MISCHIEVOUS BOYS

Unless the promise is stopped and stopped at once some of our boys are going to get into trouble. Since street sprinkling has started, in different sections of the town, boys have been in the habit of putting stones, both large and small, in the hydrants. The force of the water has driven these stones in the water wagon and the consequence has been the clogging up of the sprinkler. This is not the most serious part of it, however, for should a fire break out; the nozzle may become clogged and delay might occasion a serious fire. Parents would do well to warn their children to keep their hands off the hydrants throughout the town.

Mr. John Mahn Injured.
Mr. John Mahn, of 16 Dan street, was considerably shaken up and received a nasty cut over the eye which required a number of stitches last night about 9:30 o'clock as he stepped from a moving street car at the corner of Wellington and Kings Street. Mr. Mahn who is 73 years of age was returning home from town on an open car. When picked up he was unconscious and willing hands soon carried him to his home only a few doors distant and medical aid hastily summoned. The injuries, we are glad to say, are not as serious as at first anticipated and Mr. Mahn expects to resume his duties in a day or two.

Chief Slemis states that there is no doubt the city of Brantford could be indicted for maintaining a nuisance and danger to the health of not only its employees but the public at the Brantford Police Depot. Magistrate Livingston states that we will continue to hold court in his office rather than take a chance with the atmosphere in the court room. Two Grand Juries have condemned the building.

All that was mortal of Mrs. James Harlock sr., who passed away suddenly on Wednesday morning was laid away in Mount Hope Cemetery this afternoon. Many friends and acquaintances were assembled at the residence, 139 North Queen street, and at the cemetery to pay their respects to the deceased citizen.

A service was conducted at the residence by Rev. Mr. H.J. McBain, pastor of Trinity Methodist Church of which the late Mrs. Harlock was a member. The last rites at the grave were also conducted by him. In the course of his message to the assembled friends and relatives, Rev. Mr. McBain made a fitting reference to the loss sustained by the husband and family and the whole community through the death of Mrs. Harlock.

The pallbearers were four sons of the deceased namely William, James, jr., John and William.

Tokens of sympathy and tribute were received in the form of beautiful floral emblems. Among these were the following:

Wedded Yesterday.
Another June nuptial event took place yesterday afternoon when Mr. Edward Liviller and Miss Laura Kiper were married. The ceremony was performed by the Rev. John Schmieder.

Mayor Gross' Tribute
Mayor Gross was requested by the chairman of the gathering, the gathering. The Mayor stated he was pleased to be present for the occasion. He considered the event a fitting one in honor of the former president of St. Jerome's College, whose successor, Rev. Father Zinger was one of the ablest men in the city. As to the future he considered St. Mary's Church fortunate in getting him as their leader. He was certain that his leadership in his new charge would be as distinguished as it had been in the college.

St. Jerome's Credit to the Province
Tribute to the former president was also paid by Mr. Robert Smyth, one of the oldest business men in the city. During the forty years that he has been here, Mr. Smyth said that he has always found reason to have the kindest feelings for the members of the staff and the students at St. Jerome's. The institution had grown because the foundations had been truly laid and because there always had been able leaders and good management.

St. Jerome's is a credit to the province as well as to the city and to the men who are at the head of it. As to the future he felt that the successor to Rev. Father Zinger will follow his footsteps. Mr. Smyth's interest in the college's welfare will always be maintained; in the past he had sufficient interest in it to make a presentation as to offer an inducement to the young men at the school. And this interest will also be his in the future.

Public-Spirited a Citizen
Mr. E. H. Mills, M.P.P., said he was certain he voiced the sentiments of every citizen when he said he regretted the removal of Rev. Father Zinger from St. Jerome's. During his leadership the institution had grown much and its boundaries had been extended. The institution of which he had been the head had made a name not only for itself but for the city.

While citizens regretted Rev. Father Zinger's removal from the College they rejoiced over his being retained as pastor of St. Mary's Church.

While Rev. Father Zinger had been busy occupied with his duties as president of the college he found time to serve the citizens in the other capacities. He was public-spirited and had served on one or two public bodies among which there was at the present time the Public Library Board. His good services were recognized by the citizens.

As to the future, looking back over his achievements in the past, one might expect as much from him in the future as pastor of the city. He wished Rev. Father Zinger continued success.

Honor and Tribute

(Continued from Page One)

to hold that though education is immediately concerned with the preparation for practical life, in its ultimate it looks to the paramount interests of eternity.

When a man declares that religion can supply at home and at Sunday school all that is necessary, he has woefully mistaken the significance and scope of true education; he forgets the weakness and limitations of human nature. When you instruct the mind you do not instruct the soul. The mind which has been developed under a system which excludes God and the things of God from its consideration, soon logically learns to divorce God from its rational process and to ignore Him in all its intellectual life. The God who does not reign at school, who has no relation to the intellectual life, is ignominiously thrust out of doors in the temple of knowledge, is but half a God, not the all-powerful Creator and Judge who holds us in the hollow of his hand. Reverence for Him dies where he is thus negatively regarded.

Education does not consist merely in feeding the mind with knowledge but in informing the mind with truth, the will with good, and training all the faculties to the fullest and completeness of the perfectly rounded character. In the school room is like the sunlight to the plant; it warms, it nourishes, it illuminates. It is not sufficient for the plant to gather the strength of the sun, but it must have the light and air of heaven, the vital principle of its energy, without which it soon languishes and dies. Religion should be the light and aroma of the school-room; it should be absorbed by the pupil's being and it should radiate into the world through his intellect, energize through his will and fashion and form his faculties until there is a perfect balance of mind and heart and will in that moral harmony of his nature of which religion alone possesses the gift.

A Member of the Staff's Tribute.
Rev. Father V. Kloefer of the staff at St. Jerome's was called upon to speak by Rev. Father Zinger on the staff for many years and has been his right hand man. He alluded to the period of St. Mary's parish, he was as equally successful, but while his future attention will be directed chiefly to the interests of the parish he will back with satisfaction to the institution with which he had been connected for many years. Rev. Father Zinger directed many a young man in the right principles and to high aims in life. The many men who had entered the college, studied there and been under the guiding atmosphere of this institution were general and gratifying, coming from as far as Tennessee and Quebec.

Speaking personally he had known Rev. Father Zinger for many years. He had always found him a true friend ready and prompt to give advice. It had been his privilege to be one of Father Zinger's teachers for a short period at St. Jerome's.

The National Anthem concluded the enjoyable event.

HAIR OFTEN RUINED BY CARELESS WASHING
If you want to keep your hair looking its best, be careful what you wash it with. Don't use prepared shampoos or anything else that contains too much alkali. This dries the scalp, makes the hair brittle, and ruins it.

The best thing for steady use is just ordinary multi-fid coconut oil (which is pure and greaseless) and is better than anything else you can use.

One or two teaspoonfuls will cleanse the hair and scalp thoroughly. Simply moisten the hair with water and rub it in. It makes an abundance of rich creamy lather, which rinses out easily, removing every particle of dust, dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves the scalp soft, and the hair fine and silky, bright, lustrous, fluffy and easy to manage.

You can get multi-fid coconut oil at any pharmacy, it's very cheap, and a few ounces will supply every member of the family for months.

A Leader of Men
Rev. Father Engler of Hamilton, a graduate of St. Jerome's, spoke of experience. He described Rev. Father Zinger as a leader of men. This trait was noticeable in his early years at St. Jerome's when he led the younger boys on the ball field successfully against the older.

Congratulations to St. Mary's Church Mr. L. D. Merrick said he was present not to express regret or sympathy to St. Jerome's over the loss caused by Rev. Father Zinger's removal but to St. Mary's Church upon having secured such a capable pastor. St. Mary's Church had always been fortunate in having able members of the clergy at its head.

Alumni's President Called On
Mr. W. J. Moiz, president of the Alumni Association was called on. He thanked all for their presence. He was pleased that the event was a success in every way. It had been decided to hold it only two weeks ago and despite the short notice it was beyond expectations.

Mr. Moiz said that over \$200 had already been raised for a memorial for Rev. Father Zinger to be placed in St. Jerome's College Chapel. The responses were general and gratifying, coming from as far as Tennessee and Quebec.

Speaking personally he had known Rev. Father Zinger for many years. He had always found him a true friend ready and prompt to give advice. It had been his privilege to be one of Father Zinger's teachers for a short period at St. Jerome's.

Record Crowd at Band Concert.
The Band Concert of the 108th Regt. Band at the Market Square last night drew a record crowd who anticipated an excellent program from this popular musical organization.

Prof. Stockton and his men had prepared a program of unusual merit and while the musicians did their part their rendition was marred by the noise of passing autos and motorcycles to say nothing of the strains of the merry-go-round from time to time. On more than one occasion concerts have been held on the market square and the same things have happened as that of last night and it is no wonder Prof. Stockton and his band much prefer playing in the park where all street noises are eliminated.

Of the rendering of the program much could be said to the credit of the musicians.

The lighter numbers while pleasing to a majority of the crowd it was in the heavier numbers that the band excelled and so well were the crowd pleased that encores were demanded and willingly responded to.

As the season advances marked improvement is shown and before the summer is over Prof. Stockton promises the music loving citizens of the city something good in the music line.

The Bank of Montreal's new building at Woodstock will cost about \$40,000.

Should a Woman Feel That Wifehood and Motherhood Are All There Is to Life?
A \$25,000.00 Story By Kathleen Norris
Geraldine Laird felt that way—that her real career began when her husband fell in love with her and that her destiny was complete when she bore him children.
But she found modern life too complex for that simple, comfortable theory. Something happened to make her doubt it. She had never thought herself capable of being more than wife and mother. She found great possibilities within herself. She began to develop them. She succeeded beyond her wildest dreams.
And yet, success in itself was empty. It was only after years when she learned—
But read what she learned in "The Luck of Geraldine Laird," by Kathleen Norris, which begins on Saturday, June 14, in The London Free Press.

ADVERTISING IS SECRET OF THIS FIRM'S SUCCESS

Gum Manufacturer who Spent More Money in a Local Paper Than Many of the Merchants in Same Town.
Wrigley's manufacturers of the famous Spearmint, Doublemint and Juicy Fruit Chewing Gum have just issued a unique circular to their retail trade which tells one of the most wonderful advertising experiences that we have ever read. Wrigley's Chewing Gum has been introduced to the public in Canada, almost exclusively by newspaper advertising.
Their advertising was started in a list of between forty and fifty daily papers before a wheel was turned in their first small factory. Figures given in this circular show that Wrigley's is sold by more than 80,000 Canadian retailers, that it is advertised in 267 newspapers, magazines and farm papers from New Foundland to Vancouver. These publications have a total of 3,147,628 circulation each issue, which means 165 million Wrigley advertisements go to the public yearly through these papers. With this tremendous urge, it is no wonder that the public has responded so heartily in buying Wrigley's Gum.
It is barely ten years ago that this message began to go out to the readers of the newspapers. Every year the sales have increased. Today the advertising is larger than ever and the selling cost less.
Recently a western editor made a comparison between Wrigley's advertising and the advertising of local merchants. He published a statement in his columns to the effect that Wrigley's spent more money with him in a month than some of his local merchants in a year. Yet, his circulation was infinitely more valuable to the local man than it could be to Wrigley's. Wrigley's could only sell chewing gum. The local merchant has hundreds or maybe thousands of items that interest the purchaser once he comes into the store. Advertising is needed to arouse interest to create the desire to buy, in order that the merchant may make the sale. Then he must deliver the goods or the service which will induce the customer to come again. So with Wrigley's the chewing gum must be good or the customer does not wish another package. Wrigley's have wisely added good advertising to good chewing gum. They have told people that Wrigley's the flavoured gum that benefits the teeth, appetite and digestion and to "Chew it after every meal."
It seems to us such an advertising story as this is of interest to every reader of this paper, whether he wants to sell a stock of merchandise or a flock of chickens, whether he needs a page advertisement or a liner want ad. Advertising will help to sell goods, rent your house or get you a job.

THIN, FRAIL FOLKS NEED PHOSPHATE

Nothing Like Plain Bitro-Phosphate to Put on Firm, Healthy Flesh and to Increase Strength, Vigor and Nerve Forces.
Judging from the countless preparations and treatments which are continually being advertised for the purpose of making thin people fleshy, developing arms, neck and bust, and replacing ugly hollows and angles by the soft curved lines of health and beauty, there are evidently thousands of men and women who keenly feel their excessive thinness.
Thinness and weakness are usually need more phosphate than is contained there is nothing that will supply this deficiency so well as the organic phosphate known among druggists as bitro-phosphate, which is inexpensive and is sold by A. J. Roos in Kitchener and most all druggists under a guarantee of satisfaction or money back. By feeding the nerves directly and by supplying the body cells with the necessary phosphoric food elements, bitro-phosphate, quickly produces a welcome transformation in the appearance; the increase in weight frequently being astonishing.
This increase in weight also carries with it a general improvement in the health. Nervousness, sleeplessness and lack of energy which nearly always accompany excessive thinness, soon disappear, dull eyes become bright and pale cheeks glow with the bloom of perfect health.
CAUTION:—Although bitro-phosphate is unsurpassed for relieving nervousness, sleeplessness and general weakness, it should not, owing to its remarkable flesh-growing properties, be used by anyone who does not desire put on flesh.

Under-Currents

By The Duchess

One moon-flower making all the foam-flowers fair. Though all those waves went over us, and drove Deep down the stifling lips and down, the first eager desire for dancing has come to an end. It is the hour when one has grown discriminating, and when capricious beauties review their cards, and carefully scratch out such a one to put in one more desirable. The best dancers have had time to make themselves known, and mental notes about them are being freely made. Supper becomes a thing no longer vague, and the married dancers are glad of a little champagne or lead cup of any sort to restore their flagging energies. It is, indeed, upon the stroke of midnight.

So far, Lady Riverdale's dance has been a complete success. The lord-lieutenant of the county is here and this last season's most fashionable beauty, in an extremely smart gown—not an old one that has seen service, and yet might be considered good enough to dazzle the rusties, but a distinctly new gown, built for the occasion.

It is intensely warm, and all the windows are flung wide, although them comes the glimmer of coloured lamps from the gardens outside and, conquering them, the cold, haughty, still fire of the moon. Vera attracted by it has drawn close to an open door in one of the conservatories, and the partner on some trivial errand, gazed out with a little thrill of pleasure at the perfect scene the night affords.

For past the foolish lamps that seem to twinkle with such a barren effect lies the great ocean, swelling, gleaming, in the mystic beams of the great goddess in the sky above.

Is it no Cynthia, she that never sleeps. But walks about high heaven all the night?

The night is still as death itself, and the sparkling brilliance of the slowly moving waters contrasts with it in tender fashion. Strangely attracted by it Vera goes forward, moves down the stone steps that lead to the garden, and with eager footsteps gains the little pathway, steep and sudden, that leads to the beach. Behind her, dispatched her partner, smooth sand, a sense of exultation fills her, a sense to stretch out her hands to the delicate silvery waves, to clasp them, to press them to her feverish brow, takes possession of her. Was ever scene so fair?

Surely Love walked upon the sea this tranced night. For the waves beneath his feet ran pale with silver light. Suddenly she draws in her arms, and a shiver runs through her; she turns her head—to see Dysart. He has started violently on seeing her, and even in the moonlight she can see that his manner is terrible pale. "I am unfortunate!" is all he can say, but his tone is eloquent. She ignores it; perhaps in her own agitation she does not even hear it. "Again?" she says with a withering smile. Her shut lip curls. "Surely it is not necessary? You can see for yourself that I am alone." "I saw you misjudge me," cries he in deep emotion. "I did not—I could not—know you were here." "That of course," she shrugs her shoulders with an air of disgust. "Hear me," says Dysart unsteadily; "however you may misjudge me, there is at least something I must say to you. This morning I insulted you, I spoke to you as—good Heaven, I must have been—I was mad—when I so spoke—but is there no forgiveness?" "None," coldly.

"That is impossible!" cries he fiercely. "I will not believe it! I could not live if I thought that! Look into it, Vera, in common fairness, remember what it was you said to me, what it was you accused me of, and then see if pardon is impossible."

"If I said anything to offend you, I spoke only the truth," says she unreluctantly; "but even so—well, if I did offend—I regret it"—her tone is icy. "What that do? will you leave me now?" "Truth? There was no truth," says he passionately. "Shall I say then it was false?" wearily. "If I will that suffice—shall I the at last be alone? Oh, miserably, am I never to escape this persecution?" "You can escape it when you like, it seems to me," sullenly. "How, how?" excitedly. "You say that, when you know there is no escape possible. See here then," turning to him and holding out to him her lovely bare white arms, rounded, and as soft as a little child's, "if what you and your father desire is my imprisonment, I will return to Greycourt, at once, to-morrow. Only see that Griselda may remain; she can dare to be happy here."

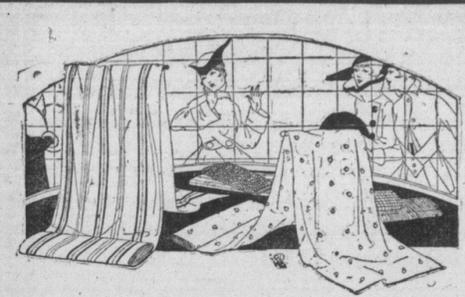

"Do you think I want you to return? Don't you know," with a bitter glance at her, "that from my soul I wish you had never come beneath my roof? And as to your return," slowly, "I say again, why need you? There is—Shelton."

She looks quickly at him, leaning a little forward as if surprised, as if in expectation, and the moonbeams catching her so, make for him a lasting picture of her, unutterably sweet, unutterably cruel. It is plain that she is waiting for his next words; with difficulty he speaks them.

"You are going to marry him?" he says, his tone more assertive than questioning.

"It is an impertinent question," says Miss Dysart calmly, "but if it will help to end this interview, I shall answer it. You are entirely wrong, Lord Shelton has not so much as asked me to marry him."

"You are disingenuous. If he has not yet asked you, you know he only waits the opportunity to do so. When he does—he checks him abruptly, knowing he has gone too far.

Tells Dyspeptics What To Eat

Avoid Indigestion, Sour Acid Stomach, Heartburn, Gas on Stomach, Etc.

Indigestion and practically all forms of stomach trouble, say medical authorities, are due nine times out of ten an excess of hydrochloric acid in the stomach. Chronic "acid stomach" is exceedingly dangerous and sufferers should do either one of two things. Either they can go on a limited and often disagreeable diet, avoiding foods that disagree with them, that irritate the stomach and lead to excess acid secretion or they can eat as they please in reason and make it a practice to counteract the effect of the harmful acid and prevent the formation of gas, sourness or premature fermentation by the use of a little Bisurated Magnesia at their meals.

There is probably no better, safer or more reliable stomach antacid than Bisurated Magnesia and it is widely used for this purpose. It has no direct action on the stomach and is not a digestant. But a teaspoonful of the powder or a couple of live grain tablets taken in a little water with the food will neutralize the excess acidity which may be present and prevent its further formation. This removes the whole cause of the trouble and the meal digests naturally and healthfully without need of pepsin pills or artificial digestants.

Get a few ounces of Bisurated Magnesia from any reliable druggist. Ask for either powder or tablets. It never comes as a liquid, milk or citrate and in the bisurated form is not a laxative. Try this plan and eat what you want at your next meal and see if this isn't the best advice you ever had on "what to eat."

BEWARE OF DECEPTION

Statistics show that when egg albumen is used as a constituent of baking powder, the amount so used is too small (usually 15/100 of 1%) to affect the quality or effectiveness of the baking powder containing it, and when so used, is plainly for the purpose of fraud. Intelligent buyers will not permit themselves to be deceived by the water glass test.

MAGIC BAKING POWDER contains no alum or egg albumen and is guaranteed to be composed of the ingredients printed on the label—and none other.

Dr. George Adam.

One of the most recent acquisitions to Canada from Scotland is George Adam, of Montreal. He has been prominent in public life in the British Isles, and has rapidly come to the front here. He is a bosom friend of Harry Lauder's and a very warm friend of David Lloyd George. Two of his best lectures are entitled "A Trip to the Front with Harry Lauder," and "A Familiar Picture of David Lloyd George."

We are leaving it to the local committees to say which one of these lectures they prefer to hear. Both are great, but the majority of the committees are choosing to hear of the great British Premier who has played such a vital part in the winning of the War.
 Adam lectures on the second evening of the week.

DID NOT WORK OUT WELL IN INDUSTRIES
 QUEBEC, June 11.—An industrial council, formed along the lines of several schemes in force in other cities, Canadian and American, to prevent strikes, failed in Quebec, and was disbanded. Herbert Gisle, shoe manufacturer, told the commission on industrial relations to-day, Mr. Gale said the council was in existence for many years up to 1916, and then was dropped because the men refused to accept the decisions of arbitration boards. The council was formed by six men, representing the various unions of the shoe trade, and a like number of manufacturers.
 The chairman was a manufacturer who was acceptable to the union representatives. His resignation was made to revive the council, but the manufacturers are insisting that the unions put up a money bond to abide by the decisions of any board appointed to arbitrate on differences. At present time the manufacturers deal with the unions individually.
The Shoe Industry.
 Mentioning that recently the shoe cutters had demanded an increase of 20 per cent the witness said this would bring up the cost of direct labor in a \$10 pair of shoes to 80 cents. The balance was made up of raw, overhead, etc.
 Commissioner Smeaton White: "Of course, there is the labor put into the raw material. Really I suppose the complete labor cost in a pair of boots is \$2 to \$3."
 The witness agreed this was so. J.G. Scott, president of the Board of Trade, said there was a lot of labor unrest in Quebec. The high cost of living was the main cause of it. There was a good class of laborers in Quebec. He had employed 1,000 of them for 20 years and had never had any trouble with them. They were fully organized. There had been an increase of 103 per cent in the cost of foodstuffs in the Quebec district. He advocated control of the export of food. Commissioner Riordan: "but would not that tend to diminish production?"
 The witness said he did not think so. He pointed out the enormous increase in production of wheat, oats and barley in Quebec during the war as evidences of what the farmers could do.
Cotton Exports Protested.
 L.J. Amyot, corset maker, protested against the export of factored cotton to other countries.

PRESTON To Observe Peace
 A meeting of the Preston Town Council and the representatives of the Great War Veterans. The purpose of organizing a Peace Celebration Committee so that Preston will be ready when the official word comes that Peace has been signed to celebrate was discussed. Mayor H.J. There was some discussion in regard to the form which the celebration should take and it was decided that on the day the word comes that Peace has been signed a joint religious service will be held at Speed Park. Officers were elected and committees appointed, and the officers and committees that have the matter in hand will see that a real celebration will be held in Preston.
 Following were the officers and committees elected:
 Chairman—Mayor H.J. Schultz.
 Secy.—Treas.—Sports—Messrs A. Wright, J. Grieve, J. Russell, Mayor Schultz.
 Musical committee—G. Winchester, G. G. Mather, M.M. Donald, E. Underhill, Mayor Schultz.
 A resolution was passed whereby there will be no fireworks purchased for the celebration.

Expected Vote on Liquor Question Next October

ENUMERATION FOR REFERENDUM TO BE COMMENCED WITHIN NEXT TWO WEEKS.

TORONTO, June 12.—Enumeration for the coming referendum on prohibition is to be commenced within the next two weeks in the larger cities of the province. Hon. I. B. Lucas has called a conference for to-morrow of city members of the Legislature in order to discuss arrangements for making an immediate start and it is hoped that it will be possible to have the chief enumerators for each of the Toronto ridings appointed early next week.

The early start upon the big task of recording names of those entitled to have a voice in determining the future temperance law of the province is due to a desire to get the lists prepared before hot midsummer weather drives thousands of city people to the country. To postpone enumeration until late in the summer would make it impossible to hold the referendum ready by October.

Under the plan to be put into effect the Government will be ready to hold the referendum in October. While the enumerators will probably get to work in Toronto first, it is expected that early lists will also be prepared in Hamilton, Ottawa and London.

Enumerators will be instructed to carry out the provisions of the Election Act, which declares that the name of a soldier, even if he has not yet returned from overseas, shall be placed upon the lists. Where, by any mischance a soldier's name is left off, provision will probably be made to have the omission remedied later. The lists to be prepared this summer will be used for the next provincial general election.

Talk of a general election about the time the referendum is submitted has little, if any, basis in fact. Although strictly speaking the extension bill does not prevent the lieutenant-governor from dissolving the Legislature and precipitating a general election, the agreement between the prime minister and the leader of the Opposition was quite definite that a reasonable time should elapse after the soldiers had returned, and a session of the House held, before an appeal was made to the people. But the year allowed by the Election Act for the use of the lists prepared for the referendum will easily cover the period to the election.

Vancouver postal workers refused by a unanimous vote to take a strike ballot.

Two Drownings Off Amherstburg

REMAINS BELIEVED TO BE OF STEAMER FIREMAN FOUND

AMHERSTBURG, June 12.—John Bruno, the 10-year-old son of an Italian shoemaker, Mariano Bruno, was drowned in the Detroit river about 6.30 o'clock to-night near the Detroit ferry dock.

The lad, in company with his 7-year-old brother, who later raised the alarm, had been for a stroll along the river side and was stopping to get a drink, when he slipped from the rock on which he stood into 16 feet of water. Efforts at rescue were immediately made, but it was not till nearly 8 o'clock that the body was recovered from the river bed by a diver. The lad had a death grip on a water-soaked mattress, apparently having grasped it in his last struggle for life.

The coroner was called and decided after investigation of the circumstances that an inquest was unnecessary.

This afternoon a floating body, believed to be that of a fireman, who was lost from the Canadian steamer *Glensheen* last Friday, was recovered from the Detroit River by Hermann Kollage. The man reported lost is said to have fallen from the deck of the steamer about two miles above Amherstburg as the boat was north-bound, loaded with coal. The body has been placed in the morgue and steps taken for identification. The officials of the steamer have been communicated with.

CITY AND DISTRICT

ALL THE LATEST LOCAL AND DISTRICT NEWS

Decoration Day on Sunday June 22nd.

Decoration Day in Memory of the fallen soldiers from this city and other late citizens will be held on Sunday June 22nd.

Small Blaze Occurred.

Playing with matches by children caused a blaze to break out at 71 Heins avenue at about 8:20 o'clock this morning. Some cloth in the sewing room caught fire. The blaze had been put out, however, by the time the fire brigade arrived, which was in short time.

Is Visiting Here.

There is visiting in the city Lt. Ivan Eby formerly with the American transport service, and formerly with the American merchant marine working from San Francisco. He is in the city and district for several weeks visiting his mother, Mrs. Marie Eby and his brother Mr. Clayton Eby who reside near Centreville. A further reference will be made in the next issue.

Doon Again Prosperous.

"Things are looking better for our town. The empty houses have practically all been taken up," Mr. Heris, G.T.R. agent at Doon said today. The reason is the coming of the Elora Flax mill to the village. The company has brought a number of employes to the town and things are beginning to be active in the former plant of the Doon Twines company. It is expected to have quite an increase of flex this year in the Doon district.

Disposed Of This Afternoon

Adjudgment in the theft cases involving liquor and 'oil' found in two barrels in the G.T.R. car in which the three defendants a week ago pleaded guilty was made until three o'clock this afternoon, Crown Attorney Bowly not being able to be present.

In connection with these cases another charge followed. To a charge of breaking the Order-in-Council of 1918 prohibiting the importation of liquor from another province. Mr. Peter Wagner, of Petersburg, pleaded guilty. The two barrels of oil containing liquor were consigned to him. A fine of \$200 was imposed this morning which was paid.

Adverse Criticism ruled out.

Some for many urge that the raising of money for the Great War Veterans' Fund should be done by taxation. There is reason to the argument but no provision has been made in the estimates and, in any event there will be no injustice, provided each citizen subscribes according to his means. In addition, there is more true sentiment attached to the voluntary offering.

Again, it may be argued that only the well-to-do should contribute. No. The boys fought for no one class of the community but for all, and all, therefore, are under obligations to them. Hence the appeal is to every one and it is not intended to overlook anyone. Pledge cards, calling for instalment payments spread over one year have been prepared for employes, wage earners, salaried officials and every one else who earns money and all will be seen.

The Committee expects to receive over five thousand subscriptions in Kitchener and Waterloo totalling \$25,000 or more—an average of \$1.00 per head of population and of \$5.00 per subscriber. In each case one gives his or her have, payable in monthly or quarterly instalments for one year and a fund will be placed in the hands of the Trustees that will enable them to provide a home for our soldier lads that we can be proud of. We owe it to the boys. We can say Nay?

Much Export Business.
Canada's export business is experiencing a tremendous boom, due to after war conditions and the facilitating of export shipments by Dominion shippers. Detroit is one of the large importing centres for Canadian building materials such as lumber, sand gravel, and foodstuffs, such as grain and vegetables.

This is proved by the May report of the Custom Office for the port of Detroit. Last month 136 vessels entered that port from Canada and 259 cleared for Canadian ports. In May 1918 only 120 vessels cleared from Detroit for Canada. While a good percentage of these vessels were passenger liners, practically every freight and passenger boat brought merchandise from Canadian ports for Michigan markets.

Grain from Port Arthur and other Canadian ports in that vicinity is being handled mainly in Canadian bottoms. This is attributed to the scarcity of American vessels for the grain trade between Canadian and American ports. Detroit building concerns are drawing on Canadian resources for the bulk of sand and gravel supplies this season, because of inability of the railroads to assure prompt delivery of such shipments to that city.

LODESTRO BLEW UP IN EIGHTH, ALLOWING THREE RUNS
Kitchener lost its first battle with the Shagmen a Hamilton, yesterday, 5-2. Beatty sent Lodestro to the mound, and he held the Hamilton nine to five scattered hits for seven innings. But the ferocious Tigers pounced upon him in the eighth and with a base on balls two successive triples and a single succeeded in putting the game on ice.

A Hamilton despatch gives the following account of the contest: HAMILTON June 12—Hamilton's heavy artillery got busy in the eighth inning to-day and scored three runs, the margin by which they beat Kitchener. The Shagmen drew first blood, but Kitchener tied them up and the locals went to the front again in the fifth, only to have Beatty's crew tie once more. In the eighth a walk, triples by Donnelly and Lapp and Carlin's single scored the runs that decided the issue.

The Fifth Annual meeting of the Waterloo County Bowling League was held in the Central Hotel, Preston, last evening at 8 o'clock. The President, Mr. Oscar S. Eby, occupied the chair. Representatives were present from Preston, Galt, Waterloo and Kitchener Clubs. The minutes of the annual meeting of 1918 were read and approved, on motion of Dr. Burnett, Galt, and E. H. Schlosser, Waterloo. Secretary G. H. Clarke presented the financial report for year 1918, showing a balance on hand after purchasing trophy of \$12.00. He also reported that Waterloo had won the trophy in competition for the past season, said Club having only lost one game, Ayr having the honor of defeating them on this occasion. Seconded by John Sohr, Preston. That report of Secretary be received and filed. Carried. President Eby suggested that this League present two pairs of bowls in addition to the Cup, to the Club winning competition for year 1919, said bowls to be competed for in doubles by members of the winning Club who have not bowled prior to this season. Mr. Eby kindly offered to make up any funds necessary to purchase these bowls. Moved by Dr. Burnett. Seconded by Mr. Sohr. That two pairs of bowls be given to winning Club for year 1919, as suggested by Mr. Eby, and that he be tendered the thanks of this meeting for his generous offer. Carried. On motion of Mr. E. H. Schlosser and Dr. Burnett, Galt, the following officers were elected for year 1919: President: Mr. Oscar S. Eby, Kitchener; Vice-Pres.: Dr. Robertson, Ayr;

ON THE SIDE

Benny Gilbert will probably be sent in today to stop the Tigers who have been traveling at a dizzy clip for the past two weeks. The ambitious City team is now within one full game of Bay City for second place and a half a game behind Battle Creek. Should the Creeks and Wolves both lose today, Hamilton would be tied for second rung.

Twilight ball was finally introduced at London yesterday. The Red Sox broke their losing streak by shutting out the hapless Tecumsehs, 5-0. The fixture drew a good crowd, but the home fans had little to cheer for. It's about high time the League took some action to strengthen this club which has only won three games in twenty-eight starts.

Yesterday's game in Hamilton was featured by the Beaveroutfielders' hitting. Both Kyle and Nicholson had two single apiece in four chances while Westlake cracked out a hit in his only time at bat. He was passed once and sacrificed in his other appearance.

The Custers either have a bunch of real sluggers or have been stacking up against weak pitching of late. Yesterday they garnered seventeen hits against Flint, winning 8-3. Warner had played second base and led with the willow, is a Hamilton east-off.

Saginaw and Bay City broke even on the four game series when the Aces took the final tilt, 8-6, which developed into a slug-fest. Schwartje went the route for the Aces but Manager Cristall took the mounded himself in the fifth and turned out to be no mystery to the league leaders.

C. W. Shaw, of Hamilton, who played for Kitchener against the touring Toronto Leafs in 1917 and also infringed the rules by several times playing against professionals, asked for a certificate at the meeting of the O.B.A.A. sub-committee, but his application was refused. Tolotaky, of Kitchener, failed to satisfy the sub-committee that he was an amateur and his application was refused. Seven Galt players were reinstated, the fortunate ones being Bye, Rickard, Kress, Graham, Rhodes, Kinsman and West.—Toronto Globe.

Stratford and London G.T.R. teams played a scoreless tie in Stratford last night in a Senior W.P.A. fixture. The home team had the better of the argument but were weak on placing their shots on goal.

It is a pity that interest locally, in soccer football, is on the wane. The K.A.A.A., when it is eventually organized, should make an effort to revive the old game.

CITIZENS URGE CALLING OUT OF MILITIA

WINNIPEG MAN, June 14— "We are all ready for rioters this afternoon," remarked a prominent business man today, who has been spending several days at Fort Osborne with several hundred other members of the militia called to guard property in case serious riot should break out. But the new police were not put in uniform and nothing was therefore present to aggravate the crowd of strikers and their sympathizers.

This man went on to state that machine guns are mounted on trucks in the barracks ready to proceed and fully manned by tried officers from the front. He placed all returned soldiers who are in sympathy with strikers as "Hoboes" and as those who had no permanent occupation before war and coming back "think we are caring of button who gave them the privilege to wear the job. All best of the returned men," it was stated by him "had gone into the barracks with the civilians at this crisis." From descriptions he gave slaughter awaits a repetition of Tuesday's disorders. The authorities he said will not stop at use of machine guns. Field guns are also to be in the program. It is a moot question whether these returned men in the barracks would fire on their comrades in arms of only a short time ago but it is felt that there is a grave danger to all Canada if they did. There is no denial of the fact by those who know that returned privates in labor's ranks outnumber the privates in the citizens' army. Of course there are more officers in citizens army than in ranks of strikers.

"Call out the military," is heard on every hand. It is the old story from down the ages. But would it have the effects anticipated? "If machine guns are turned on us, we will fear them," one returned man said tonight. "We faced them over in France, with bare fists on many occasions and we can do it here" he declared.

Many of the striking soldiers hint at a supply of bombs that have been stored away and they are no doubt adepts at throwing such weapons if they have any. "It is not hard to make a supply right in Winnipeg," one said.

In front of the city hall, although the council ordered the seats for returned soldiers taken away, one hears this kind of talk continually and not by braggarts but by men who know the seriousness of their words. On these seats great crowds would sit all day long and "Boo" all rigs on which non-militia drivers were seated. This had a tendency to gather the hostile element and after mayor's proclamation against crowds the seats were taken away.

By Winnipeg awaits with fear action from one side or the other—the act that will precipitate slaughter. It may follow the wholesale arrest of leaders, or the appearance of a non-police force. Nothing will satiate what is known as the better element of the city but bloodshed. The fifth week of the strike is getting on the nerves of everyone and calls are heard from all sides for action by the military.

There are four large barracks in the city, Fort Osborne, near the Parliament buildings. Minto barracks, the new half of the million-dollar structure of the old exhibition building, where mounted men are held, and the McGregor barracks in the heart of the foreign district, in the northwestern part of the city and where machine guns face the front line officers.

Winnipeg's army of defence and offense consists of 10,000 civilians and returned men, of whom spend two nights a week in the barracks, 300 mounted police, 100 Fort Garry horse.
