NOVA SCOTIAN MURDERED.

Capt. J. W. Whitman of Guysboro the Victim—The News Conveyed to Mrs. Whitman.

Rockland, Me., Aug. 15.—The news of the murder of Captain J. W. Whitman was received with profound sorrow in this city, where he has for many years made his home, and where his wife and daughter reside. The sad tidings were conveyed to Mrs. Whitman by Charles Bicknell, a warm friend of the deceased. Mrs. Whitman, who is of very delicate health, was terribly overcome. She hardly seemed to realize the truth, and said that she hoped that it was all a terrible mistake.

Captain Whitman was a man of forty-two years of age. He was a native of Guysboro, N. S., and began to follow the sea when very young. For several years he sailed from Gloucester as captain of a fishing schooner. After he moved to this city he went captain of the fishing schooner Grace Young, and for two years he sailed this vessel in a most able way. He then went in the schooner Addie Snow and then in the Eugene Borda, and later in the three-masted schooner Olive Pecker, and up to the time of this frightful murder he has been one of the most successful captains of this vicinity. He was a man of good character and much beloved by all. A captain who was always on the go, and his vessel was never lying idle if anything possible could be obtained for her. He was a daring and capable captain, and had gained for himself a wide reputation as being one of the most competent masters that sailed from these parts.

BOUND FOR THE NORTHWEST.

The L. C. R. depot presented a lively scene on 17th inst, when about three hundred able bodied men left for Manitoba and the Northwest on a special train. For some time the C. P. R. have been advertising a cheap harvest excursion, which was regular except when the weather was very bad.

THAT LIST AT \$85.00 FOR \$50.00 EACH. These are first class machines. If you want one send your order quick, as we cannot get any more at such a price.

W. H. THORNE & CO., LIMITED. MARKET SQUARE, ST. JOHN, N. B.

DECORATION DAY. The Knights of Pythias Pay Tribute of Respect to Departed Comrades.

A Magnificent Display and Large Turnout of Members of the Order. Thursday was observed as decoration day by the Knights of Pythias of this city. The turnout was a large one, and very favorably commented on by the citizens. Nos. 1 and 5 companies, Uniform Rank, accompanied by members of Union and New Brunswick lodges, headed by the City Cornet band, left Castle hall, German street at 2.30 o'clock. They proceeded along German street to Duke and thence into Charlotte street. Here the conceivable kind joined the procession, which proceeded on its way to the cemetery by way of Union and Waterloo streets.

The following graves were decorated: Rural cemetery—Wm. Collins, Wilmo Kennedy, James Denny, John Campbell, Simon A. R. Nicoud, Robert Parkin, Joseph Duffell, Adam Young, Jr., John W. Hunter, B. S. Tague, Wm. S. Baldwin, Jos. W. Jenkinson, James Adam, G. R. Prichard, Thomas S. Adams, Albert R. Wilson, John Slater, Jr., W. H. Murray, Robert D. Dasher, Arthur Lawson, David Rolston, Wm. A. Abbott. Methodist Burying Ground—John S. Dunn, Cedar Hill, W. E. R. S. Craghton, Church Burying Ground, Hampton—Rosa D. Cogdon.

At the Rural cemetery an impressive service was held. Portions of Scripture were read by J. L. Thorne and two hymns were sung with band accompaniment. Col. Moulton, supreme master at arms, delivered the following address: Following the beautiful custom adopted several years ago, we once more assemble, not for the enjoyment of festivities or the performance of the ordinary duties of our order, but for the special purpose of paying our tribute of respect to the memory of departed companions. We are glad to see so many of our citizens taking an interest in these annual services. They touch the tender cord of love in the hearts of all who are there. There has not some friends sleeping in the narrow houses of clay, all of whom we hope check had the privilege to admit them to the supreme lodge above. You have placed your beautiful tributes on the graves of your departed comrades. May that which you have listened to impress you with the necessity of being ready to meet the great Judge, before whom all must appear.

THE CITY OF SLEEP. In the City of Sleep, the shadows and show. Fall the sunbeams, the shadows and show. Comes here a vision of life. For the sleepers glide away like the hours. For the sleepers glide away like the hours. For the sleepers glide away like the hours.

DEATH OF A POSTMASTER.

Woodstock, Aug. 15.—Thomas Watt, postmaster at Kintore, Victoria, died at his home Tuesday at the age of eighty-one years. He leaves a widow, five sons and four daughters.

ROYAL SOVEREIGN TROUBLE.

London, Aug. 15.—The British admiralty has ordered the trial by court martial tomorrow of two of the prisoners on board the British battleship Royal Sovereign, which was about to sail for three years' service with the Mediterranean squadron, so that the whole trouble on board that ship growing out of complaints by seamen can be sifted.

SABBATH DESECRATION.

Scranton, Aug. 15.—Father Cleary of Minneapolis, president of the Catholic Total Abstinence union of America, in convention here, made a ringing speech against Sabbath desecration.

FREDERICTON LADY MARRIED.

Lowell, Mass., Aug. 15.—This morning at St. Anne's church Sidney Robbins, city editor of the Morning Citizen, and Maria Agnes Fulton Barker, of Fredericton, N. B., were married in the presence of a gathering of immediate friends.

FREDERICTON. An English Syndicate Prepared to Furnish Cheaper Gas.

The John H. Reid Arbitration Case—The Celebrated Canterbury School Case. Fredericton, N. B., Aug. 15.—The auction sale of furniture at old government house furniture today. About \$800 was realized today and not nearly all is sold. The sale will continue tomorrow. Chief Commissioner Emerson, Surveyor General Dunn and a number of members of the assembly are here. H. Allen is the auctioneer.

KLONDYKE MAILS.

Canada Arranges for a Monthly Service to the Gold Fields. Washington, D. C., Aug. 15.—Canada's proposition for carrying the mails one round trip a month between Dawson City and Dyea, was formally accepted this afternoon by acting postmaster general Shallenberger and the Canadian government notified of the action. In this communication to this government it is stated to be in readiness to assume its share of the responsibility, and Canada is urged to put the service into operation above Juneau.

FOR THE KLONDYKE.

Seattle, Wash., Aug. 15.—The Associated Press correspondent writes from Lake Lindeman as follows: "Lake Lindeman, N.W.T., Aug. 7.—On Lakes Lindeman and Bennett there are nearly five hundred people and actively making preparations and building boats for the descent to the Klondyke. The Skagway trail is open and the first contingent reached Tagish Lake on Thursday last, numbering two hundred people. The trail is nearly fifty miles long and horses are able to pack 250 pounds from Salt Water to Tagish. Nearly one thousand people are in camp at Skagway, and it is expected that they will reach the lakes in ten days. That route will take nearly all of the travel from the Dyea route except during the winter and spring months.

CANADIAN POLICY HOLDERS.

Toronto, Aug. 15.—The Canadian policy holders of the Massachusetts Benefit Life Association today obtained an order from Mr. Justice McMahon directing the immediate winding up of the concern, so far as the Canadian assets are concerned, amounting approximately to \$130,000. It is thought the Canadian policy holders will lose but little.

AN F. O. P. INSPECTOR APPOINTED.

A full meeting of the high standing committee of the F. O. P. for New Brunswick was held on 18th inst. at the Dufferin, there being present Judge Wedderburn, Wm. Kinghorn, F. W. Emmerson, E. P. Eastman, Dr. Mullin, W. J. S. Mylre and E. R. Chapman. Among other business considered was the appointment of an inspector, as authorized by the high court at its recent session in Campbellton. It was decided to appoint such an officer, and Wm. Kinghorn, the high rated manager, was selected. His duty will be to visit and endeavor to strengthen the existing courts and organize new ones. Mr. Kinghorn is personally very popular in the order throughout the province.

GOING TO ROME.

The three young men who have been chosen to fill the places recently obtained for this the Propaganda college, are O. F. Morrison of this city, and two from the River, Mabou, N. B., and J. Tompkins of Margaree, C. B., who was last year on the staff of St. P. X. college. All three are graduates of the college and hold provincial scholarship certificates of grade A. They have already made a two years' course in philosophy, but will likely devote another year to it at the Propaganda, in which case they will have finished their studies three years hence. Hugh McPherson, who is about to enter the third year of his theological course at the Propaganda, is himself a licensed grade A teacher. They will probably leave for Rome about the end of September.

ST. JOHN BALL PLAYER DEAD.

Boston, Aug. 15.—James McKeever, the well known ball player of South Boston, died today in that place after an illness of five weeks. He was born in St. John, N. B., in 1861.

ALMOST A CENTENARIAN.

Richard Dawson, who died in Timbith, Prince Edward Island, Sunday, Aug. 8th, was born in Cansville, county Carara, Ireland, on 14th April, 1796, and was therefore in his 101st year at the time of his death. He was the son of Thomas Dawson, who was an officer in the Royal Irish Artillery, and who served under Lord Cornwallis in the war of American independence. On his return to Ireland and retirement from the service he immigrated to the island and arrived there on the 10th of June, 1801. He was the first Methodist preacher on Prince Edward Island. He died at the age of 101 years, 10 months and 15 days, and had many children of trust, the duties of which he discharged with much acceptance and great facility up to the time of his death.

Steamship transportation has been made more luxurious and cheaper. Yet the average country road of today is no better...

Moreover, there is reason to believe that the amount of time and money spent in keeping up the roads would, if properly expended, produce better results than are now obtained.

Road reform is one of the needs of the day. The mission has nothing sensational or thrilling about it, but it contains the promise of large saving in horses and money, and in the issues of men and women.

When the terms of the bargain were made known this journal frankly stated that it was a more favorable arrangement than the one proposed by the late ministry...

In view of the uncertainty it is worth while to consider what will happen in case the contractors fail to carry out their bargain.

This clause provided that within sixty days after the contractors should be notified that the imperial government was willing to pay its allotment of the subsidy the contractors should deposit with the minister of finance of Canada the sum of ten thousand pounds sterling...

On the fourteenth day of June, Sir Richard Cartwright announced in parliament that the imperial government had agreed to furnish the propionate sum amounting to £21,000.

How long the consent was obtained before the announcement was made, we do not know, but the sixty days from the date of the announcement in parliament expired last week.

The Sun's Ottawa advice is that no deposit has been made and no guarantee furnished. Nor can it be learned whether the contractors have ever received the notification implied in the contract.

Unless our correspondent is misinformed, it does not appear that if Messrs. Petersen and Tate should fail to fulfil their obligation the forfeit money will be obtained.

ST. JOHN AS A LOCATION FOR A PULP MILL.

The manufacture of wood pulp is one of the industries natural to Eastern Canada. We have in this province probably the best supply of raw material to be found in the same area anywhere in the world.

So, according to the government delegates "the main object now is to get in early and locate before the general rush of next year takes place and to have an expedition thoroughly equipped and started."

After Colonel Donville had finished, Mr. Howell gave some further details, including these:

It is not as simple as they enter into the inalienable country—it will be a well equipped force to occupy it.

So far we have no such establishment on the southern coast of the province, but a conversation reported elsewhere contains some interesting suggestions in that direction.

It is not as simple as they enter into the inalienable country—it will be a well equipped force to occupy it.

SUNDAY SCHOOL COLUMN.

ORGANIZING A PRIMARY UNION.

It has been said that "organization is one of God's ways of strengthening His Kingdom." So it seems. All around us we see organizations...

This year the Provincial Sunday school committee has thought it wise to have primary work in its different phases presented at the county convention...

It is hoped that before the close of this month a primary union may be formed in this city. Before that time all primary teachers of the city will be personally visited by interested workers...

That was a good thought of the chairman of the committee sending a letter of fraternal greetings to the Sunday School association to the Christian Endeavor convention...

The international executive of the great Sunday school movement began in 1873 the great educational movement represented today by our Sunday school normal courses...

The work of the programme committee for provincial convention in October is well advanced. A great convention of practical workers will then assemble in this city.

Westmorland county Sunday school convention, held last week in Shediac, was strongly educational to those present. Among the reports of work was included the house to house visitation made under the Moncton city association...

Last Sunday in Centenary church Rev. Dr. Smith Baker of Boston addressed a large audience on Twenty Ways of Teaching the Bible. It was a very eloquent and helpful address.

BRITISH LUMBER MARKET.

Public Sale of Spruce Deals—Farnworth & Jardine's Circular.

(Timber Trades Journal, Aug. 7.) For the first time for about 3-1/2 years we have had a public sale of spruce deals in Liverpool...

While the Belfast steamship H. M. Pollock was entering the Bristol Channel laden with deals, from St. John, N. B., for Sharpness, she was twice in collision and sustained very serious damage...

seem at most of the Bristol channel ports to be very large stocks, that at Cardiff being from all accounts exceptionally large, and great caution must be exercised if a downfall in prices is not to take place.

Imports of deals at Glasgow continue on a large scale; four full steamer cargoes, New Brunswick deals, representing about 4,300 St. Petersburg standards, have arrived during the past week...

(Farnworth & Jardine's Circular.) Liverpool, Aug. 5, 1897.—The arrivals from British North America during the past month have been 58 vessels, 65,229 tons, against 57 vessels, 64,328 tons during the corresponding month last year...

New Brunswick and Nova Scotia Spruce and Pine Deals.—Of spruce deals the import during the past month has been one of the heaviest on record, and the stock is now excessive...

Birch.—The imports of logs has been large, the bulk of which being forced off at auction sales at extremely low prices; this has had the effect of increasing the deliveries, but the stock is quite ample, and shipments should be reduced...

Spruce deals, 26 7/8 to 26 10/8 per standard; scantling and boards, 25 1/2 to 26; St. John birch, 13d to 15d per foot; planks, 2 1/2 to 2 7/8 6d per standard.

The stock of N. B. and N. S. spruce deals in Liverpool on August 1st was 21,459 standards, compared with 12,075 at same date last year, and 9,333 at same date in 1895.

Saw wood and make your Klondyke just where you are.

CASTORIA For Infants and Children. The little sign of Castoria is an infallible sign of its genuineness.

INSURANCE CO. WIN.

Mr. Justice Barker's Judgment Delivered on Tuesday

In the Suit of The Mutual Life Insurance Co. v. Jonah and McCann, to Set Aside a Life Insurance Policy.

Barker, J.—This case is similar in its object and character to the one against Ansonson just disposed of. The facts are, however, different in many important particulars. On the 2nd of May, 1893, the defendant, Jonah, signed an application to the plaintiffs for an insurance on his life for \$5,000. A policy issued dated May 8, 1893, the annual premium on which was \$12. The policy was assigned to the defendant McCann, May 30, 1893. He paid the first premium. He also paid Jonah \$5 for the assignment.

Before discussing the merits of the case involved in the other points, it is necessary to state that the defendant, McCann, who appeared as counsel for both the defendants, frankly admitted that the policy could not possibly be upheld.

The evidence shows that the defendant, McCann, was introduced by the plaintiffs to the defendant, Jonah, and that he was unable to pay the premium, as he thought, all that took place in McCann's office and in his presence, and except one or two minor matters, he does not venture to deny that he heard and knew all that was said and done there at that time.

See also the Actna Life Ins. Co. v. Lawrence, 94 A. S. 561, and Cannan v. Lewis, 15 W. Rep. 117. There will be a decree setting aside this policy, the plaintiffs accounting for the premiums and interest at 5 per cent. The plaintiffs must have their costs against both defendants, and the premium and interest will go in payment of the costs.

Two Perfect Colors Found Only in Diamond Dyes. Perfection in color or shade is rare to captivate the hearts of the ladies, who are always unerring judges.

It is easy to secure a copy of "KLONDYKE NUGGETS."

Out out the Coupon and follow instructions.

by two years after he had parted with all his interest to McCann. Jonah was examined by Dr. Ross, recommended by him as a good risk, the policy issued and was sent to McCann for delivery and collection of first premium. Now it must be recalled that all of a conversation which led up to Jonah making this application, his own statement that the doctor would not pass him, and that he was unable to pay the premium, as he thought, all that took place in McCann's office and in his presence, and except one or two minor matters, he does not venture to deny that he heard and knew all that was said and done there at that time.

McCann, who appeared as counsel for both the defendants, frankly admitted that the policy could not possibly be upheld. The evidence shows that the defendant, McCann, was introduced by the plaintiffs to the defendant, Jonah, and that he was unable to pay the premium, as he thought, all that took place in McCann's office and in his presence, and except one or two minor matters, he does not venture to deny that he heard and knew all that was said and done there at that time.

KLONDYKE

The Land of Golden Nuggets

Established Dawson City

at the mouth of the Klondyke and Yukon Rivers, by erecting the first house in the region in September, one month after the gold was first discovered. He bought 178 acres from the government on the city site where his town lots, 150 x 50, are now selling for \$5,000 each.

Mr. Ladue was fortunate enough to be successful in his trading post investments to have on hand ample capital to carry out his plans, and there is no man living who is better posted on Alaska and the great North West Territories than Mr. Joseph Ladue.

When the wonderful stories began to come down from the Yukon country it was naturally concluded that it was at least half exaggeration. That any such amount of gold could be taken in so short a time from a country like that under the most unfavorable conditions was held to be incredible.

As we have already said, there is no man to-day alive who knows more about this wonderful country than does Mr. Ladue. What makes his talk of it specially interesting and reliable is the fact that his knowledge of it is practical. It has not been gained from hearsay nor from desultory visits made now and then at certain favorable seasons of the year, but from steady living there through the long summer days and the long winter nights year in year out for 15 years, where he now owns the best mining claims on the Klondyke and its tributaries.

In presenting his book to the public we do so knowing that it is by an authority on the subject of which he writes. His first work entitled.

"Klondyke Nuggets"

is a brief description of the new gold regions, and anyone desiring authentic information should not fail to avail themselves of our

NOMINAL OFFER,

which places the facts in the possession of our customers. REMEMBER, that our office is the sole distributing point for this locality, having closed exclusive arrangements with Mr. Ladue's publishers.

The cover of the work is beautifully printed in red and gold, the gold showing one of the author's nuggets as nearly as it is possible to reproduce it on paper.

NOVA SCOTIA.

HALIFAX.

Halifax, N. S., Aug. 17.—The Dominion cotton mills will not make a show at the provincial exhibition. They say they have declined to do so for several years because of the cost of freight, deterioration of goods, etc.

The annual meeting of the Provincial Rifle Association began today. There were less entries than usual, the total being 152. The weather was good for shooting. Trooper Bowles of the Kings county Hussars won the nursery competition; Major Maxwell took the P. R. A. medal; Major Bishop won the bankers' cup, which has been in competition for fifteen years, having made the highest score for the third time. Bishop has been shooting since 1864 and holds four cups and over forty medals.

Halifax, N. S., Aug. 20.—The following will appear in the Halifax paper tomorrow: It was announced today that the Canadian Bar Association had secured ten dollar fare from Montreal and return from 27th to 29th, and twenty dollars and return from Toronto. So low a rate taken in connection with the bearing sea commission and the importance of the meeting will bring, it is believed, a very large attendance of lawyers from the west. The committee of the Halifax bar, composed of Harrington, Drysdale and Mellich, are at work raising funds and propose giving the visiting members a warm reception. A dinner and excursion to McNabs' Island and any amount of receptions are to be held. Papers and addresses are to be delivered by leading lawyers and judges. The American Bar Association is to be represented by a delegation of leading men, possibly including James C. Carter of New York. All judges in the maritime provinces have been invited.

Halifax, N. S., Aug. 20.—It is estimated that yesterday U. S. Indians spent \$20,000 at this port. Twelve tons of galena from deposits discovered in Chalicamp, C. B., will be brought to Halifax next week to be forwarded to Swansea for test.

LAWRENCE TOWN. Lawrence town, N. S., Aug. 14.—Jas. McInnes and his sister, Miss Maggie, who have been visiting at R. D. Stevenson's, left yesterday morning for their home at Upper South River on their bicycles, a distance of over 200 miles.

Mrs. Clarke is building a cottage—Dr. A. Schaffner has a handsome residence nearing completion. Dr. L. R. Morse has the foundation laid for a new store; and other improvements are being made.

H. H. Whitman left Tuesday for Woodstock and Houlton to accompany his wife and on their return trip homeward.

J. J. Elliott returned home from England on Friday.

PARSBORO. Parsboro, Aug. 13.—Rev. T. J. Butler of Calabro will be the guest priest here, the very poor state of Rev. Fr. Brennan's health having necessitated his leaving Parsboro.

The funeral of William Morris, one of the most respected citizens of this town, took place this morning. Mr. Morris died on Tuesday morning. He leaves a wife, six sons and four daughters.

MET A TERRIBLE DEATH.

James Keegan, a Maine Central Brake-man, Crushed to Death.

He Was a Native of Petersville, Queens County—His Remains Brought Home.

James Keegan, 27 years old, a brakeman on the Maine Central gravel train, was fatally injured Wednesday afternoon while coupling cars at the gravel pit about two miles west of Ellsworth on the Mt. Desert branch of the Maine Central railroad. Keegan has lived in Bangor for some years, coming here from St. John, N. B.

The unfortunate man had been employed as brakeman on the road for about seven years. He was an industrious man of good habits, and a favorite with the crew. The accident occurred about 3.50 p. m. The track at the gravel pit is in no fit condition for the moving of a big train, as the grade is steep and the track curves. The gravel train was being backed down the grade, and the steam shovel, to couple the two parts of the train together. He made the coupling successfully by the force of the backing cars coming against the shovel and the other three wheels were prevented from rebounding by brakes and trips under the wheels. The shovel broke the long wood and iron coupling bar and the brakeman was caught and jammed to insensibility.

As soon as possible the man was taken to Ellsworth and Dr. Manning was summoned. He did everything possible for the injured man, but he died in about 50 minutes. He never regained consciousness after he was hurt. A coroner's inquest was conducted Thursday morning at Ellsworth by Coroner Field's of that city. The verdict of the jury exonerated the railroad from all blame.

Keegan's remains were brought to Bangor on the noon train on Thursday, and this afternoon they were sent to his home in Petersville, Queens county, N. B. Keegan was unmarried. He has a brother, Thomas Keegan, who has been working at Laill's lunch room on Harlow street for some time. His father is living, but his mother died several years ago. The deceased was a member of the A. O. U. in this city, and several of the members of that order met the remains at the train.

NEW FURNACE LINES. To Sail Between London and Halifax—Will Have Accommodation for Over 100 Passengers.

A New York despatch says: "Arrangements have been completed for the establishment of a transatlantic passenger and freight line of steamships between this port and London, the operation of which is to be begun in the latter part of the month. Five handsome and commodious steamships, combining all the comforts of ocean vessels, are now building for the service. The corporation which is to control the line is the Commercial Cable and Cable Co. of England. At its head are several of the best known and wealthiest shipping men of that country, notably the Wilsons, Furness and Leyland, all of whom are well identified with several lines of vessels which ply between this port, Boston and Halifax. The capital stock of the company is \$2,500,000. At present the Atlantic Transportation company has a strong hold on the freight-carrying business between this port to London. A strong bid will be made for some of this trade by the new company, although it is promised that there will be no rate-cutting."

Speaking to a Halifax Chronicle reporter, Mr. Huggill, manager of the Furness-Withy agency there, said that this combination was taking the place of the old National line and the Transport company. The new steamers will be first-class fifteen-ton boats, with accommodation for 125 saloon passengers. They will make Boston in eight and New York in nine days. The Furness company are supplying for that service the Cambridge and the Victoria, which has just been launched. The Leylands are supplying two steamers and the Wilsons one.

When this line is fairly launched, Mr. Huggill tells the Chronicle, the boat will be put on between London and Halifax, which will have accommodation for eighty saloon and thirty intermediate passengers. The new steamer may be called the Nova Scotian. Present advice is that she will be placed on the route early in the new year.

TOURING P. E. ISLAND. A Visit to the American Cruiser—An Island Speculator—Good Roads.

ser up better than a waiter, and the waiters at the hotel say that the parties of this year are not up to the standard of former years. We learn also that they buy but little from the stores. This is a fact that the N. B. Tourist Association should watch carefully for their district, as they may turn out to be an encouraging the wrong sort to visit the maritime provinces.

The weather clerk here has great control over the elements and so far has managed to bring the storms on at night, the days or some time being clear and bright.

Contrary to the usual course of things on the island, we have heard of a little about politics this year. Whether it is that someone is satisfied with the existing state of affairs deponent sayeth not, but business is just about as quiet as at any time. Prosperity is a word that seems to be out of use, and it is not surprising that a St. John man asked a prominent merchant—a former liberal voter—what he now thought of unrestricted reciprocity and the running of the country over a thirty-day lease for revenue. The reply was that he had nothing to say. No doubt, like the sailor's owl, he was doing a devil of a lot of thinking.

Do you know there is really a speculation on the island? We have a man that he has got thirty of the eight-cent jubilee stamps, which he will sell—If he gets the chance—for five dollars each. The words between the dashes are mine. Here we have a man who on an investment of three dollars and forty cents, is going to realize one hundred and fifty dollars—in his mind. Just think of it. Why the Klondyke isn't in it with him. Speaking of the jubilee stamps, reminds me to state that I got the last of the five centers here yesterday. Have not decided yet what I will ask for them, but have not forgotten that the ship does not appear to be used. You no doubt remember that there were none in St. John some weeks ago.

The U. S. ship Marblehead is now in Charlottetown harbor, and we spent one afternoon aboard of her. It is a thorough lot of gentlemen. The crew, however, lack that snap and get-there manner which one sees aboard a British man-of-war, and on this account the ship looks by a mere comparison like as she might. This is no doubt accounted for by the fact that a great many of the men are foreigners and working for pay alone. We were shown by a man here a very interesting Jack, who explained everything very cheerfully to us, and we were generally considered a proper procedure, slipped a tip into his hand, and he said "He was sorry, but he could not accept." We tried him again when no one was looking, but he steadfastly refused and said "I do not want to be allowed to do so." We suppose that Uncle Sam thinks that twenty-seven dollars per month is plenty.

"Soak" did you say; why there to be a fine thing now. There used to be a splendid isolation as regards the sale of liquor here, but now I am told most anyone can sell it. I am not a temperance crank, but will take the liberty to control the sale of wine, but more drunk men here last Saturday evening than ever we did at home. It would seem that very few of a certain class now how to use a "privilege" when they have it.

We saw an object lesson in street making here this week which would do some of the St. John city fathers good to see. A road made according to the plan of the city covered by stone curbs instead of mud—that is for the top surface. Although it was blowing a gale when the crushing wheels were being put on yet it did not wash away, and when the roller passed over it a fine surface was created. Good roads is one thing that Charlottetown and all the island can boast of. Their macadamized roads are made with stone and common sense—not mud.

FOUR GENERATIONS MARCHED. (Calais Times.) Last Monday, Aug. 16th, the dial-plate of time marked the 84th anniversary of the birth of James Murchie, Esq. The event was observed by the assembling at his home of his sons, daughters, and their descendants in well-remembered order. The occasion was one of great felicity. During the evening Henry Baton, Calais, rendered some pleasing solos, with his rich tenor voice, and the singing of St. Stephen, directed the strong and inspiring chorus in its excellent renditions. A striking feature of the evening was the march of four generations through the spacious hall and parlor, with military precision, to concert and piano accompaniment. Both players were equal to the occasion, and the procession was led by little Emerson Baton, of the third generation, who is a little representative of the fourth. Emerson is a typical likeness of his great-grandfather in step and appearance, and led the grand procession well. Mrs. F. Eaton and Miss Nellie Murchie presided at the piano most efficiently. Mr. Murchie's sister, Mrs. John McAdam, and Mrs. Andrew Murchie, both exceeding in age four score years, were present in good health and spirits. The evening was a happy one, and the company departed for their homes.

A SUMMER SPECIFIC. Dr. Fowler's Extract of Wild Strawberries cures cholera, cholera morbus, diarrhoea, dysentery, cramps, colic, catarrh of the mouth and all bowel complaints of children or adults. It is a soothing, effective and never-failing medicine, which gives immediate relief and speedily effects a cure.

"Some folk will great riches," said Uncle Eben, "minds mo ob er build man wit er good lead and was pretty sure of er heart bi gins away. So he sets and looks at em."

SPORTING MATTERS.

AQUATIC.

On the 17th inst. R. M. Johnson of St. Stephen and Hugh J. McCoombe of Moncton, on a three mile single scull race, one and a half miles and return, for \$100 a side, in best and best boats. The race is to take place on the afternoon of Tuesday, August 19th, at a place to be decided not later than Tuesday, August 24th. A deposit of \$50 a side was made with Harry Erwin of the Telegraph, who was agreed on as stakeholder.

YACHTING.

Canadian Boat Wins Second Race Over the Momo.

Montreal Aug. 17.—In a wind that blew fully twenty miles and in a heavy sea, the Glencairn II, today won her second race over the Momo. One mile win, and with the stiff breeze likely to prevail tomorrow, there would seem little doubt of this outcome, and the Seanwahaika - Corinthian challenge cup will remain in Canada for another year. The Glencairn II, a 20-ton boat, practically demonstrated her superiority over the American boat in a stiff blow. The weather conditions were anything but encouraging for a good race, but the Glencairn II, a 20-ton boat, sailed three times over.

At 12.15 the Glencairn turned the outward mark at 12.15.38 the Momo followed. On the return home before the Momo started to windward, she was well ahead. The Momo broke out a balloon jib and a small jib, and under these gained a little, but not much. On approaching the starting line, the Glencairn II, a 20-ton boat, sailed three times over. At 12.15 the Glencairn turned the outward mark at 12.15.38 the Momo followed. On the return home before the Momo started to windward, she was well ahead. The Momo broke out a balloon jib and a small jib, and under these gained a little, but not much. On approaching the starting line, the Glencairn II, a 20-ton boat, sailed three times over.

THE WHEEL. Salmon and McDiarmid Successful at Amherst. Amherst, N. S., Aug. 18.—About one thousand people attended the bicycle races on the club track here tonight. The best riders in the provinces competed in the events. In the half mile open, Smith and Unsworth met with an accident, which prevented them from competing in the other races. The first and second finals in the half mile were won by McDiarmid of St. John. The second was won by Salmon, also of St. John. The winners in the five mile race were Salmon, McDiarmid, Stanfield, Mumford and Gillespie. Salmon was first, McDiarmid second and Stanfield a close third, time, 24 1/2. None of the races were run in the time, the condition of the track not being favorable for record breaking.

THE TURF. The Maritime Colt Stakes Races. Amherst, N. S., Aug. 18.—The three and four year old races of the maritime colt stakes were trotted here this afternoon. In the first the starter was Wilmont, owned by J. A. Leaman, Halifax; Lina Bell, owned by Dr. Jolicoeur, Quebec; and Hazen Gay, owned by J. R. Lamy, Amherst. The first heat was taken by Lina Bell, but Wilmont won the second and third heats and the race, best time, 2.30. This lowers the three year old record, the best previous time being 2.31.

The four year old starters were Virginia J. Button, Flashlight and Nova Nelson. The first heat was butted in 2.26 3/4, and Flashlight took the three succeeding heats. Virginia J. took second and button third. A large number of horsemen are in town and great interest centres in tomorrow's races. This afternoon J. R. Leamy's Minota trotted an exhibition mile in 2.28.

The Amherst Bicycle Races. Amherst, N. S., Aug. 18.—The bicycle club rightly gauged the taste of the people when they decided on a programme of sports by electric light. The attendance tonight was almost equally as large as last evening, the track was in perfect condition and the evening was a perfect one for racing. The lighting was much better and the whole of the track could be distinctly seen from the grand stand. Everyone was perfectly satisfied with the two evenings' sports, and the management was greatly pleased with the results of the races, and with the support they have received from the public. The track is pronounced by all the riders as one of the best in the lower provinces. It is hoped that by next season to have the size of the track increased to a second mile, when it will then be second to none this side of Montreal. The first heat, half mile race, was between Steele, Mumford and Roger of Amherst. This heat was an interesting one, the three men came down the home stretch neck and neck. Mumford lost control of his wheel and fell twenty yards from the finish. Steele fell just as he crossed the finish line. First, Roger, 1.13 1/2; second, Steele, 1.20.

The starters in the second heat were Davison, Mumford and McDiarmid and Salmon; first, McDiarmid, 1.23 1/2; second, Salmon, 1.22 1/2.

In the final heat in the half mile race, Steele, owing to the fall he received in the trial, was unable to start. Roger rode a sticky race and finished a close third.

Three-mile lap race.—The man scores the largest number of points in this race while providing he finishes not further than 25 feet behind the winner of the last lap. Stanfield, Salmon and McDiarmid started; first, McDiarmid, 8.37 1/2; second, Salmon, 8.37 1/2; third, 26 points; second, Salmon, 8.37 4.5, 15 points.

Novice race, one mile.—This was an interesting race and was won easily by H. Johnson of Parsboro in 2.43 4/5; second, McLennan of Moncton.

"WELCOME SOAP"

It looked for and called for, asked for, and sought for by GOOD HOUSE-KEEPERS; but it is not always found—because some dealers keep it "under the counter." Why? "Inferior brands pay larger profits." Insist on having "WELCOME SOAP."

SMOOTH ON THE HANDS—ROUGH ON THE DIRT. We claim this to be the best household Soap in the world; possessing wonderful cleansing properties, and only needs one trial to make it "WELCOME" to all. "WELCOME" is a strong BORAX SOAP. SEE THE PREMIUM LIST PRINTED ON INSIDE OF EACH WRAPPER. THE WELCOME SOAP CO., - St. John, N. B.

If Horses Could Talk . . .

what a hum there would be on the streets about the wonderful way in which

QUICK HEAL!

cures Scratches, Galls and Sores. Every man who owns a horse should try it. SOLD EVERYWHERE.

much trepidation. Glencairn fairly held her own and the leg was practically a procession to the finish line. The time at the finish was: Glencairn, 1.29.00; Momo, 1.31.28.

THE WHEEL. Salmon and McDiarmid Successful at Amherst. Amherst, N. S., Aug. 18.—About one thousand people attended the bicycle races on the club track here tonight. The best riders in the provinces competed in the events. In the half mile open, Smith and Unsworth met with an accident, which prevented them from competing in the other races.

THE TURF. The Maritime Colt Stakes Races. Amherst, N. S., Aug. 18.—The three and four year old races of the maritime colt stakes were trotted here this afternoon. In the first the starter was Wilmont, owned by J. A. Leaman, Halifax; Lina Bell, owned by Dr. Jolicoeur, Quebec; and Hazen Gay, owned by J. R. Lamy, Amherst.

The four year old starters were Virginia J. Button, Flashlight and Nova Nelson. The first heat was butted in 2.26 3/4, and Flashlight took the three succeeding heats. Virginia J. took second and button third. A large number of horsemen are in town and great interest centres in tomorrow's races.

The Amherst Bicycle Races. Amherst, N. S., Aug. 18.—The bicycle club rightly gauged the taste of the people when they decided on a programme of sports by electric light. Novice race, one mile.—This was an interesting race and was won easily by H. Johnson of Parsboro in 2.43 4/5; second, McLennan of Moncton.

Two-mile race.—Starters, McDiarmid, Salmon, St. John; Stanfield, Truro; Roger, Amherst. The St. John man proved to be too fast for the others. McDiarmid won in 5.42 3/5, with Salmon a close second.

THE WEEKLY SUN.

ST. JOHN, N. B., AUGUST 25, 1897.

THE SPOILS SYSTEM ON THE INTERCOLONIAL.

So far as he has gone, the minister of railways has sacrificed the interests of the Intercolonial railway, violated the pledges given by his leader and himself, and increased the public expenditure, by the application of the spoils system in the reorganization of the staff.

Another change is the retirement of Mr. Cooke, the storekeeper. No charge of partisanship or of wrong doing could be trumped up against Mr. Cooke. He is not a relative of Sir Charles Tupper.

When we return to paleolithic man it is satisfactory to feel that we are tracing his comparative secure ground, and that the discoveries of the last forty years in Britain alone enable us to a great extent to reconstruct his history.

It is stated that notice has been sent to Moncton of the dismissal of Chief Engineer Archibald. The minister of railways has announced that Mr. Archibald is a perfectly competent and faithful officer, and that he is performing his duties to the entire satisfaction of the department.

"We announced on the floor of parliament last session that no member of the civil service, whether of the inside or outside service, would be dismissed except for cause."

Now the only inquiry which can be mentioned as applying to Mr. Archibald was that held by Mr. Wilson, if such proceeding could be dignified by the name of an enquiry, Mr. Wilson's own one-sided report, which does not give the evidence, but only his own story about the evidence, shows that Mr. Archibald had no opportunity of defending himself.

PREHISTORIC MAN.

The opening address of the British Association meeting at Toronto shows that the archeologist is recognized as a worker in the purely scientific field.

It is related of a great Irish orator of our day that when he was about to contribute some parliamentary remarks, he was persuaded by a friend to make a more liberal donation.

Sir John Evans, following Sir Charles Lyell, refers to the difficulty that is experienced in accepting the evidence of the great age of the earth and of man.

When we return to paleolithic man it is satisfactory to feel that we are tracing his comparative secure ground, and that the discoveries of the last forty years in Britain alone enable us to a great extent to reconstruct his history.

It seems to be generally accepted on both sides of the water that Secretary Sherman's diplomatic messages concerning the seal fisheries were drawn by some one else and authorized by the secretary of state when he was not in his right mind.

Now the only inquiry which can be mentioned as applying to Mr. Archibald was that held by Mr. Wilson, if such proceeding could be dignified by the name of an enquiry, Mr. Wilson's own one-sided report, which does not give the evidence, but only his own story about the evidence, shows that Mr. Archibald had no opportunity of defending himself.

The Canadian port in Maine is expected over the ten per cent. discriminating duty. The board of trade of Portland has passed a series of resolutions against the levy of the surtax on goods imported into the United States by way of Canada.

WOODSTOCK.

Death of Alfred Neales, a Graduate of the University of New Brunswick.

Woodstock, N. B., Aug. 23.—Archdeacon Neales received word on Monday of the decease of his youngest brother, Alfred Horrieth Neales, M. A., barrister, at his home in Ontario, California.

On Tuesday, 19th, Capt. Powell, C. B., gave both officers and men a surprise. About midnight he caused an alarm to be sounded with orders for the deck to be cleared for action.

On Friday morning Mayor Robertson, Deputy Mayor Robinson, Ald. Daniel, Messrs. McFarlane and Sheriff Sturdee visited the flag ship Crescent, and were cordially entertained by the captain and officers.

On Friday morning the captain and commander of the Crescent returned the visit of Mayor Robertson and were received by his worship, Sheriff Sturdee and Ald. Daniel.

H. M. S. Crescent sailed for Halifax after six o'clock on Sunday morning.

In the little village of Elgin, Albert Co., there is at present a work being done which from the peculiar features characterizing it, is unprecedented in this province.

There was much damage done by the last thunder storm that hit reported. W. E. Home of Milton, had a horse killed, and Mrs. Captain Hugh McPhee of Georgetown Royalty had a cow killed while she was milking it.

A very enjoyable day was spent on August 18th at the second annual Waterbury picnic although there were not so many present as last year.

At Free-town on Tuesday morning John Cartwright, Captain and Misses C. Burns were united in marriage by Rev. D. M. Campbell.

At Free-town on Tuesday morning John Cartwright, Captain and Misses C. Burns were united in marriage by Rev. D. M. Campbell.

A Minister of the Gospel, having suffered for 15 years with Nervous Weakness, etc., has at last obtained a complete cure, the particulars of which will gladly be sent free of charge to any similarly afflicted.

The confessions of the multitude of anxious but silent sufferers is earnestly requested and it is every sufferer's interest to be mailed this information as will surely lead to a perfect cure.

REV. A. H. MACFARLANE, Franktown, Ont. Captain Mahan's celebrated book, "The Influence of Sea Power," has been translated into Japanese and published at Tokio.

Together With from Correspondence Exchange

When ordering the WEEKLY SUN to the NAME of the paper in which the paper is sent, that of the office to which it is sent.

News correspondents in time to not later than Saturday morning for insertion in the SUN of the following.

On Wednesday last Kennington, P. E. I., and lamps to Halifax.

Harvesting has commenced in several localities, says Watchman. The report is an abundant one.

A Montreal buyer of cheese from P. E. I. which he paid top price for.

It is reported that decided to transfer the position of chief of police to the head of the police department.

At a meeting of the Board of Trade held at Ant. Frank O. Allison secretary to the board of the current year.

Henry T. Schreyer, collector of customs has been displaced by David Irvine in position. Why this is a puzzle all round.

Steamer Vesper was found to be afloat in the bay. The ship was found to be afloat in the bay.

W. S. and Collins of the Hon. Senate, Charlottetown on a trip to the Pacific return in time to report on the progress of the MoAnn. suit should be used and similar decrees made.

Johnston v. Sullivan went over until September on the application of Wm. Pugsley, Q. C., Solicitor General White consenting.

In Barle, except for J. Fowler, the books which are the subject of the suit, were produced. It appeared that one book contained some entries of money paid to the late Dr. Taylor for searches and discharges.

The case of Dunlop v. Dunlop was taken up by John Dunlop of Westmorland county died some years ago and the plaintiff, who is a son of the deceased, alleges that a brother (now also deceased) took the assets of the estate and invested them in a business which has since failed, he decided to sue for an infant daughter.

The Chief Events of the Week in St. John.

Together With Country Items from Correspondents and Exchanges

When ordering the address of your WEEKLY SUN to be changed, send the NAME of the POST OFFICE to which the paper is going as well as that of the office to which you wish it sent.

Remember! The NAME of the Post Office must be sent in all cases to ensure prompt compliance with your request.

NOTICE TO CORRESPONDENTS.

News correspondence must be mailed in time to reach this office not later than Saturday afternoon to ensure insertion in THE WEEKLY SUN of the following week.

On Wednesday last C. A. Macnutt, Kensington, P. E. I., shipped 192 sheep and lambs to Halifax.

The contracts for the heating and plumbing of the new I. C. R. station at Moncton has been awarded to J. H. Dooley.

Harvesting has commenced in several localities, says the Charlottetown Watchman. The root crop promises to be an abundant one.

A Montreal buyer has recently made a purchase of over 1,500 boxes of prime cheese from P. E. Island factories, for which he paid top prices.

On Thursday last Vernon River, P. E. I., cheese factory shipped 342 boxes of cheese of about 70 lbs. each, worth nearly \$5,000. This factory expects to make 2,000 boxes this season.

It is reported that the D. A. R. have decided to transfer Mr. Masters from the Boston office to Halifax, making him head of the passenger transportation business. Digby Courier.

At a meeting of the council of the Board of Trade held on the 17th inst., Frank O. Allison was appointed secretary to the board for the remainder of the current year—that is up to May 1st, 1898.

Frank D. H. Lawlor, C. E., has secured a position in the customs department at St. John and will be stationed in Ontario. Mr. Lawlor went to Montreal Wednesday afternoon to meet the chief engineer, Mr. Schreiber.

Henry T. Scholey, for many years collector of customs at Centreville, has been displaced by the government and David Irvine appointed in that position. Why this should be there is a puzzle all round. Woodstock Press.

Steam was up Friday on the new river steamer Victoria. The machinery was found to work very satisfactorily and the builders, Fleming & Son, were greatly pleased. The work of fitting up the boat is being pushed along.

W. S. and Collin, C. Ferguson, sons of the Hon. Senator Ferguson, left Charlottetown on Friday morning for a trip to the Pacific coast. They will return in time to resume their studies at Cornell and McGill universities respectively.

A report comes to the Woodstock Dispatch that one William McIntyre, son of Samuel McIntyre, accidentally shot himself with a revolver on Sunday, near Staten bridge in South Richmond. The body of the unfortunate man was found on Monday.

The Examiner has been informed that a wealthy gentleman, now resident on the island, has offered to subscribe \$5,000 towards a new hotel for Charlottetown, and a citizen of Summerside has offered double that amount for the same purpose.

The old St. John built ship Thomas Hilyard, which is now under the Dutch flag, arrived at Bay Verte yesterday from St. John. She is now commanded by Capt. W. C. Robinson, who was at one time in charge of Messrs Thomson's ship Canara.

These liberal journals, which on the strength of an article in the Fredericton Reporter hastened to clamp Bro. Pitts to their bosom as a convert to gritism will not find much comfort in the last issue of the Reporter, which scores the government unmercifully.

A correspondent writing from Tracadie under date of August 24th says: Master Benjamin F. Walker, telegraph operator, one of our New Brunswick boys, left on Friday morning last for the Crow's Nest Pass, accompanied by J. Ferguson and Leonard Turner of Tracadie.

At Chubb's corner on Saturday T. Lantallum sold 130 acres of land situated on the Mispic stream, owned by Charles Molnerney, for \$100 to F. Mooney. The sale of the Charlottetown property was postponed until Thursday. Nothing more Nellie Y. was withdrawn at \$160.

F. Lewin, who has been relieving O. H. Sharp at the Bank of N. B. A., Fredericton, for the past few days, received orders on Saturday to proceed to Roseland, B. C., to which place he has been transferred. He took his departure by the afternoon train. Herald.

A very pretty and staunch looking craft is the Pythian Knight, which sailed up from Grand Manan on Sunday in order to register in St. Andrews, says the Beacon. She was built in the yard of Winlow McKay of Shelburne, N. S., for Frank Ingalls of Grand Manan, and will be used by him for freighting and general purposes. Her dimensions are: Length over all, 50 feet; breadth of beam, 15 feet; depth of hold, 6 feet. She is a great sailer, spreading over 20 yards of canvas.

NOTICE TO SUBSCRIBERS.

I. D. Pearson is doing like work for the Sun in Cumberland County, N. S. Subscribers who are in arrears will please pay when called on.

A. J. Markham is in Digby and Annapolis Counties, N. S. Subscribers in arrears will please pay up when he calls on them.

THE SUN PRINTING COMPANY, issuing weekly 4,500 copies of THE WEEKLY SUN, challenges the circulation of all papers published in the Maritime Provinces. Advertisers, please make a note of this.

John Irvine, postmaster at Milford, has been dismissed, and Wm. Evans has been appointed in his place.

Allen Haley, M. P. for Hants, Nova Scotia, is at the Manitoba. Messrs J. A. Russell of Windsor, N. S., and M. Dickie of Truro, the latter a brother of the late minister of justice, are also at the Manitoba. They are en route west on a trip across the continent. Winnipeg Free Press 17th.

The causes of death reported at the Board of Health office for the week ending Aug. 21st were: Diarrhoea, 5; cholera infantum, 5; malnutrition, 3; debility, 1; dysentery, 1; diphtheria, 1; consumption, 1; convulsions, 1; typhoid fever, 1; acute peritonitis, 1; croup, 1; cerebral softening, 1.

Rev. Dr. Alfred Faulkner is visiting his father, John L. Faulkner of Grand Pre. Dr. Faulkner is another Nova Scotia boy who has won well-deserved distinction and recognition in the United States, having been lately appointed to the chair of church history, etc., in Drew College, Boston. Outlook.

A Keswick valley letter says: "We have to record the death of the oldest inhabitant of this place, R. Currie, sr., who passed away without an hour's illness on the 10th inst., at the residence of his son, Robert Currie. He was over ninety years of age, and had outlived all his children except one son."

Wednesday morning Alex. G. Hornscomb of north end was united in marriage to Miss Myrtle Corbett, daughter of S. W. Corbett. The ceremony was performed by Rev. Mr. McKim. After a wedding luncheon, Mr. and Mrs. Hornscomb left on the C. P. R. express on a bridal trip, followed by the best wishes of their many friends.

A Boiestown letter of Aug. 16th says: "Richard and Gustav lost a valuable horse this afternoon. It was employed in hauling refuse from the mill to the refuse fire. The fire is an old cedar, and while backing the load the horse and cart dropped into the fire. The horse was burnt to death before assistance could be given."

It is understood that Albert Sear, who was appointed a few months ago to the position of engineer at the pumping station, has received notification that his services as such will not be required after the first of September. James Howes will be Mr. Sear's successor. Both men are liberals and both have friends in the party. —Sussex Record.

The death is announced of John B. Read, which occurred at his residence, Pugwash, on Thursday, 12th inst. Mr. Read's wife survives him, also a son, J. O. Read, Pugwash, and two married daughters, one the wife of Judge Newcomb of Las Cruces, New Mexico, the other of Prof. Cameron of Toronto. The deceased was 74 years of age and highly respected. —Amherst Sentinel.

The prize winner for this province in the July prize competition of the Sunlight Soap Co. were as follows: Biocyles, Mrs. W. W. Stockton, Sussex; Mrs. Frank Ester, St. James street, St. John; Gold watches—Roy D. Grimmer, St. Andrews; Ray Bray, Campbellton; Wm. F. Smith, St. David street, St. John; R. J. Humphrey, Hampton; Gerald W. Colwell, St. Marys, York Co.

The Acadia Dairy Co. of Wolfville are now receiving 24 1/2 tons of milk per week. This is not as much as received during June, when thirty tons was the weekly receipts. The output for the year will amount to \$15,000, being about \$3,000 in excess of last year. Since May 1st \$1,500 worth of cheese has been manufactured. One Halifax firm handles most of the butter from the dairy company.

In county court chambers Murphy v. Blair was up before Judge Forbes, on review from parish of Durham civil court. The suit was for wages, and the jury had found for the defendant. Judge Forbes held the verdict was against all evidence and ordered a verdict for plaintiff for \$16, being a little less than the amount claimed, together with costs of trial and of review. John Montgomery for the review; John R. Dunn contra.

Says Tuesday's Charlottetown Guardian: "Donald C. Grant and John Compton of Morell leave this morning on the excursion to the Northwest. Their objective point is Mooseminit. After remaining a while in the Northwest they purpose proceeding to Roseland, and if indications continue favorable they may proceed to Klondyke in the spring. Kensington, P. E. I., has two representatives in Klondyke in the persons of Messrs. James and Geo. Higgins."

It is the opinion of leading orchardists of the county that the apple crop of the valley as a whole will not be less than a quarter of last year's crop. The fruit is also of an inferior quality. There is a large crop of pears, and about half a crop of plums. Wolfville Acadia.

John Kilburn, the well known Fredericton lumber operator, is at the Royal on his way home from Quebec, where he has been putting in a few days to make the necessary preparations for his operations in the North-West branch of the St. John at Moncton during the coming winter. Mr. Kilburn does not look for as large a cut at the headwaters of the St. John as last year.

By telegram from Denver, Colorado, says the Charlottetown Examiner, Mrs. John Scott, Kent street, has received intelligence of the death of her daughter, Miss Evelyn Scott, at that city on Tuesday last. Owing to falling health Miss Scott was compelled thirteen years ago to seek a more favorable climate, and has resided in the west since that time, except during a visit to her home in 1891. During her last illness she was attended by her sister, Miss Laura Scott. Her remains are buried in Denver by the side of her brother William, who died at that place three years ago.

The corner stone of the Midway Baptist church, third Wadsworth street, was laid by Mrs. Steele, wife of Rev. Dr. Steele of Amherst. Between a hundred and fifty and two hundred persons witnessed the ceremony, including a number from the parishes of Upper Sackville. The church will cost in the vicinity of \$3,000. The land was donated by David Wheaton. The church will seat in the vicinity of 400 persons. The contract calls for its completion about the first of December.—Dorchester Spectator.

The Macleod Gazette says it is expected that thirty miles of grading will be completed by the 15th inst. on the Crow's Nest Pass road. Work on the C. & E. railway bridge across the Old Man's river is being pushed forward rapidly. Two piers have already been built, and the rails are being laid from the north side just as fast as the piles are driven. At present the bridge is not entirely supported by piles, but a permanent steel bridge will be put in this winter.

A Sheet Harbor, N. S., letter says: "The mills at this place will close down in a couple of weeks; the sawing season has been a short one, but very successful. There will be about 13,000,000 feet cut at East and West river combined. The West river mill has been working night and day, since starting, cutting over 600,000 feet a week, and employing a large number of men. A large amount of lumber is piled on the wharf to be shipped. At this river there are now two ships loading deals for Europe."

Hastings W. Freeman of Jordan river, N. S., seven miles from Shelburne, is about to have his saw mill re-erected in a new place. When completed it will have a pump, rotary patent edge and other machinery. The mill cuts spruce, pine and hemlock. The work of setting the mill will be done by Danish Buchanan of Apolquo, one of whose turbine wheels will supply the power, and who will build the old mill on the same site twenty-eight years ago. He sees over the bay this morning.

Seen by a Sun reporter, James Beveridge, an English pulp making expert, who is now in New Brunswick in connection with projected improvements in one of the Miramichi pulp mills, spoke most cheerfully of the prospects of the concern, now known as the Dominion Pulp Co. He said that the mill manufactured sulphate pulp and shipped all the product to Great Britain. They paid out \$1,600 every fortnight in wages. The output was fifteen tons a day. The Miramichi is, he said, a great pulp country.

John C. Oland showed the Halifax Recorder on Thursday a box of rich bearing quartz, regular gold-bearing, of which he showed specimens that were like corn on a cob. It was part of a shot fired Wednesday at the Symon-Kay property, Montague, and it is estimated that over \$1,000 in gold was the result; nearly \$2,000 was taken during the day. The small parcel Mr. Oland had, had over \$300 in gold. The shaft working was started on Monday, and from the first shots the result has been of the same nature as that above.

John Ring, detective of St. John, has been in this part of the country for some days past on business connected with the robbery and abduction of a lady. He is now in possession of a large quantity of stolen goods, and is charged with robbery of \$115 in cash from the house of Wm. Underhill, Blackville, said sum being the property of Wm. Bennett, a barber in Underhill's house, at the Allan Jones. The preliminary examination was held on Tuesday, 17th August, before John Nixon, Esq., police magistrate, and the prisoner was committed to trial at the autumn court sitting to be held in September next, unless he demands a trial under the speedy trials act. —Newcastle Advocate.

The body of Robert J. Gilbert was taken to Dorchester Thursday afternoon and buried there at 5 o'clock with Masonic honors. Particulars that have been received show that Mr. Gilbert was one of a party of three who were making for the mining lands in Algoma. They were packing a canoe for a portage. While stooping to pick up a parcel, Mr. Gilbert's revolver fell from his pocket, struck a boulder and was discharged. The bullet entered his right leg and passed upward into the stomach, inflicting injuries that caused his death in a very short time. His comrades at once returned with the body. Mr. Gilbert had not been at the Klondyke, as Boston papers reported.

"KLONDYKE NUGGETS." The Sun makes a great offer today to those of its readers who would like to learn the facts about the Klondyke region and its fabulous stores of gold.

The story is told by Joseph Ladue, the bonanza king of the Klondyke. Consult the Sun's advertising columns for particulars about the book and how to obtain a complimentary copy. Everybody should read Ladue's marvellous story.

SUSSEX NEWS.

Valentine Cripp Fined Thirty-five Dollars for Selling Watered Milk.

Sussex, Aug. 21.—Judgment was given this afternoon in the milk and water case heard before Stipendiary Magistrate Hatfield at Norton on the 9th and 10th inst. of the present month, in which case Harvey Mitchell, government inspector of dairies, was the informant and Valentine Cripps of the parish of Norton was defendant. The information charged that Valentine Cripps on Friday, the thirteenth day of July, at the parish of Norton did knowingly and wilfully send to supply to James E. Price, manager of the Norton cheese factory, a quantity of deteriorated milk to be manufactured into cheese. Geo. W. Fowler, barrister, appeared for the informant and Fred L. Fairweather, barrister, for the defendant. Possibilities were examined for the prosecution, Cripps, the defendant, being the only witness for the defence. He tried quite artfully to convince the court that the milk had not been watered, but his statements could not be taken, and after enjoining the counsel and delivering a few words of advice to the defendant on the attempt to wrong the manufacturer of cheese, delivered the following decision, which more fully explains the result of a case which has caused a very great deal of interest throughout not only the county of Kings but throughout the province: CANADA.

Province of New Brunswick, County of Kings. Be it remembered that on the twenty-first day of August in the year A. D. 1897, at the parish of Norton, in the said county, Valentine Cripps of the said parish of Norton, in the said county of Kings, farmer, is convicted of being the manager of D. Beverley Hatfield, a justice of the peace in and for the said county and stipendiary magistrate in and for the parish of Norton, in the county of Kings aforesaid, for the said Valentine Cripps on Friday, the thirteenth day of July, in the year of our Lord one thousand eight hundred and ninety-seven, at the parish of Norton, in the said county of Kings, did knowingly and wilfully send and supply to James E. Price, manager of the Norton cheese factory, a quantity of deteriorated milk to be manufactured into cheese, contrary to the terms of the statute in such case made and provided; Harvey Mitchell of the city of Fredericton, in the province of New Brunswick aforesaid, being the informant, and I adjudge the said Valentine Cripps for his said offence to forfeit and pay the sum of twenty-five dollars to be paid and applied according to law, and also to pay to the said Harvey Mitchell the sum of ten dollars for his costs in this behalf, and if the said several sums are not paid forthwith, I order that the same be levied by distress and sale of the goods and chattels of the said Valentine Cripps, and in default of sufficient distress I adjudge the said Valentine Cripps to be imprisoned in the common jail of the said county at Hampton, in the said county of Kings, for the term of forty days, unless the said several sums and all costs and charges of the said distress (and of the commitment and conveyance of the said Valentine Cripps to the said jail) are sooner paid.

Given under my hand and seal the day and year first above mentioned at the parish of Norton, in the county aforesaid. D. BEVERLEY HATFIELD, Justice of the peace in and for the county of Kings and stipendiary magistrate in and for the parish of Norton in the county of Kings aforesaid. Cripps paid up his fine and costs. Inspector Mitchell is much pleased for having succeeded in exposing this case.

The customs department has sent the following circular to the different collectors of customs, and lobster exporters, as well as vessel owners, would do wisely to carefully read the following provisions of chap. 25 of the Dominion Statutes of 1885, entitled an act to amend the law respecting the lobster fishery: Lobsters canned or cured in Canada exported without the Canadian government label attached to the cases may be seized and forfeited and the owner is liable to a fine of forty dollars. You are therefore instructed to warn vessel owners that such lobsters without the label so attached are subject to forfeiture. Before granting clearance to any vessel carrying such lobsters you will notify the nearest fishery officer of any violation of the law discovered, so that the lobster cases may be seized by him.

The marriage took place on the 17th inst., at the residence of George Nixon, Queen street, of his youngest daughter, Miss Ella, Maid Nixon, to J. Abrighton Clarke, of Brook & Paterson's establishment. Only the relatives of the family were present. The parties were very prettily decorated with flowers. The bride wore a very handsome travelling gown of blue cloth, with hat to match, and carried a large bride's bouquet. She was attended by Miss Helen Pittford, who was correspondingly attired in blue. Frank Whitehead of Fredericton ably performed the duties of groomsmen. The ceremony was performed by Rev. John Reel and Rev. Dr. Pope, after a wedding luncheon had been served. Mr. and Mrs. Clark took the steamer St. Croix to Boston, and will visit New York before returning. They received many beautiful presents.

Wiley—You came home very late last night, Hubby—I looked at the clock when I came in and it was only ten o'clock. Didn't you say you were out? I said you were late.—Detroit Journal.

Coleman's Salt. BEST FOR TABLE USE. USES:—SALT FOR TABLE USE. CANADA SALT ASSOCIATION, CLINTON, ONT.

Our Way Of Doing Business

Suits everybody—its fair. We believe we have the best clothing for boys and men, and the lowest prices in the Maritime Provinces, and we are not backward about telling you so. But we invite you to compare our clothing and prices with those of other houses, and convince yourself. Every article we sell is guaranteed to give satisfaction, and we give your money back if you want it.

Boys are pretty rough with their clothes but you will find our clothes will stand the rough and tumble usage, and give good value for the price. Two piece suits—fit boys of 4 to 10 years—good linings, good style, good workmanship. Fine grey pin check tweed suits, \$1.75; dark navy blue serge suits, \$2; stylish grey plaid tweed suits, \$2; handsome dark brown mixed tweed suits, \$2.50.

Three piece suits for boys of 11 to 15 years; dark brown tweed suits, double breasted coats, \$3; navy blue serge suits \$3.75, \$4, \$4.50, \$5 up; dark grey and brown mixed tweed suits, in single and double breasted coats \$4, to \$7.

Men's fine all-wool tweed suits in newest patterns of medium and dark grey and brown tweeds, single breasted sack coat style, good trimmings, and first class workmanship best values we have ever offered. Prices, \$6, \$7, \$8, \$10, \$12.

Send your orders by mail, they will receive prompt and careful attention, and if goods are not what you want—you may return them and have your money back.

SOOVL BROS. & CO. OAK HALL, King Street, Corner of ... St. John.

SPLENDID POULTRY DISPLAY!

Judging from the entries already to hand, and from the reports to us from those engaged in poultry raising, the display in this department of the Grand Jubilee International Exhibition will be, by far the finest ever seen in this part of the Dominion. The new Poultry House, 30x55, light and airy, makes it possible for every bird to be seen to the best advantage. Stock entries are now coming in, quite a number coming to hand by every mail. If you would like to have your application for same has been overlooked, send postcard and you will receive it by return mail.
