Haig Prepares Fresh Thrust in Flanders

British Front in France and Belgium, Aug. 21.—(By the American Press Association).—There have been intense artillery bombardments and airships on both sides have been very active.

The French engineers have encountered considerable difficulties among the marshes into which the French have advanced on their left, but work is proceeding with marvelous rapidity.

Up to date the French have captured about twenty-five German machine guns since this offensive began on July 31, and the machine guns taken are innumerable. Some of the captured redoubts were found to be veritable nests of machine guns.

The examination of German prisoners taken by the British continues, and out of 940 questioned more than twenty-five per cent were found to belong to the 1918 class. Non-commissioned German officers relate how they are hampered by the demoralization of the younger recruits with whom they are supplied.

The 261st and 202nd regiments of the 79th Division fled to the rear at Lansmeer, and many were killed by the British artillery as they ran. Both these regiments were ordered to counter-attack later, but could not because they were so exhausted and nerve-racked.

Tanks to the Fore British Front in France and Belgium, Aug. 19.—(By the A.P.).—British tanks scored another triumph in the capture of important German positions yesterday morning in the

neighborhood of the Ypres-Poelcappelle road, north of St. Julien. It was a tank show almost from start to finish, and the infantry in this case played the part of supernumeraries in support of the leading actors.

As recorded in the official communication, the British captured German defenses along a mile to a length of 500 yards. Among the trophies were the famous Triangle, Hibau and Cocheret Farms, the sites of exceedingly strong concrete and steel machine-gun redoubts which menaced the infantry advance.

It was dawn when the tanks lined up and waited for the signal to "go over the top." The British artillery rendered no less of a chivalry to the tanks than to the infantry in the past, and a preliminary stream of shells into the German lines, then directed at a horizontal band of the front, which opened forward looking for all the world like great avenues which had pulled out from one of Hans Andersen's conceptions into the new morning light.

There was hard fighting at several positions, such as the three redoubts mentioned, but it was always brief. The tanks wheeled into position and opened a heavy fire on the fortifications, and the Germans were either killed or surrendered. The German casualties were heavy. Great numbers of Germans were seen fleeing, terror-stricken, as the tanks appeared in the distance, and a considerable number threw down their arms and surrendered without offering resistance.

The tanks cleared the whole territory desired and then trundled back home. They suffered no damage and the casualties for the operation totalled fifteen. This has been the most striking incident of the latest fighting along this front.

Harvesters Look 36,000 farm laborers are wanted in the provinces of Manitoba, Saskatchewan and Alberta, for the harvesting of the crop.

The Canadian Northern Railway will operate the first excursion trains for the west, leaving Toronto Union Depot at 10 p.m. August 23rd and 30th, and running through solid to Winnipeg.

The equipment will consist of electric lighted colonist cars, lunch cars, and in addition the railway will continue their last year's innovation of keeping a special car for the accommodation of single women and families, and of placing it in the train where the occupants will be separated from the other passengers.

The territory served by the Canadian Northern lines offers the widest choice of employment with high wages, but regardless of where you locate, remember we give you the best service to Winnipeg where you will purchase to final destination, no matter on what line it may be.

For leaflet showing special train service with dates, number of men, and purchase to final destination, information, apply to Job A. Dowling and Son, Town Agent, or General Passenger Department, Canadian Northern Railway, Toronto.

THE SITUATION.

It was the German plan to seize Paris as an early step in hostilities, and to put the French nation out of the struggle in short order. In the Franco-Prussian war they did that in seven months and with the tremendous additional preparations they expected to accomplish the same thing in equal time, or perhaps less.

Italy is once more making a most determined and aggressive effort in the direction of Trieste, the most important seaport of the Austrian monarchy, and the most considerable trading centre on the Adriatic.

On the British front the "tanks" have scored a notable achievement by taking a number of important positions north of St. Julien. These unwieldy looking, but effective machines, constituted the chief offensive weapon and the outcome has once more demonstrated their great value as an effective fighting instrument.

NOTES AND COMMENTS

The British tank is once more entitled to put on some swank. The astute Toronto Globe has figured out that the resignation of the Minister of Public Works has been "staged by the Prime Minister and Mr. Rogers in collusion."

The Kaiser has been inspecting his fleet, and thinking them for what they have done. As far as the average mortal can observe their chief claim to glory is their unaltered persistency in clinging to the Kiel canal.

Pretty soon certain Grit sheets which claimed that Rogers was a weakness to the Government, will be asserting that his withdrawal has been a blow to the administration. That's the way said sheets are built.

One thing is certain; when William of Hohenzollern talks of naval victories he must base those visions on something stronger than water.

NOTED GYPSY DEAD. By Courier Leased Wire. London, Aug. 21.—Betty Blythe, daughter of David Blythe, and said to be the rightful heir to the Gypsy throne, died yesterday at Obinvalde, Scotland, aged 32 years. She waived her claim to the throne in favor of her sister, Ester A. A., who was queen of Gypsies for many years.

ORDER RESTORED. By Courier Leased Wire. Madrid, Aug. 21.—The cabinet yesterday decided to send home all men recently called to the colors owing to disturbances. The cabinet approved a credit of 70,000,000 pesetas for the re-organization of the army and the manufacture of material, especially anti-aircraft and artillery.

An 18-pound salmon was hooked at Gull Lake, but escaped, and a few days later was brought in by the same party.

THE RESIGNATION OF MR. ROGERS

The withdrawal of Hon. Robert Rogers from the Borden Cabinet is stated to have been based on two reasons:—

1. The continuance of negotiations for a National Government, after the refusal of Sir Wilfrid Laurier to join in such an undertaking. 2. Too much delay in the carrying out of Conscription and other matters.

The fact that in withdrawing, Mr. Rogers asked that his resignation (already in the hands of the Premier) be given effect, emphasizes the circumstance that when Sir Robert decided that coalition was the proper course, he secured from all his colleagues consent to drop their portfolios in order to allow him a free hand. That incident, in itself, demonstrates the earnestness and sincerity which have actuated him in seeking a National Cabinet.

Mr. Rogers is certainly not alone in resenting the attitude of Sir Wilfrid in refusing to meet the Premier half way, and the fact that the Winnipeg convention endorsed Laurier's leadership and what it represented, has certainly not tended to help matters from a coalition standpoint. It is true that said convention was manipulated by wire pullers to the open disgust of many of the rank and file, but the record stands nevertheless. Rogers, as a strong party man, evidently feels that the time has come to put a stop to further dickerings with leaders who substitute party trickery for what should be patriotic action.

His second complaint of inactivity does not hold water, in view of what has been accomplished, and his reference to the compulsory service bill is decidedly inopportune in view of the fact that the measure has been pushed forward to the stage when it only awaits the signature of the Governor-General.

One outstanding feature is that Sir Robert has withstood the demands of a colleague whom the Liberal papers for a long time have depicted as his "Boss" and "Dictator." One whose purposes he dare not cross and whose ipse dixit dominated the administration. The allegations never had even the semblance of truth in them, for Borden has from the first shown himself to be master in his own house. He demonstrated that when the time came with reference to Sir Sam Hughes, and he has demonstrated it once more in connection with the acceptance of the resignation of the Minister of Public Works.

Meanwhile the Premier is honestly endeavoring to secure a Cabinet on a non-political basis with both the great parties, and agricultural and labor interests represented. Laurier and Graham and Oliver are seeking by every means in their power to thwart such a worthy effort, and under the circumstances the only incentive for its continuance is the fact that all over the Dominion there are direct evidences that thousands of Liberals resent their course. Sir Robert is persistent, it is to be hoped, with ultimate success. If not, the onus of an election on a strict party basis, will be upon the Liberal leadership and his chief lieutenants, and the people will most assuredly know how to deal with them and their un-patriotic course.

USE JAPS.

By Courier Leased Wire. Paris, Aug. 21.—The Matin gives prominence to an article pointing out that the contribution of the Russian powers towards the raising of Russia's military forces is necessarily limited by difficulties of communication. The far east, it says, however is in a position to participate freely. It suggests that Japanese troops might relieve the Siberian garrisons which could be sent to the front and that Japanese units might reinforce the men in the fighting line giving an example of devotion to duty to soldiers who are influenced by the propaganda of the Russian extremists.

GUNBOAT BEATEN.

By Courier Leased Wire. Rochester, N. Y., Aug. 21.—"Kid" Norfolk, colored, of Baltimore, decisively outfought Gunboat Smith, of California, last night in ten rounds. Norfolk carried the battle all the way, seldom giving Smith an opportunity to set himself for a telling punch. Smith claimed to have hurt his right hand in the third round. Weights were Norfolk 179 1/2 and Smith 174 pounds.

The School of Signalling at Borden Camp is to close this week, as, according to a new order, no more signalling instruction is to be given in Canada. Official word was received in Brantford that Lt. News Notes

Prompt action on the part of Messrs. Bowers and Currie, of Fredericton, prevented the occupants of a canoe from drowning. Moving about in the canoe caused it to tilt and turn over.

A sad drowning accident took place at St. Andrews when a young man and girl were on their way home from a party. Their horse stepped off the bar while crossing from St. Andrews to Minister's Island.

Fredericton is the only city of size and importance that has no life-saving apparatus. The life of Little Henry Treadwell, who was drowned August 3rd, might have been saved had there been a pulmotor handy.

A heavy wind storm which swept through the Annapolis Valley of Nova Scotia, seriously reduced the apple crop in that province.

Miss Ruby Coombes of Fredericton, while riding a bicycle, became entangled in an automobile and received a bad shaking up.

The Newfoundland Legislature was prorogued Aug. 8th, but a new session opened the following week to introduce the business profits tax.

An intoxicated man while driving a large car out of Moncton, ran into a solid mass of concrete, and it is feared his knee-cap is badly injured.

A Fredericton young lady, undoubtedly not an automobile expert, ran into a standing train. The car was badly damaged, but no one was hurt.

Capt. E. Smyth Ball, of St. Catharines, has been killed in action. Inspector Matt Beckett of Owen Sound, has been appointed to assist Inspector Winterhall, of Waterloo county.

Archibald B. McColg, Liberal member of the House of Commons for West Kent, is likely to be opposed at the coming election by a candidate with a wip-the-war policy.

DAILY NEWSPAPER BEST

The Salada Tea Co. have run the whole gamut of schemes and practices for market development. They have used sampling, they have used bill-boards, they have used magazines; they have used trade papers; they have used circulating; but always they have come back to newspaper advertising as the only satisfactory and efficient force in the development of their business. What is more, like many other advertisers, they have found it profitable in most cases to pay extra for special position.

Today, with nine branch offices in the United States and two offices in Canada, the Salada Tea Co., has become one of the largest packers of tea on the continent; it has changed an unfavorable market demand to one which now gives Ceylon and India teas 77 per cent. of the total tea trade.

Could it have been done without advertising? Mr. Larkin thinks not, for he says: "Whatever the merits of the article, how can the public know of them unless you tell them? And I consider and I speak from years of experience that the best way to get their ear is through the public press—the daily newspaper."—From Economic Advertising.

LIQUOR MAY HAVE CAUSED KILLING

By Courier Leased Wire. Hamilton, Ont., Aug. 21.—The latest theory of the police in connection with the mysterious death of Dr. D. G. MacRobbie, well-known Hamilton physician, who was found on the premises of the Crescent Oil Company Sunday night, is that he was the victim of a brawl.

Harry Smith, manager of the Crescent Oil Company; Walter Scott, architect, and J. J. McAniff, real estate man, who were in the room when MacRobbie, the caretaker, discovered the dying man, were decidedly under the influence of liquor, it is admitted. They were seen to soundly arouse them. The post-mortem, it is claimed, revealed that MacRobbie also had considerable in his stomach.

MacRobbie's black eye indicates that he was struck in the face and the police say that he fell backwards with terrific force, striking his head against the iron bars found under the body, fracturing his skull. They account for the blood stains higher up on the wall by the belief that the dying man, who was injured, was soaked with the blood which flowed from the wound in his head, pitched around in a vain effort to get to his feet. With his left hand he tried to loosen his collar, gouging a piece of flesh out of his neck in the effort. The small bit of flesh was found under his thumb nail.

The police claimed to say that they have a woman witness residing with in a short distance of the scene of the tragedy, who claims that she heard four calls for help on the night in question. According to the caretaker's story yesterday, he found the body at 10.30. Constable Thompson says he was talking with the caretaker in front of the building at that hour and he made no mention of the trouble within.

The police are subpoenaing a large number of witnesses for the inquest, which will be resumed on Thursday night. One of the points that will be carefully probed will be the reason for the long delay in calling for a doctor or the police.

Owing to the narrow highways, which prevail in New Brunswick, Miss Lenore Gerow, of Fredericton, who was one of a party of eight, had her wrist broken when the car in which she was riding, turned turtle in a ditch.

Bees in the Chatham district are doing some of the most serious damage which is unknown to the keepers. The first load of new wheat brought into the local market at Tilbury this week tested 61 pounds to the bushel. A fire which broke out while attending a fire in Fredericton, the fire was caused by rats, and officer Sturtevant was struck by the hind wheel of the motor truck.

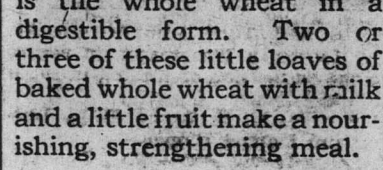

George J. Dunning, of Somerville, Mass., a retired chief of police, was drowned. He was formerly a well known and highly respected resident of Summerside, P. E. I.

Three sisters of Sydney are leaders in three classes this year in the Government reports of Academy examinations. They are Misses Margaret, Helen and Miriam Bannerman.

The New Brunswick Government is keeping a sharp lookout for small-pox suspects from Maine. The type of disease is mild and as yet no deaths have resulted.

Willie Cronin, a 14-year-old Na-pawee youth, had his skull pierced by being struck on the head with a stone and is in a critical condition.

In These War Times you want real food that contains the greatest amount of body-building material at lowest cost. The whole wheat grain is all food. Shredded Wheat Biscuit is the whole wheat in a digestible form. Two or three of these little loaves of baked whole wheat with milk and a little fruit make a nourishing, strengthening meal.

THE WICKED KAISER

The kaiser, so dispatches say, would bring us dire disasters, and loathsome agents in his pay, are selling poisoned plasters. With deadly germs these plasters swarm, like skippers in old cheese; and if you put one on your form you'll die of punk diseases. Or take like this we groan and grieve, and wring our hands and snuff; we are so easy to believe such tithorn brands of piffle. The kaiser stole my shortborn pup, and killed my old cat Tabby; he put some poison in her cup, and knocked her cold and flabby. The kaiser's agents come at night, when spot a fake when we behold it.

HARD OR SOFT OR ANY KIND OF CORN

You reckless men and women who are pestered with corns and who have at least once a week invited an awful death from lockjaw or blood poison are now told by a Cincinnati authority to use a drug called freeze, which the moment a few drops are applied to any corn, the soreness is relieved and soon the entire corn, root and all, lifts out with the fingers. It is a sticky substance which dries the moment it is applied and is said to simply shrivel the corn without inflaming or even irritating the surrounding tissue of skin. It is claimed that a quarter of an ounce will cast very little at any of the drug stores, but is sufficient to rid one's feet of every hard or soft corn or callus. You are further warned that cutting at a corn is a suicidal habit.

WAR SITUATION

Continued from Page One. Last night made their third attempt to recapture positions recently wrested from them near Epehy, northwest of St. Quentin. A determined attack was made in which the Germans employed flame throwers, but they were repulsed completely by the British, who hold all their positions.

Heavy fighting continued on the southern Rumanian front. The Russians and Rumanians are offering stiff resistance, but, Petrograd reports officially, have been forced back further at several points. Austro-German troops reached the southwestern outskirts of the important Moldavian town of Dona, 75 miles southwest of the Rumanian capital, Jassy. In the direction of Fokshani the Germans took the offensive along the railroad, advancing on both sides of it. A counter-attack west of the railway resulted in restoration of the Russo-Rumanian positions.

On the Northern Russian front, increasing activity is reported. The Germans are bombarding heavily the Russian trenches west of the Riga-Mitau railroad. The new Russian offensive on the Caucasian front has resulted in further victories. Capture of a series of villages south of the Pelmir-Balmer sector is reported by the Russian war office. The Turks made an attack in the direction of Kharp and gained initial successes, but subsequently were expelled from the captured positions.

British aviators, who have been making frequent attacks in Belgium, carried out another bombing expedition on Sunday night. They dropped many tons of explosives on military objectives, the British admiralty reports. All the airplanes returned safely.

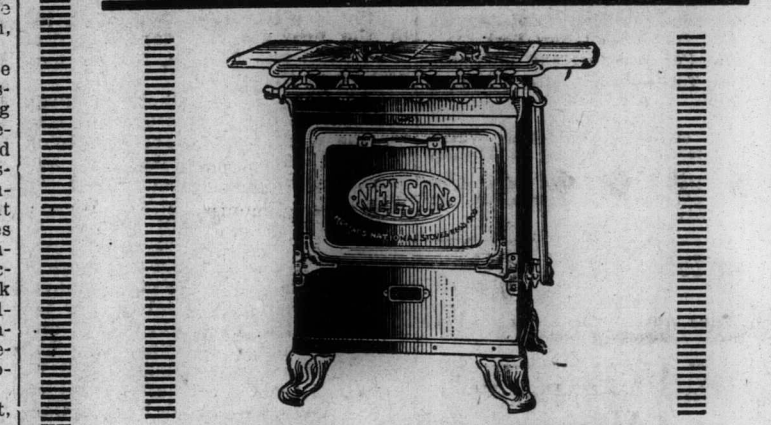

The interment took place Saturday at Owen Sound of Maurice Jones, a veteran of the Royal Marine Artillery, who saw service in the Crimean war and the Indian Mutiny. After a running fight between bandits on a trolley car and the police in automobiles, Montreal officers Saturday afternoon rounded up three bandits and shot one of them.

wrth getting

YES, YOU may get one. Just open an account with one dollar and we will give you a Bank Book in your own name, or your name and your wife's, mother's or brother's name. You will never regret it. Make it a habit to put away so much each week or month. Five dollars a month for the next fifteen years will give you over one thousand dollars. Worth having isn't it? Interest accumulates at three per cent. Start today, tomorrow never comes.

MOULDERS PICNIC. A number of local moulders, core-makers and cigarmakers attended the annual picnic of the Hamilton Moulders' Union, that was held on Saturday afternoon to Centre Island, Toronto. An interesting program of sports was thoroughly enjoyed by the Hamilton men and their friends from Brantford, Galt, Cudolph and Toronto. Over eight hundred in all were in attendance.

ROAD POOR. Ten members of the Excelsior Motorcycle Club of Hamilton passed through the city on Sunday morning bound for Paris. The group left the Ambitious City at 9.15 in the morning, and made such good time that they decided to proceed to Paris. The tourists returned by the way of the Governor's Road, and on their arrival home complained of the poor sandy condition of this part of the roadway.

HIS WILL BE DONE. The wicked railroads have again stopped making noise in Brantford's back yard after the ultimatum issued early this week by Mayor Bowly. After being reprimanded some time ago and threatened with dire punishment if they forsook the straight and narrow path for that which led to the "rinsing of bells and the blowing of whistles," the railroads have been good until recently, when complaints were again made to His Worship. One more word from Brantford's leading magistrate was all that was necessary, however, to stop the disturbance.

NOT LENGTHEN HOLIDAYS. To assist in the greater production movement, many pupils of the schools in this and other cities have gone on the farms during the summer months. The Toronto public school officials are considering the advisability of postponing the date of opening the schools from September 1st until one month later. When mentioned this morning regarding the possibility of such action in this city, a member of the Board of Education said that the suggestion had not yet been made and was of the opinion that the Board would not favor such a proceeding. He pointed out that approximately \$5,000 a month is being paid in salaries to teachers, and that this sum would be paid out for a total loss if the opening of the schools were delayed for a month.

HOW ABOUT IT? The possibility of an Inter-city series to decide the baseball supremacy of Ontario has been suggested by Brantford, London, Toronto and Hamilton being mentioned as the competitive cities. In each of these centres there are semi-pro leagues and among the players are many former professional players. The St. Mary's Club of Toronto, semi-pro champions for this year, managed by Knotty Lee formerly of Hamilton and Guelph, have no less than seven former Canadian leaguers in uniform. The Blue Labels of London have a speedy aggregation and there are several strong teams in Hamilton where the summer pastime has thrived during the past season who would provide a lively battle. The Dominion Steel Products team of this local city league, reinforced by players from the other teams would form a formidable nine that would take considerable beating.

Handicap Tourney. Chicago, Aug. 21.—Chief events on the program of the Grand American Handicap tournament today were the Chicago overture, open to amateurs only, at one hundred targets from the sixteen yard rise; the national championship in doubles and the regional amateur championship at single targets. In the South Shore introductory event yesterday, Frank Troeh of Vancouver, B.C., made a new record when he broke 199 targets out of a possible 200, shooting from the 18 yard rise. Troeh missed his 22nd target and then finished with a straight run of 108.

A VACANCY. No appointment has yet been made toward filling the vacancy on the staff of the Y.M.C.A. caused by the resignation of Boys' Secretary Ross Beckett. Several likely and progressive men are in view and it is expected that several of these will be in the city during the latter part of the week to look over the local situation.

AUTO AFIRE. The firemen were summoned last night to 308 Dalhousie street about ten o'clock to combat a blaze in an automobile standing in front of the house from which a telephone message was sent. The fire had been extinguished by the time the fire-fighters arrived however. The loss will be slight.

POLICE COURT. William Thomas and Mrs. Sarah Howell in the police court to-day were remanded until the afternoon when charges of intoxication were settled. Harold Batty and John Pordley each paid \$2 for crowding pedestrians on the sidewalk. Andrew Murski who drove a ferocious dog with a well developed appetite and a nice discriminating taste that prefers human flesh, was ordered to pay court costs of \$2.35 and a doctor's bill of \$3.75 for injuries that had been inflicted on the person of Constable Pickell.

TOWNSHIP HYDRO. All the necessary preliminaries in the township hydro electric installation have been disposed of and the work may be proceeded with immediately. A special meeting of the township council was held at the Court House last night when a few details were cleared up and the following resolution passed: That the Hydro Electric Power Commission of Ontario are authorized to do the engineering in connection with the remodelling of and extending the electrical distribution system being purchased by Brantford Township, from the Western Ontario Electric Company; also that the Commission be authorized to purchase the necessary material for the work.

The invoice for material and engineering assistance to be paid by the township when rendered by the Provincial Commission; also should it be found advisable to arrange to have the Brantford Hydro Electric system do the construction work the township agrees to pay the labor costs when presented by the Brantford Hydro Electric system after same have been checked by the engineers of the Hydro Electric Power Commission of Ontario.

An agreement is being prepared by the Provincial Commission to be entered into by the Brantford Hydro Electric system and Brantford township. That the work to be done is material orders for the necessary material are being placed immediately, and the work of installation will proceed unobstructed.

NO GUESTS WANTED. By Courier Leased Wire. Copenhagen, Aug. 21.—"Speed the parting guests," is now the motto of the Bavarian Government finding that the plague of tourists in the Bavarian Highlands and other resorts is eating the natives out of house and home. Visitors now have been limited to one week's stay and the police have been instructed to expel without even this delay any outsider guilty or suspected of buying up food. Every effort will be made to discourage the winter season at the mountain resorts.

Baseball—McGratons vs. the Mackies. Fomer won 14 to 12. Judge of the baby show—Messrs. F. Calbeck, C. Hartman and Mr. D. Miller, Brant Ave.

CONTROLLER FOR U.S. COAL. By Courier Leased Wire. Washington, Aug. 21.—President Wilson's next move towards the establishment of government control of the coal industry, following the appointment last yesterday of Judge Robert S. Lovett, chairman of the Union Pacific Railroad, as director of priority of transportation, is expected to be the selection within a day or so of a coal administration.

There was no intimation to be had to-day concerning the identity of the man the resident will name to control coal production and distribution and exercise the price-fixing powers given in the food bill. It is not believed that a member of the Federal Trade Commission or Judge Lovett will be appointed.

Judge Lovett's first official act was to direct railway and steamship lines to give bituminous coal shipments to the northwest precedence over all other freight transportation.

Crops suffered severely in a second electrical storm that swept over Quebec yesterday. Ex-Ald. Harry Baker, a pioneer of Stratford, passed away at his home on Daly avenue. He was born in 1848.

ITALIANS THRUST FORWARD IN NOTABLE DRIVE UPON TRIESTE

Smashing Advance From Plava to the Sea; 7,500 Prisoners Already Taken, and Many Cannon

Copenhagen, Aug. 21.—According to reports received from Austria the battle now raging on the Isonzo front of the Austro-Italian theatre is characterized as the most decisive fought here. The Italian forces are giving their best, and it is believed the Italians are making an attempt to break through to Trieste. A colossal number of new guns have been brought into the fight, for which the Italians had been preparing for weeks.

Rome, Aug. 21.—The Italians in their offensive on the Isonzo front yesterday have crossed the Isonzo River and already have taken 7,500 prisoners, it was officially announced by the War Department yesterday. The Italian forces are giving their infantry valuable support, more than 200 of them being engaged in attacking with bombs and machine gun fire Austrian troop formations behind the lines. A large number of Italian guns were energetically proceeding with the work of destruction of the new positions taken up by the Austrians, endeavoring to blast a road through the defences in order to make more easy the march of the Italian troops toward Trieste, Austria's principle seaport, lying at the head of the Adriatic Sea.

5,000 Guns in Action The special correspondent of the Cologne Gazette on the Isonzo front has telegraphed as follows to Berlin: "The artillery concentration on the Isonzo front is proceeding on all earlier preparations. The roar of over 5,000 cannon in uninterrupted activity can be heard deep into the Tyrol. The presence of a great number of British and French guns of the heaviest calibre has been established."

The Official Report. The statement from Italian General Headquarters reads: "The battle is proceeding on the Julian Alps front. Yesterday morning after a bombardment of 24 hours, during which our artillery shells hit the enemy positions with ever-increasing intensity, masses of our infantry commenced the advance toward their objectives. To the north of Anovo (7 1/2 miles north of

200 Aeroplanes Take Part. "A total of 208 aeroplanes indistinguishably participated in the battle, attacking especially with bombs and machine guns the troops assembled to the rear of the enemy's positions. The infantry action vigorously continued while the artillery also is proceeding energetically with its work of destruction. "The enemy's losses are very serious. The booty reported up to the front is very considerable. Machine guns and a large number of machine guns are in our hands. Up to last evening more than 7,500 men and about 100 cannon, passed into our collecting stations."

A Rome despatch says: "Italy's great offensive had spread over a distance of nearly a hundred miles of front in the Carso and Isonzo fronts to-day. The Italian drive, beginning last night, was reported as extending everywhere with splendid progress and great captures of Austrians. British and French gunners are co-operating with General Cadorna's troops, the first of Austrian defences, from the Julian Alps to the sea, is under the pounding fire of the allied artillery."

Germany not to Take Lead By Courier Leased Wire. Copenhagen, Aug. 21.—At the meeting of the main committee of the reichstag to-day Chancellor Michaelis was expected to declare the Pope's peace note in general accord with the German Government's peace proposal of December 12, 1916, and the recent reichstag resolution on the same subject and therefore to be sympathetically received in Germany. Germany cannot, however, discuss details and particularly under no circumstances can it enter into a discussion of the status of Alsace-Lorraine as a part of the German Empire. The Chancellor, according to this forecast, will say that as Germany has earlier indicated its desire to make peace the first word must come from the other side. A member of the committee on foreign affairs is expected to declare the treaty in Berlin under the chairman's auspices of the Havarian Premier Count Hertling, to discuss the situation created by the Pope's note and to approve the lines of Chancellor Michaelis' speech to the reichstag committee to-day.

EX-POLICEMAN HAILED TO COURT

Arthur Yeates Faced Charges Before Magistrate This Morning

A mild sentence was created in the police court this morning when Arthur Yeates, a former member of the staff, appeared to answer two charges, one preferred by Mrs. Effie Muirhead, for non-payment of board bill, and the other by Albert Howitt, another constable on the force, who charges Yeates with false pretences. When connected with the force, Yeates, who is a returned soldier with an honorable discharge, and who has several medals won by distinguished service, was not in good health, and borrowed some money from Howitt, stating that his wife was ill in Toronto. He later had some trouble with the other members of the police department and resigned. Chief Slemin at first vigorously prosecuted the case this morning, but acting magistrates Spence and Calbeck allowed a remand of one week, Yeates promising to pay the two accounts in installments as soon as possible.

Bowling

The Amusement programmes for the coming exhibition are ready for the public. Forty thousands of them will soon be distributed throughout western Ontario. There will be an excellent programme this year. The feature act will be Oscar V. Babcock, his most wonderful and daring feat, "Looping the Loop." He starts at a height of 55 feet and coming down an incline of 110 feet, loops a loop 28 feet in diameter, missing with a loop of 40 feet in the air. This performance is on a motor cycle and will without doubt be a wonderful and thrilling act. Other artists are DeLano and Ladue in their comedy acrobatic act, Apdalen's Zoo and Circus, America's best combination animal act. The Rose troupe the tummy people, the greatest laugh producers on the stage to-day. Manley, the patriotic singer who is always popular with an exhibition audience. The Juvenile Players and Dancers band, have been engaged for the entire week two performances daily. There will be an abundance of music this year by all the local bands and several of the very best outside bands obtainable. In addition to all this there will be two speed events daily when large purses will be offered. This will without doubt be the banner year for the Exhibition. The Rutherford Carnival Co. will fill the midway with good clean shows, and will furnish amusement for all. If space is required or entries to be made, attend to the matter at once. The International Fireworks Co., of London, will provide a new and novel programme of fireworks each evening before the Grand Stand. All information regarding the Exhibition in all departments will be furnished by the Secretary at the General Office, Dominion Savings Building, City.

CONFERENCE

Continued from Page One be that the various governments would desire that the conference be held in Stockholm. Premier Lloyd George had once been in favor of the conference and he might be so again. The following resolution was moved and seconded: "The conference remains of the opinion that it is desirable for the British Labor party to be represented at the international Socialist conference about to be held, so that the opinions of the party may not be misrepresented, and the conference notes with regret that the government has expressed the intention of refusing passports and licenses for this purpose, and directs that representations be made to the government on the subject."

BIG BLOW STRUCK BY THE FRENCH UPON VERDON FRONT

Enemy Defences on Eleven Mile Front About City Are Taken

4000 HUNS CAPTURED Petain's Airplanes Play A Brilliant Part in Great New Drive

Paris, Aug. 20.—A smashing French victory on the Verdun front is recorded in the official report issued by the War Office to-night. The French have captured the enemy defences on both sides of the Meuse from a front of more than eleven miles, penetrating the German line at divers points to a depth of a mile and a quarter. More than four thousand, un wounded German prisoners have been taken.

Text of Statement. The text of the night statement reads: "On the front north of Verdun our troops captured on both sides of the Meuse enemy defences on a front of 18 kilometers (11 miles) and to a depth which exceeded two kilometers at certain points. On the left bank of the river we hold in particular the Avocourt Wood, the two summits of Le Mort Homme, Corbeaux Wood and Cumieres. On the right bank we have occupied Talon Ridge, Chammeville Hill and Hill 344, Mormont Farm and Hill 240, north of Louvemont.

"On the right our troops have advanced considerably in the Bois des Fosse and the Bois de Chaume. "The number of un wounded prisoners taken is more than 4,000. "The Germans carried out violent counter attacks on the Avocourt Wood and against Le Mort Homme and Hill 344, but our fire everywhere broke down their efforts and inflicted heavy losses. Our aviators took a brilliant part in the battle turning their machine guns at a low height against enemy concentrations and contributing also to the repulse of counter attacks.

"Our pilots brought down eleven German airplanes on the battle-front while the other enemy machines were brought down by our special guns."

RUN-DOWN AND NERVOUS

NEUTRALITY WAS ENFORCED UPON GREECE

Though Pro-German In Sympathy, Constantine Was Muzzled

By Courier Leased Wire London, Aug. 21.—An Athens despatch to the Exchange Telegraph Company says that among the diplomatic documents found in Athens since the change of government is a dispatch of former King Constantine written a few days after the war began, in response to a message from the emperor, who proposed Greece should range herself on the side of the Central Powers. Constantine said in his reply: "The emperor well knows my personal sympathies as well as my political opinions, attract to his side. Nevertheless it is impossible for me to understand in that manner I could be useful to him in mobilizing my army. The Mediterranean is at the mercy of the united fleets of England and France which would destroy our navy and merchant marine, occupy our islands and, above all, prevent concentration of my army, which could be affected only by sea in the absence of railway communications. Without it being in our power to be useful in any particular we would be wiped off the map. I am necessarily of the opinion that neutrality is imposed upon us."

Gottlieb von Jagow, then German foreign secretary, replied to Constantine that Emperor William understood the necessity of maintaining neutrality for the present. He advised Constantine to reach an understanding with Sofia and Constantinople.

Kaiser Pleased. Amsterdam, Aug. 20.—At the conclusion of his visit to the German Emperor, Emperor William issued the following to the fleet: "After having recently received an announcement that a renewed heavy attack of the enemy in Flanders had been successfully repelled, I have every right to feel that my fleet and the island fortress of Heligoland have been enabled to convince myself of the strength and security of this front. I express my warm appreciation to all the high seas forces on the water, under water and in the air and to the fortress of Heligoland, for their untiring self-sacrificing and successful labor by means of which they have kept firmly in view and attained this aim. May the fleet remain conscious that the confidence of myself and the fatherland reposes firmly on it."

HYATT'S WORK FEATURES. New Orleans, Aug. 20.—"Ham" Hyatt, of Chattanooga, widened the gap between himself and Covington of Little Rock, for honors as leading run-getter of the Southern Association. Hyatt having scored 89 times, Hyatt also has taken the lead in total bases away from Edmondson, of New Orleans.

Ham, in 127 games, has stretched 144 hits into 24 doubles, 10 triples and 9 homers, giving him a mark of 215 total bases. He also is one point behind Jack Munch, of Atlanta, for batting honors. Munch is leading with .336. The batting leaders follow: Munch, Atlanta, .336; Hyatt, Chattanooga, .335; Moran, Atlanta, .321; Knieley, Nashville, .320; Edmondson, New Orleans, .316; Vick, Memphis, .315; Ellis, Birmingham, .295; Covington, Little Rock, .291; W. Baker, Little Rock, .290; Webb, Birmingham, .289; Thrasher, Atlanta, .289.

MAMAUX IN TROUBLE Pittsburgh, Aug. 21.—By pitching for an amateur team here yesterday, Al Mamaux, suspended pitcher of the Pittsburgh National League Club, automatically threw himself out of organized baseball, according to baseball men here. Mamaux was under suspension for an infraction of club rules. Reinstatement by the National Baseball Commission is declared to be his only means of re-entering professional ball.

Toronto Had Lead of In Sixth, But Bears' In The 7th.

THEN STORM CAME Forced Empire To Call Game, Reverting To Of Sixth

Toronto, Aug. 21.—It is wind that does not blow so good, and therefore who rain halted the game yesterday between the Leafs and Toronto. The Bears had tied it up seventh and the wind had ed the stand, scoreboard and besides driving several fans, it was hardly conceivable the majority of those present any thing good in such a game. But the league goes to Toronto for the game goes to Toronto score of three to nothing explained for the benefit of who might not know that being called a called a being completed the game reverts last complete inning, which, case, was the sixth, and the led at that time by the score.

For the rain there mi another story to tell, for Penn who was twirling for Newark in the seventh, was let down by ray, the Leafs' new fielder, a accidentally, on his initial appearance at the Island Stadium. Murray two errors in seven innings, ever, this may have been due to viousness and he will have ma portunities during the week drive himself. Both pitchers working nicely until Penn went to the mound in the thirteenth. He struck out. Tr started the ball rolling, but with a single and Jacobson be a tap in front of the plate Egan threw high to first. Wh sent Tuesday home when he ed to left, while Jacobson ad to third. Whitman reached on the throw in and both E Jacobson tallied when Lajoie ad down an awkward bounder rolled through second shutt out and Lajoie stole second, out Blackburne fan.

The Leafs went to bat in the of the inning while storm gathered from all points in the ens. Truesdale was passed an second on Jacobson's grounds. This looked another likely po Toronto to break into the r umn, with one on second and a and Whitman at bat. Ho with three and nothing out the left-fielder the game was us by rain and thirty minutes Empire Bedford called the ga cause of wet grounds, and sta with a double-header would be pl day to catch up with the game should have completed yest double-header.

LEAFS WON WITH AID OF STORM

Toronto Had Lead of Three in Sixth, But Bears Tied It In The 7th.

THEN STORM CAME UP Forced Umpire To Call The Game, Reverting To Last Of Sixth

Toronto, Aug. 21.—It is an ill-wind that does not blow someone some good, and therefore when the rain halted the game yesterday between the Leafs and Newark after the Bears had tied it up in the seventh and the wind had wrecked the stand, scoreboard and flagstaff besides drenching several thousand fans, it was hardly conceivable that the majority of those present would see anything good in such a disaster. But the league record tells the tale, for the game goes to Toronto by the score of three to nothing and is explained for the benefit of those who might not know that when a game is called and the inning is not completed the game reverts to the last complete inning. Justice in this case, was the sixth, and the Leafs led at that time by the above score.

But for the rain there might be another story to tell, for Pennington who was twirling for Newark, had one of his good days and was getting better every minute as the game progressed. Justice to Hearne, whose one bad inning was in the seventh, was let down by Murray, the Leafs' new fielder, and incidentally, on his initial appearance at the Island Stadium, Murray had two errors in seven innings. However, this may have been due to nervousness and he will have many opportunities during the week to retrieve himself. Justice to Hearne working nicely until Pennington went to the mound in the third and Hearne had struck out. Truesdale started the ball rolling, however, with a single and Jacobson beat him a tap in front of the plate when Egan threw high to first. Whiteman sent Truesdale home when he singled to left, while Jacobson advanced to third. Whiteman reached second on the throw in and both he and Jacobson tallied when Lajoie knocked down an awkward bounder, which rolled through Schultz's legs out and Lajoie stole second, only to have Blackburne fan.

With a lead of three the Leafs settled down to defensive baseball, and looked as if they might margin enough to win, but in the first of the seventh Callahan led off with a single and Haas duplicated and Callahan went to the third corner. Eitred drove a bouncer down to Murray who made a terrible play for it and the ball got away from him. Callahan scored, while Russell's attempt to knock Hearne in the bud, for he popped to Hearne. Egan filed to Schultz and the runners moved up a base only to be scored a moment later when Pennington singled. This tied the score, but as there were two down, nothing more developed. Fuller forced Pennington at second.

The Leafs went to bat in their half of the inning while storm clouds gathered from all points in the heavens. Truesdale was passed and took second on Jacobson's grounded out. This looked another likely point for Toronto to break into the run column, with one on second and one out and Whiteman at bat. However, with three and nothing on the Leafs' left-fielder the game was suspended by rain and thirty minutes later umpire Bedford called the game because of wet grounds, and stated that a double-header would be played today to catch up with the game which should have completed yesterday's double-header.

At Montreal. Montreal lost the first game of the series to Providence here this afternoon when the Grays won by a score of 5 to 4. Damrau, Montreal's infielder who has enlisted with the United States Army, played in left field. It is not yet known when he will leave for the training camp. Score: R. H. E. Providence, 130001000—3 11 1 Montreal, 00020200—4 7 0 Batteries—Reulbach and Mayer; Duffy and Madden.

At Rochester. Rochester won from Richmond, 5 to 2, to-day because of bunching five of six hits with passes in two innings while had outfielding by Hanford helped along. Score: R. H. E. Richmond, 010000001—2 11 2 Rochester, 30000200x—5 6 2 Batteries—Enright and Reynolds;

THE WESTERN FAIR, Sept. 7th to 15th. The Management of the Western Fair of London, Ontario, is making every possible effort this year to eclipse all their previous Exhibitions good as they have been. They are giving special attention to the Live Stock and Agricultural departments. Two Thousand Dollars was added to the Prize List, (which was a liberal one before) making this year's list the best ever offered, and exceeding liberal in all departments. It is expected that there will be a large entry in all the Live Stock Classes. Special classes in the Horse Department have been provided for farmers and their sons. Professional breeders and dealers have been barred from these Classes and the farmers will have an opportunity of exhibiting against farmers. There are also plenty of classes for the professionalists with liberal prizes offered. Prize Lists, Entry forms and all information promptly gives on application to the Secretary A. M. Hunt, London, Ontario.

PLAYERS RECALLED BY MAJOR LEAGUES

Jacobson of Toronto Drafted By Cubs; Other International Drafts

Cincinnati, O., Aug. 21.—The National Baseball Commission to-day issued its annual list of options exercised by major league clubs upon players with the International League clubs. The list follows:

American League By Boston—From Providence, Gregg, Thomas; from Buffalo, Tyron, Weyker, Kopp, Gill. By Chicago—From Newark, Eldred; from Providence, Shellenbach. By Cleveland—From Buffalo, Baily. By Detroit—From Richmond, Koehler; from Newark, Fuller. By New York—From Newark, McGraw, Camp; from Richmond, Mackston, Enright. By Philadelphia—From Richmond, Adams. By St. Louis—From Newark, Pennington. By Washington—From Baltimore, Acosta; from Toronto, Murray.

National League By Boston—From Providence, Reulbach. By Brooklyn—From Baltimore, Appleton, Snyder. By Chicago—From Richmond, Schick; from Toronto, Jacobson. By New York—From Rochester, Young, Steyer, Causey, Smith; from Montreal, Hoyt. By Cincinnati—From Richmond, Lafayette, Pittler; from Montreal, Gerner; from Providence, Allen. By Philadelphia—From Richmond, McGaffigan. By Pittsburgh—From Newark, Blackwell. By St. Louis—From Montreal, McAuley.

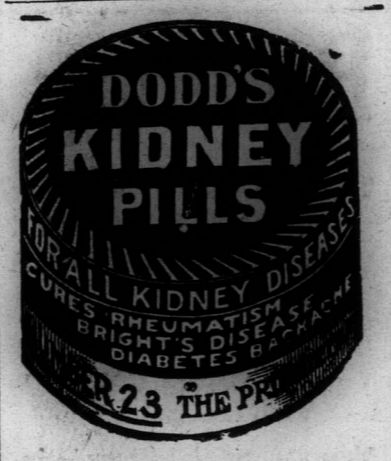

The commission also issued a supplementary list of optional agreements entered into by the majors and International League clubs. It follows: American League—By New York to Newark, Camp, \$300; by Washington to Toronto, Murray, \$300.

RE DRAFTED PLAYERS Cincinnati, O., Aug. 21.—The enrolling of ball players in the United States army and navy will have little effect financially on those clubs desiring to purchase or obtain by draft the players in leagues of lower classification. The National Baseball Commission to-day issued a notice to the effect that the status of all players obtained by recall under optional agreement would remain the same, no matter when the player was called for military or naval duty.

With men drafted from the ranks of the minors the draft price shall not be paid over until the player actually enters the service of the club which purchased him. In case the drafted player enters the military or naval service between the time he is drafted and the time he is ordered to report, the club which would have obtained his services has the privilege of cancelling his draft.

TWO DROWNED. By Courier Leased Wire. Quebec, Aug. 20.—Napoleon Girard, 40, and his son Leopold, drowned Saturday afternoon in a flooded river in the Misery Range, close to Lorette, in the flooded sector of Quebec county.

Three of Mr. Girard's boys were saved by their father and dragged his body to the bottom. The bodies have been recovered. The party were crossing a bridge which collapsed, throwing all into the stream. Mrs. Girard sick at home, saw the tragedy from her window and was shocked into unconsciousness. Her condition is precarious.

OLD GLORY SPEAKS I am the Stars and Stripes, your flag. Let me forever be Symbol of Might, Justice and Right. Arise o'er land and sea. New by a tyrant affronted, Jeered, insulted and sneered. What shall we do? 'Tis up to you, Freedom—our battle-cry.

Pleading I am and entreating What all America do? Columbia's sons, shoulder your guns, Old Glory waits for you. Show to the world that this nation Whose people make the laws, Stands firm to-day. Who dares to say "The Eagle has no claws?"

Your sires have shed their blood for me. Great Lincoln gave his life To shine my stars, enrich my bars And end internal strife. Behold Humanity bids me Strike for eternal peace, Pray make me strong, 'twill not be long.

Until all wars shall cease. I am whatever you make me, Your honor keeps me bright, My colors are red white and blue. Have never lost a fight. And never will, if each to-day United firmly stands To "Do or Die" if that will buy The freedom of all lands.

STUART A. BAXTER Detroit, Mich. Stuart A. Baxter is the fourth grandson of the late Colonel A. B. Baxter, of Chatham, to have answered the country's call. Major T. A. Baxter, of St. Catharines, now home on leave, Major W. J. Baxter, of Windsor, just returned to France, and Captain Brooke Baxter, of Windsor, who was wounded last spring. He was on the staff of the Merchants' Bank, St. George, as a cad. They come of fighting stock. Their great-grandfather, a captain in the battle of Waterloo, won honors on the field, and was awarded a medal. They are great-nephews of Mrs. Alfred Watts of this city.

Are You an Asset to Canada—or are You a Liability? ARE you helping to win the War? Or could Canada put up a better fight without you? Are you working—saving—paying—to back up the men at the front? Or are you loafing—wasting—spending on selfish indulgences the money that should be loaned to the Nation? Man-power is at a premium! The time and strength of every man in Canada should be devoted whole-heartedly to really useful work—work that will help, directly or indirectly, in the Struggle.

Food is short the world over! Every housewife in Canada should devote herself earnestly to the problem of conserving it—of feeding our people well, yet economically and without waste. Everyone should save—and lend the savings to the nation! Canada needs every dollar you can invest in War Savings Certificates, and for every \$21.50 you loan now, she will repay you \$25.00 at the end of three years—or you can get your money back at any time. Certificates are issued in denominations of \$25, \$50 and \$100, which may be purchased at \$21.50, \$43 and \$86 respectively, at any Bank or Money Order Post Office.

CRUCIAL SERIES IN AMERICAN LEAGUE

Red and White Sox Clash In Real Fight For The Pennant

BROKE EVEN MONDAY Chicago; Tigers Beat The Yanks

Chicago, Aug. 21.—Chicago and Boston divided a double-header yesterday in the opening of the series (which will have a big bearing on the pennant race. Chicago shut out the visitors 7 to 0 in the initial game, but Boston won the second, 3 to 1, in eight innings when it was called on account of darkness. Chicago still retains the lead by a scant margin.

In the first game Faber allowed the world's champions only four scattered hits, and only two Boston men reached second base. Chicago, on the other hand, batted Foster and Bader freely. Faber was given perfect support. Cicotte's wildness in the second inning of the second game and Barry's timely double won for Boston. Lewis had singled and Scott sacrificed. Agnew then filed to Felsch. Cicotte walked Mays and Walsh, filling the bases, and Barry delivered his double, which cleared the bases. Score: R. H. E. Boston, 000000000—0 4 0 Chicago, 00201112x—7 13 0 Batteries: Foster, Bader and Thomas; Faber and Schalk.

Second game— R. H. E. Boston, 050000000—3 8 0 Chicago, 000000001—1 4 0 Batteries: Mays, Ruth and Agnew;

Cicotte and Schalk. At St. Louis. Timely hitting with the help of two wild throws by Almsmith in the first and second innings, enabled St. Louis to take the first of the series from Washington yesterday, 4 to 1. Koob kept Washington's hits scattered, their run coming in the second on a walk, an out, Lavan's error and a single. Score: R. H. E. Washington, 010000000—1 5 2 St. Louis, 11000002x—4 9 1 Batteries, Shaw, Gallia and Almsmith; Koob and Seaver.

At Cleveland Cleveland opened the series with Philadelphia by winning 5 to 4. Morton was effective until the ninth, when Philadelphia made four hits and three runs, tying the score. Chapman greeted Myers, Philadelphia's third pitcher, with a triple. Popham and Smith were passed, purposely. Harris popped out, but Chapman scored the winning run on Wambansans' high bouncer to Witt. Score: R. H. E. Philadelphia, 010000003—4 10 0 Cleveland, 003000011—5 12 1 Batteries, Noyes, Reybold, Myers and Schang; Morton and Neill.

At Detroit Detroit beat New York in the first game of the series yesterday 3 to 2. The winning run was scored with one out in the ninth. Burns' single and steal and Mitchell's hit to left. Both Mitchell and Fisher pitched good ball. Score: R. H. E. New York, 010000100—2 5 0 Detroit, 000000201—3 8 1 Batteries, Fisher and Nunamaker; Mitchell, Yelle and Spencer.

FIELD CROPS. By Courier Leased Wire. Toronto, Aug. 20.—Ontario's field crops this summer will reach a value of more than \$300,000,000 or fifty per cent more than average crop of \$200,000,000, according to the estimates of the Ontario department of agriculture. Hay represents half the crop and oats about one quarter. Wheat will be somewhat below the average, but prices are more than double the average.

THOUSANDS OF MEN REQUIRED ON LAKE ONTARIO SHORE LINE, AND FOR HARVESTING IN WESTERN CANADA. Thousands of men are required to help in the great work of harvesting the Western crop. Arrangements for transporting to the West this great army of workers have been completed by the Canadian Pacific Railway. WAR GAS IDEA IS CENTURIES OLD; HOW USED AT PRESENT

Grey and Yellow Mist of Death in the Trenches Officially Described by Sir John French, Former Commander-in-Chief of British Forces - Victims an Appalling Sight

It was the Germans who brought back the use of gas into modern warfare. German thoroughness did not balk at the wholesale destruction caused by this form of offensive, but there is, at the same time, no credit due the Germans for originality in the matter.

For the use of deleterious gases back to the days before Christ; there is a record of that fact as early as from 431 to 404 B.C. in the histories of the Peloponnesian wars. It is noticeable, however, that even the ancients forbore to make use of it excepting in siege warfare.

In the Middle Ages, again, there was much recourse to what was commonly known as "Greek fire"; a liquid the constituents of which are now unremembered, but which was squirted through the air for the purpose of setting fire to buildings or places attacked—never, it is to be noticed, with the prime idea of burning down ranks of men.

This "Greek fire" served largely in sea fights, too, in order to set fire to the ships of the enemy, and the Byzantine Greeks made free use of it in the sieges of Constantinople in the years 1251 and 1412.

Sir John French Describes Gas
The gas fighting which the Germans have evolved, however, is something tremendously more sweeping and noxious. Let alone all imaginative descriptions of it (and almost every English author and journalist now serving at the front has attempted to picture the grey and yellow mist of death as it rides across the trenches), it is enough to take the official notes sent in to the British War Office by Sir John French himself, in his report dated May 3, 1915:

"The gases employed have been ejected from pipes laid in the trenches, and also produced by the explosion of shells especially manufactured for the purpose. The German troops who attacked under cover of these gases were provided with especially designed respirators.

"The effect of this poison is not merely disabling or even painlessly fatal; those of its victims who do not succumb on the field and who can be brought into the hospital suffer acutely, and in large proportion of cases die a painful and lingering death.

"Those who survive are in little better case, as the injury to their lungs seems to be of a permanent character and reduces them to a condition which points to their being invalids for life.

"These injuries, as a matter of fact, are the result of a sudden and retching contraction of the lungs so severe as to tear their tissues and the connecting bronchial tubes. The effect is not only sanguinary, say physicians who have served at the front, but permanently paralyzing.

Victims an Appalling Sight.
A British ambulance officer gave this account, printed in all the London papers:

"When we got to the hospitals we had no difficulty in finding in which ward the poor devils trying to get breath was sufficient to direct us. We were met by a doctor belonging to our division who took us into the ward. There were about twenty of the worst cases in the ward on mattresses, all more or less in a sitting

STRICKEN IN THE WAR DAY OPEN STREET

Completely Restored To Health By "Fruit-a-tives"

382 St. Valer St., MONTREAL.
"In 1912, I was taken suddenly ill with Acute Stomach Trouble and dropped in the street. I was treated by several physicians for nearly two years, and my weight dropped from 225 pounds to 160 pounds. Then several of my friends advised me to try "Fruit-a-tives". I began to improve almost with the first dose, and by using them, I recovered from the distressing Stomach Trouble—and all pain and Constipation were cured. Now I weigh 208 pounds. I cannot praise "Fruit-a-tives" enough!" H. WHITMAN.

PULPWOOD IN WAR TIME.
One of Canadian industries which has gone on increasing rapidly during war time is the production of pulpwood and the manufacture of pulp. The total quantity of wood manufactured into pulpwood in Canada in 1916 was over a million and three-quarter cords, compared with one million four hundred thousand cords in 1915. The value of the pulpwood made into pulp in Canada and exported for making pulpboards was nearly twenty million dollars. Very much more wood is now manufactured into pulp in Canada than in 1916 was. The pulp industry in Canada in 1916 are shown in a bulletin issued at the Forestry Branch of the Department of the Interior. Copies of the same may be had free upon application for the "Pulpwood Bulletin" for 1916 to the Director of Forestry Ottawa.

STEAMER AFIRE
By Courier Leased Wire.
New York, Aug. 20.—The Norwegian steamer, Christian Boors, of 4,076 tons, was damaged to the extent of \$1,000,000, by fire early this morning, while lying at her dock in South Brooklyn. The steamer arrived recently from Buenos Aires, and had about completed the discharge of a cargo of hides. Several Brooklyn fire companies and three fire boats fought the blaze, and had it under control, two hours after it was discovered. The origin of the fire has not been determined.

The Christian Boors was owned in Bergen and was under charter to the Prince Line.
The British steamship Baron Tedburgh, a vessel of 4,418 gross tons, discharging a cargo of sugar and glucose, was also badly damaged by the fire.

FARM HELP IN WEST.
Winnipeg, Aug. 20.—Four thousand eastern farm laborers will be distributed over western Canada's wheat area by to-night. Eight trains arrived in the city over the week end and all loaded to capacity and the greater portion of the men were dispatched to their destination during the night. Included were 150 soldiers from Valcartier on six weeks' leave from the 149th and 236th battalions.

LEGAL LIGHT DEAD
By Courier Leased Wire.
Montreal, Que., Aug. 20.—The Honourable Louis Omesime Loranger retired justice of the Superior Court of the Province of Quebec, died at his country residence, St. Hilaire, on Saturday. Hon. L. O. Loranger was born at Yamachiche, Que., over 80 years ago. He was attorney-general in the Canadian provincial administration 1879 to 1883 and appointed to the bench in the latter year. He retired in 1902.

Better Husbands and Wives.
"And when mothers stop crying over a girl baby and wishing it had been a boy, the children will make better husbands and wives. You don't know how bad it has been here. Why, only a few days ago I heard some of the women talking about a girl who died in the neighborhood. I included, were told to say was that it was a mercy Frank hadn't been took because it was better for the girl to go."
"Better marriages, perhaps later marriages, because girls won't rush in just to get away from a poverty-stricken home. That you can expect. But if you ask me whether the war will improve marriage or turn it topsy-turvy, the answer is, No, my dear. Not likely."

INCENDIARY CHARGE
By Courier Leased Wire.
Quebec, Aug. 21.—Lydius Ross, who last winter was charged with criminally causing fire to his home at Rimouski, in which his daughter perished, was again today behind the bars. Yesterday he shot at his wife when she refused to return to live with him and surrender him the children. The woman was saved by her convicts, which deflected the course of the bullet, and Ross is now awaiting trial at the Rimouski jail. The prisoner at one time worked in Montreal.

RUSS CONFERENCE.
By Courier Leased Wire.
London, Aug. 20.—The composition of the conference to be held at Moscow, August 25-27, to consider the political situation and plans for the new national government, is given in an Exchange Telegraph dispatch from Petrograd as follows:
Petrograd and Moscow town councils, 15 delegates each; other large towns, 7 each; Council of Soldiers and Workmen's delegates, 100; Peasants 100; Town Zemstvos; Co-operative societies 300; Industry 120; Agricultural societies 100; representatives of science 100; Duma 400.

Music and Drama

THE BRANT.
A tarring combination of unusual merit is that offered at the Brant theatre the first of this week, when Wallace Reid and Kathryn Williams co-star in the Morocco production "Big Timber", a gripping virile tale of the southern lumber camps interwoven with an absorbing theme of heart interest. Kathryn Williams has long been noted for her immensely powerful dramatic ability, while Wallace Reid enjoys a deserved niche of fame among the male stars of the screen to-day. And Oh, girls you should see Wally with a mousetache. A particularly attractive attraction is the roaring Keystone comedy "Villa of the Movies", presented by Mack Sennett's noted aggregation of fun-makers, Bushman and Bayne co-star once more in the latest chapter of the Metro mystery serial "The Great Secret." The Brant-Merrill company, novelty illusionists, offer an unusual and original, and sure to find favor with all.

FILM LETS.
Fred Kelsey, the director who produces Universal Western pictures with Harry Carey in them, takes part in the production himself whenever there is a particularly disagreeable role to be played.
Bluebird Director Joseph De Grasse is a descendant of the famous Frenchman, De Grasse, who commanded the fleet sent to aid U. S. at Yorktown during the Revolutionary War.

Marin Sals says that she intends to do her "bit" in these troublous times by raising whatever she can on her three-acre ranch in Glendale. Miss Sals does not leave all the work to helpers, either. She thoroughly enjoys getting out into the fields herself.

Franklyn Farnum had to go for a compulsory swim in the chilly Pacific, wearing a perfectly good suit of evening clothes for his latest Bluebird picture, "The Clock."

Harold Lockwood, Metro star, has announced he is ready, in the event his services are needed in the present crisis to serve his country as an aviator. Mr. Lockwood is an expert at operating an aeroplane. He became interested in flying several years ago.

THE REX.
The Broadway Belles commenced the third week of their engagement at the Rex theatre yesterday with an entertaining and breezy musical comedy, "A Night on a New York Roof Garden." The chorus has been enlarged and the programme of songs hits was exceptionally good and lively.

"The Bugle Call" a Thos. Ince production depicting life in Western Military encampments and showing the rugged Western life in its true aspect is the feature picture for the first part of the week. Another of the famous O. Henry Stories and a Triangle comedy that made the audience yesterday forget the heat rounded out a well balanced programme.

THE GRAND
A light and enjoyable evening's entertainment for all is offered at the Grand Opera House the first of the week, in the performance by the Edward Keene Players of the great comedy success "Baby Mine," a production which is one long series of laughs from beginning to end, with unusually well sustained interest throughout, and an admirable adaptation of the various performers to their respective roles. The complications which ensue when a neglected wife seeks to win back her husband by palming off an adopted child as their own, are many and numerous, for the husband reaches home to discover not one baby, but a trio of lusty infants greeting him, and the pandemonium that ensues but nights "Baby Mine" offers a welcome respite. For these hot relaxation and ample laughs for all.

Who'll Pay That Mortgage?
That mortgage—or other indebtedness—may cause you no worry. You know you can repay it if all goes well. But there's the rub. What if things go wrong? Supposing you should die—could your wife pay the mortgage without your income?
An Imperial Endowment Policy for the amount of the indebtedness will insure - its repayment, whether you live or die. There is no other means of meeting the case that is quite so certain—that leaves nothing to chance.
And the annual investment required is very moderate—moderate at least when you consider the peace of mind it will afford you.
Look at this problem squarely—don't dodge—don't wait. The advantages of life insurance are available only to those in good health. Send to-day for information about a policy to suit your particular need. To-morrow may be too late.

CHAPTER I
Anarchy.
"What you gonna have?"
To this inquiry the patron no response; head bent, nose to the pages of the magazine, she sedulously over a legend attached one of the illustrations.
After a decent pause in waiting waitress renewed her demand sharper accent:
"Say, listen; what you want?"
"White satin, veiled with d'Angleterre," Miss Manvers distinctly, if without looking aware simply of something in the presence at her elbow.
Fardonably startled, the waitress demanded with the rising inflection "Wha-a-at?"
"The court train," Miss Manvers pursued in abstraction. "It is with lace and dotted with bouquet orange-blossoms."
She checked herself suddenly and looked up shyly, and essayed a apologetic smile.
"I'm sorry, I didn't realize—"
But now the waitress had caught glimpse of the illustration and bending over the patron's shoulder for a better look.
"Isn't that commented since 'ain't that a dream?"
"Yes," Miss Manvers admitted wistfully; "it's a dream enough."
"That's so, too," Deftly, with a large, moist, red hand, the waitress arranged knife, fork, spoon, paper serviette on the under brown board before Miss Manvers. "That's the worst of them fashion magazines," she complained, "get your goat. Sometimes readin' some of that dope in the consumer magazines which never informs the mind of every lunch waitress."
"What you gonna have?" she demanded dispassionately.
"Ham-and, please."
"Plate of ham-and. Cawty?"
"Yes, iced coffee and"—Miss Manvers hesitated briefly—"and a lemon."
Recting the amended order waitress withdrew.
For the next few moments customer neglected the fashion line which she had found—entirely a souvenir of some other sent-mind patron—on the set chair next that one of her casual choice.
She stared blankly at the smudged and spotted bill of fare propped in its wooden frame, against a mor-plate-china sugar-bowl. She deeply intrigued by the exact human frailty as exemplified by reckless extravagance in order that superfluous bit of pastry. Manvers's purse contained a coin of silver, the quarter of a dollar; being precisely the sum of entire fortune. Her ham and would cost fifteen cents, the and napoleon five cents each other words, she would be penniless should she had paid her score.

Building a Retail Business

The features that build a retail business are WORTHY GOODS POPULAR POLICIES, COURTEOUS and CAPABLE SALESPERSONS, SMART SHOW WINDOWS, ATTRACTIVE INTERIORS, the SQUARE DEAL, and SERVICE.

All these features are necessary, and all of them together constitute a PROPER BASE for the most important thing of ALL—NEWSPAPER ADVERTISING.

You see establishments in every town that a few years ago were small, but which have grown BIG and PROMINENT—in every town, too, you see the slow-moving conservative kind.

They were small when you first knew them, but they are relatively smaller now. They continue to plod along in the ways of the PAST, losing a little MORE trade each year to the MODERN fellow whose shop looms bright and alluring just across the way.

WHY IS it that the old-fashioned places are DWINDLING and flickering out one by one like spent candles? And why is it that right alongside of them are OTHER places which are FLOURISHING and PUSHING AHEAD with EVER-LENGTHENING stride? Do you WISH TO KNOW the answer? It is ADVERTISING.

Manage a business in a way that will make that business WORTH talking about in the daily newspapers—then apply your PRINTER'S INK! The rewards of TRADE go to those that KEEP UP WITH THE AGE!

The most successful style that I attached in many seasons is the coat dress, and it is a popularity deserved, for it has the unusual of being becoming to any type of No. S295 shows one of these frocks is so easy to cut and sew that the girl can make it for herself with difficulty. The broad belt, with section at the front, is the only of a waist, for the dress is in a from shoulder to hem. The pockets are extended up as far as at front and back and are stiff-sided of the dress. A wide sailor contrasting material makes the dress attractive.

The dress pattern, No. S295, sizes 16, 18 and 20 years. The size requires 4 1/2 yards of 44 inch with 3/4 yard of 2 1/2 inch contrast. To obtain this pattern send 10¢ to the office of this publication.

ZIONISM NOT OF THIS WORLD SAYS WRITER

Lucien Wolff Writes To Prove that Jew is Confusing Eschatology With Politics

The approach of a Jewish congress to be held September next, and the agitation connected therewith in wide Jewish circles makes very timely a clear, unbiased survey, as it is presented in the April issue of the "Edinburgh Review" by one of the foremost English Jews, the well known journalist and historian, Lucien Wolff, one of the few really competent writers on Jewish affairs in Great Britain.

The Jewish nationality problem has more or less silently developed itself in Eastern Europe, during the last thirty-five years, i.e., since 1882, when the first great exodus from Russia to Western Europe and America set in. Few people know that Western Russia alone harbors close on to 7,000,000 Jews; while in the adjacent territories, to which a new political geography will have to be given, are little short of another couple of millions. In other words the "unredeemed" Hebrews in the east of Europe are equal in number to the combined Czech-Slovak, Serb and Italian "Irredentas," and their national consciousness is not less definite than that of any other of the many races who constitute the ethnographic wild-pool of Eastern and Southern Europe.

The complexity of the problem to be solved one day at the green table can best be gauged if we consider that the Jew constitutes 14 per cent of the total population of "Russia" in Poland, now solidly occupied by the armies of Germany and Austria, and that 40 per cent of the townfolk are more or less lineal descendants of the Patriarchs.

The Zionist movement, this latest manifestation of the national spirit which has been responsible for the unification of Germany and Italy and is partly responsible for the present war, has no valid claim to its title of a child of its immediate environment; its roots are not sunk in the soil of inherited tradition and ethnographic peculiarities. From the East the Kabbalah has raised the flag of Jewish revolt against Rome for the last time in the year 132 A.D., to our own time, there is scarcely a trace of Jewish national feeling, in the political sense of the word, in Jewish history and literature. The Zionists simply confuse eschatology with politics.

The prayers in the Jewish liturgy for the restoration of the temple and the Holy City, which are not for the satisfaction of a worldly craving, but express the longing after the fulfillment of a divine scheme of human redemption. And the Orthodox non-Zionist Jews of Central and Western Europe of the United States, Canada, Australia and South Africa to this very hour see the redemption prayers in the exclusive light of religion.

The Jews are instinctively the most assimilative of peoples. Well, until the French revolution there were no self-conscious nations in perhaps a rudimentary form, in England and Holland, long flowing mane and tail and just five years old; her most up to date rubber tire buggy her golden mounted harness, almost new this outfit can be bought for about half it's original cost. 27 Albion. A36

it was revived by Theodor Herzl, Max Nordau, Israel Zangwill and is now numbered among the classics of Zionist literature.

The nihilist who threw, on March 13, 1881, the bomb which killed Czar Alexander II., was the real founder of modern Zionism; the three gentlemen named and their enthusiastic youthful followers merely drew according to them, the only logical conclusion from the May laws enacted by the Czar Alexander III.
