## INTRODUCTION

IN PRESENTING this Souvenir to the public, the Vancouver Fire Department desires to extend greetings to one and all, and especially to thank those friends and patrons who have so materially assisted by their liberal patronage in making this work a thorough success.

The chief object of the work has been to promote the best interests of its patrons and replenish the Firemen's Relief Fund, as well as to form a more thorough acquaintance of the citizens with this branch of the City Government, without doubt the most important of all from the property owner's point of view.

The highest commendation is due those of the present administration, and especially Chief J. H. Carlisle and Assistant Chief C. W. Thompson, who, by their untiring efforts, have succeeded in giving Vancouver a Fire Department in keeping with a metropolitan city, and one of which the city may be justly proud.

Of the firemen, whose lot is a hard one, a word should be said. He is always on duty, day in and day out, and true appreciation is given him only when the thinking man pauses to listen to the startling clang of the gong or look upon the tall columns of smoke sweeping towards the sky above a burning building. At other times the fireman, to the casual observer, is a seeming idle fellow. We do not remember that our lives and property are in his keeping and that he is merely waiting the call that requires him by day or by night to take his life anew in his hands and hasten where danger awaits in the protection of our lives and property from destruction and ruin.

As an advertisement there is not a citizen in Vancouver but will say that the Fire Department occupies the premier place. From the snowy hills of the Yukon, from the torrid winds of Panama, from the continent of Europe—from east, west, north and south—come the inquiries in regard to the far-famed apparatus of this city, asking for suggestions, taking

Buck  
Brand

Shirts,

them with gratitude and raising the standard of the fire equipments in the different cities, towns, villages and hamlets at the suggestion of the man who directs the department; Chief J. H. Carlisle. He himself has been 24 years at the head and has outstripped all the younger chiefs by the way he has brought Vancouver to the front from a fire standpoint. He is ably assisted by Charlton W. Thompson, his second in command. Delegations from all over the country come up to inspect and, needless to say, they go away as satisfied with the courtesy of these two gentlemen as they are with the equipment.

S. J. GOTHARD,  
*Compiler.*

## The Vancouver Firemen's Benefit Association.

The Firemen's Benefit Association was formed on November 14th, 1898, and was for the purpose, as stated at that time, of assisting any fireman who for various reasons was incapacitated from his employment. The assistance was for everything, whether accident or sickness. It can be easily understood that the exposure to the elements at all hours of the day or night is practically an invitation to all diseases, and at the inaugural meeting it was seen that there would have to be a fund gotten up the boys and increased through subscriptions and dues, so that in the event of an epidemic there would be sufficient to cover all calls made on the Association. This fund has been carefully looked after by the boys and to-day it is in a thriving condition.

The officers at the first meeting were: Chief Carlisle, president; A. W. Cameron (since deceased), vice-president; and Capt. Jim Lester (now Chief of the Dawson Department), secretary. Mayor J. F. Garden was elected the honorary president. It is interesting to note that the Department has more than trebled its force since that time, and each man is as enthusiastic over the Association as the old timers were in 1898. The officers at the present time are: President, Robert McCurdy; Vice-President, J. Mackenzie; Secretary, George Dunlop; and Treasurer, Arthur Clegg.

You Cannot Afford to Buy  
EXPERIMENTAL  
AUTOS OR COMMERCIAL MOTORS  
THEREFORE GO TO  
THE GREAT WESTERN AUTOMOBILE CO., LTD.  
AUTOMOBILE ENGINEERS

1043 PENDER STREET WEST  
VANCOUVER, B. C.

Who sell nothing but the products of Manufacturers who have been building Autos and Commercial Vehicles since the Motor trade was in its infancy. You get the benefit of their many years accumulated knowledge and experience. Moreover, every car sold by THE GREAT WESTERN AUTOMOBILE CO., LTD. is specially built to withstand the rough conditions of Vancouver and British Columbian roads. They are powerful and can plough through any ground yet they are graceful of design, smooth running and handy. A lady auto driver can handle them with ease and comfort. But, most important of all, you get with Vehicles from THE GREAT WESTERN AUTOMOBILE CO., LTD., a guarantee of the exact cost of running any particular size and type of car or commercial truck or van. You know before you buy, precisely what Tires, Gasoline, Oil and Up keep are going to cost you.

Write for illustrated particulars and prices, or

## **Meats That Please**

V. P. R. meats please because they have a better flavor than the ordinary kind. That's because they are raised on the famous bunch grass districts of British Columbia. Then, too, being killed every day in our own New Westminster abattoirs they're always fresh and sweet.

When you've tried other meats, try ours. You'll appreciate the difference.

Prices always the lowest possible.

Office and Factory: 1026 Beach Ave.

Phone 5264

Grow harder and better with age and exposure.

---

---

Can be substituted  
for fire brick in  
many cases.

Absorb less than  
half as much  
moisture as best  
pressed clay brick  
and less than one-  
fourth as much as  
common brick.

---

---

---

---

Higher compressive strength—will stand a crushing strain of 3,500 to 7,000 lbs. per square inch when made, and grow stronger with age and exposure.

Stand frost, fire and water better than pressed brick.

---

---

Are more durable, stronger and handsomer

## What About Your Town's Fire Alarm System?

IF YOUR town is not already protected, or if the present protection is not reliable—for poor protection is worse than none—we want to place some facts and figures before the Chief of your local Fire Department and the Commissioners.

We will be glad at the same time to tell you some interesting details regarding Police Telegraph Systems—or to tell you about them alone if you are interested.

"STANLEY PARK IS NO NEW WOODS OF BRILLIANT AND FINE TREES. IT IS A FOREST WITH THE OLD TREE REMNANTS WHICH WOULD BE DEAR AND PRECIOUS TO THE FOREMAN IN EVERY BEST CONDITION. WITH THE OLD STUBS AND SCUMPS WHICH IN THE PAST WERE ONLY USED FOR THE SKELETON FRAME OF A HOUSE OR SHED. IN ALL MY TRAVELS I HAVE NEVER SEEN A MORE BEAUTIFUL OR ATTRACTIVE PARK THAN THIS."  
W. E. COOPER
