THE FLEET ARRIVED

The Progress of the War.

MADRID, May 19, midnight, via Paris.—The Spanish squadron has arrived at Santiago De Cuba without accident.

KEY WEST, May 19.—The Spanish loss during the recent engagement at Cienfuegos is now known to have been much heavier than was at first reported. Three hundred Spanish were killed and several hundred wounded. Great damage was done along the coast.

Soon after the engagement the United States cruiser Marblehead picked up several Cubans in an open boat, some miles down the coast, including Col. Oris, Lieut. Olivarez and three privates from an insurgent camp near Cienfuegos. They reported that the damage wrought by the shells from the warships were very heavy. The hospitals at Cienfuegos, they said, were full of wounded; and fear prevailed everywhere that the American warships would return to complete the work of destruction.

During the engagement the Marblehead threw 450 five inch shells into the Spanish forces, and 700 shots from her secondary battery. The gunboat Nashville as many more shells and 1,500 shots from her secondary battery.

Fifteen hundred Spaniards were stationed in an improvised fortress on a neck of land, and upon this the ships concentrated their fire, and it was here that the most terrible destruction was wrought. During the heavy fire of shells, and just after the lighthouse was blown up, five Spaniards who were running together in an attempt to escape were picked off by a shell from the Marblehead, the gunner being ordered to fire upon them by Ensign Pratt. They were torn to pieces.

Where Dewey's Coal Came From.

ST. JOHN, N. B., May 18.—When Rear Admiral Dewey wanted coal for his fleet at Manila he did not stand for ceremony as to what vessel had it aboard. He took hold of Messrs. Troop & Son's ship, 'J. V. Troop,' and got out eighteen hundred ton. Coal was also taken from Messrs Thompson's ship, 'Honolulu,' both St. John vessels, and it is also said from one of Messrs. Burrell's ships.

Take This with Salt.

LONDON, May 18 —A despatch to the 'Star,' from Montreal, published today says:—'Senor Polo y Bernabe has secured, by cable, a coal depot near St. Pierre, Miquelon, the French colony off the south coast of Newfoundland, at which the Cadiz squadron will coal, previous to attacking the Atlantic sea-board of the United States, while the Cape Verde squadron, commanded by Admiral Cervera, draws off the squadrons commanded by Rear-Admiral Sampson and Commodore Schley.

SUNDRY NOTES.

C. L. Clark, St. John, dined at the Commercial yesterday.

Just received at Carr's three tons granulated sugar, bought before the advance—for sale low in barrel lots.

William McAdam, blacksmith has moved into the J. F. Murdock shop, and R. C. Coes takes the Matheson stand.

Prof. Fox will endeavour again to organize a singing school next Tuesday evening, in the vestry of the Baptist church. The price for 12 lessons is \$1.50, which includes the cost of music book. Prof. Fox has many encomiums that testify to his ability.

W. W. Melville, Bath: James Montgomery, T. L. Fewer, Fred Davidson, Woodstock; J. H. Scribner St. John; R. Taylor, Montreal; Henry Smith, Windsor; Geo. H. Dixon, St. John; Fred Manuel, Woodstock; John Irvine, Mount Pleasant; Henry Dewitt, Victoria Corner; M. Atkinson, St. John; G. M. Atwood, Rock Island Que. Geo. E. Streeter, Toronto; Abner Dubois, Hartland were among those that registered at the Commercial Hotel this week.

Shaw & Dibblee are moving their stock of tinware, enameled ware stoves etc. across the street into their own store which makes a very attractive appearance, they claim to have the largest stock of such goods in the province north of Woodstock. Their prices are right, and they extend a hearty invitation to the public to call and see them in their new quarters everything is bright and clean, this applies to their way of doing business too.

Charleston Turned Back.

SAN FRANCISCO, May 19.—On account of a trimal accident to her condensers, the 'Charleston' put back to Mare Island today for repairs. She will not get to sea for two days.

HALIFAX, N. S., May 19.—Nine warships are reported to have passed Indian Island, off Cape Lahave, to the west of Halifax, this afternoon. They were steaming at a moderate speed in a southerly direction, but were too far from shore for their nationality to be made out.

Gladstone Dead.

Gladstone died Thursday morning at 5 o'clock. His illness began last fall, and gradually grew worse. On March 6th he stopped all work and in the early part of April he took to his bed. For many weeks the cable dispatches have been watched with interest, and on Thursday the sad, but not unexpected, news of his death came. Throughout the realm, including Hartland, flags are flown at half mast.

Shipper's Union.

There was a meeting of the Shipper's Union today and the price of oats was advanced to 33 cents. Other business, of a routine character was transacted.

IMAGINARY TROUBLES.

Penalty of a High Endowment—Common Sense To The Rescue.

Most people, when they come to think of it, will be surprised to find out how large a proportion of their troubles are purely imaginary. We keep forecasting all sorts of possibilities, making all sorts of combinations that will work out disaster, and before we know it, we have come to believe that some one of these will conform to the facts, and we worry over imaginary issue as though it had really come to pass. It is not certain that anything but experience will relieve people from the pains of these imaginary troubles. They have to learn that they cannot forecast the future, and that as a rule it is the unexpected that happens. By and by, after a sufficient number of experiences of this kind, common sense comes to the rescue, and they learn the futility worrying about anything that has not come to pass. It is not your stolid and rather stupid man who is the victim of the agonies. Bless you, he has not imagination to project himself a day ahead, or to believe anything that he cannot see or touch or eat; but it is the one-grained, sensitive, intuitive spirit that is subject to these tortures. It is the penalty of a high endowment; but that is no reason why common sense should come to the rescue, and deliver these choice spirits from the defects of their own qualities.—Boston Watchman.

A Newsy Exchange.

The Railway News, New Glasgow, N. S., E. Lawrence, manager, comes to us each week with fresh news. From the last issue we make the following extracts:

The HARTLAND ADVERTISER is now a tri-weekly paper. Brother Fred H. Stevens the editor deserves success: Carleton County merchants and others should patronize him freely, as it is a bright and newsy sheet.

The additions to the Commercial Hotel, Hartland, N. B., are nearly completed. Mr. Rideout, the proprietor says he intends making his house one of the best in the province.

The idea of building the new station at McAdam this year has been abandoned.

New steel rails and sleepers are being laid as fast as possible between Welsford and Harvey, N. B., on the C. P. R.

Mr. Colin Campbell has only been installed at the Railway Restuarant at McAdam a short time. Since he has been there, however, he has given universal satisfaction to the travelling public. Mr. Campbell's reputation when at Newburg Junction was of the highest as a caterer to the public.

The Steamer Aberdeen is carrying large amounts of freight between Fredericton and Woodstock.

Sloperian Philosophy.

Home is where the cat is.

A fickle woman may be at times a trouble, but a thorn in the flesh is she who is constant to inconstance.

After 30, one loves; before 20, one falls in love.

The man who has been engaged six times is quite as likely to marry a shrew as the novice, on the principle that causes the most expert swimmers to drown.

Man expects to be judged by his actions, but woman feels hurt when she is not judged by her intentions.

All the love of after years cannot equal the blind adoration felt by a lad of 18 for a girl older and taller than himself.

Truth is more often than otherwise that which appears to be not so.

Men marry when they will, and woman when others will.

When a man tells a woman, "I am willing to die for you," it is only a poetical way of saying, "I am willing you should live with me and mend my socks."

We judge women by their accomplishments and men by that which they have accomplished.

The woman of hard character is sometimes such because she once had a soft heart.

The child of today is the critic of tomorrow.

When the selfish man and the egotistical woman meet, the woman laughs.—Ally Sloper.

Question of Antouy.

"Surely this is an anatomical puzzle," he said as he looked up from his novel.

"What?" she asked.

"Speaking of the heroine," he replied, "this book says that she threw herself at his feet and he caught her in his arms."

"What of it?" she demanded.

"What of it!" he exclaimed. "Just you go over that statement carefully and then tell me what kind of a dime museum freak he must have been."—New York World.

Riches of the Michipicoten.

SAULT STE, MARIE, Mich., May 14.—The steamer 'Telegram' brings news from Michipicoten, of two new finds, exceeding in value anything before discovered in the michipicoten gold district. Assays from one of the locations gives more than a thousand dollars to the ton in gold, and the other more than six hundred dollars to the ton. Numerous claims are being opened up and are giving much better results than expected. There are between three hundred and four hundred persons there now.

Rejected Recruits.

WASHINGTON, May 13.—The large number of rejections of volunteers has caused much comment in the army medical corps. However, the physicians who have conducted the examinations say that outside the ranks of cigarette smokers there are even fewer rejections than there were in the days of the civil war. Among habitual users of cigarettes the rejection are about 90 per cent.

Dealer in such Bicycles as the **B. & D. Special, Crawfords** at popular prices from \$25 to \$65, **Beeston-Humber, Triumph, Leader, Sky Lark, Columbia, Jubilee, Hartford, Vedettes.**

I have an up-to-date bicycle. The axles are oil retaining and dust proof. The chain rivets and blocks are hardened, file proof, each piece separately and carefully polished on sides and edges, and nickel plated before being assembled. The cranks are spring tempered steel. Balls hand-turned from bars of crucible steel, not forged or rolled, thereby avoiding chips and cracks. Cones locked and permanent adjustment assured; fitted with ball retainers. Bearings are in the frame (not in the sprocket wheel.) The chains are tested and Guaranteed Accurate. (WE have never had a link break.) All cups and cones are turned from special bars of crucible steel; are carefully hardened, tempered, ground and polished. Bearings all easily adjusted dust proof, and fitted with ball retainers. Sprockets are made of the best quality of drop forgings both front and rear. Teeth accurately machined. All sprockets are nicked and detachable. Spokes highest grade piano wire, double swaged with roll threads. No oil cups to fall off—oil holes directly over the bearings. I have guarantees from such people as the Bigelow & Douse Co., of Boston, The Crawford M'fg Co., and the Pope M'fg Co. Regarding remoteness:—Just note that Boston is two days nearer Hartland than Toronto.

FRED H. STEVENS, - Editor & Publisher
HARTLAND, Carleton Co., N. B.
P. O. Box, 17.

All British subjects, and the whole civilized world, mourn the death of William Ewart Gladstone—the greatest English statesman. Loved honored and respected; a truest nobleman; a giant in heart and intellect, England's Grand Old Man passes away to the land of the great Unknown. His memory shall live forever, and his good works likewise shall stand a monument more imposing than ever was built of bronze or marble. Requiescat en pace.

Dispatch Pickings.

S. G. Barter, Avondale, is rebuilding his cheese factory which was destroyed by fire last summer. He is building, directly in front of his store, a two story building, which is rapidly nearing completion.

The C. P. R. station at Newburg Junction has just been re-shingled.

A new three and a half pipe culvert 152 feet long is being built at Tedlie's bluff.

The summer session of the Carleton County Council will be on the 21st of June.

Deputy Sheriff Foster arrested Jas. Crane and Leo. Crane of Clearview, on Saturday, charged with assaulting Geo. W. Green of the same place. It appears that a dispute arose over a line fence, and that Leo. Crane struck the complainant with an axe. The parties came down to Woodstock on Monday, and the matter was satisfactorily settled without getting into court.

A School Concert.—There will be a school concert in the school house, Newburg Junction, on Saturday evening, on May 28th at 7.30 o'clock. An excellent programme will be rendered. Admission 15cts, children 10cts. Miss Hartt, the teacher, is a success at getting up a concert and one is safe in pronouncing in advance that this will be a good one.

Hattie—Don't anticipate, Cholly: you are not a dog yet.—Boston Transcript.

B by Eczema and Scald Head

Infants and young children are peculiarly subject to this terrible disorder, and if not promptly arrested it will eventually become chronic. Dr. Chase made a special study of Eczema and disease of the skin, and we can confidently recommend Dr. Chase's Ointment to cure all forms of Eczema. The first application smooths the irritation and gives the little sufferer rest.

The Limit.

Daughter—Why is it, ma, that a honeymoon is supposed to last only three months?

Ma—At the end of three months the quaterly bills come in.—New York Weekly.

A Lachute Lady

Gives Her Experience With Paine's Celery Compound.

She is rescued from a terrible condition of suffering that was leading to death.

Inflammatory Rheumatism Reached the Muscles of the Heart.

Paine's Celery Compound Never Disappoints the Rheumatic Sufferer.

The Marvellous Spring Medicine Should Be Used This Month.

It Drives All Poisons From the System.

WELLS & RICHARDSON CO.,
GENTLEMEN:—It is with extreme pleasure I give you a testimonial in favor of your wonderful remedy, Paine's Celery Compound. Last January I had grippe, and it left me suffering with that dread disease, inflammatory rheumatism. My hands and feet were swollen badly; I also had the rheumatism in my sides and shoulders, and in the muscles of my heart.
I suffered very much until a friend advised my husband to procure Paine's Celery Compound for me. I commenced taking the compound in April; I have used ten bottles, and am perfectly cured. The compound has given me a good appetite and made a new person of me. I hear Paine's Celery Compound praised every day by people who have used it, and I heartily recommend it to all who suffer from rheumatism.
Yours sincerely
MRS. D. H. HAMMOND,
Lachute, P. Q.

We have learned that S. G. Barter who lost his cheese factory by fire last season has begun to rebuild. He has a fine boiler house built about fifty yards from his new cheese factory, and will connect the factory and boiler house by a steam pipe. His cheese factory is directly in front of his store at Avondale, and is a fine building; two stories high. It will be fitted with all the modern improvements pertaining to an up-to-date cheese factory.—Woodstock Press.

The Hose Co. had a genuine surprise party last evening. A vigorous alarm was rung, and in an almost incredibly short time the hose cart was out on the street and rattling away toward S. H. Shaw's at the utmost limit of the incorporation. The alarm was a false one, and simply a joke put up by the boys to test their ability, as to which it is needless to remark upon, when it is known that in less than one minute from the first stroke of the bell the Hose Company—en masse—had collected and had the cart out.

Farm machinery, land plaster, fertilizer's, garden rakes etc. at the Hardware Store of course.

Halter chains, swivels, dog chains, sand sieves, wire clothes lines, wire screen cloth direct from the factory, prices right at Shaw & Dibblee's.

A report is current of the drowning of three men on Kilburn's drive a few days ago. Thirteen men were in a flanger (a shallow bottom boat) following up the drive. They attempted to run through the Priestly Rapids, when the boat filled and sank, precipitating all the men into the water. The row boat which was following just behind came to the assistance of the drowning men. The crew upon the tug succeeded in rescuing ten of the men from the water, but three were drowned. Two of them were named Martin, from St. Basil. The name of the third was not learned.—Gazette.

A Cheap Medicine

IS ONE THAT PROMPTLY AND EFFECTIVELY CURES.

Mr. John Hitch, of Ridgetown, Tells How He had Spent Dollar Upon Dollar in Vain Before Finding the Medicine that Cured Him.

From the Standard, Ridgetown.

People who read from week to week of the marvellous cures effected by the use of Dr. Williams' Pink Pills little think that right in their midst exist many who have been relieved from pain and suffering by the use of these wonderful little pills after having suffered untold agonies for months.

Mr. John Hitch, a man well and favorably known throughout the county was ever ready when opportunity offered to speak a word in praise of these pills and was never tired recommending them to his friends. A representative of the Standard, anxious to know of the cause of Mr. Hitch's recommendation, called upon him at his home recently and upon telling that gentleman the object of his visit Mr. Hitch consented to an interview. The story in his own words is as follows:—In the winter of 1891 I was taken with a severe attack of la grippe, from which I was confined to the house for some time. This was followed by severe pains and swellings of my lower limbs. I consulted a physician and he told me it was acute rheumatism. I continued under his care for about two months. I was unable to stand alone, but sometimes when I got started I was able to make a few steps unaided. The trouble was principally in my feet and clung to me all summer long. I tried almost everything that friends suggested, hoping to gain relief, but neither medicine taken inwardly nor liniments applied externally gave me any relief. The pain was very great, and I was only too ready to try anything suggested. I spent dollars upon in doctor's medicine, but all to no purpose. The last week I was attended by a physician it cost me about five dollars, and having about that time read in the newspapers of the work accomplished by Dr. Williams' Pink Pills, I concluded it was certainly worth the experiment and accordingly purchased a box from a local druggist and commenced their use continuing the doctor's medicine. This was in June or July 1882. After I had taken the first box of the pills I could feel some change and after taking seven boxes I noticed a great improvement. I continued taking them until I had used thirteen boxes when I must say I felt as well as I ever did in my life. Some of my customers who came into my yard would ask me what I was doing that I was looking so well (knowing the sick spell I had undergone) and I would always tell them that Dr. Williams' Pink Pills had wrought the change. They are the cheapest medicine I ever bought," said Mr. Hitch, "and if I had what I spent in other medicines I could sit at ease this winter. During the interview Mrs. Hitch was an occupant of

the room and she heartily concurred in what her husband said, and stated that for one other member of the family the pills had been used with success in a case of severe nervousness. Mr. Hitch at the time he was seen by the reporter appeared in excellent health. He is 56 years of age and a man who had always been used to hard work. He was born in Cambridgeshire, England, and came to this country 27 years ago. Before locating in Ridgetown he conducted a brick and tile yard at Lonswood's Road, Middlesex county. He has been carrying on a successful business in Ridgetown for the past ten years.

Dr. Williams' Pink Pills cure by going to the root of the disease. They renew and build up the blood, and strengthen the nerves, thus driving disease from the system. Avoid imitations by insisting that every box you purchase is enclosed in a wrapper bearing the full trade mark, "Dr. Williams' Pink Pills for Pale People." If your dealer does not keep them they will be sent post paid at 50 cents a box or six boxes for \$2.50, by addressing the Dr. Williams' Medicine Co., Brockville, Ont.

An Egg Joke Rolling.

At a small gathering the other night somebody started the egg joke a-rolling. 'Did you ever hear the story of the hard boiled egg?' he solemnly inquired of some one across the table.

'No,' was the innocent answer.

'It's hard to beat,' said the joker with much gravity.

You can't help smiling at these things, and after the laugh died down, somebody sprang this:

'Did anybody hear about the egg in the coffee?'

'No,' said an obliging somebody.

'That settles it,' replied the funny man blandly.

Of course there was another laugh and then a brief silence. It looked as if the egg jokes had been exhausted.

But presently a little woman at one end of the table inquired in a high soprano voice if anybody present had heard the story of the three eggs.'

The guests shook their heads, and one man said 'No.'

The little woman smiled.

'Two bad,' she said.

Take Your Choice.

We Are Sure You Will Select the Diamond Dyes.

There are several kinds of wretched imitation and soap grease dyes that are sold by some dealers for the sake of large profits. These dyes bring consternation and despair to every inexperienced housewife who uses them. The results may be summed up as follows: mixed, muddy colors, ruined garments and materials, bad temper, and a shower of wrath on the dealer who has sold the deceptive dyes.

For long years the women of Canada have had before them the celebrated Diamond Dyes for home coloring work. These chemically pure dyes have carried satisfaction and delight to all who have used them. Old, faded and dingy garments have, by the aid of Diamond Dyes, been transformed into new and beautiful creations; money has been saved, and the happiness of families increased. Where directions have been faithfully followed, not a single failure has been recorded.

If you are a novice in the work of home dyeing, you have now presented to you the varied classes of dyes that you can purchase and use. If you desire success, profit, an unruffled temper and home happiness, you must surely decide in favor of the Diamond Dyes—the only warranted dyes in the world. You cannot be deceived if the name "Diamond" is found on each packet of dyes you buy.

Book of directions and card of 48 colors free to any address. Write to Wells & Richardson Co., Montreal, P. Q.
