

THE ACADIAN

WOLFVILLE, N. S., MAR. 13, 1896.

In the New Brunswick legislature a bill providing for the appointment of two women on every school board, one by the governor-in-council, and the other by the city or town, was passed, only one member objecting.

In the export of cheese Canada leads the world, its output being \$20,000,000 worth each year. The export of cheese from the United States has been only about one-half this. Holland exports about one-quarter as much as we do.

The bye-law recently passed by the municipal council of Lunenburg placing the fee for peddler's license at \$200, has not received the approval of the Governor-in-Council. The reason given by the attorney general is that the fee is excessive.

The Liberal party of Hants County held a convention at Windsor last week which was attended by large numbers of persons from every part of the County. Dr. Allen Haley was nominated as the candidate to contest the County in the approaching federal elections.

The steamer St. Pierre, formerly running between Halifax and St. Pierre, Mich., has been abandoned at sea. She was bound from Halifax to Victoria, B. C., to go into the employ of the Canadian Pacific Steam Navigation Company. She was abandoned on February 17, in lat. 40 N, long. 48 W, in a disabled condition, and the crew of 22 taken to Gibraltar by the S. S. Normants.

Halifax is busily preparing for her summer carnival, and it should prove a great success. The boating committee have decided to make the prizes for four oared crews, provided an English four cutters, \$1,000 to first, \$350 to second and \$150 to third. Single scull races, \$500 to first, \$250 to second and \$100 to third.

Post Office Matters.

It may be stated as a general principle that people who address their letters to complain of their being misdirected or otherwise detained. A little pains taken in this matter is well repaid by the greater certainty, safety and expedition with which letters will be forwarded to their respective destinations. It is not enough that the sender should be able to read his own writing on a letter. He (or she) should consider whether the writing is fully and easily legible by the employees of the Post Office through whose hands the letter has to pass. Every superfluous name in the address of a letter increases the danger of misdirection, seeing that the superfluous name may be the name of some other Post Office to which consequently the letter may be sent. It is therefore well not to mention the name of a private residence, nor to introduce unnecessarily the name of the Township. It is enough to give the Post Office, County and Province; but, if the name of the county is not known, its omission will not in general give any trouble, provided the Post Office and Province are clearly indicated.

The Weather.

Temperature during February, 1896, at Wolfville, as observed by G. Thomson. Average maximum, 33.31; average minimum, 12.27. 1896, mean for the month, 21.45. 1895, mean for the month, 21.45. The mean temperature during Feb. '96 was higher than that of the same month in '95. On the night of the 19th Feb. '96 the mercury fell to 9 deg. below zero and did not rise above that point the following day and during the night of the 17th fell to 18 degrees below zero. Said to be the coldest snap known to the oldest inhabitant here. Wolfville, March '96.

While listening to the funeral services of the late Mrs. Higgins I was reminded of similar services held a few yards distant nearly 113 years ago at the funeral of my great grandmother, Mrs. Benjamin Cleveland, when the following hymn, composed by the evangelist, Rev. Henry Allen was sung. The house of God, Thomson, Esq., now stands on the spot then occupied by Mr. Cleveland, adjoining the residence of Rev. Dr. Higgins. The funeral took place some time in the year 1783. The numerous living descendants of Mrs. Cleveland will be glad to read the following hymn. E. V. Mount, my soul, on wings triumphant, Jesus bids thee dauntless rise; One sweet way of life immortal Conquers death and never dies; Oh my Jesus! Oh my Jesus! Bear my soul above the skies. Let me feel the fleeting rapture Rising in immortal birth; I shall have no grave to enter Never feel expiring breath; Life eternal, life eternal, Swallows up the grave and death. Fear and grief, an empty story, While I feel that Jesus reigns Raptures of immortal glory Less all the sense of pain; Draw the curtain, draw the curtain, Let me tread the blissful path; While in time my soul doth enter Realm of everlasting day; Thus to God my life I'd centre Till my soul was borne away; Live forever, live forever, In my soul, oh God, my stay.

Oh pleasing scene! I can but wonder While I on Jehovah gaze; Shall I oh thought! partake the splendour Of his most meridian blaze! Lost in glory, lost in glory, Forever join angelic boys.

Wanted, at Cleveland Lodge, April 1st, a quiet, respectable servant girl. Call between 8 and 9 o'clock in the evening.

The Intercollegiate Debate.

KINGS vs. ACADIA.

On the evening of Friday, March 6th, there was held in College Hall a debate on the subject: "Resolved that the formation of Canada into an independent state would be conducive to her best interests."

The appellants were Messrs Foster, Shatford, Ancient and Hills, of King's College; the respondents being Messrs F. Bishop, L. Denton, B. Bishop and A. H. C. Morse, of Acadia.

The chairman, Mr. H. A. Parsy, Pres. of the Athenaeum Society, after stating the origin and purpose of intercollegiate debating, announced that Mr. Foster would open the debate.

Mr. Foster after a few introductory remarks proceeded to speak on the question in debate advancing the following arguments: (1) That it was a natural sequence that Canada should become independent, giving as an analogy for the relation of Great Britain to Canada, that of a parent to a son, who is of age. (2) That if Canada was independent immigrants would come in as they did not at present on account of their hostility to the mother country. (3) New industries would spring up for the purpose of furnishing guns, armour, fortifications and a navy. (4) That her resources would be better developed. (5) That the feeling of national greatness would give the new nation an impetus.

Mr. F. E. Bishop opened the debate for the respondents, advancing the following arguments after a few preliminary remarks. (1) That as long as nations stand in their present relations to one another, and the same feelings of hostility exist, Canada is best in her present state. (2) Canada is free to manage her internal affairs, the Imperial government not wishing to interfere in any way. In questions that Great Britain has settled in which Canada has been interested Canada has had a voice; therefore there is nothing to be gained in government by independence.

Mr. Shatford then dilated on the resources of Canada as regards (1) Extent of territory; (2) Agriculture; (3) Mineral wealth; (4) Forests; (5) Fisheries; statements which the respondents were quite as anxious as the appellants to uphold.

Mr. Denton then spoke claiming (1) That it would be an incalculable loss for Canada to be deprived of the protection both at home and abroad, of the best navy in the world. (2) That the necessary expenditure for protection etc. would place an unendurable burden upon Canadians. (3) That capital, which is now invested in productive industries, would be wasted on military works, etc. Mr. Ancient thought (1) That Canada would soon have to bear her share of expenditure for protection, etc. even in her present relation. (2) Population did not increase because Canada was not independent. (3) That the race question and anti-British feeling would be overcome.

Mr. B. Bishop claimed (1) That we are justified in thinking that Canada can buy money at a better advantage with her relations with Great Britain as at present. (2) That circumstances tend to show that Canada, as part of the Empire will soon receive preferential trade. (3) That because Canada is a part of the Empire great works are constructed within her bounds by the Imperial government which are of great advantage, and encouragement is given to enterprises such as the C. P. R. and submarine cables.

Mr. Hills contended (1) That Canada would be safe as a nation (2) on account of the balance of power (3) Future disputes would be settled by arbitration (4) Catholics competent to fight for themselves. (2) Independence would not necessarily mean enmity with Great Britain. (3) That debt was a sign of a country's prosperity.

Mr. A. H. C. Morse held (1) That the development of resources in Canada was in no way hindered by her present relations with Great Britain. (2) That it is given by competent authorities that Canada's rate of prosperity has been greater than that of the United States. (3) That Canadians were urged by deeds of valor and renown by the knowledge of the greatness of the Empire and by the impartial manner in which justice was dispensed.

In closing for the respondents Mr. F. Bishop dealt with the arguments which the appellants had brought forth and claimed that they had very weak basis for most of their contentions. Mr. Foster in closing the debate thought that all expenditures would be justified if the money remained in Canada. He endeavored to show that the respondents placed too much stress upon sentiment.

The judges were Dr. F. Higgins, of Acadia, Prof. DeMilla, of Kings, and Mr. Barclay Webster. Their decision was announced by Mr. Webster, who in a few well chosen words informed the audience that it was not the duty of the judges to decide the question in debate, but the merits of the speakers, and they concluded that the merit was in favor of the gentlemen from King's College.

The debate was conducted in a very gentlemanly manner, throughout. The Acadia boys being before a Wolfville audience were a little nervous and not as free in their actions as the Kings boys, some of whom were quite prominent in their gestures. After singing the National anthem and giving the college rolls the audience dispersed. The Acadia Athenaeum Society are taking steps to arrange a debate with the Arts students of Dalhousie College as soon as convenient.

Dishonest Dealers.

A Special Feature Adopted in Their Business.

YOU TRUSTINGLY ASK FOR PAINE'S CERYLY COMPOUND.

The Dealer Often Gives You a Common Substitute.

As the sun rises in the east to brighten and enliven the day, so the mighty fumes of Paine's Ceryly Compound spread from day to day, giving comfort and gladness to all weary, sick and diseased people. All popular and fast selling articles are imitated from time to time. Liquid preparations, using the name "Ceryly Compound," are on the market, and are often dishonestly foisted upon the unsuspecting customer, who asks for Paine's Ceryly Compound. These imitations, unfortunately, too many dealers who work this miserable deception, actuated by a greedy desire for large profits. The imitations and worthless medicines pay such immense profits, that they are sold in quantities, and are sold in the background, simply because they pay small profit.

It is positively cruel to thus deceive the trusting and confiding customer. The sick and suffering who ask for Paine's Ceryly Compound, knowing it to be the best, and their only hope of cure, should never be treated in such a heartless manner. If you are intending purchaser of Paine's Ceryly Compound, be sure to examine the bottle and outer cartons, be sure you will certainly avoid deception. The kind that carry the "talk of ceryly" and the name "Paine's" all others are frauds and deceptions.

A very pretty wedding took place at the home of the bride's parents, on Wednesday evening, 4th inst. Mr. Rupert Brown and Miss Lida M. Sanford were united in the bonds of matrimony by Rev. J. M. Allen, assisted by Rev. E. O. Reid. The invited guests comprised a large number of relatives and friends. At the time appointed for the ceremony the bride appeared, leaning on the arm of her father, looking very pretty. She was becomingly attired in white cashmere, with bridal veil and flowers. The gifts were numerous and valuable, showing the esteem in which the bride is held by her friends.

The funeral of Mr. Absalom Brown, of Gratton, took place on Monday, 2nd inst. Leander Kinsman is recovering from an attack of his grippe. We are glad to see him moving around again. Mr. Redgate, who has been confined to his bed for ten years from the effect of paralysis, is thought to have had another attack a few days ago. He appears to be feeling fast.

Canning.

It begins to look like spring. The recent thaw has broken up the ice in the river and a schooner from St. John is expected in a few days. The entertainment given by the Division in Oddfellows' Hall, was a decided success. The drama, "Out in the Streets" was well presented. A reading by Mr. G. W. Woodworth and music by a male quartette, also added to the evening's enjoyment.

Mr. Grierson gave one of his interesting Sabbath School addresses last Saturday evening. But for the unpleasant weather a larger number would have greeted him in the vestry.

A very sudden and sad death occurred at Avonport on Tuesday night of this week. Mrs Leonard Newcombe, of Lakeville, went to Avonport to attend the funeral of her late mother, Mrs Taylor, who was apparently good health. She lay in at night occupying a bed with her sister, and in the morning was found dead. The deceased had suffered with heart trouble for some time.

Miss Mabel Davidson, the lady champion fancy skater of the world, gave an exhibition in Aberdeen rink on Tuesday evening last. Miss Davidson is a graceful and dashing skater, and executed a number of exceedingly difficult and intricate figures with ease and agility. When the bed concluded her skating, Miss Davidson took a few turns around the rink on an ice bicycle.
