

ALASKA FREEZER

With the Aerating Dasher

THE most wonderful of all freezers. Its astonishing aerating spoons whip air into every particle of the cream, making ice cream that is a revelation in texture and delicacy. It breaks all records in speed—makes perfect ice cream in 3 minutes. Requires much less labor and uses less ice and salt than any other freezer.

R. A. NEARY

Kentville

KENTVILLE NEWS

Mr. George Hale has added an auto to his livery business.

Mrs. A. L. Pelton spent a few days of last week at Halifax, guest of Mrs. C. H. Smith.

A number of the men of the 85th Highlanders spent Sunday in Halifax.

The Band and Pipers of the 185th Battalion went to Kingsport Saturday afternoon.

Mrs. Russell of Granville Ferry is in town for a while, her husband being at Aldershot.

Mrs. John Abramson spent a days at her former home at Digby.

Mrs. Lynagh of Halifax has been spending a few days in Kentville, guest of her daughter, Mrs. John Tobin.

Mrs. Johnson Spicer and Mrs. Edward Spicer of Parraboro were in Kentville over Sunday guests of Mrs. H. G. Harris.

Rev. C. B. Sinden of Yarmouth arrived in town yesterday and visited his friends here. He was on his way to the Conference.

Mrs. Donohue and daughter, Mrs. Cragg of Halifax are visiting at Kentville, guests of the former's son, Rev. Dr. Donohue.

Miss Gertrude Eagles, trained nurse at present in Middleton visited her parents Mr. and Mrs. E. O. Eagles the past week.

Five nurses of the St. Francis Xavier Hospital Unit have been spending a few days in town. The Unit expects to leave shortly for Overseas.

Mrs. John Publicover left recently for Boston where she was obliged to undergo a serious operation at Carney Hospital. The operation was very successful and she is making a most favorable recovery.

Mary Bragg had the misfortune a fortnight ago to fall and fracture her thigh. Her daughter Emma of Halifax has been home caring for her. She will be confined to the house for some time.

The large military camp at Aldershot was considerably increased Saturday by the arrival of the American Legion Battalion, No. 97, from Toronto consisting of about twelve hundred men.

Our popular Week-End Sales will begin on FRIDAY, JUNE 16th, and continue for the remainder of the season. We will give big reductions in all lines of MILLINERY, this will be your opportunity to secure an up-to-date hat at a very reasonable price.

MISSES SLOAN & KEARNEY
A Kitchener Memorial service was held on Sunday evening in St. Stephens Methodist Church, Rev. J. G. Stones and the pastor Rev. P. Pollitt gave addresses and suitable music was rendered by the choir. The Church was completely filled for the occasion.

The Red Cross entertainment given in Pastime Hall, Thursday evening last by Mrs. J. D. Clark's S.S. Class, "The Sunshine Class," assisted by a number of others, was a most enjoyable entertainment. The first part of the programme consisted of a college girls play "Modern Cinderella." The parts were excellently taken reflecting great credit on the pupils and their talented instructor Mrs. Clark. The second part of the programme was a delightful musical and literary treat by such well-known artists as Mrs. J. D. Clark, pianist; Miss Zaida Gains, reader; Miss Helen DeWolfe, violinist; Miss Helen Knowles, Miss Evelyn Spidell, Mr. A. H. Morash and Mr. Gerald Lyons, vocalists. Proceeds were given to the worthy cause, Red Cross Fund.

STANDING ROOM ONLY

Rossley's Musical Comedy Co. Continue to Draw Big Houses At the Nicklet Theatre.

The Rossley Musical Comedy Co., who have been holding the boards for the past two weeks at the Nicklet Theatre are to remain another week or two. Standing room only at many performances testifies to the popular feeling toward this talented organization. Every evening this week will see them in a new bill, new songs, new dances, new musical numbers. There will also be a big matinee on Saturday afternoon. Excellent motion pictures are also shown at each performance. The "movie" feature for this Tuesday evening is from the pen of E. Phillips Oppenheim entitled "The Master Mummer" and is complete in three parts. Nothing is left undone by Messrs Clarke and Hiltz to make the Nicklet Theatre the home of first class attractions and the Rossley Company is a sample of the long list of bookings already secured and which will appear in due season.

FINAL NOTICE
To Whom it May Concern: Outstanding accounts due the estate of J. W. Ryan & Co., on JUNE 15th, will be placed in hands for Collection. WITHOUT FURTHER NOTICE.
J. W. RYAN, Agent.

REASONS WHY YOU SHOULD WITHHOLD YOUR SUPPORT OF CAMPBELL AND WICKWIRE

They are Representatives of a Useless and Non-Progressive Government.

Bad roads, closed schools, vacant farms, a steadily decreasing rural population, largely because of bad roads, and a public debt of almost \$14,000,000 represent the price the people of Nova Scotia have paid for keeping the thirty-four-year-old Government in power in this Province. Remedy this by

helping to elect Kinsman and Spidell.

One of the most convincing proofs that the ship of state, manned by the Murray-Daniels crew, is now making its last trip, is contained in the fact that as many of them as possible have jumped from the deck into soft cushioned chairs. At the first of this year there were six vacancies in the Legislative Council. Today these vacancies are all filled up by stalwart members of the Liberal crew, who made up their minds that shipwreck awaited the ship, and that they had no desire to go down with it. Two of these eminent gentlemen, Mr. Covert of Kings County, and Mr. Logan of Halifax, held on to the shaking vessel until the last moment, drawing full pay for the time they served. Just before the bell sounded they slipped ashore, walked up to the red chamber and planted themselves securely in the two vacant council seats. Some curious people are anxious to know whether these two worthy representatives have entitled themselves to draw double pay; one pay for indifferent service in the House of Assembly during the session, and the other pay for one day's attendance in the Legislative Council.

Some years ago when the people had a few rights in Nova Scotia, Town Councils and Municipal Councils enjoyed the privilege not only of appointing their officers, but of removing them from office if they were not satisfactory, and also of fixing the amount of salaries to which they would be entitled. They also had the right to appoint Stipendiary Magistrates. They appointed School Trustees and School Commissioners. They had, in short, the measure of self government to which the people represented by their Town, City and Municipal Councils were entitled. One by one these democratic rights have been taken away from the Councils by the arbitrary and autocratic gentlemen who compose the government of Nova Scotia. The Murray-Daniels Government have broken down all traditions and principles in regard to municipal home rule. They prevent a municipal council, or town council, from making appointments, but they compel these councils to provide the salaries. They have gone further, and dictated the salaries which officials shall be paid. They appoint officials themselves and command the municipal and town councils to provide salaries for the government appointed officials.

They organize corporations and give these monopolies power to overrule the will of the people as that should be expressed through their municipal and town councils. Thus they ruthlessly deprive the people of their undoubted rights. In brief, municipal and town councils have been treated by this Murray-Daniels Government as if they did not represent any person and were incompetent to be trusted with even the simplest matters appertaining to municipal government and administration.

The Hon. George H. Murray handles the temperance question in a very gingerly manner. Now-a-days, he would have people think that the latest addition to temperance reform legislation is part of his work, but the people are not so forgetful as to be unable to recall his wobbling action during the last session of the legislature. Up in Ontario there is a man known as Premier Hearst. The question of temperance reform came before him. He did not straddle the fence. He planted both feet firmly on the ground on one side of the fence, and taking his political life in his hands, declared that he would pledge his government to reform legislation and to the enforcement of that legislation. In British Columbia Premier Bowser was confronted with the same problem. But he did not wobble. He boldly tack-

led the question on behalf of his government, pledged his government to enact legislation and also to enforce it.

In Nova Scotia, however, we have a man, the Honorable Geo. H. Murray, who would blow neither hot nor cold, who announced that prohibition in Halifax would be ineffective, and then voted for prohibition in Halifax. He now says he hopes the law will be of advantage but in the next breath declares that in his judgment it cannot be enforced. This kind of a vacillating straddling premier is in striking contrast with strong and forceful characters like Premier Hearst and Premier Bowser who have not only enacted prohibition, but have ensured enforcement.

The Thirty-four-year-old Government has given Nova Scotia:

- Bad roads,
- Closed schools
- Vacant farms, (largely because of bad roads.)
- A public debt of almost \$14,000,000.
- Seven families of new settlers at a cost of \$4,319 per family.
- Wickwire and Campbell accept responsibility for all these evils.
- A New and Progressive Government means:
- Better roads.
- Greater mining and industries.
- More money for schools.
- Progress.
- An energetic and efficient provincial administration.
- A square deal for every one.
- A vote for Spidell and Kinsman will help to bring about these needed reforms.

PEREAU AND VICINITY

Mr. Jacob Jackson and son Corp. Noble Jackson are visiting at the home of Mr. Benj. Jackson.

Many from this place attended the horse show in Kentville. All report a good time but "It came down wet."

Reginald Sandford was in Kentville on Thursday.

Was it "Ice Cream" you wanted? Well you won't have to go to town for it when you can get the real thing from Mrs. Ernest Newcomb, Thursdays and Saturdays, and take it from us she understands how to make it good.

Keep an eye out for the Concert to be put on in the near future, by the "Progressive" class.

Mrs. Hibbert Greene entertained the Red Cross Society on Wednesday last.

We are glad to see Miss Evelyn Sandford with us once more after having spent the winter months in Boston.

LAKEVILLE

Mr. and Mrs. A. P. Skinner accompanied by Mr. and Mrs. A. C. Strong motored to Halifax on Monday. They will spend several days in the city.

Miss Fanny Lawrence is spending a few weeks in Windsor, a guest of her sister, Mrs. Laurie Sandford.

Miss Mildred Wood, primary teacher at Scotts Bay, spent the week end with her parents, Mr. and Mrs. F. E. Wood.

Miss Lou F. Wood, who spent the winter in Taunton, Mass., returned to her home on Saturday.

Miss Mable Morton, accompanied by her friend, Miss Coleman, were guests of Mr. and Mrs. Rufus Morton for over Sunday. They attended the Horse Show in Kentville.

Lester Robinson, Jas. Chase and Ruland Burgess of the 112th at Windsor are home for a two-weeks leave of absence.

Minard's Liniment used by Physicians.

THE GRAY-DORT
The Car that has captured Canada

THE GRAY-DORT - The wonderful car that was chosen from the entire American Market as the car best suited to the needs of the Canadian business man and farmer. The powerful car, enthusiastically sought by the automobile agents from every part of Canada, as the car most worthy of the backing of their name and experience. The car that within three days completely outsold the capacity of the factory for many months ahead—an unprecedented achievement.

The Gray-Dort has Arrived Here-

Price \$850.00 The Car with every Vital Advantage
F. O. B. Chatha

Light in Weight - - A Giant in Power

Nothing could give a more delightful sense of perfect comfort than the roomy, deep-cushioned tonneau. But that's not all. Look at the big, pulsing heart of the car—the wonderful Planche motor. Four-cylinders, L-head type, cast en bloc with removable head—a motor with a long stroke of 5 inches—a colossus of boundless power.

Come in to our Garage and let us demonstrate this Car to you. The Car you have been waiting for.

A. L. PELTON & CO.

Main St. Kentville, N. S.

Get Real Tire Economy!

Nothing is two things—a pleasure and a business. One might say it was used sixty per cent. for entertainment and forty per cent. for commercial purposes. Yet no matter whether you use your car to get orders or access, your greatest economy will be the reduced cost of mishaps.

No accident ever befell an automobile but when the tires were found to play a part in it. And no accident ever was averted but what the tires had a say in that, too.

If you will drive fast,
If you will make those sudden stops,
If the city will water splash,
If rain will make muddy roads;

Why then—the possibility of skidding will always be with you, unless you figure on those elements of danger when you buy your tires. When you think of how to avoid danger in skidding you immediately think of...

FRUIT CROP REPORT

Ottawa, May 29, 1916.

WEATHER CONDITIONS

Following a long winter, the opening spring season has been very much delayed, and characterized by exceptionally wet and cold weather in Ontario, Quebec and British Columbia. Blossoms on all varieties of fruit have been very late in opening, and it is quite possible that the unseasonable weather may interfere with pollination. No serious injury by frost has yet been reported in any tender fruit district. Late frosts were reported from several districts in British Columbia, but the most recent reports state that the damage is not as serious as at first feared. A slight frost also occurred in Ontario, in the district around Brighton and Colborne on May 18 and in Lambton County on May 20th, but caused little damage.

During the last few days there has been much warmer weather, and conditions are therefore more favorable. The weather has been very dry in Nova Scotia, and the late spring has layed the opening of blossoms about ten days.

Prospects in Great Britain

Glasgow, May 27—Judging from reports, all home fruit crops will be excellent. The dangerous period is now practically over.

United States Prospects.

Considerable damage has been general throughout the North-western states. While it is impossible to make an accurate estimate of the probable production until after the "June drop."

Apples

If it is possible, with any degree of accuracy, to base a report upon the amount of blossoms, we can safely state that the prospects for the 1916 apple crop are particularly favorable. The Province of Nova Scotia is the only commercial district in which the bloom is not uniformly heavy, and even there an average crop is expected. The Annapolis Valley of Nova Scotia has for some years past been greatly handicapped by the prevalence of apple scab, which this year has doubtless been checked to some extent by continued cold, dry weather. That fact will give the growers reason to expect a crop of high quality fruit, if spraying is not overlooked. There is apparently however, a tendency on the part of some growers to spray less than usual this year. The opinion seems to exist that the demand for fruit will be limited. The report on apple prospects by districts, is as follows:

District 1—All varieties are showing a very heavy blossoms in Lambton, Norfolk, Essex and Niagara. The fact that weather conditions are favorable for the development of scab may indicate a heavy "June drop." In all sections blossoms opened late and thereby escaped injury by frost. There is more pruning being done in Lambton than for several years past. Unfavorable weather and scarcity of labor have interfered with spraying. In the Burlington section all trees show a very heavy bloom, except some Baldwins and Starks which bore heavily last year.

District 2—Reports indicate a satisfactory bloom on all varieties. Baldwins are reported short in Brant County.

District 3—Very favorable reports have come to hand from the commercial apple district north of Lake Ontario. Trees will not be in full bloom until about June 1st. Several of the large orchards have not received a first and second spraying, because of the unfavorable weather conditions and lack of help. Little planting is being done.

District 4—The Province of Quebec and the eastern parts of Ontario also report a full

bloom on all varieties. It is unfortunate that more care is not being taken of orchards in that section.

District 5—Reports from the St. John valley predict an average crop of all varieties. All orchards are looking very healthy and no damage to bloom is expected.

District 6—The Annapolis Valley reports are not as favorable as those from Ontario. The trees are not yet in bloom, but do not promise a crop above average. Orchards that were not sprayed last year indicate a light crop, and well cared for orchard only a moderate crop. There are few instances where an excessive bloom is expected. The continued dry, cold weather will aid very materially in the control of apple scab.

District 7—Orchards outside the Annapolis Valley have come through the winter in good condition. The season is three to four weeks later than usual. No injury was done by a frost which occurred on May 22.

District 8—Apple trees have not yet bloomed in Prince Edward Island. Present conditions are satisfactory.

District 9—The season on the lower mainland and Vancouver Island is two weeks late. Cold rains have interfered with pollination and with spraying. Gravensteins show a light bloom, other varieties heavy.

District 10—In the Okanagan Valley, Duchess, Wealthy, McIntosh Red, Wegener, Delicious, Rome Beauty and Spitzenberg are blooming heavily. Jonathan, Yellow Newtown, Ontario and Northern Spy are lighter.

THE HAY TRADE

There is every prospect of Canada having one of the largest hay crops in her history, as the winter killing has been the smallest for a number of years past. The progress made in the growth of timothy and clover in this Province during the past week or ten days has been simply phenomenal. The fields and meadows have not suffered any from being somewhat backward, the cool weather having prevented a rank growth. The late rains have worked wonders in starting a strong and healthy growth and there is no farmers' talk now of a short crop of hay. A few days ago farmers were not through with seeding in some sections of Quebec, but the chances are they will be finished this week, and then dealers expect to see more liberal deliveries. This week they showed quite an increase being 52,273 bales, against 18,534 the week previous, and 42,062 for the same week last year. Prices are unchanged but firm, as will be seen by the regular market report.

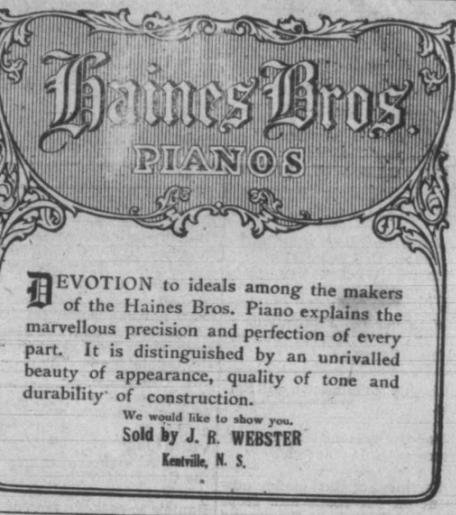

GET VACINATED

(Issued by the Department of Public Health, Nova Scotia.)

Cases of smallpox have been reported from several parts of the Province within the past few days. The disease is of mild type, but it is smallpox, and no one can say when cases of virulent type may develop. Vaccination gives all but absolute protection against this disease. The operation is a trifling one, and if proper care be taken there is little resultant inconvenience. The unfortunate results which have occasionally followed vaccination have been consequent upon carelessness on the part of the person vaccinated.

Every unvaccinated person is liable to develop the disease. Who has the right to subject a community to the expense and inconvenience which results to it when a case of smallpox develops?

If shoes are to cost one or two dollars more a pair next fall, the manifest duty of every person who believes in preparedness is to lay in a stock now. But what can the women do, seeing that that they are in utter ignorance as to what styles will be forced upon them next fall.

Haines Bros PIANOS

DEVOTION to ideals among the makers of the Haines Bros. Piano explains the marvellous precision and perfection of every part. It is distinguished by an unrivalled beauty of appearance, quality of tone and durability of construction.

We would like to show you.

Maintained The Traditions of Canada's First Contingent

(By W. A. Willison, Special Cablegram to Halifax Herald)
 London, June 8—Despite bitter fighting and incessant bombardment the spirits of the Canadian troops are as undaunted and their courage as high as when the thunder of guns last Friday heralded the enemy onslaught. A special correspondent writing from France says:

If the Huns look for any slackening of purpose or courage on the part of the Canadians holding this part of the line they are doomed to bitter disappointment, as at no time, despite the unprecedentedly hot work of last Friday and Saturday, have all ranks been fuller of fight or more eager to deal the enemy a decisive blow.

Many striking stories of the high spirits of our troops are related by the wounded here. Certain units, for instance, which have been badly cut up marched up from the reserve through a hail of shell fire as if on parade. The enemy's flares, which according to eye-witnesses provided one of the most splendid pyrotechnic displays yet seen on the western front, were greeted with cheers and approving applause.

"Our men compared everything with the Toronto exhibition," said an officer who had been wounded, to the correspondent. "I could hear men on my left loudly protesting that the display had the Toronto fair beaten many miles. Such seemed to be the consensus of opinion. All this time the men were dropping under shell fire, but though everyone knew just what lay before them there was not a suggestion of undue concern anywhere."

There are many incidents such as this. The enemy's fire was tremendous. They seemed to be using trench mortars mainly.

Another wounded officer told me they were also certainly employing every destructive weapon they possessed, including minnenwerfers grenades, high explosive shrapnel, weeping shells and everything but gas. We got a gas alarm but the Huns never used it.

Other battalions were rushed up in support and showed that veteran steadiness under fire and fine spirit under losses which are the tradition of Canada's first expeditionary force.

No determined enemy offensive has yet developed in Ypres salient where the fighting is now of local character. Speculation continues as to whether the Germans will launch a general offensive on the scale of the first and second battle of Ypres. Whatever the Huns decide your correspondent finds everywhere the supreme conviction that any extensive offensive of his is now doomed to failure. "The Germans failed to get

the Ypres salient and win thru to Calais in October, 1914, though they tremendously outnumbered the British forces. They failed again in April, 1915, though still much superior in strength to the Canadian and British forces. We now meet them on equal footing and they cannot succeed."

This was the opinion given by your correspondent and it represents the general belief.

JAPAN HELPING RUSSIA

Travellers returning from Japan tell of the astonishing business activity in that country since the outbreak of the war. As is generally known Russia is largely dependent upon Japan for her munitions, and some idea of the magnitude of these demands is appreciated when one realizes that the Russian battle front from the Baltic south is about eight hundred miles long and taking no account of the Russian advance into Asia.

Every factory in the Japanese Empire that can be used for the manufacture of munitions is working twenty-four hours a day. Most of the output goes to Vladivostok, and there starts on its long journey overland to Russia's western front. However, France and Britain are both receiving from Japan all that the shipping facilities can accommodate. We are given a hint of the dire need of Russia as regards munitions by the fact that ships loaded with munitions are making the return journey with empty holds. Private shippers pleaded in vain for the accommodation, but the Russian Government would not allow the ships to waste the time necessary to load and unload these cargoes. Japanese labor has doubled in price since the war began, while materials are reported to have advanced all the way from 100 to 1000 per cent. This all means that Japan will be able to find relief from the financial stress she found herself in at the close of her war with Russia.—Toronto Saturday Night.

The Russian Successes Continue and 25000 Prisoners Taken

Petrograd—Russia continues to develop the successes won by their newly inaugurated offensive. It is reported that up to the present time they have captured 480 officers, 25,000 men, 17 cannon and 15 machine guns.

Major Hamilton Gault Killed at the Front.

Montreal—June 6—A special cable from London announces the death of Major A. Hamilton Gault, of the Princess Pats. He was shot in both legs in last Saturday's severe fighting at Ypres.

Keep Minard's Lintiment in the house.

KENTVILLE, JUNE 13, 1916.

PROVINCIAL LEGISLATURE.

Nomination Day, June 13th.
Election Day, June 20th.
Liberal Conservative Candidates for Kings County:
Lieut. J. Spidell, of Kentville, Officer of the 10th Battalion.
J. Everett Kinsman, of Centreville, Farmer.

Line up for Kinsman and Spidell.

Has the present Murray Government made you rich?

The most of the money now spent on our roads now stops over two feet above the ground in the pockets of political heels. Vote for Kinsman and Spidell and Good Roads.

Murray has increased the public debt during his twenty years of office \$10,000,000. This means that for every hour he has been Premier he has added \$7 00 to the Public Debt. Vote for a change and stop the debt.

The Technical College has cost \$300,000 to give a few students the higher education and Murray has not a dollar for 60 schools in the Province to teach the children how to read or write. Last year the Technical College cost us \$44,346.20 with 32 students registered during the whole year or about \$1400 per student. What do poorly paid teachers and people who desire common school education for their children think of this. Kinsman and Spidell stand for better education of the masses first before the peoples money is taken to endow colleges.

CAMPAIGN MEETINGS AT CANNING

Fine Addresses by Conservative Candidates

On Wednesday evening, with beautiful weather, a good sized audience gathered at the Armouries to hear the Liberal candidates, Messrs. Campbell and Wickwire. They were given a good hearing. A part of the time was spent in criticism of the Conservative candidates and in repeating the stock in trade campaign falsehood that not a breath of suspicion or scandal could be laid to the Murray Government. The candidates seem to think by continued repeating they may make some of their hearers think there may be some truth in it. No Government even existed in Canada in which all its members are so implicated in deals, shady transactions and misapplication of the public funds and franchises as the incompetent Murray Government.

SPIDELL AND KINSMAN ON SATURDAY EVENING

On Saturday evening a much larger audience gathered in the Armouries to hear the issues discussed by Messrs Kinsman and Spidell. The night was a stormy one, otherwise the building would have been packed to its capacity and the necessary Saturday nights shopping kept many away who desired to attend.

Mr. George W. Parker presided and made appropriate remarks in opening. He said the Assembly had been dissolved, the Government was now on trial and the people were the jury to decide on the issues involved and at the close of the meeting called upon the electors to use their franchise in a way that would bring prosperity and progress to our Province.

Mr. J. Everett Kinsman

Mr. Everett Kinsman was greeted with applause. He

thanked the ladies for their presence and interest. It improved any good cause to obtain the support of the ladies. Mr. Kinsman then dealt with the issues involved in the campaign from a farmers standpoint. The whole County was interested in prosperity of the farms. As an agricultural people we must adopt it as true that the Murray Government's record in the past was not satisfactory to those interests and they had failed in their duty to the people. They have placed upon us a debt of nearly \$14,000,000, have dissipated our great natural resources, handed out valuable franchises to party favorites and squandered the public funds. The people now realize what a mistake they have made in allowing incompetent men to rule. He told of the O. T. Daniels deal in which land of the Province worth millions was released by the Government for no other consideration than to allow Daniels to pocket a note of \$75,000 from the Mills Co. A vote for Murray and his supporters in Kings meant to approve of and condone the disgraceful tactics of Daniels. He showed how the people were being robbed by Murray and Fielding's coal legislation and the mining industry was almost destroyed.

Tuberculosis in the Government stock at Truro was fully told and how the disease had been spread by the Government selling diseased cattle. Even yet the Government had not been able to stamp out the disease entirely in their own herd on account of past years of neglect. Immigration was also dealt with and how unfair the Government was in paying out huge sums for foreign settlers who had to be supported after getting them here, while our own needy farmers were not assisted but direct taxes were placed upon them. Murray placed a direct tax on us last year as a war tax, but this year though the expenses as a war tax were many times greater, he had imposed no tax as it was an election year and he needed their votes.

J. D. Spidell

Mr. Spidell on rising paid a soldier's tribute to England's great man who had fallen. It was a magnificent peroration and a true soldier's tribute to great Kitchener of Khartoum.

He then took up for a while some of the personal remarks of his opponents and while he considered them as peanut politics and of small importance he gave a most emphatic and direct denial to ever having promised to support Mr. Wickwire if he would vote for prohibition nor did he ever offer to anyone or signify any desire to run as a Liberal candidate. The stories circulated that he had no intension of going overseas were false and his critics were offering as proof that he did not wear the Kings uniform. His full determination was to go overseas with his Battalion, whether elected or defeated and the military law prevented him wearing his uniform while engaged in the election contest. Such false statements and innuendos were unworthy of men who had respect for themselves. Then a canvas was made against him because he was a minister. If that is the worst they could say, then he was highly pleased. He had been offered pastorates in most of the churches in Kings County. Every man was a politician and had an interest in his country's welfare. Ministers were asked to lead or help in enforcing laws then why should they not have the right to help make and enact the laws. Politics is a fine art—the art of living and ministers should have the best right to invest his time thought and life in such a purpose.

The Murray Government had ruled so long they now thought they owned the country. But with nearly fourteen million dollars debt on us, somebody else practically owns us. The money had been squandered

and we had little to show for it. Look at the record of this Government on temperance. They voted for the Nova Scotia Temperance Act under pressure. The credit of temperance legislation should go to the Alliance and to its energetic worthy field secretary, H. R. Grant. (Applause). The liquor interests in Halifax both Grit and Tory were solidly behind Murray and his candidates because they had a tacit understanding that Murray would not enforce the temperance laws. The same liquor forces were determined to beat Tanner because they knew he would carry out his pledge of Government enforcement.

Murray's attention to the bridges was shown to be a travesty, and the disgrace to the country, of the roads provided for the people in many sections was shown up. The \$25,000 from the motor vehicle act expended had been misappropriated by Murray and the treasury was empty and a deficit beside.

N. W. Eaton

Mr. N. W. Eaton was called on and he gave a magnificent address. He considered he was in the best of company with Messrs Kinsman and Spidell and was proud to be in the fight with them on the moral issues of the day. He spoke of how hard the Alliance had worked to get better temperance laws nearly always with the opposition of Murray. He would thank Murray for some help but the former representatives of the County were deserving of no thanks for they had always opposed the work of the temperance people. Mr. Eaton paid a tribute to Mr. Beckwith and his impartial enforcement of the law and the enemies he had made because he did his duty.

He referred to the misappropriation of road funds and asked voters to help elect Mr. Tanner and his supporters and usher in a progressive road policy. Tanner wanted prohibition and he wanted it now. He wanted compensation under the Employers Act and he asked for it now. Murray and Wickwire wanted both delayed. The Liberal candidates on Wednesday evening had told of graft in ice houses in Aldershot and ridiculed Spidell because he loved a good horse. Mr. Spidell had owned good horses but never owned a race track purchased at \$1250 and sold with a profit of \$1750 for merely holding the deed a few months in a safe as one candidate had. He showed up the record of the Murray Government on the Hervey and Daniels deals.

CANDIDATES PLEDGES

To the Editor, Advertiser:
Sir—The Provincial Temperance Alliance, through its Secretary, Rev. H. R. Grant, has asked for publication a statement of the position of all candidates for election to the N. S. Legislature, respecting the N. S. Temperance Act. Questions have been submitted to all of the candidates in the field for Kings County. The following replies have been so far received:
F. H. BEALS,
Secy. County Alliance
Wolfville, June 10th, 1916.
Kentville, N. S.
June 9th, 1916.

To Rev. F. H. Beals
Wolfville.

Dear Sir—Replying to your inquiry of my attitude towards the Nova-Scotia Temperance Act, I have to say that, should I be elected to the Provincial

Vote for Kinsman and Spidell

BOYS IN KHAKI will find here just their heart's desire in Meals and Lunches.

PEOPLE from the surrounding Towns, Villages and Farms will find a Prompt, Palatable and Rapid service where gentlemen can entertain their lady friends and relatives.

Teddy's Khaki Restaurant

Cor. Main and Aberdeen Streets Kentville

Legislature, I shall work and vote:
1—To retain upon the statute books the Nova Scotia Temperance Act.

2—To improve it by necessary amendments.

3—To support Government enforcement of the Act.

4—To do everything in my power to perfect and enforce all laws that shall in any way suppress and prohibit the sale, manufacture, and importation of intoxicating liquors in the Province of Nova Scotia.

I am yours most sincerely,
J. D. SPIDELL

Kentville, June 10, '16.
Rev. F. H. Beals,
Dear Sir:

In answer to your communication in reference to my position toward the Nova Scotia Temperance Act, I herewith record my answer: Yes, I will if elected work and vote:
1—To retain upon the statute

book the Nova Scotia Temperance Act.

2—To improve it by necessary amendments.

3—To support Government enforcement of the Act.

Yours very truly,
J. E. KINSMAN

Mrs. John Stanfield, with her two sons, and Miss Annie Stanfield accompanying, left by auto this afternoon for Starr's Point, near Port Williams, Kings County, where Mrs. Stanfield and her boys will spend the summer months. They are six or seven miles from the Military Camp at Aldershot, where Colonel Stanfield, with the 193rd, is under canvas for summer military manoeuvres.—Truro News.

Private Irvine Allen of the 85th returned Wednesday from Annapolis where he was the guest of Mr. and Mrs. F. J. Miller.

Interest in the political contest is increasing.

Miss Gertrude Rippey who has been visiting her aunt, Mrs. J. W. Williams has returned home to Annapolis.

Pte. Maurice Haycock has been visiting lately at Granville Ferry with his uncle, Mr Fred S. Troop.

Capt. and Mrs. Grant with their four children have returned to Annapolis after several months spent here.

The town has been more than usually quiet since college closing and the departure of our soldiers to Aldershot.

Mrs. Richmond cordially invites you to a song recital in the Wolfville Opera House, Thursday, June 15th at 4.30 p. m., given by Miss Helen Knowles.

Among those who received the degree of M. A., at the June Convocation of the University of Chicago is the name of Ivan S. Nowlan, a native of Havelock, Digby County. Mr. Nowlan expects to complete the work required for the Ph. D. degree by the summer of 1917. He has lately been awarded a Fellowship in the Religious Education Department of the University of Chicago, available for the year 1916-17. He has also been appointed for the summer to the position of Supervisor of the Daily Vacation Bible Schools of the Protestant Churches of Chicago. These schools care for nearly 8,000 of the children of Chicago in the congested districts of the city, during the vacation period when the public schools are closed.—Courier.

Miss Agnes King of Annapolis is visiting relatives in Aylesford.

Furnished Rooms to let with board. Apply to Mrs. Edward Seaman, New Minas. 1 o&a

Mrs Kirkpatrick of Wolfville went to Annapolis last week to visit her parents, Mr. and Mrs. Simon Riley.

Mrs. Blake Shaw will be at home at the residence of her parents, Mr. and Mrs. Leonard Bishop, Sunnyside, on Wednesday and Thursday, June 21st and 22nd. 1x

Her many friends will regret to learn that Mrs. Adelaide Peters, of Berwick, formerly of Westport, fell and broke her hip Wednesday evening while visiting her son, Mr. J. L. Peters, Montague Street.—Courier.

The Boston and Yarmouth Steamship Company inaugurated on June 1 a new departure signal for their steamers in leaving port. Instead of the customary signals at the half hour and the final three just at sailing, one long blast from the whistle will be given 10 minutes before sailing.

Mr. Phillip Sanford who has been on a three weeks' visit at his home in Coldbrook left Tuesday to rejoin the 56th O.S. Battery at Guelph, Ont., where he had been attending the Agricultural College during the last term.

M. C. Foster, Inspector of Schools for Annapolis and Digby Counties, was quite seriously injured by an automobile, near Weymouth, on Monday evening. Mr. Foster left Weymouth about six o'clock on his bicycle for Belliveau's Cove. Two autos were going towards Weymouth at a high rate of speed. The first one passed him successfully, but the cloud of dust obscured the second, which was on the wrong side of the road, until it was almost upon him. Mr. Foster was thrown under the car and dragged some distance, fracturing his left shoulder and otherwise bruised his body and face. His escape from instant death was miraculous. Mr. Foster is now in Bridgetown and no doubt will be unable to attend his official duties for some time.—Spectator.

WORTH ITS WEIGHT IN GOLD

Mi-a-na Reached a Gold Standard, Says Harry Ellis of Fergus, For Stomach Trouble

Harry Ellis of Fergus, Ont., says I believe that Miona for the cure of stomach trouble, is worth its weight in gold. It cured me from a stomach difficulty that seemed to puzzle all other prescriptions and remedies. I was unable to eat, the food would ferment and form gas and make a serious pressure on my heart. There were terrible pains in the pit of my stomach, I became weak, drowsy, discouraged and later I got nervous and could not sleep or rest. This disease makes one feel like not wanting to see any human being and produces melancholy and foreboding I was to try Mi-o-na, and when I commenced on the first box I had hardly any faith in it, but the first two days, treatment made the pain in my stomach cease, and to make a long story short, the upset of my using Mi-o-na was that it cured me wholly and I now eat what I like and when I am hungry, I am an ardent advocate of the use of Mi-o-na.

J. D. Clark sells Mi-o-na Tablets the dyspepsia remedy that is making such surprising cures throughout Canada for 50 cents a box, guarantees them to cure, or money back.

EDUCATIONAL REFORM THE NEED OF THE HOUR!

In none of the public services has the Murray-Daniels Government shown such unprogressiveness as in the administration of public instruction. The system of free schools was established in this Province by the administration of the Hon. Dr. Charles Tupper, in 1864.

The passing of the Free School Act of that year marked a great epoch in the history of Nova Scotia. In its frank recognition of the duty of the state to care for the education of all classes of the people, rich and poor, Nova Scotia's Free School Act was one of the pioneer measures of reform in the British world.

No Attempt to Modernize

But it is obvious that a system of public instruction which met the needs of Nova Scotians in 1864, falls short of the requirements of 1916. In the past half century the history of education the world over has been of steady development to meet new conditions. But the government of Nova Scotia has been content to mark time. For thirty-four years the schools of this Province have been administered by liberal governments. For 20 years they have been in the hands of the Hon. George H. Murray and his associates. Throughout this entire period there has been no intelligent attempt to modernize or improve the system of 1864 or to adapt its administration to present day conditions.

Inferior Common School Product.

The result is that the comment is often heard that the product of the common school today is actually inferior to that of a generation ago. The government's conception of popular education, so far as the majority of the common schools is concerned, seems to be little more than to raise the pupils a few degrees above illiteracy. Business and professional men are constantly complaining of the meagre attainments of the average graduate of the Nova Scotia School who seeks employment with them. Even the subjects, for which the schools were noted thirty or forty years ago, is no longer visible. The proximate causes of these lamentable conditions are manifold. The primary cause is administrative lethargy and neglect. A movement in the direction of educational reform that

will revitalize the work of the common school and make it be—a means of efficient preparation for life's battles—is the outstanding need of the hour. That such a reform is not possible from the present administration and that its need is not even recognized by the Murray Daniels government, is abundantly proved by the thirty four years of Mr. Murray and his political associates in office.

The Fruits of Incapacity

The Murray Daniels government's policy of drift in regard to education has produced the following results:

- 1—Closed schools in scores of districts where there are children of school age whose education is a public duty of vital importance to the Province.
- 2—The practical relegation of rural school work to "D" teachers, for whom proper standards of education are not provided, and many of whom hold merely "permissive" licenses.
- 3—The consequent inferior character of education provided by the government in the common schools.
- 4—Rapid disappearance of male teachers from the ranks of the profession.
- 5—Overloading of the common school course to the prejudice of essential subjects of instruction.
- 6—Injustice to the rural sections in the allotment of the government grant.
- 7—No fixed standard of attainments for teachers of any class.
- 8—Absolute failure to correlate the different elements of the educational system of the Province and to adapt them to the needs of the teaching profession.

The Closed Schools.

It is the duty of the Government to see that competent public instruction is brought within reach of every child of school age in the province. Closed schools in sections where there are pupils requiring instruction represent an intolerable condition, for which there is no justification, and which is utterly discreditable to the Province. That there are scores of closed schools today in sections where children are growing up without educational advantages is not due to lack of funds, but to inexcusable neglect on the part of the government in the discharge of one of the most serious public obligations resting on it.

Tribute to Kitchener at Picture House in New York.

New York, June 7—A silent but intensely impressive tribute to the memory of Lord Kitchener was paid by a large and representative audience at a theatre in West Forty-Fifth St. last night. The tribute was spontaneous, and was not anticipated by anyone in the audience.

A film entitled "How Britain Prepared" was being exhibited as an object lesson in preparedness. The first part of the picture dealt with the process evolved by Kitchener for the transformation of 5,000,000 recruits into an efficient and well-organized force of fighting men in the brief time of eighteen months.

Suddenly an excellent portrait of the dead Field Marshall was flashed upon the screen. The orchestra leader tapped his baton, and as the opening bars of the hymn "Nearer, My God, to Thee," were heard the entire audience rose and stood in silence until the strains had died away. Not a sound of applause was heard, but a man who was in the audience said afterwards that the genuineness of the tribute was more marked by the very silence in which it was paid.

Synopsis of Canadian North-West Land Regulations.

THE sole head of a family, or any male over 18 years old, may homestead a quarter section of available Dominion land in Manitoba, Saskatchewan or Alberta. Applicant must appear in person at the Dominion Lands Agency or sub-Agency for the district. Entry by proxy may be made at any Dominion Lands Agency (not not Sub-Agency), on certain conditions.

Duties—Six months residence upon and cultivation of the land in each of three years. A homesteader may live within five miles of his homestead on a farm of at least 80 acres, on certain conditions. A habitable house is required except where residence is performed in the vicinity.

In certain districts a homesteader in good standing may pre-empt a quarter section alongside his homestead. Price \$3.00 per acre.

Duties—Six months residence in each of three years after earning homestead patent; also 50 acres extra cultivation. Pre-emption patent may be obtained as soon as homestead patent, on certain conditions.

Acquirer who has exhausted his homestead right may take a purchased homestead in certain districts. Price \$3.00 per acre. Duties—Must reside six months out of three years, cultivate 50 acres and erect a house worth \$300.

The act of cultivation is subject to reduction in case of rough, scrubby or tony land. Live stock may be substituted for cultivation under certain conditions.

W. W. COREY, C. M. G.,
Deputy of the Minister of the Interior

Excellent Farm For Sale

Lieut. Gerald Cragg Gives His Life for the Empire

Halifax, June 8—A host of friends throughout Nova Scotia will sympathize profoundly with C. J. Cragg, editor of the Bridgewater Bulletin, in his receipt of sorrowful news this morning—it is the news that his only son, Lieutenant Gerald Cragg, of the Twenty-Third Battalion, a youth of twenty-one, manly, bright, liked heartily wherever known, was killed in action on June 4.

This gallant youth was among the very first to respond to the call of the Empire. Associated with his father in the management of the Bulletin, he promptly determined that duty for him lay in the trenches and coming to Halifax he took the officers' training course and received a lieutenant's commission.

Friends will recall that he was wounded last fall, and being granted two months leave came home to spend it with his father and his friends. He proved himself, like all true heroes, most modest as regards his gallant and made light of the gallant part which he had played.

It has been a comparatively short time ago he left again for England—his bright goodbyes are yet fresh in the ears of those who loved him.

As stated a host of friends will join with Mr. Cragg in this loss—that of his only son.

(Lieut. Cragg visited Kentville friends while home recently on sick leave. He gave the Advertiser a call and while speaking of the affairs of the Empire stated that he thought it his duty to return to active service at the front as soon as possible. It was with sorrow that his many friends here learned of the death of this gallant young hero. The Advertiser extends to Editor Cragg and other members of the family sincerest sympathy.)—Ed.

New Cap Badge for 112th

The new cap badge has arrived and is being distributed. It is a very fine design, the Nova Scotia coast of arms surmounted by the crown and Nova Scotia Overseas Battalion, Canada, being around the coat of arms the figures 112 being just below the crown, the motto Honor et Honestas with the Fleur de Lys in the centre being at the bottom and small maple leaves being at either side of the badge, the whole forming a badge of excellent design and it is done in bronze silver.—Hants Journal.

With the 150th

The 150th at Amherst will likely spend the summer at Aldershot Camp with the Nova Scotia units. There are, of course, rumors in circulation that the 150th will go to Valcartier Camp but the consensus of opinion is to the effect that the French-Canadians will be sent to Aldershot camp. There is a recruiting campaign now in operation for this battalion.

MILITARY NOTES

On May 30th the death occurred at Windsor of Private M. B. Arenburg of Lunenburg.

One of the manifestations of grief at the death of Lord Kitchener is that presented by the officers of the great commander's own armies, who for a week, by order of King George, will wear crepe on the left arm of the uniform and great coat.

Canadians to the number that exceeds the strength of a complete army division have fallen since the war began. The casualties up to date and including the heavy losses at St. Eloi reach the aggregate of 23,110. The division is as follows: Died of

sickness, 346; Wounded, 14,768; Killed in action, 3,464; Died of wounds, 1,432.

St. John Telegraph says:—A message was received by the military authorities here on Saturday night to the effect that the provisional school of infantry which had previously been ordered to go to Aldershot Camp on Thursday would not be removed from St. John until the "B" examinations are over and there is a possibility that even after that date the school may be kept here until the course is completed.

Some of "Our Boys" in The Casualty List.

Ottawa, June 8—Included in the lengthy casualty list issued at midnight were the following from the Maritime Provinces:

Missing
Lieut. George Morrissey, St. John
Captain Morris Allaine Scovill, Gagetown, N. B.

Wounded
Lieut. Albert Louis Rice, Edmondston, N. B.
William Young, Sydney, C. B.

Killed in Action
Sapper Don Hugh McIsaac, New Glasgow.

At the Yarmouth Y. M. C. A. Boys' Camp, held at Tusket Falls in August, I found MINARD'S LINIMENT most beneficial for sun burn, an immediate relief for colic and toothache.

ALFRED STOKES,
General Secretary

Killed in Action

Captain R. Cutten, Pugwash, whose name appears in the Canadian officers' casualties list as among the killed in the recent fighting at Ypres, is a brother of Mrs. D. G. McDonald, of Falconer and McDonald, this city. He was about thirty-seven years of age and went across with the first contingent. He was a son of the late C. E. Cutten, of Truro. His mother resides in New Brunswick with a married daughter. He was bookkeeper for the Nova Scotia Clay Works.

Kings Mourning Order Does Not Apply to Soldiers in Canada.

Ottawa, June 6—High military officers here state that while the King's order of mourning be worn a week in connection with the death of Earl Kitchener, applies to Canadian forces in France and England, it does not apply to officers training in Canada.

It is considered likely, however, that a similar order will be issued immediately the King's order becomes officially known, and will be made applicable to officers in Canada.

CANADIAN TROOPS IN BIG BATTLE IN VICINITY OF YPRES

Ottawa, June 5—The toll of casualties taken among the Canadian officers in the two days' desperate fighting on the Ypres salient has reached a total tonight of 133. Already 600 names among the rank and file have been received by the casualty branch.

The casualties include all ranks from Major General and a Brigadier General down.

Judging by the casualties so far received a full division of the Canadians was engaged, some battalions, however, being more severely engaged than others.

Bore Brunt of Fighting

The Third Canadian Division bore the brunt of the fighting Friday and Saturday. The mention of other battalions in the casualty list indicates that some troops from the First Division participated.

There are some prominent men among the fallen. Colonel Harry Baker, M. P., for Brome, who commanded a Quebec Cavalry Brigade is dead of his wounds, Lieut. Col. H. C. Buller, the third commandant of the Princess Pats and former aide-camp to the Duke of Connaught, is killed outright, and Lt. Col. A. W. Shaw, of Brandon, is also reported killed.

For a third time Major A. Hamilton Gault has been wounded. As stated Major General Mercer and General Victor Williams are seriously wounded.

There are only two Maritime Province names in the list. Killed: Lieut. P. S. Nisbet, St. John; wounded, Lieut. C. Merreseau, St. John, N. B.

In the private cable of the Minister of Militia, giving the officers' casualty list, Generals Mercer and Williams appear missing. No official information has come of the former being at Boulogne, and the latter a prisoner.

FIVE AUSTRIAN ARMIES LIKELY TO RETREAT

Petrograd, June 8—According to details supplementing the official reports of the Russian success, the artillery preparation by which the Russians cleared the path for the infantry surpassed in intensity all previous efforts of their gunners. Guns of all sizes contributed to the rain of shell fire. Some of the batteries emitted a continual roar. Whole fields of wire were swept away with great rapidity. The retreat of certain Austrian detachments was completely cut off by a curtain of shrapnel through which it was impossible for any living thing to pass. They surrendered by the wholesale. A well informed military critic, says:

"All five of the Austrian armies are on the eve of general retreat, and Lemberg is in great strategic danger. A breach 100 miles wide has been blown in the Austrian front, involving the left wing of General Linzinger's army group, which consisted of from 18 to 20 divisions.

It is asserted that "a strategic breach, 100 miles wide, has been blown in the Austrian front, involving the armies of General Count Von Bothmer and General Von Boehm-Ermolli, and part of that of Archduke Joseph Ferdinand."

The Times estimates the Australian losses at 200,000.

Deaf Girl is Taught to Sing

Columbus, Ohio—Teaching a deaf person to sing, a feat which had been considered impossible, has been accomplished by Mrs. Christian Born, wife of a Columbus brewer, after weeks of experimenting with Miss Magdalene Sattler, an eighteen-year-old Cleveland student at the State School for the Deaf here, according to an announcement today.

Miss Helen Keller, of New York, has arrived in Columbus to test Mrs. Born's new process. Thomas A. Edison, inventor, also is said to be interested in Mrs. Born's experiments.

Mrs. Born's experiments to prove her theory that the sense of hearing is not altogether essential in singing have been conducted in secret for several months. The new teaching method consists of facial expressions accomplished by piano tones, which the student cannot hear. To date the girl has mastered more than an octave of notes, enough, scientists say, to prove that the new method is a success.

For Sale—Three Horses, your choice of any one out of seven, ages three to nine years, weight from eleven to fifteen hundred.

USE

"Corona" Dry Arsenate of Lead

for
Spraying Orchards and Potato Plants.

"CORONA" dry is not an experiment, it has been used by many of our leading farmers for years.

One pound of "CORONA" will do the work of from two to three pounds of Arsenate Paste, and be more effective because:—

It is a perfect, dry, fine white powder, and does not contain 50 per cent water.

It is pure and contains nothing but Lead Oxide and Arsenate Oxide, the only two chemicals essential of an Arsenate of Lead. It gives an even application, covers more thoroughly, and sticks to foliage longer.

It mixes easily and readily in water, no working up to prepare for the spray tank. No straining. It is only necessary to shake the proportional amount into the spray tank.

By using the same weight each time you spray, your mixture is always the same strength.

No sediment, no lumps, no water, never clogs spray nozzles.

L. B. DODGE, Agent

Prominent Liberal Lawyer De-
serts Sinking Ship and Con-
demns Wickwire.

Mr. Oliver S. Miller of Bridge-
town, barrister, a prominent
Liberal worker can no longer
stand the exposures of Daniels
and the Hervey deal of Murray
and is working for the Conser-
vatives. At a speech made at
Bridgetown he showed up an-
other case which smells like the
case of dismissal of E. M.
Beckwith and shows how polit-
ics have been played in this
County. The report of his
speech is as follows:

He particularly objected to
the way justice was adminis-
tered in this Province under
the present Attorney-General. It
was disgusting that party polit-
ics should be dragged into the
dispensing of justice. The other
day he had gone to Kings Coun-
ty to assist in a criminal pro-
secution. To his amazement
there appeared for the accused
Mr. Wickwire, M. P. P., the
prosecuting officer of the Coun-
ty of Kings. Mr. Wickwire gave
the magistrate trying the cause
very clearly to infer, though
he did not use the direct words,
that the accused would have to
be acquitted or the Justice's
commission would be in dan-
ger.

MILITARY NOTES

(From Digby Courier)
Capt. L. M. Curren, St. John's
well known surgeon, passed
through Digby, Monday en-
route to Aldershot. He was ac-
companied by Mrs. Curren.

We understand that
Capt. M. C. Denton, of Digby,
of the 210th, has been appoint-
ed commander of B. Company
from the South shore now at
Aldershot and that Lieuten-
ant Asher has been appointed
commander of C Company from
Digby County.

Appointed Brigade-Major

Captain J. M. Gillis, of the
15th Toronto Highlanders, who
has been invalided home from
the front and had spent the
past few weeks with Sydney re-
fugees, has been appointed to
Colonel Borden's staff as brig-
ade-major of the Nova Scotia
Highland brigade, now in camp
at Aldershot. This is quite an
important post, practically sec-
ond in command of the brigade.
The appointment is temporary
as Captain Gillis is desirous of
rejoining his own unit at the
front as soon as the doctors
pronounce him fit. He is now in
Halifax.

Dismissed Without an Investi- gation Or a Hearing, For What Reason?

We would draw attention to
the resolution of the Temper-
ance Alliance which we print
for the information of the pub-
lic. The gist of the situation is
found in the absolutely unde-
niable fact that an official of the
kind the resolution deals with
is dismissed from office without
an investigation and without
the hearing so earnestly de-
manded by him. We point out
that this was done at the in-
stance of the sitting members
of the County and that Mr.
Wickwire still remains to be
dealt with by an electorate who
know the circumstances.

Resolution of The Alliance
Whereas in the opinion of this
Alliance in Annual Meeting as-
sembled, Mr. Edward M. Beck-
with of Canning in the County
of Kings and lately Stipendiary
Magistrate and Justice of
Peace for the said County is a
man of the highest integrity
and uprightness.

And whereas the said Edward
M. Beckwith was dismissed from
the said offices without an
investigation of any charges
against him and has never been
heard in his own behalf in re-
ference thereto.

And whereas the said Edward
M. Beckwith exercised the said
offices of Stipendiary Magis-
trate and Justice of the Peace
for many years in an excep-
tionally competent and impar-
tial manner and acquired a know-
ledge of the law pertaining to
the duties of the said offices
which made him a Magistrate
of much more than ordinary ef-
ficiency and one whose services
are indispensable to the County
in the putting of the law in
force.

Therefore Resolved that the
Government of Nova Scotia
be requested to re-invest the
said Edward M. Beckwith with
the said offices as fully as he
held the same at the time of his
said dismissal.

CORRESPONDENCE

Editor Advertiser:

Dear Sir—As I am one of the
many who are deeply interested
in our Empire at this critical
time in the history of the na-
tion, I believe that our law
makers should be men of the
highest standard of morality,
who are sincere in every good
work. J. D. Spidell, one of the
candidates for the Local House
measures up to these require-
ments. He is a man that has de-
voted all his time up to the
present in religious and tem-
perance work. I believe all the
ministers in this noble County
of Kings will use their influence
to elect Mr. Spidell.

If there should be any who
fail to assist him with their
vote and influence, for Heav-
ens sake do not ever preach
temperance, or that we should
have God fearing men to make
our laws. Be consistent.
June 12th, 1916.

REFORMER

Baptist Notes

At the commencement of Mc-
Master University, May 10th,
the honorary degree of LL.B.
was conferred upon Premier
Borden of Canada, and Rev.
Chas. A. Eaton of New York
City.

Two men from the Maritime
Provinces will graduate from
Newton Theological Inst. in
June. The anniversary exer-
cises will be held from the 4th to
the 8th. President Horr will de-
liver the Baccalaureate sermon
and Dr. A. K. DeBlois of the
First Church, Boston, will ad-
dress the Alumni Society.

The General Assembly of the
Canadian Presbyterian church
opened last evening in West-
minster church, Winnipeg.
There are 500 delegates present
but only a small representation
from the Maritime Provinces.
The most vital issue to be con-
sidered is Church Union. The
majority in favor of it will at-
tempt to force the minority into
it.

SEALED TENDERS addressed to the
undersigned and endorsed "Tender
for supplying Coal for the Dominion
Buildings," will be received at this office
until 4:00 P. M., on Wednesday, June 28,
1916, for the supply of coal for the Public
Buildings throughout the Dominion.

Combined specification and form of
tender can be obtained at this Depart-
ment and on application to the care-
takers of the different Dominion Build-
ings.

Persons tendering are notified that
tenders will not be considered unless
made on the printed forms supplied, and
signed with their actual signatures.

Each tender must be accompanied by
an accepted cheque on a chartered bank,
payable to the order of the Honourable
the Minister of Public Works, equal to
ten per cent (10 p. c.) of the amount of
the tender, which will be forfeited if the
person tendering declines to enter into a
contract when called upon to do so or fail
to complete the contract. If the tender be
not accepted the cheque will be returned.

By order,
R. C. DESROCHERS,
Secretary,
Department of Public Works,
Ottawa, June 7th, 1916.

Newspapers will not be paid for this
advertisement if they insert it without
authority from the Department. 2 in 0
