THE UNIVERSITY.—The University of New Brunswick throws open again its halls to the studious youth of the Province. To-morrow, Thursday, the 5th, will commence the Michaelmas term. We learn that a number of new students from all parts of the Province will begin their course of study.

No appointment has been made to the chair of Logic and Moral Philosophy. The Senate will meet about the middle of the month, when the matter will be settled. Numerous applications, we hear, have been sent in, both from this and the adjoining Provinces, and the President has corresponded on the subject with the view of informing himself, if necessary, a competent person to fill the Chair could be secured from Scotland. No doubt, if a gentleman of requisite talent and experience can be got in the Province, the Senate will not look beyond it. —[Herald Quarters.]

The Standard.

ST. ANDREWS, SEP. 11, 1867.

THE Writ.—In our columns this morning we publish the Sheriff's Proclamation for holding the Election for the Local Legislature, to fill the vacancy caused by the resignation of Messrs Stevens and Chandler. Why the writ was delayed so long, we cannot say, but it is plain we are on the eve of a great change.

Nomination.

Saturday last being Nomination Day, a large and respectable assemblage of electors from various parts of the County were present at the Court House. The Sheriff having been commissioned as Returning Officer for the Electoral District of Charlotte, appointed S. H. Whitlock his clerk, who read the Commission Writ and Election Law.

Dr. Thomson was then nominated by Wm. Whitlock and J. S. Magee, Esqs., seconded by Nehemiah Marks, Hubert McLaughlin, W. H. Stevens, and S. Getty, Esqs.

John Bolton, Esq., nominated by G. S. Grimmer, Esq., seconded by R. Stevenson, Jas. Marohie and C. M. Gove, Esqs.

Mr. Grimmer in nominating Mr. Bolton gave his reasons for doing so, in a lucid and classical speech of some length, which we cannot even give an epitome. He felt the importance of the sacred trust about to be reposed in the person who would be elected—that the legislature would be new, and that the people of this County needed a man of intellect and intelligence, one who could grapple with the momentous measures which would come before the Commons, who understood finance and who was acquainted with the varied interests of the Country. He would not institute any comparison between the Candidates. He had known Mr. Bolton from a boy, that he had not the advantages of position or prestige of family, but possessed the privilege of a good education, that he had risen from rags to first rank as a merchant and man of general business intelligence by force of energy and intellect. He gave as a political reason for nominating him that he had supported Confederation from the first, and that it was right and proper to sustain the men who had aided Confederation. That the electors should be actuated by high national considerations in their selection of men to fill such important trusts, and hoped the best of all parties might be elected. During the speech Mr. Grimmer was frequently applauded.

Dr. Thomson on rising was greeted with cheers. He thanked the Electors for the hearty reception, and said that he came before them for election to the Commons but not for the purpose of exalting himself; he had returned five times to the Local Legislature, and if they approved of his conduct then, he trusted they would manifest it now by electing him.

He enclosed every sentence uttered by His Honor Judge Allen in his charge to the Grand Jury at the Circuit Court—which was previously referred to by Mr. Grimmer. He had been opposed to Confederation, but as it was now the law of the land, he would if elected assist to work it out; that it was a problem, and he came forward to aid in perfecting it. He came to this country when but 16 years of age and was now in his 61st year, and had some knowledge of legislation from experience and study. That it would require much care to arrange the fiscal affairs of the Dominion. He had been stigmatised as a non-progressive and tory, and explained that there was no tories but conservatives, and they had progressive ideas but not for creating fat offices.

Railroads were a means of developing the resources of a Country, and he believed that if the Railroad now in operation between St. Andrews and Woodstock was extended to River du Loup, it would answer every purpose for the Intercolonial, and might be built within a year. He was in favor of the frontier route for the Intercolonial. Agriculture should have his best support as would also the fisheries, lumbering and other interests.

That our country was the finest upon the earth, the poorest man's child might rise to be a Peer. As we had Confederation, he came forward as a Confederate, and would give it a fair, just, and manly trial. He thanked those gentlemen who had nominated and seconded him, and if elected would endeavor to perform his duty. —[Cheers.]

Mr. Bolton's speech was well conceived, fluent, gave evidence of ability, and an intimate knowledge of the requirements of the country. We have endeavored to give the leading points of the speech, but have fallen far short of conveying an idea of their importance and ability. It rests with the voters of the County to say who will be the fortunate or unfortunate man before 4 o'clock, to-morrow, Thursday. The people in the free and unbiased exercise of their franchise will decide, and the minority we trust will submit with a good grace to the choice.

GRAND PIC NIE.—All who can, will no doubt attend the Grand Catholic Pic NIE to be held at Chaucook this day. The arrangements we learn are complete, and the great Boat Race between the St. Andrews and St. Stephen crews, is looked forward to with much interest.

ST. JOHN ELECTION.—The Hon. S. L. Tilley, for the City and Hon. John H. Grey, for the County, of St. John, were elected by acclamation on Monday last. St. John may well feel proud of her House of Commons members.

The Rifle Competition at Sussex was well attended, and we are pleased to notice, that Charlotte County Riflemen carried off no less than eleven Prizes, pretty good for the Frontier County. Chase of St. Andrews won 21 prize, 39 points—Double barrellled gun and \$36; Bixby, St. Stephen, 23 points—Ladies Cup and \$40; Blacktin, 27 points—Field Glass; Marks do 44 points—\$10; Major McAdam, 42 points—Officers Sash; Bixby 32 points—Plated Tea Set. Chase we learn, fired off and won the second prize.

Mr. BOLTON was received enthusiastically, he stated that it was not a voluntary act of his to offer. He had no political record—no political sins or omissions to atone for. For 21 years he had been engaged in commercial pursuits—prior to that in Agriculture. He offered as a Candidate for the whole County and not a particular section of it.

He then combated a report which had been circulated that St. Stephen desired to control the County, and asked: Did St. Stephen ever show a disposition to exclude any portion of the County from having a local representative. Had not the people of that Parish assisted St. George, and always desired St. Andrews to nominate its representative and they would support the Nomination? St. Stephen had never held any of the Government Offices, until the appointment of the hon. Mr. McAdam. Mr. Gilmore went to St. Stephen to consult with reference to his accepting office and was supported.

With reference to the number of Candidates at St. Stephen, he knew nothing but he did know that Mr. Stevenson is looked to as the nominee of St. Andrews.

The political issues were narrowed down to a small point. The first Cabinet is composed of the leading men from each Province.

In speaking of the Intercolonial Railway route, he did not enter into arguments of the shortest and best route but was in favor of the Frontier line. He alluded in complimentary terms to the exertions of W. M. Buck, Esq., C. E., who had taken so much pains to collect information, and had written several excellent and reliable articles on the subject which had been published in the newspapers; he had shown by his able Review that the Frontier was the shortest, cheapest and best route, and he hoped that Mr. Buck's services would be appreciated and amply recompensed by the County for whose benefit he is now working.

When all the arguments were laid before intelligent men, he believed that they would decide upon the Frontier route for the Intercolonial Railway. The question of Defence had been a bugbear to prevent the Frontier line being adopted—but that idea was exploded, as high military authorities had stated that the Line wherever built was liable to attack. He believed that commerce was the life blood of a nation, and that our American neighbours knew and felt this, and it was unlikely they would attempt to injure their commerce by opposing the border to destroy the Line. Other important matters to come before the Parliament will be the Tariff and the Fisheries.

When at the Islands he learned from the intelligent men engaged in the Fisheries, that they had many grievances to be redressed. The benefits to be derived from Confederation were apparent in the question of the fisheries. A gentleman of energy and talent in New Brunswick had been appointed as Minister of the Fisheries, and he believed much good would result to that great source of our national wealth.

He (Mr. B.) would practice economy, but not such as would be penny wise and pound foolish. He believed in that kind of economy which would turn a bankrupt Nashua into a thriving village. He thought that those who were opposed to Confederation were mistaken, and that they would live to realize its benefits, as an illustration instance the prosperity of the United States since their being united. We commended our union under more auspicious circumstances. The Dominion of Canada is now the third maritime power of the world, and we would still be under the flag of that glorious old Flag, which is the symbol of liberty, and equal justice to all. If elected he would exert his influence to promote the interest of the Province [Mr. B. was loudly cheered.]

Mr. Bolton's speech was well conceived, fluent, gave evidence of ability, and an intimate knowledge of the requirements of the country. We have endeavored to give the leading points of the speech, but have fallen far short of conveying an idea of their importance and ability. It rests with the voters of the County to say who will be the fortunate or unfortunate man before 4 o'clock, to-morrow, Thursday. The people in the free and unbiased exercise of their franchise will decide, and the minority we trust will submit with a good grace to the choice.

GRAND PIC NIE.—All who can, will no doubt attend the Grand Catholic Pic NIE to be held at Chaucook this day. The arrangements we learn are complete, and the great Boat Race between the St. Andrews and St. Stephen crews, is looked forward to with much interest.

ST. JOHN ELECTION.—The Hon. S. L. Tilley, for the City and Hon. John H. Grey, for the County, of St. John, were elected by acclamation on Monday last. St. John may well feel proud of her House of Commons members.

The Rifle Competition at Sussex was well attended, and we are pleased to notice, that Charlotte County Riflemen carried off no less than eleven Prizes, pretty good for the Frontier County. Chase we learn, fired off and won the second prize.

E. R. Stevenson, Esq., it should be borne in mind, is a Candidate for the Local Legislature. He is the only person offering from St. Andrews, and we are pleased to learn that he will be supported. St. Andrews has always sent one member; the other Parishes have invariably supported the Shire town, and will do so again. Give Stevenson a vote, and we may add, he will make a good representative.

NEW CANDIDATE.—We are authorized to announce that Henry Frye, Esq., is a candidate for the Local Legislature.

TO CORRESPONDENTS.—The letter of our esteemed friend "Unionist" was received, we regret to say, too late for insertion, and its publication in our next would be useless.

The Candidates in St. John are numerous enough of their relative merits we are unacquainted, but of the eight who have offered, only two can be elected, as there are but two vacant seats. It would be well if the electors think so, to have them declare their views as to the route of the Intercolonial Railway.—The Candidates in Charlotte both for the House of Commons, and local Legislature have done so.

We regret to hear of the death of John Emerson, Esq., of Little Falls, which occurred on the 3rd inst., after an illness of about ten days. Mr. Emerson was one of the most substantial residents on the river St. John, and was a man of great energy and determination of spirit. Very few persons probably ever visited Little Falls without experiencing some kindness at his hands. His remains were to be taken through to River du Loup, and probably to Quebec or Montreal, for interment. —[Globe.]

To the Electors of the County of Charlotte.

GENTLEMEN.—I have been induced by many considerations, to present myself for election to the local Legislature, as one of the Representatives of this County.

I have resided for 25 years in the County, and am not unknown to you even in a public capacity, and I do not wish it to be understood that my recent connection with the St. Stephen Branch Railroad Company, (as Contractor) in any way identifies me with that section of the County in particular.

My political policy will be:—
To maintain the Constitution under the Act of Union.

To use whatever influence the Local Legislature may possess in supporting the Intercolonial Railway by the FRONTIER ROUTE.

To advocate an improved system of Education, in accordance with the well understood wishes of a majority of the people.

As a FARMER, I will of course give my best attention to the advancement of the Agricultural interest.

The FISHERIES will also have my warmest support.

Commerce, Lumbering interests, and other Industrial pursuits, will find in me, a strenuous and unflinching advocate.

Should I have the honor to be elected, I will give myself.

To the Electors of the County Charlotte.

GENTLEMEN.—You will doubtless soon be called upon to exercise your prerogative in the selection of two persons to supply the vacancies in the representation of this County in the Local Legislature, occasioned by the elevation of Messrs. Stevens and Chandler to the bench.

From the many solicitations and gratifying assurances of support received from all parts of the County, I am induced to place myself at your disposal.

The altered condition in the political relations of this Province under the act of Union, calls loudly for the strictest economy in the management of its fiscal affairs.

The resources of the Country left to our control, if properly directed and developed should add materially to our ability in granting greater encouragement to its industrial and commercial pursuits.

The importance of a thorough revision in the educational system of the Province, is generally acknowledged, and that a more enlarged, liberal, and progressive policy should be adopted.

Should I be honored by your choice, you may rely upon my unremitting exertions being faithfully directed toward the promotion of these objects and your interests generally.

M., at the County Court House, and the persons chosen to serve in the General Assembly, will be those and none, openly declared. Of all which said provisions all persons will take due notice and govern themselves accordingly. ALEX. T. PAUL, High Sheriff of Charlotte, Sheriff's Office, St. Andrews, Sep. 19, 1867.

The following extracts from the Election Law, are published for general information: Sec. 53.—The resident electors shall vote in the district in which they are registered; the non-residents at the Court House or building used for the purpose in the said Town, unless they have selected another polling district. Sec. 54.—Presiding Officers, Poll Clerks, Candidates and their agents, may poll their voters in the district where they are acting, though they do not reside therein; if on the day of nomination their names are certified and entered as qualified by the Sheriff in the book containing the check-off, and the Sheriff shall strike such names out of the list of the district in which they are qualified to vote. ALEX. T. PAUL, Sheriff, Sep. 19, 1867.

To the Electors of the County of Charlotte. GENTLEMEN.—I have been induced by many considerations, to present myself for election to the Local Legislature, as one of the Representatives of this County. I have resided for 25 years in the County, and am not unknown to you even in a public capacity, and I do not wish to be understood that my recent connection with the St. Stephen Branch Railroad Company, (as Contractor), in any way identifies me with that section of the County in particular. My political policy will be: - To maintain the Constitution under the Act of Union. To use whatever influence the Local Legislature may possess in supporting the Intercolonial Railway by the French Government. To advocate an improved system of Education, in accordance with the well understood wishes of a majority of the people. As a Farmer, I will of course give my best attention to the advancement of the Agricultural interest. The FISHERIES will also have my warmest support. - Commerce, Lumbering interests, and other industrial pursuits, will find in me a strenuous and unflinching advocate. Should I have the honor to be elected, I will prove myself, Your faithful and humble servant, NATHAN SMART, September 2, 1867.

To the Electors of the County Charlotte. GENTLEMEN.—You will doubtless soon be called upon to exercise your prerogative in the selection of two persons to supply the vacancies in the representation of this County in the Local Legislature, occasioned by the elevation of Messrs. Stevens and Chandler to the Bench. From the many solicitations and gratifying assurances of support received from all parts of the County, I am induced to place myself at your disposal. The altered condition in the political relations of this Province under the Act of Union, calls loudly for the strictest economy in the management of its fiscal affairs. The resources of the County left to our own control, if properly directed and developed should add materially to our ability in granting greater encouragement to its industrial and commercial pursuits. The importance of a thorough revision in the educational system of the Province, is generally acknowledged, and that a more enlarged, liberal, and progressive policy should be adopted. Should I be honored by your choice, you may rely upon my unremitting exertions being faithfully directed toward the promotion of those objects and your interests generally. I am, Gentlemen, Your most obedt. servt., WM. T. ROSE, St. Stephen, Sep. 3, 1867.

To the Electors of the County of Charlotte.

GENTLEMEN. In accordance with the wishes of a large number of my friends in the Eastern and other sections of the County, I am induced to come forward at the ensuing Election, as a Candidate for the representation of Charlotte County, in the Commons House of Parliament, of the Dominion of Canada. Agriculture, the Fisheries, Shipbuilding and Commerce, will receive from me the attention which such important matters require. The Intercolonial Railway, connecting Canada with the Passamaquoddy Bay, (which is open at all seasons) by the St. Andrews & Quebec line—the shortest, cheapest, and most beneficial for the TRADE OF CANADA with the Lower Provinces,—will have my strongest support, as will all matters having a tendency to develop the resources of the County, and the Province and Country in particular; and keeping up the strong tie of Loyalty, love and affection for the Mother Country, for which New Brunswick has ever been famed. I am, Gentlemen, Yours most respectfully, ROBERT THOMSON, St. George, N. B., Aug. 28, 1867.

To the Electors of the County of Charlotte.

GENTLEMEN. In compliance with the flattering Requisitions, and personal solicitations, that have been tendered me, I feel it my duty to present myself for the representation of Charlotte County, in the House of Commons. Strong in the belief, that in Union, we shall soon realize the benefits which its promoters predicted, my best efforts shall ever be given, if elected, to aid in developing our national resources, in extending commerce, in encouraging industrial interests, and in affording facilities for the settlement of our country with an educated and prosperous population. To the Government as at present constituted, I shall yield a candid support, until by their policy, or want of policy, they prove to be unworthy of it. Convinced that the commercial and financial interests of the Dominion, demand the Intercolonial Railway should be built on the shortest, lightest, and most practical route, I shall not persistently urge the adoption of the Western line, as possessing the advantages named. I shall be ever ready to oppose extravagance in any form, emanate where it may. To promote the interests of our Province, and the general prosperity of our common country, shall be my constant aim. I am, Gentlemen, Your Obedt. Servt., JOHN BOLTON, St. Stephen, Aug. 19, 1867.

To the Electors of Charlotte County.

GENTLEMEN.—At the urgent request of a great many of the voters and working men from every part of the County, I am once more induced to offer my services to represent your interests in the Local Legislature. Two members will be wanted to fill the seats vacated by Messrs. Stevens and Chandler, who have played their game on the political chess board, and won. Now gentlemen, I wish to distinctly understand that I am now, as I have ever been, the Candidate of the working men. Independent and free from all party trammels or ties, I can act and think for myself, both in politics and other matters concerning the interests of the working class; and this I shall always do, in spite of the few men in St. Stephen who presume to rule the whole County. I am not the nominee of a few designing men who wish to push into the field a Candidate, that if elected will be sure to serve them. No, Gentlemen, I am the Candidate of the independent working men who have dared to shake off the shackles that have hitherto bound them, men who dare show the world that they are not cowards, and will not be political slaves. I will, as I have always done, stand by them in all matters of progress and reform, until, like our brethren in England, we gain our objects, POLITICAL EQUALITY. Too long have our one class ruled and governed us. Too long have they set themselves above us, treating us with scorn, except at election times, when they want our votes; then their hypocrisy knows no bounds, but, thank God, we can see through them, and understand their motives. Then, working men of Charlotte, rally in your strength! Let us stand shoulder to shoulder in this contest, and there will be such a shaking of thrones amongst those would-be rulers, that they will almost cry for the mountains to fall upon them. Let us teach those few men that the Bank Parlor is not all powerful, although backed up by greenbacks. Let us tell those men at the polls that we have men amongst us who are their equals, if not their superiors, both in ability and brains, though the greenbacks may be wanting, but this want may be supplied by fearless independence on Election day. With reference to the Intercolonial Railway—the Frontier route will have my warmest support. At the hustings I will explain fully my views on this important matter. Now, my friends, I would much rather that you would choose from amongst yourselves some intelligent honest working man, whom you can trust to represent you, and I will give him my support, for at this season of the year I will not be able to visit you at your different localities. Like you, I must attend to my work, but as most of you know me, this should not make much difference, as I will meet you on nomination day at St. Andrews when I hope to have the pleasure of addressing you, and if elected, will serve you faithfully, honestly and laudably to the best of my ability. Respectfully yours, &c., JOSEPH DONALD, St. Stephen, Sept. 4, 1867.

CONSUMPTION, LUNG COMPLAINTS.

This well known remedy is offered to the public, sanctioned by the experience of over forty years, and when resorted to in season, seldom fails to effect a speedy cure of Coughs, Colds, Croup, Bronchitis, Influenza, Whooping Cough, Hoarseness, Pains or Soreness in the Chest and Lungs, Bleeding at the Lungs, Liver Complaints, &c. The unnumbered cures that have attended the application of this medicine in all cases of PULMONARY COMPLAINTS, have induced many distinguished physicians to employ it in their practice, some of whom advise us of the fact over the signature of the proprietor. We have space only for a few of the names: - ALEX. HATCH, M.D. A. J. COBB, M.D. E. BUTLER, M.D. W. H. WESS, M.D. Wm. A. CLAY, M.D. W. H. LEVING, M.D. R. FELLOWS, M.D. A. FOLEY, M.D. Such testimony CANNOT BE DISCREDITED. From the names of witnesses in our possession we select the following: - From L. J. RACINE, Esq., of La Motte, Montreal. "Having experienced the most gratifying results from the use of Dr. Wistar's Balsam of Wild Cherry, I am induced to express the great confidence which I have in its efficacy. For several months I was most cruelly afflicted with a severe and obstinate cough, accompanied with some pain in the side, which did not leave me, summer or winter. The symptoms increased continually, and so related that I could not walk but a few steps without resting on a cane. I have since used your Balsam in many cases, and after having used four bottles I was completely cured. I am very much pleased to see that you have advertised the Balsam to many of my neighbors, who have used it, and to whom I have known it all of effecting a speedy cure. You will not fail to send it to any one of the above who can best speak to its value. It is a preparation which has often been tried, and is acknowledged as the remedy par excellence." A CURE FOR WHOOPING COUGH. Dr. HENNING, C.E., Aug. 21, 1866. Containing several notable cures of a little daughter of mine, who was afflicted with whooping cough, and in a very severe manner, and nothing would cure her but your Balsam of Wild Cherry. I have since used it in many cases, and have been greatly benefited. I have since recommended the Balsam to many of my neighbors, who have used it, and to whom I have known it all of effecting a speedy cure. You will not fail to send it to any one of the above who can best speak to its value. It is a preparation which has often been tried, and is acknowledged as the remedy par excellence." Proprietor of the Courier & St. John's Register. Clergymen, Lawyers, Singers, and all those whose occupation requires an unusual exercise of the vocal organs, will find this the best Remedy, which will advantageously and economically relieve their difficulties. This Balsam, unlike most others, is as pleasant as sugar.
