

THE ACADIAN.

WOLFVILLE, N. S., MAR. 20, 1908.

Sanctum Suggestions.

Sir Frederick Borden's Kentville organ refers to the Union Reform movement as a 'heresy.' The opinion of such an authority as this should settle at once and for all time the claim made in certain quarters, that this is merely a 'tory dodge.'

Hon. Mr. Fielding's budget speech on Tuesday promises no change in the customs tariff this year. The apostles of Free Trade, if there are any yet remaining, must feel rather lonesome these days. If every vestige of protection is to be removed it is certainly time the present government got a move on.

If those of our friends who are anxious to aid us in extending our subscription list (and we know there are many of them) will send us the names and addresses of parties whom they think would likely be interested in THE ACADIAN we will take pleasure in sending sample copies to the same. If you have friends abroad drop us a postal card with their addresses on it. We will do the rest.

Arrangements have finally been made for an arbitration between the town and the electric light company as to the value of plant and good will of the latter. The town has chosen J. Ritchie, K. C., of Halifax, while the company has selected Peter S. Archibald, C. E., of Moncton, to represent them. An agreement has been arrived at by which a third man will be appointed by these two, and the award will be made within thirty days of that time.

The meeting of the Kings County Temperance Alliance at Waterville on Friday last was a large one, and nearly every section of the county was represented. It was unanimously decided to put a candidate in the field at the next federal election, and a committee composed of representative men from every polling district was appointed to submit names for consideration at the next meeting of the Alliance. A letter was read from Warden McMahon, asking that the Alliance appoint a committee to act with the committee of the County Council in directing the work of the Scott Act inspector. The Alliance in reply stated that it had never been their policy to interfere with the work of that official, but as in the past will be ever ready to give every possible assistance in the enforcement of the law.

Toronto News.—The decrease of 15 per cent. in the tuberculosis death rate in the last seven years is a sufficient encouragement to those who have been fighting the plague for a decade.

The campaign against the scourge requires to be more vigorous, and to this end the government might permit an increase of hospital grants per patient. The expense of maintaining hospitals has of late increased with the higher cost of living. The five leading cities of the province have taken steps to accommodate needy patients, but the other municipalities hang back. This is not as it should be. Experts say that the scourge can be practically driven out of the country. If this is so, no effort should be spared to work such a great deliverance. Much depends upon popular education, and the government is doing wisely in preparing literature for general circulation.

Dishonest practices in connection with the medical branch of the immigration department at Halifax have been revealed by the dismissal from office of one of the examining officials, a Halifax doctor, who is charged with having been a party to a conspiracy hatched on the other side of the Atlantic, to extort money from immigrants coming before him for examination. A court trial at London brought on by the Canadian government, implicated offenders on the other side and evidence there adduced cast suspicion on officials at Halifax. A fictitious name, signed by a second doctor in Halifax, was found on a letter filed with the agents of the government in London, but who the offender is has not yet been made public, in fact had it not been that the Herald gave publicity to the London despatch the general public would not yet have known of the rascality.

At a meeting of the directors of the Canadian Peace and Arbitration society in Toronto, a protest was lodged against the system of military drill authorized for the schools of Nova Scotia by the council of public instruction of this province in co-operation with the Dominion militia department.

Three Nova Scotian members of the society, S. A. Chesley, of Lunenburg, Mr. Justice Russell and Rev. Selby Jefferson, of Halifax, are authorized to appear before the council of public instruction to express the surprise of the society that the military department of the Dominion should be considered necessary to the educational work of the province and protest against any system of military drill being accepted as providing satisfactory physical training for the pupils.

The protest is lodged on the ground that military drill falls as a matter of physical training and also introduces a war spirit, which nations are being led to believe as they progress towards organization and national arbitration.

It is reported that the United States Consulate office at Wolfville will be closed this year.

A Good Man Gone.

The death occurred at about 6 o'clock yesterday morning, at his home here, of George Thomson, Esq., one of the oldest and most highly respected citizens of this town. For the past twenty years Mr. Thomson had been a resident of Wolfville, and by his sterling qualities of heart and mind won a large place in the esteem of his townsmen. The deceased was born on the island of Jamaica in the year 1826, and was thus in the 82nd year of his age. When quite young he came to Halifax, and when a young man settled in Canada, this county, where he resided for some years. Returning to Halifax he was for many years associated with his brother, James Thomson, in legal business, during which many of the largest estates in Halifax were settled by his firm. In every relation of life Mr. Thomson won an enviable reputation for integrity and high purpose. During his residence in Wolfville he was a most useful citizen, ever interested in any undertaking for the best interest of the community. He freely gave of his experience and ability. As a member of the first town council he did excellent work, and in 1897 was elected to the mayoralty. This position he held for five terms and was elected for a sixth, but declined to serve again. Mr. Thomson was a faithful and consistent member of St. Andrew's church, and for a number of years was chairman of the managing board, where his keen business ability was of great assistance. For the past year or two he has been failing in health, especially during the last few years. Perfectly aware that the end was approaching he had no tears for the future, and expressed himself as ready for the change. In his death Wolfville loses a good citizen and an honest, upright, Christian gentleman, whose place will be long unfilled. Mr. Thomson was married in 1847 to Miss Lovett, daughter of the late James K. Lovett, of Round Hill, who predeceased him by two years. He is survived by one son, Mr. James Thomson, of Halifax, and four daughters, Margaret (Mrs. Dr. Chipman), of Grand Pre; Elizabeth (Mrs. Jenner), of Digby; Miss Agnes Thomson, of Halifax; and Miss Edith Thomson, who resided with her father.

Childhood Indigestion Means Sickly Babies.

The baby who suffers from indigestion is simply starving to death. It loses all desire for food, and the little it does take does it no good; the child is peevish, cross and restless, and the mother feels worn out in caring for it. Baby's Own Tablets always cure indigestion, and makes the child sleep healthily and naturally. Mrs. Geo. Howel Sandy Beach, Que., says: 'My baby suffered from indigestion, colic and vomiting, and cried day and night, but after giving him Baby's Own Tablets the trouble disappeared and he is now a healthy child.' The Tablets will cure all the minor ailments of babyhood and childhood. Sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Hint to Sir Wilfrid.

The New Glasgow Eastern Chronicle (liberal) referring to the defeat of the New Brunswick government, offers this bit of sound advice to its extravagant and corrupt friends at Ottawa: 'The successful leader, Mr. Hazen, is a Conservative and that may stand for something. This seems to be a time when governments are on their trial as never before and it behooves those that are on the seats of the mighty to walk along the straight and narrow path that leads to safety instead of the broad road that leads to destruction. The public is in a critical mood and tainted politicians had better get out of the people's sight.'

The minister of agriculture will submit legislation to the house later in the present session providing for amendment to the fruit marks act, which will considerably increase the penalties for fraudulent packing and branding of apples. The penalties will be made much heavier for the second and third offence than for the first offence but even for the latter it is felt that some more severe means must be found of punishing those who make a practice of evading the terms of the fruit marks act, as magistrates almost invariably let the offenders off with the minimum penalty that the law allows.

The 29th will be the Temperance Sunday for the first quarter, and the topic assigned is Anti-narcotics in general and Anti-cigarettes in particular. Those who have the real welfare of the nation at heart view with alarm the increased use of the cigarette among the boys. 'Ignorance is the parent of vice.' On the 29th the Sunday schools are called upon to do what they can to educate the youth in them concerning the evils of the use of cigarettes and to impress upon them the high value their creator places upon them, and urging them to do nothing to mar that which he has so wonderfully made.

LAURA J. POTTER, County Supt. Temp. in S. S.

Thirteen cases of smallpox are reported from Ballantine's Cove and vicinity about twenty miles from the town Antigonish. The churches and schools are closed, and the infected houses have been placed under a strict quarantine. Dr. McKinnon, health officer of that county, aided by an elite board of health, are endeavoring to stamp out the disease. The thirteen cases thus far reported are confined to five families.

Beware of the White Plague.

I never pass through a city in Canada in the early morning, after leaving the railway station during the winter, without counting the number of open windows that I see and I pass through street after street apparently without a cranny or a crack through which the fresh air from outside can penetrate the house, and I reflect upon the way in which the poor people, out of sheer ignorance, are manufacturing consumption by preventing the blessed air of heaven from coming in and saving them from becoming victims of that plague.—Earl Grey.

Two Flours in One

Beaver Flour is the best "pastry flour," just as it is the best bread flour. Because it is a blend of the two flours that are best for bread and best for pastry. Beaver Flour contains Manitoba wheat, which is rich in gluten, and makes bread that is both tasty and nutritious. Beaver Flour also contains Ontario wheat, which is famous for the light, delicious Cakes, Pies and Pastry it makes. Beaver Flour is always blended in just the exact proportions, so that it is always the same and always gives the same results when you use it.

A few friends were invited to the Emery studio last Tuesday evening to hear Miss Marie Lyons play again. There were also contributions by Miss Lawrence, Miss Palmer and Mr. Cogshall.

The Wolfville Tailoring Co. are now showing a splendid line of Spring suitings and overcoatings. Among these are a number of those fashionable browns, now so much in vogue, and recently selected by Mr. Boates.

Remember to-day, Friday, the 20th, is Horse Show at Kentville. It will well pay the farmers to attend the two lectures by Dr. Standish. We trust that Wolfville will turn out in force, and also capture some of the prizes.

Mr. Emery will give a concert in Lunenburg March 26th, and will be assisted by three of his pupils, Miss Joy Lawrence, Miss Flossie Palmer and Mr. Asa Cogshall, the program being especially planned for the season of Lent.

Mr. Clifford C. Jones, of Calgary, has our thanks for a copy of a special edition of The Morning Albertian, of that city, just to hand. It contains sixty pages and is devoted to the province of Alberta, giving an interesting account of the wonderful progress and development of that new western province.

The desirable farm at Wallbrook, formerly owned by Dr. Willets, of Kings College, Windsor, recently owned by Mr. Fred J. Fildes, has been purchased by Mr. John A. Caldwell, of Gasperus, for his brother-in-law, Mr. Arthur Davis, of Spencer, Mass., who expects to take possession next month.

Mr. Emery's fifth musicale is set for April 10th, the program to be rendered by two of his pupils, Miss Flossie Palmer and Mr. Herman De Witt, as announced. It is understood that all of Mr. Emery's pupils have free entrance to every musicale and it is hoped that the studios will now seat more guests, especially invited, since Mr. Emery has had a stage built for this purpose.

Arrangements have been made for the appearance in College Hall on Tuesday evening, April 3rd, of 'The Mountain Trio,' composed of Mr. Paul Brown, violinist, Miss Annie Lew is Vivian, pianist, and Miss Maude Fowler, reader. This organization is said to be an exceptionally strong one, and lovers of good music will look forward to this visit. See further announcements next week.

MILITARY APPRENTICES WANTED.—One or two young ladies. Apply in person or by letter to Miss M. B. SAXTON.

Main St.

On Friday evening of next week, Prof. Frederic H. Sexton, principal of the Technical College, will lecture in College Hall, under the auspices of the Science Society of Acadia University, on 'The Evolution of Chemistry in Modern Conventions.' Prof. Sexton is eminently capable of dealing with such a live subject as this, and the lecture will undoubtedly prove a most interesting and instructive one.

Two interesting games of hockey were played in Evangeline rink on Tuesday evening, when the 'Shamrocks' defeated the second Truro team by a score of 6-4, and the High School defeated the second Shamrocks by a score of 3-1. Both games were keenly contested and showed good exhibitions of skill. The Truro players were much heavier than the members of the home team, and the latter felt quite daunted over their victory. Neither the Shamrocks nor the High School have lost a game this season, and the latter team has played ten games.

The news of the death of Christina B., wife of Rev. E. B. Moore, pastor of the Methodist church, this town, which occurred at the home of her daughter, 66 Robie street, Halifax, on Thursday afternoon of last week, was heard with deep sorrow by many friends whom she had made during her residence in Wolfville. The deceased lady was widely known throughout the Maritime Provinces, and the announcement of her death was received with general regret by a large circle of friends. Mrs. Moore was 64 years of age, and a native of St. John. She had been ill in all about six months, and until shortly before her death her recovery was earnestly hoped for. Rev. Mr. Moore and family have the deep sympathy of a host of friends. The funeral took place at Halifax on Saturday afternoon.

Canning Items.

The concert held in the warehouse on Tuesday evening was a most enjoyable affair. Every number was good and earned were the order of the evening. This was the first appearance in Canning of Mrs. Ellis, a talented Halifax lady who has been very prominent in musical circles here the past winter, and we predict for her a hearty welcome should she ever return here. The sum of sixty-three dollars was taken.

Mrs. Wentworth Sheffield has returned to Canning after spending the winter in Truro with her daughter Nellie.

Miss Cochrane has started a class of twenty-five ladies of all ages in sewing and embroidery. The class is held in the dress making department of Mrs. Burbridge.

Mrs. Emerson Bigelow was in Kentville over Sunday recently, with her friend, Miss Lloyd.

We are glad to report the recovery to health from an attack of pneumonia of Miss Minnie Challen, who, with her sister, Miss Mattie, returned from Oxford on Tuesday of last week.

Mr. and Mrs. W. R. Jefferson, of Annapolis, were the guests of R. W. and Mrs. North on Tuesday.

Schr. Murray B., owned by Blenkhorn & Sons, made her first trip to the season to Parraboro for coal on Saturday last.

Stur. Brunswick makes her first trip to St. John this week.

Mr. Joseph Eaton, of Pictou, is visiting his relatives here.

We regret to report the illness of Mrs. Palmer Grant, from nervous prostration.

Misses Minnie Dickie, Clara Chisholm and Master Wilbur Cox entertained their young friends at evening parties last week.

Mrs. Robert Chisholm and little daughter Miriam, of Wolfville, were in town over Sunday with the former's daughter, Mrs. Victor Eaton.

The interest in Canning Division continues and the membership is constantly increasing. Since the night of the married men's entertainment the programs have been as follows: First, a Valentine evening; second, entertainment by the bachelors of the Division, consisting of songs and instrumental music, and adding very good original features; third, a social evening of games. At this meeting Mr. C. A. Patrin, recy of the Alliance, made a few remarks emphasizing the good work done by Divisions in the past and also bringing before us the needs of the Alliance. Fourth, entertainment by the single ladies, of which a very pretty tan drill, and an orchestra, consisting of three violins, cornet, solo, triangle and organ, were the special features.

The Man on the Street.

The 'man on the street' is glad to learn that progress is being made in the matter of municipal ownership of the electric light in Wolfville. This certainly is a step in the right direction. Municipal ownership of public utilities is one of the features of the present age, and it is bound to come. Wolfville has proved it a good thing in the case of water, and other towns have had similar experience in other directions.

The 'man on the street' would like to see a number of small industries established in Wolfville, and believes that this might be done were sufficient encouragement given. The best kind of encouragement will be for our merchants and men of means to take stock in such enterprises, and thus help them onward. The town council and board of trade should be alive to the importance of this matter.

The 'man on the street' has attended some of the recent meetings in College Hall, and found them to be interesting and profitable. He was again impressed, however, at the close, with the need of a better means of exit. The corridors and stairways were crowded in such a manner that had anything like a slight panic occurred the result would doubtless have been most disastrous. Probably this hall is no worse than dozens of others, but larger audiences congregate in College Hall than in most places.

Domestic Science at Acadia Seminary.

The Department of Domestic Science at the Seminary, if less frequent in the public eye than the other departments, nevertheless, under the efficient management of Miss Boal, doing its work in an equally successful way. Four students of the advanced class celebrated Saint Patrick's Day by giving a dinner entirely of their own cooking and serving to a small number of guests from the town and Seminary. The students were Miss Rita Hall, of Liverpool, Miss Marjorie Baraby, of Saint John, Miss Lela Hicks, of Berwick, and Miss Margaret White, of Wolfville.

A corner of the gymnasium was screened off as a dining room and furnished with green rugs and hangings, while the table was simply but tastefully decorated by stands of the delicate shamrock. The place cards, done by Miss Pearl Price, were in a dainty design of the same leaf. The following is the menu, every article of which was well cooked, in most tempting shape, delicious to the taste and served according to the most approved forms.

Miss Boal deserves to be congratulated upon the fine showing made by her pupils. It was a most enjoyable occasion.

In answer to the numerous inquiries in re the condition and accommodation which the exits of the public schoolhouse afford in case of fire, I wish to say that the front door facing the north has been put in good order and opens outward. The side doors have been changed so that they, too, open easily and outward. The committee on fire escapes, consisting of Messrs. J. F. Herbin, A. M. Wheal, and J. C. Bishop, has been asked to find out if there is need of more exits or fire escapes and impart to the School Board at their earliest convenience.

A. J. MCKENNA, Chairman.

The Wolfville public school is described by Inspector Roscoe in his report to the superintendent of education as follows: Wolfville is a six department school and needs a seventh. Mr. Ford, the principal, and Miss Kauback, second teacher, are college graduates. The school is up-to-date in all its appointments. The character of the work done in this school is quite equal to that of any other school in the two counties. Miss Kauback has received the superior grant. The board has provided a library during the year. To this, Mayor Black and others have made generous donations.

Personal Mention.

(Contributions to this department will be glad to receive.)

Miss Annie E. Freeman, of El Paso, Texas, is visiting her cousin, Mrs. T. R. Wallace.

Mrs. Muir, of Halifax, was in town over Sunday last, visiting her sister, Mrs. (Dr.) Bowles.

Mr. Robert Irwin, of Shelburne, is in town, the guest of her cousin, Mrs. (Dr.) Bowles.

Rev. J. C. Spurr has resigned the pastorate of the Palmouth Baptist church, after four years of efficient service.

Mr. John W. Borden, of Windsor, who has been spending the winter in Wolfville, left on Wednesday for Boston, to visit his daughter, Mrs. Freeman I. Davison.

Mr. Ernest Elliott has gone to Bermuda, where, we understand, he has secured a good position. Mrs. Elliott and family expect to leave next week to join him there.

Miss Ella Wallace, who has been spending the winter with friends in Portland, Me., Waltham, Mass., and New York City, has returned to her home in Wolfville.

Mr. W. C. B. Harris left last week for a trip through the western provinces. During his absence he will take a short course at the military academy at Kingston, Ont.

The many friends in Wolfville, of Mrs. Boal will be pleased to learn she recently underwent a successful operation at the Victoria General Hospital, Halifax, and is now progressing favorably.

Dr. Murray, who recently began the practice of medicine in Wolfville, has closed his office and left town on Tuesday of last. It is his intention, we understand, to go abroad for post-graduate study.

Mr. A. L. Davison, barrister, of Middleton, was in town over night on Tuesday, on his return from Halifax. He has pretty well recovered from the injuries recently sustained in the electric car accident in Cape Breton.

Wolfville friends of Mr. Harry Newcombe, son of Mr. Geo. W. Newcombe, of Canning, formerly of Wolfville, will be glad to learn of his success. He has recently passed his preliminary examinations for the law, and is studying with Borden, Ritchie & Robinson, at Halifax. We understand the young man stood at the head of his class.

The death of Miss Nina Kathleen Palmer, eldest daughter of Mr. and Mrs. Richmond Palmer, of Wolfville, occurred at the Massachusetts General Hospital, Boston, on March 7th. Miss Palmer was training for a nurse at the Waverley Hospital when taken ill. The cause of her death was appendicitis followed by peritonitis. Miss Palmer attended Acadia Seminary last year. She was a niece of Mr. H. G. Collins.

Tuesday was St. Patrick's Day. St. Patrick is the patron saint of Ireland, and the 17th, the anniversary of his death, which occurred about 465, was duly observed by loyal Irishmen.

Whooping Cough RELIEVED AND CURED

The cough comes in paroxysms of short, rapid efforts to clear the air passages. The face becomes red, the eyes swollen, the body bending forward, and when the breath becomes exhausted there is a deep loud drawing in of breath—the whoop.

The greatest cure must be taken in order to prevent complications at the lungs or membranes. Fresh air and nutritious diet are important, and the use of

Dr. Chase's Syrup of Linseed and Turpentine

affords almost immediate relief from the hard coughing. By the continuation of this treatment through coughs will be brought about and the risk of complications avoided. 25 cents a bottle, at all dealers or Edgemoor, Bates & Co., Toronto.
