Certainly, the Western was not behind it in the quality of the goods shown. This could only be expected of the west, where some of the finest land in Canada was to be found. The farm he helped to till was here, the people whom he taught at school were mostly located in this part of the country, and why shouldn't he expect much? Mr. Ross congratulated Col. Dr. Radway & Co., New York:

Dear Sirs: I have been sick for nearly two years and have been doctoring with some of the most expert doctors of the United States. I have been bathing and drinking hot water at the Hot Springs, Ark., but it seemed everything failed to do me good. After I saw your advertisement I thought I would try your Pills, and have nearly used two boxes; been taking two at bedtime and one after breakfast, and they have done me more good than anything else I have used. My trouble has been with the liver. My skin and eyes were all yellow; I had sleepy, drowsy feelings; felt like a drunken man; pain right above the navel, like as if it was bile on top of the stomach. My bowels were very costive. My mouth and tongue sore most of the time. Appetite fair, but food would not digest, but settle heavy on my stomach, and some few mouthfuls of food come up again. I could only eat light food that digests easily. Please send "Book of Advice."

End of the Coal Miners' Strike in Pittsburg District. Pittsburg, Pa., Sept. 16.-The coal miners' strike, as far as the Pittsburg district is concerned, is off, and the

22,000 diggers will resume work today at the 65 cent rate. Pittsburg, Pa., Sept. 16.-The reso lution adopted by the miners late yesterday creates a scale committee for the year: requires mines to close down on Oct. 1, where the company refuses to weigh coal before screening: determines to continue camps at mines of New York and Cleveland Gas Coal Company, assessing workmen 5 per cent of wages for the expense, and heartily indorses the uniformity agreement. The principal resolution, allowing the miners to resume at once, was debated until late in the afternoon, when President Dolan took the floor. His plea for immediate resumption was so eloquent that the resolution went through with a rush, only four voting against it. A wage scale was agreed to, and the convention adjourned.
