LABOR HAS ITS INNING AT MONTREAL TO-DAY

A Whirlwind Session This Morning at Which Many Subjects Were Taken Up--Resolutions Passed.

MONTREAL, Sept. 24.—Resolutions dealing with the immigration law and its proper enforcement, the inland revenue laws, the increasing death rate both among adults and infants in large cities, the employment of armed men by private corporations, the importation of Asiatic labor, the attitude of the police towards legitimate picketing, monthly pay days, the licensing of bartenders, and the wages and clothes of letter carriers were yput through by Trades and Labor Congress at a whirlwind session this morning.

SOCIETY LEADER IS SUED FOR A MILLION

Mrs. Clarence Mackay is Given Unenviable Notoriety in Legal Proceedings.

NEW YORK, Sept. 24.—Mrs. Jos. A. Blake, wife of the noted New York surgeon, has served Mrs. Clarence H. Mackay, wife of the president of the Postal Telegraph Company, with the necessary papers in a suit for \$1,000,000 for alienation of her husband's affections.

In spite of the effort at secrecy the matter of the suit has been a subject of gossip for several months and last night a communication was made to a newspaper representative by a friend of one of the parties involved, and his statement was unqualifiedly confirmed from an authoritative source.

Plans Of Government For Ulster Being Completed

[Canadian Press Despatch] NEW YORK, Sept. 24.—A cable to the Tribune from London this morning says by night plans for setting up a provisional government for Ulster, in the event of the Home Rule bill being passed into law, will have been considered in all their completeness. The Ulster Unionist members of parliament went over parts of the plan at Craigavon with Sir Edward Carson last night, and all

Ulster Stalwarts Declare They Will Change History

BELFAST, Ireland, Sept. 24.—The embryo "Parliament of Ulster," at present known under the title of the Ulster Unionist Council, assembled to-day to the number of 600 in Ulster Hall in this city to discuss the plans for the provisional government of the province in the event of the Home Rule for Ireland Bill becoming law.

The meeting was held behind closed doors, but subsequently an official announcement was issued saying: "All the steps have been taken for repudiating the decrees of a Nationalist Parliament and for taking over the government of the Province of Ulster in trust for the British nation."

The articles of the Ulster constitution were approved by the delegates. The details of them however are not to be published until the date when the Home Rule Bill is placed on the statute book.

CASE NOW IN CIVIL COURTS AND CHARGES WERE DISMISSED BY P.M.

Grand Valley and Lake Erie and Northern Hold a Conference To-day—There Was a Lively Morning in Police Court and Business Was Good.

A move, which surprised everybody in the well-filled court room, including the court officials themselves, was made this morning in the police court when, by agreement between the Lake Erie and Northern Railway and the Grand Valley Railway officials, the charges and counter charges of obstruction and trespass against certain members of the staffs of these companies were dismissed, it being agreed that as the matter had now been introduced into the civil courts,

CENTRAL FIGURES IN IMPEACHMENT TRIAL OF GOV. SULZER

Judge Edgar M. Cullen, president of the Court of Impeachment, and his fellow judges voted unanimously to uphold the right of Senator R. F. Wagner and three other Senators to sit as members of the court.

TRIAL OF SULZER IS NOW IN FULL SWING

Crucial Point in Famous Impeachment Case is Reached This Afternoon—Sulzer Must Be Tried at Any Cost.

[Canadian Press Despatch] ALBANY, N.Y., Sept. 24.—The crucial point in the preliminary work of the Sulzer impeachment trial was reached to-day.

Without these articles of impeachment—the first, the second and the sixth—it was realized that the case of the prosecution would be weakened immeasurably. Such a condition was not calculated to cause the assembly managers to abandon the prosecution, but was to prompt them to use every effort to obtain the passage of additional charges by the assembly to brace up their case.

LAWYER DIDN'T LIKE HIS ARREST

He Was Retained by B.C. Miners and Promptly Taken Into Custody.

[Canadian Press Despatch] VANCOUVER, B. C., Sept. 24.—The latest bombshell at Nanaimo came with sensational suddenness in the arrest of Cyril Rubiniowitz, lawyer-magistrate for Point Gray and Rhodes scholar, by special constables in Nanaimo on the charge of watching, following, besetting and intimidating workmen. Rubiniowitz was recently retained by the miners' defence committee to handle their cases occurring out of the recent strike, riots and went to Nanaimo Wednesday to acquaint himself with local conditions.

ENGLAND'S FEAR OF AN INVASION IS LESSENING

Admiralty Announces That Fleet Will Leave for Mediterranean This Fall.

LONDON, Sept. 24.—The announcement of the admiralty that a fleet comprising eight battleships, three battle cruisers, eight cruisers and eight light cruisers will be sent to the Mediterranean early in November, coupled with the despatch of four large armored ships, which will have their base in the future at Bermuda, indicates a radical change in the British naval policy, which, on account of friction with Germany, has kept practically all the fighting units within home waters for several years past.

Tragic Scene Witnessed By Campania Passengers

[Canadian Press Despatch] NEW YORK, Sept. 24.—A London cable says: A tragic scene was witnessed by the passengers of the Campania, which arrived at Queens-town yesterday. On the third day out, a third class passenger, John Fagan, belonging to County Mayo, jumped overboard from the top deck. All the passengers were on deck at the time when the cry of "man overboard" was raised. The Campania's engines were at once stopped and a boat rowed quickly to aid the drowning man. The passengers, however, were horrified to see a number of sharks in the vicinity, and the fear is entertained that the unfortunate man was devoured, for by the time the boat had arrived at the spot where Fagan struck the water, there was no trace of him.

It is believed that he was insane. The Campania proceeded after an hour's delay.

JONES-BURNS

A quiet, but very pretty wedding took place at ten o'clock this morning at the home of the bride's mother, 37 Nelson Street, when the marriage was solemnized by Edna Maude, only daughter of Mrs. Edward Burns, of Charles Augustus, youngest son of Mrs. George Jones of this city. The ceremony was performed by the Rev. D.T. McClintock, only the immediate relatives being present.

Miss Maude Taylor, cousin of the bride, played the wedding march from Lohengrin while the bride entered the drawing room on the arm of her brother, Mr. George Burns, who gave her away. The bride looked charming in a beautiful gown of ivory duchess satin with pearl trimmings, a tulle veil with orange blossoms and carried a shower of roses and lily of the valley. After the ceremony a dainty wedding breakfast was served, after which the bride and groom left at once for Toronto and points east, and on their return will reside in this city. The bride travelled in a navy blue suit with Bulgarian trimmings and cerise hat. The bride was in receipt of many costly and beautiful presents.

parts—the insect-eating birds, the birds that live on weed seeds, and the rodent destroying birds.

If he showed the value of birds in the preservation of the food supplies, and how the life of man depended upon the birds destroying that which in a few years would make the earth unprofitable to man with the necessities of life. The interesting lecture was closed by some interesting views of the home life of Mr. Burroughs, America's great naturalist and philosopher.

TIPS TO HOUSEWIVES

Never buy wilted vegetables if it can be avoided.

The best kindergarten lunches are chiefly of fruit.

Heavy soups should be kept for the main dish at luncheon.

Little fabric dusters are far more hygienic than feather dusters.

Firm close ticking is an important matter in selecting pillows.

Pears may be used instead of apples to make delicious fritters.

Put a teaspoonful of peanut butter in fudge when nearly done. It is delicious.

If it is necessary to wash furniture, use warm, not hot, water, with a little borax.

The housewife should remember that her family needs green food year round.

Avoid draughts while filling preserving jars and a great many cracks will be avoided.

To make kitchen aprons last longer make their upper halves of double material.

A dry, hard piece of cheese is much more digestible than one that is new and raw.

All sandwiches should be wrapped

in oil paper, and sour sandwiches should be combined with sweet fruit and vice versa when packing children's lunches.

Japanese chow chow is made with 12 green tomatoes and 12 pickled times put through the food chopper.

Add six cupfuls of sugar, cook three hours.

If rice and vegetables have to stand after cooking, they should be covered under the lid with a cloth to absorb the steam and keep the vegetables from becoming sodden.

MARKET REPORTS

CHICAGO, Sept. 23.—Wheat prices broke today owing to an extraordinary enlargement of the world's available supply, chiefly in Canada. The close was nervous, 1/2c to 1c under last night. Other leading staples, too, all showed net declines, corn 1-1/2c to 1-3/4c to 7-8c provisions 10c to 12 1/2c. Wheat futures closed at Liverpool today unchanged to 1/4d lower. Corn 1/4d to 1/2d lower.

WINNIPEG GRAIN MARKET.
 WINNIPEG, Sept. 23.—The local wheat market opened a shade firmer, all months, due to Liverpool strength. This firmness, however, was of but short duration, American markets being weak and prices declined in sympathy. Cash wheat closed 1/2 to 1c lower. Oats and flax were in better demand with prices on the up-tramp.

HYDRO ON THE FARM.

Another of the ambitions of Hon. Adam Beck, minister of power, has now been realized.

He has from the first been very optimistic with reference to the use of Hydro Electric power on the farm.

The commission helped to secure some small equipments and they are now in operation on certain farms in Western Ontario. By this energy ensilage has been chopped, grain threshed and barns filled.

As an illustration of how much help can thus be dispensed with, it is recorded that a load of corn was prepared and put in a silo in six minutes by two men. A like saving is recorded in other directions.

Each year the difficulty of securing the services of farm laborers in Ontario has become more and more acute but the solution of the trouble may now be fairly regarded as not far distant. Still further, because of lack of help many agriculturists have been doing far less cultivation of the land than would otherwise be the case but the new agency will enable them to produce a much greater volume of stuff.

Here's to the new hired man.

A TRIBUTE TO BRANTFORD.

In connection with a talk of re-organization of the Hamilton General Hospital, Dr. Bruce Smith, the Ontario Government Inspector, has recommended in the event of any change, that matters be modeled on the Brantford institution. He expresses the opinion that no better system exists anywhere.

The Courier to-day received a long distance call from a resident of Hamilton asking for particulars.

A prime essential of course is a board of governors representing all interests. The local enterprise is thus constituted in this regard.

Two life members originating from the deed of trust when the late Mr. John H. Stratford first presented the city with a hospital which has since become a "general" institution.

Two members named by the Ontario Government.

The Mayor and one other to be named annually by the City Council, but not a member of that body.

The Warden and one other to be named annually by the County Council under a like condition.

One member selected by the Trades and Labor Council.

One member selected by the Ladies Aid.

One member selected by the Medical Association.

One member selected by the Board of Trade.

The scheme has worked admirably, and large and modern additions to buildings are now well under way.

One great strength of the local institution has been the splendid help of the Ladies Aid Society. This organization includes the women of the City and County to the total of over one thousand. In addition, they have associated with them young ladies' and children's departments or a total membership in all of over twelve hundred. At the inception they conducted a missionary tour and each village possesses live branches. The amount of general interest and co-operation thus aroused by them has been little short of remarkable.

EAST MIDDLESEX

For the bye-election in the above Riding for the Dominion House, the Grit choice has fallen upon Mr. R. G. Fisher of London.

In his address of acceptance, he said, Advertiser (Liberal):—

"I feel sure, gentlemen, that what the Liberal party should have is a good, strong, representative farmer to represent East Middlesex. However, if this convention unanimously nominates me I will stand and do the best that I can. (Cheers) The people of this country should be consulted before \$25,000,000 or about one-tenth of the total national debt, is voted away. If they say send it over to England, over it will go. If they say spend it in Canada, and develop our own navy, there can then be no objection."

Now if Mr. Fisher knows that, which as an aspirant for public office he should know, he ought to be aware that the Laurier policy of building Dreadnoughts in Canada would involve an outlay of at least from \$75,000,000 to \$100,000,000.

Shipbuilding yards capable of laying such keels would first of all have to be established, and the skilled labor of that kind does not at present exist in the Dominion.

He holds up his hands in holy horror at the very idea of a \$35,000,000 contribution and at the same time is the standard bearer of a party which proposes to expend over twice that amount.

Not that the majority of Canadians should, or do, begrudge a proper sum for the discharge of a much overdue duty, but because "time is the essence of the contract" and Canada, however willing, could not turn out the warships promised, and with which John Bull is now going ahead, despite the Canadian lapse, owing to the irresponsible action of Laurier's tool, the Senate.

East Middlesex in the general contest of 1911 went Conservative by 611 majority.

If the electors take enough interest in a certain Conservative victory to turn out and vote, the Liberal candidate should be snowed under by an even larger majority for talking such arrant rubbish as that above quoted.

NOTES AND COMMENTS

If Hydro Electric develops much further, it will pretty soon be trimming mother's hat, and putting the kids to bed.

Hamilton is talking of getting rid of its filtering basin. Better send it here and give the citizens a chance to duck the city hall in it.

Sir Wilfrid Laurier is to make a tour of Ontario in November. He should bring the Niobe and Rainbow along with him as exhibits "A" and "B."

It is now announced that eggs should never be taken raw as they possess germs. So do human beings. Perhaps that is why the raw kind are so unpalatable.

At Guelph Agricultural College a bunch of freshmen were subjected to the usual tom fool initiatory ceremonies practised at many educational institutions. Finally they turned and put it all over the other fellows. Good for them. Hazing and charivaris ought to be chucked into the lumber of a dead past, and be kept there.

They are telling this one on a Brantford merchant. An Indian owed him some money, and he later heard that the delinquent had become active in religion. As the son of the forest was passing the store the other day the merchant sent a clerk to make the gentle intimation that tight money was not a desirable thing in a man's pocket when a bill remained unpaid. "Have you come to town to pay what you owe our store?"

"No." "You are quite a church worker." "Yes." "Do you know where you'll go if you don't pay your debts?" "Yes, just tell Mr. —, that I pay him when I meet him there."

To The Editor

BAND TROUBLES AGAIN.

To the Editor of the Courier: The item appearing in last night's issue from S. J. Timbs, is certainly of a nature that it wants picking to pieces. The trouble of the Brant Dragoons has been all summer that members have been dissatisfied with the management. S. J. Timbs and Dr. Pearce have been trying to disband and reorganize, but such was not done. S. J. Timbs and others have done a lot of talking on the street that the band was about to be disbanded, and then they backed out by siding with the officers, which made some of the men sore, and they quit. The agreement he signed with the officers was never made known to the men and S. J. Timbs is trying to stand in with both the men and the officers, which the sooner he quits, the better. It is something that he will never accomplish. The article on the night previous, was perfectly true in every respect outside of the old City Band uniforms, which matters little. Yours truly,

BANDSMAN.

Obituary

The Late E. W. Fowler.
News of the sudden death of Mr. Edgerton William Fowler in St. Joseph's Hospital, St. Paul, has brought sorrow to many relatives and friends in Brantford. The deceased was well known in this vicinity, having learned his trade as machinist in Waterloo Engine Works, and having been transferred by them to their factory in St. Paul. To mourn his loss there are four brothers, Robert, Daniel, John and Fred and one sister, Mrs. Kingwell, of Brantford, and one sister, Mrs. A. B. Breeze of Cincinnati, Ohio. The body reached the city this morning, and the funeral will be held on Thursday afternoon at three o'clock from the home of Mr. Fred Fowler, 125 Eagle Ave.

The Late Mrs. Nash.
The death occurred last evening of Mrs. George Nash at the family residence, 241 Wellington street. The deceased, who was in her 55th year, had been suffering from heart trouble for two years. Besides a husband, six children are left to mourn the loss of a loving and very devoted mother. Mrs. William Stevenson of Chicago, Mrs. Fred Pearson, Hamilton, Mrs. J. M. Ford, Mrs. J. L. McKinnon, George and Reginald of this city. The sympathy of a wide circle of friends will be extended the bereaved ones. The funeral takes place Friday afternoon to Greenwood cemetery.

Local News

Welby Out Again.
Many friends will be glad to see Mr. Welby Almas, the well-known auctioneer out again after his recent injury.

Said to Be Dangerous.
David Skye, the Six Nation's Indian who escaped from Hamilton Asylum this week is said to be a very dangerous inmate. He is described as a medium size, husky-shouldered fellow, with a good-looking face, with a pleasant smile except when aroused, when he becomes a terror to all with whom he comes in contact.

Bouquets for Mr. Read.
The honor of being Vice-President of the world's greatest auctioneer's association, the International of America, belongs to Mr. S. G. Read of this city. Recent issues of the big auctioneering journals refer to Mr. Read as Colonel Read, for the reason that all men are Colonels in the association, who have completed 200 sales and no membership is accepted unless he has completed 200. The writers in the journals hand Mr. Read or Colonel Read, many bouquets on his able address at the convention in Chicago this year. Colonel Read receives the encomiums modestly. "They are easily satisfied," is my impression," said the Auctioneering Commander-in-Chief, to-day.

STRONG DEFENCE OF ENGLAND'S ATTITUDE

The London Telegraph on Olympic Team Subscriptions.

LONDON, Sept. 24.—The Daily Telegraph, in a long, editorial this morning, answers American criticism of Great Britain's reported intention to withdraw from the Olympic games. It admits that the English public looks on the proposed Olympic fund with coldness because it means the breaking down of the spirit of amateurism, which, according to the Telegraph, is peculiar to English sport.

NO INCONVENIENCE TO NEW RAILWAY

Engineer Kellert Says Injunction of Grand Valley is of No Importance.

"The injunction taken out by the Grand Valley Railway will not inconvenience our work one iota," said Chief Engineer William P. Kellert of the Lake Erie & Northern Railway to-day. The injunction, which is effective until to-morrow, was taken out because of a dispute over land between the Grand Valley tracks and the river near the Galt power house. The Lake Erie & Northern Company has a deed for the land, but the Grand Valley Company claims rights thereon. Work is now proceeding four miles from the scene of the dispute. The matter will be argued out at Osgoode Hall, Toronto, to-morrow.

Charge Dismissed.
Chas Sills was charged with using insulting language to John Trawley, a carpenter. The plaintiff, claimed that Sills had accused him of stealing a saw and had called him a thief. Sills denied the accusation but admitted asking Trawley if he had seen a missing saw. Magistrate Livingston believed Sill's story and dismissed the case.

A Settlement Reached.
When the case of Audrey Biggs vs. Chas. Biggs, charged with assault, was called, it was announced that the couple had arranged matters between themselves and the case was therefore dismissed.

CASE NOW IN CIVIL COURTS

No Pasture Ground.
Joseph Saggese was charged with allowing his horse to pasture on Agricultural Park. Plaintiff was A. Abbott, caretaker and special constable at the park. His evidence was to the effect that he had warned Saggese several times to keep the horse out of the park.

A Lively Scrap.
Despite the fact that Walter Moore and Harry Bragg both bore marks which pointed to a fist encounter, they both pleaded not guilty to a charge of fighting in the New American Hotel. Constable Cobden was therefore called to give evidence, stating that from investigations carried out by him, it had been found that Bragg and Moore had a heated argument. Moore hit Bragg in the mouth, cutting his lip, and another man, a stranger, had come along and given Moore a beating, blackening one of his eyes and kicking him in the ribs. Both men, the constable said, were pretty much under the influence of liquor.

Knocked Out.
Following the evidence of the police, both men admitted there had been a scrap.

"We had an argument, I hit Bragg, then somebody hit me and the rest I do not remember," said Moore. Bragg claimed, in answer to a statement by the constable, that he had been found asleep at a few minutes past the night with blood running down his face, that he guessed he had been knocked out.

A fine of \$3 and costs in each case was imposed.

A Hamilton Vag.
"You can just lay me over at the jail for a few days until I can make up my mind what I am going to do," said John McGregor, a Hamilton vag, John used to be a pattern maker, but he is now getting old and feeble and unable to work. When charged as a

vag, he pointed to the fact that he wasn't wearing a collar, and guessed that was the foundation of such a charge.

A remand of a week was ordered. Asleep in Court.

When the case of Albert Wilson, charged as a drunk, was called, Albert did not respond. The court officer looked around and beheld the youth sound asleep in the corner of the room.

"Albert Wilson," called the Court, but no answer. "Albert Wilson," again called the Magistrate, but again no answer.

Serjt. Donnelly went across the room and endeavored to awaken the sleeping man, but although he pulled his nose, twisted his ear, shook him violently, and even tried to open his eyes, Wilson would not come to.

Presently two burly policemen came up and down went Albert until to-morrow.

Constable Accused.
That Constable Smith was working the friendship game, was the accusation made by a youth named Crawford, when charged as a drunk. He stated that the constable came to him in a local hotel and endeavored to persuade him to pay a debt of \$25 to another man, whom he claimed was the officer's friend. When he would give Smith no satisfaction the constable arrested him as a drunk, although he was perfectly sober and minding his own business.

P. C. Smith admitted that he went into the hotel to speak to the boy regarding the debt, having been summoned by a man on the corner of market and Colborne streets. This man was no particular friend of his. While talking to the youth he noticed that he was quite drunk and thought it best to lock him up for a time.

The case was dismissed.

James Simpson, of Toronto, spoke in St. James Methodist church, Montreal, and gave a general indictment of the present industrial system.

MISS NORTON IS SOMEWHAT BETTER
Woman Who Was Shot by Insane Mother May Recover.

(Canadian Press Despatch)
MONTREAL, Sept. 24.—During the past 24 hours an encouraging improvement has manifested itself in the condition of Miss Lulu Norton, who was shot in the temple by Mrs. J. A. H. Taylor at Alexandria early on Sunday morning, during an insane frenzy.

Miss Norton was removed to the Royal Victoria Hospital on Monday morning with a bullet in the front of her brain. The first intention was to operate at once, but the victim has been holding her own sufficiently to warrant delaying such action.

The funeral of Mrs. Norton, the victim of the tragedy on Sunday morning, will take place to-day, when the remains will be placed in a vault pending the arrival of Mr. Norton, who has not yet been told of his wife's death.

W. A. Narkin, former journalist in Montreal and Ottawa, is dead in Vancouver.

HENRY FORD TO BUY DETROIT CITY BONDS
Will Take \$1,000,000 Worth and Avert a Financial Stringency.

DETROIT, Sept. 24.—Henry Ford, Detroit's multi-millionaire motor-car king, to-day notified the City Comptroller of his willingness to buy \$1,000,000 worth of city bonds as soon as the certificates can be prepared and turned over to him.

This action averts a financial stringency which threatened the city, because the Comptroller had found it impossible to sell bonds for new improvements such as schools and sewers at 4 per cent interest. Bond-buyers insisted on 4 3/4 per cent interest.

In agreeing to take two million dollars' worth of bonds, Mr. Ford expressed his preference for public school bonds, declaring that it was his desire to aid in broadening the city's school system through the erection of new buildings, which are badly needed.

The bonds which the city will sell to Mr. Ford will run for thirty years and will bear four per cent interest.

Modish Suits \$15

There are a few suits left that were priced at \$18.50, \$20, \$25 which we must dispose of at once as the season is nearing its end. To clear these out quickly we offer you your choice to-morrow for \$15.00. This lot is made up of Whitecoats, Serges and Cheviots in navy, brown and grey; a number of the choice garments are silk lined. Most of these are cut in the fashionable cutaway style, which is being shown so much in the Fifth Avenue shops. The material and workmanship conforms to the Crompton standard for perfect goods. There are a few suits of Scotch Heather Tweeds in green, greys, blues and browns, cut in the straight manish style with belt and plaited back. These suits are in the Mantle Department on the Second Floor and will go on sale first thing Thursday morning.

Hats and Coats for Tiny Tots

In our juvenile section on the main floor you will find everything for the health and comfort of his majesty, the baby. The beautiful hats with coats to match are particularly worthy of Mother's attention.

MADE BIG SCORE AGAINST DETROIT

Athletics Scored 21 Runs in a Loosely-Played Game.

PHILADELPHIA, Sept. 24.—The 1913 champions ran up the record score of the season on the Tigers, scoring 21 runs to Detroit's eight in a game which was farcical, due to the fact that the Athletics were playing on the part of the visitors Cobb especially making very little attempt to field fly balls and his which went behind him. In the second inning the Mackmen made 10 runs and as many hits off Lefty Williams, McNinis getting two singles during the inning. Comstock, who succeeded Williams, was not much of an improvement, the champions batting him at will. Penock was hit hard at the start of the game, but settled down after the third and pitched good ball. Score: Philadelphia 21, Detroit 8.

NEW YORK BEAT NAPS.

Cleveland Got Only Two Hits Up to the Eighth. NEW YORK, Sept. 24.—Ray Caldwell, with his bewildering change of pace, consisting of a tantalizing slow ball and a fast shoot that whistled held Cleveland to four singles at the Polo Grounds yesterday, and the New Yorks subdued them 3 to 1. Up to the last inning the Naps found Caldwell for two hits. Then Jackson singled, with one out, stole second and third without an attempt to head him off, and saved the visitors from a shut-out by counting on Johnson's base hit. Score: New York 3, Cleveland 1.

WASHINGTON LOST AGAIN

St. Louis Bunched Its Hits and Won by Five to Three. WASHINGTON, Sept. 24.—St. Louis won the get-away game from the Senators by 5 to 3 by bunching two hits with an error in the ninth, breaking the tie. Groom was unsteady through the strike-out ten men. Washington could do very little else against Taylor, one of the St. Louis recruits, and Mitchell, who relieved Taylor after the seventh, was the same old puzzle. The Browns out to a slinky fight and deserved the victory. Score: St. Louis 5, Washington 3.

Al Demaree Some Pitcher

Al Demaree is one of McGraw's new pitchers and is expected to give a good account of himself during the world series games between the Giants and the Athletics. Demaree has been one of the pitching finds of the season. He joined the Giants towards the end of last season, but being a new man did not take any part in the seven world's series games with the Boston Red Sox. This year he has been tried out and not found wanting. Indeed, he stands at the top of the pitchers in the league, with an average of .824. Up to the time this average was figured he had won fourteen games and lost three. It is certain that Demaree will get a chance to perform in the coming great struggle.

Referendum Principle.

SASKATOON, Sask., Sept. 23.—A plebiscite vote to determine from the people if initiative and referendum shall be adopted by the province of Saskatchewan, will be taken early in November, according to the statement of Hon. A. P. McNab. A conference has been arranged between members of the government and leaders in the direct legislation movement to arrange details. The new voters' lists and polling divisions as in the last provincial election will be followed in taking the vote.

A more enthusiastic gathering was never witnessed in the Quebec district that the gathering held Saturday night at the historic town of St. Anne de Beaupre at the banquet in honor of Sir Rudolph Forget who represents the constituencies of Montmorency and Charlevoix in the House of Commons.

Canadian League Sends Only One Player To Majors This Season

The Canadian League Clubs must wait for the minor leagues to draft their players as the major league's time for drafts concluded on Monday September 22. The honor of being the only player bought or drafted from the Canadian League thereby falls to George Dunlop, the London shortstop. Although there are now four former Canadian league players now on the list of major league clubs in Keating, of New York; Renfer, of Detroit; Herbert, of Brooklyn and Dunlop of Cleveland.

The prices of the above leagues will pay for drafted players is as follows: From class A, \$1,000; from class B, \$750; from class C, \$500; from class D, \$400. The dates allowed to other leagues in which they are privileged to draft are: Class A, between September 30 and October 20. Class B, between October 7 and October 12. Class C, between October 15 and October 20. It is noticed that the Canadian League, which is a class C league, can draft players from Class D leagues from October 15 to October 20, and must pay \$400 for every player secured in this way.

News item—"Eddie Gerard will do the booting for Ottawa this season."—Remembering the ball season is over, this reads all OK.

With Ty Cobb and Sam Crawford playing behind him, Ed. Renfer grew nervous and walked five Washington players last Thursday. Ain't it awful when a pitcher has no confidence in his outfield.

Says the Ottawa Free Press—After the golf final at Brookline Saturday Vardon and Ray gave out the following brief interview: "Quimet our match, that's all there is to it." This one's protected in Canada and the U. S. under all copyright laws.

Rooting at golf matches opens up wonderfully possibilities in the royal and ancient pastime. Wouldn't it be killing while a player was going through his preliminary waggie to hear some one cut in with—"Knock the point off it Reggie old boy." Or in the wake of a missed putt of six inches to pipe this—"Get a cistern you slob."

Issy Ham says—"If they were selling pari-mutuels the Giants and Athletic will figure in the world's series, you couldn't get your money back. I will lay 1 to 1,000 they don't figure in the world's series and you're not in the slob."

Here's a Case Where Umpire Showed Human Intelligence

Praising an umpire is considered sufficient ground for incarcerating the praiser in an asylum in some states, but here is a case wherein the much-abused arbiter really is entitled to a little credit.

In the third inning of a recent game, with Leibold, of Cleveland, on first and one out, Chapman hit a weak grounder to Louden, incidentally falling down in the process. Bill had to come way in to get the ball and thus left his base unprotected. Leibold saw what he thought to be a chance to sneak an extra sack, so he didn't pause at second but put on full speed for the next station.

Dunlap Loomed Up Like A Real Big League Star

George Dunlop, or Dunlap, the former London shortstop, looked like a real big leaguer on Saturday, when he played for Cleveland against the New York Yankees in New York. Dunlop had a perfect day with the willow and in the field. At bat he got two hits in two times up, and scored one run. At shortstop he had two putouts and two assists without an error. Dunlop got his first hit in the 6th inning. It was a clean single to the outfield, but two were out at the time and none on bases, so Dunlop was forced at second on Jackson's grounder. His second hit came in the eighth inning. With one down Dunlop singled to right field, and the Cleveland men followed with a double.

TY. COBB GIVEN TOO MUCH LIBERTY

His Trip to United States Treasury Results in an Order "Never Again"

WASHINGTON, Sept. 24.—The freedom of the treasury department accorded Ty Cobb, the Detroit centre fielder, on a sightseeing tour a few days ago, resulted in an iron-clad order yesterday by Thomas P. Kane, acting comptroller of the currency, forbidding the entrance of any outsider to any of the vaults containing national bank notes. The treasury probably more than any other department in Washington is filled with baseball fans, and when the Detroit star called, he was figuratively handed the keys of the building. He was ushered into the big vault containing the national bank notes, and was permitted to write his name along a margin of a sheet of notes. When this episode appeared in the newspapers, Comptroller Kane startled, because an immemorial rule of the treasury department had been broken.

Some Clubs Get Money

Peterboro, St. Thomas, Berlin and London all have had players taken from them in the draft process, the results of which were announced today. Each player brings \$500 to the club he is taken from and Berlin was especially lucky in securing \$1,000. The drafts announced are: By Toledo—Neale, from London; Hilliard, from Peterboro. By Providence—Wright, from St. Thomas. By Buffalo—McAvoy, from Berlin. By Toronto—Bradshaw, from Berlin. Neals and Hilliard are outfielders, Wright, third baseman; McAvoy, catcher and Bradshaw, pitcher.

QUIMET HAD AN ADVANTAGE

British Golf Champion Says It Is Easier to Make Than to Retain a Reputation at Golf. LONDON, Sept. 24.—The defeat of Harry Vardon and Edward Ray by young Francis Quimet at Brookline, Mass., is commented upon to-day by John H. Taylor, British open golf champion. "Youth has no nerves," he contends. "Youngsters playing golf do not realize how difficult it is to play really well. Only when one has had a sequence of failure is one properly thankful if one is playing well. Quimet is a splendid golfer, endowed with splendid nerves. "At the same time my impression is that he had everything to gain and nothing to lose. Vardon and Ray on the other hand knew they carried on their shoulders the golf reputation of this country. That did not make their task easier. It is much more easy to make a reputation at golf than to maintain it. Taylor himself won his first open championship in Great Britain at the age of 23 years.

INCIGNITO BEAT PHILADELPHIA.

PHILADELPHIA, Sept. 24.—Splendid bowling on the part of the Englishman enabled the Incognito Club of London to win its match from the Philadelphia Cricket Club yesterday by 79 runs. The visitors, who made 139 runs in their first innings on Monday, completed their second turn at bat for 129. They put together 128 runs in their opening innings, and were all out in the second for the small score of 61.

The team to meet the Y. M. C. A. in the semi final of the John Hill Charity Cup will be selected after the meeting.

Renfer Had Stage Fright

Ed. Renfer, leading pitcher of the Canadian league, who is finishing the season with the Detroit Tigers, got his first chance with the major leaguers Thursday, when he was sent against the Washington Senators at Washington. Bob Groom opposed Renfer. The Ottawa recruit was afflicted with stage fright in the first two rounds, when five runs were scored off him. He went along better till the sixth, when he made way for a pinch hitter. Detroit only got one run for him. Here's what a Washington paper says of Renfer's performance: "Renfer, a rangy-looking right hander, started the battle and worked for six innings, when he was taken out in order to give another youngster, Platt by name, a chance to show the extent of his hitting proclivities. Despite the fact that but six hits were made off Renfer's delivery, he was fortunate to get by without having more runs scored against him. He showed only flashes of form, and was treated rather shabbily in the first two innings, when he seemed to be suffering from a severe attack of stage fright. The Nationals hit everything he served up sharply, but were unfortunate in that the majority were right in the direction of the fielders. Harding, who was picked up from Winston Salem in the Carolina association, pitched the seventh and eighth, and was not much of an improvement on his predecessor. He was found for three hits including a triple and a double, and passed a man in the two periods. But one run resulted, clever work behind him having at least a couple of others."

The Dodgers Wound Up Western Trip With Two Victories.

PITTSBURG, Sept. 24.—The Brooklyn Dodgers wound up their Western trip with a double victory over Pittsburgh here yesterday, the first score being 6 to 1, and the second one to nothing. In the first game Yngling had his old spell over the "Pirates" batters and they were at his mercy. Rucker was at his best in the second game and held the Pirates safe all the way. Score: First game Brooklyn 6, Pittsburgh 1; second game Brooklyn 1, Pittsburgh 0.

BRANSFIELD WILL SIGN.

MONTREAL, Sept. 24.—"Kitty" Bransfield returned yesterday from Buffalo to confer with President Leichtenhein over next season's plans. To-day the manager will sign a contract to pilot the club in 1914. Outfielders Lord and Titus, of the Boston Nationals, have been offered to the Royals as well as other clubs, but Bransfield told President Leichtenhein yesterday that he did not want either player. Titus and Lord have showed up considerably, and what Bransfield is looking for is speed. A story was printed yesterday that Fred Parent, of the Baltimore Club, would manage the Royals in 1914. During the season Parent intimated that he would not object to playing here next season but he was not thought of as a manager.

BANKS TOLD TO LOOK OUT

A Big Swindle Perpetrated on American Money Order Company.

NEW YORK, Sept. 24.—Twenty thousand banks in every section of the world, have been notified by the United States Express Company, that a band of international swindlers have counterfeited the company's \$50 travelers checks and are passing them wholesale in Europe. Twenty four of the counterfeit checks issued and uttered within a week and cashed at Carlsbad, Lugan and Nice, have been received by the company here.

These checks, representing one week's operations, are dated checks.

The counterfeit checks are all of the \$50 denomination and of the 1907 series. They are signed in facsimile by E. T. Platt, as treasurer. The counterfeits are easy of detection inasmuch as they do not have the words United States Express watermarked on the paper, as do the genuine and there are other defects in reproduction.

A cablegram received to-day by J. S. Buggar, superintendent of the company's foreign department from the Wiener Bankverein at Vienna, describes one of the men as an elderly American, smooth shaven, of slight figure and flat-nosed. The Carlsbad branch of the Wiener Bankverein has cashed several of the spurious checks.

Armed with this description detectives of every European country, and a private detective agency of international reputation are seeking the counterfeiters. Checks that may have been issued since August 29 have not been received here and the amount involved in the operations subsequent to that date is, therefore, conjectural.

POLICEWOMEN NOW IN MANY CITIES OF U. S.

Chicago's latest novelty in the establishment of a squad of policewomen on the regular force is not an innovation so real as apparent, in the view of some editorial observers, appearing in the Wisconsin State Journal (Madison), which calls attention to the fact that "within the last few months all over the country women have been appointed on the police force, even in states which do not have equal franchise." In this connection it is remarked by some that Chicago's ten original policewomen "ought to be able to demonstrate very speedily the wisdom of the Illinois Legislature in giving women the vote," while others, noting and unquestionably there is special work to be done among their several qualifications, the experience of many European countries that the policewoman is "the best and most effective agent" in the fight against "the monster of modern society" known as "the white slave."

Of the ten Chicago women added to the staff of Chief of Police McWeeny by appointment of Mayor Harrison, we read in the press, eight are widows. Their ages run from 25 to 50, and their height from 5 ft 2 inches to 5 feet 10 inches. Their weight ranges from 100 pounds to 170 pounds. The present appointments, we learn, are for a period of 60 days, after which the civil service commission will hold regular examinations for the positions. The particular duty of the policewomen, it is generally forecasted, will be to see to the protection of women and children; although with the full authority of a policeman, they will have to be prepared to meet whatever exceptional duty chances on their path. But this is just where the trouble comes in, according to the New York World, which questions the wisdom of Chicago's new move, although it admits that:

"There are plenty of police work that women might do to advantage. As sanitary police, as special officers of the health department, they certainly would not prove more inefficient or careless than men. All the business of the police is not to deal with criminals and rowdy and violent persons of both sexes. But there is emergency work any policewoman must be ready to do at a moment's notice. When Officer Blank, in navy blue jacket and skirt, with star on her breast, hears of a hold-up or murder in a low dive on the Loop in Chicago, what is she going to do? Will she seize the murderer red-handed, wrest his smoking pistol from him, and march him off to the corner, or will she stand by and wait for the wagon, while a mob clamors for his

life? Until Chicago has settled this delicate question of a woman's physical disability for the rougher duties of the police, less progressive communities will probably prefer to wait and get along as best they can in the old-fashioned way."

In complete disagreement with such a stand is the Chicago Daily News, holding that Chicago's policewomen signalize the passing of the old notion that "any officer of the law must be a heavy footed and more or less slow-witted male person armed with a formidable club and a revolver." We are reminded that New York and Chicago have some time since discovered the superiority as policemen of the "clean limbed, alert, tall, and vigorous" type of young man, and News adds:

"But the appointment of women to the police force goes further and throws the emphasis upon sympathy and understanding instead of upon mere muscles. Though the new appointees constitute a novelty, they will doubtless be able to discharge their duties effectively, for the conditions have long been preparing for just such a departure. The success of women as probation officers and in other positions of trust and responsibility has prepared the women themselves and also the community for women police officers. Chicago welcomes its new guardians and is well assured that they will prove their usefulness on bathing-beach and playground and in public dance halls and other places where the young, and especially young girls, are exposed to peculiar dangers."

Along this line the Charleston News and Courier points out as a defect of American police systems that they have not properly dealt with the white-slave traffic, which "grew to immense proportions before the police really knew what was going on," whereas in Europe policewomen have won a splendid record for themselves in this field of activity. The police commissioner of Scotland Yard, the News and Courier tells us, testified before the International Congress in London that in this crusade he believes the assistance of policewomen

Many persons profess to see an evil omen in the fact that Miss Jessie Wilson will be the thirteenth White House bride.

By some persons of nearly all nationalities the number 13 is regarded with superstitious fear. At Brighton, England, recently, the town council granted permission to a householder to change the number of her dwelling from thirteen to 12A, so many were the ills which she ascribed to the fatal number. In this way the town council took official cognizance of the 13 superstition.

Paris will not have the number for any of its houses. Parisians so hate the "thirteen party" that there is a professional diner out called "quariorziennes" whose function is to make the fourteenth at entertainments and dinners.

The Turks so dislike it that the word is practically expunged from their language. The Italians will not even use the number in their lotteries.

In Italy the gambler's horror of 13 is ascribed to the fact that a thirteenth card off one of his packs bears the figure of death.

In England the superstition is believed to have arisen from the old calculation of the insurance offices that one out of 13 persons taken indiscriminately will die within a year. Others trace the awe in which the

figure is held to the last supper at which 13 were present.

The antipathy to 13 is older than Christianity, however. In the old Norse mythology the 13 party was deemed unlucky because at a banquet at Valhalla, Loki once appeared, making 13 and Balder was slain by the blind god Hoder at the instigation of the intruder.

LOSS OF VITALITY is loss of the principle of life, and is early indicated by falling appetite and diminishing strength and endurance. Hood's Sarsaparilla is the greatest vitality—it acts on all the organs and functions, and builds up the whole system.

Long cooking ruins some vegetables—shred cabbage, for instance, will be tender and white in half an hour, but dark and tough if cooked longer.

Receives Call.
RIDGETOWN, Ont., Sept. 23.—At a large congregational meeting held Monday night at which the Rev. J. W. Currie, B. D., of Blenheim, moderator, presided, a most hearty and unanimous call was extended to Rev. J. E. Thompson, M. A., B. D., late of Cheltenham, to become pastor of Mount Zion Presbyterian congregation here. This charge has been vacant since March and the congregation looks forward with pleasure and satisfaction to the early settlement of a pastor.

Big Lumber Raft.
SAULT STE. MARIE, Ont., Sept. 24.—One of the largest rafts of dressed lumber, which ever came to the Soo is one of 400,000 feet which arrived yesterday to the order of John A. Boyd to be used in the construction of the new \$75,000 dock of the Standard Oil Company in the east end of the city. It came from a Michigan lumber mill and is to be followed by another of similar size. The dock is to be ready for the opening of navigation next year.

RAILWAY SAFETY UNDER DISCUSS

Directors and Officials Entirely of Cost and Not Safety.

NEW YORK, Sept. 25.—The presidents and directors of the roads of this country could be spending the forty-eight hours of the funeral in the houses of mourning of the victims of the railroads. The humanitarian view point of road wrecks," said Charles P. ex-United States labor commissioner to the second Congress of the International Council for Industrial Peace.

Mr. Neil was talking to delegates representing great railroad and industrial enterprises. The former official asserted that the sole equipment was responsible for many of the accidents of the railroads. He said that the railroads never safeguard passengers of their systems of management were changed, he said, because possible officials for different lines of railroads were competitors. Costs per mile of operation and costs per ton of operation said, were the guiding influences of many of these officials.

The safety of the main streets of New York, was said by George H. Whittle, President of public safety commission of Chicago, who landed this city's attention on Chicago with half the population of New York," he said twice the number of street deaths. Why? Because Chicago is a city from New York in traffic law are striving for new traffic laws.
