a narrow margin in Nebraska.

Louisville, Ky., Nov. 7.—Returns from 127 precincts in Kentucky out of 2310 precincts gave Wilson 155,151 votes against 151,529 for Hughes.

St. Paul, Minn., Nov. 7.—Returns from 48 precincts out of 3024 in Minnesota gave Hughes 7873, Wilson 7574.

Chicago, Nov. 7.—Returns from 1768 precincts in Illinois, including 1225 Chicago precincts, gave Wilson 374,742; Hughes 208,838.

Cincinnati, Nov. 7.—Returns from 1975 precincts in Ohio, gave Wilson 176,923; Hughes 171,843.

St. Paul, Minn., Nov. 7.—Returns from 48 precincts out of 3024 in Minnesota gave Hughes 7873; Wilson 7574.

Chicago, Nov. 7.—Returns from 1768 precincts in Illinois, including 1225 Chicago precincts, gave Wilson 374,742; Hughes 208,838.

Cincinnati, Nov. 7.—Returns from 1975 precincts in Ohio, gave Wilson 176,923; Hughes 171,843.

Louisville, Ky., Nov. 7.—Returns from 127 precincts in Kentucky out of 2310 precincts gave Wilson 155,151; Hughes 151,529.

St. Paul, Minn., Nov. 7.—Returns from 48 precincts out of 3024 in Minnesota gave Hughes 7873; Wilson 7574.

Chicago, Nov. 7.—Returns from 1768 precincts in Illinois, including 1225 Chicago precincts, gave Wilson 374,742; Hughes 208,838.

Cincinnati, Nov. 7.—Returns from 1975 precincts in Ohio, gave Wilson 176,923; Hughes 171,843.

Louisville, Ky., Nov. 7.—Returns from 127 precincts in Kentucky out of 2310 precincts gave Wilson 155,151; Hughes 151,529.

St. Paul, Minn., Nov. 7.—Returns from 48 precincts out of 3024 in Minnesota gave Hughes 7873; Wilson 7574.

Chicago, Nov. 7.—Returns from 1768 precincts in Illinois, including 1225 Chicago precincts, gave Wilson 374,742; Hughes 208,838.

Cincinnati, Nov. 7.—Returns from 1975 precincts in Ohio, gave Wilson 176,923; Hughes 171,843.

Louisville, Ky., Nov. 7.—Returns from 127 precincts in Kentucky out of 2310 precincts gave Wilson 155,151; Hughes 151,529.

St. Paul, Minn., Nov. 7.—Returns from 48 precincts out of 3024 in Minnesota gave Hughes 7873; Wilson 7574.

Chicago, Nov. 7.—Returns from 1768 precincts in Illinois, including 1225 Chicago precincts, gave Wilson 374,742; Hughes 208,838.

Cincinnati, Nov. 7.—Returns from 1975 precincts in Ohio, gave Wilson 176,923; Hughes 171,843.

Louisville, Ky., Nov. 7.—Returns from 127 precincts in Kentucky out of 2310 precincts gave Wilson 155,151; Hughes 151,529.

St. Paul, Minn., Nov. 7.—Returns from 48 precincts out of 3024 in Minnesota gave Hughes 7873; Wilson 7574.

Chicago, Nov. 7.—Returns from 1768 precincts in Illinois, including 1225 Chicago precincts, gave Wilson 374,742; Hughes 208,838.

Cincinnati, Nov. 7.—Returns from 1975 precincts in Ohio, gave Wilson 176,923; Hughes 171,843.

Louisville, Ky., Nov. 7.—Returns from 127 precincts in Kentucky out of 2310 precincts gave Wilson 155,151; Hughes 151,529.

St. Paul, Minn., Nov. 7.—Returns from 48 precincts out of 3024 in Minnesota gave Hughes 7873; Wilson 7574.

Chicago, Nov. 7.—Returns from 1768 precincts in Illinois, including 1225 Chicago precincts, gave Wilson 374,742; Hughes 208,838.

Cincinnati, Nov. 7.—Returns from 1975 precincts in Ohio, gave Wilson 176,923; Hughes 171,843.

Louisville, Ky., Nov. 7.—Returns from 127 precincts in Kentucky out of 2310 precincts gave Wilson 155,151; Hughes 151,529.

Does Total Abstinence Pay?

During the past thirty years, The Manufacturers Life Insurance Company has maintained two separate Departments known as the Abstainers' Section and the General Section, thereby classifying Total Abstainers and Non-Abstainers.

The result has been that the Abstainer has shown himself a much superior risk in the Non-Abstainer, and our statistics in this regard are considered the most authentic of their kind on the continent.

Appreciating the superiority of the Abstainer as a Life Insurance risk, we give those eligible for insurance in this class the benefit of special plans and rates.

Upon receipt of your name and address, we shall be pleased to send you our little booklet "Total Abstainers vs. Moderate Drinkers." Insurance issued to women on these special plans as well as to men.

SHIP UNDER U.S. FLAG IS SUNK BY GERMANS

All Lanoa's Crew Except Two Officers Are American Citizens. Sub. Commander Says He Has Orders to Sink All Contraband Carriers.

London, Nov. 7.—The morning papers give prominence to the report that the steamer Lanoa, sunk by a German submarine, was an American ship. Lloyd's report that the vessel was no longer of American registry has not yet been published here.

The Lanoa was hailed in the darkness 25 miles off the Portuguese coast by a German submarine on Oct. 28. The chief officer, who is a Chinaman, took the crew aboard the submarine which sank the Lanoa by a bomb placed in the engine room.

The chief engineer says that all the Lanoa's crew except two officers were American citizens. The ship flew an American flag.

A Daily Chronicle despatch from Barry, Wales, says: "The officers and crew of the United States steamer Lanoa were landed by the Norwegian vessel Tromp at Barry Saturday night. The Lanoa was bound from Manila to Havre with cargo of rice. Capt. Mainland, the commander, G. Godinez, chief officer, and William Stanton, chief engineer of the Lanoa, were seen by me tonight and told me the story of their adventures."

"On the evening of Oct. 28," said Mainland, "we were passing St. Vincent, on the Portuguese coast, when we encountered a German submarine. When we sighted her she was engaged in sinking a Norwegian vessel. She afterwards endeavored to sink an English ship, but was driven off by the guns of the latter. We steamed ahead and stood by the Norwegian steamer in case it should be possible to save any of the crew."

"The submarine, which seemed about 200 feet long, fired three warning shots across our bow. This we understood as a signal to stop. They wished us to stand by and communicate with them. Chief Officer Godinez and four of the crew rowed over in one of our boats and went aboard the submarine. He treated them with every courtesy. The commander of the submarine, who spoke excellent English, said he had orders to sink all ships of whatever nationality carrying contraband for the allies. He regretted that he was compelled to do this, but he informed us his orders were imperative."

"He sent an officer and four sailors from the submarine, who ordered us to get into the ship's boats and go aboard the submarine. Then he placed a bomb in the engine room of my ship. A terrible explosion followed after we left the ship, but I did not seem to be hurt. The Germans took away every article of value belonging to the ship, including the picture of my wife. They carried off the sextant and barometer."

"The submarine cruised about some time and finally the commander put us aboard the Norwegian steamer Tromp, which brought us to Barry. We saw 20 more of the German vessels after we left."

Britain is Inquiring Into Sinking of Greek Steamer. London, Nov. 7.—Great Britain has addressed a note of the American and Spanish ambassadors regarding the recent sinking of a Greek steamer carrying supplies for the commission for relief in Belgium, Lord Robert Cecil, minister of war trade, told the house of commons today.

ALLIES OCCUPYING ISLAND OF LEROS

Greek Arsenal Is Taken Over Says Reuter Despatch From Athens.

FIGHTING AT KATERINA. Venizelists Show Desire, However, To Co-Operate With Allies.

London, Nov. 7.—Entire allied forces have occupied the island of Leros, one of the Sporades, off the coast of Asia Minor, according to a Reuter despatch from Athens.

A despatch from Katerina says: "In an encounter between the forces of the Venizelos Government, which occupied Katerina, and the loyal troops sent here, two soldiers were killed and five wounded. Except for this action there has been no fighting thus far between the Greek forces."

Milwaukee, Nov. 7.—At 10:30 o'clock tonight 618 precincts scattered about Wisconsin gave Wilson 17,843 votes against 17,843 for Hughes.

Des Moines, Iowa, Nov. 7.—Iowa went Republican today by probably more than 50,000 for Hughes and more than 100,000 for Wilson.

Burlington, Vt., Nov. 7.—Vermont cast an overwhelming vote for the Republican ticket today, giving Hughes a plurality of about 20,000 over Wilson.

New Haven, Conn., Nov. 7.—Connecticut's seven electoral votes will be cast for E. Hughes for president, and the election of U. S. Senator La Follette and Gov. Phillip, Republicans, by large majorities.

Quebec, Nov. 7.—At the opening of the legislature this afternoon the speech from the throne foreshadowed measures to help the allies with the great war, to stimulate recruiting, help the patriotic fund, and prepare the province for the after-war activities and developments that cannot fail to occur.

The Conservative opposition in the legislature, an interesting session is forecasted, and hints to unexpected legislation are given in the lobbies.

The main work in view will be that of voting one million dollars to be that patriotic fund as an incentive to volunteers to enlist; also, there is a half million dollar fund to be voted for subscription to the Canadian national war loan.

The care of returned soldiers, invalided, is also on the schedule of the session's work. The speech from the throne calls the attention of the legislative assembly to the importance of the commission appointed by the Gouin cabinet for the purpose of finding employment for soldiers returning from the front.

Heading the session's work are the intended developments of immigration of Europeans to the province, and the working of copper, lead, and molybdenite mines may be developed, but it is not yet known whether the government will also be introduced by the government to the agricultural production in the province. To this end the population will be given attractive incentives to return to the farm and to the settlement of remote sections, wherever agriculture may be developed, will be encouraged. To this end new roads are being built into remote settlement sections and land and other grants are increased.

The law governing the privilege of builders and workmen gives rise, as it is presently couched, to difficulties in application which sometimes render it oppressive. A new bill will be introduced to give workmen all the protection to which they are entitled.

**"Jessie Alexander's Platform Sketches"**  
A Book of Recitations by the "Queen of Elocutionists," and what Miss Marjory Mac-Murchy, our special reviewer, writes about it.

IF ONE were asked, "Who knows Canadian character and temperament better than one could answer with good reason, 'Jessie Alexander.' She knows us better than Sir Robert Borden or Sir Wilfrid Laurier, better than doctor, lawyer, or minister, because in all her journeyings round Canada, she has given gaiety of wholesome laughter and the sense of beauty in daily life to a somewhat reserved and tongue-tied people who long for those things.

Thousands of Canadians will enjoy this book of recitations because it is characteristic of Jessie Alexander. There is "A Confidential Preface and Some Reminiscences" which tells only too little of her biography. Read it, and learn how once upon a time, a policeman gave Jessie Alexander a penny for a recitation when she and her companions had come under the displeasure of the law because they had made an toy slide on the way home from school.

The original sketches are delightful, and prove that Miss Alexander could easily be a successful author besides being an interpreter of life through dramatic art. Other well-chosen selections have been adapted for recitation.

"Platform Sketches" is a happy, wholesome Canadian book, the result of honest work of gifts well used and of a personality which is the endowment of a dramatic interpreter. (Price, \$1.00.)

## Paris Dresses at \$35.00 and \$57.50

An extraordinary offering of afternoon and evening gowns from Bernard, Doeuillet, Doucet, Jenny, Weeks, Brandt, Agnes and Havel, and other renowned costumeres—Marked for Clearance at less than half usual prices

ON SALE THURSDAY AT 10.30 A.M.

**SERGE DRESSES, SATIN DRESSES,** Georgette crepe dresses, net dresses—dresses of every plain and elaborate type which a woman requires for the varied duties and diversions of the day! All such will be found in this collection of Paris models which will be offered at a mere shadow of their usual prices on Thursday morning. And every dress in the consignment is a marvel of smart designing, with that distinctive, indefinable quality which we term French chic.

They will be divided into two groups, as follows:

At \$35.00—delightful models in navy blue serge by Jenny and by Lina Moulton, simple and original in line, some of them charmingly embroidered in beads; also afternoon models by Brandt, Rondeau le Grand and other well-known makers, in Burgundy color taffeta, brown striped silk, and navy blue charmeuse, all exquisitely finished at neck and wrists in variously dainty ways with crepe, lace, or embroidery.

They will also be included a few New York models.

At \$57.50—superb evening gowns in velvet, brocade and gold and silver net; and a host of most fascinating afternoon gowns in charmeuse, crepe meteor, crepe de Chine, and heavy kimona silk, some of them bordered with Hudson seal (seal rat), mole rabbit, and other smart peltries, and many of them marked by a delightful simplicity of long, straight line. Included are a number of all black models, also a quaint little wedding gown in ivory charmeuse and silk net, designed by Margaine LaCroix. Other distinguished makers represented in the group are Doeuillet, Premet, Bernard, Drecoll, Georgette, and Jenny.

The two groups will be placed on sale on Thursday morning at 10.30 o'clock—at \$35.00 and \$57.50.

## Immense Special Selling of Misses' Suits

New York and Paris models at greatly reduced prices for quick clearance on Thursday—Smart Winter costumes in velours, broadcloth, gabardine and other fashionable fabrics, many of them fur-trimmed

THE VERY CREAM of the present offering in the misses' suit section is involved in this selling on Thursday. Practically every model now on display will have a pencil drawn through its regular price and a lower amount substituted. French and American productions in velours, broadcloth, gabardine and serge make up the collection—modish Winter costumes beautifully tailored along lines specially designed for youthful figures. Moreover, most of them are fashionably furnished with collars and cuffs of fur, imitation and real.

Russian blouse, redingote, and belted effects provide a wide assortment in styles, sizes ranging from 14 to 20 years. They will be divided into four groups priced as follows, at \$25.00, \$39.50, \$50.00 and \$65.00.

Group One—at \$25.00: A large collection of models and samples in gabardines, broadcloths, velours, velvets, and fine serges; some trimmed with fur, others with plush, or silk; coats are all fully interlined and lined with satin or silk; skirts in the new, straight effects with belts, pockets or gathers; colors, navy, Burgundy, brown, green, wine, taupe or black. Clearing Thursday, \$25.00.

Group Two—at \$39.50—Imported models and samples in wool velours, broadcloths, velvets and gabardines, only one of a style, many trimmed with Hudson seal (seal rat), or beaver, others with seal plush or silk velvet or braid. Colors featured are navy, Burgundy, green, brown, and black. Clearing Thursday, \$39.50.

Group Three—\$50.00: Sample suits in rich velvets, wool velours and broadcloths—individual models from New York and Paris, beautifully tailored, coats nearly all having collars and cuffs of Hudson seal (seal rat), mole, beaver, or sable—beautifully lined and finished. Clearing Thursday at \$50.00.

Group Four—\$65.00: Suits from Paris and New York in wool velours, velvet and broadcloths, the coats have trimmings of kolinsky, racoon, seal rat or mole—all fully interlined and lined with satin. Colors are navy, green, brown, Burgundy and black. Clearing Thursday at \$65.00.

—Third Floor, Yonge St.

You Were Inquiring?

If You Want Advice on the Subject of Fashions, Housefurnishings or Like Matters of Interest to Women, Write to the "Scribe." The Reply to Your Query Will Appear in the Column Below.

"Country Maid"—No need for you to flounder in darkness, Mam'zelle. There are two excellent books to be had for the ordering—Ward Crompton's "Folk Dance Book," containing the best known national dances, with instructions and music, a cloth-bound book priced \$1.75; also "Folk Dances and Singing Games," by Birchenal, containing national dances with music and instructions—in paper cover, at \$1.25. "Pop Goes the Weasel," of ancient memory, is included in "The Balmoral Reel Book" at 50 cents.

As far as children's plays are concerned you could not do better than those four by Edith Lelan—"The Making of Canada's Flag," "The Key of Jack Canuck's Treasure House," "The War on the Western Front," and "A Canadian Fairy Tale." They are all of a patriotic nature, easily put on, and, under capable management, promise splendid results. They are 25 cents each.

"One-in-Need"—In need of the advice or of the cost? At any rate we hasten to inform you that the belt on the garment you admire can be removed, if you prefer, without detracting from the handsome appearance of the coat. The pleish is from neither of the makers you mention, but the quality is good, nevertheless, and, finally, it would be wise to have the wrap ample in size—say, 28 rather than your usual 26.

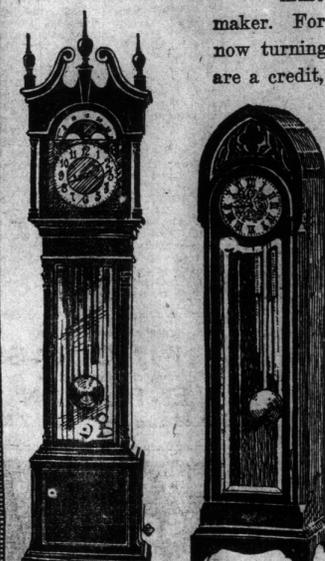

"Inquirer"—A present to take to a cotton wedding? Why a host of things come bobbing up to offer themselves—a couple of Madeira bottles, a pair of fine huckaback guest towels, a tray cloth, a pair of embroidered linen pillow cases, an embroidered linen bedspread, a pretty handkerchief, an embroidered muffin napkin, a damask tablecloth, a linen scarf for a dressing table or a sideboard, an embroidered or lace-edged tea cloth, and so on and so forth, according to the amount of money you feel inclined to spend on the gift.

The Scribe.

## Two Grandfather Clocks With Chimes

Think of the sweet sound of it, and the interesting appearance of it, to say nothing of its practical qualities as a time-keeper.

WHEN THE WAR IS OVER, Europe must look to her laurels as a clock-maker. For in the United States they are now turning out Grandfather clocks which are a credit, indeed, to the American Continent. For example the two handsome time-pieces in the accompanying sketch, each of which is equipped with the sweet chimes of Westminster bells.

That to the right is an admirable design for the living-room or dining-room with low ceiling, or for the landing at the turn in the stairway, the clock standing 6 feet 4 inches in height. Its simple, substantial looking case, with Gothic top, is offset by a handsome silvered dial with the figures inset with black. Furthermore, it is equipped with a fine set of Westminster chimes to mark the quarter hours with their clear musical peel, a separate strike denoting the hours. The price of it is \$250.00.

The taller clock in quaint English design with narrow waist and broken pediment top is likewise in mahogany with silvered dial with black raised numerals, and is similarly furnished with Westminster chimes and hour strike. The price is \$285.00. Both designs are supplied with reliable eight-day movements, their absolute satisfaction being guaranteed.

—Main Floor, Yonge St.

## Fur and Lace Trimmed Hats

Featured at Small Prices For the Second Day of the Special Showing of Winter Millinery prominent place will be given to our great array of clever models from \$5.00 to \$8.00—also to Misses' and Children's New Winter Headwear

SMART HATS AT SMALL PRICES—This will be the chief attraction for Thursday in the special showing of Winter Millinery. And very cleverly has the latest vogue of fur and metallic laces been developed in hats which range in price from \$5.00 to \$8.00.

Included in the offering are the tricorne, sailors, tam o' shanters, wide-brimmed picture hats, small close-fitting toques, and the new Russian turban with the painted front. Bandings and ornaments of imitation seal, imitation beaver, and imitation mole, are almost universal, while many of the larger models show transparent brims or edgings of gold or silver lace. Black and brown velvet composes the majority of them.

Misses' and Children's Hats of Fur and Veil, in Special Display For little girls of five years and older are the cunningest little cap-like turbans in white, rose, blue, and black velvet with buttons or bandings of fur to give a cozy, wintry touch. Drooping mushroom hats and some with wide flat brims make for a splendid choice in headwear for Sunday and "best," a touch of the fashionable gold or silver lace appearing also on many of the new juvenile models. Prices run from \$2.50 to \$7.50.

Misses' Hats for Winter are no exception to the rule of fur, and the smartest of the sailors, chin-chins, tam-o'-shanters, and turbans for school and special wear are banded and ornamented with beaver, wolf, mole, rabbit, racoon, and seal rat. A most attractive display of them will be made on Thursday at prices ranging from \$5.00 to \$12.00.

—Second Floor, Yonge Street.

THE T. EATON CO LIMITED

## Where Musical Quality Combines With Low Price

Namely in the Lyra piano, an instrument that boasts not only sweetness and volume of tone, but an artistic case, mechanical efficiency and the exceptionally moderate price of \$225.00

DOES YOUR HOUSE lack a piano? And is the purchase of one a matter of particular interest to you? If so, make a point of coming in and looking at the "Lyra."

It is an instrument that is remarkable for more than one reason. To begin with, it possesses musical qualities of a high order, being equipped with the Otto Higel brass flanged action.

Added to rare sweetness and volume of tone, it rejoices in a most pleasing exterior, the case being of Colonial or Louis XV. design in walnut or mahogany finish.

And, furthermore, it is a reliable piano featured at the extraordinary low price of \$225.00. This is made possible by the fact that the amount represents only a small margin of profit above the actual cost of the making of piano, none of the usual expenses being incurred in its selling, such as agents' fees, warehouse charges and commissions, etc. Moreover, since each piano is shipped direct from maker to customer, only one freight rate is involved.

Furthermore, with every "Lyra" goes our ten-year guarantee.

### THE CALL COMES PREPARE FOR PEACE

Sir George Foster, at Empire Club,  
Sounds Awakening Note for  
Canada.

#### OPPORTUNITY PASSES

Rest of the World Getting Ready  
—Canada Must Hold Her  
Place in Line.

"There is no other great country in the world so sound asleep in this respect as Canada," said Sir George E. Foster, speaking on preparedness for peace before the Empire Club in the St. Charles Hotel yesterday.

If Canada did not prepare for the fierce trade competition which he expected to follow the war, said Sir George, his merchants would be in the same positions as were the Russians on the eastern front in the earlier days of the war, when they went up against their foes with their bare fists, as it were, and fell by hundreds of thousands before German equipment and efficiency.

If anyone doubted that Canada was asleep let him ask anyone who had gone to England recently. There, in spite of the almost inconceivable activity which England was using for war, tremendous powers were being exerted in all walks of life night and day to prepare for peace. The United States was preparing from the southern border to the north. France was getting ready and so was Italy, and Japan was preparing. What was Canada doing? What was it going to do? They might be thinking, "There was not much to be seen."

If they did not take thought for conditions after the war they would be so handicapped that they would not catch up for years, perhaps for a generation. Suspicion and internal strife must go, and they must learn mobilization, standardization, co-operation and concentration.

Sir George would answer the man who protested that there was no need now to prepare for peace, since the coffers of the country were never so full nor business so good, by pointing out that it was exactly this position in the reverse that left England unprepared when the cataclysm of war fell upon her.

"Had we been as prepared for war when war broke out as we are now this war would have been over months ago, and rivers of blood and oceans of treasure would have been saved," he declared, drawing a parallel to what would happen if in time of war Canada failed to prepare for peace.

"I fear that we are losing some of the soulfulness of the earlier part of the war, that it is being blurred by prosperity," said Sir George. "Let us guard ourselves against this. War is making us over. We have come closer to the verities of life than we have ever come before. Out of the interminable loss of it will come a better manhood and womanhood, more unselfish. Apply this to your business. Feel that you are but the trustee of Providence for the good and the uplift of humankind."

In commencing his address, Sir George pointed out forcibly that the abstraction of 800,000 men from the industrial and agricultural life of the country could not fail to have a very marked effect, especially when it was considered that every man in the fighting line necessitated the work of at least one at the base preparing munitions and equipment. Then there was the trail of the war in the "honored burden" of the nation. Again there was the tremendous deficit of the vast daily expenditures, which would bear heavily upon the shoulders of this generation and the next.

Two things were absolutely certain. One was that when peace came the doors of the munition factories would close and that vast industry cease, and the other was that those who had depended on war orders for the last two or three years had in so doing neglected and lost their old custom of peace and their peace customers. To get these back they would have to hustle in keen competition. It was in view of these things that he proclaimed that Canada was fast asleep.

A vote of thanks was moved by Sir Mortimer Clark and seconded by Prof. McLennan.

#### HIS CONDITION CRITICAL

One of the Party Poisoned by Eating  
Celery Recently May Not Recover.

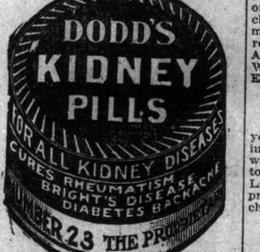

In an effort to save the life of Leon E. Maguire, 248 Heath street, who was one of a party of six who contracted typhoid fever three days ago by eating celery, an operation was performed upon him at the Wellesley Hospital last night. His condition is still regarded as critical. John Maguire, 102 Dunvegan road, and Miss Irene Maguire, father and sister of the young man, W. Temple, Parkdale; Mrs. A. Collins, 71 Foxborough avenue, two friends, were also affected by the celery.

#### LIQUOR CASES IN COURT

Two Offenders Against the Liquor  
Law are Fined in Police Court.

Charged with keeping liquor in other than a private dwelling house, Michael Clancy, proprietor of the Hotel Cecil, 1150 West Queen street, came up in the police court yesterday and was fined \$200 and costs.

Arraigned on a similar charge, Joseph Gladovitch was fined a like amount.

### WESTERN HIGHLANDERS RECEIVE CIVIC WELCOME

Replying to Speeches, Their  
Colonel Says Westerners Are  
Not Too Proud to Fight.

Crowds thronged the city hall steps yesterday morning to hear Premier Hearst for the Ontario Government and Mayor Church and Controller Cameron for the city welcome Col. Craig and his men of the 194th Western Canadian Highlanders. All the addresses were short but sincere. The whole affair finished in half an hour, and at the conclusion the whole battalion gave three rousing cheers for the premier and the mayor.

"On behalf of my colleagues and the city," said Mayor Church, "I extend to you a hearty welcome. The people of the east are not forgetful of the share the men of the west have played in the war. They have written a glorious page in history." He introduced Premier Hearst as "Ontario's premier who has two sons fighting at the front."

Premier Hearst told Col. Craig and his men that it afforded him great pleasure to welcome them to Toronto and the province. On behalf of the Province of Ontario he extended a most hearty greeting. "Your battalions have not only made the western provinces famous," he said, "but they have added a lustre to Canadian history that will grow for all time. We extend to you a hearty greeting now, and we hope our greeting will be still warmer when you return."

"I have no fear of the outcome of this war," said Controller Cameron, "when I stand before such men as yours, Col. Craig. We are indeed proud of you and proud to have you in Toronto."

In reply, Lieut.-Col. Craig briefly thanked the speakers on behalf of himself and his men. All had been very generous in their praise. The western provinces, he said, had not dropped at the quota asked of them by the government. They had contributed four or five thousand over and above what was asked of them. "Whatever our shortcomings," he said, "we have a patriotic fervor that will stand us in good stead. We are neither too proud nor afraid to fight."

#### Will Likely Be Ordered to Pay Advertising Expenses

The city auditor has refused to pay the accounts of the Citizens' Express Campaigning Committee for advertising. Council refused to grant them the money, but finally decided to pay their bills up to \$500. When presented they totaled \$500, but were O.K'd by the board of control and the mayor. At today's meeting of the board of control, the auditor will probably be ordered to pay the bill.

#### WILLS PROBATED

William I. Noble, who died September 20th last, left an estate valued at \$711. By his will dated May 29, 1914, his widow, Mrs. Eliza Noble, receives a life interest in the estate. On her death seven children are mentioned to share in the residue.

Probate of the will of her husband, Alexander Smith, has been applied for at the surrogate court. The estate comprises \$2091, and will be divided equally between Mrs. Smith and her four daughters.

#### MAIL PARCELS EARLY.

That the soldier boys in the trenches of France and the training camps of Britain are not forgotten by relatives and friends, is evident by the fact that between 1800 and 1700 pounds of letters and papers, and 25,000 to 30,000 parcels, are being forwarded thru the Toronto postoffice. According to Postmaster Rogers, it is the biggest mail that has ever left the city. Mr. Rogers advises those who intend sending parcels to either France or England, to mail them as soon as possible.

#### AN ATTRACTIVE EXHIBIT.

With the opening of the hunting season, Nov. 1st, the Grand Trunk Railway System installed in one of the windows of their city ticket office, corner King and Yonge streets, a very attractive exhibit of trophies of the hunt. The display consists of mounted heads of moose, deer, elk, bear, caribou and mountain sheep, procured in territory served by the Grand Trunk. This display, however, is of particular interest to hunters of deer and moose who annually visit the "Highlands of Ontario," where they abound, including "Muskegon Lakes," "Lake of Bays District," "Maganetan River," "Lake Nipissing," "Kawartha Lakes," "Timagami," and districts contiguous to Algonquin Park. Information regarding open seasons in different districts, railway fares, etc. may be had on application to Mr. W. J. Moffatt, city passenger agent.

#### WATCHING COAL WEIGHTS.

City inspectors are closely watching local coal merchants to see that they give proper weight in coal to their customers. Last week one dealer was haled into court by the vigilant inspectors and fined \$20. Two inspectors are on the job continually, and where there is the slightest suspicion, the driver of the wagon is ordered to reweigh his load at a public weigh scale. So far few cases of short weight have been discovered. The property commissioner threatens prosecution to everyone caught fleecing the public in this way.

#### GEORGE H. WARBURTON RETURNS.

After an absence of four months on a round-the-world tour, in the interests of the international committee of the Y.M.C.A., George H. Warburton, chairman of the executive of the committee of One Hundred, is expected to return to Toronto within a week. Among the countries visited by Mr. Warburton are England, France, Egypt, India, China and Japan.

#### CRECHE ANNUAL MEETING.

At the annual meeting of the creche yesterday, Canon Greene eulogized the institution for the splendid work it was doing for the children of Toronto. In the absence of the president, Lady Moss, Mrs. George B. Marks, presided. During the past year 18,295 children were received into the place.

#### NEXT BRITISH MAIL.

The next British parcel post mail will close at the general postoffice at 9 p.m. tomorrow (advance mail).

## TO COAL CONSUMERS OF TORONTO

# ECONOMIZE ON COAL

Decreased production at the mines, owing to scarcity of labor and lack of transportation facilities, has caused a decided scarcity of Coal. To prevent the situation becoming acute, we advise the public to practise the most rigid economy in the consumption of coal.

Do not expect immediate delivery of large quantities.

Co-operation between dealer and consumers will materially relieve situation.

BRITAIN'S FORESIGHT SAVES WORLD FROM BIG INCREASE IN THE PRICE OF RUBBER PRODUCTS

Financing and Fostering of Rubber Plantations in Her Colonies Now Proving a Boon to the Consumer in Keeping Prices Down.

The beneficial results accruing to the sagacity and foresight of the British Government in its promotion of the rubber industry and its subsequent "friendly" cornering of the crude rubber market are just now making themselves manifest in the manufacturing end of the industry.

When Great Britain began the fostering and financing of rubber plantations in 1895, the rubber world did not stand aghast, but smiled cynically.

Today South America is producing about the same quantity of crude rubber and it constitutes only 23 per cent. of the world's supply.

In 1910 the demand for rubber began to increase materially. The world's production, both wild and plantation, for that year was 70,600 tons, and the cost three dollars a pound.

THO RAVAGED BY FIRE COCHRANE AIDS RED CROSS

Norfolk County Sends Seven Thousand Dollar Cheque for Half Mill Levy.

Cochrane, ravaged by fire, not content with the \$250 voted by the town council, has organized a general patriotic committee, which will take further collections for the same fund, and which is now reported to have \$115 in hand, making a total of \$365.

Yesterday's cheques swelled the total large cheques received at the office of the organization of resources committee yesterday was one of \$7115 from the County of Norfolk, being the county's grant of one-half mill.

Speed

Every World's Championship Contest for speed and accuracy during the past twelve years has been won on the Underwood.

The present record is 137 net words a minute for one hour's writing.

An Underwood has been operated continuously for eight hours (by relays of experts) at a sustained speed of 110 words a minute—or over 10 strokes a second.

No test has been too severe for the Underwood, and its speed possibilities are still far beyond the capabilities of the most expert operator.

THE HIGH COST OF LIVING

Send in your letters giving your opinions on the high cost of living and any suggestions you have to make about reducing the cost. The World and The Sunday World want to hear from every reader on this momentous question.

CROP OF HONEY MAKES IT CHEAPER

About the Only Food Product Selling Cheaper This Year Than Last.

VEGETABLES ARE SCARCE

Farmers Have Poor Crops and Deliveries at Markets Are Necessarily Light.

That so-called flour and sugar trusts combined and interlocking directorates are responsible for the high prices prevailing on the local food markets by holding up wheat in grain elevators and sugar in refineries.

In his opinion, he said, the trusts were working in agreement with the wholesalers, controlling prices by holding up the products until the price advanced to a figure which they could dispose of them at a more than reasonable profit.

The exceptionally poor crop in potatoes, and vegetables in Ontario, he said, accounted to some extent for the high price. Outsiders knowing that this province is one of the largest potato areas, set the highest obtainable price on all foodstuffs shipped in.

Where the grocer formerly obtained as much as 60 and even 75 per cent. profit, he is now forced to calculate on an average profit of 20 per cent., Mr. Kane said.

If flour would drop in price to a

reasonable figure Mr. Kane believes that living would be considerably easier for the poor man. His store is situated in a representative average residential district, and he cautions business from families the heads of whom for the most part are employed in offices.

An unusually good crop of honey makes that product about the only food on the market which is selling cheaper this year than last. Cocoa, baking powder, beans and milk, the grocer, said, are about the same in price.

Retail Grocers Perplexed. "The grocers don't understand the reason for the high cost of living any more than the customers," declared Mr. Kane. "One of the reasons given us is that labor is hard to get. I think the trusts and combines are working in an agreement and controlling the prices. The shippers might have held back the salmon and Dromedary dates, which for a while we couldn't obtain."

"The farmers had poor crops this year," continued the grocer. "Potatoes were very poor and there was a general shortage in vegetables, including cauliflower, cabbage, carrots, beans and peas. Apples are scarce too."

"Farmers nowadays don't call around at the grocery stores with produce. They are either using it for home consumption or sending it to the market for their goods or disposing of it in small lots. Milk is hard to get. It and bread and grapes are being sold at almost cost by the grocers. There is simply no profit in them and they are handled only because the grocer cannot afford to lose his customers."

"Cereal wheat, cornflakes and like products are about the same in price as a year ago, but canned goods and pickled goods sold by a large manufacturer have all advanced in price. Raisins and currants are both high. Apples and oranges are both high. There would be some chance for the poor man to live. I read a newspaper dis-

counting the methods of present-day warfare. The professors pushed their theory to the bitter end, disregarding altogether of the suffering of the patient upon whom they might be experimenting.

As a plain word, Dr. Sheard recommended as a recipe for happiness: "Abolish care, have a hobby and don't permit monotony."

GRAND TRUNK RAILWAY. Buffalo and Return \$2.70.

The Grand Trunk Railway will run an excursion to Niagara Falls and Buffalo on Saturday, Nov. 11th, under the auspices of the Toronto Bowling Club, leaving Toronto 8:10 a.m., tickets being good for return up to and including Monday, Nov. 13th, on all trains.

Paris-Niagara Falls, Ont. and return, \$2.25; Buffalo and return, \$2.70. Full particulars, tickets and reservations at city ticket office, corner King and Yonge streets; phone M. 4209.

In the present war seven men die in battle to one of illness. During the civil war five died from disease for one slain in battle.

patch which said the cost of flour had lowered 30 cents a barrel in Winnipeg. And yet it is said here that if flour has fallen in price there it won't come down a cent here for a month or more.

There should be some one well qualified and efficient in the present administration in Canada to take hold of the situation and in a practical, honest way work out a system to relieve the people of the strain they are under."

Wholesale Grocer Speaks. Poor crops in the Dominion, particularly Ontario, and in the United States and abroad, is assigned as one of the chief reasons for the prevailing high cost of foodstuffs, in the opinion of Mr. Eby, sample manager for the Eby-Blain Co. Ltd., wholesale grocers, 41-45 East Front street.

He declared that wholesalers were not responsible for the high cost of living any more than the retailers, and were selling their products at as reasonable prices as could be fixed. He said that it this year seemed the design of nature to make the situation as difficult as possible for the consumer during the very year when her assistance was needed most.

Mr. Eby estimated that canned goods had advanced from 20 per cent. to 50 per cent. in price above the cost last year; salmon had made a 30 per cent. increase; sugar, 10 per cent.; raisins, 10 per cent.; currants, 50 per cent.; cereals, 10 per cent.; and dried fruit, 25 per cent.

High Cost of Living Editor: Saturday, while strutting about a local meat store where bread, cake, cooked meats and other products are sold, it surprised me to see women by the hundreds buying all sorts of cooked food, especially cooked meats and chickens, paying prices away above their value and double what it would cost the same people if they cooked for themselves.

I came to the conclusion that the high cost of living was their own fault, "gadding" about the street all day and, on the whole, too lazy to cook and keep house. Yours, A. Viator.

Traffic Recommendations Sent to Police Commissioner

The special traffic committee at its meeting yesterday endorsed and sent to the police commissioner all the recommendations for the regulation of vehicular and pedestrian traffic, which the sub-committee proposed two weeks ago. The only change was in the recommendation that all vehicles should carry a light at night.

To this was added the stipulation that it should be on the left hand side and visible from front and rear. The proposals will be laid before the police commissioners for endorsement, and then laid before civic authorities and the legislature for ratification.

Represented at yesterday's meeting were the retail grocers, the Ontario Motor League, the Toronto Street Railway, the C. P. R., G. T. R., C. N. R., Works Commissioner Harris, Street Commissioner Wilson and Acting Deputy Chief Archibald.

The groundhog, or woodchuck, belongs to the same species as the aquatic prairie dog. The prairie dog is another member of the same family.

Advertisement for Mrs. Able Says: PEOPLE ask me why my tea tastes so good. First, I use freshly drawn water. When boiling briskly I pour it over the leaves, allowing the tea to steep, not boil, five minutes. Next, I pour the tea off the leaves into another pot. In that way you get the flavor of Red Rose Tea in all its fullness and richness. Try it. In sealed packages only. Includes image of Red Rose Tea box.

APPLY INCREMENT TAX TO TORONTO

Ald. Ball's Special Committee Discusses Lloyd George's Scheme.

FOSTER IS DOUBTFUL

Idea is to Prevent Circulation and Put Levy on Uneared Profits.

Ald. Ball's special committee on tax revision discussed for two hours yesterday the possibility of applying the Lloyd George increment tax to Toronto. At the conclusion Ald. Ball announced that he would have some definite proposals to lay before the committee at its meeting next week.

He asked the Mayor, Controller Foster and Ald. Gibbons and Lyding, his colleagues, to also come prepared to suggest some definite working plan, whereby unearned increment could be taxed in Toronto.

Controller Foster was the only member who doubted the wisdom of applying unearned increment taxation. Mayor Church opened the discussion and suggested a tax of from 2 1/2 to 5 per cent. on increased land values. Annexations of a few years back, he maintained, were responsible for at least three mills on the city's tax rate. The court of revision, he pointed out, was lopping off assessment values right and left. The city would find itself faced with a staggering tax rate next year if some precaution were not taken.

Ald. Ball said there was no reason on earth, in his opinion, why the owner of real estate should not pay back at least a portion of that increased value created by the municipality itself. The big difficulty in launching a scheme of this kind was to get the ideas worked out on an equitable basis. Legislation would be necessary, he said, and before the city council went before the provincial government they must have their plans carefully prepared. In answer to Controller Foster's question as to what basis the profit would be estimated on the chairman said there must be some fixed time set from which date all transfers must be registered, and the prices sworn to, and the tax would devolve upon the difference in the purchase price and the selling price.

Share of Profit. Controller Foster: Does it work both ways? If I buy one piece of land and sell it at \$2000 profit, you take a share of my profit. If I sell another piece of property at \$2000 loss, what then? Ald. Ball: The idea is to prevent that speculation. We only propose to place a tax on the unearned profits.

Assessment. Commissioner Foran said he believed implicitly in the present system. In Edmonton and Calgary, where land was taxed presumably to prevent speculation, town lots were selling miles and miles from town. "I think our assessment law is all right," he said. "It is reasonable and fair. I believe the increment tax is a disadvantage. Who is better able to pay taxes to the municipality than the property owner who is not producing any profit or better out of his property?"

Some Yonge street properties, he pointed out, had been hoarded in price out of all proportion to their value. No person could buy at the prices asked and make any profit on the investment. The valuations were just gambling prices.

"We have been conservative in our methods of taxation," he said. "If we had taken a loan from these inflated prices, we would have had to tear our assessment rolls to pieces today."

Prevent Speculation. Ald. Gibbons declared that the Lloyd George scheme of increment assessment was primarily for the purpose of preventing speculation in land. He had succeeded in throwing back into productive activity thousands of acres of idle English land. He did not believe the idea was so much to get a revenue as to keep all or most of the land in use. A big subdivision being held for speculation was not producing anything, which was one of the reasons for the high cost of living.

Controlled Foster: But somebody has got to hold the land, hasn't it? Ald. Gibbons: No, they don't, not for speculation. If they hold it under the proposed unearned increment assessment it will be because it is producing potatoes or carrots or something.

James Simpson explained that the unearned increment tax was formerly had origin. The German Government took as much as 80 per cent. of land profits where the vendor had done nothing to increase the land value. It beats single tax, he said, in getting at the fellow who really should be taxed.

CITY HALL NOTES

The boys and girls of Jesse Ketchum school have sent a pair of fox to every one of the 230 ex-pupils of the school who are now with the colors. The letters that are received from the recipients of the fox are read in all the class rooms, and many interesting sidelights on the European battlefield are in this way given the pupils.

SHOCK PROVED FATAL

Albert Leitch Died in Chatham General Hospital.

Chatham, Nov. 7.—Loss of blood and severe shock proved fatal to Albert Leitch, concessionaire, Harwich Township, who had his left leg terribly crushed in a threshing machine yesterday morning. He died in the General Hospital last night. Leitch was assisting in the threshing of a field, when the engine of concessionaire S. Harwich, and Howard Town Line, in attempting to clean the blower of the threshing machine, which had become plugged, he caught his foot in the machinery. Before he could be taken to the hospital he had been drawn in and mangled to the thigh. The unfortunate man was twenty-six years of age, and married.

Argentina has about 30,000,000 cattle.

A Good way To Prevent Baldness

Says This Recipe Will Often Grow New Hair in Two Weeks' Time.

Most men take baldness as something inevitable, though why it passes under-stand. There is no more reason why hair should cease to grow on the top of the head than on the sides of the face—and most men have to have to the end of their days or wear a beard.

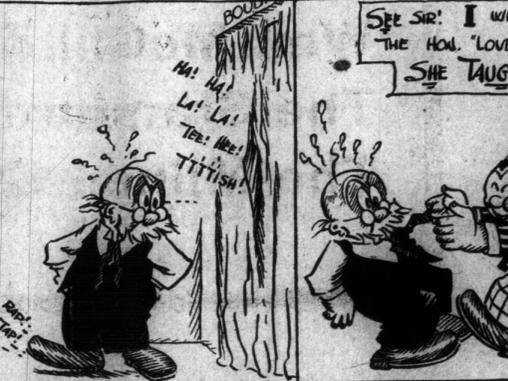

If your hair is growing gray or getting thin in patches and you find great quantities of it in your brush and comb, the following recipe for a good home-made hair tonic can be strongly recommended. Get from any drugist 2 ounces of Lavena de Compeese and 6 ounces of pure Bay Rum. Mix together, adding one-half drachm of Marshmallow Creams and a little perfume if you desire it. This mixture should be allowed to stand overnight, when it is ready for use.

This preparation will in almost every instance stop falling hair within two or three days, and numerous instances have been reported in which it has been the cause of new hair growth after years of partial baldness. It is quite important in using the prescription to apply the tonic directly on the scalp, rubbing it into the pores with the finger tips and that the hair roots can absorb its full nourishment. While the preparation contains no coloring matter and will not make the hair greasy or sticky, it often will restore hair to its natural color by its revitalizing action on the hair roots.

## T. AND D. DISMISS PROTEST OF ULSTER

Eatons Awarded Game as Played—President Tom Guthrie Resigns.

At the meeting of the Toronto and District Football Association last night the game, Eatons v. Ulster (which the former won and which the latter protested) was ordered to stand as played, thus giving the championship of the Toronto and District Football Association to the Eatons. The main point of protest was the ineligibility of two players who had been given the permission to play these men, and the action of those who gave the permission was endorsed by the council. The protest was given out after the hearing of the protest President Guthrie handed his resignation to the secretary, as did Norman Howes. It is hoped, however, that these two gentlemen will reconsider their decision and once more resume office.

## Boucher Refuses to Sign for Low Salary

An Ottawa despatch says: George Boucher, who made a record as a defenseman when he broke into the pro ranks with the Ottawa hockey team last winter, was tendered a contract for the coming season at Lansdowne Park Saturday by the Ottawa Hockey Club. The contract calls for considerably less than the \$200 which Boucher received last year. Boucher will have to be raised or the player will not sign.

Mike Quinn of Quebec is evidently going after the amateur stars in wholesale fashion, but it is said to be doubtful whether he will secure the services of Carey, McNaughton or LaRoche. The Quebec Club will also make overtures to Louis Hughes of the Crescents and Ernest Saucier of the Montagnais. It is reported that the Quebec Chronicle facetiously remarks that Johnny Carbery has detected watching Hughes, in case Queen's scouts try to snag the amateur player.

E. H. Savage wants more Winnipeg hockey players for his Portland Rosebuds. It was with his team that Del Irvine of the Winnipeg Monarchs made his first professional appearance, and was a decidedly bright and promising career that ended abruptly with his transfer to Chicago on his way home after the Stanley Cup had been lost to Canadiens at Montreal. This time Savage is making considerable telegraphic communication with Dick Irvine, who has had a professional career on his own terms. Recently Dick said that he had heard frequently from Savage of late, but had told the Portland man that his terms are unchanged. He was on the verge of going with Del Irvine to Portland, but he fell, and now will not go without getting his financial terms, and the best possible for Stan. Marple is also in the market, and Clem Loughlin as well, but the Winnipeg lads may make the price too stiff for their offer of paper, otherwise their amateur cards.

Harold Parlow, whose name appears in Saturday's casualty list as being wounded, is a former Vancouver hockey star, of which he was a member for three years. Parlow was also a member of the Detroit Arena hockey team several years ago. He first became famous as a hockey player in Vancouver, and was also prominent as a baseball and lacrosse player.

## HUGHES'S WOODEN HEAD HOW FAN FOUND IT

Detroit Pilot Tells of Good Joke Pulled on Him in Early Days.

Lockport, N.Y., Nov. 7.—The curtain of the 1916 baseball season for the Lockport Industrial Baseball League was rung down Saturday night with the Flanahan banquet at Eagles' Hall. Hughie Jennings, the famous "Be-yah" manager of the Detroit Americans, was the guest of honor and speaker. He congratulated the members of the team which did so well on the diamond in the season ended, in addition to unfolding some real stories about himself in the early struggles on the diamond. During some reminiscences of his baseball days, Jennings told one especially good joke upon himself. "It was when I first broke into baseball, down at Allentown, Pa.," he said. "I considered myself a pretty good catcher in those days, and I told the manager of the team as much. He gave me a chance, and I was finally sent in to bat. Let's see what you can do with the stick. I want you to get on first base, no matter how you do it; just get there," the manager told me. "I stood up to the plate, and when the first ball was pitched, and he thought it was an inshoot, and I missed it. It was a curve. The second ball went by me the same way, and I missed it. I had to get on first some way, so I gripped the bat and went after the third one, which I thought would be a curve, like the two predecessors. "Pitcher Fools Hughie. "It wasn't a curve, but a straight, fast one, and before I knew it that ball hit me on the nose as hard that it rendered me unconscious for a minute or more. I recovered, and, in a daze, I started for first base. As I reached the base, I heard one earnest fan yell out: "That's the way to put the wood on that! Anecdote followed anecdote for an hour or more, and when the celebrated pilot of the Detroit Tigers concluded he was generously applauded for fully five minutes. The banqueters called for his famous "Be-yah" yell, and the popular baseball idol responded. Judge Guthrie, W. Found of the state court of appeals, who taught Jennings in the law department at Cornell University, was toastmaster, and he paid a compliment to his former student, stating that he was a good, clean, wholesome living example for any American boy to follow. Mayor John R. Bari presented the \$100 silver trophy cup, won by the Flanahan team, which was donated to the league this year by E. D. Corson, secretary-treasurer of the Corson Manufacturing Company, principal of the Union-Sun and Journal. He responded, upon receiving the trophy. Mr. Corson also spoke, giving the conditions under which the cup is to be competed for during the coming years. For permanent ownership, it must be won three consecutive years, or by one club.

## PARKDALE WINNERS

## PROPOSED TO CHANGE LAWN TENNIS RULES

United States Association Executive Committee to Pass on Important Suggestions.

New York, Nov. 7.—When the executive committee of the United States National Lawn Tennis Association meets, early next month, it will find enough business scheduled to provide for a decidedly active session. One of the first matters to claim attention will be the report of the ranking committee. This is awaited with a great deal of interest, and also many forecasts of the probable ranking have been made. There is nothing definite as to the first ten players of the country under this committee's report is made public. Perhaps next in interest for tennis players and those who follow the game closely will be the consideration of proposed changes in the amateur rule. The recommendations of the executive committee have already been set forth in a letter under the signature of President Geo. T. Ades. This has been sent to all members of the association and to a great many players. These will be discussed and put in final form, in response to suggestions that have followed the publication of this report. The recommendations will be ready for the action of the delegates at the annual meeting in February.

No less important for the future of the game will be a consideration of the star and boys' tournaments, undertaken for the first time this year. These will be held on a sectional basis during 1916, only one of the ten sections in the United States falling to hold a properly-sanctioned event. About 60 tournaments for juniors and boys were held under the association auspices, more than 2500 were competing. This is felt to have been a very favorable beginning, but changes have been suggested, which may develop still more widespread interest in this branch of the game. One plan is to create a number of tennis centres throughout the country, where preliminary tournaments may be held, instead of being on the basis of sectional championships as preliminary to the play for the national title. The effect, obviously, would be to broaden the interest in events for younger players by creating more of them and having them held locally. It is possible, also, that some changes in the age limits may be made, lowering these both for juniors and boys. The present limits are 20 for the former and 17 for the latter.

Another matter which is bound to be debated thoroughly is the advisability of a change in the method of holding the doubles championship. Some men advocate continuing the present arrangement, others would have the champions play thru, thus eliminating the challenge round. Still another suggestion is that there might be one tournament, the winner of which would be champion.

Another proposal advocates increasing the number of sections eligible to send teams to the preliminary championship. There is every probability, also, that the resolution adopted last year, requiring one member of a team to live in the section the team represents, may be brought up for further discussion. There is also in prospect a consideration of the advisability of admitting new sections to the tennis association, with sectional delegates on the executive committee. This body conducts the affairs of the association, and includes the president, vice-president, secretary, treasurer and sixteen other members, representing the sections into which the National Association divides the United States geographically, and six being delegates at large. Proposed new sections embrace Iowa, Nebraska, Kansas and Missouri, as well as the Missouri Pacific Northwest cover Washington, Oregon and all of the northern half of Idaho.

There will be at least two reports in connection with the national championship, for the executive committee will receive the official report of the receipts and expenses for this event, and, in addition, the report of Julian S. Myrick, president of the West Side Tennis Club.

## U.S.S. SHOWED CLASS IN GAME WITH OAKWOOD

Exhibition Game Results in Victory for Junior Champions—To Play Kingston C. I.

University Schools, Ontario Union junior champions showed undoubted class in their game yesterday at the stadium with the Oakwood team. U.S.S. won this controversy stamps Prof. Crawford's school as superior to any of the Ontario school clubs. Owing to a late start only ten minute quarters were played. Oakwood scored their only points in the first quarter, that ended 1 to 1, and thereafter it was all Schools. McLeod had to retire with a sprained ankle. For C. Young and Steven were best. Quarter-back Burch had to retire with an injured shoulder. The line-up: Oakwood (1): Backs, Graham, Mooler, Mitchell; flying wing, Seccord; quarter, Burch; scrummers, Giesse, Kelly, Hain, McLeod, Conkling, McFetridge; middle, Whitman, Jennings; inside, Young (capt.); Stevenson. University Schools (16): Backs, McLeod (capt.), Munro, Booth; flying wing, Greig; quarter, Boulter; scrummers, Stecher, Sorroled, Brown; outside, Frawley, Keith; inside, White, Gunn; middle, Jeffrey; Aggett. Referee: Burns.

## Belleville Curling Club Elect Officers

Belleville, Ont., Nov. 7.—The annual meeting of the Belleville Curling Club for the season 1916-17 was held in the rink, and the following officers were elected: Pres., T. E. Ketcheson; vice-pres., J. W. Davison; hon. pres., J. G. Galloway; sec., H. B. Stock; treasurer, E. D. Diamond; managers, M. J. Clarke, O. H. Scott, S. Robertson, A. A. Bourdieu, J. P. Wills, J. A. Deane, R. Dickens, Auditor, J. G. Galloway, M. J. Wright. Representatives of the O.C.A., J. E. O'Flynn, J. P. Wills, Representatives of the C.O.C.I., J. A. Kerr, H. B. Stock, Patrons: E. G. Porter, M. P. Judge Wills, F. E. O'Flynn. Patrons: Mrs. E. G. Porter, Mrs. J. P. Wills, Mrs. F. E. O'Flynn.

## Many New Managers For the International

Providence, Nov. 7.—That the season of 1916 in the International League was a disastrous one all around, is shown by reports that are leaking out from the various cities. Every club in the league lost money, including Buffalo, the champion team, where it is admitted by Jos. J. Lannin, owner of the club, a substantial loss was made. Lannin is anxious to sell the club, and efforts are being made to interest Buffalo men in the project of having the club once more locally owned, and it is likely that Patsy Donovan will leave the club to resume scouting for the Red Sox. Rochester and Newark, and possibly Toronto, will have new managers. Leach has been released by Owner Chapin after one year in the saddle. Tommy failed to make good, in Mr. Chapin's opinion. Fred Hanley has quit in Newark, one year in the international being a great plenty for him. Fred failed to make much of an impression in the Barrow wheel.

## Fifteen Straight Wins For Coast League Star

Portland, Ore., Nov. 7.—Allan Sotheron, the right-hander, who was sent to the Portland Club of the Pacific Coast League as a replacement for the late Fred Hanley, another trial next spring, had his winning streak broken in the last week of the campaign. The right-hander, who is 10, 10 to 4, rapping him for 13 innings. Sotheron was opposed by Erickson, another right-hander, who was with the Tigers for a short time last spring. Sotheron's record of 15 straight fell one short of the record of 16, set by Pete Browning a few years ago, when he was with San Francisco.

## WESTERN CLUBS WEAK REMEDIES SUGGESTED

Pittsburg Sizes Up the Situation and Shows the Weakness.

Pittsburg, Nov. 7.—Owners of the Pirates, Cubs, Cards and Reds will do well to look to their fences in the hope of being able to hold on to the players to this end of the National League during the past summer. The western wing of the league is in a very weak position for being in the league in 1916 so far as general results are concerned. None of the four teams mentioned had a chance to finish in the first tier and this state of affairs will have to be remedied soon if the west is to have real representation. Through the season the Atlantic seaboard cities showed their superiority over the inland towns and when the latter finally broke up, the western eastern trips the results were nothing short of shameful. This little article shows how badly the western clubs were outclassed.

It also would be a good thing for baseball if there was a maximum limit on the amount offered for any player. Eddie Collins cost the White Sox \$50,000 in real money, but how many teams could afford to buy outlay? The time probably is not far distant when the power of money will not disrupt clubs in order that a team in a favorite city may be strengthened.

## National Commission of Five is Now Suggested

J. Cal Ewing, former president of the Pacific Coast League, is among those who favors the reconstruction of the National Commission. In a telegram to President Barney Dreyfuss of the Pirates, Mr. Ewing suggests that the new commission be composed of the presidents of the two major leagues, two members from the minor leagues and one disinterested party for chairman.

"Suppose, Bill, We Give You a Big Block of Stock," The Owners May Say

Lewiston, Me., Nov. 4.—Bill Carrigan, last year's Sox pitcher, said that he would not yield to the appeal of the Boston American League Club's new owners. "I'm thru with baseball forever," he said. "I am not satisfied down here in the Pine Tree State, where I have never seen a cent of money. I am again in charge of the Red Sox these important matters would be neglected, so I prefer to stay right where I am at present."

## Sporting Notices

Notices of any character relating to future events, where an admission fee is charged, are inserted in the advertising columns at fifteen cents a line display (minimum 10 lines). Announcements for clubs or other organizations of future events, where no admission fee is charged, may be inserted in this column at two cents a word, with a minimum of fifty cents for each insertion.

## HICKEY IS THE CHOICE

Louisville, Ky., Nov. 7.—American Association affairs came to the forefront again, when O. H. Wathen, owner of the Louisville Club, confirmed reports that Thomas J. Hickey of St. Paul had been in conference with him today. Mr. Hickey, it is understood, is the choice of a majority in the American Association as the successor of President Thomas Chivington. His visit to Louisville came under the heels of the presence here yesterday of Joseph Cantillon, manager of the Minneapolis Club, and Michael Kelly, manager of the St. Paul Club. "When the time comes for the annual meeting," Cantillon said, according to a report printed here, you will see Mr. Hickey elected. Five of us have pledged ourselves to vote for him."

## TINKER LIKELY TO MANAGE CUBS

Chicago, Nov. 7.—Local dopesters have less than a week to figure out who is to be the next Cub manager. Next Monday the Cub stockholders will choose between Joe Tinker and several others being pushed for his job, including Frank Chance, Larry Doyle, Jack Honan, Dick Kinsella and Fred Mitchell. Few expect Chance to listen to his boosters as he is inordinately settled on the coast as growing of late and he is more likely to be chosen for another year than he would have been a month ago.

### HOPE TO REGULATE MOTOR INSURANCE

Differences Between Ontario Statutes and Practice of Some Companies Considered.

### MATTER OF SETTLEMENT

Law Provides for Arbitration While Companies Prefer Customary Method.

With regard to automobile fire the Ontario statutes say one thing, and the companies lay down other regulations in their policies. Mr. Justice Maclean, sitting on the matter during the sitting of the Fire Insurance Commission yesterday, suggested that it might be a good thing to have legislation to clarify the situation. The matter has never been thrashed out in the courts.

The statute says that if the car holds more than five gallons of gasoline when the fire occurred the company insuring shall not be responsible, but the companies' policies read otherwise. Again the statute provides for settlement by arbitration, which the companies found a cumbersome method, preferring appraisal by which 99 per cent of the losses are adjusted today.

The discussion of the time of the commission during the whole morning. A. M. M. Kirkpatrick, president of the Canadian Association of Automobile Insurance Underwriters, was the principal witness. He explained that the statements of Messrs. Wright and Gibbons, previous witnesses, that they could not get insurance for almost all insurance companies gave insurance on cars while some made a specialty of it. He went on to say that the insurance generally preferred by the insured, covering the insured against hazards by fire, theft and transportation, not only in this province, but also in the United States and in the costwise transportation. Legislation on this class of insurance in this province might be dangerous. This was placing local restrictions on general insurance it might drive the man seeking insurance to take it out of the province where restrictions did not hamper him.

### ANOTHER BATCH OF SOLDIERS ARE BACK

Friends and Relatives of Men Accord Welcome at Station.

### FORTY-ONE IN PARTY

Addresses Delivered at the Spadina Convalescent Hospital.

A military guard of honor, a band, representatives of the Dominion Hospitals' Commission, the Soldiers' Aid Commission, and relatives and friends accorded a welcome to the party of forty-one returned soldiers who arrived yesterday after active service overseas. The party of war heroes included twenty-two Toronto men, the others having enlisted from points in central Ontario. At the Spadina Military Hospital addresses of welcome were extended to the veterans by W. C. George, W. D. McPherson, M.L.A., Controller R. H. Cameron, Ald. Ramsden, and Canon Dixon.

Sergt. Roland Baker was one of the war heroes to return yesterday. After his left hand had been torn away by a German shell, and fragments of the bomb had pierced his thigh and shoulder, he continued to urge his men onward until overcome by weakness. He formerly lived at 107 River street, Toronto. He went to the front with the Canadian contingent going through the battles of Givenchy, Langemarck, and Passchendaele. He worked in Toronto as a blacksmith. His wife and child now live in Mitchell, Ont.

Pte. A. C. Trembley, 23 Delaney crescent, was shot in the knee at Ypres on June 2, 1915. He was attached to the 26th Battalion.

Pte. John Robinson, 23 O'Hara avenue, was wounded in the shoulder by a German shell on June 29 as he was going into the trenches. He also received a gunshot wound in the thigh.

The Toronto men to return yesterday were: Pte. Elliott Beck, 51 Hishwa; Pte. Joseph Broadhurst, 558 Concord; Pte. S. W. Brown, General delivery; Corp. Leslie Edwards, 740 Dovercourt; Pte. Constantine Elintsky, 65 Ontario; Pte. Walter Ginn, 152 John; Pte. Robert Givens, 10A Bathurst; Pte. Arthur W. Fuchs, 277 Dault; Pte. Morris Kump, 2849 Queen; Pte. William Kirwin, 158 Dufferin; Pte. Henry Matte, 81 Winnifred; Sergt. Kenneth Miller, general delivery; Pte. Frank May, 55 Springer; Pte. Fred Orrum, 243 Franklin; Pte. Place, 44 Dorval; Pte. John Robinson, general delivery; Pte. Charles Simpson, 28 Beatrice; Pte. James Spencer, 61 Jarvis; Pte. J. B. Smith, 53 Cairns; Pte. A. C. Trembley, 23 Delaney; Sergt. George Wilkins, 8 Manning.

**SERBIA AND ITS PEOPLE.** "Serbia and the Serbians" was the subject of a most interesting lecture given by Miss Gertrude Lawler, M.A., at Faculty Hall, last evening. President R. A. Falconer was in the chair and Miss Lawler treated her subject in her usual comprehensive manner, illustrating it by a series of views. Musical selections were given by Miss Apple Cassidy, Miss Rita Haynes and Georges Vignetti.

**TORONTO CAMERA CLUB.** The Toronto Camera Club held its annual meeting on November 6, and the following officers were elected for the ensuing year: Honorary president, A. R. Blackburn; president, C. A. Coles; first vice-president, J. P. Hodgins; second vice-president, Dr. E. B. King; secretary and treasurer, Albert Kelly.

Executive committee: W. J. Watson, A. S. Bowers, J. Addison Reid, R. M. Brown, W. Ross, A. J. Morgan.

### THE TONIC THAT BRINGS HEALTH

"Fruit-a-tives" Builds Up the Whole System.

Those who take "Fruit-a-tives" for the first time, are often astonished at the way it builds them up and makes them feel better all over. They may be taking "Fruit-a-tives" for some specific disease, as constipation, indigestion, chronic headaches or neuritis, kidney or bladder trouble, rheumatism or pain in the back. And they find when "Fruit-a-tives" has cured the disease, that they feel better and stronger in every way. This is due to the wonderful tonic properties of these famous tablets, made from fruit juices.

50c a box, 6 for \$2.50, trial size, 25c. At all dealers or sent postpaid by Fruit-a-tives Limited, Ottawa.

### NEW BUILDINGS TO BE FIRE-PROOF

Wings to Be Added to Hamilton's Sanitarium Will Not Be of Wood.

### HOSPITAL GETS GRANT

Sir Adam Beck's Appeal for London Institution is Granted.

The two new wings to be added by the military hospitals commission to the Hamilton new sanitarium on the mountain will be of slow burning construction, costing \$50,000. This was decided yesterday morning at a conference in the parliament buildings between a Hamilton deputation and Sir James Loughheed and members of the commission.

The new sanitarium at Hamilton is to cost \$150,000. The commission in search of accommodation for tubercular patients planned to add to the Hamilton frame wings. The Hamilton authorities protested against this and won their point. The building will accommodate 100 to 150 patients.

Sir John M. Gibson accompanied the delegation, which was composed of Acting Mayor Morris, Controllers Robson and Jutten, H. H. Pratt, of the board of governors, and J. J. Eves, president of the health association.

Sir Adam Beck appeared before the cabinet to ask for a grant of \$25,000 for the Queen Victoria hospital in London, which the commission will take over for tubercular patients. This was granted. The same amount will be granted by the city and the commission which the Red Cross will provide—\$1,500. With the additions contemplated, it should be able to care for 100 patients.

### Women's Liberal Body Prepares for Year's Work

At a meeting of the executive of the Women's Liberal Association, held at the home of Mrs. N. W. Rowell, arrangements were made for the work of the year, after which Mrs. John P. Ferrie, of Vancouver, told the story of how the women in the west organized and helped in the election.

At the meeting of the Toronto Travel Club, held at the home of Miss Cowan, St. George street, the president, Mrs. S. C. Wood, in the chair, the members made slippers for returned soldiers. Mrs. W. B. Cooper read an article on "Healing the wounded in the Granville Canadian Hospital, Ramsgate," and Mrs. Griffith Thomas, one on "English opinion as to America," by James M. Hall.

At the last Newman Hall musicale the program was arranged by Mrs. W. R. Barron and the hostesses were Mrs. W. A. Kavanagh and Mrs. Ambrose Small.

**GIVEN WARM WELCOME.** A civic reception was yesterday evening tendered to Pte. Roy Walker at the Hotel Statler, both students of this city, who have been invalided home. Pte. Statler was member of the Prince of Wales. The parade was headed by the band of the 23rd Battalion and the members of the battalion who are stationed in the city.

**POLICEMEN APPOINTED.** Belleville, Nov. 7.—Edgar L. Smith and Earl R. Jarvis of this city have been appointed to the Belleville police force by the police commissioners. In the case of Mr. Jarvis, who resigned, Police officer Harman was reinstated as sergeant and the salaries of the chief and men were increased.

### Best Nerve Specialist In England Was Consulted

But Nervous System Failed to Respond to Treatment Prescribed.

Nervous disorders frequently result from injury to the nerves in accident or because of the shock to the system. The writer of this letter was injured in a mix-up with some coils, remained unconscious for three weeks, and in spite of continued treatment in hospital could not obtain restoration of the internal nerves which control the action of the digestive and other vital organs. He traveled to Europe and consulted England's greatest nerve specialist. Relief was only temporary, in spite of many treatments.

His letter gives the facts briefly and tells how he was finally cured by using Dr. Chase's Nerve Food. Can you imagine any more severe test of this great nerve restorative?

Mr. Henry F. Venn, Cefu Ranch, Malakwa, B.C., writes: "Dr. Chase's Nerve Food has restored my nervous system and given me 200% health."

Having met with a severe accident from injury to the nerves in accident several years ago, from which I was unconscious and which left my nerves in a very poor plight, I was treated by doctors galore and consulted one of the greatest nerve specialists in England, but nothing seemed to do me much good. Hypophosphites and in fact all and every kind of nerve mixture in almost every form was used, but never with more than temporary benefit.

"But Dr. Chase's Nerve Food has acted very differently, for it has built up my nervous system until I feel like a new man again. If this medicine will do for others what it has done for me, I shall not regret having written this letter. I have recommended the Nerve Food personally to many, and shall always esteem it as a great restorative value."

Dr. Chase's Nerve Food, 50 cents a box, all dealers, or Edmanston, Detroit, Mich., Limited, Toronto.

### ELECTRICAL FIRM APPEALS DECISION

Desires to Reverse Award Which Set Aside writ Against Hydro.

### AT OSGOOD HALL

Many Judgments Will Be Delivered Today—Railway Questions Charges.

Judgment was reserved by the appellate court at Osgood Hall yesterday in the appeal of the Electrical Development Company against the decision of Justice Middleton in favor of the Hydro-Electric Commission.

The master in chambers and Justice Middleton agreed to set aside a writ issued by the plaintiffs at Welland. Defendants requested that a writ could not be issued without the attorney-general's fiat, and the Electrical Development Company again urged that the legislature could only regulate, not close the courts.

Justice Falconbridge granted Mrs. Vera Jamieson an injunction until the 9th inst., restraining W. H. Scott from taking possession of a house at 727 St. Charles street, at a special sitting at Osgood Hall yesterday.

His lordship reserved judgment in the appeal of a man named Williams of Hamilton, who was convicted of carrying a flask of whiskey in his pocket.

The divisional court granted the Toronto Suburban Railway leave to appeal against the charges of the Ontario Railway Board for concrete against the company. The board's order as to the cost of laying concrete benches relates to Dundas and Keele streets.

A writ has been issued by Andrew Vance of Listowel for the return of \$225, paid as part payment of the purchase money of the pacing station, Ontario, Dillard to R. S. East. The return or cancellation of a note for \$200 and damages of \$1412 on a breach of warranty is also claimed.

Judgments in the following cases will be delivered at the opening this morning of the first divisional appellate court: Plaintiff v. Berry, Gledhill v. Leslie, Niagara Grain and Feed Co. v. Keno, O'Neil v. Webb, Rex v. Sinclair, Rex v. Scott.

Following is today's list for the first divisional appellate court: United States Trading Company v. Hurst; Holt Timber Co. v. Thorn v. Hodgson; re Canadian Mineral Rubber Company, Clifton v. Towers, Biggar v. Biggar.

### PRECAUTIONS STOP SPREAD OF INFANTILE PARALYSIS

Cases Less Than Half in October What They Were in September.

In spite of the menace of contamination from the outbreak in Montreal, the ravages of infantile paralysis were cut in half in Ontario last month, according to the report of the provincial board of health as issued yesterday. This speaks well for the efficiency of the enforcement of the regulations put into effect as soon as the outbreak across the provincial border was announced here. In September there were 76 cases and 7 deaths, while last month there were only 31 cases and 7 deaths.

These cases were scattered over 17 counties, showing that the disease is not becoming epidemic in any one particular municipality.

Smallpox, which did not appear at all in the province in September, figured in the report for October, when there were 6 cases. The returns show that scarlet fever, diphtheria, whooping cough, have been prevalent, while measles and typhoid fever have decreased.

The tabulated comparison of cases and deaths from communicable diseases for the month of October as compared with the same month last year, follows:

Diseases.	Oct. 1916.	Oct. 1915.
Smallpox	6	0
Scar. fever	78	57
Diphtheria	85	110
Measles	248	400
Whooping Cough	253	1
Typhoid fever	127	145
Tuberculosis	141	114
Infantile paralysis	31	74
Cerebro-spinal meningitis	12	10
Total	1338	1311

### COMMANDS BATTALION.

Kingston, Ont., Nov. 7.—Lieut.-Col. Allen will command a battalion to be organized at Belleville.

### EIGHT THOUSAND MEN ON PARADE

Toronto Citizens See Effect of Borden Training on Soldier Boys.

### LOGIE TAKES SALUTE

Headed By Western Kilties, Local Battalion Made Fine Impression.

Toronto citizens were yesterday afforded an opportunity to see the effect of the training of local battalions at Camp Borden by means of the long route march held thru the main streets of the city, in which it is estimated nearly 8000 troops participated. The thousands who lined the route were by no means disappointed. The parade was an unqualified success. Although the weather was not so fine as the men from the west and New Ontario, the local boys have lost nothing thru the strenuous work at Borden. On the contrary, a transformation has been effected. The men looked sturdy and healthy and marched with a jaunty air, which conveyed the impression that they had found military life congenial in every respect.

All along the route the 19th Edmonton Highlanders Battalion, under the command of Lieut.-Col. W. C. Craig, was greeted with prolonged cheering. The parade was ordered practically in honor of the unit, and the men appreciated the compliment. Headed by pipe and brass bands, they marched rhythmically along with long swinging strides.

It was nearly 3 o'clock when the head of the marching column made its appearance at the saluting base outside the Military Institute. In the absence of the lieutenant-governor, Major-General W. A. Logie took the salute, and in company with him were Lady and Miss Enid Hendrie, Premier Beaton, Mr. Rowell, M.L.A., Mayor Church, W. F. Maclean, M.P., Judge Winchester, Lieut.-Col. Fraser, Col. G. T. Denison, Hon. T. Crawford, Ald. E. Ryding, members of parliament and members of the headquarters staff.

Cyclists First. First to appear were the divisional cyclists, commanded by Capt. W. A. Kyles, followed by the 1st Infantry Battalion, under Brigadier-Col. W. C. Macdonald. It was composed of the 19th, 20th, 21st, 22nd, 23rd, 24th, 25th, 26th, 27th, 28th, 29th, 30th, 31st, 32nd, 33rd, 34th, 35th, 36th, 37th, 38th, 39th, 40th, 41st, 42nd, 43rd, 44th, 45th, 46th, 47th, 48th, 49th, 50th, 51st, 52nd, 53rd, 54th, 55th, 56th, 57th, 58th, 59th, 60th, 61st, 62nd, 63rd, 64th, 65th, 66th, 67th, 68th, 69th, 70th, 71st, 72nd, 73rd, 74th, 75th, 76th, 77th, 78th, 79th, 80th, 81st, 82nd, 83rd, 84th, 85th, 86th, 87th, 88th, 89th, 90th, 91st, 92nd, 93rd, 94th, 95th, 96th, 97th, 98th, 99th, 100th.

Possibly the battalion which attracted the most attention was the 216th Bantam, and in the vicinity of the saluting base many remarks were heard regarding the sturdy little fellows. The 19th, under Lieut.-Col. J. A. Cooper, made a fine impression, and in view of the fact that this unit has been notified that it will be the first of the battalions composing the local garrison to go overseas, they commanded a good deal of attention. Eight hundred men, the 228th, led by Lieut.-Col. Earchman, were recruited in Cobalt, Haliburton and other New Ontario towns, and they were at the rear of the 21st Brigade.

The parade started from Exhibition Camp at 1 o'clock and proceeded by way of King, Jarvis, Wellesley and then south on University avenue to Queen street. Along King and Jarvis streets the crowds were thickest, and at King and Yonge, where the men from the west were accorded the most applause, the "Buffs" came in for a rousing reception. Work was abandoned for a short time at one of the ammunition factories at King street while the troops passed, and the cheers of the men and women engaged in the manufacture of shot and shell were responded to with alacrity by the men on the march.

It was unnecessary to ask General Logie what he thought of the parade, his thoughts being only too apparent by the expression on his face as he gave information regarding certain battalions to the people on the reviewing stand. The parade, which took about 45 minutes to pass the base, was the first important military ceremonial since the review before Lieut.-General Sam Hughes shortly before the opening of Camp Borden.

### BOY AND GIRL FOUND GUILTY OF NEGLIGENCE

Charles Short and Bertha Moreau Remanded Until Friday for Sentence.

After a deliberation of two hours, the jury in the criminal assizes at the city hall last evening returned a verdict finding Bertha Moreau and Charles Short guilty of negligence, with a recommendation to mercy, especially in the case of Miss Moreau. Both were tried before Justice Lathford on a charge of manslaughter following the death of Mrs. Sarah Horne, who was knocked down and almost instantly killed on the evening of Oct. 12 near the corner of Carlaw and Danforth avenues by a motor car driven by Miss Moreau.

His lordship refused to grant bail and remanded both of the prisoners to jail until Friday. When bail was refused, the young girl, who is just 15 years of age, and was assisted out of the court room by her mother.

With the exception of the evidence of Short practically all of the testimony of the witnesses examined was a review of that given at the inquest. Short is 18 years of age, and in his story to the jury declared that he had driven the motor car for five months. He was very nervous in the stand, and when the cross-examination came he cried so badly that Justice Lathford ordered he be given a few minutes rest. He told of having met the Moreau girl on the evening of the accident and taking her for a drive. After they had gone a short distance she requested him to let her drive. She had driven the car around several streets, and in coming to the corner of Carlaw avenue she made a wide turn and in doing so ran into Mrs. Horne.

### MARCAK KEILTY BURIED LATE OF MIMICO HOME

Superintendent and Staff of Hospital for Insane Pay Last Respects.

Yesterday morning the funeral of Marcaro Keilty, late burser at the Mimico Hospital for the Insane, took place from his residence, 149 Geoffrey street, to the Church of St. Vincent de Paul, where the high mass of requiem was sung by Rev. L. Minehan, thence to St. Michael's Cemetery, Dr. Beemer, superintendent of the hospital, and a large number of the staff were present. The pall-bearers were members of the Knights of Columbus and the choir of the church was augmented from outside, among those assisting being Messrs. Edgar Kennedy, W. Samson, T. Colgan and A. Kitts. Mrs. Kitts was at the organ.

The late Mr. Keilty, whose death occurred on Sunday, November 5th, had been employed with the government for a number of years, having filled the office of storekeeper at the Queen street institution before being transferred to Mimico. He had been a life-long member of the St. Vincent de Paul Society, and was also a member of the Knights of Columbus, the C. M. B. A. and the Holy Name societies. He was a brother of the late Rev. W. Keilty, of Duro, and is survived by his son, Herbert Keilty, of Flagstaff, Arizona; his sister, Nellie, superintendent of Providence Sisters, Trenton; a niece, Mrs. J. MacGillis, a sister-in-law, with whom he had spent the last years of his life; Mrs. M. T. Mooney, of Toronto, and John H. Tracy, of Los Angeles, cousins.

### Chief Inspector Cowley Recommends Teachers

### One Minute Between Life and Death

A Nuremberg watch is presented to the fiancée of Christopher Race's uncle. Christopher learns that the watch conceals a high explosive which will blow up if the case is opened. In his speedy Scarlet Runner, Christopher takes the trail.

It is truly a race against Death, a race as dangerous as it is thrilling, a race which ends with a dramatic climax unexcelled in motion pictures.

### Earle Williams

The best liked hero of the screen risks life and limb in the role of Christopher Race. Charming Adele Kelly and a strong cast of VITAGRAPH players lend admirable support.

### The Scarlet Runner

This splendid series of motion pictures has already proven its popularity. Don't miss reading the novelization of the episode, "THE NUREMBURG WATCH," in
