FERGUSON'S

COUNCIL MEETING ON TUESDAY EVENING

New Councillors are Sworn in and Standing Committees Appointed

The first meeting of the new Town Council was held in the Council Chambers on Tuesday evening, His Worship Mayor Andrew presiding over a full board of Councillors, viz:—

Ward I—Councillors Evans and Maclean.
Ward II—Councillors Quinn and Patterson.
Ward III—Councillors Ellsworth and Goss.

At Large Councillors—Alexander and Miller, who were duly sworn in to office by His Worship.

The minutes of the previous meeting and records of nomination and election were then read and on motion adopted.

On motion the standing orders were suspended and a committee appointed to draft out the standing committees for the year, during which Council took recess.

This committee reported as follows:

STANDING COMMITTEES
By-laws and Legislation—Councillors McLean, Alexander and the Mayor.
Finance and Auditing—Councillors Miller, the Mayor and Alexander.
Assessment and Appeals—Councillors Ellsworth, Quinn and Evans.
Police and License—Councillors Evans, Goss and Quinn.
Public Property and Streets—Councillors Patterson, Miller and Ellsworth.
Water and Sewerage—Councillors Alexander, Patterson and Goss.
Electric Light—The Mayor, Councillors Ellsworth and Alexander.
Fire Protection—Councillors Goss, Miller and Evans.
Education and Improvement—Councillors McLean, Patterson and Quinn.
Public Charities—Councillors Quinn, McLean and Miller.

The first named to be chairman of that Committee.

The report was received and adopted, after which the council reverted to the usual order of business.

Communication read from Officer Adams asking for increase in salary was referred to Police and License Committee.

The following petitions for licenses to do business in town were referred to Police and License Committee, viz:—

L. Gaudreau, Barbers Shop.
A. & A. Arseneau, Plumbers.
A. Billingsley, Trucking.

The Board of Health accounts amounting to \$173.64 were on motion ordered paid.

Councillor Maclean asked to whom complaints regarding Sanitary were to be made, whether to the inspector or to the Board. He was informed that Chief Hughes was Sanitary Inspector and he was the proper one to make complaints to.

The following reports recommending payment of accounts were then adopted and the bills ordered paid.

Finance \$176.45
Fire Protection 13.40
Electric Light 37.25

The matter of automobile licenses was then brought before the Council and the Clerk was instructed to get information from other towns regarding licenses of this kind.

Councillor Miller asked the Police and License Committee to arrange that Officer Mann be lent to the town treasurer for two weeks to take up the collection of the defaulters.

Councillor Evans promised to arrange the matter with Chief Hughes, the committee being quite agreeable to allow this concession. This matter provoked an animated discussion on the collection and non-collection of defaulters' taxes. It was stated in Council that Mr. O. Smith had offered to collect the real estate defaulters for 5%, but in the opinion of the town, solicitor this offer was not correct according to law. After a lengthy discussion the whole matter dropped, nothing beyond the request for Constable Mann being demanded.

The Water and Sewerage Committee were authorized to purchase their necessary requirements of small connections, in order to keep away from a 10% increase in cost of these articles.

Councillor Evans presented a verbal report from the Police and License committee recommending that a rebate of \$150 be given Mr. S. W. Dimock on the license fee of the Empress Theatre. Motion was lost on a division. Some of the councillors endeavored to discuss the motion after it was passed, but were ruled out of order, after which the Council adjourned.

GRIST MILLS IN NEW BRUNSWICK

A Plea for the Establishment of Mills in This Town—The Farmers Chance

This province has been sending millions of dollars annually to Ontario and the West for flour that could as well be produced at home. Our farmers say they can grow wheat in abundance and are willing to do so, but what is the use when there are no mills to grind it, and nobody seems willing to put up a mill unless he gets a Government bonus. In Nova Scotia no bonuses are given for grist mills, and yet these mills are in evidence everywhere throughout the province, just a few miles apart, with every mill comparatively well to do, while that province is not as well adapted for wheat raising as New Brunswick.

However, our farmers are now being called upon to raise more wheat. Our Legislature has, or is about to grant, bonuses for the erection of flour mills. Seed wheat is offered to farmers at cost. Now what next? Could not something be done to secure the erection at once of a grist mill right here in our town, to be run by electric, steam or gasoline power? Have some guarantee to the farmers that it will be ready for grinding this season's crop and farmers will then have some inducement to buy the seed that is now offered them, and get at least a good start. No factory or industry that could be promised would do as much to add to the wealth of our town and county as a first class grist mill. Our local Board of Trade has always been to the front in promoting our industrial growth, and here is a good opportunity for their accustomed activity.

BI-WEEKLY SERVICE

S. S. Gaspeian Will Sail on Gaspe Route on or About May First

It will be good news to the business people of this vicinity to know that through the good offices of Mr. F. E. Blackhall, President of the Board of Trade and others, a semi-weekly service from Campbellton to Gaspe will be performed by the Gaspe and Baie des Chaleurs Steamship Co., operating the S. S. Gaspeian. The steamer is now on her way here and will probably open the service on or about May 1st.

A BILLION WHEAT DEFICIT

According to reliable statistics there are tied up at the present time about two billion bushels of wheat, the production of the countries at war. This is in the vicinity of half the world's total production of wheat. A recognized authority argues that granting that the warring nations produce a one-half crop in the coming year, a deficit of one billion bushels will still be shown. The three countries upon which the filling of this deficit of one billion bushels will rest are Canada, the United States and Argentina. The combined output of these three countries is only 1,249,000,000; their exportable surplus would, of course, be much less, so it can easily be seen that the question is not one to be easily solved, and it behooves Canada to increase her productions as much as she possibly can, for when the war is over and trade begins to re-establish itself and the nations undergo a process of rehabilitation, the demand for all breadstuffs must be enormous.

CONCERT

On Thursday evening, May 6th, a Promenade Concert is to be given in the Methodist Church Hall. A pleasing program has been arranged, consisting of piano and violin selections, vocal solos, quartets, and readings. The names of some of the most talented in our town appear on the program. Admission is 25c. Tea Cream and cake etc. Eight o'clock. This may be interesting.

DOLLAR DAY

PROVED SUCCESSFUL

Campbellton's first Dollar Day, Thursday, April 22nd, was a most successful one in every respect. Merchants who were skeptical as to the outcome were surprised at the results when the day was over.

The day was a perfect one, the sun shining brightly and large numbers of visitors came in by train. Unfortunately the roads from the country were bad, and there was no crossing on the ice. Had these conditions been right, there is no doubt that the day would have been a record breaker as to business done.

A personal canvass Friday morning by a representative of the Graphic, of the business houses which used Graphic advertising space, was a most convincing argument for the use of advertising. Without one exception they reported results beyond their expectations. In several cases previous "best days" had been eclipsed. One grocer was busy doing up orders which he and his clerks could not handle during the rush of the previous day. His sales, all for cash, were greater than those of the day before Christmas.

Another dry goods merchant had the best day since the fire and all had practically the same story.

From the buyers standpoint the day was interesting. There were many real bargains in all lines.

Dollar Day will likely be a semi-annual event and will be looked forward to by all.

MARITIME EXPRESS

OFF THE TRACK

No. 33 Had a Close Call at Red Pine Early Yesterday Morning

Moncton, April 28th—About 5 o'clock this morning, while running at the usual rate of speed, along the North Shore, No. 33 northbound Maritime Express, locomotive 445, in charge of Engineer John Stewart, Cameron Street, had a narrow escape from a bad spill when an express refrigerator car next the engine jumped the track, ripping up the sleepers for a considerable distance and piling itself across the track in such a way as to block the main line for over four hours. Fortunately the engineer succeeded in bringing the express to a standstill before any more cars were derailed and consequently no one was injured.

The Maritime had had bad luck right from the first start of the run from Halifax, having been delayed five hours at Grand Lake, N. S., by an accident to the local train. It was 2:30 this morning before the express got away from Moncton and she was running five hours late at the time of the spill at Red Pine.

Under the circumstances, it is considered a wonder that more of the cars did not leave the rails. At any rate it was a close call and might easily have terminated in a bad spill.

The wreck at Grand Lake, was quite a spectacular affair and took place at 14:35 yesterday afternoon. The mixed local was hauled by locomotive 603, in charge of Engineer Harry Lynds, of Truro. The engine kept the rails but the whole nine cars of the train, which included four passenger coaches, left

LATEST WAR NEWS

FROM BATTLE FRONTS

It is Believed That Numbers of Canadians Are Now Prisoners of War

(Special to the Graphic).
London, April 29—The British war office issued the following announcement last night on the Dardanelles operations.
"In face of continual opposition the allied troops have now established themselves across end of Gallipoli Peninsula from point northeast of Eski Hisarlik to Mouth of stream on opposite side."
"They have also beaten off all attacks at Sari Bair and are steadily advancing. Turks have made considerable preparations to hamper any landing. Wire entanglements under sea as well as on land and deep pits with spikes at bottom were among obstacles overcome by troops."

Paris, April 29—Communication from the Ministry of Marine rectifying torpedoing of French cruiser Leon Gambetta was given out in the afternoon as follows.
"Armored cruiser Leon Gambetta, cruising at entrance of Otranto canal was torpedoed night of April 26-27, and went down in ten minutes."
"All officers on board perished at their posts. One hundred and thirty six members of crew, including eleven under officers were rescued by vessels sent out promptly to their help by Italian authorities."

A Vienna official communication has been issued here. "Submarine U-5 commanded by Lieutenant George Ritter Von Trapp torpedoed and sank French cruiser Leon Gambetta in Ionian Sea."

(Special to Graphic)
Ottawa, April 28th—Another long list of casualties among Canadian officers came in tonight at militia headquarters. Four officers are killed, viz:—Capt. J. W. McGregor, (Victoria), Lieut. F. R. Midland and W. P. D. Jarvis of Toronto and Lieut. George M. Williamson of Montreal.

Thirteen officers are reported wounded, four are from Toronto, the rest principally from Montreal and Victoria. Seven officers are reported "Wounded and missing" and seven "missing" with Toronto and Montreal suffering most heavily.

The report of missing officers lends additional color to the belief that at least a portion of the Canadians are now prisoners.

(Special to Graphic)
Geneva, April 29—French airman threw four bombs on Mauser rifle factory at Oberndorf near Stuttgart. Each missile reached its goal and considerable damage was done. A quantity of rifles together with some machinery was destroyed.

(Special to Graphic)
Ottawa, April 29—A casualty list given out early this morning contains 62 names, 60 wounded and two deaths. Majority from Ontario and the West.

Verona, April 29—Railway movements on Austrian side of frontier have been suspended. All lines being used to carry troops to Italian border.

London, April 29—Capture of entire battalion of Turkish troops on Peninsula of Gallipoli after violent battle all Wednesday. British and French troops take part.

the steel and piled up across the track. Wrecking outfits were despatched from Truro and Halifax to the scene of the wreck. Superintendent Hallisey going with the Truro train, and Track Master C. W. Archibald, from Richmond, to direct operations. The cause of the wreck is unknown.

NORMAL SCHOOL STUDENTS ENTERTAINED

Young Ladies From Gloucester and Restigouche Had a Nice Time.

(From the Gloucester Northern Light) Fredericton, April 23.—The members for Gloucester and Restigouche, yesterday, entertained the students from their counties who are here attending Normal School. A number of automobiles were engaged and the party, after a drive about the city, went to the Dominion Experimental Station, where they inspected the place and enjoyed buttermilk and other farm products. It was a most enjoyable afternoon for the young ladies, who naturally were warm in their appreciation of the members' kindness.

Arrangements for work on the roads and bridges are now being made by the representatives of various counties. This morning the members for Gloucester, with Messrs. Val Robichaud, of Ikerman, and Dennis London, of Bathurst, bridge superintendent for the county, conferred with Hon. John Morrissey, and satisfactory arrangements for work in their county were completed.

Mr. and Mrs. Geo. Salem of Carleton spent Sunday and Monday in Petit Rocher.

Mr. and Mrs. S. DesBrisay accompanied their cousin, Miss M. DesBrisay to St. John, whence she sails for England.

We hear that Mr. Jerome Y. Comeau has sold three of his horses for importation from Montreal.

Herring struck here last week, and fishing is fairly good.

Only Help

READ THIS LETTER

Superintendent of Sunday School in
Toronto Tells How He Cured Himself
of Chronic Rheumatism After Suffer-
ing for Years.

55 DOVERCOURT ROAD, Oct. 1st, 1913.

"For a long time, I have thought of writing you regarding what I term a most remarkable cure effected by your remedy 'Fruit-a-tives'. I suffered from Rheumatism, especially in my hands. I have spent a lot of money without any good results. I have taken 'Fruit-a-tives' for 18 months now, and am pleased to tell you that I am cured. All the enlargement has not left my hands and perhaps never will, but the soreness is all gone and I can do any kind of work. I have gained 35 pounds in 18 months."

R. A. WAUGH

Rheumatism is no longer the dreaded disease it once was. Rheumatism is no longer one of the "incurable diseases". "Fruit-a-tives" has proved its marvellous powers over Rheumatism, Sciatica, Lumbago—in fact, over all such diseases which arise from some derangement of stomach, bowels, kidneys or skin.

"Fruit-a-tives" is sold by all dealers at 50c. a box, 6 for \$2.50, trial size, 25c. or sent postpaid on receipt of price by Fruit-a-tives Limited, Ottawa.

RAILWAY CONTRACTOR VISITS FREDERICTON

Builder of International Offered
to Construct Valley Road But
Was Rejected

(Fredericton Mail)

Mr. Thomas Malcolm of Campbellton, who is easily New Brunswick's foremost railway builder, is spending a few days in the city and is being heartily greeted by many old friends. Mr. Malcolm built the Temiscouata Railway from Edmundston to River du Loup and he was also the builder of the International Railway from Campbellton to St. Leonard's. This splendid road was recently taken over by the dominion government and is now being operated as part of the L.C.R. system. It has developed a large traffic and hundreds of settlers have already established homes along the line. The lumber output of the Restigouche country before the International was built did not exceed forty million feet a year. Now it will run well up to two hundred million ft. The completion of the International Railway, which provides an easy outlet to the American market for lumber, is responsible for a good portion of the increased revenue which the government now receives from crown lands.

Mr. Malcolm offered to construct the St. John Valley Railway, but it having been represented to the provincial government that he was the owner of but "one steam shovel" his offer was rejected by the provincial government which preferred to do business with a smooth Yankee.

FOR BRITISH PRIS- ONERS IN GERMANY

Royal Bank of Canada Will Act
as Collector for the "Khaki"
Fund

From time immemorial prisoners of war have evoked pity and sympathy. The agony and humiliation of the British Prisoners must be indescribably acute and galling. But from that state of suffering there can be no redress, it being part of the fortunes of war, but the lack of comforts and food stands in a different category. This want will grow in volume and intensity as the days go by.

As a result of an official organization having been created recently to carry parcels to the British Prisoners in Germany, insuring proper transmission through a neutral carrier, the "Khaki" Magazine of Imperial House, Kingsway, London has started a Fund to supply food and comforts for those who have no relatives or friends to look after them, as it is known that these poor fellows are not getting a proper supply of food.

An appeal is made to you for Two Dollars only, as there are so many demands made upon you in other directions. This money will go for the direct benefit of the Prisoners, as there is no cost of transmission and no waste of any description, information having been established showing the kind of food and clothing, etc., which can be sent without confiscation by the German Government.

This appeal should get a large response as there is no other Fund which deals with this particular condition.

The "KHAKI" Magazine and Cabled News Sheet was created primarily as a gift for the Overseas Soldiers, bringing them late news from their homes. It is now supplying, free of charge, in addition to the soldiers at the front and in training, the various Hospitals in England and France, as well as the Grand Old Fleet. It is a purely patriotic endeavour and in no way commercial.

When the "Khaki" Magazine was founded, amongst the many who gave their support and expressions of goodwill for the work it had undertaken, were:—

The Duke of Wellington, K. G.
The Duke of Manchester.
The First Lord of the Admiralty.
The Countess of Zetland.

LAPSE OF MEMORY

A depositor went into a local bank one day last week and handed to the teller a sum of money along with deposit slips. After coming over to the teller calmly informed the depositor that he had never received the money. The depositor named a bill of \$100 in denomination marked in a similar way as being among those he had over by him, and after examination the teller could find no trace of it in his other members of the staff. Finally the manager was called and promised to have the matter investigated after the books were closed. Some time after banking hours the teller appeared at the store of the depositor with an ample apology. The amount in question had been found even to the marked bill.

LAPSE OF MEMORY

A depositor went into a local bank one day last week and handed to the teller a sum of money along with a deposit slip. After counting over the money the teller calmly informed the depositor that he had never received it. The depositor named a bill of a certain denomination marked in a peculiar way as being among those handed over by him, and after examination the teller could find no trace of it. A heated argument ensued, taken part in by other members of the staff. Finally the manager was called and he promised to have the matter investigated after the books were closed. Some time after banking hours the teller appeared at the store of the depositor with an ample apology. The amount in question had been found even to the marked bill.

ERROR

Through a clerical error the name of the Dominion Express was inserted in the Defaulters List. This amount was paid, but not taken off.

CORRECTION

In the names of the winners of President Wran's medals, we substituted Austin Murray's name for Austin McDonald's in Skip LeGallais' rink.

MERCHANTS MEETING

A meeting of the Retail Merchants Association will be held in the Council Chamber, Wednesday evening, May 5th. As important business is to be transacted a full attendance is requested. Merchants who have not already joined the association but who desire to do so are invited to attend.

NOW RECOVERING

Mr. Daniel McQuarrie, I.C.R. locomotive fireman, who some time ago sustained painful injuries to one of his eyes by the breaking of a lubricator glass on an I.C.R. battleship, has been fortunate in escaping without any serious results, and is now able to go about without protecting the optic from the light.

FLAG-WAVING

The Nationalist-Conservative Party, with a record in office that strips them of any possible claim to honest or efficient administration; loaded with the responsibility for graft, corruption and middlemen's profits on War Contracts, resort to their old tactics of FLAG-WAVING and accusing their political opponents of DISLOYALTY.

"Patriotism is the last refuge of a Scoundrel." Flag-Waving is the last refuge of a discredited Government.

MARRIAGE

A quiet wedding took place Wednesday evening, April 4, at the Baptist parsonage, Campbellton, when the Rev. J. H. Jenner united in marriage Augusta Roberts of Dalhousie Junction to Jas. Barclay of Tide Head, who is a gunner in the 28th Field Battery at Fredericton. The ceremony was solemnized in the presence of a few friends. The groom returned to Fredericton Monday morning, the bride remaining for the present with her parents, Mr. and Mrs. T. W. Roberts at Dalhousie Junction.

LEFT FOR KINGSTON

Austin Murray left last week for Kingston, Ont., to take the prescribed course of instruction in the Royal School of Artillery, in order to qualify for a Commission in that branch of the Military Service, before going to the front. He had just received his appointment as Provisional Lieutenant in the 12th Battery, C. F. A. About 3 years ago he took the regular course of instruction in "Signalling" under Sergeant Lowe, and led his Class at the qualifying examinations, obtaining a Grade A Certificate.

RED CROSS BEDS

The Red Cross Committee of the Women's Institute have forwarded to Mrs. E. A. Smith, St. John, the sum of \$100 for two cots in the New Brunswick ward of the Canadian Hospital at La Tourette, near Boulogne. CANADIANS SAVE THE DAY IN BATTLE

Press Comments Shower Congratulations on Boys at the Front

Montreal, April 26.—Under the heading "Day" and "Our Boys," the Star says editorially: "Canada saved the day."

"That is the verdict, not of our own observers, but of the military experts of the mother country. Our Canadian boys, unused to war and summoned to arms only at the close of last summer, have taken their place by the side of European veterans, and steadily and heroically borne the brunt of a savage German attempt to break the allied line."

"They did more than stand and bear the brunt. They retired, when strategic reasons demanded it, retired without losing their morale, reformed and charged again, in the teeth of an established foe over country without cover, and recaptured the Canadian guns which their rapid manoeuvring had left behind. The oldest regiments in the service could not have done better."

"Every heart in the broad Dominion is proud of them to-day. They bore with them to Europe the honor of Canada and stoutly have they defended it."

Paris, April 26.—A despatch received to-day from St. Omer says that after recovering from the first terrific attack of the German hosts, the allied troops stood their ground like stone walls, literally annihilating the masses of German soldiers who were hurled forward. At the first sign of wavering in the German attack, the British and French troops opened a counter attack. This was followed by another, a third and a fourth. The German line broke; no living man could resist. Cut off from their retreating comrades, scores of the Germans surrendered. Another effort by the Kaiser's army to hack its way to the French coast ports has collapsed before it was well started.

Falkenstein, April 26.—The Canadians are holding their line fast, and are quick to adapt themselves to conditions. Thousands of khaki-handkerchiefs have appeared as if by magic, and as poisonous shells come over and burst over our trenches the khaki heads are tied over the mouth and the line looks like a regiment of crows on the western plains. "The French and Belgians had to bear the worst of these new attacks, but the Canadians had one of their own and captured another few yards ahead, bringing in the wounded who still remained out in the terrible hinterland. There are many brave officers gone, but some may turn up again, as hourly yellow-stained, still dazed figures are coming into our trenches."

GETTING STARTED The mills around town are now getting ready for the summer work. Champoux's mill and Richard's No. 1 mill are now running. Millers Shingle mill, Shivers Mill, Richards No. 2 are other local mills will commence next week. The outlook is very promising.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. PORT DANIEL WEST On Tuesday, April 13th, at 3.30 p.m., a very pretty wedding took place at St. James Episcopal church, Port Daniel West, when Miss Agnes Hottot and Mr. James Dae, both of Port Daniel West respectively, were united in marriage by the Rev. A. T. Love. The ceremony was opened by the well known hymn, played by Mrs. Love. The bride, who was given away by her brother-in-law, Mr. Hickey McRae, looked extremely pretty and was becomingly gowned in white embroidered voile with sash and hat to match. The bride was attended by Miss Alevea Dae, sister of the groom, who was nicely gowned in a white embroidered dress with blue trimmings. The groom was attended by Mr. Daniel Hottot. At the close of the ceremony the new couple proceeded from the church amidst the joyful peals of a wedding march played by Mrs. Love. On arriving at the home of the groom a very elaborate tea was served and was highly appreciated by all. Music and dancing entertained the guests until the wee hours in the morning. The bride was the recipient of many useful presents. The grooms present to the bride was a lovely silver watch. We wish Mr. and Mrs. Dae good wishes for a long and happy wedded life.

FUNERAL OF THE LATE S. LAUGHLAN

Secretary of School Trustees Died Suddenly on Monday Morning

The people of this town received a most heartfelt shock when it became known that Mr. S. Laughlan died suddenly on Monday morning at the age of 46. The deceased, who held the office of Secretary to the School Trustees was making his usual Monday morning call at the school, and was there stricken with illness. Medical aid was summoned but the unfortunate gentleman passed away before the physicians arrived, heart failure being the cause of death. The sad event cast a gloom over the school, and the scholars were dismissed, no afternoon session being held.

The funeral took place Wednesday afternoon from the deceased's late residence, Rev. D. Henderson, Rev. J. H. Jenner, Rev. J. E. Purdie and Rev. C. W. Squires assisting at the services.

The pall-bearers were Police Judge Matheson, Dr. L. G. Pinault, and Messrs. R. B. McBeath, Max M. Mowat, F. E. Blackhall, and A. McG. McArthur. A large number of mourners followed the remains to the last resting place in the Rural Cemetery. He leaves to mourn his loss a widow, one son Richmond, and two daughters, Ila and Zalma. Two of his sisters are resident in the town, Mrs. Henry J. Currie, and Mrs. John T. Reid, to whom and to the sorrowing family the sympathy of all is extended. The late Mr. S. Laughlan was a son of S. Laughlan of Black Point, and for many years conducted an agency and insurance business in Campbellton. He ever took a prominent part in the public life of the town, acting as Secretary of School Trustees from 1903 when he succeeded Mr. W. F. Comeau now of Dalhousie as secretary. In 1905 he was elected to the Town Council as Councillor for Ward II, and during his term of office occupied the position of chairman of the Electric Light Committee. He was again elected to the council in 1912, but was disqualified owing to him holding the position of School Secretary. He is survived by two brothers, H. C. Laughlan of Revelstoke, B. C. and Charles of Black Point, and four sisters, Mrs. John T. Reid, Mrs. H. J. Currie, of town; Mrs. Hicks of Rhode Island and Mrs. Black of Boston.

TWO WOMEN SAVED FROM OPERATIONS

By Lydia E. Pinkham's Vegetable Compound—Their Own Stories Here Told.

Edmonton, Alberta, Can. — "I think it is no more than right for me to thank you for what your kind advice and Lydia E. Pinkham's Vegetable Compound have done for me.

"When I wrote to you some time ago I was a very sick woman suffering from female troubles. I had organic inflammation and could not stand or walk any distance. At last I was confined to my bed, and the doctor said I would have to go through an operation, but this I refused to do. A friend advised Lydia E. Pinkham's Vegetable Compound, and now, after using three bottles of it, I feel like a new woman. I most heartily recommend your medicine to all women who suffer with female troubles. I have also taken Lydia E. Pinkham's Liver Pills, and think they are fine. I will never be without the medicine in the house."—Mrs. FRANK EMMLEY, 908 Columbia Avenue, Edmonton, Alberta.

The Other Case.

Beatrice, Neb. — "Just after my marriage my left side began to pain me and the pain got so severe at times that I suffered terribly with it. I visited three doctors and each one wanted to operate on me but would not consent to an operation. I heard of the girl Lydia E. Pinkham's Vegetable Compound was doing for others and I used several bottles of it with the result that I haven't been bothered with my side since then. I am in good health and I have two little girls."—Mrs. R. B. WILCO, Beatrice, Neb.

NEW CARLISLE

On the 19th, Monday, the train brought a very happy couple from Port Daniel, Mr. Godin Dow and Miss Walker, who were made much happier after the Rev. P. LeBel of Point a La Peste tied the mutual knot. The ceremony took place at the home of Rev. Mr. Sutherland. They were accompanied by Mr. Dow and Miss Sason, and left by the down train the same day. We wish the happy couple every prosperity through life.

We are glad to welcome the return of Mr. Robert Ross, who has been for the last 7 months with his brother-in-law, Mr. Stanley Calder in Broadlands in the lumber trade.

Mr. W. D. Sherr arrived by train yesterday the 26th, after spending a term in Macdonald's Agricultural College, and is looking fine and speaks very highly of the work of the college and the good trip.

Mr. Edgar Lawrence of Port Daniel was here on the 22nd attending a meeting of the executive District Lodge.

Many of the farmers have begun spring work, and ploughing has been going on from the 18th, which is almost a month earlier than last year.

Mrs. James Caldwell, who has been very ill for some time past, is now reported better.

The autos are beginning to move somewhat, and we understand there will be quite a few added to the present stock this season. We also hope for better roads as a result, for the roads in this vicinity are simply awful and there should be some move made to improve them.

We have started a farmers club here and have about 30 members, who have ordered quite a stock of hay and clover seed for spring use this spring, which is likely on its way here now.

PASPEBIAC

The first steamer to open navigation here was in port last week, S. S. Gaspe.

Mr. W. F. Hamon left on Monday on a business trip to Halifax.

Mr. L. L. Dawson spent Sunday in Campbellton.

Mr. J. Edmond Levesque spent the week end in Chandler.

Mr. Bert Amy of Robin, Jones and Whitman, Perce, arrived here last week to take up his duties in this place.

Mr. P. C. LeGallais manager of the Bank of Nova Scotia here, who has been absent on his vacation, returned on Monday 26th.

Mr. Edgar Orange of Robin, Jones & Whitman here, left on Monday for Cape Cove. He will be greatly missed by his many friends, who wish him all success in his new sphere of labor.

Mr. J. Wilson LeGallais of Bank of Nova Scotia, Chandler, who has been spending his vacation with his parents here, returned to his work on Monday.

BLACK CAPE

On Sunday morning the ground was covered with about two inches of snow which had fallen during the night. This made it look very wintry like, but by noon it had all disappeared.

Mr. and Mrs. D. L. Campbell and son Lawrence, left last week for Bonaventure, where they will spend the summer. Mr. Campbell will be employed at Edward's and McLean's mill.

Mr. Herman Powell of the Atlantic Quebec and Western Railway is taking a short holiday in Black Cape.

A number of our young men have organized a baseball club. The outfit arrived on Saturday and there is no doubt they will get to work without any delay. We wish the club every success.

One of our citizens has reported that on Thursday he sighted the first ship of the season. We are of the opinion that he must have been looking through a powerful German marine glass.

Mr. H. M. Henderson has returned from a business trip to Chandler.

SEAL COVE

The first steamer of the season, the S. S. Gaspeian arrived here on Sunday the 18th, but the ice prevented her from coming into the bay. On the 20th, however, she came in to the breakwater at Douglastown, and now the bay is all clear of ice to Sandy Beach Point.

The snow has nearly all disappeared and the weather is very summer like. Wagons are now moving along the roads, and it looks to be a very early spring.

Fodder for cattle is very scarce here.

SANDY BEACH, QUE.

The weather has been very fine here for the last two weeks, and the snow is fast disappearing. The bay is clear of ice as far as Sandy Beach, and it is expected that the ice will go out of the Basin in another week.

The Forest Reserve Pulp and Paper Co., (formerly the York Lumber Co.,) have installed three new shingle machines, which makes a total of ten machines which will be in operation this season. These will give employment to about fifty men. The plant will be ready to start as soon as logs can be got to the mill. Mr. Reginald Patterson is foreman of the mill and Mr. Miles Howell, chief engineer.

Mr. John Girvan, formerly mechanical Superintendent for the Forest Reserve Pulp and Paper Co., has resigned and accepted a similar position with the St. Maurice Lumber Co.

Mr. Walter Miller has gone to Malbaie as mill foreman for the Sherbrooke Lumber Co. and Mr. Ralph Baker has also secured a position as millwright with the same company.

Mrs. Philip Alexander, who has been ailing for a few weeks with "La Grippe" is steadily improving.

Miss Marguerite Alexander, who has been critically ill, is now convalescent. Game is not very plentiful this season, but Mr. Ernest Alexander succeeded in bringing down four geese and five brants one morning last week.

NEWPORT

The snow has completely disappeared in our little village, and farmers and fishermen are getting active with plow and boat. Mr. J. W. Windsor has opened his lobster factory here, but no lobsters have been caught so far.

Mr. Harry LeGallais of Paspebiac, agent for Frost & Wood, was in town some time ago.

Mr. E. B. Sollows, representing the Acadia Gas Engine Co., was in town lately.

Mr. T. W. Jessop paid a flying visit to Gascons this week.

We notice that Mr. Ernie LeMarquand has made many improvements to his motor boat. He is evidently preparing for a gay summer.

Mr. Edward Huntington, a well known citizen died Tuesday the 18th. The funeral took place on Thursday, the 15th at 10 o'clock. A large number of friends conveyed the deceased to his last rest. Mr. Huntington will be regretted by all the citizens of this place, where his good judgement and kind manners won him many friends.

Mr. Dore of New Carlisle was in town last week.

Mr. Adelard Langlois of Chandler was in town lately.

BATHURST

His Lordship Bishop O'Leary of Charlottetown, P. E. I., His Lordship Bishop Barry and His Lordship Bishop Louis O'Leary of Chatham arrived on Thursday and were guests at the Presbytery over Sunday.

Mrs. J. P. Byrne has returned from a visit to St. John and Fredericton.

Miss Lou Abbott, after a visit of several months to friends in Boston, has returned.

Rev. Mr. Jobb of New Mills and Rev. S. J. MacArthur of Newcastle were guests at the Manse during the week.

Mrs. W. G. White made a short visit last week to Fredericton.

Handy Helps for Spic and Span Homes

Of course, you are going to "Paint Up" this spring. There's the bedroom, parlor or dining room wall to be re-finished.

There are Floors to be painted, stained, varnished or waxed. There's the Oil Cloth or Linoleum to be made Spic and Span.

There's the Furniture and Woodwork to be brightened.

Here are six "SPIC AND SPAN" FINISHES that we can safely recommend for this work:

- "NU-TONE" Flat Tints for the walls
- "WOOD LAC" Varnish Stains
- "MARBLE-ITE" Floor Varnish
- "LIQUID WAX" for hardwood floors
- "SENIOR'S FLOOR PAINT", the old reliable
- "VARNOLUX", to beautify and preserve Oil Cloth and Linoleum.

We know that these Finishes are the best of their kind. They are "Made in Canada"—and we guarantee that you will be perfectly satisfied with the results you get when you use any, or all, of them.

You'll soon be putting up Pickles and Preserves. You'll need labels for the jars. Come in and get a set of Fruit Jar Labels—printed and gummed. We give them free to our friends.

A. E. Alexander & Son, Campbellton, N. B.

I should like to prohibit, by law, everything that is harmful or detrimental to perfect manhood or womanhood. Not only should I like to abolish drugs, alcohol, nicotine, etc., but I should like to abolish such destroying habits as envy, malice, deceit, fear, worry, anxiety, jealousy, etc., which, while not poisons in themselves, increase blood pressure and incite a chemical activity within the system which does generate most poisonous acids.

We all admit the necessity of improving the race. We want stronger bodies, we want clearer brains, we want more spirituality. How are we going to obtain these things? Education, one hand of reformers says; prohibition says another. I say prohibit not only liquor, but forbid, by law, everything we know to be harmful to the human system.

Those who believe the slow process of education to be the only uplifting influence that will save the race, base their argument on the uncertain element in human nature. Take away alcohol and this unnatural craving will break out somewhere else—a safety valve of some sort is necessary—until human nature, by educational means, is changed. This argument would have a better basis if humanity were all on the same level.

It is simply a question of the quickest means of getting the people to think and begin their education. You can't educate an alcohol and doped criminal to become a teetotaler. You will have to shut him up first and forcibly prevent the habit that has destroyed his manhood and brought him lower than the beasts. Then he may begin to sanely see his position. Prohibition was necessary to force him to think aright so you could begin to educate him.

Take a successful man of affairs, well fed, well poised, well groomed, in fair physical health on account of the care he gives his body, free from anxiety and perhaps the possessor of inherited wealth; it is difficult to educate him into understanding that his before dinner cocktail, and glass of good vintage wine, is harming him. Take these away from him for a while and this fact will be proven to him by an increased sense of permanent well being and brain efficiency.

Prohibition has been proven to be the best educator. State prohibition has been a success. It has harmed certain interests which are hostile to it, but all state officials, who have experienced it, believe in it, and the diminution of poverty and crime in Kansas since the prohibition law went into effect, tells the story.

Vodka, with the sweep of an autocratic pen, was stamped out of Russia, and the efficiency of the Russian workmen increased forty per cent. Those who have been in Russia since this law passed, say that to repeat it now would lead to a popular uprising. How long would it have taken to educate the Russians as to the wasteful, destroying effect of this strong form of alcohol? It is impossible to guess. Take it away from them and the fact is proven.

The echo of Lloyd George's speech in the House of Commons asking for a similar law in England still rings in our ears: "Alcohol is an enemy more to be feared than German submarines," said the English statesman.

If other European countries follow the example of Russia, the war may be the means of proving that prohibition, not educating popular opinion, is the right way of releasing the people from the bondage of a false and destroying idea of pleasure and well being.

Out of this horrible holocaust may come some great good. Surely, naught but a mighty spiritual awakening, an appreciation of the value of the manhood, of the womanhood of the individual, can mean permanent education. Education means equanimity. It means to know. If temperance can be brought about by prohibition, then all hail the quickest means.

EXTINCTION OF LIQUOR TRAFFIC DEMANDED BY THE PUBLIC, SAYS SENATOR CUMMINS

In an interview by a representative of the Des Moines (Ia.) Leader, with United States Senator Cummins, upon his return from Washington, he said, "I have been simply flooded with letters and telegrams ever since the last interview was published. I had no idea it would create the impression it has created. The expression of my opinion on prohibition was essentially accurate." When told that his declaration had been most favorably received in Iowa, Senator Cummins said, "The sentiment is that way all over the country. There is no doubt that all the states are deeply interested and there is a powerful sentiment in favor of exterminating the saloons. There are many opinions as to how the result can best be accomplished, but on the main question of the desirability of prohibition there is no mistaking the great public interest."

PROHIBITION AND EDUCATION

Susanna Cocroft

Whenever the human element enters into a calculation, the result is uncertain. The human body is a chemical laboratory, yet it is more. If it were simply mechanical, we should know exactly the result of anything put into it. Our knowledge of human chemistry, we admit, is limited. The mental states, influences only half understood and admitted, are vastly important in all the mechanical functioning of the body.

We know alcohol to be a poison in which there is no food element. Tea and coffee are not food, and they contain a heart stimulant and an element which disturbs digestion. Nicotine is admittedly a poison. The various drugs taken first to relieve pain, present, later, a quick road to the penitentiary and the insane asylum.

Why should not all these things—no habit-forming drugs alone—be made the subject of national prohibition? Personally, I think they should.

GREAT CHANGE IN POLITICAL SITUATION

Chances are not Nearly so Strong Now in Favor of Early Election

Ottawa, April 28.—The political situation at Ottawa gives promise of considerable change as a result of the developments abroad affecting the Canadian contingent. It was expected that this week would see a decision on the point of whether or not there is to be dissolution and a general election. Probably there will be a definite decision in the matter, but the chances are not nearly so strong that they are in favor of going to the country.

SAW MILLS START

(From the Gloucester Northern Light) The Village and Napierville mills of the Bathurst Lumber Co. started the season's sawing operations yesterday.

It is expected that logs will commence to arrive from up stream about noon, and then night and day crews will be employed at both mills for the entire season.

Brighten Up

"Brighten Up" time is here—the time to clean up about the house, renovate, and make the old things look neat and clean again. We can help you in the work with our line of **SHERWIN-WILLIAMS PAINTS AND VARNISHES.**

It is really surprising what a little paint or varnish will do toward brightening up dingy surroundings. Take *The S-W. Family Paint*, for instance. This is a linseed oil paint specially prepared for home decorating and painting. With it any one can renew the appearance of a hundred little things that now look worn and old. It dries with a good gloss and will stand scrubbing with soap and water. Comes in 36 attractive shades.

The S-W. Floorlac is another splendid household brightener. It is a stain and varnish combined and can be used on old or new woods equally well. Imitates the natural wood and gives a most pleasing effect.

These offer a few hints for you. Come in and have a "Brighten Up" talk with us and learn more about how we can help you in your Fall cleaning. Our line has a paint or varnish for every purpose.

LONDON IS AFLAME WITH CANADIAN SUCCESS

English Papers pay Tribute to Canadian Troops, and Populace is Enthusiastic

London, April 25.—The scenes in London Saturday night upon the announcement of how the Canadians had "undoubtedly saved the situation," brought to mind a well authenticated story of what happened on the eve of a big enterprise in one of our Egyptian campaigns. Said the commander to his men: "My lads, the news must be in London tonight." Saturday night the news of what the Canadians had accomplished verily was in London. It was in Toronto, Montreal, Potchefstroom, Colombo, Ballarat and any other unit of the Empire you may mention; but nowhere, not even in your big Canadian cities, was it more fully proclaimed than in the Empire's metropolis. Every evening newspaper's contents bore the word "Canada." The same is true of the sheets of Sunday papers. London was aflame with the latest official record of Canadian gallantry. Let it clearly be understood, though, there was no noisy, boisterous exhibitions in public places, or private places, either.

It so happened, a specially large number of Canadians were on leave from Shorncliffe in London, parading the streets with friends and enjoying themselves soberly and rationally, as is nowadays invariably the case. Undoubtedly these men acquired a new interest in the eyes of London's populace, and we do not consider it a flight of imagination to record they pardonably carried their heads a trifle higher. Many of the men attended a patriotic concert at Albert Hall, graced by the presence of the King and Queen, and were eagerly pointed out to the children by their parents, but neither here nor anywhere else was there any mafficking behind the feeling of intense satisfaction at the Canadian achievement.

J. L. Garvin, the editor of the Observer, whose sober judgment on the various phases of the war has been noted with a particular degree of respect, in estimating the Canadians' latest achievements, thinks the Germans must have already sent the news to Berlin of the retaking of lost ground. Things certainly must have looked serious for the Allies, even when the French advance again started.

"Fighting shoulder to shoulder with them," the Canadians had their chance," continues Mr. Garvin.

"The men of the Maple Leaf set their teeth to dare all by the charge which, as a magnificent feat of arms, will stand out in all the annals of this war, no matter what it may yet bring."

"They have saved the situation. Dead or living, they have won the laurels that cannot wither. Through them the name of Canada is nobler in the world today and forever greater."

The Canadians, facing both ways, fought like lions, for it was bayonet work now, and the hardy colonial, practically back to back, were battling for their lives. Meanwhile the supports, of which we have great bodies at all points of our lines, hurried up and mingled with the Zupaves, who had by this time reformed, and fell in one deadly rush upon the Germans who had previously occupied.

In this glorious crush, whole companies of Germans were entirely wiped out, great numbers of machine guns captured and the German field guns, which had closely followed the advance.

THE BATHURST SOLDIERS

RECEIVE NEW UNIFORMS

(From the Gloucester Northern Light)

The detachment of recruits for the 56th Battalion at present stationed here, appeared on Sunday in their new khaki uniforms. The appearance of the men is very much improved by this change from civilian clothes, and the town is now proud of its small but very able looking garrison. Permission was granted a number of the men on Monday to pay short visits to their homes, as it is likely they will be moved to a central mobilization point before long.
