GOOD THINGS COMING TO THE THEATRES OF ST. JOHN

SISTER PRODUCTION TO ST. JOHN FILM

Henry MacRae, director of the virile Ralph Connor production, "Cameron of the Royal Mounted," now on at the Imperial, set his stage for some of the most effective scenes in the widest locations to be secured along the famous Sundance canyon of the Canadian Rockies.

On a frosty morning in November the chase of the hero after one of the villains of the story took them over a mountain side where film fans will be electrified by the very unusual sight of wild deer frantically crossing the path between the pursued and the pursuer in full view of the camera.

Encouraged by this accidental occurrence, MacRae concluded to spend additional weeks of time so that he might inject into the picture such realism as could be secured by a continuation of these unusual and unexpected circumstances, with the result that "Cameron of the Royal Mounted" is one of the most stirring pictures ever produced in this country.

Ernest Shipman is the man who made this Cameron story for a syndicate of Winnipeg investors. The picture, "Blue Waters" story soon to be started here.

decided upon by the Paris conference for settlement of the Turkish question, and hails the outcome as a great step toward lasting peace in the Near East.

The Peace Terms

Paris, Sept. 13.—Although the British insist that their chief demand, mainly freedom of the straits, is embodied in the Near East conditions, it is generally conceded that the unanimous allied decision marks a reversal of policy on the part of Great Britain, and is a victory for the French.

Neutral Zone

A broad neutral zone will divide Eastern Thrace from Greece and Bulgaria in the treaty terms which will be decided at the conference. Both Yugoslavia and Roumania insisted upon this before they consented to the return of Turkey to Europe, although it is not mentioned in the note. It is thought probable that the Turkish military forces in Thrace and Adrianople will be rigidly limited, and that the strictest guarantees will be exacted for the Greek minorities in these places.

German Magnate Declares it is Preventing U. S. From Assisting in Europe.

Berlin, Sept. 25.—The healing of Europe's ills is possible only through the aid of the U. Two-Toned Rugs Embellished

The clue to the discovery of that ultra-modern carpet in the house you visit was your hostess' understanding of the two-tone principle in selecting carpet colors.

You remember for weeks afterward the striking effect that is now obtained many ways by two strong colors predominating, with just enough touches of a third or fourth color to relieve the motif.

Blue, fawn, gold and shadings—black, grey and fawn shadings—brown, black and fawn and red retouching—there is never-ending variety and character to two-tone carpets. See the window and enquire about prices that begin at \$32.

EASY TO DARKEN YOUR GRAY HAIR  
Try this! Brush Sage Tea and Sulphur Compound through your hair, taking one strand at a time.

When you darken your hair with Sage Tea and Sulphur, no one can tell because it's done so naturally, so evenly. Preparing this mixture, though, at home is messy and troublesome. At little cost you can buy at any drug store the ready-to-use preparation, improved by the addition of other ingredients called "Wyn's Sage and Sulphur Compound." You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning all gray hair disappears, and, after another application or two, your hair becomes beautifully darkened, glossy and luxuriant.

Gray, faded hair, though no disgrace, is a sign of old age, and as we all desire a youthful and attractive appearance, get busy at once with Wyn's Sage and Sulphur Compound and look years younger.

SHOP IN JUNCTION GRANTED IN U. S.

Chicago, Sept. 23.—Judge James H. Wilkerson today granted Attorney-General Daugherty's petition for a nationwide temporary injunction against the striking railway shopmen. Judge Wilkerson in a lengthy review of the case, said the defendants could not deny knowledge and responsibility for the widespread violence which has marked the strike. Partial settlement of the strike, he held, has not affected the right of the government to obtain a nationwide injunction.

ST. JOHN PROBABLY WILL APPLY FOR SKATING CLASSIC

A meeting of the Maritime Skating Association is to be held here this week, when a decision will be made as to whether or not St. John will apply for the international skating championships next winter. The International Amateur Skating Association will meet in Montreal on Nov. 4 and the meet will be awarded to some city then. After the splendid showing made by this city last winter, when the Canadian championships were held here, it is probable a prominent local skating authority said last night, that any application from this city for the big skating classic would receive serious consideration at the meeting in November. This man said last night that the meet would probably be decided at the meeting here this week to make the application for the championships.

MANY PEOPLE ARE PREPARING FOR THE BIG GAME SEASON

Hunting Resorts Are Said to be Prepared to Entertain Record Number of Nimrods This Year.

This week will see the arrival of many tourists from across the border who will come here to hunt big game in the favorite game resorts of the province, as the regular season will open on Monday, Oct. 2. Already several non-resident hunters have gone into the woods, having taken advantage of the extra time granted by the taking out of a special license upon the payment of an additional fee.

The hunting grounds of the province are well known by sportsmen in the United States and Great Britain, and many of them recount with delight the days spent in such districts as the Tobique, Restigouche, Cain's River, Canso and Miramichi.

The hunting season brings many distinguished visitors to the province, and it may be said in favor of the non-resident sportsmen that they have always been found ready to act in accordance with the game laws of the province, while there have been cases in which they were not very familiar with the provisions of the game act.

The season for moose and deer opens on Oct. 1 and closes on Nov. 30, but the shooting of Sundays is prohibited. The license allows the holder to take one moose and two deer. There is no open season for caribou. Beavers are protected, but a limited number may be taken by special permit. Mink, otter, fisher and sable may be hunted from Nov. 1 to March 31, and muskrat from March 25 to April 30. Foxes may be hunted from Oct. 1 to Feb. 28.

Partridge have been protected for several years, but an open season has been set again this year from Oct. 1 to 21, by order-in-council of the provincial government, as they are becoming more plentiful. The season for quail opens on Sept. 15 and closes on Nov. 30. The season for ducks, geese and brant opens on the same date but extends until Dec. 31. The sale of migratory birds and the shooting of seagulls, pheasants, song birds and all insectivorous birds is prohibited.

RALLY SERVICES IN SEVERAL CITY SUNDAY SCHOOLS

The joint Sunday school boards of the Methodist, Baptist and Presbyterian churches appointed yesterday to be observed as Rally Day in the Sunday schools in the dominion and in many of the city Sunday schools a specially arranged programme was carried out. Other Sunday schools postponed the rally which will hold it next Sunday, or the following Sunday.

An interesting and helpful programme was carried out in the Waterloo street Baptist Sunday school with the superintendent, J. W. Mott, as leader. After the opening exercise, the pastor, Rev. J. A. Sweetnam, extended a hearty welcome to all present in a few words. In the course of the programme a chorus was prettily rendered by four little girls of the beginners' class, Thelma Parrie, Thelma Mott, Loney Bailey and Daisy Boyce. A solo was sung by Miss D. Daley. Then came the salute of the Christian flag by ten boys, Penneyson Brown, Harold Gregg, Percy Mott, Walter Miller, Elmer Bailey, Roy Boyce, George McKee, Otis Boyce, John Nelson and the following Sunday.

The exercise was an impressive one. W. C. Cross of the Gernala street Baptist church, gave a helpful address. He brought a message of service saying that first the scholars should know Jesus, then love Him and then serve Him. He told how each scholar should try to place himself as leader for service. The singing of the hymns was led by Assistant Superintendent J. Mott, and Secretary George Nelson officiated in taking the collection and recording the attendance. The pastor pronounced the benediction. The Sunday school organized by Miss Lillian Gibbs, presided at the piano.

In St. Luke's Sunday school the superintendent, H. Usher Miller, welcomed the scholars after the summer and an interesting programme was given. There were 320 scholars present and it was announced that next Sunday the grading of classes would take place. During the afternoon Miss Mary Phillibuck sang a solo, with fine sympathy and expression and the assistant superintendent, H. Finch, gave a short talk to the scholars. Rev. W. A. McKinnon, rector, described the new contest which had been arranged. The school was to be divided into two groups and marks were to be given for attendance, collection and the bringing of new scholars. The marks were to be used to represent mileage and the two groups would compete to see which could make a balloon trip round the world first. Miss Bessie Chittick sang a solo most acceptably and Miss Elsie Dunlop gave a pleasing recitation. The primary department sang a chorus which was specially appreciated. Mrs. H. Usher Miller presided at the piano. As the scholars were leaving from St. Luke's rally each was presented with a souvenir badge.

In Ludlow Street. All the services in the Ludlow street Baptist church were special in character and a rally day was observed throughout the day. At the morning service 130 of the Sunday school boys and girls, under seventeen years of age, attended in a body and the pastor, Rev. W. A. Robinson, delivered a special sermon for their benefit.

Simple Way To Take Off Fat

There can be nothing simpler than taking a convenient little tablet four times each day until your weight is reduced to normal. That's all—just purchase a case of Marmola Prescription Tablets from your druggist for one dollar, the same price the world over. Follow directions—no starvation, dieting or strenuous exercises. Eat substantial food—be as lazy as you like and keep on getting slimmer. And the best part of Marmola Prescription Tablets is they are harmless. That is your absolute safeguard. Purchase them from your druggist, or send direct to Marmola Co., 4612 Woodward Av., Detroit, Mich.

A Heavier Bread Loaf

Eatmor Bread, like all Robinson Breads, is overweight when mechanically cut to bake. Double the usual allowance for evaporation in the ovens makes Eatmor a more generous loaf. Again Eatmor is a more generous loaf than ordinary breads in the milk, sugar and shortening used, while the favor recalls the finest of silk-aired flours. Creamy kernel, buttery crust—that's Eatmor, the new bread you are going to invite to your table.

FORD HAS BIGGEST INCOME IN WORLD

Wall Street Journal Estimates Net Profits for 1922 at \$110,000,000.  
New York, Sept. 25.—A revival of the controversy as to the world's richest man appeared in the Wall Street Journal, which declared Henry Ford very richly holds that distinction. The previous discussion apparently ended with Ford and John D. Rockefeller immovably tied for the honor. A new bulletin in the "Journal" says: "Henry Ford has the Ford Motor Company the largest income, and, if capitalized, the largest fortune in the world."

BODY OF WOMAN FOUND IN LAKE

Lunenburg, N. S., Sept. 24.—The body of Mrs. Daniel Neal, aged fifty, of Middle La Have, was found in Crouse's Lake, about three-quarters of a mile from her home, and a letter was found in her home yesterday saying that she contemplated suicide. Mrs. Neal was missed from her home on Thursday. She was a widow and owned considerable shipping property.

THE 'EIGHT DAY' HOUSE.

The work of demolishing the old wooden tenement building, in St. Andrews street, near Carmichael street, has been begun. The building was in a very bad state of dilapidation and its removal was demanded by the fire underwriters. The building was erected after the great fire in 1877 to accommodate the fire sufferers and was put up so rapidly that it was known as the "Eight Day" house. It has been unoccupied for several years, and has not only become a fire menace but its condition of disrepair made it not unlikely

What Do Your Clothes Say About You?

Your clothes are talking about you all day long. Are they knocking or boosting?

Do they say: "This man isn't particular. Look how poorly we fit him. He's easy-going. He takes whatever he can pick up in pot-luck haste. THAT'S HIM?"

Or do they say: "Here's an exacting man. He knows what he wants—and he gets it. The cloth, the color, the style—each is selected carefully and fitted specifically to his requirements?"

That's the kind of advertising you get from good clothes. Can you afford any other kind?

Sweeping Times and Star

ST. JOHN, N. B., SEPT. 25, 1922.

THE CITY'S RIGHTS

The record of progress in the history of the city of St. John shows that the result of cheap power would be here. The city must proceed with courage to secure the Musquash current at cost and distribute it at cost. St. John has nothing to arbitrate, and is not bidding for any run-down property. If the New Brunswick Power Company had named a proper price for its plant it would have been considered. But it refused to do so. Therefore the city must act accordingly.

The clause in the contract which stipulates that the power must not be sold to a private corporation which might in turn sell it for profit, should be retained. It is a safeguard which the public would not willingly have eliminated.

The city's rights are clear, and they must be protected. St. John has been more than patient under a burden no community should be called upon to bear. But the day for deliverance from monopoly rates and monopoly domination is at hand. St. John must take full advantage of its opportunity.

THE PRICE OF PEACE

It is probable that there will be no peace with Turkey. That is practically assured by the terms of the Joint note which the Allies have forwarded to the Turkish Nationalists. For that assurance, the world would be deeply grateful, but coupled with the feeling of gratitude in the minds of many will be the feeling of doubt concerning the price which must be paid for peace.

Until all the facts in the case have been made public, it is impossible to judge of the wisdom of the decisions reached in the note. Great attention is being paid to the note, and it is to be expected that the Turkish leader will be asked to stand in the way of the Straits and the Sea as has been upheld by the Turkish leader.

The retention of control of the Bosphorus is a matter of great importance to the League of Nations, the only demand made upon the Turkish leader is that the present neutral zone should be respected prior to the signing of the peace conference. It is asked to send representatives to the Allied governments of the admission of Turkey to the League of Nations.

Such a stand would be a disavowal of the Turkish leader's position. It would be a disavowal of the Turkish leader's position. It would be a disavowal of the Turkish leader's position.

It would be a disavowal of the Turkish leader's position. It would be a disavowal of the Turkish leader's position. It would be a disavowal of the Turkish leader's position.

FIRE PREVENTION.

In a recent address in Montreal, J. J. Smith, Dominion fire commissioner, set out some facts that should arouse people to a greater sense of responsibility to themselves, to their neighbors and to the nation. He said: "The loss by fire in the Dominion for 1921 was estimated at more than \$45,000,000, or more than \$5 per capita, which did not include the loss from forest fires which was quite incalculable. These figures increase when the \$82,000,000 expended last year on fire insurance policies and also the maintenance of fire brigades is taken into account. Loss by fire in Europe was considerably less than in Canada, since the laws for the prevention of fire, coupled with the building statutes, practically enforced carefulness, the losses being estimated at about 33 cents per capita. Carelessness in construction was an inducement to fire and more stringent laws were required to remedy this. The loss of life was also to be considered, since about 400 persons perished in fires last year, which fact alone should awaken the public to a greater appreciation of this great menace. Many persons who had spent nearly a lifetime building up a business were often ruined by fire—a loss which the insurance money frequently could not entirely compensate."

Fire Prevention Day is set for October 9, and a determined effort is being made to bring the people to give sober thought to the great loss entailed yearly by fire, much of which could be prevented. Make every day a fire prevention day in actual practice, and millions of dollars will be saved. That is plain enough.

GAMBLING SPIRIT HIGH IN MOSCOW

Five Players for Every Seat at the Tables—Large Sums are Risked.

Moscow, Aug. 23.—(A. P., by mail.) There are five players waiting for every available seat around the baccarat and roulette tables in the newly opened gambling casino in Moscow, the big European gaming place, and the old days when Russian aristocrats went abroad to spend their money, always remember the Slavs as the most reckless and inveterate of gamblers. A visit to the Moscow casino today shows that all of the troubles of the Russian revolution have not changed them.

Workmen, roughly dressed and unshaven, with heaps of ten and hundred million ruble notes in front of them, sit tensely watching the turn of a card at tables where, perhaps, a fashionably dressed girl, unable to get a seat, leans over a workman and asks him to place a bet for her, or proposes that they take the "bank" at baccarat together.

Foreigners wonder where the players get their money. Persons whose appearance suggests their readiness for the vagrancy court or the poor house, dig heaps of Russian ruble notes, foreign currency and even gold coins out of ragged coats, and lose or win billions without outward appearance of elation or discomposure.

The "big play" at baccarat is confined to one room, barred to all other except actual players. Here the minimum bet is 50,000,000 rubles or, at present rates, about \$12 in American money. From this minimum banks are frequently built up to many billions of rubles, equal to several thousand dollars. As recent tables the minimum bet is 10,000,000 rubles, or two and a half dollars, and these tables are in the open, with scores of anxious spectators crowding about those lucky enough to get places.

The roulette wheel is operated only for one hour each night, and here the maximum bets range from 3,000,000 rubles on a single number to 30,000,000 on a color. The wheel has two zeros, instead of the usual one at Monte Carlo, and the profits of the "house" at roulette are, in proportion, twice those which the Monte Carlo gamblers reap from their wheels.

A least \$200,000 changes hands nightly at this casino, for the "house," in taking five per cent, from each baccarat pot, reaps an average of about \$10,000 a night. Recently one night's takings were 69,000,000 rubles. Prices that shock even hardened American tourists are demanded for refreshments served by the waiters while the play is on. A package of ten cigarettes of a well known but very cheap brand, selling in England for the equivalent of ten cents, brings six million rubles or a dollar and a half, while a small bottle of soda water is served at the equivalent of seventy-five cents.

Lesson No. 113. VACUUM TUBE ACTION WITH GRID CONDENSER.

(All Rights Reserved by United Feature Syndicate. Reproduction Prohibited.) The addition of a grid condenser to receiving circuit employing a vacuum tube as a detector results in a marked increase in sensitivity. In addition to the grid condenser, a grid leak or high resistance is also employed and when this combination is properly connected in the circuit the value of the high frequency signal voltage, impressed upon the grid, need not be as great to produce the same strength of audible sound in the receiving telephones as would be necessary if the grid leak and grid condenser were omitted.

As shown in the accompanying diagram, the grid condenser (C-1) is connected between the grid (G) and the tuned circuit former by the secondary winding (L) and the secondary tuning condenser (C-2). The grid leak (R) which consists of a resistance of large value is connected in shunt to the grid condenser. If the capacity of the grid condenser is 0.0002 microfarad the resistance of the grid leak should be approximately one million ohms, but in all events should have such a value as to allow the electrons on the grid to be rapidly dissipated if the signal voltage ceases.

The action of the grid condenser may be understood by reference to the characteristic curves of the vacuum tube, as shown above, in which the vertical axis has been used for values of plate current and grid current, while the horizontal axis shows positive and negative values of grid potential. When there is no signal impressed upon the circuit, the potential of the grid may be assumed to have the value (E), this value being slightly positive with respect to the negative end of the filament. If a signal having equal positive and negative amplitudes of voltage is now impressed upon the grid, the potential of the grid will change by equal amounts on either side of the point (E).

It is evident from an examination of the grid-current, grid-potential curve that when the change of grid potential is in a positive direction the increase in grid current is greater than in the case when there is an equal change of grid potential in the negative direction. As a result there is an accumulation of electrons upon the grid which cause the average value of the plate current to decrease and as the changes in value of the plate current follow the changes in the grid potential, it is evident that the plate current will be reduced by an amount dependent upon the decrease of the grid potential. When the signal ceases the accumulation of electrons leaks rapidly from the grid and returns to its normal value.

The audible signal in the receiving telephones is dependent upon the change in the average value of the plate current, which in turn depends upon the variation of the average grid potential. It has previously been explained that when the vacuum tube is used as a detector without a grid condenser rectification may be secured either on the upper or lower bend of the grid-potential, plate-current curve when the alternating voltage of the incoming signal is impressed upon the grid. For example, if the grid potential has a value (A) on the upper bend of the curve, the average value of the plate current will be increased by a value (B) on the upper bend of the curve, rectification is obtained by a decrease in the average value of the plate current. At the point (C) along the straight line portion of the curve, no rectification adjustment for the tube is obtained, with little or no rectification.

With the addition of a grid condenser and grid leak, however, it is important to note that regardless of what portion of the grid-potential, plate-current curve the incoming signal always produces a decrease in the average value of the plate current which results in an audible signal in the receiving telephones.

THE SHADOW Pete in Toronto Star. What is this news we think we hear from far across the sea. That jays unfriendly on the ear, that whistles through the air that makes the people stand and stare and halts their restless feet? They mutter sternly, to themselves, their brows are furrowed, and I thought just now I heard a sound as when far cannons boom.

What is this thrumming, pulsing sound, that from the distance comes, That seems to shake the very ground, Is that the note of drums? What is that other sound I hear which has a rhythmic beat, That fills the startled atmosphere, like tread of tramping feet?

And is that moving dot of black against the leaden sky? A culture seeking gladly fare where men's torn bodies lie? Is there a woman kneeling there? What is she weeping for? Please God, she prays, with anguished lips, deliver us from war.

LIGHTER VEIN. Reason for Hospitality. Mrs. Simmons had been spending the day with Mrs. Mayes and was preparing to go home. She, who had been very troublesome all day, begged her earnestly to stay to supper.

A Poor Excuse. The doctor has called to see you, sir. Professor (deeply engrossed) — I can't see him, Mary. Tell him—tell him I'm ill!

Not Serious. Jerry—"Heard Mrs. Cheapskate had an accident in the car yesterday." Joe—"Oh, it didn't amount to much." Jerry—"Neither she nor the car was hurt?" Joe—"No, only a little paint knocked off both."

No Such Animal. A pious newspaper man has returned from his vacation with four \$100 bills. We consider this item one of the biggest of the year. Whoever heard before of a pious newspaper man, or one

THE ENDURING RECORDS IN THE LEBANON HILLS

Jerusalem, Sept. 1.—(Associated Press by Mail)—On the fact of a cliff in the Lebanon hills, the ancient records of the Pharaohs, more than 3,000 years ago ordered his stone carvers to inscribe a tablet setting forth his conquest of the land. The figures of the ancient Egyptian ruler and his men still are visible. A few feet away one may see, carved in the same rock by British stone cutter, a record of the coming in September, 1918, of Field Marshal Sir Edmund H. H. Allenby, G. C. B., commander of the Allied forces in Asia Minor. And the passage of the centuries from B. C. 1300 to A. D. 1918 is recorded by various other carvings, in all not less than 12 and each depicting the march of a victorious army.

The cliff selected for the carving of these historic records is at the mouth of the Dog River, ten miles northeast of Beirut in Syria. This strip of country lying between the Lebanon and Anti-Lebanon ranges has been the bridge between the ancient empires of the Valley of the Nile and Mesopotamia, and over it has passed the armies of the ancient, medieval and modern worlds. The narrowest point is where the Lebanon mountains came close to the sea, and at this place Ramesses II set the precedent of commemorating his conquests by hewing out a panel on the face of the cliff. His example has been followed by others through the centuries until now there are a dozen of them. They are all cut about four or five inches deep, from five to nine feet high, and from two to four and a half feet in width. The storms of more than 3,000 years have beaten upon some of them, but still the figures of the ancient Egyptian conquerors are easily discernible as they stand with their right arms uplifted in an attitude of victory.

The hieroglyphs have long since disappeared except to the trained eye of the archaeologist. Several Assyrian conquerors led their armies through this pass, including the great Sennacherib, who threatened Jerusalem, but whose army was smitten by the breath of the Lord, and a century and a quarter the city was saved from its foe.

Alexander the Great led his conquering hosts through the same defile on his way to Egypt, and Greek and Latin tablets tell of the conquests of the great kingdoms of southern Europe when the march of empire passed from Asia to Europe.

Coming down to recent history a tablet tells of the coming of the army of Louis Napoleon in 1860, when the massacres in the Lebanon called for European conference and France first set her foot in Syria. Nearly sixty years passed by, and then the English army led by General Allenby and assisted by the French, swept like a whirlwind from the south four years ago and ended the rule of the Turk in the southern part of the Levant.

A panel has been hewn out in cliff near those of the ancient Egyptians, telling of this great victory and bringing this wonderful cliff-record of history up to date.

WORLD SERIES OF 1921 RECALLED

Giants then Beat Yankees in Eight Games—How the Teams Stood.

New York, Sept. 25.—In the world series of 1921 the New York Giants, led by John McGraw and Hughie Bennett, defeated the Detroit Tigers, who were led by Miller Huggins, in eight games.

The Giants were shut out 3 to 0 in the first two games, May pitching the Yanks to victory in the opening game, while Hughie's striking the trick play in the second. The third game, a heavy hitting affair, went to the Nationals, 13 to 5, Jess Barnes pitched the Giants to victory, 4 to 2 in the fourth game, but Hoyt came back in the fifth against the Yankees, 3 to 1. Barnes won the sixth game for the Giants, 8 to 5 and Douglas won the seventh, 2 to 1, again defeating Hays.

Nehf and Hoyt engaged in a stirring mound duel in the final game, and the Giants won 1 to 0.

The Giants accounted for nineteen extra base hits in the series. Of these thirteen were two baggers, four were three base hits and two were home runs.

Chance won two world series with the Cubs; Carrigan won two with the Boston Red Sox and McGraw has taken two with the Giants.

"OUR CHILDISH NEIGHBORS." (Hamilton Herald.) Amid many admirable traits, one sometimes perceives childishness in the American national character—and perhaps about childishness at that in the strange assumption that Americans are at liberty to say what they like about other nations, but that if any foreigner says anything derogatory of the United States not only should he be held to have committed an unpardonable offense, but that all his fellow countrymen must share the blame.

GERMAN ARTISTS WILL SAIL AROUND THE WORLD Hamburg, Sept. 7.—Associated Press, by Mail)—Two German sailboats of small dimensions are due to brave the furies of the Atlantic on experimental trans-oceanic voyages within the coming year. On one of them a party of thirteen German artists and professional men plan to circumnavigate the globe. They recently tested their craft in a trip to Copenhagen, and are now trying to complete arrangements for leaving before the end of the year. The vessel is 58 feet long and will carry three writers, three artists, and some "muse" actors from Berlin, accompanied by a Munich doctor. This tour is to be made by way of Holland, Spain, the Canary Islands, Cuba, Mexico, both coasts of South America, the South Sea Islands, China, Japan, India and the Suez Canal. It is expected that three weeks will be required in crossing the Atlantic, and the party plans to return home in about two years.

### Liberal and Progressive Alliance Likely Result of Near East Consultations

#### Leaders Said to Share the Conviction That Popular Desire for Greater Stability of Government Will Be Sure to Find Realization in Working Agreement Next Session.

Ottawa, Sept. 24.—The Near East crisis has placed the seal of certainty upon a close alliance between the Liberals and the Progressives in the next session of Canada's fourteenth parliament. This fact has emerged from a graphic activity and personal conference in this city during the last six days.

In addition to Hon. T. A. Crerar, leader of the Progressives in the house of commons, Hon. A. B. Hudson, now known as liaison officer between the government and party and Mr. Crerar's spent last Friday and Saturday here, and his presence is far from being without significance.

True, he had a lengthy conference with J. B. Chaffin, the chief of the water powers branch of the government on the Lake of the Woods situation, about which there was a conference of premiers last week, and Mr. Hudson gave and obtained much valuable information. But he also learned something of the political situation.

Mr. Hudson, it is learned, is in thorough accord with the views expressed by Mr. Crerar in the statement the latter issued to the press late Friday night on the European situation. He, with

Mr. Crerar, believes that parliament should first be consulted before the government decides to send troops to oppose the Turks, and that the people should be given the fullest information as to what participation in the conflict by Canada would involve.

More important than the accord between the leader of the Progressives and the man who, it is believed, has done much to pave the way for a more cordial entente between the government and the western members is the conviction which, it is understood, is now shared by them and by the prime minister that the movement which began amongst the electorate this summer has been fruitful to an astonishing degree, and that nothing now can prevent this closer understanding which will make possible a more resolute and effective administration of the country's affairs and avoid a repetition of what many times last session proved to be needless and costly uncertainty and compromise.

### RECENT WEDDINGS

#### Mott-Stewart.

A wedding of interest to many New Brunswick friends took place at St. George's rectory, Moncton, on Sept. 9, when Rev. W. B. Sisson united in marriage with a double ring service Miss Bertha Viola Stewart, daughter of Mr. and Mrs. Robert J. Stewart, of Cole's Island, Queens county (N. B.), and Arthur M. Mott, son of Mr. and Mrs. Clarence A. Mott, of Waterborough, Queens county. They were attended by Mr. and Mrs. Francis E. Nelson, of Moncton. Miss Stewart was formerly on the staff at Centennial school, St. John. Mr. and Mrs. Mott will reside in Moncton.

#### Milne-Haddow.

in the early part of the nineteenth century. He was also a local magistrate in Charlotte county and was proprietor of the "Provincialist," a weekly paper published at St. George. He died in 1898 at the age of 64. Mr. Clinch had a family of twelve children and Mrs. Robinson was the last survivor of the twelve. Her grandfather, Peter Clinch, was a United Empire Loyalist and settled at St. George in 1785. He was at one time a member of the executive council of the province.

She came to this city in 1854 and was married to Thomas M. Robinson, manager of the Western Union Telegraph Company here in 1860. He died on April 10, 1918. Mrs. Robinson is survived by one daughter, Miss Roberta, at home; and one son, W. Percy, of Toronto. Dr. C. Clinch and Peter Clinch, of this city, are nephews.

The funeral will take place this afternoon at 5 o'clock from St. Paul's church.

### Mrs. Jessie Reid Poole.

The sudden death of Mrs. Jessie Reid Poole, wife of John H. Poole, of J. H. Poole & Son, this city, took place at her home, Public Landing, on Saturday afternoon, will come as a surprise to her many friends in the city and throughout the province.

Mrs. Poole retired in her usual good health Friday night, suddenly became ill early Saturday morning and in spite of medical assistance passed away late in the afternoon.

Besides her husband Mrs. Poole is survived by five sons—William N. of Calgary; Ivan R. of Nelson (B. C.); Stanley S. of Winnipeg; Fergus G. and George C. of this city; also one daughter, Mrs. J. Starr Tait, of St. John.

The funeral service will be conducted by the Rev. Dr. J. A. Morrison at the family residence, Public Landing, on Tuesday afternoon at 2 o'clock. Funeral will proceed by motor to Fernhill cemetery for interment.

### YESTERDAY IN CITY CHURCHES

Large congregations greeted the pastor, Rev. J. A. Swetnam, at both the morning and evening services yesterday in the Waterloo street Baptist church.

Mr. Swetnam took as his subject in the morning service, following Christ, quoting John, xxi-21: "Follow thou Me." He said that the call comes today, as it did to Peter of old, to follow Christ—to follow him into the wilderness of temptation, into the mountain of prayer, to the field of Christian service, to the garden of sorrow and death, into the resurrection of life and into His eternal glory. During the service, Deacon John Mott rendered beautifully a solo, "Who Can It Be But Jesus?"

In the evening he spoke on the Four Certainties of Christianity—the certainty of a personal God; the certainty that Christianity presents a Saviour; the certainty that there is a plan of salvation given to us through the cross of Calvary and the certainty of the immortality of the soul. Miss Daley was heard in a beautiful solo, "Hold Thou My Hand."

Rev. W. W. Malcolm, of St. Stephen, conducted the services in St. David's church yesterday. Mr. Malcolm was formerly a member of St. John's congregation and is a son of the late Andrew Malcolm, of St. John. He was given a cordial greeting by many friends, and his earnest addresses were listened to with great appreciation.

The last of the services in connection with the local observance of the Jewish New Year was held yesterday at noon. Each of the services on Friday, Saturday and Sunday in the Carleton street synagogue was largely attended. The local rabbi, Mr. Saltzberg, conducted the services as the cantor. The next day of religious observance in the Jewish year is the Day of Atonement, which comes on Oct. 1, this year. Rabbi Tesser will remain in the city to take part in the ceremonies of the Day of Atonement.

### NEW PHYSICAL DIRECTOR FOR LOCAL Y. W. C. A.

Miss G. K. Pepler, of Toronto, the new physical director of the Young Women's Christian Association, arrived in the city on Saturday and expects to start the organization of the gymnasium work with all possible speed. There have been many earnest inquirers at the recreation centre, who were much concerned to know how quickly the gymnasium classes were to be arranged. Miss Pepler knows physical work from A to Z, and is planning for a big programme this season. She has been at summer camp all during the season and has had great success in leadership and in training girls.

Mrs. Percival Foster, the general secretary, has been busily engaged getting things ready for the big rally, which has always been the formal opening of the Y. W. C. A. season since the recreation building was first occupied by the association.

## NEWFOUNDLAND PER AROUSED

Advocate Says  
Working Against the  
Humber Industry.

Evening Advocate, St. John's, Nfld., Sept. 18)  
Yesterday the following information came to us from an authentic source: It might be well for the people of Newfoundland to know immediately that certain Canadian interests have petitioned and lodged a strong protest with the imperial government against the concessions being granted for the development of Newfoundland.

These interests are now attempting to get a combination of English and paper manufacturers to join in a fight to fight the concession to Newfoundland. This refers, of course, to the Humber industry and the arrangement which is being made under the British government, under its trade facilities act, guaranteeing a portion of the bonds of this project.

It is almost unthinkable that the Canadian Pulp and Paper interests would take the trouble to interfere so unwarrantedly with the affairs of another Dominion, or prove so small in their desire to take industrial development in Newfoundland.

There is no dependency in the Canadian pulp and paper industry at the present time, nor is there a slightest shadow of a threat to the continued prosperity of that industry, and why these interests should be so anxious to interfere with such needed industrial development here is a mystery.

The only answer to it all is that these companies want to keep all the pulp in the paper and pulp industry for themselves and that they are afraid of the competition with this little island.

We have received columns and columns of reprinted articles from Canadian and other papers showing the great prosperity of the paper and pulp industry. The timber areas of both these countries is limited, and the pulp and paper interests are able to boost the price of paper, and obtain profits had were unobtainable before. This paper industry has passed the peak of its boom, and is now established on a firm basis with a long run of the industry before it.

Canada has many millions of acres of land which can be developed into such industries as paper and pulp. This has been brought out recently, and that the bulk of the money financing the pulp and paper industry has been supplied by United States interests.

It can only be seen then that behind this impudent protest against imperial concessions to Newfoundland is a deep scheme which has its origin in the just of the neighboring continent.

That must be fought against our command. Behind this desire to rob Newfoundland of its industry, to postpone together this development, we have to fight our enemies would come in here and acquire

these lands and then go away and forget them.

We do not want any speculators to lock these lands and resources up in order to choke off competition. We have resources of huge wealth which have lain dormant for decades. The concessions which this Dominion is offering to the Armstrong, Whitcomb Company are for the purpose of forcing these resources of the Humber to the point of full development. We are dealing with a reputable English firm and the whole financial world has confidence in it. That is a point which is worth stressing. Newfoundland needs labor giving industries, and is ready to offer concessions which will mean an industry of such magnitude as will be established on the Humber. The British government has also been approached, in order that it may assist the oldest British colony in its legitimate aspirations in a time when this assistance may be of much service.

The protest of Canadian interests represents a very small spirit, but it also proves to us that Newfoundland has a good proposition in the Humber property. It is up to Newfoundlanders to arise and demand that those Canadian speculators keep their hands off our affairs. The time may come when it will be necessary to speak even more plainly about those who are keeping Newfoundland back in the march of progress. We seem to have been too long at the mercy of those who have retarded development, and if the people have to act we know they are ready to do so.

The country needs development such as is offered by the Humber industry and intends to have it, no matter what protest the other pulp and paper interests offer.

### WANT MORE WOMEN IN CIVIC AFFAIRS

Active Campaign Will be  
Undertaken by Toronto  
Council.

(Toronto Mail and Empire.)  
At a special round table conference of the Local Council of Women, yesterday afternoon at the Sherbourne House Club, a number of questions of immediate interest were brought up for discussion. The council will undertake a campaign to secure representative women as candidates for municipal office at the New Year's elections.

Immigration, housing and town planning, the suppression of objectionable printed matter and other matters were considered. The president, Mrs. R. G. Smythe, occupied the chair.

Mrs. W. R. Jackson, convener of the finance committee, reported on the fate to be held this autumn in aid of the council. Mrs. J. Wesley Bundy spoke on the housing and town planning conference to be held in Toronto, October 16th and 17th. Mrs. Woods gave a report on the work of the committee for the suppression of objectionable printed matter and the council endorsed a resolution to be sent to the federal government, requesting the appointment of a board of censors for objectionable printed matter. The treasurer's report was presented by Mrs. W. R. Jackson.

Mrs. R. G. Smythe presented the resolution on immigration passed at the recent conference called by the minister of education, and went on to point out the features of special importance. She stated that the British government would co-operate with the government here on an equal basis in financing the immigrants from the British Isles settling here.

"I was very much pleased to discover that practically every point with which the conference dealt had been thrashed out already in the national council. The plan of instituting a farm scout movement for boys from fourteen to sixteen years of age was a new one, but in addition to the points brought forward by the conference it was suggested that one day should be set apart for the immigrant to mark the occasion of receiving his citizenship. We want to make it a real day in their lives," Mrs. Smythe concluded.

**"TOY DRUM HERO"  
MADE GOVERNOR  
SO. AUSTRALIA**

London, Sept. 6.—(A. P. by mail)—Major-General Sir George Moleworth Bridges has been appointed Governor of Australia, succeeding Lieutenant-Colonel Sir William Weisell. The latter resigned the position because he said he could not live on his salary and had not sufficient private means to afford the luxury of maintaining such a position.

His successor, Sir George, is known in the British army as the "Toy Drum Hero." The term has not been applied to him in derision, but in recognition of a memorable incident of the war in which he displayed great gallantry.

After the action at Le Cateau, in 1914, the British army started on the great fighting retreat, and men were dropping out from sheer exhaustion. Major Bridges, as he then was, went back to St. Quentin to round up 250 stragglers.

He found them in a state of collapse. At a little village shop he bought a toy drum, and falling the men into line with the toy drum and a penny whistle to serve as a band, he marched them off, laughing in spite of their weariness. They kept on marching for twenty-eight miles.

Sir George was the military member of the Balfour mission to the United States in 1917, and head of the British War Mission to the United States in the succeeding year.

## BETTER RELATIONS OF CHINA PARTIES MAY BE ADVANCED

(Canadian Press Despatch.)  
Peking, Sept. 24.—Acceptance by Hsu Chen, a loyal adherent of Sun Yat Sen, deposed president of South China, of the portfolio of justice in the reorganized Peking cabinet, is regarded in official circles here as a marked step towards better relations between the north and the south.

It is understood that Hsu, who formerly was minister of justice in the Canton government under Yat Sen's presidency, will arrive soon from Shanghai to assume his post.

A bloc of members of the Canton parliament, mostly close supporters of Sun, have attacked the Peking government's efforts to raise funds to tide over the mid-autumn settlement day by the floatation of a \$10,000,000 bond issue. This issue would be secured by that portion of the customs duty released through suspension of payments on the Russian Boxer indemnity announced a few days ago.

Following up their protest against the bond issue, the southern parliamentarians have telegraphed the foreign legations here as a marked step towards better relations throughout the country, condemning the plan. The protest declares that the bond floatation should be repudiated by the people.

Despite this opposition, the government is going ahead with its tentative bond plans. The cabinet appears to be hopeful that with the \$10,000,000 it expects to raise in this manner and the surplus from salt revenue after foreign obligations are met, it will be able to surmount its immediate financial difficulties.

## WIFE FINDS VOICE AS HUSBAND DIES

Mrs. Samuel Simpson was in Semi-Comatose State for More Than a Year.

New York, Sept. 25.—Mrs. Samuel Simpson of No. 47 Hayes street, Baldwin, Long Island, who has been in a semi-comatose condition for more than a year, has not used her voice since last December, when she was operated upon in a vain effort to arrest the gradual advance of creeping paralysis with which she is afflicted. Tuesday evening about 7 o'clock, much to the surprise of her two attending nurses and her old negro maid, she aroused herself, looked around the room and asked: "Where's Sam?"

The nurses hugged each other with joy. "Just wait until Mr. Simpson comes home; won't he be glad to learn that her voice has returned," said one to the other. The negro maid smiled from ear to ear.

Then the telephone rang. One of the nurses answered it. "I regret to inform you that Mr. Simpson just fell dead while eating dinner at the Archambault restaurant, at No. 2672 Broadway," said a voice as that of Dr. Chas. F. Locke, who was dining with Mr. Simpson at the time.

A check-up revealed that Mr. Simpson's death and the return of his invalid wife's voice came at almost the same time. The nurses now are reading the supernatural in the double occurrence.

The death of Mr. Simpson was the third in a chain of tragedies that have visited the Simpson family. Mrs. Simpson was Mrs. Clara Virtue. She came here from Canada twelve years ago with her mother, a Mrs. Southwell. She was at that time an accomplished musician, tennis player and swimmer, but about eight years ago she became afflicted

**MOVIE EXPERTS VIEW  
NEW COLORED FILMS**  
Declare Demonstration of Recently Invented Process Solves Problem of Industry.

New York, Sept. 25.—Results of the new process of coloring motion pictures, to promote which William Travers Jerome and others have formed a \$1,000,000 company, were exhibited at a private showing in a projection room in the Chandler Building last week. The film was unrolled before a gathering consisting mainly of expert picture men, who seemed unanimous in

their opinion that the problem of the colored motion picture had been solved. As announced, the new process is the invention of Daniel Frost Comstock, who has been at work upon it for seven years. The promotion company, headed by Mr. Jerome, in which about forty-five well-known business men are associated, has been making its plans for the last two years.

The films shown were portions of a picture recently taken in California under the direction of Joseph M. Schenck, who is the first producer to extend the new process to a five-reel feature film. According to the picture men who viewed the film yesterday, the new process solves all the problems that had hitherto been associated with colored films. It brings backgrounds out clearly and thus imparts a third dimension to a picture; it enables colored objects to move rapidly without blurring them, and it is particularly successful in bringing out the natural facial tints. At one point in the film quantities of colored cloth were slipped rapidly from one hand to

another, but the outlines were at all times clear. S. L. Rothel, director of the Capitol Theatre and a pioneer picture man on Broadway, declared that he had seen the pictures and that he was enthusiastic about them. Among those who saw and approved the films was Charles Dana Gibson.

The last Sunday night train of the season over the C. P. R. from Fredericton reached here last evening shortly after 7 o'clock. The train was well filled with passengers, many being from the suburban stations.

## It Keeps for Months—Always Handy

THOUSANDS of Canadian housewives now buy milk ahead—a week's or a month's supply—with their groceries.

They keep Carnation Milk on their pantry shelves—pure, rich, "whole" milk, fresh whenever needed.

Rich, fresh milk is delivered to the Carnation condenseries. Part of the water is taken away by evaporation. The milk of creamy consistency is then sealed in new containers and sterilized.

So Carnation Milk keeps. None is wasted. Your grocer can always supply you—winter or summer.

And Carnation Milk serves every milk purpose. Use it as cream, even for whipping. Dilute it with water for ordinary milk uses.

Order several tall (16 oz.) cans or a case of 48 cans from your grocer—the Carnation Milkman. Try this recipe and write for Recipe Book.

**CREAM OF TOMATO SOUP.**  
2 teaspoonfuls sugar, 1/4 teaspoonful soda, 1 slice onion, 1 1/2 cups water, 4 tablespoonfuls butter, 1 cup Carnation Milk, 1/2 can tomato (2 cups), 2 cloves, 1 teaspoonful salt, 1 cup water, 4 tablespoonfuls flour, 1/2 teaspoonful pepper, 6 pepper corns, bit of bay leaf. Cook tomatoes slowly for twenty minutes with 1 1/2 cups of water, seasoning and sugar; strain, add salt and soda. Melt butter, add flour, stirring constantly. Add Carnation Milk diluted with one cup of water. Cook until thickened. Add the strained tomatoes to the milk. Serve at once.

Boy! Page Mr. Einstein

THE shortest distance between a seller and a buyer is a straight line. If there is any shorter, let us page Mr. Einstein and ask him about it.

In advertising, the Daily Newspaper is the most direct line possible, and the customer you seek keeps the kinks out of it. He sees that he gets his newspaper at the earliest possible moment. He is not satisfied to wait until the postman delivers something that has been "directed" to him at his home address.

When the daily newspaper passes into the reader's hands, it is expected, welcomed and read. It has his interest before it even gets to him. He will complain loudly to the newsdealer if an issue escapes him. He will stand in the heat and the cold while the newsboy fumbles for change. When the delivery brings the daily paper to a home, it is taken in eagerly by someone.

Did anyone ever telephone your office to complain that your circular or form letter had not arrived? Have you ever noticed men waiting in line for the postman to deliver your printed matter? Have you ever seen the daily newspaper slipped off the desk or the supper table while second class mail is read to the family? Until you have, let us be honest and distinguish between "direct" advertising and printed matter "directed" to your address.

CITY SWIMMING  
BATHS CLOSED

The public swimming baths at Rowan's wharf were closed on Saturday after a very successful season. This year many children were taught to swim, under the supervision of Mark Burns. Many women took up swimming for the first time this year. Commissioner Bullock said the attendance had been good throughout the season, and he was looking forward to making improvements to the baths and surroundings next year.

Rev. Hugh Miller, of Campbellton, who has accepted the call to St. David's Presbyterian church, is expected to arrive in the city tonight. His induction is to take place tomorrow night in St. David's church.

POTATO WAREHOUSE  
NOW ASSURED HERE

Public Works Department Issues Order For Building on Representations of T. W. Caldwell.

Ottawa, Sept. 24—T. W. Caldwell, M. P., who is in the capital in connection with his scheme to assist in marketing the potato crop of New Brunswick, called on the deputy minister of trade and commerce this morning to ask the assistance of that department to ascertain the possibilities of developing trade with Florida and other southern coast states with the result that the deputy minister dispatched the following message before Mr. Caldwell left his office:

To Frederic Hudd, Canadian Trade Commissioner, 44 Whitehall Street, New York: "Important, please arrange yourself or send Palmer to Woodstock, N. B., to meet shippers of potatoes and hay on Tuesday, Sept. 26, in order to obtain full information with regard to export business, and thereafter proceed to southern state ports to investigate possibilities of extending trade there. Matter urgent. Report to O. R. Estey, Woodstock, N. B. Please wire confirmation."

The department of public works also approved of Mr. Caldwell's request for a frost-proof warehouse at West St. John today and issued an order to have work on same, commence at once with a view to having it completed by Nov. 1.

Mr. Caldwell has also been in conference with C. P. R. officials with a request that they should absorb the terminal charge at St. John of three cents per hundred pounds on potatoes for export and is in receipt of the following telegram: Montreal, Sept. 23, '22. T. W. Caldwell, 97 Metcalfe Street, Ottawa: We are agreeable absorb cost of unloading.

CHOPIN MONUMENT  
FOR WARSAW PARK

Italian Royal Academy of Fine Arts Urges Its Completion.

Rome, Aug. 23—(By mail)—The Italian Royal Academy of Fine Arts, under the presidency of the sculptor and politician, Professor Ferrini, has adopted unanimously a resolution in favor of the completion of the Polish national monument to Chopin which was to have been erected in the public park of Warsaw ten years ago. A copy of the resolution has been handed to the Polish Minister in Rome to be forwarded to the Polish government.

ENTERTAINMENT  
WAS SUCCESSFUL

The recent tea and musicale held in the new parish building of St. John the Baptist church, Broad street, which was formerly the Wiggins Orphan Asylum, it is expected, will have realized between \$800 and \$900. Rev. J. J. McDermott announced in the church yesterday that the returns already made amounted to \$761.88, and it was believed that there was still \$150 outstanding as the proceeds of ticket sales.

CARLETON BAND  
FAIR IS AWAY  
TO GOOD START

The Carleton Cornet Band fair, which opened in the Carleton curling rink on Saturday night, was attended by many people, who enjoyed a pleasant evening. The rink was handsomely decorated for the occasion with green boughs, maple leaves, flags and bunting and presented an attractive appearance.

ROYAL NAVY  
CIGARETTES

the head of King street and played from there to the rink by way of the ferry. On their arrival the fair was declared open and merry whirling commenced. The committee in charge, under the chairmanship of W. W. Donahue, was congratulated by many on the success of the opening night. It is planned to continue the fair for ten days.

TEA AND LINEN SHOWER. Miss Kathleen McCrossin, whose wedding is to take place soon, was the guest of about twenty-five of her young lady-friends on Saturday afternoon, at a delightful tea and linen shower, at the Manor House. She received many lovely gifts and the best wishes of all present. The afternoon was delightfully spent.

Will It be a Costume Slip or Won't It? You will need a new silk petticoat for fall, but whether it will be a costume slip or just a plain petticoat it might be hard to say. They are both very popular, so why not buy both? Favorite fabrics are habutae silk and fine muslins for the costume slips—\$2.75 to \$5.50.

Undershirts of silk—\$4.75 to \$7.25

Gloves For the New Fall Costume Finger tips can be sure that they are touching the right notes of fashion when they are dressed in these new fall gloves. The strapped wrist or gauntlet models are made of excellent suede. And there are numbers and numbers of fine quality French kid in the most favored colors which are heaver, tan, black and white. Suede gloves, silk or fabric with wrist or gauntlet length .....\$1.00 to \$3.50

Novelty gauntlets in contrasting shades \$4.75 to \$7.50

Hosiery Bids Fair to be the Smartest Autumn Accessory By day and by night the new hosiery for fall has but a single thought. It tries to be the smartest complement to the new fall outfit. And when there are such enticing colors as silver, mist, golden pheasant, you can be sure that it is successful. For sportswear or when days get really cold there are wool or silk wool in cosy-looking colors.

Wool hosiery, \$1.19 to \$1.65  
Silk and Wool .....\$2.25  
Silk and Pyramid heel, \$2.50  
Pure thread silk and glove silk, also embroidered and beaded effects, \$1.85 to \$5.

CAUSE OF PEACE  
GROWS STRONGER,  
SAYS BARON BYNG

(Canadian Press Despatch.) Saskatoon, Sask., Sept. 23—Speaking at a public reception tendered him here last night, Baron Byng of Vimy, governor-general of Canada, declared there was taking place, despite apparently adverse reports, a gradual improvement in the intercourse of nations and an even larger interest in the cause of world peace. He referred to the treatment of the present difficulties in the Near East as an illustration, and expressed a belief that an educated public opinion throughout the empire would have a moral effect upon disturbing elements that should go far towards maintaining stabilized conditions.

WHAT ONE  
MAN DOES TO  
SUPPORT A TITLE

London, Sept. 1—(A. P. by mail)—It is hard to be relatively poor, yet compelled by the circumstance of birth to hide the fact and even play the part of a mad-cap spender. A certain lord writes to a London newspaper: "I have to wear a tall hat and the tall coat of conventionality. I have to tip well and cheerfully, and at the same time count every penny. When friends from abroad come to town I have to entertain them—which is a pleasure, but oh! the plotting and the planning and mean little economies that I have to practise! Without a title I should be a comparatively happy man. But I inherited it and I cannot shed it. "A wealthy American once said to me, 'You British peers have a jolly good time!' I tried to explain to him that we, too, had responsibilities, but

Public Now Prefers  
Vegetable Laxative

Dr. Caldwell's Laxative Syrup Pepsin affords prompt relief in a natural way. The public is constantly becoming more discriminating in its choice of things. Those subject to constipation try to learn what makes them constipated, and then avoid it. If constipation persists in spite of all their efforts they take the mildest, most easily tolerated laxative obtainable, and not a drastic physio that upsets them for days afterwards. As over 10 million bottles of Dr. Caldwell's Laxative Syrup Pepsin are sold a year, a large proportion of the people must believe that this mild vegetable compound is the proper remedy for them, and so it is. No need to take salt waters and powders that dry up the blood; coal-tar drugs in candy form that produce skin eruptions, or calomel that salivates. These drugs are "heroic measures," over-effective, weakening and griping. The best constipation remedy is the one that moves the bowels without shock to your system, and such a one is Dr. Caldwell's Laxative Syrup Pepsin. It is a vegetable compound of Egyptian senna and pepsin with pleasant-tasting aromatics, and has been satisfactorily sold for 30 years. Unlike the harsher physics it does not produce a habit, and increased doses are not required; in fact, it so trains the stomach muscles that in time medicines of all kinds can be dispensed with. Many take a teaspoonful of Syrup Pepsin once a week as a health safeguard. Others use it only when required, as, for example, Mrs. Jack Turtle of Cherry Valley, Ont., who finds it equally valuable for herself and the children, and Mr. H. S. McLaren of Montreal, Que., who uses it regularly. Try Dr. Caldwell's Laxative Syrup Pepsin in constipation, biliousness, piles, headaches, sallow complexion, and to break up fevers and colds. A generous-size bottle can be had at any drug store, and it costs less than a cent a dose!

REJECTED MANUSCRIPTS FILL TRUNK OF WOMAN SUICIDE Santa Ana, Cal., Sept. 23—A trunkful of manuscripts, with each of which was a printed editorial rejection, was in the room in a hotel here where the body of Miss Minnie Strong, a writer of Long Beach, Cal., was found hanging. A note told of literary disappointments and fear of old age in the poorhouse.

Fashions for Autumn

The Frocks, the Suits, the Wraps, the Blouses, the Skirts, the Accessories,—they're all here in the glory of another new season. The new Autumn colorings are truly delightful, so entirely different and yet so very fascinating.

The Autumn Wraps Are Chiefly Coats Not is That the Only Innovation The most striking characteristic of the fall wraps is that almost every one of them has sleeves, real sleeves in the genuine coat fashion even though it is styled on wrappy lines. This achieves a costume at once dressy and yet more practical than the sleeveless wrap of recent seasons. But there are other features to tempt you; exquisite combinations of fur with fabric, all-over embroideries and decorative girdles—\$25 to \$100

Smartly Costumed Women Are Frocks in the New Fall Sty Quite effective are the new long skirts with side drapes and becoming flowing or loose sleeves. Such rich materials as Velvet, Cantons and Satin Cantons in a goodly array of colorings; and of course the wool frocks developed from Botany Serge and Tricômes are very popular with their rich embroideries .....\$15 to \$75

Fox Furs to Adorn the Fall Costume Beautiful Cross and Silver Fox Furs have come to us direct from the ranches. Furs that will add a wonderful charm to your fall costume.

Blouses Travel New Ways in the Fall The new Blouses have their own sweet way it seems, and they are very picturesque and lovely in Bokara or crepe silks that are embroidered or beaded. Then there are others that are quaint and charming that have been influenced by the ideas of a Russian peasantry .....\$4.75 to \$15.75 Handmade of the finest Batiste .....\$3.50 to \$6.50

The Athletic Girl—The Regular Girl Ask Her About the New Wool SKIRTS She will tell you there's nothing like them for the better half of a jaunty all-around costume. That topped off with a gay sweater she wears hers for golf, that accompanied by a crisp tailored blouse she feels fit for the day's business in town. She'll also say that they're ever so swagger this fall .....\$5.75 to \$20

FOR POLISH SEAPORT, Warsaw, Sept. 25.—The Polish diet has authorized the building of the first all-Polish seaport at Gdynia (Gdingen) providing a deep-water harbor at a cost of only fifty million gold marks. This policy was adopted because of the belief that the Danish authorities are taking advantage of Poland, thinking their harbor indispensable.

LOCAL NEWS

Sydney Murray, son of Mr. and Mrs. E. S. R. Murray, sailed last week for England to take up his studies at London University. Mr. Murray graduated in arts from McGill University this year and was awarded a scholarship in economics at London University.

The case, the report of which is in the hearing, and the disposal of on Saturday of the Peace Anderson tenor. This was the first hearing, and the judgment will be given in a week. Provincial Justice Robert Crawford, who conducted the prosecution, called three cases, while A. N. Carter, who appeared for the defence, had one.

Jack Rossley, who has been the full producer of Imperial Theatre's entertainments, is in town with her daughter Bonnie, who recently joined a big show, opened on Broadway a few days ago. Rossley has been advancing in the theatrical profession of late. Her early training she received from her parents, who were on the stage of Great Britain.

persons interested generally in culture and progress. Following the example of other countries, under similar circumstances, two days have been set aside as temperance holidays. During this period no saloons will be open; special services will be held in the churches, and school children all over the state will listen to temperance lectures.

Six Days More. Ottawa, Sept. 24.—One more week remains to Canadians to back their citizenship with their dollars. Next Saturday night the books will close in the department of finance on the conversion loan and the next six days must decide its fate. There is no question about its being a success but it now lies with the people to make it either a big or a little success.

SWEDEN'S REVENUE FROM LIQUOR IS \$32,000,000. Stockholm, Sept. 4.—A. P. by mail. Sweden's income from liquor trade taxes during 1922 will be more than 121,000,000 kronor, or more than \$32,000,000, according to the official reports just published by the Liquor Control Board.

One of the arguments used by Sweden's "wets" in the recent prohibition referendum in Sweden, which resulted in a victory for the anti-prohibitionists, was that in case Sweden went dry there would be a heavy loss of revenue from liquor taxes, and that other commodities might have to be surtaxed to make up the deficit.

ARE REUNITED. The reunion of a husband and wife, after seven months separation, was effected on Saturday on the arrival of the Eastern Steamship Corporation's steamer Governor Dingley from Boston. The pair belong to Kings county, and about seven months ago the wife left home after it is alleged, a disagreement with her husband. Her whereabouts were at first unknown to her relatives, but she was finally located and at the request of the authorities here she was deported. Her husband was at the boat to meet her and as she stepped ashore she was cordially welcomed; as the pair left for the union station the husband pronounced a devout "Amen" to his wife's remark, "There's no place like home."

Philadelphia is Accused of Using Slight-of-Hand on Hotelkeeper.
Philadelphia, Sept. 25—George Jose of this city was held in \$8,000 bail today by Magistrate Coward for the next term of court in Lackawanna County to answer a charge of having sold a barrel of water, purported to be whiskey, to a Pottsville hotelkeeper for \$800.
Jose is alleged to have used a bit of slight-of-hand when he allowed the hotelkeeper to sample the "whiskey." Instead of syphoning a drink from the barrel he is said to have syphoned it from a bottle in his coat pocket by means of a rubber tube running through his sleeve.

FALSE FLOOR FOR SMALL ARTICLES
SOLVES DISPLAY DIFFICULTIES
What's a store to do when it has only one display window which must be made to contain two entirely different kinds of goods that need very different display effects, so far as the physical appearance of the space is concerned?
Of course, there are a number of make-shift devices which might be used, but, at best, these do not carry the sales-appeal that would be inherent in a window designed especially for either type of goods.
This is the problem which the Premier Distributing Company of Denver, Colo., has faced for some time past. The lines handled by the store may be divided into two principal classes—electric washing machines and other bulky apparatus which takes up a good deal of room, and smaller articles like toasters, percolators and the like that can be shown to advantage only when they are two or three feet above the regular level of the flooring.
Like other stores which have had to wrestle with this problem, the Premier Company adopted the policy of placing the larger articles on the floor of the window space and then used tripods, stands and small tables for the display of the electric fans, irons, toasters and other portable household appliances. The resultant display, however, was either attractive or sales-producing. The people stopped to look at one type of article and then had their attention diverted to the other, with the result that they usually passed along and bought neither.
"Something's got to be done about this," declared the manager of the store, "and we'll have to work out some method by which the big pieces can be shown by themselves—and the same thing applies to the smaller articles."
"Here you're going to do it when you have only the single window space?" the manager was asked, particularly when that window isn't large enough to divide? If you had two windows, it would be merely a matter of building a floor two or three feet above the original one and use that for the display of the

"Canada Permanent Bonds"
The Bonds of this Corporation are designed to meet the needs of all classes of investors. They are issued in sums of \$100 and upwards for terms of one or more years. They are made payable on any date desired, and may be renewed at maturity.
You cannot invest your money more safely than in these bonds, which bear a specially attractive rate of interest, for which coupons, payable half-yearly, are attached.
The experience of more than sixty-seven years has been brought to bear upon the investment of all moneys and the selection of securities therefore.

To Holders of Five Year 5 1/2 per cent Canada's Victory Bonds
Issued in 1917 and Maturing 1st December, 1922.
CONVERSION PROPOSALS
THE MINISTER OF FINANCE offers to holders of these bonds who desire to continue their investment in Dominion of Canada securities the privilege of exchanging the maturing bonds for new bonds bearing 5 1/2 per cent interest, payable half yearly, of either of the following classes:—
(a) Five year bonds, dated 1st November, 1922, to mature 1st November, 1927.
(b) Ten year bonds, dated 1st November, 1922, to mature 1st November, 1932.
While the maturing bonds will carry interest to 1st December, 1922, the new bonds will commence to earn interest from 1st November, 1922, GIVING A BONUS OF A FULL MONTH'S INTEREST TO THOSE AVAILING THEMSELVES OF THE CONVERSION PRIVILEGE.
This offer is made to holders of the maturing bonds and is not open to other investors. The bonds to be issued under this proposal will be substantially of the same character as those which are maturing, except that the exemption from taxation does not apply to the new issue.
Holders of the maturing bonds who wish to avail themselves of this conversion privilege should take their bonds AS EARLY AS POSSIBLE, BUT NOT LATER THAN SEPTEMBER 30th, to a Branch of Chartered Bank in Canada and receive in exchange an official receipt for the bonds surrendered, containing an undertaking to deliver the corresponding bonds of the new issue.
Holders of maturing fully registered bonds, interest payable by cheque from Ottawa, will receive their December 1 interest cheque as usual. Holders of coupon bonds will detach and retain the last unmaturing coupon before surrendering the bond itself for conversion purposes.
The surrendered bonds will be forwarded by banks to the Minister of Finance at Ottawa, where they will be exchanged for bonds of the new issue, in fully registered, or coupon registered or coupon bearer form carrying interest payable 1st May and 1st November of each year of the duration of the loan, the first interest payment accruing and payable 1st May, 1923. Bonds of the new issue will be sent to the banks for delivery immediately after the receipt of the surrendered bonds.
The bonds of the maturing issue which are not converted under this proposal will be paid off in cash on the 1st December, 1922.
W. S. FIELDING, Minister of Finance.
Dated at Ottawa, 8th August, 1922.

Out of the Pages of Adventure A ROMANCE THE WHOLE WORLD KNOWS!

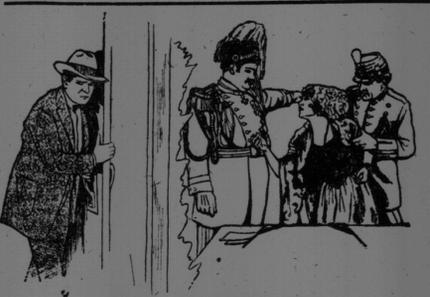

SEE Robinson Crusoe and his faithful comrade Pegleg fight an uneven battle with the villainous pirates of the Spanish Main! Such scenes of adventure on the High Seas were never before filmed—and through it all, the most famous hero ever created. SEE Robinson Crusoe escape from the shipwreck of the pirate vessel, with food but for a few days, and with no companion but a dog! Thrill with him when he sees over the horizon the waving foliage of tropical palms—just as you read about it in the book. SEE Robinson Crusoe create from nothing but his inventiveness and a few clumsy tools a rude hut and other essentials of life upon his lonely island! Far away from all human companionship, in a strange land, surrounded by unknown dangers, Crusoe courageously starts a little world all his own.

Read by Every Child in Every Generation for the Past 200 Years. "Robinson Crusoe" And His Crew Pegleg, One Eye Black Tom Friday.

SEE The savage cannibals who attack Crusoe and the faithful Friday—the remarkable battle of gunpowder against native weapons—the fear and awe of the black savages of the "stick that splits fire and death"—and the narrow escape of Crusoe and Friday from a horrible end at the hands of the cannibals. SEE Robinson Crusoe find the "Lost City"—the mysterious disappearance of Friday and the portent of the strange city in which there seemed no life, no movement—nothing but deep mystery and a strange threat at the safety of the castaways—the happy ending of the greatest story of adventure on land and sea ever written. SEE Friday and Crusoe find the "Water Witch"—the building of the rude stockade against future attacks by cannibals—the loyalty and love of Friday, the black saved from death by Crusoe—the new dangers of the jungle encountered every day—the bravery and wit of the lonely castaway.

NOTE TO TEACHERS AND PARENTS—The adventures of Robinson Crusoe should be seen by every school child. It is a picture of this sort, being educational and entertaining. Commencing THURSDAY SEPT. 28 UNIQUE Extra Added Attraction "Out of the North" FRANK MAYO

**FOOD CASES**  
Judgment in several cases brought by the board of health against vendors of food in the city, which was to have been given this morning will be given Wednesday morning at ten o'clock. Daniel Mullin, K. C., appeared for some of the vendors and Dr. J. Roy Campbell, K. C., for the board of health.

**LOCAL FOOTBALL**  
The Trojans football team are scheduled to practice on St. Peter's park this evening. Tomorrow evening the St. Peter's senior team will have another practice. About twenty players turned out on last Saturday for their first real workout and judging from the interest manifested the club should be represented by a strong team.

**DIVERSION OF BROOK**  
A diversion of Newman Brook is being made by a crew from the water and sewerage department to enable them to lay a thirty-six inch sewer from the vicinity of Luke's church to the culvert which spans the brook at Adelaide road. This sewer will be part of a system which will drain Dufferin avenue, Lansdowne avenue and Metcal street extension.

**BY LAW MATTER**  
John Ross was charged this morning with not having lights on a staging in Prince William street. He pleaded not guilty. Policeman Lobb said he had passed the staging at 1:20 on the morning of September 22, and the staging was unlighted. There was a lantern there but it was not lighted. Mr. Ross said he had lighted the lantern himself at five o'clock and knew it had been going at eleven. He was excused.

G. A. Margets, formerly maritime manager of the Famous Players-Lasky Film Corporation here and who left a fortnight ago to assume management of the Winnipeg branch, is slowly recovering from a serious illness which he contracted shortly after his arrival in the western city. He has been under professional care at his hotel from an illness presumably brought on by drinking water. Mrs. Margets and child are still in St. John.

**A TRAFFIC MATTER**  
William Lunney was charged with allowing his horse with wagon attached, to stand in Erin street without a foot strap. He pleaded not guilty. Policeman Kilpatrick said he had seen the rig in Erin street on Saturday night and had taken it to Donahue's stable. The accused said he had a rope strap attached that he thought some boys had been fooling with it. The case was adjourned to allow him to get witnesses.

**KENNEDY-DOHERTY**  
A nuptial event of interest took place at eight o'clock this morning in the Cathedral of the Immaculate Conception, when Rev. Wm. M. Duke united in marriage Miss Helena Elizabeth Doherty, youngest daughter of Mr. and Mrs. John Doherty of 168 Waterloo street, to James Kennedy of this city. The bride, who was given in marriage by her father, looked very pretty, attired in a tailored suit of navy blue tricotine cloth, wearing furs and large black hat of velvet with silver cloth facing and gold and silver trimming. Her bouquet was of sweetheart roses and carnations. Mrs. Andrew T. Moore, sister of the bride, acted as maid of honor. After the ceremony the bridal party drove to the home of the bride's parents where a dainty wedding breakfast was served. After which Mr. and Mrs. Kennedy left by the Halifax Express for an extended honeymoon trip through the maritime provinces. Returning they will reside at 87 Douglas avenue. The bride's traveling costume was a dress of navy blue cretonne with traveling cloak of midnight blue beaver cloth and silver grey hat. The presents were numerous and costly, including silver and cut glass and the groom's gift to the bride was a gold watch.

**CARLETON SCHOOL CEREMONY TODAY**

Laying of the Corner Stone of the New Albert Building by H. Colby Smith This Afternoon.

With appropriate ceremonies, the cornerstone of the new Albert school was laid this afternoon at 3 o'clock by H. Colby Smith, senior school trustee from West St. John, himself a graduate of the old Albert institution. The new school will take the place of the old Albert structure which was erected some forty years ago and in whose classes were included some of the prominent business and professional men of the city.

Many people witnessed the ceremonies, which included a short programme given by the children from Albert School.

Albert school was opened in 1876. The building cost \$27,264. The trustees at that time were John Boyd, chairman, Alexander Lockhart, John V. Ellis, Zebadiah Ring, Chas. H. Fairweather, Reuben G. Lunt and Edwin J. Wetmore. The school principal was John Montgomery, and associated with him on the teaching staff were: Miss S. E. Whipple, Miss M. Brittain, Mrs. D. A. Thompson, Mrs. Geo. E. Baxter, Mrs. G. E. Huestis, Geo. E. H. Hay and George Baxter. Since the school was opened it has had four principals—Mr. Montgomery, Lt. Col. A. E. G. MacKenzie, who was killed at the front in the great war; W. L. McDiarmid, and the present incumbent, Miss Harriet Smith. The present staff of teachers are: Miss Clara R. Furlton, Miss Alice M. Carleton, Miss Margaret G. Emerson, Miss Bertha Brittain, Miss Nellie G. Rogers, Miss Emma H. Babbitt, Miss Margaret C. Newcombe, Miss Bertha Estabrooks, Miss Gladys Shaw, Miss Edna Shaw, Miss Margaret Owens, Miss Baird and G. B. Dunham.

At the formal laying of the corner stone this afternoon addresses were given by the chairman of the school board, Judge H. A. McKeown, E. W. Ingraham, Mrs. E. R. Taylor, Michael Coll and the superintendent of schools for the city, Dr. H. S. Bridges. The corner stone was laid by H. Colby Smith, who made a few remarks appropriate to the occasion, speaking from the platform reserved for the speakers. The children of the school sang several choruses and the Carleton Cornet Band played selections.

**PERSONALS**

Mr. and Mrs. Herbert Lyons went to Boston by steamer Governor Dingley Saturday evening.

The funeral of Mrs. Rebecca Anne Ward took place yesterday afternoon at 8 o'clock, from her late residence, 7 Golding street, to Fernhill cemetery. Rev. Mr. Crisp officiated.

Stewart Foote left on the S. S. Governor Dingley on Saturday evening for Providence, R. I., to be visiting his grandmother, Mrs. Wm. Howard, Tower street.

Miss Madeline MacNeill, Cliff street, has gone to Woodstock to spend vacation with her sister, Mrs. H. M. Bridge and Mrs. F. M. Buck.

Mrs. F. E. Crabbe, widow of F. E. Crabbe, of the firm of A. Chipman Smith, has gone to Montreal. Mrs. Crabbe will make her home with her daughter, Mrs. Arthur Irvine, Westmount.

Miss Mona Harvey, who has been spending her vacation visiting her home in Grand Manan, returned to the city last evening.

Miss Elizabeth R. Joyce, R. N., who has been visiting her niece, Mrs. Garfield Brown, 92 Somerset street, left last evening for Philadelphia to resume her duties as night supervisor of the Anderson hospital in that city.

Dr. H. S. Bridges, superintendent of schools, returned home today after attending a convention of motion picture censors in Montreal. While there he also visited the Montreal High school.

**CONTINUE PROTECTION OF EAST INDIAN PRINCES**

London, Sept. 23.—(Canadian Press) A government bill providing for the continuance of the protection afforded to Indian princes against seditious statements in the press which they have enjoyed since 1910 under the Indian act, which latter measure was recently repealed, has now been recommended by the governor general for reintroduction in the council of state, according to a Reuters cable from Simla. The bill was rejected on last Friday by the legislative assembly of India by a vote of 64 to 41. If passed by the council of state it will then become law.

**MISSIONARY PAGEANT**

An item which was inadvertently missed from the account of the rally day service in Waterloo street Baptist Sunday school was a missionary pageant performed by four or five girls of the school, dressed to represent the various countries in which mission work was being done. They were under the direction of Miss Ada Costes.

**WELSH COAL TO FULFIL CONTRACT**

Safety Department Will Accept Substitute for American Anthracite—Building Laws Referred to.

To relieve the fuel shortage, at least one department at city hall this winter will accept Welsh coal to fill the balance of a contract for American anthracite with local dealers. Commissioner Thornton at a committee meeting of the common council this morning reported that the Maritime Nall Co. had delivered about half the quantity of hard coal called for in their contract with the city for supply to the department of public safety. The contract price, he said, was \$46.50, and the contractor was willing to supply the Welsh coal at the same price, although it was retelling on the St. John market at \$21 at the present time. The commissioner reported that tests made of the Welsh coal were satisfactory, and he moved that he be given permission to accept it in lieu of the American product. This was agreed to.

Mayor McLellan expressed the opinion that all the city departments should assist in the same manner in relieving the coal situation. It is expected that the reports of other departments in the matter will be presented soon.

Tenders for seventy-five yards of cloth for policemen's overcoats were opened and referred to Commissioner Thornton as follows:— W. R. Brock & Co., Ltd.—\$5.50 a yard. M. R. A., Ltd.—\$3.92 and \$5.53 a yard. Oak Hall—\$5.35 a yard.

Commissioner Thornton was given permission to call for tenders for 460 yards of blue serge cloth for making uniforms for members of the fire department, police force and ferry department, for delivery next year, and to be included in next year's appropriation.

Commissioner Thornton informed the council that he proposed changing the lighting system at the city market. He asked permission to install lights in North and South market streets and also to install some additional lights in the hallways in the market building, at an estimated cost of \$450, to be paid for out of market revenue. A street light in South market street could be removed to another place in the city, where it is required.

Commissioner Frink suggested erecting light columns at Germain street similar to those in Charlotte street. The mayor concurred.

On motion, the plan outlined by Commissioner Thornton was approved. Building Matters.

Regarding the application of W. E. A. Lawton to make alterations in the Haring building in Union street, Commissioner Thornton said, in view of the present law, he could not recommend the granting of the privilege. He was of the opinion that it would establish a precedent which might cause difficulty.

The mayor said the present law was obsolete and impractical, and the only way to meet the present difficulty was to give way a little if the suggested plans would be any improvement.

Commissioner Frink thought the only way to do was to go ahead until a new law was made without reference to any other city.

Commissioner Wigmore thought the change would improve the appearance, lessen the fire hazard and increase the city's property.

The matter was laid over for further consideration.

A letter from W. P. Burditt calling attention to the matter of union with the city council some time ago. The letter was ordered filed with other papers on the same matter.
