**MAGNIFICENT BUILDING WILL
 REPLACE SINGLE HALL; MEMO-
 RIAL TO LATE CHARLES FAWCETT**

Special to The Standard.
 Sackville, N. B., May 31.—Toward the close of a remarkably interesting programme of musical and literary exercises this evening Principal Borden, of the Ladies' College, made two interesting announcements, indicating extensive building operations almost immediately. The first was that the twenty thousand dollars left the Ladies' College by bequest of the late James Hart, of Halifax, is now available and that work will begin on the new Ladies' College building which will be the board of regents shall have taken action on the report of the executive committee. The new wing will occupy the site of the historic Lingley Hall, which for more than half a century has been the scene of convocation meetings. This building will contain apartments for the principal, rooms for the extension of home science department, gymnasium and rooms for fifty pupils.

Lingley Hall to Disappear.
 The other announcement is still more interesting. Lingley Hall will disappear but another and larger hall will be erected nearby. This will be called Fawcett Hall, and will be the gift of Mrs. Fred Borden, and Mr. Charles Fawcett, of this town, daughter and son of the late Charles Fawcett. The building will be a memorial to their father and will seat ten or twelve hundred people, with an ample stage for operatic and dramatic performances. This announcement was greeted with long and prolonged cheering from the student body and the townspeople.

Sackville, N. B., May 31.—Mount Allison Academy and Commercial College held its sixty-sixth annual closing this afternoon. The report presented by Principal J. M. Peacock, who showed that the past year was the most successful in its long career. The number of students enrolled was one hundred and twenty, being the largest on record. There were sixty-two students taking the full academic course; forty-four in the commercial department and forty in the preparatory department and thirty-five non-resident. The list of matriculants and graduates is as follows:

- Matriculants to University**
 Stanley Boyle, Carboneau, Nfld.; John H. Chipman, St. Stephen; John Cameron, Sackville; Arthur Fillmore, Advocate; Millard Fillmore, Advocate; Walter Keogh, New Glasgow; Fred Kinney, Bridgetown; Arno Kilcup, Grand Pre; Paul Kilpatrick, Dilligant, N. B.; Robert Kent, Quebec; Charles King, Canterbury; Edward Landon, Canterbury; LeRoy Paschal, Hamilton, Bermuda; George Patten, St. John's, Nfld.; Harry Parker, Timonoth Creek, N. B.; William F. Ruddick, John's Harbour; Traut, Boylston, N. S.; Ernest Welch, Calgary, Alta.
- Graduates in Bookkeeping, etc.**
 Leland H. Black, Amherst; Alban D. Crosby, Yarmouth; Allan M. Curran, West Branch, N. B.; S. Folkins, Midland, N. B.; Howard F. Fowler, Lakefield, N. B.; George D. Heal, Liverpool, N. B.; Cecil W. Hicks, Sackville; J. Russell King, Oxford, N. S.; Benjamin F. McMahon, Auburn, N. B.; Leslie Miller, Port Daniel, Que.; Jessie B. Morris, Port Greenville, N. S.; Roy M. Patterson, Shules, N. S.; Susan C. Peacock, Murray Corner, N. B.; H. Guy Smith, Port Hood, N. S.; Nina I. Smith, Moncton; H. L. Sullivan, Bonny River, N. B.; Holly A. Tuttle, Pugwash, N. B.
- Graduates in Stenography & Typewriting.**
 Maud L. Atkinson, Derby Junction.

**UBALDE MICHAUD TRIED TO
 BREAK JAIL AT EDMUNSTON**

Special to The Standard.
 Edmundston, N. B., May 31.—Today Ubalde Michaud, who is in jail here on the charge of attempting to wreck trains on the Temiscouata Railway, made an unsuccessful attempt to break jail. The prisoner, who had obtained possession of a piece of sheet iron which with a considerable degree of skill he filed into a rough saw. With this implement he made a determined attempt to get out of his cell, but was discovered in time.

Story of the Crime.
 For some time beginning about March 20, the Temiscouata Railway trains have frequently been interrupted at their tracks between St. Hillaire and Baker Brook. These interruptions became so frequent and the danger to property and life became so acute that the management decided to have an investigation made. Consequently, the Thiel Detective Agency of Montreal was given charge of the case and on May 4 started working. On the night of May 20 Inspector Little and Detective Bresset, of the above service, arrested Ubalde Michaud and Paul Michaud, his son, of Baker Brook, charging them with attempting to wreck an express train of the company.

House Searched.
 A search was made of their house and some dynamite and iron made to fit the rail-joints were found. On the night of May 21 a water tank at Canon Brook was blown up by dynamite and the mixed train was held up owing to iron wired down on the track.

Suspects Again Captured.
 When the case was called on Thursday, May 27, the suspects were not present. Their bail was forfeited and the officers located them at Canon Brook, Me., that night bringing them back at once. They were arraigned

SAINT JOHN, CANADA, TUESDAY, JUNE 1, 1909.

**ST. JOHN ASSOCIATION FOR PREVENTION
 OF TUBERCULOSIS ORGANIZED YESTERDAY
 AFTERNOON AT ENTHUSIASTIC MEETING**

The St. John Anti-Tuberculosis Society was organized yesterday afternoon in the Board of Trade rooms and from the enthusiasm displayed at the organization meeting, this city and county will make a most determined effort to stamp out the White Plague.

The Officers
 The new society is an auxiliary of the Provincial Anti-Tuberculosis Society. Its officers as elected yesterday are as follows:
 President, His Honor Judge McKewon; Vice-Presidents, Dr. M. MacLaren and Mrs. D. McEllan; Secretary-Treasurer, Dr. G. G. Kelvin; Executive Committee, Lady Tilley, Mrs. T. H. Bullock, Mrs. E. A. Smith, Mrs. W. W. White, Father Chapman, W. S. Fisher, Dr. S. S. Skinner, Thos. Gorman, Dr. F. L. Kenney, E. L. Rising.

The First of the Campaign
 Dr. Daniel, vice-president of the Prevention of Tuberculosis was convener of yesterday's meeting. The organization of this society for the city and county of St. John is in accordance with the policy of the New Brunswick Society which aims at having county societies as auxiliaries in all the counties of the province. Monday's meeting was the first in an aggressive organization campaign which will be carried on throughout New Brunswick.

Dr. Daniel's Opening Address.
 Dr. Daniel, as chairman, in opening expressed his pleasure at seeing so large an attendance. It was unnecessary for him to say how important was the subject they had assembled to discuss. A short time since, a provincial association had been formed for the purpose of combating the ravages of tuberculosis. Tuberculosis, which along the Atlantic seaboard, more so in fact than in inland districts. For that reason the people of St. John had the keenest of interest in the formation of an anti-tuberculosis society.

Dr. Daniel mentioned having received letters from Bishop Casey and Lady Tilley, expressing sympathy with the aims of the meeting.

Dr. Lang's Motion
 At the suggestion of the chairman, Rev. D. Lang moved that the meeting express its approbation of the formation of an auxiliary to the Provincial Anti-Tuberculosis Society and that the organization of such a society be proceeded with at once, the society to be called the St. John Society for the Prevention of Tuberculosis.

Rev. D. Lang in making the motion mentioned the encouraging results of the formation of a Ladies' Auxiliary in Halifax and of other auxiliaries in Boston, New York and other cities. The motion was carried unanimously and Dr. Melvin was elected secretary of the meeting.

Constitution and By-Laws.
 Dr. Daniel mentioned that by-laws and a constitution were necessary for the new society. He also suggested that the ladies be represented upon the committee to draw up the constitution and by-laws.

Provincial Government Assistants.
 Dr. McInerney moved the appointment of such a committee. Everyone, he said, recognized the importance of the objects of the society. The Provincial Government had recognized that importance and within a few days a committee of ways and means would be appointed to look into the matter and a grant of \$15,000 would be set aside.

Dr. McInerney's motion was carried and Dr. Daniel appointed the following committee: Thos. Gorman, Mayor Bullock, Mrs. E. A. Smith and Mrs. DeB. Carrite.

Dr. Thos. Walker.
 The committee retired and at the request of the chair Dr. Thos. Walker addressed the meeting.

He said the subject under discussion was one of the most important before the public of St. John at the present time. Everyone knew of the many deaths taking place in the city each year on account of tuberculosis. Steps must at once be taken to prevent the spread of the disease. To accomplish that result energetic action would have to be taken.

Dr. Walker then proceeded to tell of what he had learned of the treatment of tuberculosis in the United States during his recent visit to that country. His attention had been devoted chiefly to New York where a complete system was in operation.

The New York System.
 In New York there were nineteen stations for the treatment of tuberculosis. He had visited the one connected with the Bellevue Hospital. The organization in that city was the best in America.

Dr. Fraser in the absence of the superintendent of the clinic had shown a speaker over the entire establishment.

Method of Operation.
 When a patient was received at the clinic he was weighed and the history of the patient, his parents and his family was ascertained. He was given advice concerning diet and treatment. As soon as possible a nurse was sent to the patient's abode to report on his conditions, situation, etc. If it was found that the patient had not sufficient means to pay for the treatment, certain charitable societies for assistance. If the patient neglected to report at the clinic within four days after examination a nurse searched for him and reported.

Dispensary Needed Here.
 Dr. Walker went on to say that a dispensary and a nurse were absolutely necessary in St. John to combat tuberculosis.

Danger Exaggerated.
 The doctor proceeded to say that the danger of tuberculosis should not be exaggerated. Tuberculosis patient was dangerous to no one if his sputum was properly looked after.

In New York advanced cases of tuberculosis were sent to the Metropolitan Hospital on Blackwell's Island. New Brunswick needed a sanitarium and was in a fair way to get one.

**THE
 WORLD'S
 NEWS**

**NEW BRUNSWICK STUDENTS IN
 LEADING PLACE ACADIA; MANY
 ATTEND THE CLOSING EXERCISES**

Special to The Standard.
 Wolfville, N. S., May 31.—The closing exercises of the Acadia Seminary were held in College Hall at 2.30 o'clock.

The hall was beautifully decorated with apple blossoms, the class flower of 1909, and was crowded by an interested audience. After a few words of welcome by the class President, Miss Elsie Estabrook, of St. John, the class history was read by Miss Clara Lewis. It showed evidence of careful preparation and was written in an interesting original style. A piano solo by Miss Charlotte Lawrence, 99, followed, after which the class prophecy was read by Miss Helen Mersereau, Principal Robinson addressed the class history in general, and the valedictory which was read by J. H. West, of Moncton, were both received with loud applause.

The Prizes.
 The prizes for the year were then distributed.
 1.—Prize of \$10 donated by W. M. Black, Wolfville, for general scholarship, won by J. Hinson West, Moncton, N. B.
 2.—Prize of \$10 donated by W. L. Archibald, for senior scholarship, won by W. R. Crowell, Shag Harbor, N. S.

3.—Prize of \$5, for best standing in spelling, won by Ernest Larkin, Pubnico, N. S.
 4.—Prize of \$10 donated by P. U. Balcom, for junior making highest average in the class, won by Roy Short, St. John, N. B.
 5.—Second prize in spelling of \$5, won by Frank E. Murray, Point de Bute, N. B.
 6.—Prize of \$10 for highest standing in bookkeeping, won by Laura Reid, Albert, N. B.
 7.—Prize of \$10 for highest standing in penmanship, won by Minnie A. Reid, St. John, N. B.

Mr. Webster took for his theme The Objective of Education, and emphasized thereby the necessity of a clear-cut purpose toward which all educative processes should tend. He developed his subject under three heads which he presented as the salient elements of a true educational objective.

First, Progress: This marks the student's school days as he goes from grade to grade and from school to school, but he is in danger of forgetting that in reality he can never graduate from his learning process for all his life must be his school, and every step made the point of departure for a new advance. The nature of truth and the nature of the mind both, make this constant onward movement imperative.

Second, Personality: In our practical temper of mind we greatly insist upon doing, in order to do, we must divide work till all things are tinged with specialism. We are in danger of forgetting that being must take precedence of doing and that man is more than a machine for the performance of a some special function. Education is a failure unless it produces worthy character.

Third, Service: Life is the field of reciprocity. Not only does the lower serve the higher, but the glory of the higher is to serve. The greater the ability, or opportunity, the more weighty the obligation to enlist in the relief of the needs of our fellow-men.

Every age has its questions to be solved, burdens to be lightened, its hopes to be rekindled. To aid in doing this for your own time will be a just investment of your education.

Today's Programme.
 The programme for tomorrow's exercises is as follows:
 10 a. m.—Class day exercises of the senior class of the University.
 2 p. m.—Annual track meet of the Acadia Athletic Association.
 3 p. m.—Art Exhibition Alumnae Hall.
 7 p. m.—Closing exercises of Acadia Seminary.
 9.30—Alumnae banquet of Acadia Seminary.

**STEADY STREAM
 OF U.S. FARMERS
 TO DOMINION**

Special to The Standard.
 Winnipeg, May 31.—Figures which are nothing short of startling are contained in the report of the Immigration Department for the fiscal year, which was issued from the local offices this morning. The year closes on March 31 and the report contains statistics for all Canada. It shows immigration to Canada via ocean ports, or in fact from Great Britain and European countries, decreased to the extent of 117,081 persons from the preceding fiscal year. This decline has not seriously affected the influx from the British Isles.

Increase From States.
 On the contrary the immigration of settlers from the United States, not only shows an increase over the last fiscal year, but it breaks all records for migration across the southern border. In the twelve months prior to March 31, 59,832 settlers from the United States came into Canada, bringing with them money and effects, the estimated value of which was sixty million dollars. It is computed each settler that comes from over the boundary is worth on an average \$1,000.

Interesting Summary.
 A summary of immigration to Canada for the past three years is as follows:

1906-07	222,702	59,263
1907-08	204,157	58,312
1908-09	204,157	57,076
Totals	531,935	177,407

Steady Stream of American Families.
 A lot has been said of the American invasion of Canada, but it is doubtful if the extent of the movement has ever been so pronounced as in the past year. The figures show that American farmers are crossing to the Canadian prairies in a steady stream. It is said the figures for April last will show from 10,000 to 15,000 arrivals across the border, and J. Bruce Walker, Commissioner of Immigration at London, Ontario, has predicted 70,000 settlers will come to Canada from the United States this year.

He states that in March alone 485 carloads of settlers' effects passed through Portia to points in Alberta and parts of Saskatchewan west of Moosejaw, while the quantity of effects from other points increased 100 per cent. over the same month last year. Reports for the first week in April showed that 200 carloads of stock arrived at Portia alone.

**CHATHAM MAY GET MAIN LINE
 OF INTERCOLONIAL; MANAGEMENT
 GO INTO MATTER THOROUGHLY**

Special to The Standard.
 Chatham, N. B., May 31.—Chatham's hopes for diversion of the I. R. C. branch line into the heart of the town were raised again to a high pitch when Messrs. T. M. Butler, D. Pottinger, Wm. Brady and E. Tiffin, I. R. C. Commission Board, met the members of the Town Council, Board of Trade and citizens generally in a hastily called meeting at the town hall this morning.

Though but an hour's notice was given over 100 representative citizens assembled and by their earnest demeanor while the matter was under discussion must have convinced the officials present with the seriousness with which Chatham citizens view this matter and how much they feel depends on its fulfillment. At present the town is on a branch line approaching somewhat less than a mile from the business centre and consequently is greatly hampered. If the Commission and Government do not carry out the project citizens who worked so hard in the belief that supporting the Government meant railway diversion will be much chagrined.

Mr. Butler displayed plans of the proposed route which will not only put the railway along the wharves and through the town's business centre but will also open to capitalists sentiment

did deep water facilities above the town, at present quite useless owing to the lack of railway connection. With one or two modifications the route was entirely satisfactory and on Mr. Butler stating that the site opposite Haymarket Square was the best location for freight sheds and stations, a resolution was passed expressing the citizens' acquiescence in this. A resolution was also passed by the meeting and at a subsequent Town Council meeting, granting to the railway the right of way along streets and through the town property on the route. Mr. Butler intimated that there was every likelihood of the work being started very soon, provided no land hold-ups were attempted.

GAVE COLLEAGUES A TREAT.
 Fredericton, May 31.—Solicitor General McLeod arrived tonight with H. Fowler from a trout fishing trip to the Kenwick lakes. They had fine luck and caught 110 beautiful trout, the largest weighing about 3 1/2 pounds. The Solicitor-General this evening spent the evening with the members of the House with instructions to have them prepared for tomorrow's breakfast for his fellow members of the Government.

Supreme Court opens today in Fenton. Fredericton, N. B., May 31.—The Supreme Court opens here tomorrow. As yet, the commissions of appointment of Judges Barry and McKowen have not been received. The docket is as follows, the cases being largely Scott Act and game appeals:
 1.—Ex parte, Marion Margaret Maxwell. In re Edson E. Peck, Justice of the Peace, Albert Co.
 Wilson, K.C., to show cause against an order nisi to writ of prohibition.
 Magistrate Woodstock, ex parte William E. McIntyre.
 Jones, K.C., to show cause against an order nisi to quash.
 2.—Same vs. same ex parte, same. The like.
 4.—Same vs. same ex parte, John O'Regan. The like.
 5.—Same vs. Nell McQuarrie, Justice of the Peace, Victoria Co., and Police Magistrate, ex parte Howard P. Giberson. The like.
 6.—Same vs. same ex parte the same. The like.
 7.—Same vs. William Wilson, Judge of York County Court, ex parte Herbert H. Fairley. In re King on information of H. H. Fairley vs. William J. Duncan, A. J. Gregory, K.C., the like.
 8.—Same vs. same, ex parte the same. In re the same vs. Henry Braithwaite. The like.

Special per.
 1.—Allingham v. School Trustees, district No. 1, Leinster, H. W. Robertson to support, v. murrer to defendant's 7th and 8th sds.
 Appeal Paper-C. by Court Appeals.
 2.—Landry, ex parte Sheriff Glouster (plaintiff) appellant, and Sheriff et al. (defendants) respondents. J. P. Bryan to support appeal from the Gloucester county court.

Year. He states that in March alone 485 carloads of settlers' effects passed through Portia to points in Alberta and parts of Saskatchewan west of Moosejaw, while the quantity of effects from other points increased 100 per cent. over the same month last year. Reports for the first week in April showed that 200 carloads of stock arrived at Portia alone.

RESIGNATION

Special to The Standard. Fredericton, N. B., May 31.—Premier Hason and members of the Government arrived this evening for the session of the Executive Council which will open tomorrow morning.

WOMEN WHO STUDY BOOKS, WORK WITH HANDS AND MAKE LOVE OF HIS FATE

London, May 31.—The following is a more extended report of the striking speech made by Lord Roberts in the House of Lords recently: Lord Wemyss, vigorous and enthusiastic at 91, pointed to the two Field Marshals present (Lord Roberts and Lord Grenfell) and asked them to say what they thought of the Haldane army scheme.

What They Learn. The schools referred to are agricultural schools. The young men who are graduated from them are versed in the point of being experts, in the origin, formation, and cultivation of soils; the movement and control of soil moisture; the selection and planting of farms, irrigation, road-building, fencing, construction of farm buildings, water supply, windbreaks, crop rotation, fertilizers, breeding, stock judging, seed selection, fruit and vegetable growing; in short, in everything pertaining to profitable farming and farm management.

A Marriage Market. It is not at all surprising, therefore, that the preceptress of one of these great schools—for they are great, each having from six hundred to a thousand students—should say, on being asked as to the future of the girls going out from her dormitory: They usually marry almost immediately after being graduated, and go to farm homes of their own choice.

GOOD NIGHT. Good-night, good-night!—the sun is low, And flitting shadows come and go. The treetops whisper it to me, The winds sigh breathe it to me.

DIFFICULTIES IN THE PROGRESS OF CHINESE EDUCATION

(By Lord William Cecil.)

On the 24th of April, 1909, in my last letter I said that there were difficulties in the way of educational advancement in China, difficulties which impede the development and organization of a complete educational system. To begin with, China thinks that Western education as it comes to her is demoralizing, and she is disposed to refer the blame for this to the teachings of the Bible, a Shanghai newspaper said the other day that it wanted a Chinese Howard to reform the Chinese prisons. Would Howard ever have reformed the prisons if he had not been a Christian? Would Wilberforce have freed the slaves if he had not been a Christian? And so it goes. The Chinese think that the Western missionaries have done more harm than good. They think that the Western missionaries have done more harm than good. They think that the Western missionaries have done more harm than good.

Francis & Vaughan,
19 King Street.

less you accept a Christian basis for your thought. Every Western thinker, even those who profess unbelief, has lived in an atmosphere of Christian thought. And these in whom we most have not hesitated to refer their inspiration to the teachings of the Bible, a Shanghai newspaper said the other day that it wanted a Chinese Howard to reform the Chinese prisons. Would Howard ever have reformed the prisons if he had not been a Christian? Would Wilberforce have freed the slaves if he had not been a Christian? And so it goes. The Chinese think that the Western missionaries have done more harm than good. They think that the Western missionaries have done more harm than good. They think that the Western missionaries have done more harm than good.

OTTAWA'S BUSY TIME IN BUILDING

Ottawa, May 31—While there were not as many building permits issued this week as last, building operations throughout the city continue active, and sales of properties, particularly on Bank street, continue numerous. Probably the most important of the week is that of the Y. M. C. A. property on O'Connor street for over \$50,000, to Toronto capitalists, and work is at once to start on converting it into a modern warehouse. This was for several days on Monday, and Mr. A. Christie will be in charge.

New Buildings.

From the standpoint of the number of men that will be employed and hence the Ottawans benefited, the work on the new T. R. hotel is probably the most important started this week. Probably around a hundred men will be kept busy on the excavation for several weeks. There will be a great deal of this as rock bottom has to be reached. So far, all the men taken on are Ottawans.

Good headway being made in leaving down the Brunswick Hotel so as to pave the way for a departmental store which Mr. Fred Carling is building. The workmen are mulling in progress the other churches being built in the city; and this afternoon the new MacKay church, being built at the corner of MacKay street and Dufferin road, was the scene of an interesting ceremony, namely, the laying of the corner stone.

Many men are finding employment at the Exhibition grounds in connection with the new steel grandstand that is being erected, and for which excavating is now going on.

Orders For Steel.

It is said that some very large orders for steel for Ottawa buildings started up this summer have been placed. There will be orders for the buildings above referred to, for the annex to the G. T. R. station and for several departmental houses. There are probably twenty cases in the city where foundations are now being prepared for large buildings. While it is necessary to buy the structural steel outside of the city, the material, so far as building operations go, is about all that is bought outside of Ottawa. The builders and contractors all seem to be busy; and so far as laborers go, while there are a few idle, there is not the cry for work that there was throughout the winter.

A new branch of the Canada Life Association is to be started on Sparks street and that will mean an outlay of around \$37,000. Mr. Samuel Noble is putting up a \$12,500 dwelling on Somerset street; and there are many small rows of houses going up.

This work is proving a boon to the case of the employes of Chaudiere industries, who, during the enforced close down of lumber mills, etc., due to the water being so high, find themselves out of work. Many have been glad to turn to excavating and other work for laborers.

Throughout Canada.

Statistics regarding building operations throughout Canada show that the boom in building is in most of the boom and cities. The official figures for May are not ready yet, but those for April indicate that out of twelve centres that supplied figures, there was an average gain of 53 per cent.

Port William leads, with Peterboro second for that month. There has also been a material gain at London.

AMBITION.

I warned him the way was steep,
And I showed him my score of scars
But he answered, "My youth will leap
The crags, till I mount to the stars."

I told him the heights were cold,
With a loneliness like the dead,
But he answered, "My heart is bold
And no solitude I dread."

I admonished that he would be
As broken in heart as I,
But he answered, "I shall be free,
And it matters not if I die."

Departing, he fought his way,
And he came back gaunt and grim,
Speaking to lads at play
The words I spoke to him.
—Harry Randolph Blythe, in Boston Transcript.

HAMMER WAS USED.

Special to The Standard.
Chatham, May 30—J. Y. Messerena refused to be interviewed regarding Thursday afternoon's collision between himself and S. D. Heckbert. The instrument used in assault was not a hatchet as first stated, but a hammer in size about midway between a tack hammer and an ordinary carpenter's claw hammer.

Mr. D. A. Cameron, of Moncton, was in the city yesterday.

CHICAGO MARKET. Chicago, Ill., May 31-Cattle-Receipts, 2,000; market steady but slow.

COMPLAIN OF STEAM TRAWLERS. Special to The Standard. North Sydney, N. S., May 31-The Boston fishing schooner Onetta, Lillian Rayna, Bohemian and Thomas T. Robinson, which arrived here for ice and bait, sailed today for the Banks.

WHEAT MARKET PRICES

Table listing wheat prices for various grades and origins, including 'Beef, western', 'Beef, butchers', etc.

Probably the most sensational deal carried through by Commodore Vanderbilt was the second corner in Harlem stock.

It was given out as information coming from the inside that the bill would be passed and stock began to rise, and sold up to 149.

Commodore Vanderbilt was buying and he discovered that his old friend Uncle Daniel, was selling, as were some of the State Senators.

Table listing various commodities like Corn, Beans, and Oil, with prices and market notes.

WHEAT MARKET PRICES

Special to The Standard. Toronto, May 31-Local trade in wheat has been very dull and prices practically nominal.

Manitoba flour quotations at Toronto are: First patent, \$5.20; second patent, \$5.70; strong bakers, \$5.50.

There was no change in the potato trade which was steady and strong and the demand was fairly brisk.

Receipts of butter were 82 packages as against 299 for the same date last year. The total receipts for last week were 9,293 packages, as against 10,687 packages for the corresponding week of last year.

Table listing various commodities like Flour, Beans, and Oil, with prices and market notes.

WHEAT MARKET PRICES

Montreal, May 31-Sir Robert Perks, M. P., the engineer who has been conferring with Ministers in Ottawa concerning the proposed Georgian Bay Canal, was interviewed Saturday by a reporter.

The cause of the present abundance of money on the London market is due to the fact that traders all over the country are living from hand to mouth and keeping their money in the banks.

There was no change in the potato trade which was steady and strong and the demand was fairly brisk.

Receipts of butter were 82 packages as against 299 for the same date last year. The total receipts for last week were 9,293 packages, as against 10,687 packages for the corresponding week of last year.

WEATHER PROBABILITIES. Maritime—Moderate to fresh northerly winds, fair, with a little higher temperature.

Washington Forecast. Washington, May 31.—Forecast for New England: Fair Tuesday and Wednesday; moderate southerly winds.

Tugs Reach Port. The tugs Mikado and Bear River arrived in port last night, and docked in Market slip.

Disturbance Quelled. Policeman Crawford was called into 65 Brunel street last night between 8 and 9 o'clock to quell a disturbance.

New Horse for Salvage Corps. A new horse for the fire department was tried out in No. 1 Salvage Corps wagon. The animal is a good looking one and may be purchased.

Had No License. The following persons have been reported for doing a business in the city without a license, not being rate payers: Charles S. Crocker, Eugene Walker and Edward Robinson.

Freshet Subsiding. The freshet has now so far receded that the steamer Champlain when she arrived down river yesterday was able to be up at the street-end wharf, which so far has been submerged with water at high tide.

Italians Cheered at Nickel. That St. John loves good music was evidenced by the trial recalls the Italian Trio of instrumentalists received at the Nickel last night. It was an eye-opener to the people truly. Today at 4 p. m. 7.45, 8.45, 9.45.

Lying and Lurking. Joseph Roberts was gathered in by Policemen Scott and Belyea last night for lying and lurking in a car at the foot of Dorchester street. He will have a chance of explaining matters to the magistrate this morning.

A Serious Charge. Between eleven and twelve o'clock last evening, Officer Chas. W. Hughes arrested Harold Campbell, aged 21, who was given in charge by Bertha Cingly for assaulting her and using abusive language to her on Charlotte street.

Married Yesterday. At the home of Mr. Stephen Foster of Metcalf street, last night, Mr. Hugh Fraser were united in marriage by Rev. Mr. Hutchison. Only the immediate relatives and friends of the couple were present.

Home for Incubables. The regular monthly meeting of the women's aid committee was held yesterday afternoon at the Home for Incubables. The President, Mrs. Silas Alward, presided and the visitors were appointed and services arranged for the month of June.

Driver is Reported. I. R. C. Officer Scovill Smith has reported Morris Goldberg driver over Mill street crossing on May 28th when asked by gateman James Brady to stop, as the Frederick express was approaching. It appears for some reason the gates were not down, and Goldberg refused to wait.

Wandered Away From Home. The young child of John A. Walsh, the Mill street liquor dealer, strayed away from his home yesterday afternoon. As soon as the child was missed word was sent to the North End Police Station. Later on in the evening, the child was returned to its parents.

Found Two Little Girls. Two little girls, Pearl Spragg and Mildred Rieker who had strayed away from their homes yesterday afternoon were found on Union street by Officer Sullivan, and were later taken to their homes on City Road. The children spent the afternoon playing in the police station, and made themselves at home.

Woman Picked Flowers. A lady who apparently did not know the law picked several flowers from their beds in the King Square last night. When Officer Hughes was presented under the law, she expressed her ignorance of this fact. The officer warned her and pointed out that she could be fined \$5.00 for picking on the grass and that to pick the flowers was a still more serious offense.

He is Mistaken. Dr. L. A. Currey, manager of the St. John River Steamship Company, yesterday announced through the Telegraph that the report which The Standard published regarding the fire on the steamer Elaine was untrue; that he had invited The Standard to send a representative to inspect the boat on Saturday and that he had been promised by The Standard that a man would be sent. Dr. Currey made no such request from either the management, editors or reporters of The Standard and no such promise was given to Dr. Currey.

A Young Author. Mr. Arthur L. Dymart, of the University of New Brunswick graduating class, made himself responsible for a small volume of "Poems and Lyrics," on the same week that he took his degree. The little book is not intended to be taken to pre-college days, showing that poetry had early marked the author for her own.

The volume of 32 pages bears the imprint of William M. Clarke, of Fredericton, and Mr. Dymart is to be congratulated on the pleasing form in which his lyrics are presented to the world.

Don't hesitate to inspect Pidgeon's spring line of clothes and furnishings if you value money. You may also be particular as to the style. We can please your taste and your pocket.

ALD. VANWART INSPECTED PAVEMENTS AND HOSE NOZZLES; HE RESENTS INSINUATIONS

Ald. Vanwart returned yesterday afternoon from a trip to New England, where he had been the guest of the Hassam Paving Company of Worcester, Mass. Ald. Elkin, who was one of the St. John delegation which took this trip reached the city on Saturday. Ald. McGoldrick and Engineer Murdoch who were also on the delegation, will arrive today.

Ald. Vanwart is indignant at the suggestions made by certain newspapers that the aldermen on this trip for the purpose of influencing them to give the company city business.

"Mr. Low, who accompanied us," said Ald. Vanwart, "did not show us merely pavements laid by his company, but we looked over every kind of pavement. We're not bound to try to get St. John to buy the Hassam Company's or any other company's pavement. For my part I don't know that I am in favor of St. John doing any paving at the present time. Paved streets are very nice things to have, but St. John is not in a position to pay for them. Perhaps when the Dominion Government decides to take over the harbor and relieve the city of a few millions of debt, St. John can talk about paved streets."

Pavement Suitable. The delegation visited Boston, Worcester and Lowell. Ald. Vanwart took a side trip to New Haven. He saw practically all kinds of pavement but that which struck him as best suited to St. John's needs, was of broken stone and concrete rolled down by a steam roller. Ald. Vanwart saw such a pavement in course of construction and

Exhibition and Sale of ENGLISH FOOTWEAR KING STREET STORE

THIS (Tuesday) MORNING As announced in this space on Saturday, we have imported from eight of the best makers in Great Britain, samples of their footwear. We want our customers to see just what they do make on the other side. We have often heard of the excellent goods produced there—goods renowned for correct tannage, conservative English style, and long-wearing qualities. Now we want our customers to call at our King Street store and carefully examine them. Take your time and compare them with the Canadian and American goods carried in stock, and if our friends agree that there is a field here for English goods we shall be happy to provide a generous supply of them.

A Strong Combination of STYLE AND VALUE IN SUITS.

We are showing perhaps the strongest combination that has yet been shown in suit values and style that is right down to the present moment. Not freshish garments, but suits with fine lines, the kind that gives a man a gentlemanly bearing. No matter what price you pay you are guaranteed entire satisfaction.

Men's Suits at \$5, 6, 7.50, 8.75, 10, 12, 13.50, 15, 16.50, 18 to \$20. Youths' Long Pant Suits \$3.95 to \$13.00. Boys' Suits of any description

J. N. HARVEY.

Men's Fancy Vests Are More Popular Than Ever.

...THE... New Creations ARE Most Striking.

We have an assortment of Fancy Vests which would be hard to equal for nice variety and exceeding good taste. The colorings are right to match the present popular suits. All are single breasted style with four, five or six buttons. Stripes, checks and figured patterns in light, medium and dark shades of Tan, Olive and Grey also in Tans, Plain White and White with Fancy spots and figures. Materials are Pique, Bedford Cord, Lion, Flannel, Cheviot, Silks and Mercerized materials.

One of the new novelties is a four button waistcoat with a woven stripe down front and with embroidered spots. Another very pretty creation is a Tailored with woven edge down front and on pocket flaps. These vests are from the best English, Canadian and American makers and represent the finest and dressiest models procurable. We should be pleased to have you look them over.

MEN'S CLOTHING DEPARTMENT.

MANCHESTER ROBERTSON ALLISON, LTD.

WILL THE SUN AND TELEGRAPH AMALGAMATE?

There is a revival of the report of the amalgamation of the Sun and Telegraph. It is not understood that the Telegraph people are in a better position to take up the proposition than they have been hitherto. The paper has practically passed into the possession of two persons, Mr. John E. Moore and Mr. George McAvity. Other interests, except that of Mr. Pugsley, are said to have been eliminated or acquired, so that both stock and bonds are now held by these two or three owners.

It is now said that they will offer Mr. Pearson a certain amount of stock or bonds, or both, if he will allow the Sun and Star to be added to the Telegraph's establishment. If he will consent to such arrangements, it will be explained that the Telegraph is quite able to take care of the St. John share of intercolonial printing and that farming out is not necessary.

1.—Overture—Crown Diamonds—Auber. 2.—Valse—Land and Water—Karl V. Kellar. 3.—Cornet Solo—Emet's Lullaby—T. V. Short. 4.—Selection—From Opera Faust—Ch. Gounod. 5.—Valse—Santago—A. Corbin. 6.—Selection—Chimes of Normandy—Planquette. 7.—March—Red Moon—C. Mumfeld. God Save The King.

EXPECT MR. LITHGOW HERE THIS WEEK

That Mr. James Lithgow, president of the M. P. A. A., will be in the city for this week, and that they can place matters in a light before him which will work toward the altering of the recent decisions of the body, is the hope of the local baseball clubs, whose amateur standing has been going down in leaps before the M. P. A. A. grape shot during the last few days.

It is expected that word will be received from Mr. Lithgow this morning as to whether he can come to St. John during the next day or two.

The local clubs do not dispute that the troublesome Tommy Howe was at one time, several years ago, a professional but they feel that his claim to that distinction is past.

GIRL WANTED BY FATHER ESCAPED POLICE

Mr. John Collins, a Milford man, applied to bring his daughter out of a house on the Strait Shore Road. The girl is about eighteen years of age, had run away from home, and her father said that he had located her there.

Two policemen were despatched to the house from the North End Station but when they were seen coming over the hills back of the house, the dwelling was immediately vacated by a number of men and women. The girl made good her escape and up to last night had not returned to her home.

West End Christian Endeavor. The senior and junior Christian Endeavor Societies of Ludlow Street United Baptist Church held their annual meeting last night. The meeting was highly successful in every way.

Mr. R. H. Parsons, president of the senior section, opened the meeting at an address, which was replied to by Miss E. M. Thompson, superintendent of the junior section. Curtis Willis, president of the junior section followed with scripture reading. There was then prayer by the pastor, Rev. W. R. Robinson.

A programme was then rendered by the members of the junior section. Much credit is due Miss E. M. Thompson and Miss Jennie L. Crossley for the way in which they trained the juniors.

SECOND BAND CONCERT IN THE SQUARE

The second open-air concert in King Square by the City Cornet Band will be given tonight if the weather is at all favorable. The extra seats to be supplied in the Square by the band for these concerts have been furnished but the paint is not yet dry. They will be ready for use next week. The citizens have taken great enjoyment from these concerts. Tonight's programme is as follows:

1.—March—Swedish Guards—Q. J. Lovander. 2.—Overture—Crown Diamonds—Auber. 3.—Valse—Land and Water—Karl V. Kellar. 4.—Cornet Solo—Emet's Lullaby—T. V. Short. 5.—Selection—From Opera Faust—Ch. Gounod. 6.—Valse—Santago—A. Corbin. 7.—Selection—Chimes of Normandy—Planquette. 8.—March—Red Moon—C. Mumfeld. God Save The King.

The Carleton Co. election case was again before Mr. Justice McLeod in Chambers yesterday afternoon. At the conclusion of argument of counsel, His Honor extended the time for filing the day of trial until December 1st next, and himself fixed August 17th next at 10 a. m., at the Court House, Woodstock, as the time and place for trial. His Honor will preside at the trial.

On Friday Mr. A. B. Connell, K. C., counsel for Mr. William J. Owens, the petitioner, took out a summons calling upon Mr. George W. Upham, M. P. P., the respondent, to show cause why the time for fixing a day for trial should not be extended. The summons was made returnable yesterday afternoon at 2.30 o'clock, when it was argued.

Mr. W. P. Jones, K. C., appeared for Mr. Geo. W. Upham, M. P. P., the respondent, to oppose the extension. His Honor, however, extended the time as noted above and fixed the day for trial. Evidently the case will be appealed as it is understood that Mr. Jones, at the session of the Supreme Court on banc which opens today at Fredericton, moves for a rule nisi to quash the orders of Mr. Justice McLeod in this case. If the court grants the motion the matter will probably be argued the second Friday in term.

ORDINATION AT ST. ANDREW'S TOMORROW

Tomorrow morning, Rev. David Hutchinson, pastor of Main Street Baptist Church, Rev. M. E. Fletcher, pastor of Charlotte Street Baptist Church, West End, and Rev. F. S. Bishop, of the Fairville Baptist Church will leave for St. Andrews on an interesting mission. They will assist at the ordination there of Mr. Arthur B. Evans, lately of England, who will be in charge of the St. Andrews church. Ministers will be present from St. Stephen, St. George and other places nearby, and the ceremony will be conducted Wednesday afternoon and evening. Mr. Evans came out from England about a month ago and has since been located at St. Andrews. He is a graduate of Harley College, London.

Mr. W. Willett, of Annapolis, was in the city Monday.

VOL. 1. NO. 50

DR. ALLISON CLOSED RECORD; 2

Special to The Standard. Backville, N. B., June 1. A large audience gathered tonight to attend the last of those that will be held in this year. Dr. Allison reported year the most prosperous record both in point of attendance. The valedictory address by Ivan C. Rand was unusually able one. The 11 treated in a masterly manner delivery excited favorable Honor certificates were given to Rand, Sully and in philosophy, mentally and mathematics, and Graham Ripley in English. Prof. Rand announced that four new bursary dollars were given to the late J. Wesley Smith. A year be awarded for full mark of first classes standing in

DR. ALLISON. President of Mt. Allison.

Mathematics, Natural Sciences, Languages, the class of 1899 by dollars for prizes, subject to be arranged, the 1899 offers one hundred dollars, part of which is to be a stand for the balance to be awarded and applied for the purchase of Dr. Andrews announced the prize of twenty dollars in the engineering department by John G. Doucette, one of F. S. Palley, to be known as F. S. Palley prize to be the student making the high year average and who receive a B. A. degree.

Dr. Allison read a telegram N. Heaney, a former Mount student, now practicing law in New York, Mr. Heaney offered one of twenty-five dollars to the student making the high year average and who receive a B. A. degree. Dr. Allison referred to the events connected with the first B. A. degree conferred upon a lady, was conferred by the walls. The lady who bore the name of her daughter, Miss Stewart, was present tonight.

Dr. Allison indulged in a few words with the students so fragrant with rich memories earlier days.

Backville, N. B., June 1. Annual meeting of the Mount Union held this morning, was re-elected president, at T. Dawson was re-elected.
