RELIEF GIVEN THROUGH USE OF LIVER EXTRACT

Says Experiments Have Satisfied Earlier Findings

HOPE PROMISED

Machinery Used In Insulin Production Ready For New Work

By DR. A. H. GEE, Special Correspondent of the Canadian Press.

TORONTO, Ont., Dec. 2.—Six months of quiet but intensive work in the physiology laboratories of the University of Toronto, undertaken to test the use of extract of liver as a possible treatment for high blood pressure, was reported here last night by Dr. W. J. Macdonald of St. Catharines, Ont. Dr. Macdonald, whose investigations announced last May held the first promise of relief for sufferers from abnormally high blood pressure, spoke at a dinner tendered to him by the Academy of Medicine.

The experiments have confirmed the first findings entirely, he said, and both continued treatment of laboratory animals and a preliminary chemical analysis of the potent extract indicate that the discovery is at the same time old and new. It is old in the sure and accepted foundation on which it is based, and new in the possibilities which it presents for a weapon more powerful than any known before with which to attack the prevalent ailments of high blood pressure, and the attendant complaint of hardening of the arteries. The facts as revealed in the investigation to date were summarized by Dr. Macdonald, as follows:

EXTRACT OF LIVER

"An extract of liver has been obtained which possesses the property of reducing to a certain extent arterial hypertension in rats. There are no complications. This extract contains neither protein nor peptone, but contains histamines in small quantities. It contains choline in relative large quantities. It is quite possible the effect produced by a proper combination of these two substances, may be responsible for the lowering of pressures noted in both laboratory animals and clinical cases.

"It is more probable, however, because of the much greater effect produced by a given quantity of extract than can possibly be obtained by injection of even many times the quantity of histamine and choline contained in the said extract, the result is due to an unknown substance, or that this unknown substance may activate either the histamine or the choline or both.

MUCH TO BE DONE

"Intra-muscular injection is much more efficacious than the intravenous. The extract is more effective in hypertension than in normal cases." "Pointing out that much still remains unknown, the doctor said: "Whereas our method of assaying the extract in units is definite, we have as yet no method of determining the dosage in units for any given case. Neither have we any method of determining our selection of cases for treatment."

THE WEATHER

MAY CONTINUE HEARING INTO ANOTHER WEEK

Engineer Weston Under Cross-examination in Inglewood Case

FIGURES DIFFER FROM MR. BROWN'S

Judge Considers Question Regarding Estimate of Site Value

Cross-examination of S. R. Weston, chief engineer for the New Brunswick Electric Power Commission, occupied the greater part of the morning session here today before Mr. Justice LeBlanc of the Inglewood case.

The commission has several more witnesses to call and there is every prospect the case will run into next week. Chief Engineer Weston in his testimony this morning testified that with all the storage developed at Musquash, there would be a dependable output of about 17,500,000 k. w. h. per annum.

Mr. Hughes said that in every respect the case will run into next week. Chief Engineer Weston in his testimony this morning testified that with all the storage developed at Musquash, there would be a dependable output of about 17,500,000 k. w. h. per annum.

Mr. Hughes said that in every respect the case will run into next week. Chief Engineer Weston in his testimony this morning testified that with all the storage developed at Musquash, there would be a dependable output of about 17,500,000 k. w. h. per annum.

FIGURES DIFFER

Respecting evidence by Frederick B. Brown, the company's engineering expert, that 1,500 horsepower could be secured at the east branch of the Musquash, which the company claimed they owned entirely, Mr. Weston said he estimated that only 1,150 horsepower could be developed there.

On basis of estimates submitted by Mr. Brown the witness gave estimates for development of the east branch alone, as follows: Belvedere storage, \$100,000; transformer, \$100,000; Saint water dam, \$224,000; Power House, \$42,750; hydraulic equipment, \$32,000; electrical equipment, \$72,000; other small equipment, \$4,000; operating etc., \$18,000; Loch Alva, \$88,000; Still John sub-station, \$18,000; transmission line, \$80,000; wholesale distributing system, \$40,000; pipe lines, etc., \$185,000; making a total of \$894,250.

Adding 3 p.c. for charges during construction and 10 p.c. for engineering, a total of \$1,031,905 was reached. Subtracting 10 p.c. loss through transforming and transmission, the witness estimated there would be 6,741,000 k. w. h. for delivery at Saint John in this east branch alone were developed. He estimated the total annual fixed charges at \$146,271 and this would place the cost of the power at 2.2 cents per k. w. h.

With all the storage developed, including Sherwood and Belvedere, he estimated 17,500,000 k. w. h. could be developed at Musquash and allowing 10 p.c. losses in delivery, he estimated it would give 15,750,000 k. w. h. Using Mr. Brown's figure of \$2,250,000 and subtracting \$750,000 for a power house at Sherwood, he estimated it would not recommend it would give \$2,175,000. Allowing 12 p.c. for annual fixed charges, it would give \$2,000,000 or 1.82 cents per k. w. h. per year.

CROSS-EXAMINATION. Cross-examination then was taken up by Dr. Taylor. The witness told of preliminary field work in 1920 on the Musquash and the LeBlanc.

When some question arose regarding the Musquash as a "commercial" proposition, Dr. Taylor remarked he hoped this development was a "commercial one," although his learned friends were trying to make out it was not such.

YESTERDAY AFTERNOON. At yesterday afternoon's session, considerable time was taken up with argument over the admissibility of evidence as to the actual cost per horsepower of the Musquash development.

Requests Council to Instruct Police to Look Into Burglary

Outstanding City Bills up to Dec. 17 Included in Year's Expenditure

The City Council yesterday afternoon referred a letter from George Carvill, asking that the police department investigate the robbery, which took place in the ticket office of the C. N. R. here some years ago, to the Commission of Safety and referred the matter of a place for the firing of salutes by the military to the Mayor and Commissioner Wigmore.

The comptroller was instructed to pay all bills coming to him by December 17 in order to include them in this year's expenditure.

The Commissioner of Finance and Public Affairs recommended the payment of the following departmental accounts for the month of October: Department of Public Safety, \$3,113.13; Department of Public Works, \$4,109.24; Department of Harbors, Ferries and Public Lands, \$2,724.78; Department of Water and Sewerage, \$3,429.29; Treasury Department, \$108.49; reported payments for the month of October amounting to \$210,000.22; and recommended that the city comptroller be authorized to pass for payment all accounts received by him, if correct, so that they may be charged to this year's expenditures, such accounts to be placed in his hands by the several departments on or before the 15th instant, so that they also may be entered up against this year's expenditure. The report was adopted.

SUGGESTS KING STREET EAST Col. Anderson, officer commanding this military district, wrote suggesting the use of King street east as the site for the firing of salutes in the future. This communication was referred to the Mayor and Commissioner Wigmore, with power to act.

The following letter was received from George Carvill, Mayor, to His Worship the Mayor and Commissioners: Gentlemen—I write you on the 18th of October asking that the police department be instructed by you to finish their work connected with the burglary of the safe in the C. N. R. Ticket Office, but I have received no reply.

I lost money in this burglary, my character was at stake, and in order to protect myself I placed the case in the hands of the police, and neither the railway nor any one else had the right to interfere between us. The police, however, allowed the railway to take the case away from them, hush up the crime and fasten the odium upon me.

LAW ONLY SAFEGUARD. The law, our only safeguard, is supposed to protect the citizen as well as the corporation. Neither should be permitted to use it as an engine of destruction against the other, yet this is what has happened in my case.

But in Canada, the government itself is not above the law. It has no right to interfere with the police, justice, neither can it confer that right upon employees of the railway—whence then do they derive their power? I demand that you instruct the police to do their duty with regard to this crime, that I may not be forced to carry it to the Supreme Court of New Brunswick, as in a former case.

Sincerely yours, GEORGE CARVILL. Carvill Hall, Saint John, N. B., Nov. 30, 1925.

Commissioner Harding said this letter should not have come to the council as the present police officials knew nothing about the matter. On his motion the communication was referred to the Commissioner of Safety.

CANADA SHIPS MORE GRAIN BY U. S. PORTS WASHINGTON, Dec. 1.—Grain exports last week from the United States were 1,112,000 bushels, against 2,091,000 bushels the week before. Canadian grain reported through United States ports was 3,945,000 bushels against 3,962,000 bushels the previous week, while North American exports of wheat flour were 166,000 barrels, against 320,000 barrels the previous week.

Coming Here After Damage Is Repaired The four-masted schooner Harry A. McLennan, was expected to come out of the dry dock at Brooklyn, N. Y., yesterday after undergoing the repairs necessary for damage caused by the severe buffeting the schooner received while on a trip from the Bay of Fundy to New York with a cargo of lath.

The vessel lost some of her sails and part of her deckload during a heavy gale accompanied by high seas. The ship was driven by the gale 400 miles southeast from Nantucket Shoals lights.

After discharging at New York the McLennan will come to Saint John in ballast and will load a cargo of lath for Miami, Fla.

Don't dope YOUR COUGH

It's not wise to use remedies which depend upon "dope" such as narcotics, chloroform, cannabis or tar products. They may stop your cough temporarily by numbing the tissues, as most cough mixtures do, but this is not enough. The inflamed air passages must be soothed naturally, the germs which loosen and expel a lasting recovery.

King's Plans Drive To Stay in Halifax

HALIFAX, Dec. 1.—At the annual meeting of the governors of King's College, held here today, it was decided to make an appeal for sufficient funds to establish King's permanently in Halifax.

President A. H. Moore stated that steps must be taken to qualify for the \$600,000 of endowment for the arts faculty which the Carnegie Foundation stands ready to hand over to King's as soon as certain conditions are fulfilled. He emphasized the fact that King's needs \$500,000 with which to build her home on Studley campus and to equip herself to continue the work she started 138 years ago.

Strengthen up for Winter! A run down body is an easy prey to colds, influenza, pneumonia and other winter ills. If you let yourself get run down, you will find that the slightest exposure to a draught or dampness will bring on a severe cold or even dreaded pneumonia.

Medical research has definitely proved that one of the causes of a run down condition of the body is a shortage of certain mineral elements, including iron, potassium, calcium, sodium and phosphorus, and until a sufficient supply of these minerals is restored to the body, good health is impossible. Wincarnis contains every one of these elements in addition to other health giving ingredients, and in a form in which they are most readily absorbed into the blood and carried to every part of the body to be converted into vital force.

Wincarnis has been recommended by over ten thousand physicians in cases of nervousness, anaemia, sleeplessness, and the general debility that accompanies a run down body. For fifty years this strength giver and nerve restorative has brought new life and happiness to weakened men and women. Buy a bottle of Wincarnis today from your druggist. Try it and see the difference just a few days will bring.

Welcome Chief Commissioner, Dr. Robertson—Presentation of Honors to 2 Scouts

The Scout display in St. Vincent's Auditorium, last night, in honor of the Chief Commissioner, Dr. James W. Robertson, was hailed as one of the best ever given in Saint John and thoroughly delighted everyone present. The audience numbered about 800 and included Boy Scouts and Wolf Cubs, Girl Guides and Cadets in large numbers.

Sir Douglas Hazen was chairman and besides Dr. Robertson there were with him on the platform, Col. Murray McLaren, C.M.G., M.D., V.D., M.P., E. A. Schofield, vice-president of the Scouts; Mrs. G. Wilford Campbell, vice-president of the Cubs; Miss D. Purdy, district commissioner of the Girl Guides; Hon. R. J. Ritchie, Dr. G. B. Peat, Scout district commissioner; F. Choppin, assistant commissioner; O. J. Lawson, District Scoutmaster and I. L. Johnson, District secretary. Two Scouts were also seated on the platform; one was John Peacock, of the Mission Troop, who has won the silver cross for life-saving, and the other was Harry Jones, of the Edith Avenue Troop, to whom Dr. Robertson presented a silver cross for his recent heroic life-saving act.

Dr. Murray McLaren presented to two boys of the Sunrise Troop in East Saint John, the Allison first aid trophy of the St. John Ambulance Association, which they had won as city champions.

The program of the display had been arranged by O. J. Lawson, El Boyaner and I. L. Johnson. No. 4 Stone Troop showed how a human signalling tower was constructed and their agility was marvellous at. Various troops of the city carried out different demonstrations of Scout activities.

F. Choppin had charge of the seating arrangements and Troop No. 23 were the ushers for the evening.

LITERARY NIGHT. Admirably given readings from the works of Edgar Allan Poe and a very interesting sketch of his life were given by Mrs. A. C. D. Wilson at the meeting of the Saint John sub-division of the Catholic Women's League in the Knights of Columbus Hall and Mrs. Wilson's splendidly dramatic interpretations of the various poems were very greatly appreciated. Miss K. Lawlor, president, was in the chair. Reports from all of the various committees were presented and showed much progress in their work.

Miss Alice Moran was the accompanist for the singing of the opening and closing hymns.

TWO PREMIERS ON THE MARITIMES

Outspoken support for the Maritime case is becoming more and more a daily feature in the news of Canada, and a most welcome evidence of progress is the extent to which public men and organizations in the other provinces are expressing the conviction not only that the Maritimes are right in their demands for justice, but that their demands must be heeded.

Mr. Tachereau, Premier of Quebec, at the banquet of the Shoe Manufacturers' Association of Canada in Montreal last evening.

Mr. Tachereau not only declared his own stand plainly, but presented the Maritime case to the Dominion Government as one requiring early and favorable action.

BY CLARK KINNAIRD

THE LEAST ENDURABLE OF ALL THINGS

NOT many years ago a man spent more than fifty thousand dollars to win a suit for four thousand five hundred dollars.

He resisted all efforts of the defendant to compromise the case, and took it finally to the supreme court of the United States.

"I didn't care about the money, and I don't want it now," he told reporters, when he learned of his victory, "but I just wouldn't allow myself to be cheated."

Injustice is the least endurable of all things.

It is not what a man outwardly has or does that constitutes the happiness or misery of him. Nakedness, hunger, distress of all kinds, death itself have been suffered cheerfully, when the heart was right. It is this feeling of injustice that is insupportable to all men.

THOMAS CARLYLE defines injustice as "Another name for Disorder, for unreason, uncreativity, a thing which veracious created Nature rejects and discards."

—Sir Walter Scott.

Dinner Stories

AS ONE of the great transatlantic liners came up New York harbor the other day, a grimy cook barge floated immediately in front of her.

"Clear out of the way with that old scow!" shouted an officer on the bridge.

A round, sun-browned face appeared over the cabin hatchway.

"I'm the captain of that vessel!"

"Then space to yer equals. I'm the captain of this!" came from the barge.

IN a certain city of the South the negro servants for the most part go to their homes at night. In the case of the cook of a clergyman's

family, she not only does this, but frequently arrives at the rectory at two late an hour to prepare breakfast.

The sort of thing occurred so often that the pastor's wife informed cook that, for each breakfast missed, there would be a reduction in cook's weekly wages.

Passively Sally assented to this.

It was not long thereafter that the mistress heard this conversation between the servant next door and the delinquent cook.

"Seems to me that yo' all gits to walk mighty late."

"I gits to wukh when I gits ready."

"How do yo' all manage 'bout breakfast?"

"Oh, I pays de missus to cook de breakfast."

Who's Who IN THE DAY'S NEWS

SIR W. REGINALD HALL. THE man who was responsible for the downfall of most of the German spies in England during the late war is just beginning to receive recognition for his services.

He is Sir W. Reginald Hall, I. I. head of the Intelligence Service of the British Admiralty, during the war. It is now revealed for the first time that the famous telegram which announced the opening of Germany's sink without trace submarine campaign was captured by Sir Reginald and given to Lord Balfour for the American government.

From 1911 to 1918 he was naval assistant to the controller of the navy. He also commanded his majesty's ships Natal, Cornwall and Queen Mary. While director of the Intelligence Service he was made a rear admiral in 1917. In 1922 he retired as vice-admiral.

Sir Reginald is 55 years old and during the past two years was principal agent for the Unionist party in England.

English Village is Ruled Entirely By Women

There is one village in England that is entirely run by women. It has a woman rate collector, woman church clerk, woman postmistress, assisted by two postwomen, and a woman schoolmistress.

They are responsible for the welfare and destinies of the 800 inhabitants of Lawford. They are all Essex women. Lawford, in fact, is a hotbed of feminism, but not one seems to mind.

"It is nice to see the girls doing a bit," said an old Lawfordian, an ex-railway signalman enjoying his retirement from the fire in his cosy cottage. "Only it does wear out their stockings!" He sat back in his cushioned chair and chuckled.

One of the "girls" is his daughter, a homely Essex woman. Another "girl" is a wonderful old widow of 65 who lives in a thatched cottage next door, which she leaves at six o'clock every morning.

Miss Spooner has been rate-collector for the past twenty years. She is also clerk to the parish council, and lives in a disused schoolhouse.

Now a woman has been appointed in the new school in place of the master, who has retired after forty years' service. Her two young shingled assistants carry on the feminine tradition in this enterprising village.

SOFT COAL (New York Sun).

New York has been cheated of its autumn. The champagne days have turned to near beer. Mount Woolworth and his brother ennobles look through a mark of soft coal smoke upon their foothills and the valleys that surround them. The housekeeper finds her curtains unaccountably begrimed. A greasy element in the air to which she is unaccustomed not only defiles the linen that should be sootless, but robs it of its characteristic textural surface.

The windows transmit daily the rays of a darkened sun. The atmosphere once so brilliantly transparent has taken on an obscurity that dims the orb or heaven's blue vault, now tarnished with the reek of scores of thousands of fire pots struggling with a new and unaccustomed fuel.

SOFT COAL (New York Sun).

New York has been cheated of its autumn. The champagne days have turned to near beer. Mount Woolworth and his brother ennobles look through a mark of soft coal smoke upon their foothills and the valleys that surround them. The housekeeper finds her curtains unaccountably begrimed. A greasy element in the air to which she is unaccustomed not only defiles the linen that should be sootless, but robs it of its characteristic textural surface.

The windows transmit daily the rays of a darkened sun. The atmosphere once so brilliantly transparent has taken on an obscurity that dims the orb or heaven's blue vault, now tarnished with the reek of scores of thousands of fire pots struggling with a new and unaccustomed fuel.

DIOCESAN N. A. WORK DETAIL

Forward Movement for increased membership is successfully launched

Pledges met—Two branches formed in November—Annual meeting in April

The Fredericton Diocesan W. A. this year has met all of its pledges and its Forward Movement for increased membership has been most successfully launched.

Mrs. Courland Robinson, who had been appointed by the executive as first vice-president, occupied the chair in the absence of Mrs. James F. Robertson, and was cordially welcomed.

The executive appointed Miss Portia Mackenzie to take Mrs. Robinson's place as literature secretary.

Mrs. L. R. Harrison presided for the opening devotional period, in which Rev. A. L. Fleming gave a deeply inspirational address.

Miss Clara Schofield, corresponding secretary, reported that Mrs. Rawlings, of St. George's branch, West Saint John, had been made a life member.

ANNUAL MEETING. Miss Schofield said the annual meeting would be in April in Saint John.

Mrs. G. C. P. McIntyre, treasurer, congratulated the parochial treasurers on their annual reports.

MEMORIAL DISCUSSED. The form of the memorial to the late Mrs. George F. Smith was discussed.

THE CHRISTMAS BOX. Mrs. Hay said that money donations would be received towards making up a Christmas box.

NEW BRANCHES FORMED. Miss L. Peters, Gagetown, girls' branch secretary, reported several new branches being formed.

MEETING IN VANCOUVER. Mrs. Roland Fifth, recording secretary, gave some of her impressions of the Dominion W. A. meeting in Vancouver.

WEDDINGS. A quiet wedding was solemnized Monday evening at the Tabernacle Baptist church.

MONTREAL, Dec. 1.—The Hon. L. A. Taschereau, Premier of Quebec, tonight told the Dominion Government that this Province of Quebec considers it high time that the Maritime Provinces should be satisfied in their demand for more population.

FOR DOMINION TRADE. Hon. Mr. Baxter, who was introduced by J. A. Reid, ex-Mayor of Fredericton, N. B., roused the gathering by the statement that at all times he stood for trade within the British Empire in preference to trade indiscriminately spread over the nations of the world.

NEW BRUNSWICK PRODUCTS. The tariff was touched on and a point was made of the fact that potato growing and lumber manufacture chiefly occupied New Brunswick.

TASCHEREAU SPEAKS. Joseph Doucet, of Montreal, introduced the Hon. Mr. Taschereau, who dwelt on the ties binding the Provinces of Quebec and New Brunswick.

MUST RESPECT IDEAS. When Confederation came, the Hon. Mr. Taschereau proceeded to say, each province brought its own ideas and traditions.

TIES OF FRIENDSHIP. "With the Maritimes, the old province of Quebec has many ties of friendship. In the past we have found sympathy and support in the Maritimes, something which I hope we have reciprocated."

EVERY OBLIGATION KEPT. "When the Confederation Pact was made under the name of the British North America Act—and there is also some idle talk about that, for the Dominion."

WEST PROJECTS BACKED. The speaker said that the Maritimes had done their share in supporting the throwing of a railroad across Canada.

DEATHS. Dr. E. A. Goodwin, Sackville, Dec. 1.—Dr. Edwin A. Goodwin died Sunday night at the home of Mr. and Mrs. Bliss Turner.

BRING BACK BOYS, HE SAYS. "Bring back to us our New Brunswick English boys and the Acadians if you can. I doubt if we can do that. They are the best. If we cannot get them, reach out to the rest of the world and bring us people of our own kind, those who speak one of the two languages. Do not give us the scum of Southern Europe, but people of the kind we understand. Make it so that the Maritime Provinces can feed themselves from their farms. Do you realize that we cannot and are not doing that today? We are getting a bit of the overflow population from the Prov-

ince of Quebec, but that is only a shifting of population within the Dominion. Bring the people in from outside. We have good farms and vacant farms. We can sustain a population of millions in the Maritime Provinces and we have less than one million all told."

MARITIME PORTS OPEN. "Give us something more of the business you control. When the ports of Montreal and Quebec are sealed with ice—we cannot expect it when they are open—but when they are frozen in, the ice-free ports of Halifax and Saint John do not forget that the Maritimes have ports large enough to take care of all the business for this section of the continent. Send your business through our ports."

HELP US IN RAILWAY MATTERS. Help us to get such differentials from the railways on such manufactures as we may have to be moved a few hundred miles nearer to the centre of population of our part of the continent."

VENIOT TAKES ISSUE WITH AUDIT OF HYDRO. Former Chairman of Commission Sees Report Aimed at Public Ownership—Predicts Year Just Ended Will Show Surplus

BATHURST, Dec. 1.—The report of audit of the books of the New Brunswick Electric Power Commission made recently by P. S. Ross & Sons, Montreal, and issued last week by the Commission is attacked by Hon. Dr. P. J. Veniot, former Premier and chairman of the Power Commission in a statement issued here today.

"I consider it an outrage on the part of the Commission to publish such an audit without giving certain details in order that the public may be able to form an intelligent judgment," Hon. Dr. Veniot declares.

The published report said that there was a deficit on operation of the Musquash plant of \$71,822.15 for the period from October 31, 1923 to Oct. 31, 1924, and another deficit of \$35,726.34 from Oct. 31, 1924, to Aug. 31, 1925. This, Mr. Veniot declares, gives a false impression.

ONLY \$1,815, HE SAYS. With regard to the \$71,822 deficit, he says that \$16,000 of it was a refund made to the City of Saint John in adjustment of certain difficulties arising out of flood damages, \$6,808 was for power purchased from Saint

John during repairs of the damage caused by the flood while \$49,199 was charged to future renewals, leaving the actual cash deficit \$1,815.

He declares that the first two items might rightly have been charged to capital account instead of revenue because the work was not yet finished.

NOT DONE IN ONT., HE SAYS. With regard to the third he says that under the act it was not compulsory to set aside any sum for renewals, reconstruction or alterations, but it has been the practice in the system of bookkeeping adopted by the Commission.

In Ontario, however, he says it is not the practice to place anything aside for the purpose until after the hydro plants are in operation from three to five years. Therefore, the former Premier argues, this \$47,199 should not be included in any cash deficit connected with the direct operation of the plant.

PREDICTS SURPLUS. With regard to the second period Hon. Dr. Veniot points out that "the so-called deficit" has dropped from \$71,822 to \$35,726 and predicts that the end of the fiscal year should show a cash surplus of between \$20,000 and \$25,000 from revenues received by the sale of power. Such a rapid rate of improvement will wipe out "all so-called deficits" within the next two years, he says.

Hon. Dr. Veniot asks why it was necessary for the commission to have such an audit conducted so soon before Oct. 31, the end of a fiscal year, and asks: "Does not this strengthen my contention that all this hurried work was connected with the movement to destroy the feeling in favor of the policy of public ownership in order that an excuse might be found to hand over Grand Falls to the tender mercies of private corporations?"

SHERBROOKE, Que., Dec. 1.—As a result of a fire originating from unknown causes in the early hours of this morning in the building owned by J. O. Darche Estate, situated in King street west, 25 persons, including several children, were forced to make a hurried exit from their beds into the cold with only what few pieces of clothing they managed to pick up on their way out.

The fire was very stubborn and it required two hours' work before the flames finally extinguished the flames. The damage is estimated at \$15,000.

Darche Estate, situated in King street west, 25 persons, including several children, were forced to make a hurried exit from their beds into the cold with only what few pieces of clothing they managed to pick up on their way out.

The fire was very stubborn and it required two hours' work before the flames finally extinguished the flames. The damage is estimated at \$15,000.

VENIOT TAKES ISSUE WITH AUDIT OF HYDRO. Former Chairman of Commission Sees Report Aimed at Public Ownership—Predicts Year Just Ended Will Show Surplus

BATHURST, Dec. 1.—The report of audit of the books of the New Brunswick Electric Power Commission made recently by P. S. Ross & Sons, Montreal, and issued last week by the Commission is attacked by Hon. Dr. P. J. Veniot, former Premier and chairman of the Power Commission in a statement issued here today.

"I consider it an outrage on the part of the Commission to publish such an audit without giving certain details in order that the public may be able to form an intelligent judgment," Hon. Dr. Veniot declares.

The published report said that there was a deficit on operation of the Musquash plant of \$71,822.15 for the period from October 31, 1923 to Oct. 31, 1924, and another deficit of \$35,726.34 from Oct. 31, 1924, to Aug. 31, 1925. This, Mr. Veniot declares, gives a false impression.

ONLY \$1,815, HE SAYS. With regard to the \$71,822 deficit, he says that \$16,000 of it was a refund made to the City of Saint John in adjustment of certain difficulties arising out

Invite the Unwelcome Sweetheart In and Give Your Son or Daughter an Overdose of Acquaintance, But Never Forbid Marriage, for Opposition is the Greatest Match-maker in the World.

I WONDER if parents realize how often they rush their children into hasty and unsuitable marriages? Mary has a beau of whom her parents disapprove, and their only idea of dealing with the situation is to forbid him to come to the house and to threaten her with dire penalties if she so much as looks at him or speaks to him again.

DOROTHY DIX

But the minute the father and mother begin doing the heavy parent stuff the inevitable tragedy happens. The young couple are thrown into each other's arms. The faint spark of affection is fanned into a flame of passion by opposition.

THE thing has happened a million times. It is as old as romance. It began with the first man and woman who risked Eden for a bite of the forbidden fruit and who threw away all the good things in the world for the sake of the one thing that was denied them. It has always been that way. It will always be that way.

It is the thing we can't have that we crave most. It is the thing that is dangerous to go after that we risk our lives to get. The green peach on the top of the tree has an allure for us that the ripe one that is ready to fall into our mouths never has.

THIS contrariness of the human heart has thrown a magic halo about multitudes of commonplace girls and boys and made other boys and girls determined to marry them just because their families are trying to prevent the matches. And it is why Sally turns up her nose at the nice, settled, prosperous business man whom papa brings home with him to dinner, and why John ducks the good, domestic, rich girl next door whom mother is always throwing at his head.

Strangely that parents never realize that opposition is the greatest matchmaker of them all, and that the surest way of hurrying on a wedding is to forbid it.

YET that is what mother does when she nags Mary ceaselessly about Tom's faults and criticizes everything that Bob's girl does and leaves undone. It puts Mary and Bob on the defensive. It makes them go on a still hunt for every good quality in Tom and Sally, and to make every excuse for their shortcomings. And so they end up by hypnotizing themselves into the belief that Tom and Sally really are the paragons they have represented them to be to mother in the heat of the argument.

Strangely that parents never realize that their children grow up and get beyond the age where they can force blind obedience upon them, and that they do not perceive that when this time arrives they must use subtlety instead of force in dealing with their youngsters.

NOW, there are many ways in which an undesirable marriage can be broken off besides forbidding the banns and locking the door, which methods are effective in these days of emancipated youth. First, as I have said, is Time, which is a most potent ally and fights on the side of the parents.

Almost any suitable match can be prevented by stringing an engagement out from year to year. For, after all, love isn't totally blind. It merely suffers from an astigmatism, and sooner or later it focuses its vision on theblemishes that would make the man or woman a suitable husband or wife.

MARY gets tired of Tom's shiftlessness or disgusted at his drunkenness. John somehow gets a line on Sally's greediness and selfishness, and he begins wondering how he is going to like spending a lifetime with a woman whose temper is hung on a hair trigger and explodes at every jostle. So gradually and imperceptibly Time gets in its deadly work, and the love affair that would have been fatal if rushed into marriage by parental opposition peters out harmlessly, like a spent firecracker.

Ridicule is another effective weapon with which you can puncture the little red balloons of romance. The young who are deaf to pleadings and impervious to reason can always be stabbed to the soul by a smile.

A GIRL may defy her mother and go with a man whose moral character is as solid as evil living can make it, but she will drop him cold if somebody makes fun of him for wearing a dirty collar. And "She's a pretty young thing, but she eats peas with her knife" has kept more than one young man, infatuated with a pretty face, from making a mistake that would have wrecked his life.

Oh, there are many ways of breaking up an undesirable match, but open opposition is not one of them, and parents would be far wiser to invite the unwelcome suitor in and give the girl an overdose of his society than it is to forbid him the house.

Fashion Fancies

By Mme. Lisbeth

WINTER came early to Paris as well as to the United States this season, and fur coats were never more popular. Short fur jackets are not being shown "over there," but fur garters are meeting with great success.

MINK is the favored pet for both coats and caps. The only novelty is the sleeve in which the markings of all striped furs like sable, mink, chinchilla, gray squirrel, etc., go around instead of up and down. So is the mink made this season in Paris that many furriers are dipping up every kind of fur into imitation of it.

For every day wear the coat of Persian lamb is the best liked, not broadtail or unborn lamb, but full grown. Persian lamb coats of good quality are lighter than sealskin and quite as durable and impervious to rain and snow. They are developed with collars of ermine, skunk, silver fox and lamb itself.

The flare is not being used as much in fur coats as in the cloaks, it takes away from the warmth of the coat and is not as attractive in fur as in cloth.

Family Menus

- Breakfast: Corn Flakes, Grapefruit, Bacon, Coffee. Dinner: Oyster Cocktail, Roast Chicken with Dressing, Mashed Potatoes, Cranberry Sauce, Hot Rolls, Celery Salad, Plum Pudding with Lemon Sauce, Coffee. Supper: Hot Buttered Toast, Apple Sauce, Cocoa.

TODAY'S RECIPES

Celery Salad—Take three-quarters cup of shredded celery. Shred the celery in two-inch lengths and let it "curry" in cold water two hours. Make a French dressing of oil, vinegar and cranberry juice and salt. Mix with the celery. Arrange nests of lettuce, pile the celery on each, and sprinkle chopped nuts over them and place a cherry on top.

Plum Pudding—This recipe makes a good plum pudding, and is given in small amounts, appropriate for small families. It keeps well. On the day used, cut off the amount needed for serving and steam. Take one cup suet, one cup brown sugar, one cup currants, one cup raisins, one cup fine bread crumbs, two-thirds cup mixed peel, one and one-half cups flour, one large chopped apple, three eggs, one-half teaspoon each of nutmeg, cloves, cinnamon and salt, one-half tumbler grape juice. Steam three hours.

Lemon Sauce—Take one cup of water, one cup sugar, one tablespoon cornstarch, one egg yolk, juice and grated rind of one lemon. Boil water and sugar for a few minutes, then add cornstarch moistened with a little water and cook well for five minutes. Add yolk of egg, lemon juice, rind and salt, allow to cook up, then keep hot in double boiler until ready to serve.

It is advisable when making new curtains to sew hems of equal width at the top and bottom, so that after washing the curtains may be reversed and the wear upon them equalized.

Your Birthday

December 2.—You are persistent and ambitious, but you are rather inclined to be hard on wrong-doers. You are fond of going out, enjoying entertaining, and you love music. You are rather dreamy, and sometimes allow your temper to get the upper hand of you. You are loving and helpful, and happy most of the time. Yours should be an ideal marriage. Your birth-stone is the turquoise, which means prosperity. Your flower is holly. Your lucky color is pink.

Says "Dollar Down and Dollar A Week" Creates Prosperity

By P. M. BEE. IN THE past we have heard a great deal about the virtues of the thrifty citizen who "lived within his means," saved as much of his weekly pay-roll as his stomach and handkerchief would allow, gentled himself all the "luxuries" (so called) of life, and just at the time when he didn't care whether he lived or died, could boast a nice fat bank roll, and when he crossed the great divide, friends and neighbors would shake their heads and say, "He was a good citizen, and a fine example for the young men of today."

The "goodness" of such a citizen is a matter of opinion, and a debatable question. The writer contends that if every person adopted the "dimey" method of living, and saved and saved, business would gradually come to a standstill, and soon there would be nothing for the thrifty savers to save.

ONCE WERE LUXURIOS. A few years ago (and not so very many, either), the necessities and the common or ordinary man who earned his living and received wages or salary, lived upon an automobile, a phonograph, good furniture and clothes as signs of wealth, and only possible for those who managed to "boom."

Had conditions remained thus, the Lord only knows what the present population engaged in the manufacture of cars, pianos, radios, etc., would be doing for a living. Would there be millions out of work, unable to earn the wages of many of them are now accused of recklessly spending?

And it is the "Dollar down, and a dollar a week" that is keeping us today to the installment plan. More power to the people pay their weekly "dimey." Credit turns the wheels of industry. Credit keeps our wholesale houses in business and credit keeps the retail merchants in a position to carry costly pie stocks. Why shouldn't credit enable the consumer to enjoy the necessities of life, including the necessities of cars, pianos, radios, etc., would be doing for a living. Would there be millions out of work, unable to earn the wages of many of them are now accused of recklessly spending?

THE consumer earns his wages by installment. Must he wait until he has accumulated enough to pay in cash for what everybody else has obtained on credit?

Timely Views On World Topics

AMERICAN college methods and the lecture system were criticized by Dr. Alexander Meiklejohn, former president of Amherst College, in a recent speech. "Thousands of persons in a football bowl go mad and die," he said, "because a player performs with brilliance." He said, "As a result, the more popular it becomes the more active will retail merchandising become. 'Pay as you earn' will create prosperity!"

Control of American colleges by presidents and boards of trustees "who are interested solely in business expansion" was announced by Dr. Meiklejohn as "the one external factor that does more harm than any other." He defined liberal education as "the understanding of a subject as a contribution to the understanding of life." In the ideal college, he said, "the student and the teacher study together with a single aim—to find the answer to the question how one should live in America."

"Football can be taught successfully in America because the people understand football, but with philosophy it is quite different," he concluded. Dr. Meiklejohn attacked the American college as an institution without spiritual purpose and its lecture system as an unproductive arrangement which injects the mediocre minds of teachers between those of great thinkers and the students.

By DAISY DEAN.

WE HEARD a strange story that's being circulated in Hollywood and several press agents are willing to testify as to its veracity. It runs something like this: A few weeks ago Harry Langdon, the First National comedian,

Mister Blue Cap looked at his watch. "I can't tell exactly," he said. "It is time for the wedding in the picture next door, and the little flower girl and page haven't arrived. It may be that you 'twins' will have to take their place. But go on and see what these kind people have to show you and I shall stay in the garden and let Morgiana show me her flowers."

"Oh, thank you," said Nancy and Nick. "I'll show them such as I have here."

"I heard you tell these children about my narrow escapes," said All Baba. "If they stay awhile longer I shall tell them all about the treasures I found in the robbers' cave. I will show them such as I have here."

"Oh, thank you," said Nancy and Nick. "I'll show them such as I have here."

ADVENTURES OF THE TWINS

By OLIVE ROBERTS BARTON

THE LAST OF THE GARDEN. Morgiana had scarcely finished her story when Mister Blue Cap came to take the Twins away.

"Oh, must you go?" said Morgiana. "I'm sorry, for I love to have company. It is so pleasant here in the garden."

"Was that all there was to All Baba?" asked Nick. "What became of him after the forty thieves were all dead and their captain got away?"

"The bad captain came back another time," said Morgiana. "This time he pretended he was a distinguished traveler. But he wouldn't eat any meal when he sat down to dine with my master."

"This made me suspicious and peeping into the dining room, I recognized the old rascal at once."

"So I gave the alarm and he jumped out of the window and fled. We haven't heard from him since. Here comes Mister All Baba now, and his wife also."

"I heard you tell these children about my narrow escapes," said All Baba. "If they stay awhile longer I shall tell them all about the treasures I found in the robbers' cave. I will show them such as I have here."

Say Women's Hats Are Traffic Menace

LONDON, Dec. 2.—London bobbies declare women are both deaf and blind when they wear the latest headgear. "Tight hats drawn over the ears and eyes and frequently adorned with 'blinkers,' which make it impossible for women to look to the side, are considered a poor equipment for a crowded street. 'Women in modern hats are a menace to themselves, to drivers and to traffic policemen,' one traffic officer at Piccadilly declared. 'We try to save them, but it's a hard job. One needs his ears and eyes at their best in these days of motor traffic.'

Breakfast of Ice Brings Slim Lines

LONDON, Nov. 29.—No more British breakfasts for English women. No eggs and bacon and porridge and marmalade for the woman who is weighing herself more carefully than a dealer balances his precious wares. One woman who has dieted herself to a point that she has one of the most fashionable figures in the British capital recently disclosed her secret. She takes no breakfast whatever, but sucks a lump of ice slowly instead. Not a bite passes her lips until she has a very light luncheon at two o'clock. She eats nothing at tea time, but has a few sips of weak tea without cream or sugar. For dinner she eats a morsel of roast beef or roast mutton and nibbles a bit of oven toast or ship's biscuit.

REV. MR. ROBB HEARD. A very interesting address on missionary work among the Koreans was given last night by Rev. A. F. Robb in the meeting of the W. M. S. of the Coburg street Christian church. Mr. Robb described his work in far mission fields and told of the life of the Koreans. Mrs. W. J. Johnston, president, was in the chair, and the officers of the society, who were seated on the platform with her, also took part in the meeting. There was a large attendance and the generous collection taken is to be given to missionary work.

ADDRESS ENJOYED. The illustrated address, "Glimpses of the Clyde," given last night by Rev. A. L. A. Dykeman, seconded by Dr. William Macintosh. In the absence of F. B. Ellis, the president, A. H. Wetmore presided. Dr. Macintosh showed and enumerated the very large number of valuable and interesting donations recently received for the museum collections. The gifts were gratefully accepted.

SAGE TEA TURNS GRAY HAIR DARK

That beautiful, even shade of dark, glossy hair can only be had by brewing a mixture of Sage Tea and Sulphur. Year hair is your name. It makes or mars the face. When it fades, turns gray or streaked, just an application of two of Sage and Sulphur enhances its appearance a hundred-fold. Don't bother to prepare the mixture; you can get this famous old recipe improved by the addition of other ingredients for only 79 cents, all ready for use. It is called Wyeth's Sage and Sulphur Compound. This can always be depended upon to bring back the natural color and lustre of your hair. Everybody uses "Wyeth's" Sage and Sulphur Compound now because it darkens so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through the hair, taking one small strand at a time; by morning the gray hair has disappeared, and after another application it becomes beautifully dark and appears glossy and lustrous.

Mr. and Mrs. R. Keltie Jones, Jr., gave a very enjoyable bridge at their residence, McEburney street, last evening. The drawing rooms and dining room were effectively decorated for the occasion with red geraniums and potted ferns. The guests included Mr. and Mrs. Laurence MacLaren, Mr. and Mrs. A. Dodge Rankine, Mr. and Mrs. Henry Morrissey, Mr. and Mrs. Douglas White, Miss Doris DeVeber, Miss Emily Sturdee, Miss Kathleen Sturdee, Miss Helen Wilson, Miss Florence Puddington, Miss Ellen Cushing, Dr. John F. Edgecombe, Mr. Murray Vaughan, Mr. Alexander Gilbert, Mr. Elmer Puddington, Mr. George Hudson and Mr. Marlin Merritt.

Mrs. John F. H. Teed was the hostess at a delightful bridge at her residence, Summer street, last evening in honor of Mrs. Frank Young of Strathmore, Alta. Red geraniums and narcissi and red candles in silver candlesticks were used in the decoration of the drawing rooms and on the supper table, over which Mrs. John Gale presided. Those present were Mrs. Young, Mrs. H. H. Teed, Mrs. Gerald Ferguson, Mrs. Hugh Mackay, Mrs. Gordon Sanborn, Mrs. D. King Hasen, Mrs. Hugh Bruce, Mrs. Courlandt Robinson, Mrs. Geoffrey Stead, Mrs. Reginald Wright, Mrs. Roy Church, Mrs. J. D. P. Lewis, Mrs. W. L. Caldwell, Mrs. A. Fisher, Mrs. B. Anderson and Mrs. Geo. C. Spaulding presided over the coffee cup. The visitors left yesterday for Halifax.

Mr. and Mrs. John Stevenson, 70 Wentworth street, entertained a number of their friends very pleasantly on St. Andrew's night at a dance and bridge. During the evening several bagpipe selections and a vocal solo by Mrs. Blake Ferris added greatly to the pleasure of the occasion.

Following the exhibition badminton games at the Armories on Monday evening, a social was held in the officers' mess to enable the members of the Garrison Club to meet the all-star team. Mrs. Herbert C. Spaulding presided over the coffee cup. The visitors left yesterday for Halifax.

An interesting visitor in the city at present is Miss Estelle Vaughan, Pagan Place, who is extending for a period of the staff of the Catholic Record, printed in London, Ont.

Miss Edna Austin, who has been the guest of Miss Estelle Vaughan, is extending for a period of her stay in Toronto to spend the winter.

Mrs. George Allen and Miss Hazel Allen arrived in the city yesterday on the S. S. Chaudiere after a six weeks' trip to the West Indies. Mrs. Allen and Miss Allen are returning to their home in Fredericton last evening.

Mr. and Mrs. Charles Burpee have arrived in Saint John, and are residing at 115 Leinster street.

Mr. John H. Kimball has closed his summer home at Holderville, and will spend the winter months with his parents, Mr. and Mrs. George A. Kimball, Carleton street.

Mrs. King Hazen, who has been the guest of her son, Sir Douglas Hazen, and Lady Hazen, for five weeks, returned to her home in Fredericton last evening.

Mrs. Harry Harrison, who has been visiting relatives in the city for several weeks, left last evening for her home at Holderville, Ore., via Montreal and Toronto.

Mr. G. M. Irvine, 86 Coburg street, received word on Monday evening of the death of his mother, Mrs. Clara Irvine, at her home in Ipswich, Mass. Mr. Irvine left on the Boat's train last evening to attend the funeral.

Mrs. C. J. Coster left last week for Detroit, where she will visit her son, Mr. Bayard Coster.

Mrs. Leonard Tilley, who is in Ottawa for a few days' visit, is the guest of Mrs. H. A. K. Drury.

Mr. and Mrs. I. Babb, West Saint John, and little daughters, Anita and Helen, left last night for New York to visit their sons, Samuel and Louis, and other relatives.

Mr. R. E. Brawn, of Berlin, New Hampshire, has been summoned to his home on account of the serious illness of his mother, Mrs. F. W. Brawn, at her home in Douglas Avenue.

Mrs. J. Joy is visiting her parents, Mr. and Mrs. Butterworth, 49 Rock street. Mrs. Irving left on the Boat's Marjorie Butterworth, nephew and

How often do you clean your teeth? COLGATE'S EVERY NIGHT AND EVERY MORNING

The frequent washing of the teeth with a pure, non-gritty dentifrice, is just as important as the regular use of a good soap on the face and hands. For the preservation of good looks as well as good health, the teeth MUST be cleaned night and morning, and, if at all convenient, after every meal too.

Colgate's cleans teeth the right way. Its non-gritty chalk removes clinging particles of food, while its mild, pure soap gently washes them away, leaving the mouth pleasantly refreshed.

Its delightful flavour encourages regular use. Use Colgate's Every Night and Every Morning

Hints Sleep Is Intoxication Due To Poisoning In System

WASHINGTON, Dec. 1.—A theory that sleep may be nothing more than intoxication, and that by cultivating better habits humanity may lessen the hours so spent, was advanced here by George Washington University scientists who conducted a recent test on night students. The finding was tentative and the research work will be continued, but meanwhile the scientists say that if the results pointed to any one theory of sleep it was that of natural intoxication, caused by the storing of poisons in the human system during the wakeful hours. When the drunkard becomes intoxicated, they said, he sleeps, and is not only length but depth. "If this assumption be true, the length of time that people sleep is very largely a question of habit. It might be possible to cause their sleeping mechanisms to work faster, just by a series of conditioned reflexes we can make the salivary glands work faster."

W. C. T. U. PLANNING FOR COMING EVENTS

Arrangements for holding a parlor meeting on Dec. 10 and for entertaining the county convention on Dec. 15, were made at the meeting of the Saint John W. C. T. U. yesterday afternoon in Orange Hall, Germain street. Mrs. H. H. Teed presided over the opening devotions and prayer was offered by Mrs. Seymour, Mrs. C. W. Dickinson, Mrs. Hope Thomson and Mrs. Howe. Mrs. Thomson presided for the business session. Mrs. T. O. Dales, superintendent of parlor meetings, announced the plans for the meeting on Dec. 10, which will

TWO CHAPTERS OF I. O. D. E. TO UNITE

Lady Roberts Chapter of the I. O. D. E., which has definitely decided to amalgamate with the Valcair Chapter, held its last meeting as a separate group last night at the home of Miss Elizabeth Foster, Coburg street, with Miss Olivia Gregory, regent, presiding. Plans were made for the annual tea dance on New Year's afternoon which will be the last function to be held under the chapter's auspices. A number of generous contributions for Christmas funds were voted. These included donations to the Christmas fund and to the radio in the Lancaster hospital. The Carleton G. W. V. A. towards its fund for installing a radio set in the D. S. C. E. Hospital, Lancaster. The Associated Charities and the Salvation Army for Christmas appeals. Plans for Christmas giving were made by the I. O. D. E. primary chapters at their monthly meetings last night.

FUNDY CHAPTER. Fundy Chapter met at the home of Miss Alice Fairweather, King street east, with Miss Alward, regent, presiding. Gratifying reports were given of the recent tea and sale, and the chapter voted \$5 for the Good Fellow's fund and \$5 for the radio in the Lancaster hospital. It was voted that dinner at Christmas be provided for the families of two soldiers.

ALEXANDRIA CHAPTER. A meeting of Alexandria Chapter was held at the home of Mrs. C. R. Wasson, Sydney street, with Mrs. Walter L. Gregg, regent, presiding. Arrangements were made for the tea and sale to be held this week in Temple Hall, Main street, and four new members were elected. Plans were completed for the distribution of Christmas cheer for needy families. The hostess served refreshments during the social hour.

COMPANY CONTRACT ON FUEL REQUESTED

Want Profit and Loss and Other Statements Given Commission

SYDNEY, Dec. 1 - Following is a list of the documents requested by the District executive of the United Mine Workers of America before the Royal Commission investigating the coal industry of Nova Scotia.

The commission set in executive session yesterday for the reception of these documents. A number was tendered and the matter of causing the production of others was taken under advisement by the commission. The documents requested are:

PROFIT AND LOSS.

1 - The profit and loss statement of the Dominion Coal Company, Ltd., for each of the years 1912 to 1924 respectively.

2 - The contract between the Dominion Coal Company and the Dominion Iron and Steel Company governing the supply of coal by the Dominion Coal Company to the Dominion Iron and Steel Company.

COAL SUPPLY QUERIED.

3 - A sales statement of the Dominion Coal Company showing the losses on coal supplied to the Dominion Iron and Steel Company from January 1, 1914, to August 1, 1925, basing the calculation on the actual sale price per ton to the Dominion Iron and Steel Company and the proper contract price.

4 - A statement of the quantities of coal supplied to the new British Empire Steel Corporation properties and works at Wabana, Newfoundland, and to the steamships owned or chartered by the British Empire Steel Corporation, or any of its now subsidiary companies, from January 1, 1910, to December 31, 1914, showing the sale price per ton, and the current market value of the coal per ton so supplied each year. NEW YORK MAKES HOCKEY DEBUT TONIGHT AT PITTSBURG
Renault Defeats United States Army Champion In Fifth Round

HIGH INTEREST

FOR NEW TEAM

Maroons and Canadiens
Were Victors in Last
Night's Games

PITTSBURG, Dec. 2—New York Americans all-star hockey cast makes its debut in hockey circles here tonight against Old Dominion's fast-traveling Pirat crew, now leading the league.

Coincidental with the opening of the championship race one of Tommy Gorman's best players, who had been on the hospital list for more than two weeks, returned to active practice. This was Redvers (Red) Green, the regular left wing, and one of the very best "kicks" of the professional game. Red, who has just turned twenty-three, fits in admirably at his position, as he is left-handed and is said to carry the wickedest shot since that of old "Cannon Ball" Miller. The younger Green, who is a brother of Shorty, the right wing, has been in professional hockey only two years. He first played with Sudbury, Ont., and later with the Hamilton Tigers, a team which New York bought when the promoters decided to put an artificial ice rink in the new Garden.

The Green brothers, with Captain Billy Burch, who plays at centre, are said to form the fastest forward combination in the game. Just how well Red Green will go in his professional career is to be seen. He was so unfortunate as to have a small bone in his left ankle chipped in one of the first practice games, and, of course, it is never known after such an injury how long a joint will be stiff.

Many a star ball player has been ruined forever through such a slight fracture. Young Red, however, while he was limping around on crutches two weeks ago, said he would be ready for the opening game in New York on December 16, and the fact that he is again able to skate may mean that his prediction may come true.

MONTREAL, Dec. 2—Montreal Maroons are away in a race for the National Hockey crown, and the six thousand fans who saw the local team defeat the Toronto Patriots, at the Forum last night, left after the game, satisfied that the players under the charge of Eddie Gerard are going to be big factors in the 1925-26 pro hockey campaign.

This rearranged team which Manager Gerard has worked with gently in the pre-season training, displayed the benefits of the sound coaching they have received. They held St. Patricks for the first period and in the second session cut a clip which the Toronto Irish could not cope with. St. Pats, apparently not in the best condition, wilted before the devastating rushes of Babe Ruth, the tricky play of Nelson Stewart and the hard shooting of Broadbent and Hethcote. Until the last few minutes of the game they were largely hemmed in to their own section of the ice, while they were forced to adopt a purely defensive style of hockey to combat as best they could the aggressive attack of the Maroons, which netted them three goals to them in the last two periods, and gave them a final two goal margin, the final score ending 4 to 2 for the Maroons.

For a team which has been so completely shifted as they have, since last year, the Montreal team were a pleasant surprise to those who were expecting them in action for the first time since last season. The club is much better balanced. In front of Benedict, Captain Dunc Munro and Reg. Noble make an efficiently sound defensive pair. But the greatest improvement over last season was apparent by the work of the forwards. Where Montreal was weak last season in the scoring division, this year they appear fairly formidable. Siebert, Stewart and Broadbent were all giving John Ross Roach a hectic night in the nets and were able to net three goals apiece. But probably the big surprise was that furnished by the substitute players of the local team. Two of Montreal's goals came from the sticks of sub forwards, Rothchild and Lowry, a pleasant feature for the club supporters. But this was but an incidental point in the play of the subs. At one stage in the third quarter, Eddie Gerard sent out a complete substitute team, excepting Broadbent and they held their own with St. Pats for five minutes before conceding a goal to the Irish and then only the last to help St. Pats' cause.

BOSTON, Mass., Dec. 2—Canadiens, without the veteran George Veinla in the nets, won their first National Hockey League victory here last night, defeating the Boston Bruins, 3 to 2, in a fast game.

French Canadian, former Boston amateur, covered himself with glory in the nets for the French team, as also did "Doc" Stewart of Boston. It was a battle of goal tenders, with each called upon to make scores of difficult saves. Every one of the five goals was earned. Before the face-off Lacroix was presented with a traveling bag by Boston admirers. Morens of the Canadiens, was easily the star, Joliat showing only occasional minutes of his old-time form. Boston showed a formidable attack in which Jackson, Mitchell, Cooper and Grant were the danger points. With more accuracy in their shooting the Bruins would threaten any team in the league. Both teams at this stage of the season showed lack of team work, and many passes found nobody waiting for them. Referee Jerry Lofthouse was given a severe riding by the crowd when he allowed a goal by Morens, when Shay, of the

NOT the least of the aftermath of Ottawa's rather astounding victory over Queens University, three champions of Canada, on Saturday last, was the payment of freak bets following the glorious victory. It seems the inhabitants of the capital so little expected a win over the mighty tricolor machine that some of them were willing to risk considerable public notoriety just to show the boys their opinion on the result was a good one. One of the bets on the team agreed that if Ottawa won he would take off his shoes and socks and walk a certain distance in the crowded section of the city, displaying two perfectly-formed bunnions. As Ottawa won, the bet was paid and it might be added there was no lack of witnesses. Another prominent citizen had agreed to trundle a wheelbarrow on the main streets right after the game and he was followed by an immense crowd of fans and citizens. Queens came to the capital with a wonderful reputation and it was probably this that influenced the luckless boys to believe they would win. But if some of the boys thought Queens would win, there were 11 others who agreed among themselves that they stood in no awe of Queen's name and these boys belonged to the Ottawa team. The experts rather agree on this point. Batstone, McKeivley, and "Pop" Leadley were great but Ottawa was greater. Just in passing, we were talking to an Upper Canadian the other day and he gave it as his opinion that Captain Paul Fraser of U. N. B. was a greater kicker than any one of the Upper Canadian stars.

TWELVE MILLION PEOPLE watched football this fall in the United States, according to a compilation by the Associated Press. This is an increase of 2,000,000 over 1924. In other words, the colleges made a mint of money out of a supposedly amateur game. No professional could make more. It is rather farcical, is it not? And, they complain when a poor youth like Redhead Grange tries to make a few thousand playing under his true colors as a professional. Mr. Grange, by the way, was the leading gate attraction, it being figured he played before 371,000 people inside a few months, the greatest crowd being 85,400 at his final game against Ohio State. This game has set the mark for the entire history of football. One wonders where it will all end because professional football is rapidly on the upgrade and in a few short years will be rivaling the colleges. It means that the colleges will be training grounds for the major football leagues and we wonder if the colleges will stand for that. There is as much interest in Red Grange's appearance in New York on Sunday next as there is in an opening game of a world series. 20,000 tickets have been disposed of already and the box offices are daily besieged by long lines of ticket buyers. If "Red" can do this year, what will professional football do next year when it is thoroughly organized. There is no denying that Grange has made this great difference and he seems to be worth every cent of the thousands being paid to him. "Red" plays with his team today in St. Louis.

THE SPORT MENU this week is a rather lean one with football and the indoor sports off the card. Two important hockey meetings are carded, one for tonight in Sussex and the other on Friday night in Truro.

THE SPORT YEAR of 1925 might well be termed "The Year of the Big Bust." For while the winter 12 months have been replete with sports, they have furnished some remarkable sport, and have seen some new faces blossom forth the outstanding feature of the year was the manner in which idols—old ones and those fresh from the plaster-mold—were dashed to the ground. Babe Ruth, of course, draws the title of "King of Busts." This is not meant in a spirit of derision or sarcasm. Due to circumstances which Ruth had not realized he should control he was a total loss to baseball, at a time when his daily presence with his mighty power at bat might have lifted the Yankees from a tail-end outfit to a pennant contending team, albeit not a pennant winner. True, Ruth got into the game long enough to crash out 23 homers, but these came too late, and then at too-scattered intervals—to do any good—material or psychological. Ruth's collapse on the trip north was due, it is generally believed, to his excessive appetite. That Ruth always has been an enormous eater—has abused his stomach unmercifully—is a matter of general knowledge, from ampires of the game in which he worked, to clerks behind "one-armed" joints near the various hotels at which the Yanks have stopped. That the public has a heartfelt interest in him is indicated by the fact that he is still a magnet wherever he appears. And if he shows again a desire to break back into the old spotlight the public will string with him—until he stretches their faith a bit too far.

CITIZENS OFFER STORES FOR USE OF COMMITTEE

Lily Lake Decided On As Place For Holding Meet

OTHER generous offers from citizens handling the big skating meet here this winter were made at the regular meeting of the executive yesterday afternoon, they being from Waterbury and Rising Ltd. for the use of their Prince William street store as committee headquarters and also from Barnes & Co., for the use of the store next to their Prince William one. These public-spirited offers were gratefully accepted and Walter C. Allison was appointed to look after needed furnishings. The committee also decided to stage the meet on Lily Lake. There had been other offers but the Lily Lake site was deemed to be the best suited.

The committee chairman named by A. P. Peterson, president of the association, were confirmed. They are as follows: Construction, Thomas Nagle; grandstands and program, H. J. Sheridan; tags, Lieut.-Col. A. E. Massie; publicity, R. S. Sims; special events, Howard P. Robinson; racing, C. A. Owens; entertainment, P. D. McAvity; local sales, H. G. Ellis; finances, T. E. Simpson; transportation, Frank Lewis; arbitration, K. J. MacRae. With the president, the secretary, D. J. Corr, and the treasurer, A. L. Foster, these men will make all arrangements for the meet and will have entire charge of the proceedings.

The change is dated to January 26, 27 and 28 was confirmed by the meeting. It was decided that the programs would be handled by the association.

PERMANENT STAND. The discussion on the various possible sites for holding the meet took up considerable time. The offers from Hillton Blyde and the North End Improvement League were carefully gone into before a decision finally was reached to ask the Saint John Hotel, Rockwood Park area, for permission to stage the big meet there. In addition, the executive decided that if possible the grandstand to be erected at Lily Lake be a permanent structure.

ST. STEPHEN TO HAVE HOCKEY TEAM SURE. Expected to Give Good Account of Itself in Western Section.

ST. STEPHEN, Dec. 1.—With the coming cold weather the open-air rinks here are operating and are drawing good crowds. Some of the local hockey players are getting into shape and this town will have a very snappy aggregation. With a number of last season's players and some young material and some new talent which will appear in St. Stephen uniform this season, the local team, it is believed, will not be tailenders in the Western League.

Trojans Tackle Nationals Outfit. On the Y. M. C. A. floor this evening the Trojan basketball team met with the Nationals. This is the first time they have met on a floor familiar to both teams and it is expected that the Trojans will have a tough battle to live up to their name. Most likely Wilson and Blumpton will be the forwards and "Beef" Malcolm, center, for the Trojans, with Kerr and Hollis on the defense.

Badminton Stars Win At Halifax. HALIFAX, Dec. 1.—The all-star English Badminton team, now touring Canada in the interest of the game, triumphed over a sextette of all-Ireland players in the Armories here tonight, the visitors winning by generous margins in every set except the second between Major Grant and J. F. Devlin Grant, the outstanding local performer, had the distinction of wrestling a 15-13 victory from the English champion in the second of their three encounters. The other two sets went to Devlin by 15-10 scores.

FRANK MOODY MEETS FLOWERS ON DECEMBER 7

Great Interest in Delaney-Berlenbach Go Next Week

ST. LOUIS, Mo., Dec. 2—Jack Renault, recognized Canadian champion scored a technical knockout over Sergt. Jack Adams, heavyweight champion of the United States army, in the fifth round of their scheduled ten round bout here last night. The referee stopped the fight thirty seconds before the end of the fifth round, and declared Renault the victor. Adams went down twice in the second round for a count of nine.

NEW YORK, Dec. 2—Jess McMahon, matchmaker for Madison Square Garden, announced yesterday that he has signed a supplementary contract with Jack Delaney which provides for the appearance of the Bridgeport light heavyweight in three bouts under the promotion of Tex Rickard in the event that he is returned a winner over Paul Berlenbach, whom he faces in the Garden on the night of December 11.

The agreement which McMahon has signed with Delaney contains the names of six possible opponents who have been approved by Pete Riley, manager of the French Canuck. They are Mike McTigue, Jimmy Slattery, Tommy Loughran, Ad Stone, Eddie Hoffman and Paul Berlenbach. Rickard's contract with Berlenbach gives the latter a right to demand a return bout with Delaney in case he should lose his title to the latter, but it does not specify that he must be Jack's first opponent. If Delaney should defeat Berlenbach the indications are that he will be flooded with lucrative offers. California promoters have already put in bids for Delaney's services, contingent, of course, on his winning the light heavyweight title. It is not probable, however, that Pete Riley would consider a trip to the Coast with Tex Rickard and the giant Garden beckoning to him.

BOSTON, Dec. 2.—The thrill of a knockout is always present when Frank Moody of Wales steps into the ring, and for this reason his clash at Mechanics building next Monday night with "Eggs" Flowers of Georgia, made, looms up as the most crucial test that Flowers ever faced in this city. Flowers has cleaned up all opponents he faced against him in a Hub ring, and he always has proved one of the most popular drawing cards to appear here.

In Moody, Flowers faces a mighty right hand puncher whose claim for ring fame in an account of his ability to smash home a knockout punch, is well known.

RICH PROGRAM OF MUSIC GIVEN

Recital in St. David's Church Last Evening Delightful

Byard Currie, Mrs. T. J. Gunn, Mrs. Blake Ferris and Dr. P. L. Bonnell

A very musical and cordial audience greeted the recitalist, J. Byard Currie, and his assisting soloists, Mrs. T. J. Gunn, violinist, Mrs. Blake Ferris, dramatic soprano and Dr. P. L. Bonnell, baritone, in St. David's church, last night.

The program opened with Mr. Currie playing the "VI Sonata" from Mendelssohn, who wrote equally well in the classic and romantic styles. First was the beautiful choral, "Water us in Himmelsreich" and variations with solos for the left hand, the right hand, and the pedal; working up dramatically in the frugal and ending as it began, gradually. The legato in the latter was excellent.

The second selection, "Capriccio" by Schumann, a playful concert number for the registration of light and fancy steps, contrasted beautifully with the former. Mr. Currie's next number was "Adante Cantabile" transcribed for organ from Tschakowsky's "Spring Quartet". Through the style of this modern Russian master blends with that of other European nations, and he depends less on the Russian folk song, than do many of his countrymen, yet there is a lovely strain from "The Volga Boat Song" in this number, and it was introduced very effectively by the organist last night.

Then followed two numbers from the great organ master, the greatest of the polyphonists, the scholarly, religious Bach. The first, the aria from the orchestral suite in D, which is transcription of the famous "Air for the G String" violin; the second, the choral "Wenn der Herr Gott den Valten," and variations, from "The Choral Preludes," Bach's works better understood, and therefore better appreciated from year to year, with many modern revisions, (in themselves

masterly), are widely used among advanced recitalists today.

The next number, "Pastel," by Thompson, a modern writer is a light concert number, largely for Vox humana.

OWN COMPOSITION "Sarabande, Menuet, and Gavotte," by Mr. Currie, was naturally of special interest. Written in the ancient style, in imitation of "The Handel Suites," this number placed Mr. Currie in the more too easy role of the composer. Though written when he was studying composition with George Chadwick, a prince among teachers, the selection was programmed last night for the first time. Many commendatory remarks were heard from skilled listeners.

The last selection "Allegro, from Premiere Symphonie" by Magnaire (Paris) represented the modern French school of organ. This was a suitable ending for a program artistic in selection and rendition, since modern advance in music so often centres itself in France.

VIOLIN AND SINGING Mrs. T. J. Gunn, recently returned after a summer course with Guillemin, Reiny, Paris, always discloses natural talent. Blessed with having had good teachers, her technical skill has been well developed. She played the famous "Intermezzo" from "Cavalleria Rusticana," also a "Romance" by Gabriel Faure, whose music is so popular not only in Paris, but on our own continent. Her last number was the middle movement from Mendelssohn's "Concerto in E minor." If asked to select the best from the good, this probably would be the choice. To the casual listener her playing may not seem notably different. Her sweetness in quick passages, her sweetness in slow measures, and the fluency of her broad tones are familiar to Saint John musical audiences. But we are "something of all that we have met," and the trained ear heard decidedly a new delicacy, a new warmth, a new purity. Best of all, with both these artists, Mrs. Gunn and Mr. Currie, though they warm up to the dramatic demands of their selections, there is no exploitation, no overdoing of their resources, no "showmanship." But there is that charm—the quiet confidence of honest musicianship.

Mrs. Ferris, a favorite in Saint John, though laboring under the handicap of a severe cold, sang very pleasingly the lovely sustained aria, "Jerusalem, Thou That Killst the Prophets," from Mendelssohn's "St. Paul." This contrasted tastefully with her more dramatic number, "How Lovely Are Thy Dwelling" by Liddle.

Dr. P. L. Bonnell sang Buzzi's "Gloria." Dr. Bonnell has quite a bass baritone quality in his lower register, but he was specially commended last night for his work in the upper voice. These two recitalists proved a very effective addition to the evening's rich program.

Unsafe Planes Used, Says Militia Report

WASHINGTON, Dec. 2—Aviation equipment now used by the National Guard is obsolete and unsuitable and in a short time will be unfit for flying purposes, according to the annual report of Major General C. C. Hammond, chief of the Militia Bureau of the Army, made public today. Hammond declared that rapid deterioration in equipment of the decrease in stock of wartime Air Service equipment and supplies available for the National Guard makes it essential that funds be provided for the purchase of new airplanes. Despite the lack of suitable equipment, Hammond declared that inspections of the air units showed them to be excellently conducted and that the efficiency and high morale of the personnel was noteworthy.

St. Luke's Congregation Nicely Entertained by the A. Y. P. A.

The A. Y. P. A. of St. Luke's church entertained the congregation at an enjoyable social last night. The president, R. Edgar Adams, was in the chair. The program numbers were—Selection by the orchestra; address, Rev. W. E. Fuller; solo, Miss May McBeath; reading, Miss Isabelle Gaskin; solo, Ronald Seely; recitation, Cedric Gilbert; selection by the orchestra; solo, Miss Mary Philbrick; reading, Rev. W. E. Fuller; piano solo, Miss Mildred Garnett; recitation, Lloyd Taylor; group songs, by the A. Y. P. A.; selection by the orchestra; solo, Murray Thompson; reading, Edwin Rupert; solo, Miss Audrey Hunter; reading, Miss Verta Roberts; solo, Roland Bustin.

The A. Y. P. A. was thanked by a standing vote on motion of Rev. Canon R. P. McKim, seconded by the Senior Warden, W. F. Cronk. The members of the orchestra were Miss Muriel Seely, pianist; Wilfrid Daisell and Walter Washburn, violinists; Charles Rourke, saxophone; Ralph Munro, trap; the accompanists of the evening were Miss Hazel Newswelling and Mrs. H. Usher Miller.

Edward Glass was the chairman of the program committee and Miss Clemena Morrow was convener of the refreshment committee.

Griffith's New Sensation "That Royle Girl" Extraordinary Distinction for Imperial Theatre Read Every Word of This: IT IS A NOTEWORTHY OCCASION IN THE REALM OF ENTERTAINMENT when the city of Saint John holds a world's premiere. SUCH WILL BE THE CASE TOMORROW AT IMPERIAL THEATRE when D. W. Griffith's 10-reel melodramatic spectacle "That Royle Girl" will be seen for the first time by the general public in any theatre on either side of the Atlantic Ocean. There have been private screenings for trade purposes but none at paid admissions. Not until next Monday will "That Royle Girl" receive its metropolitan opening on Broadway and advance announcements have been blazing in thousands of electric lights in the American metropolis for several weeks past. "THAT ROYLE GIRL" IS THE LATEST ACHIEVEMENT of David Wark Griffith, Anglo-American wizard of the screen, who created "Way Down East," "Birth of a Nation" and other cine-masterpieces. It is his first superfeature under a new contract with the Famous Players-Lasky Corporation as forecast in leading periodicals. THE COSMOPOLITAN MAGAZINE RAN EDWIN BALMER'S STORY "That Royle Girl" as its leading serial for several months. In this city thousands have read it with keenest interest. It is a terrible indictment of the crime-classes of Chicago, placing blame upon native-born Americans as well as the aliens whom many accuse. GRIFFITH HAS SPARED NOBODY'S FEELINGS in his powerful exposure of the inside story of the gangsters, men and women. He uses no varnish, no camouflage but strikes a blow that should wake up not only the city of Chicago but the whole of the United States to a situation that is terribly alarming. "THAT ROYLE GIRL" HAS HAD VERY LITTLE PUBLICITY in Saint John because illustrations, lithographs and other means of advertising are in reality not yet distributed because of the earliness of the pre-release picture. After next Monday, when New York sees the story, there will doubtless be a broadside of acclaim. MR. GRIFFITH BRINGS HIS FAVORITE STAR, CAROL DEMPSTER, to the front again to play the title role—that of a slip of a girl who clings to the belief that the American Republic will stick to Abraham Lincoln's slogan, "Malice Towards None, and Charity Towards All." THE STORY MOVES WITH GRIPPING SPEED and interest and terminates in a western tornado in which a whole village is picked up and blown away, the equal of which has never been done in moving pictures. It is more breath-taking than the ice-floe scene in "Way Down East." After next Monday when New York sees this picture, the papers and magazines will be full of it. Come and be a World's First Nightier! The Usual Price Scale!

GIVES ADDRESS ON PATRIOTISM

Father Cloran Shows Need in Peace as in War

Makes Three Suggestions For Improving Conditions and Stimulating Patriotism

That patriotism is a virtue not confined to war time, but a duty owed to the country in time of peace, as well as in war, was the theme of an stirring address given before the Gyró Club at its luncheon in the Admiral Beatty hotel yesterday by Rev. James Cloran, C. S. R. He declared that it was not patriotic to abandon one's country in peace time and leave her for the enemy to enter and take possession. Allan Agar presided at the luncheon and hearty thanks was extended to the speaker.

NEED IN PEACE TIME

Father Cloran said that there was sad proof of the need of patriotism in peace time seen in the violation which was witnessed in the haste with which people left their country after the war in the quest for easier times and material gains, when they should have remained to help their own country over the times of hardship. They had protected the country with their lives in wartime and then they walked out in peace time and left it free gift for the enemy to come and take.

He blamed all Canadians alike for exodus from this country, saying that those who had not gone should have tried to make conditions better, so that those who had gone might not have been forced to that move.

Father Cloran declared that today Canadians were working in a vicious circle. Desiring more inhabitants for the country they were acquiring, and by immigration and as soon as the new comers were educated and made capable of good citizenship in Canada, they left for another country. Canada was getting nowhere with its schemes for increasing population.

REAL PATRIOTISM

Real patriotism, Father Cloran described as love of country, of soil, and fellow citizens, attachment to the laws, institutions and customs of the country, and zeal to protect the principles of country which are based on liberty of conscience. Patriotism, he said, manifested itself in earnestness to defend the country even with life itself, in obedience and respect for law on the part of the citizen, in the disinterested administration of justice on the part of those in authority, and in prayer for the national welfare on the part of the priest.

THREE SUGGESTIONS

As a means of improving present conditions and stimulating patriotism in peace time, Father Cloran suggested three things, first that the citizenship should strive to live good lives, since only the good citizen is patriotic; second, that there should be more general knowledge about the country, its resources, its history and geography, and its great men and great events, and last, a more hearty celebration of national holidays as tending towards greater patriotism.

SAY NOT GUILTY ON ROBBERY CHARGE

Case of George I. and Mrs. Collier This Afternoon in The Police Court

Charged with the theft of \$2,000 from Mrs. James Levine, the case of Geo. I. and Margaret M. Collier was allowed to stand over until some time this afternoon on the request of Wm. J. Ryan, counsel for the defendants. They pleaded not guilty. They are held in the Woodstock after Mrs. Levine reported missing the money from her house in Pond street.

OTHER CASES

Walter Hellem, 46, was this morning fined \$8 for drunkenness and \$20 for impeding pedestrians in Charlotte street about 12:30 last night. Detective Kilpatrick testified that he had seen the man take hold of a lady's arm and pull her around. The lady would not give her name. Hellem said he had taken the lady's arm in mistake, he having lost track for the moment of his companion who had been in a safe with him. He could not remember the companion's name. The fine was paid.

One man was fined \$8 for being drunk on Union street. The chief officer of his ship, which sailed at noon today, paid the fine.

William Smith, of England, was handed over to the chief officer of his ship this morning, he having been given in charge by Adjutant E. Ward of the Salvation Army Hostel last night for creating a disturbance in the hostel.

Two dog cases which had been allowed to stand over were taken up in Police Court this morning. The license fees were paid.

Ferry Figures Slightly Lower

The ferry figures for November show a falling off in the receipts from passengers and an increase in the revenue from teams with a net loss of revenue of \$47.20, as compared with the same month of 1924. The falling off in the number of passengers fares for the 11 months of 1925 is 35,866. Following are the comparative figures for 1924 and 1925: Passengers: 1924, \$2,094.85; 1925, \$2,014.28; decrease in number of passengers, 988; decrease in revenue, \$80.57. Teams: 1924, \$634.89; 1925, \$669.26; decrease in number of teams, 454; increase in revenue, \$33.37. Passengers carried to date: 1924, 1,860,660; 1925, 1,544,094.

GOES TO CONFERENCE
Rev. C. M. Morgan, pastor of St. Philip's church, left at noon today for Amherst to attend a meeting of the district conference of the A. M. E. church, of which he is president. The conference will be in session tomorrow and Friday.

Local News

PLAY CARDS; PLAN DEBATE

The St. John the Baptist Society met last evening in their rooms, St. James street, with a large number of members present. After the meeting a card tournament was held at 21 tables. The first prize, a pair of chickens, was won by C. Garnett; 2nd, Boston, won by Leslie O'Neill; consolation, pipe, Frank Walsh. On Sunday afternoon at three o'clock a debate will be held in the rooms and will be open to the men of the parish.

HAVE STAG CARD PARTY

About 250 guests attended a stag card party in St. Peter's parish hall last night under the auspices of the Holy Name Society. A prize of a pair of chickens was given for the best cards at each table. During the game, an interesting event took place—a broadcast reception of the hockey game between the County Hospital 8's; the game was provided. After the games some twelve or more turkeys were disposed of. The evening was a decided success. The next one will be held on Dec. 22nd.

DE MONTS CHAPTER MEETS.

The monthly meeting of De Monts Chapter, I. O. D. E., was held in the Government Rooms this morning, with Mrs. J. Walter Holly, first vice regent, in the chair. The following donations towards Christmas cheer were made: Goodfellow's Fund \$25; The Children's Ward in the County Hospital \$5; The gift to an I. O. D. E. Bursary Holder \$5. In accordance with a request from the Municipal Chapter the members decided to give their share to help place a tablet on the oldest house in Saint John.

CONCERT MUCH ENJOYED

A concert was given in St. Philip's Church last night under the auspices of the Helping Hand Society. The pastor, Rev. N. Morgan, presided, and a musical and literary program proved delightful to a large audience. Soloists were sung by Wm. Carby, Mrs. A. Lewis, Mrs. L. Ford, readings given by Mrs. M. Davis, Mrs. E. Dixon; piano selections by Mrs. C. M. Morgan, Mrs. L. Ford and two Carby boys. Two dialogues, "Almost a Mormon" and "Changed Housewife," were well put on and enjoyed. The proceeds were for the church. The pleasant evening closed with a brief address by the pastor.

WILL MEET HERE

L. W. Simms, of this city, chairman of the General Board of the Maritime Religious Education Council who is also prominent in international circles of the same work, has issued a circular communication to a body of clergymen and laymen advising them that Taylor Statten, National Secretary of Boys' Work of the Religious Education Council of Canada is to be the principal speaker at a supper gathering of the same work, held at the Hotel next Monday. It is expected the meeting will pave the way for more intensive effort on the part of local forces for an increase in the efficiency and extent of religious education, especially among boys and young men.

NEW Y. P. A. FORMED.

Three of the young people's classes in the Victoria street Baptist church were united last night under the name of the Young People's Association of Victoria street Baptist church. The classes were the Philatheta, Pioneer and Gold Chain and were attached to the Sunday school. While uniting in the Y. P. A. they still retain their identity. The new officers are, President, Stanley Clark, first vice president, Harold Flower, second vice president, Miss Rae Curry, third vice president, Wm. McKenzie, secretary, Roy Beckett, treasurer, Mary Mawry, social committee, Emma Robertson, Carman McDonald and Bert McAuley. The new association will meet each Tuesday evening.

RETIREES WITH GOOD RECORD.

The esteem in which Mr. and Mrs. Thos. Hurley are held by the people of St. Peter's parish was shown last evening when a delegation composed of teachers and pupils of St. Peter's School called at their residence in Magazine street and presented to them a valuable gift. Principal Shea, on behalf of the teachers and pupils, made the presentation. Mr. Hurley is retiring from the position of janitor of St. Peter's school, a post which he held for more than 25 years. During this long period he has been a valued and faithful employe, never missing a day from the school, and was taken ill for a short time in last June. Mr. Hurley heartily thanked the teachers and pupils for their kindness and spoke of his regret at parting from them, but said that ill health alone would cause him to leave their school.

As Hiram Sees It

CLEVELAND—Well, sir, here I be in Yankeland. I jist run down from Ontario to see if they'd count me fer another returned-exodan when I go back next week. Yesterday was Thanks-givin' Day here, an' I was jist in time. On account of the day they didn't kill nobody with an ottomobel—but bein' as the Devils was killed about two hundred so fer this year in this town—an' hev great hopes fer the people month of December—I guess skippin' a day now an' agin won't make the record too bad by New Year's. You orto see Hiram on the corners on Euclid avenoo. He never leads the procession—the follers—for he wants to git back to The Settlement fer Christmas without losin' life or limb. Well, sir—I met three fellers as lunch at the City Club today that hed all been down as far as Saint John las summer—an' they said we hed a great country an' they'd like to go agin. They used me fine. I told 'em we'd make 'em all welcome to old Noo Brun'sick—an' so we orto—fer they're nice fells to meet—yes, sir.

All Ready for City Cornet Band Fair Tomorrow Night

Fair Continued to Swell Empty Stocking Fund—Merchants Help in Project

Only a large attendance remains to make the City Cornet Band Fair tomorrow night for the benefit of the Times-Star Empty Stocking Fund a big success. Remember it is to be in St. Malachi's hall tomorrow, Thursday evening beginning at 8 o'clock.

The band will parade to the hall from the head of King street and it is hoped the old saying "Follow the Band" will be lived up to and that there will be hundreds of people assembled in the hall.

There will be much to entertain in addition to the fact that all will be helping the little ones who will find their only Santa Claus in the Empty Stocking Fund. All the band's equipment, in the way of booths, wheels and games is there and will be all in hand. The efficient band workers will be helped by volunteers from the staff of this newspaper and everyone may be sure of good attention and a good time. The band will play one of its choice programs.

MERCHANTS HELP WELL

For the re-stocking of the booths business men have come to the front to support the fine act of the band in aiding this fund. Quite a number have made contributions, including: Corona Co., Ltd.—Punch Board and chocolates.

COURT HEARS CASE OVER AUTO CLASH

Action of Charles McDonald vs W. A. Simonds is Being Tried

In the Circuit Court this morning before Mr. Justice Crockett, the case of Charles McDonald vs. W. A. Simonds, an action for damages arising out of an automobile accident, was commenced. The accident occurred during last summer on the Westfield road. The plaintiff's car was approaching the city and the defendant's car, proceeding in the opposite direction, had passed a truck also going towards Westfield.

Mr. McDonald contends that he was forced to leave the road in order to avoid a collision and, as the result of the defendant's alleged negligence his car was badly damaged by striking a rock pile on the side of the road.

The defendant maintains that the plaintiff was proceeding at an unreasonable rate of speed and that that was the cause of the accident. The plaintiff was on the stand this morning and the case being continued this afternoon. W. H. Harrison, K.C., appeared for Mr. McDonald and J. Starr Tait for the defendant.

Officers of Baxter Lodge Installed

Baxter Lodge, L. O. B. A., last night installed Mrs. Burton Ring, W. M.; Miss Blanche Smallin, D.M.; Miss Allen Sweet, Rec. Sec.; Mrs. Robert Irvine, Fin. Cheeseman, O.G.; Mrs. William McAllister, guardian; Mrs. Willard Brownell, senior lady of committee; Mrs. O. Arbo, pianist. Trustees included the W. M., D. M., and Rec. Secretary.

BOYS' CLUB ACTIVE.

The South End Boys' Club has started activities for the season in earnest. The boys are showing keen interest in class work and are establishing records in attendance, there being between 75 and 80 present each night. There is a lack of certain pieces of equipment for their gymnasium, and in order to secure these necessary pieces the boys are working hard to put on a concert and entertainment on Thursday and Friday, Dec. 10 and 11. They are being tutored by Bert Alcom.
