Deaths of a Day.

Robt. McParle, manager of the Canadian Bank of Commerce at Peterboro, Ont., died very suddenly Monday evening.

Richard Philip, a prominent business man of Toronto, and a city member of the firm of Eckhardt & Co., died Tuesday in his 70th year, very suddenly. He leaves a widow and six daughters.

John A. Macdonald, rancher, and one of the Prince Albert, N. W. T., pioneer settlers, dropped dead of heart disease.

TURNED THE TIDE

In half an hour after Mr. Lavers took the first dose of Dr. Agnew's Cure for the Heart he was on the road to permanent recovery.

"I was under treatment with some of the best physicians in London (England) for what they diagnosed as incurable heart trouble. I suffered agonies through pains about my heart, fainting spells, palpitation and exhaustion. As a drowning man grasps at a straw, I tried Dr. Agnew's Cure for the Heart. The first bottle relieved me greatly, and when I had used two bottles all the symptoms of my heart trouble had left me."—A. Lavers, Collingwood.

MAY RE-ENTER MANITOBA

Arrangements for Sale of the Northern Pacific.

The Huron and Bruce and Petrolia Rapid Railway Companies Seeking Incorporation.

Montreal, Jan. 8.—A. J. Gorrie, of the Canada Northern, has been promoted from his position as local superintendent at Fort William to be next to General Manager Hanna, and to become superintendent of the entire system at Winnipeg.

Winnipeg, Jan. 8.—A local paper intimates that the Northern Pacific will re-enter the Province of Manitoba. Some gentlemen from the southern portion of the province who owned a charter for a road to be built from Emerson through Rosefield and northwest to Rat Portage were in Winnipeg on Monday, and completed arrangements with Jas. Fisher, solicitor for the Northern Pacific, for the sale of the road as satisfactory figures. Mr. Fisher would say only that the purchasers were southern capitalists. President Miller is quoted as saying a few days ago that the system the Northern Pacific sold to the Manitoba Government for seven million could be duplicated for three million. Other developments are awaited with interest.

Toronto, Jan. 8.—Among a number of railway companies asking for incorporation at the coming session of the Ontario Legislature is one steam railroad. It will do business under the name of the Huron and Bruce Railway Company, and will run from Warton on the Georgian Bay, to Goderich, on Lake Huron, passing through or near the Hamlet of Southey, and Windsor. The road will be built with Clergue money. Power is asked to construct and operate telegraph and telephone lines.

The Hamilton Road Electric Railway will ask the legislature for authority to extend their line from Mimico to some point in the city of Toronto, and to enter into agreement with other companies for mutual running powers as to form an amalgamation of any of the lines or branches of the company or for such other purposes as may be deemed advisable.

The Petrolia Rapid Railway Company, which proposes to run a line from Sarnia through the Sarnia Indian Reservation, Courtright, Corunna, Petrolia, Dresden, Florence, Thamesville, with branches to Bigden, and north to Petrolia, is asking for incorporation from the legislature and confirmation of the bylaw and agreement with the town of Petrolia.

KERSEY BROTHERS COMMITTED.

Sarnia, Ont., Jan. 7.—Isaac and Walter Kersey were before Police Magistrate Gorman at the court house here today on a charge of robbing the mails between Oil Springs and Sarnia, on the 17th of February, 1901. The case occupied the attention of the court all day, and at the conclusion the prisoners were committed for trial.

Mr. Justice Britton delivered judgment in the case of Blankaus v. Hogan, in which the plaintiff, a miner, sued for damages for the loss of his left arm, caused by a dynamite blast. He was rendered blind and lost the use of his left arm and leg. The judge finds that there was no negligence on defendant's part, and dismisses the action.

The Danger of Low Vitality

Severe Colds, Pneumonia, Consumption, Find Easy Victims in Persons Whose Health is in Poor Condition—Dr. Chase's Nerve Food.

At no season of the year is a low condition of health more likely to lead to serious results than at the present time. With vitality running low, the blood thin and nerves exhausted, one is made susceptible to colds and coughs on the slightest exposure. Gradually a persistent cough, hawking and spitting, is established, and each severe cold is accompanied by chills, fever, pains in the chest, and sometimes spitting of blood.

This is the short and deadly road that leads to pneumonia, consumption, and other deadly lung troubles, and the only sure method of avoiding them is to keep the general health just as near to the high-water mark as possible all the time. It is because of its remarkable influence as a system-builder that Dr. Chase's Nerve Food has become so popular. It is a means of increasing vitality and raising the standard of health.

There is no lesson which experience more strongly emphasizes than the importance of keeping the body well supplied with health-giving vitality. When a weakened, run-down system is attacked by pneumonia, consumption, or even a heavy cold, there is small chance of ever shaking it off. Dr. Chase's Nerve Food builds up the blood, and nerve-invigorating elements which have been found in nature. You cannot possibly help but be benefited by this expansion of vitality. In long-standing cases of extreme debility and prostration there is good hope for recovery by the persistent use of this great food cure.

It is not wise to neglect the health at any time. Do not wait until you are completely exhausted and worn out before appealing to Dr. Chase's Nerve Food. Build up the system while yet there is some foundation to build on. Put new, rich blood in the arteries, new vitality, energy into the nerves, and add firm flesh and solid muscles to the body, in order that in the day of trial, when attacked by disease, there may be some chance for fighting the great foe to human happiness.

Should you find yourself suffering from a cough, bronchitis, asthma, or any similar trouble, we can recommend you to use Dr. Chase's Syrup of Linseed and Turpentine, believing it to be the most thoroughly effective treatment that you can possibly obtain. It has time and again proven its power over asthma, and affords the greatest relief, even in the most serious cases of pneumonia and consumption.

While Dr. Chase's Syrup of Linseed and Turpentine is aiding expectoration, clearing the choked-up air passages, and healing and soothing the inflamed and irritated lining of the throat and bronchial tubes, do not lose sight of the value of Dr. Chase's Nerve Food as a means of restoring lost strength and vigor. It is a unique preparation of surprising effect as a blood and nerve restorative. Fifty cents a box, six boxes for \$2.50. At all dealers, or Edmondson, Bates & Co., Toronto.

Five Dollars a Box

The Price Out No Figure With Him.

"I want to say for the benefit of some poor dyspeptic that Stuart's Dyspepsia Tablets cure the cure and cure every time. Five dollars a box would be a good price."

Many of my neighbors have also tried these tablets and found them to be just as represented, and Mr. Ellms also wants me to use the name in endorsing Stuart's Dyspepsia Tablets. (Signed) A. ELLMS and CHAS. F. BUZZELL, Assistant Postmaster, Southbury, Conn.

Mrs. Jas. Burton of Toronto, Canada, writes: "For eighteen months I suffered from what I supposed was bladder and kidney trouble, and took medicine from three different doctors, without any sign of cure. I felt so ill at last I was hardly able to do my work."

"I thought I would try a box of Stuart's Dyspepsia Tablets, and see if they would make me feel better, never really thinking I had dyspepsia, but after only three or four tablets had been taken all the acid trouble disappeared, and then I discovered I had acid dyspepsia, which the doctors had been treating me for kidney and bladder trouble and one of them treated me for rheumatism."

"My digestion is fine, my complexion clear, and I am able to do my work and low spirits are unknown to me."

"I am so thankful for finding a cure so good and so pleasant to take as Stuart's Dyspepsia Tablets. I am surprised at the change they have made in me."

AN OLD-TIME TRAINING DAY.

How Country's Defenders Assembled for Instruction.

Interesting Memories of Mr. Richard Stephens, Who Is Over 85 Years of Age.

A pleasant gathering of friends of Mr. Richard Stephens, first concession of Westminster, was held at his home on Monday evening, 6th inst., to celebrate his 86th birthday. Though so old, and slightly lame, Mr. Stephens' mental powers are apparently not impaired, and his interest in the place and the world outside is as keen and intelligent as ever.

His father, with his family, left England in the early years of the last century, passing through the States on the way to Canada. He stopped for a while at York—now Toronto—again at Woodstock, finally settling in 1824 on the farm where he now lives. The farm is still the homestead, and is beautifully situated on the front slope of Westminster, between the city and the Erie street, one lot west of Wortley road, overlooking the city, and is adorned and sheltered by many fine shade trees. The management of the place has been for some years largely in the hands of his son, Rowland, well known in the city. Fruit-growing is a specialty, there being an apple orchard of thirteen acres, one of the finest in the county. Strawberries also are largely grown.

On the farm, the road, and sometimes "the street," Erick street, and sometimes wrongly as the first concession, was a training day when on one year of the city which comes by way of the Wharf and Wellington roads, had then to come along the Erie street.

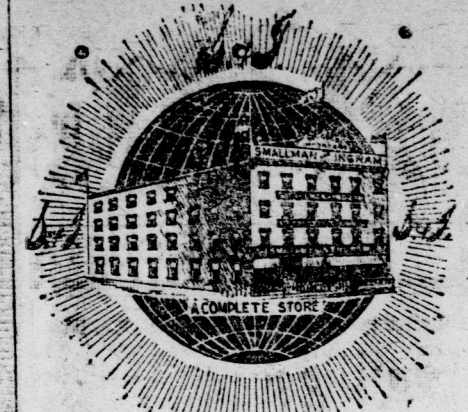

Some of the birthday party were, like Mr. Stephens, children of the early settlement, and they spoke in kind tones of the old days when, where now are greenhouses and now market gardens, were swamps which could scarcely be crossed dryshod, the conversation became more and more animated, the eyes brightened, and for the time they were once again young. Mr. Stephens described the early days of settlement, the militia, in which were enrolled most of the able-bodied men in the county, were called out for drill. The captains, with all authority and pomp, after a time got the men arranged in a wavy, irregular line, charitably called straight, and put them through their paces. All the boys in the county from 15 years and upward who could possibly get there, were on hand to see the stirring sight. Joking aside, the government could then on short notice call out a very formidable force.

Municipal officers were elected by open vote at a public meeting. This was generally held at a tavern. By noon a majority of the people would be getting "boozed," and when someone would make a nomination it would be at once seconded by nearly everybody, and carried unanimously.

Mr. Stephens cannot remember any of the elections in the last few years of his life. His first recollection of a vote was when he was 15 years old, and he was called out to fight a battle of the city elections, the company of persons wishing many happy returns of the day.

CONSUMPTION CURED.

Boston, Jan. 8.—The open air treatment for persons in the early stages of consumption, is shown to have been efficacious to the extent of about 87 per cent. of the cases treated during the past year in the Massachusetts state sanatorium in Rutland.

DEATH OF W. J. URLIN BEING INVESTIGATED

Chief Detective Murray Believes It Was Not a Case of Suicide.

Dutton, Ont., Jan. 7.—The W. G. Urlin incident reopened here this morning at 10 o'clock before Coroner Linsay, Chief Government Inspector Murray was present. D. J. Donahue, K. C.; W. L. McLaws and C. St. Clair Leitch, composed the legal battery. The town hall was packed to the doors, owing to the mystery that surrounds the whole case.

Only three witnesses were called today, namely, Albert Hartzel, J. C. Hersey, and the deceased, Wm. Smith, and so far the evidence taken seems of a very unsatisfactory nature.

The jury viewed the scene of the tragedy twice during the day.

Detective Murray tonight made the statement that he was certain that this was no case of suicide.

Wm. Smith, one of the witnesses, swore that he saw deceased at about 11 o'clock on the Saturday night, in company with another party, to whose identity he could not be certain, though he knew deceased by his having spoken to him in the matter of evidence was very slow today, and it became necessary to adjourn till tomorrow morning at 10 o'clock.

THE MANHATTAN PREPARING TO SAIL

All Ready to Receive the Men and Horses—Lieut. Woodside Better.

Halifax, N. S., Jan. 7.—By tomorrow or Thursday the men of the C. M. R. will all have received their outfits and the work of placing stores on the troopship Manhattan will commence. The troopship is all ready to receive the men and horses, and outside of supplies of meats and ice will require very little in the line of stores. It is now thought that she will sail by Thursday at the latest. The detachment which will sail on the Manhattan will consist of 400 officers and men, and they will take with them 500 horses.

The only casualty today was the shooting of a horse which was kicked by another horse during squadron drill and had a leg broken.

Lieut. Woodside, of the C. M. R., who was injured by falling from his horse while on parade yesterday, is resting easy today. His injuries are not so serious as at first supposed. The injured troopers are also doing well.

Col. Bent will on Jan. 23 ship 800 horses from St. John, N. B., for the front.

Toronto, Jan. 7.—Recruiting for the field hospital corps for service in South Africa will commence tomorrow at 10 o'clock.

BRITISH-AMERICAN SHIPPING SYNDICATE

Formed by Well-Known Investors—Will Run a Fleet of Passenger and Refrigerator Vessels.

Quebec, Jan. 8.—News has reached Quebec from London, that a powerful British-American syndicate has been formed, which plans to build a fleet of passenger and refrigerator steamers to ply weekly between the ports of Boston, New York, Quebec and Bristol, England.

The Elder-Dempster Company, Sir Christopher Furness, M.P., Messrs. Fry & Co., the chocolate manufacturers, and the Messrs. With, the well-known tobacco manufacturers, are among the English investors. Howard Crosby and Cook, representing various American parties, among them the Gould interests, are among the American investors. Six steamers of 10,000 tons register will be first built, to be used exclusively as refrigerators, and fitted up with the most modern improvements. Three of these vessels will be constructed in the United States.

The project is the outcome of the recent visit paid to America by Sir Christopher Furness and T. B. Girdle, manager of the Bristol docks at Bristol.

Burdock's Blood Bitters

It has many offices. Before the German soldier starts on a long march he rubs his feet with tallow, for his first care is to keep his feet in good condition. If he knew that Dr. Thomas' Electric Oil would be of much better service, he would throw away his tallow and pack a few bottles of the Oil in his knapsack. There is nothing like it.

The electric cars at Ramsgate in the south of England are said to make an undue noise, which is attributed to the resonant nature of the chalk soil.

Why will you allow a cough to lacerate your throat or lungs and run the risk of filling a consumptive's grave, when the timely use of Burdock's Anti-Consumptive Syrup can be so easily avoided. This Syrup is pleasant to the taste and unsurpassed for relieving, healing and curing all affections of the throat and lungs, coughs, colic, bronchitis, etc., etc.

FATAL RAILWAY COLLISION.

Gray, N. Y., Jan. 7.—A Norfolk and Western express train from Columbus, Ohio, to Norfolk, Va., collided here early yesterday with a northbound freight train. Both trains were badly wrecked. The messenger and brakeman on the express were killed outright, and the engineer and fireman were found dead at his rooms.

A number of others were injured.

TWO MEN FOUND DEAD.

Toronto, Ont., Jan. 7.—Two elderly men were found dead early this morning. John Hisslop, aged 48, a C. P. R. laborer, was found dead at his rooms, Foxley street, and a peddler named Walker was found dead at the King Street Mission at 2 o'clock.

DOCTOR CALLED TOO LATE.

Hamilton, Jan. 7.—Miss Maggie McMullen, aged 23 years, who came here from Mount Forest eight years ago, to work as a domestic, died at the residence here of Mrs. Murphy, yesterday morning. An investigation will likely take place as to the methods employed by Christian Scientists. Although Miss McMullen had been suffering from consumption for the past year, it was only a few days ago, when her case was hopeless, that a physician's aid was asked. In the meantime she had been treated by Christian Scientists in their home.

When Miss McMullen's betrothed husband, Wellington Thompson, of Regina, N. W., visited her a few days ago and learned her condition, he insisted on her removal and called a physician. She was to have been married last Christmas Day.

Convalescence.

Convalescence is sometimes merely apparent, not real, and especially in the case of such diseases as pneumonia, typhoid fever and the grip. To make it real and rapid, there is no other tonic so highly to be recommended as Hood's Sarsaparilla.

Other members of the Walla Walla corroborate Johnson's assertion that the lights on the French bark were visible. The conflicting stories will be investigated by the United States marine authorities.

SUICIDE BY ASPHYXIATION.

New York, Jan. 8.—Panos H. Corgins, an artist of some note, and said to be of a wealthy family of Philadelphia connections, was found dead in his apartments on Fifth avenue. Her death was reported as a suicide. The rooms were filled with gas, and from a gas jet hung a rubber tube, one end of

Those who have used Laxa-Liver Pills say they have no equal for relieving and curing Constipation, Sick Headache, Biliousness, Dyspepsia, Coated Tongue, Foul Breath, Heart Burn, Water Brash or any disorder of the stomach, liver or bowels.

Mrs. George Williams, Fairfield Plains, Ont., writes as follows: "As there are so many other medicines offered for sale in substitution for Laxa-Liver Pills I am particular to get the genuine, as they far surpass anything else for regulating the bowels and correcting stomach disorders."

Laxa-Liver Pills are purely vegetable; neither gripe, weaken nor sicken, are easy to take and prompt to act.

MISTAKE OF A CONTRACTOR

Explained at a Meeting of the School Trustees.

Mr. A. O. Jeffery Re-Elected to Public Library Board—Routine Business Dealt With.

The board of education held a one-hour session last night, and disposed of important and routine business. The members present were:

Chairman Dr. English, Trustees Macpherson, Gillean, Strong, Hamilton, Evans, Wilkins, Boyle, Heath, McCormick, Ziegler, MacRobert, Blackwell, and Bayly, Secretary McElheran, Inspector Carson, Principal Radcliffe, and Architect Matthews.

G. S. Morten, of the school board, Toronto Junction, submitted a circular embodying desirable changes in legislation effecting high schools, as supported by the minister of education. The matter was referred to No. 1 committee.

Applications for appointment to the substitute staff were received from Misses Ethel Allaster, Lillian Skinner, Eleanor Phoenix and Harriett P. Blackburn. They were referred to No. 1 committee.

Librarian R. J. Blackwell notified the board that Mr. A. O. Jeffery's term as board of education representative on the public library board had expired, and asked for the appointment of his successor.

On motion of Trustee Macpherson, Mr. Jeffery was reappointed the library board representative on the library board.

A number of accounts were referred to No. 2 committee.

Inspector Carson reported that Victoria school had been reopened on Monday, with three teachers—Misses Hodges, Westland and Calhoun.

Committee reports were then taken up. Clause 1 of the report of No. 2 committee recommended payment of a number of accounts. Clause 2 recommended payment of \$115 to Mr. John Heaman, it having been shown to the satisfaction of the committee that he had made an error in his tender for building the new venue school, he having omitted to figure for the building of water closets.

Mr. Heaman addressed the board and explained the error. The amount asked for by Mr. Heaman was \$203.85, but a portion of this was offset by a deduction made on the architect's account. Mr. Heaman pointed out that the next lowest tender was nearly \$600 more than his own.

Discussion followed, in which half the trustees present took part. Trustee Gillean said he must vote against the clause unless there was money remaining from the building debentures to meet the payment. Trustee Blackwell asked if private parties would pay the contractor for a similar mistake. Mr. Heaman cited a case in which he himself had acted as a contractor for an error in a contract. The clause carried by a vote of 13 in its favor.

The report of No. 1 committee was next taken up. It recommended that 19 copies of "Birds and Nature," a monthly costing \$1.50 per annum, be subscribed for to the Collegiate Institute and the public schools. The clause carried.

Another clause recommended that a bust of Mrs. Laura Secord, the work of Miss Peel, be procured for the Collegiate Institute, the bust to cost \$25. The clause carried. It was recommended that the children of Mr. Seynne attend Victoria school free, and the children of Mr. Macpherson be allowed to attend Victoria school free. The clause carried and the report was adopted as amended.

On motion of Trustee MacRobert \$10 was voted to frame pictures on the wall of Miss Hanson's room at the Collegiate Institute.

On motion it was ordered that all interest accruing during 1901 on money deposited by contractors as guarantees for fulfillment of contract be returned to the contractors.

In response to a question from Trustee Gillean, Secretary McElheran said he would have prepared the list of substitute teachers asked for by Trustee Gillean.

The board then adjourned.

HAVE YOU A COLD?

Peru-na Will Cure it Before it Becomes Chronic.

Mrs. Eleanor Cohn, 505 Sixth avenue, New York, writes:

"For bronchial trouble or any other disorders of the throat, lungs or stomach, I believe Peru-na is at the head. I caught a heavy cold which developed into bronchitis in its most serious form and upon the testimony of a friend I tried Peru-na, although I had but little faith in it, as my experience had been that most patent medicines are worthless. When I began using it I had been coughing for a week, and in a few days I felt my strength returning, the cough left my throat less sensitive, and in two weeks I was entirely well."—MRS. ELEANOR COHN.

Mrs. W. Washburn, financial secretary of Camp No. 2, Sons and Daughters of America; also recording secretary of the Lady Standard Mutual Benevolent Association of New Orleans, La., writes from 123 Villere street, New Orleans, La.:

"Recently I caught a severe cold, being repeatedly exposed to wet in our rainy season. It settled all over me and in a few days I had chills and fever, with inflammation and headache, so that I was unable to be about. I had one of your booklets in my home and had read in an indifferent way of the value of Peru-na, but when I became sick I thought about it and sent for some. I found it truly wonderful. It simply hunted out every sick and aching place in my body and within a week I was well. I used it about two weeks longer and have been in the best of health since."

MRS. W. WASHBURN.

Mrs. W. M. Hohnmann, 569 N. Paulina street, Chicago, Ill., writes:

"I wish to write you about my experience with Peru-na. I suffered with catarrh of the bronchial tubes and had a terrible cough ever since a child. As I grew older it got worse. Every winter it got so bad that I did not know what to do. After awhile it got so bad that I had the cough both winter and summer.

"I kept getting worse and kept doctoring and could not even get relief. Then I went to the dispensary for treatment, but it all did me no good. At night I could never lie on my back, but would sit up in bed with pillows propped up behind me, and still the cough would bother me, and would not let me sleep until two or three o'clock in the morning. Then every body as well as myself thought that I had consumption. I thought that I

could never get better, and I prepared to die.

"But reading in the papers about Peru-na I decided to try it, with the least bit of hope that it would do me any good, but after taking three bottles I noticed a change in my appetite, which seemed to get better, so I kept on, never getting discouraged and finally my cough got better, and the pains in my chest got better, and I could rest at night.

"Now I can lie on my back to sleep all night without waking, until I am called in the morning, and you may well think how thankful I am for Peru-na."

"At times I thought I would choke, but it has all left me now. Peru-na has cured me. I have neither the cough nor the sore throat since I used the Peru-na. I cannot thank Peru-na enough. It has cured me where doctors failed, and I take Peru-na whenever I go. I recommend it to everybody."—Mrs. W. M. Hohnmann.

A PLAIN TALK

On a Plain Subject in Plain Language

A cold is the starting point of more than half of the fatal illnesses from November to May. A cold is the first chapter in the history of every case of consumption. A cold is the first stage of chronic catarrh, the most loathsome and stubborn of diseases. A cold is the legitimate parent of a large family of diseases, such as bronchitis, pleurisy, pneumonia and quinsy. To neglect a cold is almost suicide. To fail to provide against this well-nigh inevitable evil is dangerous negligence.

Peru-na is a safeguard as a preventive, a specific as a cure for all cases of catarrh, acute and chronic, coughs, colds, consumption, etc., and the unsatisfactory results from the use of Peru-na, write at once to Dr. Hartman, giving a full statement of your case, and he will be pleased to give you his valuable advice gratis.

Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, Ohio.

How to Make a ROUGH SKIN SMOOTH

There are some whose skin is naturally very tender, so much so, that a slight change in temperature, either heat or cold, will cause it to become rough and scale. This is very annoying, whether it makes the skin sore or not. A trouble of this kind is due to the skin being too dry, the underlying glands not giving it food enough. It must, therefore, be fed artificially. This may be done by using OLA CREAM, a scientific skin food. OLA CREAM is not a thin, watery fluid, but is of a creamy consistency. Prepared from a valuable formula, consisting of healthful ingredients, which feed the skin, building up the tissues, supplying to the glands that which they lack to prevent roughness.

Anyone who is troubled with roughness of the skin or chapped hands will find OLA CREAM a sure preventative.

We are receiving many testimonials for OLA CREAM. We have made a study of the care of the skin, and will be glad to give any information to anyone writing us.

MUSIC AND DRAMA.

"TWO LITTLE WAIFS" TONIGHT.

"Two Little Waifs" which appears at the New Grand this evening is supplied with all the necessary requisites that please the lovers of a story filled with sentiment, comedy, surprises and tears. The Lamb children are enacting the different parts of the "two waifs" with satisfaction to all. Mr. Carter has supplied the play with an excellent company of artists, and every assurance is given that the production is an excellent one. Hand-some souvenirs are presented to the ladies at each and every performance.

ROBERT E. MANTELL COMING.

One of London's favorite actors, Mr. Robert Mantell, will be at the New Grand next Saturday, matinee and evening, in special performances of "Romeo and Juliet" and "Hamlet," two of the most handsomely staged plays in his repertoire. Mr. Mantell

Any Boys?

If there are boys in the house, or girls either, then croup, coughs, catarrh, bronchitis, and sore throat are sure to be there, too, sooner or later. Don't crowd their stomachs with medicine, just have them breathe in the vapor of Vapo-Cresoline; they'll like it, and it will give immediate relief. In this way you put the medicine right on the place that needs it. For whooping-cough it's the perfect cure.

Vapo-Cresoline is sold by druggists everywhere. The Vaporizer and Lamp, which should last a lifetime, and a bottle of Cresoline complete, \$1.99; extra supplies of Cresoline 25 cents and 50 cents. Illustrated booklet containing physicians' testimonials free upon request. Vapo-Cresoline Co., 510 Fulton St., New York, U.S.A.

Every Exertion a Task

There is failure of the strength to do and the power to endure; a feeling of weakness all over the body.

The vital functions are impaired, food does not nourish, and the whole system is run down.

A medicine that strengthens the stomach, perfects digestion, invigorates and tones is needed.

What Hood's Sarsaparilla did for John T. Peterson, Whitby, Ont., it will do for you. He took it as a tonic and general builder of the system and writes: "I have found no other remedy to compare with it as a restorer of vitality. It drives away that tired feeling, quiets the nerves, and brings sweet refreshing sleep."

AMERICAN MARKETS.
CHICAGO, Jan. 7.—Bulls in all the grain pits today experienced setbacks after yesterday's soaring markets. An over-bought wheat market influenced the declines. May wheat registered a net loss of 5c to 10c, May corn 5c and May oats 3c. From the local market, local receipts of wheat were 60 cars, 1 of contract grade; Minneapolis and Duluth receipts, 24 cars, 1 of contract grade. Total for the three points of 384 cars, against 529 last week and 671 a year ago. Primary receipts were only 23 cars, compared with 57,000 bu. last year. Sea-board clearances in wheat and flour equaled 220,000 bu. Estimated receipts for tomorrow: Wheat, 20 cars; corn, 65 cars; oats, 100 cars; 50,000 head.

AMERICAN MARKETS.
CHICAGO, Jan. 7.—Bulls in all the grain pits today experienced setbacks after yesterday's soaring markets. An over-bought wheat market influenced the declines. May wheat registered a net loss of 5c to 10c, May corn 5c and May oats 3c. From the local market, local receipts of wheat were 60 cars, 1 of contract grade; Minneapolis and Duluth receipts, 24 cars, 1 of contract grade. Total for the three points of 384 cars, against 529 last week and 671 a year ago. Primary receipts were only 23 cars, compared with 57,000 bu. last year. Sea-board clearances in wheat and flour equaled 220,000 bu. Estimated receipts for tomorrow: Wheat, 20 cars; corn, 65 cars; oats, 100 cars; 50,000 head.

Your doctor will tell you

that the first thing needed to cure most all ailments is to get the stomach and bowels properly performing their required duties. Also that your system will be practically free from ordinary ills if you keep these organs in healthful action.

Abbey's Effervescent Salt

the perfect tonic-laxative, will do this for you. It will not only cure the constipated condition of your bowels but it also strengthens all the organs of digestion and prevents the return of such an unhealthy condition.

All druggists sell ABBEY'S EFFERVESCENT SALT, 25c. and 60c. a bottle.

Carling's Porter

is the kind the doctor ordered.

He knows that he can rely upon the purity and thorough age of every bottle.

"The 20 Century Way I" THE WORLD

Is to Discard Japan Teas Altogether,
Using Instead

EARL'S DENE

Uncolored CREEN Tea of Ceylon. It's cleanly prepared and "PURE," which Japan Teas are Not.
Sealed Lead Packets only, same form as the celebrated "SALADA" Black and Mixed Teas.

EARL'S DENE

"It must be a great trial for the poor old gentleman," said the lawyer, and he member for the county, and a good Tory, and all that. You have two good patients, I expect, in a day or two."

"How long has she been abroad?"

"Oh, it's some years now. It was just before those frisky Frenchmen began to play their pranks."

Mr. Wardlaw was certainly beginning to get comfortable. Indeed he was getting remarkably so, when a neat-looking servant girl entered the room with the welcome news—that the doctor was waiting.

His first words on being disturbed were about as might be expected from a patient in general as his last had been to the French nation; his next were a distinct refusal to turn out, even if the message had come from Earl's Dene itself—which was not likely, seeing that Mr. Clare was in London and Miss Clare abroad.

But hadn't you better see who it is, John? asked his wife quietly.

"This Dick, older than I, Head, sir. A lady's been took him in the coach."

"Confound her! Couldn't she wait till I got to Sturfield? Well, if I must, I must. I suppose, where is she? At the Head? I dare say it's nothing."

With his wife's aid he wrapped himself up, and then, having primed himself with another stiff half-tumbler, he set out towards the market-place, accompanied by the messenger.

"What is it, do you know, Dick?"

"Not I, Doctor. Left her in a lady's got a gentleman, as is from foreign parts, heike. Leastwise none of us can't make 'em out, not none, not even me."

"Then Dick, if the missus can't, no body can."

"Right for you, Doctor. She be a sharp'un."

The King's Head was in a state of extraordinary commotion, which hardly calmed down until the arrival of the Doctor. The ordinary bustle consequent upon the change of horses was over, but the landlady and her waiting-woman were still in a bewildered way, the chambermaid was running wildly, and without an object, up and down stairs, and the sharp mistress was scolding everybody impartially, and without reason. One or two ladies of the neighborhood, who had been known to keep away for twenty years, and both talking at once and giving all sorts of contradictory advice to which no one listened.

The Doctor himself was seized upon by the landlady, who at once led him up upstairs behind the scenes.

He saw a woman lying upon the bed, a man, whom he guessed to be her husband, standing by her side in a state of helpless distress, and a little girl, of some three or four years of age, crying in a corner. On addressing the man, he found him to be a Frenchman; but, as neither could speak of the other, he language, the doctor was not much use. Turning, therefore, his attention to the woman, he found that she was a young fellow that would in all probability continue her to her bed for many weeks to come, if it ever allowed her to leave it alive.

Having done what he could under the circumstances—given the landlady and directions as he thought necessary—told her not to be alarmed about the expense for a day or two, and had a glass of grog at the bar—he went straight home, and as he always did under circumstances of the kind, he of the usual grog, consulted his wife.

But did the wisest thing that could be done. She made her husband go to bed, went to bed himself, and at the King's Head early in the morning, and then, without delay, went to see Mrs. Raymond of New Court.

CHAPTER II.

There have been so many good women in the world—for everybody knows or has known one, and most people know or have known more than one—that it would be unfair and invidious to say of any one woman that she was the best that ever lived. Nevertheless, had all Denethor and all its neighborhood been pooled on the subject, it would have given an unhesitating and unanimous vote for this Mrs. Raymond. She more than supplied the want of rest that Earl's Dene wanted. If she had lived beyond middle age it may safely be said that the best of her kind in this history would ever have been brought about; for nothing with which she had to do was ever known to go wrong. As for her husband, he was anything but a nonentity; he was a most admirable country gentleman, and that what higher praise can be bestowed—but he believed in his wife as much as the rest of the world, or even more, if that had been possible. There are some women whose husbands at their death have nothing left but to sit down and die for company; and Mrs. Raymond, of New Court, was one of these women.

This excellent lady lost no time in becoming acquainted with the unfortunate stranger, whom she found out to be French refugees trying to make their way to London, and because they had friends or prospects there, but just because they knew not where else to go. The child, she learned, was not a daughter, but an orphan niece of madame. As much through her care and

kindness as through any skill of his, the doctor's patient recovered, and there would have been no difficulty about his bill, even had he made any. And then it came to Monsieur and Madame Lefort establishing themselves in Denethor for good and all. They could teach a great many things, Raymon, them, and so they joined that large army of emigrant teachers with whom those of us who can date back the days of their instruction have so many recollections, half indignant, half pathetic.

At first, of course, Denethor did not afford these two very much, and they over a great many early difficulties. In acting thus towards them, the lady of New Court was no doubt mainly moved by the generosity of her heart, but she had another motive. Her little girl, her only surviving child—for, as a mother, she had been as unfortunate as many French people. So that, there, long, the position of the foreigners considerably improved.

They were both young at the time of their arrival, and, not very long after it, Madame Lefort presented her husband with a daughter, who was christened Marie. About ten years afterwards Madame Lefort died, leaving behind her a baby boy.

Death, indeed, had been busy at Denethor just then, and had carried away at least three of those who have been mentioned in this chapter—mentioned, apparently, only that they might immediately disappear.

Not only had Madame Lefort left her husband with a young family upon his hands, but her friend, Mrs. Warren, and her patroness, Mrs. Raymond, the young heiress of New Court, was soon left not only motherless, but fatherless also.

The latter, when Europe was once more at peace, was sent by her guardian, who had been educated abroad, and at her own request, was allowed to take with her the niece of Madame Lefort, who had always been a pet at New Court, and had to a very great extent been a sharer in the lessons and games of her own pleasure and comfort as in order to keep her mother's kindness to the family; indeed, her affection for her playmate was that of a sister.

Madame Lefort died, leaving behind her her companion, both in name and in fact.

IS THE KIND YOU NEED.

Other Celery Preparations Are Worthless Imitations.

Paine's Celery Compound

THE KIND THAT CURES.

No Other Medicine Has Ever Had Such a Reputation in Canadian Homes.

Paine's Celery Compound is, today, the only medicine that can meet your needs with assured success, if you suffer from kidney disease, blood troubles, rheumatism, neuralgia, nervousness or dyspepsia. It cures the sick as surely as night follows day. It is the only medicine that gives immediate and effective results to the suffering.

The proprietors of Paine's Celery Compound would utter a word of warning for the benefit of the public. The great popularity of Paine's Celery Compound has induced unscrupulous persons to put up worthless imitations, calling them celery compounds. Care on the part of those purchasing for the sick is necessary. Ask for PAIN'S Compound, and you will get it. See that the name PAIN'S is on each wrapper and bottle; no other is genuine.

CONSOLIDATED

SCHOOL SECTIONS

Sir William McDonald Liberally Helping the Scheme.

Toronto, Jan. 8.—Sir Wm. McDonald, of Montreal, has set aside a sum of money to encourage here and there in Ontario a group of consolidated school sections, to make an experiment in grade schools in rural districts. In some portions of the Western States there have been formed in recent years several hundred of what are called consolidated school sections. This means that several small sections have joined, and have discontinued the use of the old school house, and instead have erected a large one, containing many more or grades as the number of the united sections.

Sir Wm. McDonald is greatly interested in the growth of the system, and the offer he has made to the Province of Ontario is a result of this, and it follows closely after a gift of \$125,000 for an extension of the Agricultural College work at Guelph.

Prof. Robertson, of Ottawa, and Mr. Harcourt, minister of education, have had several interviews on the subject, and have discussed the question fully. "It is thought," Mr. Harcourt said today, "that the experiment will be tried this year, and one or more consolidations will be undertaken."

The scheme, Mr. Harcourt added, is best suited to populous portions of the province, where the roads would be good. The children in the Western States, where the scheme is in successful operation, are taken from school under contract, just as mail carriers contract for the carrying of mails. An indirect advantage is that in order to reap the advantages of the grade schools the people spend money in improving their roads, so that the two reforms go hand in hand.

Justice is blind—and so is fame, judging by some of the selections she makes.

TOMMY RYAN TALKS.

Kansas City, Mo., Jan. 8.—"Tommy" Ryan, who claims the middle-weight championship of the world, said last night concerning the challenge issued to him by Jack Hanley, manager for "Rube" Ferns, at New York today: "I will make a match with Ferns within 24 hours if he will put up his forfeit with Geo. Siler or any reliable newspaper man. I am ready to meet Ferns or any other white middle-weight in the world who will weigh-in at the middle-weight limit. I had decided to retire, but all this talk about me being a heavy drinker and a 'has-been' has changed my plans. I take the best of care of myself, exercise daily, and never dissipate." Ryan appears to be in good condition.

N. C. A. DECISION.

New York, Jan. 8.—At a special meeting of the National Cycling Association Board of Control, held yesterday in this city, the protest involved in the six-day race, which was completed at Boston last Saturday evening, was decided as follows: For conduct detrimental to the sport in inciting a riot at Park Square Garden, Boston, Jan. 1, Floyd A. McFarland, of San Jose, Cal., is hereby suspended from all connection with cycling racing until June 15, 1902; said McFarland is given the privilege of applying at the annual meeting of the N. C. A. to have suspension changed to a fine. For a like offense at the same place and date, Howard B. Freeman, of Portland, Ore., is fined \$50, or has the option of accepting a suspension until June 1, 1902. It having been established that Jean Gouglitz fouled McLean in the finishing mile of the Park Square Garden race, the McLean-Butler team is placed second, and the Gouglitz-Sinclair team sixth.

HARRISTON WON.

Harriston, Ont., Jan. 7.—Harriston and Walkerton played hockey here last night. The home team won by a score of 9 to 4.

TONIGHT'S GAME.

The Tecumseh hockey team had a light practice last night in preparation to meeting the St. John's Athletic Club team in an exhibition game tonight at the Jubilee rink. The game tonight is for the benefit of the Tecumseh, to enable them to be better prepared to meet the team from Waterloo on Friday night, at Waterloo, in the first championship game of the season. The Tecumseh have a hard team to buck against, and they are training accordingly. The boys that turned out last night will be in fine trim to play the St. John's A. C. team. The St. John's A. C. team has been one of the city's strongest City League teams for a number of years and understand the game perfectly. They are quite confident of winning and so also are all the members of the St. John's A. C. Club, as they intend going in a body to watch the game. A good crowd will be in the rink, and the game will have a chance to see what both teams can do. A large crowd has expressed their approval of sending a special to Waterloo for the game, and it may be done. A rube band may also be organized for the occasion. Wear your colors tonight and cheer your team to victory, at Jubilee rink. Game starts at eight sharp.

NASTURTIUM ARRIVES.

London, Jan. 8.—Wm. C. Whitney's Derby candidate, Nasturtium, and his Peg Woffington colt, which crossed the Atlantic on the steamship Minnehaha, arrived yesterday in the best of condition.

N. T. ASSOCIATION.

New York, Jan. 8.—The joint committee of the National Trotting Association and the American Trotting Register Association, appointed to consider and recommend changes in the rules of the Associations, held an organization meeting at the Murray Hill Hotel last night. The work of the committee will be to recommend changes tending toward a uniformity in the rules of the three associations. Joint similar joint meetings were held two years ago, and the results were gratifying. The joint committee includes as its members President P. P. Johnson, and Vice-President G. W. Archer, of the National Trotting Association; President J. H. Steiner, of the American Trotting Register Association; President W. R. Allen, of the American Trotting Register Association; Lucas Broadhead, W. W. Cocher, W. M. Whitehead, Frank Brown, J. Malcolm Forbes and D. D. Street.

AT NEW ORLEANS.

New Orleans, La., Jan. 8.—Death, who landed the last race by the narrow margin of a head, was the only successful favorite yesterday.

First race, mile—Little Tim, 105 (E. Robertson), 20 to 1; Mr. Phinix, 109 (Coburn), 5 to 1; 2. Little Henry, 109 (Landy), 15 to 1; 3. Time, 1:42 1/2.

Second race, 6 furlongs—Ernest Parham, 112 (Coburn), 10 to 1; Monte Hinyar, 107 (Coburn), 3 to 1; Pyrrho, 112 (A. Jones), 13 to 5; 3. Time, 1:15.

Third race, mile and 70 yards, selling—Eagle, 123 (J. Windfield), 12 to 1; Mr. Phinix, 128 (J. Windfield), 2 to 1; Mythe, 125 (T. Walsh), 12 to 1; 3. Time, 1:48.

Fourth race, handicap, 7 furlongs—Grantor, 97 (Landy), 10 to 1; Mr. Phinix, 106 (Coburn), 13 to 5; 2. Sevo, 120 (E. Robertson), even, 3. Time, 1:27.

Fifth race, 1 1/4 miles, selling—Mentac, 108 (Dangerson), 10 to 1; Annie Thompson, 85 (Hedgeson), 13 to 5; Monos, 112 (Coburn), even, 3. Time, 1:56.

Sixth race, mile—Death, 105 (Slack), 7 to 1; Mr. Phinix, 109 (Coburn), 3 to 1; 2. Eva Rice, 99 (Lynch), 5 to 1; 3. Time, 1:39 1/4.

VETERAN DEAD.

Newburg, N. Y., Jan. 8.—William C. Trimble, a veteran horseman and the patriarch of the American trotting turf, died here yesterday aged 76. He trained and developed Mountain Boy in 1865 and gave Cobwebs, the speedway champion, his record in 1894. He spent 50 years in the racing game, was known among horsemen all over the country. His last appearance as a driver was on Jan. 1.

WORN TO A SHADOW.

When there is a falling off in flesh in woman or man there is "something wrong." And that something wrong is generally a loss of nutrition due to disease of the stomach and the other organs of digestion.

Sometimes this loss of flesh is accompanied by variable appetite, but in many cases it is not. The appetite does not fail and there may be a constant desire to eat. Languor, nervousness, irritability, sleeplessness, are symptoms often associated with this loss of nutrition and falling off in flesh.

Doctor Pierce's Golden Medical Discovery cures this disease of the stomach and other organs of digestion and nutrition. It enables the perfect digestion and assimilation of food so that lost flesh is regained and the physical health re-established.

"I had suffered from indigestion and only those who have suffered from it know what it really is," writes Mrs. M. J. Page, of East Genesee St., Syracuse, N. Y. "I had had severe attacks of headache and dizziness, with cold hands and feet; everything I ate distressed me, my bowels were constipated and I was growing very weak and nervous. Now I am so goodly, and feel like I had when I commenced taking Dr. Pierce's Golden Medical Discovery. I took nine bottles of it, and my health is now as good as ever. I am so goodly, and feel like I had when I commenced taking Dr. Pierce's Pleasant Pellets. I commenced feeling better with the first bottle and kept on improving. Now I am so goodly, improved in health my friends often speak of it. I really recommend these medicines to all suffering as I was."

THE TORONTO CLUB.

Toronto, Jan. 8.—At a meeting of the directors of the Toronto Baseball Club held yesterday, the resignation of H. J. Mulqueen and George Beddingfield from the board were received with regret, and T. G. Soie and Secretary Coehoe were elected to fill the vacancies. The board, therefore, is now composed as follows: Ed. Mack, president; Jesse Applebaugh, vice-president; A. A. Alexander, T. G. Soie, H. G. Coehoe. The office of secretary-treasurer will remain in the board. The appointment will be made at the next meeting of the directors.

WRESTLING.

WORCESTER BOY WON. New London, Conn., Jan. 8.—H. J. Almer Ludin experienced no difficulty in defeating Carl Schmidt at the New London Opera House in the wrestling bout last evening. The Worcester boy outlasted the New Yorker in both strength and the finer points of the game. Ludin's victory came by winning two straight falls. He tipped the German over for the first fall in 12 minutes, wrestling after securing a three-quarters Nelson. He changed to a half Nelson. The second bout was won by Ludin securing a scissors leg hold after 10 minutes of wrestling.

SMALLPOX EPIDEMIC

CONTINUES TO SPREAD

Numerous Fresh Cases—Dowiettes in Stephen Township Causing the Spread—The Disease in Michigan.

Toronto, Jan. 7.—The smallpox situation is not improving. Fresh cases this morning were reported from Kent, Norfolk and Hastings counties. The Jordan outbreak is due to a woman agent of the Dowiettes, who, it is feared, has spread it in many localities.

There are three new cases of the disease in Woodhouse township, one in Elzevier township and two houses infected in Dover township.

DOWIEttes MAKE TROUBLE.

It now transpires that the peculiar religious sect, the Dowiettes, of Huron county, who have smallpox in their midst, and who have bothered the provincial board of health with their aversion to physicians and quackeries, followers of the notorious Chicago apostle. One of the number, furthermore, has caused more trouble for the department. By coming to the other she got out of one of the quarantined houses in Stephen, and made for Jordan Beach. Her object was to have her husband freed to escape quarantine and to preach the gospel of Dowietism to blind sinners. Now she has smallpox, and has had exposure making persons to the contagion in her enthusiasm to preach since coming to Jordan, the health authorities are apprehensive that the local officers are to be alive to the possibilities and are taking all precautions.

FIFTY CASES OF SMALLPOX.

Lansing, Mich., Jan. 8.—State Contagious Disease Inspector Ranney has reported that in Presque Isle county, where it is reported there are 50 cases of smallpox in three adjoining townships.

SMALLPOX IN LONDON (ENG.)

London, Jan. 8.—The smallpox epidemic in London is growing steadily, and the daily average of new cases about 40. Men with pieces of red tape tied around their left arms, which signify that they have been vaccinated, are now met on every block in the city.

Happiness is the proper goal of human effort, and health is indispensable to it—take Hood's Sarsaparilla.

The Pennsylvania Railroad Company is importing more wood ties from British Guiana. They are said to last 50 years. The life of a white oak tie is ten years.

MORE COLDS are cured by Pny-Balsam than by any other remedy. It cures quickly and certainly. Bronchitis, influenza, give way readily to it. Manufactured by the proprietors of Perry Davis' Pain-Killer.

Medical men have noted the injurious effect of the Philadelphia climate on wounds. The time for healing is much longer than here. In South Africa it is shorter.

THEY WAKE THE TORPID ENERGETIC. No man properly advised and left to run itself, very soon shows fault in its working. It is the same with the digestive organs. Unregulated from time to time, they are likely to become torpid and throw the whole system out of harmony. Paree's Vegetable Pills were made to meet such cases. They restore the full flagging faculties, and bring into order all parts of the mechanism.

The governor of Finland has ordered the arrest of the Finnish clergyman who refuse to read the new Russian army regulations in their churches.

A Red Hot Season.

During the hot summer season the blood gets over heated, and the drain on the system is severe and the appetite is often lost. Burdock Blood Bitters purifies and invigorates the blood, tones up the system, and restores the appetite.

TERRY MCGOVERN

The Greatest Little Fighting Machine the World Has Ever Produced, Says He Was Cured by Dr. McLaughlin's Electric Belt.

He says: "For the past six months my back has troubled me more or less, caused no doubt by the excessive training that I have had occasion to go through. I tried various remedies for this trouble and received no benefit. My attention was attracted to your advertisement in the daily papers, and one of your ads in particular impressed me; it was that of Tommy Ryan. Now, our business being of the same nature, I thought if you could accomplish what your ad stated it had done for Tommy I was sure that it would help me. With this in mind I took the first opportunity of speaking to Tommy on the subject, and after hearing from his own mouth the good that your Belt had done him, it overcame all doubts in my mind as being the proper remedy for me. I immediately got one of your Belts, and had only worn it one week when the results were marvellous; every sign of soreness left my back and the muscles seemed to get stronger and more elastic; aside from this, it has made me feel so good that I think I could tackle a giant and get no worse than an even break. Your Belt is positively the greatest invigorator it has ever been my good fortune to use. You can use the above where and how you like, as I think I am indebted to you more than words can express."

"Yours very truly, TERRY MCGOVERN, 'Champion Lightweight, Featherweight and Bantam of the World.'"

It Puts Steam Into a Man

There's nothing on earth that will restore vim to a weak, debilitated man like Dr. McLaughlin's Electric Belt. It simply makes him over. It cures all pains and weakness in the back. Braces up the nerves and vital parts, restores ambition and the vigor of manhood. Any man who feels himself declining from any cause should try it. Its cost is small and its effect is as good as a new lease on life. It will restore your strength and vigor and

You Can Make Arrangements and Pay When Cured

If I tell you my Belt will cure your case, I will guarantee a cure, and ask no one to take chances on my treatment. So, if you have tried medicines which failed, or used burning bottles, or one that fell to pieces, don't despair—my belt will cure you. I will take other belts in trade.

LORD AYLMEY'S COAT OF ARMS

Will Be Used by Town of Aylmer on Municipal Stationery.

Toronto Globe: Colonel Lord Aylmer, descendant and grandson of the governor-general of that name, recently received a letter from Mr. A. H. Backus, chairman of the finance committee of the town of Aylmer, Ontario, asking permission to use the coat of arms of the family on the stationery of the municipality. Mr. Backus prefaces the application by stating: "Up to 1835 this place was a small hamlet, and the place of meeting for transacting the little local business and to discuss all matters of a local interest was a wagon shop. The name of the post-office was Troy, and at the above date, just prior to the rebellion of 1837, feelings of loyalty ran pretty high, and the inhabitants of the locality met at Caswell's wagon shop and unanimously voted that they would no longer have the name of Troy, but would ask that the name be changed to Aylmer, after Lord Aylmer, the then Governor-General of Canada, and such name was sent on to the postoffice department." Mr. Backus adds that Aylmer has grown into a town of 2,500, with several miles of cement walks, a first-class collegiate institute, a complete electric light system and a good waterworks system.

Lord Aylmer has replied that he has great pleasure in granting the request, and expressed the opinion that the adoption of the Aylmer "coat of arms" was a fitting sequel to the bestowal of the name upon the former hamlet, now grown into a prosperous town. It seems that Lord Aylmer's ancestor, when governor-general, passed through the settlement subsequently named after him, on a visit to Colonel Talbot, a military acquaintance who had gone to reside in Western Ontario.

FOR LACK OF PROPER FOOD.

Many persons find themselves breaking down in spite of all efforts to stop. They do not use the right kind of food to rebuild the daily loss of the body, caused by the kind of work they do.

For instance, any one who thinks, employs the brain, and this work of the brain wears little fine microscopic particles every hour, just in proportion to the amount of work done. This is a natural process, but those little particles must be replaced each day or brain fog and nervous prostration sets in.

It is known that the brain, and all other nerve centers in the body, are supplied with a soft kind of grayish pulp, made up of a combination of albumen and phosphate of potash. Of course,

he had made many friends, being a genial, sociable and thoroughly trustworthy and efficient young man.

—Mr. O. O. Benson, manager of the Birkenhead Ice Company, was presented with a handsome traveling case by the office, showing the respect and esteem in which he is held.

—It is said that half of Westminster is coming in to hear Jessie Macdonald, the great Scottish prima donna, at the New Grand Opera House, London, on Wednesday night, Jan. 15.

—Mr. D. W. Benson, of John street, lost a valuable horse yesterday. He was driving on Dufferin avenue, when the animal suddenly stopped and died. Paralysis was the cause of death.

—Mrs. Sibley (nee Miss Maude V. Pitt) is visiting at her mother's home, 568 William street, for a few weeks before returning to her husband's home in New York. Mrs. Sibley will be at home on Tuesdays, Jan. 11 and 21.

—Dr. John Ferguson, son of Dr. R. Ferguson, South London, will put up his shingle in Pinkerton, Bruce county. Dr. Ferguson is a graduate of the Western University and passed the examinations before the council at Toronto successfully. His many friends wish him every success.

—The farmers of East Middlesex should rally to the meetings of the Farmers' Institute, being held at Thorncliffe and Hamlet, on Jan. 15 and 16, respectively. The delegates are specialists on the following very interesting subjects: Dairying, fruit farming and poultry raising.

—The Saginaw (Mich.) Courier-Herald of the 6th says: "Miss Etta Wilson died at her home in London, Ont., Dec. 26, from tuberculosis. Miss Wilson was for a time head nurse at Saginaw General Hospital, but was obliged to resign her position there on account of ill-health. The sad news of her death came with a shock to her many friends here, who knew her while she was in the hospital during 1900. She was 27 years of age."

WILL ASK FOR NEW CELLS.

The board of police commissioners, at its closing meeting for the year resolved to ask the city council to make provision in the estimates for the erection of new police cells on the present site, and also for a new necessary to police headquarters. Among the accounts passed was one from Meredith & Fisher for defending the board in the suit brought by Miss Winterbottom.

REMEMBERED THE TEACHER.

The many friends of Miss Faeella Bartlett, of this city, will be glad to hear that she is again at her home after having taught very successfully the past year in South Essex. At the Christmas entertainment, the children of school section No. 4, Colchester South and Malden Methodist Sunday school surprised her agreeably by presenting her with a beautiful solid gold watch chain as a token of remembrance of the many pleasant hours spent together. Her numerous friends throughout South Essex join with her many friends here in wishing her abundant success in her studies at London Normal School this term.

CENSURED COUNSEL

Mr. Justice Ferguson Speaks His Mind to Lawyers.

In Future Counsel Must Be Ready When Cases Are Called—Two Cases Settled.

The winter assizes for the county of Middlesex were continued yesterday before Mr. Justice Ferguson. The absence of criminal business makes the sitting one of little interest to the general public, and those present are for the most part jurors or parties interested in the different cases.

At yesterday morning's session counsel for the plaintiff in Rose vs. Croden made application to amend statement of claim. Application was refused with costs.

In the case of Burke vs. Burke, an application was made for a commission to examine a witness de bene esse. The application was granted.

Motion to transfer several jury cases to the non-jury list was made. Judge Ferguson said he would consider such motions when the cases were called.

At the afternoon session the jury case of Sharkey vs. Wilkinson was taken up. Mrs. Laura Sharkey sued to recover \$250 damages for the alleged wrongful removal of a piano which was being paid for on time. The defendants were Bert Williams, of Ottawa, formerly of this city, and D. H. Porter, of London. After all the evidence was in, Judge Ferguson dismissed the jury, saying it was a case which he could dispose of. He reserved judgment.

The case finished, it was found that the defense in the following case, Glenn vs. Rudd, was not present, which caused Judge Ferguson to say some uncomplimentary things about the members of the London bar and their methods. Counsel for the plaintiff hastened to the telephone to summon the defense.

Measles is epidemic in St. Thomas. Mumps is also prevalent.

The congregation of the First Baptist Church, Woodstock, have accepted the resignation of their pastor, Rev. R. R. McKay.

The death occurred at St. Thomas on Saturday evening of Mrs. Harriet Ainley. Her husband, Joseph Ainley, died about 16 years ago. It is supposed that the death was due to an apoplectic fit. The deceased was in the 70th year of her age. She was a daughter of the late W. Seils, of Payne's Mills.

Messrs. Von Neubronn & Co., cigar manufacturers, of Berlin, have made a voluntary assignment to Messrs. Linden & Brier, and their factory is closed. As a result 25 hands are out of employment, but it is thought that as soon as matters can be adjusted operations will be resumed at the factory, with Mr. Frank Von Neubronn as manager.

The South African Club, composed of Windsor men who saw service in the Boer war, at a meeting on Monday decided to open subscription lists for funds for a memorial for their fallen comrades. Major E. H. Rothwell, of Detroit, has subscribed \$25, and each of the members will contribute \$5. The collections will be supplemented by the proceeds of a number of concerts to be given. The memorial will probably take the form of a public drinking fountain near the post-office. An effort will be made to raise \$1,500 for the purpose.

DETAILS OF THE VOTING

According to City Clerk Kingston's Official Returns.

They Show Remarkably Few Inaccuracies in Those Published by The Advertiser.

The complete official returns of the municipal election were completed yesterday by City Clerk Kingston. They show that the hastily compiled figures published in The Advertiser were remarkably accurate. All the names of elected nominees were correct, and the changes in the figures are trifling.

The Advertiser placed Mayor-Elect Beck's majority at 1,820, and the Free Press at 1,817. The official figure is 1,826, six more than The Advertiser gave him. The official figures for Bartram, Parnell and Beck are, respectively, 95, 2,223 and 4,040. The Advertiser gave Bartram and Beck the same, and Parnell six more, and the Free Press gave Bartram one more, Beck seventeen more and Parnell twenty-six more.

The Advertiser gave Waterman a majority of 2,312, four more than the official figures.

The figures in the case of Messrs. Jones and Little differed two and one respectively, and Mr. Pocock's was eight more than The Advertiser gave him.

The Advertiser's figures were correct with the exception of the first ward, in which Teasdale's majority was placed ten more than the official returns give him.

The figures for the McClary bylaw differed only four, and for the White bylaw six.
